REPORT.

The work of the ALMS HOUSE has continued very satisfactorily during the past year, and the committee have every reason to be satisfied with the state of the Institution. There are now fifteen children in the House. All (with one exception), are in excellent health, and there has been very little sickness in the House during the past year.

The management of the House is in excellent hands.

The committee have entire confidence in the Matron, Mrs. Hughes, and her daughter Miss Nora Hughes, the teacher.

Everything about the House indicates the thoroughness of the care that is taken, both in the arrangement of the domestic details of the House, and the teaching and discipline of the children.

Two of the Ladies Committee have regularly visited the Institution each week, inspecting every department of the House, and giving the work generally most careful supervision.

Among the improvements in the House this year may be mentioned a new range for the kitchen, a very useful set of stationery (slate) wash tubs and a sewing machine.

The religious instruction of the children is carefully provided for.

Besides the training they receive from Mrs. Hughes and

their teacher, they regularly attend St. Paul's Church and St. Paul's Church Sunday School.

The committee desire to express their very hearty acknowledgment of gratitude to Brenton Collins, Esq., of Tunbridge Wells, England, for his generous donation of the annual rental of the house; also to Drs. Payzant and Gow, for the valuable medical services gratuitously rendered; to Mr. J. Godfray Smith for his liberal discount of 50 p. c. discount in medicines purchased, and to Mr. Thos. Reardon for papering and painting rooms and halls.

In conclusion your committee would express their deep feelings of gratitude to God for His goodness in granting His manifest blessing to the Institution, sparing the valuable lives of its workers, and making it a means of lasting benefit to the children who are protected and instructed therein.
