### MANY LIVES LOST WHEN CAR GOES INTO WATER

From Thirty to Forty Factory Employees Perish in Waters of Fort Point Channel, Near South Station Boston.

DRAW HAD BEEN OPENED TO PERMIT PASSAGE OF TUG AND LIGHTER—MOTORMAN SAW NO SIG NALS AND PONDEROUS TROLLEY CAR CRASHES THROUGH GATES.

Boston, Nov. 7.—The lives of from thirty to forty persons were lost tonight when a crowded passenger car of the Boston Elevated Street Railway plunged through an open drawbridge into Fort Point Channel, just outside the South Station terminal.

Twelve other persons were rescued from the water by fire boats and tugs. One man, Thomas J. Gannon, died after being brought to shore. Two bodies were found with grappling irons, but the recovery of other bodies was delayed and it was believed they were pinned in the car which rested on the bottom of the channel 35 feet deep.

Lights Missing?  
Gerald Walsh, motorman of the car, who jumped before it went over the edge of the draw, asserted that the accident was due to the fact that there was no light on the gates protecting the opening. He and Geo. McKeown, the conductor, who also leaped and so saved his life, were arrested on technical charges of manslaughter. The conductor was unconscious and the police were unable to learn exactly the number of his passengers.

Some of the rescued people estimated the number of passengers at upwards of 90. J. Harvey White, publicity agent of the Boston Elevated Railway, in a statement, issued soon after the accident, said his information agreed with that of the police that about forty persons were unaccounted for.

South Boston Victims.  
Most of the passengers were employees of the Western Electric Company's factory in South Boston, and were returning to their homes from work. Many women and children were included in the number. The car was of the closed type, with a narrow door at each end, so that escape was impossible, except for those who happened to be standing on the platforms.

The draw tender on the bridge said that he received a signal about 5.25 p. m. from the tug William G. Williams, which was going upstream with a lighter in tow. "I was in the controlling house," he said, "and I took all the usual precautions. There were red lights on the gate. I opened the draw and the tug boat started to come through. Suddenly my attention was attracted by a crash and screams. As I looked around the car went right through the gate of the draw and plunged into the channel. Only the rear trucks remained on the rail, the body of the car breaking away from these trucks and disappearing under the water."

It was more than five hours after the car went down that the divers started the actual removal of the bodies within it. One of them worked inside the car, passing each body, as he came to it, out to another diver, who raised it to the police boat guard-ian at the surface. Ten bodies were taken out thus very quickly, and were transferred to the police boat. All the bodies first recovered were those of men. The bodies of five other men were taken from the vicinity of the sunken car by police grappling irons before the divers began their work, and it is believed that 25 or 30 additional bodies still remain in the wreck.

### TWELVE RELIEF SHIPS SUNK BY SUBMARINES

London, Nov. 7, (3.21 p. m.)—Great Britain has addressed a note to the American and Spanish ambassadors regarding the recent sinking of a Greek steamer carrying supplies for the commission for relief in Belgium, Lord Robert Cecil, minister of war trade, told the House of Commons today.

Since the beginning of the commission work, it was stated, twelve of its ships have been sunk, two or three of them being torpedoed, while the rest were the victims of mines.

### PASSENGER STEAMER TORPEDOED

Peninsular and Oriental Liner Arabia, Australia for London, Sent to Bottom.

Paris, Nov. 7.—The Peninsular and Oriental liner Arabia has been submerged. She carried 450 passengers. All are believed to have been saved. The steamship Arabia registered 7,933 tons gross. She was last reported bound from Sydney, N. S. W., September 30, for London, sailing from Adelaide on October 5.

### SUSSEX MAN GIVES LIFE FOR EMPIRE

Ottawa, Nov. 7.—The night casualty list follows:

Infantry.  
Missing, believed killed in action—J. E. Lockery, Malpeque, P. E. I. C. E. McLaughlin, Pleasant Point, St. John, N. B.  
Previously reported missing, now wounded and missing—John Bird, Noll's Harbor, N. S. Missing—Neil S. Goodin, Fredericton, N. B. Artillery.  
Died of wounds—Gunner Arthur Connelly, Sussex, N. B.  
Wounded—Gunner Wm. McCormack, Fredericton, N. B.

### GERMAN CHANCELLOR TO TALK TOMORROW

Berlin, Nov. 7, by wireless to Sayville.—Chancellor Von Bethmann-Hollweg, is expected to make an important statement on Thursday, according to the semi-official Overseas News Agency. On that day the main committee of the Reichstag, which has been authorized to meet during the recess, will assemble for the first time, and the chancellor's address will be delivered before that body.

### TWO IMPORTANT VILLAGES CAPTURED BY THE FRENCH

Ablaincourt and Pressoria Taken and More Than Five Hundred Prisoners Gathered In—Brisk Attack South of the Somme.

ROUMANIAN FORCES IN DOBRUDJA AND ON THE TRANSYLVANIAN FRONT AGAIN SUCCESSFUL—BRITISH FRONT IN LESBOEUF'S AREA SEVERELY SHELLED.

BULLETIN—Paris, Nov. 7.—The French took German positions on a front of four kilometres (2½ miles) extending from Chaules Wood to southeast of Ablaincourt refinery, says the official communication issued by the war office tonight. The villages of Ablaincourt and Pressoria and Ablaincourt cemetery were captured. More than 500 prisoners were taken. The statement reads:

"North of the Somme we progressed between Lesboeufs and Sallily-Sallilieu.

"South of the Somme we launched a brisk attack in the morning, which, despite the heavy rain, brought us important gains. On a four kilometre front we carried enemy positions from Chaules Wood to the southeast of the Ablaincourt sugar refinery. The villages of Ablaincourt and Pressoria were brilliantly conquered by our infantry.

"Pushing our lines eastward of Ablaincourt we captured also the Ablaincourt cemetery, which was strongly fortified by the enemy, and carried our positions to south of the sugar refinery, as far as the outskirts of Genecourt.

"We have taken during the day more than 500 prisoners, including several officers.

"On the Verdun front there was intermittent cannonading. Elsewhere the day was quiet."

Roumanians Winning.

Bucharest, Nov. 7.—The Roumanian forces in Dobruja, which recently assumed the offensive against Field Marshal von Mackensen's army, are continuing their successes, the war office announced today. Progress for the Roumanians along the entire Dobruja front is reported.

On the Transylvanian front the Roumanians advanced slightly in the Buziu Valley.

Heavy fighting is under way in the region of the River Ait.

Heavy German Fire.

London, Nov. 7.—The British front in the Lesboeufs area was severely shelled, and the German support and communication trenches in the neighborhood of Armentieres and Wytschaete were bombed, according to the official statement from British headquarters in France issued tonight. Rain prevailed all day.

Asiatic Victory.

London, Nov. 7.—Entente Allied forces have occupied the arsenal and island of Lerou, one of the Sporades, off the coast of Asia Minor, according to a Reuter despatch from Athens.

Russian Statement.

Petrograd, via London, Nov. 7.—In the region east of Kirilibaba on the Transylvanian front, says the Russian statement from general headquarters a Russian attack resulted in the dismounting of two enemy guns and the capture of trenches, with over a hundred prisoners and two machine guns. South of Dorna Watra, says the statement, "we continue our successful operations in the valleys of the Dorsek and Poutina rivers. We captured here, within two days, seven machine guns, 15 officers and 800 men."

"On the Caucasus front we repulsed the Turks and occupied the village of Aymur, southeast of Kalku. We have arrested the Turkish offensive in the direction of Bostanlu."

"No change has occurred on the Roumanian-Transylvanian or Danube fronts."

Italians Still Strong.

Rome, via London, Nov. 7.—A surprise attack on Italian positions in the Adige Valley, between Loppio and Mori, was undertaken by the Austrians on Sunday night. The war office announced today that the attempt was completely unsuccessful.

"In the Transylvanian Valley the Austrians continued, without success, to attack Italian positions.

"No changes of importance are recorded in the region between Gorizia and the Adriatic, where the Italian offensive movement has been under way. The statement says that there was reciprocal artillery fighting yesterday on the Julian front. The Italians dispersed hostile columns and continued to strengthen their line and to clear the battlefield. The weather is unfavorable."

DR. ALWARD RESIGNS AS DEAN OF LAW SCHOOL.

A meeting of the faculty of the King's College Law School was held yesterday in the offices of Dr. J. Roy Campbell. The resignation of Dr. Alward, Dean of the faculty, was reluctantly accepted by the faculty. Dr. Alward has been connected with the law school for nearly fourteen years, and during that time has taken a deep interest in the progress of the school. H. A. McKeown, chief justice of the King's Bench Division of the Supreme Court, was appointed his successor. R. A. Davidson was appointed assistant secretary to Dr. Campbell.

### PRESIDENT WILSON IS OVERWHELMED

Republican Candidate Carries New York, New England, Pennsylvania, Indiana, Michigan, Wisconsin, Minnesota, California and Other States—Hughes' Electoral Vote Estimated at 301 Against 149 for Wilson, with Several States in Doubt.

### BRITISH HIT TWO GERMAN DREADNOUGHTS

Submarine Encounters Big Ships in North Sea and Damages Them—Names of Craft Unknown.

London, Nov. 7.—A statement that two dreadnoughts were hit by a British submarine which yesterday was reported launching a torpedo at and striking a German dreadnought in the North Sea, is contained in a further report received from the commanding officer of the submarine. This was officially announced today. The two dreadnoughts were battleships of the Kaiser class.

The official statement reads: "With reference to yesterday's communication, a further report has now been received from the commanding officer of the submarine. He now claims to have hit two dreadnought battleships of the Kaiser class."

The naval registers show five dreadnought battleships of the Kaiser class, all completed between October, 1912, and August, 1913.

Besides the name ship of the class they are Friedrich Der Grosse, Kaiserin, Prinz Regent Luitpold and Koenig Albert.

The displacement of each is 24,700 tons, length 564 feet, beam 95 feet, and draft 27 feet. Their armament consist of ten 12-inch guns, fourteen 6-inch guns, twelve 24-pounders and four anti-aircraft guns.

They are equipped with five torpedo tubes, submerged. The Kaiser's best speed record is given at 23.8 knots.

Reports from British sources that the Kaiser was sunk in the Jutland sea fight last May were semi-officially denied in Berlin. It was stated that the Kaiser was only twice lightly hit by gunfire, one man being killed.

A German army division consists of about 20,000 officers and men of virtually all fighting classes.

### TWO HOSPITALS FOR TUBERCULAR SOLDIERS

Ontario Government and Military Authorities Arrange for Transfer of Buildings at Hamilton and London, Ont.

Toronto, Nov. 7.—The Ontario government, the Military Hospital Commission, the Hamilton Sanitarium and the Queen Alexandra Sanitarium, London, were represented at a conference at the parliament buildings today and discussed details of plans whereby the last mentioned institutions would be turned over to the Hospitals Commission for care of tubercular soldiers.

As regards the London institution the arrangement is that the Ontario government gives \$25,000, the Hospitals Commission \$25,000, city of London \$25,000 and Red Cross Society \$15,000. It is also understood the government will give \$25,000 to the Hamilton institution. When the Military Hospitals Commission ceases control the new buildings will belong to the institutions.

DR. ALWARD RESIGNS AS DEAN OF LAW SCHOOL.

A meeting of the faculty of the King's College Law School was held yesterday in the offices of Dr. J. Roy Campbell. The resignation of Dr. Alward, Dean of the faculty, was reluctantly accepted by the faculty. Dr. Alward has been connected with the law school for nearly fourteen years, and during that time has taken a deep interest in the progress of the school. H. A. McKeown, chief justice of the King's Bench Division of the Supreme Court, was appointed his successor. R. A. Davidson was appointed assistant secretary to Dr. Campbell.

WILSON SURE ONLY OF SOLID SOUTH AND UTAH, WITH COLORADO OKLAHOMA, MONTANA AND NEW MEXICO—CONGRESS IN DOUBT, BUT PROBABLY WILL BE CONTROLLED BY FE-PUBLICANS.

CHARLES EVANS HUGHES.  
Born Glens Falls, N. Y., April 11, 1862, the son of Rev. David C. Hughes. Student at Colgate University, 1876-78. Graduated from Brown University in the class of '81. Graduated from the Columbia Law School in 1884 and admitted to the Bar. Practised law in New York city, 1884-91. Professor in law school of Cornell University, 1891-93. Special lecturer at Cornell University, 1893-95. Counsel for Stevens Gas Commission of New York Legislature, 1905. Counsel for Armstrong Insurance Commission of New York Legislature, 1905-6. Elected Governor of New York on the Republican ticket in 1906. Re-elected to the governorship of New York in 1908. Became associate justice of the Supreme Court of the United States in 1910. Resigned from the Bench to accept Republican presidential nomination in 1916.

New York, Nov. 8.—Charles Evans Hughes will be the next president of the United States. Early this morning it appeared certain that Mr. Hughes had carried at least 25 states, with an electoral vote of 301, and that Mr. Wilson had carried 15 states, with an electoral vote of 149. Eight states, with an electoral vote of 81, were in doubt, including Ohio, with 24; Missouri, with 18, and Kentucky with 13. Almost without exception the Republican candidate swept the states that have a big vote in the electoral college. He carried New York, Pennsylvania, Illinois, Massachusetts, Indiana, Michigan, Wisconsin, Minnesota, and California. He won New England easily, carried the Pacific coast states without an exception, and skimmed the cream of middle west states that had practically been conceded to him are such that these can only be regarded as doubtful. They include Missouri, Kentucky, Ohio, and Maryland. At midnight the Republicans were claiming Ohio by 25,000, while the Democratic state chairman was sure of 75,000.

Missouri Close.  
Missouri was very close, with the indications favoring Mr. Hughes and the Republican ticket. Kentucky surprised the prognosticators, turning in such an evenly balanced vote that a positive prediction had to wait for a late hour.  
Mr. Wilson seems to have gained considerably over the Bryan vote of 1908. His victory in Utah occasioned great surprise. The vote in Kansas was remarkably close. Montana gives indications of going Democratic. Mr. Wilson's vote in the electoral college will probably exceed Mr. Bryan's. But with the single exception of Ohio, he fared no better than Mr. Bryan in the states with big electoral votes. The result was practically certain as early as 7.30 p. m. when New York and Illinois were observed to be sure in the Republican column. It appears from a general survey of the result that the president won about twenty per cent. of the Progressive vote.  
Continued on page two.

# PRESIDENT WILSON IS OVERWHELMED

**Continued from page one.**  
**Northwest Republican.**  
 In the northwest, Minnesota, Wisconsin and the Dakotas, the old time Republican pluralities were somewhat reduced, particularly in Wisconsin, where, through the peculiar attitude maintained throughout the campaign by Senator Lafolette there was a sharp falling off in the Republican voting. Many Progressives evidently supported the president. This also happened in Michigan, a state which gave Taft and Roosevelt individually more votes than Mr. Wilson received.

In South Dakota the Progressives voted heavily for Mr. Hughes, and at least 10,000 Republicans that refused to vote four years ago returned to the party lines.

Out on the Pacific coast the Progressive leaders, being favorable to Mr. Hughes—especially Hiram Johnson, of California, and Senator Poin-dexter, of Washington—were able to make good on their assurances to the Republican leaders. There were certain indications in the general result that the vigorous campaigning of Mr. Roosevelt had its favorable influence. It looked like California for Hughes by 150,000.

**Congressional.**  
 Democratic party leaders insisted, at a late hour, that control of the house had not been lost, and that the senate certainly would remain Democratic. Republican leaders, however, were claiming the house, and still were hopeful of victory in the senate. In the house the Republicans claim a net gain of 3, which would reduce the house majority to 18, but there were more than 200 congressional districts to be heard from. Late returns still indicated that the Democrats would lose two senators in Indiana. The result was in doubt in Ohio, West Virginia, Maryland and Nevada, seats now held by Democratic senators. On the other hand Republicans in Utah, Delaware, Minnesota, New Mexico, Washington and Wyoming were still doubtful of victory. At 1 o'clock this morning the senatorial situation was too much in doubt to permit of an estimate of the relative strength of the two parties in that body.

**Wilson Owned Alabama.**  
 Montgomery, Ala., Nov. 7.—Wilson carried Alabama today and all the Democratic candidates for congress were elected. There was no election for governor in this state.

**Louisiana Strongly For Wilson.**  
 Baton Rouge, La., Nov. 7.—President Wilson's plurality in Louisiana today was 50,000.

The state election occurs in April. The congressional delegation to Washington is Democratic.

**Wilson Gets Tar Heel State.**  
 Raleigh, N. C., Nov. 7.—Wilson's native state gave him a plurality of more than 40,000 today. Thomas W. Bickett, Democrat, was elected governor. The Democratic congressmen were re-elected.

**A Few Democrats in Texas.**  
 Austin, Texas, Nov. 7.—President Wilson carried Texas today by more than 150,000 plurality. All of the sixteen congressional districts went Democratic by the usual large vote. Gov. James E. Ferguson, Democrat, and the entire state ticket were successful by an overwhelming vote, amounting to more than 500,000 plurality for several of the candidates.

**Clean Sweep in Georgia.**  
 Atlanta, Nov. 7.—Georgia voted overwhelmingly today for President Wilson. Gov. M. Dorsay, Democrat, is candidate for governor and his entire state ticket were unopposed. All of the congressional districts went Democratic as usual.

**Republicans Flew in Florida.**  
 Jacksonville, Fla., Nov. 7.—The Democrats carried Florida today by large majorities. W. V. Knott was elected governor. The plurality for Wilson was about 30,000.

**Vermont Easy For Hughes.**  
 White River Junction, Vt., Nov. 7.—Judge Hughes and Horace F. Graham of East Craftsbury, Republican candidate for governor, were successful in this state today by upswing of 25,000 plurality. The entire Republican state ticket and the two Republican candidates for congress were elected by a large margin. Vermont was one of the only two states in the union to support Taft in the election of 1912.

**Republican A Suicide.**  
 St. Louis, Nov. 7.—Frank B. Ruhr, Republican candidate for presidential elector from the 10th Missouri District, committed suicide yesterday, thereby leaving a vacancy on the Republican ballot. The Republican state committee nominated Henry Kersting to fill the vacancy.

The nomination of Kersting was too late to get on the official ballot and he did not receive the full Republican strength.

**New Mexico Democratic.**  
 Albuquerque, N. M., Nov. 7.—President Wilson and Gov. W. C. McDonald, Democrats, carried New Mexico today. The state elected Democratic congressmen.

**Wilson Carries Oklahoma.**  
 Guthrie, Okla., Nov. 7.—Oklahoma today declared in favor of President Wilson by a substantial plurality and the Democratic candidates for congress were also successful. The electors did not vote for governor.

**South Carolina Solid.**  
 Charleston, S. C., Nov. 7.—President Wilson polled about 50,000 votes in the state today, his opponents combined receiving but a few thousand votes. There was practically no opposition to the election of Gov. Manning and the Democratic state minor candidates. All seven congressmen are Democrats.

**Tennessee Democratic.**  
 Memphis, Tenn., Nov. 7.—President Wilson and Gov. Rye, Democrats, carried the state today by 25,000 plurality. The eight Democratic candidates for congress were also successful. The Republicans re-elected two congressmen.

**Virginia Democratic By 50,000.**  
 Richmond, Va., Nov. 7.—President Wilson swept Virginia, his native state, today, his plurality approaching 50,000. The ten Democratic candidates for congress were elected. There was no balloting for state officers.

**Scarce as Men's Teeth.**  
 Jackson, Miss., Nov. 7.—President Wilson and every other Democratic candidate in the state obtained the support of practically all of the electors today. There is no Republican organization in the state and there was no opposition to the eight Democratic candidates for congress. There was no election for governor. The Wilson plurality was 50,000.

**A Few Democrats in Arkansas.**  
 Little Rock, Ark., Nov. 7.—President Wilson carried Arkansas today by 25,000. Dr. Charles Hillman Brough, Democratic candidate for governor, and the entire Democratic state ticket were elected. Three congressmen are Democrats.

**Hughes Gets Connecticut.**  
 New Haven, Conn., Nov. 7.—Connecticut's seven electoral votes will be cast for Charles E. Hughes. At ten o'clock tonight, with nearly three-fourths of the vote counted, the standing was: Hughes, 70,943; Wilson, 64,902.

**North Dakota Republican.**  
 Fargo, N. D., Nov. 7.—First returns from North Dakota indicate that Hughes had carried the state, and that McCumber has been re-elected United States senator over John Burke, federal treasurer.

**Hughes Wins Idaho.**  
 Boise, Idaho, Nov. 7.—Early returns indicate that Hughes will carry Idaho.

**Wilson Gets Utah.**  
 Salt Lake City, Utah, Nov. 7.—Early returns indicate that Wilson has carried the state, and that U. S. Senator George Sutherland, Republican, is probably defeated by W. H. King, Democrat.

**Wilson Leads in Montana.**  
 Butte, Mont., Nov. 7.—Early returns give Wilson a big margin over Hughes in the state. Mr. Stewart, Democrat, is far ahead for governor.

**Gov. Dunne Defeated.**  
 Chicago, Nov. 7.—Governor Dunne, Democrat, tonight conceded his defeat in a telegram of congratulation to his opponent, Col. Frank O. Lowden, former member of congress.

**Hughes in South Dakota.**  
 Sioux Falls, S. D., Nov. 7.—With more than one-tenth of the precincts in the state reported the indications are, provided the present ratio is sustained, that Hughes has carried South Dakota by a plurality of 15,000.

**Boston Democratic.**  
 Boston, Nov. 7.—Boston city, completely, gave the Democratic electoral ticket a plurality over the Republicans of 18,932.

**Hughes Leads.**  
 San Francisco, Nov. 7.—Hughes, in the early returns, is leading Wilson by a fair margin in California.

**Hughes Carries Iowa.**  
 Des Moines, Ia., Nov. 7.—The returns from nearly all parts of Iowa, including about one-tenth of the total number of precincts, indicated that Hughes would carry the state by about 30,000, and Harding, Republican candidate for governor, by more than 100,000, if the present voting ratio continues.

**R. I. for Hughes.**  
 Providence, Nov. 7.—Returns tabulated at ten o'clock from about one-fourth the voting precincts indicate that Hughes has carried the state by a plurality estimated at 1,500.

**Hughes Wins Illinois.**  
 Chicago, Nov. 7.—Returns received up to 9:15 o'clock tonight indicated a Republican victory in Illinois by a plurality estimated by Republicans at more than 100,000 for Hughes, and slightly smaller pluralities for the Republican state ticket, headed by Frank O. Lowden for governor.

**Wisconsin Returns.**  
 Milwaukee, Nov. 7.—Returns for president from 158 precincts out of 2,250 in the state give Wilson 11,466; Hughes, 14,633.

**Wilson Loses Own State.**  
 Trenton, N. J., Nov. 7.—At Republican headquarters here it was claimed, at 9:45 o'clock, that New Jersey had been carried by Hughes.

**Republican Sweep in Penn.**  
 Philadelphia, Nov. 7.—Early returns from Pennsylvania indicate that Hughes has carried the state by about 200,000 plurality.

Returns also indicate that the Democrats apparently will not increase their representation of six in congress.

**Wilson Leading.**  
 St. Louis, Nov. 7.—Early returns give Wilson a slight lead over Hughes in Missouri.

**Michigan for Hughes.**  
 Detroit, Nov. 7.—Early returns from both the upper and lower peninsulas gave successful but consistent pluralities for Hughes.

Twenty-one precincts of 2,260 gave Hughes 2,669; Wilson 2,066.

**Wilson's Statement.**  
 New York, Nov. 7.—Chairman Willcox, of the Republican national committee, tonight, gave out the following statement:

"The victory is greater than we had expected, and it shows that the American people can be trusted to settle the issues of the campaign. The present outlook seems to indicate a clean sweep. That means Mr. Hughes is elected president, and that both houses of congress will be Republican. The American people are to be congratulated."

## HON. MR. HAZEN INSPECTS 165TH

Yesterday morning the 165th Battalion was inspected by Hon. J. D. Hazen and they made a splendid appearance as they marched through the streets. They formed up at the armory and marched to the residence of the minister on Hazen street. On arriving at the house they were stationed around the drive way and the minister addressed them from the mound.

He complimented the men on their soldierly bearing and also on the splendid reputation they had earned since coming to the city, and expressed the belief that when they reached the battle fields of Europe they would give a good account of themselves.

Following the address the battalion was formed up in column on Hazen street and inspected by Hon. Mr. Hazen, assisted by Brigadier General McLean and Col. Powell. After the inspection three cheers were given for the King and also for Hon. Mr. Hazen. They were put through some rifle drill after which a return was made to the armory.

**PERSONAL.**  
 G. W. Ganong, of St. Stephen, was here yesterday.  
 N. W. Everleigh, of Sussex, was a guest of the Victoria yesterday.  
 B. P. Gorham, Mrs. Gorham and child were guests of the Victoria yesterday.

## ENTERTAINMENT BY 165TH WAS HUGE SUCCESS

**Imperial Theatre Crowded Last Evening at One of Most Enjoyable Concerts Ever Given Here.**

The Imperial theatre last night held a very large and most appreciative audience, when a grand musical tete was given by the 165th Acadian overseas Battalion. C. E. F., assisted in the success by the members of the Young Women's Patriotic Association. Col. D'Aigle, of the 165th, having been called out of the city, Senior Major Legere made a short address thanking the citizens of St. John for the large attendance, and also tendering the sincere thanks of the Battalion to the members of the Y. W. P. A. who, he said, were largely responsible for the success of the entertainment. Mayor Hayes spoke of the 165th as a splendid body of men, and also referred to their excellent behavior while in the city. His Worship said that we must not only honor the soldier returning from the battles, but we must honor those brave men who are going to the front to fill the places of those who have fallen.

Among those occupying box seats were Lieut. Governor Wood, the Mayor and Commissioners of the city; General McLean and Col. Powell, while other notable military officers in the audience were Col. McAvity, Captain Pligson and Major Percy McAvity, recently returned from the firing line.

The programme opened with God Save the King rendered by the 165th Regimental Band, and at the same time a picture of King George was thrown on the screen. This was followed by the band rendering "La Marseillaise" and at the same time the pictures of colonel and officers of the 165th were thrown on the screen. It is needless to say that both these opening numbers were received with rounds of applause.

Captain Jean Malefant was heard to advantage in a bass solo, "Anchor," and for an encore he rendered in French "Adieu Mon Soldat," which by the way was the favorite song of the men of the 69th Battalion while they were quartered in this city.

The next number was a quartette composed of the Malefant Brothers, Leo Leger and Corp. A. Johnson, who rendered "When the World Has Peace Again," which is A. E. McNut's latest song success. As an encore the soldiers sang "My Little Girl."

In a sweet soprano voice Miss Anderson rendered a selected solo, and for a hearty encore sang "Drink To Me Only With Thine Eyes."

After a selection by the band Corp. A. Johnson brightened the programme with a character song entitled "The Wedding of Lauchie McGraw."

The Misses Gilchrist and Bayard were then heard to advantage in a selected piano duet, which called forth a great deal of admiration.

The regimental quartette were next heard in another number, in which Leo Leger, who was attired as a Jew made one of the hits of the night, and was forced to respond to encores.

Miss McIvor followed with a reading, and then the "Madawaska Shuffle" was danced by men of the battalion.

After the grand final selection by the band, the audience stood while the band rendered "The Marseillaise" and God Save the King, and one of the best entertainments held in the city was brought to a close.

The members of the W. Y. P. A. played an important part in the entertainment, for besides providing three numbers on the programme, they acted as ushers, and with Miss Lillian Clark as convener, the following ladies passed through the audience selling candy: Misses Nora Thompson, Kathleen Keefe, Lillian Vincent, Jennie Grossett, Dorothy Tapley, Ermine Climo, J. Humphrey, Eva Clark, Gertrude Fleming, Florence McInerney, Clara Grossett and Geraldine Melick.

The deacons' report showed a total attendance at the communion services for the year of 2,227, an average monthly attendance of 186.

The finance committee submitted the budget for the coming year which amounted to \$4,019.

The election of officers and committees resulted as follows: Trustees, W. H. White, W. Sprague, R. J. Burk, M. J. Doney, Peter McIntyre, J. O. Wilson, W. A. Erb, G. W. Mullin, W. G. Esterbrooks; church clerk, F. E. Flewelling; treasurer, W. H. White; denominational treasurer, A. H. Case; financial secretary, W. Heath; deacons, L. H. Thorne, M. J. Doney; convener of ushers, J. W. McAlary; music committee, W. H. White, F. E. Marvin, A. A. Niles, H. Taylor, W. G. Esterbrooks; benevolent committee, the pastor and deacons; missionary committee, W. A. Sprague, L. S. Peters, A. H. Case, W. J. Pollock, D. Paria, H. Taylor, W. Akerley, C. Bonnell, A. V. Cowan, W. J. McAlary, W. W. Chase, J. R. Vanwart; finance committee, trustees, financial secretary, church clerk, W. J. Pollock, W. J. McAlary, C. Bonnell, J. W. McAlary, W. Akerley, H. Crabbe, A. A. Niles; stewards, J. O. Wilson, L. H. Thorne, R. J. Burk; reception committee, L. H. Thorne and W. H. White were appointed to nominate twelve men for this committee. George W. Mullin was appointed auditor and the pastor's helpers committee were re-appointed.

## Made from Cream of Tartar Derived from Grapes

The quality of cake, biscuits and other flour foods is very largely determined by the ingredients of the baking powder with which they are made. The most eminent scientists and food authorities are on record to the effect that a cream of tartar baking powder is the most satisfactory because of its healthful properties. It adds none but wholesome qualities to the food and renders biscuits, cake, muffins, etc., light, appetizing and digestible.

## MAIN STREET BAPTISTS HAD MUCH SUCCESS

The 74th annual business meeting of the Main street Baptist church was held last night in the vestry of the church. There was a good attendance of the members and all the reports were of a most encouraging nature. The total membership is two less than last year, but this was accounted for by the fact that 26 names had been dropped from the church roll. The prospects for the coming year were bright although like all the other churches in the city it had lost some of its best workers on account of the war.

The report of the pastor gave a summary of the work accomplished during the year and he made a touching reference to the loss of Corp. G. H. Todd, who was the first of the church members to lay down his life in this great struggle now in progress. Two members of the congregation had also paid the supreme sacrifice during the year.

The church clerk reported the membership at the beginning of the year as 662, added during the year, 48.6 by baptism and 42 by letter; losses, 50, by death, 7, by letter, 7, by exclusion 36; membership at end of year, 660.

The report of the auditors was read certifying that they had examined the books of the treasurer and denominational treasurer and found them correct.

The report of the treasurer showed receipts from all sources of \$7,598.27; expenditure, \$7,536.63; one encouraging feature of the report was the fact that the weekly subscriptions during the year had shown a substantial increase, more of the members using the duplex envelope.

The deacons' report showed a total attendance at the communion services for the year of 2,227, an average monthly attendance of 186.

The finance committee submitted the budget for the coming year which amounted to \$4,019.

The election of officers and committees resulted as follows: Trustees, W. H. White, W. Sprague, R. J. Burk, M. J. Doney, Peter McIntyre, J. O. Wilson, W. A. Erb, G. W. Mullin, W. G. Esterbrooks; church clerk, F. E. Flewelling; treasurer, W. H. White; denominational treasurer, A. H. Case; financial secretary, W. Heath; deacons, L. H. Thorne, M. J. Doney; convener of ushers, J. W. McAlary; music committee, W. H. White, F. E. Marvin, A. A. Niles, H. Taylor, W. G. Esterbrooks; benevolent committee, the pastor and deacons; missionary committee, W. A. Sprague, L. S. Peters, A. H. Case, W. J. Pollock, D. Paria, H. Taylor, W. Akerley, C. Bonnell, A. V. Cowan, W. J. McAlary, W. W. Chase, J. R. Vanwart; finance committee, trustees, financial secretary, church clerk, W. J. Pollock, W. J. McAlary, C. Bonnell, J. W. McAlary, W. Akerley, H. Crabbe, A. A. Niles; stewards, J. O. Wilson, L. H. Thorne, R. J. Burk; reception committee, L. H. Thorne and W. H. White were appointed to nominate twelve men for this committee. George W. Mullin was appointed auditor and the pastor's helpers committee were re-appointed.

## CATHOLIC INSTITUTE TO BE READY SOON

Directors Appointed Yesterday—A Fine Building, Well Equipped, Will be Used by Many for Good Purposes.

In furtherance of the plans to make the Young Men's Catholic Institute the success that it deserves to be a meeting was held last night at the Knights of Columbus Hall, Coburg street, when a large number of those interested in making the handsome building at the corner of Cliff and Waterloo streets a centre of usefulness were present. John Keefe presided.

Several matters concerning the work of organization were discussed, with T. M. Burns acting as secretary pro tem. The following directors were appointed: His Honor Judge H. O. McInerney, R. O'Brien, J. T. Owens, Alfred Dever and George Cunningham. A schedule of charges for membership was tentatively arranged as follows: Boys, \$1.25; junior members, \$2.50; ordinary members, \$3; young men, \$5; business men, \$10.

Amongst other matters considered was the appointment of a physical director and a general secretary and further action will be taken in this particular at a later date. The fine building soon to be used for the purposes of the institute was visited by most of those who attended last night's meeting, and it was felt by all that with the up-to-date gymnasium, swimming pool, library, entertainment rooms and the equipment already provided the institute will prove of great usefulness. There will be a high tea there on November 20, and a large attendance is expected.

## HEAD STUFFED FROM CATARRH OR A COLD

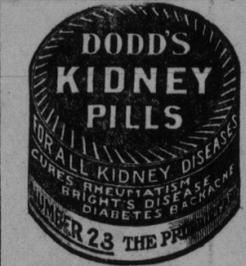

Says Cream Applied in Nostrils Opens Air Passages Right Up. Instant relief—no waiting. Clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, snuffing, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

### ST. JOHN MAN IN TROUBLE AT HARTLAND

#### McAdam Woman Claims Theft of Sweater — New Newspaper for Carleton.

Special to The Standard. Hartland, Nov. 7.—Officer A. R. Foster received a telegram today from Mrs. Wm. McKenna, at McAdam, asking him to arrest Theophilus Lavigne of St. John, on the charge of having stolen from her a \$7 sweater. Lavigne was located at a Chinese laundry here and under promise of immunity from arrest produced the garment, which was returned by the officer to the owner. "Jimmie," as he is known here with another pal, has recently been masquerading in the uniform of the medical corps.

#### New Newspaper.

Ever since the recent by-election there has been an insistent demand for a newspaper in Carleton and Victoria counties that would handle the news without personal bias, and at the same time deal with political questions in a clean, manly manner. The people want less mud-slinging and to this end a movement is on foot to establish a good, clean weekly paper which will support the present administrations at Fredericton and Ottawa. A meeting of leaders of the project was held on Saturday night and the formation of a joint stock company was favored, with a capitalization of about \$5,000. After the preliminaries are attended to a new plant will be purchased and set up in Hartland. The plant will be up-to-date in every respect, and will have a book and job department in connection. The new paper, it is expected, will make its bow to the public about the first of December.

The Ladies of Hartland Temple Pythian Sisters, as a part of their altruistic work, have knit and forwarded several pairs of socks to members of Brighton Lodge, Knights of Pythias, who are now serving their king and country at the front.

The Standard is now on sale after the arrival of the noon mail every day at the fruit store of T. G. Simms. Mr. Percy Tilley, of Victoria, left last week for Amesbury, Mass., where he has a position in an auto factory. Mr. and Mrs. A. A. Nevers on Sat-

### CANADA SHOULD AWAKEN

#### Sir George Foster Says Canadians "Sound Asleep" in Preparations for After The War Period.

Toronto, Nov. 7.—"If the bells of peace were to ring tomorrow, the war machine, great as it is, would stop dead, and nine-tenths of it would be idle," said Sir George Foster, minister of trade and commerce, in an address to the Empire Club today on the subject of "Trade Preparation for Coming Peace." He knew of no country in the world today which was so sound asleep as Canada in the matters of preparation for the afterwar period. "Many of you," he said, "during the war have been turned out of your old peace-time customs. You have had your pockets stuffed with war orders which have come to you, but when these war orders are stopped you will have to turn out and hustle for the business you have not known for two or three years. Is it better to wait until that time comes, with its maze of confusion, or to begin now to prepare for it?"

"Go over to England and you will find that in that country, from its heart to its very rim, in spite of war activities, busy minds are engaged in working with capital and business ability at plans of preparation for the period after the war."

### PRENTICE BOYS FAIR OPENED LAST EVENING

#### Hall in West St. John, Profusely Decorated, Presented Pretty Picture—List of Committees and Prize Winners.

The "Prentice Boys" Fair held under the auspices of King Edward Lodge, P. A. B. R., opened last night in their hall on Gullford street, West End, with a large attendance. The hall and booths, decorated with flags and colored electric lights, made a fine appearance. The Temple band was in attendance and rendered several fine selections. The booths and games were in charge of the following: Ladies' bean toss, Geo. Weaver; gent's bean toss, Wm. Campbell; ten pins, Robt. Jones; bowling, Frank Brin; billiard, Dexter Melvin; rifle, David Wells; grab bag, Miss Ella Belyea; fish pond, Miss Gertrude Belyea; fancy quilt lottery, Mrs. Ernest Melvin; twine guess, Miss Dorothy Wells; marble guess, Miss Lillian McColgan; washing machine lottery, Miss Elsie Davis; Miss May Antell and Miss Annie Snooks.

The fair was opened by Staff Sergeant Harry Sellen of the Medical Corps, and a past grand master of the lodge.

The fair committee are Samuel Sewall, chairman; Clifford Price, games; A. L. Belyea, refreshments; David Wells, fancy table; John Carlson, decoration, and John Filmore and Oscar Taylor, entertainments.

The prize winners in the various games and lotteries were: Ladies' bean toss, Miss Agnes Tobin, who won a set of ironing machines; A. Lingley, winning an umbrella; nine pins, Herman Abley, winning a silver fork; bagatelle, C. Beers, winning a box of cigars; ball toss, P. Nichols, winning an alcohol stove; rifle gallery, a private of 22nd Battalion, silver pickle dish; ten pins, W. Chalk, pipe stand; door prize, James Borset, winning a bag of flour.

The fair will be continued for one week with door prizes each night and a grand prize at the end of the week.

#### Soldiers' Comforts.

The monthly business meeting of the Soldiers' Comfort Association will be held Wednesday at three p.m. in the Centenary church parlors.

### ADVANCE IN EGG-DRINKS AT SOME SODA FOUNTAINS

#### In at Least One Place Fifteen Cents is Charged Instead of Ten—High Price of Eggs Said to be Cause.

"An egg-nogg, please," said the young man as he stepped up to the refreshment counter in a local confectionery store. "What flavor will you have," inquired the soda dispenser. "Chocolate," replied the thirsty individual. After drinking the liquid served he laid down ten cents on the soda slab and started for the door. "Hold larger," called the clerk. "I want another nickel." "That's a ten-cent piece," answered the young man. "I know it is, but egg drinks are ten cents now. 'Thank goodness,' said the young man. "I did not bring a girl with me, as I had only twenty cents."

On making inquiries, a reporter learned that since the 2nd of November the price of an egg drink, in which there is required only one egg, has been advanced in some stores to fifteen cents in place of ten. Two eggs in any sort of an egg drink will now cost twenty cents, where it formerly cost but fifteen.

At no time in the history of the Dominion has the necessity for increased production of eggs been more apparent than at the present time.

The reason given for the shortage in Canada is that this country is exporting large quantities of eggs to England and other European countries. Between seven and eight million dozen of eggs were shipped to Great Britain last year, and measured by the shipment which left New York last week for Europe, it looks as though the number exported last year would be materially increased this season.

If the farmers continue to ship their eggs to foreign markets as they have been in the past few years, Canada will, at no distant date, be importing the same number of eggs she is now exporting.

As it is now only the wealthy can afford the use of eggs for cooking purposes, as the price ranges from 45c. to 55c. And by all accounts another advance is pending.

#### Electric Headlights.

The Boston train which leaves St. John at breakfast time has included in an innovation. When the locomotive headlights are turned on in Maine the illumination is produced by a battery.

As soon as the change can be made all of the passenger trains running between sunset and sunrise in Maine on the lines controlled by the Boston & Maine and Maine Central will have electric headlights.

### WOMEN TAKING PLACES OF MEN IN LOCAL BANKS

#### At Present they are Merely Replacing Men who have Gone to Front, but Experiment, so far, has been Successful.

One of the most notable changes brought about by the war is the presence of women in the banks, occupying positions which it was popularly supposed could only be filled satisfactorily by men.

So many of the men engaged in the banking business have enlisted, that as a last resort it was decided to try out the employment of women, and all the banks today have women on their staffs. They are engaged in all branches of the business with the exception of the teller's case as far as this city is concerned, although it is understood that in some of the Upper Canadian cities they have even been seen in that position.

The managers of several of local banks were interviewed yesterday on the subject, and were unanimous in declaring that while the employment of women was first tried with fear and trembling, the experiment had been a decided success, and the women had established for themselves a place in the banking world.

Questioned as to what effect this would have on the after-the-war problems they would not express any opinion saying it was one of the things which would have to be settled then.

One manager said: The women in their employ were engaged on the understanding that it was only for the period of the war, when the men returned they were to get their positions back, and no woman would be kept by them who was taking the place of a returned soldier. At the same time he believed that the experiment of employing women had been a success, and more of them would be found in the banking business in the future.

One thing against their employment in large numbers was the fact that they could not be transferred from place to place as readily as the young men, and where a bank had a number of branches women would not be as desirable as men for that reason.

### SERIOUS RIOT BREAKS OUT IN QUEBEC CITY

#### Four Hundred Soldiers Participate in General Melee—Seven Seriously Injured.

Quebec, Nov. 7.—A row among some four hundred soldiers last night, on St. John street, developed into a riot where knives, belts, iron bars and almost every weapon except revolvers were brought into play and caused a riot call to the military pickets.

At least seven soldiers sustained serious wounds. It appears that for some time men of the 171st Overseas Battalion have had resentment against a military pickets for arrests.

A number of bars, stores and the Y. M. C. A., were rushed, and the entrances badly damaged by the mob which, after an hour's fight, was brought to order. Arrests are expected.

### KILTIES OPEN HEADQUARTERS IN TORONTO

#### Prospects Throughout Ontario and the West for Sir Sam's Own Very Favorable

Special to The Standard. Toronto, Nov. 7.—Headquarters for the 236th Kilties Battalion campaign in Ontario have been opened in the C.P. R. building in this city. Spacious offices for carrying on the work have been placed at the disposal of the MacLean Kilties by the railroad officials and already sufficient funds for carrying on the recruiting campaign in Ontario have been subscribed by members of Clan MacLean, while they have also undertaken to raise the necessary money to provide kilts of the tartan of MacLean of Duart for those enlisted in this province.

Col. Guthrie Home Today. Lt. Col. Guthrie left last night for Montreal en route to New Brunswick, and Major Frank Eason, adjutant of the 236th Battalion, is remaining here in charge of affairs. Yesterday Lt. Col. Guthrie was a guest of the Canadian Club when Sir George Foster was speaker at a luncheon and following a meeting of the MacLeans to prepare for the Kilties campaign, he addressed Victoria Lodge, one of the biggest of local Orange organizations, on the Gunpowder Plot.

Reports from northern Ontario show that the prospects for the MacLean Kilties there are also bright. The MacLeans have made Fort William their headquarters for that district and they expect to raise a company there. Lt. Col. Guthrie has been asked to visit Fort William and address a meeting there while on his way to the west next month and he will probably do so. Before leaving here he received word from Major C. G. Goggin, medical officer of the Kilties, that at Regina the party from Fredericton had been enthusiastically received and that Lieut. Col. Edgar, himself a former New Brunswicker, had promised to do everything in his power to assist. He suggested that there should be a full company raised with its headquarters in Regina.

Lt. Col. Guthrie is expected to arrive in Fredericton tomorrow at noon.

## Thanks, old man, for telling me about Dr. Chase's Nerve Food

### It has given me back my old time vigor and made me strong and well

This is the way people feel about Dr. Chase's Nerve Food. It arouses the enthusiasm of those who use it because of its remarkable restorative and up-building influence.

It lifts them out of the tired, nervous and helpless condition resulting from exhausted nerves, restores health and vigor and makes life worth living.

Sleeplessness, irritability, nervous headache, indigestion, and all the warning symptoms of nervous collapse disappear when this great food cure is used to nourish the nerve cells back to health.

#### Nervous Collapse

Mr. Victor Higgs, Windham Hill, Cumberland Co., N.H., writes:

"My case was a peculiar one. It was one of those strange nervous diseases which are so difficult to describe. The doctor said that my nervous system was all run down. I experienced that uncertainty in walking which indicates the approach of paralysis and locomotor ataxia, and I now realize that I am greatly indebted to Dr. Chase's Nerve Food for the great good it has done me.

"I could not work, read or write, or do anything requiring energy or the concentration of mind. Before using Dr. Chase's Nerve Food I could not get an hour's sleep all night. My brain and nerves seemed to be all unsettled. I sleep well now and believe that my nervous system has been fully built up by this splendid medicine."

#### Sciatic Rheumatism

Mr. W. J. Talbot, Edenwald, Sask., writes:

"It is a great pleasure for me to recommend Dr. Chase's Nerve Food as a cure for sciatic rheumatism. The pain I have suffered from sciatica has been well nigh unbearable. It would start in the hips and run down the legs to the toes, gradually getting worse. The nerves contract until one is practically useless. My doctor tried many different treatments, but could only afford relief for a time.

"For about five years I was subject to this trouble, with severe attacks which would last about two months. The last attack I had was shortened to two weeks by the use of Dr. Chase's Nerve Food and Dr. Chase's Kidney-Liver Pills used in conjunction with it. This treatment was continued until I was satisfied that the cure was lasting."

This statement is endorsed by Mr. H. E. Wooley, J.P.

It rests entirely with you as to whether you benefit by these experiences of others. If you could talk with persons who have used this treatment and note their enthusiasm you would not be long in putting it to the test in your own case.

### DEUTSCHLAND WILL CARRY MAIL AGAIN

New London, Conn., Nov. 7.—German Ambassador Von Bernstorff, who visited the Deutschland, with his wife, today, denied formally that he has entrusted to Captain Koening official mail addressed to the Emperor of Germany. It was learned, however, that certain mail matter from the German embassy in Washington will be carried by the Deutschland on her next trip. The ambassador and the countess left here this afternoon for New York.

Tomorrow night will be "Governor Night" at the presentation of "The Climbers" and there is every assurance of a crowded house. The tickets are selling briskly and there is a great demand for seats.

# LIVING COST HERE IS LESS THAN IN STATES

### Carleton Sentinel's Choice Contribution to Cost of Living—Discussion Not Warranted by Facts.

"The Tory government continues to 'truck and trade' with the Yankees. If Canada had accepted the Liberal reciprocal policy of 'truck and trade with the Yankees' in 1911, the high cost of living would not be such a live issue as it is today."

This choice contribution to the cost of living discussion now in progress in many countries, by the choleric Carvellian Carleton Sentinel, shows that the Woodstock guardian angel of the upriver parliamentary wind-jammer must have been asleep at the switch again. Not content with misrepresenting well known economic facts and ignoring the law of supply and demand the Carvell pocket organ runs up the black flag at the head of its editorial columns. Is the Sentinel's peculiar display of busting intended to really represent the nation's opinion or is it designed to typify the course of Carvell in parliament and his Carleton Co. election methods?

For the information of the Sentinel it can be stated that prices of the majority of household commodities are higher in the United States than in Canada. For instance last week potatoes were retailing in Boston at 55 cents a peck, or \$2.20 a bushel, and an American exchange says: "More than 1,000,000 bushels of Canadian wheat were purchased Wednesday and Thursday at the Minneapolis Chamber of Commerce by milling and elevator interests at lower prices, freight and duty paid, than was being paid for American raised wheat of the same quality. One large elevator company purchased nearly 250,000 bushels of Canadian wheat which pays ten cents a bushel import duty."

Many Liberal papers are attributing the high cost of living in Canada to Sir Robert Borden, ignoring the fact that the people of other countries are paying more for many articles of common necessity than are the citizens of Canada, and that the upward movement is by no means confined to this continent but is practically universal. It is highly probable that many of the Sentinel's readers who are farmers are not complaining of the high prices they are getting for potatoes, turnips and other produce. When potatoes sold on the St. John river on Friday last at \$4 a barrel, it looks as if the farmers will not be obliged to go to the poor house this winter because the Laurier-Carvell programme of selling out to the United States in 1911 was decisively vetoed by an indignant electorate. The great-fallen Carvellites will have to try another tack if they expect to improve their precarious standing among the good people of Carleton.

### Miss Burke's Lecture.

The box office at the Opera House will be open today at eleven o'clock, as some reserved seats are yet to be had for Miss Kathleen Burke's lecture tonight.

### KENTVILLE MAN KILLED IN WEST

Special to The Standard. Yarmouth, Nov. 7.—Harry MacPherson, a former well known news agent of the D.A.R., has received word that his brother, J. W., has been killed at Transcona, Manitoba, by falling off a train. He was an employe of the C. P. R. and leaves a widow and two children. He was a native of Kentville and at one time was a brakeman on the D. A. R.

### JUSTICE DUNLOP DEAD.

Montreal, Nov. 7.—Mr. Justice John Dunlop, a judge of the superior court of the Province of Quebec and of the admiralty division of the exchequer court of Canada, died at his residence here today. He had been ill only since Saturday, when he was stricken with an attack of acute indigestion.

### FEW MINUTES! NO INDIGESTION, GAS, SOUR STOMACH—PAPE'S DIAPEPSIN

Digests all food, absorbs gases and stops fermentation at once.

Wonder what upset your stomach—what portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take Pape's Diapepsin and in five minutes you will wonder what became of the indigestion and distress. Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps the stomach regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is astonishing. Please don't go on and on with a weak, disordered stomach; its so unnecessary.

# CHICAGO MEAT CHEAPER HERE THAN IN U.S.

### Boston Paying Much More for Certain Commodities than are People of St. John

(Liberal papers please copy.) In view of the fact that several of the Liberal newspapers in New Brunswick have been placing much of the blame for the high cost of living on the Dominion government and claiming that reciprocity with the United States would have been a panacea, an article in the Boston Evening Globe of Monday makes interesting reading. It is safe to say, however, that the Liberal papers referred to will not publish it. The article follows: "Down at St. John, N. B., in a country which has been devoting its energies to the war the past two years, they get their meat supply from Chicago just as Boston gets its supply. But as Boston is in a country which is not at war, the same country that Chicago happens to be located in, and as Boston is nearer Chicago than St. John, it may not appear quite fair to compare the retail prices of the meats that come from Chicago to St. John, N. B., with the retail prices of the meats that come from Chicago to Boston, Mass., U. S. A.—same U. S. A. that Chicago is located in.

"The following are the prices that prevailed in the markets of St. John on Nov. 1, and the Boston prices of the same date: "On that date in St. John, the best rump steak could be bought for from 25 to 30 cents a pound, and in Boston it cost from 48 to 50 cents a pound. "In St. John you could get lamb for from 16 to 24 cents a pound and in Boston from 22 to 28 cents a pound. "Liver sold in St. John for 8 cents and in Boston for 13 cents. "Veal sold in St. John for 12 to 22 cents, and in Boston for 18 to 30 cents. "The best cuts of roast beef sold in St. John for from 18 to 25 cents a pound, and in Boston for 35 to 40 cents a pound. "Butter at St. John was from 35 to 42 cents a pound and in Boston from 42 to 50 cents a pound. "Eggs sold in St. John from 45 to 50 cents a dozen and in Boston from 60 to 75 cents a dozen. "Potatoes were \$1.25 a bushel in St. John and \$2 a bushel in Boston. "Apples were from \$2 to \$4 a barrel in St. John and in Boston from \$3 to \$7 a barrel. "Milk was 8 cents a quart in St. John."

### LOCAL GOVERNMENT WILL MEET TODAY

Special to The Standard. Fredericton, Nov. 7.—The provincial government will meet here tomorrow. It was intended to hold a session tonight but Premier Clarke, Attorney General Baxter and Provincial Secretary Landry did not arrive until late because of late trains. Hon. B. Frank Smith came by automobile from East Florenceville. He inspected the road from Woodstock to Fredericton during the trip.

# N. B. SCHOOL CHILDREN AIDING LITTLE BELGIANS

### Inspector McLean Says Scholars are Enthusiastic, and Quite a Sum has Already Been Raised.

Returns from twenty rural school districts show a contribution of more than \$1,000 towards the general fund which the scholars of New Brunswick are raising to assist the unfortunate children of stricken Belgium. Quisquamis contributed \$125 and Evandale \$100.

Inspector McLean, who has just returned from Charlotte Co., states that the teachers and pupils there are enthusiastic and are taking much interest in the movement. November 15th has been set aside as a school holiday by the Board of Education in New Brunswick. On that day the children are to raise money through their own efforts for the children of Belgium.

There are about two and a half million of little children in Belgium who are suffering want because their land has become the battle ground of this war. In sympathy with the helplessness of our brave little ally to care for her own children, and in thankfulness that our children of the British Empire are leading the usual happy lives, we are using this day to let Canadian children have a share in the Belgian Relief Fund.

The appeal has been sent out from England to the schools of the British Empire, and the contribution of the different parts are forwarded to England. Every school is free to choose its own way of raising money. For instance, the Andover Grammar School has decided to raise its share by means of a patriotic concert.

# NEW BRUNSWICK TO BE SUBJECT FOR MOVIES

### Pathe Film Co. Making Set of Pictures Depicting Life in this Province—First Reel Shown Today.

In its quest for new settlers for this province the government has adopted the most modern methods of advertising, and in line with the policy last spring made arrangements with the Pathe Film Co. to make a set of moving pictures showing the work carried on at the different seasons. The first reel showing the sowing of seed, and the care of the orchards has been completed and will be shown today at the Imperial theatre. These pictures will be sent out through the service as a part of the Pathe Canada and will be shown all over Canada and the United States in this way. In addition to this the government have arranged for special reels to be used in connection with the lectures on New Brunswick, which are given by the immigration officials in Europe, and it is hoped to bring home to the farmers of Denmark and other countries more forcibly the advantages which this province possesses.

### WOLVES IN NOVA SCOTIA.

Truro, N. S., Nov. 6.—Isaac Crowe who is employed as truckman believes that there are wolves in the forest around Harmony, where he resides. One night recently he heard an animal howl in the forest and to his surprise an answer came from the field near the house. His brother-in-law, Wilfrid Whidden, also heard it, and together they drove the strange animal from the field to the forest, though it was so dark they could not see it.

# Belgians are Starving While Canadians Have Plenty

### Our Heroic Allies Deserve More Help than We are Giving

An accident of geography, and the fortunes of war, have subjected Belgium to the cold-blooded, calculated cruelty and attempted starvation of the German conquerors—while we in Canada, secure from danger, are making money out of the War.

Legitimate though our profits are, we surely owe a substantial share of them to our Allies, who are destitute because they dared stand up for their rights and defy the enemy.

We have given much—but barely enough to help keep the Belgians alive. More of them every week are calling for help, as their own resources are exhausted, and every one of the millions should have something more than the three slices of bread and the pint of soup which is all the Relief Commission can supply out of present contributions.

If you have been helping, do more if you can till the war is over and Belgium is free. If you have not given yet, will you make up for lost time with a substantial contribution? Better still, will you give, every month, enough to feed one or more Belgian families, at the rate of \$2.50 each per month?

Whatever you can afford to give, send your subscription weekly, monthly, or in one lump sum to Local or Provincial Committees, or

# A Woman's Problem

## How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters:—

Philadelphia, Pa.—"I started the Change of Life five years ago. I always had a headache and back ache with bearing down pains and I would have heat flashes very bad at times with dizzy spells and nervous feelings. After taking Lydia E. Pinkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with the aches and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—Mrs. MARGARET GRANNAN, 759 N. Ringgold St., Philadelphia, Pa.

Beverly, Mass.—"I took Lydia E. Pinkham's Vegetable Compound, for nervousness and dyspepsia, when I was going through the Change of Life. I found it very helpful and I have always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—Mrs. GEORGE A. DUNBAR, 17 Roundy St., Beverly, Mass.

Erie, Pa.—"I was in poor health when the Change of Life started with me and I took Lydia E. Pinkham's Vegetable Compound, or I think I should not have got over it as easy as I did. Even now if I do not feel good I take the Compound and it restores me in a short time. I will praise your remedies to every woman for it may help them as it has me."—Mrs. E. KISSLING, 931 East 24th St., Erie, Pa.

If you want special advice write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

FRENCHMEN PAY WARM TRIBUTE TO CANADIANS

Boys from Dominion are Called Admirable Fighters—British Gain Favor in France.

Paris, Oct. 4 (By mail)—A significant result of events of the last few months has been the change in the French appreciation of the Canadian soldier.

Of our own Canadian troops the opinion seems unanimous. A Canadian nurse in one of the French hospitals in Paris told me recently that a wounded officer, who has had an unique opportunity both before and since the war for studying the character of the British soldier.

The French press has not been slow to reflect this sentiment. Joseph Reinach, "Polybe," has never ceased to express in the Figaro his admiration for the British effort.

Canada is taking more and more hold on public attention in France. A number of Canadians are working anonymously, as it were, in one or other of the American organizations for the relief of the French wounded.

At the moment there are eight fully trained nurses working there: The Misses M. G. Jones, of Montreal; Mary Conlin, of Toronto; Rose Griffith, of Sherbrooke; Edna Hunter of Saint John, N. B.; Ruby Murray of Brockville; Mildred Melville, of Toronto; Constance Tobias, of Hamilton, and Jessie Wilson of Walkerton, the latter a sister of Beckles Wilson, now recovering from an attack of rheumatism in a London hospital.

## THE UNITED STATES ELECTIONS.

While exact results in the presidential elections will not be known until today it was practically certain shortly after midnight that Charles Evans Hughes will be the next president of the United States and that the Republican party will have a majority in both branches of the American Congress. The first definite returns of importance to be received last night showed that the Republicans had carried the city and state of New York by a plurality well over the 100,000 mark. This victory in itself gave Mr. Hughes forty-five seats in the electoral college and proved reasonably indicative of the general result.

Most of the states claimed in advance by the Hughes party fulfilled expectations, while the south, as usual, went almost solidly Democratic with the normal majorities. Pennsylvania also ran in form and returned Hughes by a plurality estimated at 200,000 and before midnight it was apparent that even if Mr. Wilson should carry the states which at that time had not reported he could hardly save his election.

The causes leading to the defeat of the Democratic party are not easy of analysis at this time. Beyond a doubt the policy or rather lack of it which actuated President Wilson after the Lusitania disaster and in his treatment of the Mexican situation was one of the factors. The canvass made in behalf of the president that "he kept us out of war" proved less effective than the Hughes cry which was in effect that the boasted peace had been obtained at the price of the country's honor and self respect. This had closer application to the Mexican situation than to the real struggle overseas and there is no doubt that the adoption of a firmer attitude by the chief executive of the United States in his handling of the Mexican difficulty would have gained thousands of votes for him and might easily have saved the day.

### PREPAREDNESS FOR PEACE.

Sir George E. Foster, Minister of Trade and Commerce, will be in St. John next week and will deliver an address on a subject concerning which altogether too little has been said. Sir George has already carried his message to a number of the Canadian cities and in every case has received marked attention. His theme is preparedness, not preparedness for war, but for the period that will come after the last shots have been fired and the peace undertakings signed.

It is a subject that should receive attention from all parts of Canada. This country was unprepared for war, the Empire was unprepared. Excepting Germany there was not a nation in the world ready at a moment's notice to send armies into battle. But the lesson of unpreparedness for war has been learned, and it is safe to say that never again will the Empire be caught napping in that regard.

Canada is equally unprepared for the conditions to come after the war, and it is the mission of Sir George to awaken the people from their condition of lethargy and cause them to make ready for what is to come. Possibly some of the opposition newspapers will claim that this is a matter that should be taken up by the Government. The Government has already acted but the function of any government is limited. It can lead but unless there is a generous response it can accomplish little.

In the present case Sir George E. Foster is supplying the leadership demanded. He is pointing to the future and calling to the manufacturers, the merchants, the farmers and the working people to prepare for peace. He is urging them to think for themselves what they are to do when the ending of war brings them to new conditions with a sudden and, possibly, disconcerting shock.

they do it will be in a relatively unimpacted degree. The very great majority of them however will resume life in this country and above every other consideration places must be found for them. These are facts that must be prepared for well in advance.

Canada's preparedness for the period after the war must lie in the direction of national and imperial self reliance. Within the Empire are great resources and these must be called out in such a manner that the factories engaged in munition manufacture will be continued as hives of peaceful industry. Our mining and timber resources must be utilized to the fullest extent. Our great stocks of raw material must be manufactured into the finished product as largely as possible within our own boundaries.

Our agricultural lands must be settled and made to produce, our fisheries must be worked to render the greatest return. All these mines of wealth must be turned to account in filling the place of war occupations for our people.

Canada, without preparedness, has effectively adapted herself to war conditions. She has done what, prior to August, 1914, none would have dreamed she could do. The same ingenuity, the same thought, the same labor, applied to preparation for peace will work wonders and will enable this country to pass triumphantly through the reconstructive period into a time of assured prosperity and development.

The ten years first following the end of the war will be Canada's time of greatest opportunity. It is of the utmost importance that our people shall be in a position to avail themselves of it to the full. Sir George E. Foster is sounding the warning "to prepare." It is the duty of all Canadians to respond.

### A CONTRAST.

Contrast the Prime Minister's appeal to the manhood of Canada with the refusal of Sir Wilfrid Laurier to co-operate in making a call to the nation from a joint committee of Parliament. These two documents show the men to be as far apart in spirit as the poles.

On the one hand is the head of the Government, making to the Canadian people a strong, simple and straightforward appeal for the mobilization, to the fullest possible extent, of the manpower of the nation. The appeal bespeaks the deep sincerity of the man who makes it, a man who, placed in a position of the highest responsibility, has spared no effort and has stopped at no sacrifice of time, energy or health, in the discharge of those responsibilities. Sir Robert Borden's personal example has been in itself a call to his fellow Canadians, a challenge to their patriotism.

Sir Robert Borden is not asking any man to do less than he has done or is prepared to do himself in placing all his energies at the service of the state.

Compare the loftiness of purpose, the high vision of the Prime Minister's appeal, with the action of Sir Wilfrid Laurier in refusing his support to the proposal for a call from a joint parliamentary committee. The main thing about the Laurier refusal is—that he refused.

Sir Wilfrid Laurier was offered an opportunity to do something toward winning the war. He declined to do it.

Sir Wilfrid's actions since the war began, just as it was for many years before, the motive which impelled him to resist any and every effort put forth in the direction of imperial unity. It was Laurier the Separatist who refused to support the call to national service.

The excuse which he put forward is so trivial and so artificial as to constitute sufficient evidence—even if there was no other evidence—of the existence of some real reason, a reason of such a nature that he could not with safety proclaim it.

This is the man who seeks to be Prime Minister, who seeks control of the destinies of Canada in a moment of great national and imperial crisis. The blood of those gallant Canadians who have fallen in battle cries out against a thing so monstrous.

## SOME SENSATION IN TORONTO CITY

### Two Members of Association of "Heirs" to \$700,000,000 Arrested on Charges of Conspiracy to Defraud.

Toronto, Nov. 7.—A sensation was created at noon today when Lawyer Chase, chairman of the Baker Heirs' Association, and John Moorehouse, another member of the association, were arrested on a charge of conspiracy to defraud.

There are about 150 members of the association, who claim to be the heirs of one Baker, who owned a valuable piece of land, now part of the site of Philadelphia, worth \$700,000,000. The members were holding a meeting in St. George's Hall when detectives appeared on the scene and effected the arrests.

### The Sunset Flight.

To the Editor of The Standard. Sir,—It is an interesting and very beautiful thing to see, just before sunset, particularly on fine evenings, the long stream of hundreds of crows on northwesterly flight from their feeding grounds on the sea shore to their sleeping quarters somewhere in the forest. Perhaps one of your readers interested in local natural history would tell us where and how far they go. The younger birds are carefully guided and marshalled by older ones, who at intervals keep circling round and round to see that the rest are safely coming along. Their course is always directly over the Hatheway estate. On very foggy evenings some of them alight for the night on the trees surrounding the Hatheway home-stand house. Unintentionally I once came in view shortly after they had landed, and just before dark had wholly set in. Instantly a vigilant crow-scout sounded the alarm in few short, sharp calls, and at once the whole flock rose like one man, so to speak, and resumed their northwesterly flight to the old camp ground.

About ten days or two weeks ago they appear to have discontinued this sunset flight, and since then small bands of them might be seen flying in other directions as if uncertain where to go to rest.

Probably for thousands of years crows have regularly made these journeys, evening and morning, and from it would surely be a matter for regret if their forest sanctuary has been desecrated perhaps by the woodman's axe or by the sacrilegious shot gun.

## What Fitting Glasses Means

Selecting a becoming type of frame, then adjusting it to hold the lenses right and comfortably, are an important part of the optometrist's work and require technical skill.

But before that comes the highly important work of fitting the eyes with lenses. Both of these fits are necessary. Sharp's optometrists are unusually competent in fitting glasses. It pays in satisfaction, comfort and money to buy glasses here.

## Men's \$5.00 and \$6.00 Fall Boots

The majority of shoe manufacturers have withdrawn all prices, and many of them are refusing orders for either immediate or future delivery. The leather to make shoes out of cannot be obtained. Immense warehouses that formerly at this time of year would be brimming with leather of all kinds are now empty. We were more fortunate than many dealers in obtaining delivery of our Fall Boots, and are able to offer at present high class goods at \$5.00 and \$6.00 a pair. We honestly believe that ere long it will be impossible to buy such goods at these prices as makers are asking more than that for goods today.

## DESCRIBES DESTRUCTION OF MURDEROUS ZEPPELIN

Hartland Boy of Col. Wedderburn's Battalion Writes Interesting Letter to His Mother.

Mrs. Ludlow Stephenson of Hartland, has received the following letter from her son who is a member of the 11th Battalion. The writer clearly describes the fate of a German Zeppelin that attempted to do damage in the city of London. The letter follows:

Dear Mother:—  
As my time is my own now for an hour or two, I will tell you about my trip to London.  
I left camp on the last day of September at noon, walked to Liphook, took the train there and arrived in London at two p. m., and I met two sergeants and a corporal of our battalion. We spent the rest of the day together in the Zoological Gardens and that is some place. You can see anything there that you would want to see. I saw things there that I didn't think that I would ever see. We spent the day there until quite late. Then we went to the Victoria League Club, where we spent the night. It is a very nice place for the soldiers of the overseas forces.

Then we went to St. James Park and Queens Park, where we had a lovely time. Sunday night at about ten thirty there was a German Zeppelin over London, but it was driven off by guns and aeroplanes, but it returned again about eleven forty. It was driven off fourteen miles from the city when it was brought to earth in flames. When I first saw it, it was just over our heads and the searchlights were following it. There were some shots fired from the ground, but none of them hit the machine. After a while I saw an aeroplane over it and I saw what looked like a ball of fire drop from the aeroplane, and it hit the Zep, and in a few minutes it was in flames and down it came. It broke while in the air, and came down in two parts about thirty yards apart. The next morning Sergt. Gillace and I took a bus at the club and went to King's Cross Station, and took the train to Fatten Ban. The Zep was about a mile and a half from the station. It was raining, but we started across the fields over barbed wire fences through hedges and mud holes, through farm yards, and I don't know where we weren't. Finally we got to the fence about two hundred yards from where it was. There was a high fence and guards all along it, and they said we could not get in to see it, but we managed to get in after a while it was some eight. It had struck nose first in a big oak tree and was all smashed to pieces. It took the limbs all off one side of the tree. Part of the machine was in a pile up one side of the tree, about twenty feet, and covered a space on the ground about the size of a good sized house. I also saw twenty of the bodies that were taken out of the wreck. They were in a bad looking sight, but I did not feel a bit sorry for them. Some of them were burned quite bad, and others were not burned at all. Some of them had jumped out of the machine before it struck the ground and were not in as bad a condition as the rest but were all dead. One man was breathing when I found him, but only lived a few moments.

Well I guess this is all this time, as there is nothing more that I can write. So good-by.  
From your son,  
Sergt. Loran B. Downey,  
11th Battalion,  
Bramshott Camp,  
England.

The Police Court.  
In the police court yesterday three men were fined \$8 each for drunkenness, and one other was remanded.

## TO CALL FOR TENDERS FOR LANCASTER EXTENSION

Council so Decided Yesterday Afternoon—Commissioner McLellan Will Ask for Harbor Patrol and Police Boat North and South Market Streets to be Closed.

At the meeting of the Common Council held yesterday afternoon it was decided to call for tenders for the proposed extension in Lancaster, the commissioner of water and sewerage was authorized to enter into negotiations for the purchase of a two-ton truck for his department and to buy one heavy horse. Permission was granted to the C.G.R. to build a spur track on the western side of the present track on Charlotte street extension; James Pender & Co. were given permission to move a pole on Vulcan street subject to the approval of the commissioner of public safety. The commissioner of finance and public affairs reported payments for the month of October of \$245,995.35 and recommended the payment of the departmental pay sheets for November. Commissioner McLellan gave notice that he would ask for three at the first of the year. There had been more or less piling of lumber and coal in the harbor and he proposed to put a stop to it.  
The council was called to order at 3 o'clock by the mayor all the commissioners being present.  
After the reading of the minutes Commissioner Fisher reported that he had submitted the section of his report of last week in regard to the sidewalk occupation by-law to the city solicitor who approved of the wording and moved that it be adopted. This section recommended that legislation necessary to give the city full control of the sidewalk be made under the by-law this year. The motion passed.  
The commissioner of finance and public affairs reported payments for the month of October last amounting to \$245,995.35, and recommended the payment of the following departmental pay sheets, namely:  
Treasury Department . . . \$ 196.19  
Public Works Dept. . . . 1,346.79  
Public Safety Dept. . . . 837.60  
Water and Sewerage Dept. . . 2,520.87  
Har. Fer. & Pub. Lands . . 2,760.40  
Adopted.  
The committee of the whole recommended that the Common Council be instructed to communicate with the St. John Railway Company with a view of ascertaining why the cost of furnishing electric light is so much higher in St. John than in the cities of Montreal and Halifax; that the commissioner of water and sewerage be authorized to call for tenders for the proposed high service district distribution improvements in the water service, and also for tenders for excavating and back-

filling according to recommendation of the water engineer, at total estimated cost of \$20,000, payable from water maintenance fund; that the commissioner of water and sewerage be authorized to negotiate for the purchase of a 2-ton truck for his department, recommendation and plans to be submitted to the council before any purchase is made; that the commissioner of water and sewerage be given authority to purchase a heavy truck horse for his department; that any bills which may have been already incurred or which may hereafter be incurred in entertaining the officers and men of the visiting battalions be paid by the city. These recommendations were adopted.  
The commissioner of public works recommended that permission be granted to the C.G.R. to lay a spur track on Charlotte street extension to the west of the present track, and that the government make any repairs to the wharf which might be found necessary to support the track; that the request of James Pender & Co. for permission to move a pole on Vulcan St. be complied with, said removal to be subject to the approval of the commissioner of public safety; that the plan of Cedar Grove Crescent and First street be not dealt with at present as the town planning commission were considering changes in the plan of Cedar Grove Crescent. These were adopted.  
Commissioner McLellan brought up the matter of the proposed meetings in connection with the assessment law and asked if a time had been arranged for the holding of them. The mayor reported that he had been in communication with Prof. Kierstead and hoped to arrange a meeting for next week. Commissioner McLellan said that there had been some talk that an expert should be brought here but he failed to see the necessity as any expert would have to go over the same ground as the commission. The mayor pointed out that the commission had had the advice of a man who was regarded as the leading man in these matters in America, Prof. Bullock, head of the department of economics at Harvard College.  
Commissioner McLellan brought up the matter of the use of North and South Market streets by the general public and said that these streets were only for the use of the market and those who had easements on them and said it was the intention to reserve them for that purpose.  
He also referred to the need for a police patrol boat for the harbor and the necessary men to run it and asked the council to think the matter over as he intended to ask for them at the first of the year. There had been quite a lot of lumber stolen and now coal was disappearing and he proposed to put a stop to it.  
No further business offering council adjourned.

**BRITISH CONSULAR OFFICE AT NEW YORK CONTROLS IMPORTS OF CRUDE RUBBER TO THE STATES**  
How Great Britain Prevents Enemies From Getting Valuable Product and at the Same Time Has Reduced the Price of this Staple in Canada.  
Few of those of us who shake our heads and bemoan increasing cost of living know, or appreciate, what Great Britain is doing for us in the way of keeping down the price of at least one staple article—rubber. Few of us realize how completely the British government has the rubber market under its control and what that control means to us, and also to the neutral countries of the world.  
Handicapped on every side, baffled by this question and that problem, Great Britain has found a means of keeping her finger on the rubber situation and a way to give Canada crude rubber at a price—not only low by comparison, but at half the price paid for it at the outbreak of the war.  
The real purport of this is not appreciated on every side. Without rubber thousands of persons would be idle and millions would suffer inconvenience beyond comprehension for no synthetic substance to replace rubber has ever been discovered, in spite of repeated efforts along that line.  
Through her foresight Great Britain began in 1893 to finance and subsidize rubber plantations in Ceylon, Sumatra, Java and the Malay States. Previous to that time all rubber used came from South America and Africa and exclusively from the wild trees. Today that supply constitutes but 33 per cent of the whole and Great Britain controls the market with the rest.  
So closely does she guard this privilege that in order to cut off the German supply she refused to admit rubber to the United States at the outbreak of the war, until finally an agreement was reached with American manufacturers, whereby all rubber manufactured, whereby all rubber is shipped to the States through the British consular office at New York. Canada's rubber comes direct, but the Dominion can export none except through the British Consul at New York. With this advantage and with the fact that England is using thousands of tons of rubber to sup-

NEW YORK HAS NEW AND STRANGE SENSATION TERMED "AUTOPED"

It can hardly be said that New York is, as yet, in full swing for the winter season. Society does not return from its autumn festivities until the coming of the cold; then the shivering, silk-clad ones seek the well-upholstered city and leave to the blustering winds and whirling leaves the lakes, the beaches, and golf links. The great house on Fifth Avenue are still closed and shuttered.

Not so with the theatres. Stage-land reverses the seasons and celebrates the springtime of its life immediately after summer. For the past month, theatrical critics have had their hands full with "first nights"—Otis Skinner in his comical characterization of "Mr. Antonio" the organ-grinder; a real pantomime, "Pierrot," at the loveliest playhouse in New York—the Booth Theatre; and our own Canadian Margaret Anglin, shining as star and manager in "Caroline," a play which has been described as "sparkling as a comedy by Oscar Wilde," but which our humble correspondent found to be a stupid and awkward vehicle for some splendid acting, and a dozen others.

In the world of music, early arias also. The Philharmonic Society celebrates its 75th Jubilee; the Symphony Society of New York has been driven to appease the insatiable appetite of the public with an extra course of concerts; the Boston Symphony Orchestra gives Manhattan its 10th concert and Brooklyn 5th this season; and that marvel of the modern world—prices—the People's Symphony Concerts—has already begun its excellent performances. All this quite in addition to the dozens of single concerts and recitals.

To anyone taking the trouble to walk up Broadway above 50th Street, the automobile proclaims its supremacy. Never were such magnificent show-rooms. Whole blocks are turned into a sort of indoor park, white-tiled and set about with shrubbery, among which lie, awaiting their eager owners, the most sumptuous cars. The Ford—democratic in its supremacy—always its full share of notice, and in its 1917 costume, bids fair to set a new pace even for itself.

That classic event—the Astor Cup Race—has been run and won, a Peugeot car making the record-breaking record of 104 miles an hour. On the edge of the motor world has appeared a strange new sight which causes pedestrians from dainty shopper to the traffic policeman to "stop, look, and listen." This is the autoped. It is ridden by men and women, and is a grown-up edition of the "skaterrmobile" familiar to every small boy whether obtained through the toy shop via father's checkbook or, on the East Side, contrived from a soap-box and a single roller-skate.

This giant skate is a small platform on which one stands—it has no seat—and which is run upon two small pneumatic-tired wheels. It is guided by a long handle which runs up from the front and which acts also as both clutch and brake. The supply of gasoline is regulated exactly like that of an automobile and the speed lever appears at the top of the handle, and is worked with the thumb. Very ingenious is the storing of the gasoline; the handle itself is a hollow tube which acts as a feeder to the tank in front. These convenient one-man machines are very popular in the west for pleasure, San Francisco being overrun with them, but in the eastern states they are just being introduced and are so far mainly for rapid transportation—which is, by the way, a mere subject with New York at present.

The traction strike has caused some inconvenience and physical injury, but it has certainly served to develop the ever-ready ingenuity and the proverbial good humor of the New York crowd. It is a ninth wonder of the world that the "jitneys" and out-of-town motor omnibuses, pressed into service at "striker's notice," fail to run down more people than they do on their reckless careers, and how their long suffering tires stand the strain of at least four men, where one man used to be. The unions demand that their members shall not patronize the car lines, however, so the jitney trade flourishes and the popping of tires startles the pedestrian whose ears are ready for the popping of rums! Although the car companies say their service is now entirely normal, and that "there is no strike," every onlooker occurs upon innocent passengers, generally by means of bottles and stones, the police reserves are called out and one or two strike-sympathizers arrested. That there is still fire burning at the heart of the strike is intermittent smoke is proof.

The milk famine quickly reached the poor of New York City. Mothers with shawls over their heads and babies in arms, besieged first the milk stations and then the Associated Charities. The latter were as barren of resources as the farmer, and the relief, becoming alarmed at the foreign women shouting "Milk for the da bambino!" called the police reserves, and had the importunate crowd dispersed. So the poor, who are always with us here in New York, learned once again the bitterness of poverty. From such tragic distress it is with relief that we turn our faces from Tompkins Square and Rivington St. toward Central Park. A walk up Fifth Avenue is always cheering whether the weather is, as now, clear and crisp and the sky a marvellous blue back of the dazzling tall white buildings, or whether the rain has turned the pavement into a dark mirror and swayed in mystic veil the Flatiron building and Diana-at-tiptoe on top of Madison Square Gardens. On a fine day, upper Fifth Ave., the mecca par excellence of the American shopper, is, incidentally, the supreme point of vantage for the observer of the passing show. 34th Street marks the division, nowadays, between "Fifth" and "The Avenue." "No one" shops below 34th—the "four hundred," and the four thousand, shop above 34th. We presume 34th Street itself must accommodate the rest of the population!

It is always a joy to examine the windows of the palatial stores along the exclusive world-famous Fifth Avenue section. Tiffany invariably places in each of his front windows a fine piece of sculpture—bronze or marble. Perhaps a Frederic Remington Indian or cowboy at full speed on his bronco, or the magnificent work of Rodin, as just now "The Kiss," and "Eternal Spring." And then you may cross the street and find, in the windows of Gorham and Co., all the silver and cut glass and decorative ware that the housewife sighs for. Ah, but the sign "Mary Elizabeth's," over a fascinating corner tea-shop catches the eye and one must needs go in for tea and crumpets or hot chocolate and French pastries. Inside one finds little tables drawn up before a cheery fire of crackling logs, regardless of temperature. How merry a company, too, and how independent of the time of day is the business of eating and drinking in this metropolis!

Refreshed in body and quickened in sociability, one lingers northward from window to window—past the old man who for years has called "sweet lavender" at the corner of 38th St., the perfume of whose wares halts one's senses almost as far off as the vendor's cry. A little beyond is a smart shop with the newest clothes for women and men; and across the street from it—that home of gentlemen, the old school, the Union Club. A little further and one stands spell-bound before those gorgeous show windows whose apparatus, the last word in the window-dresser's joy, allows their flooring to withdraw gracefully to the basement for re-arrangement and in whose central window a circular revolving floor shows all sides of everything to the gazer. The jewels of Asia and all the rest of the world may be found at the neighboring oriental store, where incense-laden air and the perfume of the "Buddha" car and the frantic excitement on shopping bent.

The average American loves the out-of-doors and still leaves the city streets on every holiday and week-end to picnic on the Palisades, play golf at the country club, paddle lazily on the Hudson, or spend his proud new "1917" car away and away from the great city. So it was to be expected that Central Park's well hidden treasure, the exquisite "Shakespeare's Garden" should be crowded with visitors. Every flower familiar to the lover of Shakespeare's plays found a place somewhere on the mound of buried flowers, and the terraces of miniature lakes with connecting waterfalls presented charming farewells.

Next month we shall try to tell you about the fall fashions, and give some hint of how New Yorkers will look this winter so that the lesser centers of the world may be at least a la mode.

TODAY'S LITTLE JOKE. Why They Were Wrong.

Edith came home from recitations one noon very angry. She could hardly wait to tell her mother what was the trouble. Drawing up her seven years of dignity, she exclaimed: "I shall never speak to Blanche Ware again! She is too mean for anything!" "Why not?" asked the mother, knowing the two had been intimate friends. "Because," was the staid reply, "I copied all her examples in arithmetic today, and every one was wrong!"

BIRTHDAY GREETINGS.

Uncle Dick wishes many happy returns to the following kiddies, who will be celebrating their birthday today. Doris Dugay, 217 Charlotte St. Nathan Rubin, 35 Lombard St.

EXTRACTS FROM THE MAIL BAG. Tried Hard For Prize.

Dear Uncle Dick:— I thought I would try the drawing contest, it is not very good, but I would love to have the kiddie car and I have a brother four years old that shoves the rocking chair around for his horse, and where all of us goes to school he gets pretty lonesome. If he had the kiddie car I bet he wouldn't be.

I will be 12 the 25th of next May. I have two brothers and two sisters. We do not take any paper particular, but we have a lot of different ones thrown of the trains. We get The Standard thrown off the ten o'clock train every morning, but Sunday, is the Children's Corner all over the page, which you have the long stories on. Good-bye, with best wishes. From your loving niece, Violet Colpitts.

A Cody's Member, Cody's, N. B. Dear Uncle Dick:— I am going to join the Corner, and I am sending the names of these three cities, and hope I win a game. I live in Cody's in Queens County. I am nine years old, and go to school, and I am in grade four. Well I will close. From your niece, Ina McAllan.

Reads Page Right Through B. M. Hill, Kings Co. Dear Uncle Dick:— I am writing again to the Corner, it is rapidly increasing. I would like to become a member. I read the Children's page all through. Our school is going to have a concert, and pie social, money go towards the little children of Belgium. I am in two dialogues. I have one brother and one sister, she is six months old. I will be thirteen the 26th day of November. I am also sending the answer to the puzzle in the Children's Corner. My letter is long, I will close with best wishes to the Corner and Uncle Dick. From your nephew, Johnny Northrup.

Just Getting Better, Cody's P. O. Dear Uncle Dick:— I thought as this puzzle was so very easy I would answer it myself. My brother has done some writing to your Corner, but I have never tried before, so I hope for good luck in my first try. I have been sick for three days, but was able to be up today, so I saw the paper for the first time this afternoon. I will now close as I am tired sitting up. So good-bye Uncle Dick. From your nephew, Horton B. Hetherington.

Writes Neatly. Dear Uncle Dick:— As I have tried once before, but never won anything, I am sending in the following contest called a Question Contest. I am putting it on a separate piece of paper. When I wrote to you the last time I was in grade eight and when I read my letter in the paper you had it grade seven. I remain your loving niece, Pauline Dalton.

What a mighty reformation we would witness through the land. If the masses and the classes could be made to understand that he wins at least one siner from dishonesty and self. Who will let alone his neighbor and just practise on himself.

Uncle Dick's Corner.

Who's Who and What's What in the Picture World and on the Stage--Favorites and What They Say and Do.

MOTION PICTURE CONTEST

The winner of last week's contest is Mrs. T. E. Robinson, 23 Kennedy street, city, who wins the prize of eight free admissions—two each to the Lyric, Opera House, Imperial and Unique Theatres. The correct list is as follows: Monday, Helen Holmes, "The Girl and the Game," Star Theatre. Tuesday, Emmy Wehlen, "When a Woman Loves," Imperial Theatre. Wednesday, Harold Lloyd ("Lonesome Luke") "Luke's Lost Lamb," Gem Theatre. Thursday, John Barrymore, "Are you a Mason," Imperial Theatre. Friday, William Russell, "The Smugglers of Santa Cruz," Star Theatre. Saturday, Marguerite Clarke, "The Crucible," Imperial Theatre.

Make-Up Does Not Worry Her.

One of the chief difficulties with which a motion picture star has to contend is the matter of make-up. It is only after countless trials and tests that she is able to get a method of making up her face that will show an effect on the screen commensurate with her own estimate of her personal charm.

Every stage star, at any rate, who becomes a photoplayer always goes through a period of testing, which is really important as it is essential that she shall look her best on the screen. When the method of making up has finally been determined upon, then the star's troubles are only beginning, for it is physically impossible for her to prevent marring her make-up in some way or other if she wears it about the studio all day long.

The result is that the star must consult the mirror before every scene is taken in order to patch up any discrepancies of make-up in order that the general appearance of her features shall not change from scene to scene. There is one star, however, who is never troubled by this matter of make-up for she never wears any. She is Marguerite Courtot, who is the envy of everyone at the Famous Players studio because she can dab a little powder on her nose and walk into a scene as though she were going to the corner drug store to get an ice cream soda. When Miss Courtot first became a photoplayer she went through the hateful make-up test ritual and then, in disgust, demanded that the photographer let her pose with just a little bit of powder on her face. He protested but finally acquiesced to avoid a storm—Miss Courtot is of French descent and impulsive—and to his utter amazement, found that she had solved the riddle. She is the only motion picture star who has been able to appear before the camera without make-up, the phenomena being so simple as though she were going to the corner drug store to get an ice cream soda. BLANCHE SWEET IN CONVICT CAMP.

In order to secure proper atmosphere for the convict camp scenes for "Unprotected" in which Jesse L. Lasky is starring Blanche Sweet on the Paramount programme, Cecil B. DeMille, the Lasky Company director general, made a special trip to the South from Hollywood, California, to induce one of the employers of convict labor in a turpentine camp to permit him to photograph actual conditions. This consent was obtained with the understanding that it was to be done secretly, and no one in the vicinity of the camp should know anything about it.

Consequently, Miss Sweet and her entire company suddenly disappeared from the Lasky studio at Hollywood, under the guidance of Director James Young, and did not return for three weeks. No information was given out as to where or why they vanished. At the end of the three weeks, the company reappeared but refused to divulge to the curious where they had been. Information finally leaked out that they journeyed in a private car to one of the large southern states and then went individually to a small town about fifty miles from the convict camp, and here they met as a camp in party. The tennis and hunting and fishing paraphernalia were unpacked and they started out as pleasure seekers. The cameras and all the equipment were sent in large boxes which were supposed to contain food. Slowly they travelled towards the valley in which the convict camp was located. Guards were placed all along the roads to warn them of the approach of visitors when scenes were taken. In order to secure the cooperation of the convicts, and to obtain permission to burn the convict's camp as it is shown in the picture, the Lasky Company agreed to pay for the erection of a new camp. A number of trustees were permitted to take part

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizziness, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

Rules of Health for Dyspeptics

DIETING UNNECESSARY. There are two ways by which people who suffer from indigestion, dyspepsia, sour stomach, flatulence, etc., can overcome the trouble. First, as practically all cases of the above are directly or indirectly traceable to acidity and fermentation, they can eliminate from their diet all foods which ferment and form acid, such as all starches and sugar and foods containing them, thus prohibiting bread, potatoes, fruits and most meats. About the only safe foods are gluten breads, spinach and small quantities of white meat of chicken or turkey. This diet is almost a starvation one, but it is sometimes quite effective. The second way, which appeals especially to those who like to eat whatever is reasonably digestible, neutralize the acid and stop fermentation by the use of a good anti-acid such as bisulphated magnesia, a teaspoonful of which in a little water immediately after eating or whenever pain is felt, instantly neutralizes the acid, stops the fermentation and permits the stomach to do its work without pain or hindrance. Owing to its simplicity, convenience and effectiveness this latter plan is now being adopted, instead of the old fasted, expensive, unwholesome starvation process. In this connection it is interesting to note that since the widespread use of bisulphated magnesia was established, many druggists have arranged to supply it in 5 gr. tablets, 2 or 3 of which are equivalent to a teaspoonful of the powder form and are much more convenient to carry.

## APPOHAQUI

Apoahqui, Nov. 7.—The "Kittie" garb was much in evidence on Sunday, when a considerable number of the Highlanders of the 173rd Batt. paid a visit to this village, where they were warmly welcomed. Many of them attended the church services, and were afterward entertained at some of the homes.

Rev. Leon H. Jewett, whose place in his church was filled by Rev. Edwin Ramsey at the last service again occupied his pulpit in the Methodist church on Sunday evening, when the devout congregation, which were inspired by the powerful and enthusiastic sermon preached from Romans 13th Chapter, "Thou shalt love thy neighbor as thyself." At the conclusion of the sermon, Herbert J. Johnson, who frequently contributes a solo, and whose gift of song is ever enjoyed, sang "Not Ashamed of Christ."

The ladies of the Lower Millstream Branch of the Women's Institute, are to be congratulated on receiving \$14 prize money, on their exhibit of work shown at the Apple Fair, in St. John last week. The ladies who attended the fair from this branch were Mrs. Fred. T. Fenwick, Mrs. E. J. Ellison, Mrs. D. J. McKnight, Mrs. Wm. Chown, and Mrs. Chas. Stewart, who were the delegate from the branch.

Serjt. Miller of Glasgow, Scotland, and Corporal Eddy of London, England, now of the Canadian Highlanders of the 173rd Battalion, were Sunday guests of Mr. and Mrs. Harley S. Jones.

Corporal Eddy is a returned hero who since recuperating from serious wounds, has again enlisted, this time with the 173rd Battalion, his patriotism having not been obscured, even though he has already passed through the horrors of war.

Corporal Eddy went overseas at the first outbreak of the war, attached to the 4th Battalion, and has since been in the front in all its phases. As one of the 100 men who entered into the big conflict in the battle of St. Julien, he was one of the 144 which answered the roll call, the remainder being killed or missing. As a souvenir, he wears a machine gun bullet, as a charm on his watch-chain, and the bullet which he returned to Canada, and in a very short time enlisted with the 173rd and eager to again enter the fray.

Murray McKnight left last week to spend a few months in Boston.

Mrs. Frank Armstrong, and the Misses Edna Roach and Gertrude Hallett were Sunday guests of Mr. and Mrs. W. A. Jones.

Wm. McLeod, who is attending Agricultural College, spent last week with his parents, Mr. and Mrs. George McLeod.

Fred Wilnot left on Saturday to make an extended visit with his sons, Harry Wilnot of Boston, and Wm. Wilnot of Fall River.

Pte. M. McGarvin, 173rd Highlanders, was a Sunday guest at the home of Mr. and Mrs. Neil Johnson.

Pte. McGarvin is a professor of languages, and before enlisting was one of the faculty of Hamilton College.

Mr. and Mrs. W. S. Fairweather and children were weekend guests of Major Herbert S. Jones and Mrs. Jones.

W. T. Peters, Rothesay, was a visitor to the village on Sunday.

Miss Jean Gaunce is visiting friends in Waterford.

Mrs. Justin McCarty and little son of Great Salmon River, have been spending a few weeks with Mr. and Mrs. Wm. Wilcox.

George H. Secord attended the Masonic Smoker at Sussex, Thursday evening last, at which the officers of the 173rd Batt. were the guests of honor.

Rev. Geo. Sutherland and Mrs. Sutherland, are vacating their cottage on St. George St., and are moving to Norton, where they will make their home.

Mrs. W. J. Gordon of Donegal, is the guest of her sister, Mrs. John C. Chambers.

The ladies of the Red Cross Aid Society acknowledge with gratitude the gift of \$5.00 from Albert Williams of Lower Millstream.

Mrs. Will Sadler and Mrs. Dexter Sadler of Maple View, were guests of Mrs. George Baird this week.

Mr. William Matheson was a weekend visitor in town.

The play "The Girl in Red," put on under the auspices of the Red Cross, and by direction of Theodora Bird, on Tuesday and Wednesday evenings, was greeted by large houses.

On Wednesday night an excursion was run from Plaster Rock and Knowles' orchestra furnished music for dancing after the play. Each member of the cast took their part in a highly creditable manner. The company went to Mars Hill, on Friday, and presented the play there.

The teachers are preparing a school concert to be given in the Specialty, on November 16th, in aid of the Belgian Children's Relief Fund.

Mrs. James Tibbitts and Miss Frances Tibbitts have moved into the house owned by Aubrey Gibson for the coming year.

## That Tickling In The Throat

CAN BE QUICKLY CURED BY DR. WOOD'S NORWAY PINE SYRUP

This trouble is most distressing and is caused by a cold settling in the throat. The hard dry cough causes that nasty, tickling, irritating sensation and keeps you from enjoying your night's rest. Dr. Wood's Norway Pine Syrup, which is composed of the most soothing and healing expectorant herbs and barks combined with the lung healing virtues of the world-famous Norway pine tree, will give almost instant relief in all cases of this nature.

Mrs. Alex. Durward, Atholston, Que., writes: "I have used Dr. Wood's Norway Pine Syrup for a number of years and find it the only thing that will help me when I have a severe cold. It helps the soreness, and stops the tickling sensation in my throat, which is so irritating. I always use it for both myself and the children, and would not be without it in the house."

"The thousands of testimonials we have received during the past twenty-five years prove that Dr. Wood's Norway Pine Syrup is an excellent remedy for all coughs and colds, so see that you get "Dr. Wood's" when you ask for it.

It is put up in a yellow wrapper, three pine trees the trade mark, price 25c. and 50c. at all dealers.

Manufactured only by THE T. MILBURN CO., LIMITED, Toronto, Ont.

## AN Ever Failing Way to Banish Ugly Hairs

(Aids to Beauty)

No woman is immune to superfluous growths, and because these are likely to appear at any time, it is advisable to always have some delicate powder handy to use when the occasion arises. A paste is made with some of the powder and water and spread upon the hairy surface; in about 2 minutes this is carefully removed and the skin washed. You will then find that your skin is entirely free from hair or fuzz. Be sure, however, to get real delatone.

## Bring Out Your Hidden Beauty

Beneath that tanned, discolored, faded or aged complexion is one fair to look upon. Mercurial will gradually, gently absorb the devitalized surface skin, revealing the youthfully fresh, white and beautiful skin underneath. Used by refined women who prefer complexion of the naturalness. Mercurial is in one ounce package, with directions for use, to be sold by all druggists.

## The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and itching of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

**MUCH LOCAL INTEREST IN U.S. VOTING**

**St. John People Showed Considerable Curiosity as to Result of Presidential Election Yesterday.**

Evidently the people of St. John were somewhat interested in the election yesterday in the United States. The standard telephones were busy last night for hours, many persons calling to see whether it was Wilson or whether it was Hughes. Apparently there had been quite a number of ducaats wagered on the outcome. Quite a number of the inquirers called only in the evening, but as the difference in time and the slow count of the avalanche of ballots in many states made returns late, it was impossible to satisfy the anxious ones around supper time. The polls in New York and Massachusetts closed at four p.m. Eastern time or five p.m. Atlantic time. On the Pacific it was one o'clock, an hour after noon time when it was five p.m. here, so that the returns appeared to come in here later than they really were in Uncle Sam's empire.

The first returns were received from small towns in Massachusetts, which showed Wilson gains. The telegraph companies, the brokerage offices and some of the theatres supplied the election news to patrons. While interest in the election was quite marked in St. John, it was difficult to tell whether the majority of citizens favored Wilson or Hughes. Many trades union men and quite a sprinkling of women sympathized with the president, the first class because he signed the eight-hour law, and the ladies because of his friendliness for suffrage. On the other hand many persons maintained that Wilson was a weak man because of his diplomatic policy of handling German and Mexican affairs.

Most of the American officials in St. John apparently favored the president, as did many of the business interests here which have American affiliations.

**RECEPTION TO THE OFFICERS OF 222ND**

**Mayor Hayes and Commissioners Tender Dinner to Men from the West.**

A dinner was tendered to Col. Lightfoot and officers of the 222nd Battalion in Bond's restaurant on Charlotte street last evening when they were the guests of Mayor Hayes, the commissioners and the reception committee. Among the guests present were General McLean, Col. Powell and Col. Greer of the 180th Battalion.

In a neat address Mayor Hayes extended to Col. Lightfoot and his battalion a hearty welcome to St. John, stating that all that was possible would be done to make their stay a pleasant one.

In reply Col. Lightfoot said he appreciated the welcome that was extended to him, his officers and men, and he knew that the members of the 222nd would enjoy every minute they remained here. The chaplain of the western battalion was called on and voiced the sentiments of the colonel and emphasized the fact that there was not only a strong unity of the men in Canada but in the entire Empire. The men from the west were fighting side by side with the men of the east, and all were fighting for the Empire.

Col. Greer of the 180th Battalion, in a brief address, spoke of the grand welcome he and his battalion had received on coming to St. John and of the excellent manner in which all had been treated by the citizens. He spoke in the highest terms of the excellence of the 222nd Battalion; as a body of soldiers they were second to none.

General McLean mentioned that the soldiers now in St. John were a fine body, and also stated that on Sunday next there would be a garrison church parade of all units now in the city. Then the citizens could have a chance to judge of their excellent appearance.

Commissioner McLellan, on behalf of the city of St. John, and A. O. Skinner, as chairman of the reception committee also addressed those present. The gathering was brought to a close with the singing of God Save the King.

Gundry's shows a number of very select patterns in Sterling Silver. These are Canadian manufacture and can always be added to. Our fall selection is now en route from the factory. Rogers' 1947 always carried in stock. There is not one article of interior make in Gundry's entire stock.

**BIG PARADE OF GARRISON FOR SUNDAY**

**All Units Will Participate and it is Expected to be Largest Military Turnout Ever Seen Here.**

There will be a garrison church parade of all the soldiers in the city on Sunday next, and the citizens will have a great opportunity of witnessing a grand spectacle. There will be in the line of procession, which will be reviewed by General McLean and the headquarters staff, the 165th Battalion, under command of Col. D'Almeida; the 180th, under command of Col. Greer; 222nd, under command of Col. Lightfoot; No. 9 Siege Battery, commanded by Major P. W. Wetmore, and the Field Ambulance Training Corps, under the command of Major G. G. Corbett. In all there will be more than three thousand men on parade, and this is the largest body of soldiers that has ever been seen on parade in this city.

**HALIFAX MAN WILL GET THE OPERA HOUSE**

**Arrangements Practically Completed Whereby J. M. Franklin Becomes Lessee—May be Vaudeville Theatre**

J. M. Franklin, manager of the Strand Theatre, Halifax, was in the city yesterday and returned home last evening. It is understood that the object of Mr. Franklin's visit here was to complete the arrangements whereby he will become the lessee of the Opera House here on Feb. 1st next, when Mr. F. G. Spencer's—the present lessee—lease expires. Tenders were called for the lease of the Opera House some weeks ago, and it was generally understood—after they had closed that Mr. Franklin had outbid all competitors. While nothing authoritative has been given out as yet, it is admitted by local amusement men that the policy of the Opera House after Feb. 1st next will be vaudeville. Mr. Franklin has for some time been giving his Halifax patrons an excellent vaudeville programme, and no doubt the same acts that play the sater city will play here. With the Gem Theatre introducing vaudeville with pictures, next week, and the new policy to be inaugurated at the Opera House, citizens should have an opportunity of seeing some excellent vaudeville here this winter. No doubt if vaudeville succeeds pictures in the popular fancy, other houses will enter the vaudeville arena, as it is a well known fact in the amusement world that where one leads others soon follow.

**OFFICERS OF 140TH NOW AT BATTLE FRONT**

**Lieutenants of Col. Beer's Unit Drafted to Other Regiments—Standard Men Go to 60th and C.M.R.**

It is now certain that the 140th Battalion has been broken up. Word reached the city yesterday from one of the officers of the battalion. It was hoped that the 140th would proceed to the front as a unit, but such is not to be the case. The 140th Battalion has now lost its identity.

The following is a list of the officers and the names of the unit to which they have been drafted:  
Lieut. R. B. E. Wilson has joined the 24th Battalion, Lieut. J. H. Calkin and Lieut. E. J. Cronin the 26th Battalion; Lieut. E. Edgett, Lieut. A. W. Good, Lieut. W. A. McDonald, Lieut. R. B. McFarland, Lieut. W. G. McGinlay, Lieut. E. S. Roxborough, Lieut. P. O. J. Steven and Lieut. G. V. Osgood, the 60th Battalion; Lieut. F. Armstrong, Lieut. R. M. L. Armstrong, Lieut. H. G. Ashford, Lieut. J. Bennett and Lieut. W. J. Brown, the 26th Battalion; Lieut. A. W. Thorne, the 5th C.M.R.'s.

**Military Memorial Service.**  
A military memorial service will be held on Partridge Island today in honor of Lieut. K. L. Gordon, Lieut. Gordon Kerr and Bombardier Kerr, who have paid the price of their conviction. The services will be conducted by Rev. M. Scott and Rev. Gordon Dickie.

**Commercial Travellers.**  
It is important that every commercial traveller attend the meeting in the Board of Trade rooms, Saturday night.

**LOCAL BOYS HOME FROM THE FRONT**

**More Wounded Soldiers Arrived Yesterday After Doing Their Bit for the Empire.**

When the Pacific express arrived yesterday afternoon it had as passengers J. D. L. Montgomery, of West St. John; Otto Logan, of Nelson street, West St. John; J. H. Kenney, of Hampton, three heroes who have been invalided home after doing their bit for the Empire and who are recovering from wounds. Although these soldiers had been badly wounded they are all recovering and speak in the highest terms of the excellent treatment they received, in the hospitals in the Old Country.

Private Montgomery was met on arrival by his father, John Montgomery of DeMonts Street, West St. John, and went home with him. He was a member of the Fighting 28th, and had seen considerable service before he was wounded. He received wounds in the legs, arms and head. At one time it was thought he would die, but thanks to the careful treatment received at the hands of army surgeons and nursing sisters he expects to be as well as ever after he has a good furlough at home.

It was on June 18th last while the Fighting 28th were in battle in the Salsburgh Wood that Private Montgomery was wounded so severely. Private Kenney of Hampton had a short time to be welcomed home while the train was at the Hampton station, and perhaps the most pleased person on the station platform was the hero's mother. Private Kenney would have liked to remain in Hampton and go with his mother but he was ticketed to the Convalescent Home in St. John and came through to the city.

George McKinney, son of James McKinney, who also returned yesterday, was very modest about his own doings at the front when interviewed. He admitted that he had obtained several interesting souvenirs. He will willingly take a commission in the 226th Battalion.

Pte. R. Horsman, who enlisted in the 55th Battalion, also arrived home. Pte. Horsman has been in the trenches since his transfer from the 55th Battalion, which was on January 6. He has been through all the big engagements and evidently has played his part well. "I have seen some pretty hot fighting and it was during the hottest that I was hit," he said.

Lance Corporal Thomas Maxwell Kee, son of Mr. and Mrs. W. E. Kee, 34 Celebration street, was one of the returned soldiers who came over from Halifax yesterday. He is in the best of health and, it is understood, is slated for a commission in the Rifles.

**Can Your Ears Be Deceived?**

The music critics of over two hundred of America's leading newspapers were unable, by actual comparison, to distinguish between the voices and instrumental performances of the world's greatest artists and the Re-Creation of those voices and performances by Edison's great masterpiece.

**The NEW EDISON**

which is NOT A TALKING MACHINE, but the MOST MARVELLOUS OF ALL MUSICAL INSTRUMENTS. It has astonished music critics, and delighted music lovers all over the civilized world. Only by HEARING THE NEW EDISON can you form anything like an adequate idea of what it means to the world of music. COME IN ANY TIME.
