BENCH WARRANTS OUT FOR COLLINS' CASE WITNESSES

William J. Dean and Son, of Musquash, Didn't Obey Subpoenas

Evidence Given Thursday That Father McAuley Was Miles Away on Day of Murder—Testimony That Prisoner Showed Lady's Gold Watch After the Tragedy—Good Progress in the Case.

(Special to The Telegraph.)

Hopewell Cape, N. B., Sept. 19.—There were two new features to the trial of Thos. F. Collins today. In the first place bench warrants were ordered to be issued for the arrest of William J. Dean and his son, William Dean, of Musquash, as they failed to attend as witnesses. The other feature was the introduction of testimony taken as intended to prove that the late Father McAuley was at Frederick Road when his housekeeper, Mary Ann McAuley, was murdered at New Ireland.

Satisfactory progress was made in the trial today when 21 witnesses, including Dr. Murray, the coroner, were examined. All of those who have been subpoenaed to give evidence, have not yet arrived and many of those already here wish to get home as soon as possible, so the crown has not found it possible to follow the story of the crime in regular order.

Today some of the many conflicting stories told by the prisoner were related and evidence was also given to prove that Collins had a lady's hunting case gold watch in his possession.

Quite a number of ladies were present, but very few men in the court room at any time.

Daniel Buckley, of Spruce Lake, told about directing the prisoner on August 21st when he showed him to John Martin's house for a night's lodging. In answer to a question Collins told him that he had a gold watch in his possession which his sister had given him before he left England. He said he used to wear it near Fairville, talking to Willie Dean, of Musquash.

John Teahan, of New Ireland, told about finding the prisoner's wagon on the day of the murder on the path leading to the spring house at the McAuley place.

When the court resumed at 10 o'clock, Stevens, one of the jurymen, was ill and wished to consult with Dr. Murray, who was in the court. They retired together but soon came out when the jurymen resumed his seat in the box.

Dr. Luther C. Murray, coroner for the county of Albert, who conducted the inquest on the body of Mary Ann McAuley, then took the stand and related the story of his connection with the New Ireland tragedy. Seth Barry having in the meantime entered the court room the solicitor asked the witness to stand aside.

He identified his stenographic reports of Father McAuley's evidence. Dr. Murray then told about finding the body of the murdered woman in the woods. He described the wounds which had been inflicted, giving it as his opinion that the one in the back of the head had been made with an axe.

There was intense silence in the court room while the story was being told and the prisoner seldom once took his eyes off the witness. The wound in the throat the doctor thought was not made with a very sharp instrument and consisted of more than one incision. He went through the house carefully and found it in great disorder. He also gave expert evidence of the length of time which would under ordinary circumstances elapse before rigor mortis would set in and to complete the discolouration on the side of the face mentioned by one of the previous witnesses was, he thought, caused by the gravitation of the blood to the head, at the time, he came to the conclusion deceased had been dead.

At 10 o'clock the court adjourned until 9.30 tomorrow, when this witness will continue.

Jason Nickerson and 10-Year-Old Boy Found Clasped in Each Other's Arms

Went After Drift Wood in Clark's Harbor, After Father's Day's Work, and Boat Capsized.

(Special to The Telegraph.)

Clark's Harbor, N. S., Sept. 19.—One of the saddest accidents in the history of this place occurred after sundown last night, when Jason Nickerson and his ten-year-old son were drowned by the capsizing of a boat in this harbor, not far from their home.

Nickerson, who was employed in building a wharf for the dogfish reduction works here, left for home with the other hands at 6 o'clock, but went back after supper to the wharf in his skiff to get some log ends, and as the evening was fine, took his little boy with him for a row across the harbor.

Not returning, some neighbors went to look for them a few hours later, and found the boat bottom up drifting ashore not far from the wharf, but found no other person was within a mile of the place when the accident happened.

ROCKEFELLER'S ENORMOUS DIVIDENDS FROM OIL TRUST

John D. Received Personally \$125,000,000 in Eight Years

Secretary of Octopus Admits That, Being Barred from Doing Business in Texas, Two of Its Employees Carried on the Business Under Another Name—Some Particulars of the Gigantic Combine.

(Special to The Telegraph.)

New York, Sept. 19.—That the Standard Oil Company is operating under the name of the Corsican Refining Company in the state of Texas, which has forbidden the oil combine to operate within the state, was indicated today when Wesley H. Tilford, treasurer of the Standard Oil Company, under examination in the government's suit against the company, testified that H. C. Folger and C. M. Payne, who Frank B. Kellogg, the attorney for the government, states controls the Corsican company, are prominent in the conduct of affairs of the Standard Oil Company.

Mr. Kellogg sought to draw from the witness the information that the Corsican company was really a Standard Oil Company and was operating in Texas because the get-trust laws of that state would not permit the combine to operate there. Mr. Tilford replied that, as far as he knew, the Standard Oil Company had no interests in Texas. He said that Mr. Folger and Mr. Payne were both officers of the Standard Oil Company, but he was not aware that they owned the Corsican company.

Another interesting development was the official statement made public for the first time today, of John D. Rockefeller's personal holdings in the Standard Oil Company. Just to what extent the reputed owner was individually interested in the great concern has long been a matter of speculation. It has been brought out that Mr. Rockefeller owned 258,854 shares, or more than one-fourth of the \$12,250,000 certificates of the Standard Oil Company. Based on the earnings of the company as placed on record Tuesday, it is computed that Mr. Rockefeller's personal profits during the past eight years have aggregated almost \$125,000,000. At Tuesday's hearing it was testified that in the years of 1899 and 1906 inclusive the Standard Oil Company had earned total profits of \$490,315,934.

The Trust Agreement.

Mr. Kellogg named many of his questions from the trust agreement of 1882, which was contained in the bill of complaint filed in St. Louis last December, when the present action was commenced. These questions were answered by H. H. Rogers, personally.

Through Mr. Tilford, the counsel for the government, the following information was obtained: John D. Rockefeller owned more than a one-fourth interest in the Standard Oil trust. Out of a total of 972,800 shares of trust certificates issued by Mr. Tilford said Mr. Rockefeller had 258,854 shares.

Ottawa, Sept. 19.—This afternoon the following cable was received from Hon. W. S. Fielding: "Paris, Sept. 19, 1907. 'The new treaty respecting the commercial relations between France and Canada was signed at the foreign office this afternoon. Ten plenipotentiaries appointed by King Edward to sign the treaty were: The Right Hon. Sir Francis Bertie, British ambassador at Paris; the Hon. W. S. Fielding, Canadian minister of finance; the Hon. The new treaty is of a much more extensive character, providing tariff concessions on both sides covering quite a large list of articles. It also deals with general questions affecting the commercial relations of the two countries.

The details of the treaty are not to be made public at present, and may not be published until laid before the French chamber and the Canadian parliament. The Canadian ministers will leave Paris in a day or two for London, and will sail from Liverpool by the Victorian, Sept. 27. (Signed) 'FIELDING'.

Ex-Minister Says M. P. for Westmorland is All the Glory He Wants

Says He Will Hold His Seat Till the People Will Otherwise—Local Government Celebration at Opening of Hall's Creek Bridge Not a Great Success.

(Special to The Telegraph.)

Moncton, N. B., Sept. 19.—Hall's Creek bridge, which has been out for two years to the great inconvenience of the people in Fox Creek and Dover direction and which has been the subject of much complaint, was formally opened this afternoon. The structure is 720 feet long, sixteen feet wide, is of steel with a draw and the cost is in the vicinity of \$20,000. There is quite a lot of work yet to be done on the approaches but the bridge can be used. The opening of the bridge was made the occasion for a celebration by the local government under the auspices of the county members. The people from Fox Creek and the Dover district, who are most interested in the bridge, showed their resentment in the delay of building the bridge by staying away. The gathering, which numbered about 500 or 600 people, was made up of town people and a few government supporters from other sections of the county, about two-thirds being women and children. The Citizen's Band was engaged for the occasion and a great array of speakers, including the new minister of public works, it was announced, would be in attendance. The four local members, Messrs. Robinson, Sweeney, Copp and Lege, (Chief Commissioner) LaBlouk, Hon. H. R. Emmerson, Senator McSweeney and James Barnes, M. P., took part in the proceedings. But Dr. Pugsley was not present. After a brief inspection of the bridge short speeches were made from a platform erected for the occasion. The keynote of the speeches was an excuse for the delay in rebuilding this important bridge. WEDDING OF TWO SYRIAN RESIDENTS

Happy Time Last Evening; Marie Wedded to Marie Joseph

The Syrian colony of St. John was en fête Thursday in honor of the marriage of George Morie, of Mount Lebanon, Syria, the popular immigration agent, to Marie Joseph, a Syrian girl.

The ceremony was performed at the home of the groom, 30 Brunswick street, by Rev. Dr. W. O. Raymond, and it is estimated 200 guests were present during the evening and the house was filled with a merry crowd.

The bride looked charming in a dress of costly white silk, and wore a long bridal veil and orange blossoms. She carried a bouquet of white roses, as she could not get a pink one.

The ceremony was performed at 8 o'clock and from that time till early morning the merriment was kept up in an absolute ecstasy.

At the close of the evening the bride and groom were accompanied to the city, and many of their friends were present last night to wish them well.

(Continued from page 1) second lead and held the lead most of the time until the three-quarters pole was reached, when it was wrestled from her by Patchen. Donella and Ada Mack were also going some and it looked as if it might be anybody's heat when the horses entered the stretch. Point Patchen, however, displayed the most speed, and went under the wire first.

Point Patchen and Ada Mack also did another fine exhibition of racing in the final heat and at no time allowed more than a length to separate them. Krenn and Will Be-Sure and Ada Mack also did a good work in this heat, but did not seem to have the speed to overhaul the two leaders. Point Patchen went the mile in 2:14, the fastest of the day.

There was less betting than on previous days, but all the same a good deal of the money changed hands on the results, and the sports managed to make good a portion of their severe losses of Wednesday.

The following are the awards of the judges on Wednesday: Filly or gelding, 3 years old—J. F. Van Dusik, 1st.

RECORD ATTENDANCE AT FREDERICTON FAIR

Nearly 8,000 People Passed Through the Gates Wednesday

Horse Races Witnessed By Great Crowd, Who Got the Worth of Their Money—Simassie Won the Free-For-All in Straight Heats—Northern Spy After Laying Up First Heat Trims the Favorite Miss Letha, Much to the Disgust of Capital Sports.

Fredericton, N. B., Sept. 17.—The exhibition thus far has been a great success and with fine weather the attendance is certain to run ahead of that of two years ago. Although it rained nearly all the forenoon 3,969 people passed the turnstiles, which is 233 less than the second day of the last exhibition.

The total attendance to date is slightly in excess of the first two days of the last exhibition. The flying Dorians and Valecetta and her trained leopards gave two performances on the grounds today in the presence of thousands of people, making a decided hit. The amusement hall attractions also drew large crowds and were much enjoyed.

Judging commenced this morning and satisfactory progress was made in the several departments. In the horticulture the principal prizes were won by John Bebbington & Son, Abram Alward, F. W. Gregory and Miss Edith Gregory, of this city. A. C. Archibald carried off the principal prizes for Yorkshire cattle, and Walter McMonagle, of Sussex, and F. P. Robinson in Jersey; W. W. Black, of Amherst, took all the prizes in Hereford class.

The steamers Champlain and May Queen brought large excursion parties to the city from St. John and down river points.

The exhibition races at Driving Park this afternoon brought out a big field of horses and provided fine sport for a crowd of about 700 spectators. Laura Merrill, owned by Fred Duncan, of Fairville, took the 2 1/2 trot and pace in straight heats and Dorothy P., a favorite, put up a similar performance in the colt stake race. The track was very heavy, as a result of last night's rain storm, but notwithstanding this drawback very fair time was made in both races.

In the 2 1/2 class there were eight starters out of ten entries and all remained until the finish. After scoring six times the horses were sent away with Domestic at the pole, and the others well up. Domestic lacked the speed to hold his position and soon lost it to Laura Merrill, while Nellie Bangs and Dorothy P. followed into second and third positions. Laura Merrill retained the lead to the wire and took the heat quite easily.

In the second heat Nellie Bangs did not show to good advantage, but Guy F. moved up well and kept the pole horse moving lively right to the wire. The time of this heat was 2:22 1/2, the fastest of the afternoon.

The third heat was the prettiest of the afternoon and the whole eight horses were the mje without a break. Guy F. clung to the leader's wheel right to the wire and Miss Kadmos, after entering the stretch, shot into third place.

Protest Against Dorothy P. Dorothy P. had an easy thing of it in the four-year-old stake and her victory was generally expected. A protest was entered with the judges against her starting on the ground that the final payment of the entrance money was not made until after the time limit had expired. After careful consideration it was decided to let the mare start and refer the matter to the National Trotting Association. Prince Alford had the pole in the first heat but Dorothy had taken it from him before the quarter pole was reached, demonstrating her superior racing qualities. From that time on she was never headed and won the race in straight heats without a skip. Her fastest time was a fine performance for a four-year-old, considering the condition of the track.

Warren Guy, Jr., was out of condition and failed to get inside the distance flag in the first heat. Cecil Mac, a Fredericton horse, showed considerable speed at times but only got third position.

Tomorrow promises to be the banner racing day of the meeting and is being looked forward to with great interest. There promises to be a great battle for supremacy in the free-for-all between Sim and Terrace Queen and in the 2 1/2 stake Miss Letha and Northern Spy are prime favorites.

Officials today were the same as yesterday except C. R. Dewitt, of Bridgetown, took Senator Thompson's place as timer.

2 1/2 Trot and Pace. Laura Merrill, m. f. Duncanson, Fairville (Frasar), 1; Guy F., bl. s., Byron G. Kimball, Fairville (Kimball), 2; Nellie Bangs, br. m., Fred and Leslie Wright, P. E. Island (Wright), 3; Miss Kadmos, bl. m., Springhill Stables (Warren), 4; Leard, b. s., Peter Carroll, Halifax (Carroll), 5; Dr. Ferron, b. s., Henry Chapman (Henry), 6; Demestie, b. s., West Newton (Ireland), 7; Right Wilkes, Fred Holt, Amherst (Holt), 8; Time—2:23 1/2; 2:23 1/2.

Four-Year-Old Colts and Under—Trot and Pace. Dorothy P., ch. m., N. B. Parsons, Fairfield (McCoy), 1; Woodstock (Galagher), 2; Woodstock (Galagher), 3; Fredericton (Collins), 4; Lippenside, bl. s., J. Hughes, P. E. Island (Steele), 5; Warren Guy, b. s., Springhill Stables (Warren), 6; Excitement, m. f., Amherst (Holt), 7; Time—2:28; 2:28 1/2.

Fredericton, N. B., Sept. 18.—The attendance at the exhibition today broke all records made at the exhibition two years ago. Seven thousand seven hundred and six people having passed through the turnstiles. The weather was gloriously ahead of the first three days of last exhibition. Crowds thronged the buildings and grounds both afternoon and evening today and seemed to thoroughly enjoy the show.

The music hall attractions are of high order and are coming in for very liberal patronage. The weather was gloriously fine today and the outlook is bright for another big crowd tomorrow.

erion. She led to the wire by a length, finishing the fastest heat ever stepped on the Fredericton track in a race. The starter's announcement of the lowering of the track record was followed by great enthusiasm. The time by quarters was 32 1/2; 1:05 1/2; 1:40; 2:14.

The horses got away without scoring in the 2 1/2 and 2 3/4 classes, and set down to good, solid work. Carina took a spurt at the second turn, moving into second place, but Holmes did not allow her to long hold this advantage. Terrace Queen got on Simassie's wheel at the end of the first lap, and Holmes, by vigorously playing his whip, sought to overhaul the leader, but the game would not work. Simassie never varied from the wonderful pace she set at the beginning of the race, and led the procession to the wire by nearly a length. The time by quarters was 33 1/4; 1:07; 1:42; 2:14 1/4.

Starter Dorothy and the other officials discharged their duties in a highly satisfactory manner, and everything passed off smoothly.

The big meet will close tomorrow with the 2 1/2 and 2 3/4 classes, and while the standard will hardly be up to that set for today, indications are that there will be fine sport.

2 1/2 Trot and Pace; Purse \$400. Northern Spy, gr. s., C. L. Jackson, Fredericton (Holmes), 1; Miss Letha, gr. m., W. K. Allen, Fredericton (Holmes), 2; Laura Merrill, bl. m., Fred Duncan, Fairville (Frasar), 3; R. A. Snowball, Chatham, and C. Archibald, of Truro (N. S.), and Sir William Van Horne, carried off most of the prizes in the dairy grade class.

Ninety-two sheep imported by the local government from Ontario were sold at auction here today. Most of them were purchased by representatives of the agricultural societies, the average price being about \$18.

The Races. Simassie added another to her long list of victories here this afternoon by winning the great free-for-all in straight heats, defeating Terrace Queen, her most formidable rival, for the supremacy of the maritime turf. It was the greatest racing exhibition ever seen here, and a second was clipped from the maritime record of 2:14 1/2 held by Lady Bingen.

In the 2 1/2 race the colors of Miss Letha, the local sensation of the season, were lowered by Northern Spy after the mare had captured the first heat. The winner made a new mark of 2:21 1/2, in the second heat. The races were attended by a crowd which numbered close to 2,000 persons, the largest that ever turned out to a turf event in this city. Beautiful weather prevailed, except that the wind was a little strong at times. The track was in fine condition, and everything passed off in a satisfactory manner.

Terrence Queen and Miss Letha were favorites in the first heat, but the latter, who were the chief backers, lost heavily on the result.

The 2 1/2 class had eight starters, and was hotly contested all the way through. Ruth Wilkes drew the pole, but lost it to Miss Letha when going around the first turn. Northern Spy got a poor start, and his work in the first heat gave the judges the impression that Driver Ireland was not out to win. Miss Letha held her ground, without being headed and won the heat by a good margin. Meadowbrook dropped quite easily into second position, Ruth Wilkes finishing third with Daisy Wilkes fourth.

Spy's Driver Cautioned. Driver Ireland was cautioned by the judge before the horses were sent away for the heat and seemed to readily take the hint. He went after Miss Letha in line shape right from the start and clung to her wheel until the three-quarter pole was reached, when he let the gelding out a few notches and passed the mare on the turn. The run down the home-stretch was close and exciting, but Spy got the wire by two lengths. Laura Merrill took a spurt in this heat and finished third. The time was 2:15 1/2, the fastest of the race.

In the third heat, Miss Letha broke after passing the first turn, but came to her feet quickly and by a great burst of speed wrested the pole from Northern Spy at the first quarter. The others were strung out well to the rear but all were moving nicely. On the back stretch Northern Spy recovered his position and jugged under the wire three lengths to the good. Laura Merrill pulled out to the stretch and beat out Letha by a neck. Driver Holmes complained to the judge that Northern Spy's driver was carrying a stop watch, contrary to the rules, but no notice was taken of the complaint.

The result of the fourth heat was a foregone conclusion, as it was quite evident to the spectators that it was an off day for the Fredericton mare. The Spy had no difficulty in holding the pole through the entire heat, although at times he was chased pretty sharply by Miss Letha and Laura Merrill. The gelding finished the heat several lengths to the good in 2:17. There were many outside horsemen in attendance and they declared unhesitatingly that the free-for-all was the best contested race ever witnessed on a maritime track. Terrace Queen and Simassie are great racers and when they come together in a race it is no easy matter to pick the winner. They were at their best in today's contest, and it was a little rivalry between them from the time the word "go" was given until the wire was reached.

Carina did good work but found the company too fast, although in one heat she managed to pass Terrace Queen on the stretch. Lady Bingen, the holder of the track record, who did such splendid work in Monday's race, brought up in the rear of the procession all through the day and in the first heat narrowly escaped being distanced.

Carina drew the pole, with Simassie second, Lady Bingen third and Terrace Queen fourth. Fortunately for the spectators there was very little scoring, and the four great pacers got away well together on Starter Dorothy's word. Carina set a hot pace, and there was very little change in their relative positions until the end of the first lap, when the Halifax mare began to increase her speed. She forged ahead of Carina near the three-quarter pole, with Terrace Queen following in her wheel. They entered the home stretch in this position, but Simassie managed to increase her lead and had a length on her when the race was over.

A remarkably pretty race with Simassie. They were only half a length apart at the start and each seemed to be moving at top notch speed. Carina and Bingen were holding well to third and fourth positions. Holmes tried to overhaul the leader in the back stretch, but the task proved too great for him, and the plying of the colored driver on Spy on Terrace Queen once again seemed to stir Simassie to greater exertion.

She led to the wire by a length, finishing the fastest heat ever stepped on the Fredericton track in a race. The starter's announcement of the lowering of the track record was followed by great enthusiasm. The time by quarters was 32 1/2; 1:05 1/2; 1:40; 2:14.
