"THE DAILY TRIBUNE,"

he opening number of which we present to our readers to day, is intended to be a journal worthy of the patronage of all respectable classes of our community. It shall be the Editor's aim to so conduct it that the commercial, industrial and social interests of the Dominion may be advanced, while its management shall know neither party, nationality nor sect. THE DAILY King. TRIBUNE will support all sound legislative neasures, wherever they may originate, and oppose every scheme prejudicial to the public good, by whatever political party it may be upheld. While Dominion and Provincial affairs will thus be fully and impartially treated, special attention will be given to matters relating to the City and County of St. John. That our City may retain its present pre-eminence as a commercial centre, greater ability and energy must enterinto its corporate management. Its Harbor interests require the most vigilant rutiny; and not less, but more, important are those guarantees which should be, but unfortunately have not been, taken for securing the Public Health. The fact that this journal is issued nearly a fortnight earlier than was anticipated, with a view to participating in the Holiday advertising, which the merchants of St John deal out so liberally, will probably be accepted as reason sufficient for any im-perfection that may appear in the initial number.
