MR. JAMES I. FELLOWS.

Dear Sir,—While in Windsor on a visit in December last, I tell in with an old friend—Capt. H. Wrecked.—A dispatch to the Board of Trade this morning says that the brid. years previous, he was a mere skeleton. He informed me that your very valuable Syrup of Hypophosphites had effected a perfect cure. He persuaded me to try the Syrup for Bronchitis, from which I had suffered much during several years. I purchased one dozen of this Syrup, and have used only three bottles, and my health is now better than it has been for years. Not requiring the balance of the dozen, I sold it to different parties, and now there is a general demand for it from all parts.

Respectfully yours, W. J. Nelson. Capt. H. Coffill was cured of consumption in 1869 by Fellows' Compound Syrup of Hypophosphites; his letter was published some time ago.

Messes. R. C. Marchesov & Co.—Gentlemen:
I have been afflicted with gravel and stone upwards of a year and a half-tried everything I could hear of for its relief, without avail; saw your advertisement of CALCULIFUGE in the Halinax papers—took hree bottles according to directions, and in the short space of four weeks am entirely cared. I sillingly add my testimony to its value, and he artily recommend it to all afflicted as I have been.

A MONG the great discoveries of modern science, few are of more real value to mankind than this eflectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact that Cherry Pecroral will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most langerous affections of the Pulmonary Organs yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tenrulungs need this decence; and it is unwise to without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, Cherry Pecroval is invaluable; for, by its timely use, multitude are rescued from premature graves, and saved to the tove and affection centered on them. It acts speedi v and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and painful Bromchitis, when they know how easily they can be cured. Prepared by
