We do not ask you to encourage
this industry, we ask you to see
the quality of goods we manufacture
and get our quotations. Goods man-
ufactured by us are considered High
Grade in the leading cities of Canada.
Foreign goods imported direct from
the south.

MAIL ORDERS

We solicit out of town orders which
require our personal attention. The
length of time taken to fill orders is
governed very largely by how busy we
are in the department of our factory
in which the particular goods are
made. While we have exceptional
facilities for promptly turning out
goods, it is impossible to place orders
as far ahead as possible. Orders are
filled by date in the position in which
they are received, and customers can
always depend on our doing everything
in reason to give prompt service.

OUR OFFICE IS CONNECTED WITH THE N. B. TELEPHONE BY TWO SEP-
ARATE LINES INSURING PROMPT ATTENDANCE.

O'LEARY STREET AGAIN TO THE FORE

Interesting Correspondence With
Relation to The Necessary
Deeds of This Street

The following correspondence which
speaks for itself is published at the re-
quest of the town council, with refer-
ence to O'Leary Street. As it seemed
that the town was not alive to the im-
portance of the people in this district,
His Worship Mayor Andrew took up
the matter with the O'Leary people,
and a personal of the following corres-
pondence will show where the trouble
lies. Here are the letters.

Campbellton, N. B.
June 19th, 1914.

W. J. O'Leary, Esq.,
36-38 Recollet Street,
Montreal.

Dear Sir:—
Since I have been elected to the of-
fice of Mayor, your tenants on Duke
and O'Leary Streets have been at me
repeatedly asking for lights, sidewalks
and water and sewers, and I told them
that as soon as we received a deed for
these streets, the Town would comply
with their request.

A number of them have asked me
to write you asking if you would fur-
nish this deed, in order that they might
enjoy the same privileges as the other
streets of the Town.

I might say that last year we pur-
chased a piece of land on the corner
of O'Leary and Gerard streets, in or-
der to widen the former and it is very
much improved thereby.

If you would now consent to deed us
Duke Street and O'Leary, back as far as
Lansdowne, it would prove a great
boon to the residents along those
streets and at the same time enhance
the value of your remaining property.

Thanking you in anticipation of a
favorable reply, I remain,
Yours truly,
A. A. ANDREW, Mayor.
Campbellton, N. B.
June 24th, 1914.

Mr. A. A. Andrew,
Mayor, Campbellton,
N. B.

Dear Sir:—
Replying to your favor of June
19th, I would state that our position
with reference to O'Leary Street, re-
mains the same.

If you will look up the correspond-
ence with your predecessors, it will
show you how the whole matter
stands. Briefly the situation is as
follows: We have no tenants and own
no land on O'Leary Street as far as
Lansdowne Avenue or on Duke Street.

We will be pleased to deed these
streets, to the city if they wish to pur-
chase them just as they purchased the
land on the corner.

We offered some time ago to deed
the streets free, providing they would
make the roads, sidewalks, sewers and
etc., up through the property which we
own. As this would be of benefit to
us, we would be willing to offer some
return for it. But we see no object in
giving a deed in order to make im-
provements which will be of absolute-
ly no benefit to us, and only to others.

We have always considered that
hitherto, the Mayor and Council were
unreasonable in this matter. When we
offered to deed the streets to the town
providing they would put in the neces-
sary improvements and they refused
to do so, until we had sold all the land.
Later on, an arrangement was made
to take over and fix up all the streets
and the property, and was then bro-
ken by them because Lansdowne Ave-
nue was not straight, and they would
not or could not make a
dicker with Mr. Roy, in order to
straighten it out.

I am willing to meet the town on a
business basis which will be to our
mutual advantage. But you can hard-
ly expect me to do anything different
under the circumstances.

Yours very truly,
W. O'LEARY,
Campbellton, N. B.,
June 27th, 1914.

W. J. O'Leary, Esq.,
36 & 38 Recollet St.
Montreal.

MANY NEW SUBS ADDED TO LIST

Extra Cash Prize And Increased
Votes Proves Effective in
Procuring Subs.

Although the period for the extra
cash prize does not end until 9 o'clock
Saturday evening, already a large
number of new subscriptions have
been entered, and no doubt many more
will be received on the last two days
of the period.

These new subscriptions have come
from contestants working in both con-
tests, and all have had remarkable
success so far.

Full details will be given next week.
The standing up to date is:—
Miss Amy E. Beck, Chandler, P. Q.,
\$2,775.

Weston Chisholm, New Carlisle, P. Q.,
\$2,410.

J. F. Marcotte, New Carlisle, P. Q.,
\$2,410.

George Wilkins, Shives Athol, N. B.,
\$2,410.

Contestants should remember that
this contest is entirely separate from
the other contest advertised in the
Graphic, wherein twelve merchants
and the Graphic are giving away an-
other Ford car to the one procuring
the largest number of votes. But we
have allowed the merchants participat-
ing in this other contest the privilege
of issuing, with every purchase, coup-
ons for votes which will be good in the
Graphic's own contest.

The stores where you can get these
coupons are as follows:—
Thos. Wran, Druggist.
Leon Centin, Jeweler.

Central Book Store, Stationery, Etc.
J. P. Gallagher, Dry Goods and Lad-
ies' Wear.

Ferguson Bros., Men's Outfitters;
The Lounsbury Co., Furniture, Etc.
E. E. Shephard & Co., Ladies' Out-
fitters.

E. C. Montgomery, Jeweler and
Sporting Goods.
I. Floyd, Butcher.

A. A. Andrew, Andrew's Clothing
Store.
St. Onge, Groceries and Provi-
sions.

Miss Ullman, Milliner.

We wish all to have the privilege of
voting and would request that all in-
remitting would use the coupon print-
ed in every issue, and vote for one of
the candidates. A new subscription
counts 2000 votes, and a renewal 1000.

While most of our subscribers in
remitting, vote for some one of the
candidates, some do not.

SERIOUS FIRE AT JACQUET RIVER

Mill of the River Louison Lum-
ber Company Destroyed by
Fire Monday

The River Louison Lumber Co's mill
at Jacquet River was destroyed by
fire Monday afternoon, about three o'-
clock.

The fire was caused by a hot box.
Smoke was seen issuing from the
woodwork in the proximity of the
journal, and an employee ran for a
bucket of water, but before this was
procured, the fire had broken out and
spread rapidly.

The entire mill was in ashes in
about an hour.

The lumber piled in the yard was
not destroyed.

The loss of this fine mill will throw
many men out of work, but it is ex-
pected work of construction will be
commenced at once.

property.
I know that the present owners of
land who purchased from you are very
much dissatisfied at the condition of
affairs.

However, I only wrote you on the
request of some of these people who
are directly interested, and if you do
not care to hand over the title to the
Town, it remains for these people to
take whatever action they deem nec-
essary, as they are the only sufferers.

Yours truly,
A. A. ANDREW,
Mayor,
Montreal,
June 29th, 1914.

Mr. A. A. Andrews,
Mayor, Campbellton, N. B.,
Dear Sir:—
Replying to your favor of June
27th, I would state that we own no
land on O'Leary Street, as far as
Lansdowne Avenue.

BASEBALL NOTES AND JOTTINGS

Shake up in the League Stand-
ing.—Victorias Have Struck
Winning Gait.

The local league games at the baw-
yard are still being well patronized,
and with the hot weather the various
nines are getting loosened up, giving
the fans and the other magnates who
honor the stand with their presence,
good value for the hard earned coin of
the realm which they share out to the
financial magnates.

Last Saturday a goodly number
from here took advantage of the ex-
cursion over the I. N. R. and saw a
splendid game of ball, when the pick-
ed nine from Campbellton "put it all
over" the strong going Van Buren
team by 11-7. It is well to ponder
over this, so we will give it again,
11-7. Oh! My! Shirley pitched great
ball and was accorded magnificent
support by his team-mates. This has
only whetted our appetites for more
of the same kind, and we should have
a bumper crowd on our grounds here
when the Van Buren team pay us a
visit. This is always the tit-bit of the
base-ball season and should not be
missed by any person in Campbellton
who can beg, borrow or steal ten-
cents. Already many of the fans are
beginning to pick out who they con-
sider the winning team, to again beat
Van Buren, and we extend a cordial
invitation to come to the baw-
yard and look over our sterling athletes,
who perform there for the benefit of
the people of this town, including as
it does, railway, professional, and
municipal magnates, fans, crazy fans,
suffragettes and many of our dear
young co-eds.

Last Friday evening just to show
that the Victorias have a name which
means something, they put it all over
the I. C. R. to the tune of 12-3. Good
for the Vics. We will spare our read-
ers the horrible details. This is the
Vics' first victory and there is more
to come.

On Monday evening the I. C. R. and
Mechs. played a great diag-
nosing game, the Mech. just losing our
winners by 10-8, scoring three runs in
their half on the 4th, in a batting rally
led by McNutt, who flattened out one
of Comeau's curves for two bases.

The most interesting part of the box
score card, which owing to lack of
space is withheld, is found in the Errors
Column, wherein we find Mech. 5 and
I. C. R. 6.

The Mech. made a new departure
in having Cady on the firing line, and
he had the honor of giving the pension
papers to some I. C. R. men, they hav-
ing to retire via the "Strike Out"
route before the age limit.

LOOK OUT for the games next
week for there are going to be "Some
doings." Notwithstanding the heat,
the price of three quenchers and
peanuts remained the same.

NARROW ESCAPE

Dalhousie, July 7th.—On Sunday ev-
ening the three and a half year old
child of Mrs. John McNeil had a nar-
row escape from death. A few min-
utes after the mother had placed the
child to bed, the little one got up and
went to a cupboard where she found a
bottle of carbolic acid, and pulling the
cork out of the bottle, she poured the
full contents of the bottle over herself.
Her sufferings can be imagined, and if
it had not been for the presence of
mind of the mother, who pumped cold
water over her until medical aid ar-
rived, the youngster would have been
a terrible sufferer. She is now out of
danger and Mrs. McNeil is very
thankful that her child did not drink
the poison.

JULY MEETING OF THE COUNTY COUNCIL

Semi-Annual Meeting Held on
Tuesday For the Transaction
of Business

The County Council assembled at 11
o'clock on Tuesday at Dalhousie, for
their semi-annual meeting, Warden
McLean in the chair.

All councillors were present, except
Councillors Murchie and Lawlor, who
were disqualified.

Coun. Montgomery protested again-
st John Harquail and Alex. Levesque
sitting as councillors at this board.
This was requested to be put into
writing.

Council adjourned until 2 p.m. It
re-assembled at 2 o'clock, all the coun-
cillors being present.

Minutes of the forenoon session and
of the Special session held in April
were read and confirmed, Councillors
Arseneau, Montgomery and Peters vot-
ing "nay."

Councillors D. A. Arseneau and W.
S. Montgomery entered a protest
against Coun. Harquail as he was not
properly qualified.

Councillor Arseneau asked in refer-
ence to White Drug Co's account for
drugs supplied Board of Health. The
Secretary Treasurer answered that
this amount was not on audit.

Councillor Dickie moved that the
protest be not entered. Carried.

The Warden stated that as the pro-
test was not made in accordance with
the by-laws, that it was out of order.

The same protest was entered
against Alex. C. Levesque, which was
also declared out of order.

Councillor Montgomery questioned
the authority of the Warden to de-
clare these protests out of order.

County Accounts were passed.

Coun. Harquail asked if the Parish
Officers for the Parish of Durham had
qualified as required by law, and the
Secretary Treasurer replied that
"there was nothing on record or file
that they had."

Coun. Harquail moved a resolution
with regard to the vacancies for Dur-
ham Parish. A lengthy discussion
took place upon the qualification of
the parish officers for the parish of
Durham, Coun. Harquail's resolution
was then carried.

The assessment of Durham as made
by the assessor appointed by the
Council at its January session was
sustained and the rates and taxes of
said assessment were ordered to be
collected. Carried. This was object-
ed to by Coun. Montgomery.

The councillors of Eldon asked that
the parish of Eldon be divided. The
East end to remain Eldon and the
West to be Grimmer. The dividing
line to be a straight line from the
mouth of Thom Point Rock to White's
Brook on the I. N. R. thence to parish
line. The matter was agreed to and
the necessary steps taken to carry this
into effect. A committee was placed
in charge of the matter. Couns. Pet-
ers, Fifth and Levesque were appoint-
ed such committee.

After the passing of accounts and
other routine business, the Council ad-
journed.

LAYS DOWN THE PEN

The following was taken from the July 1st issue of the Hants, N. S., Journal:

"With this issue of the Journal Mr. Jas. J. Anslow retires from active journalism, after a period of continuous work extending from June 1866, covering fifty-eight years. The aim of the writer has ever been to produce a clean, wholesome sheet, such as any mother could with safety place in the hands of her children; mild in its political utterances, dealing fairly with public men and public questions, and in all respects, conforming to what should be expected of a genuine family newspaper. In this hour of retirement we feel cheered at the measure of success achieved, and as we pass on to allow another to take up the work, we embrace the opportunity to heartily thank the business men of the County, and the public generally, at home and abroad, for their kind assistance in many directions. The business is now in the hands of the writer's son, Mr. Harold S. Anslow, who has had several years' experience, and who, we believe, will conduct it on the same lines as his predecessor. For him we ask the kind consideration and generous support of the public."

Mr. Anslow will be remembered by many Miramichi residents, as he with his brother William, under the name of W. & J. Anslow, founded The Union Advocate at Newcastle in 1867, and ran a store in connection therewith. James Anslow conducting The Advocate. Upon the death of William Anslow the paper was taken over by his sons H. B., now manager of the Campbellton Graphic, and Charlie, who was killed in July 1910, shortly after the Campbellton fire.

UNBUSINESS LIKE

A rather vigorous kick has been made by some of the business houses here regarding the unsatisfactory service which is being had out by the new company operating the Campbellton to Gaspe route.

Shippers here have no knowledge of the sailing days of the steamers, which usually arrive here when they come, and are consequently at a serious loss to know how to promise orders. A small amount spent in advertising would remedy this matter all right, but there is something more. The Company have no telephone installed at their office here, and this is a most serious drawback not only to shippers, but to the Company themselves. We are informed that the Telephone Company will not install a phone until the rental account incurred by the old company is liquidated, and the new company do not consider themselves liable for the debts of the old company, and will not pay, and meantime the business people of Campbellton suffer.

This should be done away with, and some way must be found for improving the conditions. This new company may certainly feel aggrieved at being called on to pay the debts of the old firm, but they must also remember that they are receiving a pretty fat subsidy for giving a proper service and this is not being done. The company would be well advised to look into these matters and get them straightened out, or the business people will take other measures.

SUNDAY SCHOOL PICNIC

The Sunday School Picnic held on Tuesday was a decided success, some twelve hundred people going to New Mills. The weather was glorious and everyone spent a very pleasant day.

The railway company arrangements were well handled by the Intercolonial people without any hitch, the large number of excursionists being transported without mishap. Sports and games were indulged in, but many of the picnicers enjoyed the greater blessing as spoken of in "Annie Laurie" "Like dew on the gowan lying."

SOMETHING COMING

On October 22nd, the Ladies' Aid of the Methodist Church have arranged to give the music lovers of Campbellton a treat in presenting Messrs. Friedheim and McKenna, who will give a violin and piano recital in the Opera House. Look out for further particulars.

"WHERE THE TRAIL DIVIDES"

O. E. Wee will present at the Opera House on Thursday, July 16th, his new play, by Lem B. Parker, "Where the Trail Divides," a strong comedy drama in four acts. The play is presented for the first time in this town. The play is one of the Dakota's Big Timber districts, and deals with the efforts of the Sheriff to prove who killed Garvais a French-Canadian, who had been forcing his attentions upon the sheriff's daughter, Dolly. Miss June Bridges, will be seen as "Dolly," a part similar to that of "June" in "The Trial of the Lonesome Pine." Especial attention has been given to the staging of this play. The last act showing the mountains in the distance, with a small camp, lights aglow, perched high upon the mountainside and the singing of the cowboys in the distance, never fails to bring forth vociferous applause at the rise of the curtain. A new play, new company, new scenic production, and new specialties and many other features.

AT INCH ARRAN

The glorious fourth was quietly observed by the American visitors summing at the Inch Arran. In the evening, after dinner, Sir George E. Foster, in a short speech proposed the health of President Wilson. Dr. Haynes of Harvard, on behalf of the Americans present, thanked Sir George for the honor he was conferring on them, through their President and in return, asked all to rise and drink to the health of King George V.

Watch Repairing

is only one of our specialties. We do just as careful work in mending broken jewelry, remodeling old-fashioned articles and making NEW JEWELRY to order. We also invite you to call and see our large stock of attractive ornaments and up-to-date jewelry.

Gordon Dickie to preside and induct; Rev. T. A. Mit- chell to address the minister, and Rev. F. W. Townsend to address the peo- ple.

GREAT CATCH OF COD-FISH
Dalhousie, July 6.—An usual catch of cod-fish was made here one day last week when in the stands of nets owned by the estate of the late John Barberie, which have been successful in the great catches of salmon this year, four hundred cod-fish were land- ed in one tide. It has often happened in the past that one or two cod-fish or a stray lobster would be caught in salmon stands on both sides of the Bay Chaleur at this season and even in stands on both sides of the Resti- gouche River; but it has never been known that such a quantity of cod- fish should pay a visit so far in the interior of the Bay. A ready market was found in the town of Campbell- ton, for all the cod. Great catches of salmon continue to be reported from both sides of the Bay Chaleur, but they are very scarce between Dalhou- sie and Campbellton.

WHITE ENAMELED FURNITURE FINE FOR BED-ROOM

White Enamel Furniture is coming into its own as the ideal equipment for bed-room use. They're making it better now, too. Formerly when you had a white bed-room suite, you had to hire a maid to keep it white. But the new floated lacquer finish cleans easily as a piece of china.

And white enamel looks so cool, dainty, and in- viting. It lends itself to such beautiful drapery treatment.

We have a fine assortment of summer Furniture and our low prices will please you.

BATHURST 'ALL TEAM

TRIMS CAMPBELLTON

(From the Gloucester Northern Light)
The large crowd that assembled at the B. A. A. grounds on the afternoon of last Wednesday, Dominion Day, to see the base ball match between the Bathurst and Campbellton teams, was a picked up team from Campbellton, were treated to the finest exhibition of star playing that has ever been seen here.

Bathurst battery, Art. Lavigne and Alf. Degrace, were working the game so well that up to the eighth inning only four men got so far as first base, and the Clippers fine field work prevented even these getting round the three bases. It was a continued story almost all through of one-two-three-out, although in the eighth and ninth innings the Campbellton boys got onto the Bathurst star twirler's curves a little bit, and succeeded in putting three men over the home plate.

The Campbellton battery, Ross Malcolm and Charlie Roy, were not green at the game either, and their splendid work was only discontinued by the exceptional good playing of the home nine.

The match started a few minutes after half-past two, and was all over before four o'clock, occupying exactly one hour and twenty-five minutes. From this all base ball fans will understand how smoothly the game runs.

Duval scored Bathurst's first run on a short bunt by Crofoot after having stolen his way to third in the third inning. Melanson died on second when Degrace struck out leaving the score at one to nothing in favor of Bathurst. Campbellton was unable to find the ball in the fourth inning and when Bathurst again came to the bat Leonard Veniot struck a nice one to right field and succeeded in getting over the home plate on light hit by McInerney that hit him on first. Campbellton again went out without getting any of their men further than second and in the sixth Bathurst fanned out. Campbellton's seventh turn at the bat was not any more successful than their six previous attempts, but Bathurst got a good start when Crofoot, with two men on bases, hit a dandy away over left field and made a spectacular home caught him on first. Campbellton again run. Campbellton then pulled themselves one out after the other. Fairley then hit a slow one to short stop and got to first before the ball, stole his way to third and home on a nice one by Thomas, making the first score for Campbellton. That was all they could in the eighth and the Bathurst boys clinched their lead with three more when Duval hit a slow one with the bases full and a series of overthrows got him out but left the three in in short order. The rest of the innings were well played, all going out as they came up. Campbellton got only two runs home in the ninth and

last inning when an overthrow to first got lost among the crowd at the fence, finishing the match with a score in favor of Bathurst of 8 to 3.

Both teams played exceptionally good ball all through the game, only two errors being marked against each. The redoubtable "Pokes" sent only one man to base on balls, and Malcolm weakened only long enough to give three men the walk.

There was two very exciting plays. Once when Crofoot came to bat with two men on bases and two out and struck a beauty that gave him a clear home run, and the other when Leonard Veniot threw a grounder in from centre and Degrace grounded a score. It was an interesting moment too, when Degrace caught a foul, and stalled another man on second. Altogether, the game was a most interesting one, and has filled the town with enthusiasm.

A collection taken on the grounds secured the sum of \$18.14 towards the expenses of the occasion, and it is doubtful if those who contributed ever got better value of their money.

The lineup was as follows:—

Campbellton	Bathurst
D. McLean, 1b	R. McInerney
R. Malcolm, p	A. Lavigne
C. Roy, c	A. Degrace
J. Malcolm, cf	L. Veniot
R. McLean, 3b	G. Duval
G. Thomas, 2b	W. Matthews
J. Savidant, ss	P. J. Veniot
C. Fairley, lf	H. C. Crofoot
D. Sullivan, rf	E. Melanson

Mr. Lionel Flewelling umpired the game in a most satisfactory manner, and his decisions met with the approval of the spectators as well as of the players. Mr. Wilfred LeBlanc kept the score and is to be commended for the thoroughness with which he kept account of the details of the game. The refreshment booth conducted by Mr. Ernest White for the club was not very well patronised on account of the keen interest taken by all in the game and the cool temperature of the day, but Mr. White's kindness in attending to this part of the club's interests is very much appreciated by the members.

On the Last Lap.

"Saw an odd race yesterday."
"Indeed?"
"Yes, it was between two dogs—a fox terrier and a dachshund."
"Well?"
"Two saucers of milk were placed in front of them and the object was to see which could lick up his first."
"Which won the race?"
"The dachshund won in the last lap."

ABUNDANT FLUFFY HAIR IS IMPOSSIBLE IF YOU HAVE DANDRUFF

How often we hear a beautiful woman referred to as having a regal head!
Denude that head of its hair and instead of a queenly, royal bearing we have a fright. The hair makes all the difference. To have that glorious abundance of radiant hair which always crown "a regal head," one should use Newbro's Herpicide.

Herpicide represents the last word in scientific hair culture. It destroys the dandruff creaks falling hair and corrects generally, diseases of the hair and scalp.
The positive results and its delicate but refreshing odor recommends Newbro's Herpicide to ladies of refinement everywhere.
Newbro's Herpicide in 50c and \$1.00 sizes is sold and guaranteed to do all that is claimed. If you are not satisfied your money will be refunded.
Applications made by the best barbers and hair dressers.
Thos. Wran, special agent.

ECHOES FROM THE SCHOOL CLOSING

The Valedictory and Last Will And Testament of The Graduating Class

At the request of a number of our subscribers, we publish the "Valedictory" read by Bert Burgess, and the "Last Will and Testament" of the graduates from this year. These effusions will make interesting reading, and we will publish the Class Phrophecy and Class History in our next issue.

"THE VALEDICTORY"

Mr. Chairman, Board of Trustees, Mr. Carr, Classmates, Ladies and Gentlemen—

Valedictory addresses are usually marked by the use of beautiful language and splendid imagery, and the language is used as a cloak to cover trite sentences and hackneyed phrases. The achievements of the past on the part of patient teachers, and also on the part of the students as well.

This address will not seek to use glowing language or beautiful imagery, but will strive to set before you in a few simple words thoughts that have been uppermost in our minds during the last period of our graduation year, and perhaps venture to suggest one or two things that are to come.

The past year has been a good one in the history of our school, and an important one in the private history of every member of our class. Among the improvements in the school may be mentioned the putting in of a well equipped laboratory and substantial additions to the library, which improvements have added greatly to the efficiency of the school and ought to call forth the deepest appreciation of all, and specially of the graduating class.

We have just begun to learn how to study. We have looked into the mysteries of Geometry, although none of us feel that we shall ever be as profound as Euclid. We have studied laboriously our Latin, but not one of us ever expects to vie with Cicero or Virgil. We have wrestled with the problems of Algebra, but feel too young to attempt the publication of a special text-book upon the subject. We have studied Geography sufficiently to raise us above the level of the student from New Jersey, who after ten years of Grammar School, and a year or two at High, conceived of Rome as embracing "all Italy the Holy Land of Jerusalem," and of feudalism as "a family making war on another in their castles," the Ganges were located in South America, the Elbro in Austria, the Seine in England, the Danube in Canada and Athens and Sparta on the Tigris.

One thing of great importance that we have learned is to be able to see how little we indeed know. This has brought with it an obligation which we shall never be able to throw off, and that is to press on to know still more. The glimpse of wisdom that may be sought in the future has brought a dissatisfaction from which we dare not try to easily escape.

To you our patient and earnest teachers we owe more than we can ever repay. We cannot turn into money value what you have done for us. First, you have broadened our vision by showing us the importance of history, and of the thought and ideals of other peoples remote from us; you have shown us the necessity of working hard for remote ends without seeking for immediate pay; you have shown us the value of good character, and for this we are more than thankful. We hope that in the coming years you will not have any regret for the difficulties you have had to overcome in striving to make your wayward students see the value of cultivated minds and well-balanced characters. As we are about to leave your care we feel now, whatever might have been our thoughts at first, that you have been our friends, always ready to guide us when we ought leadership, and to restrain us whenever we tended to go astray, your kindly guidance might not have been appreciated at its full value when given, but with more light and a little more wisdom we see now that it calls for our deepest thanks.

To the undergraduates we should like to say a few words. We feel sorry to have to leave your companionship, which we have enjoyed for several years, but the inevitable has come and we must part. Our advice is that you be even more diligent than we have been, and especially more obedient, but at the same time we warn you not to be so persistent in your work that you will lose your health, for a sound body must go with a sound mind.

Now, classmates, we must say a parting word to you. We may never be all together again in this way, but let us be ungrateful in our purpose to make the Class of 1914 the best that ever graduated from this school. Let us seek to realize the ideals that have been constantly held before us during this past school year. Let us cultivate a love for character and good citizenship, so that in the coming years our

A DELIGHTFUL TRIP TO WESTERN CANADA

Passengers contemplating a trip to Winnipeg and points West, will find via the Grand Trunk Railway to Garma Wharf, Northern Navigation Co. to Fort William and Grand Trunk Pacific Railway to destination, most enjoyable at this time of year. The Palatial steamers of the Northern Navigation Co., Haronic, Harmonie, Armonie and Noronic, running between Garma Wharf and Port William are noted for their comfort and the excellency of their cuisine.

Trains on the Grand Trunk Pacific from Fort William West, are equipped with Colonel Carr, First-Class Coach, Dining Car, Standard Sleeping Cars lighted by electricity throughout. For descriptive literature or information regarding rates, Sleeping Car reservations, berth reservations on the Northern Navigation Co.'s steamers apply to J. H. Corcoran, Travelling Passenger Agent, Grand Trunk Railway System, Montreal, N. B.

HEALTHY HAIR—NO MORE DANDRUFF

Use Parisian Sage
It is entirely needless to have unsightly, matted, thin or faded hair. A little care is all that is needed to make it thick, soft, pretty, perfectly healthy and free from dandruff.

Use Parisian Sage—it supplies hair needs and is absolutely harmless. It quickly stops itching head and falling hair, and is one of the best tonics to invigorate the scalp and make the hair grow long and beautiful.

Get a bottle of Parisian Sage today from Thos. Wran or at any drug counter. It costs but 50 cents. Rub it into the scalp—all dandruff disappears—your head feels fine—the hair is pretty and perfectly healthy.

Alma Mater may not be ashamed to look at any member of the Class and say "He or she belonged to the Class of 1914."

"LAST WILL AND TESTAMENT."

Campbellton, N.B., June 30th, 1911.
To all whom it may concern:—Trustees, Mr. Chairman, Principal Carr, Visitors, Teachers and Scholars.

We the graduating class of 1914, have in our possession a few trinkets we wish to bequeath to the coming class of 1915, and all our good manners, bad manners, favors, qualms and privileges.

The will reads as follows:—"Our studious girl," equally bequeaths between Mary Price and Ada Boucher, her Vergil and Caesar translations, for Georgina was always a constant slave to Caesar and all his claims, and between Clarence Duncan and Reginald Henry her Esther and Cicero translations.

Bert Burgess resigns his position as being the Grade XI kid to George Currie, who is well adapted for such a high position.

Constance Murray leaves to Josephine Dickie her task of being the beacon light of the back seat, and gives to Sarah Lutz her secret signalling code which she used for familiar masculine "on the outside looking in."

Reginald McLean, our sentinel of the side window, leaves George Richards the task of ventilating the room, and to Ingram McKenzie a few inches of himself, which he does not mind giving, cause it will be of great use to him in base-ball.

Greta Wall has been in a melancholy mood, having to leave her last chew of Spearmint, but is somewhat relieved by the thought that it is left to Helen Stevens, for Helen will never flatten it out.

Gilford Bruce bequeaths to Tris White his patent for the preparation of Sulphuric acid, and wishes to advise Tris not to carry a supply of phosphorus in his pocket.

Carrie Sharpe bequeaths to Harold Mowat her tango tie, and leaves Dorothy Duncan and Bertha Boucher the privilege of developing their muscles in school, and being sharp in Geometry hours.

Edmund Gallagher bequeaths to Glen Mowat his favorite dweller on the cross bar of his bicycle and has already informed Glen, that Ethel is only loaned with security for the year 1915.

Lu McKenzie leaves Reba Hennessy her favorite seat in the tom-boy row, which Reba makes a pretence of patting.

Fred Mowat, our best little boy of Grade XI, leaves his gentlemanly manners and his lordly a-o-a hem to Russell and Jim Adams, our friends with the car.

End McKendle, with the algebra craze, leaves Viola McKendle a box of purposely cut note paper, so as to carry on the note trade with her neighboring residents, and End hopes by this time school re-opens, there will be a post office established there for Viola's benefit.

The class as a whole leave Mr. Carr all their best wishes for pleasant holidays and a bottle of furniture polish and a duster for the piano. We all want Mr. Carr to be careful and mind the point.

I myself, leave my best wishes for the coming class and graduates for 1915.

Signed,

NINETTA J. ALEXANDER

Letting The Light In

Shops and businesses that are illumined by advertising have a vitality and efficiency not possessed by shops and businesses that drape their service and activities with a pall of silence.

Everybody knows that it is in all ways good to let much light into dwellings, factories, shops and stables—into all places where life is and where health and efficiency are desired.

We commend to the merchants of this community the advantages and good results of persistent advertising in our columns, for the public always goes where light is—the public shuns dark places. Light means welcome and confidence.

A WORD TO MERCHANTS

Advertising will go far towards retaining the loyalty of old customers and winning you new ones. Fifty-two advertisements in our columns will prove an excellent salesman—one whose yearly cost to you will be less than what you are now paying to some salesman behind your counter.

Town.

RECENT DEATHS

(From the Gloucester Northern Light) The death took place at her home in North Teteouche on Sunday night after an illness from pneumonia, of Mrs. Alex. Brown.

Mrs. Brown was one of the best known ladies in the county, having lived a number of years at the Mill on Teteouche River, and removed from there to her present residence a few years ago.

She is survived by her husband, three daughters, Mrs. Sayer of Lynn, Mass., and Misses Margaret and Isabelle at home; and two sons, Robert of Bathurst, and Arthur at home. She also leaves four sisters, Mrs. Jennie Hicks of Dunlop, Mrs. Elizabeth Chamberlain of Dunlop, Mrs. Dan. Currie of Campbellton and Miss Anna Moody of Bathurst. The funeral was held from her late residence yesterday afternoon at two o'clock to the Presbyterian cemetery here, and was very largely attended. Rev. Mr. Matthews conducted the services at the house and at the grave.

Mr. Stanislas Belliveau, foreman of the Bathurst Lumber Co's Shingle mill died on Monday after a long illness from pulmonary trouble. He leaves a widow and a small family of young children.

For soreness of the muscles, whether induced by violent exercise or injury, there is nothing better than Chamberlain's Liniment. This liniment also relieves rheumatic pains. For sale by all dealers.

MARRIED AND

WILL LIVE HERE

(From the Gloucester Northern Light) Miss Mary Annie Kirkpatrick, daughter of Mr. and Mrs. Wm. Kirkpatrick, Sr., was married in St. Samuel's church, Douglastown, yesterday to John Hugh Brophy, of Blackville. Rev. S. J. Crombly, of Blackville, performed the ceremony, assisted by Rev. J. G. Cormier, the wedding taking place within the sanctuary on the steps of the altar with nuptial high mass. The bride was dressed in white broad satin with white picture hat, and carried a white prayer book. Her bridesmaid was Miss Kathleen M. Holland, of Redbank, who was dressed in cream silk with hat to match. William Kirkpatrick, brother of the bride, acted as best man. A wedding breakfast was partaken of by the bridal party and their immediate friends and relatives and the officiating clergymen at the home of the bride's parents, after which Mr. and Mrs. Brophy left for Newcastle to take the train for a honeymoon trip to Boston and New York. They will reside at Bathurst, where Mr. Brophy has a responsible position with the Bathurst Lumber Company.

AUTO ACCIDENTS

(From the Gloucester Northern Light) Miss Comeau of St. Anns had an arm broken near the Teteouche hill when her horse took fright at an automobile driven by Hugh McLean, and ran away, throwing her out and inflicting painful injuries.

Mr. Adelard Arseneau of Petit Rocher received a bad shaking up, and was otherwise injured when he collided on Friday at the foot of the Village hill with Dr. Michaud's automobile. The young man was coasting down the hill at a rapid rate and was unable to steer his bicycle clear of the auto, with the result that he damaged the auto somewhat, and was thrown a considerable distance.

He was at once picked up and taken to the hospital by Dr. Michaud, and at last reports was well on the way to recovery.

Both of the unfortunate happenings mentioned were purely accidental, and blame can be attached to no one.

Salvia Hair Tonic Makes the Hair Beautiful

That dandruff is caused by germs is accepted by every sensible person. Dandruff is the root of all hair evils. SALVIA will kill the dandruff germs and remove dandruff in ten days or money back. It will stop itching scalp, falling hair, and make the hair thick and abundant. It prevents hair from turning gray; adds life and lustre. SALVIA is a hair dressing that has become the favorite with women of taste and culture, who know the social value of beautiful hair. Only \$6 at leading druggists. Sold at White's Drug Store.

When arranging your summer outing, be sure and see that it includes a trip via the Grand Trunk Railway. Descriptive booklets, time-tables, etc., will be furnished on application to J. M. Corcoran, Travelling Passenger Agent, Moncton, N. B.

BLACK LANDS

The school examination held in Black Lands on Monday, June 29th, was attended by many visitors.

In addition to an exhibition of general school work, an instructive and interesting programme of songs, dialogues and recitations, was well carried out. The school work was well done and the pupils showed much interest in their work. Remarks made by the visitors showed that Miss E. Cooke's success and ability as a teacher were most satisfactory. On the closing day of school, June 30, the pupils presented Miss Cooke with a check of ten dollars as a tangible proof of their good will, and read an address, expressing their appreciation of her painstaking instruction and continued educational interest in their behalf. Miss Cooke leaves this school district, after teaching in it for thirteen years, and during that time she has been placed in charge of the school at three different times. Let time she taught three years, 2nd, five years, 3rd, five years, and this is her home school.

PULP MILL MANAGER JOINS THE BENEDICTS

(From the Gloucester Northern Light) The marriage of Josephine Marshall, second daughter of Mr. and Mrs. W. G. Clarke, of Bear River, N. S., to Aimwell Gordon McIntyre, son of Rev. Dr. and Mrs. W. E. McIntyre, of St. John, took place Tuesday evening in the Bear River Baptist Church, which was beautifully decorated for the occasion, the chancel being banked with green and white. The ceremony was performed by Dr. W. E. McIntyre, father of the groom, assisted by Rev. L. H. Crandall, and Rev. A. Daniel, the double ring service being used. Mrs. W. E. Miller played the wedding marches.

The bride was given away by her father. She wore a lovely draped gown of white charmeuse with Chantilly lace and pearl trimmings and tulle veil arranged in Madonna effect with wreath of orange blossoms and pearls, and carried a shower bouquet of white bridal roses and lilies of the valley. She was attended by her sister, Mrs. J. Howard Cunningham, of Ladysmith, (B.C.), as matron of honor, gowned in deep pink satin brocade, and carrying white carnations tied with white tulle. The bridesmaid was Miss Annie L. Clarke, younger sister of the bride, dressed in pale pink taffeta and chiffon, carrying pink carnations tied with pink tulle. Archibald A. MacDiarmid, of Montreal, was best man. His gift from the bridegroom was a Phi Kappa Psi ring. Messrs. John S. Bates, of Montreal and Alton B. Clarke, of Bear River, cousin of the bride, were the ushers.

The groom's gift to the bride was a baby grand piano; to the matron of honor a pearl and diamond lavallier, to the bridesmaid a pearl and amethyst bar pin, and to the ushers handsome diamond stick pins. To the matron of honor, the bride presented a gold watch bracelet and to the bridesmaid a pearl bracelet. Mrs. W. G. Clarke, mother of the bride, was attired in black crepe de chene and shadow lace with corsage bouquet of mauve orchids. Mrs. W. E. McIntyre, the bridegroom's mother, was wearing a black charmeuse satin with Irish lace and jet trimmings, and carried American Beauty roses. At the conclusion of the wedding service a reception was held at the residence of the brides parents, where pink and white carnations and quantities of sweet peas with greenery formed the decorations in the drawing rooms, with pink roses, smilax and asparagus ferns effectively arranged in the prettily decorated dining room. The happy young couple will reside in Bathurst, where Mr. McIntyre is manager of the Bathurst Paper and Pulp Mills.

Going away the bride wore a tan crepe cloth costume with smart hat of deeper shade with bronze trimmings. The out of town guests included the bridegroom's parents Dr. and Mrs. W. E. McIntyre, St. John, the bride's sister, Mrs. J. H. Cunningham, Ladysmith, (B. C.), J. S. Bates, Archie MacDiarmid, Frank Fraser, Montreal; Mrs. W. J. Parker, Miss Marjorie Moran, New York; Miss Serena Searer, Brooklyn, (N.Y.), and Mr. and Mrs. H.

THE SUNDAY SCHOOL ANNUAL CONVENTION

Arrangements are Now Completed for Meetings and Entertainment of Delegates.

Arrangements have been about completed for the Annual Convention of the Restigouche and Bonaventure Sunday School Association, which meets this year in the River Louise Church. A fine programme has been prepared and already there are indications of a large attendance. The Field Secretary, Rev. W. A. Ross, will be in attendance and deliver several addresses. One of his addresses will be illustrated by lantern views of the World's Convention at Zurich, Switzerland.

The usual one way fares have been obtained for delegates over the Quebec Oriental and Intercolonial railways, and an energetic committee will look after entertainment of delegates. When purchasing tickets, delegates will ask for standard certificates which when signed by secretary at Convention, will entitle holder to return passage free.

Previous to the Convention, the Field Secretary will make a tour as follows:

July 13—Bellevue.
14—New Mills.
15—Charlo.
16—Dalhousie.
17—Matapedia.
18—Point a la Garde.
19—New Richmond.
20—Cazabian.
21—Campbellton.

At all these meetings, Mr. Ross will give an address, illustrated by magic lantern views, on the recent Chicago Convention.

Delegates from Bonaventure, arriving at Campbellton on evening of 22nd will be entertained by a local committee, if their arrival is made known to the Secretary. They will also have the privilege of attending the united rally to be addressed by Mr. Ross that evening.

very largely attended. The services were conducted by Rev. Doctor Polley and Rev. Robert Haddow of Toronto. The pall bearers were James Reid, M. P., P. H. Sheehan, James E. Stewart, Daniel McDonald, John McLeod and George Lamble.

DONALD SMITH.

The death occurred on Saturday evening of Donald Smith, in his seventy-first year. He had been living in Lindsay, Ont., with his nephew, Duncan Smith, but taking ill about eleven weeks ago, he came here to live with his brother, Robert. The funeral was held on Tuesday afternoon, interment being made in the Flatlands cemetery. The Rev. T. P. Drumm conducting the services at the house and the grave, and his nephews acted as pall-bearers. He leaves two brothers, Robert Smith of this town, and Hugh in Glenelg.

ALEXANDER McLEAN.

There passed away on Wednesday morning one of the well known figures of this town in the person of Alexander McLean. He died at his home here at the age of seventy-six. He had been in failing health all spring and for the past few weeks had been gradually failing in strength. The funeral will be held tomorrow, Friday, afternoon at 2 p.m., from his late residence. He leaves one son, Donald, two brothers, Peter McLean of this town and Donald of Charlott, also one sister, Mrs. Dan McDonald of Dalhousie.

FOR BUILDERS.

contractors and house owners we have a varied stock of seasonable BUILDERS' HARDWARE.

If you are building, remodeling or renting premises this season, call and let us show you the best hinges, door knobs, locks, window catches, etc.

We believe we can save you money.

POWERFUL PLAY

The scene of "The Trail Divides," by Len B. Parker, are laid in the far West, where, according to early history, strange people coming from everywhere—joined forces, and soon lost their names. Then they struggled, fought, killed and loved; of one thing only were they certain—they lived. A powerful play with a strong cast. At the Opera House on Thursday, July 10th.

CAMPBELLTON LADIES TO GIVE CONCERT

Misses McLatchey and M. Hazel Mowat Will Give a Series of Concerts

At the request of a number of their friends, Miss McLatchey and Miss Hazel Mowat, will give a series of concerts during July. They will appear first at the Star Theatre in Dalhousie on Monday evening, 13th July, the concert beginning at 8:15 p. m. From there they will go to New Carlisle appearing in the Parish Hall on Thursday, July 16th, and then to Gaspé, where they will perform on Saturday, July 18th, in the Church of England Hall. The ladies have prepared a most interesting program and Miss Mowat will accompany them as pianist.

Miss McLatchey is a most interesting and intelligent elocutionist, and at her appearances here and elsewhere, which have been all too few, she has made many friends by the high standard of her work which she has always sought to maintain. Miss McLatchey's readings are only to be heard to be appreciated and she is able to give her audience entertainment of a very high class.

Miss Mowat is one of the young girls of a talented family, who have always been to the front in musical work in this town. Miss Mowat, who is yet studying at Mount Allison, has won golden opinions from her audience for her singing, and her program has been carefully chosen to show all that is best and sweetest in song. Music lovers will go far before they will have the privilege of hearing two such artists in any town.

Miss Mowat will also travel with her sister, Miss M. Hazel, and act as accompanist, and will do much to assist by her careful and sympathetic accompaniments.

ANNIVERSARY DAY OF THE GREAT FIRE

Saturday Marks the Fourth Year From the Great Disaster of 1910

Saturday is the 11th of July, a date which will forever remain in the memory of all Campbelltonians, this being the date of the disastrous fire which swept our town in the year 1910. To most of us, all events date from this occurrence and happenings all have their time "before or after the fire."

Since that great day, Campbellton instead of being destroyed, has enjoyed a period of prosperity which is far beyond parallel in the records of history.

In the few short years which have passed we have made great strides in the direction of buildings and the beautifying of our town, and although we have done well we still are looking forward to doing more.

Although experiencing a building boom in the fall immediately after the fire, the building trade has continued steady and in the year which has passed, permits for buildings have been granted and buildings are being erected to the total of \$70,000. Many handsome buildings have been erected in the business district of the town, and two more will shortly be well under way, these being the Dimock Block near the Opera House and the McLean Block near the Post office.

There is still no word, however, of the building of town offices, all the business of the town being conducted in rented premises, but perhaps another year having passed over, we shall have Municipal buildings for the town.

The town council have recently obtained legislation with regard to the removal of all temporary buildings from the fire district. This took effect of July first and owners of these temporary buildings have thirty days in which to move their buildings. This matter will receive the attention of the council at an early date, and should they wish to enforce the matter they should do so at once, rather than pursue the vacillating policy which has obtained to such an extent in the past.

Keays was unmarried, about 23 years, and the son of Edward Keays, a much respected citizen of Millstream.

An inquest was held on Monday evening, conducted by Dr. DeWolfe of New Carlisle the coroner. The jury brought in a verdict of accidental death and exonerated the I. R. C. from any blame in the occurrence.

Montreal, July 6.—A double drowning occurred at 3 o'clock tonight at Point Aux Trembles where O. Roy, of Campbellton, N. B., and Louis Touchette, of Joliette, Que., were the victims. They in company with thirteen others, were in a war canoe belonging to the Club Champepe Canadien, when the canoe capsized. The whole party of fifteen were thrown into the water.

At the closing exercises of the Convention school of this town, diplomas were granted from the Dominion College of Music, Montreal, to the following:—Miss Boulet, Miss Louise Peller and Master Harold Crowley.

CAMPBELLTON MAN DROWNED AT MONTREAL

O. Roy and Another Perished When Canoe With Fifteen Aboard Capsized

The East bound maritime express on reaching Matapedia on Monday morning, reported having run into a hand car some distance east of that place.

Section Master Bulmer with a man was sent over the route. When near Millstream this car was discovered to the Club Champepe Canadien, when the canoe capsized. The whole party of fifteen were thrown into the water.

It would appear that Keays had spent the first part of the night in Matapedia, and sometime after midnight he started for home on the hand car meeting his death by the express, as stated.

Engineer Matthews reported that there was a heavy fog and that he had seen nothing on the track till the engine struck the hand car and even then he was not aware of the fatality till the evidence of it was seen on the front of the engine at Matapedia.

Keays was unmarried, about 23 years, and the son of Edward Keays, a much respected citizen of Millstream.

An inquest was held on Monday evening, conducted by Dr. DeWolfe of New Carlisle the coroner. The jury brought in a verdict of accidental death and exonerated the I. R. C. from any blame in the occurrence.

Montreal, July 6.—A double drowning occurred at 3 o'clock tonight at Point Aux Trembles where O. Roy, of Campbellton, N. B., and Louis Touchette, of Joliette, Que., were the victims. They in company with thirteen others, were in a war canoe belonging to the Club Champepe Canadien, when the canoe capsized. The whole party of fifteen were thrown into the water.

All could swim, but the two who lost their lives, and thirteen swam to safety. The two drowned men sank and did not rise again. The bodies had not been recovered at a late hour tonight.—St. John Telegraph.

It was supposed that this fatality applied to Mr. L. P. Roy, who recently left here for Montreal, but on enquiry we were informed this was not the case. From the meagre details gathered it is thought the man Roy, recently lived here on the Tobique Road.

DIPLOMAS GRANTED

McPhail in University Magazine, St. John Telegraph

the past five years events have demonstrated that their public conscience was not dead but sleeping; and any one who thinks to the contrary may ask of their numerous makers and administrators of law, who are now in jail. That there should be a country in the world, and actually on our borders, in which all contributions made to political parties should be made publicly, would be incredible to us if we had not seen the same in the action following that enactment the dominant party carried only two states.

And yet the incident will not be without value if it serves to emphasize the fact which flow from the intermingling of money in legislation, and the divorce of patriotism from politics. Political corruption is not a supplant to democracy; but it flourishes most in democracies, since communities are not homogeneous. Government are always composed of men with business habits, to the exclusion of men with abstract ideals of right and wrong. On the other hand, it is most common to find from observation, since corruption is acknowledged not to be good business.

For, in truth, business and politics are in direct antithesis. The ethic of business is love of money; the ethic of the other is love of principle. The one deals with questions in narrow details; politics considers them abstractly in relation to the well-being of the community. Self-interest is a sure guide for business; for politics the guiding life is governed by that principle is utterly lost in the world of politics.

where abnegation of self-interest is the first law.

The essence of democracy is the proper representation of all interests in the community. The weakness of all democratic legislatures lies in the predominance of the business element. The predominance of law is the cause of the weakness of the courts since political lawyers are themselves business men, and upon them entrance into public life abnegation of their proper function of applying general principles to specific cases.

But a strange person the "business" man is. He is not content to be a secondary occupant, to stock-broker, money-lending, distributing goods, and making tools for meeting primary needs. The man who really does these things is the farmer, the manufacturer, the producer, the farmer, the tanner, the miner, the artist. These men are not too busy to govern. They leave their

task to others, and in turn are willing to be exploited—but only up to a certain point. Governments always miscalculate where that point lies. It always lies short of eating grass. I was this miscalculation which caused the French revolution of 1789, and the American revolution of 1912.

A government has no concern with business. Its function is to maintain a state of affairs in which each person shall be as free as possible to manage his own affairs in his own way. When a government allies itself with industrial corporations, it is on the high road to political corruption. When it pledges the credit of the people for private gain, the people are sure to be robbed and their credit destroyed, as many a Canadian community discovered last year, when they went into the market for money to supply the

TWO NERVOUS WOMEN

Made Well By Lydia E. Pinkham's Vegetable Compound

Philadelphia, Pa.—"I had a nervous case of nervous prostration, with palpitation of the heart, constipation, headache, and in my case, nervous, nervous, nervous feelings and troubles by taking Lydia E. Pinkham's Vegetable Compound and I threw away the medicine the doctor left me and began taking the Compound. Before I had taken half a bottle I was able to sit up and in a short time I was able to do all my work. Your medicine has proved itself able to do all you say it will and I have recommended it in every household I have visited."—Mrs. Mary Jones, 210 Siegel Street, Philadelphia, Pa.

Another Bad Case. Ephrata, Pa.—"About a year ago I was down with nervous prostration. I was pale and weak and would have hysterical spells, sick headaches and a bad pain under my shoulder-blade. I was under the care of different doctors but did not improve. I was so weak I could hardly stand long enough to do my dishes. Lydia E. Pinkham's Vegetable Compound has made me well and happy and I have begun to gain in weight and my face looks healthy now."—Mrs. J. W. Hornberger, R. No. 3, Ephrata, Pa.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

RACES HELD AT

AMQUI WEDNESDAY

Amqui, June 24.—There was a big attendance at the races here, and every heat was hotly contested. Hal L. won the free-for-all as follows:

ACADIA LADIES' SEMINARY

A copy of the Acadia Ladies' Seminary Catalog for the year 1914-1915 has just come to our table. It is finely printed, well illustrated, and bound in an attractive cover. An examination of the Catalog shows that the work of this well known school, which is achieving such wide popularity, is arranged in three divisions. The First Division under the general head Academic Outlines, the work of the Collegiate, the Senior or Sophomore and the Junior Matriculation Courses. The Second Division is captioned, The Conservatory of Music and Fine Arts. Eleven teachers devote themselves to the work of this Division. The courses are modern, thorough, and demand upon the part of the pupil who expects to complete, either the course in Pianoforte, Organ, Violin, Elocution Art, etc., application, ability, self-restraint. The Director of the Conservatory, Mr. McKee, and four assistants, Mrs. Richmond of the Vocal Department, Miss Langley in Violin, Mrs. Shreve-Bayman in oratory, Miss Bailey in Art, are all well known artists and specialists in their work. The Conservatory takes a front place in the rank of similar schools.

The Third Division is that of Practical Arts, which includes the teaching of Business, Stenography, Typewriting, Household Science, with the Normal Training Courses and the Courses for Home Makers. The work in the Household Science Department is in the efficient hands of Miss McIntyre and Miss Chute, while Miss MacPhee, a teacher in the Maritime Business College, directs the work of the Business Department. Principal DeWolfe reports that the Seminary has in 1913-1914 had the most successful year in its history. The attendance has aggregated 324. To meet the demand for places a new department will be opened in a separate building, and will be known as the Junior Department, where girls under the age of fifteen will be housed and taught independently of the Senior School. It is believed that this is the first school in Eastern Canada which seeks to establish a Junior Department in a separate building. Parents who are seeking the best in education and for a place in a good Residential School where the life is homelike, the advantages for culture are unexcelled, where Special Branches are not emphasized at the expense of Educational Development, where there is an emphasis upon the moral and religious aspect of life, where the environment is unsurpassed and the expenses moderate, should send for a copy of this catalog and study it. Address: Rev. Henry T. DeWolfe, D. D., Wolfville, Nova Scotia.

BATHURST DREDGING

PROGRESSING RAPIDLY

Great Improvements Has Been Made in Harbor in Last Two Years

(From the Gloucester Northern Light) Two short years ago Bathurst Harbor, although a beautiful sheet of water when the tide was high, was a harbor only in name, for its narrow tortuous channel abounded in shoals that made navigation for vessels of any size an absolute impossibility. From the Points in to the Forks, the most serious obstructions to navigation were called the Ripple Bar, just inside the Points, the Ballast Bar, a short distance further up, and the Seal Bar, a large deposit of sand and clay extending a distance of two thousand feet, with its upper boundary near the Forks. The channel from the Forks to the Village and public wharves were effectively blocked for all but very small vessels by the Teteouche Bar, and the other branch of the channel from the Forks to the wharves, formerly owned by the Adams Burns Co., was obstructed by what is known as Eddy's Bar.

In view of the number of bars and shoals infesting the harbor, and the small amount of business in Bathurst which could be affected by better or worse conditions for water shipment, it was impossible to interest the authorities at Ottawa in the town's requests for dredging of the harbor, until just five years ago.

The great advantages that would accrue to the town of Bathurst, the immense benefit it would be to the shippers of lumber from this port, the opportunities for development that would be opened up for the town by the inauguration of dredging operations, at last caught the attention of the Minister of Public Works, then Hon. Dr. Pugsley of St. John, and under his instructions an exhaustive survey was made of the exact conditions and an estimate made of the cost by Mr. Voligny, an engineer of the Department.

This marked the beginning. Since that time, every year has seen one of the Government dredges at work in some part of the harbor, usually outside the Points on the long stretch of outside bar.

Two years ago the plans of the Bathurst Lumber Co. in connection with the establishment of large pulp and paper mills began to take definite shape, and Mr. T. M. Burns was quick to see the argument this possibility of development gave him in his fight for inside dredging. Voligny's report had shown such an amount of dredging necessary to make the harbor useful and the cost so great, that the Government had pigeon-holed the plan and dismissed it from its consideration as too expensive for a port the size and importance of Bathurst. But now there was a different story to tell. Besides the iron ore docks of the Canada Iron Corporation, which were to be built as soon as the harbor was made ready for their needs, this other new industry was planned on such an immense scale that the Government's attention was aroused, and after many trips to Ottawa by Mr. Burns and others, the decision was made that Bathurst should now get attention. Accordingly, an appropriation was made, and in the summer of 1913 the Northern Dredging Co. brought their dredges, "Hayward," "Invader" and "Gray Loggie," with their mud scoops, and tugs "Imperator," "Reliable" and "Minoru," and also sub-let a portion of the work to the dredge "Prince Ito" of the W. J. Poupore Co. All through the summer these vessels worked away at the contract, and when the season was over, had removed something like sixty thousand yards of material from the bed of the channel.

Before they commenced operations, there was a depth of water of only two or three feet at low water on the Ripple Bar, and from seven to eight feet on the Ballast Bar. As the rise of tide at what is called spring tides once a month on these bars, was never sufficient to permit the entry of vessels drawing more than ten feet, and all vessels entering the harbor were

compelled to steer close to the shores of Alston Point in order to avoid the long reach of the Ripple Bar. This was a very difficult matter when a strong wind was blowing; in fact even when the weather conditions were most favorable, it was not an unusual thing for vessels to ground on the Ripple Bar and be delayed there for a greater or less time.

Last season the operations for the dredges were commenced at the most serious obstacle to navigation in the harbor, the Ripple Bar, and when cold weather and the ice suspended dredging in the autumn, a two hundred foot channel, 15 to 17 ft deep at low tide had been completed through the Ripple and Ballast Bars, a total distance from the Points of about one mile.

During the winter it was rumored that the Government was considering seriously the advisability of discontinuing the work in Bathurst harbor, but through the strong representation but through the strong representations of Mr. T. M. Burns, who made several trips to Ottawa for the purpose, backed up by Mr. Angus McLean of the Bathurst Lumber Co. and Messrs. John J. Drummond and W. F. C. Parsons of the Canada Iron Corporation, the authorities were persuaded not only to continue the work, but to close a contract for the completion of all the dredging mapped out in Mr. Voligny's report. The Northern Dredging Co. again secured the work and are to have it completed before the close of the season of 1915.

Early in May of this year, the Company started two of their dredges on the contract. In May too, the Government Dredge No. 3, which was kept here to complete the outside dredging, was first placed just above the Forks at the Teteouche Bar to do sufficient dredging there to permit the entry of vessels of considerable size. The Company's dredges, the "Hayward," in charge of Capt. Harold Chalmers, with Mr. Percy Wilbur as Government Inspector, and the "Invader," Capt. Thos. London, Mr. Chas. J. Landry, Inspector, started work on the Seal Bar, the "Hayward," working about a thousand feet in advance of the "Invader" cutting a fifty foot wide channel to a depth of 15 to 17 feet at low tide, and the "Invader" completing the width to 200 ft. and a like depth as called for by the contract.

Dredge No. 3 had finished the Teteouche Bar by the first of June, and the other dredges have made splendid progress in removing the Seal Bar. The "Hayward" is now only about 700 ft. from the Forks, so that by the end of the month there will be a clear channel fifty feet wide by 17 ft. deep at low tide, clear up to the Village wharves of the Bathurst Lumber Co., if the present rate of progress is maintained. This means that by the end of the month, the steamers to be loaded by the Bathurst Lumber Co. will be able to take their entire cargoes aboard at the wharves, and everybody can understand the convenience and saving of expense that this will mean in the shipment of their output. It will take the "Invader" about two weeks more to reach the same point, when a depth of 22 to 25 ft. for a width of 200 ft at spring tides will make it possible for vessels of the capacity usually chartered to load lumber to have access to the Village and Public wharves.

The good work is not to stop here, for the contract on which the Northern Dredging Co. is working calls for a channel of the same depth and width up to the Nepeisig wharves of the Bathurst Lumber Co. and from what has been said about it, can easily be seen that it will not take a very great length of time to make the harbor sufficiently deep for the use of all vessels that will likely come here during the next few years.

By the time the Pulp Mills are completed and the N. N. B. & S. Ry. has extended its line to the water front, and ore pockets are constructed, the harbor will be ready to handle the large increase of tonnage that will be necessary. This will mean a tremendous increase in the shipping of the port, and the placing of Bathurst in the list of important shipping centres of the Maritime Provinces.

It now becomes the duty of the people of this town and county to bring the many advantages of one situation before the country at large, so that we may secure other industries that will

SAYS LIBERALS WILL SWEEP NORTH SHORE

Hon. C. H. LaBillois Talks in Moncton on The Political Outlook

The Hon. C. H. LaBillois, of Dalhousie, has been in Moncton the last day or so, visiting his daughter, Mrs. R. L. Lennox, Robinson Street. Mr. LaBillois, chatting with a Transcript representative, expressed himself as surprised at the revelations in the Dupuy inquiry, and said that the effect upon public opinion along the North Shore was most marked. There was a revolution of feeling against the government. Speaking of politics generally, he said that the Liberal party was never stronger in the province of New Brunswick, and especially from Madawaska down to Westmorland, both inclusive, than at the present moment. He felt confident that should a Dominion election come, as intimated, that the Liberal party would make a clean sweep from Madawaska and Restigouche to Westmorland. From what he could learn the strength of the Hon. H. R. Emmerson in Westmorland County, was never, in his career, greater than at the present moment, and that the result in Westmorland was a foregone conclusion. He was rejoiced to learn on coming to Moncton that the Hon. Mr. Emmerson was rapidly recovering from his severe illness, and he hoped he would have many years yet of public usefulness granted him. From what he could learn talking with people in Moncton and elsewhere, sympathy with Mr. Emmerson was so strong that opposition to him here was useless. The people were merely waiting to give him a renewal of their confidence. In the remainder of the province with which he was not quite so familiar as the North Shore, he, without going into particulars, believed the Liberals had by far the better showing in public support.

Vigoro!

It builds up a run-down system, creates a new lease of life. Drives out everything that causes disease; purifies and cleanses your whole machinery. Rheumatism, kidney and liver trouble is removed. You are made over again. You will eat and feel better. Now is the time to take a tonic. Just try it. Sold at Whites Drug store.

A POPULAR COUPLE WED.

The home of Mr. and Mrs. John Cameron, Queen St., was the scene of a happy event, Wednesday evening, the occasion being the marriage of their daughter, Miss Roberta Allan to Mr. A. Burnett MacKinnon. The house was tastefully decorated with cut flowers and potted plants. The bride, unattended, was given away by her father, and was beautifully attired in a gown of white duchesse satin with overdruss of silk shadow lace, pearl trimmings and lilies of the valley. She carried a shower bouquet of bridal roses and lilies of the valley. The ceremony was performed at 8:30 by Rev. E. E. Mowatt of Loggieville, in the presence of the immediate relatives, the contracting parties. A dainty luncheon was served, the decorations in the dining room being amaranth and pink carnations. They were the recipients of many presents of silver, cut glass, cloques, china and linen. The groom's present to the bride was a pearl necklace. Mr. and Mrs. MacKinnon left by the 11 o'clock train for Cape Breton, where Mr. MacKinnon holds a responsible position with the St. Maurice Lumber Co. The bride's travelling gown was an exquisite white tulle with lace and ribbon. The happy and popular young couple were surrounded at the station by hundreds of friends who greeted them with best wishes and showered them with rice, confetti and rockets.—World.

THE RESTIGOUCHE.

(An Acrostic.)
(By Dr. C. K. Harrington)
River more fair than mine eye hath [seen]
Eastward and westward as I strayed, [seen]
Southward and northward, song and [seen]
Thy silver flow for my soul hath made; [seen]
In lands of the sunset, in lake and [seen]
Greeting me lover, and halting me [friend]
Over the seas where the days are born; [friend]
Under the skies where the oceans end; [friend]
Calling at dawn, and at even's flush, [friend]
Heard in my heart, and in nights of [friend]
Endless psalm of the Restigouche. [friend]
From "Songs of the Restigouche."

Dysentery is always serious and often a dangerous disease, but it can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has cured it even when malignant and epidemic. For sale by all dealers.

assist in taking advantage of the time and money that the Government has spent in improving the natural conditions of the town's position. Nothing should now prevent the rapid growth and expansion of this, the most promising town in Northern New Brunswick.

The Gold Dust Twins' Philosophy

NOW you have often said—"Oh dear, I dread when eating time comes near. It's not so much the cooking, grub, but cleaning after"—there's the "rub." Each kitchen holds a mass of work, no tidy little wife should shrink.

Gold Dust vs. Kitchen Worry

The toll means more than any kitchen toil. To just "prepare" a meal is "fun," but work, with THAT is scarce "fun."

If those who stay up days and nights to win the cause of "Women's Rights" would only vote the GOLD DUST PLAN they would soon have the best of men.

More time for comfort and for smiles; more time to play a woman's wiles, for once the GOLD DUST TWINS appear, Hard Labor's cry you never hear; frail woman is a queenly soul who plays the "Take-it-Easy" role. Each GOLD DUST package sets her free by bearing out its guarantee, and never more those household woes that every weary woman knows. Fill up the dishes as you will, the GOLD DUST TWINS will clean 'em still! Old floors and woodwork sink and pans, turn out as Master Cleaner Plans. From sun to sun, and chore to chore, your tasks will fret you nevermore.

The Gold Dust Twins

NOTICE OF SALE

To Robert L. Duncan of the Town of Campbellton, in the County of Restigouche, Farmer, and all others whom it may in anywise concern.

Notice is hereby given that under and by virtue of a Power of Sale contained in a certain Indenture of Mortgage bearing date the 23rd day of March, A. D. 1908, and made between the said Robert L. Duncan, of the first part, and the undersigned Clara Jane Trueman, wife of W. Alder Trueman, by her maiden name of Clara Jane Thompson, (the said Mortgage being unregistered at the time of the execution of the said Indenture of Mortgage), and duly registered in the office of the Registrar of Deeds for the said County of Restigouche, as Number 11,401 on pages 656, 657, 658 and 659, in Book Y of the Records of the said County, there will for the purpose of satisfying the money secured by the said Indenture of Mortgage, default having been made in the payment thereof, the whole of the principal and interest thereon, be sold at public auction in front of the Lonsbury Building on Water street in the said town of Campbellton, on TUESDAY, the FIRST day of SEPTEMBER next, at the hour of two o'clock in the afternoon, the lands and premises in the said Indenture of Mortgage mentioned and described as follows:

"Lot, piece or parcel of land and premises situate, lying and being in the Town of Campbellton aforesaid and bounded and described as follows:—Commencing at a point on the southern side of a reserved street running east and west on and laid out upon the property of the said Robert L. Duncan three hundred and forty-nine feet distant westerly along the southern side of said reserved street from the eastern boundary line of the lot of land now owned and occupied by the said Robert L. Duncan, and at the intersection of another reserved street running north and south on said plan, two hundred and sixty-six feet distant southerly along the eastern side of said lot mentioned street, from the southern side line of Gerard street (which said reserved streets are now both under construction), thence running south four degrees and forty-five minutes west along the said north and south street, one hundred feet, thence south seventy-eight degrees east, fifty-nine feet, thence north four degrees and forty-five minutes east one hundred feet to the southern side of said street running east and west, thence north seventy-eight degrees west fifty-nine feet along said lot mentioned street to the north and south street, being known and distinguished as Lot Number 20 on plan of Lots laid out and surveyed by Deputy Land Surveyor Daniel McMillan, together with the appurtenances to the same belonging."

Dated the twenty-first day of May, A. D. 1914.

CLARA JANE TRUEMAN,
W. A. Trueman,
May 27-tf. Solicitor.

NOTICE OF SALE

To Joseph McDonald, Felsie L. Harris, H. H. Harris, George Harris, George Harris, A. McDonald, all of the Town of Campbellton in the County of Restigouche and Province of New Brunswick, deceased, and Jane Harris, of the said Town of Campbellton, Administratrix of the estate of Sarah McDonald, deceased, and all others whom it may in anywise concern.

Notice is hereby given that under and by virtue of a certain Power of Sale contained in a certain Indenture of Mortgage bearing date the ninth day of September in the year of our Lord one thousand nine hundred and thirteen, and made between Sarah McDonald and Joseph McDonald, Mortgagees, of the first part, and Ernest H. Haselton, Mortgagee, of the second part, registered in the office of the Registrar of Deeds in and for the County of Restigouche on the 10th day of September, A. D. 1913 as No. 11,401 on pages 654, 655, 656, 657 and 658 in Book "B" of the Records of the County of Restigouche, there will for the purpose of satisfying the money secured by the said Indenture of Mortgage, default having been made in payment of principal and interest thereof, be sold at Public Auction in front of the Post Office in the Town of Campbellton in the County of Restigouche, on Thursday the sixth day of August, next at the hour of twelve o'clock noon, all the lands and premises described in the said Indenture of Mortgage, bounded and described as follows:—Beginning on the southerly line of Union Street in the said Town of Campbellton at a point on the said southerly line distant One Hundred and Eighty-Five feet from the intersection of the southern line of Union Street with the Western line of Cedar Street, thence southerly and easterly along the said southerly line of Union Street One Hundred and Twenty-Five feet, thence westerly and parallel with the southerly line of Union Street Fifty feet, thence northerly and parallel with the Western line of Cedar Street One Hundred and Twenty-Five feet to a point on the South side of Union Street Fifty feet to the place of beginning," the said lot being known as Lot No. 5 on plan of building lots laid out on the B. A. Mowat property by H. A. Chandler, C. E.

Together with all the buildings and improvements thereon and rights and members' privileges and appurtenances to the said lands and premises belonging in any manner appertaining to the same.

Dated at Campbellton in the County of Restigouche this sixth day of May, A. D. 1914.

NOTICE OF SALE

To Neil Smith of the Town of Campbellton, in the County of Restigouche and Province of New Brunswick, and all others whom it may in anywise concern.

WHEREAS by a certain Indenture of Lease bearing date the Ninth day of July in the year of our Lord one thousand eight hundred and eighty, made between William W. Doherty of the Town of Campbellton, aforesaid, and the said Neil Smith, Car Inspector of the said Town of Campbellton, and duly registered in the office of the Registrar of Deeds in and for the said County of Restigouche as No. 2721 on pages 608, 607 of Book "G" of said Records, all that certain lot of land and premises situate, lying and being in the said Town of Campbellton and bounded and described in said Indenture of Lease as follows:—Commencing at a stake on the Eastern side of road leading from Campbellton to Dalhousie on the line known as Sharp's Southern line (now McGillivray's Southern line) thence running a Southerly course along said road a distance of one hundred and eighty feet thence Easterly until it strikes land owned by Adam and Robert Ferguson thence Northerly to the aforesaid Sharp's Southern line thence Westerly to the place of beginning, was demised and leased to the Mortgagee, his executors, administrators and assigns for the term of nine hundred and ninety-nine years from the month of July A. D. 1879 at the yearly rent of \$1.50 dollars.

AND WHEREAS by an Indenture of Mortgage bearing date the Twenty-ninth day of May, 1908 and duly registered in the Restigouche County Records as Number 6808 on pages 666, 667, 668, 669, 670 and 671 in Book "Y" of the said Records, and made between the said Neil Smith and Alexander E. Alexander of the Town of Campbellton, aforesaid, the said Neil Smith did by way of Mortgage, grant, bargain, sell, assign, transfer, convey and set over unto the said Alexander E. Alexander his executors, administrators and assigns the said herebefore in part recited Indenture of Lease and the said lot of land thereby demised and the houses, buildings and improvements thereon standing and being for the term of years therein yet to come and unexpired.

AND WHEREAS the said Alexander E. Alexander has since departed this life after having duly executed his last Will and Testament appointing Lucy Alexander, Executrix and Charles A. Alexander, Executor of the said Last Will and Testament.

AND WHEREAS default has been made in the payment of the Principal money and interest secured by the said Indenture of Mortgage

Notice is hereby given that for the purpose of satisfying the said principal money and interest due on and secured by the said Indenture of Mortgage and by law, and unpaid thereon, in pursuance and by virtue of a power of sale contained in said Indenture of Mortgage be sold at Public Auction in front of the Post Office in the Town of Campbellton on Friday the Twenty-fourth day of July next at Two O'clock in the afternoon, the above mentioned Indenture of Lease and the lands and premises therein mentioned and described, that is to say the said leasehold interest herein and the improvements thereon being and the said term of years yet to come and unexpired and all other the rights and appurtenances to the same belonging and appertaining, which under the said Indenture of Mortgage the undersigned, Executor and Executrix can or may legally sell and assign.

Dated this Eleventh day of April, A. D. 1914.

If All Candidates Were White.

The word "candidate" is from the Latin "candidatus." Literally it means white robed, and it was thus called because in Rome those who sought office wore glittering white togas. Fancy if you can, all our modern Americans dressed in accordance with their political ambitions. In some sections there would be no such thing as a dark suit of clothes. Washington would simply be one shining center of universal whiteness.

During the summer months mothers of young children should watch for any unusual looseness of the bowels. Which given prompt attention at this time serious trouble may be avoided. Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon. For sale by all dealers.

ANOTHER WITNESS
IS IN ENGLAND

Royal Commission Having Trouble in Procuring Important Witnesses

At the Valley Railroad investigation on Friday afternoon Mr. George N. Babbitt, deputy provincial treasurer, was the first witness. Mr. Babbitt said he had been fifty-four years in the public service and that the government had paid no interest, except what had gone through guaranteed bonds upon the railway bonds in London. He told of the re-payment of \$30,179 by the St. John & Quebec Railway Company to the province, in compensation for the surveys undertaken for the railway.

William J. Scott recalled and testified that he had paid George F. Burt \$1,600 for his share in the profits of the contract as well as an amount of \$800 before that time. After some discussion as to whether the evidence was admissible or not Mr. J. T. Carter complained that Mr. Carvell was using the commission as a political machine and asked the court to put a stop to it. Mr. Scott said: "I understood I was to have a contract. Mr. Burt wanted the upper end and I felt that I might have to get many ties from him, so we decided to go in together. We both saw Mr. Fleming, and he thought the better way for us to do was to go together, that, however, did not influence me. Witness began supplying ties in March, 1913, and up to Sept. 30 of that date he had a net progress estimate of \$23,426.29.

Ross Thompson swore that he is not connected with the St. John & Quebec Railway Company, either as a stockholder or officer. He was, however, from December, 1911, to April 16, 1914, and held the position of chief engineer. He ceased to be director in April, 1911, and a stockholder in 1912. The officers of the company now are: A. R. Gould, Presque Isle, president; S. B. Wass, secretary; William Goodman, New York, treasurer; W. G. Edinburg, New York, a director, and W. J. O'Brien, Fredericton, assistant secretary. Other directors are F. B. Edgecombe, C. Fred Chestnut, C. K. Howard, Fredericton, and H. M. Cranford, Montreal. The capital stock of the company is \$2,000,000, all issued. A. R. Gould holding fifty shares, J. W. Gould one share, Prudential Trust Company 19 shares, of the Quebec fifty, H. M. Cranford fifty, C. F. Chestnut fifty, F. B. Edgecombe fifty, all paid up, non-assessable. He swore that A. R. Gould paid \$5,000 in cash for his share, and that J. W. Gould paid the cash for him but did not know about the others, neither did he know if Gould's money had been returned to him.

Mr. Thompson was managing director of the Quebec and St. John City Railway Company, L. E. Gould, Presque Isle, was president, and other directors were H. E. MacDonnell and W. K. McKewen, of Montreal, and W. H. Irvin, of Fredericton. He knew F. J. Lissman, of New York, who is now in London. Lissman was a director of the company in 1912. Stockholders were L. F. Gould, 2,500 shares; F. J. Lissman, of New York, 2,500; James R. Laidlaw, Montreal, 746; A. C. MacDonnell, 2,000; Mrs. A. B. Carroll, 250; Ross Thompson, 2,000; C. A. Barnard, Montreal, 2,000; W. K. McKewen, 2,000. All the books are in Fredericton, but the only books of the St. John & Quebec Railway in Fredericton is a minute book. The others must be in New York. The company's head office is in Fredericton.

Mr. Carvell gave notice to Mr. Guthrie that the books of the St. John & Quebec Railway Company will be required at the next meeting.

Mr. Thompson, in reply to questions, said C. K. Howard was the right-of-way agent and was assisted by John Fleming, Woodstock.

It was agreed to adjourn until July 15, then to take up the Crown Land charges. Mr. Carvell in the course of discussion on the adjournment, said he wanted the evidence of W. H. Berry.

Judge McKewen—For myself, I think that there should be an earnest effort on the part of everybody to get Mr. Berry here. I think if that were done, Mr. Berry would be here. We will go on with the timber charges on the 15th, and if Mr. Berry is not here by that date, I for one would not feel like closing up the inquiry without Mr. Berry's evidence.

Mr. Carvell—Premier Fleming is the man who can get Berry here; if he will only send him a telegram to come, we can clear this matter up very quickly.

STRIKE OF 1500 MEN
AT WOOLWICH ARSENAL

If Dismissed Men Is Not Reinstated
10,000 More Will Be Called Out

London, July 4.—Fifteen hundred men struck at the Woolwich Arsenal because a man had been dismissed for refusing to erect a machine on a concrete bed which had been laid down by non-union workmen. The strikers threaten to call out 10,000 other workmen if the dismissed man is not reinstated.

Fewer persons are injured in polo than in football, because there are only your players to a side in polo and they are disabled in the first game and it takes a year to get them in repair again.

NEARING THE END
OF AUTO CONTEST

The Buy at Home Promotion Enterprise Has Had Results Beyond Expectations

The "Buy at Home" contest undertaken by the merchants of Campbellton is drawing to a close, there being only a little over three weeks yet to run, as this closes on the evening of Aug. 1st.

That this contest has created much interest throughout this territory has been admitted by all, and it has had a wholesome effect upon business generally which is hoped will last after the contest closes.

People who have heretofore bought a large amount of their requisites from mail order houses, have been encouraged to patronize home merchants, and in most cases have been so well pleased that they will continue to "Buy at Home."

DOUBLE VOTES

From now until the end of the contest, every merchant interested in this contest will give double votes on every cash purchase made at their stores.

QUADRUPLE VOTES

On the payment of ANY outstanding account, be it of long or short standing, four times votes will be given. Thus if you pay a \$10.00 account, 4,000 votes will be given.

The contest between the contestants is said to be close. No one knows how the count stands, and to the efforts put forth during this period, will largely lay the winning of the prizes.

The following are the merchants interested in the Automobile Contest, and at whose stores only, coupons can be obtained:—

Thos. Wan, Druggist.

Leon Cantin, Jeweler.

Central Book Store, Stationery, Etc.

J. F. Gallagher, Dry Goods and Ladies' Wear.

Geo. St. Onge, Groceries and Provisions.

A. A. Andrew, Andrew's Clothing Store.

Miss Ullman, Milliner.

Ferguson Bros., Men's Outfitters.

The Lonsbury Co., Furniture, Etc.

F. E. Shephard & Co., Ladies' Outfitters.

H. C. Montgomery, Jeweler and Sporting Goods.

F. Floyd, Butcher.

EXAMINATIONS FOR
SCHOOL LICENSES

Considerable Increase in Number

Fredericton, July 4.—The annual departmental examinations for Normal School entrance, superior license, U. N. B. matriculation and High School entrance, they number 836, as compared with 73 in 1913, the increase this year in this branch being very largely in the number of candidates for entrance in Class I, in which there are 265 as compared with 226 last year.

Fredericton will have the largest number of candidates writing for Normal School entrance, there being 129 in St. John city proper, the second largest number.

The men of the Sixty-fifth Regiment of Montreal are still protesting against turning out for the Corpus Christi parade with borrowed rifles. Col. Hughes seems to have pleased nobody by his fake order forbidding the regiment to carry arms in the parade.

Necessary Expenses \$200.00 including board, tuition, for Calendar and other information. Write to Principal.

W. L. ASHERHEAD, Ph.D., President.

WOLFVILLE, Nova Scotia.

TO START FLY OVER
ATLANTIC JULY 28

Lieut. Porte Hopes to Get Away on Trans-Atlantic Trip on That Date

New York, July 4.—Lieut. John C. Porte, who is in New York making final arrangements for his trans-Atlantic flight, said to-day that he expected to start on his perilous journey about July 28. Lieut. Porte had hoped to get away earlier, but the addition of the hydroplane boards to the America, and the suspension of work on the flying boat at Hammondsport until Monday resulted in his change of plans. Lieut. Porte planned to witness the aeroplane races to-day to compare the merits of airships and land-flying machines in competition.

BODIES OF MURDERED

ARCHDUKE AND WIFE BURIED

Interred Beneath Chapel of Arstetten Castle, Austria.

Arstetten, Austria, July 4.—The bodies of the assassinated Archduke Francis Ferdinand and his consort arrived here today and were interred beneath the castle chapel with very simple ceremonies.

The funeral procession had crossed the ferry over the Danube at Pöchlarn at dawn in the presence of many people, and the cortege reached the end of its journey at 5 o'clock. The coffins were immediately placed in the chapel of Arstetten Castle, where priests and nuns said prayers at the side of the catafalque for several hours. Later in the morning two trains arrived from Vienna with the late Archduke's children.

THICK, GLOSSY HAIR

FREE FROM DANDRUFF

Girls Try It! Hair gets soft, fluffy and beautiful—costs a 25 cent bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice hair without it. Danderine is the only hair dressing that produces a feverishness and itching of the scalp; the hair roots fall out and the hair falls out. Danderine is the only hair dressing that produces a feverishness and itching of the scalp; the hair roots fall out and the hair falls out.

A PIONEER IN TEMPERANCE

One day Mr. Whyte was coming down his office floor there had been a labour trouble over which some men were rather bitter, when on the Main street, he met one of the men who had been quite a while in the employ of the road. The man was passing with his head down, when Mr. Whyte stopped and speaking to him by name, said: "John, what have I ever done to you that you should cut me out of your life?"

Mr. Whyte, I was really ashamed to look you in the face after all your kindness to me."

"Well," said Mr. Whyte, "I am not ashamed to meet you, your friends, come and see me if you are in trouble." One can easily understand what an influence that interview would have.

Once when an employee of the company who had cashed his pay-check in a north-end saloon had been frozen to death in the yard, I saw Mr. Whyte in regard to protecting the men from such risks. I found that he was tremendously aroused over the matter, because he found out that certain saloons put up a notice on pay-day, "C. P. R. Cheques Cashed Here." This, he discovered on investigation, led the men into drink to their own and their families' great loss. He said he was trying to arrange in the interests of the men and their homes that the practice be made impossible and he would issue a special order warning the men against the danger. To this he added that the day was not far distant, when for the sake of the men as well as for the protection of the lives of crews and passengers and the property of the company, all railroads would make drinking, either on or off duty, a serious and even dismissable offense. This was some time ago but his prophecy has come true in the case of many railroads and other great industrial concerns.—R. G. MacBeth in the July Canadian Magazine.

Every Bird a Weathercock.

"Where's the wind?" scoffed the sailor. "Why, look at the birds. They'll tell you. Don't you know that every bird's a weathercock? Stop moisten' a finger and holdin' it up," he went on in a tone of disgust. "The bracties ain't hardly clean. Look at the birds as all you got to do, for every bird is set with its head always straight at the wind. Every live bird in a tree is as reliable a weathercock as them dead birds on the spires."

A Sinking Fund.

"John," said the member of the Housewives' league, "what's a sinking fund?"

"A fund that isn't big enough to keep you afloat," answered John gloomily.

HINDUS FROM CANADA
APPEAL TO KING GEORGE

Deputation From Vancouver Starts For London to Plead Their Cause

Toronto, July 4.—A deputation of the Hindus residents of Canada arrived in Toronto last night from Vancouver en route for England to protest to King George against the exclusion of the Hindus from Canada. The party was in charge of Dr. Sunder Singh, who has recently been touring through Eastern Canada endeavoring to win supporters for his cause. Failing in this Dr. Singh has adopted the drastic measure of taking a deputation of his fellow countrymen to Windsor in an effort to attract the attention of the Empire to the alleged injustice being inflicted upon British subjects by Canada.

The party consisted of ten. All were attired in ordinary apparel except for their headgear. Their turbans attracted great attention, and they were soon surrounded by a large crowd of curious spectators.

"There is no doubt," said Dr. Singh, "but that the attitude of Canada has greatly prejudiced the Dominion in the eyes of the Hindus. Canada is in need of experienced farmers and no better settlers could be secured than the Sikhs. By the adoption of the policy of excluding Asiatics, however, the Dominion has prevented a large number of excellent settlers from securing homesteads."

GOING NORTH FOR
ESQUIMAUX MURDERERS

Halifax, N.S., July 4.—With the object of bringing British justice into the Arctic wilds, Inspector Baytes, Inspector R.N.W.M.P., now in Halifax is fitting out an expedition that will land at least two thousand miles north and will traverse thousands of miles within the Arctic circle, in order to bring the Esquimaux murderers of Radford and Street, two missing explorers, to trial.

Baytes and three others will leave Halifax in the course of a few days. From here they will go in the auxiliary schooner Villager Belle once the Queen of the Cape Horn sealing fleet to Baker's Lake, at the head of the Chesterfield Inlet, the farthest navigable point they can reach, and from there they will start on their quest for the missing men. The Village Belle will take provisions for over two years and will winter in Fort Churchill awaiting the return of the policemen.

It was an 18-year-old student who assassinated the heir to the throne of Austria. A surprisingly large number of deeds of violence are committed by boys with brains not fully developed.

QUEBEC HAS NEW
CORONERS' LAW

Sudden Deaths Must Be Reported to Him, Burial Permits, Etc.

The first codification of the Coroners' Law, which will do away to a great extent with the lax interpretation and observance of the common law rules, went into force July 1.

While the new law adds but little to the practice followed for many years, several points about which there existed doubt have been cleared up.

The law now distinctly states that a burial permit must be obtained from the coroner, not only in case of violent, but also in cases of sudden death. It is also provided that all cases of death in penitentiaries and insane asylums must be reported immediately to the coroner.

A fine of \$50 is provided for an infraction of the law, the amount having been previously left to the discretion of the coroner.

Never Be Without
HARBINE Bitters

CONTAINS the active principle of the famous Harbine Bitters, which is a blood purifier—a cleanser of the system—cures all skin diseases, such as eczema, psoriasis, etc., and is an old-fashioned remedy that has been on the market over 30 years and cannot be displaced because of real merit. As a blood purifier—a cleanser of the system—cures all skin diseases, such as eczema, psoriasis, etc., and is an old-fashioned remedy that has been on the market over 30 years and cannot be displaced because of real merit. (Continued from page 9)

A year or two ago, when a Canadian went to London, he was vociferous in declaring the country of his origin, and he acquired thereby certain solid advantages. His very loyalty was an asset to him, and he made the most of

Nothing so useful, because, as sobering, as to see ourselves through other eyes. We have been playing the part of the young man from the country, earnestly talking to the house-maid who had got the perambulator into danger. This young man was vociferous, and he did not know the heart of the situation; and his discourse did not touch the crisis vitally. Yet he was in earnest. WE MADE A POINT OF NOT SAYING A WORD DURING THAT ELECTION AND IN THE CONSEQUENT DEBATE. EVEN THE ELECT WAS DECEIVED, AND HE SAID, "THEY WERE SIGNED WITH THE IMPERIAL SEAL, BUT NO ONE NOW SUPPOSES THAT WE WERE AS MUCH IN EARNEST AS WE SEEMED TO BE." HE WOULD HAVE COMPOSED THE SENATE DO NOT PROFESS TO THINK SO.—AND OLD GENTLEMEN WHO GO TO BED IN THE MORNING WITH VERY CLEAR HEADS, THEY HAVE NO ELECTIONS TO TROUBLE THEM; THEIR NUMBER CANNOT BE DIMINISHED OR INCREASED; THEY FEAR NO ENEMY, AND THEY ARE FAIRLY SURE OF BEING UNLASHED. When the charge of being partisan was sustained against them, they were silent, and when the word, idiosyncrasy, was mentioned they gave no sign. The session was at an end.—Like the old man, WE DID NOT RE-INTRODUCE THE NAVAL BILL AT THE PRESIDENT'S REQUEST.

[illegible]

"THE STUDEBAKER"

This car is without a doubt the best car that can be had for the money. This year's models have been the admiration of everyone. Four Cylinder, 5 Passenger, \$1400, delivered. Six cylinder, 7 passenger, \$2,000 delivered. This is the car which meets with the approval of the man who knows a good car.

NOW IS THE TIME—This is the season when the farmer looks around and finds out how much Farm Machinery is required. Cultivators, Mowers, Rakes, Tettors, etc. Sole agents for the Deering Farm Implements. Carriages, Waggon, Buggies, Harness, etc. Our stock is large and complete in all these lines.

FURNITURE and CARPETS—We are always adding to our large stock of Dining Room, Parlor, Library, and Kitchen Furniture. Our prices in these lines are keenest. Our range of Carpets and Squares is replete with new designs in Wiltons, Brussels and Tapestry.

Mason and Risch and Ennis Pianos, Thomas and Karn Organs.

BOOM CAMPBELLTON

There are **three things** worth remembering when you want your next order of Printing.

FIRST:-when you buy your printed stationery etc., from out of town firms, you get the printing and they get the money.

**SECOND:-when you buy your Printing
at home you get both the printing
and the money.**

THIRD:-when you buy your Printing from us you get printing done at home, you get quality satisfaction and right prices. **4**
