Mother! Your Child
Is Cross, Feverish,
From Constipation

Give "California Syrup of Figs" at
once—a teaspoonful today often saves
a sick child tomorrow.
If your little one is out of sorts, hal-
low, isn't resting, eating and acting
naturally—look Mother! see if tongue
is coated. This is a sure sign that its
little stomach, liver and bowels are
logged with waste. When cross, irri-
table, feverish, stomach sour, breath bad,
or has stomach-ache, diarrhoea, sore
throat, full of cold give a teaspoonful
of "California Syrup of Figs" and in a
few hours all the constipated poisons,
undigested food and sour bile gently
moves out of its little bowels without
suffering, and you have a well, playful
child again.
Mothers can rest easy after giving
this harmless "fruit laxative" because
it never fails to cleanse the little one's
liver and bowels and sweeten the sto-
mach and they dearly love its pleasant
taste. Full directions for babies,
children of all ages and for grown-ups
printed on each bottle.
Beware of counterfeit fig syrups. Ask
your druggist for a bottle of "California
Syrup of Figs" then see that it is made
by the "California Fig Syrup Company"

Considers Standing Army

WASHINGTON, Jan. 15. (L. C. Martin).—The smallest army com-
patible with national safety is to be
the demand of congress when it takes
up the question of the re-organiza-
tion plan just submitted to the house
and senate leaders by secretary Baker.
Senator Chamberlain and Rep. Dent,
Chairman of the Senate and house
military committees to-day were study-
ing the draft of a peace time army
plan which Baker submitted confi-
dentially yesterday. No hint of the
details of this plan has been allowed
to reach congress generally.

Food Plans

PARIS, Jan. 15. (By Robert J.
Bender).—President Wilson is de-
termined, so far as possible, that civil-
ian representatives shall control the
machinery for feeding Germany. But
if the Germans fail to agree to the
proposition advanced by the civilians,
Marshal Foch shall dictate them.
When the question came up at the
conference, of the associated powers,
the President maintained that the
best results could be obtained by
putting the execution of the plan in
the hands of civilian instead of mili-
tary officers.
He obtained sufficient support,
particularly from the representatives
of Great Britain to carry his point.
One of principal American objects
just now is to get the American sol-
diers back home. Wilson hopes to
obtain German acquiescence to the
allied proposals, so that German
ships will relieve the present trans-
portation burden.

Col. House Bitter

PARIS, Jan. 15.—Colonel E. M.
House, who was reported in America
yesterday to be dead, is recovering
from a slight attack of indigestion
and will be out in a few days.

Arranging Peace Conference

BERLIN, Jan. 15.—With the Spar-
tacus elements suppressed the German
Government is meeting regularly to
arrange for a national assembly
meeting and peace conference.

Revolts in Russia

PETROGRAD, Jan. 15.—The popu-
lation of this city is feeding on un-
ground oats. There has been no
bread for many days. Serious revolts
against Bolshevik Government are
taking place.

Will Not Force Russia

PARIS, Jan. 15.—The Inter-al-
lied peace conference is again in ses-
sion to-day. Vital questions are being
discussed and settled. The confer-
ence is acting with remarkable unani-
mity.

Prisoners Rebuild

PARIS, Jan. 15.—Enemy prisoners
of war will get a chance to rebuild
what they have wrecked in France
according to the decision of the
French cabinet announced to-day.
The prisoners will be employed at
once on reconstruction work in the
devastated regions. Two hundred
thousand are expected to be laboring
by March 20th.

Ex-Kaiser to Be Tried

BERNE, Jan. 15.—A German
commission appointed to determine
the former Kaiser's responsibility for
the war has officially recommended
that he be brought to trial, according
to information received from Berlin
to-day. The recommendation was
announced by Herr Kauley, who
was appointed by the present German
Government to direct an examination
of documents in the archives of the
Kaiser's office. "Marshall notes in
the Kaiser's own handwriting on the
first important paper, in foreign
languages, that he was one of the
most important war makers," Kauley
said. "It is necessary to bring
him to a tribunal."

Berlin Riots Cease

BERLIN, Jan. 15.—Berlin's long
week of Bolshevikism is finally ended.
Here and there scattered desperadoes
mostly youths still fire occasionally
from some house top and during the
nights attempts are made by small
bands of followers of Dr. Karl
Liebknecht to revive the reign of
terror. They are insignificant, how-
ever, compared with what has passed.
Dr. Liebknecht's sister was arrested
yesterday and several hundred rebels
are locked up awaiting trial, which
in as much as martial law was not
proclaimed, must be left to the regular
courts. Losses inflicted on each side
during the past week are as yet
estimated only roughly, but it is
believed that they will greatly exceed
200 dead and one thousand wounded.
The overwhelming majority are Bol-
sheviki.

Spartacans Armistice

AMSTERDAM, Jan. 15.—"Peace
negotiations" have begun between
the Spartacans and the German
government according to Berlin dis-
patches received here to-day. The
Government and Spartacans are said
to have framed an armistice on Friday
whereby neither faction would resume
fighting without twenty-hour notice.

The League of Nations

PARIS.—With the resumption to-
day of meetings preliminary to the
peace conference it is apparent that
the movement to create a league of
nations is being carried on by two
forces, having the same object, but
different as to the meanings for making
effective the decisions of the proposed
world society. One of these represents
the contention that the decisions of the
league must be backed by its combined
physical forces, while the other repre-
sents the view that its finding can be
enforced with out the aid of a common
world police force. Diplomats, watch-
ing the movement of the two
ideas as they come into being before
the conference, seem impressed with
the view that both are moving toward
a common ground which, for example,
might provide that nations could in-
tervene in each individual case their
decision whether they would utilize
armed force or avail themselves of
other means.

Russia's Position

PARIS Jan 15 (By Lowell Mellet).—
The representatives for Russia at the
peace congress it was expected would
be definitely determined upon at to-
day's session of the inter-allied council.
The associated powers have reached
the obvious conclusion that a discus-
sion of world peace would be absolutely
futile without the vast population of
Russia being considered. They are
not so much concerned to realize that the
Russian problem cannot be solved
without the consent and co-operation
of the people themselves. A program
for the official investigation of actual
conditions in Russia was fully dis-
cussed today. This it was believed
would result in a commission being sent
to that country, which would report
direct back to the conference. Upon
this report would be based some form
of recognition for the soviet gov-
ernment. American entrance into the
war transforms the issues from
European, to world wide scope, and
now old world political ideas in con-
sult with those of new world. Canadian
and American ideals for instance are
closely allied. Provisional agreement
has already been reached regarding
the British Dominion. It only remains
for this agreement to be confirmed. Under the present
scheme Great Britain and her colonies
will be considered separately, the latter being
drawn in only when questions directly
affecting them are discussed, thereby
eliminating the very remote danger of a
"Packed convention." The only coun-
tries in fact whose representation has
not been at least tentatively fixed are
the two which made separate peace
settlements with the central powers,
Russia and Rumania and there seems
to be no obstacle in the way of granting
delegates to this latter, the number
being the chief matter under considera-
tion. Russian representation, obviously
will take more time and discussion.
The feeling prevails now that foreign
minister Pichons bitter opposition to
even a partial recognition of the Rus-
sian soviet Govt. based on a suggestion
that the British Govt. favoring such
recognition need not be considered
as tantamount to this connection, it was
authoritatively explained today that
there is nothing mysterious in fact
that the American delegation know
nothing of the British proposal until
Pichons published statements.

Baker to Retire

WASHINGTON, Jan. 15. (By Carl
D. Graet).—There is a prospect
that Secretary of War Baker will
retire from President Wilson's cabinet,
according to persistent rumors here
to-day. If he does he will return
to Cleveland and re-establish his law
practice. His reason for resigning
would be a financial one, say those
in touch with him.

More Subscriptions Will Be Received

IN ORDER TO ASSIST IN THE
WORK OF THE Y.W.C.A.

Young Women's Christian Association
will wait on the people of the city
some time during this month for
subscriptions to assist in the work
of the association.
Three Thousand Dollars is the
amount arrived at in order to clear
off the mortgage and complete the
budget for the year.
The officers appreciate the co-

Investigating Food Prices

LONDON, Jan. 15.—"The allied
committee on world food conditions
will probably look into the reasons
for the present high prices of American
meats," declared Col. R. O. Camp-
bell, a member of the joint committee
of the British food ministry and board
of agriculture, in an interview with
the United Press to-day. It is under-
stood that Great Britain is soon to in-
stitute an investigation into the reasons
for the present high prices of American
meats.

GERMAN SOLDIERS LEAVING COLOGNE IN A SPIRIT OF CARNIVALITY.

tute an investigation into food prices
which will include the question of
prices being paid to American meat
packers for supplies to United King-
dom.
These prices have caused great
dissatisfaction here, although the
British food controller has been
forced to yield to American price
demands. It is probable that the
investigation committee will include
an American familiar with food condi-
tions in the United States.

Conference Discussions

PARIS, Jan. 15. (By Will Philip
Simms).—Three questions dominated
the general discussion of the confer-
ence program to-day as the time
approached for the first full session
of the peace congress set for Satur-
day afternoon. They were—Will the
session be open or secret? Will the
Bolshevik problem or the proposed
League of Nations come up first? Will
Premier Clemenceau or President
Wilson preside? These, together with
a score of minor puzzles, are solved
or involved as fast as one newspaper
editor succeeds another, or a corres-
pondent meets one of the conferees.
Nothing authoritative whatever could
be obtained to-day, as to whether
the conference will be open. As to
question of what subject will be
broached first, Clemenceau already
is pledged to bring up the League
of Nations at the outset. The
Bolshevik problem probably will be
next. It is understood that the
situation of Poland and similar ques-
tions will be taken up in the gen-
eral Russian discussion. It is gener-
ally agreed that Clemenceau probably
will be given the chairmanship,
through diplomatic precedence. Presi-
dent Wilson does not take precedence
over Clemenceau because he merely
acts as his own premier, hanging the
mantle of the Presidency on the
same peg with his hat and overcoat
as he entered the council chamber.
Invitations have been addressed to
the representatives of associated na-
tions, big and small, to attend the
opening session in the Quai D'Orsay
Saturday afternoon, the time being
definitely set for 2.30. This was
done through the secretaries of the
five big powers. After the initial
meeting it is understood the work
of the five principal nations will
be conducted largely by committee
all debates being entirely informal.
The minor nations will be called
into conference when the committees
complete their studies on matters
directly affecting them.

Hindenburg Generalissim

PARIS, Jan. 15.—Field Marshal
Von Hindenburg has been made
Generalissimo of the German forces
for the protection of the Eastern
frontiers the Zurich correspondent of
the Journal wired to-day. This action
is taken here to mean that Germany
is taking precautions against an inva-
sion by Polish forces or by the Russian
Bolsheviks.

Denies Making Seditious Remarks

TORONTO, Jan. 15.—Examination
of Joseph Weber, reeve of Neustadt,
Grey County, father of Emmer Weber,
who is under arrest on trial as a
deserter from the army was continued
to-day before court martial here. Mr.
Weber absolutely denied that he
had ever made unpatriotic remarks
about the British army. He admitted
that he had opposed the proposed
grant by the county of Grey to the
British Red Cross fund, but he had
given \$3 to the fund himself. Elmer
Weber, the accused in giving evidence
on his own behalf swore that neither
he nor any member of his family so
far as he knew had made unpatriotic
remarks about the British army.
The case will be concluded to-day.

Fighting Resumed

COPENHAGEN, Jan. 15.—Fight-
ing was resumed in Berlin yes-
terday, dispatches from German cap-
ital reported to-day.

Nine Deaths in Nine Days

At the Local House of Refuge.
The death occurred yesterday of
Mr. Alfred Lilo at the House of Refuge
the cause being influenza.
Deceased was in his 40th year and
was a native of Preston.
Another member of the house passed
away this morning, Mr. A. Querin,
aged 68 a native of St. Clements.
This makes the ninth death at the
institution in the past nine days, the
influenza taking a large majority.

Go Slowly With Cemetery Matter

Question of Location Is Important.
A Citizen Says
The question of the location of a
new cemetery for the city was referred
to at a conference of several public
men last evening. The discussion
was of an informal nature owing to
the fact that it will be fully discussed
by the representatives in the near
future.
Mr. W. H. Breithaupt and Mr.
Sam Brubacher, both of the City
Planning Commission, and Ald. W.
H. Mulloy, chairman of the Cemetery
Committee of the City Council, dis-
cussed the matter. Various opin-
ions are held by the gentlemen.
"The question of securing a new
cemetery is one with which the city
must go slowly. It is important
and careful consideration should be
given to it, before a location is decided
on," Mr. Sam Brubacher said.
Asked about his opinion on a loca-
tion, Mr. Brubacher comparing the
proposition to purchase near Bridge-
port and that to secure property
from the Schaefer farm in the West
Ward remarked: "The property on
the Schaefer farm appeals to me
more than the other. It wouldn't
be a bad spot."
"What do you think of the matter,
Mr. Lier?"
Mr. Lier: "Well, we have the
options on the two places. The
matter has been before the Committee
for some time now. Personally I
think the property near Bridgeport
is too valuable for the purpose."
Mr. Breithaupt would be in favor of
locating the new cemetery on the
north side of the Waterloo-Bridgeport
road instead of the south side. The
land and position, he says, are ideal.
The ready access to the same are
favorable features, he pointed out.
It was proposed, he stated, to extend
St. Leger Street, the Waterloo-Bridge-
port Road and Union Street to
Lancaster Street. The means of
reaching this land were better than
that in the West Ward. He sug-
gests that an option be secured on
this property.
Ald. Lier incidentally added that a
new feature had come up in the
decision of St. Mary's Congregation
to endeavor to join the city in pur-
chasing a new property. This fact
would be considered before the matter
is proceeded with.

German Food Situation

PARIS, Jan. 15. (Fred S. Ferguson).
—Fears that further occupation of
Germany would be necessary if a
serious food shortage developed and
the allied food council refuse to permit
importation of supplies into that
country the United Press is able
to state authoritatively to-day.
Bolshevik riots in industrial cen-
ters such as Berlin are based upon
food difficulties it was established.
It was further ascertained that while
Germany's supplies are sufficient for
the moment, the people are rapidly
consuming their stocks and would
face starvation before spring. It
was upon representations of the
allied military authorities that the
council decided it was vital to permit
Germany to import foodstuffs. This
would insure the establishment of a
stable government, it was declared,
and prevent the necessity for further
encroachment by the allied armies
upon German territory. Under pro-
visions of the Hague, provisioning
of the people will devolve upon the
armies of occupation. When the
Germans' own supplies are exhausted,
if it were necessary to occupy ad-
ditional territory the obligation natu-
rally would increase. In view of con-
ditions revealed by the allied mili-
tary investigation it was pointed

The Return of Men to Civilian Life Outlined to Employers

Local Employers Heard Stirring Appeal by Lt. Col. L. W. Mulloy. He Shows That Returned Men Will Overcome Disadvantages.

Before a splendid gathering of the
manufacturers in the City
Hall last evening Lt. Col. L. W. Mulloy
D.C.M. B.A., delivered his address
on the repatriation of Canadian forces
overseas.
Mr. S.J. Williams was in the chair,
and in a few words addressed the
manufacturers said that the time had
come to fulfill the promises made to
the boys before they left.
"There was plenty of cheering and
encouragement given to the boys as
they left for overseas and now that
they are coming back it was up to those
who stayed at home to offer them
not sympathy—but a square deal, the
opportunity to make good, and it is
the manufacturers duty to do all in
their power to help to re-establish
these boys in civilian life.
Mr. Williams then called upon Lt.
Col. Mulloy, who upon rising was
given a splendid ovation, he was highly
gratified at the large number of man-
ufacturers present, for, he said, "The
employers are the main party to appeal
to in the re-establishing of the returned
soldier."
The demobilization of an army is a
difficult proposition for to be entirely
successful it means that every man
must be absorbed into a productive
occupation in civilian life.
"The first correct step will be taken,
I am convinced, when Canadian citi-
zens in general—relatives of the ex-
soldier and employers of labour particu-
larly—obtain a clear understanding
of the difficulties which confront the
ex-soldier during the first critical
months subsequent to his discharge."
The cause of the temporary dis-
advantage the ex-soldier has to con-
tend with is the psychological change
under which he has gone, especially
in men under 25 years of age the mili-
tary training being responsible for this.
The speaker then went on to show
how three most important things
that the manufacturer must under-
stand from the life of a soldier, namely,
Initiative, Self-Reliance and Self-
Interest.
Self initiative in the army was a
crime—a soldier's actions were gov-
erned by higher authority, eating,
sleeping, walking, his clothing, in fact
nearly three per cent of his actions,
and the things essential to his exis-
tence were dependent on higher au-
thority.
"Self-reliance is never called for,
he knows that the army to which he
belongs provides everything."
The cause of the local manufacturer
claims is the basis of every human
action, from the highest to the lowest,
is entirely lost sight of—he does every-
thing by the impression his superior
has made on him. The complete obedi-
ence necessary on our behalf.
The soldier then returns to civilian

life with these three great disadvantages
which were essential, he said, whilst in
the army—it was necessary that it
should be so, but it was also necessary
that he should regain these lost in-
stincts for civilian life and it was the
duty of those he offered his life for to
do all in their power to help him re-
gain them.
Are the Highest Type of Citizens
He came from the army with collec-
tive interests governing all his thinking
—he has been trained that way—and
a citizen with collective interests
first—interests of the State, that is
the highest type that can be found.
Up to The Employers.
There are 250,000 men coming back
to Canada, trained in community
thinking, the making then of the high-
est type of citizens. Their disadvan-
tage is they have been for three or four
years led and guided from without,
what they now require is the re-awaken-
ing of the power within, and this can
be done by a thorough understanding
by the employers of Canada of their
condition.
The financial debt of the war can
be passed on to generation after gener-
ation, but the responsibility of re-es-
tablishing these men can never, it
takes the sole duty of the present day.
With disabled men the Soldiers
Re-establishment Department had
handled 4,000 men in 212 different
occupations ninety eight per cent of
which had proved successful.
"If this can be done with physically
handicapped men, there is no doubt
that Canada will succeed with her
men who return physically perfect.
Not only is it her duty but her own
interest that these men should once
more be re-established in productive
occupations."
Dr. Honsberger spoke and thanked
Lt. Col. Mulloy for the clear and able
manner in which he had placed the
issue before them, he was confident
that the manufacturers and employ-
ers would go away with a clearer insight
into the manner in which the returned
men must be dealt with, and that
through their understanding of the temporary
disadvantage under which they come
back into civilian life.
The cause of the local manufacturer
was that the returned man—given
the opportunity developed into the
finest type of workman that could
be found, and the little time that was
spent in "breaking him in" was
amply accounted for in the end.
Col. Mulloy is travelling from coast
to coast speaking of Compensation
for the returned soldier to the
manufacturers of this country,
and there can be no doubt, judging
by the impression his speech has made
evening that he is laying a rock bed
foundation for the re-establishment of
the returning heroes.

Austria Restores Money

ROME, Jan. 15.—Austria has
delivered to the Italian armistice
committee money deposits in the
Trento and Trieste banks amounting
to \$1,000,000,000 lire (\$200,000,000)
which had been removed from Vienna
at outbreak of the war.

League to be Vital Force

PARIS Jan 15.—The league of na-
tions will be seen in actual operation
during peace conferences if the idea
expressed in an American newspaper
by Lord Robert Cecil, British under-
secretary for foreign affairs is carried
out. There seemed to be every like-
lihood today that Cecil's plans would
be promptly endorsed by the associated
powers. Cecil suggested that certain
territory and cities shall be turned over
to the custody of the league of nations
in case the peace congress finds the
disposition difficult. He mentioned
Palestine and Constantinople as
examples. In another sense, League
would become the receiver for certain
bankrupt nations. The delegates are
finding it hard to arrive at a decision
concerning any of these nations and
would pass the problem along to the
league. The significance of Cecil's
scheme is that it would make the league
far more than a "Scrap of Paper."
It would become a vital force in world
affairs at once.

Germany Evading Terms

AMERICAN HEADQUARTERS
IN GERMANY Jan 15 (By Webb
Miller).—The American third army
has moved a plot by the Germans
to evade the terms of the armistice
according to an announcement today.
The Americans were nearly cheated

MORE ACCIDENTS LAST YEAR

Large Sums Paid Out by Work-
men's Compensation Board.
During the fourth year of the On-
tario Workmen's Compensation Act,
which has just closed, the number
of accidents reported totalled 47,848,
compared with 36,514 in 1917.
The amount of money paid out for
1918 was \$3,514,648 compared with
\$2,913,085 the year previous. The
number of fatal accidents last year
was 440.
A notable feature of the year's
return is the number of railway ac-
cidents which was exceptionally
large during the year. The total
owing to the extremely severe
weather.
A large part of the increase in the
compensation is accounted for by the
increased wages, as the working
man receives 55 per cent of his earn-
ings.

HANDSOMEWORK

Some beautiful carving is
in possession of Mr. Henry
Luff, received from his son,
Private Edgar J. Luff, who is
in Rougemont, Switzerland, and
who was the artist. Edgar is
now somewhere in England. He
had been a prisoner of war
in Guisen, Germany, for
about twelve months. On
account of ill health he was re-
leased and allowed to proceed
to Switzerland where he remain-
ed till the armistice was signed.
After having been in Switzer-
land for about two years and
six months. It was in that
country where he learned the
handiwork. He is expected
home some time next month.
The display includes about
a dozen articles, all of wood
In the exhibit are a jewelry
case in the form of a miniature
and model Swiss houses, a
statue, a watch case, a picture
frame with Edgar's photo;
and other pieces, all of which
are adorned by intricate carv-
ings.
The exhibit, which is on
display in the window of Brick's
cigar store, reflects credit on
the Luff. Having heard that
the art he should find it useful
in a commercial way.

WATERLOO NEWS RECORD

The many friends of Mr. Herman Sturm were glad to see him up town again yesterday after his recent attack of the "flu".

The Juvenile Hockey teams in town are sure getting full advantage of the ice at the rink as the mild weather has practically stopped curling for the time being. The juveniles sure do not mind a little water on the ice and enjoy their little contests.

The Union Jacks will most likely elicit their group tonight when they run up against Galt and the local fans are looking for the same to happen when the champions stack up against St. Pats on Friday.

The funeral of the late Mrs. Herman Schmidt will be held tomorrow (Thursday) afternoon instead of this afternoon as stated in yesterday's issue.

The mild weather has been very detrimental in the playing off of the local curling schedule and unless Jack Frost gets in his work soon it will be impossible to finish out their games and a champion decided.

Mr. A.C. Meyer is a business visitor to Brantford today.

Mr. F. Spencer of Hamilton was in town yesterday on business.

Mr. J. Coyne of Toronto was a visitor in town this morning on business.

SERMON TO WOMEN

At Alma St. U.B. Church. Alma St. U.B. Church was packed to the doors last night when Mrs. Durham addressed women in the subject "Women, what can they do?" Special seats were reserved for women and a ladies choir assisted in the singing. The evangelist spoke Mark 14:—Jesus forever sets his seal on womanhood and is woman's best friend. Proverbs 7, gives a picture of a bad woman and Prov. 31 of a good woman. Both accounts are true to life. No painter could paint the picture better. If there is a bad woman in town God can change your life so that you will move out of the 7th Chapter into the 31st.

Woman is either a blessing or a curse. She also brought a Saviour into the world. When Mary mothered the Son of God she made motherhood the most sacred thing on earth. The hand that rocks the cradle rules the world. No touch so full of love as a mother's. No hand so kind as a woman's. That is why the Red Cross nurses went out to care for our soldier lads in the hour of suffering and death. The evangelist made a strong appeal that women think the elaborate box of their lives at the feet of Christ that they receive the same sweet words from Jesus which he spoke at Bethany "She has done what she could."

Jesus broke the chains of woman's bondage and every woman ought to live for him. "Mother yours is the greatest task on earth. Be a praying mother, lead your children to Christ, make your home a heavenly place by filling it with the sweet fragrance of a Christian life."

"Young girls don't be a paint and powder artist, don't do that. The attraction that holds folks and makes friends is the inward attraction of the soul. The most beautiful woman is the one with Christ in her life. The women who have the best and happiest homes today are those with the inward adorning of the heart. Women, we must live under the anointing of the Holy Ghost and we can be the world's brightest and best apostles of kindness and love."

"Barber's Itch"

Annoying isn't it? But you can soon get rid of this form of eczema by applying Dr. Chase's Ointment after shaving.

This soothing ointment heals the irritated skin and keeps it soft and pliable. By its antiseptic influence it prevents the spreading of skin trouble.

You will not suffer from tenderness of the skin if you apply Dr. Chase's Ointment after shaving. It acts as a food for the skin, keeping it smooth and velvety.

Mrs. Durham will speak tonight on "Humbugs".

Basic Industries

BASIC INDUSTRIES MUST BE HELPED IN ORDER TO DEVELOP RESOURCES.

Guelph, Jan. 14.—The development of Canada's basic industries as the country's first national undertaking, following the advent of peace, was urged at the opening of the annual meeting of the Ontario Agricultural and Experimental Union here to-day by Mr. Harvey B. Webster, of St. Mary's, president of the union.

Mr. Webster called for greater production from the farms and an endeavor to solve the problem of how the country is to meet the great debt it is now carrying. The development of our basic industries, he claimed, should be the first national undertaking, that resources of lake, forest, field and mine should contribute to the national finances. Reference was made to the return of the soldiers and the factor they would be in increased production to the readjustment of economic conditions and to the real discontent among the farmers, because of the labor situation the abnormal cost of farm machinery, and maintained that the tariff should be adjusted so that agriculture will be enabled to pay the same interest on the capital invested and give equal satisfaction for the energy expended as obtained in other industries.

Many Problems. Mr. Webster stated that many and important are the problems that confront those engaged in agriculture at the present time, which pressed for action. "It is on duty," said President Webster, "to take note of conditions as we know them to be, and with broad minds trained to fine perceptions through experimental work, focus our attention on these vital problems and solve them in the national interest."

In referring to the work of the past season he stated conditions throughout the year had been unusually favorable for the production of farm work, and that the farmers of Ontario had by dint of application and perseverance again gone over the top and produced a crop that for yield and quality of grain had never been equaled with the exception of winter wheat. Great praise was due the farming population for their work.

U. S. Amendments

REGARDING IMMIGRATION LAW.

Washington, Jan. 14.—Hearings were begun by the House immigration committee to-day on the bill introduced by representative Burnett, of Alabama, which would prohibit all immigration for the period of four years after the signing of the peace treaty.

The committee also took up the recommendation of Attorney-General Gregory for legislation for the deportation of aliens who withdraw their declaration of intention to become American citizens in order to escape military service.

Thousands of Italian and Austrian war prisoners are planning to come to America as soon as possible. John B. Denmore, director of the federal employment service, told the committee at the beginning of the hearing.

A Red Cross worker who visited the prison camps informed him, Mr. Denmore said, that 750,000 Austrians were in Italy; most of whom expected "to drift to the United States as fast as they can along with thousands of Italian prisoners in Sicily."

Mr. Denmore said a canvass of several leading cities showed that a big planning to return to their native countries, and that some cities this year as high as 80 or 90 per cent. Discussing industrial and employment conditions, he said that up to this time the demand for labor was about equal to the supply, and that the change from a war to a peace basis had resulted in little labor disturbance and a minimum of unemployment.

Demand for labor will increase as industries resume peace-time activities, he said, while wages and prices may be expected to continue high.

SEVEN MORE STATES DRY

Chicago, Jan. 14.—Ratification to-day of the prohibition constitutional amendment by seven states brought the number which have ratified to 20.

The states which took this action today were Indiana, Arkansas, Kansas, Illinois, North Carolina, California and Alabama. Ratification by six more states, making 36 in all, is required to make the whole country bone dry, unless the distillers are successful in proving in court that the laws of 15 of these states require a vote of the people for ratification.

Five states in one day is the high record since the process of ratification began.

The distillers committee, recently formed to fight national prohibition, effected a permanent organization here to-day and announced the line on which an attack through the courts will be made.

An interesting forewell. About thirty friends of Mr. William Murray, the genial and popular young teller of the Merchants Bank here,

sat down together last evening and participated in a farewell dinner given in his honor.

Mr. Murray leaves here tomorrow to take up duties at the new branch of the Bank at Woodstock. Mr. Murray's popularity was evidenced by the large number of friends who came. Several speeches were made, all paying high tribute to the young man and expressing deep regret at his departure for pastures new.

The best wishes for his future welfare and the hope that he will pay Kitchener many a visit in the future were tendered to him.

To Invite Councils To Visit Hospital

SPECIAL COMMITTEE NOT YET READY WITH A REPORT ON NURSES HOME

Delegates to Organization Meeting of Hospital Association

Chairman Robt. Smyth of the House Committee of the Hospital, was authorized at the regular meeting of the Hospital Board on Tuesday evening to make arrangements for a visit to the institution of the Councils of Kitchener and Waterloo at an early date. It was pointed out by Mr. Smyth that in order to cope with the increasing attendance of patients at the Hospital the needs of the institution should be pointed out to the municipal representatives. The opinion was generally expressed that hospital treatment of ailments will greatly increase and it was felt that preparations must be made immediately.

The special committee appointed at the last meeting to look into the question of erecting a new Nurses Home reported progress. The committee was not prepared to make a definite proposition.

A communication was received from President E.C. Kibel stating that he has been advised to take three months' vacation for the benefit of his health.

He was willing to resign his office or ask for three months' leave of absence as the Board might deem in the best interest of the Hospital. A resolution was passed regretting the illness of President Kibel and wishing a speedy recovery. He was granted three months' leave of absence.

The House Committee was authorized to engage a male orderly, preference to be given to a returned soldier. The Property Committee was authorized to purchase 50 or 60 apple trees to be planted on the grounds.

Messrs. Diebel and Hughes were appointed as delegates to attend the organization meeting of the Ontario Hospital Association to be formed at an early date. The proposed constitution was endorsed by the Board.

The Superintendent's report for December showed 142 hospital days for free patients, 581 for pay patients, total 723; receipts \$1674.72; admitted 57; discharged 56; in at end of the month 23; operations 29.

Vice-President Geo. Diebel presided, and Messrs. J.B. Hughes, S.B. Brierley, C.A. Boehm, A.C. Ahrens, Robt. Smyth, W.G. Clapham, J.S. Schwartz, and Secretary A.A. Eby were present.

Two Representatives

TWO REPRESENTATIVES FOR CANADA AT THE PEACE CONFERENCE.

Ottawa, Jan. 14.—The announcement in the cabinet today that Canada and the rest of the dominions are to be represented at the peace conference by two delegates was expected in official circles here. Nevertheless the news was received with satisfaction.

It was stated tonight by a highly placed official that the Canadian representatives will be Sir Robert Borden and Hon. A.L. Sifton. Mr. Sifton's private secretary has just gone over to join him.

The decision that Canada and the other dominions are to have delegates is regarded as an indication of the recognition of their proper status. The previous intimation that they would be placed only on the plan of smaller nations was not regarded with favor, as being quite inconsistent with their position in the world and their effective contribution to the war.

Paris, Jan. 13.—(By the Associated Press.)—Great Britain, France, the United States, Italy and Japan will each have five representatives in the peace congress.

This was decided upon to-day by the supreme council engaged in preliminary work of organizing the peace procedure.

The British dominions, it was decided, will be presented apart from Great Britain, Canada, Australia, South Africa, and India will have two representatives each and New Zealand will have one delegate.

Brazil was given three representatives.

Belgium, Serbia, Greece, Poland, Czechoslovakia, Roumania and China were assigned two representatives each.

Portugal and the states which did not declare war on Germany, but merely broke off diplomatic relations with her, were given one delegate each.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Sayl Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more yawning, snuffing, blowing, no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head-colds and catarrh need. It's a delight.

a character, purer, more efficient, nobler, wherein God is more feared, wherein men and women are more helped and where the little child has a better opportunity for a broad educational development."

Such was the declaration of Hon. Dr. H.J. Cody, minister of education of the Province of Ontario, in the course of a most eloquent and interesting address delivered before a largely attended public meeting in London, last night.

Dr. Cody arrived in London at noon yesterday for the primary purpose of formally opening the new Technical and Art School building, but promptly on his arrival he embarked upon a program of activity which would seem to be typical of the man who a short time ago began his career as minister of education in the Provincial Government.

In connection with the conduct of his office of minister of education, Dr. Cody said: "I feel that if I can manage to reach the schools and the boys and girls, the teachers and the trustees and the public generally that by thinking over our educational problems together we might arrive at some good solution."

"Children," he pointed out, "are and will be always with us, and the problem is how to give them the educational advantages which will enable them to grow up good and useful citizens."

"Reconstruction," declared the speaker, "has taken on a new meaning since it first came to be thought of. This new meaning," he said, "involves the making of a better world, a nobler world, where all men can have a better chance not merely to exist but to live. We feel that reconstruction would utter-

REV. J. A. STEWART, Pastor of New Beach Presbyterian Church, Toronto, exonerated by a Commission of Presbytery for alleged breach of church discipline. With his exonerated, the Commission suspended five elders who were responsible for the charges.

ly fail unless it brings forth a bigger and a better world. To-day, whenever we think of reconstruction, we link up with it the price that has been paid. All that we have, all that we hold, all of civilization and of decency and of justice is marked by the blood of those who have fought to save it.

"Surely our schools of the past have something to show in their gallant men who have fought with such determination."

New Lessons. Dr. Cody pointed out that the war has taught many lessons, which include a new conception of the possibilities for heroism and service of the common ordinary man, a new conception of the state, of the value of things, the value of character. "We have learned afresh the value of education. We have learned what you can do by pedantic peritancy in teaching wrong ideals; that you can poison the well-springs of a nation's life. We have learned that we are to make the world more than 'safe for democracy; also safe under democracy."

The returned soldiers, the women and all those who have in any way learned the lessons of the war, the speaker asserted, will be counted among those to assist in the reconstruction work.

Technical education, he said, is designed to meet the real need of the boys and girls for a diversity of education. The technical schools are in integral part of the school system, he pointed out, and expressed the hope for close co-operation between them and the public and high schools of the province. Through the whole scheme of technical

Consider Hydro Radial
Possibility of Taking over Radial Service at Hamilton—Refuses to Discuss Cataract Power Co.
London Ont., Jan 14—Sir Adam Beck to-day, refused to discuss a report to the effect that the Hydro Electric Power Commission may take over the Cataract Power Company now serving Welland, St. Catharines and Hamilton, as well as its associated enterprises, the Hamilton Street Railway and radials operating out of that city.
Sir Adam indicated however that now that the war is over the commission is prepared to consider the needs of Hydro Radial service, particularly in connection with the Hamilton and Burlington dilemma.
He would not say whether the authority which the commission holds to build and operate a radial between Hamilton and Toronto is sufficiently wide to make possible the purchase, under its terms of the Burlington and Oakville line.
"The situation in connection with the suspension of service on the Burlington radial is acute," said Sir Adam. "I understand that the municipal council are meeting in Kingston to-day to pass resolutions authorizing the Hydro Commission to proceed with negotiations to acquire the present line which the new Hydro Radial will parallel, or to proceed with the construction of the Hydro Radial, we have authority to build a Hydro Radial from Hamilton to Toronto, but the work has heretofore been deferred on account of the war."

IMPORTANT LINKS
Hygiene, rest, pure air, sunshine and a well-balanced diet, plus
SCOTT'S EMULSION
to improve the blood-quality, increase body-weight and build up resistance, are important links in the logical treatment of incipient pulmonary affections. To a child or adult with a tendency to weak lungs or tender throat, Scott's brings a wealth of rich tonic-nourishment.
A little of Scott's Emulsion today may do you a world of good tomorrow.
Scott & Borne, Toronto, Ont. 15-18
More Direct Route.
"The Hydro Radial will parallel the private line from Hamilton to Burlington, and we could make use of that section in our scheme, but we would not use the private line from Burlington as an entrance for the Hydro Radial to Hamilton. We have a more direct route, paralleling the Grand Trunk, and that is what we intend to use. If we should take over the Burlington line we would continue to operate it for the accommodation of local passenger traffic immediately along that line, as well as for light freight and express business. We would also rehabilitate it and equip it as a standard unit of the Hydro radials system."

the Hydro radials system.
"If we do not acquire the Burlington line, the people want us to go ahead right away with the construction of a Hydro radial as they are greatly inconvenienced, and the situation is acute."
Trustees of People.
"Are you agreeable to the adoption of either of those measures?" he was asked.
"We are the most agreeable people in the world," he replied. "We are simply the trustees of the people, and of course, we will do whatever they wish."
ST. JACOBS
Mr. and Mrs. Elmer Wahl of Toronto returned home on Friday after spending a few weeks at the former's home here.
Mrs. Sim Washburn spent the week with Kitchener friends.
Mr. Elliot Richmond was a visitor to Kitchener on Saturday.
Mr. and Mrs. Albert Strupp of Kitchener spent a few days the guests of Miss Funa Meyer.
Miss Edith Bingham spent a few days at her home in New Hamburg.
An entertainment will be given in the Evangelical church on Jan 14 (Tuesday evening) Everybody Welcome.
It is probable that the vacancy on the Carleton county court bench, caused through the death of Judge MacTavish, will be filled by the elevation of J.A. Ritchie, County Crown Attorney.
By a vote of 542 to 382 Belleville carried a by-law to grant \$10,000 towards the erection of a soldiers' home.

Please, Mother! It's Nasty!
Give Me a Candy Cascaret!
TO MOTHERS! Instead of the dreaded dose of castor oil, drops, calomel or pills, give your children Cascarets and save money, worry and trouble. Children love Cascarets because they taste like candy. Nothing else acts so gently but surely on the child's little stomach, liver and bowels.

Soldiers Home  **Coming Campaign**

"First to Serve—Last to Appeal"

The Record of The Salvation Army In Peace and War

Fifty-three years ago a man so loved the world and his fellow-man that he consecrated his life to the relief of distress and the service of the Master.
The world scoffed at his Salvation Army toiling to raise outcasts from the gutter, but General Booth lived to see scorn turn to reverence, and when he died, kings sent their representatives to his funeral.
His greatest memorial is the Salvation Army laboring in 63 countries, speaking 40 languages, serving behind the trenches since the twelfth day of the war, with Huts, Hostels, Rest Rooms, in addition to the work among soldiers' families here at home.
And now comes the crisis. With the homecoming of 300,000 soldiers, and all the many problems that involves, the additional strain on the Salvation Army will be enormous. But the Salvation Army faces the mighty task ahead, confident that the necessary funds will be forthcoming.
The work the Salvation Army will be called upon to do is a vital factor in Reconstruction. Notwithstanding all the work the Government has undertaken, including the granting of pensions, there is still need for the organized effort and the uplifting influence of the Salvation Army, and, with confidence, business men's committees ask your earnest support of the

Salvation Army Million Dollar Fund
January 19th to 25th

Human Evidences of the Work
Here a returning soldier sees his baby for the first time. In the Salvation Army Maternity Home the mother received the best of care and medical attention. The Salvation Army Lassies found her struggling along without help. Two lives in all probability saved.
Picture a discharged soldier, out of a job. He is unable to provide maternity attendance for his wife. Imagine his relief when he finds the door of the Salvation Army Maternity Home is open to her.
Multiply these cases by hundreds and thousands and you will not be wide of the mark. Then consider the case of other mothers—
Who would deny the right of even the "love child" to enter the world surrounded by the loving care of the Salvation Army workers, nurses and doctors in the Maternity Home?
The Salvation Army is one of the organizations whose objectives extend beyond material comfort. Everything it does is ultimately directed to the extension of the Kingdom of Christ.
It approaches very practical problems in a very practical way, and achieves RESULTS. If you approve of its aims—spiritual as well as material—you will gladly give your help to raise the fund, without which much suffering must remain unrelieved—suffering among those particularly who offered their lives a living sacrifice to our comfort and protection.

Among the Soldiers' Families
A soldier at the front received a letter from the Salvation Army to say that his wife was getting along nicely after a severe illness in which she had been found alone in the house. The letter did not tell how the Salvation Army Lassies turned to, scrubbed floors, set the house in order, and nursed the woman back to health.
The wife of another soldier was utterly unable to keep her home together and look after the six children. The Salvation Army workers found her, too proud to ask for help, but not too proud to accept guidance and assistance with the children when lovingly offered.
Many soldiers will find it hard to settle into civilian life. Distress among soldiers' families is inevitable, but while the home can be kept intact there is a solid foundation for the Salvation Army to build upon. The soldier will be helped to find a job. The children will be clothed so that they can go to school. Food will be forthcoming. And there will be that Cleanliness which is next to Godliness, the spirit which actuates the work.

"Give and it shall be given unto you—good measure"
THE SALVATION ARMY MILLION DOLLAR FUND COMMITTEE

When one of the kiddies has a white tongue, tainted breath, sour stomach or a cold; when cross, bilious, feverish, constipated, remember, a Cascaret to quickly "work" away the nasty bile, sour fermentations and poisons should always be the first treatment given. Cascarets never gripe the tender bowels, never injure, and never disappoint the worried mother. Each 10 cent box of Cascarets contain directions for children's dose from one year old and upwards. Also for adults.

Per Year, in advance..... \$5.00
By mail to any address in Canada or the United States, \$3.00 per annum, invariably in advance.
Advertising Rates furnished on application.

WAR SAVING STAMPS

There has been in our opinion, a lack of explanatory information regarding the War Savings Stamps and Thrift Stamps, the purchase of which is being urged by the Government, and the somewhat cumbersome formalities which attend the beginning of a saving practice through them. It should not be forgotten, however, that these stamps afford a very attractive means of saving, and of assisting the nation to finance its undertakings. The ease with which thrift may be practised through the stamp system, and the important factor of high interest allowance on small sums saved, are themselves, very great inducements. In this connection it may be well to explain that the price of War Savings Stamps, is four dollars each, increasing one cent each month, the War Savings Stamp Certificate holding ten stamps. This certificate, when completed will have cost the purchaser forty dollars. It will be redeemed in 1924, for fifty dollars. The thrift stamp is a convenient medium for the purchase of War Savings Stamps. It costs twenty-five cents, and with the purchase of the first one a Thrift Stamp certificate is received, which will hold sixteen stamps. When the certificate is filled, it may be exchanged for a War Savings Stamp. Thus, the War Savings Stamp Certificate may be built up through the saving of a quarter, here and there. It is an excellent method of saving, as well as a patriotic act.

THE MUNICIPAL WOODPILE

The extremely cold weather of last winter, together with the scarcity of fuel for domestic purposes, a condition unprecedented in the experience of the people of this city, was the cause of much distress and suffering, the real extent of which will probably never be fully realized. In view of the conditions that then existed, the necessity of ample provision for the present winter and in order to prevent a recurrence of a similar situation, the Ontario Government set aside a portion of timbered territory in the "Algonquin Park" and gave to the municipalities throughout the province, the privilege of cutting cordwood under certain restrictions. The wood was given free of charge. Owing to the scarcity of labor, the expense of cutting was necessarily high, the contract price delivered F.O.B. cars being \$6.75 per cord. This, together with the cost of freight to this city and expense of delivery, brings it to \$14.75 per cord. The quality is good and you get full measure.

In contracting for a supply for this city, the Council of last year did so in good faith, feeling that it would be necessary in order to insure the comfort of our citizens during the present winter. However, with the mild weather with which we have been favored, together with a careful use of fuel on the part of every household during the early part of the season and the excellent administration of the fuel controller in the distribution of the available supply of coal, the necessity for wood as a fuel has been largely obviated.

This Municipality will shortly receive the supply that was contracted for. Our citizens are nothing if not loyal to their city, and its interests and we feel that we are not asking too much of them when we throw out the suggestion that as far as possible, every household should come to the relief of the city by placing their order for one half or a cord of this wood.

Pass the word to your neighbor and show your good will by responding yourself.

WAIT A MINUTE

TO-DAY'S ANNIVERSARIES

- 1731—The first colonial assembly of Georgia met at Savannah.
1844—The Fontaine Moliere, a memorial to the great French dramatist, was inaugurated in Paris.
1866—Dr. Charles Robinson was elected governor of Kansas under the Topeka constitution.
1890—The Dominion Parliament was opened with a speech by Governor-General Lord Stanley.
1894—Henry M. Rice, one of the first two United States senators from Minnesota, died at San Antonio, Texas. Born at Watfield, Vt., Nov. 29, 1815.
1905—Thomas H. Carter was elected United States Senator from Montana.
1907—King Edward ordered the Victoria Cross to be delivered to representatives of those who would have received the decoration had they lived.
1915—Berlin claimed country north of the Aisne had been cleared of French troops.
1916—Germany announced reprisals against Britain for Baralong incident.
1917—British pressed forward on exposed German salient at Serre.

ONE YEAR AGO TO-DAY IN THE WAR

British Labor Party and the parliamentary committee of the Trades Union Congress supported the Russian principle of no annexations, no indemnities, and self-determination of populations.

TO-DAY'S BIRTHDAYS

- Lieut. Gen. Robert L. Bullard, one of the chief commanders of the American forces in France, born in Alabama, 58 years ago to-day.
Crown Princess of Sweden, formerly Princess Margaret of Connaught, born 37 years ago to-day.
Virgil G. Hinshaw, for many years chairman of the Prohibition Party National Committee, born at Woolson, Iowa, 43 years ago to-day.
Dr. W. H. P. Fawcett, president of Brown University, born at Worcester, Mass., 60 years ago to-day.
Elmore Y. Scales, former governor of North Dakota, born in Juneau County, Wis., 60 years ago to-day.

ELIAS HOWE CENTENARY

One of the most interesting centenaries to be celebrated this year will be that of Elias Howe, inventor of the first practical sewing-machine, who was born in the town of Spencer, Mass., in 1819. With a natural aptitude for mechanics, Howe went to work in a machine-shop in Lowell in early manhood. In 1837 he removed to a shop in Cambridge, and soon after to one in Boston. While there he conceived the sewing-machine that made his name famous. He experimented continuously for five years, completing his first invention in 1845.

Prior patents for sewing-machines had been granted both in England and the United States. The earliest attempt at sewing by machinery of which there is any authentic record was in 1755, in which year a machine was patented in England by Charles F. Weisenthal. This was followed by an English patent dated July 17, 1790, granted to Thomas Saint. In the United States, in the years 1832 to 1834, Walter Hunt of New York built what was probably the first lockstitch machine. A few years later the first United States patent for a sewing-machine was granted to John Greenough. During the years 1843-4 four other patents were granted.

But the great epoch of the sewing-machine began with Elias Howe, whose machine was patented September 10, 1846. In this machine, the original model of which is on display in the National Museum in New York, a curved, eye-pointed needle was carried at the end of a pendent, vibrating lever which had a motion simulating that of a pickax in the hands of a laborer. The needle took its thread from a spool above the lever, and the tension on the thread was produced by a spring brake whose semi-circular end bore upon the spool, the pressure being regulated by a vertical thumb screw. The work was held by a row of pins projecting from the edge of the thin metal "baster plate," to which an intermittent motion was given by the teeth of the pinion. Above and to one side of the baster plate was the shuttle race, through which the shuttle carrying the second thread was driven by two strikers, that were operated by two arms and cams on the horizontal main shaft.

Although this machine bears little resemblance to the present day domestic or household sewing-machine, it embodied several elements that appear in a modified form in practically all modern lockstitch machines, namely, a needle with an eye at the point, a shuttle adapted to pass through the needle loop and an automatic feed.

When Howe was granted his patent he found it extremely difficult to introduce his invention because of the opposition of the workers to labor-saving machinery. He went to England, hoping to introduce it there, but met with no better success than at home. When he returned to America, he found his invention had been imitated by rivals and extensively introduced by parties who had money to advertise and showing the workings of the machine. After years of litigation Howe succeeded, with the aid of wealthy friends, in establishing the priority of his invention. When his patents expired in 1867 he had received in royalties from the sale of his machines no less than two million dollars.

Since Howe's day an average of more than 500 applications for patents relating to the sewing-machine have been filed each year in the United States Patent Office, of which an average of about 400 have been granted each year. They have dealt chiefly with improvements to existing machines. Of late years most attention has been devoted to the development of the "factory machine," at the expense of the domestic or household sewing-machine. This accounted for largely by the rapid advance in the "women's wear" trade, which has resulted in annually increasing purchases of ready-to-wear apparel where formerly the garments were made in the homes on the domestic machine.

Dunsterville a Kipling Hero.

Those who would know more of General Dunsterville, leader of the daring and skilfully-conducted expedition to Baku which was doomed to failure thanks to Armenian treachery, can find much enlightenment in Kipling's "Stalky and Co." for he is none other than Stalky of that entertaining tale, while Kipling plays the role of Beetle.

As boys the clever soldier and the famous author shared studies and escapades at the United Services College, and in its classrooms and playground was formed the friendship which has grown stronger with the years, though Fortune has so widely severed their lives—Kipling, fated to leave India to find fame in England, Dunsterville, to win his laurels in a very different field in India.

In India, indeed, there is no better known or more popular figure than the brilliant soldier who has been leading the British forces in Persia. From Madras to Madras he is known, either personally or by repute, as one of India's smartest soldiers and one of the most genial, simple and lovable of men.

But "Stalky's" gifts are by no means confined to soldiering. He is the finest linguist in the East. He can speak a dozen tongues, from Chinese and Russian to Persian and Pushto, as fluently as a native.

New Flags for New Countries

No one knows how many new countries there will be in Europe by the end of this year. But one thing is sure. Each of these new countries must have a national flag. The oldest of European flags is the Danish. The white cross on a red ground was suggested to King Waldemar of Denmark by a cross which he is believed to have seen in the heavens at a critical point in his fortunes. That was more than seven hundred years ago, and the Danish flag has remained unaltered ever since.

Previous to the war the newest flag was the Australian. As most people know it shows the five stars of the Southern Cross, and resembles a blend of the Union Jack and the Stars and Stripes.

The colors of flags are interesting. Of all the national flags the German is the only one which has black and white together.

No fewer than nineteen countries have red as an element in their flags. These include the Great Britain, United States, France, Italy, Spain, Denmark, Belgium, Switzerland, Sweden, Portugal and also Germany, Austria and Turkey.

Eleven principal countries, including the Great Britain, United States, France and Portugal, show blue, while half a dozen have green. Brazil's flag is mostly green, Italy, however, is the only great European power to show green.

Nine have a flag, which is partly yellow. Among them are Spain, Belgium, Sweden, China and Brazil.

There is white in six principal flags. They are those of Great Britain, United States, France, Russia and Italy, as well as Austria. The flag of Ecuador is the whitest of all national flags. It is made up of two white bars with, between them, a stripe of blue on which there are white stars.

One Hundred Years Ago This Year

The first lodge of Odd Fellows in the United States was instituted at Baltimore.
Missionary and Bible Society of the Methodist Episcopal Church organized in New York.
United States and Great Britain ratified a convention for the joint occupation of Oregon.

The literary event of the year in America was the appearance of Washington Irving's "Sketch Book."
German universities were placed under police supervision by the Government to repress the progress of liberal ideas.

The famous Danish physicist, Hans Christian Oersted, made his experiments with the magnetic needle and laid the foundation for the modern theory of electro-magnetism.

A mile or Two

Out of Place.

"Do you mind if I kiss your hand?" he asked shyly.
"I should consider it quite out of place," she replied coyly.
"For half an hour Gadsby has been standing at the telephone saying, 'Uh, huh; uh, huh!'" "Who do you suppose is at the other end of the wire?" "It must be his wife. He would feel in duty bound to be more polite to anybody else."—Pittsburgh Chronicle Telegraph.

Contractor Says It Beats Anything

Karnes Says Tanlac Relieved Him of Terrible Rheumatism—Gained Ten Pounds in Weight

"One bottle of Tanlac has got me over one of the worst cases of rheumatism a man ever had and I have gained ten pounds besides," said John A. Karnes, a well-known contracting plasterer, living at 303 Oriol Street, Nashville, Tenn.

"I've had rheumatism off and on for several years especially in damp weather and I would ache in every joint in my body almost like a sore tooth. My suffering was so great at times that I could hardly bear it and it seemed like the more I suffered, the worse I got until I finally had to lay off from work for a whole month on account of it."

"It just beats anything I ever saw how Tanlac began to relieve my troubles right from the start. Almost every symptom of rheumatism has gone, my appetite is fine, I sleep like a log at night and have gained ten pounds in weight. My own experience proves to me that Tanlac is one of the greatest medicines ever made, and I recommend it to others."

Tanlac is sold in Kitchener by E.O. Ritz & Co., in Galt by B.W. McKelham, in Hespeler by Jno. R. Phil, in New Hamburg by W.H. Boullée, in Millbank by R.B. Hamilton, in West Montrose by A.E. Richards & Co., in Preston by H.L. Frick, in Waterloo by A.B. Learn, in Doon by L.C. Bullock.

NEW GERMANY.

Rev. Wm. Gehl of Preston visited the Rev. Archdeacon Forster, last week.

Jacob Lauber of Sandusky, O. spent the Holiday Season with his parents.

Henry 7nd Edward Lauber of Detroit, Mich., are spending their holidays with their parents.

Miss Ada Halter, returned to Detroit last Saturday.

The young men, who were conscripted last summer, all receive their discharge from London Military headquarters.

Mr. J. Beiberich is very busy at present, chopping grain at his mill for the farmers.

IF THIN, NERVOUS, RUN
DOWN, DEPRESSED, THIS
WILL HELP!

The wear and strain of life has tended in recent years to produce nervous debility in a large percentage of our population.

Thousands are affected with a feeling that they can't exactly describe. They are always tired and droopy, lack ambition, have poor appetite, look pale and suffer from depressing headaches and insomnia.

This condition is full of peril. It is the stepping stone to invalidism, the beginning of a shattered constitution.

We advise everyone in this condition to take a good medicine at once and try to get well while yet there is time.

A Broken Wedding Ring By Bertha M. Clay

ing gaze of his best-loved child. "I am not ashamed of it, Leah," he repeated. "To be sure it is that we did not know?" she asked. "Why did you never tell us?" "There was no need to throw the shadow of a prison across the brightness of your lives," he replied; and he noticed—he could not help it—that while one daughter drew closer to him and kissed his hand, the other seemed to shrink further from him. The fatal word "prison" had shocked and terrified her. "I am sorry I said that," interposed the general, hastily. "I did not know that your imprisonment had been kept secret from your children, or I would not have mentioned it. Your conduct was commendable, Martin Ray. I would withdraw my word if I could. I never anticipated that I should have to express regret to you; but, as there is every ground for it, I do so now willingly." "I care little for it," said Martin Ray; but he winced as he saw the strange, wistful pain on Leah's face. "They were kept in ignorance at the time, but in a few years when they had become old enough to know and understand what political persecution means, I should, perhaps, have told them." "I can only repeat that I am sorry; I had not meant to betray any secret," said the general, stiffly. "Let me say what I have to say. Children, listen to me, and, as you listen, make your choice. Remember this, that I come to you as a messenger from the dead." Looking into the brave, kindly face, Leah wondered to herself if the answer to her many prayers was come—if he had been sent to save her from a life she had dreaded.

come, said the general, proudly, "to me a proposition; how it will be received I now not. I make it in my dead sister's name. I abhor and detest the principles and teachings of Martin Ray; I hold them in such supreme contempt that I can never after this day have any conversation with anyone who holds them. I would rather cut off my right hand than let it touch his. But his children are the children of my dead sister, and I am here to make them an offer. I am a rich man; I have been married, and my wife has left me a large fortune; besides which, all that I have undertaken has prospered. I have no children, no relatives save my two nieces, and consequently no one to succeed to my wealth. I shall never marry again; and I propose, in accordance with my sister's wishes, to adopt Leah and Hettie, and treat them as daughters of my own. I will educate them, find a proper chaplain for them, introduce them to their proper sphere, and I will divide my money equally between them. There was dead silence in the room. Martin Ray grew pale. The girls looked startled and surprised. The silence was painful until the general broke it himself. "I need hardly say what a different life this will be for them. With large fortunes, and the name of Hatton, they may aspire to any position, they will be equal to any ladies in the land. A brilliant future lies before them—wealth, gaiety, pleasure, all that is most bright and beautiful. But I will do this only on one condition; and it is to this condition that I beg you to give your best attention. I will hold no communication with Martin Ray. A soldier of the queen and a preacher of sedition cannot join hands. If I adopt these children and make them my own, they must give up for ever all a communication with the man who is their father; they must give up his name and take mine; they must cease to hold any intercourse with him, unless he is ill or dying. I can accept no half measures—it must be all or nothing. "It is inhuman, cried Martin Ray. "It is natural, said the general. "Loyalty and treason can never go hand in hand. Give my sisters children to me, and I will make them my own; but I will never share the charge of them with you." There was silence again, during which one could hear the labored breathing of Martin Ray. "That is like an aristocrat," he said. "Remember that you risk roughshod over the feelings of those whom you choose to consider as beneath you. Why should you seek to take my children from me? Why should you offer to bribe them with money and pleasure? Do you call that honorable? An aristocrat's notion of honor—the bribing of children to leave their father! Their mother, sweet soul, loved me until she died; they will do the same. Offer what you will, my children will not desert me. I dare you—I defy you! Double the gold that you offer and a name twice as noble as the one you bear will not take them from me." "They shall speak for themselves, returned the general. "It is a decision for life, not for a short time only. The fairest way is to leave it to them to make their choice. "I am not afraid," said Martin Ray; but he wondered at the strange look on Leah's face. "I appeal to my children; they have loved, obeyed, honored me; will they forsake me now for a stranger who confesses that he detests me?" "I make no appeal," put in the general; "I leave it to them. If they will come to me, they shall be as children of my own; but they must give up all claim to you. I own that it is a momentous choice, and one most difficult to make."

The friend to every sufferer of kidney or bladder complaints. That pain in your back is Nature's warning that you need GIN PILLS.

50c. a box at all Drug or General Stores.

The National Drug & Chemical Co. of Canada, Limited, Toronto. U.S. residents should address: No. 200 Main St., Buffalo, N.Y.

CATARRHAL DEAFNESS MAY BE OVERCOME
If you have Catarrhal Deafness or head and ear noises or are growing hard of hearing go to your druggist 1 ounce of Ears (double strength) and add to it 1 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

Buy W-S-S.

WHERE?

War-Savings Stamps may be purchased for \$4.00 each during January at any Money-Order Post Office, Bank, or other place displaying the W-S-S. sign.

WHO?

W-S-S. are purchased by men and women of comfortable means; by housewives and working men; and by children. EVERYONE has an opportunity to share in the high interest the Dominion of Canada pays on an investment in War-Savings Stamps.

HOW?

The way to "build a bond" with W-S-S. is to buy regularly—one a day, or one a week, or one a month—whatever your means will permit. Those who cannot invest \$4.00 at a time acquire War-Savings Stamps in exchange for Thrift Cards to which are affixed 16 Thrift Stamps costing 25 cents each.

WHY?

EVERYONE should buy War-Savings Stamps. In addition to receiving \$5.00 for \$4.00 invested, you know the money will be used to finance expenditures incurred in the great work, the absolutely essential work, of Reconstruction.

When you see the W-S-S. sign determine when you will buy your next stamp.

Keep a Thrift Card to look after the quarters. Remember Thrift Stamps are not interest-bearing. They are simply a means to secure a War-Savings Stamp.

Be as patriotic as the storekeeper who asks you to take your change partly in Thrift Stamps.

The old reliable remedy for rheumatism, neuralgia, sore throat and sprains.

Best Liniment Made

Mr. A. E. LATHROP, EDMONTON, writes: "I fell from a building and received what the doctor called a very bad sprained ankle, and told me I must not walk on it for three weeks. I got MINARD'S LINIMENT and in six days I was out to work again. I think it the best liniment made."

Minard's Liniment always gives satisfaction. For any ache or pain, it gives instant relief.

CITY AND DISTRICT

ALL THE LATEST LOCAL AND DISTRICT NEWS

Born:
On Jan. 13th. to Mr. and Mrs. Bert Donnelly, 40 Pinke Street, a daughter.
Died: Jan. 14th. aged 1 day.

Died:
Cassel: On Jan. 13th., Mervin, son of Mr. and Mrs. Roy Cassel, aged three months and three days.

New Appointment.
Mr. W.T. Aiken of the Molsons Bank, London will take up duties as accountant at the bank branch Waterloo on the 17 inst.

We wish him every success, and trust he will find his new location congenial in every respect.

Assessed \$100.
In Police Court this morning Joe Morall of Preston was assessed the sum of \$100 and costs for being intoxicated in the street railway offices.

The defendant was taken in charge yesterday afternoon.

Card of Thanks.
Mrs. and Mr. John Morris wish to tender their thanks to all friends and neighbors for their many kindnesses during the sad bereavement of their son Stanley.

Sale of Holstein Stock Today.
The big sale of Holstein stock took place on the farm formerly owned by the late ex-Reeve A.C. Hallman, near Breslau. Many attendants were present from a distance, including Brantford, Galt, Linwood and other points. Among them was Mr. Knapp of Galt, District Representative of the Department of Agriculture.

Rink Opened.
A big opening took place last night when the community skating rink provided by Mr. P.J. Smiley at the Merchants Rubber Co. was formally set aside.

Refused Offer.
An offer to join the Arenas, Toronto pros, has just been refused by Mr. George Hillier of the local Senior O.H.A. team. This recognition of George's skill at the game is not unexpected.

The many fans of Western Ontario are glad to learn that he will remain here with the amateur ranks.

Death of Mr. J. Woodall.
Death occurred yesterday of Mr. John M. Woodall at 149 Wellington Street.

Deceased was in his 69th year and had been suffering since last September when he was operated on for cancer.

He was born at Port Dalhousie and for thirty two years held a position with the Welland Canal Company, receiving a long service medal from King Edward when he visited Canada when Prince of Wales.

The funeral will take place on Thursday afternoon at 2 o'clock from his late residence, entertainment taking place at Mount Hope Cemetery.

Local Boy Heard From.
Mrs. R. Robertson of 56 Elton Street West has received word from her son William, in England.

"Bill is at present in the David Lewis Northern Hospital in Liverpool and has recently recovered from an operation on his chest. He intends going to Falkirk, Scotland to visit his grandparents in the near future, and is in great hopes of setting sail for the land of the Maple.

Today's Calendar of Sports.
Racing—Winter meeting at New Orleans.
Baseball—Special meeting of National League, at New York City.
Adjourned annual meeting of National Association of Professional Baseball Leagues, at New York City.
Billiards—Class A. championship tournament of New York State Billiard Association opens in New York City.
Swimming—Allegheny Mountain A.A.U. 100-yard championship for men, at Columbus.

The Olympic is expected to reach Halifax about Wednesday next with about five thousand passengers, mostly Canadian soldiers.

MAC'S MEGAPHONE

Eldon, that particularly good 5c. cigar that we used to talk so much about, is now 7c. or four for 25c. It is no better than it was then but conditions have changed. Rather than cut the quality we raise the price. Could not afford to kill the brand.

Will conditions ever come back as they were a few years ago? I mean in regard to cigars and tobacco. I don't think so. Make the fellow who smokes pay twice his share of the taxes seems to be a popular cry with governments now days.

The government gets about \$18.00 out of every thousand cigars that are made. And the unfair part of it is that the cheap cigar pays just the same revenue as the most expensive. Twelve cents goes to the government out of the 25c. paid for a pack of Gold Crest cigarettes for instance. And this is only for the revenue stamp, duty is paid on the tobacco as well.

James J. MacCallum.

No Scarcity of Wood.
Of all grades at Lockhart's Coal Yards.

Tea Dansant.
You are cordially invited to attend a dance to be held in Masonic Hall by Queen Anne Chapter of the Daughters of the Empire on Saturday, January 18th. from 4.30 to 7 p.m. Admission 50c Tables reserved.

Don't forget the Woodmen of the World joint installation and dance tonight. Hainsworth Orchestra. It.

Economical Annual.
The Annual Meeting of the Members of the Economical Mutual Fire Insurance Company will be held at the Head Office of the Company on Saturday, February 7th, 1919, at two o'clock p.m.

W.H. Schmalz, Manager.

Obituary.
Catherine Clemens, daughter of D.H. Clemens, 251 Frederick St. at "The Old Elm Farm" Monday morning in her 33rd year.
The body is expected to arrive in the city Wednesday afternoon. The funeral service will be held at her father's residence Thursday afternoon at 2.30 and from thence to Mount Hope Cemetery.

Wanted All Carpenters, Cabinet Makers, Machine Hands, Millwrights, Finishers and all Woodworkers to attend a "Social Evening" in the Trades and Labor Hall on Thursday Jan. 16, at 8 o'clock p.m. Musical Programme. Short addresses by Mr. J.F. Marsh, President of Labor Educational Association of Ontario, Mr. J.P. Hunter, Organizer of Painters and Furniture Finishers and Mr. J.E. Fleet of the American Federation of Labor. The Committee. 1-15-2t.

To Boost Brantford.
The organization of Brantford's new boosters the 50,000 club, has been completed with the following officers: President K.C. Gould; vice-president W.B. Preston; second vice-president, E. Mott; secretary, Cyril Henderson. One of the first acts of the club will be the publication of a handsome souvenir of Brantford in booklet form. Annexation of Brantford's suburbs will be persistently urged.

A FRIEND OF THE POLICEMAN.
Continually on their feet, the "Policemen" are invariably troubled with corns and bunions—but not for long, because they know of a quick cure, Putnam's Corn Extractor; it cures painlessly in 24 hours; try "Putnam's", 25c. at all dealers.

Hospital for St. Thomas.
Efforts are under way to have a large memorial hospital built in St. Thomas in honor of the city's and country's dead soldiers who fell in the war. A special committee of the City Council has been formed to co-operate with a special committee from the County Council to discuss the idea of erecting a suitable site. The hospital if erected will be a joint institution, special wards to be reserved for each outside municipality.

London Minister's Death.
The death occurred in Victoria Hospital last night of the Rev. G.W. Latimer, rector of St. Matthew's Anglican Church East London, of pneumonia following an attack of influenza. Mr. Latimer went to the hospital about two weeks ago with a slight cold, and was for a time thought to be recovering until Thursday last, when he took a relapse.

TOO WEAK TO WORK.
Vermont Woman Tells How She Regained Her Health.
Alburg Vt.—"I was run-down no appetite, and too weak to do my household—medicines did not seem to help me until I tried Vinol—I soon noticed an improvement and am now well strong, and able to do my work."

—Lillian Babbe.
The reason Vinol was so successful in Miss Babbe's case, is because it contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the very elements needed to build up a weakened, run-down system, make rich, red blood and create strength.

A.J. Rose, Kitchener A.E. Hachnel, Waterloo, and at the best drug store in every town and city in the country.

The Mississippi Valley and Foreign Export Trade Conference will conclude its sessions in New Orleans today.

Girls and Women need not suffer

Girls and women who suffer each month are not in a normal condition. There is a real cause which produces cramps and other distress, and it can be removed. The Osteopathic Physician does not give drugs to deaden the pain but sets to work to remove the CAUSE, lifts the pressure on the nerve centres, which prevent a free flow of blood to the parts.

A mother neglects a sacred duty if she fails to investigate Osteopathy and inform herself on this subject.

A Review of the Realm of Sports

There is so wide a belief among golfers that this or that shot is the winning one that perhaps it is a good thing for the plan speaking that Bob McDonald, the professional, recently did on the importance of all shots. Some golfers, after seeing a master of the masher like Travis, will expatiate the rest of their days on the virtue of the pitch as the cake-winning shot.

Others, after watching Evans long iron straight on the pin, will be able to see nothing but that kind of shot as the prize collector, while still others, noting what Hutton's great tee wallop made his second shot easier, forever after dream of the screaming drive as the chief thing to be sought after.

Again, many, observing how Walter Travis has taken match after match by his skill with the putter, other shots if some fairly wand will only touch them and impart the power to amass a strong of "single-putt greens."

To all these and others McDonald's words should come as an impressive and even surprising lesson as he frankly declares against "playing favorites, as may be judged from the following statement of his opinions:

"Theories on the question of what constitutes the most important shot in golf are many and varied. Some pick the approach or second shot to the green as one which, when perfectly executed, will lead to success. Others say that the golfer who can putt well is a match for anyone."

"While I agree that these are very important shots, my personal opinion is that there is not one real outstanding shot in golf. All are of equal consequence and you have

to be able to play every shot in the bag correctly in order to get around the course in a correct number of strokes.

"The second shot in golf certainly is a grand one and a great help to the player if played from the fair-green proper close to the flag. Still the question arises: How about it if you do not get the chance to play this second shot by being bunkered off the tee or so deep in the woods that you don't even get a chance to hit the ball?

"You will then understand that the drive is equally important. Then also, what is the use of being a good putter if you don't get to the green in the required number of strokes and too late even to putt for a half? Considering all these points, it goes to show that all shots have to be played equally well to get the right combination."

"Some time ago another well-known golfer and I played around one of the Chicago courses, and not until the eighth hole did he have a chance to play a second shot to the green. Consequently his chances of scoring well were slim. Was it a wonder? He had to use a niblick on the first seven holes all on account of poor driving."

"Still, his troubles on that occasion were such as happen to many other players and were only in conformance with my belief that a long and straight driver has a slight advantage if he can follow up by playing the other shots correctly."

KIRKCALDY DISCOVERS THAT OILED GOLF BALL PICKS UP NO SNOW.

"There are tricks in all games, even the grand old game of golf," said John A. Anderson in The New York Sun.

"For instance, when the play at St. Andrews was held on day when there was a slight fall of snow in

the late '80s many of the players could be seen taking out a small bottle of oil with them. This was not for shoes, but for the ball. It all came about after a large gallery had followed Andrew Kirkcaldy in one of his matches. There was no rule that the ball could be cleared of snow, and the players following round were surprised to find that Andras had picked up no snow at all, while his opponents' balls were covered frequently, and on the putting green this proved fatal.

"Puts Oil on Caddy's Locks, too," Kirkcaldy won several contests and during all this time never to a soul of his method, which was finally given to the world after he had been seen on three holes in succession going to his caddy and rubbing his hands on his caddy's head. Then it came out that Andras had had his caddy put a large amount of hair oil on his locks, and the pro, after running his fingers over the caddy's head, would do the same over the ball, which would defy the snow to stay on. It was a clever idea and gained for Kirkcaldy a seat in the forefront of golf schemers."

Expert Is Tricky. "But this was not all of Kirkcaldy's tricks. On a sunburned green with a downhill facing him and its holding needed if the match were to be saved or won, the noted professional would often be seen taking his putter up close to his lips. Some said that he was merely talking to it, that he quite superstitious, and never once did they find themselves contradicted. But one day we saw Ban Sayers, Kirkcaldy's enemy and quondam opponent, spoke up a said, 'I've got ye now, ye limmer. Ye wet the face o' the club.'"

"It was true. Kirkcaldy had a found out that by wetting the part of the club which met the ball there was less punch given or rather less force applied, and it was possible for him to hit with a success of ordinary touch rather than play over the last green with a delicate stroke. These are but two of the methods he worked out in the shop or while communing at home whereby a legitimate advantage could be secured over an opponent."

Seen or Heard On And Off The Ice

Goderich Didn't Default. Elmira defeated the Guelph City Intermediate O.H.A. team by 10 to 8 in the championship game played at Elmira Friday night. George Hiller, of Kitchener, refereed. The Guelph rink collapsed recently, but the club is going through with its schedule. The Guelph club was reported as having defaulted, but this was an error, as lack of ice prevented their game.

St. Thomas to Stay In. Secretary T.S. Jamieson, of the St. Thomas Hockey Club, notified the O.H.A. that his club had decided not to default in the intermediate O.H.A. series. Business men in St. Thomas, have arranged to help the club to get the three players off employed by the railways to play their scheduled games. The game with Simcoe was played on Friday night and resulted in a victory for Simcoe by 3 to 1.

There has been talk—and considerable talk—since the hockey season opened of doings in amateur circles that are not just according to Hoyle. Toronto teams were named and also some outside teams. Of course, they were only rumors, and nothing definite could be learned. It has been heard in the general trend of hockey talk that such-and-such a team is to divide the profits at the end of the season, that such-and-such a player is getting so much for playing with this or that club, and other threads of gossip that are not according to the amateur code. It is well known that a player cannot be convicted on mere hearsay. There has to be evidence that a player is receiving money either in a straight salary or a split, or that a club is handing out money.

Took An Affidavit. It is common gossip that a player on an O.H.A. senior team does not come under the amateur status for his sport activities of past years. Though the writer may be mistaken in his identity of this player, there is little doubt but that the guess maker is a right one. Secretary W.A. Hewitt, of the O.H.A., was asked this morning about this player. It was found out that the O.H.A. refused to hand the players a certificate until a complete affidavit was given showing his hockey activities in the past. This was given, and after going carefully over the affidavit it was decided to grant the certificate.

Girls! Draw a Moist Cloth Through Hair, Double Its Beauty
Try this! Hair gets thick, glossy wavy and beautiful at once.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is coarse, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a small bottle of Kewellon's Danderine from any drug store or toilet counter for a few cents.

LOCAL JUNIORS MEET GALT TONIGHT

The Juniors were unable to get the ice last night for a work-out but they are in AI condition and it was not absolutely necessary, in fact it will do some of the boys more good than harm considering the busy week they have had, and several of them are suffering from over practice if anything.

Champs Anticipate A Gruelling Game With Saint Pats
Boys Will be in Mid-season Conclition for the Battle.

If mid-season condition will carry the boys safely through the gruelling game here on Friday night, then victory for the Champions should be chalked up. Hick Wimmer is as careful of his charges as a hen is of her chickens, and knowing the nature of the game ahead he is taking no chances, but is working his men like an Alabama plantation owner.

Trainer Alvin Shantz, who is a postmaster in conditioning hockey players is working overtime, and claims the liniment he is using on the boys will make them that tough that they will crave for tin tacks for chewing gum.

"We're up against the stiffest proposition we have ever faced in Senior hockey, and our only hope of victory is to have the boys in such good condition that the most strenuous rough stuff the Pats can hand them won't phase them, and said Hick last evening as he watched Alvin giving them their grooming on the rubbing tables after their last hard work out.

The Saints have a husky team that averages 25 lbs. per man heavier than the Kitchener line up. That means the victors will have 150 lbs. more beef on the ice than the Champs (the weight of another player) and it is this extra heft and muscle that they are depending upon to hulklock their way to victory.

After considerable haggling on the part of the Saints they agreed to Lawson Whitehead as referee. Whitehead is one of the best referees in the O.H.A. and always gives both teams a square shake.

The plan opened at E.O. Ritz Drug store this morning and the tickets are going fast. Those intending to see the game should lose no time in securing their tickets, lest they be left in the lurch at the last minute.

Bradford 8 Collingwood 3
Midland 12 Penetang 2

FORTY-FIRST YEAR

THE PEACE CO

OPEN FO

Shall Session

CANADA IS TO HA DELEGATES

PARIS, Jan. 16. (By W. Simms).—The associated were working at full speed to get everything in readiness for the formal opening of the congress on Saturday afternoon. Several of the most problems upon which session pings remained Among these are: acceptance of French outline for a method of fixation of precise delegates for all nations; del of whether the Russian soviet shall be represented as to the manner of acqu world with what transp conferences.

The French prefer that ences be of the star chat and that all information to a daily official comm This created consternation the newspaper correspond lost no time in going on r their objections. It was that only such information omitted as would be consid ous to the interests under The correspondents fear t prevent acquisition of the peace delegates and woul all the sideights, which m interest to the public. Th ized a special committee and American correspond made formal protest to Pres son and Premier Lloyd against the alleged violati first of the fourteen poi open convention of peace arrived at."

Although the five princ adopted a resolution to limit of the sessions to an off munike, it was believed to in view of the concert of the matter would be possi bly modified. Certain are understood to favor th tion of the entire conversat questions, but Premier Cl foreseeing the danger of t once stringing out over longer than the war itself, i and won his point, that o uted nations should be pr the discussions. This prop oundedly will be formally when the program is definit upon.

Italian Imperialist Dreams Are I

Its Entire Cabine tires From Off

CORRESPONDENTS OBJ BEING EXCLUDED F CONFERENCE

PARIS, Jan. 16. (By Wood).—Italy has abund imperialistic program and accepted the British and ideas of a democratic peace. This was the interpret some of the diplomatic quart based on the resignation of Italian cabinet late yester Italy's territorial ambition ing from the concessions u to have been granted by Gr ain, France and Russia in the pact, have constituted one stumbling blocks in the peace ences. The old school of diplomats stolidly clung determination that the entire of political and territorial c should be carried out. Th democratic members of the ment counselled various d modification. This led to terial crisis, which reached yesterday.

In the meantime, the protest against confining the conferences to the offic muniques was increasing. tion, the announcement w that correspondents would permitted to ride the forei building, as they were on a French flunkey were hi to-day exclaiming, "Defen hidden). The correspond given the liberty of standi courtyard and watching t gates arrive and depart automobiles.

Robert Low Is

OTTAWA, Jan. 16.—Colo Low, aged forty-four ye attained fame as the re of Camp Borden and the re of Halifax, died this following an operation t potoning.
