St. Patrick's Day, However, Will Not Be Subject to Law of Fasting.

[Canadian Press.] [Canadian Press.]

Rome, Dec. 13. — As a result of a decree of the Pope, issued in July in reference to holy days. St. Patrick's Day was struck off the list of obligatory holy days, on which Catholics are called upon to hear mass and abstain from unnecessary work. On the request of the Irish Catholics, however, the holy see has just issued another decree which is most important for Irish people throughout the world. According to this the feast of St. Patrick will continue to be a holy day, without, however, being subject to the law of fasting or abstinence.

Goderich, Dec. 13.—The case of J
Garnet Armstrong, druggist, of Lucknow, charged with criminal negligence in dispensing drugs, is now be-

gence in dispensing drugs, is now before the grand jury at the general sessions for the county of Huron.

The case is one of general interest
to pharmacists. In August of 1910,
Miss Margaret Murray, of Detroit, who
was visiting at the home of her uncle,
Daniel Murray, in Ashfield Township,
near the village of Lucknow, purchased at Armstrong's store what was
supposed to be rochelle saits. After
taking a dose of the drug, she became
ill, and died the following day. It was
discovered that tartar emetic had by
a clerk's error, been placed in the stock
bottle labelled for rochelle saits, the
abbreviated trade names of the two
drugs being somewhat similar. The
crown authorities immediately took
action, but for one reason or another
the trial of the case has been delayed
from time to time.

PEACE TREATY MEETING

Organized Demonstration as U. S.-British Pact.

New Yerk, Dec. 13.—An organized demonstration by disaffected Irishmen and Germans stopped the mass meeting held in Carnegle Hall last night under the auspices of the Citizens' National Committee, in support of the ratification of the general arbitration treatles with Britain and France, routed Rabbi Stephen S. Wise, who took the field against them in a vaint attempt to restore order, and finally shut down the meeting with Andrew Carnegle yet to speak.

It was the wildest Carnegle Hall has known in a long time, and the mail has known in a long time, and the mail whose name the hall bears was sitting in the front row, hearing the peace policies, of which he has been so ardent an advocate, hooted by a gallery full of rioters.

Rome, Dec. 13. — As a result of a decree of the Pope, issued in July in reference to holy days. St. Patrick's Day was struck off the list of obligatory holy days, on which Catholics are called upon to hear mass and abstain from unnecessary work. On the request of the Irish Catholics, however, the holy see has just issued another decree which is most important for Irish people throughout the world. According to this the feast of St. Patrick will continue to be a holy day, without, however, being subject to the law of fasting or abstinence.

gence in dispensing drugs, is now before the grand jury at the general ressions for the county of Huron.

The case is one of general interest
to pharmacists. In August of 1910,
Miss Margaret Murray, of Detroit, who
was visiting at the home of her uncle,
Daniel Murray, in Ashfield Township,
near the village of Lucknow, purchased at Armstrong's store what was
supposed to be rochelle salts. After
taking a dose of the drug, she became
ill, and died the following day. It was
discovered that tartar emetic had by
a clerk's error, been placed in the stock
bottle labelled for rochelle salts, the
abbreviated trade names of the
drugs being somewhat similar. The
crown authorities immediately took
action, but for one reason or another
the trial of the case has been delayed
from time to time.

This is due to the fact that the receipts from customers have risen to \$120,000 or thereabouts—more than \$120,000 greater than last year. The state of his wife until he was met at the years ago the receipts were \$98,000, but since the wells have been added the receipts have rapidly increased and will probably continue to do so for the next few years.

The expenditures have not increased, in fact, have been reduced considerably. The installation of electricity has cut the expenditures at Springbank owing to the fact that not so many men are needed to handle the system, and use of the energy also reduced the cost of fuel, etc.

The Horton street plant cosi less to operate than the temporary pumping plant did a couple of years ago. Taking it altogether, the expenditures will be lighter than last year.

You cannot make a greater mistake than to think that indigestion is confined to the storach. It is a disease of the liver and bowels, and it is only by getting these organs healthy and active that you can ever hope to cure chronic indigestion.

Here are two cases reported by Mr. Skinner which tell of continued fallure to cure indigestion by dosing the stomach. Both were cured thoroughly by using Dr. Chase's Kidney-Liver Pills.

Mr. A. C. Skinner, Atlantic street, Hardwoodhill, Sydney, C. B., writes:
"My vife was troubled with indigestion and tried all sorts of medicines in vain. Hearing about Dr. Chase's Kidney-Liver Pills, I got her to try them, and to our great delight he was cured. We would not think of being without them in the house for use when the liver and bowels became sluggish.

Procedure Will Have Effect of Preventing the Ratification of Declaration of London.

London, Dec. 12.—The House of Lords tonight rejected the naval prize bill by a vote of 145 to 53. The Earl of Selborne, in moving the rejection, objected to the constitution of the proposed international prize bill by a vote of 145 to 53. The Earl of Selborne, in moving the rejection, objected to the constitution of the proposed international prize bill was determined upon by the House of Lords in order to prevent the Government from ratifying the Declaration of London. This procedure will delay the passage of the prize bill for two years, and the Declaration of London cannot be ratified an appeal from the British Privy Council to the prize court, but no corresponding appeal from the United States having discovered that under their constitution at its impossible to carry an appeal from their supreme court to any international tribunal. It was there approved by the Government after the fullest possible deliberation.

The critics of S.r Edward Grey have not been silenced by his formal defence of his course of action in the Moroccan affair. In the House of Lords, they have found an influential spokesman in Lord Courtney, a veteran Liberal. The Manchester Guardan and London News, the two foremost Liberal dailies, and the Nation, the leading Liberal weekly, are wholly dissatisfied with Sir Edward Grey's explanation. They contrast his "chill and uncompromising tone" toward Germany with the pleas of Mr. Bonar Law and Lord Lansdowne, the Union ist leaders, for a conciliatory policy that Mr. Law "spoke with the measure and wisdom, the sympathy and justice of appreciation, which every statesman who knows his business uses when he addresses one of the great historic communities of the world" Lord Lansdowne, who as foreign minister negotiated the Anglo-French entente, expressly described that agreement as "a first effort in a great ment of the shells will be increased from 1,250

OCCUPATION AS A BEAUTIFIER

[By Cynthia Grey.]

A weman with an occupation is always more atractive than the idle woman. I do not wonder ethat the idle, vapid woman is somewhat jealous of her husband's trim, intelligent secretary or stenographer.

Most girls of today are brought up wrong It is an unfortunate thing for a girl to be born rich; she then has so little object in life. She has all the toys she wants before she grows up—there is nothing new for her; life is over before the age of application is reached.

The young woman is happiest who only can have the dresses she can make herself, for then she finds so much enjoyment in selecting what she wants, and the making up of the belo ved dress is of so much importance to her. The hours spent in designing the dress are hours of great consequence to her, and making one dress leads to another. She becomes more economical, saves her bits for future use as sleeve trimmings, etc. She observes everything in the shops, not with envy, but with ambition to get the same effect out of some left-over bits of trimming that she has saved.

Girls who are brought up to economize in this way make good wives and housekeepers, as they apply what they learn by experience to their households.

There are many occupations for home women. Painting is a delightful

and housekeepers, as they apply what they team by experience to their households.

There are many occupations for home women. Painting is a delightful occupation if one has talent. Of course, singing and the mastering of the piano or harp are accomplishments that are always faschating and give girls much to talk about besides always proving an entertainment for friends.

I am sure that the girls who give themselves an occupation are always more attractive to the opposite sex, as they have more to talk about, They are more independent, and although girls are born to marry, they will think before taking the step if they have some possible way of taking care of themselves and earning a living.

A woman should do things, have resources of hand and mind; then she will find the time passes too quickly to bring the lines of worry and discontent to her beautiful face.

Remember: Occupy your mind with useful things, and the cares of life will pass lightly over you.

Cynthia Grey's Correspondence

Dear Miss Grey: Will you please answer the following questions: 1. What will take the stain out of a Wilton rug_cayed by rubbing a small stain with gasoline? It is a light-colored rug; and the stain was only from water, but when rubbed with gasoline caused a ring as big as a plate 2. Give_recipe for a good Christmas cake without melasses. 3. Can hair grow if full of dandraff? Give good recipe for dandruff cure. 4. Should a little girl 2½ years old wear a ribbon on her hair? 5. For a front hall with a stairway what is nicest for the foor? Would lineleum be nice? 6. What will keep soot from running out of pipes? 7. Are white vests fashionable on men now? Thanking you in advance, I remain, yours truly.

A.—1. Make a thick paste of fullers earth with cold rain water, and spread thinly upon the stain. When thoroughly dry, rub off with a clean cloth wrung out of a solution of 1 tenspoonful annuonia to a pint of warm soft water. A secend application should quite remove all stain. 2. 1 pound butter, 1 pound brown sugar, 1 pound butter, 1 pound brown sugar, 2 cool, and add ½ pound candied cherful sold dissolved in the cream, and added last. Bake in a slow oven. 3. When the scalp is coated with dansacked of the will sold dissolved in the cream, and added last. Bake in a slow oven. 3. When the scalp is coated with dansacked with d

What It Means

Piano Selling

ENTERPRISE-That is the keynote of success in every field of human endeavor. In business or in social life, ENTERPRISE is the builder of attainment.

Today we claim the distinction of having the largest piano business in the Dominion of Canada. On our floors are more different makes of pianos and a greater variety than in any other establishment.

Our friends tell us only ENTERPRISE could have accomplished this. And what is ENTERPRISE in the piano business? Merely this, according to our ideas, to earn the public trust in a firm's method of dealing, its plan of selling, the character of its goods and the fairness of its prices. To give each customer the best at the lowest price possible; to sell our pianos at the same fixed prices to everyone alike; to save our customers the commissiontaker's profit by refusing to pay commissions.

Then, the Mason & Risch ONE-PRICE, NO-COM-MISSION plan is the only economical way to buy your piano. Come and see our Pianos and our prices.

Paris, Dec. 13. — The twenty-round boxing match, which is to take place tonight between the 17-year-old French welter-weight champion, Georges Carpenter, and the American, Harry Lewis, welter-weight champion of England, is exciting extraordinary interest. The newspapers have printed columns in advance and pages of pictures of the two boxers. A poll among newspaper readers indicates that Lewis is a slight favorite.

Each player will receive about \$800, with a bonus for Stanley cup games of an additional \$100 if they retain the championship.

FACTS FOR MOTORISTS

BOOK

No other tire in the world is constructed just like Dunlop Traction Tread. It imitates none; followed no other models; just blazed a trail of its own. It was but fitting that the name Dunlop should be stamped on this tire, which is as far ahead of its competitors as the other basic Dunlop ideas were ahead of the competitors of their time.

ADVANTAGE No. 1

In the first place, the carcass of the Dunlop Traction Tread is moulded in one piece; in other words, the Anti-Skid effect is not stuck on the tire, but built into it. Not only does this mean a tire ensuring maximum safety, but it also means a tire capable of showing maximum resistance to wear and tear.

ADVANTAGE No. 2

In the second place, the Anti-Skid surface of Traction Tread is made twice as deep as the common run of so-called Anti-Skids. When the paveso-called Anti-Skias. When the pave-ment is greasy or the roads are muddy, the value of this greater depth is readily apparent. The car responds to the most delicate touch of steering gear or brakes. The grip on the road is always secure, always certain.

ADVANTAGE No. 3

In the third place, users of Dunlop Traction Treads never experience the onsciousness of tire contact with road as is so common with the so-called Anti-Skid — the tire that is merely decorated with corrugations after the carcass proper is built.

ADVANTAGE No. 4

In the fourth place, with Dunlop Traction Tread—as with no other tire in the world—the Anti-Skidding surface is the biggest part of the tire. That means the Anti-Skidding surface will give indefinitely long service. Yet when that extra big corrugated tread is worn down the motorist has as good a plain cover to still ride on as is to be found anywhere. Dunlop Traction Tread simply means more for themoney—and the better kind of rubber, too.

ADVANTAGE No. 5

In the fifth place, while we do not ourselves say "throw away your chains." Dunlop Traction Tread goes ahead and says it for us. We have received many letters in which motorists claim chains are no longer necessary since the advent of Dunlop Traction Tread. Take the ordinary so-called Anti-Skids and on rainy days they are either not in service or in chains.

QUERIES ANSWERED

OLD SUBSCRIBER.—I made application to the township council in 1910 to have a municipal drain repaired. Their engineer made his report to the council early in 1911. They have not done anything towards repairing the drain, I paid the treasurer the assessment charged to my property by the engineer in advance. The state the drain is nis a great damage to my title. What can I do? C. I demand interest on my money paid and no benefit received?

Ans.—You have a cause of action against the township for damages, which includes the interest, caused by their neglect of duty to repair the drain, and to a mandatory order to make the repairs in accord with the report of the engineer.

The Kind of Nerves That Can Do Things.

A young athlete writes concerning the method by which he acquired steady nerves, and also of som_{Θ} good missionary work he has done:

"About a year ago," he says, "my nerves began to grow unsteady and I found myself troubled with sleeplessness. I set an inquiry on foot, and became convinced that the coffee I drank was the cause of the trouble" (tea contains caffeine, the same drug found in coffee, and is just as injurious) "and determined to quit right there.

"So I got a package of Postum and Mother and I prepared it. We did not boil to long enough the first time and were not much impressed by it. The second time, however, we followed the directions on the package carefully and were more than pleased with the result.

pleased with the result.

"I can sleep like a log now, since Lam using Postum, my nerves are as strong as sicel, and my muscles, which used to tire easily, are hard and enduring as iron. Heavy athletics no longer give me pain in the side and chest as formerly.

"I have brought our whole family to use Postum, and it has done every one of them good. My Father has found his asthma almost entirely relieved since he gave up coffee and began to drink Postum."

Schulz Gets Seven Years and Companion Twelve From German Court.

[Canadian Press.]

Leipsig, Germany, Dec. 13.—Severe punishments were meted out today to the English spies arrested at Hamburg on March 18, and who have been on trial behind closed doors before the imperial court for several days.

Max Schuiz, an English shipbroker, was sentenced to seven years penal servitude. One of his associates, an engineer named Hipsich, was condemned to twelve years in jail, and another engineer, named Wolff, was sentenced to two years. A merchant, Von Maaok, and Max Schuiz's housekeeper received three years.

Cold sores, chapped hands, ulcers, and winter eczema are common troubles just now, and for all these, Zam-Buk will be found the surest and quickest remedy. Sometimes cold sores arise from chilblains on the toes or fingers, and in the former case, where colored socks are worn, there is a danger of blood-poisoning from the dye. Zam-Buk being so powerfully antiseptic removes the danger as soon as applied and quickly heals.

Mr. W. J. Halliday, of Ash Grove, Ont., says: "I had my little finger frozen, and it cracked at the first joint, causing a bad sore, which discontracts and conspiracies in restraint of interstate and foreign trade and combinations, in the window, and it showed the temperature to be 102 degrees. [Special to The Advertiser.]

Lucan, Dec. 13.—The little two-yearold son of Mr. Walter Glbson, formerly a well-known baseball player of
London, will, it is feared, lose the sight
of one of his eyes, in which an abscess
has developed. He has been taken to
London for treatment, but the attending physician fears that little can be
done to save the eye. The abscess developed very unexpectedly a couple of
days ago, and eauses the boy very

WORK BEING RUSHED ON NEW WINGHAM SHOP

Houses Are Being Razed for TO PLACE A LIGHT the Big New Foundry in Northern Town.

Rorthern Iown.

[Special to The Advertiser.]
Wingham, Dec. 13.—Work on the big new extension for the Wingham foundry is being rushed along, and will be completed as soon as possible. A number of residences on the site of the new factory are being razed by Messrs, T. McLear, and W. Rintoul, who have the contracts. Owing to the mild weather fine progress is being made with the work. If possible the foundation, which will be of cement, will be laid this year. The building will be 80x100 feet and three stories in height.

Mrs. J. Jefferson, who recently fell and fractured her hip, is in a very critical condition, and it is feared that her death may occur at any time. Owing to her great_age, she never recovered from the shock of the accident. She is 88 years of age.

Farmers are very busy with work that was not completed when the snow came. Many are digging turnips and sugar beets. Mr. Vanstone has about 40 acres which he has yet to ship. Many are dug up, but a number remain to be taken out.

In considering the matter, however, Chairman Poccok is of the opinion that system should be completed this coming year.

"There is no need of doing this work piecemeal," said Mr. Poccok. "There will always be difficulties in the way if we do a certain number each year. Some sections will demand it, and as a result there will be plenty of room for friction. If we go ahead and do the whole work this year, then there will be no chance of an argument. I will take the matter up with the commistice tonight."

The Globe started as a morning daily in 1858, 53 years ago. Later it was reduced to a tri-weekly, and in 1861 became a daily evening paper, the first in Canada. It was bought by Mr. Ellis and Christopher Armstrong in 1861, and they took charge on Dec. 13. Armstrong died in 1877. The business has for some years been conducted by a company with Mr. Ellis, president, and Richard O'Brien, managing director.

Interesting Meeting at Which a Fine Programme Was Carried Out.

Ladies' Mission Circle of the First Methodist Church was held on Tuesday evening, with the president, Mrs.
Barnard, in the chair. There was a fair attendance and those present enjoyed a very profitable and interesting programme. The third chapter of Mott's "Decisive Hour of Missions" was discussed. This part of the programme tracent was led by Miss Field, who was assisted by Mrs. McPherson and Miss Harvey. Miss Hossack followed with a Bible reading, which bore very appropriately on the subject which had just been discussed. Mrs. Barnard gave a bright and interesting talk on her recent visit to England during the cornation. She spoke particularly of the children's fete of June 30, when one hundred thousand school children were the guests of the King at the Crystal Palace. day evening, with the president, Mrs.

was encouraged by the quick collapse of the vigorous bull inovement with which the week began, and the drift of prices was downward. Pressure was most nottceable against the trans-pontinental railroad stocks, U. S. Steel showed good resistance to selling, and ruled slightly above yesterday's closing despite the weakness at other points. The buying of this stock was stimulated by further report of improved trade conditions. A break of 1% to 3%, a. w record in Great Northern Ore certificates, attracted some attention, because of the persistent reiteration of rumors that the dividend would be passed. Railroad stocks lost ground steadily. Canadian Pacific fell 1%, and Union Pacific and New York Central 3. Bonds were easier.

Walkerton Workman Had Very Close Call While Repairing Boat.

[Special to The Advertiser.]
Walkerton, Dec. 13.—Joseph Ernst, foreman for Truax & Co., boat-builders, had a miraculous escape from being drowned, when while he was at work in a buikhead repairing a wheel in some unexplained manner, the water got in and completely filled up the pit. Ernst was held down by some timbers for such a length of time hefore he could free himself, that when he finally got out of the water he was completely exhausted, and would have been gone in a few moments more.

with kidney trouble do not know the suffering and misery which those afflicted undergo.

Weak, lame or aching back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged.

Doan's Kidney Pills are a specific for all kidney troubles.

Mrs. W. R. Hodge, Fielding, Sask, writes:—"A few lines highly recommending Doan's Kidney Pills. For this last year I have been troubled very much with nasty sick headaches, and a weak, aching back which caused me much misery, for I could not work and had no ambition for anything. My kidneys were very badly out of order, and kept me from sleeping at nights, I tried many kinds of pills and medicines but it seemed almost in vain. I began to give up in deapair of ever being well and strong again, when a kind neighbor advised me to try Doan's Kidney Pills, which I did, and am thankful for the relief I obtained from them, for now I am never in trouble with a sore back or sick headaches. I will always say Doan's Kidney Pills for mine, and can highly recommend them to any sufferers."

The Best Treatment for Itching Scalps and Falling Hair

To allay itching and irritation of the scalp, prevent dry, thin and failing hair, remove crusts, scales and dandruff, and promote the growth and beauty of the hair, the following special treatment is most effective, agreeable and economical. On retiring, comb the hair out straight all around, then begin at the side and make a parting, gently rubbing Cuticura clintent into the parting with a bit of soft fiannel held over the end of the finger. Anoint additional partings about haif an inch apart until the whole scalp has been treated, the puice scalp skin rather than on the hair. It is well to place a light covering over the bair to protect the pillow from possible stain. The next morning, shampoo with Cuticura-scalp and hot water. Shampoos alone may be used as often, as agreeable, but once of twice a month is generally sufficient for this special treatment for women's hair.
