## PREMIER DRURY AND MINISTERS ARE SWORN INTO OFFICE TODAY

### YUDENITCH PREPARES FOR NEW ATTACK ON PETROGRAD

#### PREMIER E. C. DRURY AND MEMBERS OF HIS CABINET TAKE REINS OF OFFICE

Government of Ontario Now in Charge of Farmer-Coalition Cabinet and Members—New Ministers Are Sworn Into Office by Lieutenant-Governor Hendrie This Forenoon—Nelson Parliament, M. P. P., of Prince Edward, Likely To Be Selected As Speaker of the Legislature.

Toronto, Nov. 14.—According to schedule the Government of the province of Ontario passed into the hands of the farmer-coalition cabinet, headed by Hon. Ernest Charles Drury, shortly before noon today, when the new premier and his colleagues were sworn in at Government House by the lieutenant-governor, Sir John Hendrie. They then proceeded to the legislative buildings, where they were introduced to the staffs of their respective departments to whom in every case each new head was practically a stranger.

But one member of the new cabinet, Hon. Beniah Bowman, M. P. P. for Manitoulin, and minister of lands, forests and mines, was a member of the last Legislature, and none of the others have ever held seats in the Ontario House. Seats in the present Legislature have yet to be found for the premier, and for Hon. W. E. Raney, attorney-general, and Hon. Manning W. Doherty, minister of agriculture, but it is understood that various offers of retirements from elected candidates have been received to cover these.

This afternoon the Drury Government council held its first official meeting. Many matters were awaiting immediate attention.

The question of the election of a Speaker for the new House has still to be decided. It is stated in some quarters that Nelson Parliament, Liberal M. P. P. for Prince Edward, who also had U. F. O. backing, will probably be the man for this position.

#### U.S. LABOR SECRETARY LOOKS FOR SATISFACTORY ADJUSTMENT OF DEMANDS OF COAL MINERS

Conference Between Men and Operators Is Being Held At Washington Today—Fuel Administrator Garfield Is Expected To Act in an Advisory Capacity—Operators Are Willing To Arrange Settlement.

Washington, Nov. 14.—At the conference of coal miners and operators from the bituminous coal fields beginning at 2:30 p.m. Secretary of Labor Wilson, acting as mediator, hoped a lasting settlement would be reached of the difference which led to the recent soft coal strike. Fuel Administrator Garfield has accepted an invitation from Secretary Wilson to attend and likely will act in an advisory capacity, although exactly what part he will play in the proceedings has not been announced.

#### Miners Remain Out Pending Outcome of Coal Conference

Chicago, Nov. 14.—Only slight increase in the amount of bituminous coal produced throughout the country was in prospect today. The miners generally showed a disposition to wait developments of the meeting today at Washington. The operators, on the other hand, were more active. They had completed the situation brought about by the lack of a desire on the part of workers to resume production in response to the strike recall message sent out by John L. Lewis, acting president of the United Mine Workers of America, under direction of a federal court mandator. In the Springfield, Illinois sub-district, speaking, what they said was the position of the entire Illinois membership, said that there would be no coal mined until after the miners' operators' conference reached an agreement. In West Virginia, reluctance of the miners to return to work, especially in the northern districts, was attributed to machinations, largely of the L. V. W., and other radical agitators.

The Advertiser's Big Puzzle Contest closes tonight at 10 o'clock. If it is not convenient to call, mail your answer not later than 10 p.m. Contestants outside of London have the same privilege of mailing solutions as late as 10 o'clock Friday night. No money has to be paid with the solution of this puzzle. Those who paid less, however, than the full amount in the main contest have the privilege of increasing the amount to the limit. Their doing so will not in any way affect the dividends those who paid the limit in the first contest might receive. It will, in the event of winning, be treated as an extra dividend, payable to the one who increased his original payment.

Only one solution of the second puzzle may be submitted. Once submitted the solution cannot be changed. If you haven't solved the problem, do so at once. Next week will be too late.

London, Nov. 14.—The Bolsheviks have been overthrown in Brest-Litovsk, a Soviet wireless dispatch from Moscow today advised. After fighting the insurgents there for eight days the Bolsheviks withdrew "underground." (This expression is commonly used in Russia to indicate the temporary abandonment of an attempt to control the defeated elements, retreating and abandoning open, organized effort for the time being.)

The communists assert that the Bolshevik army in Siberia had captured 20,000 tons of grain. Another announcement in the message was to the effect that 20,000 tons of oil were burned in a fire at Grouz, in the Northern Caucasus.

#### ONLY TWO DAYS MORE

Saturday, November 15, is the closing day of the Victory Loan campaign. There are still many Canadians who have neglected to become possessors of Victory Bonds. They are grateful for Victory, which crowned the valiant efforts of Canadian arms. They have shared the good times which have been the good fortune of Canadians in the period following the war. They wish prosperity to continue; but they have omitted to do their part in making that there will be jobs and prosperity for all in the future.

They should not let another day pass—or another—without discharging their debt to the soldiers who that they might live; to the warriors who are being stored to civil life.

Let the slogan of the last days of the campaign be "Clean up the war job once for all."

The most you can scrape together is the least you can afford to subscribe to the Victory Loan.

## Sing-Song Adds Cheery Touch to Sombre Routine of Jail

Kindly Interest of Y. M. C. A. Industrial Secretary Leads to Innovation—Opens New Field For Entertainment—Men Join Heartily in Choruses.

Clang! Somewhere below a bell rang out, breaking a silence that bespoke expectancy. As the echoes died away, a shuffling of feet was heard. Soon a group of men wearing prison clothes filed up the narrow stairs and quietly took their places on benches arranged around the wall of the great bare corridor, where a small group of people had gathered around Robert Liddle, industrial secretary of the Y. M. C. A. They had come to lead the men in a sing-song and to introduce a bit of cheer in their prison life.

The faces of the men bore a look of uncertainty, mingled with expectancy. Was this not an unheard-of thing, this invasion of the grey walls of a Canadian prison by a party of men and women seeking to aid the prisoners by leading them in a sing-song? Never in the history of Castle Carter had it occurred. Jail officials said it had never before happened in any jail in Canada.

The men hardly knew what to expect, but as the psalm from an ancient organ rolled down the halls, accompanied by the strains of a violin, their expressions relaxed, and the sound of all attention.

Asked to join in.

When the first song was announced and they were told to sing in night, they looked at each other dubiously, and although the song was known to most of them, they hesitated. But after a chorus after chorus of familiar songs was sung their reserve began to thaw and soon the young men were singing while the expressions on the faces of the older men softened and a look of interest crept into their eyes.

Secretary Liddle then asked them to whistle the songs. They responded with a will. As the whistles sounded above the others, a soldier boy still wearing his uniform was discovered to be expert in the art. He was brought to the front, and with several whistling solos delighting the listeners, he was being out the most backward. At one time he entertained the men at their request with clever imitations of the squeals of animals, but owing to a slight cold could not carry his program of imitations further.

Thereafter whistling alternated with singing. Everybody joined heartily in both, and not a little harmony was discovered among the men. They were asked to choose their own songs, which they did eagerly and the words of "Smiles," "Pack Up Your Troubles in Your Old Kit Bag," "Smile Awhile," and many other songs rang through the building.

Some Hesitation Felt.

Some hesitation was felt by the entertainers in asking the men to sing "Dear Old Pal of Mine," "Smile Awhile" and kindred songs, because they feared the words would make them feel badly, but these songs were the first chosen by the men, and as they sang them feelingly, more than one eye glistened with tears. The prison clothes were forgotten, and fancy carried more than one man beyond the prison walls to home and loved ones.

At the suggestion of one of the men, the last few numbers were sung while standing, and they went off with a swing. At the close of the last, a vote of thanks was moved by one of the men, and it was endorsed by hearty applause. Replying, Mr. Liddle promised that with Mr. Carter's permission a sing-song would be staged each week. Mr. Carter gladly gave consent.

As the men filed down the stairs they shook hands with Mr. Liddle, and with-out exception expressed their appreciation. "It is the finest thing that I ever saw," said one, and another expressed the wish that they could be held twice a week instead of once. After the men had gone below the party was shown through the jail by Mr. Carter, and as they passed through the corridors many of the men were heard humming as they prepared their beds and more than one "Good night, Mr. Carter," was heard. Assisting Mr. Liddle was Miss Isabel Armstrong and Miss Viola Taylor, the organ, with W. Manson playing the violin.

## RETURNED SOLDIERS MAY ORGANIZE FOR POLITICAL PURPOSES

Will Join, and Labor Alliance Will Be Sought, IN MUNICIPAL FIELD

Col. W. G. Coles Prominently Mentioned For Mayor.

At a meeting of the various soldiers' organizations of the city to be held in the rooms of the Great War Veterans tonight, an effort will be made to unite the returned soldiers for political purposes. This action was decided upon at a meeting of a special committee of the G. W. V. A. last night. Officers of the Grand Army of Canada, Army and Navy Veterans and other soldiers' organizations were invited to the meeting to be held this evening.

It is expected that a joint committee representing every soldiers' organization in London will be named tonight. This committee will wait until the election of the local Labor party before next Monday, and discuss with them plans for entering candidates in the next municipal election. Officers of the G. W. V. A. are confident that an alliance between the returned soldiers and the Labor men of London will be formed.

Col. Coles May Be Candidate.

President W. G. Coles of the G. W. V. A., and a former city controller, is prominently mentioned in veterans' circles as being the likely choice of the soldiers to represent them in the contest for mayor. Col. Coles is not looked upon by certain Labor men, however, as a good candidate for the mayoralty chair. One man prominent in the London Trades and Labor Council stated last night that he did not believe Col. Coles would secure the endorsement of the Labor party if he entered the field.

The returned soldiers' movement for the present is being organized for the purpose of entering municipal politics, but it is the intention of the organization committee to carry the movement into provincial and federal politics later on, according to a member of the committee last night. The Great War Veterans are opposed to Major Hume Cronyn, this member stated, and he is almost certain to be opposed by a soldier candidate should he seek re-election to office at the next Dominion election.

## DR. H. A. STEVENSON MENTIONED AS NEW SPEAKER IN ONTARIO

Report Says His Qualifications Will Be Recognized.

Although it appears that guessing is at an end so far as the personnel of the Provincial Cabinet is concerned, there is still one most important position to which the Legislature must assign some one of the supporters of the U.F.O.-Labor combination—the speakership.

Up to the present not a single guess has been made publicly as to the name of the man who will fill this city which seems to have more than mere possibilities of truth. The information is being handed around that Dr. H. A. Stevenson, member of the city and victor over Sir John Beck, is being considered for the speakership, because he has qualifications, largely to his municipal experience, which are not exceeded by any other member.

Stevenson, when asked if he had anything to say about the report, stated that he had seen no press in the press of a probable speaker and nothing was known until a name had been submitted to the House at its first session had received the support of party.

## DELIGHTFUL CONCERT GIVEN BY ASKIN STREET CHOIR

Two Cantatas and Solos by Albert Downing of Toronto Highly Appreciated.

Assisted by the celebrated tenor, Albert Downing of Toronto, the choir of the Askin Street Methodist Church, conducted by E. W. G. Quantz, gave a highly pleasing concert last night. A large and appreciative audience filled the church, and every number on the program was well received.

Two short cantatas, "The Song of Adonia," by Jensen, and "The Song of Victory," by Percy E. Fletcher, with the singing of Mr. Downing, were the features of the evening. The two cantatas were beautifully rendered, and the four numbers by Mr. Downing, with encores, were highly appreciated. He has a wonderfully clear voice, with a wide range, and held his audience spellbound.

"Les Noces de Figaro," by Mozart, played on the organ by Mr. Quantz; "Reverence," by Godard, a contralto solo, sung by Miss E. C. Cullen; a soprano solo, "Have You News of My Boy Jack," by Kipling-Gorman, sung by Mrs. J. Garfield; and a baritone solo, "The Song of Hybla," the "Cretan," and "The Drum Major," rendered by A. G. McCullough, were excellent.

Owing to illness W. T. G. Roberts was unable to sing "Farewell," as was stated on the program.

## What Thin Folks Should Do To Gain Weight

Good Advice for Thin Men and Women.

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-fads, physical culture stunts and rub-on creams, resign themselves to life-long skinniness and think nothing will make them fat. Yet their case is not hopeless. A recently-discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sick, nervous or faulty digestion and for strengthening the nerves. This remarkable discovery is called SALTGYN. The best strength-giving, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere.

A month's systematic use of SALTGYN should produce flesh to the extent of at least 10 pounds, of correcting faults of digestion and by supplying highly concentrated fats to the blood, increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided.

NOTE.—While SALTGYN has given excellent results in the treatment of nervous indigestion, it should not be taken longer than five days at a time by those who are not willing to gain at least ten pounds in weight.—Adv.

## SHE DARKENED HER GREY HAIR

Tells How She Did It With a Home-Made Remedy.

Mrs. E. H. Boots, a well-known resident of Buchanan County, Ia., who darkened her grey hair, made the following statement:

"Any lady or gentleman can darken their grey or faded hair, and make it soft and glossy with this simple remedy, which they can mix at home. To half a pint of water add 1 ounce of bay rum, one small box of Oriz Compound and 4 ounce of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the grey hair is darkened sufficiently. It does not color the scalp; is not greasy and does not rub off. It will make a grey-haired person look 10 to 20 years younger."

## WHO WILL ASSIST TO SAVE JEWS IN RUSSIA AND POLAND?

Campaign Under Way to Bring Many Here.

There is a movement on foot in Canada to rescue as many Jews as possible from Poland and Russia, where these people are in constant danger of persecution and annihilation. This movement is being conducted by the Canadian Jewish Congress, a body of 210 delegates, elected from every city and town in Canada, which is acting in accordance with the Canadian Government in seeing that as many as possible of these unfortunate people are registered and vouched for by the Jews of Canada, for the Canadian Government will not issue permits for the immigration of Jews who are not vouched for by others of their own race living in this country. Jews who have relatives in the old country, and will stand surety for them, are asked to register their names with the nearest committee as soon as possible, so that the Jewish Congress may apply for permits for them. Even those who have no relatives in Russia or Poland are being asked to register and assist in this work of rescuing the people of their race from destruction in Europe.

## WHY NOT READ THE BIBLE?

There is a real campaign on foot for the Bible Society, and it is one that is worthy of perhaps more consideration than most of the campaigns now in vogue. What you consider the fact that the Bible is a book that you can always read and enjoy, and that the Bible Society is sending it to every man, woman and child in the world who can read print. It should be a privilege for you to see that every one is provided with a Bible.

A SMALL DEPOSIT WILL HOLD ANY ARTICLE UNTIL CHRISTMAS.

## Cowan's Colossal Hardware

125-127 Dundas Street. THE STORE WITH A STOCK. Two Phones, 3461-3462. STORE CLOSING 6 O'CLOCK EVERY NIGHT.

## Sixth Anniversary of a Successful Business

Father Time moves forward another notch, and the sixth and most successful year of its business has been added to the life of the Standard Drug Store in London. The first store was opened at 252 Dundas street, November 14, 1913, at 10 o'clock in the morning. It proved a popular move, and patronage became so great that a second store at 244 Richmond street was opened to accommodate the increasing transient trade. London kept on growing, and with it the Standard business, for within a short time it was found necessary to open another store, this time right in the heart of the business section, at 174 Dundas street. A little later a fourth store was opened in East London, at 664 Dundas street, and because the residents of St. Thomas wanted a store of the same description a fifth store was opened there on Talbot street. Business grew with each year until it became so large it was decided by the firm to open a warehouse and central distributing office in the Greene-Swift Building, where all goods are received and sent out to the different stores.

## MUST BE REMANDED

One of the men who had his fine paid for him by a comrade yesterday, bobbed up in police court again this morning to answer to another charge of being drunk.

"Thank you, sir," said the prisoner, as he sank back in the old police court dock.

He stated that his age was 20 years, and when questioned as to the township in which he lived he answered first that he was a resident of Dorchester Township. A few minutes later Johnston said he came from London Township, then later changed it to Westminster Township. The warrant states the reason for the arrest as that of insanity, and that the prisoner is not in a fit state to be given in charge of a constable to be kept in a private residence.

## HAD TO GO TO BED HEADACHES SO BAD

MILBURN'S LAXA-LIVER PILLS MADE HER WELL.

When your liver gets sluggish and inactive, your whole health suffers. ## LONDON BREAKS ALL PREVIOUS LOAN RECORDS

City Passed Second Objective On Thursday.

GRAND TOTAL \$8,799,100

Third Objective of Additional Million Expected To Be Passed by Saturday Night.

Victory Loan headquarters were jubilant last night, and well it might be, for the city not only passed its second objective of \$5,300,000, but went a long way toward another million. The total now stands at \$8,799,100, with the total for the day being \$555,300. Of this amount the salesmen brought in \$355,300 for 735 subscriptions, while the specialists netted \$200,000. The total number of applications to date is 6,444.

London has done so well that the Ontario executive has increased the objective to \$9,300,000, or \$2,000,000 more than the original objective. However, Chairman George M. Reid is not after an even \$10,000,000, and if anyone can get the ten million it is George M. Reid.

"I told Mr. Clarke, the organizer, that we would get \$10,000,000, and we've got the best chance in the world," said Mr. Reid, who was highly delighted at yesterday's results.

Laugh on Ottawa. Mr. Reid received a telegram from G. H. Wood of provincial headquarters last night which read: "Hurrah for London and its chairman. You must be making Ottawa feel sick."

However, Ottawa is not downhearted, and apparently has something up its sleeve if the following telegram received from J. F. Onda of Ottawa means anything: "Congratulations on your success in London. You are doing a great thing for the country. We are all proud of you."

The London and Western Trusts Co. has subscribed for \$10,000 worth of bonds, while the employees have won an honor flag, subscribing 27 per cent of the annual \$25,000 prize.

The Woodmen of the World have taken bonds to the value of \$100,000, making \$220,000 that the W.O.W. hold of Government loans.

McClary's Win Honor Flag. The McClary Manufacturing Co. have won honor banners for their plants while the military organization under Major Frank Sperry of headquarters, with an objective of \$25,000, has subscribed for \$30,000. Harry Barty, chief salesman at headquarters, reported the heaviest day yet in bond selling, while following are the amounts brought in by some of the salesmen yesterday: R. D. McEwen, \$20,000; Capt. Bell, \$17,100; R. A. Anderson, \$15,000; J. McGuffin, \$9,500; W. J. Gray, \$9,550; G. Y. Lang, \$8,500; P. B. Porter, \$8,000; D. J. Roberts, \$7,000; D. Logan, \$4,100; A. H. Green, \$4,000; Capt. Lowry, \$3,600; G. Francis, \$3,500; E. E. Shaw, \$3,200; L. Day, \$3,450; Walker, \$3,400; C. B. Laur, \$2,500.

Special Factory Prize. The Sherlock-Manning Company is offering a \$50 prize to the employee offering the lucky bond number in the factory. Under the supervision of W. N. Manning the employees are getting big results in the Victory Loan drive there.

Local headquarters received a congratulatory telegram from Chairman H. Wood of Toronto, in which he thanked London for its magnificent contribution yesterday.

Ottawa would go beyond last year's figures of \$90,000,000 in the last two days of the campaign. The employees of the London Life Insurance Company have not only won an honor flag but have added nine credits to it. The employees have subscribed 33 per cent of the annual payroll, which, it is believed, will be a record for the city.

## Picked Up Eight Cases of Liquor Along Tracks; Lineman Imbibes Too Much, Reaches Police Court

Proceeds of Robbery by Unknown Persons From Car En Route From Walkerville to Winnipeg Is Found by Workmen.

Somewhere between the east end and yards of the C. P. R. in London and Thamesford a perfectly good earload of whiskey contained from Walkerville to Winnipeg, was broken into at least a dozen cases of Hiram Walker's best imperial whiskey scattered along the right-of-way two days ago.

The linemen, working their way along on a handcar, were the first to discover the robbery, for they saw several cases of the hot stuff in a ditch near Crumlin, and lost no time in putting as much as possible in their respective tumblers, where not even the best of C. P. R. sleuths could recover it.

One of the men, however, put away too much and consequently was gathered in by the law. He stood up in the police court today with a black eye of respectable proportions adorning the upper left-hand corner of his visage.

"You were drunk," queried the court. "I guess I was," replied the prisoner with a smile.

"We don't want any guesswork. Were you drunk?" asked Magistrate A. H. M. Graydon.

"I'm guilty, sir," came back the lineman. "Where did you get your liquor?" was the next question asked by the court.

"I picked it up," he replied, "along the tracks. I saw several cases of liquor scattered along the right-of-way, and I picked it up."

"There is no suggestion that the man stole this whiskey, is there?" asked the court. "None whatever," was the detective's reply.

"Very well. Ten dollars and costs," came back the magistrate addressing the prisoner.

District Investigator O. M. Delisle, of the C. P. R., when called by the court, admitted that the car had been broken into, but declared that he had nothing for publication in the matter as yet.

### HARDWARE PRICES ON UPWARD GRADE AGAIN

Hardware and Metal, November 15, will say: "There still continues a decided upward trend in the prices of hardware this week, and many important changes have taken place. The continued industrial disturbances are causing serious shortages in some lines, but jobs as a body are generally trying to steady prices by selling at the office quotation, but claim it is necessary to charge a premium where they have to buy directly at a higher figure."

"Domestic ammunition shows a decided advance, which averages about 20 per cent. Prices of new steel are also higher, and a 10 per cent. rise in the price of 3 cents per ton, steel at the mills advanced 30 cents per ton, and this has been reflected in the price of floor hinges, etc., are 10 per cent. higher. Valves and cocks are also marked up.

"Not so with the new steel, for the spring delivery of bluestone, and are quoted at 114 cents per pound. Churns have followed other runners of woodenware, and an advanced price of 6 per cent is noted. Red Star roofing also shows an advance. New prices are now available for sheet iron and galvanized ware, copper and enamelware, etc., which we reported to have advanced last week. Bar wire is 25 cents per spool higher than former prices. Cattle lead-ropes, wire and wire netting, etc., are quoted at much higher figures, while auger bit prices have been withdrawn.

### High-Priced Butter Is Principally Salt, Water and Coloring

Inferior Product Discovered On Markets in U. S.

Washington, Nov. 14.—Despite the high prices charged, butter consumers are in many cases getting large percentages of water, salt and coloring materials, officials at the bureau of chemistry, agriculture department, have announced today. Several shipments of inferior butter have been seized recently under the federal food and drug act, the statement said.

Federal standards require that butter shall not contain less than 82.5 per cent milk fat, yet all the butter seized, it was declared, has contained less than 80 per cent. Cost as low as a dollar a month, increase in the percentage of water, salt and coloring materials.

## Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind incombustible ashes, so the food and drink taken day after day leaves in the alimentary canal indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infect the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take internal baths. Before breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, influenza, constipation, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the 66 store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Reports from various officials were received last night.

## VAUDEVILLE ACTS AT GRAND PLEASE LARGE AUDIENCES

"The Red Lantern" With Nazimova Continues To Draw Large Crowds.

With the "Red Lantern" featuring the irresistible Nazimova, as the photoplay attraction and five splendid vaudeville acts, the week-end program at the Grand Theatre is made thoroughly enjoyable.

The "Red Lantern" is a play of mysterious China, which gives Nazimova a dual role and reveals the extensive range of her rare artistry. It is a play of deep undercurrents telling the tale of an Eurasian girl—the daughter of two races—who feels the conflict of alien bloods raging within her soul.

A comedy playlet, "The End of the World," is presented as the headline vaudeville feature, and it stars Sam Liebert in a humorous character role.

His amusing portrayal of the part and the abundance of humor and pathos in the act make it a splendid half hour's entertainment.

A highly amusing offering is that of Walter J. Hayes, who styles himself the "musical stationmaster." He displays his versatility to advantage, and makes his act a good opening number on the bill.

Entirely original feats on roller skates are performed by Collier and Wade, whose grace and pleasing stage appearance "put the cat over" with ease.

Allen and Layman, in their offering of "Kidding Kiddies," and Gilmore and Lemoyne in "Vaudeville French," both produce continuous waves of laughter and complete a program which is entertaining in every respect.

The Gallo English Opera Company, fresh from its very successful run at the Shubert Theatre, New York, is to be the attraction at the Grand Theatre, Friday and Saturday evenings at 8:15 and Saturday matinee at 2:30.

On Thursday and Saturday nights Gilbert and Sullivan's immortal masterpiece, "The Mikado," is to be the offering. On Friday night only Robert Planquette's beautiful romantic French opera, "The Chimes of Normandy," will be presented and at the Saturday matinee, Gilbert and Sullivan's immortal masterpiece, "The Mikado," is to be the offering.

The list of principals is an admirable one. The chief interest, of course, centres in the sensational Japanese prima donna, Hana Shimozumi, who is, to use a colloquialism, the "knockout" of the scene.

Miss Shimozumi, not only has a gloriously beautiful soprano voice, but is a consummate stage charm.

Other stars include Angela, bringing to the Gilbertian roles the spirit of true, undiluted comedy. Other notable names are: Leonard, Walter, Ethel, Mae Bagnall, Greta Riskey, Warren Proctor, Albert Parr, William Danforth, Louis Stewart, and Richard Dorr.

A fine chorus of fifty and a superb orchestra of twenty under the skilled direction of Max Bendish will serve in rounding out a fine perfect ensemble. Seats on sale next Tuesday.

"MICKY" COMING TO THE GRAND MONDAY, TUESDAY AND WEDNESDAY.

Carrying all former motion picture records with it, the super-picture "Micky" is a three-day, one-night, at the Grand. Monday next, "Micky," the mountain girl, whose adventures are presented on screen, breathes the very sunshine of life and happiness. It is a proper setting for the part of "Micky," who plays the part of "Micky," to great advantage.

On Saturday night, the Grand Opera House in Toronto, and on every show, both in the afternoon and evening, the house will be filled with the "Micky" at every performance.

usual vaudeville program will also be presented in conjunction with the picture. Regular prices will prevail during the engagement.

ST. THOMAS DOCTORS ATTEND WESTERN "U" PROFESSOR'S COURSE

At the request of doctors in St. Thomas and Elgin County, Prof. J. W. Crane of Western University Medical School has commenced a course on laboratory diagnosis at St. Thomas.

It is expected that the course will last ten days and will be almost identical with the one given to medical men from overseas at the medical school during September. The object of the lectures and accompanying demonstrations is to acquaint the doctors in attendance with the most up-to-date methods in laboratory diagnosis.

Dr. Crane has taken certain apparatus with him to illustrate his work under authority from the board of governors of the university. The course is offered in St. Thomas College Institute, which the Elgin Medical Association has secured for the purpose through permission of the city council. Already a dozen doctors have enrolled for the work.

INGERSOLL TRYING TO DOUBLE OBJECTIVE

INGERSOLL, Nov. 13.—Inspired by the success which attended their efforts today the local Victory Loan canvassers will now endeavor to bring Ingersoll's total to the million mark.

The town objective was \$500,000, but this was passed nearly a week ago. The applications turned in today amounted to \$38,650, swelling the previous total to \$812,200.

Throughout South Oxford results were correspondingly large today, being the largest since the campaign opened. The applications total \$211,100, making the grand total for the riding \$1,471,000.

All of the money has been reached their objectives. West Oxford went over the top today.

The two-night performance by the minstrels of the local G. W. V. A. was most successful and delightful, and large audiences attended. Last night many were unable to get even standing room in the town hall, and tonight there was another large audience.

**THE CABINET.**  
The province will wish Mr. Drury all suc-  
cess in the formation of his cabinet. We have  
been waiting with hands ready to applaud and  
a glance over the names semi-officially an-  
nounced sets most hands clapping. The men  
are new to the political life of Toronto, but  
most of them have been active in their home  
districts. Oliver Cromwell got his training for  
the protectorship by farming and public-spirited  
work in Cambridgeshire, and indeed the ancient  
spirit of Anglo-Saxon government is to proceed  
from local initiative as fundamental.

Among the ten or eleven gathered round  
the premier-designate may be noted four gradu-  
ates of the O. A. C., one D. S. O. with four years'  
war experience, especially in road construction  
and engineering, one lawyer of course, a former  
teacher, and one with third year standing in  
the University of Toronto. These farmers are  
men of liberal culture as well as of practical  
agriculture, and at least local political experi-  
ence. No men more typically representative of  
the Ontario people could easily be got together.  
It is a very idyllic cabinet in the best sense.  
Not a Sir in it!

Some regret may be felt in this part of  
the province that a western man has not been  
selected for the important post of minister of edu-  
cation. Western Ontario is not noticeably  
favored in any way as regards the cabinet posi-  
tions. It is calculated that if a line be drawn  
north and south somewhere near Kitchener, half  
the population of the province lies west of that  
line. This half of the province is represented  
in the new Government by one man, Mr. Peter  
Smith of South Perth, unless the members from  
Manitowlin and Fort William are counted. As  
for our southwest garden, it is left quite in  
outer darkness except for the rays from South  
Perth and North Perth.

The prohibitionist energy of the new ad-  
ministration is guaranteed by the appointment  
of Mr. W. E. Raney as attorney-general. There  
need be no fear of a resurrection of rum under  
his vigilance; he will chastise it with scorpions.  
Race-tracks, gambling, Sabbath-breaking will be  
rigorously and rigorously looked after, and if  
moves come under the control of the minister  
of education, Mr. Raney will be just the man to  
give him the help of the legal arm in putting  
down sin. If he attacks the combines, high  
prices and profiteering of manufacturers, job-  
bers and middlemen with the same energy, we  
shall delight in Mr. Raney. But no doubt Mr.  
Lucas was not the only one formerly to blame.  
We may hope to have a strong direction from  
Mr. Drury himself.

An irony of the situation is that Toronto,  
the scene of this agricultural rule, will be re-  
presented in the cabinet only by Mr. Raney. In  
the past Ontario has felt that Toronto had too  
much say in the direction of our affairs. The  
very location of government in the great city  
gave it an influence by pressure and contami-  
nation. But now, when Toronto has repented  
of its ancestral Toryism and turned half Liberal,  
it is made to suffer penance as well in having  
a representation on the cabinet exactly equal  
to that of Hamilton, or a little less. Oh, well,  
there is nobody at all from Woodstock to Wind-  
sor.

**GETTING READY FOR BUSINESS.**  
Canadian businessmen as a class have  
rallied strongly to the support of the Victory  
Loan, not merely as purchasers, but as "boost-  
ers." This is not true merely of the great  
cities, but of every one of the smaller indus-  
trial centres where local patriotism has been  
splendidly aroused. But there is still plenty of  
missionary work for businessmen to do be-  
fore the books close at the middle of this  
month.

The businessman has every public and pri-  
vate reason to get out and hustle for the Loan.  
Its success means a great deal to him. For the  
average Canadian businessman, Victory Bonds  
constitute an insurance plan. Business, in this  
country depends on the continuance of Cana-  
da's export trade to Great Britain and Euro-  
pean countries, which, for the time being, can  
only be built up and permanently maintained  
by the credit system inaugurated two years  
ago. To keep the credit system it is necessary  
that a large working capital should be pro-  
vided by the people of Canada, through a  
heavy over-subscription to the present Victory  
Loan. Its failure or partial failure would in-  
evitably have a very serious effect on business.  
It is probable that most businessmen have a  
keen realization of this; but if there is any  
man who is hanging back and trying to dodge  
his responsibilities he had better rub his eyes  
and look ahead. His own income is imperilled  
if the Loan does not go over on a splendid  
scale.

**AWAKENED CHINA.**  
China has experienced a revolution, long  
continued and of a confused nature. The Boxer  
rebellion of 1901 was the last outbreak of the  
old exclusive spirit. Since that day there has  
been a complete change in the outlook of the  
people. In 1911, the Manchu dynasty was over-  
thrown and a republic established. Its course  
has been difficult, but in the main, progressive,  
though some armed conflict between the North  
and South could not be avoided. Bandits have  
taken advantage of the unrest and of the lack  
of a strong central government. Yet, despite  
all the fighting and disorder, foreign mission-

stations have not been injured, and frequently  
the wounded of the two hands in conflict have  
been treated side by side in a Christian Hospi-  
tal. China declared war against Germany, and  
Chinese labor battalions were of the utmost  
service in Flanders.

In the meantime, with the rise of the Re-  
public has come a new national spirit, a re-  
alization of the inferior place that China formerly  
occupied in the eyes of the world. It  
used to be said that there was no  
patriotism in China. That will never  
be true again. There is a flaming desire  
for a strong nation, for the development of  
native industries and for universal modern edu-  
cation. Consider the position of 400,000,000  
people, the most industrious and thrifty in the  
world, set in a fertile and wealthy land. China  
has great areas of coal and iron ore, excellent  
possibilities of river transportation and of  
electrical development. It needs railways,  
machinery, capital, but above all, confidence  
and instruction.

The old system of literary education has  
failed. Long rows of examination booths,  
through which for centuries passed to honor  
and position, all the official personages of  
China are mouldering to decay. Western educa-  
tion, as provided in the Christian schools and  
colleges, established by the missionary enter-  
prise, has justified itself in the eyes of the  
people. The Government has realized that  
1,000,000 primary schools are necessary. That  
means the education and training of as many  
teachers, and the development of a public na-  
tional spirit in every village. No such task  
was ever before attempted. Only two per cent  
of the children are getting any education today.

Will China be materialistic or spiritually  
minded? If the people should rise into ener-  
getic production on modern plans, if the pur-  
suit of wealth should grow to a passion as it  
did in Germany, the seeds of a new conflict,  
infinitely more terrible than the Great War  
would be sown. At present, the literati are  
in a receptive state of mind. Students have  
been encouraged to examine the foundations  
of the Christian faith, and many of the national  
leaders are the product of mission schools. At  
Chengtu is a Union University, established by  
seven Christian denominations in co-operation.  
Thirty buildings are already erected. Thirty-  
nine are needed. Every educational institution  
established must be expanded. New schools  
are imperatively demanded. In like manner,  
the opportunities for all forms of evangelistic  
and social service work are endless.

The medical task is stupendous. The present  
death rate of China is at least fifty per  
thousand, as against seventeen in most regions  
of Canada. All plagues rage unchecked. Chol-  
era, bubonic, pneumonia and the contagious  
diseases now reasonably well controlled in Cana-  
da, have free course to decimate the population.  
All hospitals in China are understaffed, and  
many of them require additional equipment. For  
a population of 2,500,000 in one Chinese city,  
only one doctor is available. In Canada, there is  
one doctor to every 625 people. Through medi-  
cal missions, the way of approach to any popu-  
lation is made easy. Business houses expend  
large sums to create an "atmosphere" favor-  
able to their enterprises. The Christian  
churches have not realized the greatness of  
their opportunity in China and in other for-  
eign lands. Canada has a national interest,  
and a commercial interest in the spreading  
of the Gospel message. It helps to make the  
world a desirable neighborhood.

**LOAN MAKES US SHIPBUILDERS.**  
During the recent campaign on behalf of  
the Navy League, some light was thrown by  
speakers on what a Canadian built merchant  
marine will mean to us. The story was told  
of a large Canadian firm which tried to get  
shipping accommodation through American  
channels, and was refused because their own  
country had a reasonable preference in the  
carrying of remunerative exports. With the  
shipping shortage that exists in the world as  
a result of the submarine warfare carried on  
by Germany, it is necessary that Canada should  
build ships herself to carry her surplus pro-  
duction overseas in part, at least.

This the Government has been doing, and  
its course has incidentally provided employ-  
ment at high wages for large numbers of  
workmen. The man who buys Victory  
Bonds helps the Government in this very neces-  
sary, patriotic and economic enterprise. The  
present Loan tends to make shipbuilders of us  
all. It is but a small item, comparatively  
speaking, in the great purpose for which the  
1919 Loan is earmarked, but it is an enter-  
prise that sounds a note that should strike a  
responsive chord in everyone's breast. It sug-  
gests the growing power and resolutions of  
Canadians, and the man who buys Victory  
Bonds gives the only certificate of his approval  
that is worth while.

And stand sad and gray on the hillside,  
Their brightness and gaiety fled.

Farewell! The plains wave and are silent.  
The mountains grow sombre and grim,  
The wide lakes are grieving and sighing,  
The blue of their water grown dim.

The North Wind with boisterous swagger  
Is shouting "Good-bye" in the pale,  
And flinging the snow-cloud's confetti  
For luck after Edward of Wales.

The young warrior chief has departed.  
The rivers mourn many a mile,  
Henceforward how cheerless their journey,  
When lit not by "Morning Star's" smile.

May the Great Spirit give him good hunting,  
And a strong arm whose bow never fails;  
May the tribes wait long the returning  
Of young "Morning Star" of the trails.

When he stands in the castles of splendor,  
Of the heirs of the homeland, a guest,  
Will he think of the younger son's portion,  
The broad gleaming land of the West?

**ONTARIO'S NEW LEADER.**  
A new star has risen in the political firmament  
of Canada. Mr. Drury is the chosen leader of the  
United Farmers. Let us hope this luminary will  
have not only a brilliant rising, but that, in the  
course of his whole career, he will spread around  
him a lustre of once comforting and beneficent. Mr.  
Drury has a magnificent opportunity to show that  
he is a great Canadian and do for the union of the  
two great races what none of his predecessors were  
able to accomplish. Owing absolutely nothing to  
the lodges, and bound by no electoral promises, he  
will enjoy the most complete independence, and  
may have the clearest vision of the future of the  
bilingual education. We are anxious to see him  
at work.

**REFORESTATION AS A POST-WAR POLICY.**  
[Conservation.]  
An important item of post-war policy in both  
France and Great Britain will unquestionably be  
an extensive program of reforestation. Without the  
products of the planted forests of France, the pres-  
ent of the war would have been handicapped to  
an extremely serious extent. It is hardly putting  
it too strongly to say that, had it not been for the  
French forests, the war could scarcely have been  
won—certainly not without a considerably greater  
effort and much greater loss of life than has proved  
necessary. The limited timber supplies of the British  
islands have also proved so vital a factor in con-  
nection with the home situation that plans are being  
laid for a very extensive program of reforesta-  
tion waste lands at state expense or by state aid.  
The economic importance to Canada of her great  
forest areas is no less apparent. The value of our  
primary forest products exported from the country  
during the past year totaled \$200,000,000. The pulp  
and paper industry exports products are valued at  
about \$85,000,000 annually. The importance of per-  
suetuating a resource that is so largely in re-  
turn for our unfavorable trade balance can scarcely  
be over-emphasized.

The first and most vital necessary step toward  
handling our forests as crops, rather than as a  
source of revenue, is the Great progress  
has been made in this direction during recent years,  
though much still remains to be accomplished.

The next step should be the adoption and strict  
enforcement of improved logging operations on crown  
lands. The situation in this respect is least satis-  
factory in the Province of Ontario and on Dominion  
licensed timber lands in the West.

Another step, toward which extensive plans  
should soon be made, is the reforestation of the  
more accessible areas of non-agricultural lands, on  
which the forest growth has been completely de-  
stroyed by successive fires. That reforestation of  
valuable species by natural means cannot take place  
for a very long period of time, if at all. Such a  
policy of reforestation on crown lands must, as a  
rule, be carried out by governmental agencies, and  
account of the long-time investment involved before  
returns can be secured. Both Ontario and Quebec  
have provincial forest nurseries, from which many  
million young trees have been supplied to farmers  
and other private interests, and paper mills, and  
companies, and to a much smaller extent, to  
timbermen. The forest revenue from crown lands  
in these provinces is so large that the annual  
expenditure of a moderate proportion of that sum  
for reforestation of areas which would appear  
feasible and logical. Experience indicates  
clearly that such a project can be made attractive  
from the viewpoint of a long-time investment.

**THE FIFTH.**  
[Christian Science Monitor.]  
To the end of time probably the English school-  
boy will persist in regarding Guy Fawkes as a  
conspirator. It is a pity that he cannot be charged  
with the "goodfather and godmother in his baptism,"  
as the church catechism puts it, of the terrible in-  
cendiary, for he was apparently named Guy, and  
Sparks in the Low Countries. The name Fawkes  
is as a matter of fact, a variant of Faux or even  
Vaux, which accounts almost for anything in days  
when men spelled as they pleased, while, if you  
cross the channel to where the Fawkes originally  
came from, you will find yet another of its many  
variants in (declare it not in Gaelic) the sacred  
name of Foch.

The first of the Fawkes who came into England  
was, it would seem, Fawkes de Breauté, that famous  
soldier of the days of John Lackland, whose manor  
of Vaux was one day to become the resort of London  
fashion, and then to degenerate in a ticket station  
on the Southwestern Railway. Coming into the great  
city today, amid the grimy houses which seem to  
congregate around every big railway terminal, it is  
difficult to realize that less than a century ago  
Vauxhall was a clean little suburban village through  
which the coaches galloped as they cleared the  
outskirts of the town; while just a century before  
that, "Spectator" visited the gardens with Sir  
Roger himself, and heard the good knight compare  
them to a copy of his house in Worcestershire,  
which was itself "an aviary of nightingales." All of  
which, though it may have some bearing on the  
name of Fawkes, has no more to do than Sir Roger's  
wit with the Gunpowder Plot.

But, indeed, there are more extraneous things  
than Fawkes de Breauté's manor of Vaux bound up  
with the great plot. Is there not, for example, Dr.  
Dee's mirror? Dr. John Dee was a man after King  
James's own heart. The astrologer possessed of a  
magic mirror; and in this mirror tradition insists  
there was one day reflected the cellar under the  
Parliament House, the barrels of gunpowder, and  
Guido himself, and so the whole murder came out.  
Tradition is on any terms a most uncomfortable  
thing, but tradition embodied in the Book of Com-  
mon Prayer is well-nigh inexorable. Now, it so  
happens that, after the discovery of the plot, a  
service in commemoration of it was inserted in the  
Prayer Book; indeed, did not the judges themselves  
go to church in state, hereafter on the famous  
anniversary, and did not good Bishop Sanderson, in  
one of his sermons before them, express the pious  
hope that "God grant that we nor ours ever live  
to see November the fifth forgotten, or the solemnity  
of it silenced."

But to return to Dr. Dee, his mirror and the  
Book of Common Prayer. In the year 1571 his Most  
Religious Majesty George the Second being King in  
England, one Baskett, his printer, did issue an  
edition of the Prayer Book, wherein, combined with  
the Gunpowder Services was an engraving of the  
mirror, reflecting the houses of Parliament by  
a man carrying a dark lantern. Above this, on  
the right, was the eye of Providence illuminating the  
mirror with a ray of light; and, below, the legs and  
hoofs of the devil in flight. There you have the  
whole wonderful story; but, alas! the day and  
despite good Bishop Sanderson, just two and a half  
centuries after the worthy Guido was set upon and  
bound by Sir Thomas Kirtley and his men, coming  
out of his cellar beneath the House, conviction re-  
moved the service from the Prayer Book; and this  
in spite of the fact that generations of small boys  
in ranks convoked in Tophet, had for centuries of  
fifths permeated the streets incontinently im-  
plying all whom they met to

"Please to remember  
The fifth of November.  
The gunpowder treason and plot."

The great day of the "Guy" was probably some  
half century ago. Then it was that the effigy of the  
notorious criminal of the hour or that of the  
political politician, dressed in the most out-  
rageous ungarisade, was carried through the streets  
until in the evening it was set on top of the local  
bonfire, and disappeared in smoke and flame. Long  
after London's thousand "Guys" had disappeared  
from its streets the celebration was continued with  
unabated enthusiasm elsewhere. Its Ultima Thule  
was the town of Lewes, in Sussex. Here, after the  
rest of England, forgetting Bishop Sanderson, had  
written also "the fifth" and "Guy" continued to  
hold high carnival, and the huge bonfire, on the  
Downs at night, became one of the local sights.  
One interregnum in all those centuries there appears  
to have been. It was when James the Second was  
King, and Mr. Evelyn records solemnly his disap-  
pointment on the date of "6 Nov." that, "It being an  
extraordinary wet morning, I did not go to church,  
to my very great sorrow, it being the first Gun-  
powder Conspiracy anniversary that had been kept  
now these 80 years under a prince of the Roman  
religion. Bonfires were forbidden on this day; what  
does this portend?" What it portended the great  
distant was soon to learn. Four years later, he  
records, on the same anniversary, "The Bishop of  
St. Asaph's, Lord Almoner, preached before the King  
and Queen," the occasion, he adds, "being signalled  
by being also the birth-day of the Pr of Orange, his  
marriage (which was on the fourth) and his landing  
at Tor Bay this day." James had slipped away  
on a wet night, by the river stairs at Whitehall, and  
his daughter and son-in-law reigned in his stead.

Daily Short Story**

Newspaper Syndicate.)  
APPLES WERE RIPE.  
By Dorothy Douglas.

Evelyn roamed aimlessly, but with  
exceeding enjoyment, through the love-  
ly Long Island road. She hoped her des-  
tination would be the Nassau station,  
and thence by train back to the city,  
but Evelyn's country jaunts did not al-  
ways lead her in the direction she fan-  
cied she was going.

On this particular Saturday afternoon  
in late September she was anywhere  
but near the Nassau station. Evelyn  
was not, however, aware of this fact  
nor of anything save the extreme fresh-  
ness of the air and the joy of being  
away from the small office on Broad-  
way, where she read numerous stories  
by authors and authors vision and eyes.

Each Saturday as it rolled along in the  
summertime, found her far from Broad-  
way and sometimes too far in the  
heart of the country for her own safety.  
On more than one occasion she had  
been forced by the shades of night to  
beg a night's lodging in the nearest  
farmhouse.

Evelyn always reserved the time be-  
tween Saturday afternoon and Monday  
morning for herself. During the week  
she was at her desk, at the beck and  
call of anyone who chanced into the  
office, and so every week-end she gave  
to her own company and took her  
tramps alone. It was thus she managed  
to slip into her office chair Monday  
mornings with a clear vision and eyes  
unwearied and cheeks fresh with the  
color of new life.

One great big beautiful sun," she  
whimsically remarked to the crimson  
ball that was slowly climbing down be-  
hind the trees "you seem to have just  
dashed across the sky today, and yet I  
suppose you have really taken your  
leisure. Evelyn heaved a sigh, for this  
was Sunday evening and the next  
morning would have to see her. Her  
desk heaped high with manuscripts.  
She was awaking past an orchard in  
which the apples were red and ripe and  
casting their fruity fragrance into her  
hungry senses. Evelyn couldn't remem-  
ber ever having wanted anything in the  
way of food so much as she wanted  
some of those rosy apples.

Desire harnessed to physical ability  
tempted her to leap over the fence and  
plunder her choice from the orchard just  
as any small, hungry boy would do,  
but conscience made her proceed far-  
ther and perhaps secure her apples  
honestly from a farm hand.

Evelyn's real reason for her honor-  
able intentions by seeing a sign a bit  
farther on which stated that apples  
were for sale, and she pranced joy-  
fully across a dilapidated pathway,  
overturning with grape vines to a shock-  
ingly unkempt but curiously charming  
cottage.

She knocked in vain on the unlatched  
door, and finally with an unduly re-  
lentless persistence, she rapped on the  
door, and Evelyn's desire for apples  
only increased with the difficulty of  
procuring some.

Discouraged, she started away, but  
as she passed the odoriferous orchard she  
decided to help herself and leave pay-  
ment for what she took.

She selected six beauties, pondered a  
moment as to their selling price, and  
took a 6-cent piece out of her purse,  
rummaged among notes, powder puffs  
and numerous female appendages  
until she discovered an errand handker-  
chief. Into this she put her money, and  
with a short bit of string secured it to  
the branch of an apple tree—one that  
would catch the eye of the farmer when  
he should return to the ramshackle  
cottage.

Munching contentedly at an apple,

Evelyn continued her way along the  
road, and in the course of time she arrived  
back in the city and at her small apart-  
ment, the rent of which had been raised to  
a shocking height only the day  
before.

It was during the month of Novem-  
ber—Evelyn remembered well the day  
that she received a splendid story from  
one of the newer writers.

"Has many have been struggling for  
years and years," thought Evelyn, "but  
his name is only creeping about maga-  
zine circles now."

She had not forgotten the incident of  
the apples, because her brain seldom  
erased any of her wonderful stories of  
country rambles. They were all very  
precious to her, and this story coming  
from the pen of a vivid writer gave  
Evelyn a fierce hunger for the days of  
a summer past.

She knew, of course, that the author  
of the story was just one of the dainty  
accessories of a good story—that find-  
ing of fifty cents in a handkerchief tied  
to the branch of a tree. It had been  
brought into the story as one of the  
quaint experiences of one who dwelt on  
the broad country road.

So unusual was the coincidence of  
that idle moment of her own having  
drifted into this stranger's story, that  
very story having come into her  
own editorial hands, that Evelyn was  
tempted to carry on the other side of  
the tale. She wanted to dash into a  
taxi, take a train for Glen Cove and  
the ramshackle cottage, and the young  
author seated before a fire with his  
pipe in his mouth dreaming of more  
stories, fall madly in love with him and  
live happily ever after.

Instead of that, Evelyn dictated a  
most editorial letter to John Cuttison,  
telling him that his story was charm-  
ing, and offering him \$100 for it. She  
added also that she would be interested  
in meeting him should he be in town in  
the near future.

So John Cuttison was in town in the  
near future. In fact, he took the first  
train out of Glen Cove after he had  
driven down to the village and had  
and got his letter from Evelyn Monroe,  
editor of the "Boast."

It was as always happens in the best  
of fiction, a case of almost instan-  
taneous love—at least, the instant  
Evelyn found her hand in that of John  
Cuttison she had a wonderful feeling  
of contentment. John knew that with  
Evelyn's eyes looking into his he had  
found something he thought only existed  
in romantic fiction.

"Your cottage is painfully in need of  
paint," was the editor's stupid remark.  
"I will paint it next spring," John  
promised. "I was too busy gardening  
and writing all these stories that have  
been bringing me in big checks to do  
any doling up around the place." Hag  
his eyes been anywhere but fixed  
steadily on her face, John would have  
turned in surprise to ask: "And how  
do you know anything about my  
shack?"

"I happen to have been the poor city  
worker who purchased the house and  
left my best handkerchief!"

"By love, not by fate," Evelyn specu-  
lated a hundred times beside my fire as to  
the identity of that quaint wanderer, but  
never for a moment expected—A  
wonderful blue springer into the  
editor's cheeks reminded Cuttison just  
in time that he had only three minutes  
before Evelyn Monroe and that  
even in the best of fiction the hero isn't  
quite likely to propose on so short an  
acquaintance. "So—famous a person,"  
he tactfully finished, and watched the  
blush recede unwillingly.

"You are to be the famous one," Evelyn  
said with sweetly serious eyes  
on the author; "your touch is very, very  
charming. A rich and broad experience  
in life as you go along year by year  
should produce in you the power to be-  
come a writer of the highest order."

It was Cuttison now who flushed, but  
his eyes did not waver from the vision  
that was before them—a vision rich and  
broad and so wonderful as to make the  
editorial office seem a thing of fire,  
grace and flowers and blue skies.  
"I am on my way to those experi-  
ences," he said softly, "and am a fair-  
ly swift runner."

is a fine talking machine. When you see and hear it, you will agree with us. We can best  
express it, perhaps, by saying that every refinement in the talking machine art has been suc-  
cessfully incorporated into the design and manufacture of the Curtiss Aeronola.

The Reproducer, the Tone Arm, the Tone Chamber, the specially designed Horn  
and the Motor are the finest that money can buy. And they have been so  
blended with perfect cabinet-making as to insure a musical instrument  
that is truly "The Last Word in Talking Machines."

But there is nothing that can be said about any musical instrument  
that can do justice to its qualities or defects. It must be seen and  
heard to be appreciated.

We urge you, therefore, to go to the music dealer you ordinarily  
patronize and ask him to demonstrate the Curtiss Aeronola to  
you. Don't be put off with any other machine. Insist on  
seeing and hearing the Aeronola.

If it so happens that he hasn't any in stock, tell him

### SOCIAL AND PERSONAL

TELL IT TO THE SOCIETY EDITOR.

Mrs. Joseph Onderdonk of Hamilton, who was the assisting artist at the Women's Music Club last evening, is the guest of Mrs. J. R. Wainwright.

Miss Maggie Pierce, Mrs. J. M. Norton and the Mrs. (Rev.) Roy of this city are in Guelph attending the Baptist W. M. S. convention now being held there.

Miss Caroline MacDonald of Japan, daughter of Mr. and Mrs. Peter MacDonald of Central Avenue, is in Hamilton, where she will address the Dominion Y. W. C. A. convention on the "World-Wide Association Work."

Mr. and Mrs. Charles Wheeler were in Hyde Park last evening, when Mrs. Wheeler added several most enjoyable Scotch songs to the concert program given there. Harold Jarvis and Mrs. Wheeler of Detroit also appeared on the program.

About three hundred employees of the McCormick Manufacturing Company and

their friends enjoyed a jolly dance in the big dining-room at the factory last evening. These dances are held fortnightly and are continuing to become more popular as the weeks go by.

A very enjoyable social evening was spent at the home of Miss Mary I. Ford, Beckwith of Wingham, when three sisters were taken into Fern Lodge, No. 19, Lady True Blues. The evening was spent in games, speeches and songs, after which dainty refreshments were served.

A quiet wedding took place on November 12, when the Rev. W. J. Ashton united in marriage Miss Mary I. Ford of West Lorne to Chas. R. Reid of Dutton. The ceremony was held at the Wellington Street Methodist parsonage. The young couple were unmarried and after a short honeymoon will take up their residence on the groom's farm near Dutton.

**STANDISH-MONTEITH.**  
An interesting marriage ceremony was performed at the Wellington Street Methodist parsonage on Wednesday, November 12, when Miss Laura I. Mon. Standish of Toronto, was united in marriage to Leslie H. Standish of Toronto. The Rev. W. J. Ashton officiating. The bride was attended by her sister, Miss Mabel Standish, who was the bridesmaid. The ceremony was held at the home of the bride, where a reception was given. The young couple will take up their residence at 899 William street, and will be at home to their friends after January 1.

A very pleasant evening was spent at the home of Mr. and Mrs. (Rev.) J. H. Lambeth, when the young ladies of the North Street Church, with their friends, the young men of the church, and the young men of the church, were entertained. The evening was spent in games, speeches and songs, after which dainty refreshments were served. The evening was a most successful one, and the young ladies of the church were highly complimented for their efforts.

About ninety couples spent a most enjoyable evening when the office staff of the vocation department, soldiers' civil re-establishment were the hosts Wednesday evening. The hall was still gay with the Shriners' decorations and the colored lights were used effectively in offering moonlight waltzes played by the Harold Skinner orchestra. About midnight a dainty buffet luncheon was served.

The committee in charge of the arrangements for the dance included the Misses J. G. Thompson, McCarthy, Bulmer, Graham and Miller and Messrs. E. L. Storey, P. J. Lamb and F. Hunter.

Great shaggy mums and brightly glowing grate fires greeted the many callers who came out of the wintry weather yesterday afternoon into the home of Mrs. (Rev.) George Pugsley, 64 the first time since coming to the city. In the drawing-room and library many festive chrysanthemums were effectively arranged, while in the dining-room the handsomely polished table was covered with a cluster of bronze mums, beneath which was laid a beautiful cloth of unique design, the work of French refugees.

Presiding over the tea table was Mrs. C. C. Waller, assisted by Mrs. (Col.) Mrs. Miss Guest and Miss Hilda Pugsley. Mrs. Pugsley, who was a most gracious hostess, received her guests in a handsome gown of leaf-brown chiffon velvet, while her daughter, Miss Hilda Pugsley, was charming in cream embroidered net.

Mrs. Pugsley will receive in future on the first Thursday of every month.

**WALTERS-MANN.**  
The home of Mr. and Mrs. John C. Mann, Glanworth, was the scene of a pretty but quiet wedding on Tuesday afternoon, November 11, at 1 o'clock, when their daughter, Gladys Norma, became the bride of Mr. William E. Walters of this city.

The ceremony was performed by the Rev. W. Kitley of Lambeth. The bride looked charming in a gown of navy blue silk with georgette over dress, and carried a shower bouquet of gift, a sunburst of pearls. The bride entered the parlor, leaning on the arm of her father, to the strains of Lohengrin's Bridal Chorus played by her sister, Miss Vera Mann, violinist, accompanied by Mrs. J. A. Watson, both of this city.

After a dainty wedding luncheon Mr. and Mrs. Walters left for Hamilton, Niagara Falls and points east, the

bride traveling in a navy blue suit and large picture hat. After a brief honeymoon trip Mr. and Mrs. Walters will reside at 8 Johnston street, this city.

**SNELL-HOSKIN.**  
The home of Mr. and Mrs. W. Hoskin, 1,235 Dundas street, was the scene of a very pretty wedding, when their youngest daughter, Wreatha Edwena, became the wife of Mr. William Snell, son of Mr. and Mrs. James Snell, Clinton. The ceremony was performed before a beautiful bank of mums and ferns at 2 o'clock, Tuesday afternoon, Nov. 11, the Rev. Byron Snell of Hazel Street Methodist Church officiating. The bride entered the drawing-room on the arm of her father, to the strains of Lohengrin's Wedding March, played by Miss M. Wilkey of Quebec street.

The bride was charmingly attired in peach-blow crepe de chine, with trimmings of seed pearls, old lace and bands of white fur. She wore a corsage of Beauty roses and carnations. The going-away gown was a suit of dark green broadcloth with fur trimmings and hat to match.

Mr. William Snell, the groom, was formerly Sergeant Major Snell of the 6th Field Battery, having spent the full time of the war in service overseas. When he served he won the D. C. M. and was among those whom the prince decorated on his visit to London. To the pianist the groom's gift was a beautiful pearl and diamond pin; to the bride he gave a handsome case of silver. Amongst the many presents received by the young couple was a beautiful cabinet of Community plates, gift of the Parkview Laundry staff, a member of which the bride had been for over three years.

After a dainty wedding breakfast, amid showers of good wishes for their future welfare, Mr. and Mrs. Snell left on a short honeymoon trip to Buffalo and New York city. On their return they will reside at 899 William street, and will be at home to their friends after January 1.

The out-of-town guests included Dr. and Mrs. Croft of Perth, Mrs. Mary Snell, Hamilton, Mrs. and Mrs. James Snell, Mr. and Mrs. Eph. Snell, Mrs. Clara Snell, Mr. and Mrs. Howard Snell, all of Clinton; Mr. and Mrs. E. Bower of Detroit, Dr. and Mrs. K. L. Hoskin of Sarnia, Mr. and Mrs. T. L. Brown of Sarnia, Dr. and Mrs. G. Brown of Sarnia, and Mr. and Mrs. E. J. Brown of Sarnia.

## LONG DISTANCE CALL SAVES JEWELERS OF TORONTO \$20,000

Suspicious Dealer 'Phoned Montreal — Thieves Were Arrested.

TORONTO, Nov. 13.—A long-distance telephone call saved several local diamond merchants probably \$20,000 or more this afternoon and resulted in the arrest of G. S. Ralston and J. H. Rothman, who carried cards advertising their place of business as 146 James street, Montreal. When detectives picked the two men up on the street they found packages of loose and set diamonds and other stones valued at possibly over \$20,000, done up in four neat packages. The pair had arrived from Montreal in the morning, and were on their way to the station when arrested. Calling on Bernard Allen, a diamond merchant in the Continental Life Building, Ralston is said to have negotiated for the purchase of \$4,500 worth of loose diamonds and tendered a check for the amount. Allen had previously received an order from Ralston through a traveler some three months ago for \$2,500, and delivered the stones when the check given was presented and paid. This time he took the check and handed over the stones.

Becoming suspicious later he went to the Bank of Toronto and called up the Montreal Bank at Montreal. They replied that the check for \$4,500 had been marked for \$45. He then reported the matter to the police. In the meantime the pair from Montreal had visited other diamond dealers, according to the police. From A. Rosenthal & Co. they got a diamond cluster and some loose stones, and it is said they also managed to do business with several other firms. Another diamond dealer, J. Boss, is said to have been victimized for \$2,500 or more.

In all five diamond merchants of the city were visited. The two men were taken to No. 2 station and a charge of fraud laid against them.

## HUGE CROWD HONORS GERMAN SOCIALIST'S MEMORY AT FUNERAL

Remains of Hugo Haase Interred in Lichterfelde Cemetery.

BERLIN, Nov. 13.—(By the Associated Press).—The ashes of Hugo Haase, leader of the Independent Socialists, were deposited in the Lichterfelde Cemetery today.

It is estimated that 20,000 men tramped through six inches of slush, caused by the heavy snowfall, behind the hearse bearing the urn to the cemetery. The cortege was more than an hour in passing a given point. Mourners, red-ribboned wreaths formed a conspicuous feature of the procession which started from the Reichstag immediately after the conclusion of a memorial service held there.

## COAL OPERATORS SHOW A SPIRIT OF CONCILIATION

Ready To Meet Mine Workers Half Way, It Is Believed.

ONE STUMBLING BLOCK

That Is Question of Whether Old Agreement Is Still in Effect.

WASHINGTON, Nov. 13.—Coal miners and operators from the bituminous field of the nation will enter into negotiations here tomorrow for a wage agreement with the question of the time of termination of the Washington wage agreement of 1918, apparently as the chief stumbling block. Both miners and operators, on the eve of the conference at which the points in the dispute are expected to be settled, were hopeful as to the outcome, and expressed the belief that the question as to when the Washington agreement terminated could be disposed of through mutual agreement, along with the demands of the miners for a sixty per cent. increase in pay and shorter hours.

Announcement by the executive committee of the operators of the central competitive field, in a formal statement tonight, that the Washington agreement was one of the matters to be determined by the conference, was taken generally to mean that the operators did not intend to stand put on their contention that present contracts remain in effect during the "duration of the war" or "until March 1, 1920," in case of a satisfactory settlement was made with the miners on that and other points.

Conciliatory Spirit. It was said by those in close touch with the situation that the operators were going into conference tomorrow in a conciliatory spirit and would not insist on the interpretation that the war was not over, although their stand had been supported by the pronouncement of the administrator and the mandate of Federal Judge Anderson at Indianapolis.

The conference will begin at 2.30 o'clock instead of at 11 o'clock, the department of labor announced tonight, owing to the fact that John L. Lewis, acting president of the United Mine Workers of America, and other participants will not arrive until after noon. On account of the storm in the northwest states a number of mine officials and operators are not expected to arrive before Saturday or perhaps later.

## MEN ARE APPARENTLY DETERMINED TO IGNORE ORDERS OF OFFICIALS

SPRINGFIELD, Ill., Nov. 13.—Added signs of the determination of mine workers to ignore the order of miners' officials to return to work and symptoms said to indicate that insurgent forces in the state again were active, constituted the development in the soft coal miners' strike in the Illinois district today.

Meagre reports reaching mine workers' headquarters stated that the ranks of the strikers remained unbroken tonight.

Miners in the Springfield sub-district said there would be no resumption of coal hoisting until the joint scale conference, meeting tomorrow in Washington, had formulated an agreement, which they declared constituted the position of the Illinois membership.

Operators here today appeared to feel that production of coal in Illinois must wait on the outcome of the Washington wage scale deliberations.

## LLOYD GEORGE SAYS NO PEACE PROPOSALS MADE TO BOLSHEVIKI

Declares International Conference Proposed

TO TAKE UP PROBLEMS Which Peace Conference Has Found Itself Unable To Settle.

LONDON, Nov. 13.—Premier Lloyd George declared in the House of Commons today that no person at any time on his behalf had been interviewed by the British government in order to learn whether negotiations for peace might be opened, and upon what terms.

The premier announced that it was proposed to call, at an early date, an international conference, at which the ministers of the Allied and associated powers might consider the various problems which the peace conference had as yet found itself unable to settle, among which was the problem of Russia.

Referring to the so-called peace advance by the Bolsheviks, Mr. Lloyd George said the Allies had always declined to take action on communications purporting to come from hostile countries through responsible agencies, and he thought it inadvisable to depart from this practice.

The premier admitted that the Bolsheviks were rapidly approaching Zinsk. Admiral Kolchak was still there, and the fate of the place would only be decided as the result of battles that might be fought shortly in front of the city.

The premier announced that John R. McKinder, member of the House of Commons for the Balmachie division of Glasgow, had gone as a special commissioner to open trade and commerce with Southern Russia.

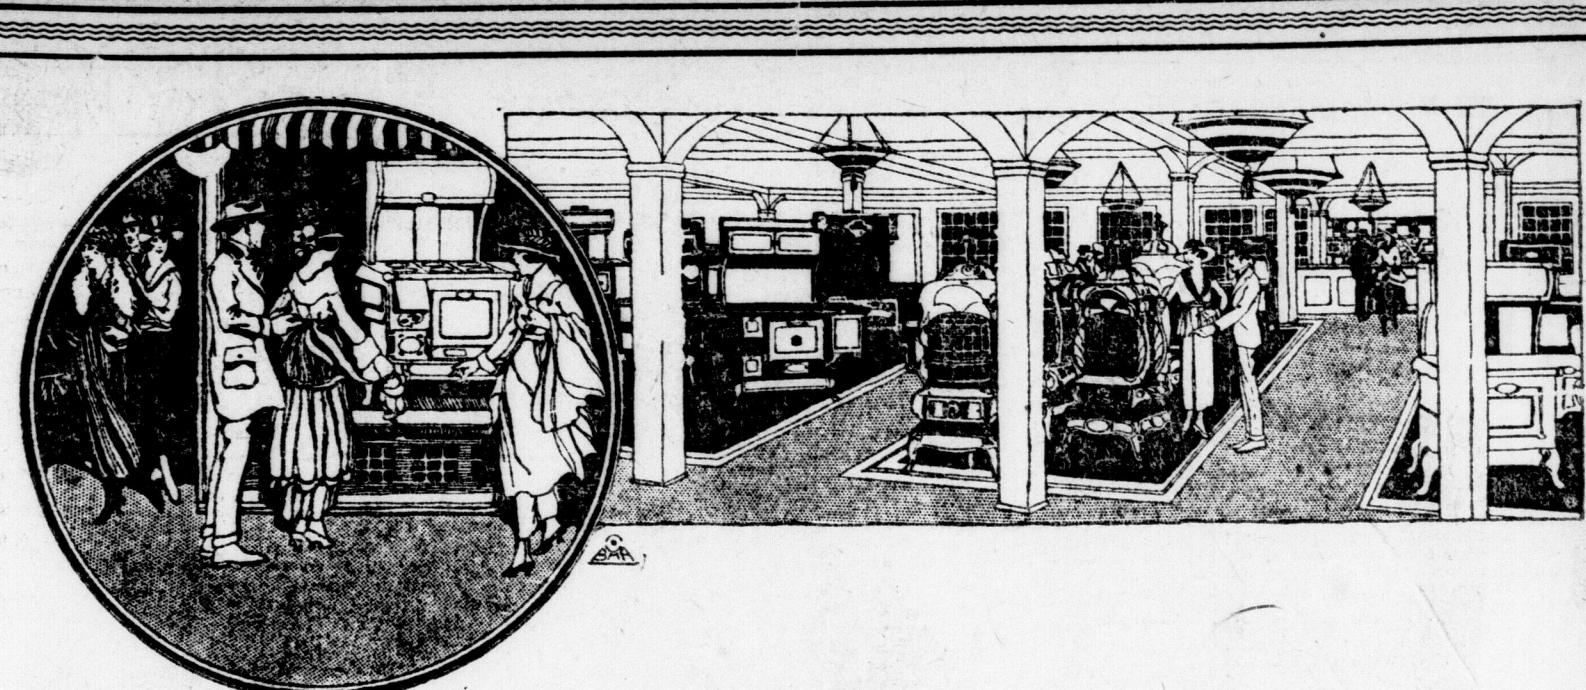

Settlement Essential. The settlement of the Russian problem, said the premier, was most essential to the reconstruction of the world, the conditions in that country, he declared, were contributing cause to the ravelling high prices. Likewise, he said, the German reactionaries were also using the present strife in Russia to strengthen their influence.

Mr. Lloyd George detailed the difficulties of the position of Gen. Denikin, anti-Bolshevik leader on the southern front, declaring that Gen. Denikin was holding, with a small army, a front of 1,200 miles, with marauding bands in his rear—a territory of such vastness that Denikin was unable to administer it properly.

The premier offered to give the House an opportunity on Monday next to discuss the Russian situation, but he pointed out the dangers of a public debate on such a delicate subject. Meanwhile he assured the members that the government would not inaugurate a new policy or burden the country with any fresh commitments.

Military attaches of all the allied armies were guests. A vivid bit of color was added to the scene by the presence, as sentries, of six-foot Scotch guards, dressed in their pre-war uniforms of scarlet tunic, blue trousers and bobbies.

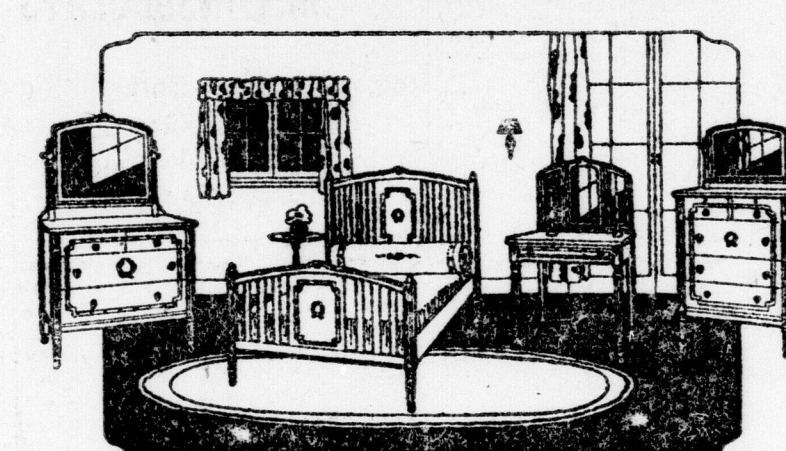

After conferring the decorations, the prince drove to the Protestant Episcopal Cathedral of St. Peter and St. Paul, which is in course of construction, and planted a tree in the grounds, near two plants placed by the Archbishop of Canterbury. The prince was accompanied at the cathedral by Bishop Alfred Harding.

## U.S. SENATE ADOPTS TREATY RESERVATION

Takes Issue With Wilson On Clause 10 of the League.

WASHINGTON, Nov. 13.—Squaring the issue with President Wilson, the Senate today adopted a reservation qualifying the obligation of the United States under article ten of the league of nations covenant. A solid Republican line-up, reinforced by four Democratic votes, put the reservation across, which the reservation won was 46 to 23.

The article ten reservation as adopted by the senate follows: "The United States assumes no obligation to preserve territorial integrity or political independence of any other country or to interfere with controversies between nations—whether members of the league or not—under the provisions of article ten, or to employ the military or naval forces of the United States under any article of the treaty for any purpose unless in any particular case the Congress, which under the constitution has the sole power to declare war or to authorize the employment of the military or naval

## MY HEART AND MY HUSBAND

ADELE GARRISON'S NEW PHASE OF  
REVELATIONS OF A WIFE

I shall never be quite clear as to the happenings of the second following my unfortunate turning of my car almost across the path of the one driven by Major Grantland. I heard a shout, and the next I knew there was a crash and I was thrown violently against Dicky.

I felt his arms around me, realized that he had tried to shield me from whatever was coming, realized also that while I was shaken I was not hurt, and straightened myself in his arms.

"I am perfectly all right, Dicky," I said reassuringly, for I knew from the torrent of inquiries he was pouring out that he was unharmed, and was only anxious about me.

"Are you sure?" Major Grantland's voice demanded from the other car, which looked as if it were welded into one.

Dicky looked at him startled. It was the first time he had recognized him apparently.

"Why, hello, Grantland!" he said heartily. "Can this really be you? Of all the queer meetings! I say, old chap, I hope we didn't spoil your car."

"Never mind the car," the other man returned a bit shortly, the while his eyes burned my face with their searching intensity. "Are you sure Mrs. Graham is not injured in any way?"

"Positively sure," Dicky returned, "thanks to you. If it hadn't been for the way you eluded that machine around I'd hate to think of where we all three might have been. You see, Mrs. Graham is having her first lesson in motor driving today, and naturally let her head. I am entirely to blame. I should have grabbed the wheel the moment I saw you."

I do not think that Dicky intended or was even conscious of the patronizing note in his voice as he explained matters. But that Major Grantland recognized it knew from the unmistakable resentful flash in his eyes. As

in the car. She has had shock enough. Besides, it is your car that is tipped. Mine is in no danger. I have been in similar mishaps across. If you'll just permit me to try reversing my car."

By the roadside.

"All right," Dicky said a bit sulkily, following me out of the car, and in another minute or two Major Grantland had skilfully drawn his own car away from ours, which was tipped as he had said, but which righted itself smoothly enough when the officer's machine was removed from it.

Then for what seemed a very long time I sat on a bank by the wayside while the two men took stock of damage done, and repaired minor injuries. At last I saw Dicky shake his head ruefully.

"It's the garage for my boat," he said dolefully. "I wonder where the nearest one is."

"Just a mile back in the next village," Major Grantland responded promptly. "I'll run down at once and send a man back."

"I'm mighty glad you're able to navigate your ship," Dicky said. "That takes some of the curse off. But it's a shame to put you to all this trouble."

"Let me worry about that, my dear chap," the other returned heartily. Then as his glance traveled toward me his voice and manner changed. "Look to Mrs. Graham," he called, starting toward me. "I am afraid she is ill."

for me, I found that I was watching those eyes with an intensity of which I was ashamed. But the mental transition had been too great for my poise. Grantland's Commands.

The last time I had seen him in Lillian's library he had been helplessly groping his way about a blind man. And here he was evidently in full possession of his sight, at least I could see no difference in his wonderfully brilliant eyes with the hint of steel in them which I remembered from my first memorable encounter with him. He must have had a miraculous recovery.

"I am afraid I was responsible for startling Mrs. Graham," Major Grantland replied. "The last time she saw me I was blind, to all appearances hopelessly so. My appearance with restored sight, driving a car, would be enough to startle more experienced drivers than she."

It was a patent attempt to excuse my shortcomings, one for which I did not particularly thank him, especially when I felt rather than saw Dicky stiffen slightly and heard him say with punctilious courtesy:

"You are very kind, I am sure. But don't think we'd better look those cars over?"

"Yes—after Mrs. Graham gets out," Major Grantland promptly responded. "They are looked here in such a way one of them may turn over when we try to separate them. If you will take Mrs. Graham away I will see whether my boat will reverse or not."

"Dicky threw back his head angrily. "What do you mean, Grantland?" he demanded. "Do you think I'm apt to let you pull off a stunt like that alone? Get out, dear," he turned to me, "and then Major Grantland and I will see what we can do with those machines."

"I beg of you, Graham," I heard Major Grantland say in a low voice, "not to distress your wife by remaining

Secrets of Health and Happiness  
Baldness Sometimes Due to  
Shock or Some Bodily InjuryBy DR. LEONARD KEENE HIRSHBERG,

DR. HIRSHBERG

Doctors understand the beauty and power of human tresses, especially to women. They are not only a source of pride, but a source of health. The hair is a kind of mirror, reflecting the state of the body. It is the only part of the body that is not renewed from within, but grows from the outside. It is the only part of the body that is not renewed from within, but grows from the outside. It is the only part of the body that is not renewed from within, but grows from the outside.

At present he is suffering from total alopecia, not having a hair on his body. The scalp was smooth, and did not present the slightest trace of a casual hair, not even a downy one. The teeth have also suffered, and the patient has found it necessary to have several of them drawn. The upper jaw shows three decayed molars, and two have been extracted.

There was a certain hereditary predisposition, an aunt of his after having typhoid fever, presented a similar sequence of circumstances.

The second patient noted by these observations was more fortunate. M. Henri, 33 years of age, was wounded on June 1918, by a double bullet wound of the right arm, which, owing to the conditions under which the disease supervened, presented peculiar features.

The first patient, M. Joseph, 28 years of age, was buried in March, 1918, by the explosion of a shell, and was dug out by his comrades. He was not sent to the rear, but from that time forth he ceased to feel quite himself, and a little by little he began to shed his hair. A year later he was sent back for general weakness and alopecia.

This man came as a patient suffering from shell shock, frequent attacks of headache, insomnia, dreams, nightmares, attacks of dizziness, frequent at

**Tomorrow's HOROSCOPE**  
By *Guinevere Kemble*  
SATURDAY, NOVEMBER 15.

The sidereal forces for this day operate to the detriment of all activities of a commercial or business nature. The Lunar opposition to Uranus makes all changes, removals or journeys hazardous and discourages any attempt that would lead away from the routine. Unplanned-for changes or abrupt visitations of any nature should be avoided, as these are attended with jeopardy. Avoid disputes and quarrels of all description, as these may lead to unfortunate litigation. In matters relating to the home and in all social or affectional affairs, the outlook is more encouraging and happy, as these are under the kindly ray of Lunar semi-sextile Venus, which should bring pleasure and profit.

Those whose birthday it is are advised to be careful in all dealings and to make no important change. Avoid quarrels and lawsuits. A child born on this day will be quick, impulsive, erratic and unreliable.

**"Tinker Bob" Stories**  
by Carlyle H. Holcomb

**A NEW NEIGHBOR.**  
Tinker Bob was enjoying a great feast. Sammy Squirrel had found some delicious chestnuts, and he could not enjoy his good things without sharing his pleasure with the king. Lady Duck had found a few remaining mandrake apples, and she was anxious to share them with the king. The king was in the forest, and the king was enjoying these also. Major Pole Cat had gathered a splendid supply of pennyroyal, of which Tinker Bob now made a delicious cup of tea. And Jack the dog found a few very berries which added wonderfully to the tasty meal.

"Ah, Ha!" said the king. "It is Mr. Ground Hog. What can I do for you today?"  
"I thought I was a stranger to you," said the ground hog as he came nearer. "How did you know my name?"  
"Through experience I have knowledge, therefore I know everything in the forest," replied Tinker Bob.  
"I am glad to know that the king of the forest is so wise," Mr. Ground Hog proceeded to tell his story. "I came to ask for help."

"I will be glad to help you, Mr. Ground Hog, if I am able," said Tinker Bob. "I have my home in the edge of the forest where the hunter and his hound will not find you. Tinker then said, 'And he invited Mr. Ground Hog to stay with him until the Chief returned.'"

### PRESIDENT WILSON, PROPPED UP IN BED, VISITED BY PRINCE

Wilson Tells History of His  
Huge Bed.

### "TEDDY" OCCUPIED IT

Late King Edward Slept in It,  
and So Did Abraham  
Lincoln.

WASHINGTON, D.C., Nov. 13.—President Wilson, propped in the great mahogany bed in which the late King Edward VII. slept, visited by the Prince of Wales, greeted the prince's grandfather in the royal king in the person of Albert Edward, Prince of Wales.

The prince was taken to the president's sick room after he had had tea with Mrs. Wilson and the president's daughters, Miss Margaret Wilson and Mrs. Francis B. Sayre. The visit to the White House followed a motor trip to Mount Vernon, where the prince laid a wreath on Washington's tomb and planted a young cedar before his resting place.

Soon after the president and the prince had exchanged greetings, the president noticed that his visitor was looking closely at the massive bed and told him its story—how the prince's grandfather had slept in it when he was entertained at the White House by President Buchanan, and of its being the same bed in which President Lincoln slept during his years in the White House.

**Asked After Family.**  
The president inquired of the prince as to his father, mother and sister, and mentioned particularly the pleasure with which he received a cablegram today from Queen-Mother Alexandra.

The meeting between the prince and the president was much the same as might occur between any healthy normal boy with a keen sense of humor and a middle-aged statesman whose cares have not driven the gift of laughter from him. The president laughed heartily at the vivid and humorous account the prince gave of his experience since his arrival on the American continent. The conversation between the two covered a wide range of subjects, and after the prince had left Rear Admiral Grayson, the president's personal physician, said that the president's spirits had risen as a result of the visit and that he had enjoyed it greatly.

**Enjoyed Drive.**  
The prince was accompanied to Mount Vernon by Vice-President Marshall and Secretary Lansing, and he seemed to enjoy thoroughly the drive through the autumn-tinted Virginia woods with the sun shining for the first time since the royal visitor entered the United States.

Arriving at the entrance of the grounds of the Washington Mansion the prince passed through a long line of infantrymen at "present arms," on his way to the tomb. He remained there only a few minutes, and passed on to the Washington Mansion. Examining the relics within the Mansion, the prince showed both a youthful curiosity and a student's interest, and was particularly attracted by a photograph taken of his grandfather, when he visited Mount Vernon.

Looking at the photograph closely, the prince remarked: "I see grandfather wore a pug hat. I wonder if I should have done the same?"

**Signed Register.**  
Before leaving, he signed the voluminous register of guests, and was introduced to Miss Alice Riggs of Washington, a survivor of the party which

welcomed his grandfather to Mount Vernon in 1860.  
Prior to the trip to Mount Vernon, the prince decorated eighty American soldiers and enlisted men and seven Red Cross nurses. Tonight he was the guest of honor at a dinner at the British embassy, and later members of the diplomatic corps greeted him at a reception given by Viscount Grey, the British ambassador.

The prince will conclude his visit in Washington tomorrow with a call on Mrs. Marshall, wife of the vice-president, who has been unable to attend the functions given in the royal visitor's honor because of illness. He will then go to Annapolis to see the naval academy and review the midshipmen.

**U. S. GOVERNMENT WILL  
MAKE NO COMPROMISE**  
Washington, Nov. 13.—There is to be no compromise with the Bolshevik Government in Russia by the United States, and no movement is contemplated which could be considered as

offering to confer with the Bolshevik elements in that country, it was learned today at the state department. Officials said there had been no exchange of notes between the Onak Government and the British nor any other government, concerning suggestions that a conference with the Bolsheviks be undertaken.

This country's attitude is the same now, it was said, as it was last year, when Secretary of State Lansing appeared to the civilized nations of the world to declare the Bolsheviks outlawed. Emphasizing that there could be no compromise with the Bolsheviks, officials said racial outbreaks in the United States were largely due to Bolshevik influences.

**DUNDAS GIRL WILL  
RECOVER FROM POISON**  
DETROIT, Nov. 13.—Reta Brown, the 13-year-old Dundas, Ont., girl who swallowed poison yesterday with suicidal intent because she had been reproved by an older sister for late hours will probably recover, physicians at Receiving Hospital stated today. Mrs. Bessie Brown, the girl's mother, arrived here this morning from Dundas and will remain with her until she is fit to go home. Miss Brown was repentant today and admitted she lost her temper because she was not allowed to select her own associates.

### Rumania Will Sign Austrian Peace Treaty

Telegram Reaches Supreme  
Council After Session  
Closed.

PARIS, Nov. 13.—(Havas.)—According to the Presse de Paris, the session of the supreme council had just closed today when Victor Antonesco, Rumanian minister to France, and Gen. Cosma, former premier of Rumania, transmitted to the French foreign office a telegram from the Rumanian Government, sent November 6, but which only reached Paris Wednesday.

The telegram, says the newspaper, announced that Rumania had decided to sign in its entirety the treaty of St. Germain (the Austrian treaty) without entering reservations on the article concerning minorities, but would

demand an understanding with the parties to the compact as to a friendly spirit in the application of this article. The council was unable to deliberate on the communication.

### LENINE HINTS THAT NEXT MOVE MAY BE DIRECTED AT INDIA

LONDON, Nov. 13.—Nicolai Lenin, the Russian Bolshevik premier, has sent a letter to Turkistan Communists in which he says that the restoration of communication between Bolshevik Russia and Turkistan "opens the way for a struggle against universal imperialism, headed by Great Britain."

The message is interpreted here as a hint at operations in the direction of British India.

The meeting has been arranged by the inter-racial council through its committee on international affairs, of which Mrs. David Rumsey is chairman. It is expected to be one of the most picturesque incidents in the American itinerary of the prince.

The following are the racial groups who will be represented in the delegation to call on the prince: Armenian, Belgian, British, Canadian, Carpathian, Russian, Chinese, Czech-Slovak, Danish, Dutch, Estonian, Finnish, French, Greek, Hapanic, Italian, Japanese, Magyar, Norwegian, Polish, Portuguese, Rumanian, Russian, Swedish, Swiss, Syrian, Ukrainian.

### Striking Miners Find Their Services Not Greatly in Demand

BIRMINGHAM, Ala., Nov. 13.—Coal miners who offered to return to work today in the Alabama district were met with statements that a surplus of workers existed, and that they would have to stand a physical examination before they would be allowed to return to work, according to J. L. Clemo, secretary of the Alabama district, No. 20, United Mine Workers of America.

## NO UNDERTAKER WILL BURY THE LYNCHED. W. W.

Body Therefore Now Lies in the Jail At Centralia, Wash.

SMITH CONFESSES

Identifies Four Prisoners As Being Present During Shooting.

CENTRALIA, Washington, Nov. 13.—Police and former soldiers today continued to seek alleged members of the Industrial Workers of the World, who were involved in the fatal shooting Tuesday of four former soldiers during the armistice day parade.

Britt Smith, an alleged member of the organization, it was announced, identified four of the men held in jail here as men who were in the radical headquarters when the parade passed. The shooting was followed by the lynching of Ernest Everett, whose body was in the jail today as no undertaker would bury it.

Everett at first was wrongly identified as "Buck" Smith. The four former service men will be buried tomorrow at a public funeral, which will be attended by their comrades-in-arms.

Members of the American Legion have been guarding the jail since the shooting.

**Soldier Fired On.**  
Early today George Paxton, a former soldier, was fired upon as he was patrolling the road between Centralia and Chehalis, to which town four of the prisoners had been removed. The person who fired the shot has not been apprehended.

Prosecuting Attorney Herman Allen has been instructed by the federal district attorney of Western Washington to place murder charges against prisoners against whom Allen has evidence. Conspiracy charges will be filed against the others, it was announced.

Smith, in his confession today, said all of the men in the Industrial Workers' headquarters on Armistice Day were armed, and he is said to have declared he "guessed they fired shots at the parade." Smith said he did not shoot.

**NEWSPAPER RAIDED.**

SEATTLE, Wash., Nov. 13.—Federal officers today raided the office of the Seattle Union Record, seized the entire plant and arrested several employees.

**SEVENTY-FOUR ARRESTS.**  
SPOKANE, Wash., Nov. 13.—Seventy-four alleged members of the Industrial Workers of the World were arrested in a police raid today in a hall here said to have been an I. W. W. meeting place.

## U. S. PROHIBITIONIST SEVERELY HANDLED IN BRITISH CAPITAL

Students Heap Indignities On "Pussyfoot" Johnson.

CARRIED ON A PLANK

Sustained Some Bruises and Abrasions in Struggle For Freedom.

LONDON, Nov. 13.—William E. Johnson, an American prohibition worker and anti-saloon league organizer, familiarly known here and elsewhere as "Pussyfoot," was dragged from a platform from which he was speaking today, severely beaten and paraded through two miles of crowded west end streets on a plank.

His assailants for the most part were medical students, and against them at times he put up a strenuous fight, receiving a badly damaged eye and other injuries, so that finally, owing to his weakened physical condition, he was obliged to submit to the indignities of being carried on a plank.

Eventually Johnson was rescued by the police, who during the early part of the march simply kept the crowd moving. He was rushed to Bow street station, where his injuries were dressed, and he was then able to go home.

**The Occasion.**  
The occasion of the attack was a meeting in Essex Hall, just off the Strand, at which a debate had been arranged under the auspices of the Overseas Club and Patriotic League between Mr. Johnson and R. Mitchell Banks, a lawyer, on "The How and Why of American Prohibition."

The chairman of the meeting was F. A. McKenzie. He, too, was seized by the crowd, but was soon released. The meeting had no sooner opened than there was an uproar, due to the activities of a few young men who engaged in heckling both prohibitionists and anti-prohibitionists, who were pleading for order.

**Signs of Trouble.**  
Outside the building there were potent signs of pending trouble. A great crowd of students had gathered, and after Mr. Johnson began to speak hundreds of the students, who evidently were organized, broke down the iron gates of the entrance to the hall, the aisles and seized Johnson and McKenzie. These two they pelted with bags of flour. They hoisted them into a wagon and proceeded to Kings College nearby, where both were invited to state their case for prohibition for the students, but were not allowed to proceed because of the howls.

The riotous then discarded Mr. McKenzie and mounted Johnson on a plank. This a stalwart group mounted on their shoulders and marched through the Strand, Covent Garden, Leicester Square, Piccadilly, Circus and Oxford Circus to Portland street, where the police intervened and effected a rescue.

**"We've Got Pussyfoot."**  
As the procession passed through the streets, with banners adorned with other decorations, there were frequent cries of "We've got Pussyfoot!"

Students' marches recently, did not believe that it was Johnson, and the intent in the streets as might be expected. Some of the prohibition campaigners, mostly Americans, declared to the Associated Press that they did not believe the police had made a sincere effort to break up the crowd, and contended that they could have rescued Mr. Johnson much sooner if they had so desired.

**\$1 A DOZEN FOR EGGS, LIKELY TO GO HIGHER**

HAMILTON, Nov. 13.—Farmers' wives on the local market, when asked the price of eggs, quoted it at \$1 a dozen with a nonchalance that would become a diamond merchant. What is more, they predicted that the price would go much higher before the winter is over, because of the high cost of hen feed, especially wheat.

## 35,000 Railway Men in Canada Get Increases

Canadian Railway War Board Makes the Announcement.

MONTREAL, Nov. 13.—It is announced by the Canadian Railway War Board that an agreement providing for increases in rates of pay and certain changes in working conditions was signed today by the board, acting on behalf of the railways concerned, by the officials of division No. 4, Railway Employees' Department, American Federation of Labor, which includes in its membership Canadian railway employees engaged in the locomotive and car departments. The agreement was signed on behalf of the board by the chairman of its administrative committee, Grant Hall, and for the employees by R. J. Tolson, Frank McKenna and Charles Dickie, president, vice-president and secretary, respectively, of the labor organization.

Negotiations which culminated in the agreement completed today were commenced in May last. The employees asked for a general increase of seven cents an hour to men engaged in four motive work and nine cents an hour for those engaged in the car repair shops. These rates are effective from May 1 last. Changes in rules pertaining to working conditions go into effect on the first proximo.

The new agreement affects approximately thirty-five thousand railway employees in Canada.

## EXPECT SMALL PARTIES TO BE SWEEPED AWAY IN THE FRENCH ELECTIONS

PARIS, Nov. 13.—Indications in the parliamentary elections to be held Sunday are that the small groups which have heretofore existed in French politics will be greatly reduced or swept away and that the new chamber will be composed of only two parties, known as the "right" and the "left."

## BAD COLD LEFT HIM WITH BRONCHITIS

However slight a cold you have you should never neglect it; if you do it can have but one result. It leaves the throat or lungs, or both, affected. Bronchitis is one of the most common ailments of a neglected cold, and neglected bronchitis the most general cause of consumption.

Dr. Wood's Norway Pine Syrup is just the remedy you require to cure the bronchitis. It does this, by loosening the phlegm and stimulating the weakened bronchial organs, allays irritation and subdues inflammation, soothes and heals the irritated parts and thus prevents it becoming chronic.

Mr. R. P. Sundblad, Francis, Sask., writes: "I had a very bad cold which left me with bronchitis. I tried several cough remedies and oils of all kinds, but they all failed. At last I got Dr. Wood's Norway Pine Syrup and after using two bottles I have never had a sign of bronchitis since. I therefore can honestly recommend it for coughs and colds."

Don't accept a substitute for Dr. Wood's. The genuine is put up in a yellow wrapper; 3 pine trees the trade mark. Price 50c and 50c. Manufactured by The T. Milburn Company, Limited, Toronto, Ont.

### Export Agents Are Forbidden To Take Liquor Shipments

Large orders have thus been held up.

### FARMERS' PAPER IS PROPOSED IN N. B.

TORONTO, Nov. 13.—It is said that a movement is on foot by the farmers to start a paper in New Brunswick, and to co-ordinate the new paper with the Farmers' Sun of Ontario, and the Grain Growers' Guide of the West. The idea is said to be to link up the three newspaper organs of the farmers of the Dominion for advertising purposes, while each paper will maintain an editorial independence. In connection with the scheme, it is said, the Farmers' Sun and the New Brunswick paper will be modelled on the Grain Growers' Guide, and published in magazine form.

### U. S. HOUSE SETTLES PRINCIPAL POINTS OF RLY. REORGANIZATION

Provide Conditions of the Return To Private Ownership.

WASHINGTON, Nov. 13.—Four important points of the railroad reorganization legislation were settled by the House of Representatives today during consideration of the Esch railroad bill. Each of the provisions approved has far-reaching effects in providing capital to the carriers, both in the period immediately following government control and afterwards.  
With one exception all of the provisions provoked sharp fights, but only one was charged. In brief, the provisions approved by the House provide: Carriers must ask the Interstate Commerce Commission for general increases of rates within sixty days after their return to private operation. Revenues of carriers, including short lines and express companies, for the first six months of private operation are guaranteed by the Government to equal the corresponding standard return paid as rental by the Government, during federal control.  
Carriers' indebtedness to the Government, remaining after a settlement of the rental owed by the Government, may be funded for ten years on demand notes, at 6 per cent interest.  
Carriers may obtain government loans from a \$250,000 revolving fund during the first two years of renewed private operation, such loans to mature in five years, bear six per cent interest and to be secured.

### LAKE OF THE WOODS MILLING COMPANY TO INCREASE CAPITAL

Additional \$700,000 of Common Stock To Be Issued.

MONTREAL, Nov. 13.—Following a meeting of the directors of the Lake of the Woods Milling Company, held here today, it was announced that a new issue of \$700,000 common stock was to be made shortly, bringing the outstanding common share capital of the milling enterprise up to \$2,800,000. The new stock will be offered to shareholders at par in the proportion of one share of the new for each three now held.  
The details as to payments and record were not stated, but it was said an early announcement of these particulars would be made. At today's price of 22 1/2 for the common stock of the Lake of the Woods, the value of the rights to the additional capital issue would work out at \$31.50.  
It will be recalled that the shareholders of the company at a special meeting held here on Oct. 1 last gave approval to the proposal of the directors to increase the common stock capital of the enterprise, and application was made and permission subsequently given at Ottawa to increase the authorized amount of capital to \$4,000,000. There is at present outstanding \$2,100,000 par value of common, which, with the addition of the new issue, will bring the total up to \$2,800,000, leaving a margin of \$1,200,000 for additional capital needs when they may arise.  
The usual quarterly dividends of 1 1/2 per cent on the preferred shares and 3 per cent on the common were announced at the conclusion of today's meeting of the board. Both are payable Dec. 1 to shareholders of record of Nov. 22.

### Civil Servants May Have to "Punch Clock" If Cost Not Too High

OTTAWA, Nov. 13.—An order-in-council has been issued asking the public works department to investigate and find out the cost of installing time clocks in all the departments of the civil service, in most of the government departments it has been the custom to check the attendance of employees by having them sign the attendance book, but it was understood that if the cost of installation is not too great they will in the future have to "punch" the clock on starting and finishing work.

### ST. THOMAS MAN IN WINDSOR CONFESSES TO FORGING CHECKS

William Coggins Said He Wanted Clothing For Daughters.

WINDSOR, Nov. 13.—William Coggins of St. Thomas, employed by a Detroit auto manufacturing concern, today admitted in Windsor police court forging three checks for combined sum of \$123. Coggins is said to be wanted in St. Thomas for alleged forgery. He said he had six daughters and forged checks to get clothing for them.  
He told the court he was earned \$30 a week in Detroit and sending \$20 of it to St. Thomas each week. The youngest child is five weeks old. Coggins

### ST. JOHNS MAN HAS GAINED 28 POUNDS

H. F. Rollings Is Surprised By Rapid Improvement—Troubles End.

"The best proof I can give that Tanlac is the right thing for me is the way it is building me up," said H. F. Rollings of 52 Flower Hill, St. Johns, Newfoundland, recently. Mr. Rollings has been employed as carpenter by Reed's Newfoundland Railway Company for ten years.  
"At the time I began taking Tanlac," he continued, "I only weighed one hundred and twenty-two pounds, but now I weigh one hundred and fifty pounds—have actually gained twenty-eight pounds—and am picking up, both in weight and strength."  
"I had been in the worst kind of a fix for some time, and could get nothing to do me much good, if any. My appetite went back on me, and my stomach was in such a bad fix that I could not eat meats or any of the more substantial foods at all. I had severe headaches, and was so run down and weak that I couldn't do justice to my work. I would get so weak, faint and dizzy that I was actually afraid to mount the scaffolds. I was very nervous and nearly all my strength just seemed to be gone. One day while crossing the railroad track I felt one of those dizzy spells coming on. I managed to call for help, but I fainted dead away, and the next thing I knew I was home. I could never get a good night's sleep, and that tired, worn-out feeling was with me all the time."  
"My improvement since I began using Tanlac has certainly surprised me. My appetite returned after the first few doses, and by the time my first bottle was gone I could eat and digest anything. Then I commenced to pick up my lost weight and strength, and get rid of that tired, worn-out feeling. The headaches, dizziness and nervousness have all left me, and I sleep so soundly that I have to be awakened in the mornings. My appetite is so big that I can hardly eat enough to eat, and I never have the least trouble with my stomach any more, and when it comes to work I can keep up my end with the best of them. I am convinced that Tanlac will help anyone who tried it, and I am glad to make this statement for what it may be worth to others."  
Tanlac is sold in London by Standard Drug, Limited, and by an established agency in every town.

## FINNISH DELEGATES WILL BE ADMITTED TO THE CONFERENCE

Canadian Delegate, On Behalf of Rowell, Moves Resolution.

WASHINGTON, D. C., Nov. 13.—Finland is to be admitted to the international labor conference on the same conditions as obtain in the case of other countries which have not adhered to the covenant of the league of nations. The end of the two days' debate on the majority and minority reports of the committee on administration ended in a substitute motion presented by L. C. Christie of the Canadian delegation on behalf of Hon. N. W. Rowell, who was unable to be in attendance at this afternoon's sitting of the conference.

Mr. Rowell had presented the minority report of the committee, a report which took the stand that Finland could not be admitted to the international labor organization without first becoming a member of the league of nations.

In its new form, Mr. Christie said, the resolution would secure the practical object on which all were agreed so far as Finland was concerned, and at the same time would not prejudice the constitutional foundation of the international labor organization.

Gino Baldesti, Italian workers' delegate, who presented the majority report favoring admission of Finland, accepted the substitute motion with the addition of a provision that the conference, in extending an invitation to Finnish delegates, is not giving a ruling on the question of principle.

A telegram from the Australian delegation at Paris was read, stating that while the Australian Government would be unable to send its own representatives to the conference it transmitted its best wishes for success.

The conference adjourned till Monday afternoon.

## ST. THOMAS TO HAVE MODERN HOSPITAL TO HONOR SOLDIERS

Campaign To Be Launched At Once in City and Elgin County.

TO SOLDIERS WHO DIED

County and City Co-operating To Put Project Through.

ST. THOMAS, Nov. 13.—A campaign will be launched early in the coming week to raise necessary funds for the erection, in the city, of a modern hospital. The new structure will be erected to commemorate the Elgin and St. Thomas heroes, who fell in the great war, and it is proposed to make the new institution a joint county and city affair. This project was launched some months ago by Mayor Horton, and from that time various meetings have been held throughout the county in an effort to enlist the support of the rural population. These meetings have been so successful that the local board of trade today decided to assist by launching a campaign to begin early next week.

Several large donations toward the expense of construction have already been promised and others are expected as soon as the campaign is officially opened.

Dr. J. D. Curtis heads the committee in charge of the work, and he is supported by every minister in the city, as well as many public men from the city and the rural centres throughout the county.

### NEW BOARD OF TRADE.

At one of the most enthusiastic meetings on record, held at the town hall, Port Stanley, last night, the board of trade was reorganized, and new officers elected. Several new members were enrolled, and the support of the older ones was promised. The officers included the following: President, M. Payne; vice-president, N. S. Cornell; secretary-treasurer, H. Short; locations committee, C. E. Hinchey, C. G. Cromwell, N. S. Cornell.

The store formerly occupied and conducted by Mrs. C. V. Watson, as a grocery store, at the corner of Myrtle and Ross streets, has been purchased by the Pearson Grocery, and will be in future conducted in conjunction with the Tailor street store. The company's business has grown to the southern section of the city to such an extent that the extension has been found necessary.

### SCHOOL MEETING POSTPONED.

Owing to the absence of Mayor Horton, the meeting over the school question in Wilson avenue has been postponed until Monday next. The ratepayers will then be given an opportunity to express their feelings on the matter. It will be held at the West Avenue Mission.

### CIDER HAS KICK.

The result of an analysis of cider samples forwarded by Inspector Ross to Toronto, have been received here. According to the test made the sample examined contains forty-five and one hundredth per cent proof spirits. The inspector has not announced as yet what action he will take.

### VICTORY LOAN

Over \$306,000 was subscribed in this city yesterday to the Victory Loan. This brings the total in Elgin up to nearly \$2,000,000. Yesterday was the biggest day on record.

### RAILWAY CITY PERSONALS.

The announcement is made that Dell Henderson, popular movie star, and son of Chief Henderson of this city, has signed on with the William Fox Studios.

### TAKES NEW POSITION.

J. Walter Potts, a former member of The London Advertiser rectorial staff, and at one time on the staff of the St. Thomas Journal, has accepted a position with the Brown & Bigelow Company, Incorporated, of St. Paul, Minnesota, manufacturers of advertising novelties. Mr. Potts leaves early next month for St. Paul, where he will attend a convention of salesmen. He will later resume his duties in Canada.

A. R. Hill has been appointed agent at Dutton in the offices of the Pere Marquette.

D. J. McColl of Jackson, Michigan, is visiting friends in this city.

Miss Mabel McWilliam of Dutton, has left for Toronto.

## ENGINEERS FAVOR LAKE ERIE WATER FOR CHATHAM USE

Citizens At Meeting Discuss Three Propositions For Supply.

[Special to The Advertiser.]

CHATHAM, Nov. 13.—Lake Erie as the source of Chatham's future water supply is recommended in a report of James Louden & Company, expert Toronto engineers, who for several months have been investigating the water situation for the water board.

The engineers estimate that the cost of such a scheme would be about \$600,000. It would provide a filtration plant at Erie Ridge, to which the water would be pumped, and then allowed to flow by gravity for twelve miles to the city.

The engineers also investigated the Shye Carte and the River Thames as future sources of supply. The former would require a water main 21 miles in length, the scheme to cost approximately \$700,000. The remodeling of the present plant to continue to use River Thames water would cost \$300,000.

The report states that Lake Erie water is free from harmful bacteria. The Thames water is shown to reach 80 degrees of heat in the summer time, and that at all times it is highly polluted and would impose a heavy burden on any known method of water purification.

Chairman Westman has stated that he is in favor of the Lake Erie scheme. Mayor Hammond, who is also a member of the water commission, and Commissioner Stone have not yet made a statement. The three propositions were laid before the citizens at a mass meeting held this evening. It is probable that at the January elections citizens will be asked to decide on the propositions.

### RESERVES JUDGMENT.

Judgment was reserved by Mr. Justice Kelly in the supreme court case of Mrs. Tilley Ankeny of Owen Sound versus Hugh Stewart of Orford Township. The plaintiff sued for the accounting of balance of her late mother's share under the will of Hugh Stewart, the plaintiff's grandfather.

Justice Kelly also reserved judgment in the case of Marriott versus Ronson et al., in which the legitimacy of the will of the late George Ronson was contested. Action was brought to set aside the will. The evidence was contradictory.

### CLAIMS DESERTION.

Harwich Township farmer has complained to the county police that his wife has deserted him. He states that she took several articles of value from the home, and that she has been missing since Aug. 22.

A. A. Malotte was today fined five dollars and costs in the city police court for neglecting to send his boy to school.

STILL MISSING. The county police have been unable to trace Bill Don, a Russian, who is

wanted on a charge of shooting with intent to kill. Don is suspected of being one of the two masked men who fired on and wounded a Russian at his home in Chatham Gore.

### DIES IN DETROIT.

BLENHEN, Nov. 13.—David Marshall, son of H. M. Marshall, bailiff, died in Detroit, where he made his home, yesterday. He was a barber by trade. He was in a bad auto accident in that city a few weeks ago, and

never recovered from the injuries. Besides his parents he leaves four brothers, William and James, here, Robert in Chatham, and Henry, Detroit, and a number of married sisters.

Blenheim has succeeded in going considerably over the top in the Victory Loan campaign, and it is expected will go much farther.

Ex-Councillor Peter Labadie sold his residence for \$3,000 this week to a Mr. Howie of Raleigh. Mr. Labadie will build a new residence.

### STRATHROY OVER TOP.

STRATHROY, Nov. 13.—Strathroy has gone "over the parapet" and has subscribed over \$200,000 to the Victory Loan. The honor flag was unfurled from the armories last evening. Guy Bros. band played the salute. The first honor crest in Strathroy was won by the Bank of Commerce.

### HARRISTON GETS FLAG.

HARRISTON, Nov. 13.—The wet weather rather marred the entertainment given in the town hall last evening as far as the attendance from Minto Township was concerned, but the hall was well represented, and the hall fairly well filled. W. C. Chambers, chairman of North Wellington Victory Loan canvass acted as chairman. He presented to Reeve Dale, on behalf of the town, the Prince of Wales' honor flag for passing its objective of \$50,000. The frame cottage of Mrs. Mary Oke, Canaan street, has been purchased by O. E. Fortner.

Mr. Ferguson, chairman of the Victory Loan finance committee of Ontario, outlined the purposes of this final loan. There were several sales of bonds made at this meeting, and it is expected that Harriston will double and possibly treble its objective. This town is to have a reorganization meeting of the board of trade when the work of securing new industries and suggestions for a bigger and better Harriston in the way of better roads, better lighting system will be heard.

You know the "why" of the Victory Loan 1919.

You know that Canada's prosperity depends upon the success of the Victory Loan.

You know that if industry suffers thousands of people will be without employment.

You know the hardship and suffering that follows lack of employment.

You know that an investment in Canada's Victory bonds is secure beyond discussion.

You know that 5½% is a good rate of interest on a secure investment.

You know that Canada's Victory Bonds can be turned into cash at any time.

You already know that Canada's Victory Bonds are likely to increase in value.

You know that you, like every other citizen, have a responsibility to Canada in this matter.

You know that your employer (if you are a worker) will help you to finance your purchase of bonds.

You know (if you are an employer) that it is your duty to assist your employees to buy bonds by helping to finance them.

You know that the banks are prepared to help you to buy bonds, and that you should ask some banker for information.

You know that if you have not bought as many bonds as you can possibly pay for now, and with your future savings, that you have not bought as many as you should.

You know you have just two days left, to-day and to-morrow, so make up your mind NOW to do your full part and buy as many as you can of

GALT, Nov. 13.—While the earth was covered with a light mantle of snow, Galt turned out tonight to celebrate South Waterloo's victory in the loan campaign, the district having passed its objective. Tonight at 8 o'clock a parade of the employees of a score or more industrial plants which have won the Prince of Wales' honor flag, headed by the G. W. V. A. band, marched through the business streets. Many of the paraders were in costume and had a great time. After the parade, a Victory dance, free to the public, was held in the armories, and hundreds were unable to gain admittance.

[Special to The Advertiser.]  
WOODSTOCK, Nov. 13.—Though the season is early, interest in the municipal elections of Woodstock for 1920 is already aroused. Tomorrow night the Independent Labor Party of the city will hold a meeting to select candidates for the council, and board of education. Encouraged by the large number of members of the party, the party is confident that they will be able to elect their candidates.

In the meantime, however, Clifford Kemp, who was mayor in 1914, has been approached to run for this position, but not by the Labor party.

LESS SMALLPOX.—The outlook on the smallpox situation in this city is beginning to be optimistic. For the past two days no new cases have developed. Nevertheless vaccination is proceeding, and by tomorrow all of the school children in the city will have been vaccinated. The board of health of the township of East Oxford has decreed that all school children in that vicinity shall be vaccinated, owing to the outbreak of smallpox in the municipality.

RED CROSS OFFICERS.—At the annual meeting of the Woodstock Red Cross Society the officers elected were: President, Miss E. Hood; first vice-president, Mrs. M. Douglas; second vice-president, Mrs. E. Foster; third vice-president, Mrs. A. E. Davidson; treasurer, Mrs. J. A. Holland; secretary, Mrs. T. L. Hay; assistant secretary, Mrs. J. ### New Stratford Council Must Make G. T. R. Agreement

Stratford Goes "Over the Top" in Loan,  
Winning Honor Flag.

STRATFORD, Nov. 13.—The agreement between the city and the Grand Trunk expires at the end of the present year and next year's council will be faced with an adjustment of this important matter. By an agreement entered into in 1909 and renewed in 1909, the company's taxes, save for local improvements, were commuted at \$8,000.

The present assessed value of the property of the Grand Trunk in the city, according to the 1919 assessment, was \$121,650. Had they been commuted to pay on the same basis as in ordinary ratepayer their tax bill last year would have been about \$47,000.

The city is very much interested in a revision, as it is announced that the Government when it takes over the road, will continue to pay taxes to the municipalities.

The effect of the general vaccination for the occasion.

### MAKE THIS TEST IF YOU DON'T FEEL RIGHT

Simple Test Made Now May  
Save Many Weeks of Serious  
Illness Later.

People who get up in the morning tired and nervous with dull, aching heads, dizzy spells, spots before the eyes or pains in the back and groins—who have been out of bed five or six times during the night because of weak kidneys and bladder irritation, should make this simple kidney test without further delay.

First save a 24-hour sample of your urine—then obtain from your druggist a little Solvax. Take three doses during the day and one before going to bed—continue this treatment for one week. Take another sample of urine, and compare it with the first—just notice how much clearer it is, lighter in color and almost entirely free from sediment and besides you don't have to get up nights any more—your headaches and backaches have disappeared and you arise in the morning rested, refreshed and "full of pep"—ready and fit for a day's work.

This simple Solvax test is easy and inexpensive to make (as any good druggist can supply the amount of Solvax necessary at a very small cost). Make this test today and let your own eyes and feelings tell the story. If your druggist cannot supply you, write, inclosing 50 cents, to Booth's Hygiene Company, London, Ont., P. O. Box 288—Advt.

### "EVANGELINE" PROVES ATTRACTIVE FEATURE AT THE PATRICIA

New Vaudeville Act and Comedies in Addition to Special Photoplay.

Street.  
Henry W. Longfellow's immortal love epic, "Evangeline," recently adapted for the screen, which has been showing at the Patricia all this week, will be presented again today and Saturday, matinee only. This film has aroused the deepest interest among picturegoers for the sublime story of the Acadian lovers has undoubtedly been read by us all. Evangeline, Gabriel, Benedict, Basil and Father Pelican are humanized. They are given the breath of life. There is no need to outline the poem. All are familiar with it. All have read it, not once but many times. And so it is given lifelike proportions. The English come and dispossess the happy villagers. It is the wedding morning of Evangeline and Gabriel and they are torn apart not to meet again until old age has crept onto them.

A beautiful poem and beautifully expressed upon the screen with all its pathos, its tenderness, its sorrow, its faith and love intact. R. A. Walsh, who staged the picture, has given it a fine production. He feels transported and the emotions play at the heart as the poem unfolds. The atmosphere is richly suggested, the locations being picturesque and beautiful. With the advent of the picture the poem carries on its divine message of love and devotion. A notable cast of players has been selected to interpret the lovable characters. Hiram Cooper is Evangeline and contributes a performance marked for its understanding and charm. Albert Koscoe plays Gabriel, the lover.

In addition to this photoplay, a two-reel Rainbow comedy and a Mutt and Jeff animated cartoon are presented.

A vaudeville feature is presented by the Long Acres Trio, a company of comedy singers whose act is heartily applauded.

### FIRE CAUSES HEAVY LOSS IN BLYTH STORE

BLYTH, Nov. 13.—About 5:45 o'clock this morning fire was discovered in the rear of William Moore & Sons' hardware store in that portion of the building occupied by J. H. Leith's tinshop. Notwithstanding prompt response from the fire brigade, the upper story of the building, which is a brick structure, was completely destroyed. The interior was badly gutted and damaged by water, and entailed a loss of upwards of \$17,000 with insurance as follows: Moore & Sons' Hardware, \$10,000; stock insurance, \$5,000; J. H. Leith's stock and tools, valued at \$2,000, with insurance of \$2,000; J. G. Moser of Kitchener, owner of the building, valued at \$3,500, insurance \$2,500. The origin is unknown.

### HURT AT DORCHESTER.

DORCHESTER, Nov. 13.—Richard Logan, electrician, had a narrow escape from being electrocuted on Tuesday while working on a high pole. He received a shock and fell, but was rescued by two men who held him during the night. Today he is in a fair way to recovery.

The W. M. S. held their monthly meeting at the home of Mrs. J. Leith. There was a large attendance and a fine program, the subject being "China."

### EVERY BOND BUYER

Get a number when he buys a Victory Bond. All numbers are drawn at the end of the campaign, and the winner gets a \$500 prize free, even if he only bought \$50 on instalments. ### PAULINE FREDERICK IS CHARMING STAR IN "BONDS OF LOVE"

Portrays Mother-Love in Majestic Offering—Hawaiian Act Delights.

"Bonds of Love," with Pauline Frederick in the stellar role, the attraction at the Majestic during the latter part of the week, made a decided hit at both performances Thursday.

In none of this versatile star's recent portrayals has she been called upon to portray the awakening instinct of mother love, but in her new screen vehicle she assumes the role of a second wife, who sincerely has grown to love the child of her husband's first wife and is willing to sacrifice herself for the sake of the child's welfare.

This unusual combination of self-sacrifice and love for another's child develops into a masterly climax, in which Miss Frederick has many opportunities to reveal some of the subtlest touches ever seen in photodrama.

Una Syre (Pauline Frederick) is employed as governess for Jimmy (Frankie Lee) in the home of Daniel Cabot (Percy Standing). His sister-in-law, Lucy Beckman (Betty Schaefer) and her brother Harry (Leslie Stuart) have been living on the bounty of their brother-in-law, Lucy exerting the duties of governess and running the household. With the advent of Una Syre they fear that the new governess will overcome Cabot's vow never again to marry, so they plan to keep the memory of their sister ever in his mind.

However, the boy forms an instantaneous attachment for the new governess. Nevertheless, the others make life so unbearable that Una decides to leave. She is about to say good-bye to the boy, who is playing on the wharf of the summer hotel, when she sees him jump into a motor boat and start off, alone. He is heading for the rocks, so she jumps into the nearest launch and sets out to head him off. She catches up with the boy, pulls him out of his launch into her own, and drives back to the pier. Here the boy's father begs her to remain as the boy's new mother. She accepts his offer, but still his relatives persist in their persecution and their comparative references to the dead wife.

Una discovers that her predecessor has been in love with another man and her attempt to keep this knowledge from her husband and so protect the child's name results in a series of thrilling scenes.

Prof. Luther Kekoa and his artists continue to delight with their Hawaiian songs, dances and melodies. "Wild Waves and Angry Women" fills the comedy end of the bill to a lively keeping the audience in constant uproar.

Object to Company Defending Writ Issued Against City.

Citizens who were instrumental in quashing the higher fare bylaw, met in a downtown office last night to determine a course of action in the event of the street railway company appealing the case and taking it to a higher court. They are of the opinion that the city council should not allow the company to take any further action, but to insist that the company should be allowed to use the city's right of way against the city and they say no reason why the company should be allowed to use the city's right of way against the city and they say no reason why the company should be allowed to use the city's right of way against the city.

### No Need To Be Thin Scrawny or Sallow

If you are thin and want to be plump; if you are not proud of your skin is scrawny or subject to pimples or blackheads, take Mi-o-na stomach tablets for two weeks and notice the change.

The majority of the thin people are thin because the stomach does not perform its duties properly. It is not secreted sufficient of the natural digestive juices and in consequence does not extract from the food enough nutritive matter to nourish every part of the body.

Mi-o-na stomach tablets are intended to build up the stomach so that it will act properly and extract from the food the elements necessary to form the flesh.

If you are thin try two weeks' treatment with Mi-o-na stomach tablets—they are small, easily swallowed and are sold on the guarantee of money back if they do not become chronic indigestion, acute or chronic, stop stomach disturbance, belching, heartburn, sour stomach, and any after-dinner distress.

For sale by all leading druggists.

If your druggist cannot supply you, write, enclosing 50 cents, to Booth's Hygienic Company, London, Ont.

### MIDDLESEX EAST IS LIKELY TO GO OVER MILLION MARK TODAY

Thursday's Canvass Swells the Total To \$915,900—Lucan Continues in Lead.

Middlesex East will make a great effort tomorrow to bring its Victory Loan total to the million mark. Last night when County Organizer G. E. Cork tallied up the amounts 'phoned in by his canvassers, the eastern part of the county had subscribed altogether \$915,900. Yesterday's total was \$77,200 for 109 subscriptions.

In addition to Lucan and Biddulph with honor flags and crests, North Dorchester and Delaware qualified last night. Delaware, with an objective of \$50,000, recorded \$48,150, while North Dorchester went \$50 over its objective of \$150,000. The Delaware canvassers, Norman Bodkin, Duncan Gordon, Frank Adams, have worked hard for the success of the loan, but no harder than the North Dorchester salesmen, Frank Rogers, S. E. Facey, J. H. Barr, W. P. Dundas and Reeve Dave Smith.

Yesterday afternoon, G. E. E. Cork returned to Gravelton, where the honor flag was strung up across the main street amid cheers from the population.

### IF THIN AND NERVOUS, TRY PHOSPHATE

Nothing Like Plain Bitro-Phosphate To Put on Firm, Healthy Flesh and To Increase Strength, Vigor and Nerve Force.

Inducing from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing muscles, new and bust, and repairing bony and fleshy by the soft curved lines of health and beauty, there are evidently thousands of men and women who really feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate soon produces a welcome transformation in the appearance, the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness, lack of energy, which nearly always accompany excessive thinness, should soon disappear, and eyes ought to brighten, and pale cheeks glow with the bloom of perfect health. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-Phosphate has brought about a magic transformation with me. I gained 15 pounds and never before felt so well."

CAUTION—While Bitro-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods—ADVT.

### HAMILTON SOLOIST PLEASURES AT WOMEN'S MUSIC CLUB RECITAL

Mrs. Josephine Onderdonk Rendered Exceptional Program Last Night.

Mrs. Josephine Onderdonk of Hamilton sang herself into the hearts of the musical people of London last evening when she appeared on the program of the Women's Music Club recital, held in the Y.M.C.A. Auditorium.

With a manner charming, yet utterly simple, and a voice sweet and clear and devoid of anything approaching elaboration, Mrs. Onderdonk rendered her numbers simply and artistically.

Perhaps the favorite selection was "The Lark Now Leaves His Waterside Nest" (Parker), which seemed admirably suited to her voice and was sung with abandon and brilliancy.

The two numbers of her first group were Federal Carina from Mozart's Don Giovanni, and a 17th century French song. She also gave a most pleasing rendering of "The Land of the Lead," which was a Rose, the negro lullaby, sung as an encore, was infinitely sweet, the singer having caught something of the delicate, fragile atmosphere surrounding the old mammy as she sings. W. A. Bleuthner (the Schubert).

Miss Geraldine Regan, violinist, and Miss Madeline Simpson, pianist, also appeared on last night's program, which had been arranged by Mrs. J. R. Walworth, "Plaisir d'Amour" and Canonette (Ambrosio), both numbers being rendered with feeling and artistic finish. She was accompanied by her sister. The piano numbers played by Miss Simpson were "D'Indy's Waltz" (Aarao, op. 17), "Clair de Lune" (Debussy) and "Littlet's Splendid Song." So delighted was the audience with her rendition of these that it called for another "Moment Musical" (Schubert).

The program for the next concert, which will be on the afternoon of Nov. 27, will be arranged by F. L. Wilkerson, the music to be rendered being confined to the Russian school. There are very many more excellent recitals promised during the season and three artists' concerts as well.
