

MANY RECRUITS ENLIST

Duff's Fourth Active Company Got Away Splendidly.

COL. GENET'S STAFF. Col. Genet left to-day on a visit to Niagara camp.

The lead given by the commanding officer to his men in enlisting for active service was followed by a steady stream of applicants last night.

Palmer had a busy time in examining the sturdy volunteers, and when the general way seemed to present no difficulties for the passage to the front.

Had a soldier an inch too short or a vein too prominent, it was pointed out with kindly humor and a little homely advice was thrown in.

The group which assembled last night was remarkable by reason of its youth, and few indeed were the men who had passed 24 years of age.

A few made inquiries for immediate enlistment in the 36th, but for this unit enlistment has closed and the anxious directed to take a chance at Niagara.

Among those who endeavored to enlist last night were the following: Geo. A. Hollow, 2 yrs. Duffs. Geo. Dornford, 7 mos. D.R.C. Chas. Read, 3 yrs. 4th Norfolk.

Frank LeVante, 2 yrs. Duffs. Bruce Stipe, 2 yrs. Duffs. A. Phillipot, 3 yrs. Duffs. W. Morton, 3 mos. Duffs. W. Heekin, 3 yrs. 25th Dragoons.

A. Thomson, no service. W. Cowan, 3 mos. Duffs. A. G. Buck, 3 mos. Duffs. Of the above group not all had passed the medical examination, but nevertheless deserve mention for their pluck in coming forward.

A list of the names of the men who passed will be available for to-morrow's issue. At 10 o'clock the men were still waiting in the waiting list held names of men who will be called to undergo the ordeal of the medical at an early date.

N.C.O. CLASS. An N.C.O.'s class of 24 men was held on the floor under the new S.M. and some hard work was put in, hardening the men up and instructing them in their section and platoon drill.

SHORT WAY IS THRU BULGARIA. Dardanelles Will Require Diplomacy as Well as Artillery.

London, May 28.—Commenting on the situation at the Dardanelles, The News says: The latest news does not encourage hopes of a speedy decision.

It is not necessary to argue against the ethical ground upon which Bulgaria claims rest. An ally with Bulgaria is of great value to the allies.

It is supposed that the submarine that sank the Majestic was the same that sent the British battleship Triumph to the bottom on Tuesday last.

CHIEF ENGINEER OF NEBRASKAN IS CERTAIN SHIP WAS TORPEDOED

American Government Officials Await With Keen Interest Affidavit of Captain Green of Damage Ship—Chief Engineer is Interviewed.

Washington, May 28.—American Government officials to-day awaited with keen interest the affidavit of Captain Greene of the steamship Nebraskan, regarding the explosion on his ship off the coast of Ireland Tuesday night.

An examination was to be undertaken in Liverpool to-day by American Naval Constructor McBride to determine if possible whether the Nebraskan was damaged by a mine or a torpedo.

"We were in the boats an hour," he said. The ship seemed to be settling by the head and we decided to stay close by until help, which we had summoned by wireless, arrived.

The captain in reply to questions stated that there is a hole about 20 feet square in the forecastle below the water line large enough to admit an American freight car.

EAGER FOR THEM. Berlin, via London, May 28.—Hundreds of volunteers, including men more than fifty years old, have reported to the military authorities at Frankfurt in the past few days, making the specific request that they be permitted to serve against Italy.

H. M. S. MAJESTIC TORPEDOED ---NEARLY ALL CREW SAVED

London, May 28.—The Admiralty announced last night that the British battleship Majestic, Capt. H. F. G. Talbot, was torpedoed and sunk this morning by an enemy submarine while the battleship was supporting the allied land forces on the Gallipoli Peninsula.

It is supposed that the submarine that sank the Majestic was the same that sent the British battleship Triumph to the bottom on Tuesday last.

The sinking of the Majestic is said to have occurred off Seddul Bahr, at the southern point of the Gallipoli Peninsula. This statement is made in

FEELING BUOYANTLY OPTIMISTIC

Allies in the Dardanelles are Now Feeling Confident.

London, May 28.—The allies are described as "buoyantly optimistic," concerning the operations in the Dardanelles, owing to the daily arrival of reinforcements of troops, ships and guns, in a despatch to the Times from Mudros.

The first onset began at 3 p. m., and for 12 hours the enemy attacked in serried columns in a series of desperate assaults, yet at 2 p. m. the Australians were able to signal that they were holding easily, and at 3 o'clock they counter attacked, driving the enemy back with the bayonet and purification of the military authorities at Gaba Tepe.

Admiral Sir H. B. Jackson has been appointed First Sea Lord of the Admiralty to take the place of Admiral Lord Fisher, who resigned recently.

Admiral Jackson is not very well known to the general public, but in the service he has long been considered "the cleverest man in the navy."

ITALIANS OF MONTREAL RAID DEVOIR OFFICE

Resent Reference to Italy in Mr. Henri Bourassa's Paper.

Montreal, May 28.—Several thousand Italians made a raid on Henri Bourassa's newspaper office, Le Devoir last night, smashed the plate glass windows in the office fronting on St. Vincent street, and made an attempt to force an entrance into the building from the rear.

The cause of the Italians' wrath against Mr. Bourassa and his paper was an article published in Le Devoir reflecting on Italy as having entered the world war on selfish grounds.

Fire, of unknown origin, did \$25,000 damage in Waterdown yesterday morning and was checked only after assistance was sent from Hamilton.

ITALIANS OCCUPY GRADO--- MINOR SKIRMISHES

They are Welcomed by the Populace in Occupied Regions—Artillery Duels are Now Raging at Some Parts.

Rome, May 28.—A successful raid upon the Trieste-Nabresina railroad by a squadron of Italian aeroplanes, together with the occupation of additional Austrian territory along the Tyrol front and on the Friuli front, are reported in an official statement issued to-day by the Italian war office.

"On the Tyrol-Trentino front an artillery combat continues between fortified positions and those of the enemy at Tonale and on the Asiago plateau. To the north we have extended the territory occupied up to the mouth of the Chiess River in Lake Idro and have occupied the rugged,

mountainous zone extending between Lakes Idro and Garda. "Notables of Tezze in Val Sugana and other occupied parts presented themselves to our authorities, expressing sentiments of patriotism and the devotion of the population.

"Our Alpine troops continue successful in combats on the Carniola front, where we are capturing prisoners. "On the Friuli front we occupied Grado, where the population welcomed us enthusiastically.

"During the night of the 26th and 27th, a squadron of hydro-aeroplanes raided the enemy's territory, throwing bombs on the Trieste-Nabresina railroad, causing damage, and it is believed, interrupting the line. In spite of the violent musket and artillery fire of the enemy the squadron returned safely."

ADMIRAL SIR H. B. JACKSON APPOINTED FIRST SEA LORD

London, May 28.—Admiral Sir Henry Bradwardine Jackson has been appointed First Sea Lord of the Admiralty to take the place of Admiral Lord Fisher, who resigned recently.

Admiral Jackson is not very well known to the general public, but in the service he has long been considered "the cleverest man in the navy."

"GREAT BOMBARDMENT SALE" The above is the fitting title of a sale which is now in progress on the premises of Ogilvie, Lochhead & Coy. They have made an assault on general prices, with the result that figures all round have been greatly reduced.

REMOVED. Robertson's Drug Store is now moved half block west, on Dalhousie street, in the Temple building.

BRITISH SUBMARINE VISITS BAY OF CONSTANTINOPLE

London, May 28.—The British Admiralty issues the following report from the Vice-Admiral in the Eastern Mediterranean: "The submarine E-11, Lieut. Commander Martin E. Nasmyth, has sunk in the Sea of Marmora a vessel containing a great quantity of ammunition comprising charges for heavy

SITUATION ALTOGETHER DIFFERENT

British Artillery is Doing Well, and There is No Shortage.

By Special Wire to The Courier. London May 28.—A correspondent of The London Morning Post telegraphs from the North of France as follows:

"I have made it my business to make particular inquiries as to the actual state of matters regarding our shell supplies. I am assured from a number of reliable sources that our artillery is doing magnificently and that, while we certainly require high explosive shells in ever-increasing quantities, the situation in respect of this has been altogether exaggerated in some quarters.

"The trenches themselves concreted and steel plated though they have been rendered absolutely untenable. In one instance so paralyzing had been our rapid onslaught that we actually found a gramophone playing away in a dugout, no one having had the presence of mind or perhaps the time, to shut it off.

"The German trenches were found to be lighted with electricity in many cases, and to be fitted with electrical pumps against wet weather. I find among the soldiers wide-spread indignation in respect of the attacks upon Lord Kitchener. It is logically argued that had the matter been really meant patriotically, properly serious representations in the right quarter would have been sufficient to call attention to the matter, or failing that, a plain public statement requiring sensational headlines or the aggressive harping upon the already loudly strummed cord, would have amply awakened the public."

Two British Ships are Torpedoed. Penzance, England, May 28.—The British steamer Cadeby has been sunk off the Scilly Isles by gunfire from a German submarine.

The Cadeby was sent to the bottom yesterday. Her crew of 18 men, together with the passengers on board, took to the boats, and were later rescued by a fishing smack and brought into New Lyn, a fishing village near here.

Another Victim. Liverpool, May 28, 3.55 p.m.—The British steamship Argylshire, which left Sydney, N.S.W., April 15, is sending out wireless distress calls, after having been attacked by a German submarine, according to information received in shipping circles here.

The Argylshire belonged formerly to the Shire Line of Glasgow, but for some time she has been in the service of the British Admiralty.

The Argylshire is of 6610 tons net register and was built in Glasgow in 1911. She is 526 feet long.

Glorious Magnanimity. Berlin, via London, May 28.—The Emperor has pardoned five nuns of the convent at Roze, France, who were convicted of having concealed a wounded French soldier in the convent last December. When the soldier was convalescent they gave him women's clothes to wear and hid him successfully for several weeks.

His immaturity will save a 15-year-old murderer now in Valleyfield Jail, Vastoff by name, from the gallows.

Several matters of business were before the members, after which a good programme was given: Instrumental solo, Miss B. Mordue; secretary's report for the year, Mrs. Norrie; Mrs. R. J. Kenny read a splendid paper on "Training children in the Home." An interesting address followed by Mrs. Bayless, president of the Terrace Hill and Grand View Institute; vocal solo, Miss Norrie. LADIES' AID HELD A GOOD TALENT TEA

Realized Good Sum and Sold a Large Stock of Dainties.

The Ladies' Aid Society of the Congregational Church gave a very successful Talent Tea last evening. A very creditable amount was realized in spite of the fact that no admittance fee was charged. The Sunday School rooms, in which the Tea was held, presented a pretty scene. The tables were finely decorated and covered with dainty confectionery and cooking. In charge of these were Mrs. D. Adams, Mrs. R. Kerr, Mrs. Hartman, Mrs. Morgan Harris, while Misses Grace Adams, Ethel Dixon and the Misses Kelly took charge of the candy table.

The pastor, Rev. M. Kelly, took the chair and after the first part of the program had been concluded, announced the items on the program.

The piano duets by Misses G. Adams and E. Dixon and by the Misses Kelly, were excellent, as was the piano solo by Mr. T. Darwen. Then came several vocal solos by Misses H. Hurley and H. Oldham, which were as usual, beautiful. Both young ladies had sweet voices. Miss C. Dixon, in her humorous reading, was exceedingly good and promises to become a talented elocutionist in coming years. The Highland Fling and musical dumb-bells by Misses Williams were also well executed. The solo sang by Mr. Crooker is also worthy of mention, his voice being both powerful and musical. The evening was an event success in every way and the ladies are to be congratulated on the very pleasing result of their efforts.

Obituary

MR. JOHN YOUNG

The death is announced in Regina, Saskatchewan in his 49th year of Mr. Jack Young, who was manager of the South Saskatchewan branch of the Canada Life Assurance Co'y. He was the son of the late Mr. Maitland Young, of Burlington, Ontario, and the funeral is taking place to-day in Oakville from the residence of his mother. Deceased was well known in Brantford, and his thoroughly genial nature in every respect endeared him to all with whom he came in contact. He leaves a widow and one daughter to mourn his great loss.

STATUE COVERED

By Special Wire to the Courier. Milan, via Paris, May 28.—The gilded statue of the Virgin surmounting the central tower of Milan's celebrated white marble cathedral, has been covered with cloth to prevent it from serving as a guide to Austrian aviators in their probable flights over the city. The stained glass windows have been removed so they will not be shattered if the city is bombarded.

MOTHERS OF LITTLE ONES

No mother of young children should be without a box of Babys Own Tablets. The Tablets are mothers best friend and are as good as a doctor in the house. Concerning them Mrs. F. Winger, Ingersoll, Ont., writes: "I have used Babys Own Tablets for the past eight years and would not be without them. I can highly recommend them to all mothers of young children. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont."

Mrs. Robert Thompson, former president of the Women's Council at St. John, N.B., died yesterday.

Pitcher Nichol is Let Out — Others Follow

Pitcher Nichol was this morning let out by Deneau after he had looked over his list and decided that in view of the fact that he has a surplus of twirlers, Nichol must make room. There was no fault to attribute to the long fellow, but reductions were inevitable, and as Nichol has not done much this season, it was the only thing left for the manager to do. Other changes are on the tapis, and Lacroix may have to take a back seat. At any rate, another catcher with ability to connect, is sought, and lines are out. Green is also named as a doubtful card, for although he fields well, he has not yet come across with the hits and may be shelved. Rubie intends to make some changes, but has not yet made any definite announcements. At all events he intends to have a pennant snapper this season.

Dufferin Bowlers Met Last Night

The executive committee of the Dufferin Tennis and Bowling Club met last night and passed a vote of condolence with Mrs. Creech on the death of her husband, the late President of the club.

Mr. J. S. Dowling, who had been first vice-president, was elected President in place of the late Norman Creech and Mr. T. A. Cowan is now vice-president. The other positions were not filled, being left over until another meeting is held.

The opening day will be Wednesday June 2nd when a good program has been arranged for. This year afternoon bowling is to be promoted, and urged, more than ever before.

The report of the City Bowling League was received and adopted, the schedule being favorably reported upon.

Once every week a day will be set apart for games and social intercourse with local clubs and in the case of the Dufferin, they decided that Thursday would be their social day. This decision brought the meeting to a close.

Dr. A. W. McPherson, formerly Medical Officer of Health, Peterboro, was elected president of the Ontario Association of Health Officers at the closing session.

The 23rd annual meeting of the Women's Auxiliary to the Missionary Society of the Church of England, Ontario diocese, is being held in Belleville with a large attendance of delegates.

Feeling pain under the right shoulder, and fearing he was in for an attack of pleurisy, Mr. K. D. Boyd, mill carrier, Stratford, had an examination made, when a large needle was discovered embedded in the flesh.

NIAGARA VILLAGE WAS PROPERLY CAPTURED BY NEW REGIMENTS

Niagara-on-the-Lake, May 27.—The camp is now a hive of military industry, it is the scene of an army in the making, although many of its inhabitants are now ready for service—indeed, a few are already being sent. With the arrival of the 36th and 37th Battalions, the limit of capacity of the grounds is reached. Yesterday was spent in various forms of exercise and field work. Early in the morning the 4th Canadian Mounted Rifles, under Col. Vaux Chadwick, and the overseas reinforcements of the 35th Battalion, under Major Eden Smith left the grounds for a field day under Major Bickford, G. S. O. to be opened next week. The order was to capture the village, which was done to the satisfaction of the umpires. WHOLE CAMP BUSY. The Headquarters Staff are all on the job and everybody and everything is in his and its proper sphere of activity. The camp will continue until the fall. Units will come and go as orders are received from Ottawa. The general work now under way is in reality special training for officers; the big doings for the men will come shortly, when they will be at it night and day. The night manoeuvres will be a feature of the training. MANY OFFERS OF HOMES. Touching offers of homes for convalescent soldiers from Flanders have been received by Major Caldwell, C.E., of the Headquarters Staff. Many of those are from mothers who have sons at the front, or wives with husbands there, who want to look after the boys in the hope that somebody will treat well their own next of kin. A Toronto man has offered his home in Algonquin Park. An urgent appeal is made to local organizations of women to take up the matter, and see to it that the Canadian heroes are given comfortable homes in which to recuperate. Offers from all walks of life will not be turned down, although they will be subjected to medical inspection by the authorities. Offers have already been received from Acton, Brantford, Caledonia, Dundas, Goderich, Gananoque, Hamilton, Muskoka, Newmarket, Owen Sound, Oshawa, Sarnia, Weston, Welland and

THE SITUATION.

The Admiralty news of the last few hours does not make pleasant reading. A British auxiliary ship was blown up at Sheerness at about the same point as the battleship Bulwark met with a like fate in November last. The Admiralty at that time attributed the mishap to an internal accident, and they are doing the same in this instance.

The German Crown Prince has not been heard of now for quite a while. He not only keeps his loot in the background, but also his own loot. If Bulgaria would only cast her lot with the Allies, that step would in many respects be equally important with the advent of Italy.

It is said the general populace in the Fatherland do not even yet know of the note sent by Wilson to Berlin. For that matter, neither do the authorities there, from any sign they have given.

The British submarines do not begin to have the chance to show what they can do as compared with the German ditto, but nevertheless their toll up to date constitutes a very respectable record. Certain well-meaning women in the States who not long ago were circulating petitions asking President Wilson to step in and stop the war, have probably had quite an eye-opener since then.

All the evidence goes to show that the recent attempt of a German submarine to sink a vessel flying the stars and stripes was deliberately planned. Uncle Sam is still waiting patiently for details, and before they arrive there may be another case. Meanwhile Wilson's last message is still unanswered.

The fact that the Postmaster-General will be here for the formal opening of Brantford's fine new public building will be a source of general satisfaction. There is no finer or more modern structure of the kind anywhere, and it is a credit not alone to the city, but also to the energy of Mr. W. F. Cockshutt, who secured this ample recognition of Brantford's just and long overdue needs.

"ROLLICKING WOUNDED" The secretary of the Congregational Union of England and Wales has received a letter from one of the Congregational chaplains at the front, written on March 16, in which the following appears: "Yesterday I spent the afternoon amongst men wounded in the Neuve Chapelle neighborhood. I am used to visiting wounded men now, but these were different from all others. I have never seen men more radiant. Their mood was rollicking. In the dangerous ward I had a chat with one of our lads wounded in both thighs. He was bubbling over with delight, as he explained, 'I was hit in the advance, sir.' In no advance—that is the magic phrase which explains the mood of these men. They feel that the turn of the tide has come. I think that spirit is indicative of much. It is the earnest of the coming victory."

BAND PLAYS MEN TO DINNER At six in the morning you hear the stentorian voice of the N.C.O. of the guard sing out: "Show a leg there." With many murmurs of dissatisfaction we creep out of our warm blankets and hasten to put on our clothes for the roll-call at 6.30, writes a motor driver at the front. After that with many grimaces and shivers, we wash in ice-cold water. At 7 o'clock breakfast is ready; either bread and bacon or bread datter and cheese—not at all bad for active service. We do any work there is to be done about the camp or go for a route march. At one o'clock we roll up to dinner to a tune played by one of our cooks on a dicky lid. It generally consists of stew very occasionally varied by steaks. We parade again at half past two unless a game of football has been arranged with some other company. We get tea at five; it consists of bread, butter (if our luck is in), jam, or cheese. The rest of the time we do as we like, and then go to bed like good boys. Lights out at 9.30. We while away life with songs to the accompaniment of a mouth organ or concertina, or some brave spirit takes on another at wrestling or boxing. Of course this routine is only while we are resting and the battery is out of action. When we are supplying the men with ammunition it is very different—no parades; and we generally sleep on our lorries.

—exercise. We do not pay so much respect to exercise; we reverence our old customs, our national institutions. It is very bad form if a student does not keep up these ancient institutions. If he does not join a Verein the reason is that he is very poor, either in pocket or in spirit.

"Then a student joins a Verein because it is considered the correct thing," the German nodded emphatically. "That is so. I will tell you a true story about my cousin, Johann. He is a mathematical student, and he joined a Verein which does not get on at all; he felt that he was looked down upon and despised. No one could tell he was a Deutscher student and of good breeding, and wherever he went he used to sit down in a corner and hide himself, he was so ashamed. At last he could stand it no longer; he went and borrowed a sabre from a friend, and stood in front of the looking-glass and gave himself a nice slash across the cheek. Then he was happy."

This is another form of Kultur which proves the legitimate parent of German atrocities in the field of battle.

NOTES AND COMMENTS. The German Crown Prince has not been heard of now for quite a while. He not only keeps his loot in the background, but also his own loot.

If Bulgaria would only cast her lot with the Allies, that step would in many respects be equally important with the advent of Italy.

BRIGHT LIGHTS ARE FORBIDDEN

All Coast Towns on the Adriatic Are in Darkness.

By Special Wire to the Courier. Rome, May 28.—In compliance with orders issued by the authorities, all ports on the Adriatic are now in darkness at night. This regulation includes Venice, Ancona and Brindisi, and it is being made to apply also to certain inland cities like Milan, Bologna, Verona, Bressano and Udine.

At all these places the same regulations apply. Cafes, theatres and moving picture houses are closed; street cars run with only one light inside, carriages and automobiles are forbidden to use electric or gas lamps, and the use of brilliant lights inside houses is forbidden. Railroad stations are entirely dark.

The people are taking all this most gaily. At night groups of young men go through the darkened streets, shouting, joking and singing. A special watch for aeroplanes is being kept at Bologna because of the location there of a very important factory of explosives. Signalling posts have been established on the famous Asinelli and Garisenda piers. From these points of observation there is telephone communication with headquarters. Similar measures have been adopted at Milan.

MAJOR MORAHT VERY OPTIMISTIC

Talks of Italy's Intervention as Being of Little Value.

By Special Wire to the Courier. Rotterdam, May 28.—Reviewing the war situation in The Berliner Tageblatt, Major Mohart, while generally very optimistic, says with reference to Italy's intervention: "Germans must not expect in one conquering fight our troops will alternate with bad, but our confidence which has withstood the greatest trials need in no way be shaken."

As to the situation in the west, Major Mohart says: "The allies choose an unfavorable point in the middle for their spring offensive, and the question now arises will they try their luck in a new district when perhaps their Italian auxiliaries have answered their cry for help?"

"The active artillery fighting between the Meuse and the Moselle we must look upon as preparation for coming events by our enemies for they can only attempt an offensive there after our artillery has been beaten down. But there is no prospect at all of this and as Italy's artillery does not stand at such a height that it can strike a decisive blow we can answer our new enemy's guns with our usual calmness."

"The marvellous division of our forces makes it possible at the same time to be strongly on the defensive in the west victorious in the north, irresistible in the southeast, and strong and ready in the south."

TURKS REPORT SUCCESS. By Special Wire to the Courier. Constantinople, May 27, by wireless to Berlin and London, May 28.—Fresh activity of Turkish forces in the vicinity of Kurna, Mesopotamia, is announced in a War Office statement, which says: "In a night attack by volunteers in boats we captured two English positions, which we are still holding."

Kurna is on the right bank of the Tigris River at its junction with the Euphrates. It is a stopping point for river steamers going up and down, and has a small trade.

GERMANS FORCED BACK. By Special Wire to the Courier. Berlin, May 28, via London, 3.30 p. m.—A reverse at the hands of the Russians in the fighting along the River San, in Central Galicia, is announced in to-day's statement from the War Office. It is said the Germans in the region of Sieniawa, on the left bank of the river, were forced back and lost six cannon. The German position according to this announcement were not defended by a strong force.

CADETS. No. 391—Brantford Public School Cadet Battalion. Cadet orders: Order No. 56 of May 22, 1915. A medal is presented by the Provincial Strathcona Trust committee for individual competition by junior ex-cadets of the Inspectorate of the City of Brantford. Attention is drawn to the following condition that competitor must have been a cadet at one time, and must not be enrolled at any school at the present time. This condition necessarily bars all cadets attending schools outside of Brantford or the Collegiate Institute from competing. Instructors and cadets are requested to announce this as widely as possible among eligible cadets. Application to compete should be made either direct or through inspectors. Applications will be received on or before the first of June, 1915. Conditions of competition will be arranged later. Thomas Bingle, Lieut.

OIL FOR WEST BRANTFORD.

It has been noticed that West Brantford is in need of another coat of oil as Oxford St. is again almost as dusty as it was previous to putting on the first coating. The explanation of this need is simple. The oil put down in that section was purely experimental. It was not the same as that kind as the ordinary petroleum, with the result that its use has been dropped for civic purposes. When Oxford St. has been treated with the oil which is promised soon, better results will follow.

HORTICULTURALISTS ANNUAL

The annual meeting of the Ontario Horticultural Society will take place in the Normal school building, Toronto, June 2nd. It was to have been held on three days in June, 2nd, 3rd and 4th, but owing to the war and Canadian losses, it has been deemed advisable to confine the meeting to the general business, which will be conducted in one day. So the city clerk has been notified.

THE OLD QUESTION.

The county has been billed by the government for the sum of \$567.33, which it claims represents the portion due of the salary and travelling expenses of the District Health Officer for District Number 3. This sum is derived from the 22,273 population of the county. It is claimed to be too large as the Township of Tuscarora with a population of 4,000 should be left out because it doesn't come under the jurisdiction of the Health department, and contributes nothing towards the expense of relief of sickness of the municipality. This brings forward the old question of why the county of Brant should be charged with the total expense of that municipality.

THE LUSITANIA

The following poem was written for a time on the Courier, and who has come from his home in South Dakota to offer his services to his native country.

The most atrocious, hideous crime
The world has known in years
Has brought to many a happy home
The heaviest and saddest tears.
When little children met their doom,
With Britain's shores in sight,
Sent to their deaths by the Kaiser's hands,
Who gloried in their plight.

Wives torn from their husbands'
And babes from their mothers'
While men gave way to the weaker sex,
And bravely stood the test,
Without a winking sound,
Went down to an untimely death,
And a watery grave hath found.

And this is war? Oh, what a shame
That such a thing can be
While England proudly boasts that
she is mistress of the sea,
The very for vengeance rings
throughout
the length of all Britannia,
And sons of England never will
Forget the Lusitania?
—G. T. Dinean.

COAL TENDERS.

Elsewhere in this issue there is a Dominion Government advertisement asking for tenders for the coal supply of public institutions, including those of Brantford.

LADIES' DAY.

Friday next will be the first Ladies Day with the Brant baseball team and every Friday during the season has been set apart as the day of the fair sex. On this day ladies will obtain free admission to the grounds, a charge being made for seats upon the grand stand. The day promises to be very successful.

KING'S CARD OF WISHES.

Mrs. Steve Cara received a long letter from her husband in which was included a Christmas card, forwarded by the King and Queen to soldiers on active service. It is a splendid portrait of their majesties and was much appreciated by all concerned. The writing on it read as follows: "With our best wishes for Christmas, 1914. May God bless you and bring you home safe. Mary R., George, R.I."

FIREMEN INJURED.

Yesterday, when the new fire hall apparatus for projecting the water to a great height on the ladder arrangement was being tested, the cable snapped and the ring in its descent, struck Fireman R. Mayes a severe blow on the forehead, while the loose end of the wire cable cut him severely and completely opened one side of the face from the eye socket to below the mouth. Mayes was attended by Dr. Hicks and is on duty to-day.

WORK APPRECIATED.

The following letter of appreciation was received by Chief Lewis to-day: Chief Lewis, City:—

Dear Sir:—We have been requested by Mrs. Crawford, widow of the late Elmer L. Crawford, to thank you for the effort put forth by you in the recovery of the body of her late husband who was unfortunately drowned in the Grand River on the 17th April last. Mrs. Crawford is profoundly grateful to you for the excellent service rendered by you upon this mentioned occasion.

Yours truly,
Harley and Sweet.

KILLED AT FRONT.

Many Brantford friends will be exceedingly sorry to hear that Capt. McMeans, son of Mr. L. McMeans, formerly member for South Winnipeg, is reported killed in recent engagements at the front. Capt. McMeans was a grandson of the late Mr. A. McMeans, one of the oldest residents of Brantford. His father is one of the best known lawyers in Winnipeg. An aunt, Mrs. Harrison, is resident here.

THANKS EVERYBODY.

The Women's Patriotic League desire to thank the citizens of Brantford for their continued generosity. Through the kind and generous response to the hook and beam collection for the Belgian soldiers, a large shipment was sent to Mr. Henri Prud'homme, Secretary-Treasurer of the Belgian Relief, consisting of 675 cans of beans, 44 cans condensed milk, 49 jars pressed chicken, 6 cans syrup, 1 large can honey. Special mention was made of the largest donation, coming from Mr. Peachey of two cases of condensed milk, two cases pork and beans, and a case pressed chicken. Should the country care to have a similar shower, the Women's Patriotic League would be glad to forward another shipment for the Belgian soldiers, so much in need of food at the present time.

Recommended for V. C., But is Now Dead

RECOMMENDED BY THE COURIER.
Montreal, May 28—Lance Corp. Joa. Stanley Marchant of the Second Battalion, whose death from wounds was reported in yesterday's casualty lists, is recommended for the Victoria Cross, according to news received by his relatives in this city from a Y. M. C. A. officer, who has been with the Canadian troops since their mobilization in France. According to the letter received by friends in Quebec and forwarded to his father, Mr. Alfred Marchant, of this city, Lance Corporal Marchant, had already saved the life of one man under fire, and was in the midst of saving a second when a shrapnel shell burst near him and shattered his leg. The same letter stated that the young man had lain on the battlefield for seventeen hours before assistance could be rendered him. News of his wounding was received by his parents a fortnight ago and official word that death had followed came from Ottawa a few days ago.

Departure Was a Pleasant One

On Wednesday evening a very pleasant departure was made in connection with the exhibition of the work of the household science department of the Collegiate Institute. In place of a mere unsatisfying display of samples of the products of the cooking classes, the pupils prepared a simple formal dinner at which nearly all the members of the board and the technical committee, with their wives, were invited. Before the feast had ended there was no doubt in the mind of those present as to the excellence of the work done in this department. After the presentation of a beautiful bunch of roses to Miss McNally, the teacher of household science, in token of appreciation of her efforts, Mr. Coulbeck, the chairman of the board, assumed control of the proceedings and called upon some of the gentlemen present for brief addresses. Appreciative responses were made among others by Mr. Andrews and Mr. Coles, chairman of the technical committee, the latter showing his fitness for the position he holds by his insight into the benefits of teaching of household science and other subjects of a practical nature. The proceedings closed at an early hour with the singing of God Save the King.

Music and Drama

BRANT THEATRE
Another good feature program is being provided at this cool little theatre. To lovers of amusement are offered over two hours of the best entertainment to be had in the city. This entertainment is combined with absolute comfort too, which goes a long way towards making a person enjoy themselves. The Copeland-Draper Company in a real comedy sketch "Room 44" pulled off some good stuff which made the desired impression on the audience. Kathleen Miller and the Callahan Brothers formed an exceedingly entertaining dancing trio. Their act was something different from the usual trend of vaudeville dancers' performances. Clark and Harvey, in class songs and "patter" were very amusing. The next picture of the "Runaway June" series was the leading film attraction, and lived up to its reputation again, as being an excellent production.

Ten Austrians were rounded up at Smith's Falls last night by the local military authorities, and it is believed a plot to blow up the C. N. R. bridge was frustrated by the arrests. Robert Underwood, a negro employed at the Whyte Packing Company's factory, Stratford, is being held by the police on a charge of shooting at George Harrison, another negro.

Excellent Show of Public School Work

The excellent exhibition of public school work at the Conservatory was opened for inspection yesterday afternoon. Several of the senior girls poured tea for the guests after they had conducted an examination of the fine work of the school children.

HOUSEHOLD SCIENCE

The first section of the exhibition was that of household science in charge of Miss MacNally. A large table of delicious looking cooking and refreshments had been made by the young girls themselves under the direction of Miss MacNally of course. It was plainly evident by the quality of the cooking that the girls had re-ceived perfect instruction and teach-ing during the course. About two hundred models from a full course Canadian dinner was also the work of the ingenious girls. A splendid array of white caps and bags, all carefully sewn and embroi-dered, was also the work of the house-hold science classes.

MANUAL TRAINING

Then came the boys' manual train-ing exhibition, under the direction of Mr. A. Styles. It was a very large and excellent showing of the boys' work. Only the very best of the work could be exhibited, and Mr. Styles had taken great pains in inspecting and arranging the work. One hun-dred models could not be shown for lack of space. An almost unbelieve-able fact was that all the work had been done since last October, only a few months ago.

Then came the mechanical drawing,

also done by the work of Mr. Styles' classes. Only about a tenth of the drawings were exhibited, and among these the work of Silverthorne, Baden Powell, Clement Harris and Arthur Hart was especially good. The work of Mr. Styles has taken wonderful strides and leaps forward. His classes have been greatly enlarged necessitating much extra work from him in his spare time. The work of Mr. Styles has in-crease on his time, he has taught his boys with such skill and patience that this year's exhibit has been greater and far superior to any previous exhibit.

The third section of the exhibition

was the art and drawing of the classes in Dufferin School, taught by Miss Shannon. This art was done by pupils of the second, third and fourth grades. The work was divided into sections in which nature work, landscapes, object drawing, figure and animal poses design work from plants, etc., were all splendidly ex-ecuted. The work was done with brush and ink and charcoal. The ob-ject perspective drawings done by the senior fourth form, are especially good as are the Christmas booklets. Easton's painting book, the Hal-lowe'en designs, Calendars, window shades and designs for book covers were also exceedingly well done. Tints and shades of colors, and black, brown and gold lettering were also done from the excellent ex-hibition as worthy of mention. Miss Shannon received many compliments from friends on the fine work her pupils have made.

The exhibition is being held this

afternoon and evening, through the kindness of Mr. and Mrs. Norman Andrews. One pleasant feature of the evening was the scores of people who attended the affair.

PRZEMYSL IS THREATENED WITH SIEGE

Austro-German Armies Have Driven Wedge Through Galicia.

By Special Wire to the Courier. London, May 28.—The fortress of Przemyśl, garrisoned this time by Russians instead of Austrians, is once more threatened with investment.

Just as the Russians, after surround-ing Przemyśl and starting out its Austrian garrison forced the surren-der of the fortress on the 22nd of last March, so Austro-German troops, who have driven a wedge through Central Galicia, are now attempting a double flanking movement, and with growing intensity of attack, are seeking to en-circle Przemyśl from the north and the southeast.

According to Vienna reports progress is being made in both directions and if the advance is not checked Przemyśl will either be isolated from the rest of the Russian army, or the Russian troops will be forced back to the San will be forced into further retreat.

This situation in Galicia is unquestionably of great strategic importance at the present time and even the British press concedes that the position of Przemyśl is serious. It is described as the key to the whole Russian position in Galicia, and its fall will mean that the railroad running eastward to Turin, the main artery of the Russian supplies in this region will fall into Austrian hands. Reports that this railroad line already has been severed are still without confirmation to-day.

Fighting along the Austro-Italian frontier still is in the development stage. There is virtually no change on the western battle front, and the British and the French admit that the Turkish army is so strongly entrenched on the Gallipoli peninsula that only siege warfare can be waged there.

GEORGIAN MINSTRELS

GAVE A RATTLING GOOD EVENING

Splendid Artistes and Excruciat-ingly Funny Songs and Hits.

The Georgian Minstrels held their audience last night with laughter. Cork humor and charming, chatty but clean humor, they made another hit. Few could resist Happy Luscombe and withhold delight at Andy Ferrel's playing on the violin, while the entire circle gave a unique display of versatility. The vocalists were Bill Scott, Earl Woodley, Steve Twyman, Bert Bennett, Gil Short, Bert Lynn, and the comedians, Earl Luscombe, Art Lynn, Ed. Hutchings, Bill Murray; Leterlocutor, Mr. Jack Cook, the whole being under the able direction of Mr. D. Forbes Thomson. Mr. James Cook was superlatively anything in his song, the "Garden of my heart," and his dusky comers roll-ed with the moving refrain from side to side.

Way Back Home sung "Happy" and his tearful melody would have melted "pig," its refrain had such a wealth of real tenderness, but he was followed by "When the lighthouse follows ring dong," by Bill Scott—and Bill has tuneful limits—not excesses.

"Garland of old fashioned roses," warbled Bill Garland, and "Black faces and stubby noses" was the echo from the acoustic arrangements.

Jas. Goodson sang "He loved her since she was a baby," and still they love, and "Jimmy's" appeal might have carried their affections to warm up and spill over.

"When you are a long way from home," sang Jack Cook, and the air trembled with the surcharge of home-sick hearts—there's an angel sits up aloft to watch "Poor Jack" was told.

Ed. Hutchings had a "Scotch"—yes, but it was a Scotch song, not a "liv-ener," and he poured his melody of Highland Laddie into Doric ears with lilting ease.

"I want to go back to Michigan," sung Geo. Barker, and he is waiting still, even the applause refused to try and make the "midnight special."

Art Lynn sang that "He was all dressed up in white where he got," but his costume scarcely suggested local boulevards, so it was well he remained.

Bill Murray appealed for "Mercy on a married man," and the male section of the audience made the air re-sound with moans. Mesdames and maidens looked on and were silent.

"Dear old Girl," sang Bill Stewart, and big tears furrowed down his physiognomy, tears of grief and of pain.

Signorina Piccola, in mandolin selections, featured by Mr. Jas. D. Ansell; Georgian Minstrel quartet; and Brant, violin soloist; the silver-toned tenor, Mr. Jas. Goodson; Happy Luscombe, in his own creation of wit and humor; Masters Jack and Freddie Johnson, the youngest exponents of the manly art appearing before the public was a splendid piece of combined humor, and reflected creditably, and indeed there are few entertainments in Brantford at which a greater degree of enjoyment could be had. Every artist did well, and the general manager is to be congratulated.

BLEW UP AND LEFT NO TRACE

C. P. R. Steamer Irene Blown Into Atoms by Explosion.

By Special Wire to the Courier. London, May 28.—No trace has been found of a harbor steam launch which was moored alongside the Princess Irene, or its crew of five or ten since the explosion which destroyed the big steamer, and it is assumed five more names must be added to the list of dead.

One possible survivor of the explosion is in a hospital suffering from shock. He was picked up in the water some time after the explosion, but it has not been learned whether he was a member of the Princess Irene's crew or was blown out of some small boat near by. Only one body has been re-covered. Two barges which were also alongside the Irene were demolished.

A naval officer who witnessed the explosion, said in describing it: "The ship was moored seventy yards from the point on shore where I was standing. Suddenly I noticed a little wispy of smoke aboard and called out, 'Is there a fire there?'"

"Before the men could answer there came an explosion like a volcanic eruption. Then a great cloud of dust, coal, smoke and flame rose a mile high. Amidst the smoke the eye could discern huge pieces of the ship burst-ing into smaller pieces as they rose.

"The ship didn't go down, she went up, distributing her remains in dust and jagged fragments over a radius of many miles. The smoke cloud of the explosion lasted, I think, only a moment or two. I rubbed my eyes and saw clear air where the Irene, barges and launches had been a moment before.

"The explosion seemed to stun everyone for a few minutes. The came the order, 'away all boat crews to pick up survivors.' But when I got into a boat and sailed past the spot where the explosion had occurred, there was nothing but a singl-fragment of mast to mark the place. Further away, however, the water was dotted with pieces of wreckage."

FORAN'S HOMER PAVED THE WAY TO VICTORY OVER THE SAINTS YESTERDAY

Harris, a Recruit From the Southern League, Filled the Shortstop's Position—Visitors Grumbled Continually to His Umps, Who Banished Inker.

When Foran knocked out a homer in the fourth inning with Fried on second, he practically won the first of the series with St. Thomas for the Brants. It proved to be the last tally of the match for although both aggregations endeavored to add to the score neither could add and the game ended with the tally which was registered in the fourth inning.

It was not by any means a brilliant exposition of the pastime except in one regard and that was the language. After standing a lot Umpire Bedford deemed it wise to send Inker back to the bench. This occurred in the 7th inning and did not alter the game much. Dad Stewart found piteous cause in his own mind to grumble with the decisions, which it is generally admitted might not have been as accurate as possible, but, if the Railwaymen had anything to kick over, so had those for the decisions were as erroneous for one side as they were for the other.

SOME FEELING.
 Although at the beginning it looked as if the feeling between the Umps. and the visitors was likely to develop the official was not to be grieved, and when he sent Inker out of the game, the storm blew over and peace reigned as possible, but, if the Railwaymen had anything to kick over, so had those for the decisions were as erroneous for one side as they were for the other.

THE UNIVERSAL CAR

took the lead. Their pleasure was short-lived for the Indians came back strong. Harris had been fanned and Fried singled, and was camped on first when Foran hit the first homer of the season, sending the ball clean on to the flyke behind the right field fence. Brantford took the lead with this nice bit of work, but could not add to it, for although the pitcher singled to right, Green failed to advance him.

But for Dunn's fine running catch in the fifth, Dad Stewart's brigade would have captured the game. Second and third sacks were full with two men out, when Stewart flied. Dunn sprinted and caught the sphere on the run, fielding it brilliantly, and saved the situation. Hughey had doubled, Kopp bunted safely Ort was fanned and Hadley was nabbed going to first, Stewart swatted, only to see his drive caught by Dunn, when with a little luck he might have advanced the score. Close was lucky in this inning and got out of a tight corner.

THREE SACRIFICES.
 The Brants second inning in which they opened the score, was remarkable for three sacrifice hits Harris, Foran and LaCroix all tapping the pellet, only Foran failing to register first. Mullin got first on a trapped ball, then Harris bunted safely and Fried drove to right field for a single sending Mullin home. Foran went out at first, sacrificing, and LaCroix bunted safely. Harris crossing the plate and Friend following him, but being sent back because he could not advance more than a base on an overthrow. Close struck out and the inning closed.

Two hits, three bunts, two runs. The trapped ball which resulted in Mullin's taking first was disputed by Todd who claimed his glove was between it and terra firma. Bedford had his own ideas and voiced them in general protest by the Railwaymen.

Close same near to disaster in the fifth when Hughey got to him for a two bagger, and Kopp bunted safely. He whiffed Ort, Hadley hit to pitcher and was an easy out at first, and Stewart flied out. Two hits, no runs. Mullin cavorted around to third next innings but got no farther, no body giving him a helping hand home.

Harris, the new shortstop, got his mit to a fast, high one, sent out by Kopp which was labelled a two-bagger all the way, and again the danger was passed. He received a hand for the fine play.

The Saints started the ninth with a strong rally when Hughey singled after Harris had been fanned. A brilliant double play put an end to matters when Fried and Foran worked the oracle.

The Saints were beaten and although they had "beefed" all the way it was not evident what they were to gain by their questionable conduct. They protested against the ball, and had grumbled at the bats, and complained of the umps, but it never struck them that their own machine might be examined and the various cranks overhauled.

WESLAKE'S WORK WAS THE FEATURE
 Toronto Boy Was Responsible for Hamilton's Victory Over Ottawa.

Hamilton, May 28.—Westlake, the Toronto lad, made his Canadian League debut here yesterday afternoon, and came through with flying colors. He did some sensational fielding, and won the game for Hamilton in the ninth inning, by a single that scored Harris. Fuller the shortstop whom Ottawa secured from Detroit, was again prominent, for while he failed to do much with the stick, his fielding was of the sensational order, and he cut off on two occasions what looked to be sure hits. It was a pitcher's battle throughout, with Dolan having the better of Peterson.

GUELPH BEAT LONDON.
 Cockneys Were Outplayed at All Points by the Leafs.

Guelph, May 27.—The first game of the series with London yesterday was a walk over for the Leafs. Up to the eighth inning the Cockneys were shut out, while the locals rolled up ten runs. They then let up, and London did some scoring after a change of pitchers. Dorbeck won his own game for Guelph, both in the box and at the bat, starting the scoring in the third inning, which ended with Guelph five runs to the good. Tony knocked out a homer the next time he went to bat. The Leafs put up a good article of ball, while London was far from putting up a good game. Score by innings:—

London 000 000 031—4
 Guelph 005 302 027—12

Football

The football circle will see some very interesting games to-morrow when three contests in the Brantford and Paris League will take place in the city. The Sons of England are at home to the Congregationalists and the Sons have an opportunity of fulfilling the talent promise which they have been showing, at the same time dealing a blow to the opposition. The P.S.A. boys will have to step out if they intend to put one over the Sons who are getting into their stride very well.

The Thistles will have Paris' as visitors upon the Agricultural Park

and the game should be well worth watching. Paris are following the Scots very closely and are playing a good game at the present. Thistles have not handed out any points yet, nor do they intend to and Paris will have to travel for all they get from them.

Tutela will take a trip to Holmedale where they will meet the Tigers and a fast encounter will result. Both teams have met with reverses and will be out to get the points to-morrow. The residents of this section are assured of a hot contest.

P. S. A. LINE-UP.
 The P.S.A. football club selected the following team to meet the S. O. E. on Saturday at Tutela Park. Kick off at 5:45. All players are requested to be on hand at 5:30. Cooper, J. Hollands, W. Hollands (capt.), Goodreid, Biggs, Richards, Usher, Perrin, Bonner, Robus, Fisher; reserves—Bee, White, Dawson.

FOOTBALL MEETING
 A meeting of the above took place in the Y. M. C. A. and after the usual business the draw for the semi-final of the John Hill Charity Cup took place and resulted as follows: S. O. E. v. Thistles at Tutela, and Tutela v. P.S.A. at Agricultural Park to be played June 28th. The semi-final of the Courier Cup, Tutela v. P.S.A. has been changed from Holmedale and will now be played in Paris. The crowds attending the holiday matches were good and also the collection, as \$14 was realised at the John Hill games on Saturday and \$12 at the International on Monday. The referees and games for Saturday are as follows:

S. O. E. v. P.S.A.—Mr. Mears
 Thistles and Paris—Mr. F. Wright
 Holmedale v. Tutela—Mr. Marks.
S. O. E. LINE-UP
 The following team will represent the S. O. E. against the P.S.A. at Tutela Park on Saturday. Kick off at 5:45.

H. Stanley, W. Johnson, G. McGrattan, R. Plant, E. Hamilton, F. Wright, A. Baker, T. Howell, W. Smith, A. Johnson, A. Dixon. Reserves, J. Small, J. Neble, A. Wallace, W. Cartwright.

All players and reserves report at King Edward School at 5.15. Referee: Mr. F. Mears.

TIGERS LINE-UP.
 Holmedale Tigers will play Tutela on Holmedale Park on Saturday. Kick off at 5:45 p.m. The Tigers will line up as follows: Griffin, Street, Hoyle; Sevier, Midgley, Ellison; Ross, Belshaw, Coburn, Johnson, Archer.

CHALLENGE.
 The Junior Alerts would like to arrange games with any junior team in the city for Saturday afternoons during the summer. Dates and arrangements can be made by communicating with Wm. Johnston, care The Courier, city.

White Sox continued their winning streak yesterday, when they defeated the Yankees 8 to 2 for their ninth consecutive victory.
 To date the Boston Braves, world's champions, have lost four series, won two and tied one. They have been playing poor ball the last few weeks and are now in the second division.

Manager McGraw of the Giants used sixteen players yesterday in an endeavor to win from St. Louis, but the latter managed to secure the odd run in eleven.

Rogge, the ex-Leaf pitcher, now with the Pittsburg Federals, was no puzzle to the Baltimore Terapins yesterday and the Pitfeds dropped in to second place, Chicago moving up into the leadership.

For "safety first" on bake-days there is only one answer—PURITY FLOUR.

Reserves, Scott, Williams. All players are requested to be on the field at 5:30. Referee, Mr. Marks.

THISTLES LINE-UP.
 Brantford Thistles will play Paris in a League game on Saturday in Agricultural Park. Seeing the Thistles are only two points ahead of Paris, this is sure to be a great game. The Thistles line up will be as follows: Tigwell, Cook, Taylor, Maud, Stewart, Harrington (capt.), Vipond, Linn, G. Richardson, R. Richardson, W. Richardson. Reserves, W. Johnson, A. Johnson, Ramsay, Maloy, Lapsley. Kick off 5:45 p.m.

ECHO PLACE NEWS

There was no afternoon service held at the Anglican mission on Sunday, but quite a number of the congregation went to St. Luke's to witness the confirmation ceremony by the Bishop. Next Sunday will be a celebration of the holy week at 8 a.m., and children's school at 10 a.m. The Ladies Aid gave a most successful tea at the beautiful home of Mrs. Thomas, Echo Villa, on Sunday. The door was opened by Mrs. Thomas and Elizabeth Elmer, who also sold flowers. A good

crowd turned out, and tea was served by three lady friends of Mrs. Thomas. Mrs. Goodman, Miss Davison, and Mrs. Thomas delighted the audience with piano solos. Miss Senn sang sweetly, and Miss Saunders gave a pleasing recitation. There was a splendid quality of home-made cooking of the finest quality for sale, which very readily found buyers. Fancy needlework of every description, also aprons, etc., were on sale and most of these were quickly sold. Altogether over \$22 was realized, and the Ladies Aid are to be congratulated on their great success. Miss Blanche Delbridge has accepted a position in the ticket office of the B. & H. radial station and started her duties on May 24th.

Miss Bella Delbridge was a visitor at the parental home over the holiday. Miss Ila Demary was unfortunately enough to sprain her arm very badly while swinging at school, and the doctor had to put it in splints.

THE WESTERN FAIR

London, Ont., September 10th to 18th. Queen's Park, at London, Ontario, the home of the Western Fair, is a very busy place at present, as active preparations are in progress for the great exhibition to be held in September. Ever since the last Exhibition the entire grounds and buildings have been in possession of the military authorities. The City of London and the Board of Directors of the Western

Fair Association have been very pleased to be able to help our government in some small way in these strenuous times, and so the grounds and buildings were placed at their disposal entirely free. As the soldiers are now under canvas a great deal of work will have to be done to prepare the buildings for the exhibition. Owing to an unfortunate fire in the grand stand the old structure is entirely demolished and a new and up-to-date steel stand with a seating capacity of 5000 people is in course of erection. This will very much add to the comfort and conveniences of the visitors as every seat in the new stand will give a full view of everything taking place on the track and platform. For any

information regarding the exhibition write the secretary, A. M. Hunt, London, Ont.

FREDDIE WELSH TO DEFEND HIS TITLE

Has Agreed to Meet Charley White at Denver on July 5.

(By W. S. Farnsworth.) New York, May 28.—Freddie Welsh is going to defend his lightweight title on July 5, and Charley White, the hard-hitting Chicago lightweight is the lad who is going to get the big slam at the champion's crown. The match will be staged in Denver. For months Denver has been after a twenty-round struggle between these lads. But Harry Pollok, who manages the champion, demanded \$15,000 for his end. But Promoter Tamman of Tamman and Bonfield, owners of The Denver Post, would not agree to guarantee Welsh over \$13,000.

Last night Pollok and Nate Lewis, White's manager, met and came to an agreement. Pollok insisted on \$15,000 if Welsh lost, but declared \$13,000 would satisfy him if Freddie won. Then Lewis agreed to give Welsh \$20,000 if White's end if Charley won the decision.

Welsh besides getting the guarantee of \$15,000 if he loses the title or \$13,000 if he wins, is to receive 45 per cent. of the gate and 51 per cent. of the moving-picture rights.

White will probably leave for Chicago either late to-morrow or early Sunday morning. He plans to start training immediately in Chicago and will wind up his work in Denver. Welsh's plans are unknown.

SHIP BLOWN UP; 325 MEN KILLED

Crew of 250 and 70 Workers Perish on Former C. P. R. Boat.

London, May 27.—The Princess Irene, a British mine-laying ship, was literally blown to atoms with at least 325 men aboard as she lay at anchor in Sheerness harbor yesterday. The explosion apparently was intentional, its origin being marked by complete mystery, and so far as known, only one man has survived, a stoker named David Wills, who was picked up badly injured.

It is understood that all but three of her crew of 250 men were aboard the steamer, as well as 78 dockyard men carrying out repairs. Some estimates, however, place the number of victims much higher. The Daily Mail asserts that in addition to the 78 shipwrights there were on board 100 workmen from Chatham, as well as 250 members of the crew, which would give a total of 418 persons on the steamer at the time she was blown up.

The disaster has immediately recalled the fate of the British battleship Bulwark, which was mysteriously blown up on November 26, at practically the identical spot in which rested the Princess Irene, with the loss of some 736 officers and men. The destruction of the Bulwark was never explained. There were rumors at the time that a German submarine had slipped into Sheerness harbor and launched a torpedo at the warship, subsequently stealing away without detection. It has since seemed more probable, however, that the Bulwark was blown up by an internal explosion—the inference being, of course that a spy accomplished the work.

WAS 70 YARDS FROM SHORE. The Princess Irene, which is a Canadian Pacific liner, requisitioned by the government, was lying at her moorings 70 yards off Port Victoria at 11 o'clock in the morning her decks crowded with busy workmen. The harbor was filled with vessels of all descriptions. Nothing of an extraordinary nature had occurred to arouse suspicion.

2ND UNIVERSITY COMPANY CANADIAN EXPED. FORCE

The Second University Company, the organization of which was authorized by the Militia Department, on April 24th has made substantial progress towards completing its establishment. The company, under the command of Captain George C. McDonald has its headquarters at 382 Sherbrooke street west, where about 120 men are already enrolled and in training.

In addition to this, two officers, Mr. G. M. Smith and Mr. D. G. Haggarty of the Toronto University C.O.T.C. have been appointed to look after recruiting in Toronto. A number of men have already been sworn in there and it is expected that before June 1st Toronto University will have furnished a full platoon of about 60 men.

The full complement of all ranks required is 227, so that it is likely that the company will be up to its full strength at an early date. The rank

and file are a splendid type of the young educated Canadian, being recruited from University graduates or undergraduates, or men of a similar class. They are drawn from nearly every part of Canada, groups having been brought from Vancouver, Edmonton, Saskatoon and Winnipeg as well as from the Eastern Provinces. A number of men with C.O.T.C. certificates have enlisted in the ranks.

In the training of this unit special attention will be given to further instruct men studying for officers certificates. A great many of the men have received the benefit of the training at the C.O.T.C. camp at Niagara-on-the-Lake, which was held from May 2nd to 15th.

When the company has been brought up to full strength, it will probably be moved to one of the permanent camps to undergo further training before going to the front. The first University company, (D. Co., 38th Battalion C.E.F.) which has been selected as a draft to reinforce the Princess Patricia Canadian Light Infantry, is at present in camp at Niagara-on-the-Lake, and will probably sail for England inside of the next fortnight.

The
MASQUERADER

By Katherine Cecil Thurston,
Author of "The Circle," Etc.

Copyright, 1904, by Harper & Brothers

"I caught the same impression—without an eyeglass," he said. "Why did you look like that?" He asked the question steadily and with apparent carelessness, though through it all his reason stood against his common sense cried aloud that it was impossible for the eyes that had seen his face in admiration, in love, in contempt, to fall now in recognition. The air seemed breathless while he spoke and waited. His impression of Lillian was a mere shimmering of gold dress and gold hair; all that he was really conscious of was the pressure of his hand on Eve's arm and the warmth

"Do you see what I mean, Eve?"

of her skin through the soft glove. Then abruptly the mist lifted. He saw Lillian's eyes—indifferent, amused, slightly contemptuous, and a second later he heard her voice. "My dear Jack," she said sweetly, "how absurd of you! It was simply the contrast of your eyes peering over Leonard's hair. It was like a gorgeous sunset with a black cloud overhead." She laughed. "Do you see what I mean, Eve?" She affected to see Eve the first time. He understood it. She had been looking calmly ahead. She turned now and smiled serenely. Loder felt no vibration of the arm he held, yet by an instant intuition he knew that the two women were antagonistic. He experienced it with the divination that follows upon a moment of acute suspense. He understood it as he had understood Lillian's look of recognition when his forehead, eyes and nose had shown him to be himself; her blank surprise when his close shaven lip and chin had proclaimed him Chilcote.

He felt like a man who has looked into an abyss and stepped back from the edge, outwardly calm, but mentally shaken. The commonplace of life seemed for the moment to hold deeper meanings. He did not hear Eve's answer; he paid no heed to Lillian's next remark. He saw her smile and turn to the red haired man; finally he saw her move on into the supper room, followed by her little court. Then he pressed the arm he was still holding. He felt an urgent need of companionship, of a human expression to the crisis he had passed.

"Shall we get out of this?" he asked again. "Eve looked up. 'Out of the room?' she said. He looked down at her, compelling her gaze. 'Out of the room—and the house,'" he answered. "Let us go home."

CHAPTER XVII.
THE necessary formalities of departure were speedily got through. The passing of the corridors, the gaining of the variously simple proceedings. Then, as he sat by Eve's side and again felt the forward movement of the horses, he had leisure for the first time to wonder whether the time that had passed since last he occupied that position had actually been lived through. Only that night he had unconsciously compared one incident in his life to a sketch in which the lights and shadows have been obliterated and lost. Now that picture rose before him, startlingly and incredibly intact. He saw the sunlit houses of Santasalar, them as plainly as when he himself had sketched them on his memory. Every detail of the scene remained the same, even to the central figure; only the eye and the hand of the artist had changed.

At this point Eve broke in upon his thoughts. Her first words were curiously coincidental. "What did you think of Lillian As-trupp tonight?" she asked. "Wasn't her gown perfect?" Loder lifted his head with an almost guilty start. Then he answered straight from his thoughts. "I didn't notice it," he said, "but her eyes reminded me of a cat's eyes—and she walks like a cat. I never seemed to see it—until tonight." "Eve changed her position. "She was

very artistic," she said tentatively. "Don't you think the gold gown was beautiful with her pale colored hair?" Loder felt surprised. He was convinced that Eve disliked the other, and he was not sufficiently versed in women to understand the reason. "Thought"—he began. Then he wisely stopped. "I didn't see the gown," he substituted.

Eve looked out of the window. "How unappreciative men are!" she said. But her tone was strangely free from censure.

After this there was silence until Grosvenor square was reached. Having left the carriage and passed into the house, Eve paused for a moment at the foot of the stairs to give an order to Crapham, who was still in attendance in the hall, and again Loder had an opportunity of studying her. As he looked a sharp comparison rose to his mind. "A fairy princess!" he had heard the red haired man say as Lillian As-trupp came into view along the Bramfells' corridor, and the simile had seemed particularly apt. With her grace, her delicacy, her subtle attraction, she might well be the outcome of imagination. But the Eve it was different. She also was graceful and attractive, but it was grace and attraction of a different order. One was beautiful with the beauty of the white rose that springs from the lighthouse and withers at the first touch of cold; the other with the beauty of the wild rose that grows on the cliffs above the sea, that keeps its petals fine and transparent in face of salt spray and wet mist. Eve, too, had her realm, but it was the realm of real things. A great confidence, a feeling that here one might rely even if all other faiths were shaken, touched him suddenly. For a moment he stood irresolute, waiting her to mount the stairs with her easy, assured step. Then a determination came to him: Fate favored him tonight; he was in luck tonight. He would put his fortune to one more test. He swung across the hall and ran up the stairs.

His face was keen with interest as he reached her side. The hard outline of his features and the hard grayness of his eyes were softened as when he had paused to talk with Lakeley. Action was the breath of his life, and his face changed under it as another's might change under the influence of stirring music or good wine. Eve saw the look and again the uneasy expression of surprise crossed her face. She paused, her hand resting on the banister. Loder looked at her directly. "Will you come into the study as you came that other night? There's something I want to say." He spoke quietly. He felt master of himself and her. She hesitated, glanced at him and then turned away. "Will you come?" he said again. And as he said it his eyes rested on the sweep of her thick eyelashes, the curve of the back hair.

At last her lashes lifted and the perplexity and doubt in her blue eyes stirred him. "Without waiting for her answer, he leaped forward. "Yes, yes," he urged. "I don't often ask for favors."

(To be continued.)

A COMPLETE WRECK

FROM THE AFTER EFFECTS OF PNEUMONIA FOLLOWED BY DIPHTHERIA

Frequently the after effects of illness are more serious than the original trouble. This was the case with Mrs. James B. Moir, Mutana, Sask. Mrs. Moir says: "Some years ago, while we were still living in Nova Scotia, I was taken down with a severe attack of pneumonia. I had sufficiently recovered to be around, but had not been able to go out when I was attacked with diphtheria. In my weakened state it took a terrible hold on me, and neither my friends nor neighbors thought I would recover. I did, however, pull through, but was a physical wreck. The muscles of my throat were paralyzed, so that even a cup of water would flow back through my nostrils unless they were held closed. My voice was almost inaudible, and my eyes so badly affected that I feared I was going to lose my eyesight. I could only walk with assistance and it looked as though I would be a helpless cripple. Medicine after medicine was used, but did not help me. Then a neighbor advised Dr. Williams' Pink Pills. I began taking them but had the utmost difficulty in swallowing them owing to the condition of my throat. However, after a couple of boxes had been used I found it easier to take them, which was a sign they were helping me, and I felt greatly cheered. I do not know how many boxes I took, but I continued their use until I was as well as ever, much to the surprise of all who knew me, as all thought I could not get better. Since then I have several times taken the Pills when run down and have always been greatly benefited by them."

For the after effects of fevers and all wasting diseases there is no medicine can equal Dr. Williams' Pink Pills. They enrich the blood, build up the nerves, restore the appetite and bring back complete health and strength. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
