Sir.—I have sold during the past year a considerable quantity of your Vergeries, and I believe, in all cases it has given satisfaction. In one case, a delicate young lady of about 17 years was much benefited by its use. Her parents informed me that it had done her more good than all the medical treatment to which she had been previously subjected.

Yours respectfully, J. BENTLEY, M.D.

The many ways there is an apparent antagonism in the systems, yet upon one point all are agreed, and after all the whole thing won't cost. this is the main principle of success, i. e., through cultivation. Dear Sir—I advise you of the good results of your Vecestrage. My, wife's father, now nearly eighty-five years old, was attacked with erysipelas in its worst form. His head and face were swollen so that he was Blind, and one of his limbs was badly swollen and discoloured, and broke out in several places and discharged. His physician said there was no remedy that could cure him, as he was such an old man. To gratify a son-in-law, he was persuaded to take your Vecestian. Seven bottles cured him, and he is now a healthy old man.

MR. H. R. STEVENS, Boston, Mass:

Dear Sir—I have much pleasure in testifying to the efficacy of your Vedetine for the cure of rheumatism. Having been persuaded by a friend to try it, I took four bottles, from which I derived great benefit, and strongly recommend any person suffering from the same afflicting malady to try a course of Verence. About the first week in June and not I feel your explanation, and strongly country. Your resply. Your resp'y,
