INDUCTION OF REV. E. A. KIRKER

William F. Ketchum weds Miss Florence May Ritchie, Miss Charlotte Perkins, Prize Winner in Literary Contest.—Social and Personal Items.

Annapolis Royal.—A pretty wedding took place at the home of Mr. and Mrs. Harry Ritchie on Thursday evening, October 22nd, when their oldest daughter, Florence May, became the wife of William F. Ketchum of Medford, Mass. The ceremony was performed by Rev. A. Gibson, in the presence of a few invited guests, and the members of the family. The house was tastefully decorated for the occasion—the bridal couple standing beneath an arch with floral bell. Prof. J. H. Morse of Lequille presided at the organ and played the wedding marches.

The bride who was given away by her father, was gowned in a brown ensemble suit with hat to match and carried a bouquet of chrysanthemums and carnations. Following the ceremony, a wedding supper was served, and later Mr. and Mrs. Ketchum motored to Digby, en route to their home in Medford. The bride was a well known school teacher, having taught at Lequille for several terms, and various other schools in the province. A large number of valuable gifts were received.

Rev. and Mrs. E. A. Kirker, with their two daughters, arrived on Tuesday, by motor, and were warmly welcomed at the manse, by the ladies of the congregation. The induction of Mr. Kirker as pastor of St. George's United Church took place on Thursday evening, with the following clergy members conducting the service: Rev. J. G. Hoekin and Rev. P. A. Walker, of Middleton; Rev. W. Harry Watts, of Kingston, N. S.; Rev. A. D. MacKinnon, of Bridgetown; Rev. R. B. Thomas, of Granville Ferry; and Rev. B. C. Borch, of Annapolis Royal. At the conclusion of the service, a reception was held in the church parlours and refreshments served.

Miss Charlotte Perkins, Regent of Fort Anne Chapter, I. O. O. E., was one of the prize winners in a recent contest conducted by the Maritime Library Association—the subject of her essay being, "Port Royal."

Mr. Richard Hardwick, until recently acting Post Master at Annapolis Royal, has sailed from Boston for Tala, Honduras, C. A., where he has accepted a position with the United Fruit Co.

Miss Annie Redding, of Yarmouth, who has many friends here, where she formerly resided, was a visitor in town this week.

Rev. Donald Dron, of Springfield, N. S., took the services at the Baptist Church on Sunday, during the absence of Rev. A. Gibson at Hillsburn. Mr. Gibson also attended the special sessions of the Annapolis County Baptist Association at Victoria Beach on Wednesday and Thursday.

Dr. Edward Breck, after spending the summer at his cabin at Milford, returned to Washington, on Friday.

Mr. and Mrs. W. A. Livingstone have returned from a short motor trip to Halifax.

Miss Lillian Shaffner, of Lawrence- town has been the guest of Miss Margaret Banks.

Mrs. F. R. Fay, of Bridgetown is the guest of her sister, Mrs. G. W. Bellevue. Mr. and Mrs. Bellevue, with Mr. and Mrs. Daniel Owen, left on Friday by motor, for a short visit to Halifax.

Mrs. A. B. MacKenzie, of Bridgetown, was a recent guest of Mrs. Carman O'Dell, St. James Street.

Mrs. F. M. Dargie left on Monday for a two weeks visit to Halifax.

Mr. F. C. Gilliat, who is engaged

RALLY OF CONSERVATIVES

Large Meeting in Court House Addressed by H. B. Short, A. L. Davidson, H. T. McKenzie and O. P. Goucher.

A very largely attended meeting in the interests of the Conservative party was held on Saturday night in the Court House, addressed by the Candidate for the constituency, Mr. H. B. Short, A. L. Davidson, ex-M. P., H. T. MacKenzie and O. P. Goucher, the local members for Annapolis county. Major J. E. Morse presided and introduced the speakers, H. T. MacKenzie was the first speaker and spoke mainly of the audit of Provincial finances, results so far disclosed, and economies effected and urged strongly a change in Federal government in the interests of economy and efficiency.

O. P. Goucher spoke on road expenditures and stated that in Annapolis county alone there had been expended in an unauthorized manner \$14578.17 by the late local government.

H. B. Short on rising expressed pleasure in meeting with so many of the electors in Bridgetown, and went at once into the record of the King government which he stated had materially increased taxes and discounted their share in any credit for the Canadian dollar now being at par placing the cause of this to the steadying of monetary matters generally, the rise in sterling exchange and the large borrowing of money by Canada in U. S. markets.

Mr. Short characterized the present time as one of the most critical in the history of Canada where the utmost economy and most skillful business management was required. Dr. Lovett had said recently that Mr. Meighen was too much like an undertaker to make a leader, but after October 29th they would find that Mr. Meighen would be leader and undertaker both. Mr. Short characterized Mr. King as a compromise leader and a man who did not measure up to the position. Mr. Duff at Digby spoke of nothing but Reciprocity in 1911 Conservatives were in favor of waiting on this question and the wisdom of this was justified for they got all that would have been given them had they entered into the pact in 1911 and this without any sacrifices. In 1922 with a Liberal government in power in Canada the Fordney tariff was passed and the U. S. imposed high taxes on commodities coming into their country from Canada and from other countries.

We want an adequate tariff not a high tariff. The present arrangement is unfair. For example Canadian eggs going into the U. S. are taxed 3c. per dozen as against 3c. taxed by Canada. In the country at certain times of the year when our own farmers might get good prices is flooded with American eggs.

Mr. Short referred to the injustice of high rates on the Original Inter- colonial railway while the canals of Upper Canada on which the whole country paid on construction and upkeep were free of tolls. These conditions were in direct opposition to the Confederation pact. He also spoke against golf courses, radio, etc., in connection with the government railways.

As to taxes which the King government claim have been reduced. The Federal government no longer pays money to the Provinces for Agriculture. No more on permanent highways or vocational training. No more on housing plans. No more money loaned to returned men.

APPLE EVAPORATOR DESTROYED BY FIRE

Graves and Rough Plant at Middleton Burned Down. Loss about \$10,000.

The apple evaporator owned by M. W. Graves and Co., of Bridgetown, and G. N. Roach and Sons, of Middleton was totally destroyed by fire on Thursday.

The blaze originated about one o'clock around the engine, but the exact cause has not been determined. The flames spread very rapidly and before the fire brigade could arrive the structure was doomed.

The loss is around ten thousand dollars, partly covered by insurance. The plant was purchased this season from Graham, of Belleville, owner at one time of a considerable chain of plants in the Valley, and had been operated this season employing about twenty-five people. Apples which were to have been put up in this plant will be evaporated at the Bridgetown plant. The matter of rebuilding is left for consideration next season.

Dr. Fred Parry returned to Boston on Tuesday, after a pleasant two weeks spent with his parents, Mr. and Mrs. Ernest Parry.

Mr. and Mrs. Willis Rice and children, of Nictaux Falls, were guests of Mr. and Mrs. Loren Adams over Sunday.

Miss Emma A. McClelland spent the week end with her friend, Mrs. Baxter, at Round Hill.

E. V. Hutchinson arrived home on Friday from a business trip.

Mrs. S. A. Spurr and Mrs. F. W. Rice left here on Tuesday for Boston. Mr. and Mrs. Spurr expect to spend the winter in Florida. Mrs. Rice will be with her sister, Miss Blanche Spurr, at Central Falls, R. I.

Thomas Flynn and family left here on Saturday for Wallace, Cumberland Co., where they will spend the winter.

Mr. and Mrs. Dennis Wright and son Willard, of Annapolis Royal, were week end guests of Mr. and Mrs. Carl Nichols.

W. H. Spurr and S. A. McCann, left here on Tuesday for White Sand Lake, on a moose hunting trip.

Carl Nichols and Dennis Wright left here Thursday for a short trip hoping to land a monarch of the forest before they return.

Miss Annie Ruggles of Bear River East, substituted here this week during Mr. McCann's absence.

LIBERAL RALLY IN COURT HOUSE

Dr. L. J. Lovett Gives Address on Political Matters.—Other Speakers Billed Unable to be Present.—Mayor Hicks Presided and Gave Address.

The first political shots fired in Bridgetown during the present campaign were discharged on Friday night in the Court House, when a rally was held in the interests of the Liberal party. The attendance was good considering the weather and condition of the roads.

Dr. Lovett, the Liberal candidate, B. W. Russell, K. C. Halifax and Col. A. H. Borden were billed to speak, but word was received that Mr. Russell's car had broken down and regrets for absence were also received from Colonel Borden. The doctor had also to speak at Parker's Cove and his address was necessarily briefer than it otherwise would have been. Major E. A. Hicks presided and also gave review of a number of elements connected with the present campaign, discussing railway matters and also the satisfaction felt that Dr. Lovett had secured a grant of \$4000 for the Post Office site. This had been secured in a fine location at the head of Queen Street. He spoke in commendatory terms of Dr. Lovett's services to the constituency generally as its Federal representative.

Dr. Lovett on rising was greeted with applause and on his opening remarks stated that he had no apologies to make. He devoted his whole time to the constituency and had done all he could in its interests. He referred to the Post Office-site and other appropriations in the line of public works secured.

Passing on he referred to the record of the Liberal Government as thoroughly true to its pledges. Discussing the National debt he stated that in two years the Meighen Government had added \$175,000,000 to the Public Debt. The present administration in three years had reduced it \$6,000,000. These figures referred to the ordinary business of the country and did not include C. N. R. charges, demobilization expenses or any extraordinary features.

The payments which had to be made as interest on debts incurred by the Conservative Government left but \$99,000,000 to carry on the business of the country and \$116,000,000 had been taken for this purpose during Sir R. L. Borden's regime, when costs of everything was much lower than now. Last year the Liberal Government had reduced taxation by \$25,000,000.

The doctor referred to the Paris Hotel, Radio and Golf courses and stated that the Paris Hotel deal had been a profitable one and good business for the Government. The C. P. R. has golf courses and would not have them unless the proposition were a paying one. The radio broadcasting was good business and good advertising for the C. N. R.

The salary of Sir Henry Thornton was discussed. Sir Henry gets \$65,000 a year but President Beatty of the C. P. R. \$100,000. He considered Thornton as good a man as Beatty and the former had secured good results. A railway system of 22,000 miles must have a first class man at its head.

Regarding Maritime Rights. He considered the Province lost a great opportunity when the Reciprocity pact was defeated in 1911. Trade treaties arranged by the Liberal Government were good and the repeal one with the West Indies would prove highly beneficial to the Province. Another move to assist trade through Canadian ports was the ten per cent preference by the King Government. Now 59 1/2% of that trade came through our ports. He was for tariff for revenue only Higher tariff means higher prices. The doctor closed in an appeal to the electors to support the King Government, the government of unity, economy, progress and prosperity.

Major Hicks gave a review of the government's work during the past few years and dwelt strongly on the fact that the rejection of the Reciprocity pact was a calamity for the Maritime Provinces and also spoke on the favorable position secured by the United States which profited so largely financially and industrially by the war which they had entered into only during the last stages. They gained a tremendous advan-

age, which they still hold. He also stated in referring to the record of the King Government, that there had never been a breath of scandal connected with them. In closing he said that efforts would be made to hold another meeting during the coming week.

A tourist sends in a news item for Town Topics under this title. The news item follows:
"While picnicking Saturday, August 29th, our boat was looted and knives and forks thrown overboard. The looters, boys, had been seen sitting on a bank eating one bag of Mours Chocolates while numerous other good things, while tossed about, had been left unattended."
"I wish to complain," said the bride indignantly, "of the tough flour you sold me."
"Tough flour, Madame?"
"Yes, tough flour! I made a pie with it and my husband couldn't eat it."

FOOT-AND-MOUTH DISEASE

Washington Post: The dangerous foot-and-mouth disease is the one that keeps the mouth running while the foot is on the accelerator.

JY SUIS; JY RENTE.

Boston Transcript: If the Turks who are trying to push John Bull out of Mosul were not "young Turks," they would probably know better than they seem to know that John is the champion sit-taster of the universe.

THE MURDER RECORD

Louisville Courier-Journal: The public is accustomed to hearing New York and Chicago homicides compared to the record for the British Empire. The matter is brought closer home when the murder quota of one Kentucky county exceeds that of Canada.

NO NONSENSE

Brooklyn Eagle: The ten-to-one vote of the Liverpool Congress of British Labor to continue the expulsion of the Communists establishes the solidarity of organized workers in all Anglo-Saxon lands to the unwisdom of condoning talk of Government-smashing or affiliating with advocates of violence.

THE PACT OF SECURITY

Berlin "Taegliche Rundschau": There is nothing new in the fact that France is taking her time in every matter which is calculated to improve the situation and bring peace to Europe. This fact at least should be stated, for the claim will, no doubt soon be made that it is Germany who is delaying the negotiations.

THE GUINEA'S STAMP

New York Herald-Tribune: The old idea that a white collar job at a low salary was better than an overall job at high wages has been abandoned pretty generally since the cost of food and clothes has advanced. Men, especially those with families, must have money, and they no longer feel that it is necessary to earn it in clean clothes.

THE MOSUL DECISION.

Constantinople Republic: War is unlikely. If the decision of the League of Nations is contrary to the vital interests of Turkey, it will create between the two countries a situation of hostility which will never come to an end. Diplomatic relations will not be broken off, but a state of war will exist without arms, in which each contestant will strive to create as many vexations as possible for the other.

PIDGIN ENGLISH

Dr. Wilfred Grenfell in the Contemporary Review (London): Here, as in India, a new international language is springing up, because even when five generals came down to Shanghai to discuss a campaign they couldn't understand one another—the Cantonese and Pekinese dialects being as different almost as French and English. So one finds English here as in India and Palestine and Mesopotamia and Malaya springing up into general use for international service.

KING OF GAME BIRDS IN PERIL FROM PLAGUE AND ILLEGAL HUNTING

Citizen Urges Co-operative Effort to Curb Game Law Violators.

"Partridge are getting scarcer each year in New Brunswick. This year the shooting doesn't open until the twentieth of October and closes on the tenth of November, a short enough season, but apparently not drastic enough to prevent the threatened extinction of this king of game birds."

So declared a prominent New Brunswick citizen to The Telegraph-Journal yesterday in suggesting measures to prevent the passing of the partridge and to curb violations of the game laws.

"I have talked," he said, "to people who have been in the woods after woodcock, men who have been cruising timber lands and people who have been all summer frequenting the rivers and lakes of the province, who all told the same story, no partridge. The same reports come from all parts of the province. Last year there was evidence of a plague having struck these birds, many of them being found dead in the woods. Apparently we are repeating the results this year. Unless something is done this bird will be extinct."

Urges Action at Once.

"Whatever action is taken should be taken immediately. All efforts to protect this bird seem to have failed in the past. Bootlegging of Partridge seems to be a profitable business. There seems to have been no great difficulty in recent years, even though the law prohibiting the shooting of these birds, for sale, for the men who had the price to buy any quantity of them. Surely, if we have game laws and game wardens, who will enforce the law, this condition should not prevail. It has been suggested that a game protective association be organized in New Brunswick, the members of which will pledge themselves to report any violation of the game laws. As it is at present, sympathy seems to go to the law-breaker and nobody will report him. The only hope in this matter is of some such organization as I have just mentioned.—Telegraph.

The above applies equally forcibly to Nova Scotia. (Ed. Monitor.)

BRING METEORITE BACK FROM NORTH

Third Largest Stone of Kind in World Reaches Scotland on Steamer.

Aberdeen, Scotland.—The third largest meteorite in the world has just arrived here from Greenland aboard the Danish schooner Sokongen. Nobody here has yet seen the stone, but Captain Pederson, of the Sokongen, says it weighs seven tons. Eskimos are attributed with the statement that the meteorite fell in 1918 and that they had been dragging it toward the coast on dog sleds since 1923.

Captain Pederson said he had much trouble in steering his vessel to Aberdeen because the stone deflected the compass.

Of the two larger meteorites in existence, one is in Great Britain and the other in the United States.

POPPY DAY CAMPAIGN

The Middleton branch, Great War Veterans Association, will conduct a wide-spread campaign for the sale of poppies on Poppy Day. Altho the ex-servicemen deeply resent the yearly shifting of Memorial Day, they are adding by the regulations, hoping that the next session of Parliament will amend their numerous protests by a reversion to November 11th, as the official Memorial Day. Consequently, the poppies will be sold on November 7th, and the preceding week.

A large committee is in charge of the work, and assistance is being asked of the I. O. D. E., Women's Institutes, and school teachers. To stimulate interest in the significance of the poppy, the branch has organized an Essay Competition on "The Flanders Poppy," open to public school children in the area bounded by Paradise, Clarence, Port George and Bloomington inclusive. The rules governing this competition have already been published, but further particulars may be procured from K. P. Johnson, Secretary of the branch. The committee of judges will consist of two members of the G. W. V. A. and the Inspector of Schools.

The poppies have been made by wounded ex-servicemen in the Veterans Shops in Halifax—men who are quite unfit to compete in the general labor market. The sale of poppies, therefore, directly assists these incapacitated men, in addition to commemorating our Sixty Thousand Dead. The profits from the local sales will probably be used by the G. W. V. A. in endowing a soldier's bed in the Memorial Hospital at Middleton, but this matter has yet to be settled.

The following comprise the Poppy Committee:—
C. A. Good, Middleton, (Chairman).
C. E. Bent, Paradise.
H. P. Hamilton, Lawrenceton.
C. R. Weaver, Port George.
F. East, Nictaux Falls.
K. J. Cleveland, Middleton.
K. P. Johnson, Middleton.
M. B. Neilly, Spa Springs.
A. P. Borden, Brooklyn.

PLEDGING THE CANDIDATES FOR FEDERAL HOUSE

The following appeal has been made by the Prohibition Federation of Canada to the Candidates seeking election to the Federal House on October 29th.

In the County of Annapolis the appeal has been made through the Social Service Council, of which Rev. W. D. Wilson is Secretary, and both Candidates, L. J. Lovett, M. P., and H. B. Short have given their pledge to use their influence and vote, should either be elected, to do all in their power along the lines indicated in paragraphs 1-2-3, as set forth in the appeal which follows below:

The Prohibition Federation of Canada, which seeks the ultimate elimination of the Dominion of Canada of the traffic in, and use of alcohol for beverage purposes, in view of the present situation, regards Federal action as imperatively required to achieve the following ends:

1. The automatic prohibition of export, manufacture, importation of liquor, out of, within or into any province whose Legislature having prohibited the sale requests this Federal support, or whose electorate on referendum have voted for the prohibition of the sale.
2. The refusal of Federal License to establish any new brewery or distillery in any province which has legislated as aforesaid.
3. The adoption of a thoroughly friendly policy of complete co-operation with the United States of America in the enforcement of the constitution and law of that country and the removal from international relations of the irritation caused by now existing facilities for the evasion of these laws.

In accord with the foregoing we respectfully submit the following:—
Should you be elected to represent this County in the Dominion Parliament we will depend upon you to use your influence and vote for Federal action along the lines indicated in paragraphs 1, 2, and 3.

In behalf of the Social Service Council,

Yours sincerely,
W. D. WILSON,
Secy. of Social Service Council of Annapolis County.

OBITARY

Mrs. Florilla C. Whitman

Granville Ferry.—Mrs. Florilla C. Whitman died at the age of eighty-two years on Saturday, at the home of her daughter, Mrs. Keane, of Port Wade. The funeral was conducted on Tuesday by the Rev. Clarence Mason of the Baptist Church. Interment was made in Upper Clements beside her husband.

The floral tributes were numerous.

The deceased is survived by two daughters, Mrs. Keane, and another daughter, resident in the United States, who was present at the funeral.

ABLE TO DO HOUSEWORK NOW

Sick a Year. Got Great Benefit from Lydia E. Pinkham's Vegetable Compound

Bloomington, N. S.—"I took Lydia E. Pinkham's Vegetable Compound for pains and backache, also for nervousness, sick headaches and sleeplessness. I was troubled in this way for over a year, and a friend told me about the Vegetable Compound and induced me to take it. I must say I have received great benefit from it and am able to do my household work now. I recommend the Vegetable Compound myself and am willing for you to use this letter as a testimonial."—Mrs. WILLIAM MORSE, Bloomington, Annapolis County, N. S.

Do you know that in a recent canvass among women users of the Vegetable Compound over 220,000 replies were received. To the question, "Have you received benefit by taking this medicine?" 88 per cent. replied "Yes."

This means that 88 out of every 100 women are in better health because they have given this medicine a fair trial.

Mrs. Morse is simply another case of a woman receiving "great benefit." Women suffering from the troubles so common to their sex should listen to what other women say who have experienced the same sufferings and found relief. Give this dependable medicine a chance—and at once. It is sold at all drug stores.

British teachers touring Canada under the auspices of the Overseas Educational League are now enjoying all the various forms of entertainment to be found in the Canadian Pacific Rockies. They have been riding trails, hiking, fishing, motoring, bathing in the sulphur springs at the Banff Springs Hotel and were the guests at a dinner there given by J. M. Gibbon, secretary of the Trail Riders of the Canadian Rockies.

Confidence of United States capital in the Dominion, optimistic preparations for the new Canadian financing, prospects of a good crop, large United States purchasing in Canada, and heavy expenditures of American tourists in the Dominion, were some of the reasons offered by New York financial experts for the consistent above par stand of the Canadian dollar on the New York exchange. The Canadian dollar is now at a premium on the New York exchange.

The total number of students in Canadian universities and colleges in 1924 was 52,639, or nearly one is eighteen of the total population, according to a bulletin issued by the Dominion Bureau of Statistics. Under the category of colleges, the total number in 1924 was 83. Of this total, two are agricultural, two technical, two law, one dental, one for pharmacy, one for veterinary science, 28 theological, 39 affiliated, one school for higher commercial studies, one college of art and one military college.

During the coming winter Canada will see the debut of a new transportation device known as the Snow-motor. This consists of two hollow cigar shaped cylinders or drums to which flanges, resembling cork screws, are attached. These drums are fixed to an automobile or tractor in the place of the wheels and, by rotating actually float the machine over the snow. The snow-motor is regarded as especially valuable in the transportation of lumber, it can negotiate snow of any depth and can operate in countries where other methods of transportation are impossible or too costly and can also make roads which other vehicles can use. It is manufactured in Detroit and will be on the market in Montreal during the coming winter.

TWO BULL MOOSE FIGHT TO FINISH

"Monarchs of Glen" Found Dead With Locked Horns—Woodland Tragedy.

Sunny Brae.—The primitive struggle for the "survival of the fittest" gives the imagination of people to-day and the scene of the Caledonia woodland tragedy, where two huge bull moose fought to the death, drew scores of people on foot and by motor on Sunday. The two fighters were found with antlers interlocked by Mr. Crosby and Mr. Fougere of New Glasgow, and this unique spectacle provided a glimpse into the life of the "forest folk" that even Charles G. D. Roberts himself could not bring home more vividly. The interest of the whole countryside was aroused.

Here and There

More than 100 persons joined the ride of the Trail Riders of the Rockies on their horseback journey from Banff to Wapta Camp, via Marble Canyon and Lake O'Hara. The ride started on August 8.

Grain figures issued by the Harbor Commission of Montreal show that on August 1st all grain shipment records were broken by one day's delivery of 2,277,712 bushels of grain to outgoing ships. Harbor officials state that this is the first time that grain shipments in one day have topped the two million bushel mark.

Installation of machinery at the new annex of the Dominion Textile Mill at Montmorency Falls, Quebec, will be started by January first next. About 300 additional employees will be required to operate the plant. At present there are about 1,300 employed at the mills.

A prophecy that the Orient would become in the very near future a really large importer of Canadian wheat was made recently by Hon. Dr. J. H. King, Minister of Public Works. In predicting increased Orient trade in grain, Dr. King pointed out that imports of wheat from Canada for 1923-1924 increased by 400 per cent.

Over fifteen thousand men left the east on the first harvesters excursion from the middle of August. Four other excursions are to follow from Toronto later in August and September, when it is expected that the majority of the remainder of the 50,000 men required for the harvest will travel west.

NEW PASTOR FOR DIGBY BAPTIST CHURCH

Digby—Rev. E. Bishop, of Newcastle, N. B., has accepted the call to become the pastor of United Baptist Church, Digby, and will arrive here, November 5th. The vacancy occurred in the local church some months ago when Rev. L. E. Nunn resigned as pastor. Since that date the pulpit has been filled by visiting ministers. Mr. Bishop comes to Digby highly recommended and will receive a hearty welcome.

PHINNEY COVE

Mr. and Mrs. Curtis Rafuse, of Lake Brook, Mr. and Mrs. Richard Sarty, and daughter, Evelyn, and sons Hughie and Alton, of Grandville Ferry, and Mr. Almon Bent, of Beaconsfield, were recent visitors of Mr. and Mrs. Edmund Bent.

Mrs. Alden Bent, after spending a few weeks at her home in Beaconsfield, has returned to spend the winter with her daughter, Mrs. William Israel. Mr. Alden Bent is also over for a few days.

Messrs. Kenneth and Eber Chutz are employed in the woods for Mr. Bailey.

Miss Ezillica Collins was a recent visitor at the home of Mr. and Mrs. Otis White. Other visitors at the same home were Mrs. Minard White and daughter, Vera.

Messrs. Martin Boudreau and Harry Hamilton, were successful in getting a moose.

Mrs. Mason recently gave an afternoon tea, which was a pleasing success.

Mr. Lorine White is employed with Mr. Frank Pools, at St. Croix Cove, for a few weeks.

The ladies are preparing for a bean supper to be held the 24th, inst. to raise funds for further improvements on our church.

PEROTTE

Mr. and Mrs. George Buckler and two sons of Philadelphia, who have been visiting relatives and friends here, left the 13th, inst., for their home.

Mr. and Mrs. Victor Spurr, and two children, of Lynn, Mass., are visiting at their old home here.

Mr. and Mrs. Myers Gibson, and children, and Miss Gilroy, were recent visitors at Mr. George Spurr's.

Mr. George Copeland, is a visitor at his old home again.

Miss Blanche Baker, of Cumberland is the teacher here this year. We wish her every success.

NICTAUX

Recent visitors at the home of Fred Chipman were Mr. and Mrs. Charles Haugman and baby, of Imperial, also Mrs. William Nixon, and two sons.

Mrs. Agnes Randolph, of South Williamston, is spending some time with her daughter, Mrs. Frank Chipman. Glad to see Mrs. Randolph so much improved in health.

Mrs. Karl Shaffner and children, of Middleton, visited Mrs. Russell Beckwith on Friday.

Mrs. William Thomas is very ill, having suffered a shock on Friday, which caused one side to be paralyzed.

Mr. Cheever Ruggles arrived on Friday to spend several weeks with his father, Mr. W. Ruggles. On his return to Fort William, Ont., he will be accompanied by his wife, who came East some weeks ago.

The ladies of the community listened to a very interesting talk on "Nutrition" by Miss Bell, of Truro, on Wednesday evening at Nictaux Hall. Refreshments were served by Nictaux Women's Institute.

The farmers are busy picking what apples were left on the trees by last Sunday's gale, which blew off more than one hundred barrels in some orchards.

An Ice Cream and Pie Social was held in Nictaux Falls Hall Friday evening. A good sum was realized for church purposes.

NORTH RANGE

Mr. and Mrs. Hantford Marshall, from South Range, were the Sunday guests of Mr. and Mrs. J. V. Andrews.

Mr. and Mrs. J. V. Andrews spent Friday at the home of Mr. Avar Marshall, in Bear River. Mrs. Marshall is a sister of Mr. Andrews, and has a tiny visitor at her home, who has come to stay, "a baby girl" who has six brothers.

Miss Susie Bragg spent the week end with Miss Gerlie Sabine, at South Range.

Miss Nettie B. Marshall and Miss Annie M. Bragg, have gone to Mass. for the winter. They were accompanied to Yarmouth by Mrs. J. W. Bragg, who spent a few days very pleasantly with her cousin, Mrs. Harry Drew.

A large number attended the baptism at the Andrews Lake on Sunday, where seven of our young people were united with Christ in baptism, the Rev. Irving Harvey from Little River officiating. This making a total of thirty-one that has been added to the church since Mr. Hamilton came with us one year ago. We trust we will be able to secure his services for the coming year.

Mr. Euren Gosse was taken suddenly ill last week, and taken to the hospital in Halifax, but died before reaching the city.

Mr. Thomas Milner has accepted a position on board of the S. S. Granville for an indefinite period.

Several of our boys have gone to pick apples in different places up the line.

SOUTH WILLIAMSTON

Our village was saddened on Saturday, 17th, to know that Mable Grant, only daughter of Mr. and Mrs. Freeman Grant, had passed away at the home of Mr. Eugene Phinney, Melvern Square. Miss Grant had retired on Friday night in her usual health, but when no response was given to friends who spoke to her on Saturday morning, at the hour for rising, an alarm was given and it was found she had passed away while sleeping. She will be greatly missed in her home and in the community at large. The funeral services which were largely attended, were held at the Hall, Williamston, conducted by her pastor, Rev. A. H. Whitman. The family have the sympathy of their many friends in this great sorrow.

Miss Lina Whitman is at her home, being called here by the illness of her mother, Mrs. Willard Whitman. Mrs. Whitman is better at time of writing.

Farmers busy at present gathering in fruit.

RALLY OF CONSERVATIVE PARTY

(Continued from Page One)

Re-establishment of soldiers. Mr. Short expressed confidence in the result of the election on October 29th.

A. L. Davidson was the last speaker accused the government of paying bigger salaries than ever, the raising of the salaries of deputy ministers from \$5,000 to \$7,000 per year. Mr. Fielding was a man whom everyone looked and respected he had no claim to the \$10,000 a year for life which was being given him for a number of years ago friends raised \$10,000 for him and he had cabinet salary for many years and should be sufficiently provided for without any contributions from the country now. Mr. Davidson said that when the Yarmouth bank failed up, the government did not vote money for the depositors who lost. The King government wished to vote \$5,400,000 but this amount was cut down by the Senate to \$3,000,000. The whole country was being taxed for losses incurred almost wholly by people of Ontario. Farmers are suffering terrible injustices for they are getting poor prices for their produce while what they buy cost them about the same as it did in the war days when money was plentiful. He spoke of the exodus to the United States and the losses locally in population by this constant drain.

TUPPERVILLE

On Monday evening, October 19th, the Bridgeport League of the Bridgetown United Church gave an entertainment in the Bentville Church, which consisted of songs, instrumental music, recitations, and an illustrated story entitled The Tale of Two Lives. The entertainment was greatly enjoyed by all present and we hope to have the pleasure of listening to more of them in the near future.

Much sorrow is expressed at the serious illness of Lois, the young daughter of Mr. and Mrs. Lloyd Woodbury and all hope for her a safe recovery.

Mrs. Mildred Bent left on Tuesday 26th, for Boston, to remain the winter.

Miss A. M. Chestnut, a former teacher is spending the week end with friends here.

Charlie Inzlik, who is attending High School in Bridgetown, spent Sunday at home.

Mr. and Mrs. John Bent spent the past week at Dalhousie.

BELLEISLE

Mrs. Lammell Elliott, of Mount Pleasant, spent a few days last week with her sister, Miss Annie Bent, who remains very ill at time of writing.

Mr. Sim Soules of Smith's Cove, called on friends here on Saturday.

Mr. and Mrs. Fred Chipman and two sons, of Nictaux West, spent Sunday with Mr. and Mrs. A. W. D. Parker.

Mr. O. V. Kennedy is drilling a well for Mr. Abner D. Troop.

Mr. Fred Gesner has had the good luck this autumn to capture both a moose and deer, to which his friends and neighbours all testify.

Mr. and Mrs. George M. Bent of Granville Centre, were Sunday guests of Mrs. William E. Bent.

Mrs. Lorin DeBlais Young was "At Home" to her friends on Wednesday last, for the first time since her marriage. She was assisted in receiving by Mrs. Hiram Young, Mrs. Ernest Bent attended the door, Mrs. Arthur Fash and Miss Josephine Willette served, while Mrs. Robert Young poured.

The following is a list of the officers in Belleisle Division, this quarter:

W. P.—Mrs. A. B. Woodworth.
W. A.—Mrs. J. M. Parker.
F. S.—Mrs. Jack Bent.
Treas.—Mrs. Harold Bent.
Chap.—Mrs. R. L. Dodge.
R. S.—Lewis Bent.
A. R. S.—Clara Bent.
Con.—Chester Bent.
A. C.—Geraldine Banks.
I. S.—Harry Hudson.
O. S.—Chester Fash.
Worthy Patron.—Gene S. Troop.

SOUTH WILLIAMSTON

We regret to report the passing of Percy Baltzar at the Memorial Hospital, Middleton. Mr. Baltzar was operated on about ten days ago, but complications arose which caused his death. The family have the sympathy of many friends here in this sad bereavement.

Mrs. Maxwell Shaffer left on Tuesday for Boston, where she will undergo medical treatment.

Miss Annie Carty spent a day last week with Mrs. A. H. Bishop.

Mrs. Crowell returned on Saturday 24th, from Shelburne Co., where she had been called on account of the illness of her mother, who has since passed away. Another daughter, Mrs. Ralph Morse arrived by the same train to visit at the home of Mr. and Mrs. Alfred Morse.

A British surgeon declares that men are getting handsomer every day. This is not the usual reflection of the store windows.

CIRCULAR TO INSPECTORS

Dear Sir:

The 29th October (Dominion Election Day), after twelve o'clock (noon), has been proclaimed a holiday by the Governor-General, which, under Reg. 262 of the C. P. L. Nova Scotia, takes effect in our public Schools.

All teachers therefore are authorized to record teaching service from 9 o'clock to Noon as a full teaching day of two sessions, roll-calls at 9 and 12 o'clock. This may be given to the press as news.

I am,
Yours very truly,
A. H. MacKAY,
Superintendent of Education,
Halifax, N. S.
29 October, 1925.

WEST PARADISE

Mrs. J. E. Morse has returned from a visit to her daughter, Mrs. Hubert Warner, of Digby.

Mrs. Lalla Spurr, of Deep Brook and Mrs. Hugh Fowler, of Hantsport, are visiting their brother, Mr. A. T. Morse.

Mrs. William Jackson spent the week end at Digby, guest of Mrs. C. D. Chesshire.

We extend our congratulations to Mr. H. H. Morse and Mr. H. P. Sanford, who were successful in shooting a fine deer last Saturday afternoon.

UNITED CHURCH NOTES
Those who failed to hear the solo by Mr. Sweet in the United Church Sunday night, missed a rare treat. His rendition of "Open the Gates of the Temple," by Knapp, was most beautifully done. Those who braved the storm to hear him will never regret the effort. Mr. Sweet will be warmly welcomed when he appears in Bridgetown again.

The Auto Race has started in the Sunday School. Each class is confident that its car is going to win, but watch the Ford.

Great fun is expected at the Young Peoples' Poverty Social on Friday night. A set of slides—"Nova Scotia, The Land of Evangeline," will be shown, and no one should fail to see all this.

TUBERCULOSIS IS LOSING ITS HOLD
 Death Rate Halved in 25 Years-- Child Delivery and Heart Disease
 Toronto--Dr. R. E. Wodehouse, of Ottawa, secretary of the Canadian Tuberculosis Association, told the annual convention of the Ontario Hospital Association here yesterday that tuberculosis, obstetrics and heart disease kill more people between the ages of 20 and 45 years than any other three diseases.
 Although the death rate from tuberculosis had been reduced to no less than half what it was twenty-five years ago, this disease still led in the group of ailments causing the death of the persons of the most useful age, from the community's standpoint. Obstetrics--the delivery of women in child-birth--accounted for the second greatest number of deaths between the ages of 20 and 45; heart disease was a close third on the list of killing ailments. Cancer, to which so much attention was being paid, was on the fifth or sixth.
 Dr. Wodehouse made a strong appeal for the establishment of health centres in hospitals.
 Supporting the plea for health centres, Dr. J. H. Holbrook, of Hamilton, said he did not believe that the general practitioners of today were practising scientific medicine. The old family physician was a keen observer and he carried his own science in his head. But doctors today had got away from that and many could not even examine chests thoroughly. The need of the present was county health centres where diagnostic service could be given.

ONE BY ONE LOVE'S LINKS ARE BROKEN.

One by one love's links are broken. One by one our friends depart: Voices that have kindly spoken, Heart that throbbled to kindred heart.

Some are resting in the ocean, Hidden 'mid its secrets deep, Headless of the wild commotion, Sleeping there a dreamless sleep.

Some have wandered o'er the billow, Prayers nor tears their life could save; Deep their rest beneath the willow, In some far off churchyard grave.

And some are near us, lonely lying, Our love words cannot break their sleep, No answer comes, but wild winds sighing, Through the grass o'er which we weep.

Look we for the heart's warm greeting, Look we for fond glances, meeting Ours, from out the soul-lit eye? Ask we for the joyous beaming, Or the smiles that radiant shone Round us in our youthful dreaming-- Ask for these, where are they gone?

Ah! Not here, not here our dwelling, In this changing world of time-- Thanks to God, all change is telling, Of a holier, happier clime.

Thanks to God, this parting, paining, Weans the heart from earthly ties; Life's night of sorrow, darkly waning, Will break in morn beyond the skies.

Seek not over hopes departed, Seek not here the scattered band; Soul of mine, rouse up! look forward To the glorious "spirit land."

Alex. McLeod says "Home Sweet Home" wasn't written by a man who had to go to the cellar to smoke, No boy.

HAILED AS BIG DRAMA OF SEA

"The Sea Hawk" Depicts Battles of Pirates and Corsairs on the Spanish Main.

Heralded as the greatest sea drama ever filmed, Frank Lloyd's production of "The Sea Hawk," a First National picture version of the popular novel by Rafael Sabatini, is scheduled to begin its showing at the Primrose Theatre--To night and Thursday.

"Black Oxen," is said to be a decided innovation in photoplays. Milton Sills is seen as Sir Oliver Trossilian, later Sakr-el-Bahr, commander of Algerian pirates and called "the hawk of the sea." Enid Bennett, who will long be remembered for her dainty Maid Marian in "Robin Hood," essays the part of Rosamund Goudolphin, Sir Oliver's fiancée. Lloyd Hughes, playing his first character role, assumes the character of Lionel, Sir Oliver's brother, and Wallace MacDonald plays Master Peter, Rosamund's brother.
 Marc MacDerfott, recently seen in "Dorothy Vernon of Haddon Hall," plays Sir John Killgrew, guardian to Rosamund and Peter, and Wallace Beery is said to give a decided touch of realism to the minute Jasper Leigh. Frank Currier plays Asad-ed-Din, the aged basha of Algiers, and others in the large cast are Kathleen Key, Mme. Medea Radzina, late of the Moscow Art Theatre; Christine Mont, daughter of the Chilean president; Fred de Silva, Hector V. Sarno, Albert Prisco, Claire du Brey, Lionel Belmont, Henry Barrows, Kate Price and Louis Morrison.
 Four ancient ships of gigantic dimensions, requiring from 100 to 450 men to sail them, and costing over \$275,000, an entire Algerian city with its slave markets, quaint streets and the elaborately draped courts, English castles and massive old English interior sets were built that "The Sea Hawk" might have the proper background. More than \$85,000 worth of costumes were necessary for the many members of the cast, but its producers say that even these extraordinary sets and gorgeous clothes are but incidentals in the true brilliance of the photoplay.
 Unlike most big photoplays, "The Sea Hawk" does not wait until its final sequences to display its bigness of setting and action.

TO THE ELECTORS OF Annapolis-Digby-Clare

Having been Nominated at the largest and most enthusiastic Convention ever held in this Constituency to be a Candidate of the Liberal-Conservative Party to represent them in the forthcoming Election. You are aware that this is one of the largest Constituencies in area of any in the Province and it is therefore impossible for me to make a personal canvass of each section, and it is only by this means that I can present to you what policy I stand for it elected to be your representative in the next Parliament. There is one issue more important to Nova Scotia than all others and that is Maritime Rights and a revival of our industries. That is the issue that I stand for and shall work for and will use my best endeavours to secure for Nova Scotia a square deal. I will put Province before Party every time.

The Conservative Candidates throughout Nova Scotia have all declared themselves to support Maritime Rights and with a united stand on their part there is not the least doubt but what the interests of the Province will be thoroughly looked after, and if the Meighen Government is returned to power on October 29th, there will be a body of men pledged to see that we get our Rights.

Soliciting your support and if elected as your representative it will be my aim to bring about better conditions in this Province.

FATHER WOULD NOT TESTIFY

Annapolis Royal—Vernon Maughan of Clementsport, the young man charged with threatening the life of his father, was brought before Stipendiary T. R. McKay Tuesday, but the case was dismissed, owing to the refusal of the father to give evidence.

What the world needs, says Allie MacDonald, is an amplifier for the still small voice.

NEW MOTOR LAWS

Motorists of Nova Scotia and citizens generally will be interested in the following:

The province of Ontario is going to compel every driver of an automobile to have a license next year, and the speed limit is to be increased to 35 miles an hour. This is deduced from recent speeches of Hon. George S. Henry, minister of highways and public works, who has been preparing the public for important traffic changes shortly.

Under the present laws, only chauffeurs are compelled to take out permits to drive. But under the impending amendments, it will be necessary for every owner of a private car to have a license to drive. It has been discovered that but few drivers now recognize the 25-mile-an-hour speed limit, and if the majority did observe it they would clutter up the roads so that they would be practically useless for tourist traffic.

To make the roads safe when the speed limit is increased, every driver will be compelled to pass a stiff examination, and people who are now a danger to themselves and the public generally on the highways will not be able to secure a license.

Headlight Glare

The minister of highways also intends to bring down legislation to regulate the glaring headlight difficulty. It is announced that for the past month, special officers have been at work checking up the candle-power of the lights on cars; and it is the intention to establish laboratories where such lights can be tested and drivers compelled to make the necessary changes.

Hon. Mr. Henry suggested that until such time as the government can bring about uniformity in headlights every driver should have a dim light on the left side of his machine and a bright one on the right side. Such an arrangement allows the driver to see the ditch at the side, and the dim light at the left does not glare in the eyes of approaching motorists.

WHAT THE LOCARNO SECURITY CONFERENCE ACCOMPLISHED

Approved the Rhine pact, which in effect binds France and Germany never to fight again. Endorsed by France, Belgium and Germany, it provides recognition of a demilitarized Rhineland zone fifty kilometers wide by the three nations which by its terms pledge themselves to arbitrate all quarrels. Great Britain and Italy sign as guarantors, agreeing to aid either party which is the victim of aggression by the other.

Negotiated four conventions providing for arbitration of disputes between Germany and Belgium, Germany and France, Germany and Poland, and Germany and Czech-Slovakia, securing the approval of interested nations to those agreements.

Approved two agreements between France, Poland and France and Czech-Slovakia which without prejudice to the arbitration conventions, guarantee to France, the right to help her eastern allies in the event of flagrant aggression against them.

Buried the hatchet of the great war, creating a spirit of mutual confidence and good will between the statesmen of the former enemy countries, which with the operation of the treaties, is declared to assure the restoration of peace and security in Europe.

The various treaties were initiated by the representatives of the interested nations. They will be formally signed in London on December first.

RED BLOODED MEN AND WOMEN

Get More Pleasure Out of Life and Are of More Use in the World Than Sickly, Run Down People.

There are people who lack the red blood to give color to their lips, warmth to their hands and brightness to their eyes.

These people tire easily and cannot compete in school, store or shop with the more energetic. Their blood being thin they are nervous and do not sleep well. Arising in the morning unrefreshed they begin each day badly and miss much of the pleasure of living.

To become active and energetic, like most red-blooded Canadians, these people need a blood-building tonic.

A tonic that gives strength, that revitalizes weak nerves, that increases the appetite and aids digestion, will put color in the cheeks and lips and give vigor to the step. That means new joy in living, increased usefulness and longer life.

Where ever you find a person who has taken Dr. Williams' Pink Pills faithfully you find an enthusiastic friend of the tonic that has made life mean more in many ways. These blood-making pills have been used by three generations of Canadians and in almost every community, however small, can be found those who owe health and happiness to this famous household remedy.

Weak and Run Down.

"I wish from my heart I could persuade every person who is run down in health to give Dr. Williams' Pink Pills a trial." Thus writes Mrs. Louise Mitchell, Oak Point, Man., who further says:—"About a year ago I was a weak woman, suffering from a run-down system and impoverished blood. Any little exertion would cause my legs to tremble and my heart to throb violently. I could not sweep a room or walk fifty feet without being exhausted. Then I began taking Dr. Williams' Pink Pills and after taking only six boxes I am as well and strong as ever. I can walk and run without stopping every few seconds gasping for breath as previously. Dr. Williams' Pink Pills will be my stand-by in the future if ever my blood needs building up again, and I shall always find pleasure in recommending them to anyone needing a tonic."

PORT LORNE

Mr. and Mrs. Harold Anderson, of Middleton, spent Sunday, October 11th with friends here.

Mrs. P. J. Smith and daughter, Miss Grace, have gone to Bridgetown, to spend the winter.

Mr. and Mrs. Ira Brinton and family visited Mrs. Celena Starratt, Wednesday, October 21st.

Mrs. George Corbett, Mrs. Edward Risteen, Mrs. Bessie Brown and Mrs. Hattie Sanford, visited Mr. and Mrs. Wallace Marshall, Arlington recently.

Mrs. Lavenia Templeman is spending a few days in Bridgetown.

A number of our men and boys are at present working in the valley.

Mrs. J. F. Titus, Hampton, visited her aunt, Mrs. Alice Neaves, Friday, October 18th.

Mr. and Mrs. Joseph Hall and son, Frank, visited Mrs. Hall's mother, Mrs. Charlotte Anderson, Sunday 15th.

Mr. and Mrs. George O'Neal and Miss Cossaboom of Hampton, were recent visitors of Mrs. Lavenia Templeman.

DIMMED LIGHT MENACE

Inquest Jury Urges Uniform Candle Power and Focus.

St. John, N. B.—The coroner's jury investigating the death of Chas. T. Payter, an aged man, killed by an automobile near Grand Bay, freed George Keeble, driver of the car, from blame, but held the unknown driver of another car responsible. Keeble had dimmed his lights, as the cars met; the other had not, and the glare prevented seeing Mr. Payter walking on the road.

The jury said: "We consider that the law requiring the dimming of headlights is absolutely dangerous and confusing and we strongly recommend that the law be amended so that drivers be not required to dim, but that headlights shall be of a standard candlepower and focus."

Help for Nervous People.

Are you pale and weak, tired most of the time, out of breath on slight exertion?

Are you nervous, is your sleep disturbed so that rest does not refresh you?

Is your appetite poor, your digestion weak and do you have pains after eating?

If you have any of these symptoms you need the help of such a reliable tonic as Dr. Williams' Pink Pills. Read what Mr. W. W. Francis, of Calgary, Alta., says of this tonic: "After returning from overseas," writes Mr. Francis, "my whole system was in a badly run down condition. I became nervous, irritable, pale and lost weight. Of course I was given treatment and recommended many tonics, some of which I took, but with no apparent result. At last I could not even sleep. My sister, who is in England, wrote and urged me to give Dr. Williams' Pink Pills a trial, and I can scarcely say how glad I am that I took her advice. My friends were surprised at my complete recovery, but I assured them it was due entirely to Dr. Williams' Pink Pills and I now always keep a box on hand in case of emergency."

Keep Your System Toned Up.

Dr. Williams' Pink Pills assist digestion, correct the lassitude, the palpitation of the heart, shaky nerves and the pallor of the face and lips that are the result of thin, impure blood.

Try Dr. Williams' Pink Pills for anemia, rheumatism, neuralgia, nervousness. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. Get a box and begin this treatment now.

Send For These Health Books.

Two useful books, "Building Up the Blood," and "What to Eat and How to Eat" will be sent free by The Dr. Williams' Medicine Co., Brockville, Ont., if you mention this paper.

Dr. Williams' Pink Pills are sold by all dealers in medicine or will be sent by mail, post paid, on receipt of price, 50 cents per box.

SUDDEN DEATH OF MRS. W. C. BAULD.

Well Known South End Lady Passed Away Thursday Afternoon.

The death took place at her home, 3 South Street, Thursday afternoon, at 5.30, of Mrs. William C. Bauld. While Mrs. Bauld had not been enjoying good health since early in the summer, when she had met with an accident which confined her to her home, death came suddenly and was altogether unexpected. Her husband left her talking to a friend, in good spirits and apparent fair health, and on his return home at 5.30 it was to find she had taken a hemorrhage and had passed peacefully away but a few minutes before his return.

Mrs. Bauld, who was 59 years of age, was a daughter of the late A. A. Bliss, of Halifax, and is survived by her husband, three sons and three daughters, as follows:—Gerald C. Bauld, New Glasgow; W. C. L. Bauld, Boston; Stewart S. Bauld, Upper Granville, Annapolis County; Mrs. W. C. Borrett, Dartmouth; Mrs. Geoffrey Stevens, Dartmouth; Mrs. Edna Lougheed, Calgary; also one brother, A. R. Bliss, New York, and one sister, Mrs. (Dr.) H. S. Traeman, Somerville, Mass.

The funeral was held at three o'clock Saturday afternoon from 3 South Street, to Fairview Cemetery. (Chronicle)

THE MAGIC CARPET

Once upon a time in the mystic land of Persia, there was found among the treasures of a king, a wonderful carpet. One had only to sit on it, wish to be somewhere, and away the carpet would fly till the wished-for place was reached. For hundreds of years it carried kings and princes upon the most amazing adventures. No one knows what finally became of it, but it may be that its last threads went into the make-up of the first Youth's Companion. For, like the magic carpet, The Companion for 1926 carries you to the land of your heart's desire—up the Maine woods with the lumbermen; out on the western plains where the warlike Navaho Indians live; far up into the gold regions of Alaska; and away on the Southern Seas in search of treasures and lost islands. All you need for such extraordinary adventures is a young heart and a Youth's Companion. Don't waste time in getting started; subscribe now and receive:

Came Across Continent in Motor Boat

Completing all but the last lap of their trip from Los Angeles to New York—across the whole continent—in an eighteen foot long motor boat, two Americans, John Edwin Hoag and Frank S. Wilton, not to mention Spy-Wapato, their dog, arrived recently in Montreal and stayed for a day or two before proceeding to New York.

The entire distance was covered by water with the exception of one portage of 400 miles from Cello Falls, Washington to Fort Benton, Montana. Their boat the "Transcontinental" is an 18-foot craft, 5 feet abeam, and powered with two four horse power Evinrude outboard motors. They left Astoria, Oregon, May 20, after having their boat shipped up the coast from Los Angeles. The route was via the Columbia River from its mouth to Cello Falls where the boat was loaded into a box car and sent on 400 miles to Fort Benton where the journey was resumed down the Missouri River for 2,280 miles into the Mississippi to St. Louis, then up the Mississippi to the Illinois River as far as Ottawa, Illinois; through the Illinois and Michigan Canal to Joliet, Illinois, and through the Chicago Drainage Canal into Lake Michigan. From here the voyage was plain sailing to Montreal, where they landed at the Canadian Pacific Pier No. 8, having moored their boat alongside the "Montcalm."

Messrs. Hoag and Wilton followed in reverse direction the course of the early explorers, Columbus, Hendryk Hudson, Champlain, Cartier and La Salle. Their mishaps commenced early when, in the Columbia River they ran aground on a sunken log which tore the stern out of their boat. After this misadventure, which they finally weathered safely, they had comparatively no bad luck, except for the tornadoes, heavy storms and risky runs down little-known rapids, which might naturally be expected.

• Their adventure is unique, the only attempt previously made being about 18 years ago when a similar expedition ended at Bismarck, North Dakota, after traversing the same route. Then, however, the adventurers were so held up by adverse conditions that they were overtaken by winter and their boat was crushed in the ice.

HOW DENMARK MASTERED HER SOIL DIFFICULTIES

By H. S. Condon.
The very interesting letter written by Mr. H. S. Holm of New Waterford, Cape Breton Island, is worth much to any real student of Nova Scotia. Mr. Holm is a native of Denmark and came to this country some years ago. His authoritative statements as to the fertility of the soil of Denmark will set some of the persons who have been telling your readers that Denmark is fertile at rest. He says much of the country is sterile to a remarkable degree and details the efforts made to grow a crop.

Mr. Holm says the statements made by me are correct. That was the intention. Nothing can ever be gained by twisting facts. Some one will expose the ignorance or evil intention.
Denmark is prosperous. It is exceptionally prosperous. It has been made prosperous by the people themselves assisted by a government that shows an unusual amount of wisdom. Of course the government is as democratic as in any country on the earth and as a government is just what a people make it, the Danes being a highly educated people, without being saturated with party politics, look out for their own interests. They have had all countries in common sense legislation and adjustments to the requirements of the times. They get any returns they go after.

They do not permit all sorts of people, who either have no sense or are as crooked as a corkscrew, to haul up all the rest of the country. They will not permit the export of any product which will do harm to the country at large. Nothing may be exported which will lower the price which proper goods would otherwise get. That is good business.

How They Profit
The Danish farmers get the highest prices quoted for their butter, and their bacon and their beef. They are the highest also in the egg and poultry market. They do not allow any farmer or merchant to injure the price by selling out of the country any farm produce which will be questioned. The standard of excellence must be maintained.
In addition the farmers do all their own marketing. They also co-operate in buying certain commodities. They also co-operate in putting the best breeding stock of all sorts in the hands of the Breeding Societies. No scrubs are tolerated. There are more than a dozen co-operative societies. Each has its own sphere. There is one general society which overlooks every phase. The co-operative societies all specialize. They really have a wonderful system, which brings the highest prices on all the farmer produces while providing him with all the principal articles he may require, as seed, fertilizers, implements and feed, of which immense quantities are imported.

Mr. Holm asks me to acquaint your readers with the workings of the Credit Associations. This is a Union fostered by the government which has done wonders in putting young farmers who have very little capital on the land. As Mr. Holm says, this system has made a great success. During the 23 years, 1900-23, the number of small holdings had increased to the large figure of 16,824. Prior to this period about 3,000 holdings had been established. The Danish government estimate, according to the government pamphlet from which I am quoting, "that by its small holdings legislation Denmark has made provision for about 75,000 people who might otherwise have emigrated from the rural areas to the towns and so have increased

unemployment and intensified the house shortage."
Anyone can see from this that Denmark does not waste time when it comes to seeing the youth and brains of the country leave the country for other lands. Every Dane that leaves Denmark becomes a competitor with those that remain. They see the point and act accordingly.

How Do They Do It?
How do they do it? It is better to just quote the statement made in the Danish government pamphlet. I should like to publish the whole pamphlet, but space forbids.
The basic principle in connection with the Land Act covering this phase of the national development is that "small holdings must be large enough to support a family."
From the inception of the movement in 1919 the small holder bought his land at the time he started in. In 1919 this was amended. There were reasons that need not be discussed as they had to do with the matter of entail, etc., which does not affect the case.

"When a small holder takes over a plot under the Land Act of 1919 no purchase money is paid by him; he obtains the land against an annual payment based upon periodic valuation of the ground by the Property Valuations Committee, the valuation being fixed at such an amount as an intelligent buyer might be supposed to pay if the land belonged to a farm of average size. The annual payment is made half yearly, and at present is at 4 1/2 per cent."
"For the purpose of erecting suitable buildings on his small holdings acquired under this Act, the buyers may obtain a government loan of an amount corresponding to not more than nine-tenths of the cost, and not exceeding a maximum limit fixed annually by the Minister of Agriculture. After the mortgage bond has been duly registered, up to one third of the loan may be obtained as soon as the house has been rooted in and the liquid manure container is ready, and the balance is paid when the buildings are completed."

The Repayment Plan
"INTEREST and repayments of principal are made as follows:—If the building loan reaches the statutory maximum the rate of interest is 4 1/2 per cent for the first 8,000 Kroner (26.8 cents Canadian Currency), the remainder being free of interest.
"No instalments on the loan are repaid during the first five years but thereafter annual instalments of one per cent of the whole original loan—both the interest bearing and the interest free parts—are paid until repayment has been completed."

"As to the personal means which the applicant must himself possess in order to obtain a small holding under the Land Act of 1919, the Act stipulates that he shall have the necessary amount and as the building loan is nine-tenths of the cost of the buildings, the small holder himself must have at his disposal money sufficient for the remaining one-tenth of the building loan as well as for the purchase of live stock and plant and a balance as working capital."
The above is the Act in brief. Under the earlier Acts, the government loaned for the acquisition of stock and plant as well as for land and buildings. As the amount of land suitable for farming is about all occupied the law has been stiffened to a certain degree.

To close as briefly as possible the pamphlet quoted says:—"Apart from the support received from the government there are two other factors that may be regarded as significant to the small holders movement generally—both the holdings provided with Government support and those provided quite privately—and those two factors are the co-operative movement and the small holders associations."

legislation could not have been so effective. It has only been through a co-operative movement comprehending the common activities of agriculture as a whole—that it has been possible for the small holders to carry on their work on a footing of equality with the farmers proper. It may therefore be regarded as of more than casual significance that the co-operative movement was already established in Denmark before the small holdings movement was taken up. Co-operation once commenced rapidly grew until it has become a comprehensive system embracing within its branches practically all Danish agriculturalists.
After showing in detail the various associations and co-operative societies, the pamphlet expresses the opinion that the small holders have an advantage over the great farmers cultivating as many as 500 or more acres, because they can keep track of the work better and farm more intensively. So also through the medium of the co-operative societies they can get the same prices for the articles they produce as the big farmers do.

The pamphlet closes thus—All this shows that the small holders have specially recognized the necessity of co-operation, and it is the co-operative movement that has contributed more than anything else in recent years toward giving Danish Agriculture the admittedly high reputation it enjoys throughout the world.—Halifax Herald.

THE CAUSES OF CRIME

Rev. J. Phillips Jones, M.A., B.D. Social Service Council of Canada.

In addition to poverty which was mentioned in a previous article another cause of Crime is—Intemperance. If the sale of hard liquor was prevented, the police-courts would lose a great deal of their business. At a recent meeting of police inspectors in New York City, one experienced officer said that "drink is the greatest single cause of crime." Lord Alverstone, Chief Justice of Great Britain said, "After forty years at the bar, and ten as a judge I have no hesitation in saying that ninety per cent of the crime in this country is due to indulgence in strong drink."

Addressing the Grand Jury in Winnipeg some time ago the Judge said—"Most of the cases in these assizes are directly or indirectly due to liquor. Especially does this apply to the foreign-speaking population who are industrious and hard-working when sober, but are like wild beasts when under the influence of liquor." Picariello and Mrs. Lasandra paid the extreme penalty for shooting a policeman in Blairmore, Alberta, because he interfered with their bootlegging traffic. And so we could multiply instances of strong drink being one of the great causes of crime.
Another cause of crime is addiction to habit-forming drugs. "The majority of drug-addicts are of the under-world type." F. W. Cowan of the Opium and Narcotic Drugs Division of the Federal Department of Health says that although the evil is somewhat abating in Canada, one of the great needs is compulsory treatment of drug addicts. In this way alone will the evil be finally eradicated.
Feeble-mindedness is also a great cause of crime. "Half the crime of the world, two-fifths of venereal disease, two thirds of prostitution are due to neglect of the feeble-minded." Recent psychiatric examination of the inmates of Sing Sing Prison shows that two-thirds are mentally defective.

There are five hundred mentally defective children in Alberta. Miss Dauphine, Superintendent of Special Children's Classes in Vancouver reports that there are over sixteen hundred mentally defective children in British Columbia, and the number is rapidly increasing. This is a problem in every province of the Dominion.
A mental defective is one whose brain development has halted. He has the body of an adult but the mind of a child. Some are idiots—mentally these are imbeciles. Others are imbeciles having a mental capacity of from three to six years. The highest grade of feeble-minded are morons. These can be taught expert manual labour under proper direction if it involves no planning or reasoning.
All mentally defective lack control. They naturally drift into immorality and crime. Their immoral tendencies make birthrate among them very high, and their defect is terribly transmissible.
At least three persons in a thousand are feeble-minded. The untrained feeble-minded do not work and the rest of us are supporting them. The problem of the feeble-minded must be grappled with in earnest. By colonization, where they will not be able to propagate, we must stop breeding criminals. How many feeble-minded are there now in the provinces of Canada? How many will there be in twenty years.

United we stand, divided we bust.

GUARD THE BABY AGAINST COLDS

By Keeping Baby's Own Tablets in the House at All Times.

To guard the baby against colds nothing can equal Baby's Own Tablets. The Tablets are a mild laxative that will keep the little one's stomach and bowels working regularly. It is a recognized fact that where the stomach and bowels are in good order that colds will not exist; that the health of the little one will be good and that he will thrive and be happy.
Thousands of mothers have become convinced through the actual use of the Tablets that there is nothing to equal them in banishing constipation and indigestion; breaking up colds and simple fevers; expelling worms and making teething time easy. Among the thousands who praise Baby's Own Tablets is Mrs. Alex. J. Perry, Atlantic, N. S., who says:—"I always keep Baby's Own Tablets in the house as I know of no other medicine for little ones to equal them."
Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

LEAVES ON ROUND THE WORLD TOUR

Kentville—Dr. W. H. Brittain, Ph.D., Provincial Entomologist of the Province of Nova Scotia, was in Kentville Tuesday en route to Ottawa. Dr. Brittain leaves in a few days for a two year trip around the world, in the interests of the Research Department of the American Cyanamide Co. His duties will be to co-operate with and assist the entomologists and Experimental Station officials of the different countries visited in adapting the uses of calcium cyanide to the problems of the countries concerned. Among the countries visited will be England, France, Spain, Egypt, Palestine, Ceylon, Australia, Federated States, Java, Samatra, Siam, Phillipian Islands, Hawaii, Formosa, Japan, and Korea. Dr. Brittain sails from New York on October 26th.

MELVERN SQUARE

Mr. H. M. Craig and son Delvin, of Sydney, C. B., and Mrs. Lottie Craig, of South Farmington, were recent visitors of Mr. and Mrs. Forest McNeil.
The Misses Annie and Esther Pearson, of Port Williams, have been visitors of their uncle and aunt, Mr. and Mrs. Edward Pearson.
Captain Amos Burns, of Clementsport, and Miss Eleanor Baker, of Springfield, Mass., were guests at the home of Mr. Charles Baker.
Mr. and Mrs. Chester Moody, of Worcester, Mass., are visiting Mr. and Mrs. Stuart P. Dodge.
Mrs. M. C. Hall of Dorchester, Mass., is visiting her sister, Mrs. Geo. O'Neal.
The community was saddened and shocked to hear on Saturday morning that Miss Mabel Grant, of Williamston, who had been staying the past four months at the home of Mr. and Mrs. E. E. Phinney, had passed away during the night. She had retired in her usual health on Friday evening. As she did not respond to a call on Friday morning, Mr. Phinney went to her room and found her lying in bed as she was asleep. Dr. Sponage was hastily summoned, but nothing could be done. Much sympathy is felt for her bereaved parents.

APPLE TREE FERTILIZING

An experiment has been tried extending over three years at Sidney, B. C., Dominion Experimental Station to determine the effect of various fertilizers upon the growth of apple trees. The following fertilizers were used separately: nitrate of soda, two pounds per tree; muriate of potash, two pounds per tree; acid phosphate, four pounds per tree; the whole mixed and used at the rate of four pounds per tree. Nitrate of soda gave the greatest amount of growth, but muriate of potash and acid phosphate gave the highest yield of fruit, particularly the latter, although both showed a tendency to check the growth. The varieties of apples used in the test were: King of Tompkins Co., Gravenstein, Red Astrachan, Lovland Raspberry, Grimes Golden, Orange Pippin and Wagner.

BANK MANAGEMENT CHANGES PROPOSED

Largely Signed Petition Against Transfer of Mr. Little, Efficient and Popular Manager of The Royal Bank Branch of This Town, to Lawrencetown.

News of a proposed change in local bank managements in this county was received with a feeling of regret and it might be said, with some feeling of resentment locally, when it became known that Mr. A. F. Little, manager of the Royal Bank branch, was likely to be transferred to Lawrencetown, Mr. F. G. Palfrey to be placed on the retiring list. A petition was prepared and forwarded on Saturday asking for a reconsideration of the bank authorities of the change proposed. This was largely and gladly signed by the business men of the town and it is hoped will have due effect.

Mr. Little has been manager here for the past thirteen years. Here his family have spent most of their lives and have passed away his wife, esteemed and beloved by all. He has become in every way a part of the life of the town. The business of the bank has grown and prospered under his direction. A good bank manager, a public spirited citizen and highly esteemed by all, it is felt and desired most strongly that his services here should be retained by the bank.

Mr. Palfrey in Lawrencetown, has been an efficient manager and always an important and appreciated factor in the life of that town, and many would prefer that no change in local bank circle management be made.

WEDDING

Potter-Shaw

The marriage took place at the Baptist Parsonage, Paradise, Thursday morning, October 22nd., of Alma Gertrude Shaw, of West Paradise, to Leslie Potter, of Clementsvale. The Rev. W. S. Smith officiating.

The bride was gowned in a bronze satin ensemble costume trimmed with fur and hat to match.

After the ceremony the happy couple left on the west bound train for Dedham, Mass., where they will reside.

BORN

Local Happenings

"AT HOME"

Mrs. Carl G. Rincey will be "At Home" to her friends on Thursday, November 5th, at Riverdale Farm, Paradise, from 3 to 5 in the afternoon and 8 to 10 in the evening. 31-2c.

A number from here motored to Belleisle on Saturday night, and at the home of Miss Gladys Troop, enjoyed a chicken dinner. All report a pleasant time. (Kingston Item). Buy a Flanders Poppy on Poppy Day.

The marriage of Mr. Harold Bradshaw Lockwood, of Lynn, to Miss Susie Mildred Starratt, daughter of Mrs. H. D. Starratt, took place at the First Baptist Church Parsonage, in that city some little time ago.

"AT HOME"

Mrs. Alfred Spinnay will be "At Home" to her friends on Thursday, November 5th, 1925, from 3 to 5 and from 7.30 to 10.

Last Sunday was a very disagreeable day. Snow fell thickly in the early morning, after which rain continued all day accompanied by high winds. Seven electric light poles were blown down, trees in some places up-rooted, apples blow in quantities from the trees and minor damage done.

The many friends of Mr. F. Robinson, who formerly resided on South Street, are pleased to see him in town this week much improved in health.

Miss Faustin Chisholm, of Yarmouth, was a guest over the weekend of Miss Gladys Colburn.

BRITISH BAND MUSIC BY RADIO FROM MONCTON

Recently the Editor had the pleasure of hearing over radio, a Band Concert programme played in Daventry, England, relayed and broadcasted from the C. N. R. Station at Moncton, N. B. The programme was a most excellent one and the radio working A. 1.

The concert was a decided change and relief from jazz stuff and the C. N. R. management is to be highly complimented on treating the radio public to such splendid entertainments. They are appreciated by the many who would prefer often to get good British programmes of unchallenged merit.

INSPECTOR MESSENGER MAKES BEER CAPTURE

On Saturday afternoon, County Temperance Inspector, Elias Messenger, accompanied by Chief Bishop, paid a visit to Inglewood, making a friendly call on Mr. Arthur Simms. They found first, three empty glasses, presumably emptied by three residents of this town, who decamped, but were seen and recognized by the officers.

A search was made and after unlocking a closet door, a two gallon jug filled with joy giver was located. This the officers brought back to town. A sample was forwarded to Halifax for analysis, pending further proceedings.

AUTO ACCIDENT AT PARADISE

An auto driven by R. Darling of this town collided last evening in Paradise with a carriage driven by Robert Longley. A front wheel was taken off the car, while the carriage lost two wheels. Fortunately neither Mr. Longley nor the ladies with him suffered any injury, but their escape was little short of miraculous. We understand that the responsibility for the occurrence has not been definitely fixed. The driver states that he did not see the carriage, while the occupants of the latter think the car was taking up too much of the road.

SURPRISE PARTY FOR MR. AND MRS. J. HERBERT HICKS

On Friday evening, about twenty-five friends of Mr. and Mrs. J. Herbert Hicks gave them a surprise, it being the anniversary of their marriage, and presented them with a dozen beautiful sherbet glasses and plates and a mahogany mantle clock.

A pleasant evening was spent in bridge and 45% the party breaking up at a late hour, after wishing Mr. and Mrs. Hicks many happy returns of the day.

CHARLES MILLETT OF MOSCHELLE FOUND DEAD IN BED—CAUSE: HEART FAILURE

Annapolis Royal.—Charles Millett, a well known and highly esteemed resident of Moschelle, was found dead in his bed Saturday morning. Although not in his usual good health of late, on retiring that evening he had not spoken of feeling ill. When Mrs. James Rice, with whom he had made his home, called him about seven o'clock Sunday morning and getting no response on investigation, found he had been dead for some time. Dr. L. M. Braine was hurriedly summoned, and stated that death had resulted from heart trouble.

Mr. Millett, who has been at Moschelle for thirty-four years, was born at Chester, June 6th, 1847, the son of the late Francis and Sophia Hyson Millett. He is survived by one brother, Crampton Millett, of Moschelle, and one nephew, J. A. Millett, of Lequille.

The funeral took place Tuesday afternoon at 2 o'clock, with Masonic honors. Deceased was a member of Annapolis Royal Lodge, A. F. & A. M., R. N. S. Rev. A. Townsend, of Round Hill, officiated. Interment was at Woodlawn Cemetery.

SPIRITUAL HEALING HAS MANY DANGERS

So Says Oxford University Psychologist—Appeals to Primitive Credulity

London.—Spiritual healing is regarded with considerable misgiving by Dr. William Brown, Oxford University professor and consulting psychological expert and lecturer on medical psychology in Bethlem Royal Hospital, London, perhaps the greatest of British psychological experts.

Addressing a conference of the Anglican diocese at Wakefield, Yorkshire, Dr. Brown said he had considerable difficulty in coming to a definite decision on the question of spiritual healing and he would further medical investigation before doing so. An obvious danger of spiritual healing, he said, was that it intensified many neurotic patients' hysterical or infantile attitude towards life and it appealed to the superficial emotion of those whose credulity was of a primitive nature.

NEWSY NOTES FROM ANNAPOLIS

Enjoyable "At Home" at the Rectory.—Regret For Passing of Rev. James Carruthers.—Social and Personal Items.

Annapolis Royal.—The "At Home" held on Wednesday afternoon at the Rectory of St. Luke's, by Mrs. S. J. Woodroffe, was very largely attended. The hostess was assisted in receiving by her daughter, Mrs. C. A. Goode, of Nictaux; Mrs. F. C. Whitman and Mrs. Edgar McCormick, Mrs. G. A. Hawkesworth and Mrs. F. W. Harris poured, and Mrs. Griffin O'Dell, Mrs. Kerr Merriman, Mrs. T. H. Fortier, Miss Leah Harris, Miss Mary O'Neill, Miss Pauline Harris assisted in serving. Miss Elizabeth King attended the door.

News of the death of Rev. James Carruthers, well remembered in Annapolis Royal as a former pastor of St. Andrew's Presbyterian Church, was heard with universal regret. The late Mr. Carruthers had held pastorates at Charlottetown, Pictou, and New Glasgow, and for a number of years was attached to Pine Hill College, Halifax. Shortly after leaving here, he moved, with Mrs. Carruthers to Vancouver, B. C., where his death took place. His last years were saddened by the sudden death of his only son, Lieut. Col. J. Stewart Carruthers, who after distinguished service overseas, joined his parents in Vancouver, and took charge of a hospital there. Mr. Carruthers was succeeded here by Rev. W. Bruce Muir, of Scotland, who was afterwards transferred to Sherbrooke, Que., and recently left there to take charge of St. James Presbyterian Church, at Charlottetown, P. E. I.

Mrs. William Horstall is spending the winter with her daughter, Miss Zoldee Horstall, M. A., in Halifax, and has taken apartments on Inglis Street.

Mr. and Mrs. Harry J. Crowe, of Toronto, Mr. and Mrs. A. B. MacKenzie, Miss Mary Quirk and Miss Mildred Beal, of Bridgetown, were guests of Mrs. S. Miller during the past week.

Mrs. F. Leavitt returned on Monday from a short visit with her daughter, Mrs. Cyril Smith, of Halifax.

Messrs. William Miller, of Yarmouth, and Edward B. Ritchie, of Baddeck, C. B., paid a short visit to town this week.

Mrs. Charles Multhead (formerly Miss Elsie Horstall) who, with her little son and daughter, spent the summer here, is moving with her husband from New Haven, Conn., to Utica, N. Y.

Mrs. John Jackson and Miss Minnie Jackson, of Paradise, N. S., were recent guests of Miss Louise Harris.

Miss Mary F. Cox, left on Thursday to spend her vacation in Boston, accompanied by her sister, Miss Irene Cox, of Middleton.

Mrs. A. E. Allee entertained at a delightful "Bridge" party on Friday evening, with five tables of players. The prizes were won by Mrs. Arthur Horstall, Mrs. J. M. Owen, Mr. C. C. King and Mr. Edgar McCormick.

Miss Ida Wheelock received many congratulations on Saturday, the occasion of her eighty-ninth birthday. Miss Wheelock, who resides at the home of her nephew, Mr. F. W. Harris, is remarkably bright and active, and enjoys life with the zest of one half her years.

Mrs. Frances Bent, a student at the Annapolis County Academy, who daily crosses the Annapolis-Granville bridge, threw a bottle in the river, containing her name and address, on May 21st, 1925. She recently received a letter from Grand Manan, N. B., saying the bottle had been picked up, August 1st, on the beach of a cave called Devils Oven.

Miss Jessie Cunningham entertained a number of her young friends at
