

A Great Fair and a Great Store "Come on In"

We have prepared for a big Exposition business. All the new top coats and suits are here for your inspection and a finer showing would be hard to find. This year we have graded our price so that no one will go away disappointed, even if you have only seven or eight dollars to pay for a suit or coat. Ours is a cosmopolitan store when it comes to meeting the needs of the masses. Situated as we are right in the heart of the best business section of this big hustling city, we meet all classes in the daily round of business. Our big show windows (the eyes of our store) are fitted with smart, new styles and fabrics, while inside we have clothes for the multitude, with every garment hung in the most modern method of clothes craft. Suits from \$7 up to \$30. Overcoats from \$7.50 to \$45. Raincoats \$5 to \$25. Trousers \$1.50 to \$7.50 and hosts of other lines that go to make up a first-class clothing stock. "Come on in" and select your suit or top coat now.

Don't Miss the Wonderful Automatic Machine at the Exhibition That Shapes, Pastes, Fills and Seals 2 and 5 lb. Cartons of REDPATH Extra Granulated SUGAR

A big advance toward quicker store service and cleaner food is shown in the REDPATH Sugar Booth, in the Process Building, South Wing of the Industrial Building at the Fair.

Here, in actual operation, is one of the all-but-human machines that put up the familiar 2 and 5-lb. Cartons of REDPATH Extra Granulated Sugar. You can see it take a cardboard Carton open at both ends—dexterously paste and close the bottom—fill it with the exact, net weight of sugar, measured on an automatic scale—paste and close the top—and deliver the finished carton without a hand having touched it throughout the operation.

This machine has made it possible to market REDPATH Extra Granulated Sugar in Original Packages, pure and clean as when it left the refinery—to deliver to you, in your own home.

LEADS ATTACK ON ABSENT MAYOR

Controller Church Tries Ineffectually to Upset Sale of Hydro Bonds.

QUESTION OF LEGALITY

Property Commissioner Reports Against Re-Erection of Hat Factory.

While Mayor Hoeken was at the laying of the corner-stone of the new central technical school building yesterday morning, Controller Church presided at the board of control, and did his utmost to upset the recent sale of hydro bonds. At first he was backed by Controller Foster, but when Controller McCarthy was thru with them Controller Church was alone in his fight and went down and out. Controller Church led off by demanding that the city solicitor be asked for a written opinion upon the legality of the sale of the bonds. He reiterated his charge that Mayor Hoeken and Deputy City Treasurer Patterson had negotiated the sale without calling a meeting of the treasury board, and that the bylaw provides that the sale should be made thru the treasury board. He added that "the sale was unsatisfactory in some respects."

"It is a matter between yourself and Mayor Hoeken," Controller McCarthy said to Controller Church. "You should not take it up until the mayor is here. I ask it out of courtesy to the mayor."

"No courtesy was shown me," Controller Church declared. "No matter in what any one member of the board is directly concerned should be dealt with unless that member is present," Controller McCarthy urged.

"I agree with that," said Controller O'Neill. "The mayor will be here tomorrow, and we could have the opinion of the solicitor ready then," Controller Church insisted. "Do you want to block the sale?" Controller McCarthy demanded, "or block those who bought the bonds from selling them again? The people who bought the bonds would like to get out of the purchase agreement tomorrow if they could."

"It would not be very serious if the sale was called off," Controller Foster declared. "If you throw over the British market by going into the American market for money you will not be able to go back to the British market. It is putting a noose around the neck of hydro to sell the bonds at the price agreed upon."

"The sale has been negotiated," Controller McCarthy said. "The mayor should be present before we ask the solicitor for an opinion upon the legality of the sale."

"I am satisfied to leave it until tomorrow," Controller Foster at once conceded, and that ended the matter.

Want Sewer Laid. Deputation from the Midway asking that a sewer be constructed on Highfield road and the sewerage work concurrently with the sewerage work now being done on Hlawatha street. Commissioner Harris promised that Highfield road would have a sewer before the outlet for Hlawatha street sewer is completed.

Commissioner Harris reported that he had closed the west side of Yonge street, from King street to Melinda street, because the excavation for the Dominion bank building had caused the pavement to sink about an inch. "The contractor wants permission to work a couple of Sundays to get the steel work well started," said Controller Church. "With two sky-scrapers being built at the corner of King and Yonge streets the interference with traffic there will be serious."

Commissioner Chisholm reported against granting a permit to rebuild the recently burned Crean hat factory on Balmuto street. "That hat factory was started 43 years ago, when it was surrounded by fields," said Controller McCarthy. "I cannot take advantage of the fire to put Mr. Crean out of business."

"Neither can I," Controller O'Neill said. "We'll have a hearing on Thursday morning from all interested parties," said Controller Church, and this was adopted.

LEGAL FIGHT TO DEPORT THAW

(Continued From Page 1.)

either at once or before the king's bench in October."

News a Disappointment. Mr. Jerome and District Attorney Conger were at dinner when Thaw's counsel made known their decision. They had been hoping, like others drawn here by duty, that tomorrow would see a sweeping away of some of the legal cobwebs and the beginning of a fight in the open profane of a hearing before the immigration authorities and Thaw's probable deportation to Vermont.

The news spread quickly thru the hotel corridors. Sheriff Hornbeck of Dutchess County, who is particularly anxious to get home, expressed his great disgust. The handcuffs and leg irons he brought with him have proved only a burden, and he has been roaming about town for a week waiting for something to turn up.

Thaw could not be seen, in view of a new rule of the sheriff barring interviewers except when accompanied by some of his counsel; but that he was consulted before any action was taken was attested by the fact that his signature, with that of his attorney of record, W. L. Shurtleff, was signed to the application. It was a mere formality with Thaw, tho, for the greater part of the day he spent in working out more details of his publicity campaign. His ambitions may be nipped to some extent by the curtailment of interviews, but he can still send out statements.

The declining to express an opinion as to what will happen in the Thaw case next, Mr. Jerome took the hitch in the proceedings philosophically, and after finishing his evening meal went out and toasted his shins with a group in front of the big open fireplace at the Magog House. Most of the afternoon he had spent tinkering with the automobile in which he made the trip up here.

UXBRIDGE The surveyors for the Hydro-Electric line from Toronto to Uxbridge have been successful in securing a low grade thru the major part of the route. As it leaves Markham North the road crosses the G. T. R. by an overhead bridge about 100 feet north of D. E. Jones' elevator, and continuing in a northwesterly direction crosses the eighth concession in Mount Joy, a little south of W. A. Fenner's house. It reaches the midway just between the seventh and eighth line, running straight north to Ringwood, thru Stouffville to Glasgow, and continues north via Goodwood to Uxbridge. Engineer Stanley claims that the grade is a good deal better than that on the G. T. R. line. The line from Markham to Brooklin has already been surveyed, and a report of the completed survey is expected about the middle of September.

Among the several big features
planned for the Labor Day parade
this year will be a large float covering
three lorries, on which men repre-

the Building Trades League, and it is
said to be one of the largest ever
used.

Speeding across the bay in his
power boat this morning, Harry Dyer,
a Vinhaven fisherman, sighted a
small boat which appeared to be
drifting seaward. Thinking it had
been disabled, he was the first to
offer his assistance to the two men
seated in the bow. Getting no
response, he looked at the occupants
of the boat more closely, and was
horrified to find that both were dead.

This year's parade will be the big-
gest one ever held, and beyond its
usual scope Labor Day will contain
a political significance. Part of the
program will be a meeting at Queen's
Park, where Sir James P. Whitney
will be approached regarding the
proposed Workmen's Compensation
Act and the subject of tax reform.
Sir James has consented to meet and
address the men at 10 a.m., after
which the parade will start from the
park to the Exhibition grounds. The
route will be down University avenue
to Queen street, along to Dufferin
street, thence to the grounds. Over
seventy-five different branches of
unions will be in line, headed by mem-
bers of the city council and the Lady
Burgess Association.

(Special to The Toronto World.)
The boat with its grim passengers,
was towed to this city, offering to the
policie a graphic solution of the mys-
terious disappearance which they had
vainly striven to fathom. The boat
bore no signs of a struggle, and every
condition pointed to mutual agreement
to die. The weapon used was a .28-
calibre revolver and three cartridges
were empty. Either bullet discharged
into the body of the girl would have
produced instant death, in the opinion
of the coroner. The third bullet had
penetrated young Perry's brain.

COCK O' THE WALK WINS HANDICAP AT SARATOGA

Defeating Nightstick That Had Flying Start in a Stretch Drive.

SARATOGA, Aug. 26.—Cock o' the Walk, Johnson's chestnut colt, proved the best in the prize event of the day, the Handicap. Glass, his rider, kept him within striking distance of the pacesetter, Nightstick, all the way, and in the stretch took the lead, drawing ahead in the last furlong to win. Nightstick had a flying start and led until he tired, while Barnhart, after keeping within striking distance throughout, weakened in the stretch run. A big bunch of two-year-olds faced the starter in the fifth race, Humiliation won out, but was trounced by a rush. Deacon got the worst of the start, but ran a consistent race and was wearing the leaders down at the finish. Summary:

- FIRST RACE**—Three-year-olds and up, selling, 6 furlongs.
- 1. Miss Brush, 103 (Byrne), 3 to 1, even and 1 to 2.
 - 2. Bay Laurel, 108 (Brady), 12 to 1, 5 to 1 and 3 to 2.

Rough Time Raising British Olympic Funds

LONDON, Aug. 25.—The great Olympic fund of \$500,000 is not rolling up as fast as the promoters expected. An appeal for this amount to provide adequately for the British team that is to be sent to the Olympic games in Berlin in 1916 was issued Aug. 17. It was signed by Earl Grey, Lord Roberts, the Duke of West-
minster and many other prominent men, but at the end of the week only \$25,000 had been subscribed. Of this amount, \$10,000 was subscribed by Lord Northcliffe, \$5,000 by the Duke of Westminster, while Sir Thomas Lipton and H. G. Selfridge each contributed \$500.

NIRWANA WINS THE YACHT RACE

Led "The Whirl" Home by Nearly Six Minutes at Exhibition.

HEAVY SEA RUNNING

Race for Twenty Footers Ends in Triumph for Canadian Boat.

A twenty knot breeze, a rakish craft and a surging sea are commonly considered as the necessities for a sailor's paradise, but yesterday afternoon's blow from the southwest proved to be too much of a good thing for the local yachtsmen who braved the seas in the little twenty-footers.

The race for the special trophy given by the Canadian National Exhibition saw ten of the little fellows face the waves of the Niagara and the two Cleveland boats, Psammid I and II, as the added factors.

The Nirwana won the race very easily, although a lot of distance was made up for the buoy on the second leg by the last time around. The Nirwana led her club boat, "The Whirl," home by five minutes and fifty seconds, or slightly over three-quarters of a mile. Psammid I was third, fourteen minutes and thirteen seconds behind the leader. It was a hard race from start to finish, and all the crews had their hands full in handling the canvas.

A heavy sea greeted the yachts as soon as they left the shelter of the bay, which increased materially as the wind freshened from the southwest. The waves surged over the boats in all directions every time they put their heads into the wind, and the crews had a rather wet and cold passage. At 2:30 ten boats made for the line, just off the Exhibition grounds, and they crossed it as follows: Nirwana, "The Whirl," Psammid I, "The Whirl," "The Swamba" and Nirwana. The latter, however, had the far better position, lying well up to the windward, and Norman Gooderham, who had charge of her again, immediately jockeyed so that she was in the lead.

The race was over a triangular course, with two knots to each leg, making a total distance of 12 knots in all. The first leg was from the Exhibition grounds to the windward, and the Nirwana with the outside position had not much trouble in leaving the buoy and promptly scampered away from her rivals. "The Swamba" was well up, but was unable to make the buoy and had to come about. The Nirwana, at the first buoy, was in the lead, and the only one who was off to a start.

Start, 2:30—Nirwana, 2:54.00; Whirl, 2:56.25; Psammid I, 2:58.40; Swamba, 2:57.30; Psammid II, 2:58.45; Psammid III, 2:59.45.

The second leg was a free run to the windward and with spinnaker set the Nirwana held her own and gained 15 seconds on the run down. The Whirl held her place also and the turn at the second buoy was made as follows:

Nirwana, 3:10; Whirl, 3:12.40; Psammid I, 3:12.50; Swamba, 3:13.10; Psammid II, 3:14.00; Psammid III, 3:13.30.

The third leg, and the only one which the Cleveland yacht could possibly hope to cut down her opponent's lead, was a close race, but the Nirwana withstanding the heavy seas and wind, the George Cup holder increased her lead, passing the first buoy on her way round at 3:24.45. The time was: Whirl, 3:40.22; Psammid I, 3:45.25; Swamba, 3:42.30; Psammid II, 3:45.25; Psammid III, 3:45.25.

A Walkaway.

The second round was a walkaway for the local yacht and the race became a three-cornered one for second place between the Whirl, Psammid II, and the Swamba. The wind had by this time hauled out of the south into the west and the boat was unable to lay the buoy without much difficulty. On the first leg, unfortunately, the Swamba carried away her spinnaker and had to retire, leaving the other two to fight it out. Both skippers settled for a stiff hard race and every-thing on the water was used to bring their yachts home in front.

On the second leg considerable jockeying was indulged in, but Skipper Hart Oponent and the latter yielded the house. Out of a fleet of ten yachts three managed to stay the limit and they finished as follows: Nirwana, R.C.C., 4:10.00; The Whirl, R.C.C., 4:45.00; Psammid I, Cleveland, 4:55.13. It took the winner two hours and 11 minutes to sail the course.

The first match race for the Jarvis Trophy, given by Commodore Jarvis of the R.C.C., between the Psammid II and the Nirwana, will be sailed today over a course to the south of the island breaker. The trophy will become the property of the yacht which wins the first two out of three races.

HUSTLERS POUNDED NEWARK PITCHERS

Rochester Scored Five Runs in First Innings off Bell.

ROCHESTER, Aug. 26.—The Hustlers got Bell for six hits and five runs in the first inning of today's game with Newark and Schacht was sent in with two outs and a runner on first. The game was easy, both Simmons and Priest pounded the ball over the left field fence. Wilhelm went good until toward the last, when the Indians began touching him up. The final score was 13 to 6 in favor of Rochester.

MELLEY'S KLOUTERS IN FORM GIVE SKEETERS BAD BEATING

Everybody Had a Hit or Two and Seventeen Runs Were Piled Up—Home Runs Were Piled Up—McConnell's Big Day.

The Skeeters switched around again and under the care of another new manager, Walter Blair, lost their nineteenth consecutive game, at the island yesterday, when the Leafs beat them by 17 to 7. A young pitcher named Conroy started to pitch for the visitors, and before he was derided Toronto had the game.

There was a gleam of hope from the southwest, and no less than four home runs were made into the right-field bleachers, two by each team.

All interest was taken out of the game in the opening innings, when the Leafs scored eight runs by sandwiching in base hits, chortles and stolen bases, while the visitors contributed three wild throws to make it easy.

McConnell made the circuit on his own home and steal of third and Wells' wild peg. Callahan lifted a fly to Shaw, but the wind turned Shultz's infield into a base hit, and he took third when Conroy threw wild to first to catch him napping.

High and Bradly followed with slashing singles to left. The Bradleys then worked double-play and High scored when Wells pegged high to third. Holly scored with a scratch single in front of the plate and stole second. Conroy then lost control completely and forced in a run by passing the two Browns and McConnell, the veteran pitcher, Andy Conkley, then received Conroy, and without warming up at all, fanned the first batter to face him. Shultz, the next man up, singled to centre, scoring the two Browns. The innings ended when McConnell was caught at the plate on an attempted double-throw.

The Leafs got three more in the third, on Holly's single, a pass to McConnell, and Callahan's home-run drive to the top of the right-field bleachers.

The Skeeters broke into the run column in the fourth, when two out, Shaw and Conroy, singled, and Conroy stole second. Conroy then lost control completely and forced in a run by passing the two Browns and McConnell, the veteran pitcher, Andy Conkley, then received Conroy, and without warming up at all, fanned the first batter to face him. Shultz, the next man up, singled to centre, scoring the two Browns. The innings ended when McConnell was caught at the plate on an attempted double-throw.

At the seventh Al Shaw drove a homer into the bleachers, scoring Koehler ahead of him. Toronto got four more in the eighth. McConnell led off with a homer into the right-field bleachers. Callahan, Shultz and Conroy singled in succession, and Bruce made a wild throw. Bill Bradley and Holly also hit safely and raised the total to seventeen.

DORBECK'S WILDNESS LETS SENATORS WIN

GUELPH, Aug. 26.—Ottawa turned the tables on the Maple Leafs this afternoon and captured the second game of the series by 7 to 3. Kane did the pitching for the Senators and although he hit his hand all thru the game, he was exceptionally good in the pinches. Dorbeck pitched his first game for Guelph in many weeks, and it was due to his wildness that the champions won the game. He issued seven passes and a number of them blossomed into runs. He was not hit hard at any time. The Leafs' fielding was none too good.

HAMILTON AGAIN JUST NOSES OUT DUTCHMEN

REILIN, Aug. 26.—Hamilton got the second game by another 3 to 2 score today in a well played exhibition. Failure to hit Chie Garlow in the pinches counted against White's crippled crew. To fill the ninth frame Garlow kept the bats scattered and had great control. Dempsey's single and doubles by Gelf and Swenney then counted a pair. The next three batters were, however, disposed of in order. A pass and two hits gave the Kolts one in the second, and three hits and a down-stead by Gibeaux and Scott fielding performance. BROWN INVINCIBLE MITCHELL HIT HARD

Athletics Win From Browns in Free Hitting Contest—Walker Breaks in.

ST. LOUIS, Aug. 26.—Cal Brown was invincible at critical stages today, while his teammates pounded Mitchell hard. Philadelphia winning its eighteenth game of the season to 0.

Clarence Walker, the \$15,000 outfielder, secured by the home team from the Kansas City Club of the American Association, played a brilliant game in left field. Two of his putouts were spectacular. He also caught two men at second base by quick returns of hits. He failed to get a strike out attempt.

BUILDING PERMITS ISSUED

Building in Toronto is reviving, if the building permits issued can be taken as a guide. During the last few days there has been a material increase over the amount of the permits which have been issued for some weeks. Since Saturday there have been permits issued for a total of \$283,646, of which \$137,115 was registered yesterday. One permit granted to Charles Wagner (intrusion) calls for a two-story and basement warehouse which will be built on Ridenhurst avenue, near River street, at a cost of \$50,000. The construction will be of brick and the building will be used for storage purposes. Another interesting permit is that issued to the Citizens' Home Construction Company, who propose to build five pairs of semi-detached dwellings on Hastings avenue, near Soudan avenue, at a cost of \$19,000. All the other grants are for small amounts, except the addition to William J. G. Greer's factory, at the foot of Church street, where an expenditure of \$15,000 will be made.

DON VALLEY ISLAND SAID TO BE SOLD

Property Opposite New Government House Reported Sold at Quarter Million.

Despite the tightness of the money market there is a considerable number of sales being made of the larger houses. Scarcely a day goes by without several transactions being effected in other Rosedale, the Hill, or the other high-class districts. Cashan has purchased from Mrs. Elizabeth Rutherford, the large residence at 28 Binsford road, for \$15,000. The lot has 50 feet frontage and a depth of 150. The assessment amounts to \$7000. The house at 28 Dunbar road was sold by Mrs. Gertrude E. Boulton to Alex. Mackenzie of London, England. The price was \$14,000. The assessment on the land, which has 45 feet frontage and a depth of 115 feet, is \$3275, and the building is assessed for \$3300.

HORSE FELL ON HIM

Mr. Aemilius Jarvis, who was in charge of the meet of the Toronto Hunt Club this morning, met with a painful accident when his horse, "Flycatcher," went down on him. Jarvis was caught under the saddle and sustained two broken fingers and a dislocated thumb. He was taken to his home.

LACK OF SPACE AT FRUIT MARKET

Shipments Spoiled Because They Cannot Be Unloaded From Cars.

BUILDING UNSANITARY

Mayor Says New Mart Must Be Provided by Next Season.

Controller Foster took Mayor Hocken and Commissioner Chisholm to the wholesale fruit market at the foot of Yonge street yesterday, to show that the accommodation for fruit shipments to the city is so inadequate that great quantities are spoiled by being unloaded upon arrival and placed in the bulk of the fruit and a proposition to run up a temporary shed on the harbor square was met with the statement that the G. T. R. brings in the bulk of the fruit and has no sidings convenient to the square. No other convenient place for a temporary building could be discovered.

"I will send a letter to each of the commission men on the fruit market at once and ask for suggestions to relieve the congestion," Commissioner Chisholm said, "and when I get their replies I will report to the board of control."

This was a practical way of dealing with the matter and was agreed to by the building men, who say the fruit market is altogether inadequate and is so unsanitary as to be a positive danger to the health of the city. They try to have the building condemned as a nuisance and torn down as soon as another place can be provided for it.

"Necessity for providing a fruit market for the city is now an issue," Mayor Hocken said. "We will have to provide a market convenient to all the railroads and boats, and do so before the next fruit season."

CANT MAKE A DEAL WITH AUSTRALIA

Troublesome State of Politics Bars Progress, Hon. Mr. Foster Admits.

OTTAWA, Aug. 26.—(Can. Press.)—Hon. George Foster returned today from his tour to Australia and the content with the announcement that while both the rival parties in the former are favorable to a policy of mutual preferential trade with Canada, political conditions there make any such agreement impossible of negotiation at present. There is little likelihood of developments for some time.

"I discussed the matter of mutual preference with Hon. Mr. Tudor, minister of commerce, shortly after my arrival in Australia," said Mr. Foster. "He was wholly in sympathy with such a policy, but the elections were on and the result was the defeat of the government and six weeks' delay while a new government was formed. The administration is also in favor of mutual trade with Canada, but it has a majority of only one, including the Speaker, in the house, and the matter is 2 to 1 against it. There must be another election, and under the circumstances no negotiations were possible."

Mr. Foster goes to London in January.

SHIPS' GRAVEYARD WILL BE REMOVED

SARNIA, Aug. 26.—(Special.)—Col. Anderson, chief engineer of the Dominion public works department, arrived at Sarnia on the government boat Lady Grey. The colonel came here to inspect the ships' graveyard in Sarnia Bay, and held a consultation with prominent citizens here as to the advisability of clearing away a number of the old hulks resting on the bottom of the bay. Many thrilling marine stories could be told of the old boats which are rotting away on the bay shore.

**IRREGULAR TONE
 IN LONDON MARKET**

LONDON, Aug. 26.—The general settlement on the stock exchange is being arranged at unaccounted rates and business for the new account was fairly with a good tone today. Home securities, trunk lines and mining shares were generally higher, but irregularly developed at the close in sympathy with the weakness in Berlin. Rubber shares were weak owing to the poor progress of the weekly auction sales.

MARKET IS RESPONSIVE

Tested Issues Show Firm Tone—Spanish and Macdonald Down Again.

The improved status of affairs in the Toronto Stock Exchange—that is, as regards the old-established issues—reflects the betterment in world-wide financial conditions. The bugbear of the Balkan crisis has died a natural death, and the European markets have been quick to respond to the relief. On this continent the Mexican trouble looms up large in the minds of a certain circle of financial men, but it is generally expected that an amicable settlement will be reached shortly. Meanwhile in Canada itself the promise of a record crop in the west has stimulated everyone, and if present conditions are maintained there can be no doubt that a rapid recovery from the recent depression will be witnessed. It is likely that there will be light money here right up to next spring, but it is already evident that the stringency is more liable to be less acute this fall than it was in the past spring and summer.

Investors and speculators who have taken cognizance of the more favorable signs in the skies have gone out to their way to pick up good stocks at the low prices which have been ruling, and the firmer tone in the tested securities follows in natural course. Yesterday the list merely held its own on the whole, but it was quite evident that there were good buying orders in the market. Brazilian moved within a range of a quarter point, and the close at 92 3/4 was just a shade below that of Monday. Toronto Railway at 139, Twin City at 108 and Mackay at 83 were just about steady. The declaration of the regular dividends by the Mackay directors had been anticipated, and therefore it did not pose as a factor of any importance. There was a resumption of selling of Spanish River and Macdonald, and both worked lower as a result, the former losing a couple of points at 21, while Macdonald sold off some 3 points to 25 1/4, support evidently being withdrawn. Spanish River preferred was in demand presumably from the shorts, and sold between 70 and 74, which indicated a gain of a full 24 points from the low record of the incident. The latter being cited as one more occasion where the bears had burned their fingers badly.

**STEEL BUSINESS IS
 ABOVE EXPECTATIONS**

Shrinkage in Tonnage of U. S. Steel Less Than Was Reported.

NEW YORK, Aug. 26.—The showing of the United States Steel Corporation this month in the matter of unfilled tonnage was better than reported for months past. It is believed the shrinkage will amount to not more than 200,000 tons, compared with a decrease of 407,991 tons in July, 517,000 tons in June, 654,400 tons in May, and 660,125 tons in April. Orders of the steel corporation for August are expected to average more than 30,000 tons a day, and shipments may average approximately the same a day. The falling off in shipments is largely a result of the hot weather. One steel manufacturer figures that United States Steel is likely to record an even break in unfilled tonnage in September, and a gain in October.

**DR. REDDICK MINE
 GETS SECOND CHANCE**

COBALT, Aug. 26.—The ill-starred Dr. Reddick property at Larder Lake, which was recently sold by auction when the Reddick Mines went into liquidation, is to be reopened. The shaft will be deepened immediately so that an inspection can be made, and it is understood that a deal is on for the transfer of the claim to new investors. Considerable underground development was done during the Larder Lake boom, but the company soon ran out of funds and later gave up the ghost.

**THIRD OF RAILWAYS
 PAY NO DIVIDENDS**

NEW YORK, Aug. 26.—The Engineering News says of total output of the stock of railroads in the United States, \$2,500,000,000, or 34.38 per cent. paid no dividends last year. Dividends declared amounted to \$460,422,782, equivalent to 7.5 per cent. on dividend-paying stock, and 4.73 per cent. on total outstanding stock.

MARKET HOLIDAYS.

On account of Labor Day falling on next Monday the brokers will have a next longer week-end holiday than usual. The Toronto and Montreal Stock Exchanges and the mining markets will be closed all day Saturday and Monday, and it is probable that a similar period of recuperation will be taken by the New York Stock Exchange. The Chicago Board of Trade will remain open on Saturday, according to the present plan.

**MACDONALD WAS
 AGAIN UNLOADED**

Spanish River Also Dropped Sharply at Montreal—General List Steady.

MONTREAL, Aug. 26.—Liquidation of Macdonald and Spanish River broke out afresh this afternoon and both issues, after displaying moderate steadiness in the morning, closed weak. Macdonald sold at 25 in the morning, or 2 1/4 up from Monday's final level, and held within 1/4 of that price thru the trading. In the afternoon it weakened nearly 3 points to 24 1/4, but recovered part of the loss, closing at 25 1/4. Spanish River common held between 20 1/2 and 20 in the morning, but fell back to 19 1/4 in the afternoon, closing at the low, with a loss of 1 3/4 as of the day's change. Spanish preferred scored a slight recovery of 3 points in the morning, selling at 73. It was inactive in the afternoon and closed 60 bid, with no stock offering.

The balance of the list did little more than mark time. Richelle and Iron were on the heavy side, but dull. Iron recorded 2 1/4 to 48 1/2 and Richelle 5 1/2 to 105 1/4, both closing at the low. Power, Brazilian, Detroit and Texile were among the weaker stocks, the first three showing gains of 1-4 each as the day's change and closing virtually unchanged from Monday. Texile sold in a broken lot at 84 1/2, or up 3 3/4 bid, or 1-4 higher than the previous day. Cement was also fractionally higher, selling at 22 1/4. Bell Telephone was the strongest stock of the day, however, selling at 155, its highest level in several months. Business was only slightly larger on Monday, amounting to 3575 shares, 125 mining shares, 294 rights and \$11,500 bonds.

**BANK CLEARINGS
 OF THE CONTINENT**

Montreal, Toronto and Winnipeg All Improve Their Position in List.

The interesting feature of the bank clearing statement of the continent this week was the fact that all the prominent Canadian banks showed an improvement in the comparative reckoning. Montreal moved up from eighth to sixth rank, Toronto from eighth to fifth, and Winnipeg from ninth to seventh. The clearing of Toronto bank was 1,000,000, that of Montreal 800,000, and that of Winnipeg 700,000. The clearing of Toronto bank was 1,000,000, that of Montreal 800,000, and that of Winnipeg 700,000. The clearing of Toronto bank was 1,000,000, that of Montreal 800,000, and that of Winnipeg 700,000.

LONDON TURNS SELLER

Postponement of Message Regarding Mexican Affairs Hailed as Good Sign.

NEW YORK, Aug. 26.—Despite a vigorous drive which unsettled the market for a time in the early trading today, changes in most cases were inconsequential. There were a few developments of more or less importance in determining values, which were reflected sharply in the movement of stocks directly affected, but the market as a whole continued to exhibit the indifference that has characterized it recently. Orders were well taken on concessions, but there was no keen demand. There was heavy pressure on the general list.

 DOWN MINING OPTION**

COBALT, Aug. 26.—The option taken on the Timmins claims at Kirkland Lake by Toronto syndicate has been turned down, and the second payment now due will be made by option holders acting by voting 60 to 40. The deal was therefore abandoned. The first payment made by them was small. The work done consisted of raising the shaft to the 30-foot level, where the vein was picked up.

**WHY NOT GIVE THE
 MARKET A CHANCE?**

No Hope of Improvement in Mining Stocks Under Present Conditions.

LONDON TURNS SELLER

Postponement of Message Regarding Mexican Affairs Hailed as Good Sign.

The real trouble with the market is that it is not being given a chance to justify itself. Every few days outside speculators seem inclined to bid for securities in the manner in which prices rise under the incoming of any real demand is inspiring to say the least. However, on such occasions the insiders appear to be disposed to feed out stock and any improvement is thereby prevented. Probably a few fellows will money badly, but as long as they continue their present tactics there can be no broad market, and in time they will kill the game entirely.
