Ontario Municipalities All Endorse the Whitney Government Power Policy

STEWART MAJOR BY BIG MAJORITY

Has a Lead of 878 Votes Over Findlay in the Race for Hamilton's Chief Magistracy—Light Vote Cast.

FINDLAY IS A GOOD LOSER

Says His Opponent Will Make a Good Mayor—New Council Divides 12 Conservatives and 9 Liberals.

Hamilton, Jan. 7.—(Special.)—One of the most sweeping victories for a majority candidate in this city for several years was gained to-day by Ald. T. J. Stewart, the Conservative candidate, who was elected by a majority of 878 over William M. Findlay, the Liberal, and 3254 over William Barrett, the Socialist.

The victory is one of the most popular in years, owing to the fact that Stewart had the two Cataract papers, The Times and Spectator, opposing him. The weather was anything but conducive to a large vote, there being a downpour of rain all afternoon. The vote was comparatively small.

A feature of the election was that Stewart had a majority in every ward, even Findlay's own division went against him.

The vote: Ward 1—Barrett 79, Findlay 180, Stewart 406; Ward 2—Barrett 60, Findlay 384, Stewart 482; Ward 3—Barrett 117, Findlay 601, Stewart 592; Ward 4—Barrett 122, Findlay 293, Stewart 602; Ward 5—Barrett 64, Findlay 451, Stewart 535; Ward 6—Barrett 185, Findlay 526, Stewart 718; Ward 7—Barrett 274, Findlay 582, Stewart 718; Total—Barrett 911, Findlay 3287, Stewart 4185.

Ald. Findlay took his defeat in good grace as was indicated by the speech he made at the Liberal Club. He said he felt more for his workers than for himself, and on consentation he thought that it would be better for his own business. He said Stewart would make a good mayor, and he hoped he would have a good council to work with. Findlay's defeat is ascribed to the personal popularity of his opponent, his friendliness to the Cataract Power Co. and his approval of the route of H. W. & G. railway through Dundurn and Highway parks.

The aldermanic vote is as follows: Ald. Church 3225, Ald. Allen 3208, Ald. McLeod 3048, Chas. G. Gardner 2921, Wm. Anderson 2329, Ald. Bailey 2617, Ald. Sweeney 2609, N. W. Juttan 2574, Geo. H. Lees 2329, Ald. Lewis 2283, M. Kennedy 2228, John Peeples 2144, Ald. Dixon 2149, Ald. Nicholson 2144, Wm. Farrer 2125, Ald. Wright 2102, Ald. Baird 2092, A. J. Wright 2087, A. Clark 2025, John J. McLaren 1965, J. M. Berrigriene 1959.

In the new council there will be twelve Conservatives and nine Liberals. Five of the new aldermen are labor candidates and two are Board of Trade representatives.

BOWLBY IN BRANTFORD.

Wine Majority in Field of Four—How the Bylaws Passed. Brantford, Jan. 7.—(Special.)—Ald. Bowlby, in a field of four, was elected mayor to-day by a majority of 208 over Ald. Whitman, C. G. Montgomery and Ald. Corey, next in order. Only three of last year's council were elected, namely Suddaby, Turnbull and Ashton. The vote for mayor was Bowlby 1113, Whitman 905, Montgomery 782, Corey 485.

CONSERVATIVE SWEEP.

Heavy Vote at London—Several Bylaws Defeated. London, Jan. 7.—(Special.)—The result of the election in London was a sweep for the Conservative state. Joseph C. Judd was re-elected mayor.

LOCAL OPTION MAKING GAINS

Of Half a Hundred Returns Reported Measure is Successful in Almost One Half of Them With More to Come.

TORONTO JUNCTION RETAINS IT

By Majority of 300—Three-fifths Vote Proves an Obstacle to Temperance Workers in Several Places.

Table with columns: LOCAL OPTION CARRIED, For, Against. Lists various municipalities and their respective vote counts.

AGAINST LOCAL OPTION.

Table with columns: For, Against. Lists municipalities opposing local option and their respective vote counts.

The returns from places voting on local option indicate a gain for "dry" municipalities of practically 50 per cent. The three-fifths vote requirement in the new License Act prevented a great many more places going dry. For instance, in Collingwood, where the temperance people polled a majority of 238 the bylaw fell short of the required 60 per cent. by only 14 votes. Many other places were defeated.

BUSINESS SYSTEMS LIMITED

Now Spending \$50,000 in Building—Two Years Ago, Erecting a Large Plant in Toronto.

The people of Toronto, and in fact all the country, have been interested in watching the progress of Business Systems Limited, from the inception of the business up to the present time, and it has certainly been a period of great progress.

Starting in rented premises at 93 Spadina-avenue they gradually outgrew their first quarters and in June last expanded further by taking in a second factory at 32 Spadina, turning the old McMahon residence into a factory. Even this has proved inadequate and the McMahon property has now been purchased and plans are completed for the erection of a five-story factory building, 60 x 130, to be completed by Aug. 1, 1907.

While our commissioner of industries is working away after outside concerns to locate in Toronto, do we think enough of our firms who are our residents now and who are building and increasing in our midst?

Business Systems paid during 1906 over \$400,000 to the wage earners of our city and deserve all commendation for locating in Toronto, do we think enough of our firms who are our residents now and who are building and increasing in our midst?

CARRIES 2 TO 1 IN HAMILTON

Power Bylaws Are Swept Thru by Big Majorities Wherever Voters Were Given an Opportunity to Say.

OTTAWA GIVES BIG MAJORITY

Toronto Junction Supports it to the Tune of Five to One—Eighteen Municipalities Which Cry Cheap Power

Table with columns: NIAGARA POWER BYLAW, For, Against. Lists municipalities and their respective vote counts.

Beck's power policy made a clean sweep of Ontario yesterday. The doubtful City of Brantford, which was at first reported adverse, at midnight was declared to have carried the bylaw by a two to one vote.

Hamilton and Stratford voted two to one. Elsewhere the majorities ran 6, 8 and 10 to 1. After the splendid verdict given by Toronto, nothing less was expected, but the rural constituencies have shown even a keener appreciation of the benefits of Niagara power than did Toronto.

The fight is still on, however, and the next step is to receive the formal contracts from the Hydro-Electric Commission, which the councils are now empowered to make, and when these are prepared the people will again vote for their acceptance at the polls.

The Hydro-Electric Commission already has tenders in its possession for the supply of Niagara power, in quantity, and figures will be supplied which, as Hon. Mr. Beck states, will show the cost to be nearer the minimum cost already quoted than the maximum. This means in Toronto, for example, that power will cost nearer \$15 than \$18 per horse power.

Hon. Adam Beck was "feeling fine" last night over the result, which was naturally one to delight him. He was especially pleased over the victory of the bylaw in Ottawa by a majority of 5039.

"This is a good thing," he said, "for the impression has been abroad that the work of the power commission served only the district convenient to Niagara. Ottawa shows that appreciation of the work of the commission is equally strong there."

"Our estimate," he continued, "were based on only half of the municipalities declaring for the bylaw. With this general demand we will be able to supply power at the minimum cost instead of the maximum figured upon."

"The commission must now submit a contract to the municipalities, including terms, quantities and everything else. Before accepting the contract the councils would submit it to the people for a vote."

Those who have no distributing plant will have to go to the people to get money for that, while those who like Guelph, have their own plant already, will be able to go ahead at once.

THE BEATEN BULLY

LITTLE WILFRID: Say, Fatty, if that's the best you can fight I'm going to play with the other boy.

If G.T.R. Want That Route Emerson Says It is Theirs Ignoring All City's Protests

Ministry of Railways Comes Quietly to City, Goes Thru Beach District and Then Back to Ottawa, and Without Consulting Civic Authorities at All, Intimates That There's Nothing More to Be Said.

Cobalt, Jan. 7.—(Special.)—Ill feeling on the part of the owners of the Larose mine towards the Right of Way mining company culminated in the arrest last night at Halleybury of Noah Timmins, one of the owners of Larose mine. Capt. Harris, the mine foreman at the Larose mine, was under the doctor's care, but an information was laid against him also and he was arrested this morning.

The continuation of the rich Timmins or Larose vein on the Right of Way gave the Larose owners the belief that they were entitled to it and that the location belonged to them. They resisted the railway commissioners' claims, but the commission went out and later on granted the rights to the company known as "The Right of Way."

The latter company has been working the vein which runs almost parallel to the railway track from the point where it emerges from the Larose for a distance of about forty feet. A shaft is being sunk on the vein close to the line fence between the railway and the Larose property.

Friday last, it is said, some Larose workmen under instructions from Noah Timmins, began drilling on the property a few feet from the shaft. This led to his arrest. He was taken before Magistrate Brown and admitted to \$2000 bail to appear Monday.

This morning he and foreman Harris appeared before the magistrate, pleaded not guilty and asked for an adjournment. This was granted until the 14th instant, both men undertaking not to do further work in meantime. Bail was fixed at \$2000 each, seasonal, and one security each of \$1000.

The penalty under the criminal code for the offence charged is said to be seven years without the option of fine. Contempt of court and disregarding an injunction is the charge.

Edwards, Morgan & Company, Chartered Accountants, 26 Wellington St. East. Phone Main 1105.

PROGRESSIVE BYLAWS PASSED

Large Number of Municipalities Which Voted Upon Schemes Tending to Promote the Prosperity of Citizens.

BARRIE IN GENEROUS MOOD.

Accepts the Nicholls Bylaw by a Majority of 43—Sidewalks, Factories, Sewers, etc., Which Are to Be Built.

Barrie, Jan. 7.—(Special.)—Thru a driving rain the people of Barrie voted to-day for municipal officers, and upon several bylaws of considerable local interest. They also voted upon the Nicholls half century franchise proposition, the result being indecisive.

Of the five wards, two voted against the franchise, including the business ward. In ward four the Nicholls majority was only 2. The total majority for the franchise in the town was 43. There was no attempt to hold a meeting of the old council, and the general impression is that the grab will not be attempted. It is too soon to poll the new council, altho the best is to be hoped for. Some members, including Mr. Nicholls' agent, W. A. Boys, are pledged to support the franchise as drawn, but on the other hand, J. H. Bennett, who is outspoken against the grab, was elected mayor by a majority of 166. The franchise members are discomfited by the large negative vote, for no attempt was made to organize any opposition until Saturday noon, and the franchise will probably not be brought up again until the present strong feeling has subsided. Two other bylaws were defeated.

Collingwood: Bylaws to build new public school and firehall were defeated by large majorities. Stratford: The bonus bylaw carried by 177 to 48 against. Ottawa: The two-year term bylaw defeated. Windsor: Bylaw for commutation of statute labor carried by good majority.

Windsor: The industrial bylaw, intended to enable the council to arrange with manufacturers regarding regulations, was carried by 60 majority. The bylaw to suspend manhood improving for five years, even in the vote. The bylaw to grant \$12,000 to improve the electric light plant was defeated. Tillsonburg: Bylaw fixing assessment at \$500,000 carried by 296 for an 070 against. Campbellford: Bylaw to raise \$12,000.

NOTICE MANITOBA SHERIFF HE WILL NOT OBLIVIOUS AT HANGING.

Winnipeg, Jan. 7.—(Special.)—Sheriff Inkster has received a letter from Radcliffe, the official hangman for Canada, stating he will not be on hand to execute Macri, the Italian, on Jan. 15, and asking that he secure a local man. Sheriff Inkster states the hanging will take place if he has to do the deed himself.

SNOW OR RAIN.

Metereological Office, Toronto, Jan. 7.—8 a.m.—Rain has fallen heavily to-day in the lower lake region, and some light snow-falls have occurred in the western provinces, elsewhere the weather has been fine. The cold has moderated to-day somewhat in the north-western portion of the continent, but the temperature is still below zero.

Minimum and maximum temperatures: Dawson, 18 below—4 below; Athin, 12 below—4; Victoria, 28—34; Vancouver, 12—22; Edmonton, 34 below—2; Calgary, 16 below—2; St. John's, 28—30; Montreal, 18—24; Quebec, 18—28; St. John, 28—42; Halifax, 22—40.

WOMAN'S WORLD.

6738

6739

AN ATTRACTIVE GOWN IN CASHMERE.

6738-6739—Cashmere is quite as much in favor as it was a year ago and some very smart gowns are being made of it. The one sketched will appeal to the woman who makes her own gowns, or has them made at home, because the lines are simple and yet there is an air of quality and dash about it that causes one to admire it. The tucks upon the shoulder, back and front provide extra fullness where it is needed and broaden the shoulder line. The tucker effect in the centre of each gore there is a box pleat which provides extra fullness and grace for the skirt. These may be stitched to any desired depth. Any of the new seasonable fabrics may be used, the medium size demanding 7 yards of 44-inch material. Two Patterns—6738—sizes 32 to 42 inches bust measure. 6739—sizes 20 to 32 inches waist. The price of these patterns is 20c, but either will be sent upon receipt of 10 cents.

PATTERN DEPARTMENT TORONTO WORLD. Send the above pattern to

Name..... Street..... Town..... Province..... Measurement—Waist..... Bust..... Age (if child's or miss' pattern).....

NOTE—Please enclose above illustration and mention size of pattern wanted. If the pattern is bust measure only mark 32, 34, or whatever it may be. When in waist measure 22, 24, 26, etc. If a skirt, give waist and length measure. Who makes or child's pattern write only the figure representing the age. It is not necessary to write inches or "years." The price of each pattern is 10 cents. Do not send stamps.

ADDRESS THE WORLD PATTERN DEPT., 83 YONGE ST., TORONTO.

Clothes. Talking to a woman, whose religious work is well known over this continent, she said, in speaking of another woman's work, "When I first saw her, she was so beautifully gowned that I feared she had neglected some of the essentials in order to bestow time on dress, the when she began to speak she soon disabused my mind of that fear." Another woman said to me: "Oh, clothes! I have no time to bestow thought on such trifles when there is so much that is important waiting for me in the world." These things may be true, but it seems to me that the outward appear-

GOT A PAIN IN YOUR BACK?

You get a pain in your back, and you wonder what is the matter. You perhaps pay no attention to it. Backache is caused by imperfect action of the kidneys, in fact it is the first sign of kidney trouble to follow. The kidneys, proper, are composed of a close network of fibrous tissue, interlaced with tiny elastic fibres. Their object is the excretion of the uric acid, and other poisonous matter composing the urine, from the blood. They are continuously at work to preserve the general health of the body and most people are troubled with some form of kidney trouble, but do not suspect it. Some of the symptoms are: A feeling of weakness in the small of the back, sharp pains in back, puffiness under the eyes, and swelling of the feet and ankles, urinary troubles such as suppressed urination, excessive urination, cloudy, thick or highly colored urine, etc. Mr. J. L. Whiting, Oshawa, Ont., writes: "I suffered for two years with backache. I had terrible pains in my back, hips and legs. I could not sleep and had a poor appetite. I took four boxes of Doan's Kidney Pills, and I now sleep well, my appetite is good and the pain is gone. I am now able to do my work as usual. I am suffering from kidney trouble. Doan's Kidney Pills are 50 cents per box or 3 boxes for \$1.25. All dealers or mailed direct on receipt of price by The Doan Kidney Pills Co., Toronto, Ont."

Convido Port

Just one little province in Portugal grows grapes that make Port Wine, rich, nutritious, tonic. The best of those "Alto Douro" grapes make Convido Port Wine. For surety, take it's bottled right where it's made. It's a wine so good in a glass of Convido that it is a goblet of most ports. Established 1870. In Canada by 35 D. O. ROBLIN of TORONTO

Warre & Co. Oporto Portugal. When he was searched at police headquarters a number of cheques on the National Bank of Rochester and Traders' Bank of Toronto were found, all filled out and signed with the name of A. D. MacLeod and John Wakely. In a statement which the police say he signed after his arrest, he said that his home was in Lindsay, Ont., and that Miss L. A. Wakely of that place was his guardian. His career of crime, according to the statement, started on Nov. 25, 1906, when he stole \$100 from the Dominion Bank of Uxbridge, Ont., while he was employed there collecting drafts. He then went to Toronto. He went from Toronto to several other towns, and then to Cornwall, Ont. At Cornwall he cashed a cheque for \$15 on the Dominion Bank. From Cornwall he went to Montreal, and later returned to Cornwall, and from there went to Brockville, Ont. The youth never paid his hotel bills and defrauded many hotels out of payment. While in Cornwall he is said to have passed a worthless cheque on the Dominion Bank of Uxbridge to the hotel for his bill. He then traveled to Kingston, Ont., where he failed to pay his bill, and from there he went to Preston. He ran a bill at the Queen Elizabeth Hotel, which he failed to pay, and went to Oshawa, where he cashed a worthless cheque at the Hotel Norman on the Traders' Bank of Toronto, payable to himself, and signed by A. D. MacLeod. He will be held at police headquarters until the police, hotels and banks of other cities have heard from him.

A LECTURE WORTH HEARING.

Dr. A. Lawrence Roth will speak here on Saturday evening. The president of the Canadian Institute announces that on Saturday evening next a lecture will be given in the lecture theatre of the medical building of the university by Dr. A. Lawrence Roth, the director of Bluehill Observatory, Boston, Mass., on "The Exploration of the Atmosphere Over Land and Sea." Dr. Roth, who is the sole proprietor as well as director of the Bluehill Observatory, is a gentleman of a world-wide scientific reputation. He it was who was the first to fly kites carrying instruments to great heights, and this he has done in various parts of the world, including the Atlantic Ocean, from the tropics northward to the route followed by transatlantic steamships. Dr. Roth, who has been in the neighborhood of Monaco and M. Telerence de Bort of Paris, France, has obtained records of both kite and balloon in the neighborhood of the Canary Islands, and these observations have been of very great value in supplying information regarding the conditions prevailing in the upper regions of the atmosphere. Dr. Roth is a member of the international commission for aerological, and never fails to attend all committee meetings, in whatever country they may be held. The meetings on Saturday evening will be free to the public, and will certainly be of very great interest to all those who love nature and nature-study.

PREMIER SCOTT IS BETTER.

Regina, Sask., Jan. 7.—Premier Scott is very much better this afternoon. There is a decided improvement in his condition.

JUDGE LINDSAY HERE TO-DAY.

Judge Lindsay of Denver, Col., widely celebrated for his juvenile court and treatment of delinquents, will lecture to the Toronto public school teachers in Guild Hall this afternoon at 4.45. Upon his arrival in the city, at noon, he will be met by a large party at the city hall by Mayor Coatsworth.

SUCCESSION DUES.

Succession dues have brought into the provincial treasury during 1906 \$1,621,888. This is an increase of \$247,000 over the previous year. For the month of December the receipts were \$28,202.44.

MORE SICKNESS.

There has been an increase in the amount of sickness in the city, judging from the attendance at the Toronto general hospital. The maximum daily number of patients last week was 303.

Toronto S.S. Association.

The annual meeting of the Toronto Sunday School Association will be held at the central Y.M.C.A. building Saturday evening, Jan. 12, at 8 o'clock, when the reports of last year's work will be presented and the plans for the ensuing year formulated.

The Village Station.

Elbert Hubbard says: "It is no wonder the village station is always crowded. It is the only excitement the villagers have, except when the Methodist Church holds revival meetings, and then they forsake the station for the church."

CONSTITIATION & INDIGESTION ENDED

Are you a sufferer from Liver Complaint, Constipation or Indigestion? Do you have frequent Head aches, Dizziness, Pains in the Chest or Wind Spasms? If you do, depend upon it, these ailments will not "get better of themselves." Nature has provided a remedy in Bileans, and on every hand proofs are forthcoming of the power of this herbal remedy. Just note the experience of Mrs. F. Greene, of Kingston (Ont.), who says: "A sluggish liver in my case led to acute indigestion and Constipation. I felt dull and sleepy, had no energy whatever for work and every now and again had a bad attack of biliousness. The food I ate seemed to lie heavy on my stomach and caused cramps in stomach and bowels by its decomposing. The constipation was so bad that my bowels had to be forced at each passage, and I was unable to sleep. I tried, but nothing did me any lasting good until I got Bileans. I have never found anything so equal them for constipation, liver and stomach troubles. They soon began to do me good and in the end cured me completely. Since then I have felt like a different woman. I am bright and buoyant in spirit, not dull and sleepy as I used to be. I have got back my energy and activity; and, in fact, seem re-made by Bileans."

CHEAPER LITERATURE.

Arrangement to be Made Between U. S. and Canadian Publishers. New York, Jan. 7.—An important development in the publishing business will be brought about on Thursday in Toronto, which promises to make great changes in the book world. John G. Kidd, eastern manager of the Scribner Publishing Company of New York, Akron, O., and Chicago, leaves here Wednesday to complete the arrangements. Just what the details of the deal are Mr. Kidd will not say, but it is understood he will give out some sort of statement in Toronto. The Canadian end of the deal is in the hands of the Copp, Clark Company of Toronto. The negotiations have been pending some time. It is understood that as a result of the deal the best of American authors will reach the Canadian market in a wholesale manner, which is a reciprocal proposition the Canadian publications will be exploited in the United States in a manner never before known. The Scribner Company has made many revolutionary movements in the book world in the last few years, handling the works of the best writers by the trainload. The public reap the benefit in lower prices, and the authors in greatly increased royalties.

PREVENTED DISASTER.

Christmas Week Tragedy That Might Have Happened. North Bay, Jan. 7.—(Special).—Saturday night, the Winnipeg express, east-bound, collided with a freight train east of Chisleau on the C.P.R. main line. The train crews escaped injury by jumping, and none of the passengers were injured, but considerable damage was done to rolling stock. The accident was caused by the freight not taking a side track promptly to allow the express to pass. Another collision was narrowly averted near Cartier during Christmas week, when an east and west-bound Winnipeg express train, crowded with holiday travelers, were brought to a standstill within a few yards of each other. The alertness of the engineers alone prevented a terrible accident. It is said that the failure of a station agent to deliver passing orders to the west-bound conductor was responsible. An investigation is in progress at North Bay.

CARD CHAMPION CONVERTED.

Woman Prize Winner Arises in Church to Denounce the Game. Chicago, Jan. 7.—A despatch from Des Moines, Iowa, says: Before a congregation of nearly a thousand persons, and while the preacher was in the midst of his sermon, Mrs. A. B. Sims, a society woman and holder of the national woman's whist championship, arose yesterday in the University Church of Christ and denounced whist-playing as a sin. Two days ago Mrs. Sims won the first prize for women in the whist tournament held at Cleveland for 1906. She is the only woman who was the first to fly kites carrying instruments to great heights, and this he has done in various parts of the world, including the Atlantic Ocean, from the tropics northward to the route followed by transatlantic steamships.

\$3,000,000 UP IN SMOKE.

Bangkok, Siam, Jan. 7.—The Chinese trading quarters of Bangkok have been devastated by fire. It is estimated that the loss will amount to about \$3,000,000.

M.V.M.A. Program.

The first of a series of rallies of the Methodist Young Men's Association will be held in Dunning-avenue Church on Thursday evening, when the presentation of medals and prizes to winners of field-day sports will take place. The next rally will be held in Woodgreen Tabernacle on the evening of the 21st. On Friday evening, the 18th, Dr. Edward Farrow of New York will give his illustrated lecture on "The Simple Life" in Queen-street Methodist Church.

A Methodist Debate.

Resolved that if the City of Toronto were to own and operate the present street railway system, it would result in large benefit to the citizens, is the subject of a debate to be held in the Sunday school room at Trinity Methodist church to-night, between Broadway and Trinity young men's clubs. This is the first debate in the debating league of the Methodist Young Men's Association, and it should prove an interesting contest.

The Manufacturers Life Insurance Co. will publish in this paper to-morrow full details of how its assets were invested at the close of 1906. It will pay you to look this over. It will furnish excellent proof of the splendid financial position this Company occupies. The Assets on Dec. 31 amounted to \$8,472,371.82, being an increase over 1905 of \$1,282,689.85. Watch for this statement to-morrow and see in what these assets have been invested for the policy holders. The fact that the surplus held on policy holders' account over and above all liabilities increased during the year by \$175,943.77, and now amounts to \$1,078,102.41, shows what excellent results the past year's investments have yielded. Watch To-morrow's Papers.

O.H.A. SUSPENDS WIVOR COLTS IS REPRIMANDED

Result of Clinton-Goderich Game Jan. 1—Permits issued to Watson, Scott and McKay.

A meeting was held of the sub-committee of the O.H.A. yesterday, with J. Ross Robertson as chairman.

A permit was granted to M. Watson, bank clerk, who has moved from Peterboro to Berlin.

Hokey Gossip. Pete Mottrick relates some funny incidents of his winter between the lines.

It looks in the junior district as if sudden death games will have to be played.

There was no ice at Colough last night for the Colough-Idyll Junior game.

The Northern League game scheduled last night at Winthrop between the home team and Kincardine, had to be postponed.

Collingwood is anxious to have the intermediate schedule rearranged, and has been trying to get representatives of each of the three clubs together.

The following are the officers of the Parkdale Canoe Club: President, Dr. Weismann; Secretary, W. Blackie; Treasurer, C. R. Medland; Captain, W. A. Wood.

Montreal sporting authorities say that the defence equal to the famous Lesieur-Morford combination.

The following will represent Parkdale in the coming season: T.R.C. to meet at night at a rink on the corner of Dundas and Moore.

St. Star: Drole was left loose last night and Wilson was shown the same trait yesterday against the team.

Whitely will play the All Saints on Friday at Newmarket.

Brokers at Davidson & Hay. Minster-Myles Shoe Co. at Jones Bros. Parkdale at T.R.C.

Suburbary 7, North Bay 2. North Bay, Jan. 7.—Sudbury and North Bay played an exciting game of hockey on the new arena rink.

Frontenac Juniors Win. Kingston, Jan. 7.—The Junior O.H.A. match between the Frontenac Juniors and the Kingston Juniors was played on Friday.

Strobel May Come to Toronto. Boston, Jan. 7.—Manager Tenney has closed his second exhibition date of next season.

CRICKET INDOORS NEXT SOLDIERS ARRANGE GAME

Body Guards vs. Stanley Barracks on Monday Night—Sporting News and Comment.

Cricket indoors is the next novelty for Toronto. A game has been arranged for next week, probably Monday night.

Before leaving for New York President McCarty and his manager, Edward W. Wood, are expected to return to Toronto.

It is said that next season the National Amateur Association will play with the Philadelphia team.

Noah Brooks has arrived in Philadelphia for a week's theatrical engagement.

In some places they think it a joke about Jim Squires meeting Bill Squires and the fact that they are both in the same business.

The following will represent Parkdale in the coming season: T.R.C. to meet at night at a rink on the corner of Dundas and Moore.

IF G.T.R. WANT

Continued From Page 1.

"I don't think that they would dare to shut out opposition to such a scheme. There should be lots of time given for a fair hearing of both sides. The Grand Trunk has been using the old route for fifty years and now at this late minute a new route is proposed which apparently is backed by the government."

To Amend Expropriation Act. "The content of the bill," he continued, "is the Expropriation Act, and I am going to bring in a bill to amend it. This is a piece of pure vandalism on the part of the government. It is merely a money saver to save the Grand Trunk from putting on an extra engine to make that grade, and the rights of the people are cast to the winds. If there was a new railway to be different from the Grand Trunk it would be different route long ago and they have been assigned to that route. The old line utterly destroyed all the property in the neighborhood and the company want to go on and destroy another huge parcel of beautiful city property. It is a regular act of vandalism for the railway to go through private property, no matter what the loss is, and cut and slash and lay lines when and where they please. It was not so bad many years ago, but since then the conditions have changed and there are immense interests vested that cannot be compensated by a few dollars."

"What do you propose to do?" asked The World.

"If they are going to snap it thru over night we can't do much, but we will certainly protest against it being hurried."

Will Be Fought. A. E. Kemp, M.P. for East Toronto, thought that if it was official it was a most remarkable statement for a minister of the crown to make and that if a protest was made it could not be put thru in such a hurried fashion.

"I am not in favor of it at any stage," he said. "There ought to be another solution. The railways should be required to make good any damage done on the Grand Trunk will bring up all its traffic right thru the city. If they would consider the opposition to its new scheme it would be much easier bringing traffic in from the west."

and out at the east, right thru the heart of the city—they ought to see it in their own interest. I do not want to commit myself to such a policy, and have railways right thru the beautiful residential and park center of the city. If this thing goes on the Grand Trunk will bring up all its traffic right thru the city. If they would consider the opposition to its new scheme it would be much easier bringing traffic in from the west."

An Independent Survey. The proposal that the city appoint an eminent engineer to report upon the situation has been received with approval. The name of Cecil B. Smith, late engineer of the T. and N. O. Railway commission has been mentioned, but as Smith was out of the city last night, The World could not learn if he could undertake such a position at the present time.

A special committee of the Board of Trade met yesterday afternoon to consider the matter of public suggestions to the board of trade council an abeyance of decision with regard to the seat on the Grand Trunk, and to recommend to the board of trade council an abeyance of decision with regard to the seat on the Grand Trunk, and to recommend to the board of trade council an abeyance of decision with regard to the seat on the Grand Trunk.

Winnipeg Wants Workers. Effort to Be Made to Secure Industries. Winnipeg, Jan. 7. (Special.)—The city council has decided to have the charter so amended that it will be in a position to offer exemption of taxation to manufacturers.

With the new industrial bureau in full swing, a big effort to secure new industries for Winnipeg will be made.

LABOR PROTESTS AGAINST RAILWAYS ACTION. A special meeting of the executive of the Trades and Labor Council will be held on Wednesday night for the purpose of appointing a committee to represent organized labor at the public meeting which will be held in the city hall on Thursday night to consider the application of the railways for an extension to the city by way of Kew Beach. Labor men say they will oppose the granting of any concessions to the railway companies.

Mineral Springs. If you need a rest and cannot spare the time to take a long holiday, why not try a few days at the Mineral Springs of St. Catharines, Mount Clemens or Preston? All situated on the Grand Trunk and easily and quickly reached by Grand Trunk trains. For information as to tickets and train service call at Grand Trunk city office, northwest corner King and Yonge streets.

CAPTAIN MCMMASTER DEAD GREW UP WITH THE CITY

In His 85th Year Performed His Duties at Parliament Buildings Up to Fortnight Ago.

Captain William Penton McMaster died at 10.30 last night in his 85th year. He was one of Toronto's most honored pioneers, and the history of the city was almost entirely linked in association with his career.

A kindly and chery figure about the Parliament Buildings, he pursued with assiduous industry until ten days ago his duties in the supervision of reports in the department of agriculture, and, too somewhat stooped, continued very active and wanted to and fro with unending vigor. On last night he was 85 years of age, and having sunk slowly since, passed quietly away last night at 10.30.

Captain McMaster was born on Sept. 1, 1821, near Omagh, Tyrone, Ireland, and landed in Toronto May 31, 1839, on the anniversary of the date in 1847, The World published an interesting account of his reminiscences of Toronto at that time. His father was a country town, and was one of three wooden wharves, as lay sick of ship fever for several weeks after his arrival in the room in Leinster-street, and the fifth upstairs window King-street on the east side. Employed at first in Cuthbert & Co.'s, the people are cast to the winds. If there was a new railway to be different from the Grand Trunk it would be different route long ago and they have been assigned to that route. The old line utterly destroyed all the property in the neighborhood and the company want to go on and destroy another huge parcel of beautiful city property. It is a regular act of vandalism for the railway to go through private property, no matter what the loss is, and cut and slash and lay lines when and where they please. It was not so bad many years ago, but since then the conditions have changed and there are immense interests vested that cannot be compensated by a few dollars."

"What do you propose to do?" asked The World.

"If they are going to snap it thru over night we can't do much, but we will certainly protest against it being hurried."

PORT WILLIAM ELECTIONS. Port William, Jan. 7. (Special.)—James Murphy, elected mayor by over 400 of a majority over L. L. Pelletier. By-laws were carried to guarantee \$40,000 bonds for public hospital, \$25,000 for electric street railway, \$15,000 for completing payment of city hall, also lease for seven years of electric railway to Mount McKay and Kasiluka Railway Co.

THOUSANDS OF CATTLE DYING. Winnipeg, Jan. 7. (Special.)—Reports from Alberta state cattle are perishing by thousands thru cold weather and their inability to secure food, and many ranchers will be almost completely ruined.

Cured of Piles by Pyramid Pile Cure. If You Suffer, You Can Be Cured. Costs Nothing to Try. If you think that you must be operated upon to be cured of piles, you are wrong. Thousands of cases of piles of various kinds, cured by the Pyramid Pile Cure, by quickly and permanently, while the patient has been at his work without the loss of time necessitated by an operation. In fact, many a sufferer has not been able to reach his work or even move across the room until he was using the home remedy prepared by the Pyramid Drug Co.

LOCAL OPTION GAINS. places had close calls. Adelaide, with a big majority of 14 she of 21, Kingsville 15 and Tottenham 19. Teeswater, however, carried the by-law by one vote over the three-fifths, with three disputed ballots.

The greatest overthrow recorded in the history of the province was at Toronto Junction, where an effort was made to repeal the present by-law. The temperance people, in defiance of their last year's measure, only required to poll a bare majority, but a count of the ballots showed a tremendous sentiment against the liquor men's interest.

Probably nowhere in the province was the result awaited with keener interest than in The Front office, the headquarters of the Dominion Alliance. The opinion expressed by an Alliance executive member was: "I have tested a larger proportion of victory than some of us could have hoped for, but it is exceedingly annoying and places in which we poll substantial majorities and still must count ourselves beaten."

"Take the case now, of Toronto Junction. We carried this place three years ago by a majority that was far short of three-fifths of the voters, and three years' operation of the act has educated the people up so that now they give us more than three-fifths, and yet we are debared from having a similar educating process go on in places where to-day we have a substantial majority, but have fallen short of the 60 per cent. requirement.

There are a number of towns and townships in which we have secured convincing majorities, and yet we are neither allowed to have local option nor to take another vote for three years. At the same time, for three years, all those towns and villages will have the liquor traffic in their midst, and yet the protest of the majority of the voters."

The majority at the Junction three years ago was only 190. Yesterday it was 357. The protest was taken in 109 municipalities, but in many places the returns will be late.

SUBURBAN AND 3-YEAR-OLDS

Artisan's Performance May Be Duplicated This Season.

New York, Jan. 7.—With the publication of the entries to the Suburban, Bro Klyn and Brighton handicaps, as far as concerned, there came definite news of the status of the big stable, as far as some of its candidates for classic honors is concerned. It by no means follows that the illustrious champion retired last year and the year before because of incipient or actual unfitness, but there is a fair chance of his being again seen in the high-class harness race in addition to Tanya.

What makes it look probable that all three will be seen again in public is the well known conservatism of John W. Rogers, the trainer of the Whitney horse. The temperament of this expert is such a man is such that he almost idolizes a good horse, and at times will do more than that to absolutely necessary with a racer whom he has a fancy for. In this he is supported by his friends, who are not of that class which might jeopardize a horse's future in order to have him hot ready to run for the event to win which might be a great racing triumph, but to get horses ready for which might be at the risk of losing them to a rival.

Whitney Stable's Good Prospects. Serious illness of Mr. Rogers last year has put the prospects of the Whitney stable. No such condition exists at present, and with half a chance it is to be hoped that the champion will be given an opportunity this season to applaud rail racers of high class, as victors in the classic.

Three-year-olds are largely in evidence in the harness racing, especially so in the Suburban. About one-third of the list are of that age. This, too, in spite of the fact that the American Derby, the Coney Island Jockey Club there will be run a 3-year-old stake more valuable for horses than any that has ever been run, and it really should attract owner's attention. But it has not.

Crowing on Jan. 15, all the best known racers which had come to the "top of the hill" for the purpose of competing in the Coney Island 3-year-old stur. The utmost concession in weight required from winner of the stakes of the value of \$5000 each is 13 pounds, which he must concede to the non-winner of a race scheduled for 22 pounds, the value of \$2500. The American Derby, the great 3-year-old race, what similar conditions, had when it was a racing fixture at Washington Park, as many as 100 entries in its purse. If the Coney Island 3-year-old stake receives 100 entries the directors of the club will consider the race a great success.

The American Derby never failed to produce an exciting race in several instances very unexpected results. The best 3-year-olds of the east failed to win it when sent to the track. In one instance, the winner, incident to a railroad journey and to being laid amid new surroundings had 400 to 1 odds with the defeat of the crack eastern colts.

Should Be Great Race. Such would be the case with the Coney Island Stake, however. Hence it is presumed that the best colts of 1906, not more than half a dozen in number, should control the result of the Coney Island stake in 1907, and that is why owners in its interest are so anxious to get the best other handicaps in which to race their 3-year-olds.

By the time the middle of June comes around there will have been penalties, a new class of young horses. In this the Suburban and other handicaps should be great contests. In the Coney Island 3-year-olds have done in other years.

Three-year-olds of the class of Salvador. Excitement is being held in England. The yearling horse of the name of Salvador, bred by the late Earl of Kintore, was the only one to make a record in the 3-year-old class, making an excellent showing in the stakes, and other classic handicaps.

English Turk Goal. L. Hewitt, the New Zealand jockey, has accepted an engagement to ride in England next year. He will be accompanied by E. Brewster's stable, at Newmarket, and with the publication of the official list of winners of the 1906 season, and the fact that it is 20 years since the death of Fred Archer, has on the other side of the water attracted a lot of interest to the work of the foremost riders for the past generation. This year the leader has been W. H. Miller, who added second and Dan-y-Mab, who did not quite finish out the season. In 1904, third and second, and second in 1901 to O. Madden. The only American to hold the title of winning last year was Lester Kelf, and that was in 1900.

Of late years the winning mounts go into three forms, but no one has yet approached the great record of Archer, who made 246 wins out of 297 mounts in 1885, the year before he passed away. For the last seven years of Archer's career, C. Wood has run up, and it was only natural that the death of a rival who held him so long at bay would prompt some one to ever before so of a jockey on the English turf has had the undisturbed success of even more approach to it was made by Cannon, who at the close of the season had a dozen racing seasons stood first. Cannon's record was 154 and 182 in 1885 and 1882, respectively.

Twenty years have brought great changes in the English order of rank. The brilliant horseman John Watts has joined the ranks, and he has G. E. Barrow, and S. L. Jones, who are now called as "stable hands." T. Foster, also, has now emerged in France. Lane, who headed the list in 1902, has now been "in" to resume riding since the terrible accident that befell him in 1904 at Lincoln.

Racquets. New York, Jan. 7.—An invitation tournament for professional court tennis players, which is international in character, was begun to-day on the new court of the New York Racquet and Tennis Club, at 20th Street and Broadway. The French champion at this game, George Stauden, American racket champion, John White, the local club professional, and Frank Forester, the professional of Georgian Court, Lakewood, N. J. In the opening match to-day the players were standing, who was a decided favorite, and Forester was the victor, winning by two sets to one. Standing withdrew in the second set because of a sore foot. The score: Forester, 7, 8, 5; standing, 8, 7, 1.

CHEESE AND BUTTER BULLETIN. Canadian Grocer: A slight improvement is noticeable in the cheese market since last report. Speaking generally, however, there is not much interest displayed last week, the feeling being one of quietness rather than anything else owing to the fact that during the week the trading was not particularly free from activity of an interesting description. There is expected that there will be a little more interest taken in the situation now that the holidays are over. Local houses are not doing very much at present, also some of them have been turning over small lots. As stated

The better judge you are of brandy the better you will be pleased with

HINE'S Three Star BRANDY. Guaranteed Twenty Years Old. T. Hine & Co. are the holders of the oldest vintage brandies in Cognac. D. O. ROBLIN, of Toronto, Sole Canadian Agent. Sold by all reliable wine merchants and at all clubs and first-class hotels.

OTTAWA'S COUNCIL. The plebiscite of the proposal to form a federal district got an adverse vote, but the affirmative vote was surprisingly large, as an evidence of which shipments have not, as already stated, been so large as formerly. According to figures compiled by the Montreal board of trade, receipts of butter for the week ending December 29 were 1815 packages, and of cheese 739 boxes. Receipts of butter from May 1 to the end of this week were 698,884 packages, and of cheese 2,347,464 boxes.

Free to Men Until Regained. Happy, glorious manhood—the strength that pushes the world's Success in its completeness! And what is weakness? Failure, despair! But why be weak, when a cure is within your reach for the asking! All men with very few exceptions were made strong and could be so through life. Many have abused this grand privilege and thru dissipation have become weakling, puny, lack confidence, can't face the slightest difficulty, have drains, lower, impotency, varicocele, rheumatism, lumbago, etc., and are mere playthings in the hands of their associates. How only turn to the right source. Electricity cures these cases. I have been curing thousands every year for nearly forty years. So positive an I of what my world-famed Dr. Sander Electric Belt will do for you will call or send for one you can use with

FREE UNTIL CURED. Not a penny on deposit or in advance. I will take your word for results, and only charge price of belt—many cases less as \$4. My wonderful success has brought forth many imitations of my belt, but my valuable experience to advise and guide my patients cannot be in fact. It and my belt can be had free until a cure is effected, but only at address as below. Call and get one to-day, or write. I also send two best books ever written upon health and strength of men. Free, sealed, by mail. DR. A. B. SANDEN, 140 Yonge St. Toronto, Ont. Office Hours—9 to 6, Saturdays until 10 p. m.

The Cough of Consumption. Your doctor will tell you that fresh air and good food are the real cures for consumption. But often the cough is very hard. Hence, we suggest that you ask your doctor about Ayer's Cherry Pectoral.

What belief can attach to anything said by the Globe? It must jump thru the hoop when Electric Ring Master Nicholls cracks his whip.

LOCAL STOCK WATERING. Toronto is being treated just now to another example of the way in which

Assuming that the Electric Light Company needed \$1,000,000 to meet legitimate capital expenditure, that amount could have been obtained by the issue of \$500,000 of additional stock at the present market price of \$100, and return dividends would have been payable on that amount.

PROGRESSIVE BYLAWS Continued From Page 1. For improvement of sidewalks defeated by majority.

THE RAILWAYS AND THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA. Thirty-second Article. When the railways expropriated the Esplanade property on the plea that it was required for the purpose of erecting a terminal station, they deliberately deceived the board of railway commissioners

The same game is being played in connection with the proposition now advanced by the Grand Trunk Railway for a change in the route of their main line east of Toronto.

The City of Toronto has nothing to fear from the railways, but they have everything to fear from the selfishness of some of their own citizens.

PROGRESSIVE BYLAWS Continued From Page 1. Furniture, Factory & Carriage Co. by-laws were carried.

Not Only Do Nature. For people who suffer from indigestion, liver, coated tongue, constipation, weakness, and loss of appetite, this is the best medicine.

SPECIAL FARMING & LIVESTOCK SECTION

All communications on farming topics should be addressed to the Agricultural Editor of The World. Discussion on timely topics, special conditions and farm news are particularly encouraged. Advertising rates upon application.

FARMERS' POLITICS.

The farmer, before everybody else, ought to be independent of political parties. He should not be tied down to one political clique or to the other. He needs a broad view, a wide outlook upon the things that make for the well-being of the nation. Unfortunately too many of our farmers are stiff party men. This is probably due to the nature of his occupation. He likes settled convictions and permanent conditions. He makes up his mind slowly and as slowly he settles to change. In many ways this is a good thing. But in the matter of the politics of Canada today, it is beginning to be realized by many of these good old farmers that parties do not stand for the ideals that led these same men to give them their allegiance. The constant recurrence of events that point to the state of the corporations in our legislative halls, and the way the railways and other big public corporations seek to muzzle the members' influence and bribe their support, these all point out to the wide-awake farmer that both the Grigs and the Tories do things that are not praiseworthy. They each in turn serve their own ends. The average farmer is tired of making excuses for the sins of the party. The old cry that one is just as bad as the other, seems to the shrewd tiller of the soil as an apology for weakness and he feels just a little undone in his support of the party relying on this battle cry.

THE FARMSTEAD

Make 1907 go some! Senator Edwards' sale next! The old farm must do better. Let old prejudices go. Ring in the newer agriculture. Make a culture plot inside the brain box. Stock raising on our Ontario farms is a king of business enterprises. You can go to Edwards' sale tomorrow for first-class country fare, getting a certificate to attend the dairymen's convention. The farmers of Essex and Kent must pay more attention to their orms and the transportation rates grow better. Not enough attention is being paid to the raising of our Ontario young stock. More of the best type steers would be secured readily. Local conditions always have a wide bearing on the style of animal that is produced. The country seeks a light horse, while a hilly country a heavyweight. The heavy animal in our cities necessitates big draughters and the farmers are wise who look to the big trade. The dairymen of Ontario will be interested in their conventions now meeting. The eastern one is meeting at Ottawa, while the western association meets at London next week. It is the rallying ground for better work. The farmer who is feeding hogs, horses, cattle or sheep is not a successful man if he does not know just how each animal is making use of his food. There is such variance in the appetites and capacities of the animals that the trained eye is necessary to keep the balance on the right side of the count. Are the powers at Ottawa wise in placing a tax on wire? The farmer will have to pay the imposition and there is no consequent gain to other than the good of the farmer. The market cannot supply the goods and why try to turn trade overseas? Some farmers in the western counties of Ontario are importing their breeding hogs from the States and paying a good price for them. They may be all right from the individual standpoint. It is bad from a Canadian point of view, and the Ontario farmer who has good breeding stock as is to be found in the world. Our herds of hogs are healthy and of a much less cost, the duty is avoided and much less risk from disease is incurred.

duty of 20 per cent. on all sizes of galvanized wire other than gauges 8, 12 and 13, and by a similar duty of 20 per cent. on all wire not galvanized. With all this protection the wire interests should be able to thrive, and still let the farmer have the benefit of the three exempted sizes of wire free of duty.

FARM SALES.

Farm sales are now being held all over the province. Now is the time that renewed activity in stock matters begins. The New Year, like the advent spring, starts the fresh blood of enterprise to leap thru the veins and carry the man further afield in search of wealth. The enterprising stock-raiser is looking for good animals. The general farmer is beginning to cast anxious looks for cheap fodder and his spring implements. Agriculture is alive and booming. More animals and machines will be needed next year than were used last year. Any farmer who has much to dispose of should let others know it, and how can you let others know it better than in the farming pages of The World?

WHY BRITISH FARMERS LEAVE THE OLD LANDS

Few Houses, Hatred of Farm Work, Lack of Scope for Ambition and False Teachings in the Schools

The British Board of Agriculture issued recently a report on the decline of the agricultural population of Great Britain between the years of 1881 and 1906. The answers obtained to questions asking why the persons left the farms are interesting, as showing how far the local conditions of an aristocratic land affect the workers.

An absolute disinclination for work on the land on any terms as frequently noted as a characteristic of the younger generation, and complaints that the method of education in the rural elementary schools foster this distaste are made in many of the reports. But while simple restlessness or mere rebellion against the conditions of their environments may induce the more active-minded youth of the countryside to seek fortune elsewhere, it is admitted generally that the higher wages and superior social advantages afforded by employment in other industries, and the attractions of town life, lead in very many cases to a deliberate and calculated abandonment of rural labor. Some correspondents allude to the fact that the higher wages of towns do not necessarily imply an improved financial position, as the additional expense of living more than counter-balance the additional income. This is, no doubt, true, but it does not materially affect the position so long as men are actually attracted by the prospect of handling more money.

THE WORLD'S FARM CALENDAR.

Senator Edwards' Shorthorn sale, Rockland, Jan. 9-11; Ontario Dairyman's Association, Ottawa, Jan. 9-11; Western Ontario Dairyman's Association at London, Jan. 10-12.

The World's farming pages are meeting the desires of many farmers and stock men in Ontario. The value of them is seen in the good results according to the advertisers. Kind words are coming in from all sides regarding the paper and make it a greater benefit in the land, by sending us items of news and giving your views on farm questions. Such words as the following are encouraging:

"The World is doing well and is being eagerly read by the farmers for their daily information on farm and market news."

JOHN BRIGHT, Myrtle.

"I wish you continued success and great prosperity for the new year."

CAPT. T. E. ROBSON, London.

"I find that the people here appreciate very much the information published in the Toronto World in their farming and live stock department. Farmers from the surrounding districts comment very favorably."

HOWLETT, Pickering.

"The World deserves great credit for its progressive attitude for the people. The Toronto World in their farming and live stock department. Farmers from the surrounding districts comment very favorably."

H. JOHNSTON, Windsor.

START THE NEW YEAR WELL!

The bank sold at 20.00 to 21.00; export bulls from \$3.75 to \$4.25 per cwt.

Receipts of live stock at the Union Stock Yards were 70 carloads, composed of 1400 cattle, 94 sheep and 3 calves.

The quality of export cattle was better than for several markets, but, with a few exceptions, the bulk of the butchers' were unselected.

Trade was brisk, all offerings being sold before noon. Prices for butchers' cattle were from 15c to 25c per cwt. higher than last week.

Exporters.

The bank sold at 20.00 to 21.00; export bulls from \$3.75 to \$4.25 per cwt.

Butchers.

Choice picked steers, market were scarce, 20.00 to 21.00; cows, 19.00 to 20.00; calves, 18.00 to 19.00; ewes, 17.00 to 18.00; lambs, 16.00 to 17.00.

Milk Cows.

About a dozen milch and springers sold at \$5 to \$60 each.

A few calves sold at \$4.50 to \$5.00 per cwt. sheep and lambs.

Export sales (week) sold at \$4.00 to \$5.00 per cwt. 20 exporters, 170 lbs. each, at \$4.50; 20 exporters, 140 lbs. each, at \$4.00; 20 exporters, 120 lbs. each, at \$3.50.

Representative Sales.

William Leacock, as usual, was the heavy buyer of fat cattle, having purchased the best lots of bulk butchers and exporters. The prices paid by Mr. Leacock were the same as given above, which are the quotations of the market for fat cattle.

McDonald & Mayne sold: 18 exporters, 1400 lbs. each, at \$5.20; 13 exporters, 1240 lbs. each, at \$4.80; 10 exporters, 1215 lbs. each, at \$4.40; 10 butchers, 900 lbs. each, at \$4.10; 12 butchers, 800 lbs. each, at \$3.70; 10 butchers, 700 lbs. each, at \$3.40; 10 butchers, 600 lbs. each, at \$3.10; 10 butchers, 500 lbs. each, at \$2.80; 10 butchers, 400 lbs. each, at \$2.50; 10 butchers, 300 lbs. each, at \$2.20; 10 butchers, 200 lbs. each, at \$1.90; 10 butchers, 100 lbs. each, at \$1.60; 10 butchers, 50 lbs. each, at \$1.30; 10 butchers, 25 lbs. each, at \$1.00; 10 butchers, 12 1/2 lbs. each, at \$0.75; 10 butchers, 6 1/4 lbs. each, at \$0.50; 10 butchers, 3 1/8 lbs. each, at \$0.25; 10 butchers, 1 1/4 lbs. each, at \$0.125.

70 CARLOADS AT UNION YARD QUALITY OF EXPORTERS GOOD

Butchers Only Medium—Trade Brisk—Prices for Butchers Higher.

The bank sold at 20.00 to 21.00; export bulls from \$3.75 to \$4.25 per cwt.

The Great Annual Sale of PINE GROVE SHORTHORNS

At ROCKLAND, ONT., on Wednesday, January 9th, 1907

THE PROPERTY OF SENATOR EDWARDS & CO.

This is the third annual sale of young bulls, heifers and breeding cows offered by the celebrated farm at Rockland to the breeders of Canada. There is no better blood, nor pedigrees, nor better form or feature in this breed of cattle than is found in the barns at Pine Grove. The bulls from last year's sale all made records for themselves this year in the neighborhood where they went. The herd dams and sires are the best money can buy and the best of it is that these young animals will all be sold at prices within the reach of every farmer. The farm is a few miles from Ottawa and train connection is good.

The sale will be conducted in a steam heated pavilion, with a jolly good time for everybody. The excellent reputation here are exclusive to ones and here's the chance. Take the train and enjoy the senator's hospitality.

MEAT INSPECTION IN THE U.S.

Some Things Gleaned From the Workings of U.S. Federal Law.

George McCabe of the U. S. department of agriculture, addressed the New York State Breeders' Association at Syracuse recently. He spoke of the meat inspection and packing trades and the new regulations, which he claimed were working out quite satisfactorily.

In his address he said that the U. S. law now in force only applies to four kinds of animals—cattle, sheep, swine and goats—and as the work progresses, important amendments may be necessary. As first enforced, it worked a hardship to farmers, the department necessary because of the fact that all meat inspection authorities agree that it is impossible to conduct an efficient post-mortem examination of the carcasses unless the principal viscera are present and held with natural attachments. It was, however, found possible to amend this regulation so as to permit the entrance into establishments where inspection is maintained, of carcasses of animals which have been slaughtered without inspection, if the head and all viscera except the stomach, bladder and intestines are present and held together by their natural attachments at the time the carcass is offered for admission. Inspection is then had, and if the carcass is found to be free from disease and otherwise fit for human food, it is marked "U. S. inspected and passed," and admitted into the establishments.

One of the most important features of the law is the sanitary inspection. The secretary is directed to cause inspectors in sanitation, and other competent inspectors to inspect all establishments in which four animals are slaughtered and the meat and by-products for interstate or foreign commerce, in order to determine the sanitary condition of the establishments.

When a farmer desires to ship in interstate commerce, he certifies to the carrier that he is a farmer; that the carcasses are those of animals killed on his farm; and that the meat is sound and fit for human food. The farmer does not need a permit from the department of agriculture. The forms of certificates are furnished and usually filled in by the agents of the carriers, and all this is required of the shipper is his signature. However, if any person offers for sale or transportation, in interstate or foreign commerce, any meat or meat-food products which are diseased or otherwise unfit for human food, knowing that they are intended for human consumption, he is guilty of a misdemeanor and subject to fine and imprisonment. The secretary is authorized to require inspection from any farmer or retailer, butcher or retail dealer, notwithstanding the exception of these classes by the law. The maximum penalty for a misdemeanor is a fine of \$10,000 and imprisonment for two years.

The meat inspection law and the shrinkage of exports of a Canadian firm has been brought out by the Graham Bros. of Clearmont. This is of five Clydesdales and five Hackneys, to the same period of 1908 the export of canned meats amounted to \$3,381,220. In 1909 the canned meats amounted to \$2,478,918 and the fresh meats to \$6,596,063. In 1906 the canned meats amounted to \$2,371,648, and the fresh meats to \$7,184,182. For 1906 the value of the canned meats exported was only \$1,031,148, and the value of the fresh meats \$7,900,410—showing that the canned meat exports alone were affected by the packing house disclosures.

Ex-Councillor Michael of North Toronto advertised a "Packing" farm in the farming pages of The World and after two insertions he had sold the farm for a substantial sum. Mr. Michael is enthusiastic over the opportunity offered in The World. "I tried several places and successfully," said he, "and I took a four days' ad in The World. I saw more than anywhere else. I have the place sold for only two issues. My son ran and prospered." These are facts that speak loudly to those who want to buy or sell.

YORKSHIRE PIGS—YOUNG BORN

YORKSHIRE PIGS—YOUNG BORN and raised at Rockland, Ontario. Prices: young sows will be bred at \$100.00; young boars, \$120.00; young pigs, \$10.00 each. Apply Mrs. Agnes Hood, Millbrook, Ontario.

SINCLAIR LEVACK

Sinclair Levack, who for half a century had been engaged in the wholesale butchery trade in this city, died at his home, 357 St. Clarens-avenue, Sunday morning, Jan. 6, 1907. The late Mr. Levack came to Canada from Wick, Cathnesshire, Scotland, in 1868, since which time he had been identified with the live stock markets, being one of the few oldest wholesale dealers here. Some 10 or 12 years ago he engaged in the export trade, and there was none more highly respected than he. In religion he was a Methodist, and in politics a Liberal. He leaves a widow, five sons and four daughters. Of the sons, Alexander, William B. and Donald, are actively engaged in the cattle trade. He also leaves two brothers, William and Alexander, who are well known by all the live stock dealers of the Dominion. The funeral takes place to-day (Tuesday), Jan. 8, to Prospect Cemetery, at 2 p.m.

MARKET NOTES.

A special cable received to-day by The World from the firm of Peels, Brewer & Dredman, cattle raisers of London, Manchester and Liverpool, quotes prices as follows: American steers, 12c; Canadian steers, 11c; Canadian cows, 11c; Canadian bulls, 10c.

A special cable from W. D. Newton, cattle raiser of Glasgow, Scotland, as follows: Canadian steers, 12c; bulls, 9c; cows, 8c; calves, 7c; ewes, 6c; lambs, 5c; piglets, 4c.

John Cochran of Ricefleet was on the market with a car of live stock.

EXPERIMENTAL STATIONS.

Annual Meeting of Those in Charge—What Report Show.

Fourteen stations reported yesterday at the annual meeting in the parliament buildings of the board of control of the fruit experiment stations of the province. The stations are scattered over Ontario from Essex to Mattland on the St. Lawrence, east, and the work is in a flourishing condition. A new vegetable station was established at Leamington, and has been running for six months under E. E. Adams.

The board decides the work for the year, what varieties of fruit are to be tested, and as to whether it is to be in Essex County the Peaches have been frost-killed twice in five years, and an attempt will be made to develop a hardy strain there. In Massachusetts peaches have been budded on plum roots on heavy soil, and this plan will be adopted to see whether it will develop a stock proof against frost.

Those present were: President G. W. Cressman, Guelph; Secretary L. C. Verton, Grimsby; H. L. Hutt, Guelph; A. M. Smith, St. Catharines; A. W. Hodgins, Toronto.

THREE DEAD IN THIS WEEK.

Syracuse, Jan. 7.—A special from Oswego says:

One man was killed, another fatally hurt, one maimed and six injured in a rear-end collision near Red Creek on the Rome, Watertown & Ogdensburg Railroad last night. The dead man was a student living here, named Bradie, who was learning to be a freeman.

QUEST FOR RENT OF DREDGE.

The suit of Margaret Irvine against H. A. Prendergast of Montreal and James M. Coghil of Toronto, to recover \$3275, the rent of a dredge on government work in Matchedash Bay, was commenced before Chief Justice Maclock in the non-jury session yesterday. Brady & O'Connor, for plaintiffs; Bicknell & Moss for defendants.

DRIVER SMITH EXONERATED.

William Smith, 90 George-street, was exonerated from the charge of stealing a quantity of coal from the Crown Coal Company before Magistrate Denison yesterday. He took the coal from the wrong house by mistake.

ELECTRO-CHEMICAL RHEUMATIC RINGS

Are Guaranteed to Cure Rheumatism and Neuralgia. The Electro-Chemical Ring is a new and powerful medium for the treatment of rheumatism, neuralgia, sciatica, etc. It is made of pure metal and is guaranteed to cure all cases of these ailments. It is sold by the F. E. KARN CO., Limited, 200, Queen & Victoria Sts., Toronto.

CAR SHORTAGE.

Dr. Thomas Armstrong of Indian Head, Sask., who is on a visit to his father, Mr. William Armstrong, of Lockport, Ill., says that the granaries of that town are full of wheat unable to reach the market. He has never known a greater shortage of cars. The C.P.R. did well and made great preparations to handle the wheat crop, and did it well, but this year conditions are quite different. Apathy seems to dominate the railways. The C.N.R. have been very busy, but the car famine is bad. The Northwest is in need of more railways and transportation facilities.

A PATENT SPRING-FINDER.

A Gentleman in Switzerland Claims He has Invented One.

The old resident here has been acquainted with the crooked stick by which some person of his acquaintance could locate the presence of water in the ground. Many acting upon this advice to obtain water, have used the crooked stick, and, indeed, it may be quite plausible for some old electrically charged individual to take a crooked stick and, by placing himself in the proper position, to ascertain the presence of subterranean water by the action of his magnetic influence. Adolph Schmid of Berne, Switzerland, in writing to The World, claims to have perfected an instrument that acts automatically for the detection of such springs. The machine rests on a tripod on the ground and depends upon the exchange of electrical currents thru the earth for the active principle of recognition. As the machine will not record in the vicinity of surface water, forest, or disturbances its use would be confined to dry lands. The inventor claims that the machine will be of great use to persons in the west, or in those parts where the knowledge of underground currents is hard to obtain. When the earth is agitated a great deal, he believes that boring will reveal in almost every case a well of spring water.

FARMERS' INTEREST IN WIRE DUTIES.

According to the Tariff Act now under consideration by the Dominion parliament, gauges 9, 12 and 13 of galvanized wire, heretofore free, will be subject to a duty of 5 per cent. As there is practically no fence wire produced in Canada, this duty will necessarily raise the price of farmers' fencing about \$2 per ton, or three cents per rod. As probably three-quarters of the fencing now in use in Ontario is either barbed wire, some form of wood or wood and wire in combination, which will have to be replaced within the next few years with modern woven wire fence, and as there is on the average farm about 800 rods of fencing, three cents on three-quarters of this will amount to \$18 added cost for each farm.

According to the proposed tariff this wire will come in free of duty from Great Britain, but this would be of no real benefit, as, owing to the great distance and consequent delays and other disadvantages, a fence factory could not afford to buy from so great a distance for the sake of getting supplies only 5 per cent. cheaper. Hitherto all fence wire has been imported from the United States, and, owing to the nearness of the base of supplies, wire can be laid down at the fence factories in Canada in from four to ten days. If England were the source of supply, at least three months would elapse between the time of placing the order and the receipt of the goods, and, further, there would be danger of delay in transit, which might put a fence plant in idleness for months at great loss to owners and inconvenience to customers.

There is only one concern manufacturing galvanized wire in this country, and that only in a small way, its output being made up largely of other lines. Of course it is protected by a

SIR FRED BORDEN COMING TO CONFER WITH CABINET

Sir Frederick Borden, minister of militia, will visit Toronto towards the end of the week on departmental business.

He will hold a conference with the Ontario cabinet with regard to the Petawawa camp, as the timber license holders who have rights on the camp ground are insisting on charging a price which the department does not care to pay, and thus are delaying the clearing of the ground.

While in Toronto he will hold a conference with the municipal authorities on the subject of Garrison compound.

DROPS DEAD AFTER HONEYMOON

Pittsburg, Jan. 7.—Mrs. Dora Bonham, a bride of six weeks, died last night as she was about to embrace her mother after returning home from her honeymoon.

"Oh, it's so good to be home again," mother, the young woman said, and dropped dead.

Cortelyou Quits

Washington, Jan. 7.—George B. Cortelyou to-day announced his retirement as chairman of the republican national committee. Harry New, vice-chairman, will become acting chairman.

ALSIKE OILS

Winnipeg Wheat Markets.

Winnipeg—Futures closed yesterday: Jan. 7 1/2c bid, May 7 1/4c, July 7 1/2c.

Leading Grain Markets.

St. Louis 7 1/2c, Minneapolis 7 1/4c, Duluth 7 1/4c, Kansas City 7c.

Chicago Gossip.

Marshall, Spader & Co. wired J. G. Beatty at the close of the market:

Light grain offerings and commission house buying made a firm market this morning, and the price advanced from 3/4c to 1/2c over Saturday. The buying was mostly by leading commission house, and indicates that investment demand.

The selling has been scattered, and unimportant elevator interests with moderate buyers. We advise taking profits on these advances with a view to replacing holdings on the soft spots.

Edna & Sycamore wired J. L. Mitchell:

Wheat was fairly firm, but extremely dull. This is about the only comment necessary on to-day's market. The strength was due principally to firmness in Minneapolis, and purchases for the week.

This buying, however, was not large, but was sufficient to hold prices up against day's closing prices of about 3/4c. At no time, however, could the strength be considered in the light of permanent, but was purely of a speculative character, as the trend of prices just before the close proved.

The visible increase in stocks was expected, and the world's shipments a trifle larger than looked for. Aside from these two items, there were no other important factors bearing upon the market. We look for still lower prices.

On corn and oats, it is indicated that weak accounts had been liquidated, the property passing into the hands of the regular buyers, with prices somewhat better.

Chicago Markets.

Marshall, Spader & Co. (J. G. Beatty), King Edward Hotel, report the following fluctuations on the Chicago Board of Trade:

The annual clearance of Dineen Furs includes men's fur-lined coats. No well-dressed gentleman can afford to be without one of these garments, and no store in Canada is giving better values than we offer for immediate acceptance.

Plenty of enthusiasm in the prices, but you must see the styles and examine the qualities to properly appreciate the saving.

Dineen's
CANADA'S LEADING FURRIERS

TO RAISE THE MONEY.

Subsidiary Company Formed in Connection With Dominion C. & S.

Montreal, Jan. 7.—(Special.)—It is said that the Dominion Iron and Steel Co. directors have practically decided on the way the necessary money will be raised to pay for the coal lands recently secured in Cape Breton.

A subsidiary company will be formed, which will make an issue of bonds, and the proceeds will be guaranteed by the Dominion Iron and Steel Co. Just what amount of bonds will be issued has not been definitely decided on, but it is expected to be between \$2,000,000 and \$3,000,000.

A portion of the property will be developed at once.

YORK COUNTY AND SUBURBS
BAIRD, HENRY, ROSS, EVANS
WINNERS IN THE ELECTIONS

Toronto Junction Stands by Local Option—Reeve Syms and Mayor Richardson Among the Fallen.

Toronto Junction, Jan. 7.—Councillor Baird was to-day elected mayor by a plurality of 46. The vote was:

Baird, Ryding, Wright.
Ward 1, sub-div. 1 53 11 96
Ward 2, sub-div. 1 45 32 70
Ward 3, sub-div. 1 45 29 74
Ward 4, sub-div. 1 45 29 74
Ward 5, sub-div. 1 44 35 48
Ward 6, sub-div. 1 42 42 66
Ward 7, sub-div. 1 36 56 66

The contest for councillor in ward 5 resulted:

D. L. Greenhaus	390	386	584
L. W. H. Brown	29	29	58
J. T. Moore	29	29	58
W. H. T. W.	29	29	58
Sub-div. 1	20	59	61
Sub-div. 2	32	94	65
Sub-div. 3	20	48	62
Total	82	201	178

dates elected and rejected made short speeches.

Eglington Lodge, A.O.U.W., had a festival at their lodge-room last night and indulged in an oyster supper after the following officers were installed: Alexander Quinton, M.W.; Frohn, overseer; Burbridge, guide; J. S. Davis, recorder; William McCrea, treasurer; Murray, inside watch; Geo. Duncan, outside watch.

YORK TOWNSHIP ELECTIONS.

A hard battle was fought in York Township to contest the different seats in the council. Reeve Syms was defeated by Councillor Henry by 200. Reeve Syms had been two years reeve and seven years in council. Mr. Henry has been four years in council. He is a farmer.

The council for 1907 will consist of George S. Henry, reeve; John Watson, first deputy reeve; Robert Barker, second deputy reeve; J. Nelson, third deputy reeve; and J. Jackson, councillor. After the votes were counted short speeches were made by the candidates.

The vote in detail:

For Reeve—George S. Henry received the following votes: S. D. No. 1, 37; 2, 47; 3, 32; 4, 35; 5, 41; 6, 45; 7, 41; 8, 47; 9, 47; 10, 52; 11, 52; 12, 56; 13, 56; 14, 56; 15, 56; 16, 20; 17, 27; 18, 37; 19, 36; 20, 32. Total, 1083.

George Syms—No. 1, 14; 2, 23; 3, 31; 4, 27; 5, 32; 6, 37; 7, 10; 8, 3; 9, 6; 10, 11; 11, 12; 12, 17; 13, 15; 14, 15; 15, 11; 16, 12; 17, 34; 18, 13; 19, 7; 20, 11. Total, 462.

First deputy reeve—John Watson, re-elected by acclamation.

Second deputy reeve: Robt. Barker, Div. No. 1, 37; 2, 30; 3, 77; 4, 73; 5, 98; 6, 12; 7, 30; 8, 35; 9, 31; 10, 45; 11, 80; 12, 79; 13, 104; 14, 35; 15, 23; 16, 24; 17, 34; 18, 30; 19, 25; 20, 28. Total, 1065.

Third deputy reeve: J. Nelson, Div. No. 1, 24; 2, 4; 3, 4; 4, 9; 5, 10; 6, 7; 7, 8; 8, 4; 9, 2; 10, 9; 11, 24; 12, 12; 13, 11; 14, 8; 15, 14; 16, 6; 17, 4; 18, 2; 19, 6; 20, 0. Total, 104.

Councillor: J. Jackson, Div. No. 1, 9; 2, 21; 3, 8; 4, 4; 5, 4; 6, 9; 7, 3; 8, 3; 9, 6; 10, 11; 11, 14; 12, 35; 13, 68; 14, 22; 15, 23; 16, 6; 17, 8; 18, 21; 19, 8; 20, 1. Total, 462.

J. Nelson: No. 1, 21; 2, 68; 3, 23; 4, 44; 5, 78; 6, 88; 7, 18; 8, 15; 9, 28; 10, 11; 11, 12; 12, 30; 13, 40; 14, 35; 15, 44; 16, 74; 17, 13; 18, 7; 19, 7; 20, 11. Total, 601.

E. Peterman: No. 1, 2; 2, 4; 3, 4; 4, 34; 5, 9; 6, 35; 7, 23; 8, 17; 9, 25; 10, 58; 11, 15; 12, 14; 13, 19; 14, 8; 15, 16; 16, 14; 17, 34; 18, 6; 19, 19; 20, 25. Total, 462.

For councillors—J. Jackson: No. 1, 2; 2, 11; 3, 30; 4, 38; 5, 42; 6, 43; 7, 11; 8, 15; 9, 7; 10, 44; 11, 11; 12, 12; 13, 15; 14, 10; 15, 5; 16, 2; 17, 7; 18, 12; 19, 11; 20, 10. Total, 333.

J. G. Riddell: No. 1, 2; 2, 3; 3, 4; 4, 28; 5, 8; 6, 7; 7, 10; 8, 2; 9, 4; 10, 12; 11, 6; 12, 8; 13, 85; 14, 11; 15, 14; 16, 12; 17, 11; 18, 3; 19, 3; 20, 6. Total, 454.

SMART STYLES AND HIGH GRADES IN FURS AT GREATLY REDUCED PRICES

It has taken us years of patient labor to establish a name for "quality." Our name now is a big asset in our business, for the public have learned to prefer a Fair-weather garment, because the Fair-weather label is a guarantee of quality.

Plain Persian Lamb Jacket, reefer front and special bleue styles, sizes 34 to 42, length 24 in., regular price \$7.00 and \$10.00. \$7.50

Persian Lamb Jacket, reefer and blouse and breast front styles, plain styles of excellent quality and fancy styles with collar, revers and cuffs of mink, lined with best black satin, 34 to 42 sizes, 22 to 26 inches long, regular price \$16.00, for..... \$12.50

Men's Fur-lined Coats, black English beaver shells, best quality muskrat lining and Persian lamb and other collars; our special \$55 coat, for..... \$37.50

Men's Fur Coats, Canada coon coats, all sizes, high collars, regular \$65.00, for..... \$45

Natural Wallaby Coats, regular \$25 ones for..... \$19

Early buying is a great advantage to the shopper. Our enlarged factory keeps assortments complete.

J. W. T. FAIRWEATHER & CO.
FURRIERS.
34-36 Yonge Street.

The other councillors, elected by acclamation are:

Ward one—Alex Ham and Thomas Chapman; ward 2, Jos R Bull and Wm Ford; ward three, Fred Sheppard and W J Armstrong; ward four, F Whetter and W J Irwin.

The contest for school trustee in ward one resulted in a majority of 4 for Robt Williamson, as follows:

Dalton Williamson	36	38	99
Sub-div. 1	36	38	99
Sub-div. 2	36	38	99
Total	72	76	198

Trustees elected by acclamation are: Ward two, J F Goodie; ward three, W J Dodds; ward four, Dr W T Hackett; ward five, W J Wadsworth.

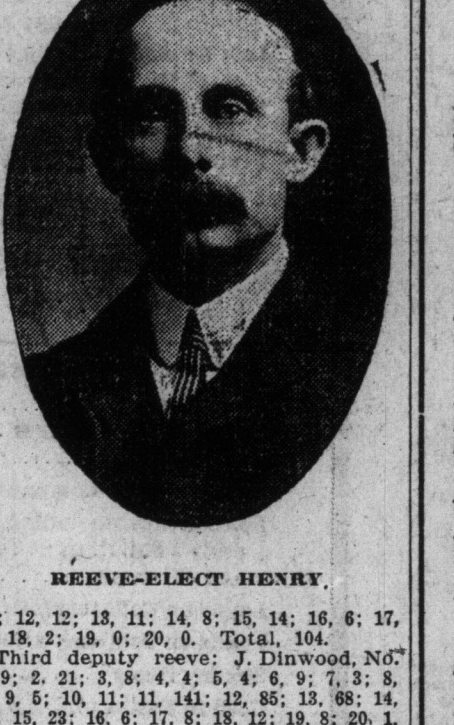

The repeal of local option was defeated by a majority of 337, as follows:

For	Against
Ward 1, sub-div. 1	39 52
Ward 1, sub-div. 2	54 71
Ward 2, sub-div. 1	68 73
Ward 2, sub-div. 2	52 20
Ward 3, sub-div. 1	50 76

Kidneys Affected By Sudden Change

The sudden lowering of the temperature causes the pores of the skin to close, and thus throw on to the kidneys much work which is ordinarily performed by the skin. This no doubt accounts for the great prevalence of kidney disease during the fall and winter.

There is no treatment which so quickly affords relief to overworked and deranged kidneys as Dr. Chase's Kidney-Liver Pills, because they act on the liver and kidneys, and the liver does much of the work of filtering the blood, which is otherwise left for the kidneys. Bright's disease, dropsy, uric acid poisoning, stone in the bladder and rheumatism are among the most painful forms of kidney disease, and these ailments can always be prevented by the timely use of Dr. Chase's Kidney-Liver Pills. They can also usually be cured by this treatment, but if you are so fortunate as to be free of these dreadful ailments, keep so by using Dr. Chase's Kidney-Liver Pills to keep the liver, kidneys and bowels in healthful working condition. One pill a dose, 25 cents a box, all dealers, or Edmanson, Bates & Co., Toronto.

Kinc Township.

Reeve—T. H. Legge. Deputy reeve—Alex McMurtry (acclamation). Councillors—Burns, Deacon, Phillips.

CAN VOTE AFTER ALL.

Victoria's Mayor Alleged to Have Tried to Turn Sharp Trick.

Victoria, B. C., Jan. 7.—(Special.)—Upwards of 300 voters whose names had been struck from the municipal roll by Mayor Morley and the civic revision court, on the score of technicalities, re-entered yesterday Justice Hunter in the supreme court.

There has been a general complaint throughout the city that the act was strained in its interpretation by Mayor Morley and his associates in the revision court, in order to disfranchise voters favoring Patterson, Morley's opponent for the mayoralty.

TWO KILLED AT COBALT.

While Drilling, Struck Old Hole Where Charge Had Misled Fire.

Cobalt, Jan. 7.—(Special.)—A serious accident occurred this morning at the Nova Scotia mine, resulting in the death of Jud Stewart and John Centifell.

They were drilling, and it is presumed the hole was a cold hole where a charge had been missed fire, and the drill caused an unexpected explosion.

KILLED ON SIDEWALK BY CAR.

Detroit, Jan. 7.—Early this morning a Myrtle-street car jumped the track at the corner of Roosevelt-avenue, ran across the street by the sidewalk, caught W. C. Radloff, a well-known citizen, 46 years of age, under the fender and crushed him to death against the steps of the Lutheran church on the opposite corner. Radloff's mother, 88 years of age, lived with him.

BRANCH OFFICE IN PARIS.

Montreal, Jan. 7.—(Special.)—Rodolphe Forget, M.P., will leave for Paris in a few weeks, and will establish a branch office in the French capital.

BRITISH SOLDIERS COMING.

London, Jan. 7.—One hundred and sixty men of the Manchester Regiment will sail for Canada to join the R. C. Regiment.

Officers of Upholsters' Union.

The following were elected officers by the Upholsters' Union, Local No. 30, in the Labor Temple last night: President, W. O'Dea; vice-president, J. Jeffries; recording secretary, F. W. Prior; financial secretary, G. Saunders; treasurer, F. McLaren; guard, W. McGowan; guide, J. Richards; delegates to Trades and Labor Council, S. Breen and W. O'Dea.

Whale Meat for Food.

Victoria, Jan. 7.—Representatives of the Jova Shokai, a Japanese company of Nagasaki, are here to contract for a supply of 5000 lbs. monthly of whale meat, which, it is said, will be used for food. Heretofore, whale flesh has been converted into fertilizer.
