**Toronto Members of the Second Canadian Mounted Rifles Arriv
ed Last Night and Were Heartily Cheered by Thousands
of Enthusiastic Can...**

Thousands of people thronged about the Union Station and lined down-town streets last night to welcome the returning men of the 2nd Canadian Mounted Rifles. The idea of a civic parade was swiftly abandoned, and an effort made to hold a more orderly demonstration. In spite of the brevity of the notice, the popular enthusiasm was there, and the heartiness of the welcome accorded "the boys" last night does not suffer when brought into comparison with the similar occasions of the 2nd Mounted Rifles. "I thank you in the name of the people for having so nobly upheld the honor of Canadian soldiers. We now greet you as returned soldiers, and as men, and as imperial soldiers. In the sight of the most gallant and historic regiment of the British Empire, the Union Jack flag you have marched and endured and fought so well that in the ranks of British victors, Canada's soldiers will hold a place not far from the ranks of the British Empire's heroes. The crowning honours have been shown to your comrades of the British army."

Several hundred people were waiting on the station platform when the train pulled in, and, after just 55 minutes' delay, then the engines, by no means strange to Toronto now, were repeated, when the sturdy khaki-clad troopers alighted. They were at once surrounded and arrested, but their loved

ones and their friends, with a strong glad handclasp and patting 'on the back from the men, and more tender but none the less sincere affectionate words from the women, were on his heart. A number of detachments from the different regiments were on hand to receive the new recruits, and soon recognized. The Mayor, aldermen and members of the Reception Committee were soon to be seen.

About a hundred men from Toronto and the surrounding district, many wearing in Halifax or Montreal for a day or two, before returning to their own homes, were a goodly body of men have not yet come back. All were heavily armed.

Commons Cheering

Col. Buchan, commanding No. 1 Military district, welcomed the boys at a fellow comrade. He was in civilian dress, and had been on the water from a yacht race to time to learn of the reception to be tendered, and he had the opportunity to welcome you as brother officers and comrades. "I, too, have gone through the same old war, have seen the same putrid water, have gone through the same sand storms, and I have been in the same trenches. I am particularly glad to meet you men of the Second Canadian Mounted Rifles, who have been so gallant in closing up this great war. You did a very material part in winding up this war, and I am sure that the contingent did something, you caused

No time was lost in forming the procession, such as it was. Headed by the band, the men were followed by those militia who were in uniform, and hundreds of citizens, the returned soldiers, and the women of the town taken was by Front, York, Bay, Queen and University-streets, and the parade ground, the crowd being continuous.

Arriving at the Armouries many of the men were given a warm hug on the shoulders of comrades and carried in state to their old company rooms. The general was welcomed by the band, and the parade had entered the doors were closed, altho there was ample room for the men to stand in the hall inside. A hollow square was quickly formed by the military escort, and the men were given a speech by the city.

The speeches were delivered from the officers' gallery, which was decorated with flags.

The Mayor's Welcome.

This Worship, Mayor Howland, said that as citizens and as Canadians, Toronto residents were glad to welcome back

BODY SEWED IN A SACK.

New York, July 24.—The body of a man sewed in a sack which was found in the harbor near Bay Ridge last night, was identified to-day as that of Joseph Cateno, an Italian grocer of Brooklyn. Vincent Trica, an Italian fruit picker, whom the police claim had made threats against Cateno, was arrested on suspicion.

BIG COLLIERIES OPENED.

Tamaqua, Pa., July 24.—The Lehigh Coal and Navigation Company resumed operations to-day at its No. 12 mine, one of the largest collieries in the region. The move was unexpected. This is the first large colliery to resume. So far the strikers have made no effort to close down this place. It is believed other companies will now make an effort to mine coal.

WANTED, AN IMPERIAL STATESMAN.

We seem to have everything that is requisite for the making of a great empire except one thing. We have no empire-builders, no truly Imperial statesmen. We have no architect for the great structure we would like to see realized. We have Englishmen, we have Canadians, we have Australians, we have Africans, but who can lay his hand on a genuine British Imperialist? The conference now in session in London is composed of delegates from the different states of the empire. Each is trying to see what kind of a deal he can make for the benefit of his particular state. The English end of the conference is probably more parochial than any of the colonies. The British empire seems to have no significance to the Westminster parliamentarians, unless it enlarges the prestige and increases the trade of the British Isles. Sir Wilfrid Laurier goes to the conference purely as a Canadian. He cannot see beyond Canada when considering the propositions that are brought before the conference. The nearest approach to an Imperialist that we have is Joseph Chamberlain, but so parochial is the spirit of the Little Englanders who surround him that he positively dare not proclaim himself in his true capacity. The conference resembles more than anything else a meeting of rivals or competitors who are trying to square their differences, while at the same time each one is intent upon getting an advantage over the other. The Englishman refuses to recognize the British empire except in so far as it caters to the prosperity of his Little England. If the conference were composed of men who studied each question from a broad Imperial point of view, instead of from a parochial or local standpoint, the cable would have a different story to tell of the result of the negotiations.

There are two aspects in which Canada should have been represented at the conference: first, locally, as one of the component states; and, secondly, in her capacity as part of the empire. Sir Wilfrid Laurier failed to realize that Canada has Imperial as well as parochial rights. He remained as much a Little Canadian as the English statesman in a Little England. It may be true that a rational development of the empire along Imperial lines would benefit Canada more than any other part of the empire, but this fact is no reason why Canada's claim in this direction should not be advocated by a representative from Canada. We are decidedly opposed to the theory that Great Britain should make any concessions to Canada, or to any of the other colonies, or that the colonies should concede anything to the Mother Country, except in so far as such concessions tend to the upbuilding of the empire, but we hold to the theory that if our only object be the creation of an empire, then local jealousies and local considerations must not be allowed to override Imperial necessities. If this work of empire-building were in the hands of a Bismarck, knowing no politics, he would at once see the necessity for increasing the population, for the development of the natural resources of the empire wherever those resources may be located, for the establishment of Imperial highways, for the increase of trade within the empire and such like projects. To the genuine Imperialist it matters not where the development takes place. He follows the line of least resistance, and if he can more easily increase the population and wealth of the empire by centering his attention on the colonies in preference to the Mother Country, he follows that course. What we complain of is that we have no such Imperialist. The woods are full of parochial statesmen, but there is not a single Bismarck. If the World has advocated the claims of Canada it has done so not because Canada is entitled to any special consideration at the hands of the Mother Country or the other colonies, but because Imperial interests demand the speedy development of Canada as affording the most promising results for the strengthening of the empire.

The United States has a population of 75 millions, while the effective fighting and industrial population of Great Britain is not more than 55 millions. How are we to make up the difference? In what part of the empire are they to be located? The Little Englander himself would have to admit that it is the colonies, and principally Canada, that must furnish the empire's shortage in population. If this is admitted, why then, should the conference not devote itself to this question and devise ways and means for adding to the empire's effective population thru the development of Canada's unlimited resources? We advocate the claims of Canada on purely Imperial grounds, but it is useless to present them to statesmen who cannot see beyond the interests of their own parish.

NEW BOOKS AT LAST.

The people of Ontario for years back have been priding themselves on their Public school system; they held it to be the best of the world as a model. If we were to tell the truth ourselves, we do not think the claim can be justified, for the reason that the great bulk of text books now in use in the Public schools of this province have long survived their usefulness and have become out of date and admittedly unfit for use. Now, however, a better day is dawning, and the enterprising

publishing firm of Morang & Co. announce in the public press to-day a new series of twentieth century, up-to-date text books for use in the Public and High Schools. The World had the pleasure of examining these books, and can vouch that they are all they are claimed to be, namely, up-to-date, well printed, well edited and the equal of the text books in use in the United States and England. Several of the books of Morang's series have already been authorized by the Minister of Education and are now on sale, and teachers as well as parents should take notice of this fact.

The Morang Co. have taken a new way of calling the attention of the public and teachers to their series of books by their advertisement in The World this morning, and we have no hesitation in recommending that announcement to teachers and parents for their favorable consideration.

Morang's Primer has been endorsed by the Ontario Teachers' Association, and is now in use in many of the schools. The latest issue of Morang's series, their Modern Geography, we consider one of the most interesting and in many respects the most remarkable text book on the subject of geography we have ever seen. The editor and publisher have recognized that it is unnecessary to make a geography a large page book, and certainly they have proved by their admirable condensation that a geography can be made the same size as any other school text. The geography has been prepared on the most modern lines, and from a Canadian point of view is of special interest to our people. All the examples of physical and other geography and many of the facts connected with the geography are taken from Canada and are illustrated by photographic reproductions of actual scenes in this country. A great deal more could be said about Morang's new series, but we leave it for the teachers, the parents and the children to find out for themselves from personal examination that all we have said is true.

STICK TO SPECIFICATIONS.

In fairness to all tenderers for asphalt pavements or anything else, the specifications should be defined clearly. It is unfair to allow a tenderer to base his tender on a high-priced asphalt, unless he also has a chance for an alternative offer on the low-priced asphalt, if the tender for the latter is to be accepted, because the offer is the lowest. The quality of asphalt required by the Engineer should be clearly set out in order that all tenderers could have a straight basis on which to make their offer, and the letter of the specifications should be lived to.

In the present asphalt controversy the specifications were worded in such a way that the local contractors who tendered for the quality of asphalt called for in the specifications, were underbid by an outside firm, who tendered on asphalt that the Engineer knew little or nothing about, and which it is known is cheaper than the article called for in the specifications, and in comparison with Trinidad Pitch Lake, it is as yet but an experiment. It may be a good article, but the specifications call for a certain grade or something equally as good in the opinion of the Engineer and Mr. Rust has repeatedly said that he cannot certify that that asphalt is as good. If the Engineer is prepared to accept this kind of asphalt his specifications should say so.

The fairest way would seem to be to reserve the right for tenders for work in dispute. Thus all parties concerned would have an equal chance, and it would really only mean a delay of a couple of weeks.

BORDER V. DENISON.

Editor World: It appears by an article in your issue of July 23 that, while in England, the Minister of Malicious took advantage (when good manners prevented a retort) to attack a gentleman, (as much his superior in the qualities that go to make a soldier a Briton and defender of the empire) as one gentleman can be to another. For nearly half a century the sword and the scabbard military ability of Col. G. T. Denison have been at the service of his country, and on more than one occasion his services have been accepted and Canada, and all parts of our beloved empire, have profited by his lectures and instructive patriotic speeches. He has been a source of evening and encouraging, a spirit of British unity and patriotism so much to be desired, some of the fruits of which were seen when our Canadian friends assisted materially in bringing that great Boer general, Cronje, to his knees, amid the ringing cheers of the old British veterans and the admiration of the British General in command. This is the natural effect of the instruction and teaching of such men as Col. Denison in a country like Canada. I seek not to defend Col. Denison, as he is well able to take care of himself. I write this as a protest against the apparent meanness of little man attacking a big man while the big man's hands are tied.

Funeral of Mrs. Barker.

The funeral of the late Mrs. Sarah Jane Barker, which took place yesterday afternoon to Mount Pleasant cemetery, was attended by a large concourse of mourners. Service was conducted by Rev. R. J. Moore, pastor of St. Margaret's Church, of which the deceased was a devoted member. Mrs. Barker lived west end of the city for the past thirty years, and the esteem in which she was held was attested by a very large number of hand-some floral tributes.

Just the thing for Children.

Angier's Petroleum Emulsion is remarkably effective with delicate children. They like it and take it readily when they cannot be induced to take Cod-liver Oil. It is an excellent tonic and just what the little ones need. It makes them eat better, sleep better, and gain in weight, strength and color. Give it to the children if they are thin, cough or cold; if they are pale and thin; if they are scrofulous or rickety; if their food does not digest or their bowels are out of order. It is pleasant to take.

All druggists sell it.

DELAY NOT SERIOUS.

Pierpont Morgan, Jr., Says Morgan Will Go Thru All Right

London, July 24.—When asked by a representative of the Associated Press to-day about the situation of the shipping combine and the statements published in the United States that its consummation was considered doubtful, J. Pierpont Morgan, Jr., said:

"If people would only take pains to read the terms of the agreement which was published on each side of the Atlantic they would not be misled by such reports."

When shown the circular of the North Atlantic Company, giving as the reason for the payments of its usual semi-annual dividend, the fact that the completion of the purchase of the shares of the company by Mr. Morgan, sr., was "unexpectedly delayed," J. Pierpont Morgan, Jr., replied:

"What they call delay may have been unexpected to them, but why it should be I am unable to say. I can, however, say this—the situation is absolutely unchanged. There is nothing new about it. The agreement stands precisely as when it was signed."

The circulars of the North Atlantic and Dominion Companies appear to have been unfairly quoted in some quarters, since, in addition to saying that the completion of the purchases had been unexpectedly delayed, they add: "We have reason to believe that they will now be shortly completed."

MUST CLOSE THE HOSPITAL.

Dr. Edward Playter, who conducts a private sanitarium for tuberculosis and consumptive patients at Moore Park, York Township, appeared before Magistrate Ellis yesterday on a charge of keeping a public nuisance and a menace to the health of the community, brought against him by the Township Board of Health. He was convicted, with sentence suspended for one week. Within that time he must take in no patients and close his hospital.

Suing the Church Trustees.

Louis F. Heyd, K.C., issued a writ yesterday morning on behalf of E. Harris against J. Yanover, I. Lavine, S. Rosen, P. Levi, J. Cooper, I. Levinson, J. Brody and B. Poliakoff.

Harris claims \$200 damages for being removed from the congregation of the Yonkeleok Church in this city. He by which he was removed from the congregation membership and the office of vice-president of the church, and desires to get an injunction to set aside a fine imposed upon him and ask for a declaration that he is the duly authorized vice-president of the congregation and for an injunction to restrain the defendants from interfering with the plaintiff.

WARRANT FOR WILSON.

Indianapolis, Ind., July 24.—Secretary W. B. Wilson of the miners received a telegram to-day from Parkersburg, W. Va., informing him that a warrant had been issued there for his arrest, on the charge of his having made inflammatory speeches, in disregard of the court's injunction. Mr. Wilson expects a deputy marshal will come here for the purpose of taking him before Judge Jackson at Parkersburg.

First Time in Years They Have Not Qualified for This Match.

First Stage in St. George's Vase

Blaisy Camp, July 14.—(Telegram Cable)—It is considered a great mistake that the rule of the Dominion Rifle Association prohibiting competitors coming to Blaisy more than twice in five years, should be kept in force. The unanimous opinion here is that the man who wins a place on the team at the annual matches in Ottawa should be allowed to go to Blaisy, no matter how frequently he has been there before.

For the first time in years not one of the Canadian team figures in the "All Comers" aggregate, in which prizes are awarded to the competitors whose scores in the Alexandra, Daily Graphic, Daily Telegraph and Graphic matches make up the highest aggregate.

Sergeant Geo. Mortimore was a contestant in the Steward Challenge Cup match and secured twenty-second place and prize of one pound. The distance was 200 yards with seven shots in a sitting or kneeling position.

In the Alexandra match, shot yesterday, Pte. Scott, 24th, Capt. Margat, 28th, and Capt. King, 34th, each won five pounds. Two pounds went to Lance-Corporal Moore, 35th, and Sergeant Moscor, 165th; Sgt. Perry, 16th, and Capt. Mitchell, 23rd.

Major R. J. 33rd Batt., 29, in a sitting or kneeling position, won the St. George's Vase competition took place today, the distance being 500 and 600 yards, with seven shots at each distance. The first one hundred in the first stage will be divided to compete in the second stage tomorrow, the distance of the range being 800 yards.

The scores of the Canadians at the various range to-day were as follows:

Bennett, Pte. W. E., 43rd D.C.O.R., 29
Bayles, Sgt. T. G., 10th R.C., 34
Carruthers, E. S., 35th, 33
Davison, Capt. L. G., 8th R.R., 34
Jones, Corp. J. M., 2nd Batt., 31
King, Capt. W. C., 40th Batt., 33
Mortimore, L. Corp. S. C., 6th D.C.
O.R., 30
Moscor, Col. Sgt. J. 6th D.C.O.R., 30
Mortimore, Sgt. G., 10th R.C., 28
Margat, Capt. T. C., 28th, 34
Mitchell, Capt. C. N., R.O., 34
Macdonald, Sgt. Major E. 6th R.C.A., 31
Perry, Sgt. S. J., 6th D.C.O.R., 31
Richards, Sgt. Major, 30th, 30
R.C.A., 31
Rennie, Capt. R., 2nd D.C.O.R., 30
Smith, Sgt. W. A., 43rd D.C.O.R., 32
Scott, Pte. S. C., 43rd D.C.O.R., 33
Skedden, Sgt. E. L., 13th Batt., 28
Sparling, Major R. J., 33rd Batt., 29
At 600 yards the best scores amongst the Canadians were made by Lance-Corporal Mortimore, 33, and Pte. Scott, 32.

Capt. Rennie of Toronto shot highest amongst the Canadians in the Grand Aggregate and won a gold watch, presented by the Canada Company.

Pte. Scott, who came second, was given a silver tea set by Lord Strathcona.

The annual garden party given by the Canadian team was a success. Among those present were Lord Strathcona and Mount Royal Canadian Commissioner, Lord Aberdeen, Sir Frederick Borden, Canadian Minister of Militia, Hon. W. S. Fielding, Canadian Minister of Finance, and Hon. J. G. (Gibson), former commandant of Ontario, and other prominent figures of the city.

There's No Use Paying for Water Twice Over.

When you buy an ordinary bar of soap you pay for so much water. It is the water that binds and holds together the soap particles, the active principle of the soap.

When you purchase a packet of HUBBARD'S DRY SOAP you get soap—only soap.

It is the soap that loosens up and takes out the dirt, therefore when you wash with HUBBARD'S DRY SOAP you are saving water.

Even the ends of HUBBARD'S have a powerful disinfectant value. Reporters on your sinks, woodwork, bathroom, and so on, and watch before using and keep in mind that this soap is a labor saver, a money saver and a woman saver.

ADDRESS TO BILLY PONTON

British Residents of Republic of Colombia Express Loyalty to the Crown.

HE IS CONSUL AT BOCAS DEL TORO

Did Not Know Coronation Was Postponed and Affair Went Off With Great Relief.

Belleville, July 24.—The Intelligence publishes in full an address which was presented to "Billy" Ponton, formerly of Belleville, by the British residents of the Republic of Colombia, on June 24. They did not know the coronation had been postponed and the affair went off with great relief.

Mr. Ponton is now acting British consul at Bocas del Toro, and the address was presented to him in his official capacity, expressing deep loyalty to the British crown and attachment to Mr. Ponton himself, who, as British consul, had done good service to the British residents of the Republic of Colombia, during the recent insurrection there. "Billy" Ponton in this vicinity is gratified to see that he is doing so well.

Just the Thing That's Wanted.—A pill that acts upon the stomach and yet is so compounded that certain ingredients preserve their power to act upon the intestinal canal, so as to clear them of excess, the retention of which cannot but be harmful, was long looked for by the medical profession, which are the result of much expert study, and are scientifically prepared as a laxative and an alternative in a

JAPAN CLAIMS MARCUS.

Yokohama, July 24.—It is officially announced that the Japanese cruiser Kasagi will convey the diplomatic agent of Japan to Marcus Island, 800 miles southeast of Yokohama. The explanation is that is the desire of the Japanese government to reassure the Japanese residents and convince them that the island is under the control of the Japanese government. It is asserted here that the island was annexed to Japan in 1898, and that it was discovered by a Japanese subject in 1879.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor discoloration and small dark spots, possibly due to age or handling. A faint horizontal crease is visible near the top edge. The page is otherwise empty of any text or markings.
