

Hamilton Happenings NOTICE TO HAMILTON SUBSCRIBERS

JURY WAS SATISFIED WITHOUT AN AUTOPSY

Decide That Lee Died From Natural Causes—H. G. & B. Cars Collide With S.A. Excursionists.

HAMILTON, Aug. 11.—(Special.)—That he came to his death from natural causes, was the verdict of the coroner's jury which investigated the case of Stanley Frank Lee, the Hamilton man and porter, who was found dead in his bed at the Cecil Hotel Tuesday morning.

At the trial, which was held at the coroner's court, the jury heard evidence from the doctor who attended Lee, and from the hotel manager, and returned their verdict in favor of natural causes.

At the trial, which was held at the coroner's court, the jury heard evidence from the doctor who attended Lee, and from the hotel manager, and returned their verdict in favor of natural causes.

Industrial Insurance Rates Reduced

by

The Prudential

Future Industrial Policyholders will profit to the extent of many millions of dollars by The Prudential's latest reduction in premium rates through increased benefits.

By the Company's voluntary concession, Industrial Policyholders whose policies were issued since January 1, 1907, and were in force July 1, 1909, will have

OVER \$20,000,000 ADDED TO THEIR POLICIES

Justice and liberality prevail in The Prudential's dealings with its Policyholders

What is Industrial Life Insurance?

It is a system of Life Insurance introduced on this continent by The Prudential and designed principally for wage-earners. Premiums range from 3 cents per week up, and are collected weekly by Agents who call at the homes of the Policyholders. The policies are issued from ages 1 to 70, for amounts from \$15 up, on the lives of both sexes.

The Prudential Insurance Co. of America

Incorporated as a Stock Company by the State of New Jersey
JOHN F. DRYDEN, President **HOME OFFICE, NEWARK, N.J.**
 Agents Wanted. Good Income. Promotion.

BRANCH OFFICES IN TORONTO AND VICINITY:

Geo. Birkett, Supt., Rooms 132-3-4, Confederation Life Chambers.
 Harry Robinson, Supt., Second Floor, Canadian Savings Chambers, 41-45 Adelaide St. E.
 A. R. Gunn, Asst. Supt., Room No. 3, Thompson Block, Keele & Dundas Sts., W. Toronto, Ont.
 F. W. Mason, Assistant Superintendent.

Prudential Agents are now canvassing in this vicinity. They have a most vital story to tell of how Life Insurance has saved the home, protected the widow, and educated the children. Let them tell it to you.

PARK OPENS ITS GATES FOR SUPERVISED SPORT

Experiment Promises to Be Marked Success—Hundreds of Children Enjoy Games.

A promising start in the direction of providing supervised playgrounds for the children of Toronto was made yesterday afternoon when St. Andrew's park, the two acre park on Eatherston street, was thrown open to the hundreds of youngsters flocked eagerly to the newly fenced area, and abandoned themselves to the delights of the means of recreation provided.

The occasion was marked by addresses from members of the city council, and of the Playgrounds Association, namely that the supervised playground is one of the city's greatest needs, and that the success of the experiment would soon be so apparent that playgrounds would spring up all over the city. It was pointed out that Toronto is a long way behind United States cities in regard to supervised playgrounds.

Controller Hocken was master of ceremonies. The Hesters were mostly children, but a few of their elders were present. Despite their exuberant spirits, the youngsters gave respectful attention until a passing fire engine caused a rapid exodus, but not long, as the delight of swings and teeters were too strong to be resisted.

The Speakers.

Those who spoke were Controller Hocken, and Ald. J. J. Graham, representing the city council, Park Commissioner Wilson, President C. A. B. of the Playgrounds Association, and other officers including J. L. Dillie, A. F. Lewis and Dr. Dillie. Mr. Lewis made himself popular with the children by suggesting the probability of a swimming tank. The playground is divided by a wire into separate sections for boys and girls. The boys are provided with swings, teeters, and courts, and the girls with teeters, and courts, basket-ball, and other apparatus. The most popular pastime was that of sliding down the chute, there being a long line of waiting little ones all afternoon.

The playground is in charge of Donald G. McMillen, formerly gymnasium instructor at Trinity College, Port Hope, and the Y.M.C.A., Starford. His salary is paid by the Playgrounds Association.

Extradition Judge Away.

Inspector Rodgers of the provincial detective force returned yesterday from Cleveland, where he went in connection with the extradition of W. Lockhart, alias "the timing promoter." He found the extradition judge away on his holidays. He is going back to Cleveland in a few days.

IN SOCIETY

Miss Irene O'Leary of Whitecourt street is spending August at Lake Rosseau, Muskoka.

Mrs. Cox of London, Eng., and daughter are the guests of Mrs. Ambler in Weston.

Mrs. P. McLeod of Bellwoods avenue has returned from a holiday trip to Stuyvesant.

Miss Audrey Herson and Miss Muriel Fensom have left for Orchard Beach.

Mr. and Mrs. F. W. Boustead are at Muskoka.

Miss Ada Smallpiece and Miss Grace Toms of Parkdale are visiting Mrs. Wilson in Buffalo.

The Arralwannas are holding their second summer dance at the island to-night.

Mr. and Mrs. J. B. McCarter of Chestnut Park-road are at present in Winnipeg.

Mrs. A. A. Dawson and daughter of Montreal are in town.

Mrs. Lamport is staying with Mrs. William W. Bruce at her cottage in Lake of Bays.

Mrs. D. J. Carson and family have returned home.

Mr. and Mrs. Arthur Thwaites, who have been visiting Mrs. Adams of College-street, have returned to their home in Ionla.

Mr. and Mrs. R. Hunt, Palmerston-boulevard, have left for a vacation in Louisville, Ky.

Miss Pearl Mitchell and Miss Mabel Conn are at Cedar Villa, Cheltenham, Ont.

Miss Edith Speer is spending a few weeks with Florence Henderson.

Dr. Zrara Craig and family have left for their home in Strathcona after spending some time visiting the former's father in "Devonshire-Villa," St. Clair-avenue.

Mr. R. Hamilton, St. Arthur-street, has left for Boston.

Mrs. P. McGill and daughter of Balm Beach-avenue are spending a few weeks with friends in Hamilton and western Ontario.

Miss Lottie McGill is holidaying on Lake Simcoe.

Miss Louise Burton of Chicago is the guest of Miss Genevieve Clark Wilson, 153 Admiral-road.

Mr. and Mrs. G. deW. Green of Grenville-street have returned after spending a month in Muskoka.

A Brooklyn despatch says: Rev. Andrew Irmie of Branford officiated today at the marriage of Miss Ethel Blanche Shields, B.A., M.A., of this town, to Rev. J. E. Slout, B.A., pastor of the Baptist Church, Weston. It was a pretty house wedding, celebrated at the home of the bride's father, Thomas Shields.

Mr. and Mrs. Thomas R. Henry have returned to town after spending the summer months touring the eastern states.

Succeeds Late Mr. Dryden.

At the regular quarterly meeting of the board of directors of the Continental Life Insurance Co. yesterday, George E. Woods, second vice-president and managing director, was elected president of the company, to fill the vacancy caused by the death of the late Hon. John Dryden. J. W. Scott of Ixstalow is first vice-president, and

VICTIM OF VENDETTA

Italian Slain by Brother of Man He Had Murdered.

NEW YORK, Aug. 11.—Victim of the vendetta, Rafael Gascone, defended by Albert T. Patrick and beheaded by Harry K. Thaw, whom he came to know in the Tombs, died this afternoon in a hospital where he had lingered since he was shot on the street last night by a boy of 16.

With his dying breath, Gascone today charged young Santanelli Amato, with having shot him "in revenge for my having killed his brother," the ante-mortem statement reads. Gascone signed the accusation with a cross.

Within an hour he was dead and Santanelli was seriously stabbed when Gascone turned and grappled with him after the shooting. He is in a hospital and if he recovers will be manined for life.

MODERN FIRE TUG

MARVEL FOR UTILITY

Continued From Page 1.

erning, or reversing the exciter bus current supply to the generator field. The motor fields are connected directly across the exciter buses, and are thus maintained at a practically constant excitation. Circuit-breakers inserted in the main motor circuit are brought into the pilot-house and are thus under the supervision of the man in charge of navigation.

Three Hundred Pounds Pressure.

The centrifugal fire pumps are of the two-stage type, with 14-inch suction and discharge. The two pumps are together capable of furnishing 9000 gallons of water per minute, at a pressure of 350 pounds per square inch.

The pumps are running at the rated speed of 1700 revolutions per minute. By branch pipes, properly fitted, the discharge of one pump can be turned into the suction of the other, thereby running the pumps in tandem as one four-stage pump, then delivering 4500 gallons per minute at 800 pounds pressure. This, going thru a 3-1/2 inch nozzle, or course, makes a powerful and effective stream.

At 125 pounds pressure these pumps will deliver 5500 gallons per minute. A great advantage of the centrifugal pump for this service is that the volume and capacity can be varied at will. Combined with this is a smoothness of operation and avoidance of necessity for attention not found in any other pump. If inadvertently all the discharge openings should be closed at once the pressure rises but slightly, and there is no danger of bursting hose pipes or valves.

The fire pumps draw from a 14-inch header, extending across the engine-room immediately forward of them, and deliver to turrets on deck directly above. The deck turrets are set diagonally, and each has nine 3-1/2 inch openings for hose, with quick-moving lever valves at a convenient height. At a height of about seven feet above the turrets is an oval platform carrying the two 3-1/2 inch pipes. There are no other monitors on the boats. Fire Marshal Horan holding the opinion that smaller ones forward and aft are unnecessary.

Apparatus in Duplicate.

Between the turbine sets and raised above the floor under the deck-beams is a surface condenser, built by the Alberg Condenser Co. of New York City. The wet and dry vacuum pumps are directly beneath the condenser. A ten-inch centrifugal circulating pump is placed on the port side shaft of the turbine set. The capacity of this pump is 3000 gallons per minute. It is fitted with a large suction, so that it can be used for pumping out the engine-room in case of necessity. Feed and pony pumps, a sanitary pump, etc., are placed on the bulkhead next to the boiler room.

The two boilers are in the compartment next forward of the engine-room, and are placed side by side, facing forward. These boilers are 12 feet 6

CANADIAN PEACHES IN

Niagara District Sends Shipments to Toronto Market.

Canadian peaches and plums from the Niagara peninsula are arriving at the Toronto market daily in increased quantities.

The largest shipments of the season so far came in yesterday by rail and boats from seven or eight hundred shippers. Dealers report that the peaches now arriving are mainly of the cooking variety, and that the best fruit will not be coming for a couple of weeks yet.

The best classes of plums are also still to come. Those now on the market are being sold by the jobbers at from 50 to 60 cents per basket.

IRON WORKER'S ESCAPE

Heavy Girder Falls on Him, But Gets Hold Part Weight.

James Carr, 272 Palmerston-avenue, foreman for McKenzie and McIntyre, who are building the new Shea theatre at Victoria and Richmond-streets, had a narrow escape from serious injury yesterday.

The workmen were rolling a two-ton steel girder into the building, when it fell over and Carr was knocked down. The girder fell on his leg and partly on his shoulder. He was not crushed, because the edge of the girder struck the gate and remained there, with part of its weight on him and the rest on the gate. His injuries only amounted to a few bruises and he was back on the job after 15 minutes' rest.

Judges For the Show.

ST. CATHARINES, Aug. 11.—(Special.)—The following judges for the Niagara District Flower, Fruit and Vegetable Show, to be held in this city Sept. 19-25, have been appointed: Vegetables, George Willis, Hamilton; apples and pears, Walter H. Demoss, Trenton; plums, Ed. Henry, Winona; grapes, Murray Pettit, Winona; peaches, J. W. Smith, Winona; boxed fruit, A. McNeill, Ottawa and P. J. Casey, Toronto.

BREDIN'S "BEST"

Making bread is a matter of putting the ingredients together and applying the oven heat.

Making good bread is a matter of care in the putting in of the ingredients, and care by the bakerman in the processes of production.

Making of the best bread requires skill in selecting the ingredients, great skill in having them properly proportioned, and greater skill in applying the heat that goes to make the perfect loaf.

In Bredin's best you find all the elements that warrant its name. Added to this is the fact that every loaf is wrapped tight in an air-tight rice paper wrapper—so there is absolutely no handling of your loaf before it reaches your table. Try it.

LARD IS UP Scarcity of Hogs Responsible for Increase of Cost a Pound. Lard has been boosted about a cent in price by the jobbers and is now selling at the following figures: In Hecox 14-25; in tubs 14-30; in pails 15c. The retailer's price is about 18 cents per pound.

A RURAL PROTEST. Master Editor: Dear Sir: Why should onest farmers be choked with the dust from their own mills? Their things are the roads to peace and rest. It is this, that their things should be made to carry a bar of water to dribble on the roads they go. If every order more bill would sprinkle a little water on these roads it would be well enough to have a Jute of a dust. Peel County.

Loss an Arm. PETERBORO, Aug. 11.—Jas. Craighhead, a C.P.R. brakeman, was knocked from a car while shunting and his left arm so badly mangled that it has been amputated.

The Toronto World

LANDLORDISM IN COBALT. The World in the last few days has been devoting considerable attention to conditions at Cobalt, both in the way of transportation, and the way of municipal government.

It is evident, as far as Cobalt Town is concerned, that some kind of remedial legislation and the amendment of the mining law is immediately in order, for a system of landlordism never contemplated by our legislature or by the mining companies is now in process of establishment in that busy town.

The government should find a way of having a portion of every mining camp set apart for business and residence purposes, and providing that those who desire it should be able to get a title sufficient to encourage them to put up substantial buildings.

There is no proper hotel in Cobalt for the accommodation of the public who have to go there on business, and there are many other things that ought to be corrected, but which seem only to grow more aggravated as time goes on and the rush of population increases.

The condition of affairs in Cobalt, as revealed in an editorial from the Cobalt Nugget is worthy of careful perusal by the government.

It is all very well to sell mining rights to mining companies, but certain reservations should be made in all of these deeds that would enable the government to provide for a town, and for municipal institutions, and the conveniences that go with a town.

What does the Ontario Government propose to do with this new attempt to introduce landlordism and ground rents in what was only the other day the wilds of Ontario, and to remedy this lack of municipal organization?

The condition in regard to landlordism is set out in the following paragraph, printed in The World of yesterday:

Demaskings Herald, Aug. 4: On Wednesday afternoon, the late of the Nipissing property, where the recent fire caused such a scene of desolation, the object being to arrange prices for the lots which will be eventually sold for new buildings.

That a commission is unsatisfactory is proven by the fact that the present commission takes hundreds of thousands of dollars in the way of royalties out of Cobalt yearly and gives back practically nothing to help the town make permanent improvements and relieve the unsanitary conditions of which Mr. Maclean complains.

When the World mentions a commission it means a commission made up of high-class men, paid good salaries, to do a special work and to give their whole time to that work.

HASSAN CORK TIP CIGARETTES THE ORIENTAL SMOKE TEN FOR 10c.

erned by three or five men paid \$15,000 apiece, who gave all their time to civic affairs, and to the solution of civic problems, and who would discharge their duties on absolutely business principles.

Such a commission would be the best possible thing for the municipal administration of Cobalt and Coleman today, and so would such a commission be the best possible thing for the Temiskaming and Northern Ontario Railway.

Cobalt Daily Nugget, Aug. 2.—Editor Maclean of The Toronto World, after a visit to Cobalt recently, wrote a number of letters on this north country which show how erroneous the impression is that a visitor may secure from a brief sojourn in a place, impressions which would be entirely changed by those who are acquainted with the conditions prevailing at the place in question.

Mr. Maclean should have ascertained that it is the town council which has been urging the opening up of the 100 acres at the head of Prospect-avenue for residential purposes, and that it is the commission to Montreal, and not the town council, which is to give these surface rights, which says "No" and by this decision compels the overruling of which Mr. Maclean complains.

The Toronto editor should have also found out that it is the commission appointed by the same power that would appoint a Cobalt town commission, if we had one, which God forbid, would be to pay double rates for our telegraph messages, in other words, 50 cents for 10 words, while the Toronto rate is only 25 cents. The same overcharge is made on long distance telephone calls by grace of the commission.

That a commission is unsatisfactory is proven by the fact that the present commission takes hundreds of thousands of dollars in the way of royalties out of Cobalt yearly and gives back practically nothing to help the town make permanent improvements and relieve the unsanitary conditions of which Mr. Maclean complains.

When the World mentions a commission it means a commission made up of high-class men, paid good salaries, to do a special work and to give their whole time to that work.

When the World mentions a commission it means a commission made up of high-class men, paid good salaries, to do a special work and to give their whole time to that work.

CHIEF ASKS FOR FIRE TUG ALDERMEN IMPRESSED

Improved Fire Alarm System Proposed—Lessons Taught by Island Conflagration.

That the city purchase a fire tug at an expenditure of from \$75,000 to \$125,000 was the recommendation made by Chief Thompson at yesterday's special meeting of the fire and light committee.

Chief Thompson and Chairman Ald. Church, who ask the board of control to provide funds for a new building in which to install a modern fire alarm system, also asked to provide three additional firemen for the island and a scow to carry fire engines to the island.

Chief Thompson told the committee that the fire boat would be very effective and that the fire department was in a position to handle any emergency.

The Englishman has been an exceedingly careful and, on the whole, a successful mining investor. History shows that his race has not been in Africa, Central America, Mexico, United States, and Canada.

The first practical and extensive effort to follow Kipling's advice, "Pump in the Whites," concerning the colonization of western Canada, will be made by Robins, Limited, who have launched a scheme of importing a splendid class of German settlers to this country.

The idea is a new one, and the firm is leaving Toronto to-day for the purpose of opening branch offices in Winnipeg, Calgary, and Edmonton in connection with the movement.

On his recent trip abroad, F. E. Robins secured the proposition to relieve the congestion in that country by colonizing the Canadian west.

The success of these enterprises will be one of the first steps in obtaining large-scale immigration to the west.

Mining the Proper Way. On all these properties, the most approved mining methods have been employed. Their success will have a tremendous bearing on the future of the west.

That interest in these districts is growing has been indicated in many ways. One cannot ignore the fact that immense sums of private capital are being poured into the development of mines in the west.

Another widely known property, the Bartlett Mines, is to-day being operated in a manner that indicates the faith of the management in their extensive holdings.

Many prominent mining men have visited these camps on behalf of various interests during the past few months. Among these is Alton Dickerman, an eminent mining engineer of Boston and New York, who has just inspected a number of properties at Gowganda.

Provincial Visitors. Many prominent mining men have visited these camps on behalf of various interests during the past few months.

Spent Sunday at Rochester or Ontario Beach, N.Y. Toronto to Charlotte, N.Y. (Port of Rochester) and return Only \$1.50. Steamer leaves Toronto 10.30 p.m. Saturday, Aug. 14. Return leaves Charlotte, N.Y., Sunday, 10 p.m.

Smothered in Wheat. ROCHESTER, N.Y., Aug. 11.—Cecl Sedam, aged 11, while playing around a bin of wheat at the storehouse of the Erie R.R., fell into the bin, and with Neil Watkins, a cowman, was carried beneath a rush of wheat. Cecl was smothered to death.

Lawson Still Amazes. COBALT, Aug. 11.—(Special.)—Lawson still holds the lead as a wonder in the camp. To-day a stringer two inches wide, composed of plate silver, running out of the new Lawson find was uncovered.

A Query. Where is the man with the scheme and the plan of some years ago, for a filling in from the island side of the Queen's Wharf entrance of the harbor to Hanlan's Point, and a road and street railway round the island to the mouth of the Don?

EATON'S FRIDAY BARGAINS

PORT COBALT

These are the lots in Port Cobalt that we are offering to-day. We have sole control of the sale of these lots. They are the best in Port Cobalt. Other blocks in Port Cobalt are being snapped up by Cobalt and Haileybury buyers. Here is the chance for South Ontario and Toronto buyers. We have had these 400 lots reserved for them and we had to hustle to get them.

Prices, and only one price :

Lots west of Giroux street (also west and north of the Temiskaming and Northern Ontario Railway) \$100 each; \$25 down, balance on delivery of deed within 10 days.

Lots on west side of Main street, \$150 each; \$25 down, balance on delivery of deed within 10 days. The trolley line is already graded on Main street past these lots.

Lots on Station street \$125 each; \$25 down, balance on delivery of deed within 10 days.

Lots on Cross Lake Road \$150 each; \$25 down, balance on delivery of deed within 10 days.

All the lots in the two full blocks between Birch street and Spruce street \$80 each; \$20 down, balance on delivery of deed within 10 days.

Buildings are going up in every direction in Port Cobalt. Buyers welcome to visit and see the town for themselves.

You will not be able to get these lots for double the money in 10 days.

First come, first served.

Greater Cobalt (Haileybury, Port Cobalt and Cobalt) will be a great city on Lake Temiskaming (Ottawa River) and the wealthiest and most productive city of its size in the world. Port Cobalt is to be the hub of the Cobalt mines as it will

have trolleys to Cobalt, to Kerr Lake, to South Lorrain (a great coming camp)

Fight Grows Furious As It Draws Nearer Close

Toronto World's \$15,000 Popular Contest Proves To Be Even Greater Success Than Was At First Expected.

ONLY MONTH REMAINS IN WHICH TO WORK

When a large newspaper opens a contest in which the prize amount is \$15,000, the reading public naturally becomes as interested in its progress as the journal that conducts it.

The newspaper which can answer all these questions with positive gratification and certainty must please its readers in doing so, for the stimple reason that the public applauds equally either for the spectators or the contestants.

With the close of the World's popular contest only a month away, we can proudly say that the event is going on splendidly; that it is a much greater success in every respect than we had expected; and the finish promises to be the most exciting of any ever held in Canada.

Fighting Growing Furious. At midnight on September 10th next, the last ballots in the popular voting contest will have to be in.

Way to Offer Encouragement. Look over the list published herewith. Study it, think of the hard fight the contestants are putting up to win prizes of a lifetime, and then decide whether it is not a good thing to move every stone in favor of the one you are anxious to help.

Now is the time to lend a helping hand, to turn a few hundred votes in for your friend and lift him or her from a second, third, or fourth place up into the first place, and to keep the ground that is won.

Copper Issues Are Stronger Some New Records Are Made

M. and Con. Gas Sell Higher—Flurry in Mackay—Local Market Listless But Firm.

World Office, Wednesday Evening, Aug. 11.—The Toronto Stock Exchange was listless affair to-day and there was little in transactions calling for comment. Trading was on the easy side and price changes unimportant. The majority of the listed issues dealt in during the session, following a rather uninteresting feature of the day's trading was the strength displayed by Mackay common, which was the most active stock in the market. The opening quotations were 83 1/2, an advance of half a point over yesterday's close, and the shares rose up nearly a point during the session, following a flurry of Wall-street, where 84 1/2 was reached. The movement was on a scale, however, that was not sufficient to bring the price up to 85 1/2 here at the close.

Railroad Earnings. Increase in Great Northern, 11,340,153; in Southern Pacific, 157,000; in Chicago, Milwaukee & St. Paul, 10,000; in Northern Pacific, 10,000; in Canadian Pacific, 10,000; in Great Northern, 11,340,153; in Southern Pacific, 157,000; in Chicago, Milwaukee & St. Paul, 10,000; in Northern Pacific, 10,000; in Canadian Pacific, 10,000.

On Upward Grade. A circular letter regarding the C.P.R. appears to be having a slight effect on the shares of the company. The price of the stock has advanced a point to 155 1/2, but was weaker at the close. The lowest price reached here was 155 1/2, the closing quotation being a point above that figure. The other listed issues were steady around yesterday's quotations. The market for copper issues was exceeding active to-day, only two of the banks being represented in the transactions. The shares were steady, with Leas slightly easier at \$3.40.

Wall Street Pointers. Domestic exports for July valued at \$1,175,511, against \$37,410,085 in July a year ago. Improved demand for copper metal continues. Forty million dollar stock issue by Louisville and Nashville probable. Baltimore and Ohio stockholders rally. Cincinnati, Hamilton and Dayton merger.

On Wall Street. Great strength in a few stocks developed in the last hour and the market closed strong. There was no news but rumors were current that something important regarding Union Pacific would come out to-night. This was not confirmed, but the postponement of the story until the morning has caused speculation to be very active. The market is in such a position that it will require artificial stimulation every now and then to keep it from falling into a slump. Steel is being absorbed here, and the rate of 45,000 tons a day. Business now on hand guarantees net earnings for the first quarter of the next year breaking all records. Our firm belief that such reactions as those of to-day should be taken advantage of to purchase good stocks.

Money to Loan. On Improved Farm or City Property AT LOWEST CURRENT RATES. COMMISION PAID AGENTS FOR PROCURING LOANS. THE TORONTO GENERAL TRUSTS CORPORATION. TORONTO WINNIPEG OTTAWA 25

THE STERLING BANK OF CANADA. Notice is hereby given that a dividend of one and one-quarter per cent. (1-1/4 per cent.) for the quarter ending July 31st instant (being at the rate of 4 per cent. per annum) on the paid-up per cent. (8 per cent.) has been declared, and Capital is hereby payable at the Head Office and branches of the Bank after the 15th day of August, 1909. The transfer books will be closed from July 15th to July 31st, both days inclusive. By order of the Board, F. W. BROUGHAL, General Manager. Toronto, July 6, 1909.

and to-day's reaction tended to increase the short interest to quite an extent, and on any covering operations, prices will advance very sharply. Judging from the character of the buying late today we are on the eve of another big advance and we look for another big day to-morrow with higher prices all around.

Money Markets. Bank of England discount rate, 5 1/2 per cent. Short bills, 1/4 to 1/2 per cent. Three months' bills, 1/2 to 3/4 per cent. New York call money, highest, 1/2 per cent. lowest, 3/4 per cent. Sterling, 60 days' sight, 4 1/2 per cent. Cable rate, 100 to 105.

Foreign Exchange. Glasgow, 100 to 105; London, 100 to 105; New York, 100 to 105; San Francisco, 100 to 105; Mexico, 100 to 105; Canada, 100 to 105.

York County and Suburbs

ENQUIRIES FOR NORTH TORONTO LOTS B roadway-avenue Property to Go on Market—Councillor Parke Improving.

NORTH TORONTO, Aug. 11.—(Special.)—Continued improvement is noticeable in the condition of Councillor Parke, and bright hopes are entertained for his ultimate recovery. A public meeting will be held in the town hall on Friday evening to consider ways and means for organizing a town band. Everbody old and young musicians and lovers of music are invited to attend on Friday evening. No progressive town like North Toronto ought to be without a town band. Mr. Jennings of A. C. Jennings & Co., the real estate brokers, says that never in his experience have there been so many enquiries for North Toronto property. Enquiries are coming in all the time from many towns and cities in Ontario. The fame and opportunities of this northern suburb appear to have gone far and wide. Mr. Jennings will in the course of a few days commence the campaign of handling the famous Cleverly estate, consisting of about sixty acres on Broadway-avenue. Mr. Jennings is having Broadway-avenue opened thru to Bayview-avenue. This avenue, when completed, will probably be the finest in the City of North Toronto. It is his intention to sell this property in acre blocks, with reasonable restrictions to keep the district high class. Last night a married woman, about 25 years old, was taken to Chief Collins' house in a weak condition, having rammed all day with a baby in arms. She had been to the Woodbine and walked all the way here. Dr. Jeffs attended her and advised her to be taken to a hospital. Her husband, who lives on Westmoreland-avenue, was sent for to-night and he took the woman home. He said his wife had been in the habit of wandering off and tramping for hours without a fixed destination. John Klees, 904 Yonge-street, had a harvest bed at his new home on Rowland-avenue. The property was sold and other guests were served with tea on the lawn.

STREET NAMES CHANGED

West Toronto Ex-Aldermen Have Names Perpetuated. WEST TORONTO, Aug. 11.—When expectation came into effect, several street names in West Toronto were the same as those in the city and arrangements were made to have the names readjusted. The change took effect to-day when several streets were re-named. The changes are: Albert-street to Wakefield-street, Albany-street to Gunn's-road, Richmond-street to Do'do-avenue, Beatrice-street to Conduitt-street, Churchill-avenue to Perth-avenue, Carlton-street to York-street, Carlton-place and Charles-street to Miller-avenue, D'Arcy-street to Coback-street, Edmund-street to Olenet-street, Edith-crescent to Gourlay-crescent, Elizabeth-street to Runnymede-road, Edw'n-street to Cobalt-avenue, Frank-avenue to Bay-avenue, Frederick-street and Lansdowne-avenue to Gilmore-avenue, Grove-avenue to Lloyd-avenue, Hokin-avenue to Quebec-avenue, Herbert-street to Birch-street, Herbert-avenue to Willard-avenue, John-street to Wilson-street, King-street to Ford-street, Louis-street to St. John's-road, Lakewood-avenue to Evelyn-street, Main-street to Mayet-street, Main-street to Market-street, Ontario-street and Union-street to Woodville-avenue, Peel-street to Beverd-avenue, Pine-avenue to Howell-street, Queen-street to Oler-avenue, Robert-avenue to Keating-avenue, Solo-street to Chelsea-avenue, Spruce-avenue to Whetter-avenue, Thomas-street to Jennings-avenue, Van Horn-street to Chelsea-avenue, Victoria-street to Townsend-avenue, Whitney-avenue to Mulock-avenue, Wilson-street to Howntree-street, Wellington-avenue to Halin-avenue. The names of several ex-aldermen of West Toronto City will be perpetuated by the change of street names. The lucky men are: Sam Ryding, W. H. Ford, Wm. Maher, W. W. Howell, F. Whetter, R. C. Jennings, Joe Rowntree and Alex Hall. The 20 yards flat at Boness-avenue, which West Toronto people have been practicing for the past ten days will continue until Monday next, when the street cars will again run over this section of Dundas-street. The laid, but the brickwork will not be in position until the end of the week. Some of an innovation in the line of street names was put off at the Davenport Methodist Church. A spring lamb was let loose on the lawn of the young lady competitors started off to capture the little animal. The lucky girl was Miss T. Hilday who succeeded in bringing home the trophy. Upwards of 200 people went with the excursion this afternoon, and a most enjoyable time was spent by the party. A long program was gone thru, including a tug-of-war in which a team from the Latham brickyard defeated the Townsley brickyard team.

PORT CREDIT.

St. Patrick's Church Will Have Old-Fashioned Picnic. PORT CREDIT, Aug. 11.—An old-time society picnic is to be held here on Wednesday, the 18th, by St. Patrick's Church, that is to be the real thing. The afternoon will be fully taken up by speeches by Attorney General J. J. Roy and other prominent speakers, and by numerous athletic events, runs, and hammer throwing, etc. The team managed by Tom Conacher, and they expect to win most of the events. There will be a garden party in the evening followed by a grand dance, for which will be supplied by Gilmora's famous orchestra.

PROGRAM FOR EXHIBITION

Finest Bill of Attractions Ever Presented Here. The program of special attractions at the Canadian National Exhibition, which has just been issued, shows that the entertainment part of the big fair to be more extensive than ever before. The program in front of the grand stand is divided into three parts, of an hour each. The first hour is given to vaudeville and the bill has to be well squeezed to get it on to the four stages in that space of time. The second part is given over to the military tournament, which includes the musical drive by the artillery, the musical side by the dragons and noted competition, in many of which corps will be matched against corps. The third hour is filled with everything with the British army quadrilles and tango with ten massed military bands, and the Battle of the North Sea. The whole concludes with a 15-minute display of everything that is new in fireworks. Add to this bill the model military camp, the blowing up of ships by submarine mines on the waterfront, horse races, daily displays of Japanese day fireworks, athletic sports, etc. It will be readily admitted that this is the greatest bill of specials the Canadian National ever presented.

EAST TORONTO.

Mr. D. Morgan and family are spending their vacation at Riceville, N.C. A wedding will take place this afternoon, when Miss Maude Miller, eldest daughter of Edward Miller, will be united in marriage to John McCracken, second son of Peter McCracken of Swanwick-avenue. The ceremony will be performed by the Rev. Mr. Rogers of East Toronto Presbyterian Church. Those who have kindly consented to act as patrons at the big field day to be held by the East Toronto T.M.C.A. on Aug. 25 are: Brotherhood of Locomotive Engineers, Order of Railway Conductors, Brotherhood of Locomotive Firemen and Engineers and Brotherhood of Railway Trainmen.

TAX ON CORPORATIONS

Too Soon to Announce Policy, Says Premier. Sir James Whitney said yesterday in regard to the report that the government is contemplating a tax on stock transfers: "It is too early for the policy of the government to be made known on any subject. I must not be held responsible for suggestions as to what should or should not be done, and, therefore, I cannot be expected to say anything about this question. I believe that large sums of money are realized by the State of New York from the taxation of transactions in stocks and mortgages, and I believe that the Province of Quebec also gets considerable, also I do not know how much."

NEAR-DROWNING

Boy Pulled From Water at Centre Island. A small boy, 7 or 8 years of age, narrowly escaped death by drowning in the lagoon at Centre Island yesterday morning. The boy was attracted to the spot by a child who said that his chum had fallen into the water. The boy jumped in and was pulled into a boat and pushed out to the spot indicated in time to see a small hand reaching up from the water. He pulled the little fellow into the boat, and after getting him to land, commenced rolling him. After working on the boy for a few minutes he revived and was able to go home.

HUGE SALMON CATCH

All Records Are Broken on the Fraser River. VANCOUVER, Aug. 11.—All records in the salmon catch on the coast were surpassed to-day when the Fraser River fishermen and gill netters and purse seiners of Puget Sound were forced to abandon work because they could not dispose of the catch. There is the enormous total of 1,234,000 sockeyes in the Fraser River, Bellingham, Blaine and Anacortes canneries. Thousands of the fish are going to waste; the cannery are not prepared to handle the surplus, but are speeding machines and men up to the highest notch and running the entire 24 hours without stop.

Six For a Dollar Tickets.

The six for a dollar tickets for the Canadian National Exhibition have been on sale for some weeks, and they are selling very rapidly. The public wishing to secure these reduced admission coupons should get them before the supply is exhausted. They can be had at the office of A. P. Webster & Co., northeast corner King and Yonge-streets. English Students on Tour. A party of engineering students from British universities, who are making a tour of eastern Canada, to study engineering methods, arrived in the city yesterday morning, and last evening left for Cobalt. The tour was organized by Nugent H. Cloucher, Toronto man who is attending London University. They will return to Toronto on Sept. 1.

Strike-Breakers Leave.

About 30 men went out on the Winnipeg train last night, en route to Port Williams, to take places of striking truckmen. The company expects to be able to gather a full force of strike-breakers and have them handling at the west end of the lake run, moving regularly within a few days.

Canadian Purify Association.

At the Canadian Educational Purify Association meeting, Dr. Jennings gave an address on "Reproduction of Animal Life," dealing with it in all phases from origin to development and responsibility of individuals. Will Recover. William Davidson, the young Scotchman living on Alton-street, who was stabbed over a year ago by his brother Charles, will probably be in the hospital again.

THE SIMPSON COMPANY, LIMITED

Bargains in Every Department of the Summer Store

Bargains in the Cloak Department's Summer Clearing Sale

FRIDAY is Bargain Day, which fact perhaps saves thousands of dollars. You know what we are doing—a five-day clearing sale of summer materials left over in our factory and made into the prettiest summer suits and dresses to clear at a cost of the goods alone. Friday is the third day of the sale, and BARGAIN DAY!

- \$1.95 WASH COATS FOR 75c. \$1.95 TO \$4.50 SUMMER DRESSES FOR 95c. \$6.50 HAND-MADE LACE COATS FOR \$2.95. \$1.95 GIRLS' DRESSES FOR 75c. \$1.95 LADIES' SKIRTS FOR 95c. \$1.95 PRINT WRAPPERS FOR 95c. \$1.95 TAFETTINE SKIRTS FOR 95c. SPECIAL \$2.95 GIRLS' SUITS FOR 95c.

HERE we are in the beautiful month of August. Summer trade is at the stage now when the users of summer goods have most need for them and merchants least. New stocks occupy our attention now—summer goods must hurry up and get out of the way. Every department is offering bargains to-morrow, but some are emphasized more than others because they have news of greater interest. We dwell upon

The Hosiery Sale. The Furniture Sale. The Cloak Dep't Sale.

The store is beautifully cool these days. The hot street seems far away, once you step inside the doors. Come early before the crowds.

Bargains in the August Sale of Hosiery

INVIGORATING is the word for this sale. Lovely new stockings for a few cents per pair—thousands of pairs and the very newest turned out by the European mills.
