## HIGH COURT JUDGE ASSAILED AS SCOUNDREL

Member of B. C. Legislature Declares Leading Judge to Be a Fugitive From Justice in Yukon Courts.

VICTORIA, B.C., March 4.—(Special.)—A remarkable attack on the supreme court bench of British Columbia was made in the legislature today by A. H. B. MacGowan, member for Vancouver. In referring to a bill to amend the supreme court act of the province, MacGowan moved that a new section be added reading: "Provided, however, that no person shall be eligible for the position of judge of the said court, or sit in judgment on any case, who has been tried and convicted of crime, or who has been charged, and not absolutely exonerated, of such charge, or against whom the slightest suspicion of wrong doing remains."

MacGowan said he had never had a case before the supreme court, and he hoped to God he never would. The judiciary was bad. The judges were appointed thru political influences. The highest legal authorities in the province had characterized the supreme court bench as composed of two lunatics, one fool and one scoundrel and fugitive from justice. The three former he would leave to their deserts from the Almighty. Of the latter, he had something to say: The perquisite of a judge was to protect those unable to protect themselves. The man of whom he spoke was better fitted for the penitentiary than to hold any position in the courts of the land. He was worse than a leech, sucking the life out of the people. There were delays, unjustices, wrongs that he would not hold in his hands. He was worse than a leech, sucking the life out of the people. There were delays, unjustices, wrongs that he would not hold in his hands.

## ELOPED OVER ICE BRIDGE

Crowds See Young Couple Pursued by Angry Father.

NIAGARA FALLS, March 4.—(Special.)—Followed by the angry father of the girl, an exciting chase of an eloping couple over the ice bridge this afternoon gave a lot of people a breathless half hour. Hurrying down the hill leading to the ice bridge, a young and fashionably dressed couple were noticed making for the icebridge. After them, in hot chase, ran an elderly man in silk hat, perspiring from his unwonted exertion. The eloping couple succeeded in holding their lead and made the toilsome journey across the ice path to the American side. There another man held up the fleeing couple until the arrival of the pursuing father.

## PHONE SERVICE FOR FARMERS

ELECTORS OF ONTARIO: Cut out the accompanying card, sign it, place it in an envelope, and address it to your local member at the Legislature, Queen's Park, Toronto. Mr. Charters' bill is designed chiefly in the interests of the farmers, but it will help every telephone user in the province, and will assist every independent telephone company in its struggle with a monopoly. Let your member know you want him to support it.

I am one of the voters in your constituency, and I wish you to represent me in supporting the telephone bill introduced by Mr. Samuel Charters. I want fair play to the telephone users in the province, and protection for the independent rural and farmers' companies from monopoly.

## Senator Accused of Taking Bribe

SENATOR JOTHAM P. ALDIS of the New York Legislature, who has been on trial before the senate for the past three weeks on accusations by Senator Conger of accepting \$1000 to kill legislation antagonistic to the "Bridge Trust." Conger has sworn to certain meetings and transactions with Aldis, which the latter stoutly declares to be "absolutely false."

YESTERDAY he exhibited his bank books and business records for the past nine years, and dared his accusers to find anything to strengthen their charges. Aldis admitted that he is a retained attorney for the New York Central and Lackawanna Railways.

## NO PROOFS, NO HONORS, ULTIMATUM TO PEARY

Sub-committee on U.S. Naval Affairs Won't Take Them in Confidence.

WASHINGTON, March 4.—Proofs of Commander Peary's discovery of the north pole caused a row in the sub-committee of the house committee on naval affairs today. Two members of the National Geographic Society appeared before the committee with copies of Mr. Peary's proofs, to urge the granting of a suitable reward by congress to the explorer, but the committee declined to receive them in confidence.

It was declared that unless the Peary proofs were forthcoming to the full satisfaction of the committee, every bill introduced for the purpose of rewarding the north pole discoverer will be pigeon-holed.

## G. P. R. THE PURCHASER OF JAMES BUILDING

Will Erect 16-Storey Structure on Site and Hotel on Government House Property.

That the C. P. R. is the purchaser of the James Building at the corner of King and Yonge was stated to The World last night by a prominent real estate broker. Finding their present offices too small for their recent great expansion of business, they have decided to erect a 16-storey office structure on the site of the present James Building.

## TORONTO TO GET CONTROL OF STREETS

Sir James Whitney Introduces Bill to Draw Teeth of Privy Council Street Railway Decision.

Street Railway may not go on any street and lay down tracks without the authority of the Ontario Railway Board.

While the persuasions of Controller Spence and the mayor failed to move the stony-hearted private bills committee to grant permission to the city to expropriate the Toronto Street Railway, two gleams of sunshine filtered into the municipal situation when Sir James Whitney arose in his place in the legislature to introduce his amendments to the "Ontario Railway Act, 1906," and to the "Ontario Railway and Municipal Board Act."

THE FIRST provided that where a corporation had power to lease or agree with other persons for the construction of a line or lines of railway, it should also have the power to construct and operate these itself.

THE SECOND, he stated, grew out of the local situation. Should the privy council uphold, as seemed likely, their former decision, the result would be that the Toronto Railway Co. would have power to go on any street in the City of Toronto and put down any line or lines of those without the consent of the citizens.

THE MUNICIPALITIES are entitled to the highways for the public alone. "The most casual passerby for the last ten years who has observed the street railway situation in this city must have come to the inevitable conclusion that no agreement is possible between these parties. I don't want to say where the blame lies; I don't know where the blame lies; but I rather suspect that it lies partly in both."

THE PREMIER'S bill to amend the Railway Board Act provides that when in the opinion of the board the equipment of a railway is unreasonable, unsafe, etc., the board shall have power to detain and proscribe the equipment suitable to remedy the deficiency.

IN REGARD to street railways, it places in the hands of the Ontario Railway Board exactly the same jurisdiction as the Dominion Railway Board has over similar street railways incorporated at Ottawa.

THE BILL passed its first reading without further discussion. H. G. Lackner (North Waterloo) asked the house to allow the railway committee to reopen the People's Railway Bill, introduced last week. The company wanted to build some extensions around Berlin and wanted to use hydro-electric power.

HON. COL. HENDRIE said the committee should consider the question of branch lines. Western Ontario should not be allowed to be blanketed with charters of railways that would never be built.

HE BLAMES THE DOG. A. C. Pratt (St. Norfolk), in moving the second reading of his bill to amend the Ontario Game and Fisheries Act, by restricting the use of dogs in hunting deer, stated that 50 per cent of the vagrant dogs of the north country were kept for hunting. When they hunted deer for two weeks, they came back and killed the sheep.

THE BILL was withdrawn on the suggestion of the minister of public works. In answer to a question of Hon. A. G. MacKay, the minister of public works stated that the road from Sudbury to the Soo was commenced in 1907; in 1908, 82 miles were built and 24 graded; in 1909, 22 miles were graded and about 40 commenced; the average cost per mile had been \$956.81. In 1907 the amount expended had been \$2657.78; in 1908 it had been \$40,961.49 and in 1909 \$33,806.62. All contracts had been let by tender.

## 75,000 MEN IN PHILA. GO ON STRIKE TO-DAY

Mechanics, Waiters, Drivers, Musicians and Artisans Quit in Sympathy With Carmen

TWO MEN WERE SHOT IN RIOTS LAST NIGHT

PHILADELPHIA, March 4.—Encouraged by messages of sympathy and offers of assistance from labor organizations in all parts of the country, the union workers of many trades ceased work at midnight and began what promises to be one of the greatest sympathetic strikes ever witnessed in the history of organized labor.

PROMPTLY at midnight union orchestras playing in the leading hotels and cafes picked up their instruments and started for their homes. Union cab drivers and chauffeurs also abandoned their posts and the hotel and railroad cab and automobile service was badly crippled.

RIOTING, which began to-night in several sections of the city and was particularly severe in the northeastern district, is thought to be a fore-runner of more serious trouble to-morrow, when thousands of idle men will throng the streets.

Wm. Drexler, aged 42 years, was probably fatally wounded to-night by a bullet.

## REFORM OF THE LORDS ON AN ELECTIVE BASIS

"Times" Says Government Would Make it a Small Chamber That Would Break Deadlock.

LONDON, March 5.—The Times this morning professes to give an outline of the government's intended bill for the reform of the house of lords. It says that if the ministers are able to secure the abolition of the lords' veto of finance and legislation they will introduce a bill to reconstitute the upper house on a democratic elective basis.

THE NEW chamber would be a small one, having no veto power on financial bills, but when a deadlock of the two chambers arose over ordinary legislation, the two houses would sit and vote together.

## U.S. WANTS TO BUILD WAR VESSELS IN LAKES

Resolution is Passed to Ask Great Britain to Modify Treaty That Now Prohibits Construction.

OTTAWA, March 4.—(Special.)—No information has reached Ottawa, as to the resolution introduced in the house of representatives at Washington calling for a modification of the treaty with Great Britain prohibiting the construction of war vessels on the great lakes.

IT IS PRESUMED that the resolution relates to the Rush-Bagot agreement which limits the number, size and armaments of vessels on the great lakes, and that the desire of the United States for a modification is due to pressure brought upon the federal authorities by the several states which are creating a naval militia.

THE CANADIAN Government has consented to a number of training vessels passing thru the Canadian canals to ports on the great lakes, but owing to the criticisms which have been raised on the score that the United States is disregarding the terms of the Rush-Bagot agreement, the Canadian authorities are likely to raise objections to any further encroachments.

THE RUSH-BAGOT treaty can be canceled by either on six months notice. While Canada would probably be just as well pleased to let matters stand as they are, there would be no disposition to refuse to discuss the matter.

DAMAGES FROM AUTOIST. Plaintiffs' claims in full were given in the action of Mary Jane Hogan and her husband Alexander against Norman Bellman, restaurateur. Mrs. Hogan asked for \$200 and her husband asked for \$300. The case was tried before Judge Winchester and a jury yesterday. Mrs. Hogan was about to board a car at Yonge and Carlton-sts. on July 4 last, when she was struck by Bellman's automobile. She sustained a fractured limb and internal injuries and was laid up for eight weeks. Bellman disclaimed any negligence.

## THE TORONTO SUNDAY WORLD.

You want the latest news, and The Sunday World supplies it—(1) by special cable service; (2) by the Associated Press; (3) by a corps of special correspondents covering every important centre of the Dominion; (4) by the Eason Press Service; (5) by the Western Associated Press; (6) by the C.P.R. Western Press Service; (7) by a staff of intelligent reporters and departmental writers.

THE MOST photographed woman in the world is in Toronto next week. The Sunday World shows her in several poses and gives her name. There are beautiful views of Niagara in the grip of winter, garbed in fantastic crystals of ice and snow. We give you a pictorial story of the Motor Show, and many, many other interesting things.

THE KIDDIES have learned to cut out the pictures from the comic supplement to their endless delight. The movements of society people and events of the social world are set forth with several pictures of some of Toronto's most prominent women.

E. Wily Grier, R.C.A., makes some striking statements in his article on "Ideals in Contemporary Art."

THE SUNDAY World is Canada's greatest newspaper authority on the horse. One article, "Horse Omens and Maxims," by Phil Ives, is worth the price of the paper. How many Toronto people have been pinched by D. H. Tolman, the loan shark? The Sunday World will tell the story of this remarkable old rascal's life.

## BELL CONTRACTS NOT PROBED BY BOARD

Independent Phone Companies Present Case for Provincial Legislation to Curb Aggressions of the Monopoly.

Independent Telephone Companies had their innings at the special committee of the legislature, which met yesterday afternoon to consider Mr. Charters' bill for dealing with the situation created by their existence in ever-increasing numbers.

SOME pretty stiff language was hurled at the Bell Telephone Co., which was represented with insinuating adroitness by G. Lynch-Staunton, K.C. The independents, under the leadership of F. Daggler, were ready for him with correspondence with Chairman Mabee of the Dominion Railway Board, in which the latter stated that the board had never had an opportunity of investigating the contracts between the Bell and the other companies.

DIVIDED JURISDICTION. G. Lynch-Staunton, K.C., made a clever plea on behalf of the Bell Telephone Co.

"WE OF THE Bell," he said, "are under the jurisdiction of the Dominion Railway Board. You are placing the question of contracts between the Bell and the independent companies under the Ontario Railway Board. If the boards disagree, what is going to become of it?"

"IT HAS BEEN stated in the newspapers," he interjected, "that while we are required to submit these contracts to the Dominion Railway Board for ratification, we do not do so. This is an absolutely untrue. There has never been beyond the Dominion Railway Board one single complaint about these contracts, and we have at present 300 or 400 of them in force."

Speaking on the clause which provides for submission of a bylaw to the ratepayers wherever there is a contract proposed to be entered into between the Dominion Railway Board and a telephone company, Mr. Staunton drew a very spacious lesson from a concrete instance.

BUT WOULD IT INVOLVE ONLY 15? "Take the Town of East Toronto, now part of the City of Toronto. There is a contract there involving some 15 or 20 telephones. Under this clause there would have to be a bylaw submitted to the ratepayers of Toronto. Think of it. Over a question affecting only 15 or 20 people, we are asked to submit it to the vote of 70,000 ratepayers."

MR. LUCAS: "Assuming for the moment that your contention is just, clause 3 gives you the right to appeal to the Ontario Railway Board."

MR. STAUNTON objected to the words "or otherwise" in clause 2. It would subject contracts between the Bell Telephone Co. and the independent companies to the dual control of both the Ontario and Dominion Railway Boards.

MR. LUCAS: "The effect would be joint approval for Bell connections."

MR. STAUNTON: "The effect would be joint approval for Bell connections."

MR. STAUNTON: "The effect would be joint approval for Bell connections."

MR. STAUNTON: "The effect would be joint approval for Bell connections."

Bouts At Varsity :: Hockey Preston 4 Barrie 2 :: Bowling Scores At Detroit

Note and Comment

E. C. Gage, the Varsity athlete, continued his career of victories last night in the Varsity gym, when he scored a victory over the sturdy Weaver in the heavy-weight boxing division. Gage wisely will confine himself to one line in this tournament, as he won the wrestling championship a year ago.

Speaking of the prowess of Gage, The Ottawa Journal the other day had to say: "Probably few Ottawans who noticed the name of Gage on the Toronto Varsity line-up against the Y.M.C.A. basketball team recently connected the owner as the same football player that Bert Stronach carried shoulder high off the gridiron last autumn when the Toronto students overwhelmed the intercollegiate champions in playing for the Dominion title. The same E. C. Gage is one of the best all-round athletes in the province."

Much abused as the term may be, it is no misnomer in this instance. The Journal continues: "Last Wednesday night, Gage completed a long upward grind in the heavy-weight class of the Toronto city boxing championship, by a clean knockout. In addition to the city honors, he holds the same title in the province, both for the ring and in wrestling. In the summer he is credited with possessing unusual baseball ability, having secured a place on the Ontario amateur nine in Western Ontario. He has been assured a place on the University lacrosse team. He is a plucky chaser. Bert Stronach's spontaneous tribute when he hoisted him in the fall sports stand him in good stead. Gage was the question of his merit to arise. He is a chunky lad of admirable build, and weighs 175 pounds."

A notable acquisition to the cricket team of the Ontario Hockey Club will play with the Toronto Club.

A season's record for penalties in senior hockey in the Montreal district was set up at the Arena Thursday night, when Sherbrooke defeated Westmount in the deciding match of the St. Lawrence Amateur Hockey Association series. Players were penalized on thirty counts for a total of 115 minutes, in which Westmount's share was 71 minutes and Sherbrooke's 44.

The usual number of hold-outs are bobbing up in the Eastern League, which, it might be said, is expected every season. There is a certain number of players who entertain the opinion that their services are more valuable than shown by the present contract. Kid Mahling, who played with Toronto last season, was sold during the present winter to Montreal. Barrow, after getting Natross, sold the Kid to Wilkes-Barre, but Mahling says he will not play in that team, the right fielder being a young semi-professional team in Newark.

New York Sun. Willie Keeler, who celebrated his thirty-third birthday yesterday, was still undecided whether to sign a contract with the Giants or accept the offer from the Toronto Indians. McGraw and Joe Kelley, former pals in the Baltimore club, both urging Keeler to play with the team, the right fielder said he would be glad to consider.

While every club will make the usual special efforts to land the Eastern League championship, the Toronto Indians will have a special prize dangling before their eyes from the start. A purse of \$5000 is offered to the club which places first in that city. The matter has been put up to Manager Joe McGinnity by some members of the Newark Board of Trade, who are ardent baseball fans. He is in favor of putting up a cash prize for finishing first place, \$3000 for second and \$2000 for third. McGinnity is well pleased with the offer, and there is no doubt but that he will be fully in accord with the plan.

PRELIMS. AT VARSITY GAGE WINS, FIRST ROUND

Many Boxing and Wrestling Bouts Decided on the First Night.

The opening night of the second annual boxing and wrestling championships of the University of Toronto was held last night in the Varsity gymnasium before a small crowd of spectators. The program was worthy of better support, having 12 bouts and five wrestling bouts. Every bout of the evening was keenly contested and some fine exhibitions were the result. The finals will be held this evening and should bring out a full house of spectators.

In the first bout McLean (Arts) and Wedfield (Trinity) came together in the 125-lb. class. McLean had much the best of things and, although Wedfield got in a few good lifts, McLean was never in danger. McLean had a left hook that he used frequently and this punch won him his bout.

Next to meet were G. M. Morgan (Trinity) and E. T. Nichol in the 155-lb. class. Nichol won this bout after three fast and furious rounds, in which it was hard to pick the winner. Morgan was handicapped by some 15 pounds in weight. Nichol was never in danger. Nichol had much more power in his punches than Morgan, although Morgan was a better boxer. Nichol had a little more difference in the men as to merits.

The 125-lb. special brought two game boys together, Flesher of Trinity, and R. F. Davidson of S.P.S. Davidson, a tall, lanky lad, was there with the left jab and owes his victory to it alone. Flesher was very game and took an awful amount of punishment and showed himself to be some boxer, handicapped as he was by his opponent's long reach.

Lightweight 116 lbs. G. McLean (Arts) and J. Hatley (Trinity). At the going Hatley came up with a run and, after receiving a lot of punishment, knocked McLean with a series of upper cuts. Hatley is very fast on his feet and has evidently got the punch of it will cover about he should figure there or thereabouts in the final. Hatley won by a big margin.

The waterweight bout brought together Manning (Med.) and Davidson (S.P.S.). Davidson was certainly some boxer, but he was not in a position to finish things as quick as possible and during the first round things were mixed up for a while. Manning got the best of things. In the second round things went about even, with both men boxing a fast fight. The boys were evenly matched that they went the third round without any decision. In the fourth and final round Manning was slightly superior and won his bout after a tough battle. This bout was one of the best of the evening and caused considerable excitement among the interested and enthusiastic spectators.

The next bout brought together two middleweight boys (150 lbs.) E. P. Meadows of Victoria and William of Arts. The bout was very fast and both men got in a considerable amount of punches. Meadows scored a good right uppercut and Meadows got the best of things. In the second round Meadows had so much the better of the argument that the bout was stopped in a few minutes.

E. C. Gage (Arts) the winner in the city tournament, met G. L. Weaver (Dents) in the heavy-weight class. This was only one round, the heavy punches of Gage being too much for Weaver. Gage was some boxer and showed clear up the heavyweight championship of Varsity.

In the 125-lb. class, C. B. Lindsay of Arts met W. Jarvis, Trinity. This was a cracking good bout. Both boys mixed and showed considerable science, with Lindsay slightly in the lead. Jarvis got the best of things in the first round, but Lindsay was slightly in the lead, recovering any lead in the first round. Jarvis was on their feet all thru this bout. Jarvis got the bacon, but only by a slight margin.

In 155 lbs., King of Arts and Watts of the S.P.S. met. Both were beanpoles. Watts showed class and King did not. King got the best of things in the first round, and when he did it was all over but the shouting. The bout was stopped in the second round after a few minutes exchange of blows. King was right there with the punch.

H. Phillips, S.P.S. and C. W. Abercrombie, Trinity, met in the heavyweight class, boxing. Both men seemed to be trying to finish the bout in the first round, but Phillips was the better of the two. Phillips was much heavier and had Abercrombie on the run thru most of the bout. Phillips came out with a good punch, which the better of things, received quite a lot of punishment. Abercrombie showed considerable science and was the Knight of the Meds met McLean in the 125-lb. class. McLean was suffering from the effects of his former bout, and if his strength had equalled his games would have won by a larger margin. McLean won only after a hard contest and had little the better of the argument.

In the lightweight class, Batten and Dean fought hard in the first round. The second round was a close and scientific bout of the evening. Batten winning because of his strong lead in the last round.

Wrestling Bouts. R. A. Mackenzie, Meds. met W. G. McChie of S.P.S. in the 115-lb. class. Mackenzie put McChie to some mat in two minutes with a half-Nelson.

Davidson, S.P.S., and Dunbar, S.P.S. were the next contenders, meeting in the 125-lb. class. Davidson won, getting a fall in the second round with a mixed bar and half-Nelson hold.

Elliot came, saw, wrestled mightily hard and won on points. Reed's aggressive work saved him time and time again. This was easily the best bout of the evening, and the audience would have liked more of it. In the 135 lbs., Arnold of Dents met Woods of S.P.S. After apparently being outclassed, Arnold got to work and was enabled to earn another point, which he turned to good account by using a headlock, which won the decision.

TAIT'S RELAY TEAM WINS Had No Trouble in Beating the 65th Regiment at Buffalo.

BUFFALO, March 4.—(Special).—The relay team of the West End Y.M.C.A. of Toronto, headed by Jack Tait, had no trouble beating the 65th Regiment here to-night in the games at the armory. Driscoll, the best of the local half-milers, who was looked upon to give Tait a race in this final relay, was taken seriously ill early in the evening, and Ferris, who had run in several races previously, took his place. The first six men ran evenly, but Tait easily left Ferris in the time for the mile and a quarter was 5:01 1/2.

Amateur Baseball. The Langmuir Mfg. Co. held a meeting on Thursday evening for the purpose of reorganizing their ball team and electing the Western Mfg. League. It representsatives of the said league will communicate with P. Calhoun, secretary.

The Toronto Senior Baseball League will meet Thursday evening, March 10, at the Jersey Hotel, at 8 o'clock.

M.V.M.A. Carpet Ball. The M.V.M.A. spent a very enjoyable evening at the club, rooms of Queen-street, March 4. Rev. C. Johnson first addressed the two clubs. Then Epworth debated questions in a very interesting and spirited manner. The following line-up: W. P. Manuel, W. E. Eves, W. P. Payne, George Bart (skip).

ARE ALL LONDONERS SLOW? Liverpool Man Accuses Them of Not Knowing How to Hustle.

LONDON, March 5.—(Special).—"Are Londoners slow?" is the question that the English are asking themselves. Any American would answer them with the exclamation, "Aren't they?" The question has been inflicted on the English by a Liverpoolian who has had the audacity to call Londoners lethargic. To-day the official, the professional, the business, the exclusive, the unclassified, and even sundry other men of London have risen to protest against this futile exposure. Their method of doing so is to enter into a café, to get a newspaper, to read it and then engage in a prolonged discussion on their natural spryness.

One of the Liverpoolian's chief allegations is directed against what he describes as pottering in the underground trains. A railway official refutes him thus: "Such a charge is wholly unjustified by facts. We can boast to-day that our service is the best and fastest in the world. It is now actually possible for a passenger to get from one end of the same line the trouble of a departing train with his left ear and the murmur of the next incoming train with his right ear."

"Think of that! A fine test of your hearing, free! But not a test, however, of the speed of the train or of the length of time it stops. A visiting New Yorker said to me, 'I have seen a faster train than the London subway, but she's not so fast as they call it in England—an undignified word, by the way; it reminds me of a bicycle pump or the tread of a very good shoe.'"

"Take it from me, the women are at the bottom of it. An Englishwoman may be sweet and gentle and all that, but she's not so fast as they call it in England—an undignified word, by the way; it reminds me of a bicycle pump or the tread of a very good shoe."

The railway companies condone this inertia; with placards are carried in the London Underground, which admonish passengers not to heed the conductor if he asks you to hurry because there will be another train in a few minutes. The placards also bear the inscription: "Urging the willing beasts." The beasts may be willing to hurry, but they don't.

London trains are described by the Liverpoolian as sauntering with solemn dignity. Whereupon an official states that "indeed, one of our principal occupations in this city is the doing of what is known as shaving seconds. Time has been whittled down to such a fine point that if a passenger were to happen to be waiting for a train, it is only fair to the Londoner to say that he never misses his train, since his train is the one he boards."

Even in the London cafes come in for a knock. "Waiters in the popular cafes eye the fresh arrival suspiciously and leave him severely alone for ten minutes or so." This criticism is, perhaps, too sweeping, as statistics prove that the greater number of London waiters are energetic foreigners.

Last but not least, the Liverpoolian asserts that the head of a business in London is inaccessible and that a visitor wastes half of his day and half the day of several of the business-man's clerks in trying to reach him.

This simple fact may be accounted for by inarticulate phrases which in an attenuate ad infinitum. The "Well, well, what can you do for me?" is a crisp and energetic phrase which in an attenuate ad infinitum. The "Well, well, what can you do for me?" is a crisp and energetic phrase which in an attenuate ad infinitum.

London crowds on the footways are pictured by the Liverpoolian as "loungeing listlessly along, stopping every now and again to ruminate."

Collingwood Win Intermediate O.H.A. Championship

COLLINGWOOD, March 4.—Collingwood beat London to-night by a score of 5 to 1, thereby winning the Intermediate O.H.A. championship by two much interests. The match was well contested by both teams, every man doing his utmost. The Collingwood seven were in first-class shape. It would be hard to say which of the players did the best playing, as each man on the team did his utmost. Fryer succeeded in scoring the first goal in one and one-half minutes. London held it at this for 13 minutes, when Malten scored one. At the second half both teams came out on the ice fresh and ready for the wind-up. Collingwood scored in two minutes and another in 16 minutes. London held the puck at this for 16 minutes, when a rush was made by Cane, who made the fourth goal for the home team, giving one in the lead. The Collingwood seven minutes to play. Cane again scored in five minutes, leaving only two minutes to play, when he scored his second goal, netting the team doing any scoring in this time.

Much credit is due to the London team all doing a hard work throughout the whole game. Casselman doing great playing and making some brilliant passes. The combination of their whole game was the best ever witnessed by this town. Only six penalties were made in the entire game, which were made for small offences.

The large net rink was filled to its fullest extent. The fasters being well lined up with young enthusiasts, upwards of 1500 people being present. Much interest has been taken through this district, and every train arriving from the north and south was full of people to witness the game. At 7 o'clock the people started to make for the rink, and the rink was full of people. The Collingwood seven minutes to play. Cane again scored in five minutes, leaving only two minutes to play, when he scored his second goal, netting the team doing any scoring in this time.

Collingwood (5)—Goal, Cook; point, McLean; cover, Belger; rover, Fryer; centre, Cane; right wing, Beatty; left wing, Burns.

London (1)—Goal, Pearson; point, Casselman; cover, Bernhard; rover, Malten; centre, Orr; right wing, Prosser; left wing, Carothers.

Glen Caldwell of Barrie refereed the game most satisfactorily to all.

INTERMEDIATE O.H.A. HONOR ROLL

PRESTON PUT AWAY THE BARRIE COLTS

Teams Were Tied at Half Time—Argos vs. Parkdale To-night.

Before a large crowd at Mutual-street rink last night Preston put Barrie out of the running in the junior O. H. A. series, winning by 4 to 2. The teams were tied at half-time, 1 to 1, which was identically the same score as in the game here Tuesday night at the resting period.

Penalties to Rows, the crack cover-point of the Barrie team, enabled Preston to make a spurt, and taking the advantage of the odd man, they tallied two goals while Rows was on the fence.

This gave Preston two of a lead, which they increased by one, making it 4 to 1, with the teams even. This was the turning point of the game, and although Barrie worked hard for some minutes, they were outclassed, and only managed to score one.

The game, while covered with water, was fiercer than Tuesday night, but both goals were covered with water, and the water was the cause of Barrie not getting one goal towards the last of the game, when Meeking passed the Freeman defence, drew out the goal-keeper and then lost the puck in the water at the mouth of the goal.

Both teams mixed it up more than on Tuesday night, the Barrie defence particularly doing the tripping act, in order to stop a dangerous run, the result being that both players were penalized frequently.

Both teams mixed it up more than on Tuesday night, the Barrie defence particularly doing the tripping act, in order to stop a dangerous run, the result being that both players were penalized frequently.

Summary. 1. Preston, 4; Barrie, 2. 2. Barrie, 2; Argos, 1. 3. Preston, 4; Walker, 1. 4. Preston, 4; Sullivan, 4. 5. Barrie, 2; Meeking, 2.

Parkdale vs. Argos To-night. Parkdale and Argonauts will play the last of their home-and-home games to-night at Mutual-street rink, which will enter the senior O. H. A. final with St. Michaels. Parkdale will play Argos to-night with a lead of one goal, but Argos say they will overcome the lead and win out. The contest to-night makes a change on the defence to-night, in which they think they will strengthen their team while Parkdale are feeble to their bunch of mud-hens and feel confident of holding the Argos in check. The plan is on sale at 155 Yonge-street.

They Keep the Crocker. The final game in the Eastern League League, played at Mutual-street rink last night, was a fitting climax to the splendid season's sport enjoyed by the hockey fans of the big store. The contesting teams were of General Office, winners of Group 1, and the Basement, from Group 3, who had got away with the Mail Order team in a semi-final.

It may be that the pen is mightier than the sword, but last night proved that "hard work" is mightier than the pen, for the Basement boys waded thru the slush which covered the surface of the rink and emerged victorious after a bitter struggle, the score being 5 to 1.

At the start the Office men seemed to have an easy task, they scoring the first three goals, but the team from downstairs got working, and the tally at the interval read: Office 3, Basement 2.

In the second half the Basement cut loose, and eight minutes before the finish had six goals to their opponents' four. Just here Ramsay Rankin, who had been playing a brilliant game for the accounts, carried the puck from end to end for a goal. This was quickly followed by another, and the bell rang for time with the score a tie.

In the first five minutes of the overtime no scoring was done, as always succeeded in eluding Tom Birney's watchful eye and copped the prize.

The O. H. A. Office, Ramsay Rankin was, of course, the bright, particular star, and was easily in a class by himself, with Sturpe backing him up well in the Basement line-up there were no stars of any magnitude, but their team was more evenly balanced, their hard-earned victory.

Referee Currie of the T.A.A.C. senters gave splendid satisfaction, and the best of good-feeling prevailed throughout the entire game. The teams: Basement (3)—Goal, Forsyth; point, Bows; cover, Gregory; centre, Towars; rover, Teifer; right wing, Lessell; left wing, Train. General Office (6)—Goal, Birney; point, Cook; cover, Rankin; centre, Reid; rover, Hare; right wing, Finnegan; left wing, Sturpe.

Galt 5, Berlin 1. The final game between Galt and Berlin in the district Trolley Park Hockey League, was witnessed to-night by a small crowd. The game was heavy, but the game was fast and furious, with all the work at the Dutchmen's end in the first half, which was made heavy by Galt's left Anderson, who combined with the Office out in the good combination, but were weak in rush movement and sure shooting. The crowd showed much interest in seeing the play, and howling enthusiastically at the warm action of the home team. The second half showed all-round ginger and judgment, but it was plain from the start that the Berlin seven were outclassed. This half gave Berlin nothing and Galt one, the match thus going to the latter, 5 to 1. Line-up: Galt (5)—Goal, Mercer; point, Ostmas; cover, Murphy; rover, Manson; centre, Malten; right, Dusome; left, Doherty. Berlin (1)—Goal, Lehman; point, Groes; cover, Corbeau; rover, Edmunds; centre, Dumart; right, Frood; left, Anderson. Referee—Wally Dennis.

### Compulsory Buying of Bibles.

The first Bible printed in Scotland was issued complete in 1579. In the same year, by act of parliament, every gentleman householder and others worth three hundred merks of yearly rent or above, and every yeoman and burgess with £600, had to provide, under a penalty of £10, a Bible and psalm book in vulgar language in their houses for the better instruction of thame selfis and their families in the knowledge of God.

To see that the provisions of the above act were carried into effect, the following year a searcher was appointed with power to visit the houses of those signified by the act "and to require the sight of thair Psalme Bokes and Bibles." In a footnote is added: "The Privy Council had in 1575 commanded and charged the principals and Holdsmen of every parochin alwaill to Burgh as Landward to contribute and collect £5 for the purchase of a Bible to be placed in every parish kirk."—Manchester Union.

**North Bay Approved Muzzle Adopted.**  
 By Boards of Health and Agriculture. The following letter from the Toronto Humane Society is self-explanatory.

Mr. M. Davey,  
 Box 1198, North Bay, Ont.  
 Dear Sir: Your letter, with sample dog muzzle, received. I think that this is the best muzzle on sale in Toronto, and as there are thousands of dogs in the city, there will be safe for a large number of these instruments of torture, since you will, no doubt, recognize, that any muzzle is more or less a torture to a dog. However, we must all abide by the law. Now, if you could rush a lot of these muzzles down here, of different sizes, it would be a good investment for you. We are not, of course, a financial agency, and cannot undertake the sale.

Believe me,  
 Yours very truly,  
 P. C. Laverton, Harry.

### SEATS OF LEARNING

Lord Advocate at Dinner Chides Them On Their Partisanship.

LONDON, March 5.—(Special.)—The Lord Advocate, entertained to dinner by the Glasgow University Liberal Club, said he hoped they would not think it affection on his part if he said that there was no topic so congenial to him as himself. It would be quite idle for him to speculate on the reasons that had induced them to bid him there as their guest. It was quite sufficient for him that they were members of the band of which away back in the middle of the last century—(laughter)—he was himself a member. He did not know why it might be, but ancient seats of learning had not sent forth more than a very slender shaft of light, and led to the political dark places of this earth, not because academic pursuits predisposed men to obscurantism, but mainly because of the natural shrinking of the scholar from the coarser and rougher sides of Democracy, and of the natural timidity and alarm of the recluse and the thinker at the onrush of the masses. Their native hue of revolution became sickled over with the pale cast of thought. He would naturally have expected, of course, that university men would have looked with more kindness and less alarm at the progressive forces arrayed on the side of existing institutions, not merely because it was thought perilous to take a leap in the dark, but because of the conspicuous advantage to the community which it could be demonstrated was found in the maintenance of those existing institutions. Yet, with sorrow and humiliation, they had to confess that nothing short of blind, persistent, and wilful partisanship had served to maintain at the ancient seats of learning the power of the party of reaction.

BALFOUR WARNS LONDON OF TARIFF DELAY PERILS

Driving the Colonies to Make Trade Treaties With Other Countries—Reform of the Lords.

(Canadian Associated Press Cable.) LONDON, March 4.—The City of London Conservatives banqueted Mr. Balfour at Bathbury.

Mr. Balfour said the election had amply justified the action of the lords, which had never been more capable or efficient, but it lacked strength. He wanted a stronger second chamber.

It would best gain that strength by having some direct connection with public opinion, but it should not be a second house of commons. That would be to deprive it of all its value.

It must be composed of people not immediately amenable to two influences—the passing passion of the moment and the electoral machine.

Referring to tariff reform, Balfour asked, "Has this city realized, has the country realized, our delay in adopting that is forcing Canada to make commercial treaties first, with this country, then with that country, and soon all over the world, in ignorance of whether we are going to adopt a system which will make the full preference possible between Canada and this country?"

It was a grave misfortune for the empire, it was a grave misfortune for Canada, it was a grave misfortune for this country that we should stand here in our fiscal isolation, leaving our own kind and kin to carry on their own policy, which they would love to modify in an imperial direction, without knowing whether the mother country was prepared to second their efforts or not.

MANLY ABOUT PEOPLE. Premier Gouin of Quebec is expected to attend the Sportsmen's Club banquet to Commander Peary at New York to-night.

W. J. Arkell, of Canajoharie, N.Y., former owner of Judge, the humorous weekly, this week attempted to buy The New York Sun, his hope being to have Theodore Roosevelt as editor.

When Cardinal Vanutelli attends the eucharistic congress at Montreal in the fall it will be the first time that a cardinal legate has set foot on American soil, and the second time that a Roman cardinal has visited these shores. Cardinal Cattoli was the first member of the sacred college to come here.

OBITUARY. Caleb Young, who resided in Toronto until 18 months ago, died on Saturday last at St. John's, Newfoundland, at the age of 88.

At Sarnia—Nicholas Ploppen, for 40 years in the furniture business, and formerly of Ottawa and Parkhill, suddenly aged 75. He was to have celebrated his golden wedding on Monday.

BAR FEDERAL EMPLOYES FROM MAN. LEGISLATURE

WINNIPEG, March 4.—(Special.)—The Manitoba Legislature had another lively session to-day. The question of the payment by the C. P. R. of \$150,000 to Hon. Robert Rogers for the Conservative campaign fund was again before the house, and Mr. Rogers read the sworn evidence of General Manager Bury of the C.P.R., in which he emphatically denied ever having made the statement that the C. P. R. gave the party \$150,000. Mr. Rogers also emphatically denied the story.

There was another breeze over the boundary question. Mr. Rogers introduced an amendment to the resolution of the Liberal leader that Manitoba should accept the boundaries and fix the financial part later. Mr. Rogers claimed this was contrary to the British North America Act. He accused the Liberals of the house of endeavoring to block negotiations, so as to help out the Ottawa Government. He hinted that he might, in order that the connection between the two governments should not be so strong, introduce a bill this session making it illegal for a member of the provincial government to be an employee of the Dominion Government. He was evidently hitting at the Liberal leader and his first lieutenant, J. H. Johnson, one being auctioneer of Dominion school lands, and the other solicitor of the transcontinental railway.

Dufferin County Old Boys. The Dufferin County Old Boys' Association held their 11th annual banquet and at home in the Temple Building last night. Between 250 and 300 were present. The president, William Fountain, was in the chair. The speakers were: John R. Robinson and ex-Mayor W. M. Green of Orangeville. Among those present were: Robert Hewitt, first president of the association; Benjamin Fletcher, Eril Whaley, Frank Denton, K. C. W. A. Proulx of Winnipeg, W. R. Scott, Fred McBreth, Dr. J. P. Marshall, S. S. Richardson, Wilfred Bowles, John Neil, R. J. Lloyd, T. W. Chapman and Stewart N. Hughes.

75,000 MEN IN PHILA. GO ON STRIKE TO-DAY

Continued From Page 1.

A policeman, who shot at a crowd on Frankford-avenue, in the northeast section of the city, was arrested. Several cars had been stoned by the crowd along this street, and the police guarding them fired a volley in the air. One of the bullets struck Drexler in the stomach. Crowds also attacked cars in the downtown and northwestern sections of the city.

While assisting a young woman across Howard-street in the northeastern section to-night, Robert Model, aged 19 years, was shot in the back by a policeman who was endeavoring to disperse a crowd that had been stoning trolley cars. His condition is serious.

While the labor leaders are receiving support from their fellow workmen in all parts of the country, many associations of employers have sent letters and telegrams to the officials of the Philadelphia Rapid Transit Co., and the city officials, commending the stand they are taking, and asking the union workmen to return to the general order, but this estimate falls 50 per cent. below the number that has already stopped work, according to union figures.

Philadelphia Typographical Union No. 2 will not participate in the general strike. The question was referred to a committee of five, which this afternoon decided against going out.

If the reports which are being received at strike headquarters are correct, the Philadelphia City authorities have greatly underestimated the proportions of the strikers' rallies. It was stated by Director of Public Safety Clay late this afternoon that he had ascertained by a careful canvass that not more than 30,000 union workmen would respond to the general order, but this estimate falls 50 per cent. below the number that has already stopped work, according to union figures.

WRECKED CARS UNDER 70 FEET OF DEBRIS Bodies Recovered From Avalanche Disaster Show No Signs of Suffering—Loss \$1,000,000.

WELLINGTON, Wash., March 4.—Little progress was made to-day in examining the bodies of the scores of persons crushed to death last Tuesday by an avalanche. Forty dead have been recovered, leaving 46 passengers and railroad men and an unknown number of laborers in the gorge which two Great Northern trains are buried by across of snow. The searchers are working in daylight only. Of 700 sacks of mail carried away by the avalanche, only 350 have been recovered. There is no trace whatever of one mail car and seven clerks and weighers. In some places cars are known to be under seventy feet of trees, snow, earth and rocks.

Superintendent O'Neill estimates the loss to the road by destruction of property at \$1,000,000. Two bodies were sent down the trail, and the others, wrapped in blankets, are lying in a railroad building. The recovery of bodies will be slow until engines arrive to hoist trees and boulders from the gulch. The wrecking force now consists of 150 Americans.

Three Greek and Slav laborers stole clothing from the debris, but they did not rob bodies, as first reported. The misconduct of these men aroused such indignation that the railroad officials sent all the 75 foreigners back. As all the passengers were asleep when the avalanche struck, there is some delay in identifying the bodies. The first bodies found were mutilated, but those found lower down are unmarked, and the expression on the faces is that of persons who never awoke from sleep.

BANDIED WOMAN'S NAME MUST FIGHT THREE DUELS

Italian Legislator Too Free With Remarks as to Countess' Influence Over Others—Ears Boxed.

ROME, March 4.—As a result of having permitted himself to play too freely with the names of two noblewomen during a stormy debate in the chamber of deputies to-day, Eugenio Chiesa, the well-known republican deputy, must fight three duels. Count Giacomo Morando, General Prudente and General Pecla are the challengers.

Signor Chiesa addressed an interrogation to the government on what he asserted was the influence of the Austrian Baroness Siemens on the Italian army, by reason, as he alleged, of her having been on friendly terms with the late Lieutenant-General Tancredi Saletta, chief of staff, and afterwards with General Pecla, the commander of the grand manoeuvres.

General Prudente, under secretary of war, refused to answer the deputy, whereupon Chiesa heaped insults upon him and the army, and also declared that the Duchesse Litta had been a great favorite of the late King Humbert.

Deputy Morando, who is a nephew of the duchess, immediately boxed Chiesa's ears, and then he and General Pecla and Prudente challenged Chiesa to combat.

SHOOTS THREE MEN IN STREET Prominent North Carolina Man Runs Amuck With Revolver.

SCOTLAND NECK, N.C., March 4.—State Senator E. L. Travis, Representative E. H. Kitchen, brother of the governor, Congressman Claude Kitchen, and Deputy Sheriff C. W. Dunn were shot here on the street to-day by E. E. Powell, a wealthy citizen.

Travis and Kitchen are seriously, and Dunn fatally wounded.

According to the best information obtainable, Powell met his three victims walking along the street together. He approached Senator Travis and asked him his reason for not replying to a letter he had written him. Representative Kitchen, thinking that Powell was out of humor, placed his hand gently on his shoulder and uttered words intended to placate him. Powell drew a pistol, shot Kitchen and in quick succession fired on Travis and Dunn.

Powell then walked to his store, secured a shotgun and barricaded himself in the place. No effort was made to arrest him, but to-night he surrendered and was taken to the county jail at Halifax.

The bullet which struck Kitchen at close range, entered the face below the eye, and was later taken out beneath the ear. The ball which laid low the ear. The ball which laid low the ear. The ball which laid low the ear.

Dunn was hit below the left shoulder blade, the bullet ranging upwards.

Canada Lodge Anniversary. Canada Lodge, No. 49, L.O.O.F., celebrated their 42nd anniversary by holding a concert and dance at the Young-people's hall at College and Yonge-streets last night. Peter Lamb was in the chair. A presentation of a 25-year veteran's jewel was made to John Stewart by Past Grand Master John T. Hornbrook on behalf of the lodge.

HOW TO GET RID OF WRINKLES

A Simple, Safe, Reliable Way That Produces Marvellous Results, Without Massage, Face Steaming or Masks of Any Kind. CUT OUT FREE COUPON BELOW AND MAIL TO-DAY.

Those who have become prematurely wrinkled, whether from trouble, worry or ill health, know full well the priceless treasure they have lost. There is no need, however, of anyone injuring their chances of social or financial success in life by carrying around the simple marks of time, as they can be easily removed by a simple home treatment that often produces surprising results in a single night.

In the fall of 1907 I first realized that mine, trouble and care had all left their marks on my face, that my skin had become dry and leathery, and that the clear, fresh complexion, the smooth skin and the curves of cheek and chin had gone no longer.

Realizing my position keenly and knowing that the fine, clear, firm, well-cared-for-looking woman has many advantages over her more unfortunate sister, I tried many advertised remedies, hoping that I would find something that would smooth out the lines that time and trouble had brought me, and restore the color and bloom of my youth.

But, after trying beauty doctors, facial massage and almost every other known method after a year's experimenting, appointment time and again, I took out my own wrinkles by a simple home treatment of my own discovery, which brought back my beauty and the freshness of youth. Doctors say it is the only treatment in the world that will actually remove wrinkles and make old faces look young and beautiful. Many of my friends look twenty years younger since trying my treatment, and the marvelous results it has produced in so many cases has prompted me to give it to the public.

THIN OR WRINKLED. This coupon entitles the holder to free information concerning the marvelous discovery for removing wrinkles and making thin faces plump. GOOD FOR FIVE DAYS ONLY. DELLA ELLISON 1169 Burr Building, Scranton, Pa.

It is easy to apply and is an entirely new discovery of my own. It is absolutely harmless and by its use can be used without the knowledge of your most intimate friends. It is also an excellent beautifier, and, besides removing wrinkles and making thin faces plump, it softens the face, filling out the hollows in face or neck, it may be used to enlarge the breasts and greatly enhance their beauty. People often write, "It sounds too good to be true." Well, the test will tell. If interested in my discovery, please send me the coupon and I will send you in a sealed envelope, absolutely free of charge.

## PROVINCIAL SYSTEM OF HIGHWAYS WANTED

Executive Committee Good Roads Association Will Give Attention to Provincial Scheme.

At the closing session of the Ontario Good Roads Convention yesterday afternoon, a resolution was passed authorizing the executive of the association to investigate and report at the next convention on the advisability of pressing the provincial government for a system of provincial roads.

During the three days' convention, speakers repeatedly emphasized the benefits that would accrue by the joining up of the good county roads already in existence with others to be constructed by the province, while speakers from the American side helped to popularize the idea by explaining the system on which state roads are managed south of the line.

A resolution was also adopted, recommending an appeal to the provincial government for an increased grant for highway improvement, but it was decided to take no further action in that direction until the government has had a chance to consider the presentations regarding amendments to the Highway Improvement Act, which were made by county deputations a few days ago.

## Dizziness

Head-Fuzziness, Ringing Noises

These unpleasant and often alarming symptoms proceed from sluggishness of the system. Generally the skin is yellowish or extremely red. There may be vague pains in the shoulder blades, weak back, flushing and head-tinting. It's really a case of over-stimulation and proceeds from the formation of poisons within the body. To stout people the result is dangerous.

In their power to remove these blood poisons, no remedy compares with Dr. Hamilton's Pills, which cleanse the system, purify the blood and restore naturalness and regularity to the excreting organs of the body. Even a short treatment will remove headache, restore appetite and cure dyspepsia.

## Ontario Society of Art

This spring's exhibition is undoubtedly the best yet offered by the Ontario Society of Artists. It covers a wider range and, to whatever cause owing, the members have made special efforts to show the public that they are capable. Common complaint has been made that the work of Canadian artists is monotonous, that there are no observable signs pointing to the origin of a genuinely Canadian school of painting. Criticism along this line is not well founded. Schools of art, meaning thereby not the imposition arbitrarily of a conventional standard of excellence, but the development of a new and distinctive method, cannot be imposed from without—they develop from within. They are original, not derivative, and are objectionable in sense, and they are revolutionary because they involve a departure from the beaten tracks. Nor are they recognizable unless and until they have become established. Natural, not forced, growth produces a school of art, and appreciation of its existence and its places comes usually first, not from the country where it was born, but from those who are untrammelled by the force of local preference or prejudice.

The first glimpse of the public library galleries arrested attention and whetted expectation. The hanging committee have exhibited a notable freedom from tradition and have so arranged the exhibits that variety, not uniformity, is the leading note. Notably, 199 pictures and works of plastic art are on view, and it can truthfully be said that the place of very few could be questioned. They are tastefully arranged and include many exhibits which would be welcomed anywhere among the principal art centres. Altogether the exhibition is highly creditable to the Ontario Society of Artists and is undoubtedly the outcome of honest endeavor, genuine artistic ability and command of technique. Nor is the interpretative quality lacking.

Perhaps the most ambitious effort is Fred S. Challenor's "Gethsemane—Thy Will Be Done." The Christ kneels, with clasped hands and face upturned, in the garden, glowing by the ill light of the Paschal moon. Olive trees and cypresses surround Him, cyclamens and other flowering plants fill the foreground. The moment chosen is just before the last, agonizing, when the disciples, and in the background the lights of the torches carried by the band led by Judas can be discerned. No pencil can sufficiently reveal that moment, but the figure of the Saviour of Man suggests the supreme agony and the self-surrender voiced in the final "Thy Will Be Done." The surroundings were painted from sketches made on the spot by Mr. Challenor. Another of his contributions is No. 17, "Strangers in a Strange Land"—a mother babe and little boy, patiently waiting. Solidly painted, the attitudes are expressive and touching.

S. A. Reid is also strongly represented in figure and landscape. No. 113 shows the burial of Champlain at Quebec in a stirring sketch of a dramatic episode. No. 112 is a beautiful study of a penitential atmosphere and poetry. In another vein is No. 110, "Roses in the Garden," where the contrast between the shady street opening into the sunlit square with the massive yet graceful aqueduct behind makes a highly effective work. Mr. Reid's other contributions are all characteristic and are marked by the rich and harmonious color schemes which he never fails to give. Mrs. Reid's notable contribution is No. 115, "Nightfall," where the prevailing gloom is skillfully relieved by the lighted windows and the lamps beyond.

E. Wylie Greer, R.C.A., contributes, along with portraits of his usual high standard. No. 40, "A Children's Party," full of life, light and color. F. M. Bell-Smith, R.C.A., sends among others No. 7, "A Quiet Rural Landscape," a long sketch of a sand, seen from the heights above, with rippling waves breaking over it and all bathed in sunshine. The difficult perspective admirably treated. His "Fishing Fleet at the Mouth of the Fraser" and his "Street Scene in London After Rain" are also effective compositions. A striking canvas, pleasing to the Ontario Government, is that of C. W. Jefferys, No. 70, "Linersmen in New Ontario." It is a vigorous, virile work broadly painted—the man at the top of the pole in the foreground, with tense energy. F. McGillivray Knowles' "Wolfe's Cove, Quebec," painted from sketches made in 1882, with the harbor, the old fort, and the towers with the rays of the setting sun, and the rising moon seen across the river, is attractive in arrangement. Mr. Knowles' "Summer's Evening," No. 74, is a pleasing rural landscape.

No. 12, "The Lumber Road," by F. H. Bridgen, is a very successful rendering of snow in sunlight, with fine perspective. Another good winter landscape is that of Suzor Cote, "On the Nicolet River, Arthabaska," where the effect of cold sunlight is well reproduced. J. W. Beatty, R.C.A., contributes some pleasing landscapes as does Owen Staples, whose "Road Thru Caledon Hills" has also been acquired by the Ontario Government. M. Manly, "To Golden Age," winter scene, with its undulating hills and rich coloring, will attract attention, as will Henry Britton's "The Drinking Place," with its well modeled and cleverly painted horses. Other notable contributors are Messrs. Clarence Gagnon, Herb. S. Palmer, G. Chaussegand, E. Dyonnel, Gagen, N. M. Fleming, W. Cutts and W. St. Thomas Smith. Miss Florence Carlyle is well represented, as is Miss M. E. Winch.

## SHE HAD THIS SORE FOR FOUR LONG YEARS!

Now Zam-Buk Has Healed It.

You can't equal Zam-Buk for sores of all kinds, whether recent or of long standing. That is the opinion of Mrs. Wilson of 115 Wickson Avenue, Toronto. Mrs. Wilson says: "About four years ago a sore spot appeared on the right side of my face. I purchased a bottle of Zam-Buk. The spot increased in size until it became about half an inch in diameter, and very troublesome. I went to a doctor, from whom at different times during fifteen years I had received treatment, but the ointment I got did not have any good effect on the sore. I had it cauterized, tried poultices and all kinds of salves, but it was no good, and this continued for four years. A sample of Zam-Buk was one day left at our house, and I used it.

"Altho the quantity was so small, it seemed to do me some good. I purchased from Mr. Bauld, Drug-gist, Scollard and Yonge-streets, a supply of Zam-Buk. Each box did me more and more good, and, to my delight, before I had been using Zam-Buk three weeks, I saw that it was going to heal the sore. In less than a month it was healed. It has now been healed for almost a year, and at the present time, the only trace of it is a small patch of skin a little whiter than the surrounding tissue. If Zam-Buk can heal a sore of this kind, which had defied all treatment for four years, I am sure it must be a thing needed in scores of homes."

Try Zam-Buk for eczema, ulcers, sores, bad leg, varicose ulcers, skin eruptions, foot spots, baby's rashes, itchy places, piles, blood-poisoning and all skin injuries and diseases. 50 cents all drug stores and stores for price. Refuse from "Zam-as-goods" and imitations.

## FUNERAL OF J. B. DOW

One of the Most Largely Attended in Whitley's History.

WHITBY, March 4.—The funeral of the late John Ball Dow was one of the largest attended in Whitley's history.

Members of the town council in a body, the town councillors, township councilors, Peter Christie, ex-M.P., William Smith, ex-M.P., Dr. Kaiser, Oshawa; Dr. James and Dr. John Moore of Brooklin; John Bright, ex-warden; James Carnegie, Port Perry; C. A. Jones, Robert Mackie, F. E. Luke, Oshawa; ex-Warden R. R. Mowbray, Fred Green, Greenwood, were a few from Ontario County. The afternoon train from Toronto brought down two members of the legislature, Chas. Calder, South Ontario, and Major Craig, East Wellington, who had been a class-mate of Mr. Dow at Queen's some 36 years ago; Lieut.-Col. Robertson, 4th Highlanders; Lieut.-Col. A. G. Henderson, for many years a member of the staff of Whitley Collegiate Institute; G. H. Robinson, a former principal of the school; Angus MacMurely, K.C.; Alex. Fraser, provincial archivist, and grand chieftain of the Sons of Scotland; Col. J. E. Farewell, James Brown, for many years public school principal; Frank B. Moore, George Keith and many more.

The service at the home was conducted by Rev. Dr. Abraham, pastor of St. Andrew's Presbyterian Church here, for over 30 years, assisted by Rev. A. F. Barr, pastor of All Saints' Church, and Rev. Mr. Manning of the Methodist Church. Dr. Abraham spoke with deep feeling of the "noble man who has been taken away."

Six staunch friends, most of them from Whitby, Judge McCrimmon, Judge Smith, Mr. Waugh, Theodore McGillivray, Col. Farewell and John Howden, were the pall-bearers.

Mr. Dow had been ill for a year and a half, and had retired from his practice of law because he had not been well for some years, altho taking an active part in all matters of interest to the town. He was made registrar of surrogate court, clerk of high court and local master, etc., 18 months ago. His strict integrity had made him solicitor for most of the large estates in South Ontario. He was a member of the board of education of the Town of Whitley for years, and was closely connected with the various educational societies in Ontario.

A cultured man, he was devoted to his church and to Scotch history and literature. He was tendered the Conservative nomination for years, and was looked upon for years as the only Conservative who could have defeated John Dryden. He would have accepted the invitation but for his devotion to an invalid wife. He was a very keen debater and a forceful and logical speaker. He had a "fine judicial mind, and was a splendid lawyer."

### FREE TO YOU—MY SISTER

FREE TO YOU AND EVERY SISTER SUFFERING FROM WOMEN'S AFFLICTIONS.

I am a woman. I know women's sufferings. I have found the cure. I will mail free of any charge, my home treatment for women's ailments. I want to tell all women about this cure—180, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Mrs. cannot understand women's sufferings. "What women know from experience, we know better than any doctor. I hope that my home treatment is a safe and sure cure for Leucorrhoea or White Discharge, Ulceration, Displacement or Falling of the Womb, Painful Menstruation or Painful Periods, Uterine or Ovarian Tumors or Growths, also pains in the head, back and limbs, bearing down feelings, nervousness, creeping feelings up the spine, melancholy, desire to cry, hot flashes, weakness, kidney and bladder troubles caused by weakness peculiar to our sex."

I want to send you a complete 10 day treatment entirely free to prove to you that you can cure your self at home, easily, quickly and surely. Remember, that it will cost you nothing to give the treatment. It will cost you only about 2 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer, if you want, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have a, and learn to think for herself. Then when the doctor says—"You must have an operation, you can decide for yourself. Thousands of women have cured themselves with my home treatment. It cures all, old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in Young Ladies. Firmness and Health always result from its use."

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases and makes women well, strong, plump, and robust. Just send me your address, and the free ten days treatment is yours, also the book. Write to-day as you may not see this offer again. Address: MRS. M. SUMMERS, Box M, 45 WINDSOR, Ont.

AT THE THEATRES

ANNA HELD, IN "MISS INNOCENCE," AT THE PRINCESS ALL NEXT WEEK.

Miss Anna Held, the distinguished French comedienne, who is touring the country for the last time, has signed a week's engagement at the Princess Theatre Monday evening next, in P. Zeigfeld, Jr.'s celebrated musical comedy entertainment, "Miss Innocence," which, it will be remembered, enjoyed a run of one whole season at the New York Theatre last year. Harry B. Smith wrote the book and lyrics of "Miss Innocence," while the musical music was composed by Ludwig Engländer. The remarkable success of "The Parisian Model" at this theatre two seasons ago promises to be surpassed in the new musical comedy, for, in the course of the evening, Miss Held takes the audience on a tour thru Paris, and not a point of interest is left out. She starts in a girls' seminary, located in the Isle of Innocence, but she quickly gets to Paris, where she can see the lights of the Moulin Rouge, visiting it from the neighboring Abbaye Restaurant, which is an exact reproduction of that famous resort. This piece is lively, and one of the leading art studios of Paris, an equally well-known hotel, a ballet school in Vienna and even a flying machine are shown. And through it all is Anna Held, with new gowns and new stunts. It is safe to say that the Toronto public, which has been loyal to her ever since the days when she invited them to "Come and Play Weez Me," will like equally well "I'm Learning Something Every Day," "I've Lost My Little Brown Bear," "I Wonder What's the Matter With My Eyes," and "We Two in an Aeroplane."

Miss Mabel Hite, the cleverest of our younger comedienne, after capturing most of the laurels to be won in the realm of vaudeville and musical comedy, becomes a full-fledged star of the first magnitude at the Royal Alexandra Theatre Monday night, under the management of Liebler & Co., appearing in a farce-comedy entitled, "A Certain Party." The elevation of Miss Hite to the plane of high-class comedy comes as a distinct recognition of the peculiar talents and attractive personality of the little actress, who enjoys a personal following that is numbered by thousands in every city. In the new comedy, Miss Hite appears as an Irish servant girl, who manipulates an election for an assemblyman so that thru her pull with members of the police force and the Tammany Tiger, she is able to get her master elected. The reasons for this action of Nora, the maid, are found in her devotion to her mistress and her desire to straighten out a little love affair which threatens to get off the track.

Mabel Hite without songs would be incongruous, so that, altho the comedy tells a consecutive story, the plot is interrupted at intervals to permit Miss Hite to introduce several musical numbers. One of these is bound to be the musical song bit of the season. It is a topical song, entitled "I'm On My Way to Reno," in which she tells of her joy at going to Reno to get a divorce. Miss Hite will be supported by a strong company, which includes John T. Kelly, an Irish political boss, Mike Donlin, the famous bell player, as a detective sergeant, Madge Richardson, Beatrice Moreland, Amy Ames, Viola Knott and 25 others.

ing drivers each urging four horses, running at full speed, while the marvelous miracle scene on the Mount of Olives will have no less than 200 men, women and children in this, the most impressive of all stage pageants. "Ben-Hur" will open its second engagement in Toronto at the Princess Theatre on Monday evening, March 14. Seats for the engagement at the Princess Theatre will go on sale Thursday, March 10.

"In Old Kentucky," At the Grand next week, the wonderfully popular and successful play, "In Old Kentucky," will be a welcome visitor. While there is very little that hasn't been said in previous years, in speaking of the merits of this sterling attraction, yet the fact remains that it has a remarkable hold on the affections of playgoers, and no matter how often it has been presented (and this is its seventh consecutive season on the American stage), it is as eagerly greeted on each engagement here as if it were one of New York's latest and highest current successes. "Old Kentucky" is a play for all time. It possesses the universal appeal, and pleases everybody. For the present season of 1909-10, it has been organized and sent on the road with probably the most capable cast and with the most elaborate scenic outfit the play has ever had. Every effort is made yearly by Managers Litt & Dingswall to strengthen the attraction and keep up the standard of excellence early set and conscientiously sustained thruout the many seasons it has been on the boards. That ever novel feature of the play—the pickaninies—has not been neglected in this year's organization, and the score or more of comical little colored lads, who sing, dance and make mighty fine music as a brass band, will enhance the enjoyment of the presentation by their lively and amusing pranks, and boyish antics. "Queen Bees" will win the big race again and all the other well-remembered incidents will be forthcoming once more to please the playgoer.

New Majestic Music Hall. Surrounded by a combination of clever vaudeville entertainers, James J. Corbett, the actor-pugilist, who is to train Jack J. Jeffries for his approaching fight with Jack Johnson, will be the feature attraction next week at the New Majestic Music Hall, with Magneto, the "Human Conductor of Electricity," as the added attraction. Mr. Corbett, who has been conspicuous in several plays, notably "Pala" and "A Thief of a Night," since his retirement from the fighting arena, will be seen in a novel and original monologue sketch, "Stories of My Travels." By his clean cut appearance, modish dress, easy bearing and quiet method in story telling, Corbett quickly earns the good will and appreciation of the audience. His monologue is refined and entertaining. "Magneto," who has been the sensation of the leading music halls in Europe for the past couple of

Lillian Shaw is another comedienne who has always a welcome waiting for her at Shea's. Her character songs are always the best and she has just finished a season in New York, where she met with the biggest success. Jean Corthoupe and her company in "Lucky Jim," a breeze from the west, will be a feature on the bill. This act is a scenic novelty and is given in two scenes. The casting Dunbars are among America's greatest athletes and a sensation. John Neff and Carrie Starr are appearing here for the first time. John Neff is known as the "brainstorm comedian," and Miss Starr as the telephone girl, and their offering is full of clever surprises. Clifford and Burke are old favorites with their new act, "The Lawn Pets." Tony and Erna Ballot are sensational gymnasts and do some marvelous work and the kinetograph closes the bill with new pictures.

"The Lady Buccaneers," Coming to the Star next week is "The Lady Buccaneers," a burlesque fashioned on the new order of things. In is the last word in this sort of attraction, and offers more novelties than any other act of the season. Presented this season. For one thing, it contains a large number of comedians and one quarter of a dozen comedienne, the cutest, prettiest chorus girls ever seen in burlesque. The all-star olio is another feature, and consists of such well-known burlesque and vaudeville stars as Helen Van Buren, Marion Blake, the Peerless Two Macks, Alvin L. Kenney, Hanson and Bonet and many others. Joseph K. Watson, known as "some comedians," is the bright particular star, and he is provided with brilliant lines, witty dialogues and funny scenes. The show comes highly recommended, and promises to be one of the rare treats of the burlesque season.

Clark's Runaway Girls. The Gayety Theatre will have as its attraction next week Clark's Runaway Girls Company. This company comes here with a reputation that is seldom heralded so far in advance, as one of the best attractions that is played in the burlesque theatre. Judging from the list of well-known performers, it is safe to predict that the Gayety audience will have a rare treat to see for them. Among the cast will be found: Mr. Jack Red, the clever little Irishman; Frank Wakefield, Joe Perry, Jack Elliott, Pinard and Manny. The list of pretty girls in-

seasons, is recognized by the medical fraternity as a marvel. "Magneto," who allows 50,000 volts of electric current to pass thru his body, performs some novel tricks. He ignites a gas jet with sparks from his tongue, burns out the fuse of two ordinary voltage electric lights, and with the utmost ease, and with the most perfect results, kills many, and more, tricks that would kill the ordinary person in an instant.

Shea's Next Week. Next week Manager Shea has arranged another big vaudeville bill for Shea's Theatre, headed by John Hynes and Lella McIntyre in their comedy, "The Quakers." Mr. Hynes is a

"FRUIT - A - TIVES" THE FAMOUS FRUIT MEDICINE

Performs Another Miraculous Cure in the City of Toronto.

Mrs. Lizzie Baxter was a helpless cripple from Rheumatism. She suffered tortures for a year in spite of the best medical treatment. Five boxes of "Fruit-a-tives" completely cured her.

Home Place, Toronto, Ont., December 15th, 1909. "I was a terrible sufferer from Rheumatism for nearly a year, and my right arm was swollen and the pain was fearful. All down the right side, the pain was dreadful and I could hardly move for the agony. I was treated by two physicians, but their medicine did me no good, and I tried numerous other remedies, but received no benefit. I was simply a helpless cripple, and suffered from Rheumatism all during last winter.

"I saw 'Fruit-a-tives' advertised in The Telegram and decided to try this remedy. After I had taken one box, I was much better and the pain much less, and I continued the treatment with good hopes. When I had taken three boxes, I was so well that I could use my arm again and the pain was practically gone, and after I had taken five boxes, I was entirely well again—no pain—no suffering—and now I am just as well as I ever was." "The cure of my case by 'Fruit-a-tives' was indeed splendid because all the doctors failed to even relieve me of my suffering. "For the sake of others who may suffer from this terrible disease, Rheumatism, I voluntarily give you permission to publish this statement.

"MRS. LIZZIE BAXTER." It may be stated, without hesitation, that "Fruit-a-tives" is the only remedy that will actually cure Rheumatism, Sciatica and Lumbago. "Fruit-a-tives" is made from fruit juices, and contains Salicin, obtained from Oranges. Owing to its marvelous action on the bowels, kidneys and skin—"Fruit-a-tives" prevents the formation of Uric Acid, which is the prime cause of Rheumatism. And with the stomach clean, the liver active, the bowels regular, the kidneys strong and the skin healthy, it is utterly impossible to have Rheumatism. "Fruit-a-tives" is the only medicine in the world that acts directly on all these organs and cures them. There is no other remedy "just the same" as "Fruit-a-tives" or "just as good" as "Fruit-a-tives."

Two More Arrests. Two more arrests were made in the loan shark prosecutions yesterday, when Detectives McKinney, Moffatt and Tipton gathered in Herman C. Kerr, manager of The Boroughs Agency, Lawlor Building, 6 West King street, upon a charge of receiving interest as high as 20 per cent, per annum from Talmer Stephens, and Detective Murray and Gaultier took in Christina Donaldson, manager for A. C. Brodner, James Building, 75 Yonge street, who was charged jointly with Kerr with conspiracy to obtain an illegal rate of interest.

Settlers' One-Way Excursions to Western Canada. March 8, 15, 22, 29, April 5 and 12, via Grand Trunk Railway System, from stations in Ontario, Kingston and Ottawa, to points in Saskatchewan and Alberta. New Health and Strength For Weak and Ailing Girls Can Be Had Through the Rich, Red Blood Made by Dr. Williams' Pink Pills for Pale People.

There comes a time in the life of almost every girl when sickness attacks her. The strain upon her blood supply is too great, and there come headaches and dizziness, loss of appetite, attacks of dizziness and heart palpitation, and a general tendency to a decline. The only thing that can promptly and speedily cure these troubles is Dr. Williams' Pink Pills. This is the only medicine that actually makes new, rich, red blood, and a plentiful supply of rich blood is the one thing needed to maintain the health of growing girls and women of mature years. The truth of this statement is proved in the case of Miss Esther E. Sproule, Truroville, N.S., who says: "At the age of sixteen years I left my country home to attend high school. The close confinement and long hours of study nearly broke me down. My blood supply seemed to be deficient, and I grew pale and depressed. I was dizzy nearly all the time, and pimples broke out on my face. I was altogether in a miserable condition and it seemed impossible for me to continue my studies unless I found a speedy cure. I tried several tonics prescribed by the doctor, but they proved useless. My mother urged me to try Dr. Williams' Pink Pills, and I finally consented to do so. I had hardly finished the second box before a change for the better took place, and the use of a few boxes more fully restored my health, and I have since been well and strong. I feel that I cannot say too much in favor of Dr. Williams' Pink Pills and I strongly recommend them to other ailing girls." You can get these pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50, from Dr. Williams' Medicine Co., Brockville, Ont.

### WILL EXTEND CAR LINE OVER GLEN ROAD BRIDGE

Works Committee Dubious as to Street Railway's Object—\$133,000 For West End Sewer.

"Never" look a gift horse in the mouth," says the adage, but the civic works committee hesitated long yesterday before accepting the street railway's offer to make a car line extension over Glen-road bridge into north Rosedale and, for the city engineer's pointed advice, might have rejected the proposition.

The proposal as sent on to council is for the laying down of a double line of tracks over the bridge to Pelham-place, and a single track along Glen-road, Edgar-avenue, Schomberg-avenue, and Pelham-place to Glen-road, where the single track will merge with the double one. A special agreement between the city and company as to terms is to be drawn up similar to that for the extension into the Avenue-road district, whereby each party agrees that the construction is to be without prejudice to the legal rights of each.

Aldermen Were Piqued. The committee's disposition to make haste slowly was due to, mixed feelings. On the one hand, there was a tinge of resentment because the railway, after refusing the extension for years despite the city's urgings, should have capitulated at once when Sir Henry Pellett, a director, asked that it accommodate the crowds expected at the Queen's Own Rifles celebration in Rosedale athletic field next June. Then, again, doubt was expressed whether the object of the company was merely to give access to the manoeuvres, and some ulterior motive was suggested by Ald. McCarthy. Ald. Maguire advanced the theory that the extension by bringing the street cars close to Moore park would give the residents hold back annexation of that territory.

Ald. McCausland said that while not opposing the extension, he wished the city to note how quickly Maguire had acted when Sir Henry Pellett made a request. The city had no influence with the railway.

Mr. Rust said that the line could not be extended to Moore park without crossing the C. P. R. tracks and he didn't think the Ontario Railway Board would give such permission. He was sure the railway would not be benefited by Moore park.

Ald. Baird declaring that there was no need of the Q. O. R. celebration field held at Rosedale, the most thorough track was more suitable. He believed with Ald. McCarthy that the true reason hadn't been disclosed.

"Extraordinary," says Rust. Ald. Maguire tried to have a special committee appointed, but Mr. Rust

replied warmly that there was no use in trying to get more information. The Rosedale residents had been trying for years to get the line and it was a "most extraordinary proceeding" that the city should hold back now. It was no wonder the city couldn't get anything from the railway, he declared.

Ald. Maguire then withdrew his proposal, and the recommendation went forward.

St. Clair Avenue Widening. An attempt to reopen the question of widening of St. Clair-avenue from Yonge-street to Bathurst-street to a width of 100 feet was made by Ald. Baird, who pointed to the newspaper criticisms of the committee's course in knocking out the project. He suggested that, instead of trying to tax resi-

dents of lateral streets, only the property owners along St. Clair-avenue are assessed.

Ald. Maguire replied that Dr. Bruce was the source of the revived agitation and that no other resident of St. Clair-avenue wanted the widening, but that it was desired by owners of large blocks of land to the north who wanted the district opened up. No action was taken.

### CHEAP BRIDGE FOR COUNTRY ROADS

A main sewer to cover the district bounded by Bloor-street, High Park-avenue, Annette-street, and the western city limits at a cost of \$133,000, this was the recommendation of the city engineer approved by the committee.

### EMEAASY AT WASHINGTON

E. N. Lewis Renews His Suggestion and Premier Gives Hope. OTTAWA, March 4.—(Special).—In the house to-day, C. L. Owen (East Northumberland) said that while the Canadian surtax against Germany had been wholly removed in the recent adjustment, the German discrimination against Canada has only been removed in part. He asked Mr. Fielding if the German arrangement precluded Canada making any arrangements she pleased with the United States.

Mr. Fielding thought Canada was no bound in any way. He also said Mr. Owen was wrong in saying Germany had a surtax against Canada.

E. N. Lewis (W. Huron) referred to recent delays in the tariff negotiations with the United States, as emphasizing his previous demand for a Canadian embassy at Washington. Sir Wilfrid intimated that the matter might be discussed.

When Teddy Comes Sailing Home. NEW YORK, March 4.—One hundred and fifty prominent New Yorkers were named to-day to comprise the committee which will give Col. Theodore Roosevelt a welcome home from his hunting expedition in Africa.

The first step was taken by Mayor Gaynor, following recent consultations with Wm. Loeb, Jr., former secretary to President Roosevelt, and now collector of the port of New York. Cornelius Vanderbilt heads the welcoming committee as chairman.

LONDON, March 4.—The Royal Geographical Society is endeavoring to arrange for a lecture to be delivered by ex-President Roosevelt at Albert Hall, the subject being his African tour.

Greece Asks Italy's Aid. ROME, March 4.—Crown Prince Constantine of Greece arrived here to-day in the strictest incognito and asked for an audience with King Victor Emmanuel.

Former Magistrate Sentenced. NEW YORK, March 4.—Convicted of bribery, former City Magistrate Furry stood before the rail in the supreme court to-day and heard Judge Kapper sentence him to Sing Sing for an indeterminate term, the maximum of which is two years and a month and the minimum one year.

Mr. Rust said that as the southern portion of West Toronto could not be properly drained with the existing sewers, it was necessary to construct a main sewer southerly to meet the main at the intersection of Queen and King-streets. His plan was that the sewer should begin on Bloor-street, south of Keele-street, continuing along Geoffrey-street, Keele-street, Westminster-avenue, Indian-road, Wright-avenue, Glendale-avenue and Sunnyvalley-avenue to Queen-street, thence to the intersection. It would be necessary also to lay a sewer on Bloor-street from Clendenan-avenue to the corner of Bloor and Keele-streets.

Rounding Corners. Awd by the estimate of the cost.

The Pasteur treatment is being carried on by the medical staff of the provincial board of health in a special clinic of the Toronto General Hospital, kindly placed at the disposal of the board by the governors.

To insure as early treatment as possible in every instance, notice must be sent to Dr. C. A. Hodgetts, secretary of the provincial board of health, otherwise embarrassing delays may occur in the commencement of the treatment. This notice may be sent by long distance telephone or by telegraph.

The public are also informed that it will not be necessary for the patient to be kept in the hospital during treatment. Patients who choose may arrange to board outside the hospital.

In every instance the history of the case is forwarded to the director of the laboratory of the department of health, New York City, for information and guidance, and the treatment is reported to the provincial board of health for information.

It will be further noted that the cost of treatment—twenty-five dollars (\$25)—must in every instance be paid in advance to the secretary of the provincial board of health, by the individual or the municipality ordering the treatment, the charge being the same as paid by the board to the New York department of health.

### THIRTY-ONE YEARS ON BENCH

Mr. Justice Osler Will Resign From Court of Appeal Next Week. Mr. Justice Osler, who will resign next week as judge of the court of appeal, to become president of the Toronto General Trusts, succeeding Dr. Hoskins, completed 31 years on the bench yesterday, having been appointed judge of the court of common pleas on March 5, 1879. Mr. Justice Osler was born in Newmarket in 1838, studied law in Barrie, and subsequently with John Hilliard, Cameron in Toronto. He was called to the bar in 1860, and became a member of the law firm of Patton & Osler in 1868.

Subsequently the firm was known as Patton, Osler & Moss, then Harrison, Osler & Moss, and then Bethune, Osler & Moss. He left the firm in 1879 when he was called to the bench as judge of the common pleas court, and in 1883 he was transferred to the court of appeal. Twice he declined appointment to the supreme court.

MILLIONS IN RUBBER CARGO. Fourteen Hundred Tons of Crude Article for the Auto Industry. NEW YORK, March 4.—A cargo consisting of 1422 tons of crude rubber, worth between six and seven million dollars was brought into this port to-day on the steamship Clement of the Booth Steamship Co. after a long cruise from South American ports.

The cargo is the most valuable of its kind that has ever been brought to this country, and is all due to the remarkable increase in the automobile industry during the past year.

### PASTEUR TREATMENT AT GENERAL HOSPITAL

Work Now Being Carried On By Medical Staff of Toronto General Hospital.

The Pasteur treatment is being carried on by the medical staff of the provincial board of health in a special clinic of the Toronto General Hospital, kindly placed at the disposal of the board by the governors.

To insure as early treatment as possible in every instance, notice must be sent to Dr. C. A. Hodgetts, secretary of the provincial board of health, otherwise embarrassing delays may occur in the commencement of the treatment. This notice may be sent by long distance telephone or by telegraph.

The public are also informed that it will not be necessary for the patient to be kept in the hospital during treatment. Patients who choose may arrange to board outside the hospital.

In every instance the history of the case is forwarded to the director of the laboratory of the department of health, New York City, for information and guidance, and the treatment is reported to the provincial board of health for information.

It will be further noted that the cost of treatment—twenty-five dollars (\$25)—must in every instance be paid in advance to the secretary of the provincial board of health, by the individual or the municipality ordering the treatment, the charge being the same as paid by the board to the New York department of health.

### U. S. National Labor Alliance is Organized for Election Purposes.

WASHINGTON, March 4.—The National Labor Alliance, organized in a secret meeting here last night, will oppose the influence of the American Federation of Labor in national and congressional elections. The meeting was attended by several members of congress, who have been opposed by the American Federation of Labor, and by members of the Knights of Labor and others.

The plans of the new organization include the raising of a special room at the expense of manufacturers and others who have been in conflict with the A. F. of L.

### SHIP ABANDONED AT SEA

Crew of Forty-Eight Rescued Just in Nick of Time. NEW YORK, March 4.—The Russian steamer Korea, buffeted by storms on the North Atlantic and pounded into helplessness by heavy seas, was abandoned by her crew on March 1 and left to her fate. She was sinking fast when a crew of 48 men were taken off by the Anchor Line steamer Caledonia, which arrived in the nick of time.

People's Institutes. Dr. A. D. Watson will speak at the People's Institute, College and Elizabeth-streets, to-morrow evening, at 7, on "The How of the Coming Revival." At 3 o'clock in the same place, in connection with the people's platform, Albert Smythe will speak on "Psychic Laws and Social Changes."

Austrian's Fearful Death. WINNIPEG, Man., March 4.—Karl Metzger, an Austrian, committed suicide in his residence this morning. Apparently he had been trying to operate on himself for hernia and realizing that he was bleeding to death cut his throat. He had been drinking heavily.

Differ Only as to Method. LONDON, March 4.—(C.A.P.).—J. M. Clarke, Toronto, addressing the British Empire League, said the differences on the question of the defence of Canada were only as to the method of carrying out a determination to take her fair share.

### MINING MEN REFUSE TO RESCIND RESOLUTION

Censure on Hon. Clifford Sifton Stands—Figures Were Ambiguous.

Considerable discussion took place at the afternoon session of the convention of the Canadian Mining Institute when Dr. John B. Porter brought up the resolution adopted by the institute on their opening day censuring certain statements made by the Hon. Clifford Sifton on a recent address. The statements to which objections were taken were that the death rate in Ontario, and Cobalt in particular, was higher than in any other country, and that proper methods of safeguarding the lives of miners were not employed in some mines.

President Miller expressed his disapproval that this question should have been brought up again. "The commission of the conservation of natural resources, of which Mr. Sifton is chairman," said Mr. Miller, "are doing a great deal for this institution and we should support it in any way possible. They have done much in the interests of this institution in the further development of hydraulic power and in the conservation of forests, both of which have been closely connected with our industry."

A letter was then read by the president from Mr. Sifton, stating that he accepted the censure in the manner in which he thought it to have been moved. He would not be able to be present at their annual banquet, as he would be otherwise engaged in the bureau of mines, James White, secretary of the conservation commission, stated that the number of men employed in the mining industry of Ontario, including those engaged in the works for the reduction of ores at Copper Cliff, Deloro, and Thorold, was 2414. Of these, 1089 were underground workers and 1325 were above ground. Thru inadvertency these ambiguous figures, while perfectly correct in themselves, refer only to the shipping mines in the Cobalt region. Of the fatalities to which Mr. Sifton referred, only 13 occurred in the producing mines, where 1089 men were employed, and not 32 as he has stated in his address. This would reduce the mortality rate to just about one-half that quoted by Mr. Sifton.

Professor H. E. T. Haultain said they had made no mistake, and even if they had, he urged them to stand by it. A motion to rescind the resolution and to have it wiped from the books was defeated.

Officers Elected. The following officers were elected for the ensuing year: President, Dr. Frank D. Adams, Montreal; vice-presidents, A. B. W. Hodges, Grand Forks, B.C., and R. W. Leonard, St. Catharines; councillors, Selwyn Blaylock, Moyle, E.C. Robt. A. Bryce, Cobalt; John A. Dresser, Ottawa; Arthur A. Cole, Cobalt; Charles Fergie, Montreal; R. T. Hopper, Montreal; G. S. Lindsey, Toronto; J. Penhale, Sherbrooke; J. Tyrell, Toronto, and O. E. S. Whitteide, Coleman, Alberta.

The convention was brought to a successful close last evening by the annual dinner at the Hotel Edward. Dr. Miller was toast master. The attendance was about 150.

Hon. Frank Cochrane. G. G. C. Lindsey, K.C., proposed the toast to the Dominion and provincial governments, and expressed his sincere regret at the absence of the Hon. Clifford Sifton, who was to have responded. The toast was responded to by Hon. Frank Cochrane. Mr. Cochrane stated that the interests of the province should not be influenced by political considerations, and he expressed his admiration for the work of the Canadian Mining Institute for the improvement of the mining industry in mining matters. "The institute is doing a great work," said Mr. Cochrane, "and I hope that the mineral wealth time to time will be known as the greatest country agricultural 'but also mineral."

"You have been discussing the great number of recent mining accidents," said Ralph Smith, M.P., British Columbia. "I have nothing to say regarding these statements made by Mr. Sifton. I believe that the accidents in the coal mine of British Columbia are more numerous than in any other country in the world. The explanation is simple. The country is rich in coal, and there is not a single dollar spent in British Columbia for the technical education of miners. When you open up a large coal mine you have to employ thousands of men who accordingly know nothing of the dangers attached. The one thing that is necessary to have conserved in the lives of the men."

T. C. Congdon, M.P., Yukon, said it would be a good idea to introduce a uniform mining law which would be common to the various provinces.

### RHEUMATISM WEATHER THIS

BUT DODD'S KIDNEY PILLS ALWAYS CURE RHEUMATISM. What They Did for W. H. Craine and Why They Always Cure Rheumatism—They Remove the Cause.

TORONTO, Ont., March 4.—(Special).—In these days of sudden changes of temperature known to so many suffering people as Rheumatism weather the experience of W. H. Craine of 103 Gladstone-avenue, this city, is of wide spread interest. Mr. Craine suffered from Rheumatism. He is cured and he knows the cure. It was Dodd's Kidney Pills.

"Yes, I know Dodd's Kidney Pills cured my Rheumatism," Mr. Craine states. "For after I started taking them I used no other medicine. I never cease recommending Dodd's Kidney Pills to my friends."

Dodd's Kidney Pills cure Rheumatism by putting the kidneys in condition to strain the uric acid out of the blood that causes Rheumatism. Cold or damp causes it to crystallize at the muscles and joints and then comes those tortures every rheumatic knows only too well. Dodd's Kidney Pills cure Rheumatism by curing the kidneys. The cured kidneys remove the cause of the Rheumatism.

Kingston Getting Nervous. KINGSTON, March 4.—(Special).—Medical Health Officer Dr. Williamson has advised the council to prohibit dogs running at large.

W. R. Sweeney Promoted. W. R. Sweeney, who for the past eighteen months has been at work securing electrical power contracts for the city, has been appointed business manager of the electrical department.

Will Extend to Guelph. No opposition developed to the application of the Toronto Suburban Railway Co. to extend from Lambton to Guelph, which passed the railway committee of the legislature yesterday. The Huronian Railway Co. bill also went thru, but the company was not allowed to acquire interests in blast furnaces and metallurgical works.

\$1000 in Liquor Fines. Officer George Morrison of the license department has succeeded in having ten men fined \$100 each in Cobalt. This does not include the \$2000 liquor seizure at Cobalt Station a few days ago.

### EIGHT MEN FEAR RABIES

Injured While Fighting Maddened Horse—Hurry Off to New York.

LONDON, Ont., March 4.—Donald Campbell of Coldstream and seven of his neighbors, who helped him try to manage a mad horse on his farm to-day, are en route to the Pasteur Institute in New York, where they will be treated.

The animal was bitten by a mad dog some days ago, and died to-day in horrible agony. Campbell and his neighbors tried to attend it, and received many scratches and bruises, and were covered with the froth from its mouth.

Two More Dog Victims. ST THOMAS, March 4.—A collie dog belonging to Fenton Bros., of Highgate, went mad. The dog was locked up in the barn. When the fireman opened the door to see what the dog was growling about, it ran at him and fought its way out. In trying to recapture the dog, Anderson Fenton was bitten on the hand. The animal ran across country, biting every animal it came in contact with, and was finally shot in Howard Township. John Fenton was bitten on the arm a few days ago, and the two brothers left for Toronto to-day to take the Pasteur treatment.

Postmaster's Boy Bitten. GALT, March 4.—(Special).—There is a mad dog scare in the Village of Troy, ten miles from Galt. A pet dog of Robt. Clark, postmaster, bit his 7-year-old boy, who has gone to New York for Pasteur treatment. The dog had all the symptoms of rabies.

Waterloo Children Bitten. WAT. ERIE, O., March 4.—Waterloo experienced a mad dog scare to-day. A strange unmuzzled dog, acting strangely and exhibiting symptoms of rabies, was first noticed on the outskirts of Waterloo, near the separate school. The school children were detained while the authorities were notified. The dog was shot and its head has been sent to Toronto for examination.

The First Robin. D. M. Gilpin of Blithewood, Victoria-avenue, Eglington, saw a robin yesterday.

### The Craving For Drink Often a Result of Weakness.

"I think I would have given up drink sooner if I hadn't been run down and nervous. I had to take it to keep me up," explains Mr. G. H. Eckerd, Toronto. "At the last I had to do something, my hand got so tremble and I was so easily over-heated and rattled that I could not properly keep up my set of books, and I could see that the boss had his eye on me. Our stenographer had been cured of nervousness by Ferrozene, and when I happened to say I had a nervous night, she told me her experience, and assured me Ferrozene would suit me just as well."

"As a matter of fact it did suit me. It entirely overcame all nervousness. But it taught me that if a man makes his blood purer, and stronger, his nerves get strong too. When this happens he does not need a bracer, and gets out of the way of feeling the need of stimulants, and this makes Ferrozene a remedy worthy of taking by everybody whose nerves are weak and blood impure and watery."

Everyone in a nervous, sleepless, run-down condition will be quickly restored to health by Ferrozene. Try it. 50c per box, six for \$2.50, all druggists or The Catarthozone Co., Kingston, Canada.

Officer George Morrison of the license department has succeeded in having ten men fined \$100 each in Cobalt. This does not include the \$2000 liquor seizure at Cobalt Station a few days ago.

**C. P. TO BUILD SPUR FROM ISLINGTON TO MIMICO**

Shorten Freight Haul from Western Ontario to Hamilton and Avoid Congestion.

With the object of shortening the route into Hamilton, and incidentally the cost, a spur line about four miles in length is about to be built from the Canadian Pacific Railway, starting from the main line at Hamilton and running to a point in the neighborhood of Mimico, to connect with the Grand Trunk to Hamilton, the right of way for which has all been obtained, and for which all the necessary freight routed via the C. P. R. destined for Hamilton or other points in the Niagara peninsula, has to be brought into Toronto terminals, pay for using the Union Station tracks east of Bathurst on a wheeledge basis and furnish a wheeledge proportion for the travel to Hamilton joint section, traveling to Hamilton and other points, the new arrangement will cut out the use of Toronto terminals altogether. A yard will probably be constructed near Mimico and trains will be made up there, while a saving will also be effected by eliminating the charge from Toronto to Mimico. Another advantage will be the shortening of the route from Toronto to Hamilton, by twenty-four to forty-eight hours.

The whole proceeding indicates a desire on the part of the C. P. R. to improve its service to Hamilton and other nearby points. It is well known that the Grand Trunk dispatcher on the joint section will hold a C. P. R. train for five or ten minutes, and it is with the view of removing these impediments that the spur is to be built. In addition the C. P. R. has an immense coal traffic from Fort Burwell on Lake Erie to points all through Ontario, and the completion of the haul around Lake Ontario will be a boon to both shippers and consignees.

**Playgrounds Association Chartered.**

A charter has been issued by the provincial secretary's department to the Toronto Playgrounds Association, under which it will be possible for the organization to receive gifts of money or lands for the development and extension of the playground movement in Toronto. The names of the incorporators are: J. J. Kelso, C. A. B. Brown, J. L. Hughes, S. Dillon Mills, A. P. Lewis, and Mrs. A. M. Hughes. The association hopes that other citizens will follow the good example set by Mr. Osler, and that before long there will be ten or twelve playground sites donated by wealthy citizens.

American Telephone Co. Took 82,000 Shares From Mackey Co.

BOSTON, March 4.—The purchase by the American Telephone Co. of the 82,000 shares of its stock, recently sold by the Mackey Companies, was announced to-day by President Theodore N. Vail.

President Vail says that the stock was secured at a price representing a cash overrun of between \$11,000,000 and \$12,000,000.

**COAL CO.'S INDEBTEDNESS**

Placed at \$800,000 at Joint Meeting of Boards on Friday.

MONTREAL, March 4.—At the meetings this morning of the respective boards of directors of the Dominion Steel Company and the Dominion Coal Company, the balance of the damages payable to the latter under the judgment of the court was settled, and arrangements made for their payment by the Coal Company. The Steel Company's claim, exclusive of costs, amounted to \$1,201,000 on which \$615,435 consists of the claims for damages caused by shrapnel during the plant, and \$585,565 for interest. The latter was abandoned by the Steel Company on the advice of counsel, and there was considerable difference of opinion between accountants respecting the former. The two boards agreed to settlement by payment of \$800,000 in full for the balance of the damages and all other claims. This leaves only adjustment of price of coal to be dealt with.

**GROWING PROSPERITY**

Everywhere in Evidence, Says Sir Henry Pellatt.

Sir Henry M. Pellatt, who has been spending a short vacation in Atlantic City, was in Montreal Thursday attending the meeting of the Steel and Coal directors.

"How do you find conditions in Canada?" Sir Henry was asked by the Montreal Witness.

"Splendid, beyond question. No matter where you go you will see evidence of growing prosperity and if I am any judge of business, I do not hesitate to say that 1910 is likely to prove the greatest year financially and commercially in the history of the Dominion."

Price Changes Abnormally Narrow in New York Stocks—Flurry in Dominion Steel a Feature at Toronto.

World Office, Friday Evening, March 4.  
The only episode to cause any comment in the local market to-day was the flurry in Dominion Steel on the afternoon board. On wires from Montreal this stock ran up to 71 5/8 and in a few minutes was back to 70 1/4 and closed with only 70 bid. The advance in these shares was not considered by any means genuine, and the movement was only possible because of the fact that the meeting of the directors of the steel company was in session at Montreal to-day.

Business was exceedingly quiet throughout the exchange, but prices, with here and there an exception, were steady to firm. The strong issues in the speculative department were Porto Rico, Nova Scotia Steel, Rio and Burt.

The market still shows a lack of elasticity owing to the paucity of offerings of the more active issues and supporting prices are easily maintained. Bank shares were in excellent demand, particularly in about three instances. Dominion Bank stock was the feature in this department, these shares securing an advance over three points on limited transactions, and at the close of the market being still wanted at a good advance from yesterday's prices. It was announced late in the day that the city application to the legislature for power to build the tubes had received the sanction of that body. This was known too late to have any influence on Toronto Railway stock, which was held unchanged from the previous day.

The January earnings of the Rio company were stated to be responsible for the recent London buying of this stock, and also the offerings were fairly free to-day, this had very little influence on the price.

The rise in Porto Rico is attributed to Montreal buying, which market the shares touched 48 to-day. Considering the dullness which is still in evidence the firmness of prices on the market is still the outstanding feature.

Copper exports for week ended Mar. 2, 7281 tons, increase 3000.

**WALL STREET GOSSIP.**  
Joseph says: There will be big money buying the railroad shares. Atchison is still a bargain. Buy Pennsylvania. Hold St. Paul. Take on Coppers on all little dips. Do not overlook Washabos or Consolidated Gas.

Bullish operations may be seen in Amalgamated, Steel and Reading. We are very bullish on Rock Island for a pull. Central and Pennsylvania should be bought on reactions.—Financial Bulletin.

Many recent bears seem to have turned bulls at the eleventh hour and from the source of the selling, profit-taking seems of excellent character. Further profit-taking and perhaps bearish operations will, we believe, work for the extension of the reaction under way yesterday afternoon, with the result that leading issues will get from two to four points under yesterday's high prices before the bull manipulation is resumed.—Town Topics.

The net earnings of the bank for the year amounted to \$8,769,500, as compared with \$8,414,000. A dividend of 12 1/2 per cent was declared against 12 per cent. last year.

Strength in quotations rather than transactions was the characteristic of the Toronto stock market to-day. Some of the speculative issues display a creeping upward movement which may eventually lead for sharp rallies. Porto Rico was again a strong feature, with stock only offered at respectable advances. Burt, Rio, Dominion Steel and Nova Scotia Steel were firm and in demand. The market was quiet for the bank shares, but Dominion made a smart rise. The situation is unchanged, and it is still recognized that supplies of stock can only be obtained by advancing prices.

# FARMING AND LIVE STOCK PAGE

**BREEDING IS AN ART.**  
The man who is lacking in an honest desire to become a potent factor in improving the grade of live stock on the farms of this country, thus rendering live stock production more profitable, lacks the finest sensibilities, the highest aspirations, the most worthy ambition of the born breeder of improved live stock. The work of such men, however apparently successful, will still lack that delicate touch of a master—it will be mercenary rather than philanthropic. The motto of the true breeder of improved live stock should be not only, live and let live, but live and help others to live. It is the privilege of every breeder of improved live stock, whether he realizes it or not, to help materially in the upgrading of the common stock of the country.

Speaking generally the stock on the farms of the country is common. One brief visit to the Union Stock Yards in West Toronto on any principal market day will convince the skeptical. Only a small percentage of the cattle reaching that market are of choice grade. The same is true, perhaps to a lesser extent, in the case of horses, sheep and hogs. Ask the intelligent dairyman how plentiful is the supply of good cows.

These facts are convincing arguments that there is need of better stock. Yet we go on year after year in pretty much the same old way—the farmer complaining that live stock production is unprofitable; the breeder of improved live stock, that his stock is not appreciated and does not meet with ready sale.

**HIGH PRICES OF STOCK.**  
The farmer in Ontario to-day is enjoying one of the high spots in live stock valuations. Every department of the industry is flourishing, and high prices are ruling with the possible exception of sheep, and these are beginning to feel the appreciation. Horses are commanding prices higher than has been the general run for the past thirty years. A very common team will command \$400, and it looks as if many farmers are going to be short in their supply for working the land this spring.

Already our farm lands are in a large measure suffering from the plow's idleness, and this big western demand for horse-power will not tend to remedy this evil. It is quite true that there seems to be plenty of the common sort of farm slaves, and they are being held at values that do not appear so ridiculous even two years ago. Appearances would warrant the introduction of gasoline or electric motor power on the Ontario farm. The demand for horses is more insistent than the supply.

Likewise a shortage in cattle faces our farmers. Auction sales in various parts of Ontario this past week have seen almost reckless prices paid for young grade cattle. Animals that sold for \$14 and \$15 a year ago would today bring \$25 to \$30. At one sale in Ontario County on Thursday, as high as five cents a pound was paid for stockers. There is too much poor stuff and too few of the good beef type animal. Wherever a blocky well-bred Shorthorn steer that looked good to the eye was offered, farmers tumbled over each other for the privilege of shouting a bid. Many farmers who did buy were labeled as very reckless buyers. But they may be all right. Time will reveal the great scarcity that certainly appears to exist.

In the matter of hogs, record prices are being obtained. A man seems to receive an additional rating by his fellow farmers if he can answer in the affirmative the question of pig possession. Brood sows are selling at handsome figures. They bring higher prices individually than work horses did fifteen years ago. Any grade brood sow with a future prospect determined by the expansion of her "Wiltshire" will sell for half a hundred dollars. You have to plead for small pigs. Pork is selling at prices higher to-day than at any time since the American civil war. It is purely a question of supply and demand. How futile the meat strike was is apparent to all.

The argument of the farm page that this would occur has been abundantly vindicated. A despatch from New York says that higher prices for meat have resulted just as many prophesied. And The Weekly Sun of this week comments upon the result so firmly argued by many that meat would rise in price because of the boycott.

Movements of this kind as were organized by a misguided union resemble the plipings of a mosquito on the axle tree of a moving car. Yet with the high prices there is a big inducement to feed. Coarse farm grains are comparatively cheap. Barley, rye and bran are not prohibitory, and that farmer may be a very wise man who jumps in and secures the good breeding stock, even at the high figures.

Donald MacMaster Slams Lloyd-George  
LONDON, March 4.—(C.A.P.)—Following Lloyd-George, Donald MacMaster made his maiden speech in the commons last night. He accused the chancellor of the exchequer of bringing discredit on the country by his speeches.

## SHORTHORN BLOOD MAKES HIGH-PRICED FARM CATTLE

The Good Old Shorthorn Cow is Still the Standby and Mixing Breeds is Bad.

In spite of the introduction at times of various specialized breeds of cattle in the mixed farming sections of the west, the old reliable shorthorn continues along the even tenor of his way and is to-day the most popular breed for the general farmer in Ontario. Possibly in the west and on the American prairies the hardy cross-bred Hereford is the favorite. Again in districts where specialization along any line is desired, such as in dairies supplying large towns and cities, or among breeders of fancy stock, the dairy breeds lead. But upon thousands of farms which produce grain and hay, raise and fatten cattle and hogs and conduct a farm dairy, not to supply milk, but cream for market, the Shorthorn has proved the most satisfactory breed, and is the most widely used of any.

The days of cheap land and cheap feed now forever gone, cattle could be raised simply for beef production. Under present day conditions and prices, it is not a paying proposition to raise grade cattle upon a farm and get no return but that from the feed lot. This has given rise to the widespread demand for milking strains of beef cattle.

**Dairy Industry Grows.**  
The growth of the dairy industry in Old Ontario during the past ten years is one of the truly remarkable developments of the period. This has been fostered by two factors: First, the elimination of much of the old-time machinery of dairying by the introduction of the hand separator; and second, the aggressive campaigns of education and encouragement by the big creamery companies.

The first attempts at building up a dairy industry by the establishment of central separator stations to which the whole milk was delivered and the skim milk received to take back to the farm, were never very successful, especially in outlying districts, because of the bulk of the product to be handled and because of the bad condition of the skim milk which was seldom fit for feeding purposes when returned to the farm.

The development of the dairy industry resulted in some localities in the introduction of special dairy breeds. In no instance, on farms in any part of Ontario, where it is desired to raise the calves for market beef, have these proved satisfactory. The dairy is rightly considered simply an adjunct or by-product, from which the family living expense is drawn, while the finished live stock is looked to for a profit.

**Milking Beef Animal Required.**  
The cost of raising a steer of the lighter dairy breeds is as great as that of maturing an inferior animal at best. These considerations have given rise to a widespread demand for a practical dual purpose animal suited to the requirements of farm conditions, the widespread and increasing use of the skim milk which is seldom fit for feeding purposes when returned to the farm.

Whether the principles of artificial selection could be applied to the human species is questionable, but a method was suggested to me by a story which I once heard. On a certain Scottish estate the colonel's wife presented her husband with triplets, and as this is rather an unusual occurrence in Scotland, the neighbors were naturally curious to look upon the great deep-bodied, gentle milking shorthorn cow, which will raise a good calf, milk well, and in the end make a good market proposition herself. MacDonald College is maintaining such a herd, and unless the manager is a faint-hearted man, he will amply demonstrate to Canadians what many American and plenty of English know as true, that the big shorthorn milker is the Ontario farmer's best cow.

**Big Price for Bull.**  
LONDON, Eng., March 4.—Sir Wm. Van Horne, Manitoba, gave 700 guineas for a bull at Birmingham Shorthorn Show.

## YORK COUNTY FARMERS DISCUSS FERTILIZERS

Meeting at Agincourt, Where Many Farmers Are Buying Commercial Manures.

On Wednesday a supplementary seed fair, under the auspices of the East York Farmers' Institute, was held in the Temperance Hall, Agincourt, and on the occasion an address was delivered by Mr. B. Leslie Emslie of Toronto, entitled "Factors in Increasing Crop Production, with Special Reference to the Use of Commercial Fertilizers." Although the roads were not in the most favorable condition for traveling, it was a bright overhead and a large number of farmers attended the meeting.

Preliminary business having been attended to, the chairman, Mr. Emslie, introduced the speaker, Mr. Emslie, who is the Canadian manager of the educational propaganda of the German Potash Syndicate, and a graduate of the West of Scotland Agricultural College, Glasgow, besides being a fellow of the Chemical Society, London. His experience in the use of chemical fertilizers extends over a considerable period, during which he has been in personal charge of experimental work conducted in Scotland, Germany and Canada. Mr. Emslie said:

The three chief factors which we must consider in our efforts to increase crop production are: (1) Suitable seed, (2) a favorable physical condition of the soil, (3) an abundant supply of available plant-food. In order to obtain maximum yields all these conditions must be satisfied. Of course, each one of these factors is under the control of the farmer. The seed selection and the improvement of the soil's physical condition by means of up-to-date methods of cultivation and under-draining, exercise of virtues of faith and hope, and charity. Seed selection and the improvement of the soil's physical condition by means of up-to-date methods of cultivation and under-draining, exercise of virtues of faith and hope, and charity. Seed selection and the improvement of the soil's physical condition by means of up-to-date methods of cultivation and under-draining, exercise of virtues of faith and hope, and charity.

**Seed Selection.**  
The principles of artificial selection have been successfully employed in both the plant and animal kingdoms. Artificial selection is really, since it usually follows natural laws, natural selection facilitated by human agency. The process of "natural selection," as exemplified by Darwin in his "Origin of Species," is a slow one, but intelligent man steps in and, recognizing nature's law, "like begets like," and "the survival of the fittest," is assisted by and assists nature in producing plants and animals with the desired characteristics, until in a comparatively short time a new and improved breed is established. When a plant possesses desirable characteristics is selected for seed, it is practically certain that, unselected, it would be less fit to survive and its progeny would be of a lesser extent the characteristics of the parent plant, according to the law that "like begets like." In the selection of a variety, one usually chooses those having the large best formed ears, a stiff, moderately long straw and apparently disease resistant, and in this way takes advantage of the law of the survival of the fittest, for the fittest are those which thrive best in the conditions of their environment. The selection of potato tubers is not, strictly speaking, seed selection, since the tuber is not a seed but a part of an underground stem, by means of which the potato plant may be propagated; the seed of course is in the plum. This method of selection, however, possesses a great advantage, in that no possible cross fertilization of the potato tuber can affect the tuber, which may thus be expected to more faithfully reproduce its kind. The best breeds of both plants and animals existing at the present day testify to the great value of careful and intelligently conducted methods of selection towards a pre-conceived ideal.

**Improvement of Soil's Physical Condition.**  
To get the best results from the use of good selected seed you must provide favorable conditions for the growth and development of the plant both root and shoot. One method of soil improvement much discussed at present is that of under-drainage; the value of which can hardly be

See Disney's change of ad for poultry, shorthorns and Yorkshires. Alex. M. Smith's sale near Sanford will be held March 9.

Consult our advertising columns for new ads. See Pallett's private sale lists. Eighteen head of driving and saddle horses have been sold from the Cumberland and Ontario (John Macdonald) during the past few weeks. The spring demand seems to have started in early and the number of buyers seems to be on the increase.

In the case of young orchards, when the ground is sufficiently fertile, the introduction of some hood crop is deemed advisable by the Colorado Experiment Station. Although the best shade crop to be used has not yet been determined, red clover appears to be most in favor among those who have used any crop at all. Other crops which have been used to some extent are winter vetch, peas and alfalfa.

## ORCHARD AND GARDEN IN MARCH

Prune fruit trees, shrubs and hardy roses. Graft fruit trees with better varieties. Prepare for spraying. Sow seeds of tomatoes, cauliflowers, etc., in the hotbed. Start flower seeds in boxes in the house. Re-pot geraniums, ferns and other plants for summer decoration. These are some of the things that gardeners and fruit-growers can do this month, according to the March issue of The Canadian Horticulturist. Other topics discussed in this issue of that magazine are lime-sulphur wash for spraying, low-headed peach trees, kind of apple trees to plant, raspberry culture and the growing of tomatoes, onions, potatoes, etc. The leading article tells how fruit-growers may make the commercial lime-sulphur wash at home.

Dr. McLaughlin's Electric Belt

Does this naturally. I know that the foundation of all strength is Electricity, and that Electricity alone will renew it. I have applied it for years, and have cured thousands of weak people in that time. Every town knows of its cures. My book tells of many grateful men and women who were cured by this Belt after every kind of medical treatment had failed.

It is the one sure remedy for the cure of Rheumatism, Weak Kidneys, Weak Stomach, Nervous Debility in young or old, and similar ailments, as well as Dyspepsia, Constipation, etc. How can anyone remain in doubt as to the value of this grand remedy when you see so many cures?

Dr. McLaughlin: Dear Sir, a short time ago I purchased one of your Belts. I am very pleased to say that I have received great benefit from it in every way. My varicose vein almost gone, and my back is much better. Before using your Belt my nerves were in pretty bad shape—so bad that it interfered with my work.

To those who still doubt there is any cure because they have been misled by false representations, and want evidence of cure in their own cases before paying, I say, disregard my testimonials if you will, but be convinced by what I can do in your case before you pay. I am willing to take all the chances of curing any case of Rheumatism, Lumbago, Back, Sciatica, Varicose, Nervous Debility, Constipation, Lost Energy, resulting from exposure and excesses in middle-aged men. Give me reasonable security, and you can

### MAKES ONE MORE STRIKE

Mining Inspector Who Has Found Several Fortunes Finds Another.

**SPOKANE, Wash., March 4.**—"Swift-water" "Bill" Gates, mining prospector of Spokane, who has found a half dozen fortunes in the great, white, silent north and in the Pacific northwest, has turned up in the Andes Mountains, in Peru, where he is examining a plac-

### Had Weak Kidneys For Two Years.

Doctor Failed to Help. Doan's Kidney Pills Cured Him.

Mr. Edmund Assels, New Carlisle, Que., writes: "I feel it my duty to let you know of the great cure I have obtained by using Doan's Kidney Pills. I was troubled with my kidneys for two years. I tried a doctor, but he failed to help me. I read in the B.B. Almanac about Doan's Kidney Pills, and began using them, and after the first box began to feel better. I only used four boxes and they completely cured me. I am very thankful to have found so speedy a cure, and would advise everyone suffering from kidney disease to try them."

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some kind of kidney complaint, but do not suspect it. It may have been in the system for some time. There may have been backache, swelling of the feet and ankles, disturbances of the urinary organs, such as brick dust deposit in the urine, highly colored, scanty or cloudy urine, bladder pains, frequent or suppressed urination, burning sensation when urinating, etc.

Do not neglect any of these symptoms, for, if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes. Price 50 cents per box, or 3 boxes for \$1.25, at all dealers or The T. Milburn Co., Limited, Toronto.

In ordering specify "Doan's"

er mine, discovered and worked by Cortez and his men more than 300 years ago.

His partner, B. A. Wilson, now in Spokane, says Gates is to have a half interest in the property for his work in opening the mine, the cost of this being \$15,000. As Gates has ample backing, it is believed he will be able to clean up another fortune.

The mine is 30 miles from the coast, at an elevation of 7000 feet, and so far has only been "scratched." There is a canal 180 miles in length thru the placer ground, and it is proposed to use its water in washing out the gold.

Gates has advised Wilson that the mountains in Peru fairly reek with yellow metal, as is evidenced by the fact that an adjoining property is producing \$600,000 in gold a month.

### Two Policemen Shot.

**CHICAGO, March 4.**—John Wren and Patrick Quinn, policemen, were shot early this morning by two Italians, who mistook them for members of a "Black Hand" organization. When they die.

### Another Bank Clerk Goes Wrong.

**BOSTON, March 4.**—John H. Cullen, a teller in the Union Institution for Savings, was arrested at his home in Dorchester early to-day, charged with the shortage of \$1200 in the accounts of the bank.

### Hurt in Runaway.

William Hodgson, 4 Chesley-avenue, was severely cut about the legs when his horse ran away in Dupont-street last night. The front axle broke, frightening the animal, which bolted. He was taken home in the police ambulance.

### Death Follows Operation.

Mrs. Mary Twigg, 190 Manning-avenue, died in the Western Hospital yesterday afternoon, following an operation. Mrs. Twigg was the mother of City Detective Harry Twigg of the headquarters staff. She was a widow, 77 years of age.

Presentation to G. H. Parkes. Members of the Mendelssohn Choir presented G. H. Parkes, the president, with a gold fob and an illustrated address in recognition of his organization work in connection with the recent visit of the choir to Buffalo and Cleveland.

## YORK COUNTY

### N. TORONTO PROPERTY SELLS AT GOOD FIGURE

East Toronto Sunday School Opened—Short Breezy Notes From All Over County.

**NORTH TORONTO, March 4.**—(Special.)—To-morrow night's fortnightly meeting of the North Toronto Ratepayers' Association bids fair to be an important one. The condition of Yonge-street, the accommodation given by the Metropolitan Railway, macadamizing the tracks and other live matters will come up. Let everybody attend.

Dr. Ellis has sold his property consisting of about five acres and adjoining the Golf Grounds to Mr. Howie, manager of the J. T. McLaughlin Company. The price paid is said to be in the neighborhood of \$12,000.

George McCormack whose property was recently disposed of will hold an auction sale on March 12. It is known that the land will be at once thrown open for building purposes.

Fred Phipps of Calgary is visiting his brother Arthur on Ranleigh-avenue.

A public meeting will be held in the English Church Mission, Northern Heights, on Friday night, when the question of building a new school at the north-end will be discussed.

### EAST TORONTO.

**EAST TORONTO, March 4.**—(Special.)—Macpherson Sunday School counting about \$1500 will with the good work which has been done assume a mortgage of less than \$700. At Sunday service and last night's meeting about \$100 was raised. The school will seat 300 pupils, and at last night's concert, Rev. Mr. Rogers and Rev. H. A. Macpherson were present. A feature of last night's gathering was the unveiling of a monument to the memory of the late James L. Paterson, to whose self-sacrifice and devotion the building of the school was largely due.

### WEST TORONTO.

**WEST TORONTO, March 4.**—March 6 will be Communion Sunday at Victoria Presbyterian Church, and the morning service will be in charge of Rev. Dr. Duncan, and in the evening Rev. Robert Hadeow will speak. The streets are rapidly being cleared of ice, etc., in this district by a large force of men and wagons.

Rev. J. C. Speer will preach in High Park-avenue Methodist Church on Sunday at both services. At Davenport-road Methodist Church, Rev. John Locke will preach morning and evening.

The civic workers committee to-day threw out the request of a small body of residents of Uttley-street, asking that the name be changed to Peace-crescent. Ald. Anderson opposed the petition on the ground that the present name was commemorative of one of the founders of West Toronto.

### VEGETABLE GROWERS.

The regular monthly meeting of the Toronto Branch of the Vegetable Growers' Association will be held at the Albion Hotel to-day (Saturday) March 5. A speaker from the Ontario Agricultural College will speak and the usual prizes will be awarded. The meeting is called for 3 o'clock sharp.

### SWANSEA.

**SWANSEA, March 4.**—On Sunday the Lenten services at St. Olaf's Church will be conducted by the rector, Rev. W. H. Sparks. The subject for the morning sermon, by the rector, will be "Alone With God." In the evening the Rev. C. V. Picher, M.A., diocesan Sabbath school secretary, will deliver a special address. The choir will render special anthems on the occasion. These services will be continued every Sunday until Easter.

### UNIONVILLE.

**UNIONVILLE, March 4.**—(Special.)—The anniversary services of the Unionville Presbyterian Church will be held on Sunday, when Rev. Prof. Ballantyne of Knox College will preach. Appropriate music will be furnished by the choir.

On Monday the Commercial Bank will take place at this point. A procession will be formed and after parading the streets will be disbanded.

### IS MUZZLING LAW DEAD LETTER?

It is stated on good authority that legislation in York County with respect to the muzzling of dogs is largely a dead letter. In some cases as many as half a dozen dogs have been seen on the upper portions of Yonge-street running together at large without muzzles, tho' in some cases accompanied by their owners. With the adoption by the municipalities of this law, no apology can be offered for such open violation of the order.

### SUES MARKHAM AND VAUGHAN.

A suit which is causing a lot of litigation, and is of especial interest to York County people, is that now in progress between the joint municipalities of Markham and Vaughan on the one hand, and Mrs. Emma Gamble of Main Mills on the other. Workers engaged in taking out gravel from a pit owned by the two municipalities were using dynamite, which exploded, allegedly, Mrs. Gamble received permanent injuries. The plaintiff is suing for \$2000 damages, and the case, which was not concluded when the court rose, will be continued on Monday.

### COUNTY WELL REPRESENTED.

The good roads convention, brought to a close on Friday afternoon, was attended by more delegates from York County than at any previous meeting in the history of the association. Members of the county council were in attendance, and the expression themselves as delighted with the progress made.

Ex-Warden W. H. Pugsley, who has been one of the pioneers in the movement, said last night to The World: "The convention just closed has been the best ever held here. In attendance, enthusiasm and a desire to accomplish something we are far ahead of any former meeting."

Some of the delegates from York County present were: Reeve Henry and Deputies of Vaughan, Reeve Henry and Deputies of Markham, Reeve and Deputies of East York, Reeve and Deputies of Scarborough, Reeve and Deputies of North York, Reeve and Deputies of Etobicoke, Reeve and Deputies of Mississauga, Reeve and Deputies of Brampton, Reeve and Deputies of Brantford, Reeve and Deputies of London, Reeve and Deputies of Windsor, Reeve and Deputies of Detroit, Reeve and Deputies of St. Catharines, Reeve and Deputies of Niagara Falls, Reeve and Deputies of Hamilton, Reeve and Deputies of Toronto, Reeve and Deputies of Ottawa, Reeve and Deputies of Kingston, Reeve and Deputies of Cornwall, Reeve and Deputies of London, Reeve and Deputies of Windsor, Reeve and Deputies of Detroit, Reeve and Deputies of St. Catharines, Reeve and Deputies of Niagara Falls, Reeve and Deputies of Hamilton, Reeve and Deputies of Toronto, Reeve and Deputies of Ottawa, Reeve and Deputies of Kingston, Reeve and Deputies of Cornwall.

### IN AID OF WORKMEN.

Industrial insurance on increase in Germany.

To the many forms of industrial insurance now in successful operation throughout Germany, several Prussian municipalities purpose adding an insurance for the unemployed. The plan most likely to be followed will be upon the lines laid down in Cologne and Ghent.

The principles underlying the system in Ghent are mainly these: The insurance of the unemployed has primarily with the workmen's associations. To the amount paid to a beneficiary by these organizations, the municipality adds 50 per cent. of it when it is shown that the man non-employed is due to no fault of his own, such as a strike or a lockout. The city's contribution, however, is not to exceed 100 marks daily. Questions arising as to the reasons of non-employment, whether by fault of the employer or employee, are to be decided by a jury, consisting of employers and men, with a neutral member having the deciding vote. This jury, or mission, also acts as an agent between the unemployed and the city's employment agency, besides deciding the amount to be paid for medical expenses and similar questions.

The question of the adding of municipal financial aid to the sums paid by the workmen's associations to their members first arose in Ghent almost ten years ago. A special fund was raised for the purpose of aiding workmen out of employment. The workmen's associations, or unions, as we would call them in America, who desire to participate in the benefits of this fund must inform the trustees. A condition precedent is a clear differentiation between those who are employed and those without legitimate employment. As to the amount and manner of distribution, the unions must have definite printed rules and regulations. Aid is only extended in cases of involuntary, complete or partial non-employment and in cases where men are out of employment in consequence of the destruction by fire of factory buildings, and so on. For no longer a period than sixty consecutive days is aid given in any one year. The rather long-tenured title, with conditions, and aid can only be extended to a man who has dwelt in the city for a month, at least.

In order to enable workmen who are not organized in unions, or members of any union, to be eligible for the fund a savings fund was created and the participants in this fund were aided to the same extent as were the aided members of any union. The unorganized workman was compelled to procure a savings bankbook (pass book). If he became without employment and desired his savings he would receive financial assistance, but only after he had been a member of the savings fund for at least three months, and could only draw upon savings which had been deposited at least three months prior to losing his position.

The system in Cologne rejoices in a rather long-tenured title. It calls itself the "Fund against non-employment in winter, of the City of Cologne." This fund is raised by contributions from patrons; the insured, the City of Cologne, societies, associations, employers and so on. Any one can become a patron by a single contribution of 300 marks (almost \$75).

Any male person over eighteen years of age not depending for his living on any one else can become one of the insured. Persons unable to adduce proof of regular employment and "odd job" men are not admitted to membership.

The weekly dues amount to 35 pennings for unskilled workmen and 40 pennings for skilled workmen. A member may begin drawing on the fund within three days after loss of employment, and after it has been shown that his non-employment is involuntary. Aid, however, will not be given for longer than eight consecutive weeks.

The daily stipend amounts to 2 marks for the first twenty days of non-employment and for the remainder of the time I mark a day. Sundays and holidays are not included.

## A Sale of Over 5000 Rolls of English and German Wall Papers

OUR Spring stocks of Wall Paper are now in the store. We are getting ready to make a display such as will do the stock and the bright new department justice. But first we have a little clearance to tackle.

Several thousand rolls of Imported German and English Wall Papers have accumulated—"little lots" will accumulate, you know, especially in the popular papers. They must be eradicated before we plunge into the real Spring campaign.

Beginning Monday, we are simply going to clear those papers out. There will be no denying us. They must go. We will take papers marked up as high as \$1.00 per roll and sell them Monday at 19c a roll. Not one of these papers sells in the regular way at less than 50c. Don't think that the designs are anything but first rate. We have others newer, but no art critic would say they were necessarily artistically superior.

### TO CURB SPECULATORS

Richard Blain's Plan to Prevent Charter Trafficking.  
**OTTAWA, March 4.**—(Special.)—In the house to-night Richard Blain (Peel) said it was becoming too easy for speculators to get a valuable railway charter for the object of disposing of it for a large sum of money. He suggested that, before any charters in the future were sold, the original promoters should be compelled to get the authority of the governor-in-council.

### BRANTFORD TEACHERS RESIGN.

**BRANTFORD, March 4.**—(Special.)—William Aberhart, principal of the Central school, has resigned to accept the principalship of a new school at Calgary.

Charles Errett, principal of the technical school, has also sent in his resignation, the trustees having declined to raise teachers' salaries to the standard of those paid in Toronto and Ottawa.

### N.B. HAS A SURPLUS

Totals \$4490—Expenditures for the Coming Year.  
**FREDERICTON, N.B., March 4.**—(Special.)—In the legislature to-day, Hon. J. K. Fleming brought down his budget. The expenditures of 1909 were \$1,255,881, \$105,587 over the amount estimated. The receipts were \$1,259,826, or \$73,107 in excess of the estimate. For 1910 he estimates \$1,251,932 income and \$1,227,079 expenditure. The estimated receipts include \$221,800 from Dominion subsidies, and \$450,000 from territorial revenue, a large increase over the past year. In estimated expenditures are included \$280,244 for education, \$250,000 for interest, \$265,000 for public works, and \$52,815 for agriculture.

Mr. Fleming for the past fiscal year shows a surplus of \$4490.  
Engaged to Toronto.  
**NEW YORK, March 4.**—Mr. and Mrs. J. Roland Mix of New York announced to-night the engagement of their daughter, Miss Julia Rowland Mix, the well-known golf player, to Arthur Howard Blight of Toronto, Ont.

## IT IS FAR BETTER TO BE An Old Man Who Feels Young THAN A Young Man Who Feels Old

HERE IS AN OLD YOUNG MAN. Years count for nothing if you have the vitality. You can feel young all your life where there is ample nerve force to back your courage. Let me make you a "HEALTH BELT MAN." Let me supply you with that vim, vigor and manly strength which conquers all obstacles. A man at 60 should be in the prime of life; early decline units you for the world's work. I have talked with more than 100,000 debilitated men; the lack of vital vigor is responsible for most failures; you can't command the attention and admiration of women or even men if you lack personal vitality. My HEALTH BELT fills you full of vital force; it strengthens weakened parts; it gives you courage to meet squarely any eyes which may look into yours. You become as attractive in your personal influence as the strongest, most full-blooded man you know. Thousands upon thousands have been cured by my HEALTH BELT. Women nights for two or three months, it sends the continuous tonic current of electricity into your system all the time you are sleeping. No privations, no medicines, no restrictions, excepting that all dissipation must cease. Cures weak back in one night; carries from first hour. It has special attachments which carry the current to the weakened parts. Used by both sexes for rheumatism, kidney, liver, stomach, bladder disorders, etc. John Mulholland, Tyneside, Ont., writes: "Your Health Belt restored me to manly vigor. Use my name as you see fit." If in or near this city, call and see the Belt in my office, otherwise send for the free books which explain all and tell you how, for a few dollars, my Health Belt will give you back your manhood. No charge for advice at office or by mail. Use the coupon if more convenient.

### FREE UNTIL CURED

Call or write to me and I will be on arrangement to let you have the Belt on trial, not to be paid for until cured. No deposit or advance payment. Send it back if it doesn't do the work. Liberal discount for cash if you prefer to deal that way.
