COMMONERS HAD FUN

Continued From Page 1. In his esteemed friend the Minister of Public Works, and knew that when the time came Mr. Tarte would look into the whole matter and make reductions in this item of expenditure.

Mr. Tarte said he had looked thoroughly into the subject and found he was not able to make any reductions. Mr. Bergeron attached a good deal of importance to this latter declaration.

Mr. Bergeron, taking the figures given by Mr. Tarte himself, showed that the average of the past five years was \$24,500, as stated by the Minister. The present Government were therefore providing for an extra \$14,000.

Mr. Maxwell was funny. Mr. Maxwell, the Liberal member for Burrard, who followed, said when Mr. Mulock and Mr. McMillen in the past year had proposed to spend more money on the railway.

Mr. Rogers, excitedly, took that back right off. Mr. Bennett: No; I understand that the gentleman to say he did not get a leather trunk.

Mr. Rogers then said he did not get a leather trunk, whereupon Mr. Bennett withdrew his statement. Proceeding, he mentioned that Frontenac (Mr. Rogers' constituency) was represented in the Local Legislature by Mr. Haystack.

**MR. HAGUE NOT BADLY LEFT**  
He Is to Get \$20,000 a Year  
for Five Years  
FROM THE MERCHANTS BANK

It Means Practically a Retiring Allowance of \$100,000.

The Directors of the Bank Financially Acknowledge the services of the veteran Manager—Mr. Fyfe comes at a Nominal Salary of \$15,000 a Year—Montrealers likely to keep up a Lot of Toronto Railway Shares—Bankers Discussing the Rate of Interest on Deposits—Red-patch Sugar Refinery Shut Down Because of the Tariff—Montreal News.

Montreal, May 19.—(Special.)—A few more details of the change at the Merchants' Bank came to light to-day, and it will be seen that the directors of that institution have treated Mr. Hague in a very generous manner, although not perhaps in excess of what the veteran banker merited at the hands of the institution he has presided over for so many years.

The Merchants' Bank has as good as presented Mr. Hague with a \$200,000, the agreement being that he is to receive \$20,000 yearly for the next five years, although no one supposes the retiring general manager will remain that long connected with the bank.

As for Mr. Thomas Fyfe, he will be the recipient of the next five years of \$15,000 per annum, yet it is quite probable that the new man from Montreal will receive several bonuses during that time. As just intimated, it is not at all probable that Mr. Hague will remain with the Merchants' half of the five years mentioned, so the public will simply put down the \$200,000 as a retiring allowance, and most people will say Mr. Hague has well earned the amount.

**Toronto Railway Shares.**  
It is believed in the street here that as soon as the schools and theaters of the junction pass away, Montrealers will swoop up a lot of Toronto Street Railway stock. Today 20,000 out of the 60,000 shares are held in the Province of Quebec, the great bulk, of course, being in the city of Montreal. J. J. Forget & Co., James Ross, William McKenna and Senator George Cox are, at present, the largest holders, but it is believed that smaller capitalists too will buy up large blocks as soon as Sunday cars are an accomplished fact.

**Rate of Interest on Deposits.**  
The City and District Savings Bank gave in to-day its proposition made a few days since of the local banks, viz.: To make the future rate of interest on deposits 3 per cent. on the minimum balance, instead of on the daily balance. The City and District Bank will not pay, in fact, interest on deposits of over \$2000. A large deposit was offered to that institution to-day and they replied that they would accept it all right, but only allow the interest on the amount just named. At a meeting of the Montreal Bank held yesterday the desire was expressed that the Dominion Government would also lower the rate of interest in the postoffice savings banks to 3 per cent.

**Manitowlin Island Matter.**  
The Dominion Government has established a new mail route to Manitowlin Island, as well as to St. Joseph's Island. The service is being performed by the City of Windsor, from Custer Station, on the Canadian Pacific, four times a week to the chief towns on the Manitowlin, which has a population of 15,000 souls. The steamer leaves Des Barres station, on the Sault Ste. Marie branch, four times a week for the towns of Hillton, Ganna and Richard's Landing, on St. Joseph's Island, Collingwood, Owen Sound and other points opposite the new service on the ground that it would take away a part of their trade.

**A Lucky Englishman.**  
Mr. James Mayhen, formerly a post-office clerk here, claims to have news from England to the effect that an uncle's death brings him a fortune of \$250,000.

**Killed by the Tariff.**  
Another one of Montreal's industries has succumbed to the blighting effects of the Fielding tariff. The St. Lawrence Sugar Refinery, employing 250 men, has found it impossible to continue under present circumstances, so the order to close down had to be given.

**ANCIENT ORDER OF WORKMEN.**  
Reception at the Pavilion to the Grand Lodge Officers and Welcome to Toronto.  
The reception in the Pavilion last night tendered to the Grand Lodge officers of the Ancient Order of United Workmen, on the occasion of the removal of the head offices of the order from St. Thomas to Toronto, was attended by a large number of members and their friends.

**WHERE IS THE BARON?**  
His Wife Has Not Seen Him for Days and Her Board Bill is unpaid.  
New York, May 19.—A special to The Journal from London says: The Baroness von Turkheim, who believes that she was decoyed from San Francisco to prevent her appearance as a witness in the Fair will contest, is still in London. She has been in telegraphic communication with the District Attorney of San Francisco since her arrival here, but that circumstance has not yet developed the price of the return passage for herself and child.

**NIAGARA FALLS NOTES.**

**A Stranger Struck Town Who Appears to be of Some Importance—Old Suspension Bridge Removed.**  
Niagara Falls, Ont., May 19.—(Special.)—A stranger struck town here to-day, and with him came a rumor that there may be some surprises coming in connection with the power tunnel scheme. The stranger stopped across the river while at the Falls, but his interests were evidently on the Canadian side. This morning he visited the site of the recent operations by the Canadian Niagara Power Company, and made an enquiry about the work. When told operations had ceased he remarked that he represented the Chippawa Power Company, and if the rival company remained idle one month longer his company would build ahead of them. The gentleman refused to give his name.

**The steam roller which was purchased by the town from the Fitis Company of Buffalo and delivered yesterday by the Canadian Pacific, was released on the presentation of a departmental order to allow the machine to be entered at \$2000. The town paid \$3700 for it. The roller was unloaded to-day, and work commenced on the streets.**

**The funeral of Charles A. Rick, who died on May 15, took place this afternoon to the Trinity's Lane Cemetery. It was the largest ever seen in town. The town band, W. and the I. O. F. attended in a body and marched to the grave. The floral offerings were numerous.**

**Scroggs' Body Shipped.**  
New York, May 19.—The body of Arthur Scroggs, the sea captain, who was drowned near Victoria, B. C., was shipped to-day on the American Line steamship Paris. The body should have gone a week ago on the St. Louis, on which Mrs. Scroggs sailed. She had and when it arrived it was sent to the morgue. When Mrs. Scroggs arrived she supposed that the body was also on board. The American Line officials obtained the body and forwarded it to-day to England, where it will be buried.

**Emigration and Oeconomization.**  
Berlin, May 19.—The Reichstag to-day passed the emigration bill. It becomes operative on April 1, 1898. Later the Reichstag passed the oconomization bill by a vote of 186 to 101.

**Lord Penketh's Benefactor.**  
Dublin, May 19.—The Bench of Bishops to-day elected the Right Rev. Joseph Ferguson, D. D., Bishop of Meath, to be Anglican Archbishop of Dublin, in succession to the Right Hon. and Most Rev. Lord Penketh, D. D., who died on April 1.

Flora and Maggie McMillan Perished in Their Burning Dwelling at St. Andrew's, Nova Scotia.  
Halifax, May 19.—Flora and Maggie McMillan, sisters, living at St. Andrew's, near Antigonish, perished in the flames of their burning house last night. Three maiden sisters lived alone, but the third one was absent from home yesterday and last night. The house was some distance from any other. The unfortunate women were sisters of the man McMillan who was frozen to death in the streets of Rossland last winter.  
Sowell, whom President McKinley has recently appointed Minister to Hawaii, arrived here from Washington, and has left for the southern part of the state. He will sail for Honolulu in about a fortnight.

ALL FIT TO FACE THE STARTER

Horses at Woodbine Park Ready for the Flag to Fall—The Wicker Takes Slow Work.

Down at the Woodbine track yesterday there was little work done, as nearly all the horses are about fit to face the starter on Saturday.

Don Leighton worked his youngsters, Danced a half in 50th seconds, Has Burgess sent music a mile in 1:40, and the Plover Britches 3/4 mile in 2:20. Sir Dixon, Jr., recited off a half in 1:24 seconds. Orons and Orons bred six furlongs in 1:20.

Edie Wylie sent Maxiburne through in 1:28, Laverack and Belle of Rockwood five furlongs in 1:10 and Glamourie and Leonard a half in 1:10 seconds.

John Nixon schooled Lawyer, Lionheart, Royal Oak and King County over the jumps. Royal Bob, Ogdensburg, Clark, Radiator, Prince Charles, Don Pedro, Chester, Cockatoo, Roundhead, Hudson, Wanderer II, were all given their last schooling before Saturday through the del.

MILITARY COLLEGE SPORTS.

Mr. Kitson Distributed the Prizes—Post-Office Assessor's Office in Work. 3 1/2.

Kingston, Ont., May 19.—Mr. Kitson distributed the prizes won at the Royal Military College sports to-day. Cadet Kingdon won the college trophy, and having secured it three times in succession will own it for the first time.

William Harvey won the 100 yds. race, and having won the ex-cadets' prize, having led in four events. A large company of postmaster's staff entered. The salary is \$2000.

HAMS MADE IT THREE. Hamilton, May 19.—(Special)—The first local game in the Canadian Baseball League series was played here to-day between the Toronto and Hamilton teams.

The local nine outplayed the visitors at every point. But for the error of the Toronto outfielders, the game might have been interesting. Hardy did good work in the box for Toronto, and in the game, but poor support disheartened him.

WHERE IS MR. JOHN MACDONALD?

West End Residents are Unhappy Over the Mysterious Disappearance of an Aged Citizen.

Considerable mystery surrounds the disappearance of Mr. John Macdonald, an aged gentleman, living with his wife and two daughters at 441 Adelaide-street west. Mr. Macdonald left the house about 4 o'clock on Tuesday afternoon, and is supposed to have wandered down to Brock-street wharf.

The only clue as to his whereabouts was furnished by the caretaker of the Brock-street wharf, who reports having seen a man whose description tallies with that of the missing gentleman.

A number of friends of the family made up a searching party and scoured every conceivable place where he could possibly have gone. The theory that he has fallen into the bay is in part explained by the fact that the caretaker states that the man he described returned over the Brock-street bridge away from the wharf.

The old gentleman has been more than 60 years of age, and is well-to-do, and this, coupled with the fact that he is a native-born Canadian of late, lends color to the idea that he has become wearied of life. He was not addicted to any particular pastime, having retired from business some years ago. He has a son and daughter in Toronto, and a grandchild in London.

He lives for those who love him—For those who know him true, For the heavens that bend above him And await his coming too, For the wrongs that need resistance, For those who need assistance, For the glory in the distance, And the good that he can do.

The silver plate was beautifully inscribed with an address from the employees, trusting that God Almighty would add to the length of years and winding up with the words of love. "Age sits with decent looks upon your visage, and worthily becomes your silver locks. You bear the marks of many years well spent, of virtue, truth well tried and wide experience."

The employees also presented Mr. Heintzman with a photograph, of which Mr. Heintzman replied with unfeigned appreciation.

From the Liederkrans Club. In the evening the grounds were lit with Chinese lanterns, and the Toronto Liederkrans Club made the Toronto Liederkrans Club national colors. It was in the German language and illustrations bringing in the German and English flags, various musical instruments and a bottle of bay rum were appropriate as well as beautiful.

"I've got a sore foot," the customer went on to explain. "I'll give you another one," said Mr. Lander, as he made a rush after the man in order to get back the stolen property. He caught up to him at a distance, but decided not to attempt a capture when the man pulled a pruning knife about three inches long and requested that the chase be discontinued.

Mr. Lander wisely acceded to the request, and afterwards notified the police at No. 3 Police Station, where a description of the desperado, who is a tough-looking, clean-shaven fellow attired in a dark suit of clothes.

THE QUEEN'S OWN. Conclusion of the Weekly Spring Drill—Arrangements for the Winter.

The Queen's Own Rifles concluded their regular weekly spring drill for 1897 last night by marching from the Armouries to old Upper Canada College grounds and practicing battalion movements.

The major Delamater was in command and 607 of all ranks were present. The men received instructions regarding the Queen's Rifle parade in marching order. The drill was completed at 8:30 p.m., at 9 p.m., for the purpose of proceeding to the drill hall.

A Garrison order says that the 'how'ing' ally in connection with the drill hall will be closed from June 1st to Sept. 1st.

THAT DEAL CALLED OFF. Belgian Syndicate Balked by Great Britain, the United States and Germany re Chinese Railway.

London, May 19.—A despatch to The Times from Peking says that in deference to protests of Great Britain, the United States and Germany, the Tsung Li-Yamen has repudiated the monopoly scheme of the Belgian syndicate.

The main speeches of the day were made by Senator Foraker, Ohio (Dem.), Utah; Lindsay, Kentucky, and Hon. Massachusetts. It was the first speech of Senator Foraker, Ohio (Dem.), Utah; Lindsay, Kentucky, and Hon. Massachusetts.

Mr. Lindsay declared if the information furnished by the United States consuls in Cuba is correct, it is a matter of the utmost importance to terminate all diplomatic relations with Cuba.

It was developed in the course of a colloquy between Senators Foraker, Morgan and Vest that the State Department had withheld the names of United States consuls reporting the serious condition of affairs in Cuba because it might lead to their massacre.

Mr. Vest declared that this presented the most serious phase of the subject, and it was time to protect our officials with warships if their personal safety was threatened for making reports to their Government.

No action on the resolution was taken, but Mr. Morgan said he hoped to secure a vote to-morrow on Mr. Hoke's motion to refer. He desired to do this, he said, in order that the Cuban resolution might not antagonize the tariff bill on Monday.

After some objections the Senate decided to adjourn from to-morrow until Monday.

Mrs. Holman Seriously Ill. London, Ont., May 19.—Mrs. Harriet Holman, the veteran actress, is seriously ill at her home on Talbot-street, and her recovery is doubtful. A general break-up of the system seems to be the cause. Her illness will be heard of with regret, not only in the city, but throughout the country, where she is so well known.

Navigation Notes. The steamer Empress and the Ferry Company's fleet commenced their regular run to-day.

The steamer Melbourne and the schooner August, both of the Empress line, arrived and cleared.

The steamer Rosemont discharged 18,000 bushels of wheat at Kingston Tuesday, the largest cargo on record.

Managers Irwin and Macdonald met in the World office last night. They discussed the cordially and considered each other over yesterday's incidents at Syracuse and Hamilton.

THE PRESS SHUT OUT.

International Postal Congress at Washington Develops Into a Star Chamber.

Washington, May 19.—The Postal Congress yesterday barred its doors to all newspaper representatives. In this connection, the Evening Star says: "The summation of what will probably be regarded as a failure in the proceedings of congress was reached to-day. As a matter of fact, the president, issued an order to exclude all representatives of the press from the building in which the congress is holding its session. As a slight recompense to the people who are being taxed 300,000 for the entertainment of the congress, Gen. Betcher has arranged for a banquet to be given to the congress to-morrow evening. A bulletin stating what action had been taken during the day, or what matter had been under consideration, so far as the press is concerned, was not issued outside the congress to know what is being done."

PLAYED AN ERRORLESS GAME

And Still the Torontos Lost to Syracuse.

THE SCORE WAS 6 TO 4.

Charlie Maddock's Team Lose at Hamilton by 14 to 4.

Buffalo Continue on its Winning Career and Beat Rochester by 10 to 3.

Headed by the Stars and Torontos, the Buffalo team played a fine game and was only by the visitors to any extent in the third inning, when they had out four runs after the side should have been reduced to one.

Toronto showed marvelous form in the field, and accepted every chance. Staley pitched a fine game, but Mackay was not good for him. The Canada team played some in the morning, for their first home game with Rochester to-morrow.

Rochester was behind the Stars and Torontos, and Staley going down on a close decision. Score:

**THE ANTI-DOMESTIC TROUBLE.**  
 Having retreated from their attack on the enemy it is now in order for the Antis to arrange the difficulties of their own camp. First of all there is that long-standing feud between Rev. John Langley and the Presbyterians. The country is anxious to learn how that is going to end. When the controversy was interrupted by the advent of the Sunday car fight, the Rev. John seemed to have pretty well established his position that it was not possible for a true Christian to be a Presbyterian. It is to be hoped Principal Cayen has now sufficiently recovered from the defeat of last Saturday to refute so bold an assertion. Then Toronto's most learned Churchman has also an old score to settle with Rev. Father Tracey, whom, indeed, he charged with making, not misstatements, but downright, premeditated falsehoods. This controversy is equally interesting to the public as that on Presbyterianism, for it concerns the doctrine of Mariolatry, the Latin and the Greek, and other theological tid-bits. It is to be hoped the rev. gentlemen who took part in the Sunday car campaign will now proceed to thresh out these doctrines, because, after all, there is nothing like getting down to the absolute truth concerning things.

How much better it is for the brethren to confine their attention to important discussions like these than to be scripping in public as Rev. J. C. Speer and the other witnesses in the case of the Mayor Fleming is truly one of the brethren. While he is not an ordained minister, it is well known that he has officiated as a local preacher, and his close connection with the Executive of the Methodist Church, and a score of other ranks as a brother in good standing. Besides all this he claims that he has been faithful to the cause of the Antis throughout the whole street car episode, from the time the very first attack was made years ago. Whether it is true or not, the witnesses in the case of the Railway Company, it is certainly bad form for the brethren to publicly proclaim one another traitors, liars, slanderers and low cowards.

Some, come, brethren, don't descend to the level of the devil's Sunday car fight. Let us rather step down towards from such backguardism to Sunday-carism itself. Nothing would have a better effect in quieting the troubled atmosphere than a two-column doctrinal article from the able pen of the Rev. Dr. Fleming, who we have it, Doctor, by next Saturday. You know what a bull-dog Sam Blake is. Well, give us a dissertation on Ritualism, Doctor. That will send the bulldog to sleep, and keep him off the public. By diverting the minds of the brethren from the calamity of the 15th of May you will not only be rendering a great service to the public, but you will be conferring an inestimable benefit on the brethren themselves.

**TAX EXEMPTIONS.**  
 The Trades and Labor Council wish to be represented in the convention that is to be called together next September to discuss the question of tax exemptions. We are no doubt the convention will be only too glad to have the council send one or more delegates to the gathering. The arguments in favor of making the churches contribute their share of taxes are now stronger than ever. The churches are entitled to the same respect and consideration as any other institution. The churches are the only institutions that are not subject to taxation. The churches are the only institutions that are not subject to taxation. The churches are the only institutions that are not subject to taxation.

**THE VICTORIAN ORDER OF NURSES.**  
 The World is not an ardent admirer of the scheme that goes by the name of the Victorian Order of Nurses. It is a business in which the nurses are equal to the demand, we believe it is that of trained nurses. For several years back large numbers of girls have been graduating as trained nurses from the various hospitals of the Dominion. But it is not probable that in any case, at least, all that it requires. The establishment of the proposed order interferes with general business principles. It favors of charity and will, consequently, have a tendency to lower the level of the business in which they are engaged. The nurses are not a profession, they are a trade. The nurses are not a profession, they are a trade. The nurses are not a profession, they are a trade.

**FATE OF THE MANISTEE.**  
 A Message in a Bottle Found on the Beach at Bayfield, Wisconsin, After 14 Long Years.  
 Bayfield, Wis., May 19.—Five miles south of this harbor, half embedded in the sand on the beach, James Taggart, a lumberman, discovered the first message from the 40 persons who perished in the wreck of the steamer Manistee, nearly 14 years ago. It was a note, carefully enclosed in a heavy glass bottle, the writing had faded with the lapse of years and the glass of the bottle was worn thin with its constant beating against the sandy shores of Chequamegon Bay. The message on the note was as follows:  
 "November, 1883.—Left Bayfield at 1:10 p.m. Just in sight of Michigan lighthouse. We may not survive the storm. Heavily laden and hard to turn in the storm. Captain McKay, steamer Manistee."  
 The Manistee was a wooden steamer

**Odoliferous Excursion.**  
 The Odoliferous annual excursion to Barrie and Orillia on May 24, under the auspices of the Lodge, No. 314, promises to be well attended. Two trains have been secured to accommodate the large crowds that annually patronize this popular excursion. Among the attractions are a sailing race at Orillia between J. Gaudaur and J. Rogers, lacrosse match between the Bina and Toronto, and tennis, bicycle races, baseball games, etc. A great many tickets have already been secured, and the indication of this being the most successful picnic ever held to this attractive point.

**Two British N. P.'s to Be Here.**  
 Among the members of the Imperial House of Commons who will attend the Toronto meeting of the British Association, Parliament rises this afternoon at London. James Bryce and Rt. Hon. Leonard Cobden will be the guest of Mr. Goldwin Smith.  
**A Big Catch of Trout.**  
 Mr. David Martin of the Wellington Hotel, Guelph, is an ardent sportsman, and has just secured a fine catch of trout in catching nearly 400 very fine speckled trout.

**ALLEGED THEFT OF A COW**  
 Case of Interest in Which Jurors Taken from the Jury and Accused Dismissed—Bullfinch Charge Falls.  
 A large number of residents of Markham were in attendance at the Sessions yesterday when John Jackson, a respectable farmer of that township, was placed on trial before Judge McDougall, charged with stealing a cow belonging to Eliza E. McNair, wife of Edward McNair, a laborer, of the Township of Whitechurch. It appeared from the evidence that there had been talk of Jackson buying the cow from McNair for \$15, during the month of February, when McNair was a tenant of Jackson's.

**The Defence.**  
 According to the defence, the agreement was that the cow should not be taken away until April 1, but that she was paid for in February. McNair told his wife that Jackson had bought the cow, but had not paid for it. About the end of March Mrs. McNair told Jackson that the cow belonged to her and that she was taking it to the fair. McNair said that he had paid her husband for the cow and that he was taking it to the fair. McNair said that he had paid her husband for the cow and that he was taking it to the fair. McNair said that he had paid her husband for the cow and that he was taking it to the fair.

**Case Not for a Jury.**  
 On the conclusion of the Crown's case Mr. Johnston contended that a case had not been made out and that it should have been sent to court.  
 Judge McDougall agreed with Mr. Johnston, and said that at best it was a case for the Division Court. He then took the case from the jury and dismissed Jackson.  
 The witnesses for the Crown were: Mrs. McNair, William Tinkler, Edward McNair, Samuel Irwin and Eliza E. McNair.  
 Messrs. E. F. B. Johnston and James McDougall of Stouffville conducted the case for the defendant.

**Improved Charge From Ballantines.**  
 The next case tried was that of the Crown against Seneca G. Lawr, who was charged with indecently assaulting Mrs. Martha Staley of Ballantines, a widow of Whitechurch, in March last. At the time the assault was said to have been committed her husband was serving a sentence of 90 days in jail for stealing timber.  
 When the woman was placed on the stand she unblushingly admitted that the man she claims as her husband had been living—and in still living—with her, nor did she get a marriage certificate. When asked whether her husband had been living with her, she said she did not know, nor did she know in what month Christmas day fell.  
 The prisoner admitted being at the house at different times, but denied the charge, and swore that he went into the house at the request of the woman.  
 The jury were out only a short time, and returned a verdict of not guilty. John F. Faulds defended the prisoner.  
**Eric Bitts Found.**  
 The grand jury brought in true bills against George and Joseph L. Stonehouse, charged with illegal entry and against H. Brown for an offence against the Lottery Act.  
 Joseph Filchew, who was charged with assaulting James Couler, was released on his giving his bond for \$100 to appear for sentence when called upon.

**A Case of Seizure.**  
 Before Judge Morgan yesterday Matthew Dobson of Vaughan sued Charles Kerswell and Ballif Robert Hamond to recover \$100 damages for an alleged false arrest. John Johnson, now dead, brother of the plaintiff, was a tenant of Kerswell. When John's goods were seized, the latter belonging to Matthew Kerswell, was taken to the court. The defence claimed that their action was in accordance with the law. The judge gave a verdict of \$65 for the plaintiff.

**WHOLESALE HOUSE SUSPENDED.**  
 Hope & Co., Wholesale Retail Dealers of Hamilton, are in Difficulties.  
 The widely-known wholesale hardware house of Hope & Co. of Hamilton are in financial difficulties, having been obliged to suspend payment. The creditors will be effected and the firm continue in business. The indirect liabilities are about \$60,000 and trade liabilities expected by some, but as yet the assets are not made known. The house was founded by the Senator Adam Hope, and the present members of the firm are his two sons. The general depression in trade is responsible for the trouble. In 1883 his firm had a settler, who was largely in debt to the firm, and at that time they had a surplus of \$60,000.

**Rumpus in the A. F. A.**  
 St. Louis, May 19.—The Republic this morning says: A tremendous sensation has been produced in the ranks of the American Protective Association in every section of Missouri by the suspension of 18 councils of the order in St. Louis and Kansas City for participating in the recent rump convention in this city under the misrepresentation that it was a regularly called state council of the organization. In addition to this half a dozen of the suspended councils have been individually suspended and will have to answer to charges before the regularly constituted authorities.  
**That Cannibal Story Confirmed.**  
 San Francisco, Cal., May 19.—The brigantine Galilee, which arrived yesterday from Tahiti, brought confirmation of the news that a wealthy Englishman named Lychenstein had been killed by cannibals on the Santa Cruz Islands. The news was brought by the officers, who had rescued the story from a cannibal who touched at Papete. Nothing is known as to the identity of the missionary who was killed and eaten at the same time.

THE TRAINMEN'S CONVENTION

Third Day's Proceedings of the Gathering.

THE FEDERATION QUESTION

Declaratory Resolution in Favor of General Co-Operation

With All the Other Railroad Bodies and With Trade Unions for Legislation

Concerning the Rights of Labor—After Due Discussion the Resolution Was Adopted

By a Large Majority. The Convention Will Be Held Next Year—Business to Be Handled Smoothly and May Be Held in Montreal.

A very important step towards the federation of all the railroad organizations was taken by the Brotherhood of Trainmen at yesterday's session.

A resolution was introduced to declare in favor of co-operation with all the other railroad bodies, as well as with trade unions, along the lines of securing legislation conserving the rights of labor.

Considerable discussion resulted from this a number of the delegates fearing that such a radical step, but it was finally adopted almost unanimously.

Congratulatory telegrams had been wired by the Grand Secretary of the Brotherhood of Trainmen, and also to the convention of the Order of Railway Conductors, now being held at Los Angeles, Cal.

A reply was received from the Order of Conductors yesterday.

Changes in Constitution. The remainder of the morning and afternoon were taken up with the consideration of the proposed changes in the constitution.

The most important proposition was the change in the insurance features of the order.

A long discussion took place, and it was finally decided to leave the insurance system in its present shape.

They closed the convention with a prayer, and then adjourned for the next convention.

There are three cities working for the next convention. They are Atlanta, Ga.; Cleveland, Ohio, and Peoria, Ill.

A considerable loss is suffered by the order at each convention in mileage passed, and, as the principle of having the greatest number travel the shortest distance, to reduce this expense as far as possible, there are at present very good prospects of the meeting of 1899 going to Peoria, Ill.

The Atlanta committee are working hard and plan to be seen throughout the hall during every body of the convention.

Atlanta, Georgia, for the next convention.

The plan of the Brotherhood very early found favor in the eyes of the railroad employes of Canada. They, like the men of the United States, were without the protection of organization, and were keenly alive to the great need of such protection.

Our first lodge in the Dominion was organized in November, 1885. The work of organization has since that time been steadily progressing.

It has been a good, healthy organization, and has been able to attract to its ranks many of those who are in need of such protection.

There are many in number, and made up of those of good, honest and worthy men, who have proved their worth in the school of experience.

The Grand Master expects to finish all business by Monday next.

History of the Order. It will no doubt be of interest to union men and the public generally to know the history of the Brotherhood of Trainmen, which is convening in this city during the present week.

One would judge from its manifest stability and strength that the order was an old and long established one. It will doubt be a surprise to learn that it is but 14 years of age.

The world is indebted to an article in The Railroad Trainman's Journal by Grand Master Morrissey for this brief account of its history.

Early in 1883 a number of switchmen and brakemen at Albany, N.Y., a majority of whom were known as the Delaware & Hudson Canal Company, formed an association having for its object the protection of its members against sickness and disability, by the exercise of mutual assistance.

In June of the same year eight brakemen of the D. & H. system met at Onondaga, N.Y., and organized Lodge No. 2 of the Association, which was known as the Capital City Aid Association. Through a failure to agree over certain lines of management the two divisions separated. Realizing the advantages of an

organization of their numbers, and having learned from their short experience of the value of an organized body, they decided to derive from an exchange of mutual assistance, the most that Ontario could decide to form an organization for the protection of the brakemen employed on the D. & H. system, and accordingly the Onondaga Lodge of the Brotherhood of Railroad Brakemen was organized in July, 1883. This organization was composed exclusively of brakemen, and very soon acquired a creditable membership.

Where Honor is Due. To the forefront of the men employed on the Delaware & Hudson belong the credit of launching the order. At the time of the formation they appreciated full well that there was no organization for the protection of brakemen and consequently they were the first to open to them for the protection of themselves and families in the event of any misfortune coming to them. As employees of the great corporations engaged in railroad management there was no sympathy for the redress of their grievances. They were given but little consideration in employment, and were not held in any too high regard socially. The men appreciated the many disadvantages surrounding them in their hazardous employment, and perceived that what must be brought about to overcome the many adverse influences that conspired against their betterment, socially and financially. They decided that thorough organization and concerted effort along the lines of advancement were the only means open to their salvation, and the great work of ameliorating the condition of the men in the train and yard service was begun with sincere desire for the protection of those men, and with the idea paramount, "Let us help one another."

His Starry Grew. The weak limbs of the babe have grown to the sturdy ones of a giant. The tender muscles of the infant have developed into the perfect and hardy ones of an athlete. The organization has proven it was no ordinary child. It demonstrated it was not in any ordinary mould, and to-day, with the strength and stature of a Hercules, and the kindly, beneficent countenance of a Jove, it stands before the world the peer of any organization on the face of the globe, with its membership composed of the best material in the train and yard service on the continent, with a moral worth and physical excellence were found beyond reproach on their admission to membership in the Brotherhood.

At the time of the formation they appreciated full well that there was no organization for the protection of brakemen and consequently they were the first to open to them for the protection of themselves and families in the event of any misfortune coming to them. As employees of the great corporations engaged in railroad management there was no sympathy for the redress of their grievances. They were given but little consideration in employment, and were not held in any too high regard socially. The men appreciated the many disadvantages surrounding them in their hazardous employment, and perceived that what must be brought about to overcome the many adverse influences that conspired against their betterment, socially and financially. They decided that thorough organization and concerted effort along the lines of advancement were the only means open to their salvation, and the great work of ameliorating the condition of the men in the train and yard service was begun with sincere desire for the protection of those men, and with the idea paramount, "Let us help one another."

His Starry Grew. The weak limbs of the babe have grown to the sturdy ones of a giant. The tender muscles of the infant have developed into the perfect and hardy ones of an athlete. The organization has proven it was no ordinary child. It demonstrated it was not in any ordinary mould, and to-day, with the strength and stature of a Hercules, and the kindly, beneficent countenance of a Jove, it stands before the world the peer of any organization on the face of the globe, with its membership composed of the best material in the train and yard service on the continent, with a moral worth and physical excellence were found beyond reproach on their admission to membership in the Brotherhood.

Favored in Canada. The plan of the Brotherhood very early found favor in the eyes of the railroad employes of Canada. They, like the men of the United States, were without the protection of organization, and were keenly alive to the great need of such protection.

Our first lodge in the Dominion was organized in November, 1885. The work of organization has since that time been steadily progressing.

It has been a good, healthy organization, and has been able to attract to its ranks many of those who are in need of such protection.

There are many in number, and made up of those of good, honest and worthy men, who have proved their worth in the school of experience.

THEY ARE MAKING MONEY.

THE WHITE FLAG OF PEACE

Greeks and Turks Will Stop Blood-Letting.

ARRANGING AN ARMISTICE.

The Crown Prince Has Re-Formed His Army on the Mountains.

A Turkish Report Which Gives the Greek Army Great Prize for Bravery—Turks

At Athens, May 19.—A despatch received here from Lamia, dated 10 o'clock this morning, announces that the white flag has been hoisted between the armies of Greece and Turkey, and that Crown Prince Constantine has been authorized to suspend hostilities with a view of concluding arrangements for an armistice.

A panic prevails at Lamia owing to the report that the criminals will be released from the jails, while the arrival of the troops during the night increased the general feeling of terror.

The army of the Crown Prince was re-formed on the Olympos mountains and will be reinforced by Gen. Skoufopoulos' brigade and the troops despatched to the front from Athens yesterday. The Minister of Interior, M. Theodoris, has gone to Stetka.

Turkish Headquarters, before Demokos, May 19, 9 a.m. (delayed in transmission).—During the night the Greeks abandoned all their positions. Two and one-half divisions of Turks are now pursuing the enemy. A great battle, fought well into the night, is now ended. The center can only be described as decisive. The fighting raged from early morning until long after dark. When the Turkish positions were reached, the field of advantage did not appear to rest with either side. The Greeks maintained their positions, having acquired themselves so well as to have earned the hearty praises of the Turks. They resisted with stubborn endurance the determined attacks of the Ottomans through the night, and they were engaged in trench warfare at nightfall. The Turks made a supreme effort late in the evening to break through the Greek lines, but they were repulsed with heavy losses. The Turkish losses were heavy, and it is believed that they were forced from 9 o'clock in the morning, and appears to have succeeded in forcing back the Greek right wing.

A TURKISH OFFICIAL SAYS THE POWERS WILL RE-STATE IF THEY GO TOO FAR.

Constantinople, May 19.—An official telegram states that the Turkish Government is prepared to modify its demands in the event of a more moderate attitude of Greece and the earnest desire to prevent war.
