PROCEEDINGS OF THE

ANNUAL MEETING OF THE SOCIETY.

Held on Tuesday, October 12th, 1875,

IN THE METHODIST CHURCH, COBOURG.

J. B. MORROW, Esq., OF HALIFAX, IN THE CHAIR.

The meeting was opened with Singing and Prayer.

An Abstract of the Society's operations having been read by the Rev. Dr. Woon, and the Financial Statement made by the Rev. A. SUTHERLAND, the following Resolutions were unanimously adopted by the Meeting :--

I.-Moved by the Hon. J. J. ROGERSON, Receiver General of Newfoundland, seconded by the Rev. WILLIAM WILLIAMS, Secretary of the London Conference :--

That the Report, an Abstract of which has been now read, be adopted and published.

II.-Moved by the Rev. THOMAS HARRIS, President of the Newfoundland Conference, seconded by ROBERT WILKES, Esq., of Toronto :--

That this Meeting expresses its pleasure that the changes which have been completed during the past year, by which the spirit of Christian Union and strength has been greatly promoted, give promise of beneficial results to the Missionary work of this Society.

III. - Moved by the Roy. DR. JEFFERS, of Cobourg, seconded by JOHN MACDONALD, Esq., M.P., of Toronto :--

That, considering the enlarged field for Missionary culture necessitating an expenditure far beyond any former year, and the vast responsibility now thrown upon all who are mterested in the progress of Divine Truth, this Meeting fiels called upon to sustain with increased liberality and prayer the prosting claims of the Metholist Missionary Society, whose sole design, in common with other Evangelical Societies, is to spread the Redeemer's praise, by securing to men the biessing of a "common salvation."

IV.- Moved by the Rev. JOHN A. WILLIAMS, President of the London Conference, seconded by WILLIAM CLENDINNENG, Esq., of Montreal: --

That the thanks of this Meeting are presented to all Ministers and other advocates of the Society's claims; to Collectors, Adult and Juvenile; to the Officers, Teachers, and Youth of Sabbath Schools; and to all who have generally assisted in making up the Society s Income.

A very cordial vote of thanks was presented to the Chairman for his kindness in taking the Chair on this occasion.

REPORT.

THE first year of the second half-century of the existence of this Missionary Society stands associated with memorable records of the Church's history. Fields of moral culture had become so extended,-agencies for the spread of Divine Truth had so increased,-and a desire for the union of the Methodist Bodies East and West had become so ardent, that whilst prosecuting the ordinary duties attendant upon the work already within the compass of the Committee's responsibilities, measures have been completed for the entire consolidation of Methodism in the Dominion of Canada, by the constitution of one General Conference, whose legislative authority extends to the Islands of Bermuda in the South, and to the newly formed Missions in the West and North, of Fort Simpson and Nelson River. True. Newfoundland and the Bermudas are not at present included in this new Dominion; but whatever may be the political destiny of these Islands, they are now committed to our care so far as the spiritual welfare of the Wesleyan Societies in these localities are concerned.

The year has also been marked by the fusion of the two bodies of Methodists known as Wesleyan and the New Connexion. This having been happily accomplished, the Missionary work of the latter Conference has now been transferred to this Central Board, who anticipate much benefit resulting from the advice aud hearty co-operation of valued Brethren who have been appointed to assist in the counsels and decisions of the different Committees of the Methodist Church of Canada.

[1874-75.

The Central Board express their admiration of the free and generous consent of the Parent Society to the transfer of their valuable interests in the Church properties to which they held legal titles, and erected by virtue of the labors of their Missionaries whom they had supported, and in some instances to which they had given timely and generous appropriations for sacred The ready and courteous spirit which marked the purposes. act itself, gave an air of nobility to the movement which we desire to record in grateful remembrance, as an exhibition of the true affection they bear to the Missions and Churches raised up by the blessing of God in Nova Scotia, New Brunswick, Prince Edward Island, Cape Breton, Newfoundland, and the Bermudas: the same generosity was manifested in 1855, when their District in Lower Canada, now the Province of Quebec, became incorporated with the Upper Canada Conference.

In surveying the religious movements of the past year the Central Board gratefully record, that evidences of prosperity continue to strengthen the hands of the Missionaries wherever they unfold and enforce the doctrines of the Cross. This has specially been shown in the labors of the Brethren in Japan, where already the "seed of the Word" has yielded fruit in its soul-saving power. Japan, with Fort Simpson in British Columbia, and Nelson River in the northern part of the Hudson Bay Territory, constitute the more recent Missions of the Society, and from which places the Central Board have received intelligence of success. Wide fields for Missionary laborers are open in Newfoundland, the coasts of Labrador, and many destitute places in the Maritime and Upper Provinces; but even to maintain our present work with continued vigor a much larger income is imperatively necessary; and for both branches of this part of the Church's work, spiritual and financial, there are needed fervent prayer for larger measures of the Holy Spirit's influence, stronger faith in the promises of God, and more frequent and enlarged offerings poured into the treasury of the Lord.

The following Reports and Testimonies reveal to some extent the present condition of the Society's Missions :--- 1874-75.

THE brethren in this District minister to about 3,000 hearers, who gather in fourteen Methodist sanctuaries, and twenty "other preaching places." There are four day-schools, six teachers, and 355 scholars. There are eleven Sabbath-schools, seventy-eight officers and teachers, and 1,110 scholars, with an average attendance of 873 The church membership, with those on trial, is now 566, of which number 145 are Indians. Victoria is not only self-supporting, but contributes largely to the Chinese, Indian, and Saanich Missions.

VICTORIA AND SAANICH.

This is my fourth report of the religious state of the Church in this city, and will probably close my term of labor among this people.

This Circuit, while it furnishes an interesting field for ministerial zeal and devotion, is by no means a sinecure. I began my labour here with a tolerably good constitution and with vigorous health, but they have somewhat yielded to the tax which the constant demands of a large congregation in a city like this impose upon the mental and physical energies of a minister. I do not regret this, but I think I never felt more reconciled to the itinerancy. I fear that I shall be under the necessity of slackening off a little for a year or two until I recover my health.

Last year Saanich was united to the city in order that this congregation might have a share of Bro. Derrick's labours, but the work increased just in proportion to the additional strength devoted to it, and both of us have labored to the utmost of our ability. The year has been a very pleasant one, and by the blessing of God it has, in some measure, been successful. A new church and school-house for

xi

the use of the natives has been built at the cost of two thousand dollars, two hundred and fifty of which were donated by friends in Ontario, and forwarded by Rev. Mr. Crosby.

We take this opportunity of thanking our friends for their liberality.

The Indians subscribed nearly two hundred dollars towards it, and our white Sabbath-school undertook to seat it, and raised upwards of a hundred dollars at Christmas for this object.

The church is now completed, and will (D.V.) be dedicated next Sabbath. On Monday evening we hold a tea meeting prepared by the Indians. They are looking forward to the opening services with the deepest interest, and their expectations of pleasure and blessing are almost without limit.

We have received, during the year, twenty-four whites and forty-six Indians on trial, and seven from other Circuits. We have lost, principally by removals, sixty-two, which leaves us a net gain of fifteen. The migratory character of the population of this country renders a constant increase necessary to keep up our numerical strength.

A day-school among the natives has been started during the year, and is doing well. Several young men of promise attend regularly, and are learning fast. I hope that before long we shall be able to employ some of these in the Mission work.

The "Sanford Mission School" is progressing successfully. We have two clear cases of conversion, one of whom I think will devote himself to the ministry. He is a pious young man, a ready speaker, and learns suprisingly fast. The number of pupils who have attended from the beginning is one hundred and seven. Forty-five is the highest number on the book at any one time. Many of them attend the means of grace, and three of them meet in class.

The Mission work, including the Chinese and Indians, has so grown upon our hands that it requires the full labour of a Missionary. It is impossible for the minister who has charge of the English work to do anything beyond his own congregation.

The finances of the Circuit are in advance of last year, but not sufficient to meet our liabilities.

The Quarterly Meeting, after paying the current expenses of Wesley Church, has given seven hundred dollars to supply Saanich with the Gospel. This is purely Missionary work. Saanich has, however, agreed to pay the minister's board and incidental expenses for the present year, and Victoria will pay his salary.

The spiritual state of the Church is encouraging. Though we have not been favored with a revival we have steadily progressed, Our congregation has gradually increased through the year, and we have had scarcely a barren season in our religious services.

We need a devoted, self-denying and soul-saving young man to take charge of the Mission in this city, who is willing to devote himself to this department of Christian work. 1874-7.

MAPLE BAY

In reviewing the labours of the past year on this Mission, your Missionary desires to express his gratitude to Almighty God for that degree of peace and prosperity which we have enjoyed as a Church. The efforts put forth on this Mission for the establishment of truth and religion have been, in a measure, owned and blessed of heaven. The presence of the Lord has evidently been felt in our midst during the year ; and our hearts have been cheered by the admission of a few to church-membership ; yet there remains much work to be done to place this Mission in a state of spiritual prosperity. We are in great want of the awakening influences of the Holy Spirit to bring sinners to a realization of their exposure to the wrath of God, and to convince the moralist that the "New birth" is absolutely essential to the salvation of the soul. May Zion be favoured, and may victory turn on the Lord's side.

The Lord has graciously favoured us with a measure of external prosperity. During the year now closing, we have judiciously expended about \$100 in the completion of our church at Maple Bay. At the Somenos appointment, we have erected a neat substantial church at a cost of about \$650. We intend having it opened immediately after the District Meeting. It will not be entirely free of debt. It occupies a central position in the Somenos settlement; and judging from the surveys which have already taken place, the Victoria and Nanaimo line of railway must, in its course through Cowichan, pass through this locality at no great distance from the church. This circumstance will make the Somenos appointment an important one.

Our membership on this Mission is still very small. During the year there have been, received, 8; removed, 4; dropped, 1; died, 1; on trial, 6. Total, 17. Increase, 2. W. V. SEXSMITH.

NANAIMO.

We have here a small membership in the midst of a rapidly increasing population. Our congregations on the whole have been good, and our finances from the regular sources of circuit income, viz. : Sabbath collections and quarterage, are largely in advance of the corresponding period of last year. The probable Circuit income, as fixed by the September District Meeting, has not been quite realized. At the time of the District Meeting it was hoped that an important item would be forthcoming from new appointments outside of Nanaimo. In this we have been disappointed. We have good reason, however, to

xiii

believe that the time is near at hand when Nanaimo will take her place as a self-sustaining Circuit. There is a strong desire among our people to see this point reached.

We do not report any increase of membership. Three have been received on trial during the year. Special services, thinly attended, were continued from evening to evening for about thirteen weeks, under the disadvantage (partly unavoidable) of a very irregular attendance on the part of the membership, but also under the still greater disadvantage of a lamentable and inexcusable want of interest on the part of some. Those who attended regularly were greatly quickened. It was finally thought advisable to close the meetings, as no general interest had been awakened, though certainly some measure of good was accomplished.

A regular service has recently been established at Wellington, in which a very pleasing interest is manifested. The population there is increasing, and at present numbers from 150 to 200. There are already several families in the place, with a school population of 25; and a school-house is being erected which is nearly completed. They propose establishing a Sabbath-school, and are asking for a minister. A subscription has been commenced, and they will raise about \$250 a year towards his support if one can be sent. Our Quarterly Board passed a resolution memorializing the District Meeting to request the Missionary Committee to send a minister as soon as practicable to that place. In view of the growing importance of this portion of the province, and of the attention of other denominations which it is beginning to attract, it is highly desirable that our Church should at once enter the field.

INDIAN MISSION.

The past season has been one of great trial to our people. The potlatches, and feasts and dances of the heathen chiefs and medicine men have been kept up in the camp almost daily during the greater part of the winter, and have proved a fruitful source of temptation to the less established among our members. It is too much to expect that they should be wholly insusceptible to temptation when the influences of old associations and ancestral customs are brought to bear upon them. Hence we find it necessary to "reprove, rebuke, exhort, with all long-suffering and doctrine." Those only who are acquainted with the Indian character can understand the fiery trial which these things prove to be to those who endeavour to hold fast amidst abounding temptations. Notwithstanding the unfaltering steadfastness of some who like the few in Sardis have not defiled their garments, and the continuance with us of others who, though they have not atogether escaped harm, have yet returned with penitence from dalliance with evil, we have to mourn the defection of a few whom we have had to drop for the present. We pray that the poor backsliders may return to the Shepherd and Bishop of their souls.

No one with the heart of a Christian can live and labor among these poor people without feeling all his sympathies moved in their behalf. The influence of the wicked white man, the Christian heathen, has operated most disastrously among them. They are passing away. Two of our members have been removed by death; but they have departed in triumph. Oh, that before they go hence they may all be saved through Jesus' blood !

Our beloved Bro. Kushan is most exemplary and devoted. He is a father to his people, and both heathen and Christian Indians feel that in him they have a true friend. May his valuable life be long spared to his loved work and people. JOSEPH HALL.

NEW WESTMINSTER.

The following is a brief statement of the work on this Mission for the year ending the first of March, 1875. By the blessing of God we report progress. Building has been our lot each year, and the fourth, now under review, has been engrossed in the erection and completion of our new church in New Westminster, elsewhere reported, and which was dedicated on the 20th of December, '74, by the Rev. William Pollard, aided by the Rev. Cornelius Bryant, when the Head of the Church made the occasion one of holy joy and thanksgiving in Zion.

The Trustees, though bearing a heavy debt, are greatly encouraged by the financial receipts. The Quarterly Board is hopeful of the time when this appointment may be less dependent on the Mission fund, while it is making laudable efforts for Methodism in Church extension and the cause of Christ. The congregation is much larger than a year ago, and all the means of grace peculiar to Methodism have been well sustained. The Sunday school has much increased with the better accommodations of various class-rooms in the basement of the new church, where a Bible class is regularly conducted by the Pastor. The donation from this mission to the general fund is small, though the usual agencies have been employed, and a reason may be found in the heavy demands upon the members and others for building purposes.

Since July, '71, when I first took charge, up to the present, seventy-five persons have been received into the Church, and fortyfive lost by discipline, altering boundaries, and removals. During the same period of nearly four years, a parsonage and three churches have been built, costing about \$9,000, and the amount paid makes an average of over \$1,400 each year vested in church property, while the unpaid balance of the cost stands respectively thus:—Maple Ridge, \$250; New Westminster, \$3,000; and the Parsonage, \$700; and onehalf of the present debt is provided for.

This year the loss on membership is twenty-seven, while twentyone persons have been received, making the present membership fiftyeight. The Ridge and Langly settlements are increasing in population, numbering not less than two hundred, engaged chiefly in farming, and

for the last nine months they have not been visited by any denomination except the Methodist. Who will offer himself for these destitute settlements, now already formed into two municipalities, comprising three school sections, and whose claims upon the Church have been urged in former communications? A. E. Russ.

BURRARD INLET.

During the past year your missionary has endeavoured to scatter the seed of eternal life amongst a community composed of nearly all nationalities and colours, and the culture of whose minds, strength of their prejudices, and peculiarities of their customs and creed, are equally various as their respective countries.

This period has not been all sunshine, nor has it been all the reverse. There have been some things calculated to depress and discourage, and others to cheer and stimulate. The absence of a larger ingathering of souls has been cause for deep regret. But the regular attendance on the means of grace—the frequency with which we have, while preaching, seen eyes unaccustomed to weep suffused with tears,—and the subsequent expressions of gratitude and appreciation, lead us to hope that the "bread cast upon the waters will be found," though it may be "after many days." Financially the past year has been a success, though scarcely up to our expectations ; chiefly in consequence of the severity of the winter, causing the mills to be closed down for an unusually long period, and thus materially affecting the income of nearly all parties employed by the Mill Companies.

On a portion of ground obtained by the Chairman of the District from the Government, at the nominal price of \$200, we have spent about \$800 on a minister's residence, which, when completed according to plan, will cost about \$1,400.

The Missionary services held in March were seasons of unusual interest. Bros. Russ and Derrick rendered efficient and most acceptable service. The proceeds (notwithstanding many other pressing calls upon the liberality of the people) are ahead of any previous year. The importance of continuing this Mission will be easily seen when it is fully understood that during the year we preach to hundreds of sea-faring men, who may never hear the gospel from other lips, and some of whom have acknowledged not to have heard a sermon for years before. The present membership, viz., eight whites and four Indians, making a total of twelve, may seem small among a population of five or six hundred, but may we not hope, by the blessing of God, the leaven will go on extending its influence till ultimately the whole is leavened, and Burrard Inlet shall be won for Jesus.

SUMAS AND CHILLIWHACK.

With gratitude for a year's mercies, we present our third annual report from this mission. Each previous year we have thankfully recorded both material and spiritual prosperity, and this year we have continued to enjoy no small share of the Divine favour. True, we cannot report as favourably of our numbers among the whites as in former years, owing to removal and otherwise, but the work of salvation cannot always be reckoned by arithmetic, or be tabulated in schedules. Some have grown weary in well-doing, and no longer range themselves upon the Lord's side; while others, we are happy to say, have newly avouched their allegiance and proclaimed their fealty to Christ.

Our congregations have shown some degree of improvement, and so have our finances, the circuit receipts, for the support of the preacher, being \$75 in advance of last year.

The Missionary anniversary was also a success, under the blessing of God, as is seen by the increase of \$14 in the list of subscriptions. The lady collectors were en⁺husiastic in their work, and deserve much credit for their thorough canvass; while it is but just to say that their zeal and its successful result were much enhanced by the able pulpit and platform services of Rev. James Turner, who was also our deputation last year. The public sympathy and support were more manifest at this than at any previous anniversary, and thus the general appreciation of the gospel was practically endorsed by the people.

As our borders continue to extend, and population comes in, there is an increasing demand for pastoral oversight, which will require, at no distant date, a division of the circuit or the help of a colleague.

INDIAN CHURCHES.

In the early part of the year, Bro. Kushan, from Nanaimo, attended to this department of our work. The camp-meeting in June was a great blessing to the people, and they much enjoyed the visit of Bro. Crosby, just returned from Ontario. Bro. Kushan then left for Nanaimo, and until September, when Bro. Tate came from the coast, this field was partially unsupplied. Since Bro. Tate's arrival he has held regular services, and conducted the social means of grace in common with our native Churches on this Mission, visiting the sick and doing the work of a pastor among them. He preaches generally twice on Sabbath at places several miles apart, and also has three or four week-day appointments. The work has been somewhat revived, and accordingly an increase of membership is reported. There are a few native brethren who act as class-leaders and have control of the services when their missionary is prevented from being with them. Two of our members who have fallen asleep in Jesus were permitted to bear glorious testimonies to the undistinguished bestowment and saving power of converting grace, ere they took their departure for

the skies; and in their death the oft repeated saying was verified, "Our people die well."

We have erected a small neat church on the Squi-hala Indian reserve at Chilliwhack, which was partly done by subscriptions raised in Ontario, through the efforts of Bro. Crosby, and partly by subscriptions on the spot; but these resources have not enabled us to finish it in a manner worthy of a building devoted to divine worship.

A new church-bell has been purchased by the Indian friends at Sumas Lake for the use of their little church, and another likewise at Kultus Lake, although the latter is not entirely paid for. This is no useless expenditure on their part, but an evidence of their care for the house of God and his worship. Such a feeling deserves encouragement and support.

CARIBOO.

The last week in August, we reached this Mission. We found work awaiting us. Our outlay amounts to \$521 on Parsonage and \$38 on Church. Total, \$559. By God's blessing we report the Mission clear of debt.

We have no additions to the number of the few faithful ones. Judging by our congregations, a voluntary desire prevails to hear the Word, and our only trust is in the promise, it "shall not return void."

Methodism alone sustains a Missionary in this region, and as we are daily brought in contact with the people and experience their universal kindness and appreciation of his labors, we cannot but feel that the day is not far distant when many will learn to know and praise that Master who hath said, "Go ye into all the world and preach the gospel to every creature," and "Lo, I am with you always, even unto the end." May the precious seed sown by my predecessors, lay and clerical, bring forth a rich and abundant harvest.

C. L. THOMPSON.

FORT SIMPSON.

Eight months' experience at this far-off post of the great Mission field, has proved that the voice of God was in the repeated call of this people for a Missionary.

Providence has blessed us with health and happiness in our work. The expression of gladness which we met with from many of the people on our arrival was a comfort to us, and the general good attendance on all the means of grace, by nearly all the people, encourages us to hope that the seed sown will bring forth an abundant harvest. Indeed we have already had many glorious tokens of God's favor and approval, in the conversion of souls.

Our watch meeting was a time long to be remembered, and was followed by several weeks of special services which, were "times of refreshing. have died, baptism. ways, she she wished

refreshing." About a hundred joined the Church on trial; several have died, one an old woman, who wished to have the rite of Christian baptism. On asking her whether she had given up all her heathen ways, she said, yes, and she was going to die and be with Jesus, and she wished the mark before she should go.

While nearly all of paganism has been outwardly given up by this people, yet we find that there still remains about their hearts and homes much of its effects. But the glorious Gospel, accompanied by the blessed Spirit, is all powerful to sweep away the last fragment.

Our Sunday school has been a great means of instruction to the people; we have from five to six hundred in attendance. Our day school has been well attended, and is a great source of hope for the future, being at the present under the management of Bro. McKenzie. Mrs. C. has taken it nearly all the time with the assistance of Alfred Dudoward and Kate his wife, who have been valuable helps as interpreters. Adult school, 75 in attendance, with about the same number of children.

Up to this time both Sabbath services and school have been held in an old house covered with bark, but we hope to have the church and a good school-house up before long, by the help of God and the liberality of Christian friends.

the appointments to which they were designated. The Rev. L. Warner, a Minister of forty-three years' standing, having offered his services for this department of Missionary work, proceeded from Manitoba with a young Probationer, a female teacher, for White Fish Lake, from Ontario, and a native assistant from the Red River District. Their journey occupied upwards of seventy days, attended with many inconveniences and hardships. Mr. Warner speaks of the unremitting kindness he has received from R. Hardisty, Esq., and others at Edmonton House.

The Rev. George McDougall has been on a visit to Canada, bringing Mrs. McDougall to see her friends, after an absence of thirteen years spent at Norway House, and in the far west at Victoria and Edmonton. These devoted servants of the Methodist Church have returned to the Saskatchewan District, much comforted by the kind attentions which have been shown them in Ontario and Quebec. Mr. McDougall has rendered good service to the Society by his admirable addresses during the past winter at Missionary Anniversaries, and to many Sabbath Schools.

WHITE FISH LAKE.

The Rev. Henry Steinhaur furnishes the following report :

White Fish Lake is being revived and its scattered members are returning. A sad havoc has occurred during an absence of twelve months, notwithstanding the visits it received from the former Incumbent of Victoria. Wherever Wesley's rubric is not carried out, no society can be kept together nor in a state of religious vitality; however elaborate, eloquent and bombastic our sermons may be, all these will fail in winning the heathens to Christ. Instead of one hundred members that used to be reported formerly, I have only sixty-four who meet in class; some have gone astray altogether, some have left the place and are wandering out on the plains. These, however, have not altogether neglected the assembling themselves together for religious purposes. If two or three tents of these may be with a hundred of their heathen of the plains, they still hold themselves separate from their heathen and pagan brethren; they hold their religious gatherings on the Sabbath day; they read their Bibles, and sing their hymns amid the wild shouts and songs of the pagan. A manifest contrast, with a difference, this often noticed by the white men who pass through these plains. Now such as these 1 consider as still belonging to us. Three of our best members have died the past year. One was a local preacher, named Jacob Stanley, who died in the triumph of faith. past year. I must now express the gratitude I, and I think the people of the Station feel with me, in sending us the lady teacher, Miss Barrett, who now conducts the scholastic department of our work here. She is the person we have been wanting-the right person in the right place-zealously devoting herself to the work appointed her, and there can be no doubt but she will most successfully carry on the work, as she is efficiently qualified. She not only interests herself in the young of our people, but she also pays a great deal of attention in teaching the women how to keep themselves, their children and houses clean. No one but a person feeling the constraining power of the love of God in their heart can do as she does. She has come to us in the fulness of the Gospel of peace. We cannot be sufficiently thankful to the Missionary Society for their manifest kindness in sending us such an one as Miss Barrett to teach our children, and our elder people, things which will tend to promote our civilization. I am more than ever impressed with the idea that our work in this far North-west would be better promoted were native agency employed in the work, such as can speak the language of the natives, who understand their nature, habits, and sympathise with their miserable condition, and would be impelled to promote their elevation in the scale of being.

A foreigner, either as a Missionary or otherwise, will never take so well with the natives of this country, let him be ever so good and kind to them; there is always a distrust on the part of a native to the foreigner, from the fact that the native has been so long downtrodden by the white man.

You will ask me, where can such good men and true be found, that will rise up and stand for their race, and for their religious and temporal elevation?

Of course such men must be truly converted to God, and feel the constraining power of the love of Christ, in order to their undertaking this work of faith and labor of love. Some such may be found among the Missions of the Saskatchewan, who, I think, are on the fair way of entering the work, who however, would require better eduational training than can be found in this country. Ignorant as the native is, he has some very curious ideas, and questions unanswerable even by Missionaries. Even from this Mission some may be raised up who may be messengers of love and peace to their brethren. We want more laborers in this wide and extended field.

I am advocating for the Indian department of the work; the white man's Missionary will be as requisite in this country as the native agent will be to prepare his brother native against the blighting and benighted influences which will come upon him when the tide of immigration flows into this country.

We held our missionary meeting on the 21st December, which was quite a success for a poor people, as you will see by the subscription list enclosed), most of which has been paid already. Allow me, dear Doctor, again to mention about our new church. We still would like

xxi

to have one, but want of means has thus far prevented us from erecting one ourselves, and the timber we procured is lying rotting on the ground. I was rather envious in seeing beautiful stained glass windows donated by some good Christian friends in Ontario to Wesley Hill and Morleyville Churches, and the beautiful chandelier and

lamps with reflectors and coal oil, gifts from John Macdonald.

Now that we have a teacher for our school we still want a great many other things; such as books, writing paper, slate and black lead pencils, &c.

I still have a hankering desire of visiting my native place. When I shall be able to get away from my multifarious engagements in my present position I know not; if ever I do get away I intend bringing my two boys with me if possible, to put them in some school in Ontario. Miss Barrett tells me that she can train these two boys so that they can enter any high school or college in Canada However, I must say that I am not that same active man I used to be. My great sickness of '72 has quite reduced me so that I am hardly able for travelling to visit the several appointments in my circuit. Hitherto God has had mercy upon me and my family; by His gracious providence He has enabled me thus far to have health and strength to work for Him, and by His grace I am determined to work at His command, and offer all my work to Him. May I still share an interest in your prayers.

Miss Barrett wishes to be remembered to you, and begs to say that she is happy in her work, and found the place and people as you had described them to her, a Christian community. I am sorry to say. however, that she has been ailing a little from neuralgic affection in the face during the holidays, but I am happy to say she is now recovering, and will soon commence her delightful work in "teaching the young idea how to shoot." This is all. H. B. STEINHAUR.

MORLEYVILLE, BOW RIVER-BLACKFEET INDIANS.

This new Mission was commenced under very favorable auspices; attention is specially invited to the following communication from our devoted brother, the Rev. John McDougall:—

The past year has to us been one of great encouragement; as cur day so has been our strength, as our difficulties and trials have existed, so have our blessings abounded, and in looking back upon the thirteen months since we came here, we feel to praise the Lord for His protecting watchful care, which has been over the interests of this Mission, as well as us personally; for while the Indians on the plains have been

killing one another, and stealing horses from each other, and also from white men adjacent to us, they have up to this time refrained from doing anything to harm us in any way, though to our personal knowledge they are notorious horse thieves, and human life is held very cheap among them. During the last summer large numbers of them have been in to the Mission, and at present fourteen tents of the same tribe are camped beside us. So far it has been difficult to reach their hearts. Whiskey has demoralized then, and the conduct of white men among them has caused them to lose all confidence in that class of people-then they hear so many different tales concerning us, and are warned about us by the agents of the Roman Catholic Church, who by their great number in the country have the advantage, inasmuch that they can scatter more, and be longer with the roving Plain Indian than we can. Notwithstanding, we trust something has been done in opening the way to the hearts of this hitherto savage and warlike people. While we are learning some of their language, they are becoming acquainted with us, and many of them already feel that there are some white men who look upon them as brothers, and who come among them for their good, with no selfish motive whatever. Our being requested by the Government to go among these same Indians for the purpose of explaining to them the views of the ruling powers towards them, which we did this summer, has also contributed to our influence, and won the way to their confidence to a great extent. If we had more help, and consequently more time and opportunity to be among them, and learn their language, or if some brother, zealous for the salvation of souls, and who really believes that Indians have immortal spirits as other men, would volunteer for the Blackfeet, with the blessing of Heaven, a great and glorious work would be accomplished, and a large remnant saved of these still numerous tribes.

Our work among the Stonies has been a great source of encouragement to us in the meantime-and though we cannot possibly be among them very much, yet the work of soul saving is going on-at the Mission, and in their camp, the preached word has been accompanied with power. The only deaths during the year, of adults, were those of two men, both advanced in years; these were triumphant in the faith, and leaning upon Jesus, they passed from the wretched tent to the Heavenly mansion-their dying testimonies encouraging both Missionary and people. Since we came here we have baptized six adults and eighty-one children; we have also married fifteen couples, and at our last Quarterly Meeting, which we conducted for the first time in the old style of presenting tickets at the door, though the band was not all here, the Communicants numbered seventy-five men and women, whose lives are living testimonies to the saving power of the Gospel of Christ. One feature, highly gratifying to us, is their earnest desire to learn, and oh, how often have we looked and longed for a teacher, but heretofore in vain. Last spring we were greatly disappointed at the failure of Bro. Snyder to come out to our help as he

xxiii

engaged—knowing that the Indians would all be here, we had, at quite an expense and a good deal of personal hard work, put up a rough schoolhouse, thinking that Brother Snyder would devote himself to teaching and strictly spiritual work while all the Indians were in, and thereby great good be done. But how short are human calculations. The young brother came uot, the Indians all came, and we were unavoidably absent, and for six weeks, with Indians all around, the place was without a Missionary. This was a serious drawback, and in the commencement of the Mission went against us.

Our present cry is for help. Give us a Missionary give us a Three heathen tribes adjacent to us, one band of mountain teacher. Stonies belonging to this place, some Crees, always here, more or less of the Woodville Stonies, coming and going to and from this Mission ; from thirty to one-hundred and fifty children are now ready to attend day and Sunday schools, with some settlers already here, and the prospect of many more soon; with Fort McLeod, with its one hundred and fifty men, within the same distance of miles from us, we feel constrained to call loud and strong for more help in Christ's name to Christ's people. Another encouraging fact to the friends of Indian Missions is, that the Stonies as a people, not only members of the Church, but the whole tribe, with a few exceptions, have kept from drinking and trafficking in the accursed fire water. For the last four years the liquor trade has been flourishing in their immediate vicinity, trading posts being established on the different water-courses running through the Stoney country, and while the Plain Tribes have been decimated and wofully impoverished, and even that "Good Indian," the Kootanie from across the mountains has been killed this very fall at one of these whiskey mills in a drunken row with white men, still the Stonies holding on to the strong advice and entreaty of their Missionary, have passed through the fearful ordeal unscathed. Now that the worst is over we feel greatly relieved, and praise the Lord for that grace which has kept so large a number of our people from destruction in that way.

To show our position at this Mission, and the work we are legitimately called upon to perform, I will just state that since we came here last fall, I have been away from the Mission twenty-nine weeks, making trips to and from, with distances ranging from fifty to seven hundred miles. Last week I came home from Fort McLeod, the winter quarters of the mounted police; next Monday I start for Edmonton at the command of the Chairman, a trip of five hundred miles through deep snow, with no track whatever.

Owing to our coming here so late last fall, we had to plant ourselves some three miles back from the real site of the Mission, and here we are still, a great deal of work and time necessarily taken up in temporary building and fixtures, needed to make us in any way passably comfortable—in the mes. time we have got out timber, and hauled the most of it to the place for a schoolhouse, sixty feet inside, also for a dwelling house, to be forty by twenty-two. half of the lumber sawn for these two buildings ; this is all done by hand, and costs us a great deal-for instance, we pay the men twenty dollars a month, and board them and their families, (only one of those I have at present has a family). Flour at this time costs us \$15.00 per sack, or, as Canadians understand it, \$30.00 per barrel. Salt \$14.00 per 100 lbs., and everything else in proportion, and this with no vegetables whatever since we came here, for what we did put down last spring were all destroyed by the grasshoppers that came upon us during the summer. Were it not that buffalo have never been further than one hundred miles from us, and that we can kill them for ourselves, we would have been long before this in great straits, for if we had to pay out of pocket for the meat ourselves and men consume, our salary would soon all go ; as it is, the cost is great. However, we will work on, and in the spring, I trust, be ready to put up our permanent buildings; in the meantime we will have to work upon our own credit and that of the Missionary Society, which I am thankful to say is good with either H. B. Co. or American merchants to the south of us. The grant from the Board of \$500.00, which we received last summer, but upon which we lost \$50.00 because it was not drawn so as to be payable at sight, was all used long before it came to hand, as we will explain in our detail of expense.

In one of my last *Guardians* I notice a suggestion by some good brother, that from the 500 prayer meetings of Methodism in Canada, our brethren in Japan should be made special mention of. Amen, say we; but at the same time widen the range, dear brethren, and some times think of us in this our commencing, but nevertheless hopeful enterprise. JOHN McDougall.

ROCKWOOD.

When placed upon this very interesting field of labour in November last, we found a little log church, 18 x 24, just dedicated to the service of the Lord. The building is void of all architectural attractions, but, nevertheless, in it we have had sweet seasons of delight in worshipping our God. Upon the first Sabbath we requested all who desired to form a society to remain after service for Christian fellowship. Nine persons did so, and we then formed the first class meeting held in the neighbourhood. Some of these never met in a Methodist class before, and others had been deprived of the privilege for three or four years. We had the manifested presence of the Master with us upon the occasion. The missions being heretofore worked from Winnipeg, our beloved Chairman and the brethren assisting him were not able to extend the work as they desired; but we, residing in the neighbourhood, have been enabled to increase the appointments from three to five. The mission now takes in four townships -Rockwood, Victoria, Greenwood, and Dundas, and we hope to reach another, not yet named, in which are a number of settlers entirely destitute of the means of grace. In the month of December we held about four weeks of special services in our church, and can only chronicle one clear case of conversion, but thank God many of the members have been stirred up, and encouraged to prosecute their journey heavenward. At all the appointments the congregations have been good considering the severe winter we have passed through, and the Word has been attentively listened to, and we trust in many instances with profit. As soon as the weather permits we purpose commencing a weekly prayer meeting, also establishing a Sabbath School, and by these means and God's help increase the spirituality of the Church, and reach the children who have been so sadly neglected. Our young people seem greatly interested in a singing class, conducted by Bro. Bell. The "Dominion Singer" has been introduced into many families, and we now listen with great delight to the songs of Zion, sung in households where formerly might be heard those of a light and triffing character.

Membership, twelve, on trial, two; total, fourteen.

POPLAR POINT AND WOODLAND.

Owing to existing circumstances, I was not appointed to this field of labour until the 14th of November. Since that time our congregations have been good, and God has blessed me with good health so that I have been enabled to attend my work. The presence of the Divine Spirit has been manifested, and those who were in darkness when we arrived now rejoice in the light of the Father's reconciled countenance.

The appointment at Woodland is one of a class that has a peculiar claim on our sympathy, and on that of our friends at home. These are all immigrants from Ontario, who are seeking a new home in the 1874 - 7

Some have been here for three years, but the grasshoppers have visited them so frequently that as yet they have received little return for their labour. Notwithstanding the infancy and necessitated scattered condition of the settlement, our Sabbath evening congregation often amounts to forty.

We have opened a new appointment at Baie St. Paul, and by the blessing of God resting on our labour, we think the prospect of establishing a society is very bright.

There are five preaching places stretching over a distance of twenty-five miles. Of these two are filled every Sabbath, one fortnightly, and the others during the week. Church membership, sixtytwo; on trial, six; attendance, one hundred and eighty-five.

PORTAGE LA PRAIRIE.

As our District Meeting is at hand, and you and the readers of the Annual Missionary Report will desire to know what we are doing in this "Lone Land," I now undertake to give you a brief statement of all our affairs. Since the formation of our Poplar Point mission, which took two of our appointments, one of which was, and is, the best on the mission, we lost by the transfer sixty-seven members, many of whom were very dear to us. We were then at liberty to take up new ground, and we have taken up appointments in three other places. At two of the new appointments we have respectable congregations. At Sister Rutledge's we have formed a new class, and have been assisted by Brother Jonathan Troop as its leader, who is also a local preacher.

Brother Thomas Dalzell has kindly opened his house for us, and we trust at no distant day we shall have a class in it. Brother Joseph Hall has often given us a welcome to preach in his house, but the congregation has been very small. Our congregations on the mission during the severe winter have been small, with the exception of Ryerson's Church, Gowler's settlement, which has been very good all the season.

Drunkenness, the prolific parent of innumerable vices, has prevailed throughout this country. We are attacking the enemy on every side, and the result is that the cause of temperance is making its way and prospering through the country. Some of my professed friends think that I make unjustifiable attacks on drunken ministers and members of Churches. While I live, God being my helper, I will strive to trample down the accursed thing.

By transfer, removals, etc., we have lost one hundred and five members during the year, which leaves an apparent decrease, but not a real one.

The good people throughout this country have suffered very much in their circumstances from the grasshopper plague, or visitation, last summer. I am sorry to say that a great increase will be, and is, found in the board of the young preacher, and worst of all, our missionary subscriptions will be a mere nothing. I am sorry to be under the

[1874-75.

necessity of reporting a decrease in this the best of all the funds of Methodism. The new churches finished this year are very comfortable and inviting. The visits of our beloved Chairman to this and all the other fields of labour are of great importance to us. I was afraid when he took his journey five or six hundred miles north during the most severe part of the season, when the mercury was forty degrees below zero, that he had undertaken more than his constitution would or could endure. Although he suffered then and since his return, he is quite able to visit the missions, having just returned from Palestine mission. May he long be spared.

Another year is coming to a close, and I am happy to be able to say that through the blessing of God I have been enabled to fill every appointment. And I can say the same of my noble colleagues. God, who is worthy, shall have all the praise. M. FAWCETT.

PALESTINE.

During the past year your missionary has been able to take up two new appointments, and though no special services have been held up to the present time, God has been pleased to bless the Sabbath services to the salvation of souls. One poor woman, a half-breed, who heard Methodist preaching for the first time last year, and was enabled to trust fully in Jesus for salvation, sent for me to visit her. I found her dying of cosumption. She said "I thank God we ever had the Methodist preachers to preach to us, to tell us of our sins, and of a Saviour who is willing to pardon our sins—he has saved me. If I don't see you again before I die, I shall see you in heaven." Such a testimony is worth a year of toil, but more witnesses than the above could declare, through the past year, that the "Gospel is the power of God unto salvation."

We report a membership of twenty-four; increase, eight. The extent of the mission is some forty-five miles, embracing six appointments. JOHN WALTON, 2nd.

BEREN'S RIVER.

With feelings of profound gratitude to the Great Head of the Church, we present our first regular report of this new Mission.

This Mission is situated on the eastern side of Lake Winnipeg, about half way between Red River and Norway House. The Hon. Jas. Ferrier and Sons, of Montreal, have taken a great interest in the Mission, and have been the most liberal contributors to its establishment. The want of a Mission at this place has been long felt. For years the Indians have been pleading for a Missionary. Years ago, the venerable John Ryerson, when visiting this place, was impressed with its desirable situation, and even then urged that a Mission be established here. The great distance—of nearly four hundred miles between the city of Winnipeg and our old established Missions at the North, almost completely shut them off from official visits from

the Chairman of the District. The establishment of a Mission at this place, dividing that long distance, and thus affording a resting place, has enabled the indefatigable Chairman, Rev. George Young, to visit, even in the depth of winter, all these Northern outposts. This long tour, of upwards of twelve hundred miles, was accomplished with dog trains, and has been of incalculable benefit, cheering the hearts and households of the toilers, and practically showing to the Indians the deep interest taken in their welfare, and the prosperity of the work among them. We have a comfortable and well-furnished parsonage, with necessary outbuildings. We have also a school-house, in which, for the present, our religious services are held.

As our object has not been to centralize the Indians more rapidly than they were able to erect little houses to supplant the old, comfortless wigwams, we have only about sixty Indians as yet permanently settled at this one spot. However, many others are preparing to build very soon, and to commence the tilling of the soil.

We have one interesting class, which is well attended and much prized. A weekly prayer meeting is also regularly kept up. It is indeed cheering to hear voices that were once accustomed to engage in the senseless and unmeaning mutterings of a vile and debasing superstition, lifted up in prayer and praise to Him who is God over all, blessed for ever.

An epidemic that raged during the winter months has been made a blessing to some of the people. The Missionary, while acting the part of a doctor, was enabled to recommend the great Physician, and Balm of Gilead, at a time when the hearts, even of the obstinate and obdurate, were susceptible to religious truth. Some, alas, like as in other places, with returning health went back to their old ways, but others have remained true to their vows and promises, and are, by their constant attendance on the means of grace, endeavoring to understand the plan of salvation more perfectly. The falling tear, the smothered sob, the quivering lip, and the reforming life, showing that the good Spirit is working upon the hearts of the people, are cheering signs to the Missionary, and encouragements to labour on.

Polygamy was one of the greatest hindrances in our way here, but in a most extraordinary manner it has been abolished. Where there was an unwillingness to carry out the wishes of your Missionary in this matter, death, the stern arbiter of many things, broke up every remaining polygamitic household.

The appointment at which the largest band of Indians resides, is about a hundred and fifty miles directly east of our Mission home. It is a three day's journey with our dog trains, and four days in a birch canoe. We have also taken up an exceedingly interesting appointment, on the Western side of Lake Winnipeg, at a place called Jack Head, which is about sixty miles from our headquarters. In fine weather we are able to cross over on the ice, easily, in one day with our dogs. We have there an attentive congregation, and there are over forty children desiring a teacher. There are other interesting

openings for usefulness on this Mission, some of which we have visited, and others we have not, as yet, on account of our multiplied duties incident to the erection of Mission buildings at Beren's River, in addition to our usual Missionary work. We have baptized over fifty adults and children. We return a Church membership of twenty, and a subscription to the Missionary Fund of fifty dollars.

At Beren's River every conjuring drum has ceased to beat, and every outward pagan rite has been given up. In conclusion, while deeply regretting that the cost of establishing this new Mission has been so great, owing to the great distance from which material had to be brought, thus causing freight to be, by far, the heaviest item in our expenditure, yet, we are confident that there is no part of our great Mission field where a harvest of souls will more speedily be gathered in, where heathenish rites will sooner give place to religious worship; where comfortable dwellings will more rapidly supplant wretched wigwams; and where pinching want will more quickly change to modest competence. EGERTON R. YOUNG.

NORWAY HOUSE.-ROSSVILLE.

Another year has passed profitably and quickly by in the great work to which we are assigned. Our labours have been abundantly blest, so that the success of the year has exceeded our expectations, sixty-three having been brought into Church fellowship. The class and prayer meetings are well attended.

During the year I have visited quite a number of Indians who have been living in heathenish superstitions and practices. Several gave evidence of the sincerity of their desire to become Christians, and requested to be baptized, and after due examination and explanation, I baptized them. Others of them were persuaded, and admitted, that conjuring was wrong and Christianity right, but put it off for a convenient season. One man who could read the syllabic characters, and to whom I gave a Cree Testament and Catechism in the winter, said that he intended to come into the Mission in the spring, and bring his family to be baptized with him, and settle here, so that his children could attend the school and learn the good way. He has two wives. One was present when I talked to him about his soul and these matters, and when I told him he would have to give up one, he consented to do so, but said he would like to keep all his children, so that they could all attend the school.

Another man and his family came to the Mission that they might all be baptized, while I was away on one of my long tedious trips, but as they could not wait my return they had to go back again to their hunting grounds to spend some months longer, I trust, in earnestly endeavoring to fear God and work righteousness, thus showing "the work of the law written in their hearts." I hope to see them, the first open water, and fulfil their wishes.

Our day-school at the village is in a prosperous condition, though it still greatly needs a lady teacher. There are about ninety scholars,

with an average attendance of fifty-five. The Sunday-school is also doing a noble work, quite a number of the oldest scholars having sought admission into the Church during the year. There are about one hundred children in the Sabbath-school, which is better attended, in proportion to their numbers, than the day-school.

The school under John Sinclair's instruction, at Norway River, is doing a good work among the children. There are about fifty scholars, with an average attendance of thirty, during the months that the school can be kept open—say nine out of the year. The Sundayschool is also conducted by him, with a couple of assistant teachers, quite efficiently.

During the Christmas time, your lonely Missionary, his companion, and his people, were delighted with the official visit of our dearly beloved Chairman, the Rev. G. Young, whose words of affection and encouragement thrilled us so that we, like St. Paul, when he met the brethren after his sufferings and hardships of the previous months, "thanked God and took courage." None but those who have laboured on those lonely Missions can enter fully into our feelings during his too short stay, only three days, with us.

Much good was done to our people spiritually, who caught the flame of his zeal, and are wondering if he cannot come to visit them frequently. They were delighted to have the Ayumeokemow (the great praying master) present at their annual feast, partaking of the food they themselves had provided.

We wish thus to acknowledge our gratitude and indebtedness to our dear brother Young, for enduring and suffering the long and tedious journey of about 1,200 miles, to give us the encouragement and counsel we so much need in our Mission work.

Yedo..... George Cochran. Shidzuoka..... Davidson McDonald, M.D.

It is the earnest desire of the Committee to increase the number of Missionaries in Japan, as early as may be safely practicable; at present the income of the Society is not sufficient to cover all claims from the Missionary field now under our culture : enlarged liberality can alone place additional laborers in any part of the great vineyard.

The Rev. George Cochran writes from Yedo :---

Altogether I have baptized nine persons—three in Yokohama and six in Yedo. Of the first two I have already given you a full account. The third, whose name is *Minagaki*, was my teacher for a couple of months. He became more interested in the story of the Bible, and shortly before I left Yokohama, he came and asked for baptism.

As I was leaving for Yedo, and he could not remain under my instruction, I advised him to join one of the native Churches in Yokohama. He made choice of the Presbyterian Church, and I gave him an introduction to the pastor. He proved himself a very worthy man, and has since been ordained an elder in the Church—the first native Presbyterian elder in Japan.

My former teacher, *Makine*, is now living in Yokohama, and has connected himself with one of the native Churches there. He came with me to Yedo, but remained only a short time, preferring Yekohama on account of friends there to whom he had become much attached. *Yastomi*, whose name you will recognize, is attending a native school about five miles from my house. He visits me as often as possible, and so far as I can learn he is doing well. Thus, you will see, three of my baptized converts are in Yokohama, and six in Yedo: five of whom are with me morning and evening for the reading of the Scriptures and prayer.

Of my work at present I must say a few words. A class of twenty persons meets in my study, five evenings of the week, to read the New Testament. We have already gone over the Gospels and the Acts of the Apostles, and are now reading in Romans. I explain every thing, as far as time permits, as we go on, giving opportunity for asking questions. This is an exceedingly interesting service, and one from which I expect to see considerable fruit. At first we met in our dining-room, but that becoming too small we adjourned to the study, a separate room 15×18 , built for me since I came here. On Sunday evenings we meet to sing hymns and pray; last Sunday twenty Japanese were present. Every morning from six to eight join us at prayers, seeming quite to feel the importance and value of the service.

My Sabbath morning service continues with unabated interest. My room is usually crowded with an audience of intelligent young men; all students, and sufficiently acquainted with English to benefit by a discourse, delivered slowly in a conversational way. Quite a number come from a distance; some from the Kai-Sei-Gakko, or Imperial University. These latter are first-class young men, who have studied English from five to six years, and can read, write and speak it fluently.

These services in the English language are doing a good work amongst a very intelligent and hopeful class of the people; though I must confess doing so much in my own tongue does not facilitate my acquisition of the native speech. Still I am working diligently at the language and making some progress—so much progress, that I hope to give you some account shortly of an attempt to use it in my public services. I feel warranted, however, in continuing my English services, on account of the evident tokens of good which appear to result from them ; and I am strongly of opinion that permanent English service would be a great benefit to the cause of Christianity in this great capital, which is becoming more and more the centre of learning and intelligence here are retics, &c., & them an E become a n Contin course, and empire, wh I sho daughter coings, and w attend the

intelligence in the empire. Hundreds of young men in the colleges here are receiving their instruction in science, history, law, mathematics, &c., &c., through the medium of the English language; and to them an English sermon is not without special attractions, and may become a means of doing much good. But more of this another time.

Continue to pray for us, that the word of God may have free course, and be glorified in the salvation of myriads in this populous empire, where, until recently, superstition reigned supreme.

I should tell you, before closing, that Mrs. Cochran and my daughter conduct a Sunday School for Japanese girls on Sunday mornings, and with encouraging hopes of success. Most of the girls who attend the Day School come on Sundays, and sing our hymns very nicely. In addition to the Scripture lesson some of them take lessons in the Catechism, making considerable progress in committing it to memory. This, I am sure, will be good news to our Sunday School contributors and collectors at home, who take such lively interest in the great missionary cause. GEO. COCHRAN.

From Shidzuoka Dr. McDonald gives pleasing information also of his labours and successes :---

A little more than a year ago we arrived in Shidzuoka, with the belief that the hand of Providence had guided us hither and animated by a desire to be of some use to the people and of some service to the cause of Christ. In a measure our hopes have been realized, for our labour has not been in vain in the Lord.

On Sabbath, 19th April last (1874,) I commenced to teach the Bible here. Our first lesson was the Lord's prayer. There were seventeen young men present. The attendance during the year has varied from seventeen to thirty. On Sabbath, 27th September, eleven persons, as I wrote you at the time, were baptized, and a class was formed. Since then baptism has been administered as I now indicate. In the month of October seven were baptized; November, one; December, one; January, three; and in March, three, making twenty-six who have professed faith in Christ, and have received baptism.

We have services in the morning and evening of each Sabbath, and our class-meeting is held on the evening of Wednesday of each week. It is, however, more of a prayer-meeting. We read a Scripture lesson together, and after explanatory remarks and conversation, six or eight of the young men offer prayer.

The class leader, Mr. Tzuki, and the assistant, Mr. Tamanaka, are excellent men. Mr. Tzuki has addressed the Sabbath morning meeting three times, and in order that you may know the nature of the discourse, 1 send you a copy of one of his addresses.

Twenty-two of those who have been baptized are students of the day school. At nearly every service there are others present besides the students, but they are somewhat irregular. A bookseller who attends occasionally, has lately, in a quiet way, commenced the

xxxiii

sale of religious books. I also distribute books and tracts, and thus the seed of truth is being sown, which I hope will yield fruit in due time.

Those who become Christians have many temptations in regard to the Sabbath, as Japan has no Sabbath as yet. A few months since a young man who was much interested in the study of the Scriptures found employment in a neighbouring town. Shortly after leaving here, he wrote :—"Japanese Society is so constituted that I find it impossible to obey the law of the Sabbath." This, I suppose, means that he was obliged to attend to business on the Sabbath, and that his becoming a Christian must be deferred until a more convenient season.

One who has been studying the Bible for some months past is sick of consumption. He seems to be an earnest enquirer after truth, and I trust through faith in Christ he may secure that life which the ravages of disease and death cannot destroy.

What the Master may have for me to do here the coming year, I cannot tell. The fields, however, are white unto the harvest, and I hope that I may be permitted to gather, at least, a few sheaves. Hitherto I have not met with any opposition to my work. If the authorities felt disposed to interfere, they could easily shut the castle gates, and as we live within the castle, no one could come to our house; but such a disposition has not been manifested. D. McDONALD.

INDIAN MISSIONS.

THESE Missions continue to repay the labor and expense which for a long period of time have been bestowed upon them. If there are occasional relapses into sinful practices and indulgences, they principally arise from the allurements and vitiating examples and influences by others who have been favored from infancy with higher advantages; yet, with all the drawbacks which may be allowed to exist, there are many who practically fear the Lord, and daily rejoice in the God of their salvation. The Indians are peculiarly liable to consumptive complaints, very often brought on by leaving their comparatively comfortable homes on the reserves, and then dwelling in camps during the coldest seasons of the year. No class of people value more the word of God, and in their hours of weakness and suffering none rely more simply upon the Saviour of the world than these "poor and needy" seekers for full salvation. Their dying hours do indeed bring glory to their God, whilst in condescension to frail and helpless humanity, the Saviour takes them to that glory which he had with the Father before the foundation of the world. NEW CREDIT.

In looking back on the past year we have reason to believe that our labors have not been in vain in the Lord. We have had no special services, but the regular means of grace have been seasons of refreshing : many have said, "It is good for us to be here."

There is an increased interest in education. There are two dayschools among the Ojibways, supported by themselves, and two among the Delaware band, supported by the New England Co. Besides the attendance at these schools, there are fifteen children attending the Industrial Schools at Brantford and Muncey.

We have a Sabbath school among the Ojibways with fifty-three scholars, and an average attendance of twenty-five. For this school we have raised \$18.00 during the year for books and papers. There

XXXV

is also a Sabbath school at the Delaware appointment, with a large attendance of scholars of different denominations. By means of these schools we hope to do much good among the young people.

We have received thirteen on trial during the year, but have lost fifteen by deaths, removals, &c. Notwithstanding the many adverse influences, we are encouraged to labor on, trusting in the Lord for greater blessing. Members on trial, 3; Whites, 9; Indians, 56. Total, 68. E. TENNANT.

GRAND RIVER.

The Missionary wishes to say, relative to this Mission, that he has endeavoured faithfully to discharge his duty during the past year; he has not witnessed the prosperty so desirable, and for which he has laboured by prayer. Still we are thankful to the Great Head of the Church that things are as favourable as they are. The power of the Gospel has been seen in the building up of the present membership, and in sustaining the dying.

Death has taken away one of our oldest Local Preachers, who had been a member of the Church for about fifty years—he died in the Lord.

We have enlarged somewhat our borders, by taking up a new appointment, which promises well for the future, and where we expect, not far in the future, to form a new class.

SABBATH SCHOOLS—Of which we have two on the Mission, one at the Mission Church, which is growing in numbers and increasing in interest. This school has been well sustained during the entire year, principally through the labours of the Missionary's wife. The other Sabbath school, at Stone Ridge, promises well for the future.

DAY SCHOOLS.—There are two on the Mission, principally supported by the Missionary Society. From a personal inspection of these schools, we would say they are doing a good work, and the teachers are faithful in the discharge of their duty.

THE MISSION CHURCH.—Our great want is a more comfortable church, if we would sustain our cause where, for fifty years, the Missionaries of the Society have laboured. It is absolutely necessary that something should be done to repair the Church. But this cannot be done unless the Missionary Society will give a grant from \$150.00 to \$200.00.

With few exceptions, the appointments on this Mission have been regularly filled. Three members have died, two have removed, and three dropped. Some of our Sabbath scholars have committed to memory the first Catechism, in the English, and the Scriptures have been explained to the scholars in the Chippewa language. In the month of March our Emma Florence died, in the 7th year of her age. She spoke to us and pointed towards Ishpeming, which was a comfort to us in the midst of our affliction. ALLEN SALT.

MOUNT ELGIN INDUSTRIAL INSTITUTION.

The interests of this institution are promoted with increasing efficiency and success. We have more scholars than the number for whom the Government grant assistance, and might have many more. Their attendance is regular, and many of them are making creditable advancement in their studies; they are contented and happy, and there is also a marked improvement in their conduct and social habits. Their state of health has been very good, for which we are devouly thankful to God. More than twelve of the scholars meet in class, and many of the others manifest deep concern for their religious interests. We very earnestly solicit the prayers of the Church for the salvation of these interesting young people. May the God of all grace and mercy give an outpouring of the Holy Spirit, that every one of them may be converted, and the missions adjacent be abundantly blessed.

We deeply regret that the Government continues the very low limit of attendance for whom they make partial provision, while it is the earnest desire of the most intelligent of the various bands of the Indians that their young people should be educated and more settled, as well as stimulated to more industrious habits. While these principles are inculcated in this institution with great efficiency and success, and the Indians so generally prefer that their children should be under the influence and direction of the Methodist Church, it is a manifest injustice to them, and the whole Church, to make the number of attendance so low. THOMAS COSFORD.

ONEIDA.

This year has been the most trying ever experienced by us. Deep sorrow and bereavement have been our portion. We meekly bow to the will of our Heavenly Father.

On the Mission, however, tokens of good have been evident. The Word was attended with power and with the Holy Spirit, awakening, convincing, and turning many from the error of their ways.

The Church was greatly revived at our camp-meeting, and a number of names were added to the list on trial for membership.

We have an interesting Sabbath school. Wesleyan Catechisms, Ncs. 1 and 2, are used, religious influence increasing every time we meet. The average attendance at the Mission day-school is not what

xxxvii

xxxviii

it should be. It is difficult for the Indian children to attend regularly. Temperance meetings are held every Monday evening.

To save many of the Indians from a drunkard's grave, we need a prohibitory law. May that day soon come. WILLIAM CROSS.

MORAVIAN TOWN.

There is a small number of Indians at this place who seem desirous of hearing the Word. For the amount of care they receive they are doing well. The Saviour has a few names even in this small band, and they have a claim on our means and our prayers.

SNAKE AND GEORGINA ISLANDS.

The labors of the past year, with the Indians, I trust, have not been in vain. A camp-meeting was held on Snake Island in September. The Revs. J. E. Betts (Chairman), R. H. Smith, Wm. Irwin, and others, came to our help, and labored zealously for the salvation of souls, and the result was the conversion of many sinners. Our Indian brethren, Blaker, Herkimer, Elliot, and others, also worked with unabated zeal during the meeting, and their labors were crowned with success. Present membership, 52. WM. TORBANCE.

RAMA.

In presenting the report of this our first year's labor on the Rama Mission, we are very favorably impressed with the religious character of many of the aborigines. Their attachment to the means of grace, and an intense earnestness in their devotional exercises, have been most encouraging. The membership at Atherly has furnished very satisfactory evidence of a growth in grace, and of a desire to sustain the work of God amongst them. The Longford appointment has been well sustained, both numerically and financially. We are looking for showers of blessings to descend upon all our congregations on this important and interesting field of labor. Three of our Indians have triumphed over their last foe. On this mission field our work has not been in vain. The pious Indians have entered heartily into our plans for doing good, and success has been the result. exchanged mortality for life. Old veterans have laid down their armour and gone to "be for ever with the Lord." They have verified the saying that "Christian Indians die well." But some of the young have stepped into the ranks, we trust, to fight with us the battles of the Lord. We fully endorse the remarks of a missionary brother— "When the Indians remain at home we are hopeful of them, but abroad temptation and the curse meet them everywhere; at their will all around they find it easy to obtain their enemy, the fire-water; and few who sell or give it regard the laws made for their protection, hence the influence arising from this is very demoralizing." "Stiong drink is raging." Our congregations are excellent; the Sabbath and day-schools are regularly attended; a local temperance organization has done much good; and our school festivities during the year have been seasons of joy and delight.

Our esteemed brother, John Sunday, sen., is still able occasionally to speak the Word of life to his brethren, but he is becoming very feeble. He is now in his 80th year. May he find mercy of the Lord in that day.

After deducting our losses by deaths and removals, the membership stands thus : Indians, 36; Whites, 12; Total, 48.

WM. ANDREWS.

HIAWATHA.

In presenting this annual report, I would observe that it is notwithout great sadness I am compelled to state that the Indians of this mission are steadily decreasing. From scrofula and consumption intensified by dissolute habits in the past—very few are entirely free. Four of our members—three Indians and one white—have been called away, all of whom, through grace, have left a blessed testimony behind of the power of the gospel, by faith, to save unto the uttermost. Two others of our Indians, young men in the prime of life, not members, whom I frequently visited, died very happy in the Lord, after a long and painful illness. A young lad, a scholar in our Sabbath school, accidentally shot himself dead about three weeks since, the load having penetrated the brain.

We have been compelled to exercise discipline by dropping and expelling some who had become careless, or who had grievously departed from the faith. There are, however, some gleams of hope, amidst much that is otherwise dark. We are not without tokens of the divine favor; some have been brought under the power of the gospel through the aid of the Holy Spirit, and have united themselves to the Church. There is also much less dissipation than in the past; and some of our young people begin to show a degree of thoughtfulness which is very hopeful.

Our schools—both day and Sabbath—are in a far more prosperous state than I have ever known them. Mrs. Brooking has taken a very great interest in them, and having been favored with teachers

xxxix

who were both able and willing to fully carry out her plans and suggestions, many of the scholars have advanced more in secular, and *especially in biblical knowledge*, than they ever did before.

We are happy to be able to report general prosperity on this mission. With few exceptions our Indian people attend service regularly, and are intelligent and attentive hearers. Drunkenness, the great curse of the Indian, is declining.

Increasing interest in religious matters will appear in the fact that we are able to report this year a sum raised for missionary purposes over three times as large as that raised last year. Prayermeetings and class-meetings are well attended. As the result of special services we have eight on trial. Present membership, 46.

JOHN A. MCCAMUS.

ST. CLAIR.

We have attended to our work by the blessing of God, according to the strength allotted. Our congregations are good. We have gracious spiritual influences at the public services, members apparently advancing in the divine life. We have had two deaths in the membership, who gave evidence of consistent lives, and love of the ordinances of God's house. Four young men have died who were blessed and saved in their afflictions, as the slow wasting disease of consumption carried them away into the better land, where the inhabitants never say they are sick. The funerals were seasons of great spiritual comfort.

The council-house has been erected, in which they have had a number of feasts and tea-meetings, carried on with great decorum. The new mission-house is on the eve of completion, which will be one of the best houses on our Indian missions. The premises are to be surrounded at once by a substantial fence. The Missionary's health has improved, and he hopes in another year it will be fully established, and God will make him a blessing to the aborigines of our country on the St. Clair Mission. offerings, the care for the poor among them, and their hearty assistance in any good work that may be presented to them for the good of their race.

Their hearts rejoice in prospect of having a missionary to live among them. A nice plot of about six acres of land, in one of the most fertile and healthful parts of the Island, has been freely granted by their council for mission premises, convenient to white settlements both for society and school for the missionary's family.

During the year some of our members have died, and one of our local preachers has been taken to his reward, each giving testimony in their last hours to the blessedness of the religion which has been their comfort and joy through life. May the future be more bright and prosperous than the past has been on this interesting mission field.

JOHN W. STONEHOUSE.

SAUGEEN.

In prosecuting the work on this mission the past year we have often felt greatly encouraged, yet sometimes have met with much to perplex and embarrass.

An interesting camp-meeting was held last August, at which several professed to have received good; and during the fall cottage prayer-meetings were held for about two months, which were prized and profitable.

Our public services are generally well attended, but I regret that the class-meeting is not appreciated as much as it was formerly.

I have had to contend through the year with the greatest obstacle the Indian has to battle with, the accursed fire-water, which is proving most disastrous to their best interests for time and for eternity.

I have twice taken advantage of the excellent law passed in Ottawa a year ago, and two parties have been fined for selling liquor to the Indians; the result has been that they find it very difficult to procure whiskey near home, and drinking has become much less frequent than it otherwise would be.

I am resolved, if sent back another year, to put forth renewed efforts to prevent the wicked white men from destroying the poor Indian with his infernal poison.

We have had a great deal of sickness among the people and many deaths. The great amount of sickness and the severity of the winter have combined to make the year now closing a most trying one to this band of Indians.

We now have three villages (or settlements.) The land at the old location is poor (stony), so having found good land at other points they have divided, having nearly an equal number at each of the three settlements, and now we have services held at two places, besides the old church, which used to be the only place for service. The outposts (Sidney Bay and Port Elgin) being about five miles away, make it hard to visit the sick and hold service at these places without the additional expense of keeping a horse.

The people have remained at home the past year more than any former year, which is a sign of good. Another favorable sign is, they are putting in more seed this spring than they did other years.

We have organized a Temperance Society too, which has been a great blessing to the people. The society numbers 42 members.

Special services have been held, and much good done, but we have grined most by the ordinary means of grace. After supplying for removals, deaths, and backsliding we report an increase of 30. Members, 87; on trial, 8; total, 95.

We expect to build a new church during the summer, to be dedicated before winter. May He that gathers the outcasts gather and save this people.

CHRISTIAN ISLANDS.

The year now closing, I am glad to say, religion has been kept up regularly through the winter, and my Indian brethren have attended the service faithfully since I came to work amongst them, and by the grace of God my work has not been in vain. I sometimes preach twice on Sunday, sometimes once; one of the exhorters leads the service in the atternoon. This way we went along well all winter. We were healthy through the winter. The Indans are getting along well both in spiritual and temporal welfare. They cut cord-wood last winter, about 550 cords, and this spring they work hard sowing their seed. They sow wheat, peas, oats, corn, potatoes, and as far as I know them they are doing well. Christian and Beausoliel Island membership is 81. We pray before God to-day to enable us to work on, and we raise our hands, and say, Come Jesus, and bless us. *Ween Sah*. THOMAS SKY.

different bands are regularly visited, and our people show a delight in the means of grace, and a steadfastness in religious profession that is very delightful. Three have died during the year in the triumphs of faith.

There is prospect of the Pagan Indians of Parry Island moving to the northern end of the island, where the Christian Indians have settled. This will bring them more fully under Christian influences. An effort is being made to build a little church across the channel from Parry Sound. A school is needed by each band, but they are too small to warrant the outlay.

If they could be induced to settle together on Parry Island, much more could be done for them. Their contributions to the Missionary Society are very liberal. Members, 81. J. C. WILMOTT.

GARDEN RIVER.

On coming to the Mission I found three things :----

1st. The Mission premises; but they were encumbered. An Indian, professing to be allowed to live in one of the houses and crop the garden, by my predecessor, refused to leave, until for peace sake I bought out his claim and right. I found the old Mission house and church very much out of repair; neither could be made use of with comfort or decency until money had been expended in their repair; but, being convinced that to do anything with the Mission I must live on the spot, I procured the necessary work at considerable expense.

2nd. The list of membership of twenty-one names—four of whom only were Indians. I found that about half of the persons bearing these names lived in the vicinity of the Mission; the other half on both sides of the river from the Sault to the lower end of St. Joseph Island. But the list itself seemed to be an afterthought, as there had not been any class or church organization whatever; and many of the persons bearing the names had not even a suspicion of their membership, being merely adherents and friends.

3rd. I found a very strong, hostile feeling prevailing against the authorities of our Church for their displacement of the former Missionary; which bore very hard against us, and met us at every point, and was very bitter. One part of the community looking upon us as willing instruments, used for the abuse of the man they wished to retain; another part seeing in our own determined stand an evidence that the opinion heretofore prevailing that we would finally and soon abandon the Mission—proved untrue--pressed on us from the opposite side. These feelings stood as barriers to all our operations, and were very hard to endure. The Camp Meeting, held in the latter part of summer, at the suggestion of Dr. Rice, in which I was kindly and faithfully sustained by the Chairman, Rev. J. W. McCallum, and Rev. T. Cleworth, of the Sault, was a great blessing to us; though its effects did not immediately appear, it served to make and leave the conviction that God could and would convert souls through the faithful presentation of His truth, and the shed influences of the Holy Spirit. A persuasion much needed in those parts.

Immediately on coming to the Mission, I felt that the work devolving on us here was "patient continuance in well-doing," regardless of the atmosphere around us, and the doings and sayings which might grieve us, in order that the bad fruits of the past might be *lived* down. In this work I am in full belief that the Master has prospered us. We stand better in the hearts and minds of our people, and the general population, than since Mr. McDougall was taken from the Mission, years ago. Up to the past year the school, maintained and worked zealously by Miss Knott, and the occasional visits of my predecessor, gave the only evidence that the intention existed to re-establish the Mission, and this year was well on before doubts of this intention yielded to conviction; and many things were fitted to foster these doubts. We were not, till now, in a condition for aggressive work; that position, I think, is attained, and much is gained.

The year has been one of much anxiety and toil. The fitting up of the old Mission-house as a dwelling for my family, and the old Church as a place in which to worship God, the Camp Meeting, some visits to outposts, the building of my new Mission-house, took up the whole of my time until an early and very severe winter set in. But I am thankful to be able to say that the Master has kindly kept us in good health. Our public services, and a very interesting Sunday School, with its Bible class of young men and women, were maintained without intermission throughout a terrible winter, and gave us great hope and much pleasure.

Of the work at the out station I can say but little. The agent appointed to Michipicoton failed to go there. The one sent to Batchewana proved very unfaithful—was an injury rather than a good. The agent sent to Mississauga remained at his post since September last, and has visited several bands besides that of his post, such as Sheshegooning and Serpent River. I cannot speak of the results; having to leave by the first steamer, I could not visit him this spring. I, however, got the notion that the Indians on these shores have received the impression through him that we cared for them. This may save them for awhile from the toils of the Jesuits, who are earnestly after them. But these posts, on both lakes, must be visited, and soon, that we may know what is needed; where and how to work; and what are the claims on our attention and prospects. I purpose, if allowed, to do this work thoroughly during the coming summer.

I am sorry that the condition of things prevented such organization as would enable me to make correct and reliable returns. On the whole, I think, we have been of use; and from this point we may look into the future with hope. THOS. WILLIAMS.

n at Oka, h the consuming yet undestroyed bush which Moses saw on the mount, was designed to teach.

For now over seven years, as indeed for many previous years, this Church has been subjected to a tireless, heartless, and most provoking persecution, and yet they are not destroyed. Yea, not only not destroyed, but through God, who has made all grace abound towards them, they have maintained a steadfast consistency, and as well, and especially in their meetings, a fervour, a spirituality, and a joyousness most refreshing to witness.

Their various services, public and social, are ever well attended, no matter how inclement or disagreeable the weather. Their improvement in Scriptural knowledge, both by the word and by experience, is very noticeable, and well repay the labour expended upon them.

The Chief, Joseph Onesakenrat, has been engaged during the year as an assistant to Mr. Parent, the Missionary, and has not only taken part with him in services at Oka, but also has accompanied him on Missionary excursions to St. Regis and Caughnawaga, where are large settlements of Indians, to whom their visits were acceptable and protitable. We see much reason for hoping that before long the influence of divine truth will be witnessed among these Indians as amongst those of Oka.

Certain forms of industry are being introduced on this Mission, as by such the Indians will have a means of subsistence as will, possibly, keep them out of the way of the priests—"the gentlemen of the Seminary,"—and as well relieve them from the necessity of those frequent journeyings from home, which, to say the least of them, are endangering to their piety.

During the year eight members of the Church have died; ten have been added through conversion; so that two hundred and twentythree are reported this year, as against two hundred and twenty-one last year.

The school is still carried on with marked and encouraging efficiency. The teacher says, in her report: "I am now closing my fourth year on this interesting field of labor. I feel thankful to God that my labors have not been in vain in the Lord, but that He has enabled me to see daily progress in those children in spiritual, as well as temporal things. On my entering this work I found many discouragements; the children understood scarcely a word of the English language. At present I have not the least difficulty on this head, for they now talk English in the school, and understand quite well all that is said.

"The general deportment of the children is very good, both in the school and in the House of God.

"We teach reading, writing, spelling, arithmetic, geography, and singing. Many of the children read in the New Testament very correctly, and will answer almost any question put to them from our Catechism." (The first one, I suppose.)

"We have lost in the year a little boy of eight years, by death

[1874-75]

He attended the school two years. He suffered very much during the period of his illness, but was remarkably patient and submissive. On one occasion his mother asked him if he suffered much, and he said, 'Yes, but I shall soon go to where there is no sickness, and be with God and the angels.' As his father was from home at the time of the illness and death of his son, the boy said to his mother, '*Tell my dear father I shall never see him again in this world*; but I will meet him in heaven!'" J. BORLAND.

From the resident Missionary.

I am happy to be able to say that the opposition and persecution which the Indians of this Mission have been called to pass through these six years past have been borne by them, generally, with much Christian resignation and propriety. We have had in all our meetings more or less of the manifestations of the Lord; while in some the manifestation has been specially full and comforting.

I have been able to preach each Sabbath during the year but two, being then prevented by sickness. Our services are—preaching each Sabbath morning, Sabbath School 2 p.m., and a class meeting at 3; then a prayer meeting in the evening. The average attendance each Sabbath is about two hundred and fifty. We have a prayer meeting on the Wednesday evening as well as that on the Sabbath. We hold meetings occasionally at a place called "The Bend."

During the year Joseph, the Chief, and I have visited the Indians at St. Regis, a place about fifty miles from Oka. We found the Indians very much pleased with our visit, as they showed by the cordiality with which they treated us They appear ready to receive the Gospel. We prayed with them in their houses. About forty families reside on an island (a very fine one) between Cornwall and St. Regis. They expressed a desire for a teacher from us for their school.

Subsequently we visited Caughnawaga, thirty-three miles from Oka. Owing to priestly influence, strongly applied, the Indians here are not so favorable towards us as once they were; yet there are several tamilies who gladly hear the Gospel. Two or three families here have left the Romish Church, for whom we must care.

We have had ten conversions during the past year; but, owing to eight deaths, our increase in membership is only two. We now number two hundred and twenty-three. AMAND PARENT. Hamilton Preston o Renfrew Rankin. Raglan.

HAMILTON.

THE Lord's presence, and a blessing, have characterized the past year. The revived spirit of the previous year continues still, and is shown in the life of the Church and ripening of religious experience, as well as in the salvation of souls. Applications for admission have been made at every Quarterly-meeting, which occasions have been in nearly every instance marked times of refreshing. Young people who have been taught in our Sunday-school are now enlisting and giving evidence of sincere service. Removals and other occurrences which have caused us many tears, have deprived us of several valued names. This circumstance, while casting a cloud over our little cause, seems to have driven all who remain nearer to God. Financially our people do nobly in proportion to their means. Taking the Church and Sundayschool expenses into account, they have raised on an average more than \$12.00 per member. Members, 25; on trial, 5, Total, 30.

PRESTON AND PARIS.

We have had during the year many causes for thankfulness, and have witnessed some evidences of the working of the Divine Spirit.

Revival services were held during the winter at three of the appointments, Roseville, Paris and Preston; although the inclemency of the weather prevented the continuation of the meetings as long as was desired, yet good was accomplished; the members of the Church were spiritually benefited, and some unconverted persons were brought to God.

Our classes in Paris and Roseville are blessed with faithful, earnest leaders, and the class-meetings and prayer-meetings have been regularly held and faithfully attended. Our love-feasts have been precious seasons of refreshing.

Our Sabbath-schools are in a prosperous state, and have been sustained throughout the whole year. The teachers are remarkably zealous and punctual, and the average attendance of the scholars as compared with the whole number enrolled, has been encouragingly large. German Sabbath-school publications, imported from the M. E. German publishing house in the United States, render us invaluable service.

xlvii

In Paris there is comparitively little room for extension, as most of the Germans there are already more or less under our influence; yet, alas! there are still some souls remaining unsaved.

In Preston the majority of the people are still opposed to us, yet our influence is felt by many outside of our own congregation. Morally the town is vastly improved in comparison to what it was before the establishment of our mission.

In Roseville the walls of separation between the numerous sections of the Church are slowly crumbling away. Some of the denominations which have hitherto been much prejudiced against us are beginning to adopt our modes of working. We have here a prosperous and an interesting class, of which English-speaking members constitute a large part. Both languages are spoken in the class-meetings and prayermeeting as well as at the public preaching, and the members work harmoniously together. The probability is, that some years hence our work here may be profitably united with the English circuit within the bounds of which it is located; but, for the present, it is plainly our duty to labor on. Our mission has still a work to do, its testimony for Christ is still needed.

After some losses by removal and otherwise, we are able to report an increase in membership of eleven. Members on trial, 4; full members, 74; total, 78. S. KAPPELE.

RENFREW AND THORNE.

Our new mission—a part of the former Rankin—is situated in Quebec and Ontario; has four small appointments—two in each Province—at which we preach semi-monthly; the round trip involving ninety miles of regular travel. We have an average attendance of sixty hearers, whose fewness and isolated position prevent church building operations, but we are kindly received in the houses of our members. In Renfrew we have permission to preach in our English Methodist Church, for which privilege we feel very grateful.

Manifold oppositions and deadly prejudices continually resist us, and make this field very uninviting. Yet we bless the Lord that there is a decided improvement in the spiritual tone of our few members, and an unwavering confidence that our work is of God. A number of very earnest enquirers also are attending our means of grace, who profess to be much benefited.

We improve every opportunity to spread scriptural holiness among our countrymen. If we cannot become "all things to all men," we prayerfully study to become, at least, a German to the Germans. Members, 16; on trial, 2. CARL ALLUM.

of a hundred and fifteen. There are six appointments, three of which are filled every two weeks. We have three log churches; it is the intention to rebuild the one in South Algoma. The other meetings are held in private houses. Most of the meetings are well attended; the Germans do not forsake the assembling themselves together.

All the funds are in advance of the previous year. The missionary meetings, which were attended by our chairman, the Rev. R. Whiting, were quite a success, the people having a mind to give, some even beyond their ability. We neither appointed collectors nor took up collections; the people had their money ready, came forward and laid it on the table as a free-will offering.

I have never met with more kindness among any people than on this mission. At three of the appointments I meet with the children to give instructions in the catechism.

We have not a more hopeful class to labor among than the Germans. When converted they enter heartily into our Church peculiarities. They all have at least the rudiments of a common school education, and are fond of reading. They are industrious, economical and temperate; if they had good land they would soon be rich.

Several persons were converted during the year, and ten were added to the Church, so that we now have a membership of 81. The prospects on this mission for the future are good. H. KROPP.

RAGLAN.

In reviewing the labor of the past year on this mission (until last Conference a part of the Rankin Mission), we regret not being able to present as bright a report as we could wish. We are placed under very serious disadvantages here, which obviously preclude the hope of a large increase of membership. The people to whom we minister are few and scattered; and, as in all communities and congregations, a certain per centage will always retain the attitude of persistent rejecters of the truth. Again, we labor among a people by education deeply prejudiced against Methodism, and these prejudices, in most cases, only give way after long and patient preliminary work amongst them. We are grateful, however, to speak of some progress, though it be but little. Our labor has not been altogether "in vain in the Lord." Some special services were held, resulting in a general quickening of the membership, and the addition of one. Two classes have been formed, and leaders appointed, during the year. Financially, the people have done better than in the previous year, notwithstanding the monetary depression. Among the new membership we have peace and harmony; and, on the whole, a good spiritual tone. Present membership, 23. HENRY MEYERS.

THE local oversight of these Missions is committed to the Rev. John Borland, whose qualifications, untiring industry, and matured experience, are rendered very advantageously to this branch of our missionary work. The following are his sentiments when reviewing the toils of the year :

We report much more favorably of our French Missions this year than in any period of the past. In several particulars encouragement calls us to enlarged operations and increased efforts for the evangelization of the many thousands of French Canadians who are multiplying and spreading themselves through every part of our fair Province.

It must not be supposed that our encouragement arises in any degree from any relaxation in the hitherto sleepless energy of a numerous and constantly increasing clergy, regular and secular, who are living and acting among their people; but in particular, as among other things, in a feeling of restlessness and dissatisfaction which priestly intolerance and impositions are doing much to create, and as well in the stirring scenes occasioned by the labors of the justly noted Rev. Mr. Chiniquy, whose great popularity as a Romish Priest is not forgotten by the people.

Then, with these, we have a more active sympathy from our own people generally. Hitherto, from various causes—the reasons for which I need not now venture a suggestion—a feeling of painful doubtfulness, if nothing more, seemed very prevalent; latterly, however, an interest, and that of a practical character, is being manifested.

In Sherbrooke our friends have presented us with a piece of land, consisting of three building lots, worth at least \$600, and then with subscriptions of several hundreds more, for the purpose of getting a 1874-75.]

parsonage for our French missionary, and a school for the French youth in the neighborhood. So hearty and thorough has the whole movement been, that when there a few days ago, I had the pleasure of seeing the contract for the buildings accepted, and the builder directed to proceed at once with their erection. A similar movement, I am happy to say, has been commenced by our people in Waterloo, from which like important results are expected to follow; and because we look at a scriptural education for the French youth as an important auxiliary in our evangelistic operations, it is with much thankfulness that I report the action taken by our Committee in Montreal for the erection of the larger and more important educational institute towards which we have so often, and for so long a time, had our attention directed. Some twenty acres of land at St. Lamberts, on the south side of the river, just opposite to Montreal, have been secured; and so soon as the necessary funds, in any just proportion are collected, the suitable buildings will be commenced.

The schools which we aid, and to a considerable extent sustain, and therefore control, in the Roxton Pond Mission, are doing well, and promise very valuable results.

In our French Missions we report this year 119 members, as against 80 last year; being an increase of 39. JOHN BORLAND.

SHERBROOKE.

It can never be considered wise to despise the day of small things, therefore your missionary on this field of labor has taken the "small things" which hitherto have been given, to cheer and encourage him in his field of toil and duty.

Six families are identified with us as Protestants; yet they are at such distances apart that it is difficult to meet together. We take these as buds of promise of a great future in this important Mission.

In addition to such meetings as are practicable with these six families, I have spent much time in house to house visitation. We have access to quite a number of families in which the word of God is read; from which we look forward in hope that many of them will be given us for the Lord.

During the year the Papal Church has added to its staff in the town of Sherbrooke, a bishop, and several additional priests, with a conventual establishment of six sisters of their faith. They were received on their arrival with much *eclat* by almost all parties, even a *Protestant* (?) minister walking in the procession employed to do them honor. But although the Methodist missionary here can speak of no such patronage and attention, yet while they are establishing convents, we are getting up schools; and while their object is by beads, scapularies, and nonsensical legends, to bring over, or to hold up, subjects for the Pope; we, by the Holy Bible, by Scriptural knowledge, and especially by the Lord Jesus Christ, aim to bring them to God and heaven.

The lovers of the Lord and our Church have obtained for us a free gift, three lots of land, valued at six hundred dollars, and have raised for us a subscription of over seven hundred dollars towards the erection in East Sherbrooke of a parsonage, a school, and what may also be The building, when complete, will cost somecalled a little church. where about fifteen hundred dollars.

This we take to be an encouraging token that God is with us, and that He smiles upon our efforts to promote His glory in the good of His creature, man. THOMAS CHARBONNEL.

ROXTON POND.

The last twelve months of Missionary labor on this Missson have been accompanied with some success, despite many things tending to discouragement. The Mission may be said to be divided between the Baptists and Methodists, and, as a consequence, we find it a difficult matter to maintain a Society on a purely Methodist basis.

Our congregations are generally good, and the hearers very attentive. Through small-pox during the winter we lost several of our best hearers. The work of grace in the hearts of true believers is of a cheering character; but, on the other hand, we have too many calling themselves Protestants who are not only strangers to a truly spiritual work, but really opposed to it. We have two Sabbath-schools in a very promising state.

Our two day-schools, with some fifty scholars are in a fair state of prosperity, and are attended by some very promising scholars. Besides these fifty scholars, we have nearly as many more who do not attend any school, from the reason that they are so scattered and live so far from schools. For the sake of these scattered ones, and of Roman Catholic children as well who are in a similar position, we have long advocated the erection of a primary school, in this village, sufficiently large to accommodate these, and carried on on such a missionary footing as would meet the necessities of the case. This is very much needed for the future prosperity of this part of our work.

We have sufficient access to Roman Catholics, generally, so as to explain the Scriptures to them, and we distribute Bibles, tracts, &c., to them as we have opportunity. Many of these are dissatisfied with their Church, but lack in moral courage to forsake its errors, and to come out of it, thus protesting against them. However, they are less bigoted and superstitious than they were some short time ago.

Seventy-five dollars have been raised towards the support of your missionary and the Foreign Missions. By emigration we have lost two members, and we have received two by altering bounds; one has been dropped, and five have been received. Total membership, 27.

SHEFFORD.

The year just closing has been one of unremitting, and often severe toil, but through Divine mercy we have had health, support and comfort, and moderate success.

It is rejoicing to see the marked progress the Roman Catholics are making in casting off the bondage of Popery. Indeed, almost every Roman Catholic with whom we have a controversy on religion will at first try to defend it; but when the errors of Popery are pointed out to them they will say, without any faltering, "Nous savons qu'il y a des abus dans notre religion." Only a few days ago I was speaking with one, and by his conversation I thought that he had some knowledge of the Holy Scriptures, but to my great surprise he told me that he did not know how to read ; "I thank God," said he, "that he has given me enough intellect to know right from wrong," and he sproke very strongly in favor of liberty of conscience, and also disapprovingly of Roman Catholics persecuting Protestants. I have not the least doubt but that there is a greater number at the present time that have a similar conviction than we are aware of.

In February last, the appointment of Shefford Mountain was given to Brother Syvret of Roxton Mission, therefore I have had more time to attend to my other appointments; in the month of March I held a series of protracted meetings in the Clark neighborhood, which were marked with much success.

My labor in the village of Waterloo and its vicinity, has not been in vain; my congregation is steadily increasing, and there is in contemplation the purchase of a house for the use of the French Missionary as a parsonage; which is much needed. This field of labor is fast becoming very important.

Although I have had seven removals during the year, I am happy to be able to report six of an increase. The present membership, 21; on trial, 6; total, 27. JOSEPH A. DORION.

LACOLLE.

My labors on this field of Missionary effort have not been in vain in the Lord. It is true I have no conversions to report, yet unmistakable evidence is given that deep and abiding impressions have been made on many minds, so that I see I have not sowed the seed of life in vain. I have been successful so far as to gain the good will of quite a number of French Romanists, so that they will actually consult me on matters of faith and Christian doctrine.

I am quite satisfied that many are tired of the yoke of Romanism which their priests have put upon their necks; and that the time is not far off when they will shake off the fear and yoke of man, and will come to Him, to make with the Lord an everlasting covenant. I have distributed about 3000 tracts, and over a dozen Bibles and New Testaments, which I am certain are doing a good work on many minds. JOHN HOCQUARD.

It is a cause of great rejoicing amidst the great diffculties, trials, and slow progress of the French work, to know that our people, plucked from Romanism like so many brands from out of the fire, die happy in the Lord. I have occasionally, as opportunities were presented, made visits beyond the boundaries of this Mission. We have received on trial three, and two from another mission. Two have been dropped. CANAAN.

I am happy to report that under the divine blessing this Mission is prospering. When I came here, a year ago, it was in a very torn and shattered condition; but by the good hand of God upon my humble labors for good, the people have become reconciled one with the other, and all to the services and objects of this Mission.

I have preached regularly every Sabbath throughout the year but two, when I was unavoidably absent. I have kept up prayer and classmeetings whenever practicable. I have preached in both languages, as my congregations were mixed of French and English hearers, having usually good congregations. Lately some Roman French have come into our meetings, and have attended very regularly, expressing much satisfaction therewith.

Once a fortnight, in the afternoon. I preached in Adamsville, and that up to 1st of January, when the weather became so stormy that I had to discontinue. I have visited from house to house, and distributed French Testaments and tracts; and, when permitted, read and prayed with the family. In some instances I have been permitted to convene several families together, and to hold a regular service in French.

These have been seasons of great refreshing to both speaker and hearers. Instances there have been, however, of a very different character, for instead of being welcomed to enter the house, I have been driven from it with threats of personal violence.

I have through the year visited among the French in Canaan, Seraphine, L'Ange Guardian and West Farnham, Angeline and Adamsville. I have distributed fifteen hundred French tracts and almanacs, with twenty-four Testaments and three Bibles. I have much hope of forming a French Society in Adamsville. of doing so. There are three families at Canaan and vicinity, who receive me very courteously. They have sufficient light to see the errors of Rome, and I trust they will as fully apprehend the truth as it is in Jesus.

Two young Canadians have given me their names, as to each I gave a copy of the New Testament. They declared they never would again bow before a priest. TORONTO CONFERENCE.

CHANGES in the relationship of Missions to Circuits annually take place, as the Lord gives spiritual and financial prosperity, but the aggressive spirit of Methodism prompts the missionary to follow up the new settlers to remote openings for usefulness, where the quietude of the Sabbath and the sanctity of ordinances furnish relief to the soul after the week's toil and weariness. This branch of the Society's work has always commanded the Committee's careful attention, and has drawn out the manifestation of their sympathy and generosity.

LESLIEVILLE.

Your missionary is extremely sorry that, after a year of very hard labor and sacrifice, and liberal expenditure on his own part, he has no better return to show. The *state* of the *membership* he regards as of the *first* importance, yet last year he returned three classes, this year he returns no more; last year he returned thirty members, this year, if he makes a return of *good* members alone, he is scarcely up to forty. Not less than twenty-five or thirty have been gathered in during the

year, but they have shown a strange facility in going out again; yet we cannot charge ourselves with any neglect. About five prayermeetings a week are held in the Mission, three of which the minister attends, and the classes are regularly met, the roll being always called, and the class-books marked. Besides, the missionary has met all the classes in person.

There are some improvements which, it is hoped, will tell on the spiritual interests of the Church in the future. We have now an organ and a good choir in both congregations, which are greatly improved in numbers. Things are laid in train for finishing our new church at the Don, and we have nearly completed paying the debt on the one in Leslieville. Although the times have been exceptionally hard with our poor members during the last winter, and we have lost two of our most liberal contributors by death, we have held our own in *connexional funds*, and a very little over. We are not quite prepared to say how the minister's salary will come out, but fear there will be larger deficiency than last year ; yet, upon the whole, we are inclined to thank God and take courage. JOHN CARROLL.

CHINGUACOUSY.

This Mission is part of the old Georgetown Circuit, and consists of four appointments, scattered over the western part of Chinguacousy. Its geographical position prevents any extension of its borders, while two other branches of the Methodist Church share in the moral and spiritual cultivation of the same ground. From these and other peculiar circumstances, this field of Christian labor will, for some time, require assistance from the Mission Fund.

We arrived on this Mission on the 23rd of last July, after a long and wearisome journey from Victoria, on the Upper Saskatchewan. From then up to the present we have not known an *idle* day. Three sermons every Sabbath, and frequently visiting at the people's homes, together with attending about thirty Missionary meetings, occupied my time and mind up to the first of March. Early in April we had special services at Unity Church, and after four weeks we received twenty-five, who professed "peace with God through our Lord Jesus Christ." "These remain unto this day," and the revival influence is still felt in the neighborhood.

After two deaths, ten removals, and a few backslidings, we report an increase of twenty over last year. Our Connexional Funds are in advance of the previous year, and we are now more hopeful for the future. We are looking for "showers of blessings" at every appointment. Pray for us. P. CAMPBELL,

trial, but not without encouragement. Considering the means of the people, which are very limited, they have done pretty well in sustaining the Gospel in their midst. Our congregations during the year have been good. We have had quite a number of removals during the year, and have had occasion to drop two, but still our membership is the same, viz., 69. To God be all the praise.

THOS. R. REID.

SHELBOURNE.

Last Conference this Mission was organized with three appointments and a membership of nine. During the year another appointment has been taken up, a Sabbath-school commenced, a shed built at one of the country churches, and a neat frame church in the village of Shelbourne. For building and connexional purposes nearly \$900 have been raised. Present membership, 26; on trial, 4; increase, 21. Of these, six were received from other circuits; the rest joined in the ordinary services.

Owing to the position of this Mission, geographically and otherwise, it is not deemed expedient to continue it as a separate field of labor, as the work can be arranged to better advantage.

A new church has been built at a new appointment, Sydenham Mills, and regular week-night preaching held in it all the winter, and a small class formed.

The results of the year's hard toil are not as encouraging as we desired, nevertheless good seed has been sown in Jesus' name, and we humbly trust that, by His grace, it will bring forth good fruit to His glory. Members, 136. W. TUCKER.

DURHAM, Ont.

Your Missionaries feel grateful to the Great Head of the Church for the continuation of His mercies, and the measure of success which has attended their labors during the year.

Special services have been held at two appointments, which resulted in a few conversions and additions to the Church. Our congregations are large and attentive. We have received constant kindness from our people. Peace prevails in each Society. Members, 118; on trial, 2. THOMAS W. GLOVER.

PORT ELGIN.

Our Heavenly Father has favored us with peace during the year. The annual payment on Port Elgin church was made, reducing the debt to \$480. One Sabbath-school was organized during the year. Owing to the great financial pressure many of the connexional funds are low. The membership paid the amount apportioned to their minister by the Quarterly Board. Present membership, 114; increase, 4. D. PERRY.

TIVERTON.

The difficulties and inconveniences associated with forming a new mission out of the weak contiguous extremities of adjacent fields of labor have been experienced. In addition to those unfavorable circumstances, the fact that the Missionary Committee has, at the outset, been led to over-estimate the financial ability of the mission, and proportionately to limit its asistance, has also had a depressing influence. Notwithstanding these various hindrances, God has been pleased to vouchsafe His presence and blessing. His people have been quickened, and about thirty persons have professed to receive His pardoning grace. The people have manifested uniform and great kindness to their minister; and, for their ability, are rarely outdone in support of the various interests of the Church. This Mission will require the generous fostering care of our Missionary Society for several years to come, which we trust, through God's blessing, it will eventually more than repay. We ask earnest prayer on its behalf. Membership: on trial, 6; full members, 44; total, 50. N. S. BURWASH.

PAISLEY.

There are in connexion with our appointments on this Mission some zealous and warm-hearted Christians, who not only pray "Thy kingdom come," but ardently endeavor to " work out their own salvation" in a truly Methodistic way. But some whose names we find on the Church register show few signs of "fruits of the Spirit." We have dropped from our books thirty-two names, whom we have not known to be at class-meeting during the year; twenty-five have removed, and one has died. But we are enabled, in some measure, to

WALKERTON.

The past year has been one of material and spiritual progress. The tone of piety has very perceptibly improved. Our last Quarterly Meeting was one of great interest and power. The very small debt that remains on our church has been placed in a most satisfactory position. The Mission is working admirably. Numerically, financially, and spiritually, it will be a great boon to the Church of Christ. Judicious and faithful toil, with the blessing of Heaven, will soon give us a first-rate position. We report a net increase of eight in our membership. To God be all the glory. Members, 95.

P. D. WILL,

MARKDALE.

The attendance on all the means of grace at every appointment have more than doubled.

Our Camp-meetings were "seasons of refreshing from the presence of the Lord." Many were converted, others were quickened, and some sanctified. Our membership has steadily increased. The debt on Markdale Church has been promptly met each year, as the payment became due. Our Sabbath-school work has been carried on under the able superintendence of Bro. G. S. Bowes. Members, 140; on trial, 4. DAVID WILLIAMS.

CHATSWORTH.

Through Divine mercy there have been several conversions; but owing to the loss of forty members by removals, deaths, withdrawals, and dropped, we report eighteen of a decrease. Part of the debt on the parsonage has been paid, but there remains still a debt of a little over \$400. Members, 143. JOHN WEBSTER.

SARAWAK.

We cannot report extensive revivals; yet, we have had many seasons of refreshing while waiting upon the Lord. Financially, the Mission never did so well before. A neat little church has been built during the year at Presqué Isle. It is properly decded to the Connexion, and the deed is registered. Our Sabbath-schools continue to do a good work. Members, 66; on trial, 4; total, 70.

ALLENFORD.

Your Missionary has, during the past year, held twelve weeks of special services, and with the aid of the local staff, sustained the Sabbath and week-night appointments. In the month of January we held a "four days' meeting," at the Allenford appointment, when several of the brethren on the District assisted us. The Church was greatly quickened, and many were soundly converted. Some fifty souls have been gathered into the Church during the year, most of whom are growing in grace. To God be praise. We report, members, 133; on trial, 10; total, 143. Increase, 10. W. C. JOLLEY.

WIARTON.

God has graciously manifested His presence with us during the past year. We have built two small frame churches, one in Wiarton, the other in Oxenden. We have taken up three new appointments (making eleven in all); at one of these we found over twenty families, who, though some of them had been there more than four years, had not been favored with any religious service.

There are other settlements where appointments ought to be taken up immediately. This, with other reasons, has induced us to advise a division of the Mission. We report an increase of 16; total membership, 63. ALEX. THIBADEAU.

appointments; but after about two weeks' labor, health gave way, and for two months life seemed trembling in the balance.

During the latter part of the year we have been able to take from one to two appointments each Sabbath.

J. V. WILSON.

STAYNER.

It is gratifying to be able to state that the spiritual status of this Mission has much improved during the year. A series of special services, recently closed, has resulted in the addition of twenty-four to our membership; though owing to removals, deaths, &c., we report an increase of but six over that of last year.

Our Sabbath-schools, of which there are two, are kept open during the entire year: the one at Stayner is of especial interest, numbering upwards of ninety scholars, and is of increasing interest and efficiency. Members, 95.

PARRY SOUND.

We see abundant reason for devout thanksgiving to Almighty God for his goodness and his grace during the year. Every interest of the Church is advancing. Although we have not had any very marked revival, yet we have not been unwatered and unblessed. Our congregations have increased in the village more than twenty per cent. during the year; sixteen have been received on trial, and eleven from other Circuits. We report a net increase of seven. We seriously need increased church accommodation. Our Sabbath-school has become so large that it has been removed to the Temperance Hall.

Our country work has been punctually attended to, but the settlers are sparse, and many of them very indifferent about religion, so that the congregations are very small, and the prospects not so cheering. Still, we labor on, hoping to reap if we faint not.

MANITOULIN ISLAND.

This Mission is on an island of three thousand five hundred square miles of area, and well entitled to the noble Indian name, Great Manitoulin. From the want of roads through the interior, the settlements are mostly on the shores. To visit all the appointments requires a travel of eighty miles by land and water. Your missionary has cause to rejoice that his humble administration of the word of life is not in vain, as our friends are increasing, and new doors opening.

Our Saboath-schools have been very useful to the young. Our want of churches, and the means for their erection, are manifest.

BRUCE MINES.

Though not favored by any extraordinary outpouring of God's Holy Spirit, we have enjoyed the presence and benediction of the Great Head of the Church. All the means of grace have been seasons of refreshing.

Our prospects at the mines are rather more gloomy than at any other time, on account of the falling in of the mine, and the prospect of its operations ceasing.

We cannot but record our grateful acknowledgements for the gracious providence that has saved a number of our members from a terrible death. On Saturday night, the 17th April, the mine fell in. Had it occurred at any other time, a number of the miners would, without doubt, either have been crushed to death by the falling mass of rock, or shut in some 360 feet beneath the surface and perished by starvation, or have been killed by the rush of air, which was so violent as to tear and break up boards, and hurl objects of considerable weight to considerable distances.

Died, 2; removed, 8; dropt, 4; withdrawn, 1; present members, 47. GEO. H. KENNEY.

SAULT STE. MARIE.

We have the consciousness of having set Christ fully before this people, and shall ever most earnestly desire their welfare. May the fulness of the blessing of the Gospel be given unto them.

We have built a new parsonage, and shall leave but a small financial liability upon it. Our people, with the aid of a grant of one hundred dollars from the Committee, may remove it within six months. Sheriff Carney, who has been very liberal already, promises an additional fifty dollars if the rest of the debt be provided for this summer.

Our people have been deeply depressed in temporal matters the past winter. In fact I never saw a severer pressure or greater sufferings. Members, 40. T. CLEWORTH.

SILVER ISLET.

Your Missionary has nothing specially interesting to report in connection with this Mission. In the early part of the year it was feared that the presence of a minister in connection with another body might seriously interfere with us; but we are gratified to find that it has neither affected our influences or finances. The appointments during the year have been regularly sustained, and while the fruit has not been as abundant as could have been desired, yet the labors of your Missionary have not been wholly in vain. added to the Church, while others have been quickened, and have given evidence of greater devotion to God's cause.

Our Sabbath-school is in a flourishing condition, there being fifty-seven names upon the roll, with an average attendance of forty. This we attribute in a great measure to the possession of a good library, and the distribution of Sabbath-school papers.

On the whole, we may say the Mission, during the year. has been characterized by prosperity. Members, 12; on trial, 1; total, 13.

PRINCE ARTHUR'S LANDING.

The church and parsonage are most beautifully situated, commanding a view of Thunder Bay and its surroundings; and though the church has been rather inconvenient of access in winter season, the prospect is that it will soon be in the midst of a large population.

Our religious services, considering circumstances, have been well attended, and our prayer and class-meetings often seasons of refreshing. The Sabbath-school has continued to prosper—has been well attended during the whole year, and we trast much good has been done in teaching the children the sacred principles of Christianity and the Holy Scriptures.

Notwithstanding many hinderances, especially that of strong drink, our cause during the year has been consolidated; some have been converted, and the number of our attached adherents increased. Owing to removals last fall, we can report only 20 members, and 4 on trial. W. HALSTEAD.

VESPRA.

Blessed with many tokens of the Divine presence, and assisted by a hearty and liberal people, the past year has been one of much comfort and success. The attendance at most of the appointments has been good. Times of refreshing have been experienced by the Church, and a number of souls converted to God, forty of whom have united with us in Church fellowship. Three members have exchanged mortality for life. Our Sabbath-schools are increasing in interest and usefulness. Members, 184. GEO. M. BROWN.

RUGBY.

Having labored on this Mission now two years, we feel very thankful that God has given us favor in the eyes of the people, and graciously enabled us to do some good. We have sold our old church at Rugby, and have built a comfortable and neat building in a better locality for our cause. We have erected a new Church at Hawkstone, on which there remains a debt of \$75, and we have re-roofed, plastered and seated our old church at Warminster. The spiritual state of the work is not so encouraging as we could wish ; we have not been blessed with a large ingathering, but we believe that here God is preparing for himself a people. Members, 68. JOHN PEPPER.

HILLSDALE AND PENETANGUISHENE.

The Mission being large, and in some places sparsely settled, the work is consequently wide spread; much labor is therefore expended in reaching the different appointments, our old work has been kept up with success, and new places have been reached which give good congregations, constant attendance, and promise of success materially and spiritually. We have twelve appointments, at two of which we expect to build churches. Our connexional funds are in a healthy state.

By changing boundaries we have lost 43 members; by removals, 2; by delinquency, 2; by death, 1; we have received on trial, 22; leaving as our present membership, 188. JAMES MACFARLANE.

ANGUS.

In presenting our report of the spiritual state of this Mission for the year now ending, we are pleased to be able to state, that the spirituality of a large proportion of the members of the Church is on the increase, all the ordinances of religion, as a rule, are well attended. Special services were held at two of our appointments, which resulted, by the blessing of God on the means, in the conversion of twenty-one souls, and the reviving of the membership to some extent.

One Sabbath-school has just been organized on the basis of our Constitution, three others are doing well.

We regret very much to be under the painful necessity of reporting a large deficiency, both in quarterage and missionary funds, owing wholly, or nearly so, to the great pressure in the money market.

We return one hundred and forty-five members, and trust in God's providence, and in the grace of our Lord Jesus Christ, that we will be able to report better times, and greater measures of prosperity another year. A. ARMSTRONG.

BRACEBRIDGE.

At the commencement of the past year, by consent of the Missionary Executive, a new Mission was formed from this, known as Port Carling, consisting of five appointments and eighteen members. We have since then taken up three new appointments, and given Sabbath preaching as often as possible at sixteen appointments. Our reason for trying to supply Sabbath preaching at so many places has been for the purpose of forming other Missions. We have obtained during the year, and had them recorded, six deeds of church lots; none of them containing less than half an acre, and some of them containing two acres of land. The work of building churches at most of these places is in an encouraging state of progress. An increased attendance at worship, with a growing interest in the preached word, are among some of the evidences that our labor is not in vain in the Lord. Members on trial, 8; full, 111; total, 119. W. W. LEECH.

UTTERSON.

Under the blessing of God we can report progress in this field of Christian toil. The congregations at most of the appointments are on the increase, and the prospects in some places are very encouraging. Three new appointments have been taken up during the year; at one of these a class has been formed, consisting of ten members.

A beautiful church site has been secured at Utterson, with sufficient ground attached for parsonage and school. Enough timber and lumber is on it for the erection of a frame church 24 by 40, which will in all probability be completed by the first of August, at a cost of about \$800.

Nineteen members have been received during the year, which, after deducting for removals and unworthy members, leaves an increase of 8. Present membership, 33. ALBERT SMITH.

HUNTSVILLE.

A new log church has been opened at Stisted appointment. The church with lot, of which we have the deed, is in value worth \$250. The debt on Madill's church has nearly all been paid. A valuable lot of land at Huntsville, containing an acre, has been deeded to the

Church. The contract for building a new church and parsonage there will be given in the course of a few days, at a cost of about \$1000. Owing to the union two men will be required to supply the wants of this Mission the ensuing year; our Mission of three being amalgamated with the late New Connexion Mission of six appointments. It has been requested by both Quarterly Boards that Brother Hall, who is now in Huntsville, be ordained for special purposes and allowed to remain. With enlarged congregations, and the receipts of connexional funds being in advance of last year, this Mission augurs well for the future. Membership, 37. W. W. LEECH.

MORRISON. (No Report.) Members, 96.

COLDWATER.

With devout thankfulness for Divine aid, amidst many worldly influences incident to a lumbering community, and which are peculiarly adverse to Church organization and the growth of Christian character, we report some souls led to a saving knowledge of Christ during the past year, an increasing interest, and religious efficiency amongst members of the Church. Members—full, 49; on trial, 12; total, 61 THOS. J. SNOWDON.

MCKELLAR.

During the closing part of the year the Lord visited us with showers of blessings, coming down upon his Church "like rain upon the mown grass." Believers were quickened, and built up in their most holy faith, backsliders were reclaimed, and sinners saved and added to the Church.

We now enjoy almost uninterrupted peace and tranquility within our borders, and as we review the success our hearts exclaim, "It is the Lord's doing, and it is marvellous in our eyes." We have built during the year a neat and commodious frame church, 25 by 40, at McKellar Falls, upon which there remains a debt of less than \$100. Our members have increased not only in spirituality but in numbers, and all our finances are a little in advance of last year. "Not unto us, not unto us, but to Thy name be the glory." Members, 125. Increase, 16. REUBEN TOYE.

SPENCE.

This is one of the best new Missions we have had the privilege of knowing in our Connexion. On it there are five Sabbath appointments, which are well attended, with one exception. The official Board is composed of men of God, some of whom have been officials in our Church for about twenty years, and have the cause of God at heart. We report a net increase over the united Missions last year. After being separated from Rosseau Mission, we are able

ROSSEAU.

When we came here last August we found only two Sabbath appointments, which we attended to, in connection with five others on Spence Mission, until another Missionary was sent to Spence. We then established three more, which are very well attended.

At Segeun Falls, a good sister has collected over two hundred dollars from her numerous friends for the erection of a church.

At Ashdown we have seated and wainscoted the church, which has been needed for the last four years.

At Trout Lake we have a subscription list in circulation for the liquidation of a small debt, which has been on the church since it was erected.

We very much need a church at Rosseau and Port Cockburn, which are places of great resort for tourists in the summer season.

After disconnecting the membership of this Mission from Spence, we report 14 full members and 5 on trial; total, 19.

PORT CARLING.

This Mission was formed from that of Bracebridge, very soon after the last Conference. It then consisted of five appointments and eighteen members. During the year the work has been supplied by a young man under the Chairman. At Point Kay appointment a deed for half an acre of land has been secured, and most of the material for a new frame church has been brought on the ground. It is also contemplated to build a new church at Port Carling this summer. The congregations at all the appointments have largely increased during the year. One new appointment has been taken up. After a three years' sojourn, we prepare to leave this people with regret. We have had a comfortable home and a kind people among

whom to labor. The utmost harmony has prevailed in our meetings, official and social. The stewards have managed the finances admirably, without giving the missionary any trouble or anxiety on that score.

We have had to report numerous removals every year, and the present is no exception. But we were favored with a small ingathering at one of our appointments in the fall, in consequence of which, after supplying all vacancies by removal, death, and dropping, we are enabled to report an increase of 3. In reviewing the work of God during the past year we are thankful for His mercy and blessing. Many souls have been brought to a saving knowledge of the truth; others have obtained a deeper work of grace; and there is a high spiritual tone on the mission generally. We are thankful to the Missionary Board for their past support, and hope in future to be self-sustaining. Members, 172.

If the Missionary Committee act on the principle of helping those who help themselves, Hastings shall still receive favorable consideration, especially if the fact be borne in mind that some of the sources of our income have been greatly weakened by the partial cessation of manufacturing operations in this village, and the consequent stagnation of business generally.

It is but just to acknowledge our indebtedness as a mission to the Rev. Ashton Fletcher, for efficient ministerial service, as well as for regular and handsome pecuniary aid.

Our people are now busily engaged in making improvements at a cost of \$700. We are now praying for rich spiritual blessings. May God "do exceeding abundantly above all that we ask or think;" and unto Him will we render the glory "world without end." Amen.

This mission is not new, but not having the advantages of some of our younger fields, it has not made the same progress.

Some very light and almost useless land; other denominations almost throughout the field; and, with ourselves, a too great diffusion of labor,—six churches with fortnightly preaching, side by side with sister churches affording preaching on every Sabbath day. We have had many blessed evidences of the Lord's presence among us throughout the year. Our class-meetings have been well attended; our quarterly meetings have been seasons of great interest; and our Sabbath-schools have been vigorously maintained during the summer months. Members, 123. WRITED CHUHOM

We are thankful for a year of peace, brotherly kindness, and somewhat of prosperity. We rejoice over the faithfulness of most of those who are numbered with us, and we hope that the precious seed, which we have endeavored diligently to sow, will yet yield a more abundant harvest. We cherish and delight in all the institutions of Methodism, and seek the welfare of the young as well as of the older ones to whom we have access. Members, 68.

BOBCAYGEON.

Early in the year the young man sent to this Mission, Brother Walls, was compelled through sickness to withdraw from the work, leaving us alone on this large Mission, with eleven appointments. We feel thankful, under the circumstances, that our health has been spared, that sinners have been converted to God, that peace reigns in all our borders, and that all our Connexional interests are well sustained.

We are under deep obligations to our only local preacher, Brother Robert McFarland, for the services which he has rendered the Church during the year.

At one of our appointments a neat frame church, costing about \$1,000, was opened. A small debt of about \$350 remains on the church, which is provided for by reliable subscriptions.

After three years spent on this Mission we bid farewell to a kind and affectionate people, praying that the very God of peace may sanctify them wholly. Members, 235. R. GODFREY.

MINDEN.

Minden Mission is in a section of country that is not very favorable to agriculture. It is also comparatively new; so the people generally are poor. The country being broken by lakes, rocks and hills, the settlers are comparatively few. From these things, and others, as well as rough roads, there are many discouragements. But I have attended the work all through the year. From the causes mentioned, the congregations are small, nor are the people able to do much for the support of the work. For the work among themselves, the Mission Fund and General Collections, they have raised about \$170. From removals and otherwise, we have to report a decrease. For the Minden part of the work we return fifty-eight members. There is not the spiritual prosperity we desire and hope for. But the people need the Gospel of Christ, and so the continued aid of the Mission Fund.

FENELON FALLS.

We are thankful that the year has afforded some tokens of encouragement and progress. The congregations are good. Our churches at the Falls and at Cameron would serve us better if they were larger, as in the near future no doubt they will be. The seed has not all fallen by the wayside, or on the rocky ground. We rejuice over some who "bring forth fruit, some thirty fold, some sixty, and some one hundred." While we fear for a few who seem to have forgotten their duties and their privileges, we believe that the most of our members are "pressing on towards the mark for the prize." The Sunday-school work has on the whole been heartily and therefore efficiently done. By a gracious revival at Cameron, besides the quickening of the Church, God added to our numbers by conversions, and yet removals have been so numerous (nineteen), including four official members, that we report only a small increase. Some parts of the field are full of promise, but unless something extraordinary occur, other parts will long remain missionary ground. Members, 148.

COBOCONK.

We have had under our charge the spiritual interests of ninc neighborhoods, six of which we supplied with regular Sabbath services, and the other three with week night services.

We took up one new appointment, which has proved a success financially, having paid twenty-six dollars quarterage and six dollars to the Missionary Society. We held two special services, of six weeks each, which resulted in thirty professed conversions. We close the year with an increase of twenty members. We have during the year succeeded in organizing four new Methodist Sunday-schools, which report an average attendance of one hundred children, sixteen of whom professed conversion during the year; fifteen of the same are meeting in class.

God has been with us by his counsel and love, with the smiles of his grace, so that peace and harmony reigns throughout. Members, 70. A. C. WILSON.

WOODVILLE, Ont.

This Mission during the past three years has shown unmistakable signs of progress. Then we had no church on the entire field, now we have a good brick church at Hartley, a neat little frame church at Bolsover, and a good brick parsonage and stable at Woodville. The parsonage and the church at Bolsover were built during the past year.

There are three week night appointments which should have Sabbath preaching, and several more Sabbath-schools might be established. On account of the union, which will be consummated in June, a division of the field will be necessary.

We have not had the spiritual prosperity we desired, yet at each of our numerous appointments we have a few good loyal members. This, and the peace and harmony that exist in the Quarterly Board, and among the members generally, enable us to look hopefully to the future. Members, 143; on trial, 9; total, 152.

We are in the enjoyment of peace and prosperity, with the exception of the depression in our finances, caused by the panic in the iron market, on which account our miners in the village have been discharged from time to time in great numbers; so that it has required our most strenuous effort, under the blessing of God, to even maintain our membership, which is slightly in advance of last year. Our finances are a little below those of last year. The people receive the "word gladly." Members, 100. JOHN A. JEWELL.

The past history of this Mission is a very sad one, and at present the Missionary meets with many discouragements. During the year, however, our congregations have improved, and the interest generally has increased.

The year past has been one of importance on this field of labor, from the fact that the first Protestant church in the township has been erected during it, and was opened for worship, May 23rd, by Revs. Wm. Briggs and A. Doxsee. A goodly number have been converted during the year, and united with our Church; yet many have been removed by death and otherwise, so that our numbers have not increased. We have had calls from surrounding neighborhoods to come where there is no preaching, showing that even yet the laborers are few. Members, 154. W. H. Cook,

L'AMABLE.

By Conference arrangement your Missionary was appointed to the southern part of this Mission. In beginning our work we met with many things which bore rather a gloomy and discouraging aspect. Strong evidence of the elements of denominational discord and confusion among some of our classes were manifest. However, under the guidance of Divine counsel and wisdom, an impending fate which had been foretold by our predecessors has been averted, and harmony, peace, and prosperity are the issue of the labors of your Missionary on this field. Our present condition as a Church encourages in our soul the hope that an abundant harvest is about to be reaped.

After having dropped two and allowed for four removals, we have to report a total membership of 113; increase, 31.

During the year this Mission sustained loss in the death of Bro. Pope, who, having a good hope through faith, to his infinite gain, left the toil of the vineyard below for the Master's presence, in which is fulness of joy.

Owing to a variety of circumstances, your Missionary on his arrival found this Mission suffering, and, to a large extent, declining; but although unable to report an increase in membership, we have cause to thank God for the "signs of the times" in the increasing spirituality of our people, and with all the sweet audacity of a persistent faith, some are constantly asking God to pour upon us " all the riches of His grace."

We have joyed over some addition and some restoration to the Church, and believe that the Spirit is working now in the hearts and consciences of others, timid and hesitant, who will soon be bold to confess the Saviour's name. Owing, however, to some necessary removals from our class-book, we cannot report an increase in membership. WILLIAM HENRY EMSLEY.

We have had some enjoyable seasons during the winter amongst the lumbermen, preaching to them in their shanties the word of life, and distributing tracts.

A new Sabbath appointment has been opened at Palmer Rapids, from which we have received in all about sixty dollars. This Mission ought by all means to have an ordained minister. Our members are almost languishing, having received the sacrament but once during the year. There is no ordained minister within sixty miles of us.

There are many large-hearted and willing friends here, from whom we grieve to part; but may Heaven send them a pastor who will be, above all things, wise to win their hearts to the Good Shepherd who gave His life for the sheep. Members, 32; increase, 11.

The Spirit's quickening has been felt and seen during the year. In the town our Sabbath evenings' congregations have been for some months back nearly double what they were; the prayer and class-meetings have been well attended; there have been several souls led to Christ; and the Sabbath-school has had more in attendance than what has been known before, and the institution is, generally, in a flourishing state. The sanctuary referred to in last year's report has been secured, and nearly paid for.

Six months since we commenced preaching in a decidedly destitute neighborhood, in about the middle of Niagara Township; and, after holding special services for four weeks, a number of souls were converted, and a class of seventeen members formed.

After deducting seventeen removals, on account of death, to other Circuits, and of a few dropt, we report a net increase of nine, with seven adult and nineteen infant baptisms. Members, 83.

The past year has been one of much prosperity. Special services were held at the Bethel Church, and, under God, made promotive of great good. The Church was greatly quickened, and about twenty chiefly young people—were savingly converted.

The cause in the village is in a hopeful condition. Under the amalgamation of congregations, in consequence of union, it is believed, that in spite of some friction, Methodism will become consolidated, and far more prosperous than in the past.

To the Missionary Committee is due the honor of making of this Mission a Circuit, but to the people here the greater honor of accepting the situation, and meeting its responsibility with noble courage. The year has been one of much anxiety and of but little in-gathering, yet have we whereof to be thankful. The funds in general are much in advance of last year, and the membership increased by fourteen. The building of two new churches has been undertaken, and a new parsonage is in immediate contemplation

A spirit of enterprise has taken hold of the people, and now we may hope the beginning of better days is upon us. The Lord has been pleased to bless the ordinary and special efforts of preaching the word, pastoral visiting, etc., of your Missionary and brethren. In material there has been considerable success, considering the temporal circumstances of the people—this section of the country, for some time past, having been considerably devastated by grasshoppers and drought. A brick church at the Holtby appointment, completed at the close of the Rev. William Sharnon's pastorate, was dedicated in August, by Dr. Evans, to the worship of God, some \$800 being secured at the opening services to meet the balance of the \$1,800 of the cost of building. At the close of another year of arduous toil for the Master, the laborers together with God on this Mission have cause of deep gratitude. It has been a year of peace and steady prosperity. The tone of spiritual life among the members has risen, and quite a number of sinners have been converted, but owing to the exercise of discipline and a large number of removals the increase is not large. During the year two new frame churches have been erected. One called Bethel, situated on the first concession of Zone, in a neighborhood formerly destitute of the preached Word. Since its dedication there has been gathered a congregation of between eighty and one hundred persons, and a membership of thirty-two, the majority of whom were previously outside of Methodistic influence. The other church is built at Croton. Here we have had preaching for quite a number of years, but our cause has always been in an unsatisfactory condition. Since the dedication of the new church the congregation has trebled, and the membership and Sunday-school are rapidly growing in numbers and interest.

lxxix

Croton is now one of the most promising appointments on the Mission. There are tokens of the Divine favor at all the preaching places, as evidenced by large and attentive congregations. Our finances are considerably in advance of last or any previous year. In looking over the three years spent on this interesting field, we have a blessed realization of the precious promise, "He that goeth forth and weepeth, bearing precious seed, shall doubtless come again with rejoicing, bringing his sheaves with him."

FOREST.

Through the blessing of God we are able to report another year of prosperity. A beautiful parsonage has been erected in the village. Our people at Uttoxeter appointment are just beginning to build a brick church, at the estimated cost of \$3,000; about \$1,000 of this amount has to be raised. Spiritually the Lord has blessed us; sixtythree have been received on trial, and the membership generally quickened. Precent membership: Whites, on trial, 52; full, 144; total, 190; increase, 56. GEO. CLARK.

ALVINSTON.

We are privileged to report an increase of seventeen over the number originally received. Having to leave very promising special services in the village of Alvinston to attend the District meeting, doubtless ere the year closes the number will be more than doubled. Connexional funds over sixty per cent. in advance of last year.

OIL SPRINGS.

Although the past year has not been a very prosperous one on this Mission, we see some cause to thank God, and take courage.

Our congregations have been comparatively large and attentive; some of our members give evidence of spiritual improvement; a few souls are anxiously seeking salvation; our Sabbath-school has been well-attended. Members, 33. JAMES MASSON.

WYOMING.

Taking a review of the year's labor on this Mission, we have great reason for thankfulness, and some cause for joy; the religious status at each of the appointments is encouraging, and a few have been saved, and have had their names enrolled and hearts united with the people of God.

We have also had some material prosperity during the year. What is wanted is a genuine outpouring of the Spirit; for it we are looking, laboring, and waiting. Members, 140.

JOHN NEELANDS.

NAPIER.

In consequence of the union of the Wesleyan and New Connexion Churches the Napier Mission is, for the present, to be divided between the Appin and Kerwood Circuits. We have labored the last year among a kind and generous people, loyal to Methodism; many of them faithful to God. Our services generally have been seasons of blessing. Our people, who for many years have been

[1874-75.

working against much discouragement in the form of divisions, competitions, and desertions, are now taking fresh courage, and go into the union strengthened in spirit and joyful in hope. They have our earnest prayers, and shall live in our hearts. Members, 63.

Although we cannot report great progress, we are thankful that we have not to write decrease. Our congregations are generally good, and very attentive. Some of our people give evidence of spiritual improvement, manifested by a conscientious attendance on the means of grace and holy living. This Mission, in its present form, (and we see no way to alter it), must be largely dependent on the Mission Fund. There are a few willing souls who are doing what they can. We report three removed, one withdrawn, one death. These vacancies have been filled by conversions from the world. Members, 47.

RICHARD PINCH.

TEESWATER.

This Mission has enjoyed, during the past year of general ingathering, an encouraging degree of prosperity.

At Mildmay, after the union of the congregations of the late New Connexion and Wesleyan Churches, we were favored with a gracious revival, which resulted in the addition of twenty persons to the united Church. Including these, thirty-eight have been received on trial during the year.

Our Sabbath-school at Salem has been well sustained; that of Teeswater was never in such a flourishing condition as now.

In consequence of the union the Mission will be altered in its boundaries. The change will put it in a better working shape, but for a time it will possibly require to be more favorably considered by the Missionary Committee. Members, 51. J. LAIRD.

LUCKNOW.

The present aspect of the work of God on this field gives us reason to "thank God and take courage." Financially, numerically, and spiritually, we are enabled to report an encouraging degree of progress.

The union has been in operation since last November, and gives general satisfaction. This movement will prove a great blessing to Methodism in this village. The labors of the past year, by the Divine blessing, have resulted in a small increase in the membership, a perceptible growth in the congregations, and a large increase in the Connexional funds. LACHINE.

Attention has been given to the more thorough organization of the Mission, which we trust will conduce to its prosperity. Some progress has been made during the year. At Cote St Paul a few persons have united and formed a class, and others are likely to join them. The congregation here is not as large as it ought to be, considering that ours is the only Protestant church in the village. This is owing chiefly to the prevalence of materialism and other infidel notions. But great interest is manifested in the weekly prayer-meeting, and the Sabbath-school is very efficiently worked. These facts afford us hope for the triumph of the truth and the speedy revival of religion.

At Lachine some improvements have been made on the church. The society has not increased much in numbers, but has made marked advancement in spirituality. The congregation has increased considerably. The Sabbath-school is small, but well conducted, and doing

good work. Lachine has become a favorite place of summer resort for the city people, and our little society is much encouraged and quickened by the earnest Methodists who spend the summer with us. A few precious souls have been converted. Members, 30; increase, 6. N. AUSTIN.

ST. JOHNS.

We are thankful to be able to report this Mission as improving. During the last year God has given us a rich blessing. As the result of this our membership has about doubled, and our present church has become too strait for us. It is in contemplation, therefore, to build a new and larger edifice. At a meeting recently held with reference to this, a spirit of unanimity and liberality was evinced by the people most commendable, so that a sum of upwards of \$5,000 was subscribed on the occasion. With the erection of this new church, and an enlarged congregation and membership, it is hoped in a year or two this Mission will be independent-even now it contributes to the Missionary Society's Fund nearly as much as it receives. We look back upon the past year on this Mission with gratitude and pleasure. Our congregations are good, and a marked religious influence prevails. We leave this charge with regret, and earnestly desire its future prosperity and h ppiness. It should be mentioned in honor of our Recording Steward, James Fish, Esq., that his donations to the church and parsonage during the year amounted to about \$300; and through the liberality of Thomas Buchan, Esq., of this place, we have been able to pay for the land on which the Lachute church is built, on which we have paid interest for over twenty years.

Many efficient members have left this field of labor for other parts, and we find it difficult to fill their places by men of the same spirit.

Patience is a Christian virtue, and your Missionary has been almost equal to the emergency of the trial we have experienced, especially on this field, the humbling inefficiency of human instrumentality without Divine aid, which has caused us penitently to exclaim, in the language of the Prophet, "Not by might, nor by power, but by my Spirit, saith the Lord of Hosts." The labors of the year have not been in vain. Though we do not report a numerical increase, owing to removals, yet we believe that the Mission is in every respect in a healthier state than a year ago.

A new Sabbath-school has been organized during the year, which the Lord has blessed by the conversion of at least three of the children. The prayer-meetings have been well sustained, and the class-meetings well attended. Our quarterly services have been times of great power. ROCKWOOD.

Adverse influences continue, as ever, to retard our progress on this mission. Our congregations, however, are good; that at Rockwood having increased nearly fifty per cent. during the past few months. Here our people are sadly in want of suitable church accommodation, without which we apprehend we must soon seriously lose ground, and which, after having earefully counted the cost, they have decided that they are utterly unable to provide.

Our Sabbath-schools have considerably improved during the year. In consequence of sixteen removals, and a number of members otherwise lost to us, we report a decrease of four. Present membership, 106.

When I came to this Mission two years ago, we had no church in Luther Village. We now have a good church there, well lighted and well heated, with excellent sheds attached. We held a protracted meeting for four or five weeks in Marsville, and we got, as the result of said meeting, twenty-seven to join our Church in that place.

The journeys are so long and the roads so bad (almost impassable at certain seasons) that the ministers cannot do as much in the way of pastoral visitation, as the people, and even the ministers themselves, would wish. We have a large class in Luther Village, but no classleader.

We commenced the year with one hundred and fifty-seven members, and deducting from the gross number for removals, deaths, etc., we have about the same number this year, 157. GEO. MCNAMARA.

In presenting the annual report from this Mission, we cannot say that it has been all sunshine with us during the year. We have some dark clouds here, but we gratefully notice "the bright light which is in the clouds." The new church at Pine Grove was opened for worship on Sabbath, February 21st; Revs. J. Elliott, Wm. Mc-Cullough, and A. McCann, took part in the services, which were highly successful. It is the finest church in this section of the country. The debt was all met by reliable subscriptions at the opening service. Money has been raised for local improvements at the other appointments. We have lost some valuable members of the Church by death and by removals, but we have gained some of the same class from the world. We labor, and pray, and believe, for greater things than these. GLEN TAY AND MABERLEY,

We are thankful that with the aid of Brother John Garven, an excellent young man, sent to us from the Cttawa District, we have been able to keep up the regular work without intermission, and hold special services for about four months, which services resulted in great advantage to two of our classes, increasing their numbers and religious life. A good deal of attention is now given to Sabbath-school instruction in this part of the country, as there are ten Sabbath-schools on the bounds of this Mission. Most of them, however, are union schools. We think this will become an important circuit at no far distant day. We return 120 members, and ten on trial; baptisms, 44.

FITZROY HARBOUR.

In presenting our report of the year's labour on the Mission, we are saddened by the remembrance of standing in the place of one who, suddenly and violently torn from our midst, passed from labour to rest, strife to reward, at the commencement of the year—the Rev. Brock Rose. By his decease the people among whom he was labouring lost an efficient minister and faithful pastor, his family a kind protector, and the Church a devoted son. "Being dead he yet speaketh."

Relative to the progress of our work in Christ on this field, since our appointment thereto, if the quickening of Christ's flock to higher attainments and higher experience in Divine life, the reclaiming of the backslider, the conversion of the sinner, increased attendance on the public services, and the signs of a deepening work of the Spirit among the people, betokening a sure and speedy revival, are causes for gratefulness, then they are ours, and by them we are assured that our labour has not been in vain "in the name of the Lord." OUR people have given evidence of their loyalty to Christ and His cause, not only by supporting your Missionary in all his efforts to do good, but also by the liberal response they have made to every call for financial help.

At Beachburg appointment our people, after struggling along seven years without a Sabbath-school, at last came to the conclusion to train the young people for Christ; we therefore succeeded in organizing a flourishing little school. BRYSON.

This is truly missionary ground. Our people are poor, few in number, and scattered. But they need the Gospel, and it is gratifying that in general they appreciate the Gospel, and listen with eager attention to the proclamation of Divine truth, thus cheering the heart of the Missionary in his Christian toil.

We can report some progress during the past year, as evinced in the steady attendance upon the means of grace, growth in individual piety, and relief from an afflicting debt. Members, 55.

MATTAWA.

The Mission extends eighty miles along the banks of the Ottawa, running into both Provinces; within its boundary are eight appointments to meet the religious wants of sixty-five Protestant families. All are dependent upon the lumber interest; it provides the labor and produce market currency, and is the financial stay of high and low; the controlling influence it wields, pervading every nook and corner, is not morally beneficial to the general public, and is testing to the faithfulness of the professing Christian. Sabbath breaking, profanity, intemperance, worldliness of spirit, like vultures following a great army, accompany it. Thus far the Gospel voice and law have had but slight recognition, yet its regular and constant utterances have some appreciable results; its isolated bands of Protestants have been encouraged, open Sabbath trading checked, and the sparks of a better life, found here and there, fanned and not suffered to die out. Penetrating as the Mission does the heart of huge pine forests, it affords facilities for visiting shanties in winter, and addressing multitudes of our Roman Catholic friends, and leaving with them, in the French tongue, publi1874-75.]

cations of religious and moral instruction. This we consider no light advantage connected with the occupancy of this field; no other Mission that we have presents this phase of enterprise in the same degree. The lakes westward, as far as Nipissing, have been traversed, and the scattered settlers almost without an exception visited. Through the kindness of T. Johnson, Esq., of the Crown Lands Department, two lots have been obtained in the village of Mattawa, while our good friend Brother Evans, of Point Alexander, has given a piece of land which will moderate in future the expenses of horse-keeping. Our membership is 14. S. E. MAUDSLEY.

WE have been cheered during the year with greatly increased congregations, upon which Divine influences have rested. Our cottage meetings, for prayer and praise, have resulted in bringing many as penitents to Jesus, as the Saviour of sinners. We praise God for converting and quickening grace, bestowed upon our people during the year. Two of our members have died in the principles of faith.

To promote the temporal and spiritual welfare of this charge, we have the testimony of a good conscience that we have done what we could. Members, 123. ROBERT MARK.

AYLMER,

Your Missionary has been called during the year to pass through severe personal affliction, thereby being prevented from doing many things which he had contemplated for the furtherance of the Gospel in this place. Yet it is gratifying to be able to report a good degree

[1874-75.

of prosperity in all departments of the work. There has been no special outpouring of the Holy Spirit, still we have been enabled by the blessing of the Master to retain all those who united with us in Church fellowship a year ago, and to add a few. All financial interests are largely in advance of last year, so that instead of being, as formerly, a loss to the Connexion in this regard, the Mission now pays back about one hundred dollars more than it receives. Our membership at present is : full members, 82; on trial, 6; total, 88; increase, 5. J. W. SPARLING.

BELL'S CORNERS.

Although the work of God on this Mission has not prospered as we wish it had, yet we are encouraged by signs of improvement. There has been of late a spirit of awakening shown in some, by an increased disposition to attend class, and the public means of grace. Our last Quarterly Meeting was a time of rich refreshing. Some of our members have gone home to heaven, rejoicing in the Lord, and some who were not members found pence on a death-bed and died in peace. Our people have raised more money for the various funds of the Church than they ever did before, taking all together, and if this is not a sign of growing piety, it will almost certainly lead to it. God's promise is in their favour. When all the tithes are brought in, the windows of heaven will be opened and abundant blessings will be poured out. Members, 199. J. B. KEOUGH.

LONG ISLAND LOCKS.

Truly the Lord has been good unto us, especially in our revival services, which were held last fall. About forty persons were taken in on trial, all of whom, with one or two exceptions, are still faithful and consistent members of the Methodist Church. A number have moved away, but we are happy to report thirty members over last year. We have seven preaching places, and the congregations are good. The only drawback is, the parsonage is at one end of the Mission, thus giving a great amount of unnecessary driving. Billing Bridge is about the centre of the field. Members, 111, and by the blessing of God we will still press onward. JAMES SIMPSON.

OSGOODE.

We have to note general prosperity. Early in September we began special services, which extended over a period of ten weeks. During that time many professed to have found the Lord, and gave their names to be admitted on trial. Attendance on the means of grace has been uniformly good. Sabbath-schools have been established with varied success. Class-meetings well attended. It is with a

BEARBROOK.

But one of the churches spoken of last year has been completed, It has cost over \$1,200. Removals, deaths, and dropped are this season unusually great, numbering about twenty-five. We have been called upon to follow four sisters, wives of some of our leading brethren, to the grave, at the Brook appointment, who had, we trust, all finished their course with joy. Though our ranks have been thinned somewhat, yet we report about the same numerically. Members, 75.

J. ROADHOUSE.

POINT FORTUNE.

We are thankful to be able to report some progress on this Mission. When we came here a year ago, our people received us very kindly, and during the year they have done all in their power to make us comfortable and happy. We have two beautiful churches, and one other preaching place. Our congregations are good and very attentive. The great want on this Mission is that glowing piety which commonly characterizes our people. We are looking and praying for the outpouring of God's Spirit. Members, 77. GORHAM A. GIFFORD.

GEORGE'S LAKE.

This Mission was formed a year ago, by dividing the L'Orignal circuit, and there is reason to believe that the change was judicious, and has been promotive of the interests of our work. In the settlement at George's Lake, which is chiefly Protestant, we have a society and a new church, which I have had deeded to the Connexion this year. Here, also, at a convenient distance from the church, we have bought a parsonage, and with it was given an acre of land—both now the property of the Connexion. At Plantagenet, a village on the South Nation River, we have encouragement to labour, and our ministrations are needed. At Caledonia Springs, where we have a small church, there is increased hotel accommodation, and a railroad being built, and it is likely to become a popular place of resort during the summer months. Members, 28. R. NEWTON ADAMS.

GRENVILLE.

I have been much pleased that very efficient help has been sent to me in the person of Brother T. B. Conley, my colleague. He has been doing good work in the north end of the Mission, including Arundel, Desalabery, and Hamilton's Depot.

The people generally are very poor, but they are very kind. The attendance at public worship has been increasing. Some of the best specimens of genuine piety I ever remember seeing are to be found on the Grenville Mission. There have been some improvements with regard to Church property since I came here. Members, 69.

JOHN CORBETT.

THURSO.

This is not the most inviting field of labor; with its craggy mountains, deep valleys, and flowing rivers, as to scenery; and true scriptural principles have to contend with the errors of Romanism. Religious progress will therefore be very slow for years to come; and it is very questionable if large expenditure of Missionary funds for the present is the wiser course. *Trained agents, understanding both languages*, have the advantage, and would doubtless be more successful. We are enabled to report *favorably* in numbers—146. P. KER.

NORTH WAKEFIELD.

A few persons have been led during the year to seek the Saviour, and have found him. They have united themselves to the Church, and give evidence of an earnest desire "to flee from the wrath to come."

As far as we are able to form an opinion, we believe that there has been an increase of spiritual life in all the congregations on this Mission with one exception.

A new church has been erected at Masham, at a cost of over \$2,400, of which about \$2,000 have been raised. The members of this congregation have manifested a praiseworthy spirit of self-sacrifice and Christian liberality in the erection of this building.

We have had much to excite our thankfulness to God, and to encourage us in our work during the year. At the same time we have observed with pain an intense love of the world in some few of the older members, from whom we might have expected better things. This has exerted an injurious influence, and to some extent hindered the progress and prosperity of God's work. Members, 147.

GLORGE G. HUXTABLE.

CHELSEA.

Special services were held in the village of Chelsea in the month of March, which resulted in doubling our membership, and placed us in a position to build a church, which is now in course of erection, and is to be completed the first of August, at an estimated cost of \$1,000. Our congregations are much increased, and Connexional funds are all in advance. At Portland, a small backwoods settlement, which was without preaching, your Missionary held one Sabbath and several week-day services, which were well attended. While we cannot note any special religious movement on this Mission during the past year, we have abundant reason for thankfulness to the Giver of all good, for the rich manifestations of spiritual influence accompanying the Word in the ordinary means.

We have endeavored to revive the class-meetings at the several appointments by meeting the classes immediately after preaching. Our efforts in this direction have not been in vain. Many of our people appreciate this means of grace, and to such it has proved a blessing. Financially many of our people have done nobly; and, indeed, in many instances, we think beyond their ability. GASPE.

This Mission, from Shipheard at the mouth of the St. Lawrence to the corner of the Beach, is about sixty miles in length. In doing the work required thereon your Missionary has preached on an average eighteen sermons per month, with an average travel, by land and water, of seventy-nine and a half miles per week, never missing an appointment during the entire year save three on one Sabbath, two on another, and one on another, in which arduous toil your Missionary has been blessed with uniform good health, not suffering one hour's sickness, either himself or family. To the praise of God, we are led to rejoice over some gratifying conversions during the year, and the accession of some of the Roman Catholic children to one of our Sabbath-schools, whom the priest cannot drive away. During the year we succeeded in painting the interior of the church at the Basin, carpeted the communion and pulpit, and placed a beautiful harmonium therein, for the use of the choir. For this, however, we are indebted to the liberality of the kind friends of Quebec, and also to Captain Johnson, of the Zigzag, from Brixham, England, who, with his mate and other seamen then in port, did all the work of the painting. The church at Roseville has been pewed and other improvements made thereon, and all paid for. It is due to my worthy predecessor to say that he left me a small amount in hand, for bo h of those churches. The parsonage and lot have also been further improved. We have received twenty-one names during the year, but owing to removals we can only report, members, 89; increase, 9. J. LAURENCE.

WHEN I was sent from the Montreal Second, to take the work on this Mission, I found the congregations smaller than they were as left by Bro. Longley. But they steadily increased, and when the matters which would for a time have a discouraging effect upon the people are taken into consideration, we can with thankfulness to Almighty God take courage.

The revival under Bro. Longley resulted in the bringing in of eleven persons to the Church, chiefly young. While we have to record the death of two members during the year, the total membership is now 40, which is an increase of 9 for the year, and the Mission may be reported as in a very healthy condition. Whilst endeavouring to break the bread of life to this people, we have realized a consciousness of the Divine presence to cheer and comfort. The year has been one of deep anxiety. Notwithstanding the many deaths which have taken place on this Mission, none of our members have been removed by death. Peace and harmony generally prevail. The congregations have been increasing in number. Our Sabbath-schools are in a very prosperous condition. Present membership, 57. R. SHIER.

LAWRENCEVILLE.

This Mission is enjoying a good degree of prosperity. At West Ely a brick church is in course of erection, and will (p.v.) be finished during the summer. Owing to the great liberalicy of our people, this church will be incumbered with little or no debt at its dedication. One of our appointments has been given to the French Mission work, and is now supplied by Bro. Dorion. We have still six preaching places. We report this year 101 members. ALEX. HARDIE.

FRELIGHSBURG.

Having been unexpectedly sent to this field of labor, we looked upon it as of the Lord, and earnestly prayed that our sojourn among this people might be productive of much good. The severity of the winter, and serious illness in many of the families on the Mission, made it almost impossible to hold special meetings. Our congregations are small, and the number of the faithful is not large. We have, however, some who are still faithful to our beloved Methodism, and we believe they are worthy of the continued care and consideration of the Missionary Committee. Present membership, 67.

The appointment of a second preacher to Cowansville has enabled us to afford Sabbath morning services to this rapidly growing village, as well as to establish with greater regularity the important means of class-meetings and prayer-meetings, both at this place and at Fordyce Corners. We are thankful to say that signs of improvement are manifest, both in the number and regularity of attendants, and a few have been savingly converted to God.

Brother Laidley has proved a diligent, pious, and successful laborer in the Lord's vineyard. We believe that this place will grow Methodically, and will prove an important centre of evangelistic influence. Members, 105; increase 13. WM. ENGLISH.

THE NOVA SCOTIA CONFERENCE.

THE progress of the Methodist Church in the Maritime Provinces during the past twenty years has been most encouraging. This progress is apparent chiefly in the large increase of ministers, and circuits or missions. Ninety-one young men were received by the Conference of Eastern British America, during the five years previous to its division into three Annual Conferences. This rapid growth is largely owing to the Home Mission movement, commenced in 1869. New fields have been entered, new Missions established, chiefly amon" the spiritually destitute, and a work truly missionary in its character has been accomplished by this agency. Many of these Missions are among the fishing and mining population, and in the newer settle ments of the Province, and must continue for some time to be depen dent in part upon the Funds of our Missionary Society.

Upon the organization of the Home Mission movement in the late Conference of Eastern British America, the dependent circuits of that Conference were divided into two classes, viz, those receiving aid from the grant of the Parent Society, and those sustained as Missions by the Home Missionary Society. The basis of union of the Methodist Church of Canada provides that both of these classes of circuits "shall be supported by the General Missionary Society." This will account for the large number of circuits in this part of the work receiving aid from the Missionary Fund. But it is hoped that within a few years the number of these will be materially lessened, as year by year some of these circuits will attain a self-sustaining position ; and then, it will be remembered, that although the Society is, for the present, burdened by such circuits more than is desirable, there is abroad among our people of the Maritime Provinces a noble spirit of liberality in sustaining the Missionary cause. The contributions to the Society's Funds in Nova Scotia, for the past year, are considerably in excess of the amounts raised the year preceding for both Foreign and Home Missions; and the average of contributions in proportion to membership is quite equal to the average in the larger Conferences in the West.

The following summary, made up from the Minutes of the last H

CV

Nova Scotia Conference, will furnish information as to the number and character of the Missions of that Conference :

Domestic Missions and circuits receiving aid from the Missionary	
Society	62
Church members on those circuits and missions	4236

Churches on the circuits and missions	136

Preachers on the circuits and missions	63
Local Preachers	25

The spiritual state of the Missions, as reported at the Annual District Meetings, was, on the whole, prosperous. A few extracts from these reports are here given.

HALIFAX DISTRICT.

DARTMOUTH.

The work of God on this circuit has been attended with discouragement, but some of its aspects at present are hopeful. Lawrencetown has been added to the Mission, where a revival of religion has been experienced, and a new church erection is rapidly approaching completion.

NEWPORT.

The outlook is hopeful. Blessed influences have rested upon the congregations. The new church in Brooklyn, opened in March, affords greatly increased facilities for special work, and the prayer meetings have shown a great improvement.

BURLINGTON.

The past year has been one of gracious revival, extending throughout the Mission. At one place eighty persons professed conversion, fifty of whom have united with us in Church fellowship.

SAMBRO.

Special services resulted in the quickening of old members, the recovery of several backsliders, and the conversion of fifty souls.

BERMUDA.

Hamilton station reports congregations good, and the attention to the word preached encouraging. The report from St. George's and Bailey's Bay is highly satisfactory. The congregations have been unusually large and attentive. The week-night prayer meetings have been the best attended meetings of the circuit, and some conversions have taken place. The military work assigned to the ministers in Bermuda, cannot, under present circumstances, consistently with the claims of circuit duty, receive the amount of attention which its importance demands.

TRURO DISTRICT.

PICTOU AND RIVER JOHN.

These Missions have been visited with "showers of blessings," calling forth devout thankfulness to the Great Head of the Church.

MUSQUODOBOIT HARBOR.

Two classes have been organized, and in other respects tokens of the divine favour have been enjoyed.

CUMBERLAND DISTRICT.

The spiritual state of the Missions in this District is of an encouraging character. Parrsboro and River Philip have both shared largely in the Divine blessing. The brethren labouring on these extensive Missions have witnessed the conversion of many souls.

GUYSBORO' AND CAPE BRETON DISTRICT.

The report of the religious state in this District is satisfactory. In some places the work of God has been greatly revived. At Bayfield, on the Manchester Mission, forty persons have been awakened to a sense of sin, and brought into the enjoyment of God's pardoning

love, the most of whom have united with the Methodist Church. At Country Harbour, Goldenville Mission, many, both young and old, have sought and found Jesus, and have been received as candidates for membership. Other Missions have been prospered and give promise of future fruit.

ANNAPOLIS DISTRICT.

Satisfactory evidence is given that on all the circuits in this District divine grace has been poured out. At Annapolis the Church members have been quickened to greater activity, and a number of persons have availed themselves of the privilege of Church-membership. At Granville the Spirit of power has been bestowed, and there are many indications of prosperity. At Wilmot the good work of God has been greatly prospered. At Aylesford there has been a marked improvement in the congregations, and seasons of refreshing have been enjoyed. Briar Island and other Missions are favourably reported of, and the power of the Holy Spirit has attended the faithful preaching of God's word.

LIVERFOOL DISTRICT.

From the Missions in this District cheering reports are furnished, revealing very clearly that the fields are white unto the harvest, and stimulating the prayer to the Lord of the harvest, that He would send forth more laborers into His harvest. 1874--5

THE NEW BRUNSWICK AND PRINCE EDWARD ISLAND CONFERENCE.

DURING the last year of the existence of the old Conference of Eastern British America, th re were, within that part of the territory now under the jurisdiction of the Conference of New Brunswick and Prince Edward Island, twenty-two Home Mission stations.

There are now, within the same field, double that number. This large increase in the number of Mission stations is partly the result of the division of several of the old circuits into two or more circuits. In great measure this result has been brought about through agents of our Church having recently entered upon new ground, hitherto unoccupied by us.

A considerable number of our circuits were too extensive, geographically, to be successfully worked by one man. In many parts of our country we have only been able to give our people preaching once in from two to six weeks. We are endeavouring to give our preachers in rural districts a more limited area to cultivate than hitherto, and, at the same time, to take up new ground wherever there is an opening.

We have had considerable financial success in our new fields of labour, but still we are largely dependent upon assistance from the Treasury of the Missionary Society. We are also favoured with spiritual success. The people hear our preachers gladly, and in many instances the word has been received into penitent and believing hearts, and to the saving of the soul. In the Prince Edward Island District alone, of which the writer is Chairman, we have had an addition of three hundred and twenty-five members during the last year, with three hundred and eighty-five others on trial for membership. NEWFOUNDLAND CONFERENCE.

SCATTERED over a bleak and rugged coast, extending over many hundreds of miles, forty-one Ministers and Preachers labor on seventeen dependent Circuits and nineteen Missions, to 5,086 members, and upwards of 36,000 adherents. These brethren are often in perils by sea, and have to endure great self-denial and hardships while carrying the bread of life to famishing thousands, who welcome them to their remote harbors and coves as ambassadors for Christ. 697 members have been added to the Society during the year, besides 1,156 received on trial. Progress and vitality appear to characterize every department of our work. 5,050 scholars are now found within our Sabbath-schools. Our Missionaries are vigorously pressing forward into settlements requiring their ministrations, and while we are striving in some measure to overtake the spiritual necessities of the people destitute of all pastoral care, or exposed to the dangerous teaching of Popery or Anglicanism, our denomination is bestirring itself throughout the island to do its duty in relation to common school education, the responsibility of which has been thrown largely upon the Churches.

Our circuits in Newfoundland embrace portions of the fields occupied for a length of time, but still essentially missionary; our missions (so called) have been recently occupied, and represent what is our pioneer work. Throughout both, the Master has been present with his servants. Of the former, Greenspond has enjoyed special revival influence, also Bonavista, where one hundred and fifty were added to the Church. Of the latter we will speak more in detail.

MUSGRAVE TOWN.

The work shows a healthy condition. The good seed of the Kingdom has been scattered broadcast, and in some hearts found good soil in which to strike. Glorious deaths, through the power of grace, are recounted by the missionary. A church is in course of erection.

MUSGRAVE HARBOR.

This Mission embraces three principal settlements. For the accommodation of two of them, a neat church has been erected midway between them; and here some have turned to Jesus and found peace.

Domestic Missions.

As the result of religious quickening, previous discord has given place to unity, and now nobler efforts are being made to promote the cause of God.

In Ladel Cove, the cry of "What shall I do to be saved?" has been often heard, and the prospect of the Mission is particularly cheering. Our.Missionary has visited Gander Bay, forty miles distant, and found the people, who had not seen a minister for fifteeen years, glad to bid him welcome.

FOG0.

Here, amid great discouragements, special services have been follo ved by good results. Steps have been taken to secure subscriptions for a new church in a central position in the harbor, and hope is cherished that this urgent necessity will be soon provided.

CHANGE ISLANDS.

Forty-nine have been converted to God at the principal station, and three new classes organized, which are showing vigour and increasing spirituality. At Herring Neck, which, owing to a new adjustment of the Missions, is to be the place at which the Missionary will reside, there is a good field for evangelical toil. Some have found peace with God, and many are inquiring after truth. A new church is being erected. At Friday's Bay special services have been held, with a good measure of success.

MORETON'S HARBOR.

A few persons have been converted, and a richer baptism of the Spirit has been sought after by others, but the year has passed without any great manifestation of the Spirit's power. A new parsonage is about to be erected.

LITTLE BAY ISLANDS.

Evidence is not wanting that in this interesting section of Green Bay we are making gradual and very satisfactory progress. Thirty have been added to the Church, class-meetings are prized, and the spiritual condition of the Society is satisfactory. A beginning has been made in two places to erect a church. Members, 143; on trial, 32.

TILT COVE.

This Mission has been prosperous, notwithstanding much opposition in certain places. Methodism is aggressive. At Tilt Cove, famous for its rich copper mine, a neat church is in course of erection, and already the little flock, that suffered great disadvantage for the want of it, worships in its own sanctuary. At Bett's Cove, where

Annual Report.

upwards of three hundred men are regularly employed in the copper mine recently opened, our Missionary regularly preaches to a large congregation. At many other places, widely scattered, he publishes salvation to smaller companies—and almost everywhere he goes, the field is white unto the harvest. Members, 159; on trial, 33.

ST. ANTHONY, (French Shore.)

From this isolated and Northern Mission we have reported cheering tokens of Divine favour and blessing. Converts of last year have almost without exception remained steadfast. In the winter Gol's Spirit moved upon the people, and two new classes were formed of those brought to Christ. Our Missionary visited Eagle, fifty miles south of his Mission, and spent three weeks in this small settlement, where a Methodist Minister had never been before. To his great joy, he found that a poor woman, convinced of sin, had sought and found mercy, that she had been the means of the conversion of her eldest son; that now on Sabbath he conducts service regularly in the place, and that twenty profess to have experienced the receiving of the Holy Ghost. Three school-chapels have been commenced on this Mission.

FLOWER COVE.

In this Mission, lying on both sides of the Straits of Belleisle, our Missionary has preached the word to small congregations, numbering in all about three hundred. The average number at Flower Cove is about fifty. Soul converting power has attended the proclamation of the truth, and thirty have been received on trial. Three small Sabbath-schools have been established, and the teachers, having given themselves to Christ, are striving to recommend Him to the children.

BONNE BAY.

The year has been one of work and discipline. The laborer has gone forth scattering the precious seed in faith and hope; and though the harvest, as yet, has not been abundant, he has plucked a few ears of corn, which he has hailed as the first fruits. In the same field others are actively engaged in the propagation of Ritualism; and they are greater in numbers, and possess all the influence of wealth to sustain their efforts, educational as well as ecclesiastical.

ST. PIERRE.

A combination of circumstances has induced us for the present to suspend our operations on this French island; but so soon as a suitable agent is found, a preaching place is secured, and the claims of more promising fields of labor will admit, we shall resume our operations.

Domestic Missions.

Meantime we are thankful for the opportunity we have had of offering the Gospel to the few English-speaking residents, chiefly Episcopalians; and leave the resposibility of providing for these hereafter upon one who has been sent to be their Minister.

FORTUNE BAY.

The sparse population of this immense bay, forming one of the most benighted portions of Newfoundland, has urgent claims upon Christian sympathy, as here many might say, No man cares for my soul. Twenty small settlements have been visited, in twelve of which a Methodist Minister had never preached before; and in one only was a house denied him to hold a religious service. As our Missionary went from house to house, but two out of one hundred and thirty-four families refused him the privilege of reading to them the word of God, and offering prayer. In one settlement with ten families. not one individual is able to read, and in all the twenty, education has been greatly neglected. At one place a Society-class of ten persons has been formed, and faith regards them as the earnest of the coming harvest.

FLAT ISLANDS.

Last year the people here had a hard struggle with poverty, nevertheless the Missionarv had, to cheer him, a fair share of spiritual prosperity. At a Love Feast nearly fifty persons spoke, and all spoke of an assured presence of the Master.

SOUND ISLAND.

The people, as a whole, are in a dark state. Ignorance and prejudice abound, yet from the midst of these shines a little light, and happily it increaseth in brightness. Forty have professed to find Christ, and are growing in grace. At Woody Island eight more have been formed into a class. and many more are beginning to say, "Thy people shall be my people," &c.

PORT DE GRAVE.

On this Mission, prayerful, believing effort has been rewarded by some tokens for good. The Church has been edified and enlarged, and amid much to discourage the Missionary finds much for which to be thankful. A church has been erected.

TRINITY.

In this beautiful harbor, resumed as a Mission two years ago, after being abandoned for a considerable period, we have had encouraging indications of improved life and vigour. A new church is being erected. In two other harbors reviving influences have rested upon the congregations.

cxiii

SHOAL HARBOR.

Our two Preachers have been in labors more abundant while travelling around this immense Mission, and preaching in about twenty different places. We have a membership of one hundred, besides fifty on trial. Our adherents number upwards of nine hundred. A neat little church has been completed at George's Brook, a new one made suitable for service at Lower Shoal Harbor, and several others are being built in different places. Many things lead to the belief that this will be ultimately one of our best Missons. In the past it has suffered greatly from the want of religious and educational advantages.

GREEN'S HARBOR.

The Missionary has been cheered in the midst of his toil by the outpouring of the Holy Spirit, and forty-seven have been led to unite themselves to the Church. Gradually but surely the work goes forward.

LABRADOR.

This Mission is maintained during the summer months, for the benefit of hundreds of fishermen, who, with their families, repair in the fishing season to its coast, where, but for our Missionary following them, they would be without the ministration of the word, and exposed to all the evil influences of those who fear not God, and remember not to keep the Subbath day holy. Ample proof has been afforded of the great importance of our operations on these distant shores, and although of necessity results cannot be tabulated of this itinerent evangelistic work, the great day of the Lord will reveal that his servant has not labored in vain. Meantime many a grateful expression has fallen from the lips of these fishermen to cheer the Missionary forward in his self-denying work.

EXPENDITURE.

The undersigned have duly examined the Books of Account of the Methodist Missionary Society, and have compared the Receipts and Vouchers therewith, for the year ending June 30th, 1875, and find the same to be correct; also that the Accounts are kept in the most satisfactory manner. We certify that the excess of Expenditure over the Income for the year amounts to \$38,100 34, and that the Liabilities of the Society in exc ss of its Assets amount to \$29,300 79.

MISCELLANEOUS RESOLUTIONS.

Extracted from the Minutes of the Missionary Committee, and sanctioned by the Conference.

TIME FOR THE BRANCH SOCIETIES' RETURNS.

"It having been seen that the time taken by the Branch Societies for sending in their Lists and Monies was yearly becoming later, and the financial interests of the Society having suffered by the consequent late publication of the Annual Report, it was

"RESOLVED—That the Treasurers' Report shall be closed from year to year on the last day of June, and that Superintendents of Circuits are required to use all practical effort to have the subscriptions on their respective Circuits collected, and paid to the Treasurers, at or before the Session of Conference."

REPORTS OF MISSIONS.

"RESOLVED—That the Report of the Religious state of Missions be prepared by the Superintendent of each Mission, and read in the May District Meeting, subject to the Revision of that Meeting."

RETURNS FROM DISTRICT MEETINGS.

"RESOLVED—That the Chairmen of Districts, in compliance with the Directions of Conference, forward to the Mission Rooms, as early as practicable, a copy of the recommendations to this Board by the September District Meeting for grants of Missionary money, the same to embrace the number of Members, Children on such Mission, and the probable amount of the current income."

CORRESPONDENCE.

"RESOLVED—That the Chairman shall require regular quarterly Communications to be made by each of the Missionaries on their respective Districts to the Secretaries of the Society, giving information of the state and prospects of the several Missions in which they are employed."
