To the supplier and would ask a number of business borrow and save your Directory.

OFFICES: St. John

PREFACE.

The publishers of this work have used every effort this year to place before the public as reliable information as could possibly be obtained in the short period of time available, and it is hardly possible to take more pains to make the work more reliable. (The paper that was ordered for this Directory was burned in the Ottawa fire, on that account we had to use thinner paper which makes the book look smaller.) There are quite a number of persons who evade giving their names, for fear of being taxed, and in place give the agents fictitious names. Some of these fictitious names will appear in every Directory published; the publishers not being able to detect them, however careful they may try to do so.

To the supporters of this work the publishers return their sincere thanks and would ask them not to lend their Directories outside their place. A number of business men boast that they do not have to buy, as they can borrow and save that amount. It is not fair to us nor to yourself to lend your Directory.

TAKE out Your Policy in the CONFEDERATION.

NONE BETTER—ONLY ONE CONDITION—PAYMENT OF PREMIUM.

21 Waterloo
Street.

WHOLESALE HOUSE—The Currie Business University.

The Laboratory System of Actual Business Training employed in the Commercial Department of this institution, results in turning out graduates who can do the work required in an office, and who, consequently, hold positions when they get them. In this respect, this fine system of training is far and away ahead of every other plan of Commercial teaching that has yet been devised.

SEND FOR OUR CATALOGUE.

Do You Use **The AUER LIGHT?**

IF NOT YOU ARE WASTING MONEY.

Fifty per cent saved in gas. **Three Times** the light of an ordinary burner, but only **One-half** the consumption of gas. No dirt, no smoke, and less heat. All the advantages of the Electric Light at **One Quarter** of the cost.

The fact that more than 200 stores in this city have adopted the Auer Light in place of Electric Light is good proof of its popularity and efficiency. Nearly all the Churches in St. John use the Auer Light too.

The great London Medical Magazine *The Lancet*, says: "The Auer Light affords probably the best results ever obtained of the conversion of heat into light rays. A burner that consumes a relatively small amount of gas, to say nothing of the superior light, *must be preferable* from the hygienic point of view."

Call and see our exhibition of Lighting Appliances; Friction Lighting Torches—no matches; Holophone Globes, Fancy Shades and Street Lamps.

Mount Allison Ladies' College, Owen's Art Institution and Conservatory of Music.

Conservatory of Music.

INSTRUCTION is imparted on subjects ranging from the Primary English Branches through the whole University Curriculum to the degree of B. A. Young ladies studying for the purpose of qualifying to teach may here combine the accomplishment with the thorough drill necessary to their profession.

The Conservatory of Music is under the direction of a strong staff of experienced teachers, representing the best conservatories and teachers on both sides of the Atlantic.

Art students have the inspiration which comes from constant contact with the splendid paintings which constitute the Owen's gallery.
