In Conference With Border Over Strike

Toronto Delegation At Ottawa REPORTS FROM THE WEST

Winnipeg Hears Report That Strike Forces Have New Plan of Settlement—Strong Statement By High Official of Telegraphers Union

Ottawa, May 29—Sir Robert Borden and members of the government were in private conference today with a large delegation in an endeavor to avert a threatened general strike in Toronto.

The questions submitted to the government are two-fold. There is a difference both over the question of hours and over definition of collective bargaining.

As to collective bargaining, the difficulty arises over a question of definition. The employers are willing to recognize collective bargaining with the craft unions but are opposed to bargaining with any central council representative of crafts outside the particular craft concerned.

Hon. Arthur Meighen, who arrived this morning from Winnipeg, was at this morning's conference.

Ottawa, May 29—The conference between the Toronto delegation and Premier Borden adjourned at one o'clock to resume sessions at 8:30 today.

Winnipeg, May 29—The general strike situation seemed to be unchanged in Winnipeg this morning, although there was a persistent report that the strike forces were preparing to make public a new plan of compromise settlement.

Winnipeg, May 29, via St. Paul—Despatches from Calgary this morning state that commercial telegraphers of the Alberta district Canadian Pacific telegraphers voted by substantial majorities not to join the general strike.

Winnipeg, May 29, via St. Paul—Representatives of the Canadian Brotherhood of Railway Trainmen, at a meeting today, voted to offer their services to all persons concerned as mediators of the Winnipeg general strike and the various principles involved.

More Glove Workers Out Montreal, May 29—Eight hundred glove workers are now on strike with a prospect of several hundred more joining them by the end of the week.

Vancouver, B. C., May 29—At a meeting of the Trades and Labor Council last night the question of a general strike vote was put up to all affiliated bodies, the returns are to be announced next Sunday night.

CAVALRY ARRIVING AT HALIFAX ASKED TO VOLUNTEER IF NEEDED

Fort Garry and Strathcona Horse Told Services Might be Required for Preservation of Order in Canada

Halifax, May 29—All members of the Canadian corps cavalry brigade, consisting of the Fort Garry Horse and the Strathcona Horse of Winnipeg and the Royal Canadian Dragoons of Toronto, have been invited to volunteer for strike duty in case the need arises.

It is understood that it is the intention to send the Strathcona Horse on to Calgary, the Garry to Winnipeg and the Dragoons to Toronto for service, if needed.

Halifax, N. S., May 29—The Canadian corps cavalry brigade which arrived on the Carmania this morning will do strike duty in Canada until the need for it no longer exists.

Further advice from Ottawa are now being awaited. Brig-General R. W. Patterson, D. S. O., said the brigade had returned to Canada as a unit, but upon the line landing it would automatically split up into its component parts.

INFLAMED GUMS—A CAUSE OF LOOSE TEETH

Pyorrhea is undoubtedly a vital danger to both gums and teeth. Tender gums indicate it, and with it come loosening teeth. Imperceptibly, at first, the gums recede from the normal gum line, they inflame. They present many tiny openings for millions of bacteria to attack the unenamelled tooth base. Tooth-base decay quickly follows. Even if the cavity be filled and the tooth saved, the gums continue to recede. Remember, too, that inflamed and bleeding gums act as so many doorways for disease germs to enter the system—infecting joints or tissues, or causing other ailments.

Against this Pyorrhea (Riggs' Disease) ordinary tooth-pastes are powerless. Yet Pyorrhea attacks four out of five people who are over forty, and many under this age. But Forhan's—used in time and used consistently—positively prevents Pyorrhea. It is a scientific tooth cleanser as well. Brush your teeth with it. See how promptly bleeding or gum tenderness ceases and how your teeth are kept white and clean.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.

HAIR CUTTING SHOP FOR CHILDREN

Oak Hall Has Procured Expert in This Line to Cater to Kiddies

The new children's haircutting shop being installed at Oak Hall is a charming little spot for kiddies—with its big mirrors, tall little chair just for children, antiseptic sterilizers, positively insuring sanitary brushes and combs, and then the little buns and other things around the shop to take up the interest of the kiddie while in the chair. Then, too, an experienced barber has been procured for this work, one who has been trained in Boston at the famous Hair Shop, where Dutch and other fancy cuts are specialty. This expert hair-dresser is now in the city and making final arrangements to open up this much desired children's haircutting shop.

SHARP DECLINES IN THE CORN MARKET

Chicago, May 28—Sharp declines in the corn market today resulted from excellent weather conditions and from prospects for large crop. May delivery was especially weak. Sellers much outnumbered buyers. Opening prices, which ranged from 1-2 to 4-8-4 lower, with July at \$1.64 to \$1.64 1-2, and September at \$1.55 1-2 to \$1.55 were followed by material further setbacks during the day. Oats worked downward with corn. After opening 1-4 to 5-8 off, including July at 67-1-8 to 67-1-4, the market continued to sag.

SIR ROBERT'S FOOTPRINTS

(Halifax Recorder.)

The reception to the premier (as per editorial suggestions in the issues of the Herald and Chronicle) did not materialize. Perhaps Sir Robert did not like the combination. He may have thought, as Mrs. Farington expressed it, they had some "cannister" designs. The Herald yesterday morning said: "Sir Robert Herold landed on a tender from the Aquitane and set his first step on Canadian soil in six months in the damp sand of the government dock of the Canadian Government Railway terminals at 8:30 a. m. Sunday morning. That first footprint should be preserved as a national landmark, as it accentuates the meeting place of his constructive domestic and his imperialistic foreign adventures." That footprint should be immediately looked after by the N. S. Historical Society. The Recorder insists on this. It might become obliterated, and what a dreadful catastrophe that would be. As the Herald says, "the sand was damp," and when it dries it might blow away. And there were no footprints of Sir Robert "on the sands of time."

RUMOR MADE INNOCUOUS

(New York Commercial.)

The amount of injury that can be inflicted by "rumor with its thousand tongues" on the commercial and financial as well as the social world is incalculable. The average person does not take the time or the trouble to investigate, but takes it for granted that what is currently reported is true. In the days before the cable and the wireless systems rumors, for the time being, whether it was a rumor of an epidemic or the closing of a port, could have, and did have, disastrous effects upon the prospects of a community, or even of a nation. There have recently been strikes in various parts of the world, which have opened an opportunity for the canard that the port of Buenos Aires had been closed to the commerce of the world. But for the chance of immediate denial by cablegram by the Argentine minister of foreign relations, the report might have worked grave injury to a great commercial and industrial centre. A port that is handling 45,000 tons daily cannot be closed to the sport of idle rumor. The Argentine minister thus notified the world of the facts in the case. "Please deny emphatically the report that the port of Buenos Aires is closed. It has been carrying on all the operations of receiving and dispatching ships for more than a month. In our harbor, 100,000 tons of cargo have been discharged more than 600,000 tons, and cargo boats of similar tonnage have departed for their ports of destination." Just as St. Patrick drove all venomous reptiles and snakes from the island of Ireland, so the sea, so has electrical communication between nations robbed rumor of at least nine hundred of its thousand tongues.

METHODIST FUND DRIVE LIKELY TO PASS GOAL

New York, May 26—The close Monday of the eight-day drive of the Methodist Episcopal centenary fund brought confidence to the church leaders that the final returns would swell the total far above the goal. While the religious campaign closes officially Monday the individual campaigns of many of the 25,000 churches throughout the nation will be carried on for some days yet.

SUDDEN DEATH

A. C. F. Sorell Stricken at Lingley on His Way to City

Arthur C. F. Sorell died suddenly this morning at Lingley Station while waiting for the train in which he was to come to the city.

Mr. Sorell was born in London, England, sixty-three years ago and was the son of the late Arthur Sorell of this city. He was at one time acting manager of the Bank of Nova Scotia here, after which he went to Boston where he was the secretary of the Eastern Cold Storage Company for nineteen years. He formerly belonged to St. George's Society of this city and was also a member of the 2nd St. John Postoffice, retiring with the rank of captain. Mr. Sorell was a grandson of the late Nicholas Sorell, a captain in the 2nd West India Regiment, and who was also secretary to the Duke of York, having graduated from the famous Sandhurst Military College in London.

Mr. Sorell was lately accountant in the firm of Dwyer & Company, bakers, Fairville, and was summing with his family at Woodman's Point, near Miramichi, as a great shock to his family and will be learned with sorrow by a large number of friends throughout the province and in Boston. He leaves beside his wife, one daughter, Miss Estarion, at home, and three sons, Harold and Bishop in the west, and Walter, who is now overseas in the Canadian expeditionary force. A large circle of friends extend their sincere sympathy to the bereaved ones.

The funeral will take place from the residence of his mother-in-law, Mrs. Hannah Holly, 161 Douglas avenue, Friday (tomorrow) afternoon.

INQUIRY INTO LIVING COST

Ottawa, May 29—Sir Thomas White has given notice of a resolution in the commons that a special committee of the house, consisting of Messrs. Nicholson (Algoma), Stevens, Reid (MacKenzie), Douglas (Strathcona), Davis, Hockin, Sutherland, Fielding, Davidson, Ney, McNeil, Sinclair (Queens, P. E. I.), Devlin, Vien and Euler, be appointed to enquire forthwith as to the prices charged throughout Canada for foodstuffs, clothing, fuel and other necessaries of life, and as to the rates of profit made thereon by dealers and others engaged in their production, distribution and sale, also as to rentals of dwelling houses in industrial centres of Canada and rates of return of capital invested therein, and to report to the house from time to time with any recommendations they may make with a view to effecting a reduction in such prices and rentals.

MANY LIVES SAVED BY SANITARY PRECAUTIONS

Sanitation is no longer looked upon as a fad. Gradually the public has become educated to the necessity of sanitary methods being followed in all things.

It is a poor housekeeper indeed who does not keep "sanitation" as a watchword in her household. True, the trials of the housewife are many, and there seems little time to take precautionary methods that somehow seem a little useless, but after all they are worth while. In the bathroom, perhaps more than in any other part of the house, the greatest care should be taken to keep the fixtures in a sanitary and spotless condition. Snowflake Ammonia dissolved in boiling water and used freely will prove just what is needed to cut the grease and soap lines that accumulate in the bath tub and wash basin. Chloride of lime added to a little stronger solution of Snowflake and water will remove the most obstinate stains from the toilet bowl. After that the Snowflake Ammonia solution is sufficient to keep the toilet clean and sanitary. Snowflake may be obtained from all grocers.—Advt.

IN WALL STREET.

New York, May 29—Ralls came briskly forward, their strength fully offsetting intermittent selling and irregularity elsewhere. Southern Pacific recovered its quarterly dividend and an American Smelting also made up its dividend. Minor metals were unusually active and independent stocks kept pace with United States Steel, which made a new high for the year. American Woolen led the specialties at a five point gain, tobacco and food shares improved. Amster-Steel and traction strengthened on the better outlook. Shipments were the only uncertain features, Marine preferred forgetting its gain.

A GERMAN STORY

Berlin, May 28—(By the Associated Press)—The semi-official Wolff Bureau is circulating a story upon an Amster-Steel dividend which asserts that the United States is "becoming increasingly identified with developments at Versailles," and that there is an "unmistakable strengthening of the inclination for an understanding with Germany through a modification of the peace terms."

IN CONFERENCE WITH BORDEN OVER STRIKE

(Continued from page 1)

"Under our law," he continued, "no part of a division may declare a strike. Each unit, that is the smallest in our organization, that has the power to declare a strike is a division. For instance, all the employes of the C. P. R. are in one division. That division extends from Cause on the Atlantic coast to Victoria on the Pacific coast. Therefore," he concluded, "the action of the telegraphers at Winnipeg is contrary to all the laws of trade unionism."

Mr. Koenkamp is rather worried about the situation in Calgary, and while he cannot express a very definite opinion he is inclined to believe that the telegraphers in Toronto will remain on the job. He holds similar views of the Montreal men in the event of a general strike.

Referring to the idea of general strikes as affecting the telegraphers, Mr. Koenkamp said:

"I would like to put this one question to those who advocate that the telegraphers go out on strike. Our business is of such a nature that it is national and international. It does not affect one centre alone, but all centres are interdependent. If, for instance, the telegraphers in Winnipeg are affecting the business going to the west and coming from the west, it would be like asking these people if every time there is a local strike, if the telegraphers are expected to go out and tie up the business of the whole country? If that is so, then it is no use for us to try to work any more, for we will be on strike from the first of the month to the last of the month the whole year round."

Mr. Koenkamp is of the opinion that the radical element in these strikes would like to see the telegraphers through sympathy with the workers, but care must be exercised and precautionary measures taken to offset any too great a current of radicalism.

Toronto, May 29—C. O. Knowles, general manager of the Canadian Press, Limited, before the Royal Industrial Commission today, discussed the principle of collective bargaining which had been urged by several witnesses as a panacea for labor unrest and the most effective means of giving stability to industry. While he entirely approved of this principle it was to be established by government enactment as had been suggested by some witnesses, he said, it should be borne in mind that a bargain of any kind implied mutual obligations. He was asked to state whether he was in favor of a contract example with which the men in comparison with the number of times it is broken by the employer?

Mr. Knowles—"I don't know anything about that, and I am not trying to make a case against union labor; I am speaking of a contract example with which I am familiar and which shows a weakness which the unions can and should correct."

MRS. JAMES GORMAN—The death of Mrs. Ellen Gorman, wife of James Gorman, took place today, at her home in Brittain street, after an illness of two months. She is survived by her husband and one son, Louis, a returned soldier, who is employed in the Customs House. Arrangements have not as yet been completed for her funeral. Mrs. Gorman was a well known resident of St. John and had a host of friends who will regret to learn of her death.

THE PEACE TERMS

The world will soon know whether Germany will accept the peace terms offered by the Allies, or whether Allied forces are to advance further into Germany, and at the same time an effective blockade be established, cutting Germany off from the outside world.

A news letter says: "An interesting social experiment is being worked out at the University of Chicago by University women interested in the Co-operative Day Nursery, which has quarters in Lexington Hall."

The London Daily Graphic directs attention to the fact that under the present method of British shipping control Canada suffers both from lack of tonnage and exorbitant freight rates.

THE STRIKE SITUATION

An interesting contribution to the discussion on strikes is the interview with the president of the International Union of the Commercial Telegraphers Union of America.

**RECENT WEDDINGS**

A quiet wedding was solemnized at the residence of the officiating clergyman, 166 Queen street, West St. John, yesterday, when Rev. J. H. Jenner united in marriage, James M. Lord of West St. John, and Bertha M. Taylor, formerly of Fairville. The bride is the daughter of Mr. and Mrs. Allen Taylor of Fairville and the groom is a returned soldier who has seen two and a half years of active service and experienced much of the severest fighting.

Mr. and Mrs. Lord will make their home with Mrs. Irwin Parker in Winslow street, West St. John. The good wishes of many friends accompany them.

**Therian-Hamilton.**

A wedding of much interest was solemnized in Christ church, St. Stephen (N. B.), by the Venerable Archdeacon Newbarn, on May 19, when Miss Bertha Elsie Hamilton, of St. John (N. B.), became the bride of William (N. B.), Therian, of New York. After the ceremony Mr. and Mrs. Therian left for a wedding trip through Maine and the maritime provinces. On their return they will make their home in Woodland, Maine, where the groom is employed by the Grand Lake Co. They were the recipients of many beautiful

**RECENT DEATHS**

**Mrs. Margaret Jordan.**

Mrs. Margaret Jordan died at the home of her daughter, Mrs. Wm. A. Heffer, Sussex, on Thursday, May 22, after an illness of four months. Mrs. Jordan was born at Chambers Settlement, Kings county, eighty-three years ago. Her maiden name was Margaret Patterson. Her first husband was David Nicholson, by whom she had four children. Mrs. Cripps of Sussex, Mrs. Sidney Coates of Mt. Pisgah, Mrs. Jennie McVean of Chicago (Ill.), and Samuel Nicholson of Toledo, Ohio. Her second husband was Thos. Jordan, by whom she had one daughter, Mrs. Wm. A. Heffer of Sussex, with whom for the last eleven years she had made her home. Mrs. Jordan very early in life identified herself with the Methodist church and had been a faithful member for the past seventy years. Up to the time of her last illness she was regular attendant.

The funeral was held from her late residence in Sussex on Saturday afternoon at 2 o'clock, Rev. J. M. Rice officiating. Interment took place at Kirk Hill cemetery.

**Mrs. John Estabrooks.**

Fredericton, May 26—The death of Mrs. John Estabrooks occurred at her home, 624 Brunswick street, suddenly, Tuesday, after a short illness. Death was due to heart trouble. The deceased was sixty-five years old and is survived by her husband, five sons, William and Fred. of Marysville; Herbert and John of Devon, and Doug. of Fredericton. Four daughters, Mrs. Fred. Robinson and Mrs. Chas. Hanson of Marysville; Mrs. Harry Larson and Mrs. Burpee Booth, of Fredericton; also one sister, Mrs. John Finmore of Marysville.

On account of the paving of the street and repairs being made to the water and sewerage service in the block in Union street between Sydney and Brussels streets, it has been decided by Commissioner Jones to shut off the street for cars for a short period. The blockade is not expected to last more than a week.

Major Guy R. Turner, M. C. with honor D. C. M., who enlisted in Fredericton in the original 12th Battalion and overseas with the first contingent in August, 1914, is in that city on an inspection tour preparatory to taking over the position of C. R. C. E. of M. D. No. 7, succeeding Captain Blanchard.

The annual meeting of the St. Martins Telephone Company, Limited, which was to have been held in the offices of Burnhill, Ewing & Sanford, Princess street, has been postponed until the afternoon of June 4.

Anniversary Exercises Yesterday Degrees and Prizes

Wolfville, May 28—On Wednesday morning College Bell called the students and friends of Acadia University to the eighty-first anniversary exercises of the institution. The usual programme of orations by the graduates was carried out. The oration—Awake, Women of Canada—by Miss Vera Ogilvie, was a clearly cut and well delivered statement of what the life of a Canadian woman should be. She pointed out the responsibility which Canadian women can take in making Canada bigger and better. In her opinion on Rural Social Problems, Miss Hill brought her subject to life in a forcible and convincing manner. Numa Pompilius, by J. Harold Manning, of St. John, translation in blank verse from the original Latin production, was read.

Degrees in course were awarded as follows:

Bachelor of Arts—Albert Meldrum Annapolis, Pictou; Charley Smith Beals, Wolfville; Helen Dorothy Beals, Wolfville; Ernest Sterling Boyle, Wallace; Robert Ewart Elderskin, Wolfville; Ruth Isabel Elderskin, Wolfville; Martha Hewitt Fleming, Port Hillford; Donald Alexander Grant, Wolfville; Bradford Rhodes Hall, St. Croix Cove; Clara Evelyn Hill, Lunenburg; Kitobola, S. W. Africa; Vesta Isabelle Magee, Port Williams; Edith Gertrude Mann, New Westminster (B. C.); James Harold Manning, St. John; Daniel Irving McLean, Charlottetown; Charles Edward McLeod, Glace Bay; Josiah MacQuarrie, Westville; Vera Gilson Ogilvie, Glace Bay; Marion Belle Reid, Sussex; Norman McLeod Rogers, Amherst; Irvine Berton Rouse, Corn Hill; Charles William Spencer, Glace Bay; Helen Pippin Starr, Glace Bay.

Bachelor of Theology—Francis McAvoy, Wolfville.

Bachelor of Science—Francis Magoun Archibald, Wolfville.

Master of Arts—Leonard Harris Crandall, Hantsport; Elizabeth Burbridge Eaton, Winnipeg; Esther Lee Gould,

**SUPERINTENDENT CARTER SPEAKS OF SCHOOL MATTERS**

After completing a tour of the consolidated schools at Kingston, Hampton and Robbsey, W. S. Carter, chief superintendent of education in the province, returned to the city. Mr. Carter referred to the loss sustained by the department in the resignation of Miss Jean Peacock, head of the normal science department in the household school, and her brother, Fletcher Peacock, director of manual training.

The chief superintendent also said that he expects at the next meeting of the board of education that the committee will be appointed to look into the matter of setting a minimum salary for teachers, especially in districts where the valuation is low. The committee appointed will be composed of a member of the government, one to be named by the leader of the opposition, a member of the school trustees and a member

**PUBLIC UTILITIES COMMISSION**

The application of the Calais Water & Power Company for a new schedule of rates for water service in the town of St. Stephen, the effect being a general reduction, was granted by the New Brunswick board of public utilities yesterday.

An application from Canadian Cottons, Limited, for a reduction in the special rate for water service supplied by the same company also was approved and the reduction ordered.

On behalf of the company application was made also for permission to issue bonds to the value of \$50,000, secured by mortgage on the company's property, to pay off existing indebtedness. Permissive legislation had been passed at the last session of the legislature, after a clause providing that interest on this issue should not be included in the rate base had been inserted at the instance of the citizens. The application was granted.

N. M. Cockburn, K.C., and Harold Murchie appeared for the company and N. Marks Mills, K.C., for the town of St. Stephen and also for the Canadian Cottons, Limited.

Hearing in the application of the New Brunswick Power Company for permission to abandon their service on Rodney wharf, West St. John, was postponed until the June meeting, by mutual consent of the company and city representatives.

The application of the Moncton Tramways Company for permission to increase their rates for gas also was held over until next month.

**BIGAMY CHARGE**

In the police court yesterday afternoon Mrs. Rathburn A. Cleveland, formerly Mrs. Archibald Parker, who is now living with her mother, Mrs. Raymond, Erin street, was charged with bigamy. Parker said that before the war he was married to Miss Kathleen M. Raymond, the defendant, by Rev. J. T. Deinstadt of this city. He went overseas and corresponded with his wife for some time but she then wrote him she never wanted to see his face again. On his return to St. John he said he found she was married again. He notified the police and Sergeant-Detective J. T. Power, Detectives Biddiscombe and Donahue arrested the woman yesterday. The preliminary examination will be resumed on Friday.

**PREPARE FOR GENERAL MEETING OF THE G. W. V. A.**

Moncton, May 28—A committee from the provincial executive of the Great War Veterans of New Brunswick met in Moncton this afternoon to prepare resolutions for the general meeting of the Great War Veterans in Vancouver, June 15. Those attending the meeting here were Captain A. T. Griley, representing the Moncton branch of the G. W. V. A.; Major Kinnear, of Sussex; Mr. Patchell and Mr. Duff, of St. John, and Mr. Kennedy, of Woodstock.

**IS ACQUITTED.**

In the county court yesterday Judge Armstrong presiding, in the case of the King vs. Brown, in which the defendant was charged with a serious offence, the jury returned a verdict of acquittal. J. B. M. Baxter, K.C., for the defendant, and C. H. Ferguson for the crown.

SICK HEADACHE and CONSTIPATION CURED BY MILBURN'S LAXA-LIVER PILLS

When your liver becomes sluggish and inactive, the bowels become constipated, the tongue becomes coated, the breath bad, and the stomach all out of order. Then comes those terrible sick headaches. They take out every bit of life and ambition, bring on depression, and often end in complete mental and physical prostration.

To keep the liver active, and your bowels moving regularly is the only way to get rid of the constipation and the distressing sick headaches. Milburn's Laxa-Liver Pills will do this for you by stimulating the sluggish liver into manufacturing sufficient bile to act properly on the bowels, thus making them active and regular.

Mrs. Winslow McKay, Jordan Branch, N. S. writes: "I have been sick for a number of years with sick headache and constipation. I tried all kinds of doctors' medicines, but none did me any good. I tried Milburn's Laxa-Liver Pills and using four vials I am completely cured. I would heartily recommend them to all sufferers."

Milburn's Laxa-Liver Pills are small and easy to take, and do not gripewaken or sicken as so many pills do. Price 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

YEAR'S WORK OF Y. M. C. A. HERE

Board of Directors' Report At Annual Meeting FINANCIAL STATEMENT

Deficit of \$480.34 — Membership in Good Standing — Changes in Staff — New Equipment — Work Among the Boys

The report of the board of directors to the annual meeting of the St. John Young Men's Christian Association, on Tuesday evening was for the year ended April 30, 1919 and was as follows:—

Gentlemen:— In presenting the following report on behalf of the board of directors, I do so with the feeling that your directors have to the best of their ability, administered the affairs of the association wisely, expended the funds at their disposal carefully, and at all times kept before them the highest ideals of the Young Men's Christian Association.

General Administration:— The financial budget for the year was raised from the current receipts of membership fees, dormitory rental and sundry items, supplemented by the "Field Day" campaign receipts, which enabled us to meet our regular expenses and in addition, install a splendid filtration plant, in connection with the swimming pool, closing the year with a deficit of less than \$500.

Table with financial figures: Regular expenses \$14,755.81, Current receipts \$14,261.69, Deficit \$494.12

The membership of the association is in good standing.

Table with membership statistics: Senior membership 1919, Business men 298, Returned soldiers 108, Limited memberships 68, Life members 11

The high water mark for the boys' department was in December, when the membership climbed to 418 and is a record for the department.

There have been several changes on the staff during the year. The position of general secretary, which was vacant at the beginning of the year, was filled in September by Capt. S. B. Stokes, who had just returned from overseas.

Weak, Nervous Children Quickly Gain Strength Under Following Plan

Nervousness, just like weakness, is a family predisposition. We inherit tendencies to disease just as we inherit physical resemblances. The strain of study, social duties, work at home—these all tend to make nervous troubles among children. No wonder that St. Vitas Dance, Epilepsy, and constant headaches have become alarmingly common. Pale, nervous, listless young people are met everywhere.

AT SIXTY-FIVE GAINS 17 POUNDS

"I Can Truthfully Say I Feel as Strong and Well as Ever in My Life," Declares Arthur Buckingham.

"There's bound to be something unusual about Tanlac to make a man sixty-five years old gain seventeen pounds in weight in just a month's time, but that's exactly what I have done for me and in my estimation it is a medicine that should not be overlooked by anyone," said Arthur Buckingham, a well-known and respected resident of 440 First Avenue, Calgary, recently.

Mr. Buckingham had two sons and three sons-in-law in the front line. "Over There," and, while they all got through alive, some were severely wounded and gassed. The youngest son had three close calls as shown by the dents made in his helmet by enemy bullets.

"My stomach began bothering me about three years ago, but I continued, and I just peered along trying different medicines and getting worse until I could hardly eat anything. After every little thing I would eat a severe pain would come in the pit of my stomach and I would blot up with sour gas until I could hear my heart thump. I was habitually constipated—had to take something every night for this trouble—and was never free from headache day or night. For three solid months this Winter I got no rest, scarcely day or night, and many a night I would just roll and toss until morning.

"I have a whole shelf full of stuff now that I'll never use any more, but I will never be without a bottle of Tanlac at my house and am going to make it a household medicine. The very first bottle look right 'hot' and I began to feel hungry at meal time. Then I noticed the gas quit forming on my stomach, and by taking the 'Laxative' Tablets along with the Tanlac I got rid of the constipation and headaches. Then I knew I had struck the right medicine, so I continued taking it, following the directions to the letter, and as I said, in a month's time I had gained seventeen pounds. I am an anxious little fellow now and can truthfully say I feel as strong and well as I ever did in my life. Why, my appetite is so big and everything tastes so good that I eat such a quantity that I actually feel ashamed of myself, but I just tell them I have been denied this pleasure for so long that I've got to make up for lost time. Yes, sir, Tanlac was a wonderful medicine, for I hear lots of people speak of it as the greatest thing that ever came out of the bottom of my heart and I only hope it will be the cause of others finding relief."

Tanlac is sold in St. John by Ross Drug Company and F. W. Munro, under the personal direction of a special Tanlac representative.—(Advt.)

his place in the American army. This position was filled in the person of J. H. Maughan, who carried on the physical work until April. We are again without a physical director, and the position was filled in the person of Mr. T. Armour, to take up the work immediately summer school closes, provided he returns from overseas in the time to assume the duties.

Murray A. Brewer, who was the assistant boys' work secretary, left on July 1, to accept a similar position with the Halifax Association, and his place was taken by Basil D. Robertson, one of our own boys, on September 1. Mr. Robertson has given excellent service, and has become exceedingly popular with all the boys.

We very much regret having to report the resignation of Mr. C. P. R., director of boys' work, who is leaving the local association to become the provincial director of boys' work on the Maritime staff of the national council. We wish for Mr. Gregg as much success in his new work as this association. Never in the history of our association has the boys' department been so booming, far-reaching and important as it is today.

Your directors are endeavoring to secure the best man available for this most active and important department. We were unable to secure the services of an office man giving all his time for the winter, so an arrangement was made with C. Jordan and K. Naves to attend to the office during the latter part of the afternoons, evenings and Saturdays. Mr. Jordan left us in March, to take up a position with the C. P. R., and his place was filled by E. C. Jones, who is carrying on at the present time.

Your directors are, however, still endeavoring to secure the services of a competent office man, who will give his whole time to the work.

While speaking of the staff, may we here record our most sincere thanks and appreciation to Miss B. C. MacLennan, for the faithful and efficient services she has rendered the association during the year.

The dormitories have had a very successful year, and during the last four months we have maintained a waiting list of men wishing to occupy rooms as soon as vacancies occurred. The change from a visiting to resident matron has been most beneficial. The new furniture and rugs bought for the rooms during the summer added greatly to their comfort and attraction and were held continually throughout the winter, and

Catarrhose Works Wonders

Lots of people used to let their colds "run off"—they suffered a whole lot, sneezed around the house, till the whole family finally caught the infection. Nowadays colds are cured by Catarrhose before they really get a good start. This healing vapor, full of pure essences, gives instant relief. It fills the breathing organs with a healing, soothing vapor that relieves irritation at once. Ordinary colds are cured in ten minutes. Absolutely sure for Catarrh, and in throat trouble it works like a charm. Catarrhose is a permanent cure for bronchitis and throat trouble. Get a trial bottle today, and be sure of substitutes. the fortnightly dormitory suppers arranged for by the social committee, were of a most interesting and helpful character.

Building:— The building has been kept in as good condition as possible and the house committee reports the following work done:—

Painting—During the latter part of the summer the various rooms in the boys' department were re-decorated together with the dining-room and kitchen, in November the whole of the main floor was re-decorated, with the exception of the main and side entrances. The gymnasium was calcimined and the bottom of the swimming pool re-painted. The ceilings and sides of shower baths were repaired with steel and painted. A concrete base was also put into one of the shower baths in the dormitories. Automatic safety valves were fitted to the radiators in the dormitories. Two ventilator gratings were removed from the ventilating shafts in the swimming and locker rooms, to allow the steam from the shower baths to escape more readily.

The electric light meters have been changed from two meters to one, in order to get the cheaper rate; the switches and main fuse plugs were changed by the newer knob style, and the whole control system overhauled. A power meter has been installed for the dynamo in connection with the filtration plant.

The largest and most expensive addition has been the installation of a very fine filtration plant in connection with the swimming pool. This was felt by your directors to be very necessary on the grounds of general health and safety for boys and those just learning to swim. While it has entailed a large outlay of money, we know it will continue to give satisfaction and justify the expense.

Someone has said that the change is little less than a miracle. Whereas it was impossible to see the bottom of the surface of the water, a pin is now easily visible in the deepest place. The splendid results there have been obtained are largely due to the very thorough and careful plans prepared for the association by F. Neil Frodie. The filter was supplied by the New York Continental Jewel Filtration Company. The Darling pump and motor were supplied by the A. R. Williams Company, and the work of installation done by David Peir, with the exception of the electrical fittings, which was the work of Messrs. Hiran Wechsler and son.

It has been necessary to do many minor repairs, such as window shades, electric light fittings, small carpentering jobs and window panes. Our largest bill for repairs is from the plumbing, and is one we must continue to expect, as the piping, both lead and iron, throughout the whole building is apt to give trouble at any time. Prompt attention to all leakages is the only way we can hope to avert greater expense.

The large billiard table was recovered, a new pool table procured for the boys' work department, and the old one removed. Building propositions we have been unable to carry out:—

1.—The suggestion of electric or painted signs was left undone. 2.—Also the proposition to change and improve the front entrance.

3.—The repairs necessary to the heating pipes in the swimming pool were left until the warmer weather. 4.—The matter of better ventilation in the swimming pool and other rooms was left over, also.

5.—The proposed hand-ball court. The house-fool has so far been left untouched.

6.—The religious work, the policy of the association has been to recognize fully the primary place of the Sunday school of religious instruction, and the church for worship. A most important step in this direction has been accomplished by the co-operative work with the religious bodies of the city.

In physical work the policy has been "the greatest good to the greatest number" with special attention to the C. S. E. T. programme for the juniors. In the senior work—"to carry on until the boys come home again."

In social work the policy has been to make the association a place where all can feel perfectly free and at home; where the members can have better fun and purer enjoyment than in any other place.

Activities:— It is hardly necessary to remind you that as we looked forward to resuming association activities last fall, the work was still in progress, although we are glad to remember that our men were pressing forward to the final victory.

The New Year's day games ended with the outlook seen rather dull, yet we were to have a more serious social, to play on the very day we had planned to have our official opening social, the building was closed on account of the influenza epidemic.

We were not allowed to re-open our doors until November the 14th, and when we finally got under weigh, we were so close to Christmas that our fall programme was hardly started when we were planning for the new year. Fortunately, we were able to rally and carry on the winter social activities were well attended. There were six senior socials held, with an average attendance of seventy-two.

The bowling alleys were not opened until January, but throughout the remainder of the season they were well patronized, and the receipts show a credit balance of \$61.50. Physical:— The reports of the physical department show a total use of the gymnasium of 14,182, made up as follows:— Total of all class attendance.....6,922 Miss McAvity's day for girls.....1,693 Y. W. C. A. classes (two months).....1,455 Y. W. C. A. swimming (one month).....321 Total use of privileges not in classes.....4,619

Total.....14,372 During the Christmas holidays, the usual athletic events were held by the boys' department with very great success, A. M. Gregg and B. D. Robertson being in charge.

The New Year's day games ended with swimming races and other events, including exhibition swimming in the pool. The annual gymnasium display was held on Thursday and Friday, March 21 and 22. The number taking part were 172 and 163; total 337. The attendance for the two nights was about 450. On April 15 the swimming tank and filtration plant were reopened, and programme of races and exhibitions held. The competition was keen and the races well carried out. During the year the first Dominion hexathlon championships were held. This association came sixth in its class, and the outstanding features were: The high jump by Selwyn Coster, reaching 4 ft. 4 1/2 in., a record for the Dominion; and

"See What I Brought You This Time, Mary"

"What is it?" "Something to make you well."

"I only hope that it will for I have had a miserable week of it."

"In what way?" "Oh, the same old headaches and sleeplessness. I do not think I ever suffered so much, for, besides the headaches, I had sciatica pains in the limbs."

"Well, I got talking to a man on the train. We noticed a sign on a billboard about Dr. Chase's Nerve Food and he began to tell me his experience with this medicine."

"His wife was just like you have been and suffered terribly from nervous headaches. She had tried so many treatments that she had become very much discouraged."

"How long had she been that way?" "Oh, for some years, but she was completely restored after using the Nerve Food for about two months."

"That seems quite a while."

"Yes, but you must remember how long she had been run down and that it takes time to restore worn-out nerve cells. He said they bought half a dozen boxes at first and before they were all used she had so improved that they felt sure they were on the right track."

"He told me about other similar cases and said that he used Dr. Chase's Nerve Food himself after he had had the 'fit' and it soon put him on his feet."

"Well, Jim, if this only cures me it will be the best present you ever brought me."

"It seems to me that it is worth trying, so I called at a drug store and bought half a dozen boxes."

"I am glad you did and I shall certainly give it a chance to help me."

In order to be sure of getting the genuine Dr. Chase's Nerve Food it is only necessary to see the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, on the box you buy. 50c a box, 6 for \$2.75, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

Glory Oil More Popular Than Ever. Scarcely a day but we hear of new endorsers of Glory Oil—the one reliever of rheumatism and kindred troubles. If you are at all a sufferer try a bottle at once. Here are two testimonies of interest:— Doctor Praises It. GENTLEMEN:—It is with great pleasure that I take this opportunity to let you know the great benefit I have derived from the use of Glory Oil. I suffered intense agony due to muscular rheumatism (myalgia) for weeks but after a few applications of Glory Oil I immediately got relief and was able to walk within a week after the first treatment. I strongly recommend Glory Oil for rheumatism. (Sgd.) M. M. ALLAN, M. D. Port Elgin, N. B., Feb. 28, 1910.

Magistrate Endorses It. To Whom It May Concern:— This certifies that last December, shortly previous to Christmas, I was suffering from a very severe attack of rheumatism in one of my legs. It was so painful that I could not stand, or put that foot to the ground. Mr. Trenholm kindly gave me a small bottle of Glory Oil to try, and the result was that in a short time I was able to be around as usual and have had no return of the trouble since. (Sgd.) REVIVES TALK OF CAPTURING GULF STREAM

Western Writer on Closing of Straits of Belle Isle and Benefit to Eastern Provinces

(By R. T. Elliott in Vancouver Sun.) Modern ingenuity has discovered a most efficient mode of heating houses in winter—that of hot water. Furnace and caldron are sometimes, in the case of hospitals or other large buildings, placed at a distance from the apartments to be warmed. In such cases pipes conduct heated water into the radiators, and back again when cooled. Thus, cool water is continually entering the bottom of the caldron while heated water flows from the top. It is now proposed to apply the warm waters of the Gulf Stream to the eastern portions of Canada and the United States; that such regions might enjoy a more even temperature throughout the year and permit a more luxurious vegetation.

The closing of the Straits of Belle Isle, thereby shutting out the Labrador current, the harbinger of Arctic blasts and the reason why St. Lawrence ports are closed during the winter months, would divert the "Cold Wall" to the Atlantic and allow the warm waters of the Torrid zone to circulate freely around eastern shores. Such a change, it is thought, would increase the value of lands and natural resources by billions of dollars; would greatly improve living and public health conditions; would release vast quantities of fuel, now necessary for heating purposes, to be used in industry; would be the means of augmenting the population, commerce and revenues of Canada.

The project is feasible. The project has been pronounced free from engineering difficulties. The cost would be great, but nothing in comparison to the results to be gained. The saving in fuel alone in the benefited areas, it is thought, would repay the entire expenditure.

The Labrador current sends a large volume of water through the Straits of Belle Isle; thence southwesterly along the coast of Nova Scotia, New Brunswick and the United States, creating a cold current, technically known as the "Cold Wall" between the Gulf Stream and the North American Coast.

The climatic effect of this Labrador current on Canada covers a wide extent of territory. It brings winter earlier; makes spring later, and materially lowers the winter temperature. In the province of Prince Edward Island, a province of Canada, situated in the Gulf of St. Lawrence, having an area of 2,184 square miles, and a population of about 100,000, the only disadvantage of the island is its long winter and its isolation during winter, owing to the piling up of ice in the Gulf of St. Lawrence under the low temperatures caused by the Labrador current.

the international joy smoke

SAY, you'll have a streak of smokeluck that'll put pep-in-your-smokemotor, all right, if you'll ring-in with a jimmy pipe or cigarette papers and nail some Prince Albert for packing!

Just between ourselves, you never will wise-up to high-spot-smoke-joy until you can call a pipe by its first name, then, to hit the peak-of-pleasure you land square on that two-fisted-man-tobacco, Prince Albert!

Well, sir, you'll be so all-fired happy you'll want to get a photograph of yourself breezing up the pike with your smokethrottle wide open! Talk about smoke-sport! Quality makes Prince Albert so appealing all along the smoke line. Men who never before could smoke a pipe and men who've smoked pipes for years all testify to the delight it hands out! P. A. can't bite or parch! Both are cut out by our exclusive patented process!

Right now while the going's good you get out your old jimmy pipe or the papers and land on some P. A. for what ails your particular smokesappetite!

Most Canadian dealers now sell Prince Albert in the tidy red tins. If your dealer does not handle it tell him to order through his jobber. Leading Canadian jobbers are now supplied.

**IN PARLIAMENT**

Ottawa, May 28—This was a business-like day in the commons. After some interesting preliminaries which included an announcement by Sir Thomas White that a contract has been made with the government of Greece for the purchase of twelve million bushels of Canadian wheat, the resolution on which the new civil service bill is based was debated and adopted in committee.

First reading of the bill was not proceeded with. Hon. A. K. MacLean explaining that the classification schedules are not ready. He promised a full explanation of their purpose and effect on the first reading. Discussion on the resolution related practically to the matter of salaries of civil servants, there being a somewhat general complaint on both sides of the house that the higher officials in the service had received more favorable treatment in respect to salaries than the lower ranks of the service. Mr. MacLean stated that no member of the service would receive a smaller salary than at present but that the schedules would provide a substantial increase in the scale of pay.

At the evening session consideration of the contentious clauses of the consolidated railway act were taken up when J. E. Armstrong again moved his amendment which was defeated by the special committee and which would give the dominion railway board control of boats in land waters and doing coast-wise trade.

The house then passed through all stages, a supply bill for \$178,601,785 and adjourned till Friday afternoon, Thursday being Ascension Day and a parliamentary holiday.

PRIZES TO SCOUTS.

A meeting of St. Paul's Boy Scouts was held last evening in the Sunday school of St. Paul's church, at which A. C. Skelton presented a prize of a fountain pen to each boy of the best patrol. This is a custom which Mr. Skelton has carried out for years and there is keen competition between the different patrols. Following are the names of the boys who won the prizes: Patrol Leader Ralph Shannon and his patrol, Frank Thompson, Gordon Wark, Don Sutherland, Bertram Williams, Murray Strong and Bruce Hewitson. After the prizes were awarded, light refreshments were served by Norman Betts, assistant scoutmaster, and P. W. Hewitson, secretary of St. Paul's troop.

**YEAR'S WORK OF Y.M.C.A. HERE**

(Concluded from preceding page)  
**Educational.**  
 The educational work of the boys' department was conducted in the form of night school classes under the supervision of Miss Grace D. Robertson. The attendance was small, but we hope the effort was not in vain.  
**Educational trips** have been conducted from time to time to different industrial centres in the city.  
**Physical Work.**  
 Basketball leagues and indoor baseball leagues were carried on during the year between the various gymnasium tribes

and also between the Tuxis boys and Trail Rangers groups. The latter presented a difficulty inasmuch as some of our boys were getting too much physical work. The plan for next year will do away with any overlapping and give all the boys an equal amount of class work.

**Social Work.**  
 The social work of the boys' work department has been as outstanding this year as all the other branches of the work.  
 The Christmas and regular socials have all been above the average, while mothers' day and father and son banquet never assumed such proportions before.

For the first time we can really say that the high "Y" Club has been a success. It has fulfilled its purpose of promoting a more friendly social spirit amongst the high school students and also giving vocational guidance to the members.

The Junior Business Boys' Club which was organized in January has met regularly for the purpose of stimulating loyalty to their employers and sociability amongst themselves.

**Soldiers of the Soil.**  
 While this movement did not come directly under the control of the St. John Association, we played a very important part in the work. The director of boys' work at the request of the maritime division of the National Council, spent June, July and August supervising the work of part of the province. About 700 boys served on farms.

**Juvenile Court.**  
 The association took an active interest in endeavoring to get this very necessary organization established in St. John, and brought W. E. Braden, the national secretary for employed boys, here to help and give advice on the matter.

**Ladies' Auxiliary.**  
 The co-operation of the Ladies' Auxiliary has been of the greatest benefit in the supervision of the dormitory staff, assisting in the purchasing of furniture and other equipment for the rooms. The thanks of the association are due to them this year, as always, and also to the Young Ladies' League. Their interest has been a great help.

Your directors were glad to be able to meet the request of the Y. W. C. A. for the use of the gymnasium and swimming pool. The attendance at the classes shows the tremendous need for a girls' gymnasium in the city. We regret that a continuance of this co-operation will be impossible next year, with our enlarged programme and our limited accommodation.

The use of the building has been at the disposal of all interdenominational and general social welfare gatherings throughout the year.  
 The association has been favored with visits from Dr. John Brown, jr., when general supervisor of military work; Major Fred J. Smith, physical director on the national council staff, and Capt. T. F. Best, who was here chiefly in the interests of the "Red Triangle" fund. A. S. McAllister, secretary for the maritime provinces, has been here from time to time. He is always ready to counsel, advise and assist in any way possible, and his visits have been most favorably received.

We are indebted to Rev. R. P. McKim for the very able way he has carried on the teacher training class throughout the year.

In closing, your directors express their appreciation of the support received from all the members and friends.  
 This report is respectfully submitted.

**MRS. JOHN A. McAVITY**  
 PRESIDENT OF Y.W.C.A.

An interesting account of the first Y. W. C. A. organized in St. John was read at the executive meeting of the association yesterday afternoon. The account was written by Mrs. Alexander Millar and was sent to the association by a former member who realized that many of the present members were unaware that the association had existed in the city as long ago as 1870.

The meeting was primarily for the purpose of electing the officers for the year and those appointed were: President, Mrs. John A. McAvity; vice-president, Mrs. James F. Robertson; recording secretary, Mrs. R. C. Cruikshank; corresponding secretary, Miss Verla MacLaren; treasurer, Mrs. T. H. Somerville; conveners of standing committees: Finances, Mrs. James F. Robertson; membership, Mrs. F. E. Holman; travellers' aid, Mrs. R. A. Jamieson; rooming directory, Miss Nan Brock; cafeteria, Mrs. James MacTavish; educational, Mrs. Alfred Morrissey.

Some of the members of the original Y. W. C. A. were Miss Letitia Bennett, Miss Minnie Bennett, Miss Eliza Kenney, Miss Alice Beck, Mrs. James White, Miss Kate McAfee, Miss Marions Woods and Miss Rankine.

**Elgin—  
 "The Spirit of Reconstruction"**

**On Schedule**

THE time has come when this business—and every other business, to be a success—must run on schedule. Our armies couldn't win on any other plan—how can we?

They knew the value of Time "over there." As they waited in blackest night, eager, alert for zero hour, every tick of the Elgin was fraught with grim significance.

For they learned—in those breathless rushes as the barrage lifted—that victory and destruction and eternity were separated only by seconds.

For magnitude of operations and for stupendous outcome the Allied war machine threw into insignificance any previous effort of man. Yet its mighty machinery worked as smoothly and accurately as an Elgin—because everything was planned and carried out on schedule time.

Shall wartime efficiency be lost in time of peace? Working to schedule is absolutely essential to profitable production in factory, office, mine and field alike.

Elgin plays its accurate part in these days of reconstruction—just as unerringly as it upheld the Service on land, on sea and in the air.

Sidelights On Sport

Well baseball is now in full swing and the premier sport hereabouts until the fall. The interest manifested by more than 700 fans at the opening of the St. John Baseball League last evening shows how popular the game is in this city.

While he is doing big things in St. John in the interest of sport his son Tom is breaking up ball games in the States. It looks as if Tom is "a chip off the old block."

Managers of junior and senior baseball teams throughout the city are striving hard to land outside matches for June 3. This holiday is usually one of the best in the year for sport.

NEXT WEEK'S GRAND OPERA

All St. John Anticipating a Delightful Season READ THE STORIES OF THE OPERAS THEN CHOOSE YOUR NIGHTS

"IL TROVATORE"—Verdi

Monday and Thursday Evenings Beginning with IL TROVATORE—we have an opera as famous for its strong dramatic interest as for its beautiful musical numbers. The story is founded on The Gypsy's Vengeance. The Count di Luna had two sons who were taken ill about the time an old Gypsy was caught prowling around the castle.

"BOHEMIAN GIRL"—Balfe

Wednesday Matinee and Saturday Evening THE BOHEMIAN GIRL comes next on the list for the Wednesday matinee. To praise the Bohemian Girl is like carrying coal to Newcastle. For over sixty years it has remained the world's most popular romantic opera.

"MARTHA"—Flotow

Tuesday Evening and Saturday Matinee Now we come to Flotow's melodious opera MARTHA, the second day of opera. Who does not love this quaint opera of Old England with its ladies of the Court of Queen Anne, its fair day scenes and hunting parties, its gorgeous costuming of Court ladies, etc.

"FAUST"—Gounod

Wednesday and Friday Evenings Last but not least comes FAUST, the great French operatic masterpiece and the most pretentious of the company's offerings. Faust stands alone as the greatest of all the modern French operas. It is really more than an opera, it is a music-drama so intense, so vital that it holds its audience from start to finish.

It is important that advertisers in The Evening Times take notice that, under the prevailing conditions due to chaos of time on the railroads, this newspaper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin work an hour earlier in the day, therefore the business office will be open from 8 a. m. to 5 p. m., (old time and address) and requests are made that their copy in the office one hour earlier than usual. This to ensure prompt service and changes.

### LOCAL NEWS

**NOT HERE**  
The eclipse of the sun, which took place today, was not discernible in North America, but was visible in South America, Africa and other countries.

**POLICE COURT**  
One man was in the police court this morning charged with drunkenness. He was fined \$8 or two months in jail.

**THE STONE CRUSHERS**  
The men of No. 1 stone crusher are still out, but the men on No. 2 crusher in West St. John are continuing working pending a decision regarding their request for a twenty-five cent increase a day.

**NOT ON M. R. A. PREMISES.**  
The slight fire last evening was not in the alley of M. R. A. Ltd., but in a yard in no way connected with their establishment. The fire was discovered, however, by their watchman.

**NOVELTY SHOWER.**  
The home of Miss Pauline McAfee, Red Head, was the scene of a pleasing event last evening when several of her friends called and honored Miss McAfee with a novelty shower in anticipation of a nuptial event of early June. Many handsome and useful presents, including silver, cut glass and china, were presented to the young lady.

**IN GOOD HANDS.**  
Two girls, originally hailing from Springhill, but who have been recently working in Minto, arrived in the city last night and were escorted by Miss Hoyt of the Travelers' Aid, who found that they had no money. Miss Hoyt got in touch with Detective Biddiscombe and he took the girls to the police station this morning and arrangements were made to send them back to their homes.

**MISS ALICE M. KILLACKY DEAD.**  
Many friends in this city will regret to hear of the death of Miss Alice Margaret, eldest daughter of Mr. and Mrs. Thomas H. Killacky of New York. Miss Killacky, who had frequently visited her aunt, Mrs. Edward J. Doherty, of this city, was a very talented young lady and enjoyed an enviable reputation in New York musical circles. Her lovable disposition caused her to be popular with the many acquaintances she made during her visits to the city. Besides her parents, she leaves one sister and one brother in New York.

**IN HONOR OF SOLDIER**  
In honor of W. C. Williamson, who has recently returned from overseas, a surprise party was given last night at his home in Champlain street, west side. The evening was pleasantly spent with music and dancing. Walter Macaulay, on behalf of those present, presented Mr. Williamson a handsome moccasin rocker. Mr. Williamson enlisted with the engineers at Quebec more than three years ago and has seen the greater part of the campaign on the western front. Before leaving St. John he was employed with the St. John Iron Works.

**MILITARY INSPECTION**  
The annual general inspection of all the units in military district No. 7 is being made this week by Brigadier-General A. H. Macdonnell, general officer commanding the district, and Major S. S. Wetmore, A. A. G., of the district. No. 7 district depots and the Canadian army dental corps were inspected this morning. The details of all the units are being gone into in the question of demobilization is now being considered. Questions are being asked about each individual man as to what he is doing and whether he is needed on the front any longer, if not, he will immediately be discharged.

**TONIGHT'S GAME.**  
The game in the St. John Baseball League this evening will be between St. Peter's and Carleton. The following is the lineup of the teams subject to changes—St. Peter's—Dever, catcher; Hansen, pitcher; McGovern, first base; Mahoney, second base; Gibbons, third base; Lenihan, short stop; Doherty, left field; McAnulty, centre field; McMurray, right field. Carleton—Joyce, catcher; Stafford, pitcher; Connor, first base; Ramsey, second base; Clark, third base; Mosher, short stop; Fitzgerald, left field; Garnet, centre field.

**HOW TRUANCY WAS CURED**  
The name of the village we need not mention. There are many others just like it throughout the province. The Provincial Social Service secretary visited the place. He drew the attention of the people to New Brunswick's illiteracy. They doubted his statement when he said it is the most illiterate province in Canada. But his authority for the statement was the Census return of 1911. Then they began to think and to count up the number of boys and girls of school age in the village who were either not going to school or going all too irregularly. They had to admit that the truancy set was practically a dead letter. "Well tell us what we can do about it?" The Social Service secretary answered the question thus—"Some years ago in another province the cases of truancy became so alarmingly frequent that the teachers held a meeting and decided to tackle the problem and ask the parents to assist in the solution. The announcement was made in the class rooms and in the local press that on the following Monday and succeeding days the teachers would visit the homes of all children absent from their classrooms. The subject became the talk of the town. Many parents assumed the roll of the truant officer for their own children, and the teachers did their part wisely and thoroughly. The following Friday there was not a child absent who should have been present, and as long as that teaching staff remained intact truancy in that town was practically unknown."

That evening six weeks ago the good people of that New Brunswick village organized a social service council. They have met frequently since, discussing conditions of various kinds, and as a result of their activities today truancy no longer exists in that village.

### BISHOP LeBLANC STATE CHAPLAIN OF THE K. C.

Dr. W. P. Broderick Re-Elected State Deputy

Next Year's Convention is to Be Held in St. John—Eradication of Recommendation for Canadian Catholic Congress in Toronto

Halifax, May 29—The state convention of the Knights of Columbus of the maritime provinces was held in Antigonish on Tuesday and Wednesday. An annual appropriation of \$5,000 was demitted for educational purposes. The convention concurred in a recommendation of the Canadian national executive that a Canadian Catholic congress be held in Toronto in the fall of 1920.

The report of State Deputy W. P. Broderick, D. D. S., of St. John, showed prosperity and increases in membership with new councils instituted at Glace Bay, Bathurst, Fredericton, Campbellton and Edmundston.

A recommendation was made that branches of the Catholic Truth Society be established in affiliation with the Catholic Truth Society of Canada. Officers were elected as follows:

State deputy, Dr. W. P. Broderick of St. John; state secretary, H. P. LeBlanc of Moncton; state treasurer, J. S. McDonald of Sydney; state advocate, N. R. McArthur of Glace Bay; state warden, W. J. Brown of Charlottetown; state chaplain, Right Rev. E. A. LeBlanc, D. D., St. John. The next convention will be held in St. John in May 1920.

**ARRESTED HERE.**  
John Carroll of Amherst was arrested last night on a warrant by Sergeant-Detective Power. He is wanted by the Amherst officials on a charge of non-support. An officer is expected in the city today to convey the man back to his home town. Carroll has been working in the city for some time and considered a very respectable young man.

**FOR PROTESTANT ORPHANS.**  
An enjoyable concert was given last evening by the ladies of True Blue Victoria Lodge, No. 98, in the Market building. Mrs. Harry Brown, worshipful mistress, presided. The programme included recitations by W. Spencer; piano solos by Miss McNaughton, Miss Kierstead and Miss Jennie Burns and solos by Staff Sergeant Segre and Miss Peters. Refreshments were served by the ladies of the lodge. The national anthem opened and closed the proceedings. The attendance was large and the proceeds are for the new Protestant Orphans' Home.

**AIRMAN AVERAGES 115 MILES AN HOUR**  
Saugus, Mass., May 29—Captain Mansell James of the British Royal Air Force, averaged about 115 miles an hour in a 800 mile flight from Atlantic City to this town yesterday in competition for a Boston Globe aerial trophy and a cash prize of \$1,000.
