MEDIATORS IN HOPEFUL MOOD

Session to Open at Niagara Falls Tomorrow

FEARED ASSASSINATION

Huerta's Former Minister of Interior Says That is Why He Fleed—Predicts Revolt—Archbishop Driven From Country

Niagara Falls, Ont., May 19—Gratified at the success which has far exceeded their progress in mediation between the United States and Mexico, and confident of ultimate success, the South American mediators spent today quietly and hopefully waiting for the formal inauguration of their mediation proceedings tomorrow.

Ver Cruz, Mexico, May 19—Dr. Aureliano Urrutia, ex minister of interior, declares he left the capital because he feared assassination and in the belief that a revolt would soon occur in the city of Mexico.

"I left the capital," he said, "for two reasons. First, was a knowledge of a plot among General Huerta's political supporters to assassinate me, they saying I knew too much. Second, there has been planned a general revolt of the people and army. I would not be surprised to receive at any minute news of an uprising against Huerta, of whom the people and army are tired, and of whom the people and army are determined to rid themselves. I did not want to be in Mexico City when this occurred."

Archbishop Driven Out Archbishops Mora Y. Del Rio was driven out of Mexico City by Huerta, according to information reaching here. The story says that he took to Huerta a suggestion that he resign as archbishop. Next day a messenger came to the archbishop with a warning from Huerta that he would do well to leave the country.

Mexico City, May 19—General Blanquez, minister of war, said today that no great battle has yet begun in Salsitillo, so far there have only been skirmishes between vanguards. The government is rushing war materials and soldiers into Salsitillo.

Madrid, May 19—The Spanish cruiser Catalonia was today ordered into Mexican waters to protect Spanish lives and property interests. The Spanish battleship Carlos V. is already in Mexican waters.

Juarez, Mexico, May 19—It is thought that the battle has begun at Salsitillo today.

Washington, D. C., May 19—Brigadier General Funston today confirms reports of the arrest of Dr. Aureliano Urrutia upon his arrival at Vera Cruz and adds that he will be kept under guard until he goes aboard his ship.

In a Notebook. A New York despatch to J. M. Robinson & Sons says:—"Envoys hold Huerta's offer to quit, but terms will not satisfy rebels. United States to hold Vera Cruz till Mexico is free. Mexican mediators en route to Niagara Falls; Villa to attack Salsitillo today. 5,000 Mexicans about to attack Funston's forces."

INDUCTION Rev. W. M. Fraser of Halifax is to be inducted this evening as pastor of Greenock Presbyterian church, St. Andrews. The ceremony will be held at the Greenock church. Rev. Dr. W. H. Smith of Fredericton will preside. Rev. James Ross of St. John will deliver the charge to the minister and Rev. Thomas Harrison will address the congregation. Greenock has been without a regular pastor since the death of Rev. A. W. Mahon to Toronto in August last.

BOY ARRESTED A boy fourteen years of age was arrested between twelve and one o'clock today by Policeman Ross on suspicion of having stolen the front wheel from a bicycle belonging to Arthur Walsh and kept in a shed in an alley off Charlotte street. A bunch of keys were found on the boy, besides two latch keys.

The Countess of Warwick has taken up landscape gardening as a profession.

Maritime—Moderate southwest and west winds, fine and warm today and Wednesday. Washington, D. C., May 19—New England forecasts—Fair tonight and Wednesday, moderate-variable winds.

New Commissioner's Paving Programme Held up; That is End, He Says

Council Also Defers Action on Matter of Lease to Canada Nail & Wire Company—Paving Discussion of Interest

At a special meeting of the common council this morning, called to consider the application of the Canada Nail and Wire Company for a lease of a factory site at West St. John, action on the matter was further postponed until Thursday afternoon.

Commissioner Potts submitted his programme for laying permanent pavements in Market Square and Charlotte street, on Chipman Hill, in Main street, Princess street, Duke street and Sydney street, and concrete sidewalks in King Square at a total cost of \$182,778. His proposal to meet the full cost by debenture issue was defeated on the first item by the opposition of Commissioner McLellan and Commissioner Potts announced he would not press the rest of the programme.

An appropriation was made to improve Victoria Square, North End, at a cost of \$4,240. A by-law forbidding the depositing of waste paper on dumps was adopted. The promise for police protection at the eat end baseball grounds was given.

The council was called to order, Mayor Frink presiding with commissioners McLellan, Wigmore, Potts and Russell and the common clerk present.

E. E. Bishop and E. E. Marven, for the Canada Nail & Wire Company, attended and a West St. John delegation including J. H. Driscoll, J. E. Cowan, W. E. Scully, George Clark, Murray Long, Frank Barlow and H. Osborne, was present in support of the company's application for a lease of the factory site. Commissioner Russell submitted his report on the application of the Canada Nail and Wire Company, Limited, for a lease of land in West St. John, formerly occupied by the Gordon Nail Works and Sleeth, Quinlan & Company, as a site for their proposed factory as follows:

"That the council favorably consider the issue of a lease to the Canada Nail & Wire Company of the lots of land formerly occupied by the late John J. Gordon and Sleeth, Quinlan & Company, a block of about 200x250 feet in Union between Charlotte and Tower streets, West St. John, for the purpose of establishing a factory there for the purpose of manufacturing horse nails.

Lease to be for a term of twenty-one years and to contain a covenant to renew or pay for improvements at the end of the term. Such improvements not to exceed the sum of \$50,000. Rental to be \$800 per annum for the first five years and \$500 per annum for the balance of the term.

The valuation for taxation on property to be \$10,000 for the first five years and \$20,000 for the balance of the term, the usual water rates to be charged and collected.

The company to be given the buildings now on the lots either to take down or rebuild as it may see fit.

Lease to be prepared by the recorder under the direction of your commissioner and to contain a covenant that the works shall be kept in operation, and such other provisions as may be found necessary for the protection of the city; the company not to assign the lease without the consent of the city.

The council went into committee and on motion of Commissioner Russell, the report was taken up section by section. Commissioners Wigmore and Potts expressed themselves as in favor of the lease. Commissioner McLellan said that he did not think it desirable to tie up this harbor front property for such a purpose even though the city wants industries. He thought the harbor front situation required consideration as new wharves of modern type were being built and the city wharves might soon be obsolete. He believed that the city should seek to have the whole city investment on the west side taken over by the federal government. He opposed the first section as he thought it would commit the city to the project.

Com. Potts—"That is one of the first streets requiring attention. It would make a beautiful street with a proper pavement and its traffic justifies it. I would like to see the city take over the land owned by the Turnbull Company, tear down the old shacks and encourage the erection of better buildings." (Continued on page 7, fifth column)

CARAQUET BRINGS BIG CARGO, 47 PASSENGERS

With a record cargo of freight, totaling more than 4,000 tons, 1,000 of which is for St. John, the Royal Mail Steam Packet Liner Caraquez arrived in port this morning and docked at the Pettin-gill wharf. She also brought forty-seven first class, thirty-one second class and sixty-three steerage passengers. She had a smooth and uneventful passage from Bermuda.

Among the passengers was Mrs. Borden, wife of Rev. Dr. B. C. Borden, president of Mount Allison, and Miss Borden, who left on the noon train for their home. Mrs. McKay and daughter, of Baddeck, C. B., who will remain in the city for about a week; Mrs. George Patterson, of New Glasgow, who will be the guest of Mrs. J. J. McCallister for a few days. Also among the passengers were seven men from the Lincoln regiment and who are to return to England on the Calgarian from Quebec. They are accompanied by two men from the Lincoln regiment and one member of the Royal Engineers.

Sir James Whitney said yesterday that the government had not yet decided that there should be an election in the immediate future.

MONEY FROM REFUSE OF THE SAW MILLS ON THE ST. JOHN RIVER

Prominent Chemist to Spend Summer at Mills Experimenting—One of Those Who Burst the Jernegan Bubble

Portland, Me., May 19—Prof. Probyn Peacock, of Philadelphia, a prominent chemist, is engaged in an exhaustive study of mill waste and is intending to pass most of the coming lumber season among the saw mills on the St. John and St. Croix rivers, experimenting on the production of various substances from slabs, edgings and sawdust. He is one of the two men who exploded the Jernegan salt water gold swindle at North Lube, eighteen years ago. He says this scheme of his is different from, instead of trying to get something from nothing, his idea is to take a great deal of something and get a great deal from it. Wood alcohol, ethyl spirits, spirits of turpentine, a certain amount of potash, creosote and some iodine can be extracted from wood refuse, and it is his purpose to see if something cannot be brought about to make this possible at a profitable rate.

Professor Peacock has been in Porto Rico for some time working with the refuse of the sugar mills in an effort to make something more valuable than fuel out of it. He thinks he could devise a process for extracting a certain amount of spirits of vinegar. He feels a report to come up without a second. Com. McLellan said he was opposed to the lease and thought the other commissioners should take a definite stand. Com. Wigmore said he was in favor of the lease provided sufficient safeguards could be provided. If he had understood the situation he would have seconded the sections without committing himself to their support.

Com. Potts said he was ready to discuss the matter further.

P. E. ISLAND MAN DROWNED IN STATES

(Special to Times) Charlottetown, P. E. I., May 19—Frank Sigsworth, aged 28, unmarried, a native of Cornwallis, P. E. I., was drowned at Penikese Island, N. S., while driving for the Connecticut Valley Lumber Company and met his death while he and another man were bringing granite or blocks of granite to the island. The body was recovered.

NEW PARISH OF CHURCH OF ENGLAND

Between Hampton and Rothesay—Placing of Students For The Summer

It is expected that a new parish will be formed in the diocese of Fredericton between Hampton and Rothesay. J. H. A. Holmes, B.A., of King's College, will be stationed in the district this summer, and expected that next year the district will be formed into a parish. The district includes Hammond River, now in the parish of Rothesay, and Southtown and French Village, which are now in Hampton parish. Mr. Holmes is a divinity student at King's college and will be ordained deacon in St. Luke's church on Trinity Sunday. He is a native of Picton, Ont., and was formerly one of the masters at Rothesay Collegiate School, so that he is well acquainted in the district where he is to be stationed. Mr. Holmes does not intend to return to college until after Christmas.

Among the other divinity students from King's College who will be stationed in the Fredericton diocese during the summer are: Lawrence T. Wilkinson, B.A., of King's College, who will act as lay reader to Rev. Canon Sidan in Moncton; Albert R. B. B. of New Castle, who will go to New Brandon; M. P. Maxwell, B.A., of New Mills, who will go to Fredericton to assist Rev. Canon Coville at St. Anne's; Edward Britton, to assist Rev. G. S. Lake, in St. Mary's, York county, and Murray Byron will be at his home in Campbellton during the summer. The young men will take up their summer duties immediately.

ANOTHER TRAGEDY IN KRAFCHENKO CASE

Former Constable Reid, Who Helped Bandit to Escape, is Killed at Penitentiary

Winnipeg, May 19—Ex-Constable Reid who figured in the Krafczenko case, and Hawkins, a convict, were killed yesterday afternoon as the result of the fall of a scaffolding at the provincial penitentiary.

WOMEN OF INTERNATIONAL COUNCIL GUESTS OF QUEEN MOTHER MARGHERITA

Rome, May 19—All the American women delegates to the quinquennial session of the International Council of Women were present yesterday at a garden party given by Queen Mother Margherita, who presented to each a bunch of roses and a silver medal as a souvenir.

Becker Defence Is Outlined

Mr. and Mrs. Becker.

New York, May 19—Upon the opening of court in the Becker trial today the defence made a motion to dismiss indictment against Becker on the ground of insufficient evidence. The motion was denied. Mr. Manton then began his opening address. He said he intended to prove that Jack Rose was Becker's stool pigeon and that Becker had met him in this capacity many times, often giving him money. He said that Rose had introduced Becker to Rosenthal; that Becker's raid on Rosenthal's place was an honest effort to close it up and that after the raid Rose and Rosenthal quarrelled because the gambler accused Rose of "stealing Becker's gun." This frightened Rose, continued the lawyer, and he went to Chicago.

VALLEY RAILWAY BRIDGES BILL HELD OVER IN COMMONS TILL HON. MR. HAZEN IS IN HOUSE

Mr. Carvell Takes Up St. John Dry Dock Extension Matter But Hon. Mr. Rogers Does Not Appear Kindly Disposed

(Special to Times) Ottawa, Ont., May 19—Two bills of considerable importance to St. John were before the House of Commons this morning. One concerned the budget over the St. John Valley Railway. The other proposes to increase the government aid to dry docks of the first class. Hon. J. D. Reid brought on the second reading of a bill to authorize the Dominion government to build three bridges in New Brunswick. The last clause declares it should not come into effect until after legislative action by the New Brunswick legislature. P. B. Carvell said this would prevent the completion of the Valley Railway and prevent St. John getting the Grand Trunk Pacific traffic for over four years. The New Brunswick legislature had prorogued. It would be a year before it would meet again. If its sanction was required for this bill it would be impossible to have these great bridges started for a year. It would take at least three years to build a two million dollar bridge across the St. John.

On the suggestion of Premier Borden, Mr. Carvell agreed that the bill should stand until Hon. Mr. Hazen was in the house. The dry dock bill was taken up, and Hon. Mr. Rogers said it proposed to increase the subsidy to be paid for a dry dock of the first class from \$1.2 to \$4 per cent. He said that Vancouver required a dock of 1150 feet, and could not get a company to undertake its construction at \$1.2. Therefore the increase was proposed. Mr. Carvell asked that the increase be made to apply to docks now in course of construction. St. John was getting an 800 foot dock and wanted one 1,150 feet with 4 per cent.

Hon. Mr. Rogers said the government could hardly go back in this way as it would mean an increase of the annual bonus to the docks at Montreal, Port Arthur, Prince Rupert, Sault Ste. Marie and Montreal. The resolution was carried without amendment.

COMMISSION HERE FOR DUGAL INVESTIGATION

J. Howe Dickson, clerk of the executive council, arrived in the city at noon today with the royal commissions for holding the investigations. He delivered them this afternoon to the chairman, Mr. Justice McKeown.

WEST SIDE LEAGUE

In a close five inning game in the West Side League last evening, the Courtenays defeated the Taberners 4-4 to 8. Murphy and Hogan formed the battery for the winners, and Mayes and Henderson for the losers. The same teams will play a postponed game this evening.

PROMISE LIVELY TIME WHEN THEY TRY TO SEE THE KING

London, Eng., May 19—Lively scenes are promised when suffragettes make an attempt to see King George on Thursday. At a meeting of the Women's Social and Political Union, yesterday, Mrs. Mansell said it was going to be the biggest thing they had ever had done. She thought the authorities must be trembling in their shoes. If there was going to be any militancy, it would be on the part of the other side. If there were any attempt at militancy on the part of the minions of the government, it would be at their peril. Mrs. Mansell added that Mrs. Pankhurst would be safe, because, like Sir Edward Carson, she had a body guard.

CHAMCOOK CASE IN LOCAL COURT

Suit For Foreclosure of Mortgage on Plant

IN CHANCERY DIVISION

York and Sunbury Milling Co Made Party Defendant—A Victoria County Matter and Two Railway Cases Taken Up

The monthly meeting of the Supreme Court Chancery Division was opened this morning. Mr. Justice Grimmer presiding.

In the case of the Royal Trust Company vs the Canada Sardine Company Limited, A. J. Gregory, K. C., moved that the York and Sunbury Milling Company be made a party defendant, to which F. R. Taylor for the plaintiff consented and the order was made. This is a suit for foreclosure of mortgage on the defendant's plant at Chamcook.

In the case of the Victoria Lumber Company vs Edgar M. Reed, W. P. Jones, K. C., appeared for the plaintiff and T. J. Carter for the defendants. A dispute as to the ownership of certain lands and timber lease in Victoria county arises in this case. The plaintiff claims to be entitled to these lands, which they allege were taken in the names of Edgar M. Reed and Charles H. Wentworth of Boston, in trust for the Victoria Lumber Company, and that the defendant now refuses to convey the property to them. The defendant sets up that he is the owner, and that he and Wentworth purchased the lands and timber licenses on their own account, and not in trust for the plaintiffs. An effort is being made to arrive at a settlement.

In Chambers The case of Whitecomb vs the St. John and Quebec Railway Company was heard before Mr. Justice White in the Chancery Division. His Honor after granting an injunction, restraining the defendants from proceeding with the construction of their railroad across the plaintiff's lands in Queens county without building a culvert, giving the defendants, however, privilege to proceed with their work on paying the \$1,000 as damages. M. G. Teed, K. C., appeared for the plaintiff and P. A. Guthrie for the defendant.

Before Chief Justice McLeod argument in the case of Anderson vs the St. John and Quebec Railway Company was heard. The question whether or not a supreme court judge may appoint a sole arbitrator under the railway act is at issue. Judgment will likely be given on Friday. W. P. Jones, K. C., appeared for the plaintiff, and P. A. Guthrie for the defendants.

TWENTY FIREMEN OVERCOME FIGHTING NEW YORK BLAZE

One Probably Will Die—Women Elevated Line Passengers Carried To Safety

New York, N. Y., May 19—Dennis Cronan, a fireman, was probably mortally wounded and twenty other firemen, including Chief John Kenon, were overcome by smoke and fumes early today, while fighting a fire that almost completely destroyed a six story factory building at 468 Greenwich street. The loss is estimated at \$250,000. Traffic on the Ninth avenue elevated line was delayed three hours and for half an hour thirty men and thirty-five women passengers were forced to breathe smoke heavily charged with chemical fumes. Ten women were carried to a nearby station by police reserves.

MESSANGER BOY KILLED BY TRAIN

Boston, May 19—Daniel Toomey, 15 years old, a messenger boy employed by the Western Union Telegraph Company, was run over and killed by a shifting engine near the Back Bay Station where he was sent to deliver a message to a man who was aboard the New York train. He delivered his message, and was alighting from the moving train when he fell.

SCREAMED WITH THE TERRIBLE PAIN

'Fruit-a-lives' Completely Cured, Distressing Kidney Trouble

St. Thomas, Ont., April 1st, 1913. "In 1911 I was laid up with kidney trouble and not able to get out of my chair. Had tried many kidney remedies without satisfactory results. The pain was excruciating and my screams could be heard on the street. One day a friend from Ottawa came to see me, and when he found me in such poor health, said he would send me a sample of 'Fruit-a-lives', which he did and I commenced taking them. The results were so apparent with the first few doses that I continued to take 'Fruit-a-lives' and was completely restored to my normal state of health. I would strongly advise anyone suffering with kidney trouble to take 'Fruit-a-lives' and cure themselves."

MARRIED IN THE MAKING

Have you ever noticed that half the troubles of the young housewife are of her own seeking? She will take the nice little bit of cold roast beef or mutton, hash it, mince it, stew it, spend as much as two hours in turning it into a tough, colorless, over-salted or over-peppered dish. She is anxious on the time she is cooking it, most anxious of all, as the husband, upon whom she has wasted all her endeavors, tries to make light of the failure, and bites his tongue in an attempt to repress the wish that she had left the meat cold, and merely set it on the table.

"HOUSE OF GOLD" Nery's Famous Palace Had a Lake Within Its Walls - In a lecture in Paris, M. Prechat gave an interesting description of the wonderful "House of Gold" which Nero had built for him between the Palatine and Esquiline hills in Rome. This mighty palace, covered with plates of gold enriched with ivory and adorned with a multitude of beautiful statues, covered an area equivalent to the Champs Elysees and the Place de la Concorde. The emperor conceived the idea after reading Ovid's description of the Palace of the Sun in the "Metamorphosis." And it was in the guise of the sun god that Nero had a statue of himself made nearly ninety feet high. This colossal statue stood in a great four-horsed chariot and was erected in front of the "House of Gold." Within the palace walls was a lake which ancient authors compare to a sea, and on its waters were given the sumptuous nautical festivities of which one reads. Like a fairy palace the "House of Gold" was and as such vanished. The huge exactions which Nero made on the people in order to erect it did not conduce to its popularity and it survived its master but by little. Today nothing of it is left but some sub-basements discovered beneath the Coliseum. No one seems unwilling to accept a 25-cent piece, even though there are on each coin the following hoodoo combination: 18 letters in the scroll held in the eagle's beak; 18 feathers in each wing; 18 tail feathers; 18 upright bars in the shield; 18 arrowheads; 18 leaves on the branch; 18 letters in the words "Quarter Dollar."

Health and Beauty Answers BY MRS. MAE MARTYN - DOLLY: When my scalp is itchy I use a scalp and hair tonic which can be made at home for little cost by adding 1 ounce quinine (get from your drug store) to 1/2 pint alcohol, then 1/2 pint water. This gives you a full pint of a very superior tonic. Rubbing a little into the scalp twice a day, overcomes dandruff and corrects faulty condition of the scalp. The continued use of quinine tonic restores the former lustre and soft fluff to faded, "stringy" hair and insures an abundant and beautiful growth. - FRANCES: When your eyes smart and ache, try this harmless and very excellent eye-remedy: Into 1 pint clear water put 1 ounce crystals. Dropping 2 to 3 drops of this in each eye relieves smart, strain or ache. It also strengthens tired muscles and banishes granulated lids. Using it restores the youthful sparkle and expression to dull, listless eyes. - MISERABLE: Here is a simple formula for relief from over-fatness and a genuine flesh-reducer: Into 1/2 pint hot water dissolve 4 ounces parnosin. Take of this 1 tablespoonful 3 times a day. This parnosin treatment is gradual and positive in its action and does not require dieting or vigorous exercising. When the weight is sufficiently reduced the figure will be plump and the skin smooth and clear. - NIAD: Here is a very fine lotion for cleansing and beautifying the skin: Dissolve 4 ounces spermacin (from your drug-gist), in 1/2 pint witch hazel or hot water, and add 2 teaspoonfuls glycerine. Apply to face, neck and arms and rub lightly until it vanishes. This is invisible and imparts an exquisite tint to the skin. The use of this spermacin lotion will remove the oily, sallow, unhealthy color and add a touch of refined elegance to the faintest complexion.

She was twenty-three years of age, and is survived by her husband, an infant a few days old, her mother, three sisters and three brothers. - The death of John Newall, of Randolph, aged eighty-four years, occurred yesterday at the home of his daughter at Randolph. Two sons and eight daughters survive. - COUNTRY SCHOOLS - (Canadian Courier) - Every now and again some courageous citizen rises to remark that the country schools of Canada are a shame. Not only are they manned by untrained girls, teaching subjects from a city rather than a rural point of view, but the buildings are mean and unsanitary. The latest protest comes from a medical man in Essex county, Ont., who states that twenty-five per cent of the schools in two townships had no wells, and that twenty-five per cent of the wells at the other schools are bad. Pure water, the foundation of health, was not available in more than half the schools. Further, twenty-five per cent had no windows which would not open, fifty per cent had filthy closets, and seventy-five per cent no cloak rooms. There is no justification for such conditions in Essex, and Essex is not any worse than many other counties in Canada. Part of the fault is due to the ignorance and the meanness of the trustees, and this can be eliminated only by substituting township school boards for the present school boards. The small school sections are in a state of failure in every sense and should be abolished. Part of the fault is due to the negligence of the legislature. Take Ontario, for example, country schools were practically overlooked during the session which has just closed. There was much talk of "abolish the board and have one to plan with the legislature for the thousands of children and teachers who are annually contracting tuberculosis, because of dirty, ill-ventilated schools. A dirty country school-house will destroy more human life than the average country inn. The preachers and other moral reformers would be well advised to turn their attention to these real problems, as they affect the moral communities of Ontario, Manitoba and the other provinces.

MR. HAZEN'S INFLUENCE

The St. John Standard says:—"Hon. J. D. Hazen's achievement in securing a government guarantee of the cost of the St. John Valley Railway bridges furnishes additional evidence of the influence the Minister of Marine has with his colleagues in the cabinet."

His constituents will rejoice to learn that Mr. Hazen has some influence with his colleagues. If there is any attempt to renew the Guelph agreement it will only be necessary for the people to appeal to Mr. Hazen.

CITY PAYS ALL THE BILLS

The Times has received a copy of the annual report of the Winnipeg Playground Commission for the year 1913. The first attempt to inaugurate supervised playgrounds in Winnipeg was made in 1906, when the Mothers' Club raised \$800 and equipped one school ground.

It is not surprising to find the commission declaring itself for a much wider use of the school plant, and quoting from Dr. Luther H. Gulick as follows:—"The school is the natural focal point of the community's social life, since it centres the universal interest in children, and cuts through social, religious and even racial lines."

BORDEN AND THE NAVY

The Britannic Review, referring to the Borden naval policy says:—"To us it seems that the opportunity of a generation was thrown away when he rejected the amendment which proposed the creation of two fleet units."

In order to bring the two parties together as they were five years ago it is only necessary for Mr. Borden to go back to the policy which he abandoned when he proposed the policy of contribution.

The Broad Street Robbery
In connection with the robbery of the premises of James McIntyre in Broad Street on Sunday afternoon as described in yesterday's Times-Star, it is believed that whoever committed the robbery was familiar with the location of the rooms and where certain things were kept. An entrance was gained through smashing a patent lock on an outer

door and then those who broke in went to the cellar where they got a hatchet and a combination hammer with which they set about their purpose. The thieves carried away a large quantity of furniture in the house which might contain valuables pulling out the drawers of the bureau, the sideboard, and other things until the cash box was found when its contents, amounting to more than \$200, were taken. The lack of police protection is a cause of complaint

Walked Floor at Night To Quiet Irritated Nerves

Sleep Was Impossible - Suffered From Faintness and Dizzy Spells - Great Change Effected by Dr. Chase's Nerve Food.

Monotony as well as over-excitement is often an unbearable strain on the nerves. And who can say that women's work in the home is not deadly monotonous? Doing the same thing day after day, year in and year out, gets on the nerves, and after a while the strain is more than the system can stand.

You feel faint and dizzy at times, cannot rest and sleep at night, little things worry and annoy, you have no appetite and cannot digest what you eat.

If you are a stranger to the merits of Dr. Chase's Nerve Food as a means of restoring feeble, wasted nerves, this letter will be a revelation to you. It brings a message of hope to all who suffer from diseases of the nerves.

Mrs. J. E. Berryman, 35 Bay street north, Hamilton, states: "I was so very nervous that frequently I could not sleep at all, and would be so uneasy that I could not remain in bed, but would have to get up during the night in order to quiet my nerves. I also suffered considerably from faintness and dizzy spells, and though I had doctored for some years, I never seemed to get anything that did me any real good until I began the use of Dr. Chase's Nerve Food. It worked a great change in my condition almost immediately, and after a regular use of this preparation I believe that it has effected a permanent cure."

Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50, all dealers, or Edmanston, Bates & Co., Limited, Toronto.

AMUSEMENTS
OPERA HOUSE

Rolling Face This Week's Bill for Thompson-Woods Company. Well Received Last Night. Next Week to Close Engagement.

It was with regret that patrons of the Opera House heard the announcement that next week will be the last for this season of the Thompson-Woods Company's engagement. During their stay here the company has won the sincere approval of their patrons and have made many personal friends who will be sorry to see them leave but who will look forward to seeing them here another season.

The excellent impression which this popular company has made was further strengthened by their appearance last evening in the play from Mexico, a joyous farce which kept the audience in the best of humor throughout the evening. The situations are well worked out, keeping the audience in suspense as to the actual outcome almost until the fall of the last curtain; the comedy is excellent and every member of the company shared in the laughter and applause which their efforts evoked.

The troubles of the husband who takes a night of rest from Mexico follows to see what form his amusements take form the theme of the play. The wife is arrested in a rage, but escapes through the assistance of an assistant district attorney who is in love with her sister. The husband is more unfortunate and is sentenced to thirty days in jail. He explains his absence by announcing that he is taking a trip to Mexico, his rise involving some elaborate and ludicrous explanations. The whole play is highly amusing and entertaining although the last act is a bit too long drawn out.

Mr. McHenry and Miss Brandt shared the leading honors with Mr. Weyler and Miss Derby, Miss Davis, Miss Bishop, Mr. Hodges, Mr. Drummond, Mr. Fleming, and Mr. McCloskey were all seen to advantage in roles to which they were well suited.

THE GEM

Stirring Romantic Drama Leading Feature of Week's Opening Bill. Comedies, Novelty Picture and Good Music Complete the Bill.

Seldom have the Esanay players appeared to better advantage than they do today in the splendid two part feature production, "The Cast of the Die," which was shown at the Gem theatre, and which will be given for the last time today. It is a stirring drama with forceful scenes, and a fascinating vein of romance predominating throughout its portrayal. The picture gave much pleasure to those who saw it. The Gem orchestra had a fine musical programme. The Selig comedy drama, "A Man up on a Western Ranch when the 'Belle of the Kitchen' started to boss the ranch, but there were also some gripping scenes of adventure in it. A pleasing novelty was "Beauty, the Educated Horse," while the visit of a countryman and his wife to New York, seen in "Hiram's Hotel," afforded great pleasure.

"THE REFORM CANDIDATE"

An Elaborate Production, and One of Sterling Merit, at the Unique.

The latest link in the popular chain of the Exclusive Film Series presented at the Unique every Monday and Tuesday, again offers a happy combination of strong dramatic effort and intense situations in the most popular and artistic play, "The Reform Candidate." The production is in three parts, is magnificently staged and costumed, and is presented in a most natural and graceful manner, each role being portrayed with a simplicity and fidelity which makes the story clear and convincing, and puts it among the film features of the year.

To Miss F. Billington and Mr. L. Johnson fall the heaviest part to carry. The scene wherein Miss Billington, dressed as a messenger boy escapes from the tenth story of a New York skyscraper and crawls along an artistic wire to safety, is perhaps one of the most novel as well as daring scenes presented in film for some time.

The plot deals with the inside workings of the political mill, and the efforts of the opposition to down their opponent in a most artistic and convincing manner, resulting in a feature that cannot help but make new friends for the Unique.

Artistic Rendition of Classic Dances by Conway Sisters at Lyric.

To sum up the excellent and worthy efforts of the Conway Sisters at the Lyric Theatre, it can justly be said they present a performance of artistic excellence and one that is decidedly out of the ordinary.

The curtain rises on a dark stage, and is slowly covered with a mantle of soft red light, throwing into effect a handsome green plush curtain relieved by two massive wings of an artistic design. To the air of a Spanish melody the Conway Sisters make their appearance garbed in the style of the ancient Spanish girl, girded with soft flowing mantles. With the snake-like charm that characterized the Spanish dancer of old the ladies give an exhibition of the Spanish dance.

The folds of the green curtain then rise on a scene from a place of worship of the ancient Fire Worshipers.

CRAZY WIFE HELD PRISONER FOR YEARS IN MANSION

"JANE EYRE"

In the two-act film drama, "Jane Eyre," the Universal Company has prepared a genuine treat for their patrons. Who has not read the old English emotional novel and wept over its pages? It was written by Charlotte H. Bronte, a mistress with the pen at conjuring up poignant situations—in drafting the lives of some people in a way that gets into the soul and stays there in the deepest emotion. Perhaps it has been years since you have read this wonderful story, but it is safe to say that somewhere in your mind are the pleasant memories of the quaint little heroine, Jane Eyre.

The Universal, in adapting this novel to the screen, has been successful in retaining all the beauty, the delightful old English atmosphere of the original. Ethel Grandin has played the title role, and is the most perfect of interpreters, portraying the sympathetic, unfortunate little miss that the petite, fascinating Imp star, Miss Grandin has not had a superior rival in many roles. It allows for the bringing into play of all her simple charms, her wonderful artistry and the profound emotion of which she is capable.

As the story is familiar to most everyone, it will be unnecessary to go over all the details. Here are the salient points, however, as the story is told on the screen.

Jane, left an orphan in the Reed family, is unhappy. Under the harsh treatment of her foster parents the child grows delicate and the doctor orders her away. She is sent to the orphan home and there grows up to girlhood.

Next we find her in Rochester's home, where she is governess to young Rochester's ward, Adele. Many times during the night she is disturbed by strange noises. Time goes on and she learns to love her young master. He, in turn, loves her and his proposal of marriage is accepted.

It is the wedding eve before Jane confesses to her the origin of the strange noises; it is a crazy woman. This woman is the wife of Rochester. She has been held captive in the upper part of his home for years.

The crazy wife attempts to burn Rochester to death. Jane saves him, and Rochester confesses all, declaring that the woman she has seen was forced upon him by his parents. While Jane would forgive, she declares herself unable to stay longer in his household—that all is over between them.

The night that Jane leaves, the mad wife again escapes from her room and goes to the roof. Rochester attempts to save her. Jane, looking back, has seen the fire. Rushing to the window, she sees the mad wife jumps from the roof and dies. Jane enters the burning house and manages to save Rochester. He is made blind, but Jane's loving hands that guide him through life.

"Thou Shalt Not Rubber," and Hilarities, two comedies, conclude an extremely fine programme at the Empress, West St. John.

Some years ago a writer in Harper's monthly told of an old colored man, Uncle Joshua, who was found of boasting of the travels he had been on with his master. As the years passed he added to the tale of his and "Marse Richards" travels every town and country through which they had passed. The itinerary was indeed marvelous in extent, and whenever a new person entered the community he immediately tried to find out how much of the world he or she had visited.

On the advent of the new school teacher, he was heard to boast of seeing the teacher, who had been sent to San Quentin prison. Guyton was shown to be an incorrigible character, as a pretty highwayman, but the actual charge against him was of stealing six and three kisses from Miss Daisy Stargard, a charming young San Quentin girl. He held up the girl at the point of a revolver, and took the coppers from her purse. Learning that this was all the money she had to get home with, Guyton kissed the girl and returned the money, with the remark, "It was worth it."

CUTS & SORES.

Apply Zambuk to all wounds and sores and you will be surprised how quickly it stops the smarting and brings ease. It covers the wound with a layer of protective balm, kills all poison germs already in the wound, and prevents others entering. Its rich healing herbal essence then builds up from the bottom, fresh tissues and in a wonderfully short time the wound is healed.

Zambuk's popularity is based on merit. It has been used by the military and navy, and is the only medicine that is used by all others. See all druggists and stores or San-Buk Co., Toronto.

ZAMBUK

large brass bowl from which spring tiny flames of fire is set in centre of the stage around which is given the dance of the Persian believers in the God of Fire.

A Roman scene, is then enacted which proves most spectacular especially the finale when two words of the old style dance of the Roman Copabats is exploited. The tiny sparks that fly from the weapons as each blow is struck, is an emotion pleasing memories of interest.

The picture element of the programme is well sustained in two worthy features.

SMASHES "WHISKEY" JUG WITH "SCOTT ACT" AXE

Some 1,500 People at Queen's Rink Rally Opening Local Campaign

Great success and marked enthusiasm attended the service in Queen's Rink last evening under the leadership of Dr. A. E. Barrows in favor of the Scott Act. Seats were reserved for a large delegation from the Ludlow Street Baptist Church, West End. After a rousing song service by the choir under the direction of Mr. Van Horne, in which several of the new songs were sung, Mr. Van Horne welcomed the Temperance Band and the latter played several selections which were warmly appreciated. A mixed quartette from Leinster Street Baptist Church sang "See Me, Holy Spirit." Geo. E. Knight, manager of the campaign, took the platform and introduced Rev. Mr. Slavart, first secretary of the Dominion Alliance of New Brunswick, who gave a short pointed address on the need and the efficacy of the Scott Act. Mr. Van Horne captured his audience with a great temperance song, "De Brewer's Big House Can't Run Over Me," and was forced to repeat the song.

Doctor Burrows then delivered an address on "Booze and Boozers" in which he said that the liquor business was arrayed against legitimate business, the home, the individual and the nation. He said that the flag of the United States and Canada were held down by the legalized liquor traffic. The crowd showed marked enthusiasm as "Whiskey" that was holding down a Canadian flag, he used an axe labelled "Scott Act," and then caught up his hat and waved it above his head. He brought forth statistics to prove that nearly all the suffering in the United States and Canada was due to liquor traffic.

It is estimated that 1,500 persons were at this service. The temperance organization were invited to attend in body, and many were present. The following ministers were there. Rev. Messrs. Wentworth, Gaetz, Crisp, Haughton, Denstad, Ross, Pinkerton, Thomas, Robinson and Lawson. The outlook for the future of the services is very encouraging to those interested in the movement. Children's services are being held under the direction of Mr. Van Horne and a large children's choir will be a feature of some service in the near future.

A long sentence for stealing kisses has been passed on Charles Guyton by Superior Judge Willis, of Los Angeles, and the convicted man has been sent to San Quentin prison. Guyton was shown to be an incorrigible character, as a pretty highwayman, but the actual charge against him was of stealing six and three kisses from Miss Daisy Stargard, a charming young San Quentin girl. He held up the girl at the point of a revolver, and took the coppers from her purse. Learning that this was all the money she had to get home with, Guyton kissed the girl and returned the money, with the remark, "It was worth it."

RECIPES FOR WRINKLES AND BAD COMPLEXIONS

Of all the beauty recipes that have been published, here are two that have successfully stood the test of time.

Wrinkle Remover—One ounce powdered kaolin, dissolved in pint witch hazel. Use as a wash lotion. It brings instantaneous results.

Face Peeler—Pure mercurochrome, applied at night like cold cream, and rubbed in; wash in the morning. It causes the worn-out dead skin to come off in tiny, almost invisible flakes, a little each day, until the fresh young under-skin is wholly revealed. The beautiful, unobscured complexion thus obtained is not to be compared with one made over with cosmetics. If the old skin is marred with freckles, pimples or other blemishes, these defects are of course discarded with the skin that is cast off.

The ingredients named are inexpensive and can be found in any drugstore.

MEN'S CLOTHING DEPARTMENT

Manchester Robertson Allison, Limited

QUITE RIGHT.

The other evening there was an amusing little episode at a cafe where Sir Herbert Tree was supping with a friend. During the meal Sir Herbert saw at another table a man who strongly resembled A. E. W. Mason, novelist, and he sent a message over by the waiter asking him to come over to their table when he had finished supper. The waiter delivered the message and came back with another: "The gentleman says he is not Mr. Mason."

"Oh, he often plays that trick, just to tantalize people," exclaimed Sir Herbert's friend. "I'm certain it's Mason."

"I think so, too," said Sir Herbert; and the waiter was sent off with another message saying they knew he was Mr. Mason, and again asking him to join them later.

"The gentleman is very angry, sir," said the waiter when he returned, "and he says he is not Mr. Mason!"

Sir Herbert and his friend were still unconvinced, however, but they proceeded with supper, and after he had finished his own supper the gentleman came over to their table.

"I understand," he said, angrily, "that you twice sent the waiter to ask if I were Mr. Mason?"

"Yes, Sir Herbert admitted. "Yes, I did. Are you Mr. Mason?"

"No, sir, I am not," snapped the other.

"Then," said Sir Herbert in his blandest manner, "you were quite right to deny it."

You Can Look as Young as I, Mother

A woman is as old as her hair looks. Mothers with growing daughters, whose hair is beginning to turn gray, can revive their hair to its natural youthful color and brilliancy. No woman under 50 can afford to have gray or faded hair. Mary T. Goldman's Gray Hair Restorer is not a crude dye or stain. It is a clear liquid, pure as water.

It restores four to eight applications, one each day, to revive the life and natural color in faded or gray hair. Each daily application shows a marked improvement. Where the hair is just beginning to turn gray, the grayness will simply disappear with one or two applications.

and get a full-size \$1.00 bottle on a positive guarantee to refund your money if you are not perfectly satisfied. Let the druggist named below tell you of many hundreds of satisfied customers.

If you do not live in the city, then write to-day direct to me and tell me the natural color of your hair and enclose a sample if convenient. I can then give you valuable advice the result of 33 years' experience.

BIG CROWDS AT IMPERIAL YESTERDAY

Same Good Bill Tonight—"Classmates" Tomorrow

It was announced from the Imperial stage yesterday afternoon and evening that the board of censors had put the ban on the two-part feature "The Sun" which had been advertised, but however bad or however good that feature may have been it could not have possibly been more enjoyable than the miscellaneous bill which substituted it.

It was a splendid programme of films—some of those old time mixed lists of pictures in which the Vitagraph, Lubin, Biograph and Selig companies seemed to vie with one another to "get over" something superior to the other.

The Vitagraph offering was one of the "Sun" comedies in which tiny Bobby Connelly played as sweetly as ever. The Lubin was a story of a mistaken husband and the organ of jealousy.

The Biograph presented the differences of opinion between father and son on the automobile question and a baby as "The O' Dundee." There were local news photographs showing the salute on Barracks Square yesterday in honor of Loyalty Day, the start of the Indian work to date, the old "David Weston" disaster, etc.

Tomorrow the Imperial is going to have a feature called "The Sun" which will triumph to the long line. It is Klaw & Erlanger's "Classmates" a play made famous by Robert Edson. This tells the local improvement story which has met a bitter and in after years they meet in a starved condition in the jungle of South America. It is a four-part classic thriller put on by a cast in which such well-known players as Thos. Jefferson, Gertrude Robinson, Henry Walthall, Lionel Barrymore and other famous names are featured.

The Biograph shows, same as "A Fatal Wedding" of last week.

McGILL PROFESSOR STRICKEN SERIOUSLY ILL AT CAPE TORMENTINE

(Special to Times)

Moncton, May 19.—Professor Kirkpatrick the McGill Engineering expert who laid out the Prince Edward Island car ferry scheme for the Borden government and who is at present on the scene overseeing preliminary work of construction was last night stricken with a dangerous condition. About 11:30 last night as the professor was proceeding in his cottage at Cape Tormentine, he was seized with sudden excruciating pains in the abdomen. The attack was so sudden and severe he fell fainting and was taken to his private secretary. A doctor was summoned from Port Elgin and late this morning he was removed to a hospital at Cape Tormentine. It is reported suffering from intestinal obstruction.

NEW COMMISSIONER'S PAVING PROGRAMME HELD UP; THAT IS END, HE SAYS

(Continued from page 1)

Mayor Frink said that Market Square was a public place and in that way different from a street. Regarding the other streets he felt that more consideration should be given to the local improvement act and that the improvement act should be accepted before abandoning the improvements act.

Com. McLellan said that the act provided that the shunters should be charged only with the width of half of an average street, and as they profited by the pavements he thought they should contribute.

Com. Potts moved that the plans for the Market Square pavements be approved, that the shunters be called for at an estimated cost of \$26,442, and that payment be made by debenture issue.

Commissioner Russell seconded the motion.

Com. McLellan said that if this established a precedent he could not support the motion.

Com. Wignmore said that he thought the final payment was up to the assessors.

Com. Potts said that if this was not adopted it was the last recommendation for pavements he would bring in, unless petitions were presented under the improvement act and if they waited for that they would wait a long time.

Com. Russell thought this section stood in a class by itself.

Com. McLellan said he was not opposed to paving the street, but he was opposed to paying the cost of it.

The motion was put, and as it required a majority of 12, it was carried.

"The End," says Potts.

Com. Potts—"That is the end of it then, as far as I am concerned."

Com. Potts then asked the recommendation for the improvement of Victoria Square, North End, by building a retaining wall, grading and filling at a cost of \$42,000, towards which a grant of \$1,000 for a North End playground was available. The motion was adopted unanimously.

Com. McLellan introduced a by-law, notice of which was given on Monday, and which was given its first, second and third readings and adopted. The new law is as follows:

"No person shall deposit or place any paper, either by itself or in combination with other refuse, upon any place within the city used as a dump, either public or private, under the penalty of \$2 for every such act; to be paid by the person or persons offending, or by the owner or occupier of the house, warehouse, store, shop or other building from which such paper or other refuse containing paper, shall have been brought to the dump aforesaid."

Com. Potts brought up the fact that the St. John Railway Company opens up the city streets to lay gas mains, etc., without applying for permission at City Hall and said he would put an end to it.

Road Engineer Hatfield asked if steps could not be taken to enforce the rules for shutting off streets for twenty-four hours after a road has been opened. Instructions were given for the preparation of an amendment to the law providing for a penalty for each offence.

Mention was made of the fact that property owners in King Square and Queen street were preparing petitions for permanent sidewalks.

Com. Russell asked for a policeman each evening at the East End League baseball grounds and Com. McLellan promised to arrange the matter.

BASEBALL With the Juniors. On the Barrack Square last evening the Young Roses defeated the Moawks, 2 scores to 1. Batteries—McKee and Moran; Hatfield and Metcalf.

Several former N. B. and Maine league cricketers are found in the Colonial League which opened its season last week. Bill Cee, formerly with the St. Croix club, started a game on the mound for Fall River, but was taken out in the seventh, slightly wild. "Hannah" Hoyt and Bob Fretette, both of whom figured in the Fredericton line up, are with the team, and Hank Callahan, a Fredericton infielder, is holding down the first bag for the Pawtucket club.

Lou Criger was well remembered by the St. Louis Browns, the latest club with which he was connected, working in it in the capacity of coach and out. On Friday the St. Louis players met their contribution of \$100 to the fund to help Criger. The fund now has grown to more than \$700.

Dr. Frank Sexton, Harvard coach, who has been on the bench all season, has decided that from now on he will let his players run their own games whenever there is a chance. According to the later made up his mind not to interfere with the team on the present trip. Sexton once played with the anarchoes here.

Christy Mathewson took his fourth hit in a row on Friday, beating the reds, who got three runs on nine hits, six of which were two-baggers. When he comes to allowing hits without having ten count, old "Big Six" still is a st. master.

Much interest is being manifested in the sport this year, and a good season is looked for. The schedule will be announced at the next annual final meeting of the league, this week.

TURF. Island Horses. P. E. I. Agriculturist.—The sale of horses and cattle at Victoria Farm the other afternoon was well attended and bidding was brisk. The horses realized all the way from \$175 to \$200. Among the lot sold was Kaloi, 2:19 1/4, to Calvin Howatt of Victoria. Mamie P., another fast trotter with a mark of 2:19 1/4, was sold to Henry Horne. Seven horses were disposed of.

W. H. Miller of Campbellton, N. B., has purchased Rexall Girl from F. W. Hughes, of Charlottetown.

High Mark Passed. In the English billiard tournament in the Ideal parlors last evening three games were played and resulted as follows: Thompson, 150; G. Smith, 184. Thompson, 150; T. Smith, 105. G. Smith, 150; T. Smith, 146.

Local Match. A team has been gathered together to play the St. John Soccer team on the Barrack Green on Thursday evening. The following players are in the regular line up: R. Stockley, T. Reagan, W. Brindle, M. Stockley, T. Keeble, C. Cullen, T. Christie, R. Fenton, J. Telford, A. Brindle and B. Redford, and the reserves are Parritt, Larensson and Hyslop.

With the Boxers. Jim Savage, New York heavyweight, who has been in England for some time trying for a chance at some of the big fellows in that country, has finally secured a match. Dennis Haugh of Tipperary, holder of the light heavyweight championship belt of England, will be his opponent and they will meet at the National Sporting Club of London May 26.

Jerry Jerome, the "aboriginal boxer" of Australia, was giving Ed McGorty quite a battle in Australia the other day when he broke his arm in the sixth round and had to quit.

Jack (Twin) Sullivan, by winning over Soldier Kearns at Buffalo on Friday night last, secured a bout with George Rodell in Brooklyn.

Fred Yelle and Noah Brusso, Taunton boxers, have arrived in England with Alf Dunn, who has posted a forfeit to match the pair against any lightweight in that country.

Carpenter, the French champion, may have to postpone his bout with Gunboat Smith in England. He was learning to ride horseback in Paris the other day when he was kicked in the ankle, and was injured so badly that his physician has ordered him to rest for some time. He has been forced to postpone his match with Dick Smith of England, which was to take place in London May 28.

LEAGUE OPENINGS

Three Local Organizations in Their First Games. Winners Were Nationals, Thistles and St. Stephen's—City Commissioners Officially—City League Organized

With the first ball thrown across the plate by Commissioner Russell, the East End League was officially opened last evening and the Nationals took the honors of the first game from the Glenwoods by a score of 5 to 4. More than 1,000 people were present and they witnessed a first class exhibition and St. Mary's Band played several selections.

Donnelly, the Nationals' shortstop, came through with a one-handed stab at a hot one off McNulty's bat, the star play of the game.

Boudreau pitched a great game for the winners, striking out ten men and passing only three. He allowed four hits. Thompson heaved for the Glenwoods, fanned six, passed six and was hit safely only once.

Sweeps and No. 5 Teams Meet For City Championship

Winners of Five Men League Defeat Champions of City League in First Game of Series

By defeating the Sweeps, champions of the City League, No. 5 team, of the Five Men Team League, made their first stride towards winning the championship of the city. The match was played on Black's alleys and was witnessed by a large crowd. The team from the Victoria alleys won out by a margin of 22 points and although the scores made were all steady, there was no record broken. The details are:

No. 5. Total. Avg. Morgan88 85 118 291 97 Gardner84 74 99 257 85 2-3 Norris80 83 80 252 84 Coughlan96 101 91 288 96 Carleton77 86 83 246 82 484 429 471 1334

Notes of the Game. Morgan's average of 97 was the best. His last string of 118 looked very nice. Coughlan was at it again; although he got over the century mark only once, his average of 96 put him well to the top. But for a slight drop in the first string Boudreau's 93-3 might have been better.

No. 5 have now a portion of the championship won, but they need another game to definitely decide it. Some High Scoring. An interesting two men match was played on Black's alleys last evening when T. L. Wilson and W. Sullivan defeated E. R. Moore and T. Cosman by ten pins. The game was closely fought and was followed with interest by many fans. The total scores were 1,668 to 1,898. Each contestant rolled ten strings. Wilson aggregated the best score, 808, his best string being 120; Moore totalled 949, with a string of 107; 909 was the result of Cosman's endeavors and he succeeded in knocking down 97 in his high string. Sullivan although low man got an even 900; his high string was 107.

NATIONALITY OF PRINCE ALEXANDER

(Canadian Courier)

Prince Alexander of Teck, designated as Canada's next governor-general, is more than half English. His mother was Princess Mary of Cambridge, a grand-daughter of George III. In 1866, the then Duke of Teck, as an Austrian officer, visited England and was present at a great volunteer review at Brighton. There he met the Princess Mary. After their marriage, they lived at Kensington Palace, where their four children, including Queen Mary and Prince Alexander, were born. In 1882 the duke went to Egypt on the staff of General Lord Wolseley, and was present at the battle of Tel-el-Kehir. Subsequently he was gazetted a colonel and a major-general in the British army. His death took place at White Lodge, Richmond, on February 4, 1900. The Duchess of Teck had died two years earlier.

Thus through his father's marriage and adoption of England as his residence, Prince Alexander is English by birth and training. He was educated at Eton and Sandhurst. His marriage with H. R. H. Duchess Alice of Albany was in line with his complete severance with the Duchy of Wurttemberg.

Jim Brown and Tom Smith—to call them by names that are not their own—were room-mates and companions in misfortune. One afternoon they came across a piece of money and they decided to eat dinner in a good restaurant and go to a show afterward. When they had eaten their meal and were calling for the check, the one who was to pay dropped a \$5 gold piece on the floor. They couldn't find it.

"That fixes us," said the other. "We can't go to the show." "Wait," answered the first, summoning the waiter. And to the waiter he said: "I have just dropped two \$5 gold pieces on the floor. Please find them." The waiter searched and while the guests were putting on their coats he found the gold pieces.

"Thank you," said the guests. "Now, when you find the other one keep it for the bill and your tip. Never mind the change." And they went to the show.

Sixty Years Married

Mr. and Mrs. Richard Heffer of Carleton Celebrate Interesting Anniversary

A celebration of more than ordinary interest took place last evening at the home of Mr. and Mrs. Richard Heffer, 265 Ludlow street, West End, the occasion being the sixtieth anniversary of their marriage. A large number of relatives of the family were present to extend congratulations to the happy bride and groom of sixty years who are still enjoying the best of health. The house was tastefully decorated for the happy event, the color scheme of violet and white being tastefully carried out by the young ladies in charge. Many beautiful gifts were presented to Mr. and Mrs. Heffer and included substantial checks from members of the family who were unable to be present.

children of whom only three are still living. They are Osher W., of Santiago, Chili; Mrs. Albert A. Smart of Ronco, Pa., and Miss Emma at home. Mr. and Mrs. Smart arrived in the city a few days ago to be present at the celebration. Messages of good will were received from the son in Chile and grandchildren who were unable to be present. Mr. and Mrs. Heffer have three grandchildren, Miss Virginia and Osher, children of Osher, and Clayton of New York, son of Walter (deceased).

TOMORROW THE DAY PREDICTED FOR BIG FIRE IN INDIANTOWN

Squaw's Prophecy Bothers Few But it is Said Insurance Companies Have Benefited

In fear and trembling many residents of Indiantown await the coming of tomorrow. That is the dread day upon which according to a squaw who visited the city last week fire would again sweep over the further section of North End and leave a path of ruin behind it. But there is one regret which many householders entertain in connection with the prophecy. With almost everybody this time of year is used for house-cleaning, and those who have already finished or are in the midst of the work of it, are exceedingly regretful that the squaw had not been thoughtful enough to warn them in time.

It is really surprising to find what an amount of interest has been aroused throughout the prophecy of the Indian woman. Only a very few have done any worrying over the prediction, but almost everyone about Indiantown has discussed it more or less, though at the same time professing utter disbelief in what had been foretold. Some people have been taking no chances, however, and it is said the insurance companies have reaped a benefit.

LINEN SHOWER. A delightful surprise was last evening given Miss Gertrude McCarthy at the home of Miss Alice Philips in a linen shower when about fifty of her friends assembled in her honor and tendered her a linen shower. She was the recipient of many appreciative gifts which will prove more useful after early next month when she will be a principal in a popular nuptial event. The decorations at the home of Miss Philips were prettily arranged. A pleasant time was had in games and music, with refreshments served about midnight.

DEFINITE NOW THAT THE BASE BALL LEAGUE HAS COLLAPSED

Provincial Games Are Talked Of Instead

St. John and Moncton Have Taken up Proposition and Some Other New Brunswick Places May Come In

The Maritime Baseball League that was to have been announced dead by those interested in it in this city, and all on account of New Glasgow, as one of the members of the local club put it this morning. Plans are now being furthered, however, for the formation of a semi-professional league in the province and already Moncton and St. John have taken up the proposition. It is possible however that the league may not be confined to these towns as the members from other cities and towns in New Brunswick will be welcomed. Joe Page left this morning for Moncton to complete arrangements so far as their team is concerned. The Moncton and St. John teams will be under the same management as the professional teams would have been had the league materialized, that is, the men who were ready to finance the professional league, will put their money into the new proposition. It is hoped that some of the other towns will enter teams, so that competition will be more keen.

LOCAL NEWS

THEY GOT AWAY. ST. JOHN MIGHT WELL LEARN LESSON FROM THIS PAPER OF 1865

Gymnasium Work and Remarkable Exhibition of Strength

Old Paper Tells of Robert Johnston's Proves With the Weights and Climbing the Peg Pole, and Exhibitions Drew Great Numbers

The Morning News, published in St. John nearly half a century ago, has some interesting articles in reference to a gymnasium which was in operation in the city at that time under the direction of Professor Fred Jones, who will be remembered by some of the older residents as a wonderful athlete and gymnast. In the issue of the News, dated May 15, 1865, is an article referring to an exhibition given by the gymnasium class in their hall in King street. In reviewing the exhibition the News refers to the performance of R. A. Johnston, referred to in The Times a few days ago. The News says:—

"Weights—Johnson and Beckwith—The former raising a sixty-five pound bell in each hand over his head and holding two forty-five at arm's length, the latter raising one sixty-five over his head."

In subsequent issues of local papers the following is said of Mr. Johnston's feats of strength:— "One young man of herculean frame and fine development, exhibited immense strength. He put up with apparent ease, two weights of sixty-five pounds each, holding one in each hand. He also held at arm's length two weights of fifty-six each. His name is Johnston; we remember him as a compositor in the Morning News office."

And again we read:—"Mr. Johnston's herculean feats in lifting dumb bells as usual created a sensation. We could not help admiring the well-developed muscular form of Mr. Johnston, and the ease with which he raised the 100-pound dumb bell above his head, or drew his heavy body up the peg-pole."

In those days exhibitions in the gymnasium were popular events. The News of May 15, 1865, describing the fourth exhibition of the pupils, says that long before it began every available space was taken up and that the crowd included the elite and fashion of the city. The proceedings began with physical exercises by fifty-four lads. St. John of today might well learn a lesson from the pupils of 1865. Why should not more prominence be given to gymnasium work, with an occasional exhibition in the new armory. We could not help admiring the well-developed muscular form of Mr. Johnston, and the ease with which he raised the 100-pound dumb bell above his head, or drew his heavy body up the peg-pole."

SIXTY YOUNG WOMEN TO HELP IN TAG DAY WORK FOR FAIRVILLE

Suggestion for Band Stand if There is Surplus

Last evening a meeting of the ladies was held in the Court House to discuss the proposed Tag Day in the playground. A deputation from the Community Council was heard and plans formulated. It is reported that the help of some sixty or more young ladies will be sought and the whole community thoroughly canvased.

The saw mill at South Bay has been down for several days because of the high freshet. The water is now receding however, and will soon it is expected be low enough to permit the resumption of work.

The suggestion made by a citizen last week to the effect that if a surplus were collected in the tagging campaign, part of the funds might be devoted toward erecting a band stand, seems to be finding considerable favor. An occasional band concert would stimulate community life, and if cleaning up day and kindred activities are elevating, it must be remembered that music also "has charms."

There seems to be a strong suspicion in some quarters that the distribution of John Barleycorn still goes on. Several persons have been noticed under the influence lately loitering around the upper part of Main street and the inspectors are said to be keeping a close watch on these "signs of the times."

Alderman Fawcett Purchases Property on Road to Middle Sackville

Sackville, N. B., May 19.—(Special)—Ald. W. B. Fawcett has purchased from W. T. Wood, son of Governor Wood, a farm situated on the road leading to Middle Sackville. Mr. Fawcett, your correspondent learns, will take possession about June. It is understood that the money which has changed hands would warrant the assertion that the price of real estate is not on the decline in Sackville.

A LESSON FOR TROUBLE SEEKERS

William Armstrong was arrested last evening by Policeman McFarlane on charge of being drunk in Paradise row and assaulting pedestrians. He pleaded guilty to drunkenness, but said he did not remember the other matter. He was sent to jail for four months. Policeman McFarlane said he saw the prisoner come up to a man who was standing in Paradise row and, without any warning, strike him in the side of the head. The man who had been struck started back at Armstrong, and it might have happened for him had not McFarlane stepped between them.

BUY CLOTHING BY COMPARISON

Before a business man gives a contract he gets estimates and compares prices. He doesn't give the job, at haphazard, to the first one who makes a bid for it. He wants to be sure that he will get the best and most for his money. And only after he has seen and compared does he place his contract.

Why not apply the same method to the purchase of clothing? Why not be sure that the suit or overcoat you purchase is the best you can buy at the price?

If you could see the results of the comparisons we have made of the clothing sold elsewhere in Saint John with the clothing sold by us, you would open your eyes in astonishment. You would wonder how any man could buy clothing anywhere outside of Oak Hall, in face of the overwhelming superiority of the Oak Hall product.

If every man knew what he could save by buying here, very few men would buy elsewhere. And the way to know is to make comparisons. You might as well save the middleman's profit as pay it, and when you buy clothing anywhere but at Oak Hall you do pay it.

When you buy from us you buy directly from the makers and you pay only wholesale prices. This is why you save the middleman's profit. Comparisons will also prove that in correct style, in variety of patterns and models, in excellence of fabric and workmanship, the Oak Hall collection of new summer clothing has no peer in Saint John.
