BRITAIN AND GERMANY LEAD

Nothing May Come From Offer of Mr. Churchill

RECEIVED WITH FAVOR

London Believes Agreement to Rest From Battleship Building For Period of a Year is Possible for European Statesmanship

(Times' Special Cable)

London, March 28—The point raised by Mr. Churchill as to the possibility of the European nations taking a holiday for a year in respect to the construction of dreadnoughts is regarded with favor by all who are working for peace and good will among the nations.

Released from the foolish rivalry of battleship building these countries then would be able to turn to social and economic development which would be heartily welcomed by the people.

An agreement should not be beyond the statesmanship of Europe. The action of the powers in connection with the Balkan war has proved the possibility of an increase in the common unity.

SAY FIGHTERS HIRED TO ATTACK RAILROAD

TO ATTACK RAILROAD MEN IN MAINE

Arrests Made, Two Pugilists and Three Railway Strikers

Houlton, March 28—Charged with having assaulted Bangor & Aroostook railroad engineers on last Monday night, the pugilist, William McFesty, a colored pugilist, William Rowe, who is also a pugilist, and Leonard McQuinn, all of whom were arrested in the municipal court here.

One of the witnesses testified that he had been hired to attack the railroad men by Frank Nightingale, William Lyon, striking fireman and Parker Geary, a striking engineer. These men also have been arrested.

IMPEACH SHERIFF IN MAINE BECAUSE OF LIQUOR SITUATION

Special Message by Governor Starts Proceedings Against Official

Augusta, March 28—Impeachment proceedings against Lewis W. Montton, sheriff of Cumberland county, for non-enforcement of the prohibitory law were instituted by Governor William T. Haines in a special message to the legislature. Similar proceedings in one or more of four other counties may be expected.

AMUNDSEN TO TAKE HYDROPLANES ON SOUTH POLAR TRIP

San Francisco, March 28—Captain Roald Amundsen, discoverer of the South Pole, has signed a contract to buy two hydroplanes which he will carry with him in the Arctic on his next voyage of exploration in 1914.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stept, director of meteorological service.

Toronto, March 28—The disturbance which was centered over the state of New York yesterday, now covers Newfoundland, and the weather in Canada has cleared. Mild conditions prevail throughout the western provinces.

Good for a Walk. Maritime—Strong westerly winds, clear and cold; Saturday, fresh westerly winds, fair and cold.

D. A. R. TRAIN INTO WASHOUT; CARS BURIED

Serious Accident in Nova Scotia, But No One Hurt—Macaan Washout Makes Trouble on Intercolonial

Bridgetown, N. S., March 28—A terrible smash-up and destruction by fire took place on the Dominion Atlantic Railway just east of Roundhill station, last night. The west bound freight in charge of Conductor John Mennie, struck a washout that must have taken place after the section men had left the track while the train of 14 cars including a big tank of gasoline, went into the hole.

One of English goods and the others were loaded with lumber and scrap iron. Fortunately no one was hurt. An auxiliary train went down after midnight from Kentville and rendered assistance.

Moncton, N. B., March 28—Melted snow and the steady downpour of rain of the last twenty-four hours have resulted in the vicinity of Moncton are flooded, streams are overflowing their banks and it is feared that considerable damage will be done to bridges.

Moncton, N. B., March 28—A big washout was reported on the I. C. R. at Macaan Station. A culvert under the tracks was reported down and the tracks themselves were said to be submerged more than 300 feet from the station house at Macaan. The water at the point where the culvert gave way was estimated to be more than ten feet deep.

No. 9 went bound midnight express, and two immigrant specials were held up by the water to go down. The washout took place at the west end of the station where the tracks are on a short distance from the track are an old pond and the property of the Eastern Railway. There is a small sluice under the tracks to carry away the overflow from the pond but this is not

FATHER McQUIRK, BORN IN ST. JOHN, IS DEAD AGED NINETY

Passed Away This Morning in the Hotel Dieu, Chatham

Chatham, March 28—Rev. Hugh McQuirk died this morning at the Hotel Dieu a few minutes after eleven o'clock. He was born in St. John on Dec. 1, 1823, and was one of the best known priests in this or the St. John diocese. He was in the service of the Holy See in 1871 and his first charge was in St. John.

MORE BURGLARIES IN AMHERST, TWO PLACES VISITED

Arrest of Young Perry Visited Has Not Put an End to the Troubles

Amherst, N. S., March 28—It was hoped that the arrest of young Michael Perry yesterday would put an end to burglaries from which Amherst has been suffering, but evidently not.

Last night two of Amherst's stores in Victoria street were entered by thieves who made a haul of about \$30 and probably goods as well. B. G. Carter's meat market was also burglarized. The office was ransacked and \$11 or \$12 taken. Mr. Carter was unable to tell whether or not any goods had been taken.

At the Amherst Foundry Company's several clocks were left untouched. The amount of money taken is about \$20. Michael Perry, an eleven year old lad, charged with burglarizing Amherst stores, had his preliminary hearing this morning before Stipendiary Magistrate McKenzie. He confessed and was sentenced to three years in the reformatory. He accepted his sentence with a smile. Perry was before the police court previously charged with stealing, and was let off on suspended sentence. It is said he had an organized gang of young lads who rob churches and heret merchants right and left. He is a smart, bright faced boy.

NO RECEPTION FOR DUKE IN ENGLAND

London, March 28—There will be no official reception to the Duke of Connaught either at Liverpool or London.

This is in the express desire of His Royal Highness, in view of the fact that he is merely coming home on a short leave of absence.

BROKE SEVEN WINDOWS. The heavy rains last night deluged a quantity of ice and snow from the roof of the St. Stephen church, in falling, struck the side of the adjoining house and broke the glass in seven windows.

SPECIAL TRAIN. A special train from the steamer Pretorian at Halifax passed through the city on its way westward this morning. There were about 300 on board.

SCENT BIG PLOT BY SMUGGLERS

Arrested in New York and Sensational Revelations are Made

New York, March 28—Officials in the office of the United States District Attorney say that one of the biggest plots in the history of the United States customs service has been uncovered as the result of statements made to them by two women.

Before the plot was discovered an assistant United States District Attorney said, goods valued at more than \$3,000,000 were smuggled into the United States. Some of the articles came by way of Boston, where it is alleged an official of that port and several customs inspectors were in league with the smugglers. Others were brought here from Canada by young women in the employ of the New York smugglers.

Bertha Haldrane, arrested here several days ago, was one of those who posed as a noblewoman. She has made a confession to United States District Attorney Wiese, in which she named several prominent New York persons as having been members of the smuggling band.

Not until Kate Brennan, president of the Misses C. Donovan & Co., milliners, of 29 East 56th street, was arrested in Boston, did Mr. Wiese learn of the gigantic smuggling conspiracy.

Kate Brennan was a buyer for her company. She made two trips a year always sailing from New York, and returning by way of Boston, it is alleged. Boston, March 28—Although the local United States Customs officials are dumb on the subject and refuse to comment without authority from the Treasury Department at Washington, the widespread operations of a smuggling ring said to involve Boston, people, including at least one and maybe several port and return employees of the government. The sensational methods, so far as are known, reveal some of the cleverest schemes for defrauding the government out of duty on imported furs and in the interests of a number of New York dressmakers.

According to the story told unofficially, the smugglers would have New York for Paris and London under their own names and return from Europe by way of Boston, landing with their baggage here under assumed names. What the special treasury agents here have learned has warranted action on the part of United States Attorney Wiese of New York. This rail route is expected to be used by New York, but others are expected it is said.

CURRIE BROTHERS WOODEN BUILDING IN QUEEN STREET DESTROYED—PRESENTATION TO REV. MR. MACDONALD

Fredericton, March 28—Fire, which at one time threatened to assume serious proportions, early this morning destroyed a wooden building in Queen street west, owned and occupied by Currie Brothers, grocers. James Lyons, who lives in an adjoining building, was awakened at two o'clock by the smell of smoke and gave the alarm. When the firemen reached the scene a few minutes later the building was a mass of flames. A strong westerly wind was blowing, but fortunately rain had fallen during the early evening and this greatly aided the firemen in preventing the flames from spreading to adjoining structures.

The fire did little damage outside of the building in which it originated. The fire broke out at about 11:30 p.m. and was extinguished at 1:30 a.m. The Currie Brothers building was a two-story structure. The fire was caused by a gas stove in the kitchen. The Rev. Dr. Macdonald, who will leave for Ottawa on Saturday to assume his new charge, was last evening banquetted by the ministerial association at the Auld Kirk. An address and good headed cake were presented by members of the association.

There was a heavy rain fall here during the early part of last night but along towards morning the mercury dropped below the freezing point. The change was the most sudden experienced here this winter.

Funeral of Mrs. Alexander Stephenson, who died yesterday as a result of swallowing carbolic acid, will be held from her mother's home here tomorrow.

INCREASE OF PAY TO C. P. R. ENGINEERS

Montreal, March 27—Following negotiations between a committee of the Brotherhood of Locomotive Engineers and the C. P. R., an increase in wages amounting to 10 per cent has been announced today, to be effective on the 1st of April.

WIVES DOWN IN ALL DIRECTIONS. Montreal, March 28—With telegraph wires down in every direction, telephone service within and without the city seriously impaired, and trains delayed from all points, Montreal, was until noon today, cut off from the outside world. By twelve o'clock communication by wire had been established with the maritime provinces and with Ottawa.

AUSTRALIA BACKS UP THE LAURIER POLICY

Melbourne, March 28—The cruiser Melbourne received an enthusiastic welcome on Wednesday. Speeches at a ministerial banquet to the officers emphasized the contention that the Australian policy of separate naval co-operation with the imperial fleet, was a sound policy for the overseas dominions.

The radical press supports the Liberal party's fight in Canada for the Laurier policy.

Mr. Pearce predicted that other dominions will eventually follow Australia's lead.

GALANT TURK GIVES UP HIS SWORD TO ENEMY

Adrianople, March 27—King Ferdinand of Bulgaria which fell before the assault of the combined Bulgarian and Serbian armies. He drove through almost entire lines of Turkish prisoners and proceeded to the military club, where Shukri Pasha the heroic Turkish commander-in-chief handed him his sword. King Ferdinand returned him the weapon, with a few complimentary words.

Two days afterwards, accompanied by his two sons and Generals Michael Savoff, Nikola Ivanoff, and Kacho Petroff, His majesty reviewed his victorious troops.

The attempt made by the Turks to destroy the railroad bridge over the Maritza River, was partially successful, but repairs are being carried out and trains will be running within a week.

DEATH LIST MUCH REDUCED TODAY

Revised estimates which came in early today from the flooded districts of Ohio and Indiana, showed that reports of loss of life in many cities and towns had been exaggerated. The greatest anxiety still centred about Dayton, where an accurate estimate of the number of the victims of the flood is not yet possible.

The death tolls promise to be much less heavy at Columbus, Ohio, than first reports from the western part of that state indicated.

In the parts of Dayton which have been explored in motor boats, the death list has been greatly reduced from first estimates, and until the number of victims in flooded sections of the city is known, it will be large, the dead in the entire city may not number more than 200.

In Piquette where more than 500 persons were reported drowned fewer than twenty lost their lives, according to a despatch today.

In Chillicothe, where the number of drowned was reported to be in the neighborhood of 200, the dead will not exceed twenty-five. Similar results were expected at Zanesville and other Muskingum valley towns.

ANOTHER NEW SUB-DIVISION NEAR CITY ANNOUNCED

A new sub-division, to be known as Fairville, is to be placed on the market within a few days. It is distinguished as the first of the additions to offer building lots on streets already laid out and with water and sewerage installed. The property is located on the southern side of Fairville opposite the junction of Main street and Manawagonish road. It is connected with Main street and the street car line by Charles street and connects with the Manawagonish road by Orange street.

In addition to these, George and Peter streets already have been laid out and built up, and Arthur, Frederick and Coater streets have been surveyed. It consists of a French-Canadian syndicate in Montreal. The purchase was made through Taylor & Sweeney of this city and they will handle the sale of the lots.

HOUSING IN ST. JOHN

The city commissioners spent an hour this morning discussing the housing problem. After reviewing the situation they were inclined to take the view that the lack of houses was not due so much to a lack of land as the lack of money for building purposes or the necessary enterprise to undertake the work. They will continue their investigations in an effort to learn whether there is anything which the city can do to relieve the situation.

Another view of the matter was presented to a Times reporter this morning by a prominent citizen who has been interested in building residences around the city. He said that he was willing to undertake further building operations if they could be financed on a basis of long term loans. He would be too glad to pay one hundred per cent more for the labor besides much higher prices for materials. He said that if the working men increased the cost of their day, the cost of building would be so great that nobody could undertake the erection of houses.

WIVES DOWN IN ALL DIRECTIONS

Montreal, March 28—With telegraph wires down in every direction, telephone service within and without the city seriously impaired, and trains delayed from all points, Montreal, was until noon today, cut off from the outside world. By twelve o'clock communication by wire had been established with the maritime provinces and with Ottawa.

TRAP SHOOTING

Preparations for the maritime trap-shooting meet to be held in St. John on June 3, 4 and 5, are advancing rapidly and indicate a most successful gathering. It is expected that about sixty members of the various maritime clubs will be on hand and in addition there will be about ten professionals from Montreal, Toronto, Ottawa and the United States.

AWAITING WORD ANXIOUSLY

H. S. Culver, American consul here, is eagerly awaiting news from the flood district in the south western states. His home town is Delaware, Ohio, which is one of the communities that suffered heavily.

IS ASHORE IN ST. MARY'S BAY

Schooner Men's Rough Night on Fundy Waters

QUICKSTEP GOES ON BEACH

(Special to Times)

Digby, N. S., March 28—A telephone message at three o'clock this morning announced that the American schooner Quickstep, Captain Matlock, was ashore in St. Mary's Bay about one quarter of a mile west of Speech's Cove and that the crew were safe after a terrible night's experience in the bay. The Quickstep has between 70,000 and 80,000 pounds of fish on board and there is no insurance on either vessel or cargo.

In an interview over the telephone with Captain John Simms, who is a member of the crew, your correspondent learned that the Quickstep left Barrington at daylight yesterday for Eastport to land her fare. The wind was then about east south east. After getting around the cape the wind blew away their job. The mainmast was reefed and they decided to run for Westport.

The lot then became dense, as Yarmouth Cape was passed at two o'clock but it became so rough that they decided to run up St. Mary's Bay. Captain Simms says that the seas were the worst he has experienced in that locality in thirty years. After running until dark they anchored and tied up everything giving the vessel the cable anchor with seventy-five fathoms and the other one with all the chain she had. In less than two hours both the cable and chain parted. Sail was again made, soon after which the jumbo sheet parted and the sail became useless. With both anchors and headsails gone the vessel became helpless but nevertheless she was cleverly handled and the captain and crew endeavored to beach her where they could save their lives and also, if possible, the vessel. She struck west of Speech's Cove, back of Clementsport, between one and two o'clock this morning just before high water.

She appears to be very little damaged if any. The tide has left her and she will not float again before this afternoon. The vessel was west southwest when she was struck but has since hauled more westerly and will probably go northward, which will be directly on the Digby. The agents of the vessel, are D. & O. Sproule.

LABOR TEMPLE FOR SYDNEY, N.S., PLANNED

Three Story Building is the Project—Some of the Details

Sydney, N. S., March 28—Sydney may have a labor temple.

The Sydney Trades and Labor Council has the scheme under consideration. It will involve the erection of a large building for the home of labor unionism in the city.

The plan contemplates a structure of at least three stories. On the ground floor there would be one or two large stores. The establishment of a co-operative business to handle only union made goods is one of the details for consideration.

The second and third floors would be fitted up for the use of the trades union and railway brotherhood. One floor would be converted into a workmen's club. In this way the trades union of Sydney would be raised in the usual way from the members of labor unions in Sydney and other places, by the sale of shares in a joint stock company to be incorporated for its purpose.

WEDDING RING LOST 20 YEARS AGO IS FOUND

Paris, March 28—While walking along the beach at Trouville a girl found a wedding ring on which was engraved—"F. de Beaumont and Charlotte Laboulaye, 24th March, 1892."

The ring belongs to the Marquis de Beaumont, who lost it at Trouville more than twenty years ago while bathing. The ring was forwarded to the marquis, who was delighted to recover it.

DEPORT SUFRAGETTES TO ISLAND HIS PLAN

London, March 28—Lord Robert Cecil, member of the House of Commons for the Hitchin Division of Herts, and son of the late Lord Salisbury, in a letter to the London papers advocates the deportation of Suffragettes convicted of military offences to a remote island.

Forcible feeding, he says, is futile; so the courts should be empowered to sentence the women to deportation to some distant island. Once there they could be left at large. Food and lodging would be offered to them, but no compulsion put upon them to accept it.

Lord Robert Cecil says that the women would have no right to object, because they would be treating them like prisoners of war, and would be identical with a special kind of treatment adopted for certain criminals.

"Little chicks are soon roasted"

Every cocoa manufacturer must remember this homely proverb or he'll scorch his reputation as well as his flavor.

Cocoa beans vary in size. If roasted together, the small beans would burn by the time the large ones were brought to the right flavor. To insure a perfect, uniform roast, the small and imperfect beans are removed.

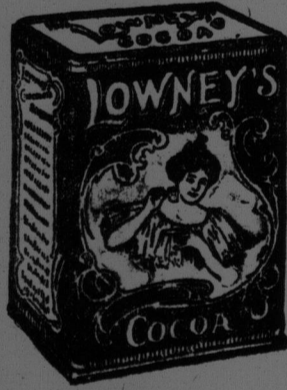

Variations in weather, fertilizers, pickers employed and a hundred and one other things, all influence the quality of the cocoa beans. We therefore test each shipment of beans for flavor.

Only strict standards in buying, blending and roasting can insure the unmatched flavor that Mr. Lowney insists on.

You invariably find in Lowney's a full, exquisite richness to be had in no other cocoa.

Sold by grocers. In tins—10c to 50c sizes.

CABINET SHUFFLE IN VIEW

An Ottawa despatch says that inquiry in authoritative circles elicited an absolute denial of a rumor that Hon. Dr. Roche may become minister of public health, and that Arthur Meighen may succeed him in the interior department.

It was suggested some time ago that a health department might be established, but it has met with considerable strong opposition from unexpected sources and has not been seriously considered. What is quite possible is that certain branches may be lopped off the interior department and assigned to others, in order to relieve the minister of some of the pressure of work. If this is not done, it is understood that Dr. Roche, whose constitution is far from rugged, may later on exchange portfolios with some other minister whose work is lighter. It is not intended, however, to create any more cabinet positions.

Little Beauty Chats
By BLANCHE BEACON
Japanese Beauty Ways

In Japan one never sees a creature of the feminine sex with a blotchy face. Always the skin is as smooth as an inland lake on a fair spring morning. There is a reason for this and if you read on, you will know what it is.

Japanese women live practically out of doors. Even when in the house there is only a sheet of thin paper between them and the outer world.

Then, too, it is not the custom in that faraway country to eat much meat or pastry. The Japanese girl is brought up on fresh vegetables and fruits—simple fare, but beautifying withal.

Broad is another thing that the Japanese beauty checklist, as she thinks it, a strange and useless food. She may be wrong as to this, but she certainly seems to thrive on a diet that lacks the article of food over which Americans and Europeans enslave.

It is said that Japanese women bathe oftener than the women of European countries, and we all know what soap, water and friction will do for the skin. Would you like to know whether they favor the hot or cold bath? Yes! Then be not disappointed when I say that the tepid bath is the favorite with the Japanese man or woman.

You will never find a Japanese woman committing the folly of wearing snug clothing. She clings to her pretty graceful kimono which neither binds nor restricts. I think she realizes that when the circulation is impeded the skin grows red and blotchy.

ST. JOSEPH'S ORCHESTRA
GIVE FINE PROGRAMME
Delightful Concert Numbers Enthusiastically Received in St. Malachi's Hall

The Young Men's Society of St. Joseph's orchestra, their capable director, M. F. Kelly, and those assisting are to be congratulated on the artistic success achieved at their annual concert given in St. Malachi's Hall last evening, and on the very satisfactory attendance in spite of the severity of the weather. Many more, no doubt, would have been there but for the heavy storm and there was expression of the hope that the programme would be given again when the weather conditions were more favorable.

The several hundred people who gathered in the hall were certainly well repaid. They heard orchestra selections played excellently by the young men under Mr. Kelly's leadership, and a very superior programme of vocal solos, duets, trios and quartets by Miss Adele Harney, soprano; Miss Minnie Myles, contralto; Messrs. J. A. Kelly, tenor, and James W. Griffith, baritone. Miss Harney's singing needs no comment, and last evening she sang delightfully. Miss Myles has a rich contralto voice and won praise and popularity in all her numbers. Mr. Griffith's solo was given in fine voice and style, and he ably sustained his part in the quartette, and in a duet with Mr. Kelly. The latter also sang three solos to the delight of all and carried his audience to enthusiasm over his work. Miss Eunice W. Haines was a very efficient accompaniment. The worth of the programme can be seen by a glance at the numbers. They were all most enthusiastically received and the response was generous. In all it was a most enjoyable evening. The programme was as follows:

Orchestra—(a)—"Victorious Phalanx"; (b)—"Glorious Overture"; (c)—"Hunting Song"; (d)—"King Arthur"; (e)—"Meers, Kelly and Griffith"; (f)—"Mean of Arc"; (g)—"Beit and Air"; (h)—"Dance"—Miss Harney.

"Blow, Blow Thine Winter Wind"—(Soprano)—Miss Harney.

"Come Into the Garden Maids"—(Duet)—Mr. Kelly.

Orchestra—(Duet)—"Lucia di Lammermoor"—(Selection).

"O Memory"—Misses Harney and Myles and Mr. Kelly.

(a)—"Still As the Night"—(Bohm); (b)—"Because"—(P. Hardol)—Miss Myles.

"Dreams of Gladness"—(Moir)—Miss Harney and Mr. Kelly.

"You're Young"—(Danza)—Miss Harney.

(a)—"I'll Sing These Songs of Araby"—(Clay); (b)—"I Hear You Calling Me"—(Marshall)—Mr. Kelly.

Orchestra—"Polish Dance"—(Scharwenka).

"Rigolotto"—(Quartette)—(Verdi)—Misses Harney and Myles, Messrs. Kelly and Griffith.

Eat and Get Thin

This is turning an old phrase into a new one, but modern methods of reducing fat have made this revision possible. If you are overweight and also suffer from physical exertion and likewise find of the table and still want to reduce your excess flesh several pounds, do this: Go to your druggist (or write the Marmola Co., Farmer Building, Detroit, Mich.) and give him (or send them) 75 cents. For this modest amount of money the druggist will put you in the way of satisfying your ambition for a nice, trim, slim figure. He will hand you a large case of Marmola Prescription Tablets (compounded in accordance with the latest scientific methods), one of which you must take after each meal and at bedtime until you begin to lose your fat at the rate of 12 to 18 ounces a day. That is all. Just go on eating what you like, leave exercising to the athletes, but take your little tablet faithfully and without a doubt that baby flesh will quickly melt into itself, leaving behind it your natural self, neatly clothed in firm flesh and trim muscles.

We'll Be Glad to Receive You!

Daily Hints For the Cook

BATTER PUDDING
One egg, 1 tablespoon of flour, 1/2 cup milk, a pinch of salt (this may be increased up to six parts of each ingredient). Steam in cups one hour. Serve with any sauce.

TO COOK PORK CHOPS.
Remove fat from as many chops as needed. Lay in deep pan. Cut up one large onion. Season with pepper and salt, and a generous sprinkling of celery salt. Cover with water and cook slowly until done. Add more water as needed; thicken gravy and add small piece of butter.

PINEAPPLE TART.
Make a pastry of a quart of flour, half a cupful of lard, butter and sugar and the beaten yolks of 3 eggs. Stew a can of grated pineapple until clear with half a cupful of sugar and a tablespoon of cornstarch rubbed smooth in a little cold water. Line a baking dish with the pastry, pour in the pineapple, bake until crust is done, cover with meringue and bake until puffed and brown.

J. FRANK TILLEY MANAGER.
Sussex Record.—J. Frank Tilley, formerly of Sussex, will be the general manager of the big new dairy company, which has just been organized in Montreal. The milk supply of that city has long been a source of strong criticism and during the summer months it is alleged that hundreds of children have died through using impure milk. A company with a capitalization of a million dollars, backed by some of the leading business men of Montreal, will make an effort to bring about new conditions. A quarter of a million is to be spent on a plant for purifying milk as it comes in and an elaborate system of sanitary delivery will be inaugurated. Mr. Tilley who has been with a large Boston firm, has resigned and will take over his duties in Montreal at once.

EARLY STREAM DRIVING
Gleaner.—John A. Morrison has returned from the scene of his lumber operations on the headwaters of the St. John river. He says that there is not more than from sixteen to eighteen inches of snow on the headwaters of the St. John river, and that earlier stream driving than usual is looked for. Warm weather, he declares, will make good driving conditions.

LADIES' TOMORROW!

On Saturday morning there will be an important sale of ladies' tailored raincoats at F. W. Daniel & Company's, head office, King street. This is a special purchase of raincoats, and every garment is a wonderful value, and all have perfect fitting tailored collars that do not sag or leave an open space at the neck—some are raglans, others have "set-in" sleeves. We can recommend these garments in every way—see advertisement on page 5.

NOT MUCH CHANGE

Very little change was reported this morning in the case of Mrs. Henry Ingram of the hospital, who is seriously ill in the hospital. She was brought to the city yesterday by her husband and daughter, Miss Ingram, graduate nurse of Toronto Hospital, and taken to the general public hospital, where an operation for peritonitis was performed. The brothers, Rev. W. R. Robinson and Charles Robinson also came to the city yesterday morning, accompanying Mrs. Ingram from Newcastle.

WAS BROTHER OF PROMINENT ST. JOHN BUSINESS MEN

At Dipper Harbor on March 23, Patrick McCullough died at the former residence of his brother-in-law, the late Charles Devine, in the eighty-fifth year of his age. He was born in County Tyrone, Ireland, and came to the country when a young man and carried on a dry goods business. The firm was Devine & McCullough. Later on he moved to Bathurst, N. B., where he lived for several years, and from there he went to Dipper Harbor about twenty-seven years ago. He was a member of the late Henry McCullough of the firm of H. & H. A. McCullough of St. John, who died about six years ago. The late Mrs. Charles Devine was a sister. The funeral was held from his late residence to the Catholic burying ground at Dipper Harbor. The firm of Devine & McCullough at one time had their dry goods store in the basement of the old Market building that stood at the foot of King street in the olden days.

FOR NEW ORPHANAGE

The assembly held last evening in Keith's for the benefit of the fund being subscribed towards the establishment of an orphanage for the children of Orangemen throughout the province was most successful. The Best Quality at a Reasonable Price

Gold or Gold Filled?

A mistaken idea in regard to gold and gold filled spectacle ware is very prevalent. As one of our customers recently expressed it, she preferred gold filled to solid gold because the gold was too soft and bent too easily.

Her impression was wrong. Gold is of all known materials for spectacle making the best and most serviceable. It will not rust or corrode. It can be tempered and has great resiliency, while gold filled spectacle ware, which is the imitation, the substitute, lacks these very essential qualities.

When your gold frame is bent it springs back to its original shape, when your gold filled frame is bent it stays bent. The additional cost of gold over filled is only about two dollars.

Come in and let us illustrate these qualities to you.

WILLIAM J. BURNS, FAMOUS DETECTIVE, IN KALEM PICTURES

What is described as one of the most interesting picture features ever produced is the Kalem three part drama "The Land Swindlers," in which a leading role is taken by Wm. J. Burns, the world famous detective, who played such a prominent part in the McNamara conspiracy, and who also had a hand in the Russell case in Montreal. This picture will be shown next Tuesday at the Gem, but owing to the great demand for it in the States, it will be impossible to show it any more. It is not released from the studios until Tuesday, so that there will be a new show Monday and another new show on Tuesday, which will be the great detective running to earth a band of land swindlers.

THE HOUSING PROBLEM

The meeting that was held in City Hall last evening to discuss the proposition to open up city lands on the Gypsy Settlement Road for building purposes was only useful to the extent that it placed additional emphasis upon the need of better housing facilities and of closer union between the city and the outlying parishes. After hearing all the various speakers had to say the commissioners said that no action would be taken until a comprehensive scheme for town planning had been arranged. Before this can be done a town planning commission must be appointed, with the approval of the governor-in-council. The commissioners are doubtless more deeply impressed after hearing the various speakers last evening with the need of prompt action in this matter. The suggestion that a workingman's house could be erected for \$600 did not appear to be generally accepted, even if the workingman himself should do a good deal of the work. The sum of \$600, when we consider the present high cost of material and wages, and the movement for a shorter working day, would certainly not go very far, nor would a house built for that price offer very much comfort or attraction to a family in which there were a number of children. It is very desirable, however, to have this matter discussed, and to have the attention of the people generally directed to the question of better housing accommodation. Unless all signs fall there will be a considerable addition to the population of St. John this year, and since a state of congestion, so far as housing is concerned, exists at the present time, it is perfectly clear that much worse conditions will exist next winter, unless immediate steps are taken to provide more houses. The extension of the street car lines into the suburbs will encourage people who have a little money to build themselves with homes in the outskirts, and thus improve the conditions in the city itself.

THE PURISTS AT OTTAWA

Political reform as it is understood by the Conservatives in power does not appear to be the kind of reform which they advocated when in opposition. There is a fine illustration in the records of the department of Hon. J. D. Hazen, minister of marine and fisheries, and member for St. John. The facts have already been set out in the press of Nova Scotia, but were once more spread before an admiring crowd yesterday in the house of commons. Briefly it was shown that on the recommendation of a defunct Tory agent a man who had been convicted of forgery and was undergoing a sentence of imprisonment for twelve months was appointed to office in the marine department and was released from jail long before his sentence expired. One can easily picture the parities of the Tory party boasting of their great work in purifying the public service, and citing the case of this Nova Scotia gentleman as the proud proof of their success. Doubtless the fact that an ex-convict postmaster fell under the scrutiny of the reformer and that from the Atlantic to the Pacific the head-hunter has achieved great victories would also be cited as indisputable evidence that the axe had been even more successful in the country than the steam roller in the house of commons. Political reform is a great achievement. Any Tory politician would assert the fact, and most of them appear to be trying to prove their fidelity to the cause by seizing any office within their reach.

AN INTERESTING EXPERIMENT

The United States Bureau of Education tells of an interesting experiment that is being made in Kansas city for the benefit of school children over fourteen years of age who have only reached the fifth grade and to whom the ordinary work of the public schools is distasteful. What has been called the Lathrop Industrial School has been organized for the special benefit of such pupils. Of its course an exchange says:

"Courses in branch wood-working, shop drawing, pattern-making, printing, carpentry and shop electricity are provided for the boys; cooking, sewing, millinery and embroidery for the girls. Classes in plumbing, bricklaying and concrete work will be formed as soon as the demand warrants. The academic branches are also taught in this continuation school, but they are taught in close relation to the industrial subjects. Arithmetic concerns the problems of the shop. English consists of practical instruction in necessary business forms; no attempt is made to teach technical grammar. Geography and history are taught from the commercial viewpoint, and local government is an important subject. The course is three years. During the first two years the teacher directs the choice of the pupils, but for the last year each pupil is allowed to select his work in the trade he wishes to learn. Time is about equally divided between industrial and academic branches. Work such as that done in the Lathrop School promises to make valuable citizens out of children who might otherwise never find themselves."

THE PEACE CENTENARY

London, March 27.—The object and scope of the Anglo-American exposition which was to be held at St. Nicholas' Basil in 1914 to celebrate the centenary of peace between the two English speaking nations was explained by the lord mayor at a meeting of men prominent in the public eye.

It was said originally that the scope of the exposition would include demonstrations of the progress of arts and sciences in the two countries for a century, and also a strong historical section. The lord mayor said today that the exposition also would include demonstrations of the progress of education, navigation, railroad building, bridge building, tunnelling, electricity and hydraulics.

Resolutions adopting the scheme were passed as well as a motion that the project shall be devoted to some as yet undefined object of national utility in the United States and the United Kingdom.

BIRTHDAYS OF NOTABILITIES

FRIDAY, MARCH TWENTY-EIGHT—Major-General the Right Hon. Sir Matthew Aylmer, the eighth Baron Aylmer, celebrates his seventy-first birthday today. He was born in Melbourne, Que., and was educated in Montreal, Richmond and Dublin. He entered the 7th Royal Fusiliers in 1864 and saw considerable active service. He entered the Canadian military service in 1870 and rose to be inspector general of the forces, retiring in 1907. He succeeded to the title in 1903 on the death of his father.

The Hon. J. H. Gallinger, a Canadian who has achieved prominence in the political life of the United States, was born in Cornwall, Ont., on March 28, 1837. In early life he was a printer; then he took up the study and practice of medicine. He entered public life in New Hampshire in 1872 as member of the State House of Representatives, rising to be United States Senator in 1891, an office he still holds.

LIGHTER VEIN REAL HUMILITY.

Calvin—I have my opinion of your recop. The idea of his preaching on humility! Why, he never goes to church excepting in an automobile!

"Martin—I know he doesn't; but he uses a 1910 machine.

NOT THERE.

There is a good deal of complaint because people don't walk more, but it does not come from the head of a large family with shoes to buy.—Atholton Globe.

A commercial traveller was bragging about the magnitude of the firm he represented.

"I suppose your house is a pretty big establishment," said the customer.

"Big? You can't have any as far as dimensions. Last week we took an inventory of the employees, and found out for the first time that our cashiers and four bookkeepers were missing. That will give you some idea of the magnitude of our business."

NO INDIGESTION, GAS OR A SOUR STOMACH

"Pape's Diapiesin" Stops Fermentation and Makes Your Upset Stomach Feel Fine in Five Minutes

Wonder what upset your stomach— which portion of food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and spicy, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and urinate undigested food; breath foul, tongue coated—just take a little Diapiesin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps the delicate organ regulated and eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapiesin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

"A NATION OF DYSPYPTICS"

American People Have Been Called

Hurried and careless habits of eating, irregular meals and foods that do not harmonize, tend to weaken the digestive organs and result in different forms of stomach trouble.

If you are one of the unfortunates who have drifted into this condition, eat simple foods only, slowly, regularly and take Vinol, our delicious cod liver and iron tonic.

Mr. W. E. Waterhouse of Portland, Me., says: "My experience leads me to believe that no other remedy equals Vinol for stomach troubles. After suffering for years and trying all kinds of remedies without help, Vinol cured my stomach trouble and built me up so I can eat heartily without the slightest distress."

The recovery of Mr. Waterhouse was due to the combined action of the medicinal elements of the cod's livers—aided by the blood making and strength creating properties of iron, which are contained in Vinol. We will return the purchase money every time Vinol fails to restore your health.

THE LANCASTER LANDS MATTER

The proposals to open up the city land on the Gypsy Settlement Road for building purposes was discussed at a meeting of about thirty citizens with the mayor and city commissioners last evening. Various suggestions were made, but the commissioners took the stand that they could undertake no such work until the town planning scheme had been completed.

Mr. Hatheway outlined his plan which was that the land should be laid out in lots 50 by 100 feet with 60 feet streets and the lots sold from \$100 to \$200 on easy terms to workmen who would be required to erect houses costing not less than \$800 in order to retain the title. Mr. Hatheway had been assured that if fifty families settled there the St. John Railway Company would extend its line to the district.

Commissioner Schofield said that, as the district was not within the city limits, the city could not undertake the laying out of streets or supplying water and sewerage.

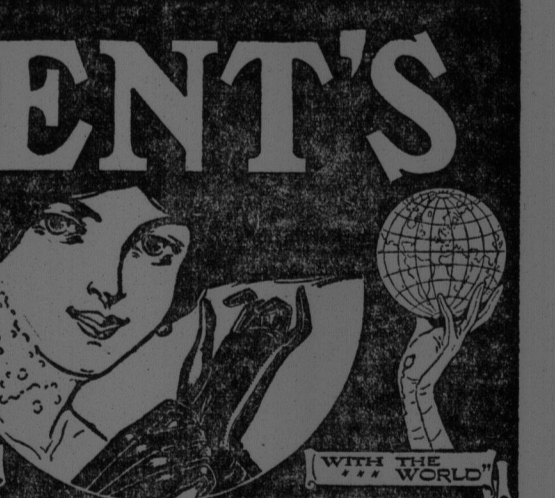

Mayor Prink suggested that development work might be undertaken more easily if the parishes of Simonds and Lancaster were included in the city limits.

Commissioner Wigmore urged the need of developing the land back of Fort Howe and in Stanley ward. He understood that some of those who were advocating selling the city lands, at low prices were holding tracts of land elsewhere for fancy prices. Commissioner McEllen referred to the necessity of coping with the housing problem, saying that in one place he found seven persons living in three rooms.

Among those contributing to the discussion were: James Surges, president of the Trades and Labor Council; Charles P. Stewart, of the carpenters' union; Rev. J. J. McNeill, J. E. Tipton, of the "Home-keepers' union; Councilman Golding and Brynny, Alex. Wilson, of the Wilson Box Company; J. Lynch and J. J. Hughes, of the Plumbers' union; M. J. Burns, of the machinists' union; Rev. J. H. A. Anderson and Rev. Miles McCutcheon.

PREMIER CONFIDENT AS TO SHIPBUILDING PLANT HERE

Premier Fleming, on arrival here last evening, expressed his unbounded confidence in the prospects for the establishment of a shipbuilding plant in St. John. He said that the construction of the big dry dock in the east harbor was a great step towards securing the shipbuilding industry. Although nothing definite had been decided, the premier said that the plan of sending delegates from the provincial municipal and city governments to the old country to negotiate with the shipbuilding firms had much to commend it.

The premier referred to the suburban railway bill and pointed out the great advantages to the city of having the opportunity for expansion offered by the new company's projects.

A SOCIAL DUEL STIRS LONDON

Mrs. Churchill Brainy Rival of Premier's Wife

THE WAY IT WORKS

Wife of First Lord Usurping Position of Mrs. Asquith, Who Should Be Socially Supreme—Some Things Which Have Assisted Her

(Times' Special Correspondence)

London, March 18.—One of the most interesting struggles for social supremacy ever witnessed in English political society is now being waged between the wives of two of Britain's foremost statesmen. For more than a year Mrs. Winston Churchill, wife of the brilliant first lord of the Admiralty and probable future prime minister, has been attempting with considerable success to wrest from Mrs. Asquith, wife of the present premier, the position of chief political hostess of the Liberal party.

The duel between these two women has, of course, been conducted in the most decorous manner possible. There has been no public rupture and little or no outward evidence of contesting antagonism between them; but the intimate friends of both have been aware that for some time the wife of the younger minister has been covertly and unostentatiously but none the less surely challenging the social supremacy that, among the great political hostesses, has always been accorded in England to the wife of the premier.

Indeed, so cleverly is this supremacy accorded automatically to the wife of the prime minister that Mrs. Asquith, who is so brilliant and so ambitious, would never have thought of challenging it but for the fact that Mrs. Asquith did things which, as the wife of a less important person than the prime minister would have done, have served to enhance her reputation for cleverness,—but which actually smacked of the more staid and influential of the powerful Liberal women who affect the city.

These women, like Lady Granard, Lady Cowdray and Lady Crewe, thought it ill became the dignity of the prime minister's wife to have her name freely mentioned in the press as having given a party at Downing street with the direct object of helping to advertise the gowns of a French modiste. One slip of the tongue, or one might have been forgiven, but then came others in quick succession. There were several hostesses who declined to go to the party, and Mrs. Asquith's house to meet a barefoot dancer upon whom the prime minister's wife chose to bestow her particular attention some few years ago. Soon after came the case when Mrs. Asquith, in the witness box, glibly smilingly asserted the fact that getting into debt tended to enhance a lady's social reputation. Mrs. Asquith no doubt spoke the simple truth, but it was regarded as a terribly indiscreet admission for her to make and several of the most influential Liberal hostesses told the prime minister so.

These and other indiscretions on the part of the premier's wife gave the opportunity for Mrs. Winston Churchill to come forward as a social leader, whom the great Liberal hostesses preferred to rally round a lady of so eccentric a disposition as Mrs. Asquith.

Mrs. Churchill was well equipped for the role she was called upon to play. In addition to her considerable intellectual gifts, she possesses great personal charm and a manner that is at once entirely dignified and yet unostentatiously friendly and pleasant. She began by giving the pleasant little dinner-parties at her house in Eccleston Square, but her guests were not confined to the members of the Liberal party, and these dinners soon came to be looked on as among the most important of social events in the political world.

Mrs. Asquith has never attempted this sort of thing. Her entertainments of her husband's party have always on a large scale; they consisted of great evening receptions and were an attempt to revive the old "political salon" style of entertaining which has been discarded since the days of Disraeli, and her efforts in this direction were not conspicuously successful. They degenerated into a general social functions to which no one attached any political importance.

It would have been obviously impossible

DON'T SCOLD CROSS, IRRITABLE CHILDREN

If Tongue is Coated, Stomach Sour, Breath Fervish, Bowels Clogged, Give "Syrup of Figs"

Mother! look at the tongue! see if it is coated. If your child is listless, drooping, isn't sleeping well, is restless, doesn't eat heartily or is cross, irritable, out of sorts with everybody, stomach sour, feverish, breath bad; has stomachache, diarrhoea, sore throat, or is full of cold, it means the little ones' stomach, liver and bowels are clogged up and need a gentle, thorough cleansing at once.

Give a teaspoonful of Syrup of Figs, and in a few hours the foul, decaying, constipated matter, undigested food and sour bile will gently move on and out of the little bowels without nausea, griping or weakness, and you will surely have a well and smiling child shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatic herbs, it cannot be harmful, besides they dearly love its delicious taste.

Mother! should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

London House, corner King and Charlotte streets

George. Now Mrs. Lloyd George is a quiet, kind-hearted, unpretentious sort of woman who finds herself somewhat lost in the great world in which her husband moves so forcibly. But for all that, the wife of the chancellor of the exchequer is, in her own way, a person of some influence.

The wives of the middle class manufacturers who form so strong a section of the radical party, regard Mrs. Lloyd George as a person of the greatest consequence and to offend her was to offend them. Mrs. Winston Churchill had the tact to perceive this, and when she "took up" Mrs. Lloyd George and made her her special friend she did as clever a thing as Mrs. Asquith did a foolish thing in snubbing her.

Mrs. Churchill's friendship for Mrs. Lloyd George has cemented the social bonds between the middle class and the aristocratic and exclusive ladies of the Liberal party. They both meet at Mrs. Churchill's house, and it is a testimony to the real cleverness of their hostess that

they can do so without any quarrels arising between them.

At the Churchill's house you may see the most exclusive liberal hostesses, like Lady Crewe and Lady Granard, hobnobbing with the wives and daughters of the middle class manufacturers from the north and the latter depart delighted and charmed and full of party loyalty. These new gatherings have been a tremendous success and a tremendous triumph for the talented wife of the first lord of the Admiralty.

And so the Churchill's house has now become the recognized headquarters of liberal social activities, and it is Mrs. Winston Churchill whom the great liberal ladies come to consult when arranging their own social programmes. Mrs. Asquith remains, of course, the official premier liberal hostess. The official dinners to the party leaders are given at her house, and she, of course, controls the invitation lists to the foreign office receptions. But it is Mrs. Winston Churchill's house and not the premier's residence in Downing street that has become the real headquarters of these social activities which so profoundly influence party politics in England.

the Britisher. In all there were sixty starters and Dinning made the pace almost from the start. At the end of the first lap, about 1 1/2 miles, Dinning led from Vermeulen, Zante, Tabriteau, Thonnon, Pettit and Shonck. Holmer was among the first batch, but maintained his place with difficulty, and at the end of the second lap he retired. Dinning won by 630 yards. The result: 1. Dinning, Vermeulen (C. A. Parisien); 2. Shonck (U. S. Paris); 3. Pettit (F. S. Villeneuve); 4. Zante (Italy); 5. Walsburgh (C. A. Parisien); 6. Vig not (U. A.).

Windsor—Aug. 16 to Aug. 23.
Ottawa—Aug. 27 to Sept. 3.
Windsor—Sept. 6 to Sept. 13.
Toronto—Sept. 20 to Sept. 27.
New Track for Amherst.
Amherst, until it lost its track a few years ago, was one of the best racing towns in the Dominion. Now it is going to get back on the racing map again, and an announcement is made that Amherst will have a new half-mile track with a baseball diamond in the centre field.
Charlottetown Exhibition Purse.
The first racing announcement for the maritime provinces this season is that Charlottetown exhibition directors will offer \$2,400 in purses for races, Sept. 24 to 25, the largest amount offered in P. E. I.
Big Sale of Yearlings.
New York, March 27.—The James R. Keene estate sold yesterday to James Keene of New York thirty-six yearlings, now at the Keene farm in Lexington, Ky., for \$60,000. Twenty-two are fillies and the other big heavy, in a ten-round go at the show of the Atlantic Garden A. C. on Saturday night.
Kid Carter's Case.
Evidence in support of the alleged unsoundness of mind of James B. Jennings, alias "Kid Carter," now on trial on the charge of murdering William H. McPherson, who was slain in a South End bar room January 1, is being introduced at his trial in Boston.
A Pennsylvanian who has just died at the age of 108, was refused enlistment in the army in '01 because of old age.

question could be taken up and something done to ensure baseball here this season. Fredrickton people have not got to have baseball, and the question is simply a matter of ways and means, and those so generally anxious and enthusiastic as last year's committee are the right men to work it out successfully.
The Royals.
According to latest reports from Charlottetown, the members of the advance guard of the Montreal Royals are well and are bearing up wonderfully well although they have now been away from home for more than a week. Their appetites, are good, their spring clothes fit well, and whatever troubles they may have, they are hot spots on the sun of prosperity and happiness.
Likes Chance's Prospects.
New York, March 27.—President Frank Farrell of the New York American league club, is pleased with the prospects of the club under Manager Frank Chance in the pennant race this year, he declared on his arrival from Bermuda, where he has spent three weeks with the team in its training camp. The men are about ready now to travel at their fastest gait, he said. Chance was never in better health, said Mr. Farrell. "If he can keep the team within hailing distance of the first division we should be satisfied when the disaster of last year is remembered."
Diamond Sparks.
Knetsch of the St. Louis Nationals, involved himself in a fight with the umpire in a game at Chattanooga, of the Southern League. After considerable wrangling with the umpire, the first baseman struck at the umpire, who hit his forehead. Police soon interfered, but no arrests were made.
The Boston Globe says that there seems to be no doubt that either Chatterton or Javrin will be sent out to some other club before long. The Red Sox get club top \$103 as soon as the Red Sox get under way, but the chances are that one of these men, or on which ever one of them is turned loose, Stahl will insist on an agreement by which he can make a repurchase at any time that he sees fit.
Frank Baker has been hitting the wall like a house fire in the south. In the 14 games in which he has participated he has hit for 438, making 27 hits in 99 times at bat. Baker has made triple, homers and doubles in abundance.
"Red" Wilder, an infielder who was with Fredrickton club last year, has written that he has signed with the Haverhill Club of the New England League.

THE RING

News of the Boxers.
Fred McKay, a Canadian heavyweight, who made his debut in Boston a few months ago as a wrestler, is to be pitted against "Gunboat" Smith at the Fairmont A. C., New York, on the night of April 2.
Frank Moran, a heavyweight of Pittsburgh, who fought Gunboat Smith a two-round go in San Francisco a short time ago, has been signed by his manager, Dan McKittrick, to meet Soldier Delaney, another big heavy, in a ten-round go at the show of the Atlantic Garden A. C. on Saturday night.

BASEBALL

The Fredrickton Situation.
The Fredrickton Gleaner says:—"Not until a fund of \$1,500 is subscribed by the citizens as a foundation with which to do business am I prepared to enter a team in a league and embark on another baseball undertaking for this season," declared the active head of the Fredrickton Baseball Club of 1912 to the Gleaner yesterday afternoon.
"I am willing to give up my time as I did last year and to contribute as much as anybody else to the fund," he continued, "but, when it comes to going through another such experience as we had in going around and gathering funds last year, then I draw the line. I wouldn't do it again."
Also if that programme is adhered to the baseball situation in Fredrickton is certainly deserving of serious attention. As conditions have been the last couple of seasons about \$1,500 has been necessary from the citizens in subscriptions and public benefit functions in order to carry the club through the season, but at the same time it seems like an unreasonable stipulation that this amount must be subscribed and ready before a team is entered in the league for that season.
Tomorrow the league meeting is to be held here, and if Fredrickton is not definitely placed on its feet at that meeting there will be a lot of disappointed and disgusted fans in town. However, such a situation is hardly to be expected notwithstanding the above decisive statement. There is too strong a demand for baseball. It is easy to understand that those who last year handled the club are not anxious to go through the same experience of several canvasses of the city for funds and the better arrangement would be to have the money voluntarily subscribed ahead of time suggested, but the fact remains that this is a late stage in the proceedings to carry out such a programme this season.
As a matter of fact at least \$300 is absolutely necessary—and \$500 would be better—as the amount of capital necessary to get the club started on the season. There is no question as to the ability to raise that amount, and when the season opened and the players here, the baseball fans of Fredrickton can be depended upon to provide the rest of the funds necessary as the season goes along.
If the situation does not seem satisfactory to those who handled the Fredrickton club last year, then it would seem that the committee should call a public meeting of the fans at which the whole

The Divorce Court is to meet in Fredericton on Wednesday of next week when Judge McKeown is expected to deliver judgments in the Prince and destination cases which were taken up at the last term.

TO THE HOSPITAL.

The ambulance was called to the west side this morning to remove one of the passengers from the C. P. R. steamer Lake Manitoba. He was taken to the hospital, and it is thought he is suffering from typhoid fever. His name could not be ascertained as he cannot speak English.

DIED IN MONTREAL.

The death of Mrs. Nicholas Nelson occurred on March 14 in Montreal. Death was due to tumor of the brain. Mrs. Nelson was forty-one years of age, and is survived by her husband and one son, Charles, both of Montreal. Two sisters, Mrs. William McCordock and Mrs. Benjamin Wilson, and one brother, Charles Watta, all of this city, also survive. The funeral was held in Montreal.

BROKE LARGE WINDOW

One of the large plate glass windows in W. C. Wilson's drug store, corner of Rodney and Ludlow streets was broken on Wednesday night. It is said that two young men, one of whom had been drinking, entered the store and started to create a disturbance and were ejected by the proprietor, and that one of them returned to the store a few minutes later and kicked the window in. The matter was reported to the police.

DEATH OF GEORGE S. WILLIAMS.

The death of George S. Williams occurred this morning in the General Public Hospital. He was sixty-eight years of age, and is survived by his wife, one brother and five sisters. The brother is Fred A. of New Bedford, Conn., and the sisters are—Mrs. Charles Ferris, of New York; Mrs. Frank Potter, of Rome, N. Y.; Mrs. Martin H. Davis, of Worcester, Mass.; and Mrs. Annie Bacon, of New Haven, Conn. Ex-conductor Williams, of the L. C. R., is a cousin. The funeral will take place from his residence, Middle street, West End, on Sunday afternoon.

LAST OF THE SEASON

The members of the Reading Circle of Queen Square Methodist church last night conducted the last of their series of meetings for the winter. The attendance was encouraging. The gathering was held at the home of Mr. and Mrs. F. E. Williams, Germain street. The lecture of the evening was Miss Yezzo, who gave an interesting and inspiring account of life in South Africa, where she spent the last ten years. She spoke of the natives, their customs, dress, progress, civilization, and other characteristics, and gave a lecture which was much appreciated by all. A vote of thanks moved by A. Gilmour, and seconded by Rev. W. F. Gault, was tendered the speaker by the president, Dr. Thompson. During the evening refreshments were served by the hostess, and there were musical selections by Messrs. Edith Daley and Mabel Williams, and Claire Gilmour.

GAME WARDEN FOR ALL PROVINCE

A. O'Leary of Richibucto Slated For Post Under New Administration of Game Act

It is reported that a change is to be made in the administration of the game protection laws of the province. At present the province is divided into four districts with a chief game warden for each district, each responsible directly to the department. It is proposed to away with this system and appoint one chief game warden for the whole province who will have the oversight of all the other wardens throughout New Brunswick.

Arthur O'Leary, of Richibucto, who has been chief of the district under the old arrangement is mentioned as the probable choice for the new office. His work is said to have been very satisfactory to the government in the past and the new appointment would be given in the way of a deserved promotion.

It is thought that the new system would give the government better control of the situation and for uniformity in the enforcement of the laws.

MARCH LIGHTNING LEFT MARK IN CITY

Empire Theatre Fuse Block Does Its Work When Struck and Causes Some Excitement

The sudden flash of lightning and the roll of thunder about eight o'clock last evening startled the city, such demonstrations being unusual this early in the year. The single bolt left its mark on the city, however, and several stories of its effects are told.

As a result of the lightning the Empire Theatre, West St. John, was plunged into darkness for a few minutes although no damage was done. The flash of lightning was followed by a loud report as the fuse block, high up on the wall where the electric wires enter the hall, blew out. The electric shock had evidently struck the wires and reached the fuse block which is always installed for just such emergencies, as an extra current causes it to melt the connection and cut off the electricity so that no damage can be done. The audience, not realizing the cause of the trouble, showed some excitement when the lights went out and some of them started to leave. Many of the men in the audience, with great presence of mind, lit matches to show that there was no smoke or other danger. A new fuse was secured and inserted in a few minutes all, with the exception of a few who had already reached the street, returned to their seats and the show continued.

A young man in the North End, who was playing the piano when the lightning came also felt the effect of the shock. It seemed to strike him with enough force to throw him off his chair but he luckily escaped without injury.

In some sections of the city the houses shook and dishes and ornaments rattled when the shock came.

The heavy rain also made itself felt. Every roof which was at all leaky or which had a tendency that way leaked last night. The heavy rain combined with the strong gale sought out the vulnerable spots and forced the water through. Several cases of plaster falling as the result of the heavy leakage are reported.

It was certainly a disagreeable night and this morning people awoke to find the sun shining, and a rather keen wind blowing.

LAKE MANITOBA'S BIG PASSENGER LIST

C. P. R. Limer Lands 359 Second and Nearly 1,200 Third Class

C. P. R. steamer Lake Manitoba, Captain Evans, arrived in port yesterday and docked at No. 3 berth about four o'clock this morning. She sailed from Liverpool on March 12 and had a very stormy passage all the way across, encountering heavy easterly gales and high seas continually from the first day out until, just outside the bay when heavy easterly gales were experienced, together with very thick weather. No ice was seen on the voyage.

The Lake Manitoba brought 359 second class and 1196 third-class passengers. Among the number were many Irish and Scotch farmers bound for the west. The steamer had also a large cargo of merchandise and express.

CHILDREN'S AID SOCIETY

Following the passage, by the legislature, of the Child's Protection Act, a meeting of the executive of the new Children's Aid Society was held in the Y. M. C. A. building yesterday to complete the organization. W. Frank Hatheway, who had accepted the office of president at the first meeting with the understanding that he would be relieved as soon as possible, tendered his resignation to A. M. Belding, first vice-president, was elected in his place.

Mrs. E. Atherton Smith was elected vice-president, and J. Patterson, treasurer. Rev. J. C. B. Appel consented to act for a time as secretary. A. W. Robb, having removed from the city, Mrs. Lou Green and T. H. Estabrooks were added to the executive. It was decided to take the necessary steps as soon as possible to secure the incorporation of the society and get down to practical work.

WINTERPORT NOTES

Steamer Rappahannock, of the Furness line, sailed today from London for this port with a general cargo.

Allan liner Virginia sailed this afternoon about 2.30 o'clock for Liverpool via Halifax. She takes way between four and five hundred passengers.

Donaldson line steamer Athenia was to sail from here this afternoon at three o'clock with about sixty passengers for Glasgow direct.

Donaldson liner Saturnia has been reported by wireless from Cape Race and is expected to arrive here Monday night or Tuesday morning with 925 passengers.

Royal mail steamer Empress of Ireland, of the C. P. R. steamship service, is expected to dock at Halifax this afternoon at 2.30 o'clock. She has 183 first, 456 second, and 867 third-class passengers.

Ahead of St. John Weather

"The temperature yesterday was 72. We had to get ice in order to keep the milk sweet. The grass is green and the trees budded. Tulips are above ground in the next yard."

This was the news from West Somerville, Mass., which a St. John man received by letter this morning after facing the almost Arctic gale that swept Prince William street.
