TEBO HANGED THIS MORNING

Digby Murderer Paid The Penalty of His Crime DIED WITHOUT FEAR

Confessed His Crime and Sent Message to Girl Who Was His Sweetheart—Execution Conducted Without Any Sensational Features

Digby, N. S., July 24—John Tebo paid the penalty for his crime at four minutes past 3 o'clock this morning.

to live. He appeared very cool, and replied "all right."

When he was led to the scaffold by Jailer Hazelton, accompanied by Chief of Police Havelton, he was perfectly calm, and showed no signs of tremor.

When asked if he had anything to say, he turned to those assembled within the enclosure and said, "I wish to bid these

gentlemen good-bye." Jailer Hazelton then placed the black cap over his head.

As he did so, Tebo said:—"Will you do what I asked you?" Hazelton replied in a kind but firm manner, "Yes, my boy, I will." The request was to give to Anna, his young wife, his sweetheart, the ring that he wore while in prison.

One of his last acts in the cell was to write a note to his sweetheart, which he entrusted to Rev. Mr. Roy for delivery. At 5:04 when all was ready the sheriff cut the rope and Tebo was sent into eternity.

After Dr. J. E. Jouse, the attending physician, pronounced him dead, and Coroner Daley and his jurors had viewed the body, he was placed in the casket and Sheriff Smith allowed the few people who surrounded the court house at this early hour to pass through the halls.

The jury brought in the usual verdict on the two counts. Extra police officers were in attendance, but everything was exceedingly quiet.

The remains were conveyed to their last resting place on the Tebo property at an early hour this morning by Undertaker Rice, accompanied by Rev. Thomas S. Roy, who proved himself a faithful spiritual adviser and did all he could to soothe the grief of the bereaved.

Tebo ate a hearty supper last night, and when his mother, who called upon him later, asked if he had anything to say for himself, he told her that he was afraid and threw the purse overboard. There was about \$100 in the roll which I kept. I felt crazy after what I had done, and while they were chopping the leaves and stalks he took the axe and struck his friend on the head, stunning him.

"I was nearly crazed," he said, "and took the pole and struck him on the head. He never moved or spoke. I took his purse and money but became afraid and threw the purse overboard. TORONTO TO GIVE CLIFFORD GREAT WELCOME

Queen City is Proud of Winner of King's Prize At Bisley

A MECHANICAL GENIUS He Has Invented and Patented a Gun Sight Which He Urges the Government to Adopt—Has Been Twice at Bisley

(Canadian Press) Toronto, Ont., July 24—Private William J. Clifford, the first Canadian born man who has won the King's prize, and the first man who ever won both the King's prize and the Prince of Wales' prize, the two plums of the Bisley meet, lives with his young wife in Toronto. This was his second visit to Bisley, and on both occasions it was somewhat of an effort to tear himself away to go. Last year he left for three weeks, and this year it was a baby son, four weeks old, that he had to leave behind.

Clifford is 33 years old, and has been addicted to the rifle as a shooting pastime ever since he was old enough to hold up an aim. He was born in Brampton and went to school in Richmond Hill. He came to Toronto seven years ago and joined the Grenadiers soon afterwards. He has steadily improved in shooting and possesses a host of trophies won in O. R. A. and R. A. matches.

Private Clifford is somewhat of a mechanical genius. He is the inventor of a gun sight which he has patented, and is now urging the government to adopt it. The major called his congratulations on him announcing his success, almost as soon as the press cables reached here. (Canadian Press) Fredericton, N. B., July 24—(Special)—Dr. T. C. Allen, chancellor of Christ Church Cathedral, this morning gave out a statement in regard to the underwriters' award on the recent fire loss. The amount allowed on the building is \$37,710, and on bells, organ and furniture, \$12,000, making a total of \$49,710. The insurance carried on the building, organ, etc., was \$55,000.

The case of the Nepequin Lumber Co. will be argued before the supreme court tomorrow.

St. Catharines, Ont., July 24—Chief of the Ontario police, today informed Bobby Leach, the Niagara Falls restaurant keeper, who is to go over Niagara Falls this afternoon in a steel barrel, that he could not make the attempt from the Canadian side; if he tried he would be arrested, and so would any boatman on the Canadian side who offered him his assistance in his dare-devil enterprise.

Philosophically accepting the situation, Bobby had his 11 foot steel barrel trundled across the international bridge, and says he will start from the American side at Schlusser's Dock, two miles above the cataract.

HAS DISCOVERED STRANGE NEW CURE FOR CONSUMPTION

British Local Government Board Looks Into It—Breathe The Gas From Putrid Meat

(Canadian Press) London, July 24—Following on the heels of the report of the Royal Tuberculosis Commission and the annual conference of the National Society for the Prevention of Tuberculosis, comes the announcement of a strange new cure for consumption, claimed by a former officer, named Bryant, while working in the coal pits at Bradford, was attacked by consumption. Bryant now has three patients breathing through microbes in the hours' exposure. The fumes when inhaled come into contact with the tubercle bacilli, reduce their vitality, and may eventually kill them without any injurious effect upon the human organism.

John Burns, president of the local government board, of the West Yorkshire health department, to inspect Bryant's establishment, and the report of the principal constituents are ammonia and trimethylamine, which even in a weak solution destroy microbes in the hours' exposure. The fumes when inhaled come into contact with the tubercle bacilli, reduce their vitality, and may eventually kill them without any injurious effect upon the human organism.

OVERCOATS AND CROP SCARE IN WINNIPEG (Canadian Press) Edinburgh, Scotland, July 24—J. Vedrine, the French aviator, in a Morane Borel monoplane, maintains the lead in the circuit of Great Britain aviation race for the Daily Mail's prize. He covered the distance of 343 miles from Hendon to Edinburgh this morning in less than six hours actual flying time. Beaumont still Vedrine closely. Weyman, still experiencing bad luck, was held up at Hendon awaiting the arrival of a new propeller.

Headed, Eng. July 24—By four o'clock this morning a great crowd had assembled at the aerodrome to witness the start of the second stage of the British circuit race. The course today was from Hendon to Edinburgh, with intermediate stops at Harrogate and Newcastle. The distance between Hendon and Harrogate is 183 miles, and from Harrogate to Newcastle 83 miles, and from Newcastle to Edinburgh 93 miles, making a total of 359 miles. The race is for a prize of \$50,000, offered by the Daily Mail and sixteen aviation societies in covering the 3590 sections of twenty miles on Saturday.

In spite of the early hour the roads were full of spectators. The weather was most of them on foot, there being little travelling accommodations. The weather was favorable and Beaumont went up at 4 o'clock, the others following at short intervals, with the exception of the American, Charles T. Weyman, who is taking two hours extra rest. Two of those who ascended were obliged to descend very soon on account of engine trouble.

Edinburgh, July 24—Later word was received from Harrogate that this city, through mistake of the time keeper, Beaumont, who should have started from Hendon, did not start at all. He was a few excited gestures sailed away a few seconds later. Thousands witnessed the splendid spectacle, which was quickly over and the aerodrome at such a pace that they were soon lost to sight. Beaumont, who was flying higher, was quickly overtaken and when Harrogate, 182 miles from Hendon was reached, Vedrine had gained another few minutes. This was repeated in the stages from Harrogate to Newcastle, 83 miles, and from Newcastle to Edinburgh, 93 miles.

Valentine, the Englishman, who is making a bid for the prize against the Frenchman, was the third to arrive at Harrogate. He won the prize of silver plate offered for the first Englishman to complete this stage. He was delayed for an hour at Harrogate and made a slow trip to Newcastle, having by mistake landed inside the town instead of at Gosforth Park, the official landing place. Of the thirteen others who completed the first stage from Harrogate to Hendon, Stuart D. C. Patterson in a "Baby" Graham White bi-plane, and Lieut. Reynolds retained. E. Audouin withdrew after making three false starts at Hendon, and the rest either failed to get away or descended before making Harrogate. C. H. Patten came down three miles south of Harrogate and smashed his machine, which probably has put him out of the race. The others met with minor accidents, but will continue.

The official times between Hendon and Harrogate were, Vedrine, 3 hours, 3 minutes and 4 seconds; Beaumont, 3 hours 30 minutes and 24 seconds; Valentine, 3 hours 30 minutes and 28 seconds.

St. Petersburg, July 24—The Imperial Aero club, aviation race, from St. Petersburg to Moscow for prizes aggregating \$50,000, started yesterday. Six aviators ascended at an early hour. Maslenski, flying with a passenger, fell near Novgorod. Both aviators were injured and their machines were wrecked.

Two other contestants were compelled to abandon the race, while the remaining two are continuing. The distance is 400 miles.

Juicy, France, July 24—The aviator Joy was killed yesterday while making a flight in a biplane. The fall of the machine is attributed to air eddies caused by the heat.

(Canadian Press) London, July 24—King George has actively intervened in an attempt to start the warring political factions to a peaceful goal. None than he is more anxious to avert swamping the historic house of peers with a battalion of new creations, and if his personal influence can effect it, he will arrange some plan for overcoming the present deadlock.

His Majesty gave audience to Premier Asquith, A. J. Balfour, the leader of the opposition in the house of commons, and Lord Lansdowne the Unionist chief in the house of lords. It was understood that His Majesty would see other leaders later in the day. Meanwhile the political situation is so out of gear that the king postponed his intended departure for Goodwood, where he was going this afternoon to visit the Duke of Richmond, and at 4 o'clock he returned to Buckingham Palace.

After the audience to Mr. Asquith at Buckingham Palace this morning it was announced that his Majesty would not leave the capital until the probable outcome of the Unionist insurrection against the government's plan for taxing the veto bill could be clearly determined.

London, July 24—Premier Asquith had an audience of half an hour with King George at Buckingham on Saturday, when he placed before His Majesty the government's views on the latest phase of the political crisis and made final arrangements to meet the possible contingency that action by the "die-hard" Unionists would necessitate the creation of new members of the House of Lords.

The split in the Unionist ranks is displayed in all its seriousness today in the columns of the daily press. Not only are the Tory organs arrayed in two opposing camps, for and against "the surrender," but the fighting mood is shown by a trumpet blast from Frederick E. The Earl of Selborne will preside at the dinner.

London, July 24—A serious situation faces the Unionist party. The attitude imputed to Lord Lansdowne—namely, a willingness to submit to force majeure—meets with the strongest criticism among certain of his followers who are of the opinion that the government should be forced to carry out its threat of making peers.

The difference is believed to have resulted of very considerable dimensions. Lord Halsbury, Lord Selborne, Lord Salisbury, and Lord Willoughby de Broke are clamoring for the adoption of a policy of surrender and they claim to have the support of a hundred other peers.

Mr. Balfour's views, like Lord Lansdowne's are understood to be unfavorable to a provocative course to the end, and as a consequence Mr. Balfour's leadership in the Commons and Lord Lansdowne's leadership in the Lords are challenged by the "die-hard" of the Unionist party.

ANTI-PROHIBITIONISTS ARE STILL IN THE LEAD

Dallas, Tex., July 24—The anti-prohibitionists were still leading on the unofficial returns in the Texas state-wide prohibition election, according to reports received early today. The first additional returns this morning slightly increased the anti-prohibitionist lead, but not sufficiently to assure them a victory. Their majority is still under 4,000.

HON. MR. BRODEUR DENOUNCES THE NATIONALISTS

(Canadian Press) Mariville, Que., July 24—Hon. Mr. Brodeur, minister of marine, yesterday afternoon addressed a meeting of 2,000 electors of Rouville county here. He was accompanied by Hon. Rudolphe Lemieux, postmaster general.

An address of welcome to Mr. Brodeur, enjoining the part which he had played in the imperial conference was read to him as soon as he mounted the platform. Mr. Brodeur, after speaking at considerable length on the Imperial Conference and in defense of the Canadian position there, turned to the Nationalists. He reviewed the well-known naval arguments and spoke briefly in favor of the reciprocity.

He attacked the Nationalists vigorously, in much the same strain as has been adopted by Sir Wilfrid Laurier, stating that they were impelled only by hatred and envy, and had no real policy that could be of use to the country. He considered the personal attacks which were being made as proof of this, and declared that nowhere except in Quebec, where the British parliamentary system holds sway, do the leaders of a party resort to such tactics of abuse as do the Nationalist leaders.

CANADIANS ALL RIGHT SAYS JOHN E. WILSON, M.P.P.

John E. Wilson, M.P.P., and Mrs. Wilson, who have been on a trip to the United Kingdom and France, arrived home Saturday, coming in from Quebec, where they arrived on the White Star Liner Teutonic.

Mr. Wilson said today that they had enjoyed a most pleasant visit. They were in London for the coronation, and witnessed the great procession from a good position near Buckingham Palace. "Canadians," said Mr. Wilson, "are exceedingly popular in England now. In getting a place for the procession, even where the space was reserved, we found that the announcement was all that was necessary. A policeman asked 'have you passed,' and we replied, 'no, but we have come from Canada to see the procession,' and that was enough. 'You're from Canada, are you?' Well, you are all right," said he and we got our seats."

Mr. Wilson said that after all his travels he was glad to get back to Canada, as there is no place like home, and no place like St. John.

ETHEL BARRYMORE AND HER HUSBAND AND THEIR WIVES

(Canadian Press) St. John's, Que., July 24—The merry little game of hide-and-seek goes on. Russell Cole has been here, has seen his son "Sammy," and left for New York. The next train from Montreal brought his wife, Miss Ethel Barrymore. She had been waiting in Montreal until her husband left the little town where their son is staying with Mr. and Mrs. S. Fring.

Miss Barrymore has seen her son several times, and has visited the boat club there. It is evident from messages that Mr. Cole sent from here that he is attempting a reconciliation with his wife. From Miss Barrymore's action it is evident that it is not last thing she desires.

She is undoubtedly avoiding him and it is understood, is prepared to leave the town if he should come.

PORCUPINE CLAIMS SEVENTY VICTIMS

Porcupine, Ont., July 24—The first real gruesome discovery was reported yesterday by returning searching parties, when the bodies of Nelson Peterson and an unidentified man, supposed to be Rosequist, were found one mile south of Gos Lake in Shaw township. Bears had scattered the remains over acres of land and proper burial was almost impossible. Two deaths from Lakeland hospital were reported to the committee as follows: John Bibb, and Thomas Cooper, dome mine employees. The death list now stands at 70.

BOTH WERE DROWNED

Toronto, Ont., July 24—A pathetic drowning accident occurred in the lake of Sunnyside Saturday afternoon when Henry Hughes and Edward Goby lost their lives from a small rowboat. The exact details of their misfortune will probably be never known, but it was probably caused by the sale which blew during the afternoon. Both men, who were firm friends for many years, engaged a small boat, and that was the last seen of the boys. Later in the evening the empty rowboat was discovered about a mile out in the lake. The boat was half full of water and contained two coats and a hat.

CHOLERA IN BOSTON

Boston, Mass., July 24—Asiatic cholera has reached Boston and caused one death, while two foreign sailors, who are believed to have brought the dread disease here, after being taken, disappeared and their whereabouts are unknown. The cholera victim was Mrs. Tammasina Mastrodonico, who died at the Detention Hospital.

MERRY WIDOW AND HOBBLE SKIRT CAUSE TROUBLE

(Canadian Press) Woodstock, Ont., July 24—Police were compelled to afford protection to two young ladies during the progress of a band concert. One of the young women wore a merry widow hat of remarkable size, with veil. Her companion wore a red velvet hobble skirt of unusual skimpiness. They attracted attention from everyone.

A crowd of young fellows surrounded them, yelling and hooting, and the police had to fight their way through the two gaudy girls. The thoroughly distracted objects of the demonstration were hustled and jostled, and when the police mounted guard they were followed down the street by a yelling crowd of several hundred.

MANY DEATHS FROM HEAT IN THE CITY OF PARIS

Paris, July 24—Paris is sweltering in the worst heat wave in the last quarter of a century, which is made more severe by the phenomenal drought, not a drop of rain having fallen for a month past. The thermometer has risen steadily for the past eight days from 86 to 97, the latter figure being attained yesterday.

All indications point to a continuance of the heat for several days at least, and to add to the suffering of the people there has been a partial breakdown in the water system.

POPE PIUS SUFFERING FROM SLIGHT SORE THROAT

Rome, July 24—Pope Pius has taken cold and is suffering from a sore throat as well as experiencing the inconvenience of hoarseness. Dr. Ettore Marchisavi consulting physician to his Holiness, visited the latter today in company with Dr. Pezzani, the Pontiff's private physician. They found that the patient had a slight temperature and ordered his audiences for the present be abandoned. It is believed that the Pope will be restored after a few days rest.

THE PRIZE RING

Chego, July 24—Ad Wolgast has posted a forfeit of \$1,000 to bind the ten round bout with Pacey McFarland, scheduled to take place in Milwaukee September 17.

McFarland's manager will go to Milwaukee to see to it that he will place \$1,000 as a forfeit with Frank Mulken, promoter of the fight. It is said that all obstacles in the way of a meeting between the two lightweights have been removed.

Anxious to Find Copy of Book Written by Prince Consort—Spain and The Church—A Popular Member of the French Cabinet

Does any public library or private collection of books contain a book written by Queen Victoria's husband, the prince consort, on the subject of the history of the botany, the geology, the history, and the romance of the country? It was beautifully printed by one of the principal English firms, in a manner regardless of cost, but by the prince's strict orders, only six copies were struck off. Curiously enough, no trace of this book remains.

The libraries of Windsor Castle, of the British Museum, and the various libraries in Coburg and Gotha, Potsdam, Berlin and Vienna, have been ransacked for the book, with no success whatsoever. It is assumed that even if four of the copies had been destroyed, two or even one, must have survived.

Any bibliophile who can discover a clue to the whereabouts of a copy of this book will place the reigning house of England under obligation, as both King Edward and Queen Mary, like King Edward and Queen Victoria before them, are anxious to get a copy of the book, or if they cannot get a copy, at least secure permission from the present owner to have it reprinted.

The number of books written by royal and imperial personages, sometimes by full-blooded sovereigns, and printed for private circulation, is very numerous, and of intimate non-royal friends upon whose discretion and devotion dependence can be placed.

Spain and the Church. Although the present Spanish government is supposed to be at war with the Roman Catholic church, and the kingdom is asserted to be on the point of breaking up, the late Count Eugenie Kielmansegg, who was a member of the cabinet ministers who are looked upon as its principal foes.

When Cardinal Aguirre arrived at Madrid as papal legate to preside at the congress, he was received by members of the cabinet, notably by the minister of war, by whom he was conducted to the royal carriage which he had sent for him.

Moreover, after a visit to the Cathedral of San Isidro, the legate proceeded under an escort of the king's body guards, and accompanied by the minister of war, to the royal palace, where he was the guest of the king and queen.

Throughout his sojourn in the capital, the congress was held in the great church of San Francisco el Grande, where the Infant Don Carlos welcomed the international congress, and especially the legate, in the name of his brother-in-law the king. At the close of the first meeting, the legate, in the name of the king, presented to the entire members of the cabinet, seated upon the legate at the head of the table, a magnificent banquet.

Throughout the entire period of the congress the cardinal was the object of unceasing attention on the part of the royal family, of the prime minister, and of the various authorities.

All this has created a considerable amount of sensation at Rome, and cannot but go far towards bringing a great amount of consular spirit into the differences which for the last year have caused so much bitterness between church and state.

French Cabinet Matters. The most popular member of the new French cabinet and its most striking individuality is undoubtedly the minister of commerce, Charles Maurice Couyba, who was in times gone by one of the most popular poets of the cabarets of Montmartre, where he figured under the name of "Maurice Boukay." His poetry was exceedingly witty and amusing, but was precisely proper, though characteristic of the life ethics and morals of the Latin Quarter.

He allowed to be induced to publish his verses, which, bearing the title of "Chansons d'Amour," are in one respect of advantage to the minister and in other particulars a handicap. While they relieve him of all suspicion of dullness and intellectual mediocrity, which so often characterize the occupant of high office, they are not altogether in keeping with the sense of respectability which the French bourgeoisie, great and small, expect to find in the statements entrusted with the guidance of the destinies of the nation.

From the cabarets of Montmartre, he graduated into journalism, became contributor to several Parisian newspapers, was elected deputy of one of the metropolitan districts in 1897, and ten years later came a senator; in spite of which he still remains extremely jovial, sunny tempered, and accustomed to look at life on the rosy side. He is what the French call "un type."

Seldom has a French cabinet been more quickly formed. Premier Caillaux ascribes his speed to the use of fast automobiles, which enabled him to reach his various political advisers and associates without delay. But the fact of the matter is that everything had been prepared in advance by Premier Caillaux, who, a member of the Monis administration, practically forced his chief to resign on the plea that it was impossible for him to attempt to administer the government of France from his bed, to which he was confined by the injuries that he sustained when an aeroplane swooped down upon him on the aerodrome field outside Paris, killing the minister of war outright.

Monis was very reluctant to resign and was encouraged in his obstinacy by his son, who is also his principal private secretary, but ultimately Caillaux got round the majority of his colleagues and persuaded them to join him in compelling Monis to resign, so as to enable him to recover his health without being harassed by the cares of office. That is the reason why Caillaux had so many of his fellow members of the Monis administration in his own cabinet.

Couyba has a socialist colleague in the cabinet, in the Minister of Public Works, Dr. Auzanar, who is a physician by profession, a native of Lyons, and who for several years was governor-general of Madagascar, where he was frequently brought into contact with the American missionaries there, who give a good account of him.

My description of the family of Count Kielmansegg in the issue of this paper of July 6, has brought me a letter from Oak Farm, Ill., containing inquiries concerning Count Felix von Kielmansegg, who in 1881 was serving on one of the Holt liners, from Liverpool to China. The only Count Felix Kielmansegg is a man who in 1881 was about twenty-two years of age, and who is today making his home in South Australia where he has been married since 1898, to Miss Sadie McIntyre, by whom he has two daughters. His mother, who still survives, and who is a Roman Catholic, lives at Klein Oberdorf, in Mahren, Austria. His father, the late Count Eugenie Kielmansegg, died in 1868 in the United States, to which country he had betaken himself owing to some financial difficulty. He was only a very distant cousin of Count Eric Kielmansegg, the former Premier of Austria, who has just won his office of Governor of Lower Austria.

The Evening Chit-Chat

By RUTH GAMERON

In the town of Biddisford, Maine, two men and a woman were recently jailed on very serious charges, because the two little daughters of the woman told the sheriff some startling stories about a grave out in their yard.

Fortunately, the man who was supposed to have been inhabiting the grave appeared in the nick of time and proved that he had not been murdered and the accused were set free.

And now—our comrades, this is what I am driving at—the children's father has come forward and declared that their idea of a grave from a story which he once told them. To frighten them away from the swamp and brook in which there are some deep and dangerous holes, he says he told the children that a man and two cows were buried in that vicinity.

A rather ludicrous outcome for a near-tragic situation, isn't it?

But I don't believe that father will try again very soon to make his children mind by making up bug-a-boos for them, do you?

And I just hope that some of the fathers and mothers who read about this woman's narrow escape from a murder trial will also be impressed with the same lesson.

Not long ago an even more terrible tragedy than this was caused by the same trick. A woman who was crossing the Atlantic with two little children tried to keep the baby from crying by telling him that if he cried again she would throw him out the porthole into the sea. A few minutes later, while the mother was out of the stateroom, the baby cried and the other child actually carried

Every few days a letter to our fullest development and our freest action. We who are older have learned this by hard experience. Then, surely, we ought to try to free our children from any fears that they may naturally have instead of serving our momentary convenience by binding them with new shackles.

Spain and the Church. Although the present Spanish government is supposed to be at war with the Roman Catholic church, and the kingdom is asserted to be on the point of breaking up, the late Count Eugenie Kielmansegg, who was a member of the cabinet ministers who are looked upon as its principal foes.

When Cardinal Aguirre arrived at Madrid as papal legate to preside at the congress, he was received by members of the cabinet, notably by the minister of war, by whom he was conducted to the royal carriage which he had sent for him.

Moreover, after a visit to the Cathedral of San Isidro, the legate proceeded under an escort of the king's body guards, and accompanied by the minister of war, to the royal palace, where he was the guest of the king and queen.

Throughout his sojourn in the capital, the congress was held in the great church of San Francisco el Grande, where the Infant Don Carlos welcomed the international congress, and especially the legate, in the name of his brother-in-law the king. At the close of the first meeting, the legate, in the name of the king, presented to the entire members of the cabinet, seated upon the legate at the head of the table, a magnificent banquet.

Throughout the entire period of the congress the cardinal was the object of unceasing attention on the part of the royal family, of the prime minister, and of the various authorities.

All this has created a considerable amount of sensation at Rome, and cannot but go far towards bringing a great amount of consular spirit into the differences which for the last year have caused so much bitterness between church and state.

French Cabinet Matters. The most popular member of the new French cabinet and its most striking individuality is undoubtedly the minister of commerce, Charles Maurice Couyba, who was in times gone by one of the most popular poets of the cabarets of Montmartre, where he figured under the name of "Maurice Boukay." His poetry was exceedingly witty and amusing, but was precisely proper, though characteristic of the life ethics and morals of the Latin Quarter.

He allowed to be induced to publish his verses, which, bearing the title of "Chansons d'Amour," are in one respect of advantage to the minister and in other particulars a handicap. While they relieve him of all suspicion of dullness and intellectual mediocrity, which so often characterize the occupant of high office, they are not altogether in keeping with the sense of respectability which the French bourgeoisie, great and small, expect to find in the statements entrusted with the guidance of the destinies of the nation.

WISTER HAD HOPES. (Philadelphia Times.) Owen Wister, in addition to being an author, has acquired some celebrity as a wit. He was being shaved in a St. Louis hotel, while returning from a trip to the West some time ago, and the barber who was attending to his needs apparently had been out the night before. His hand was very shaky, and several times the author winced.

"Will you have anything on your face when I get through?" the barber enquired, when the ordeal was almost over. "I don't tell yet," mumbled Wister, "but I hope to have part of my nose."

HIS ANSWER. (Port Eglon, Ont., Times.) A young fellow from Underwood in town last week, when asked what he thought of reciprocity, replied his mother never used any other than Red Rose.

TIME FOR KAISER
TO SHOW HIS HAND
France Delighted With Attitude
of British Government in Moroccan Affairs, And Will Maintain Her Position

Paris, July 24—Opinion in France is that the time has now arrived for Germany to say what she really wants, since the present situation of uncertainty now entering upon a stage which may actually distasteful international relations.

Officially the foreign office had nothing to say today concerning the pessimistic reports which have been circulating since the German secretary of state for foreign affairs, Count Bernstorff, the French ambassador at Berlin, upon possible relations. Unofficially hints appear in the press that the time is arriving when the fulfilment of the conversations is obvious to optimistic observers.

Meaning the speech of David Lloyd George, the British chancellor, before the London Bankers' last week, is interpreted as a direct warning to Germany, and is considered as having enormously strengthened the attitude of France, which will not accept any German proposal for a wholesale turning-over of French colonial territory.

CONDITION STILL CRITICAL
The condition of Thomas Evans, the fisherman who was injured on board the steamer Shenandoah, about two weeks ago, is still precarious, and there is but little hope for his recovery.

Y.M.C.A. CANOE TRIP
Plans are in progress for a canoe trip of the Y.M.C.A. boys under the leadership of J. Robertson, physical director. The start will be from Fredericton on the 28th of the month. About twenty-five boys with five canoes will take the steamer for the capital, and spend two weeks on the journey down. There will be a meeting to-night at 7.30 to complete arrangements.

MEETS IN MONTREAL
The high standing committee of the High Court of Fredericton for New Brunswick will convene in Montreal on Wednesday next at 8 p.m. Matters of interest to the order will be considered. M. E. Grass and A. J. Y. Russell will attend from St. John; Judge Cochran, from St. Andrew's Major; Messrs. Brown, from Newcastle, and Dr. MacLennan from Moncton.

NOW IN FULL PROGRESS—WIEZEL'S GREAT CLEARANCE SALE
A sacrifice of fresh goods, progressive store must endure in order to carry merchandise from one season to another, and because of this it is necessary to clearance of summer foot-wear, gentlemen's furnishings, etc. This clearing is exceptional. J. Wiezel, 243 Union street.

TANK WORKS WELL
The new gasoline tank, lately installed on the grounds of the St. John Power Boat Club, Maritime, is proving a source of great satisfaction to the members who are now enabled to supply their boats with little trouble and to the convenience of having the tank tank so near. A piping attached allows the boats to run to the tank, and the gasoline is pumped into their tanks, which is not so cumbersome or inconvenient as having to carry cans of the fluid to the boat.

SUGAR ADVANCES
In the last four weeks sugar has advanced in price thirty-five cents, in jumps of five and ten cents. Today another increase of ten cents was telegraphed to local dealers. The cause of the continued rise is attributed to the drought in Brazil, and the advance in raws. The first increase was on June 30, when the price advanced 5 cents, while jumps of ten cents were made on July 11, July 20 and 24.

FUNERALS
The funeral of James Johnston took place this afternoon at 2.30 o'clock from his late residence at 1111 St. John street. Services were conducted by Rev. W. O. Raymond and interment was in Fernhill. The remains of Dennis Daley were laid to rest in the Sand Cove cemetery this afternoon. The funeral took place from the home of his mother, Mrs. M. J. Daley, at 1111 St. John street. The funeral was largely attended.

Shooting Affair
Chatham, N. B., July 23—Murdoch's Point, about two miles below Loggieville, was the scene of a shooting affair this afternoon. It seems that a man named Andrew Murdoch, who lives more or less of a hermitic life in a shanty there, was annoyed by some boys and he ordered them away from his premises. They refused to go and taking up his gun he shot one of them, Clifford Murdoch, in the leg and an automobile. It is his intention now, or to live on land again, believing that the ozone of the open sea will help him to achieve his ambition of living 100 years.

Horrible Crime of an Infuriated Young
Syrian on a Street Car in North
Adams, Mass.

North Adams, Mass., July 24—Infuriated by the command of the motorman to get back from the running board until the car stopped, Radio Mallak, a young Syrian, 21 years old, suddenly drew an automatic revolver and fired two shots into a crowded car on the Cheshire street Railway yesterday, instantly killing the motorman, Geo. E. Hoyt, of Pittsfield, aged 45, and Miss Martha Kaler, aged 21, of Adams, wounded two women seriously, and severely injuring three other women.

As he fired the shot the shots Mallak was seized by J. J. Moore, Pittsfield, who took away the revolver. Drawing a knife, the Syrian jumped from the running board of the car down an embankment followed by a score of men. One of them threw a stone hitting Mallak on the head and the others disarmed the infuriated man, who was taken to the jail at Adams, Mass.

THE PERSIAN EX-SHAH
WANTS HIS JOB BACK
St. Petersburg, July 24—Mohammed Ali Mirza entered Astrabad Saturday amid the cheers of the people and the firing of guns in welcome. Astrabad, which is the capital of the province of Gilan, had already declared for the exiled Shah.

There is only one practical route connecting Astrabad with Teheran, the capital of Persia, and this undoubtedly is guarded. The former ruler is expected to return to Persia on Tuesday morning, which will be an exceedingly wild trip and will occupy at least ten days. The Shah is organizing a force including cavalry and artillery to oppose the advance of the ex-shah.

STEAMER BROKE UP
St. John's, N.B., July 24—The steamer Amethyst, which ran ashore near Cape Sable yesterday, went to pieces. The vessel struck, and about one-third of the general cargo was salvaged in a somewhat damaged condition. On board the ship were fifty-one men which were lost in the surf. The Amethyst plied between this port and Montreal, and last her course during a thick fog.

CITIZENS IN THE MAKING

"Secrets, when asked how he would secure properly trained citizens for his ideal state, replied that he would send away all those who were more than ten years of age and begin with those who were left."

This sentence appears on the cover of a volume of some hundred pages, bearing the title "Citizens in the Making" and issued by F. J. Billardo, Superintendent of Neglected Children for Winnipeg, a branch of the Attorney-General's department.

Earl Grey said a while ago that in the intelligent care of children, in looking after those neglected, in preventing immorality, suffering and crime among the immature.

Parents have been helped and advised. The school attendance of truant children has been supervised and improved.

THE DOUKHOBORS MAKING GOOD ON PACIFIC COAST

Make Remarkable Success in Fruit Raising, But Chased the Census Man Off the Lot

Nelson, B. C., July 24.—The action of 1,000 Doukhobors of the colony at Brilliant, in refusing to be enumerated in the census, is the first vagary exhibited by these people since coming to British Columbia from the prairie.

Everything they do is done in a business way and in the best way, and when their young orchards come into bearing, they will have a tremendous output. They are extensive agriculturists, they operate sawmills, and they recently purchased a preserving works at Nelson, and now operate it.

OBITUARY

Mrs. Hill

After a lingering illness the death of Mrs. E. Hill occurred at the residence of her son-in-law, H. Cross, 200 Sydney street, Saturday afternoon. She is survived by one child, two sisters and one brother.

Rev. Alexander Falconer

Halifax, July 23.—(Special)—Alexander Falconer, D. D., father of Robert A. Falconer, president of Toronto University, and J. W. Falconer, professor in the Halifax Presbyterian College and ex-moderator of the Presbyterian General Assembly, died this morning at Elmdale, where he was spending a few days. Dr. Falconer had been preaching the two preceding Sundays in Middle Musquodoboit, and was feeling in his usual health. Saturday he complained of indigestion, but he retired as usual. During the night he was somewhat restless, but nothing serious was anticipated. At 3 o'clock this morning his daughter entered the room to inquire for her father, when she found that he was dying. A physician was sent for, but when he arrived Dr. Falconer was dead. Mrs. Falconer was in Picton.

James Johnson

The city lost one of its old and best known citizens when James Johnson died Saturday night at 8.30 at his residence, 44 Elliot row. Mr. Johnson was afflicted with rheumatism, with complications, and has been in failing health for two years. He was born about 70 years ago at Enniskillen, Ireland. He came out to this city for many years was very successful as a carpenter and shipbuilder. Until recently he was a member of the vestry of St. Mary's church. His first wife was Miss Armstrong, a sister of Mrs. Walter Wilson. His second wife was Miss Willis. He is survived by his wife, two sons, J. C. and the C. P. R., and Wm. Johnson, of Vermont; a daughter, Mrs. Fred McCreedy, of New York; a brother, John Johnson, of 46 St. Patrick street, and a sister, Mrs. J. Barker, of New York. The funeral will be held this afternoon at 2.30, with interment at Fernhill.

U. S. SENATE HAS ADOPTED RECIPROcity

Washington, July 22.—The passing of the Canadian reciprocity bill by the senate today, in precisely the form it emerged from the house, brings to end President Taft's long fight for the measure, but during the debate which led up to today's final action party lines were swept away and a vigorous fight was waged to saddle the measure with riders that friends of the defeat of the whole proposition.

Following the passage of the bill by the senate and its immediate signature by Vice-President Sherman the measure must be "messaged" back to the house who originated it, engrossed on parchment, signed by Speaker Clark, and then signed by President Taft.

The bill probably will not go to the president until his return from Beverly (Mass.), next week.

An analysis of the vote showed that 24 Republicans voted against the bill and 21 in favor of it; while three Democrats voted against it and 32 in favor of it.

Beverly, Mass., July 22.—In the first statement he has made since the passage of the reciprocity bill by the senate, President Taft at the summer White House tonight, freely acknowledged that his long, hard campaign in behalf of that measure would have proved unavailing if the Democrats had not helped him. Without such aid, the president declared, reciprocity would have been "impossible."

The statement reads as follows: "That I am very much pleased with the passage of the Canadian reciprocity bill through both houses of congress goes without saying. I believe and hope it will be followed by similar action by the dominion parliament. In my judgment the going into effect of the agreement will mark a new epoch in the relations between the United States and Canada, and it will tend to a marked increase in the trade between the two countries, which will be in every way beneficial to both."

Some men never get religion till they have tried everything else.

IRISH VISIT HAPPY EVENT OF CORONATION

Some Political and Other Matters in The Old Country

ASQUITH ANNIVERSARY

Twenty-Five Years Since First Elected in East Fife—London Movement for Pure Milk—Helping Poor School Children—Agricultural Meetings

(Times' Special Correspondence)

London, July 23.—The coronation festivities, with real coronation weather, have changed the venue of the king's court to Dublin, and Ireland, more favored than England was last month, is basking in tropical sunshine under glorious skies. The country is rejoicing as she never rejoiced before.

This magnificent reception of the king and queen in Dublin is their noblest coronation. It means that Ireland on the whole is prepared for peace and loyalty and friendliness to King George, who is King of Ireland, as well as of England.

That the happy royal couple on concluding their visit, have promised to visit Ireland soon again, and to make a royal tour of the interesting country, which the king's ancestors loved, would almost suggest that King George is a home ruler. This royal visit to Dublin is the happiest event of all this coronation season.

While the royal family and the government are so happy together, the spirit of peace and good sense is abroad in Tory circles in England. At last the most thoughtful and influential of the Tory press in London and the provinces are coolly advising the peers to accept the situation which has long existed. This is what Liberals have long expected would be the final upshot. Give Englishmen time to think, and the long-crested crisis which sears the timid for a season calmly disappears. Evidently, the peers included, has become sick of a royal tour to the continent. Some morning they will wake up to realize that all this talk of a constitutional crisis is a mere political nonsense and that England in these days is no more capable of foolish heroics.

An Asquith Anniversary

In government circles it is said the 20th inst. will see the 25th anniversary of the statute book. Some little concession on the lines of Lord Newton's amendment may be offered to the government in the controversy about money bills, and that moderate men may get rid of the unpopularity which has attended the measure, and get ahead with social reforms. That the date named is not unlikely to mark the end of the reign of the 2nd Earl, the premier is engaged to meet his constituents in East Fife, and as on that occasion he will celebrate the 25th anniversary of his beginning his great career as their member, Mr. Asquith is to deliver a great speech which will probably be a note of congratulation to the people on their famous victory.

The Liberal whip has been trying to spread it about that the government is anxious to hang up the bill for the payment of members, by the 11th, Mr. Asquith made it clear that he intends to redeem the promise he made to labor members, and to the 11th, Mr. Asquith is preparing to make an end of the veto question, and have it out of the way very soon, so that the payment of members shall not trouble the lords and stand between the wind and their nobility.

A largely attended meeting of the Canadian Brotherhood of Railway Employees was held on Saturday night in Forester Hall, when a report was submitted endorsing the action of the I. C. R. board of authorities in connection with the demand for a 10 per cent increase in wages. The report, besides dealing with this subject, dealt with the immense growth of the order of railway employees, throughout the dominion.

The action party held by the ladies of the guild of St. Mary's church, which was held on the grounds of Mrs. James Foley, Cook Lane, on Saturday, was somewhat interfered with by rain, but otherwise a good time was enjoyed by all. E. E. Bennett, who has been attending the 6th annual convention of the National Division, Sons of Temperance, at South Manchester, Conn., returns on Saturday. The convention opened on the 18th and closed on Thursday last. At the meeting an invitation from the National division of Great Britain to send a delegate to the convention in 1912 was accepted.

Paul Kubrington of Rev. G. A. Kubring, and Wm. Doherty spent the week-end in the city and returned to Brookville, N. B. last evening. They are engaged with a C. P. R. engineering party of which Captain Deedes, B. S. of Fredericton, is the leader.

While driving in Lancaster yesterday, Mrs. C. W. Hope Grant was thrown from her carriage as the horse bolted, and while not seriously injured, suffered much from shock. Dr. F. L. Kennedy attended her at her home, Sea street.

Captain T. E. Powers, of the signal service, conducted a test in signaling for scouts Saturday in the Y. M. C. A. message of reading and sending messages with a small flag. Two candidates took the test and passed successfully.

Rev. Alfred Hall, of Durban, South Africa, commissioner for the distribution of Lord Strathcona's Nelson Shields to the universities, colleges and schools of Canada, arrived in the city Saturday and left again for Fredericton this morning. While here he looked over the quarters of the Seaman's Mission Society and last night preached in St. Mary's church.

The first band concert ever given on the Fort Howe grounds will be furnished by the St. John pipe band this evening. The programme has been arranged as follows: March, Campbell's Army; waltz, Be-leave Me if All Those Endearing Young Charms; march, selection, Bonnie Dundee; Ock of the North; waltz, selection, St. Andrew's Cross; quick step, Barren Rocks of Aiden; waltz, selection, The Beau; march, Lord Robert's quick step, Earl of Mansfield; God Save the King.

MANCHESTER ROBERTSON ALLISON, LTD.

MARCHING ON HAYTI'S CAPITAL

Port Au Prince, Haiti, July 24.—The republicans are marching on the capital. The situation of the government is a critical. President Simon, who was disheartened by the reverses of the government troops at Fort Liberté, is seriously ill with pulmonary trouble. He is at the palace.

Berlin, July 24.—The German Minister to Hayti has asked the government to send a warship to these waters to protect German interests. No decision has been reached, as it is thought the crisis may be passed before the cruiser Bremen could arrive at Hayti from Montreal, and no other German warships are available for the mission.

Northern Hayti, from Cape Haytien to within ten miles of Port au Prince, is in the hands of the rebels, and those who in insurrection affairs now look upon the complete surrender of the island and the flight of the present administration as a certainty within a few days.

Cape Haytien was entered and pillaged on July 20, and shortly after President Simon, with his cabinet and three thousand troops, took refuge on board the German steamship Syria. The Syria has reached Port au Prince loaded to the gunwales with defeated government troops and the administrative officials.

At Gonaves and St. Marc all the government troops deserted to the rebels in a body, and at Cape Haytien the federal forces had already started the looting of the town when the insurgents entered.

General Septimus Marcius, the Minister of War, has already exiled himself to

HON. MR. PATTERSON ON RECIPROcity

Toronto, July 23.—At the nomination proceedings yesterday of Walter Harlow Smith for the commons by Harold Libers, Hon. Mr. Patterson was in a spirited mood and confined his remarks almost exclusively to the reciprocity pact, which he conceded to be the big issue in the coming election. He did not know, he admitted, when the government would go to the people. That would depend largely on the duration of the opposition's policy of obstruction.

"The matter is in your hands," he said. "Fielding and Patterson, the poor old men who went to Washington, as we have been called, cannot take your rights away, not one jot or tittle. Our opponents are spending the parliament's time at present in obstructing legislation with long, wearying speeches. What their object is I do not know. If they want to appeal to the people on the issue, we'll be not afraid. The Liberal party has never been afraid of the popular mandate. The control of Canada's tariff is absolutely in the hands

DR. ALLISON HONORED

Sackville, N. B., July 23.—Saturday at noon a number of leading citizens of Sackville gathered at the residence of Dr. David Allison, retiring president of Mount Allison College, and presented to him a gold watch and chain costing about \$400.

The presentation was made by Mayor Farcott, who referred briefly to the long time Dr. Allison had been a resident of Sackville, and of the very friendly feeling which had always existed between him and the people of Sackville.

In his reply, Dr. Allison expressed his sincere thanks for the very beautiful gift. He referred to the time when he first came here and of the kindness and good will of the townspeople. He accepted the watch as a token which would always remind him of the many pleasant years spent in Sackville.

ORANGEMEN AT CHURCH

About 300 members of Loyal Orange Lodge No. 141, in parade dress, attended divine service at St. Mary's Anglican church at 3 o'clock yesterday afternoon. The procession was formed at the lodge room, Simonds street. Headed by St. Mary's Band, they marched to the church with a very smart appearance. Several ladies representing the Orange Benevolent Association ladies were ushered to reserved seats at the front of the church.

The sermon preached by Archdeacon Raymond was based on the text contained in Ephesians, chap. 6, verses 14 to 17, commencing with the statement: "Wherefore he saith Awake thou that sleepest and arise from the dead and Christ shall give thee light." The duties of citizenship and the ideals and aims of the order were expounded in an appropriate way.

The service was an exceedingly hearty one, as many of the old songs were sung with great fervor. Dr. W. Williams presided very acceptably at the organ.

This evening the regular meeting of Chambers Lodge, Royal Guardians, will be held in the Orange Hall, Germain street, and a large attendance has been requested.

A delightful Turkish blend.

CAPSIZED BY SQUALL IN GRAND BAY AND HAD NARROW ESCAPE

Thrilling Adventure of Two Boys Who Went Out in a Sail Boat Yesterday Afternoon

Clinging to the bottom of their upturned boat, three lads were taken from their perilous position yesterday afternoon in Grand Bay by Messrs. J. B. Murray and Andrew Burns in the motor launch The Amigo, when looking stern some little distance off they noticed an upturned boat with the boys clinging to the bottom. With all haste they went to the assistance of the youthful sailors, who were taken aboard somewhat scared, but none the worse for their rather thrilling experience. The boat, a single stick sloop boat, had been struck by a squall, and turned turtle so quickly that the lads were just able to get on to the bottom. After some little difficulty the craft was righted and towed to the Methodist Camp grounds and beached, and the boys placed safely ashore. As they were more than a quarter of a mile out in the bay it is difficult to conjecture what might have happened had they not been rescued by Messrs. Murray and Burns.

MRS. McVEY INJURED IN AUTO ACCIDENT ON WELSFORD ROAD

Steering Gear Went Wrong and Machine Went Over an Embankment, Throwing Her 25 or 30 Feet Among Some Trees

Mrs. W. B. McVey is in the private hospital suffering from internal injuries resulting from an auto accident yesterday. It is not yet known how serious her injuries are. Dr. McVey had a call to Welsford yesterday, and securing an auto and chauffeur he and Mrs. McVey and George Weldon set out for that place. About five miles this side of Welsford the chauffeur lost control of the steering gear because of some defect, and they went over an embankment. Mrs. McVey was thrown 25 or 30 feet, striking some trees, she was cared for at a nearby residence until the auto was pulled up and temporary repairs made, and they went on to Welsford. She returned to the city by train this morning and was taken to the private hospital. While the chauffeur was going to Welsford for medicine, after the accident, he passed Rev. Mr. Conison, who was driving. The latter's horse bolted, taking to the woods, where a tree was demolished in contact with a tree. The clergyman led his horse for some distance till he was able to borrow another carriage.

SAW ST. JOHN RIVER AND TWO LIVE DEER

James T. Carson, who, with his son, Raham, has been visiting relatives in Halifax, Sussex and Augusta, Maine, arrived in the city on Saturday's steamer from Portland, and left last night for his home in Winnipeg. Yesterday they went up in a motor boat to Public Landing, to spend a few hours with H. W. Belling, a boyhood friend of Mr. Carson. On the way up, just before they reached Harding's Point, the party in the boat saw two young deer on the eastern shore, close to the water. The deer were alarmed by the noise of the boat and ran quickly into the underbrush.

Mr. Carson is an inspector of elevators and buyer of grain for one of the big western companies, with headquarters in Winnipeg. He went west twenty-nine years ago, when Winnipeg was a small place, and was homesteading at the time of the Riel rebellion. He has seen the west grow, and knows it from Port Arthur to Vancouver and to Saskatoon and Edmonton. He has some property in Winnipeg, and 300 acres of land in the famous Okanagan valley, the fruit lands of British Columbia. For a time, some years ago, he sold lumber on the prairies for the Kings, Ryan and Fenwick, of Cranbrook, B. C., who are former New Brunswick men. His brother, William Carson, is a member of the grain exchange at Calgary, and has been longer in the west than James. As stated in the Times a few days ago, they are brothers of Rev. George Carson, who is editor of the Presbyterian Witness, and lives in Dartmouth, N. S. Mr. Carson was charmed with the St. John river, and hopes to visit the east again next year.
