BANK INSPECTION PLAN OUTLINED

Acting Minister Lays Government Scheme Before House Committee.

Ottawa, June 5—Hon. J. A. Robb laid before the banking and commerce committee today the proposed scheme of government bank inspection.

(1)—A general inspector of banks will be appointed by the Minister of Finance. He may be removed by order-in-council for incapacity, malfeasance or incompetence.

(2)—The inspector will be given power to examine the general manager or the officials under oath.

(3)—Under the present Bank Act if there is an indication that a bank is going wrong, there is no provision for winding it up. It is now proposed that a bank is insolvent reports to the Minister of Finance...

(4)—It is proposed that the banks shall be assets on their assets for the cost of the inspector and of the officials engaged under him.

BEATTY HOME IS CHEERY OVER WEST

C. P. R. President Speaks of
Conditions as Noticed
on His Tour.

Montreal, Que., June 5.—E. W. Beatty, chairman and president of the C. P. R., has returned to Montreal after an extended tour of inspection over the company's western lines perhaps even more of an optimist on Western Canada than he was when he went away. Mr. Beatty always believed in the future of the West. He has come back with an answer that the summer outlook in the prairie provinces is at least very encouraging. "It was most reassuring," said Mr. Beatty, "to talk to the business men in the various cities and towns which we visited and to find them so full of confidence in the future of the districts in which they lived and of the country generally. We noticed a marked change in this connection from the conditions which existed a year ago when authoritative westerners more or less refused to make any prognostications regarding the return of old-time prosperity to their country. It is not that westerners have returned to the old-time attitude of boundless optimism that was sometimes a little unreasonable, but they have now a solid faith that tells them that hard work and a fair measure of economy, together with the increase of population through desirable immigration, will guarantee the future. The crops. Asked as to the outlook for this year's crops, Mr. Beatty said that it was too early to speak with any surety as to the final result, but that the growth had made an excellent start and conditions were very favorable for a good crop in almost any sections. "It was the existence of these conditions," said Mr. Beatty, "coming on top of last year's splendid yields, that were mainly responsible for the more cheerful tone everywhere apparent in the prairie provinces. If present satisfactory conditions continue throughout the growing season Western Canada should have another fine crop to harvest and be that much further away from the troubles of the last year or two." Immigration. Mr. Beatty said that a great deal of interest was being shown throughout the country in the way in which the government and railways were progressing their immigration campaigns. He said the need for more farm labor was still apparent in several districts and the country generally appeared to be satisfied that there was room for an even larger number than was coming forward. Practically all of those who came out last year were now all set.

BOY IS RESCUED FROM DROWNING

Joseph Collrin Jumps in at
Indiantown and Saves
Lad.

But for the heroism of Joseph Collrin, 81 Sheriff street, Mac, the 11-year-old son of G. C. Nason, 70 Kennedy street, would have found a watery grave in Indiantown Harbor on Tuesday afternoon. The youngster was fishing from the wharf. There was no one in his immediate vicinity, and the first intimation that anything was wrong, was when his frantic cries for help reached the ears of workmen some distance from the scene. Running to the edge, they saw the young lad struggling for his life in the water. Without waiting even to remove his coat, Mr. Collrin jumped into the water, and managed to reach the boy as he was sinking for the third time. Through the assistance of the other men the boy and his rescuer were dragged to the top of the wharf and safety. Mac was taken to his home, where fears were entertained for his recovery because of shock. He had swallowed a large quantity of water. His father said last night that he was much better and believed that he would be all right. Mr. Collrin walked from Indiantown to his home in Sheriff street in the wet clothes. When seen last night Mr. Collrin said that he had done only what any other man would have done under the circumstances.

ways got what I wanted in my life. My parents are millionaires. This was part of a note found pinned on the coat of an unknown young man found shot through the head alongside a limousine bearing a New York state license between St. Come De Beauce and the woods of Jackman, in Quebec province, near the Maine border. The matter was reported to the authorities at Augusta, Portland and Quebec. The full note read: "Do not mind me. My name would be useless to you. But I wish the world to know that I committed suicide because I was too happy. I always got what I wanted in my life. My parents are millionaires. I realized all that it was humanly possible to wish. I do not find life good enough to remain in it. I have a strong longing to find out what there is in another life and I am going away."

The Most Interesting Part Of The Newspaper

A newspaper out in Arizona recently printed the following want ad:

Wanted—A real rough guy—I want a cow hand who knows cows. Not under 38 years of age or over 50. One who smokes, drinks, sweats, tells the truth and hates sheep-herders. Address W. F. H., The 8-B Ranch, Largo Canyon Post Office, Ariz., N. Mex.

If you came across an interesting want ad of this human-interest type in your own daily newspaper would you not, at least, get a chuckle out of reading it?

The next want ad to meet your eye possibly offers a good use plan for sale. "The very thing," you might exclaim, "little Dorothy has been coaxing for music lessons for the last two years."

Another ad might describe a set of used textbooks offered by a student of a correspondence school. All sorts of propositions of the widest possible variety of interest—appear in the want ad columns.

You will find it profitable and interesting to read the want ads every day. To many people, the want ad pages are the most interesting part of the paper.

Use the want ads, too, for your own particular needs—when you want to buy or sell or rent or find employment. Here is an efficient service right at hand for you.

Times-Star want ads pull better.

CANADA AND THE JAPANESE

Japanese exclusion is again an issue at Ottawa, and the London Times, realizing that the question is one of considerable delicacy so far as the Empire is concerned, is expressing some anxiety lest the Canadian action may result in some sort of crisis.

When we in the Maritime Provinces have heard complaints from westerners, both in the prairie region and on the Pacific coast, that conditions were unsatisfactory, and have noted their activities in the line of improvement, we have never supposed those communities were hopeless or were suffering from anything other than temporary depression.

There are so many people from the Maritime Provinces in British Columbia, and they have been of such benefit to that province, we might suppose that the Vancouver Sun would by this time have learned enough about this part of the Dominion to avoid such a long distance view of us as it is expressed in an editorial headed "Tragedy of the Maritimes."

LOCHINVAR

(With Apologies to Scott) Oh! young Lochinvar was a booby like the rest, Mid throngs at the Woodbine he showed out his chest, And prided himself on his knowledge to pick A nag that would double his currency quick.

The colt that he backed made a wonderful start, Though running much slower than Lochinvar's heart, With cold perspiration in beads on his brow, Young Lochinvar hollered: "They can't beat him now!"

A wise looking bird, with a jovial grin Nugged Lochinvar's shoulder, and said: "Wanta win? I'll hand you a tip that's as sure to come through As any express train. Now, brother, mut—buster your kale on Peruvian Star!"

The race was the third. The excitement was keen, As forth from a wicket deplorably lean Our hero extracted a yellow-backed bill To pay for his ticket. A glorious thrill Came over his spine, as he thought of the car To come from the winnings of young Lochinvar.

The horses were off. With his tongue in his cheek, Young Lochinvar watched them, too dizzy to speak. Away to the front leaped a slick little bay, While next came Desmond, and—fading away— Ah, far from the chances of selling at par, Behold the false filly of young Lochinvar!

So young Lochinvar, most profoundly depressed, Ducking under a freight that was bound for the West, And there on the "bumpers" he painfully chugged, To think of the pitiful way he was stung, And—though every season more races there are, They'll never get a nickel from young Lochinvar!

GIVES LIBRARY TO ROTHESAY SCHOOL

In the Consolidated School at Rothersey on May 23 Mrs. Hugh Cancell, educational secretary of the Duke of Rothersey Chapter, I. O. D. E., presented the school an excellent library. The books were mostly historical and patriotic works. A short programme of songs was given by the children, followed by an address by Principal Wet-

ABOUT 500 TO WRITE EXAMS.

The number of pupils that will write the High School entrance examinations in St. John will be something less than 500, it is expected. S. A. Worrell, acting superintendent of schools, said yesterday that the exact number would not be known for a day or two as there were several from outside that would write in St. John who had not registered yet.

**MAY INVALIDATE
DIVORCE DECREE**

Banker Won Case Just Before Fatality, But Order Not Signed.

New York, June 5.—The death of Mel Wolfe Thorne, banker, in an automobile accident near Patterson, N. Y., on last Thursday night, may lead to unusual legal complications. Only twenty-four hours before his tragic death, the Appellate Division signed an order affirming the judgment of the Supreme Court, which gave Mr. Thorne a decree of divorce from Mrs. Mary Casey Thorne, Barnard graduate, who, before she became the wife of the son and heir of the late Samuel Thorne, banker, was known as the "Belle of Third Avenue."

It was hinted that Mrs. Thorne, who was out of the city, is in a position to bring several proceedings, which include her continued effort to clear her name in the divorce proceedings. One of these moves, it was said, would be an appeal if possible to the Court of Appeals.

Former Sailor Named in Suit
A referee who heard the divorce action on Mr. Thorne, which was in the form of a counter claim in a suit for separation by Mrs. Thorne, based on alleged cruelty and abandonment, sustained the husband's charges against his wife which involved one Raymond B. Wilson, formerly a sailor in the United States Navy. The Supreme Court approved of the findings.

Due to the appeal filed by Mrs. Thorne, the final decree of divorce was not signed. Whether such a decree can be signed after the death of the plaintiff in the case is one of the questions that will be decided.

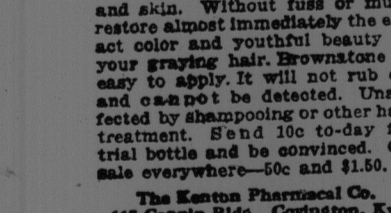

Mrs. Thorne is inclined to carry her case to the Court of Appeals. She still asserts her innocence of the charges made by her husband and says she was not properly represented at the hearing before the referee and that certain testimony was admitted against her without any protest by the attorneys who represented her at the time.

Would Protect Dowry Interest
Mrs. Thorne also is likely to begin a legal battle to protect her dowry interest in the estate of her husband in case he has made a will excluding her as a beneficiary. Of course, if the divorce action goes any further and eventually is decided in favor of Mrs. Thorne, she would be entitled to her dowry rights in the estate of Mr. Thorne. But with the Appellate Division renitatur not yet filed, the question will arise whether the divorce case is closed.

Another matter that is certain to rekindle the Thorne litigation will be the question of the custody of Joel Wolfe Thorne Jr. The boy was awarded to the father in the divorce action, but Mrs. Thorne had complained that the child had been kidnapped from her long before that. Joel Jr. had been in the care of his paternal grandmother at 514 Fifth Avenue, who has since died. The boy is said now to be cared for by a woman in Denver.

Mr. Thorne died in the Danbury Hospital from injuries suffered near Brewster, N. Y., when he was struck by an automobile driven by Leo F. Mirsky, of Manhattan. Thorne had alighted from his own car to look after lighting trouble when he was knocked over by the other machine.

Mr. Thorne was long a well known figure in society and club life in New York. He was a member of the Metropolitan and Downtown clubs and of the Society of Colonial Wars and the Sons of the Revolution. His family has lived on Long Island and in New York since 1846, his first American ancestor, William Thorne, having been one of the patentees of Flushing.

SHE KEEPS HAIR BOBBED DESPITE HIS WHISKERS
Chicago, June 5.—When Pilot Randolph Gilham Page of the Air Mail Service gets aboard his ship he looks like a bewhiskered patriarch. But Mrs. Randolph Gilham Page of Maywood doesn't object. She is not going to let her hair grow just because Randolph has taken such a silly way of expressing his prejudice against shingles.
"Well, just see what happens when hot weather comes," she said, defiantly. "After he's carried a mattress around on his chin through the summer, he'll understand how I felt before I got my bob."
The debate began last November when Mrs. Page announced at supper one night that she was going to get a shingon.
"If you do," said her husband, "I'll let my beard grow."
"Well, your face is yours, my dear," So she did, and he did, and they she retorted, "Spite it if you must." whiskers got into the air for the first time since the Wright brothers began flying.
Page's beard has grown to be five inches long since the hair-bobbing started him raling whiskers. Mrs. Page says it will be tangling itself in the propeller if he waits until she lets her hair grow.

MISTER BUNNY'S NEW SHOES

"Good morning, everybody! Got any shoes?"

"Pickle and porcupines!" exclaimed Mister Bags to the Twins one day. "Here comes old Mister Bunny in his bare feet. What do you suppose has happened to him. Pretty soon the door of the little store opened and in hopped Mister Bunny with a hearty 'Good morning, everybody! Got any shoes?' 'Lots of them,' laughed Mister Bags. 'But it seems to be more than you have.' 'Right you are,' said Mister Bunny with a grin. 'And I'll tell you how it happened! 'I've been wanting a new pair of shoes for ages and ages—a nice new shiny pair with lots of squeaky leather in them. 'But every time I'd say 'shoes,' Blossom, that's my wife, Blossom is, Well, she'd say 'Why, your old ones are good enough, Ben, plenty good enough.' And then she'd go on and tell me how long it was since she'd had a new hat, or how we needed a parlor rug, or how we'd have to save up for our summer's vacation or something like that. 'At last I decided that I'd have to fool her some way, or I never, never would be having a new pair of shoes. So I thought and thought of a plan to get rid of them. 'Oh, what was it?' cried Nancy. 'How did you get rid of your old shoes, Mister Bunny?' 'Why, just as easy! Just as easy as rolling off a log! I laughed the bunny gentleman. 'You see the treedoes out our way are something terrible! They go sqrrr! sqrrr! sqrrr! all night long just like that, and you can hardly sleep a wink. And as though that wasn't bad enough the crickets chirp all night, too, like scratchy old slate pencils. And then there are the squeakillums. They're simply awful! Why, you'd just think—' 'My goodness!' cried Mister Bags. 'What have crickets and tree-does got to do with shoes, Mister Bunny? Pickles and porcupines! I do believe

COULDN'T SLEEP HEART WAS BAD NERVES A WRECK

Mr. H. A. Reid, Upper Musquodoboit, N. S., writes:—"I am very thankful for the benefit I have received by using Milburn's Heart and Nerve Pills. When I came home from overseas, in 1920, my heart was very badly affected by concussion, and my nerves were a dreadful wreck. I was very short winded, and could not possibly sleep at night, in fact I was in such a condition I felt as if I did not wish anyone to speak to me. I thought I would try Milburn's Heart and Nerve Pills, and before I had taken two boxes I could enjoy a good night's rest as well as anyone. There are lots of returned men who are suffering the same as I did, and I feel sure that if they would only try Milburn's Heart and Nerve Pills they will receive the same relief that I have." you forget what you started to talk about. Losing so much sleep must be kind of upset your mind. "Ha, ha, ha!" laughed Mister Bunny. "You're all wrong, Mister Bags. You see I thought of a plan. Last night when the racket began, I set to Blossom, sez I, 'I'm going to throw something at them. Mebbe that will keep them quiet!' "Do, sez she, so I reached out of bed, and grabbing one of my old shoes, I threw it out of the window so far I just knew I'd never find it." "Did it do any good?" asked Nick. "Well, not so much," said Mister Bunny. "Not so much as it might have. So I sez to Blossom again, sez I, 'I'm going to throw something else I didn't get a good aim.' "Do, sez she. So I let fly the other shoe. It didn't stop the noise, but I went right to sleep. And now I want a new pair, please. Bring yellow ones that squeak, please. Number nine's." At that minute the door opened again and in bustled Mrs. Bunny with her husband's old shoes in her hand. "Look here, Ben," she cried. "I found your shoes over behind the bushes. You won't need new ones after all. That money will buy me a new washub." (To be continued.)

"Now Feeling Fine and Able to do my own work"

Mrs. Walter Grieves, Coe Hill, Ont., writes: "I was in such a weakened, run-down condition that I could not take care of my household duties. I was unable to sleep at night, and the doctor told me I was anemic. I commenced a treatment of Dr. Chase's Nerve Food and to-day I am feeling fine and able to do all my own work. "My little girl had eczema, and different remedies took no effect whatever. We got a box of Dr. Chase's Ointment and that one box relieved her."

PUT ON A DEGREE IN NEWTOWN LODGE

Several members of Johnston Lodge L. O. B. A. No. 19, paid a fraternal visit to Union Lodge L. O. B. A. No. 807 at Newton on Tuesday, initiating several members there into the scarlet degree. The local members motored through to R. E. Macaulay's farm at Sussex where they spent the day. At Hampton they stopped at Frank Wood-

land's residence where a light luncheon was served. At Sussex a short stop was made to allow members to greet Mrs. Jones who for a long time was a faithful member of Johnston Lodge. The W. M. of Newton Lodge is Mrs. R. E. Macaulay and she is assisted by an efficient staff of officers.

EXPECTS INCREASE IN CHEESE OUTPUT

At the regular meeting of the New Brunswick Cheese and Butter Board yesterday afternoon in the Board of Trade room, it was stated that last year's output was 1,000,000 pounds and that this year there would be an increase. O. W. Kierstead, chairman of the board, presided. The meeting and auction were under the auspices of the branch of the Dairy Department of Agriculture of New Brunswick, and were attended by a good representation of the manufacturers of the cheese and by the buyers, who were city and Halifax wholesale dealers. The amount auctioned was 1,087 pounds. It was reported gratifyingly that the home product found a ready sale at home, the whole output of 1,000,000 pounds annually being consumed in New Brunswick. The price yesterday was 15c. The sales were brisk and bidding lively. There was a warm discussion as to the place of meeting for the summer for fortnightly sales. The salesmen wanted all the meetings to be held in Sussex, and the buyers in St. John. A compromise was made and the meetings will be held alternately in Sussex and this city. The next meeting will be in Sussex, June 23. The places represented in the schedule submitted with the cheese for sale from each locality were as follows: Bellefleur, 70; Cornhill Corner, 44; Cornhill Cheese and Butter Factory, 111; Carsonville, 21; Collins, 14; Clover Hill, 27; Havelock, 83; Head Millstream, 92; Hammon Vale, 86; Killam's Mills, 30; Lower Ridge, 57; Lewis Mountain, 38; Knightsville, 125; Newsonville, 22; Pombosque, 120; Springfield, 37.

FEEL LIKE DIFFERENT PERSON IN 14 HOURS

Hurried and improper eating, nervous worry and lack of exercise clog intestines and weaken the Liver. Self Neglect and the use of "no called" mild stimulants aggravate this condition and make matters worse. The result is Self Poisoning; no longer can your liver do its work properly, and your health breaks down. That's why you wake up dull and tired, tongue coated, bad taste, and offensive breath. That's why you often suffer from loss of appetite, bad digestion, gas on sour, weak stomach, constipation and a general run-down, nervous condition of the whole system. Make this test! Cleanse and tone your liver and bowels with Dr. Thacher's Liver & Blood Syrup. Put your stomach in condition; soothe your tired, overtaxed nerves; brace up your system; send purer, healthier blood coursing through your veins; feel like a different person in 14 hours, or less. You, too, will be satisfied, as others have, or no cost. Dr. Thacher's Liver and Blood Syrup is sold and recommended by J. Benson Mahoney, cor. Union and Dock; Wassons Company, Ltd., 9 Sydney; A. Keep Scalp Clean

The truth must be told, Mr. Mann was himself a bit careless in the matter of his hair! Now and then a barber browbeat him into a shampoo, but rarely did he wash it of his own volition. And had it not been for Mrs. Mann he might not have thought of washing the children's hair more than once a month. Hair, allowed to be uncared for in childhood, seldom becomes beautiful. Training the child to have regular hairwashing times is as necessary as training it to take regular baths. A child with short hair should have it cleaned twice a week. In shampooing the child the use of pure Castile soap is generally recommended. The soap can be boiled and rubbed upon the scalp when it has reached a jelly-like form. Several rinsings are advisable, but care should be taken that the hair is quite dry. To aid in the growth a little olive oil or vaseline rubbed well into the scalp at the end of the shampoo is to be advised.

ST. JOHN MEN ARE HURT ON BORDER

R. A. Corbett, contractor, of St. John, and his son, R. W. Corbett, received severe injuries yesterday when a staging on which they were standing gave way and they fell into the cellar of the new school at St. Stephen, of which Mr. Corbett is contractor. Mr. Corbett has a badly fractured shin bone and will be a patient in the Chipman Hospital in St. Stephen for several days. His son was less severely injured, but his leg was badly hurt that he will be laid up at his residence there for a short while. Add Vinegar. When you boil fish, put a little vinegar in the water and the meat will be firm and tender.

Careless Shampooing Spoils the Hair

If you want to keep your hair looking its best, be careful when you wash it with. Do not use prepared shampoos or any thing else that contains too much free alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is Mulified coconut oil shampoo, which is pure and greaseless, and is better than anything else you can use. Two or three teaspoonfuls of Mulified is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy, wavy, and easy to manage. You can get Mulified coconut oil shampoo at any drug store. It is inexpensive, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Mulified. Beware of imitations. Look for the name Watkins on the package.

STOMACH IN TERRIBLE SHAPE

Dreco Strengthens Mr. Allan's Stomach and Relieves Him of Other Sufferings Caused by Poor Digestion.

Mr. M. Allan, of 1278 Chabot St., Montreal, employed as an engineer in the M. L. H. & P. Co. Gas Plant, suffered terribly from a disordered stomach until Dreco came to tone and strengthen it back to normal, healthy functioning. He tells you in the following statement the difference Dreco has made to his every day comfort and happiness.

"I suffered terribly from indigestion," says Mr. Allan. "Everything I ate formed gas that distressed me so much that I gradually lost all appetite. I was so badly constipated that I was forced to take a laxative every day.

"With the first bottle of Dreco, all the pains in my stomach have disappeared and I am no longer troubled with wind or gas. I sleep soundly at night and wake up in the morning feeling thoroughly refreshed and ready for a good day's work. My bowels are regular too.

"I am still taking Dreco, as the results obtained from it in so short a time are really marvellous. It is a high class stomach tonic and I recommend it."

Dreco is made from the pure juices of herbs, roots, bark and leaves that soothe an irritated, touchy stomach and restore it to normal, healthy working order. It also acts beneficially on liver, kidneys and bowels and purifies the blood. Dreco contains no mercury, potash or habit forming drugs. Dreco is being specially introduced in St. John by Ross Drug Co., 100 King Street, Moore's Drug Store, 105 Prince Edward Street, E. W. Munro, 357 Main Street, and in West St. John by Watson R. Dunlop. It is also sold in Fairville by F. H. Wilson, and by a good druggist everywhere.

Social Notes of Interest

That DeMons Chapter I. O. D. E. would hold another delightful fete again this year at "Low Wood," the beautiful country home of Dr. and Mrs. Walter W. White at Kinghurst, was the decision of the regular meeting of the chapter yesterday morning, held at the home of Mrs. L. P. D. Tilley, regent, "Carleton House." The chapter agreed to pay its share of expense in supplying needed headstones in the military plot at Fernhill cemetery. It was agreed to give \$10 towards the passage of an Imperial soldier back to England. Money was also voted to

supply prizes to be awarded to the grade eight pupils of Lowerville, St. Peter's and Centennial schools. This was the closing regular meeting for the season. Other special meetings will be held to arrange for the fete, of which Mrs. White was made general convenor.

ST. JOHN WOMAN SPEAKS IN WEST

Fully as much as the ocean voyage of her trip around the world on the Empress of Canada, Mrs. E. Atherton Smith is enjoying the trip across Canada from Vancouver to her home in St. Andrews. In a recent letter Mrs. Smith tells of having met many friends of the East in Vancouver and Victoria, in which cities the passengers from the Empress of Canada were feted and feasted. Rev. Gordon Dickie, formerly Presbyterian minister in St. John, extended an invitation to Mrs. Smith to occupy his pulpit in Kilsilano on Sunday morning, but she declined the invitation. Mrs. Smith gave an address before the Women's Canadian Club of Vancouver in the Hotel Vancouver on Monday afternoon and was afterwards entertained at tea. She has promised both Vancouver and Victoria Clubs that she will give them an illustrated talk on the world cruise when slides were available.

At Victoria many greetings from New Brunswick friends awaited the returning traveler and these made the home-coming all the more joyous. Banquet Mrs. Smith described as the climax of the trip as far as natural beauty was concerned. The rest of her itinerary was to include the following cities: Fort William, Port McNicholl, Toronto, Montreal, St. Andrews and later St. John.

FAIRVILLE W. M. S. MEETS.

The regular meeting of the Fairville Methodist W. M. S. was held yesterday afternoon at the parsonage with Mrs. J. M. Rice, president, in the chair. Chapters of the study book, "The Building of a Nation," were discussed. Those assisting in the discussion were Mrs. Alex. Scott, Mrs. Edward Kirkpatrick and Mrs. Dane Crosby. The Watch Tower was given by Mrs. S. A. Worrell, Mrs. William McEvoy and Mrs. O. D. Hanson. The next meeting will be held the first week in September. A picnic will be held during the summer.

LAST SOCIAL EVENT.

The last meeting of the Ladies' Society of St. John the Baptist parish for this season was held last night with Mrs. A. H. Doody, president, in the chair. It was decided to disband for the summer and the social committee was to take charge of a strawberry festival which was to be held some time in July. After the business session a card tournament was carried on, closing the season's social events. The winners in the tournament were: First, Miss May Collins, and second, Miss Mary T. Squire. At the close of the evening refreshments were served.

A Wonderfully Tempting Dainty! Grape-Nuts Cookies

HERE'S a cooky dainty you'll find wonderfully delicious for any occasion. Grape-Nuts Cookies! Delightfully distinctive in flavor—wholesome and nourishing. Easily and readily made by the recipe given here. Simply take some of the Grape-Nuts you use for your morning cereal, or get a package from your grocer, and make a batch of cookies with a temptingly different flavor from any you've ever had. Grape-Nuts Cookies are proving popular in many places. R. W. Maddell, baker in Norwich, Ontario, says that they are his largest sellers, outselling all others by two to one. W. R. Simmeron, baker at 1381 Main St. East, Hamilton, is enthusiastic after the first time he offered them to his customers: "Completely sold out in a short time. A fine line—went over big." Your family will enjoy these cookies just as well as hundreds of others do. Fill the cooky jar with them often. Grape-Nuts Cookies are particularly nourishing, because in them you get the concentrated nourishment which makes Grape-Nuts so valuable a food. Most folks know how delicious and economical (because it is so highly concentrated) a cereal Grape-Nuts is. Now try Grape-Nuts in this recipe. Order Grape-Nuts with your other groceries.

GRAPE-NUTS COOKIES
1 egg, 1 cup sugar, ¼ cup shortening, ½ cup Grape-Nuts, ¼ cup sour milk, 1 teaspoon soda, 1 teaspoon vanilla, 2½ cups flour (good measure).
Break egg into mixing bowl, beat; add sugar and shortening, and beat again; add Grape-Nuts softened in the sour milk, vanilla, and soda sifted in the flour. Roll very thin and cut with small, fancy cutter. Sprinkle with sugar, with raisins or scattering of Grape-Nuts on top. Bake in quick oven. Put on lower grate and finish on upper grate. If desired soft instead of crisp, roll thicker. This recipe makes twenty-five cookies.

SUMMER CAMP TO BE AT FAIR VALE

Cottages Rented and Under-nourished Children Will be Cared For.

It was definitely decided to proceed with the Lady Byng summer camp this season at a meeting of the ways and means committee of the Health Centre held yesterday afternoon with J. S. Gregory presiding. Authority was given to rent for two months two cottages at Fair Vale owned by E. S. Carter. The intention is to have between 10 and 15 children attend the camp and when one child has come up to

provide. As the first money raising effort on behalf of the camp a pantry sale is to be held and the members of the committee undertook to patronize that event and to provide food to be sold. The camp will be opened on July 1 or 2. Next Tuesday will be the last day on which an examination of children wishing to attend the camp will be made. The examination will begin at 2 o'clock.

Equipment Needs.
Miss Meiklejohn, director of the Health Centre, explained yesterday that the boys would be housed in the cottage nearest the water and in this building would be the recreation room and the day cots. In the central cottage the girls would be accommodated and the dining room and kitchen located. She had already had an offer of a long dining table for the porch and an extra small table for the dining room. The great bulk of the equipment was already on hand. The most urgent needs would be kitchen pots and pans, a small stove or Franklin to heat the sitting room, screen doors or mosquito netting and a supply of pillows. The provincial Red Cross will provide blankets and some furnishings.

The Rothesay branch of the Red Cross has undertaken to establish an amusement committee to be responsible for sending one member each evening to tell stories for the children. Half of the milk supply has already been promised and gifts of fruit and vegetables will be forthcoming from Rothesay residents. The staff of the camp will consist of a nurse and the cook and, if found necessary, an assistant. There will be a tent on the beach so that the children can go in bathing. The site is away from the main road so as to avoid danger from motors or trains.

YOU buy for a salad, the finest, freshest, crispest vegetables the market affords.

But what about the vinegar for the dressing? Do you realize that a sour, raw vinegar will just as surely spoil your salad as wilted, day-before-yesterday vegetables?

You pay a few cents more for Heinz Vinegar, but you get a vinegar that develops the natural taste of the vegetables, and adds a delicious, mellow flavor and aroma of its own.

Kellogg's Bran delights father by bringing health to children

Poor little kiddies—they needed bran badly. But they wouldn't eat ordinary bran. They didn't like them. Most folks don't. Then their father tried Kellogg's Bran, cooked and krumbled. What a difference! He tells the story in his letter:

"Dear Sir: I wish to express my appreciation of your Krumbled Bran which I have used for my children this summer. We had a great deal of trouble with them through constipation, and bran had been the most satisfactory remedy but they could not be induced to take the old varieties because they disliked them so. They enjoy the Krumbled Bran and consider it an essential ingredient of their porridge. No one whose children have not been troubled in this way can appreciate the relief there is in having their bowels move regularly."
(Name and address on request.)

Constipation is a dangerous disease. It should not be neglected. But do not try halfway measures in seeking relief. Kellogg's Bran is ALL bran. And it takes ALL bran to be 100% effective. Kellogg's Bran is guaranteed to bring permanent relief, if eaten regularly, in the most chronic cases. If it fails, your grocer will return your money.
Eat two tablespoonfuls daily—in chronic cases, with every meal. Eat it with milk or cream. The flavor is delicious. Sprinkle it on other cereals. Cook it with hot cereals. Try it in the recipes on every package. It will bring you health. Begin eating it to-day. Made in Toronto, Canada. Sold by all grocers.

BRIDGE CASE TO GO TO PRIVY COUNCIL

Government Makes Decision—Lancaster Highway Board Named.

Fredericton, June 5—Premier Venot announced last evening that the province would carry an appeal to the Privy Council in the matter of the railway bridge over the Reversing Falls at St. John. He stated that he had no announcement to make in connection with the vacancy in the cabinet caused by the resignation of Hon. C. W. Robinson to accept a seat in the Senate.

The composition of the Lancaster Highway Board was announced and consideration was promised the request for a grant toward the expenses of the Olympic trials.

The Government had a lengthy agenda including several appointments. Harry Crocker, who had been assistant superintendent at the Moncton Labor Bureau, was appointed superintendent in succession to Supt. Cochran.

Judge Hewson, of the Westmorland Probate Court, was given leave of absence, because of illness. Gaoler Moore, of Carleton county, was appointed deputy sheriff. Miss Meiklejohn, of the Public Health Service, was appointed superintendent of Child Welfare without remuneration and will combine her new duties with those of her present office.

George McArthur, of Rothesay, appeared in connection with a claim which he has for damages to his property, during road construction.

To Privy Council.
The Government decided to carry the matter of the C. P. R. bridge at the Reversing Falls, St. John, to the Privy Council. The Supreme Court of Canada recently gave a decision against the province.

The Lancaster Highway Board was appointed as follows: Councillor J. O'Brien, president; Councillor Campbell, secretary; George Weaver, member succeeding Amador Anderson—Educational Matters.

The Government met as Board of Education in the evening for three hours. Leave of absence was granted to Inspector Hetherington, Fredericton, who will go to Europe. His place will be filled by Inspector Dixon, of Sackville.

The plans presented to the meeting for the St. John Vocational School were opposed.

The vacancy on the staff of the Provincial Normal School created by the resignation of A. S. MacFar-

Jane, who is to become principal of the Fredericton High School, was filled by the appointment of Major Rouse, M.C., of the Fredericton High School staff. Major Rouse will act in the capacity of instructor in English grammar and literature.

Six months' leave of absence was granted to Miss Margaret Lynda and Miss Baxter, both of the Normal School staff.

Prevents Tarnish.
After you have rubbed your brass knocker or candlesticks put olive oil or paraffin over and rub in with a cloth. This will prevent the tarnish from returning immediately.

BRITISH MAILS.
A British letter mail will close at the local post office at 5 p. m. to-day to go on the Majestic by way of New York. Newspapers, parcels and specially addressed correspondence for British destinations will close at the same time to go by way of Quebec on the Montcalm. Mails for Ireland will close at 5 p. m. on June 6 to go by way of Quebec on the Marloch, and a full British mail will close at the same time to go by way of Quebec on the Doric.

ARRANGE FOR TAG DAY.
Arrangements for the Salvation Army tag day Saturday were made at a meeting of the conveners yesterday afternoon.

LEARN TO MAKE THEIR OWN HATS

Several of the young ladies who are to be leaders in the city playgrounds this season, might be seen last evening about 9:30 o'clock walking briskly along Charlotte street, proudly carrying hat bags. This pride was excusable inasmuch as the young ladies have, in a few lessons, given by expert milliners, learned how to make for themselves the very latest in hats. They will be seen appearing in the latest modes wearing also a smile of knowledge that the hats cost very little. The hats were very pretty as they were seen in the act of being completed last evening at the Y. M. C. A.

Withstands punishment

RAILWAY crossings, stony roads, curb bumps, sudden braking and steep down-grade are typical of the numberless punishments that cause internal heat so destructive to both rubber and cords.

In Dominion Cord Tires you have always had the greatest dependability—but now, by our exclusive new Web Cord process, internal friction and heat caused by cross threads are eliminated.

Our new Sprayed Rubber process increases the elasticity and strength of the treads and side walls, because Sprayed Rubber is the purest rubber in the world. It is used exclusively in Dominion Royal Cord and U-cord Tires in Canada.

The extra mileage and dependability of these new features in Dominion Cord Tires are thoroughly proven by years of actual road tests. They mean no increase in the price of Dominion Cord Tires.

The dinner you are soon to give

HAVE you silverware enough for the dinner you are soon to give—and for all the other dinners thereafter? Or are you trying to get along without many of the necessary pieces?

In "1847 Rogers Bros." it is quite easy to provide the half-dozen of things to make your silverware complete. The niceties of the well-set table are all here—salad forks, coffee spoons, orange spoons and serving pieces. All are reasonable in price. Yet all possess the beauty and durability that has endeared "1847 Rogers Bros." to generations of hostesses.

A sensible scheme is to purchase to-day the pieces you need most and to add to them as the occasion demands. This is the more feasible because leading dealers all over the Dominion carry "1847 Rogers Bros."

May we send you a copy of our booklet, "Etiquette, Entertaining and Good Sense"? Its illustrations of table settings are authoritative to the last degree. You will find it full of suggestions for successful entertaining. Write for it to-day. Meriden Britannia Co., Limited, Hamilton, Ontario.

DECIDE NOT TO ADD TO COURT BUILDING

County Council Committee Unable to Meet Request of Lawyers.

The building committee of the Municipal Council in session yesterday decided that they could not accede to the request of the St. John Law Society expounded by several of the leading lawyers of the city, but that they would, if possible, try to satisfy the society's demands within the confines of the present building and authorized the architect to investigate and see if a solution could be found. The committee also decided that they could do nothing with the request of the Registrar of Deeds, who asked that accommodation be made for the office on the first floor of the court house.

Hon. R. W. Wigmore, who acted as chairman of the meeting, said last night that it was the municipality's intention not to expand beyond the limits of the present four walls of the court house. The request of the barristers, he said, virtually amounted to the building of two wings, one on King street East and the other branching off from that new wing, at a possible cost of from \$100,000 to \$150,000. The cost of the restoration of the present court house, he said, would be about \$97,000.

Accommodation for all the courts would be found in the present building if it were possible, he said.

Those Present.

Those present at the meeting were Mayor Potts, Commissioners Wigmore, Frink, Harding and Bullock and Councilors Simpson, Campbell, O'Brien, Howland and Corcoran. Warden Wigmore was elected chairman.

The delegates from the Law Society were W. H. Harrison, K. C.; Hon. Dr. J. B. M. Baxter, K. C., M. P.; C. F. Sanford, K. C.; Judge H. O. McInerney, K. C.; J. M. Trueman, E. C. Weyman, J. Roy Campbell, K. C., and Hon. J. R. Armstrong.

Law Society's Views.

The suggestions of the Law Society were outlined by W. H. Harrison. He said it was the wish of the society that provision be made in the building for the accommodation of all the courts and the law library. In order to do this they suggested that a wing be built to the east, along the King street face of the lot, the same height as the present building, that, in the main building, the street floor be left for county purposes, the second floor for the judges' chambers and the third

GOOD YEAR CORD HOSE

Goodyear means Good Wear

floor for the law library. In the wing the lawyers suggested the ground floor have the county and circuit court rooms, a room for the judges and counsel, the second floor be devoted to the Chancery, Admiralty and Probate court rooms and the third floor have the jury rooms.

He stated that at the present time the Provincial Government was paying a yearly rental of \$1,750 for the quarters in the Pugsley building and the Law Society was paying \$700 per year for the law library quarters. The Government had been approached to see if they would capitalize the present rental and devote the amount to the erection of the proposed building and there would be in addition the \$700 per year from the law library.

Suggests Wing.

Judge McInerney said he believed all the courts should be in one building as at the present time people had to hunt all over town to find the court to which they might be cited or before which they wished to appear. The accoutrements of the old court room had been very bad and it was a question whether lowering the ceiling would remedy this defect.

J. V. McEllan, registrar of deeds, stated that the accommodation at the registry office was already overtaxed and he suggested that in the rebuilding of the court house the registry office be placed on the lower floor of the court house.

Dr. Baxter said the legal men did not want to saddle the city with a big expenditure but they did want decent accommodation in which to transact business. He suggested that two wings be built, one to the east and the other to the south. He did not think it would be a good idea to link the registry office up with any other building but did think the present building should be enlarged.

Dr. J. Roy Campbell supported the claim that more accommodation should be provided and the placing of all the courts in the one building.

Mayor Potts asked if the barristers had any estimate of the cost and said he was of the opinion that this would mean an expenditure of \$150,000 to \$200,000.

Dr. Baxter was of the opinion that if it cost \$200,000 the expenditure would be justified. The question was asked as to the difference in cost between fireproof and ordinary construction and Mr. Wilson replied that for

the restoration of the old building in its original condition the difference would be \$22,800.

HOLD UNITED SERVICE.

The four congregations of St. Andrew's and St. David's Presbyterian churches, Centenary Methodist church and Central Baptist church held the

first united prayer meeting last night in the Central church school room. United services for these four congregations will be held each Wednesday night throughout June, July and August. The schoolroom was filled to capacity and the large gathering was representative of each of the four congregations. Rev. James Dunlop, pas-

tor of the Central church, presided. He said that whatever the theological differences of the denominations represented he believed that in prayer and praise it would be hard to distinguish between Methodist, Presbyterian and Baptist. Rev. Hugh Miller, of St. David's church gave an inspirational address, his subject being, "That I

may know Him." Rev. R. G. Fulton of Centenary and Rev. J. S. Bonnell of St. Andrew's also took part in the service.

DISCUSS IMPROVEMENTS.

Property owners and residents in Cranston Avenue met again last evening and considered several plans by

which they hoped the city commissioners would be induced to make improvements to that roadway. Another meeting will be called within the next few days when final details for action will be determined.

DECIDES AGAINST PULPIT PROPOSAL

Against Non-Episcopally Ordained Preaching in Anglican Churches.

Fredericton, N. B., June 4.—The Provincial Synod of the Anglican Province of Canada in session here this evening decided against the amendment to Canon 6 by which it was proposed to allow non-episcopally ordained ministers to preach from Anglican pulpits. Canon 15 and 14 were amended so that the adoption of the revised book of common prayer was approved.

The synod meetings opened this afternoon with His Grace Archbishop Worrell, of Nova Scotia, presiding. After his address the Upper House retired.

In the Lower House, Very Rev. Dean Neales, was again elected prolocutor. Dean Neales appointed again Rev. Canon G. Abbot Smith, as deputy prolocutor.

Venerable Archdeacon Vroom succeeded Rev. Canon A. W. Sullthers as clerical secretary and Chancellor R. Y. Harris, K. C., of Halifax, was re-elected lay secretary and Dr. Lansing Lewis, of Montreal, treasurer.

Chancellor Harris and Chancellor Campbell, of Montreal, were appointed assessors and Ven. Archdeacon Robinson and J. G. Brook, were reappointed auditors.

Messages from the Upper House announced the election of Rev. Noel H. Wilcox, of Dartmouth, N. S., as secretary and requested a joint session of the two houses to consider amendments to Canons 6, 13 and 14, the Lower House concurring.

The two houses went into joint session and Canon No. 6 was considered. The amendment proposed permitting a Bishop to authorize preaching from an Anglican pulpit by a clergyman not episcopally ordained. Opinion varied and when the Houses rose at 6 o'clock no vote had been taken.

Upon resuming tonight Ven. Archdeacon Armistead, of Halifax, concluded the debate upon the motion made by him to adopt the amendment to Canon 6 by which the resolution of the Lambeth Conference would be adopted making it justifiable for a bishop occasionally to permit non-episcopally ordained ministers who may be working toward an ideal of union, to preach from Anglican pulpits and Anglican clergy to preach from the pulpits of such ministers.

Amendment Defeated.

Discussion on rules of order with a view to deferring decision upon the question ended in a decision that the question of confirmation must be dealt with at once. The Lower House then declared for the amendment moved by Archdeacon Armistead 29 to 21 the vote being taken at 9.15. The metropolitan, His Grace Archbishop Worrell, announced that the Upper House composed of bishops voted non-concurrence, which defeated the amendment. The debate on the question had continued about four hours.

The synod then proceeded to confirmation of amendment of Canon 13 and 14 which was carried without lengthy discussion. This amendment amounted to the adoption of the revised book of common prayer.

SEEK SUBSTITUTE IN VAIN.

Nothing Takes Place of Wood for Railroad Ties, Says College.

No satisfactory substitute has been found for wooden cross-ties for railroads. Many thousands of dollars have been spent in experimenting with steel, concrete and other substances, but with little success, says the New York State College of Forestry at Syracuse.

Nothing will stand the wear, cling to the roadbed and resist extreme weather conditions like a hardwood cross-tie properly treated with preservatives. The elasticity of wood makes it superior to all other substitutes thus far tried. This peculiar quality gives the wooden tie long life in that it partially absorbs the shock of heavy traffic where other materials fall under continuous use.

WOODSTOCK BOY IS DROWNED

Woodstock, N. B., June 4.—A little boy, about four years of age, a son of Fred Niles, was drowned this afternoon while playing in a boat near Smith's mill.

Previous to the accident several young lads were playing in the boat, but it would appear that the Niles boy was alone when he fell overboard. He was seen by his mother, who gave the alarm, and people soon congregated and the body was at once taken from the water.

The efforts of two doctors failed to resuscitate the boy.
