FOR SOUTH AFRICA.

Probable Establishment of Force—Steamer Arranged for—Sam Hughes Volunteers. OTTAWA, Nov. 25.—The mounted force for service in South Africa will most likely be constituted as follows: One lieutenant colonel, one major, one and in command, one adjutant, one quartermaster, one medical officer, one veterinary officer, one acting sergeant-major, one quartermaster sergeant, one sergeant and cook, sixteen privates, two clerks, two orderlies, twelve bachelors, four companies each consisting of one sergeant, five subsergeants, one color sergeant, five sergeants, one farrier sergeant, four shoemaking smiths, one saddler, six corporals, four lance corporals, two buglers, and 118 privates; total of all ranks 626.

Preparations for outfitting and despatching the mounted force to South Africa are proceeding. A tentative arrangement, it is said, has been made with the Elder-Dempster Company to supply a troopship to take the force to South Africa, sailing the last week of December or first of January. Lieut. Col. Sam Hughes also has wired Col. Borden, minister of militia, offering to take command of the mounted force to be sent to South Africa. Suggestions as to possible changes in the composition of the force for South Africa are being discussed at headquarters. One proposal which may be laid before the war office is made by Capt. E. W. B. Morrison, D. S. O., editor of the Citizen, who commanded a section of "D" Battery in the second contingent. It is that each of the battalions of mounted infantry be accompanied by two horse artillery guns. Each section would consist of 20 men and 20 horses, with two guns.

A REQUIEM MASS

For Repose of Souls of Dead Filipinos and Boers. NEW YORK, Nov. 25.—Rev. Joseph P. Mendt, Director of the Church of the Immaculate Conception at Montclair, N. J., announces that at 8 a. m. Thursday he will celebrate a high mass of requiem for the repose of the souls of the Filipinos who died fighting for the rights of their country, and the Catholics who have been killed in fighting with the Boers in South Africa. Father Mendt said the mass was intended as a tribute to those who had died in the defense of their homes and families. It was to be also in the nature of a protest, he said, against the acts of both the American and English governments.

COLOSSAL BANK FRAUD.

NEW YORK, Nov. 25.—Concerning the Liverpool bank trouble the London correspondent of the Tribune cables: All the details are being as to the methods pursued by Bookkeeper Gouder and his confederates in the colossal bank frauds at Liverpool. Gouder, in the nature of the accounts in his ledger and became familiar with the customers' checks. He is alleged to have supplied expert forgers outside with information as to the amounts which would pass without exciting suspicion. The checks were forged on this information, he boasted, and honored in due course by the Bank of Liverpool.

THE FORMER HAWAIIAN QUEEN.

SALT LAKE, Utah, Nov. 25.—After a three day's stay in this city, during which time she was the guest of honor at numerous entertainments and receptions, former Queen Liliuokalani of the Hawaiian Islands, left for the east last night. She will return to New York, where she intends to place her son in a private school. From New York she will go to Washington to remain the greater part of the winter.

LONDON COMMENT.

LONDON, Nov. 25.—The course of events in Central America, says the Gazette, "is showing how inevitable it is that the United States should be the principal performer in the isthmian games and that it is just as well that their government and ours should have settled outstanding differences and work amicably together for the preservation of an open door."

THE KAISER SPEAKS.

BERLIN, Nov. 25.—Another version of the emperor's remarks in addressing the naval recruits at Kiel reads: "I am saying:—'You must not think of yourselves. It is all very easy for the emperor to command, but the soldiers have the difficult duty to perform.' I too, have taken my soldier's oath, like yourselves, and I must perform my duty like yourselves, each in his place."

VERY BAD TEMPERANCE MAN.

SAN FRANCISCO, Nov. 25.—The temperance restaurant proprietor, W. A. Dennett, who once conducted a chain of restaurants across the continent from New York to San Francisco, has failed for \$22,000, with no available assets. He has nominal secured assets of \$20,000, most of his creditors are women and missionary societies.

HORRIBLE EXPLOSION.

DETROIT, Mich., Nov. 25.—The boiler of the Penberthy Injector Company, Seventh and Abbott streets, exploded at 9:15 and it is estimated that from 75 to 125 men are buried in the ruins of the building. The wounded have been removed. Thirty-six victims have been taken to various hospitals. Of these several have died. Financial loss is \$150,000. The ruins are still burning. Fire laborers and other city employees are assisting in the search and the efforts to quench the flames. The foreman of the works has set men at digging under the elevator shaft where he says 25 men are buried.

YUKON OFFICIALS

Help to be Hurrying to Ottawa for Help to Check Rebellion. CHICAGO, Nov. 25.—Overland through Alaska to the sea, by water to Seattle, and through the United States on their way to Ottawa, officials of Yukon are hurrying to plead the Canadian authorities for help to put down the rebellion there. By members of the Order of the Midnight Sun, Three of these officials have arrived at Chicago, and others are on the way. The serious trouble is imminent in the far northwest, have candidly admitted to these members of the Yukon department of public works who are in consultation at the Palmer house with capitalists who have interests in that country. The men are D. Melt, Mining engineer; J. C. Tuchs, resident engineer; and P. E. Marler, assistant engineer. President Graves of the White Pass and Yukon Railroad company was among those who talked over the situation with Yukon officials. The White Pass and Yukon railway is owned largely by American capitalists. Its main office being in Chicago. A determined and united effort by a band of at least 1,500 men who have been laying plans for nearly a year, is the plot described by the officials, to establish an independent government. Several of the men are Americans and they have grievances and believe they have power to secure by force the rights which they declare have been denied them. Gov. Minto of Canada, is to be asked to send troops to the scene and at least to increase the mounted police force. Mr. Minard, the leader of the party of officials, said: "We expect to proceed to Ottawa at once and will have a consultation with the government authorities about conditions in the territory. This trouble may assume an international phase because so many members of the secret military order are Americans and we cannot try them for treason. The mounted police have always been competent heretofore to take care of all disorderly characters in the territory. This affair is of too serious a nature to be handled by police. Arms and ammunition, we are told, have been secreted in great quantities. Provisions have been cached at various strategic points this side of White Horse, which is the terminus and beyond Dawson was to be the capital of the republic. The conspirators depended on aid from Americans throughout Alaska, and circulated copies of grievances against the grand seal for organization at White Horse, Dawson, Skagway, Hootalinqua and Circle City. Skagway is in American territory."

SWELL P. E. I. WEDDING.

CHARLOTTETOWN, P. E. I., Nov. 25.—The marriage took place this morning at St. Dunastons cathedral of William Henry Sullivan, C. E., son of Hon. M. Sullivan, of Kingston, and Miss Adele Mary Maris, daughter of the chief justice of the province. Bishop McDonald officiated, the assistants being Dr. Morrison and Dr. Monaghan. The bridesmaids were Faustine Sullivan, sister of the bride, and Frances Sullivan, sister of the groom. The best man was Arthur Sullivan, brother of the bride. After the ceremony a reception was held at Brighton Villa, the residence of the bride's parents, after which the bridal party left for New York.

BARGES WRECKED.

NEW YORK, Nov. 25.—Advices from Tom's River, N. J., this evening say that the wrecks of four barges lie along the coast in the vicinity of Barnegat Light. They came ashore during the storm and are rapidly pounding to pieces. There will be no salvage from them, as they are breaking up rapidly under the continued heavy sea. The barges were the Grant, Wilmore, Fall River and Whitman. Each barge had one man on board. Two of the men were saved, their barges being driven far enough inshore for the life savers to send them a line. The other two barges stranded further out and the men were washed overboard before the barges worked far enough in to be reached. This afternoon the bodies of the two men washed ashore. They were buried at once. Their names are not known.

THE CHECK THAT SHRUNK.

TITLE OF A CONTRIBUTION IN TAMMANY'S Campaign Fund. Tammany hall politicians who heard today a story that has been current in certain business circles since election are wondering whatever did become of a certain \$3,000 contributed to the wig-wag's campaign fund that somehow got lost in the vicinity of Fourteenth street. They cannot understand it. They don't know any Tammany lights who are in need of \$3,000, nor do they know any who would not have used Mr. Shepley of Brooklyn. A prominent business man of this city, the story goes, feeling that he would rather have the favor than the disfavor of Tammany, as a business proposition, sent a check for \$5,000 toward the Tammany campaign fund. He sent it where he thought it really ought to go. Some days later he met a Tammany light, who knows at least a little about contributions. "I want to thank you Mr.," said the Tammany man, "for that \$2,000. It will come in handy." The business man was just a little surprised. To make sure he heard right he repeated, "Two thousand." "Yes," went on the Tammany man. "If they'd all give \$2,000, we'd be all right." The contributor said he was glad his mite was appreciated, and went away to think it over. The Tammany politicians are wondering where on earth that \$5,000 ever did get to.

WHOLESALE STEALING.

CHICAGO, Nov. 25.—Four employees of the Grand Pacific hotel have been arrested charged with the theft of \$1,600 worth of silver, cut glass and other hotel matter. Detectives say they have evidence of a large conspiracy of hotel employees whereby the big hotels of Chicago have been robbed of \$120,000 to \$150,000 worth of property, and it is estimated many servants will be arrested and exposed.

EQUITY COURT.

At the equity sitting this morning E. G. Fairweather moved that bill be taken pro confesso in Fawcett v. Golding and order of foreclosure and rule made. The case of Simpson et al Executors of Andrew Moffatt v. Elizabeth T. Johnson et al is being heard. This is an action for the administration of the estate and as to state of accounts, A. J. Trueman, K. C., and A. C. Fairweather for applicants, and Stewart L. Fairweather for the defendants answered. The bill having been taken pro confesso against many of the defendants at prime sitting.

CHAMBERS.

In equity chambers this morning his honor in the matter of an application in Bank of Montreal v. Maritime Sulphite Co., to vary the appointment of the receiver varied the appointment, taking from the receiver the control of the property outside of that covered by the mortgage held to the bank. MONTEBELL'S NEGLECTED GRAVE.

A visit to the grave of R. L. Stevenson would disappoint many people. While some time back visits to this famous hill were most frequent, the limit must now be six persons yearly, and no wonder! The place is quite overgrown with weeds, and perhaps will some day be hard to discover.—New Zealand Times.

THE ROLLER BOAT

Made a Bad Mess of Its Venture on the St. Lawrence. OGDENSBURG, N. Y., Nov. 25.—Knapp's roller boat demonstrated its ability to roll today. In a blinding snow storm with a stiff North wind, it rolled from Prescott across the St. Lawrence river to Ogdensburg, but missed the channel to the upper harbor and rolled into the soft sand on the bar abreast the city and settled hard, surrounded by snow and ice. A steamer following the roller, was unable to get near her, owing to the shallow water. Efforts to tow the boat by long hawsers into deep water, were unsuccessful and she may not be released until spring. The inventor and a stockholder, who were on board, were taken off in small boats. The inventor declares the boat a success. The boat is 110 feet long and 22 feet diameter. An engine is suspended in a car in the centre. The motive power is applied in the form of a climbing engine. Mr. Knapp says he will now build an ocean roller boat 500 feet long and 300 feet diameter, with a capacity of four million bushels of wheat and a speed of 12 knots an hour.

ST. JOHN STAR.

ST. JOHN, N. B., NOVEMBER 26, 1901

SHOULD SAIL FROM ST. JOHN.

It is not too soon for the city council to call the attention of the dominion government to the fact that St. John possesses facilities which should make this the port of embarkation for the troops for South Africa. It is now generally taken for granted that the troops will go. If St. John desires that they shall embark here the fact should be officially stated. It was not until after an agitation had been raised that the port of shipment of horses was changed from Portland, Me., to St. John. The troops of course will go from a Canadian port, but unless the citizens assert themselves that port will not be St. John.

AS TO PROHIBITION.

The decision of the privy council that the Manitoba prohibition law will doubtless lead to a renewal of effort on the part of prohibitionists in other provinces. P. E. Island already has prohibition, which the friends of the act will now of course make more strenuous efforts to enforce. In Ontario Premier Ross is already being reminded of his promise to bring in a prohibitory law if the Manitoba law were upheld by the privy council. He has always declared himself a prohibitionist, and those who supported him on that ground will now insist that he put the prohibition plank in the platform on which his government must appeal to the people within the next six months. We may also expect prohibition to be a factor in the next election in Nova Scotia. So far as Quebec is concerned, there is no present possibility of such a law being adopted. The act passed in Manitoba and that of P. E. Island are restricted in their application to the business within the province itself. They do not prevent a citizen from trading in liquor with a citizen of another province.

THE PEOPLE'S RAILWAY.

The merchants of Halifax are making comparisons between the I. C. R. and C. P. R. management that are not wholly complimentary to the former. They say it is due to the fact that the C. P. R. will carry freight eastward from points on its line that they get any flour and grain at all. A western miller on the line of the Grand Trunk wrote that he had thirty eastern customers clamoring for weeks for flour that had been ordered, but which he could not get through. The flour would have to come over the G. T. R. and I. C. R. It is said that each of these lines blames the other for the delay. So strong is the feeling that has been aroused in Halifax that there is likely to be an agitation to have the I. C. R. sold to a company. It is unfortunate that the conditions should cause a storm of such dimensions. Any proposition to dispose of the I. C. R. will be strenuously opposed, and it is very regrettable that such a feeling should exist in Halifax. Mr. Blair should take the matter into serious consideration.

New Zealand is moving in the direction of state owned coal mines. Premier Seddon in his recent budget speech said: "The time has arrived when the colony should supply itself with coal. The output at present does not adequately meet requirements. Private enterprise is not meeting general and increased demands." He argued later that "private enterprise" was selling coal at 17s. 6d. (\$4.35) a ton which could be sold for 15s. (\$3.50). There was a combination of coal dealers, he said, and the mine-owners were working in union with them, the result being that abnormally high prices were charged to the consumers.

The Russian Imperial Agricultural Society has a project on foot to ship Russian meat to English markets. The leading motive is to give a serviceable impulse to the cattle-breeding industry in order to relieve the congestion of the grain-producing industry. Much of the success of the scheme will of course depend on the quality of the meat sent. The live meat regularly shipped from Russia to the British garisons at Malta and Gibraltar has no particular reputation for its nutritive quality or edible tenderness.

At a special meeting of the Toronto Board of Trade on Friday a resolution was unanimously adopted urging the dominion government to withdraw its instructions requiring the use of a bushel measure in grain testing. Another resolution was also unanimously adopted to the effect that the government be requested to appoint official weighers at all public elevators, and especially at Montreal, Portland, Toronto and St. John, to inspect all cars before unloading.

A New York despatch says that ten thousand marines alone are needed in the American navy yards and naval stations. Overwork, harsh treatment and the abolition of the canteen are alleged to be making the men desert by the hundreds, while the jail is kept in such a filthy state that attempts to break jail are common. At the local yards, New York, there was such a shortage recently that cooks, tailors and armorers were called out to mount guard duty and to fill the ranks for drill.

An Ottawa man has invented a machine for counting bank bills, and he expects to patent it by a short time. Although this invention has not yet been put into newspaper circles, it may be of use to those who are overworked by the exercise of bill-counting.

The business done in the Regina district this fall in regard to selling land to American capitalists and land speculators, has been unusually large. The crops in that district have also been very large. One farmer raised a total of 35,000 bushels of wheat.

The despatches say that Col. Lynch's "fighting blood" is up, and that he will take the seat for Galtway. If it be true that he fought on the side of the Boers he will need to have lots of fighting blood when he attempts to sit in the British parliament.

The Montreal Star asserts that prohibition is not to blame in any way for the number of gunning accidents in Maine. The assertion is based on the fact that quite as many accidents occurred in the Adirondacks as in Maine.

The prizes won in the pretty garden competition in Ottawa will be awarded some night this week. Lord and Lady Minto will be present, and after a speech by Lord Minto, Lady Minto will present the prizes.

COOL DENISON IN ST. JOHN.

A Man of Force Whom Every Citizen Should Hear Tomorrow Night.

Much interest is felt in Colonel Denison's address to be delivered tomorrow evening in Orange Hall, Germain street. The questions of imperial defence and imperial commerce are burning issues now, and Colonel Denison has a way of pressing his arguments home which always makes a deep impression. On his last visit to England his address for the day for the Canadian contingent of the day, he speaks his mind as freely in Great Britain as he does at home. It is probable that the enthusiastic president of the British Empire League will deal with the question of the third annual conference for South Africa. On this matter he has already expressed his opinion with some force, as the Sun's readers will remember. They may also remember the comments of some of the Montreal journals. Wednesday's meeting will be open to ladies, but they ought to go early to be sure of seats.

ST. JOHN'S MAIL BOATS.

The Allan line steamer Numidian arrived at Halifax from Liverpool yesterday afternoon, en route to St. John. At 11 o'clock she brought four first class and 23 second and 114 steerage passengers. She sailed at 4.30 p. m. for St. John to discharge her cargo. The steamer Parolan of the same line arrived at Halifax at 7.30 p. m. from St. John. She will take on 5,000 barrels of apples and 114 steerage passengers. A telegram from Halifax last night says: The Parolan arrived from St. John at 7 o'clock this evening, some hours overdue. She was driven to sea by the force of rough weather. The seas were mountain high, but the steamer rode out the gale in good shape, and she made port as soon as the weather cleared. She was booked to take 4,000 barrels of apples, and after loading this cargo and taking mails and passengers she leaves for Liverpool.

ST. STEPHEN'S GUILD.

At the meeting of St. Stephen's Church guild last evening, Rev. Dr. Morrison of St. David's gave a lecture of great interest on the English Versions of the Bible, tracing in a concise style the development of the Scriptures from translations of the English from that of Coverdale to the last revision. During his address he referred to and quoted extensively from a paper by Prof. Clarke of Trinity University, Toronto, on the new American revision. In closing he expressed his pleasure at the information conveyed by the St. John Star that evening that the British and Foreign Bible Society had decided to circulate the revised version.

DOGS AND POULTRY.

The N. B. P. K. and P. S. A. met last night and went into the accounts deep enough to show that the recent fair had been a financial success. This speaks volumes for the management, as local conditions generally were dead against the undertaking. Votes of thanks were passed to all donors of special prizes. Officers will be elected at the next monthly meeting, December 21st.

SUDDEN DEATH.

The death of John Oils, a well known resident of the north end, occurred at his home, 101 Victoria street, very suddenly yesterday afternoon. Mr. Oils, who was about 65 years of age, had apparently been in fair health, but at half past one yesterday afternoon was stricken with paralysis. Dr. McIntyre was summoned, but was unable to render any assistance, and death occurred at half past four. The deceased leaves a wife and one daughter, Mrs. Cameron, who has been residing with him.

ST. PETER'S CHURCH FAIR
Largely Attended Last Evening—Mayor Daniel and Ald. McGeidrick Present.
Commencing last night and on the successive evenings until Thursday, the ladies of St. Peter's church, north end, will hold their annual high tea and sale. For weeks past extensive preparations have been going on to ensure the artistic success of this every-year feature, and the ladies of the church are to be congratulated on the elaborate bill of fare, the culinary features of it will hold its own with the best. New ideas have been put into being, as several novelties in the way of lotteries, etc., will show.
St. Peter's hall on Elm street is a bower of beauty, and the sides of it are beautifully partitioned off in pink and white, and pale blue and coral colors—the colors of the two long supper tables. The pink and white table is enclosed in a very pretty latticed work of twisted strands of crinkled tissue paper, pink and white in color, inter-twined with morning glory vines, and blossomed with chrysanthemums. An expansive ornate umbrella, burdened with "mums," serves as a canopy for the ladies.
The most tempting viands, choice silverware, cut glass, fine china, real flowers, and the most tempting viands, a sort of railing decked out in the predominant colors of the surroundings prevents crowding against the table.
Across the hall the pale blue and coral color table is a wealth of the most delicate very rich lines, dishes and silverware, choice silverware, cut glass, fine china, real flowers, and the most tempting viands, a sort of railing decked out in the predominant colors of the surroundings prevents crowding against the table.
The most interesting booth was the Gypsy fortune teller's. The rank was so great that many were turned away or referred to a future time.
Another of the big money winners was the Mayor Daniel, who was popular with the ladies. This affair was popular with Mayor Daniel, who was popular with the ladies. This affair was popular with Mayor Daniel, who was popular with the ladies.

JOHN McLEOD, M. P. P. DEAD.
The many friends of John McLeod, M. P. P., will regret to learn of his death from paralysis, which occurred at an early hour this morning, at his home, Black River. Mr. McLeod had been in poor health for many months. He was born at Greenock, Scotland, in 1835, and came to Canada with his parents in 1838. For some years he followed a sea-faring occupation and went to Australia in 1852 and engaged in gold mining until 1857. In 1852 he commenced shipbuilding at Black River, St. John county, and continued in the business until his death. Mr. McLeod was a member of the municipal council for nearly 20 years. He was elected to the House of Assembly as member for St. John county in 1892 and was re-elected in 1896 and at the last provincial elections. He leaves a widow, who was Miss Alward, of Havelock, Kings county, and two brothers, Robert and Peter McLeod, of Black River.

BOARD OF SAFETY.

At the safety board meeting yesterday, the question of leaving the keys to the fire alarms at the boxes or in adjacent houses, in certain districts of the city was left in the hands of Chief Kerr and Mr. Leonard. The board will recommend that Officer McLaren receive full pay for seventy-five days he has been laid up on account of injuries. W. H. Thorne's tender to supply 2,500 lbs. spelter at 5 1/2 cents, was recommended. It was decided to allow the ship laborers to use the upper room of No. 8 engine house during the winter season at a rental of \$50. No. 2 Artillery club, which now occupies that room will be provided elsewhere that it was decided to recommend that Scovill Bros. & Co.'s tender to make sixteen overcoats for policemen at \$25.50 and \$28.50, and C. B. Pidgeon, \$20.50 and \$22.

MARINE MATTERS.

Pilot Thomas Trainor went to Halifax yesterday to bring around the steamer Loyalist, of the Furness line. The new steamer Miguel de Larrinaga left Liverpool for this port Sunday. A despatch received yesterday afternoon brought the intelligence that the schr. Viola, Capt. Ward, bound from New York to this port, was ashore at Vineyard Haven and full of water. The Viola was reported in yesterday's despatches as having arrived at Vineyard Haven. Her cargo is for R. P. & W. F. Starr, J. Willard Smith, the managing owner of the vessel left yesterday afternoon to look after her.

CAPE BRETON.

HALIFAX, Nov. 25.—Today's storm was particularly severe on the north-west coast of Cape Breton, but no disasters so far are reported. At Louisbourg the sea is exceedingly heavy tonight and shipping cannot leave the port or enter. The steamers Myrtle and Fortuna, with coal for Boston, are detained there until the sea goes down.
The steamer Ella, reported a few days ago as lost, is now on her way from St. Johns to Louisbourg, and is overdue. She cannot make Louisbourg tonight on account of the heavy sea.

(Saturday's Halifax Herald.)
On Monday the coal market in Halifax will experience a number of changes. Acadia lump will drop from \$7.50 per chaldron to \$7. Acadia nut will be \$6. per chaldron cheaper, and will sell for \$6.50. Hard coals will advance all around and will retail at \$8 per ton for all grades. The ruling prices at present are, chestnut, \$5.85; stove, \$5.35; and egg, \$5.90 per ton. These quotations are for tons of 2,000 pounds.

KEEPING UP ITS REPUTATION.

(Bear River Telephone.)
Several thousand acres of wild land in the best game district in Nova Scotia have been recently surveyed and it is generally understood to be the property of a syndicate of American sportsmen. In most places such a grant would meet with strong opposition. So far we have heard not a murmur of dissent from the press or people. There will probably be a hint about it some five or ten years hence if the reputation given to Nova Scotia for slowness is a correct one.

TEA AND SALES.

Very Attractive Affair at St. John's Stone Church.

For many years the ladies of St. John's (Stone) church have been noted for the excellence of the different undertakings in which they have been engaged and in the annual tea and sale which opened in the school-room this afternoon they have added to their already high reputation.

To the right of the entrance are two long tables, literally loaded down with all kinds of fancy work. Next to this side of the hall the novelty, doll and apron tables and the house that Jack built. In the centre of the hall a circular booth, decorated in green and pink, has been erected for the sale of candy and back of it, at the end of the hall, is a large booth for flowers. Ice cream and five o'clock tea will be served in the vestry room on the right of the entrance and in the basement are four large tables prettily decorated in yellow where tea is served.

The sale opened at half-past two o'clock this afternoon and will be continued until tomorrow night. Harris' orchestra will be in attendance on both this and tomorrow evenings. Tea is served from 6 till 8 p. m. The whole affair is under the management of Mrs. C. F. Harrison, president of the society, and the following ladies are in charge of the different tables:

Doctors Like It.

For over twenty years Vapo-Cresolene has received the unqualified support of the medical profession; we feel very proud of this. Physicians everywhere realize the importance of this direct way of treating all throat affections. Put some Cresolene in the vaporizer, light lamp beneath, and then breathe in the healing and germ-destroying vapor. It is the doctor's prescription now for whooping cough, frequently curing it in a few days.

Vapo-Cresolene is sold by druggists everywhere. A Vapo-Cresolene outfit, including the Vaporizer and Lamp, which should last a life-time, and a bottle of Cresolene, complete, \$1.99, extra supplies of Cresolene 50 cents and 25 cents. Illustrated booklet containing physicians' testimonials free upon request. Vapo-Cresolene Co., 116 Fulton St., New York, U.S.A.

Williams has been living at Richards boarding house on Prince William street.

COL DENISON ARRIVES.

Colonel G. T. Denison, president of the Canadian branch of the British Empire League, arrived in the city today, and is the guest of Colonel J. E. Armstrong, Wellington row. In conversation with the Star Colonel Denison said he was glad that a third Canadian contingent for service in Africa was to be raised. He would like to see a larger Canadian contingent to Africa and supported there at the expense of the dominion. Ladies as well as gentlemen are invited to hear Colonel Denison's address in Orange Hall tomorrow evening.

MR. GILLILAND'S WHARF.

One of the gayest parties that went up river last summer was that which went up to inspect the new wharf just finished at The Cedars by Contractor Gilliland. They were impressed with the wharf and charmed and delighted in a general way—and said so. Such a wharf, so dedicated to its noble work, ought to hold up its head with pride and strength. But it doesn't. The lower corner of the wharf has already settled four or five inches, giving it a list—a sort of Rothesay list.

PERSONAL.

At a recent organ recital in Sackville Miss Florence Rogers of this city, who gave readings, is spoken of in the most flattering manner.

ST. JOHN COUNTY COURT.

Judge Wedderburn will attend at Chambers on Friday next, at 10 o'clock, instead of Thursday the latter being Thanksgiving Day. All business lately set over for Thursday will stand adjourned till Friday.

TORONTO, Nov. 25.—The Liberals of West York in convention at Weston today, unanimously nominated Arch. Campbell, ex-M. P., as their candidate for the vacancy in the dominion house caused by the death of Gen. N. Clarke Wallace. The conservative candidate, already nominated, is Thos. F. Wallace, brother of the late member.

PERSONAL.

About eight o'clock last evening Mrs. H. E. Alward died of smallpox. She had been ill in her home Haymarket Square since Nov. 25th. She was buried today at Fernhill.

The board of health and the municipal council committee held another joint meeting today. The question which is still under consideration is the purchase of a suitable building to be used as an epidemic hospital. Strong objections have been made to the Morland property. Today a proposition was made by John Connor to sell his property on the Millgrove road in Stanley ward.

A committee was appointed to go out and inspect the place, and the meeting adjourned until half-past two this afternoon. At that meeting it is expected that a definite settlement will be reached.

Today the Sargeant house on Meeklenburg street was ordered to be freed from quarantine. There was no smallpox in the house at all.

At this afternoon's meeting it was decided to purchase the Morland property at the original price, \$7,000. The Connor property consisted of a house of seventeen rooms, detached buildings and twelve acres of land. The price asked was about \$3,500.

The Provincial Board of Health met in Fredericton today. The province decided to recommend that the government order a general vaccination throughout the province. They also decided to recommend that doctors on the trains between Campbellton and St. John and between St. John and Vancouver on the Temiscouata railway to see that all persons have been vaccinated or can furnish certificates that they do not come from a smallpox infected district. These decisions will be recommended to the government in order to prevent the spread of smallpox.

Today two other persons were caught trying to pass through the hospital grounds. One was an old man by the name of Leckham, living on York Howe. He was, upon instructions from the board of health, given in charge of the police. The other was a woman, a Syrian peddler, who tried to sell some trinkets at the hospital. When taken into custody it was found that she was unable to speak or understand English, and was finally let go.

A story came from Fredericton today that Vincent (who is quarantined at his home here) had been quarantined at Vancouver, and three C. P. R. train crews also quarantined. The facts are that Mr. Vincent has not run as brakeman on the C. P. R. since Nov. 14th, and did not develop smallpox till yesterday. He is, however, as the railway authorities heard of it yesterday, they laid off three train crews, not because they have fear that any could have been infected prior to Nov. 14th, but simply because they are determined to take every possible precaution.

IN KINGS CO.

The smallpox conditions in Kings County are reported to be every way satisfactory. There have been no new cases, and those persons suffering from the disease are rapidly convalescing. One house back of Norton, where Charles Sprague died, is still under quarantine, as is also one house at Effiefield's Point. The other places have been released after proper disinfection.

Dr. Bishop, who has faithfully attended the cases in this section, is to be congratulated upon the results of his labors, and all his friends will be glad to know that in a few days, if all goes well, he will be free to resume his regular practice without unduly awakening the alarm.

At the lower end of the county, also, matters look most encouraging. Mrs. McKinnon, at Chapel Grove, is rapidly improving. Her infant, who had an attack of variola, and a young lad, whose vaccination proved somewhat feverish, are both doing well. Vaccinated houses in the neighborhood are to be at once fumigated and released. From all which it would appear that Dr. Wetmore's prompt, vigorous and constant labors have resulted in stamping out the disease, although at two Sprague cases, which resulted fatally presented it in its most virulent form—black smallpox. The value of those three simple, but indispensable directions—quarantine, vaccination, fumigation—could hardly have a better illustration than that has been shown in the results secured in this district of the Provincial Board of Health: Let us hope we have seen the last of the "scare" for many seasons.

ARITHMETIC CONTEST.

Some few changes occurred today in the standing of the contestants at the Curtis Business University. Wm. Elliott secured a sufficient number of points to put him in second place again, and Miss Lindsay secured fourth place. This contest is for a medal and cash prizes and will expire Xmas. Although Mr. Colwell has a good lead on the rest it is still possible for any of the leaders to win. The standing today is shown below:

C. E. Colwell	171
Wm. Elliott	138
Stephen Downing	123
Sadie Lindsay	114
H. B. Doherty	92

THE STRANDED LOGS.

The owners of lumber in the corporation drives decided at Fredericton today to have the logs hauled out and banded. The offer of James Scott at 5 to 12 cents per log for banding was accepted. Work will commence at once. Charles Miller refuses to have his logs banded, and says he will hold the driving company responsible.

John Ewing left this morning for West Quoddy Bay to look after the bark Cudoon, which is ashore there.

THE GRAND JURY IN THEIR PRESENTMENT FINDING THAT SEVERAL OF HEALTH.

The November circuit of the supreme court opened this morning at the court house, his honor Judge Hanington presiding. W. H. Fry is the official stenographer. There is no criminal business on the docket and apparently the sitting will be a short one.

The members of the grand jury are: Charles McLaughlin, foreman, and Henry Maher, James Ready, Hugh S. Gregory, William Young, Arthur W. Adams, Geo. H. Waterbury, J. Fred. Sullivan, Alfred C. Blair, John F. Morrison, J. Armstrong, Peter Campbell, E. C. Elkin, Nevins Cameron, Alexander Watson, Daniel McCormick, Geo. P. Calkin, John K. Storey, James Collins, James Anderson, Arthur E. Hasen, John M. Driscoll, John S. Sutherland, Angus A. Chalmers.

The members of the petit jury: R. Duncan Smith, John Walsh, G. Gordon Boyne, Charles E. Macdonald, Andrew Jack, William E. Nobles, William Kerr, H.S. Hammond, Robt. Reed, Sanford H. Belyea, Fred A. Dykeman, John C. Leonard, Fred C. Melick, Frank E. Holman, William S. Macdonald, Thos. W. Robinson, John S. Machum, S. T. Gorbell, W. E. Bowman, W. B. Robertson.

His honor in addressing the grand jury said that it gave him pleasure to meet them at the opening of this court, and it gave him additional pleasure to inform them that there was no criminal business to come before them, and necessarily their duties would be light. When they would not be discharged from duty it would be unnecessary for them to attend until further notified.

We all, said his honor, regret the absence of our late sheriff, who has been called hence. He was a gentleman faithful in the discharge of his duties. But I have pleasure in congratulating you upon your new sheriff, a son of one of the most illustrious jurists of the country.

There is another thing that I wish to speak to you about. Some have said that it is dangerous to hold a court here during the prevalence of an epidemic. I do not think that there is any danger. But it is your province to discuss the desirability of holding court and also all matters of public health. I do not wish to be understood as meaning that the board of health is not doing everything in its power, but this is your duty. It would perhaps be expedient for you to have the chairman of the board of health and others before you and receive their opinion concerning the advisability of holding a court. The decision should thus rest with the public authorities. There is, I think, no fear of a general epidemic, but this matter remains in your hands.

His honor then referred to the visit of the Prince and Princess of Wales to Canada and to the enthusiastic welcome they received everywhere.

The country generally, he continued, is in a prosperous condition, which is certainly a matter for congratulation. Further I am glad to be informed that there is a prospect for the immediate operations of the cotton mills in this city. Again it is a great satisfaction to me to notice the great business done at this port. When once it was said that St. John would be the Liverpool of Canada, many thought the idea visionary, but the city has now come to be recognized and it must come to be a great export port.

The grand jury then retired.

Jury Causes—Remanets.

1. Ralston v. Kirstead—C. N. Skinner.

2. Harris v. Jamieson—D. Mullin.

3. Cameron v. Stephen—D. Mullin.

4. White v. Hamm—G. H. V. Belyea.

5. Thorne v. Kincaid—A. A. Wilson.

6. McLeod v. Curry—C. J. Coster.

7. Non-Jury Causes—Remanets.

8. Fowler v. Snowball—H. H. McLean.

9. Gregory v. Union Insurance Co.—C. J. Coster.

10. Gay v. Damery—R. W. Hewson.

11. White v. Parks—C. N. Skinner.

12. Calkin v. Damery—Austin & Forter.

The grand jury returned to the court and their foreman, Charles McLaughlin, said that they had thoroughly considered the matter referred to in his honor's address, and the holding of court.

They came to the conclusion that the board of health was doing all in its power to stamp out the epidemic. The jury did not consider it was necessary, for the public health, not to hold the court.

His honor thanked the jury for their presentment and adjourned the court until tomorrow morning at 10 o'clock.

HAMPTON NOTES.

Rev. Mr. Shaw, from Nova Scotia, has assumed the pastorate of the village Baptist church.

Rev. Dr. Hartwell, returned missionary, will speak in the Methodist church Wednesday evening.

On Dec. 5th Rev. Mr. Richardson, of St. John, will lecture on the auspices of the Bible society on Inspiration.

Services will be held in the Anglican and Methodist churches on Thanksgiving Day.

Miss Annie Cochran has gone on a visit to Mrs. Irons, formerly Miss Maggie Barron, at Dorchester, Mass.

Robert Sawyer, for many years engineer on the St. Martins railway, has resigned and is succeeded by Walter Fowler.

The annual meeting of the Hampton Curling Club will be held Dec. 5th. During the retiring president, R. H. Smith, will dine the members at the Vendome.

ONLY EIGHTEEN MEN?

It appears that if a contingent goes from Canada to South Africa, New Brunswick will have a very small representation. In a letter received by a St. John gentleman from an official at Ottawa it is stated that only eighteen men will be taken from this province. The contingent being almost wholly recruited in the Northwest. This will be unsatisfactory news for New Brunswick men, as there would be no difficulty in recruiting a large group of husky fellows of the same calibre as those who won the day at Paardeburg.

DR. GILCHRIST

Imports Four Thoroughbred Durham Cattle From New York State.

Dr. Gilchrist imported yesterday from northern New York four thoroughbred Durham cattle, and sent them to his farm at Norton. There was one bull and four cows. The dam of the bull is a celebrated dairy cow, giving over 50 lbs. of milk per day, and giving 4 1/2 to 4 3/4 of butter solids. One of the young cows is a descendant of one that in a state test beat all comers of all breeds in quantity of milk and butter.

This is a new departure for Dr. Gilchrist, who will now try to make as much money out of Short-horns as he

has out of Jerseys. The Hampton and Norton Agricultural Society has already offered him a premium for the retention of the bull in the two parishes. These are all prize animals in the dairy class of Short-horns wherever exhibited this fall. But for the unpromising condition of the weather in northern New York and the fear of detention, a larger herd would have been brought in.

Dr. Gilchrist is enthusiastic over his purchase. There are very few Durhams in this province except around Sackville and along the Nova Scotia border.

Coughs, colds, bronchitis, and other throat ailments are quickly relieved by Vapo-Cresolene tablets, ten cents per box. All druggists.
