

THE PLAUDITS OF VAST THROGGS GREETED ENGLAND'S PRINCESS ON HER HAPPY WEDDING DAY

The Marriage of Princess Mary to Viscount Lascelles Yesterday Was a Great National Event Which Will Live Long in the Memories of Those Who Witnessed the Ceremonies and Incidents Thereto—England's Dream Realized.

The bride awayed perceptibly and seemed quite nervous as the ceremony which scarcely exceeded ten minutes, began. In the subdued light of the altar candles, which mingled with the sun's rays, filtering through the Abbey's multi-colored windows, her face was pale, as Dean Eyles moved forward to the entrance of the sacrament and began the marriage service, Viscount Lascelles having taken his place on the bride's right. For the first time on such an occasion, the Princess was designated by the officiating clergy as the bride, the groom being the viscount. The service employed was that set forth in the book of Common Prayer, with slight modifications made by the Dean to avoid some conditions of phrasing occurring in the standard text.

The opening admonitions to the assemblage followed, the Dean gave place to the Archbishop of Canterbury, who charged the bride and groom with the responsibilities of the married state and took their vows. The bridegroom answered "I will," audible at some distance. The bride's rejoinder was evidenced by a slight inclination of her head—her words were not heard. Each then repeated, after the Archbishop, the acceptance of the other; the ring was passed to Viscount Lascelles by the groomsmen, and he placed it on the Princess' finger. The principal kneel in prayer and the Archbishop pronounced the couple wedded.

The bride and groom then moved back to the Lord's table, two bridesmaids carrying the bride's train, while the other remained at the altar steps, forming rows on either side. To the melodious strains of the organ, the Archbishop of York completed the solemnization with a few words. At the conclusion of the service the assemblage stood while God Save the King was sung by the choir; the officiating clergy, the principals and two bridesmaids passed through the King's door in the high altar screen to the chapel of Edward the Confessor, where Royal registers, and the Abbey register was inscribed, officially recording the marriage. In their absence the choir sang an anthem.

The bride whose cheeks had colored deeply during the service, moved down the nave to her husband's arm, amidst beaming on the couple from the flanking rows of guests as they passed through the door; to be greeted by renewed cheering from the waiting multitudes. From the Abbey tower's pealed forth the beginning of a three hours' chiming of the wedding bells as the royal processions formed and moved away.

A halt of the bridal coach was made at the Cenotaph, where Viscount Lascelles saluted the principal and her bridal bouquet to a soldier to lay on the memorial to those fallen.

DO YOU SMOKE TOO MUCH?

There are many men on whose health and nervous system tobacco produces the most serious results. It causes palpitation, pain in the heart, irregularity of its beat, makes the hands tremble, sets the nerves on edge, causes shortness of breath, and loss of sleep. To counteract this demoralizing influence on the heart and nerves there is no remedy so equal as

MILBURN'S HEART AND NERVE PILLS
They make the heart beat strong and steady, restore tone and vigor to the nerves, and remove all the evil results caused by the tobacco.
Mr. Frank Letos, 71 Terrace, Hill St., Brantford, Ont., writes:—"I had been troubled with palpitation of the heart for a number of years, and the doctor told me it would stop on no medicine if I did not quit tobacco. When I would get a spell my heart would pound, and I would break out in a perspiration, and get so weak I would have to sit right down and quit my work, also in the night I would wake up and my heart would be going, I should say, about 120 beats a minute. About three years ago I got a box of Milburn's Heart and Nerve Pills, took them, and found that they did the job. I am feeling fine and have gained over 30 pounds in weight."
Price, 50c. a box at all druggists, or mailed direct on receipt of price to The T. Milburn Co., Limited, Toronto, Ont.

TAYLOR MURDER MYSTERY NEAR TO SOLUTION

Six Drug Peddlers Arrested Following Story Told by Their Landlady.

Los Angeles, Feb. 28.—The mystery of the murder of William Desmond Taylor, film director, is solved, if the story told by Mrs. John Rupp in connection with the arrest here today of six drug peddlers is correct, declared Detective Sergeant Horace Cline, tonight, one of the police squad assigned to the case. Cline, head of the police force, stated that this statement, Mrs. Rupp who told the police she had "kept house" for the man, had been "kept questioned" by two detectives of the district attorney's office.

The six men in custody were caught in a raid at Mrs. Rupp's home, Taylor gave their names and ages as William East, 24; Walter Kirby, 23; John Herkey, 25; Ray Lynch, 26; George Calvert, 26 and Harry Amosheim, 27. The police were holding them incommunicado since according to the police Mrs. Rupp directly charged two of the men with the murder of Taylor. The officers quoted her as declaring Kirby and Calvert had made her house for a time early that night and returning "stayed up all night."

Indigestion or Sour Gassy Stomach

"Pape's Diapepsin" gives Relief in Five Minutes

Pape's Diapepsin relieves stomach distress in five minutes. You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Diapepsin is noted for its speed in giving relief, its harmlessness, its certain untiring action in regulating sick, sour, gassy stomachs. Keep this perfect stomach doctor in your home—keep it handy—get a large sixty-cent case from any drug store, and then if you should out something which doesn't agree with you, if what you eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea, eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes to play with the stomach all indigestion vanishes. It is the most efficient acid known—the certainty and ease with which it overcomes stomach and digestive disorders is a revelation to those who try it.

SIR GEORGE FOSTER READY FOR SESSION

Returns from Trip to British West Indies Much Improved in Health.

Ottawa, Feb. 28.—Sir George and Lady Foster have arrived after a three months' visit to the West Indies and Bermuda, both much rested after the holiday and Sir George is ready for the work of the session when he takes his place in the Red Chamber.
"I found the British West India islands interesting, somewhat the same as all other countries from the sudden drop in prices of their products and the difficulties of exchange," Sir George Foster stated this morning. "Sugar, cocoa and coconuts are all on the market today selling for not much more than, if as much as, the cost of production in the islands. This makes the financial problem a difficult one for the islands, and they are endeavoring to cope with it with the co-operation of the government of the islands and the banks."
Condition Will Improve
"After a little this state of things will gradually be bettered and they will come to more normal conditions. In the meantime, the burden they are carrying is a heavy economic one. However, I did not find in any case that they had lost courage or optimism, and they are facing the situation in a reasonable way, looking to the near future for readjustment."
All the islands, with the exception of Jamaica and Bermuda, have passed the trade agreement with Canada, and these two will, in a short time. At present it is in force in the other islands and seems to be generally satisfactory.

Cases Dealt With

Young Men Charged With

Sending Threatening Letters

Allowed to Go on Suspended

Sentence.

In the police court yesterday afternoon,

judgment was given in the

case against Gordon Miller and Clif-

ford Phinney, charged with sending

threatening letters to Dr. W. W.

White. Both defendants were allowed

to go, a suspended sentence of

two years in the penitentiary being

allowed to stand against them. The

magistrate, in delivering judgment,

made the maximum penalty of the

offense as fourteen years imprisonment,

but he commuted it, owing to the

generosity of Dr. White, who refused

to press the charge, only the mini-

um sentence of two years would

be imposed, and allowed to stand.

His Honor congratulated the boys on

the fact that they had such a man to

deal with as Dr. White, who asked

that the minimum sentence be imposed

and the prisoners be allowed to go.

The Magistrate said that he was

acting on that suggestion in deliver-

ing judgment as he did, and urged

the defendants to let this experience

be a warning to them for the future.

He also stated that he would tolerate

no such offenses in the future, and

issued a warning to the effect that

any person found guilty on a similar

charge would be dealt with to the full

extent of the law.

When the proceedings opened, the

usual statutory questions were put to

Miller and he consented to submit to

the jurisdiction of the court, stating

a formal plea of guilty. Phinney

agreed to consent to the jurisdiction,

but entered a plea of not guilty.

After being warned that he was liable

to be sent up for trial on the sugges-

tion of counsel, he made a statement

of his doings on the day in question

in connection with the affair, for the

purpose of enabling the court to ar-

rive at a clear understanding in the

matter. His story was to the effect

that, on February 13, he met Miller

at 2 o'clock and the latter asked him

if he would keep an appointment

with him at Duffy's barber shop at

3.30. Arrived there, Miller asked

him to get a shave from Boyce's

fruit store and offered to pay him \$5

for his services. Phinney agreed to

do this, but did not go to the place

at once but set out for a walk with

the barber. Returning to the barber

shop, he then met Miller again, and

the latter told him it was time to go

for the parcel. He procured the

parcel from the fruit store, and deliv-

ered it to Miller. When Phinney

saw the detectives coming into the

barber shop, he asked Miller if there

was anything in the parcel that

would get him in trouble, and the

latter told him there was not.

At this stage of the proceedings,

there evolved some discussion be-

tween the court and the prisoner as

to the latter's motive in doing the

act, and, on the advice of counsel,

Phinney decided to enter a plea of

guilty and submit to the jurisdiction

of the court. This plea, the magis-

trate said, would only be considered

a technical plea of guilty.

Judgment was then delivered, and

the prisoners allowed to go free.

Dr. J. B. Baxter, K.C., appeared

in the interests of Dr. White, and E.

S. Ritchie for the defence.

No Appetite

Nervous exhaustion leads to dis-

taste for food. The nerves of the

stomach are weak, digestion fails

and you become generally upset

and out of sorts.

The secret of complete restora-

tion is in getting the nervous system

fully built up.

Mr. R. Cheney, 208 Rich-

mond St., Chatham, Ont., writes:

"I was troubled with indigestion,

which caused me many sleepless nights.

I would be in terrible distress at times,

and would get no relief for two or three

hours. For fifteen months I was sick-

ing but Shedd's Wheat Biscuits, as I

do not eat anything else, I did not

know what to do, as I had tried so many

different remedies, as well as doctor's

medicine, without gaining permanent

relief. Finally I got some of Dr.

Chase's Nerve Food, and while on the

second box noticed that I was improving.

I continued the treatment until I am

now fully restored, and have returned to

my regular diet. My husband has also

taken Dr. Chase's Nerve Food with

splendid results, so we are glad to

recommend it to others."

PLANS FOR DEVELOPING

EMPIRE SERVICE LEAGUE

Field Marshal Haig Outlines

Work of League Since Its

Organization.

Ottawa, Feb. 28.—Field Marshal

Haig, as grand president of the Brit-

ish Empire Service League, has writ-

ten a lengthy letter to R. B. Max-

well, Dominion President, Great War

Veterans' Association of Canada, out-

lining the work of the League since

its formation in South Africa, a year

ago, and giving details of the plans

for future development. Besides giv-

ing expression to the opinions of the

ex-service men of the Empire upon

all national and international ques-

tions of moment, Field Marshal Haig

states that plans are being made to

give timely and effective help to

these ex-service men who emigrate

from one part of the Empire to an-

other, particularly, so as to ensure a

friendly welcome in their new home.

The League is also undertaking to

circulate information of the activities

of ex-service men in all parts of the

Empire, so that at all times the

plans and aspirations of one unit may

be known to the whole body.

His Majesty the King, Pleased

Barl Haig states that he recently

placed before His Majesty the King,

personally, particulars of the forma-

tion and operation of the British Em-

pire Service League, and that "His

Majesty was pleased to express his

interest and satisfaction with the pro-

ceedings generally." Headquarters of

the British Empire Service League,

which represents some 3,000,000 ex-

servants and soldiers of the Empire

have been established at 46 Grosven-

or Square, London, England. The

Great War Veterans' Association of

Canada was selected some time ago

as the Canadian unit of the B. E. S. L.

with the Dominion president of the

Association, R. B. Maxwell, as

Canadian chief executive.

Field Marshal Haig has also asked

for an opinion as to the best place

to hold the next conference of the

League, a meeting which he consid-

ers should take place some time in

the spring of 1922.

Sharp Decline In Volume And Scope Of Stock Market

Dealings on New York Exchange Were of Professional Character.

New York, Feb. 25.—A sharp decline in the volume and scope of operations, compared with recent active sessions, and recurrent pressure against vulnerable issues, were the outstanding features of today's stock market. Dealings were of a professional character, especially in the food, tobacco and motor shares. The uneven course of substantial investment issues, in the face of further bidding up of speculative stocks, suggested profit-taking by pools.

Merchants strengthened in anticipation of President Harding's ship subsidy message to Congress. Steel improved on the pronounced increase of production reported by the United States Steel Corporation. The general list was at best price levels in the final hour, regardless of the rise in call money from 4 3/4 to 5 1/2 per cent, and the passing of the quarter dividend on United Retail Stores.

Bohlehem, Crucible and United States Steels, Chandler, Stranahan and Pierce Arrow, preferred, American and Baldwin Locomotives and several of the oils finished at gains of 1 to 2 1/2 points.

Among the rails, the investment division showed little change, but Missouri Pacific, common and preferred, Rock Island and Pere Marquette were actively accumulated, rising one to almost three points. Sales amounted to 800,000 shares.

The failure of dividend paying rails to move forward with speculative issues was surprising in view of the favorable earnings obtained by several leading systems. Portage among these was Union Pacific, whose net operating revenues for January more than doubled returns of the corresponding month of 1921.

Aside from the British rate, which established a new maximum with demand bills at 4.15-1.3, foreign exchanges were subjected to further paper volatility. Moderate recessions occurred in the French and Italian remittances and the Dutch rate felt part of its recent gain. All the North European remittances were slightly higher and Swiss francs rose to 19.60, thirty points above parity.

Banque Nationale Strong Feature On Montreal Market

Came Out in Board Lot Proportions—Losses on Day Outnumbered Gains.

Montreal, Feb. 25.—Spanish River furnished the spectacular feature of today's trading on the local stock exchange. The rest of the market showed upward progress of the past week, but with accelerated pace, showing a 3 1/2 point advance at 11, and closing at the high with 58 asked and 64 bid. Banque Nationale, which has been selling in broken lots lately at 110, came out in board lot proportions to day and sold ten points from the last bid bid sale, at 110. On the other hand, losses on the day's trading outnumbered gains, although the latter were the more important.

The paper, outside Spanish, preferred, included active trading in Laurentide which was unchanged at 79 and Spanish common in light dealings which gained half a point to 83. The rest were neglected, except Wagonmack, which registered the highest loss of the day, being four points down at 40. National Breweries was again firm and active, closing unchanged at 59 1/2. Dominion Glass established a high for the year at 64 1/2, but sagged back to 62 1/2, a net gain of 1/2.

Detroit United showed a favorable reflex on the recent announcement of disposal of its lines to the city, gaining two points at 65 1/2. Other strong stocks took in Dominion Steel preferred up two at 72.

Weaker issues included British Empire Steel second preferred down two to 21; Winnipeg Railway of a point to 37; Toronto Railway down 1 1/2 points to 66 1/2; and St. Lawrence Flouring in bonds was more active than yesterday with a narrow and indeterminate price range.

Good Demand For Top Grades In Cash Wheat Market

Undertone on Winnipeg Board Not Very Strong—Prices Ruled Easier.

Winnipeg, Feb. 25.—There was not such a strong undertone to the local market today, and with the selling better than the buying, prices were ruled easier throughout the session. There was no new export business reported, and the trade was of a very ordinary character. May, after reaching a high of \$1.45 1/4, closed with a decline of 1 1/4 at \$1.43 1/4.

There was a continued good demand for the top grades in the cash wheat market, and as the offerings were extremely light, the premiums were strong, being 1 1/4 to 1 3/4 above. The demand for lower grades was poor and the spreads were unchanged to one cent.

Prices were fairly firm on the coarse grain markets, but worked in a very narrow range. Business was light and volume both in cash and futures.

Another One— Saturday Night, Says:-- A SUGGESTED CHANGE

Editor Gold and Dress: Would you kindly advise me if in your opinion, it would be a safe and profitable move to sell out \$500.00 of Dominion of Canada Loan 1934 and reinvest in the 8 per cent convertible Debentures of The Mt. Royal Hotel Co., Ltd., and how the transaction would figure out and grossly oblige, H. R.

I call Mount Royal Hotel Debentures a nice clean issue. These securities appear to come in bridging the gap between the permanent investments of the first grade which should underlie the sound holding, and the speculative commitments. There is enough of the element of investment in these securities to give them an appeal from that standpoint, and there is an element of speculation which need not be ignored. As to whether the change should be made, depends upon the condition of your true investment holdings. Perhaps, after the suggestion is made, you can then judge for yourself. As to pledged security for funds, the two issues you name are not comparable. With regard to profit, I do not see how War Loan can overtake the not unlikely performance of such issues as this debenture. You have a straight gain of three per cent per annum, and there is a distinct promise in the situation of profits on your common stock bonds, which profits if they eventuate within reasonable period would likely put a considerable gap between the annual yield of the two securities we are considering.

We offer and recommend the 8 p.c. Convertible Debentures of the Mount Royal Hotel Co., Ltd. at par (100) and accrued interest carrying a 30 p.c. bonus of common stock.

Insisting on Appointment of Returned Men—Urge Bonus in Minimum Salary.

Ottawa, Feb. 28.—Influential officers, representing the Canadian Federation of Postal Employees, are here today for the purpose of making a call on the Government and insisting on the appointment of returned men under the blanket policy authorized by Order-in-Council by the late government.

The Federation spokesman said that over twenty-two thousand men include Postal Clerk Union and the Letter Carriers' Association. In addition to the matter regarding the employment of returned men, the representatives also are to urge that the bonus be included in the minimum salary, which is not officially stated, but is expected to have set at about \$1,800 per year.

The members of the deputation had several interviews with officials this morning, and tomorrow expect to meet Hon. Charles Murphy, head of the post office department. The members of the deputation are: O. P. Jackson, R. M. Bartlett and E. V. Howling, Toronto; J. E. Angus, Hamilton, and F. Desrochers, Montreal.

CREEPS INTO THE SYSTEM JUST LIKE A SERPENT.
Like a thief in the night, it steals through the system—that's how Catarrh acts. Don't trifle with such a scourge. Time and experience have proved that Catarrh is a wonderful remedy for all Catarrhal and bronchial troubles. You don't take any drugs, you just inhale the sweet soothing vapor of Catarrhose, which is laden with balsamic essences that heal, relieve and ease the sufferer. To strengthen the throat, to sweeten the breath, to stop nasty discharges, to drive out Catarrh, colds and weakness in the throat, use Catarrhose. Two months treatment one dollar, smaller size for all dealers or the Catarrhose Co., Montreal.

Apohaqui, Feb. 28.—Another of the very sad and unexpected sorrows of this city, the death of Mrs. Gladys Eldridge, at Highfield, on Tuesday, 28th, when his wife, Gladys, suddenly passed away after only a few days' illness.

The late Mrs. Eldridge was a daughter of Mr. and Mrs. John H. Pearson, of Highfield, and was only a little daughter of seven years. Friends Fear For Lord Northcliffe
Has Abandoned Around the World Trip and is Ill at Riviera.

Nice, France, Feb. 28.—It is feared by intimate friends of Lord Northcliffe, who have seen him at Cap D'Antibes, that he is more gravely ill than he wishes to admit. It is certain that he has abandoned the final portion of his world tour and instead of going to Paris, as expected at the time of his arrival by the steamer American in 1910 to The Riviera on account of his

health and the climate. He always has been very athletic, although extremely careful of his health and it is now considered strange that he is laid up in bed with a sore throat and what appears to be cold in his eyes. The condition of his throat was the reason assigned for his trip around the world and reports from the Orient were that it got much better.

The fact that he lost 35 pounds during the trip is considered serious, although he may be pleased over it.

A Long Year.
Eleven years more of life were enjoyed by the sweet American in 1910 than in 1905.—Literary Digest.

Weddings

Conjugal Blessing.
A very pretty wedding was solemnized yesterday morning at 7.30 o'clock in St. John's Baptist church when Rev. Roy McDonald gave the nuptial benediction. Miss Margaret Stalla, daughter of Jefferson H. Desaler, 104 Britain street, to Francis John Cosgrove, of Barley, Lunenburg, Canada. The bride was supported by Miss Mary Hillworth; David La Vigne assisted the groom. Mr and Mrs. Cosgrove will leave in the spring for England on their wedding trip. The groom is a returned soldier and was twice wounded. He enlisted in August, 1915 and while overseas earned a Military Medal and promotion to the rank of corporal.

Carter-Doggett.
A wedding of interest to a great many friends throughout Canada took place at noon yesterday in the Episcopal church at Robesay, when Miss Helen Doggett, of Miramichi, Cavendish avenue, Cambridge, New Brunswick, became the bride of George E. Carter, of the Canadian Pacific passenger service. Rev. Canon A. W. Daniel officiated. The presence of immediate relatives and friends of the contracting parties.

Miss Doggett made her first trip to Canada in 1920 to visit her V. A. D. comrades, Miss Irene McQuade, and on that occasion traveled by the same steamer as that which brought her to keep her bridal engagement. She is a daughter of Mr. and Mrs. Frank Doggett, of Cambridge, England, and before sailing was lovingly remembered by her numerous friends in the university city, where the Doggett home is a well known landmark. The wedding gifts from overseas were added to by a handsome chest of silver from Mr. Carter's associates in the C. P. R. staff and a complete set of mahogany dining room furniture from the groom's parents, Mr. and Mrs. E. B. Carter of Fair View.

After the ceremony, Mr. and Mrs. Carter took the train for Robesay. From Moncton they planned going to Quebec on the Maritime express and the honeymoon trip will include Montreal, Ottawa, Toronto and Niagara Falls. They will return to St. John, via New York and Boston.

Currie-Robinson.
Apohaqui, N. B., Feb. 28.—A romance which had its beginning in the Canadian West, when a young and attractive New Brunswick girl was engaged in teaching the youth of that land, was culminated on Tuesday, Feb. 25, when Mr. John Arthur Currie, of Strasburg, Saskatchewan, was united in marriage with Miss Freda Laura Robinson, daughter of Mr. and Mrs. Robert Robinson, of Barwick. The nuptials were performed at four in the afternoon by Rev. Canon Sheehan and was witnessed by about thirty guests, the majority of whom being the near relatives of the bride, with a few very intimate friends.

In the drawing room, the vows were taken beneath an arch of evergreen boughs over which a floral ball was suspended, the whole making a becoming setting for the shimmering beauty of the young bride in her gown of white satin which was a model of the latest fashion with overabundant trim, trimmed with silver. Her hair net veil was worn in cap effect and caught with a wreath of orange blossoms and she carried a huge bouquet of white carnations.

As the bride, who was given in marriage by her father, wended her way down the stairway and through the hall leading to the drawing room, Lohengrin's Bridal Chorus was brightly played by her sister, Mrs. James L. McAuley. At the conclusion of the impressive ceremony, a formal reception was held, after which supper was served in the dining room.

The groom's present to the organist was a necklace of pearls, and to his bride a muskrat coat, with collar and cuffs heavy coat fur. Mr. and Mrs. Currie left by the evening train for a trip to P. E. Island when the bride was becomingly attired in a dress of light serge and moquette, with which she wore the groom's gift of a pretty brown silk and straw hat. On their return from their wedding trip they will spend a short time with Mrs. Currie's parents before leaving for their home in Strasburg, Sask. and will spend some time with friends in Toronto on route. A marvellous display of wedding gifts gave evidence to the popularity of the bride who, with her husband have the good wishes and hearty felicitations of friends both in the east and west.

Gourlay-Kirby.
Fredericton, Feb. 28.—A pretty wedding took place at St. Anthony's church, Devon, Monday evening when Rev. Home-made Remedy Stops Coughs Quickly
The best cough medicine you ever used. A safe remedy for all coughs. Quickly made. Save about 25c.

You might be surprised to know that the best thing you can use for a severe cough is a remedy which is easily prepared at home in just a few minutes. It's cheap, but for prompt results it beats anything else you ever tried. Unusually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it's pure and good. Four 1/2 ounces of Pinex in a 16-ounce bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey or corn syrup instead of sugar syrup, if desired. This you make 16 ounces of Pinex—but cost less than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and has a lasting effect. It promptly heals the inflamed membranes that line the throat and air passages, stops the coughing, soothes the hoarseness, the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and laryngeal asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded.
