Municipalities Union a Unit for Reform in Road-Making

President Siddall Condemns Practice of Appointing Political Superintendents—Tax Reform Advocated—Convention Closed After Very Profitable Discussion on Live Questions.

Special to The Telegraph.

St. Stephen, Oct. 24.—The seventh annual convention of the Union of New Brunswick Municipalities closed this afternoon after one of the most successful sessions in the history of the organization. Although the attendance was not as large as expected it was realized that this is the busy season with many of the municipalities. The papers read before the convention have been of an exceptionally high order and clearly showed that the members were anxious to learn anything that would be a benefit to the communities they represent.

The paper by Dr. Kierstead, professor of economics at the University of New Brunswick, on taxation, was very timely and gave to those present many new ideas in regard to this important subject.

Dr. Murray MacLaren's paper on Sanitation dealt with matters out of the ordinary and showed that the public health was of vital importance.

M. G. Siddall, councillor of Westmorland, outlined how the roads could be improved.

The election of officers resulted as follows: Ald. W. E. Farrell, of Fredericton, president; Thomas Murray, town clerk of St. John, vice-president; J. W. McCurdy, city clerk of Fredericton, honorary secretary-treasurer. The executive was selected as follows: Mayor Belyas, Newcastle; Ald. K. C. H. Jones, Woodville; Mayor Frink, St. John; ex-Warden McMullin, York county; Councillor White, Campbellton; Councillor Hiltz, Millville; J. King Kelly, K. C. H. Jones, Campbellton; Black, Sackville; Ald. Price, Moncton; and Ald. Wallace, Sussex.

The union was invited by Mayor Robinson of Moncton, to meet next year in the railway town and the invitation was accepted.

The retiring officers and those newly elected gave short speeches of appreciation.

Mayor Frink, of St. John, was first nominated for the presidency, but on account of business asked to have his name withdrawn.

Dr. W. C. Kierstead and Dr. Murray MacLaren were elected as honorary members of the union.

118 TEACHERS MEET IN SUSSEX

Kings and Queens Counties Institute Holds Its Annual Session

A YEAR OF PROGRESS

President Wetmore Dwells on Educational Improvements—Addresses Delivered by Chief Superintendent Carter, Chancellor Jones and Other Educators—Funeral of George H. White Largely Attended.

Special to The Telegraph.

Sussex, N. B., Oct. 24.—Fair weather greeted the opening of the twenty-ninth annual session of the Teachers' Institute which is being held in the Sussex High school here. About 118 teachers from various districts of Kings and Queens counties are in attendance. President Chas. T. Wetmore was in the chair. The meeting opened with a chorus from the pupils of the Sussex school, with Miss Bessie A. Parker at the piano.

The enrollment fee was fixed at thirty cents. The following committees were appointed by the chair: Nominating, R. P. Steeves, Morris E. Smith, Ruth Thibault, B. C. Archie and Margaret Burgess; audit, Grace Aiton, Hattie L. McMurray and Eunice Allaby; resolution, N. S. Fraser, R. B. Masterton and Herbert Logan.

President C. T. Wetmore in his opening address dwelt on the progress of the institute along educational lines throughout the counties in the past year, among which were school gardens, advances in nature study and physical drill.

Question of Grant's Insanity the Stumbling Block—New Trial to Begin Today.

Halifax, Oct. 24.—(Special)—The jury in the Grant-murder trial, after being out for nearly six hours, reported a disagreement. They returned after two hours saying they could not agree. Then they went back to make another effort and still failing to agree they were discharged.

Remanded For Sentence

Took the Verdict Coolly, But His Wife Fell in a Swoon in Court—Jury Ten Hours Reaching a Decision—Judge Charged Strongly Against the Prisoner.

Canadian Press.

New York, Oct. 24.—Police Lieutenant Charles Becker was found guilty tonight of murder in the first degree by the jury which has been trying him for instigating the death of Herman Rosenthal, the gambler.

The verdict was "Murder in the first degree," and was pronounced exactly at midnight.

Becker was remanded for sentence to the Tombs by Justice Goff until Oct. 30.

Becker did not flinch when he heard the verdict pronounced by Harold B. Skinner, foreman of the jury.

Mrs. Becker, sitting outside the door of the court room, fell in a swoon when the verdict was announced.

John P. McIntyre, Becker's chief counsel, announced that he would take an immediate appeal, but added before this he had nothing to say.

BULGARIANS WIN A GREAT VICTORY

Capture a Turkish Stronghold After Three Days of Desperate Fighting and Report They Have Taken 50,000 Prisoners—Constantinople Admits Defeat—Adrianople Now Likely to Fall and the Road is Open to Sultan's Capital.

Canadian Press.

London, Oct. 24.—A three-day battle and a Bulgarian triumph movement has resulted, according to Sofia accounts, in the fall of Kirk-Kiliseh and the capture of the Turkish garrison, numbering 50,000 men. That so many Turks have been taken is regarded as improbable and the more likely reports is that the Turks retreated to the direction of Bannahissar to the southeast.

The capture of this stronghold, to which the Turks attached almost the same importance as to Adrianople, was confirmed tonight from Constantinople in an official communication explaining that the Turkish army at Kirk-Kiliseh in attempting to retreat to the Greek, Serbian, Russian and British legations, the palace and military club in front of each the national army was being and were given. A party of boy scouts headed one of the processions and the Greek minister was carried through the street on the shoulders of some of the enthusiastic demonstrators. Church bells were rung and the whole city was lit up with flags. Masses will be celebrated throughout the kingdom tomorrow for the Bulgarians who have fallen in the fighting and thanksgiving services for the success of the Bulgarian army.

DROPPING OF NAIL CAUSED HAILEYBURY EXPLOSION

Fell Into Cogs of Machinery, Making a Spark Which Fired Some Chemical in a Tray Boy Was Carrying—Victims Stripped of Their Clothing, Even Their Boots—Some Miraculous Escapes.

Halifax, Oct. 24.—The cause of the explosion which wrecked the Energetic Powder Works, and in which five men lost their lives and several were injured yesterday, was the dropping of a nail from the ceiling to a tray of grinding machines, thereby making a spark which fell from the cogs to a quantity of chlorine of sodium in a tray being carried by a boy, setting it on fire. The nail struck the tray and then fell into the cogs of the machinery, making a spark which fired the chlorine.

A CLERICAL SINNER

Wife of Rev. Ernest W. Hunt Tires of Supporting Her Husband and His Female "Mental Retard" and Has the Marital Knot Untied.

Special to The Telegraph.

Boston, Oct. 24.—A divorce was granted to Mrs. Lilla M. Hunt by the superior court today in the ground of infidelity on the part of Rev. Ernest W. Hunt, formerly Episcopal rector of Bangor (Me.). The Hunts were married at Waltham (Ont.) in 1891.

Mrs. Hunt told the court that four years ago her husband was pastor of the Wollaston Unitarian church, although he was an Episcopal clergyman. She said that he did not get along well with his congregation and when he brought a young woman to his home, she scandalized the parishioners to ask for his resignation.

Quebec, Oct. 24.—The election for the house of commons to fill the vacancy for the county of Richelieu caused by the unseating of the sitting member, took place today and resulted in the return of Arthur Cardin, Liberal, by a majority of 301, the completion of the division thus remaining unchanged.

Sir Rodolphe Forget, Conservative candidate, obtained a majority of 264. St. Joseph, 43; St. Charles, 45; St. Louis, 47; St. Anne, 48; Marie, 48; St. E. D. Morgan, the Conservative candidate, obtained a majority in St. Ann, 22; St. Pierre, 25; St. Roch, 5, and St. Viateur, 118, leaving Cardin's net majority 301.

VALLEY ROAD BULGARIANS START FOR HOME

Woodstock Store Burglarized—Fox Ranch For Carleton County—Inquest Into Death of Norman Williams.

Special to The Telegraph.

Woodstock, N. B., Oct. 24.—Coroner Lindsay has summoned a jury and will hold an inquest to inquire into the death of Norman Williams, who was killed on the C. P. R. last night. The family of the deceased will be represented by counsel and the inquest will take place Friday at 2 o'clock. Awaiting the arrival of relatives the internment will not take place until Sunday afternoon. Much sympathy is felt for the family in the tragic death of the young man.

A bold robbery was committed last night when the jewelry of J. O. O'Brien was stolen and over \$100 worth of goods stolen, in addition to the money in the cash drawer. There is no definite clue to the robbers, but the police are watching several suspicious characters who have been in town for the past week.

A fox ranch is to be established here in which local, New York, and Montreal capitalists are interested. Fumor says the undertaking will be on a big scale and the promoters have every confidence in the turning out all right.

Several Bulgarians employed on the Valley Railway passed through town yesterday on their way to the seat of war in the Balkans. All the expenses of the trip were paid by themselves and they are filled with enthusiasm at the thoughts of being able to fight for their native land. The spokesman of the party said they did not care for the money consideration and gladly returned to do what they could against the Turkish government. The persecution and tyranny of the Turks has filled them with a desire to avenge some of the wrongs of their country.

ROAD QUESTION SHOULD BE TAKEN OUT OF POLITICS

Feeling of Meeting in Board of Trade Rooms Tuesday Night Strongly in Favor of Such a Move—Important Suggestions—Committee Appointed.

Wednesday, Oct. 23. Following the demonstration on October 12, the New Brunswick Automobile Association held a public meeting last night in the Board of Trade rooms which was largely attended by prominent citizens, both automobile owners and others who have the interest of the province at heart and who had come to make what effort they could on behalf of good roads.

Perhaps the dominant feeling of those present was that the road question should be entirely lifted out of politics, as a matter that concerned the welfare of the province too closely to be juggled with as a party question, and prominent members of both parties who were present added their hearty endorsement to that recommendation.

Many different schemes were brought forward by various speakers, and with some of these projects all were not in accord, but every person there was determined that steps should be taken at once to put the campaign on a business basis with the result that a committee was appointed to look into the proposition submitted, and draw up a working arrangement whereby the campaign could be started and carried on vigorously at an early date.

Several speakers advocated the patrol system of covering and keeping the roads in good repair, one man attending to a particular stretch of road and keeping it in good repair as it required.

A few were not in favor of a bond issue, unless the assets of the province could be increased at the same time. The recommendation of the meeting as regards the present annual expenditure was in permanent improvement.

Out of Politics. W. F. Burditt was named chairman of the meeting. He referred to the object of the gathering and told of how already some steps had been taken by the Good Roads Association in the same direction of good roads.

Other Suggestions. T. P. Regan said that the premier informed him that he was positively opposed to the flotation of bonds except for permanent expenditure. Mr. Regan recommended that the government be asked for the best, and that according to an article in the interest and sinking fund charges to be defrayed from the revenue from automobiles.

Mr. Paterson said that it was not essential that all the roads should be of the same standard, and that a series of meetings be held in St. John and in the rural districts to encourage the agitation.

was brought to the city suffering from a broken shank, Monday afternoon near Gaspeaux. His horse bolted and threw him from the carriage into the road way and the wheels passed over his foot. He had been driving along the road and had seen a party at a great distance. It is a good shot for his gun and he fired from the carriage. The animal bounded forward, upsetting Mr. Duplessis from his seat and breaking one of his ankles.

John P. Gordon, formerly of this city, but now of Charlottetown, P.E.I., is in the city visiting old friends, after attending the Maritime Baptist convention in Montreal. He has been nine years since Mr. Gordon visited St. John, and naturally he sees quite an improvement in the place.

BETTER ROADS ARE GREATLY NEEDED. (Continued from page 1.) patrol of roads as far as it can be carried out in this province.

Mr. King Kelley gave notice that at the next meeting of the union he would introduce the following motion: "That the government of New Brunswick be advised that in the judgment of the members of this union that through trunk roads should be established between Nova Scotia, Quebec, and the state of Maine and that these roads be built and maintained at the expense of the province with such aid as may be obtained from the government of Canada."

On motion of Councillor Siddall it was decided to have a committee of three appointed to meet with the local government and discuss the matter of permanent roads. King Kelley was selected for this committee.

Mr. Siddall also gave notice that at the next meeting he would move that the union was in favor of eight hours constituting a day's labor on all government work in taxation.

Dr. Kierstead in his paper on taxation told of some of the taxation schemes in the cities of the west, and compared them with the present system in Fredericton. In Vancouver the taxes are levied on the land, while in Fredericton they are levied on the property.

It was in favor of taxing church property excepting the grounds in the immediate vicinity of churches. It was recommended that a careful valuation of the lands should be made and the taxes levied accordingly. The exemption of industries from the payment of taxation has been mentioned by those who had not believed that express, telegraph and railway companies should be exempt. At one time it was proposed to give exemptions but that time had passed. He saw no single panacea for tax reform but there is need of equity and justice to all and permanent taxation officials.

F. St. John Blais, treasurer of York county, believed that assessors should be more permanent than they are today and thought tax commissioners appointed from the ranks of the lines of similar professions would be more suitable than those under the present system.

The convention was brought to a close by the reading of God's word. The King, the delegates left for their homes by the evening train.

On account of the wet weather of today it was found that the proposed trip to the source of the water supply of St. Stephen had to be postponed.

Morning Session. The meeting of the Union of New Brunswick Municipalities was resumed this morning with all the delegates in attendance. Councillor W. H. H. Jones, of Millville, the editor of the features of the assessment law as applied to Milltown. He cited instances in the history of that town from the time it was first settled in 1784 to the present time.

He pointed to the danger of the house fly and the whole province in proper sanitary regulations. The subject of public health had not drawn the same attention as large public works, but it was necessary that persons should have a general knowledge of sanitation. He referred to the great good being done by the teaching of sanitary laws to the armies of the world. Even in New Brunswick the great good was being done by the teaching of sanitary laws in the military camps.

While at Sussex, she and her husband, who are in it. It is of the log cabin pattern and is made up of velvet and silk, and is indeed a beauty. Mrs. Whalen is 76 years of age.

Frank Mullin, of Brussels street, had a very narrow escape from death while in the woods hunting a short time ago. He had been out on a hill and a coyote had crept within twenty-five feet of them before he fired. He struck the bull, which turned and, followed by the coyote, made a mad dash for the hunter. When they were within a few feet Mr. Mullin shouted and raising his gun struck the bull a second time as he heaved from his course, and the animal fell dead.

The work in connection with the street railway extension to Kane's Corner is progressing. Workmen are busy putting in the tunnel near the foot of Brussels street, and the ties and rails are being placed along the route of the extension. The diamond crossover for the I. C. R. tracks at Haymarket square will be placed and then Road work along the Westmorland road will be started. It is hoped to have the extension practically completed before the last of December.

Yarmouth Light. Four of the feet of new and powerful gasoline auxiliary vessels for the Canadian Sardinia Company were in Sableham last week on their way to the company's headquarters at St. Andrews (N. B.). They presented a pretty sight as they came up the harbor to the pier. Three of the four were built by Ormer, of Lunenburg, and the other by McLean, of Mahone Bay. The whole fleet will number twelve. It will be remembered that the first of the twelve was built by Joseph McGill.

Joseph McCarthy of Five Pathom Hole has learned who killed and quartered his sister on Saturday near Spruce Lake, but the matter will probably go no further. It was found that gunmen had gone into the woods and one of the number had shot the sister, mistaking her for a moose. The consequences on hearing of his error, he had quartered the animal and hidden the head in the under brush, thinking that the killing might not be noticed. Those in the party have made amends to Mr. McCarthy and have paid a sum sufficient to cover his loss.

On the Fredericton train Tuesday morning Charles Duplessis, of Gagetown, to 10 miles of highway. Mr. Burditt then made the proven value of the split log drag, by maintaining the form and shape of road.

Roads did not deteriorate as a rule by traffic but by disuse or neglect. With regard to the construction of permanent roads, Mr. Burditt recommended that permanent improvements and not be frittered away or put into the hands of every Tom, Dick and Harry, as the present money. All construction that were made should be made with the condition that they should be devoted to permanent improvement. Three memorials had been presented to the government, but they did not get much done. Three-fourths of the government were men from the rural districts and perhaps that was the reason that the Good Roads Association could not get anything done. There was little movement in the direction of good roads from the rural districts, and one of the first things to do was to create a demand from there. There was a certain feeling that this was a campaign of business men, and the government would more speedily recognize the demand if the active sympathy of the farmers was also put forward. The Good Roads Association should send men around the province to educate the people in the rural districts on behalf of the movement. A representative should be appointed to the Union of Municipalities and the Union of Municipalities should be brought to the matter before them. The Farmers and Dairyman's Association might be asked to send a day to consider the question of good roads, and bring before the people of the rural districts the benefits that would result by a change of the system.

If a Good Roads Association were formed it should be formed altogether apart from the government, as it would be entirely independent and could make independent suggestions to them. The meeting was then declared open for discussion.

J. King Kelley, K. C., was appointed as a delegate to the Union of Municipalities and the Union of Municipalities should be brought to the matter before them. The Farmers and Dairyman's Association might be asked to send a day to consider the question of good roads, and bring before the people of the rural districts the benefits that would result by a change of the system.

Mr. Regan recommended that the government be asked for the best, and that according to an article in the interest and sinking fund charges to be defrayed from the revenue from automobiles.

Percy W. Thomson made suggestions recommending that there was a strong necessity for the co-operation on the part of the rural constituencies. Statute labor was wrong in principle and inefficient in practice. He suggested that a series of meetings be held in St. John and in the rural districts to encourage the agitation. Senator Daniel said that pressure should be brought to bear on the government and make a movement in the direction of good roads and that only by constant agitation would the object of the meeting be brought about. A committee should be formed to look into the suggestions made during the evening.

Mr. Paterson said that it was not essential that all the roads should be of the same standard, and that a series of meetings be held in St. John and in the rural districts to encourage the agitation.

Becker is Found Guilty of Murder. (Continued from page 1.) Schepps' status and decline to guide the jurors in their decision. What he did instruct them to do was to return a verdict of first degree murder or second degree murder, or to acquit the defendant. Many pleas of insanity were made, but the jury returned a verdict of first degree murder directed upon the motion of Becker's lawyer. By far the greater part of the court's instruction dealt with the insanity plea, and the penalty for which is the electric chair.
