### Receipts should be given for charges for Board and Lodging.

AUDIT OFFICE, OTTAWA, May 6, 1897.

SIR,—In the examination of the expenditure at Halifax on account of immigration I notice that Mr. W. Anderson makes a uniform charge of \$1.50 a day and Mrs. Corneil a charge of \$1 a day during the winter months when on duty at Halifax. In both these cases the charge should be supported by receipts from the person or persons receiving the money.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDUGALL, A.G.

DEPARTMENT OF INTERIOR, OTTAWA, May 18, 1897.

SIR,—Referring further to the subject of your letter of the 6th instant, I am directed to send you the inclosed copy of one dated the 14th instant, from Mr. William Anderson, immigration interpreter at Quebec.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, A.S.

IMMIGRATION AGENCY, QUEBEC, May 14, 1897.

SIR,—In response to official letter to Mr. Doyle, agent here, asking me to furnish receipts and vouchers for board and lodging at Halifax and on the road while travelling with immigrants last winter, I regret very much to say that I have not taken any vouchers or receipts, my accounts having been sent as in former years. I was not aware that it was the wish of the department that I should do so, but in future I shall be very particular in sending receipts and vouchers with accounts.

I am, sir, your obedient servant,

The Secretary, Dept. of the Interior.

WM. ANDERSON, Gov. Interp.

## Auditor General's Report—Part H

### Immigration Agent Hoolahan's Charges for Street Car Fares.

AUDIT OFFICE, OTTAWA, May 4, 1897.

SIR—I find from the accounts of Mr. John Hoolahan, Dominion Immigration Agent at Montreal, that the amount of \$48.35 was charged by him during the nine months ended March 31st last, for street car fares meeting immigrants, &c. Although the Montreal Street Car Company sells 6 tickets for 25 cents or 25 tickets for a dollar, Mr. Hoolahan does not appear to have taken advantage of the reduction thus obtained, as his charges appear to be all based on the cash fare system. Had he purchased tickets at the rate of 25 for a dollar he would have effected a saving to the government of about \$9.67 during these nine months. I also notice that a number of trips are charged for, to and from the Grand Trunk Railway Station. As this station is not a block away from the immigration office the necessity of Mr. Hoolahan's using the street cars is not apparent.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

INTERIOR DEPARTMENT, OTTAWA, May 17, 1897.

SIR,—Referring to your letter of the 4th instant, regarding certain items of expenditure in the accounts of Mr. John Hoolahan, Dominion Immigration Agent at Montreal, I am to send you herewith a copy of Mr. Hoolahan's letter of explanation.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, *Asst. Secy.*

IMMIGRATION AGENCY, MONTREAL, May 13, 1897.

SIR,—I have the honour to acknowledge the receipt of your letter of the 7th instant and that of the Auditor General's of the 4th instant, referring to a saving of \$9.67 which I might have effected had I purchased street railway tickets at the rate of 25 for one dollar, and also referring to certain trips to the Grand Trunk Railway Station.

In regard to these two points I beg to state as follows:—The money was actually and really paid for the service of the Government. Had I charged all the money which I spent for street car fares it would exceed the sum charged, as I sometimes have to travel after midnight, to meet immigrants, when the railway fare is ten cents each way on any one route, neither tickets nor transfers being valid; however, in future, I will purchase tickets as suggested by the Auditor General. In regard to trips to and from the Grand Trunk Railway Station, it is true that the Immigration Office is only a block distant from the Grand Trunk Railway Station; but these trips charged are not to and from the Immigration Office but from my own house when I am called upon to meet immigrants at the Grand Trunk Railway Station long after my office hours. Hoping these explanations will be satisfactory, regretting, however, that I have given so much trouble.

I am, sir, your obedient servant,

The Secretary, Interior Dept.

JOHN HOOLAHAN, *Dom. Immig. Agent.*

### Insufficient certification on Immigration Vouchers.

AUDIT OFFICE, OTTAWA, April 13, 1897.

SIR,—I notice that the majority of the vouchers received at this office in support of the expenditure on account of Immigration bear the inscription "O.K., L.M.F." This appears to be intended as a certificate of correctness, the letters L. M. F. being evidently the initials of Mr. Loftus M. Fortier, the clerk in charge of Immigration in your office. I have to ask you to point out to Mr. Fortier that the above does not

constitute a sufficient certificate for my purposes. Section 33 of the Audit Act requires that the officer under whose special charge such part of the public service is shall certify that the work has been performed and the materials supplied, as the case may be, and that the price charged is according to contract, or if not covered by contract, is fair and just.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

INTERIOR DEPARTMENT, OTTAWA, April 15, 1897.

SIR,—I beg to acknowledge the receipt of your letter of the 13th instant with reference to the manner in which accounts in connection with the Immigration Branch of this department are certified. In reply, I may say that I have called the attention of the officer in charge of immigration to this matter and have instructed him to comply with your wishes in the future.

I have the honour to be, sir, your obedient servant,

The Auditor General.

JAS. A. SMART, *D.M.I.*

### Payment of fare to Winnipeg for a family of Immigrants.

AUDIT OFFICE, OTTAWA, April 23, 1897.

SIR,—High Commissioner's cheque No. 12611, issued on November 17, 1896, on account of Immigration Service, is for a payment of £6 3s. 4d. to Messrs. Allan Bros. & Co., of Liverpool, for "proportion of railway fare from Quebec to Winnipeg, for the "Kladun family ex-Hamburg, as agreed." Kindly let me know the full circumstances under which this payment was made.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, *A.G.*

INTERIOR DEPARTMENT, OTTAWA, April 30, 1897.

SIR,—I am directed to acknowledge the receipt of your letter of the 23rd instant, on the subject of the payment £6 3s. 4d. in the case of the Kladun family, and to send you herewith for your information a copy of our file of papers on this subject.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, *Asst. Secy.*

VICTORIA CHAMBERS, 17 VICTORIA STREET, LONDON, S.W., Oct. 29, 1897.

SIR,—I beg to inclose herewith a copy of a letter from Messrs. Spiro & Co., of Hamburg, with its inclosure, which will explain itself. The Canadian Pacific Railway Company objected to grant free transportation to the families on principle, and because it would in any case be an unwise proceeding to send out delegates to Canada at this time of the year. As the persons were at Liverpool, the High Commissioner instructed the Government agent to interview them, and the inclosed is a copy of a letter received from Mr. Dyke. In view of the circumstances mentioned, the High Commissioner consented to bear the proportion of the railway fare to the amount of the steamship agents' bonus in the passengers, on the understanding that the Canadian Pacific Railway would divide the balance with the steamship company. This the Canadian Pacific Railway Company agreed to do, and the families will go to Canada by the "Parisian" on Thursday next.

Messrs. Spiro & Co. have been written to very strongly on the matter (see copy of letter annexed), but in the meantime the High Commissioner thinks the matter should

## Auditor General's Report—Part H

be brought to the notice of the department, in order that the Commissioner at Winnipeg may be instructed to render the people any assistance that may be in his power. If they can be enabled to join their friends, they will, no doubt, be able to make arrangements for the winter months.

I am, sir, your obedient servant,

The Secretary, Department of Interior.

J. G. COLMER.

BANHOF STRASSE 6, HAMBURG, Oct. 23, 1896.

DEAR SIR,—There arrived to-day in our city two families, as per inclosed list, who are sent out from a Ruthenian district in Galicia as delegates, with a view to find suitable homesteads in the North west for large numbers of families who are prepared to leave the country next spring. The passengers have paid their ocean fares via Allan line steamer "Parisian" 29th instant to Quebec, but they have no money to pay for the inland transportation from Quebec, and this is to kindly ask you to arrange with the Canadian Pacific Railway that they are passed free from Quebec to their final destination, and that the passes will be forwarded to the Allan Line before the embarkation of the passengers, so that they do not strand on the route. We have not been in communication with the people, as otherwise we would have advised them to remain in the country and not to leave in this time of the season, but as they are now on the way, we cannot help to forward them and we would consider it a personal favour if you would do whatever is in your power to further them.

Believe us, &c.,

Secretary to the High Commissioner.

(Sgd.) SPIRO AND CO.

15 WATER STREET, LIVERPOOL, October 27, 1896.

DEAR MR. COLMER,—I return the papers received with yours of yesterday, and have added two names to the list sent to you by Spiro and Co., omitted I presume inadvertently. I have seen Lukien and Jurko Hladun, and find that they do not know Spiro and Co., in the matter at all, their dealings in Hamburg having been solely with Karlsberg. They must have been handed over to Spiro in order that they might have the company of about 30 Galicians (these people are unconnected with the Hladuns and were unknown to them beforehand) who are going by the "Parisian." They paid their fares in Galicia—572 gulden (about £48) and as the cost from Hamburg to Quebec is £41.5s.0d., the charge appears fair, but they were under the impression, in fact they say that they were told that that sum booked them to Winnipeg. In Hamburg they say Mr. Karlsberg told them that they were 35 gulden short, but that Jurko Hladun and his wife could be booked to Winnipeg, and a letter would be sent to Liverpool which would get the others through. It is only this afternoon that Jurko Hladun learns that he too is only booked to Quebec. I have had the whole matter explained to them, including the difficulties they would meet with at Quebec without either tickets, money or friends, and they are naturally much distressed, but the prospect for them in their own country is no better and they will not return. They say that if they had been informed of this in Hamburg they would have sent their families back and gone on themselves, but now it is useless. It would take all the balance of their passage money, and as they have sold up everything they have no homes to go to. There is a balance of 87½ gulden due to them for the sale of their bit of land, etc., but instructions were sent from Hamburg that this was to be sent to Karlsberg, who would deduct the 35 gulden before referred to, and forward the balance. They say that a number of people went out to Manitoba from their district in the spring, and they are quite confident of being able to find them if they can only get to Winnipeg, and they have no fears for the future.

There seems to be no ground for calling them "delegates" although they say other people will be following from their neighbourhood when they can arrange their affairs. I have talked the matter over with Mr. Ennis, and he thinks that in the circumstances

it would be an injudicious thing to send these people back even if they were willing to go. They would have to be returned right to the spot from which they came and would there be homeless and penniless. The reputation of Canada would suffer if even the Government did not take some action with a view to others being prevented from leaving for the Dominion.

I may add that they are fine men, but they can neither read nor write, and are apparently simple; their language is a mixture of Russian, Hungarian and Polish.

If this party were booked through to Winnipeg, the Government would pay a bonus of £6 3s 4d. for them. As no claim can be made for this, if they are sent through, it might be credited towards their railway fare which would amount to £17 5s. 4d. This would leave a balance of £11 2s and Mr. Ennis is willing to pay half that—namely £5 11s. leaving £5 11s. to be paid either by the Government or by concession on the part of the Canadian Pacific Railway. Mr. Baker ought to raise no difficulty about this, but even if he does, in an exceptional case like this we might strain a point and help the people through. Considering how hard we work to secure emigrants and the difficulty there is in getting them, it seems a pity for the sake of £5 to turn away nine fine souls who are well adapted for life in the North-west. The Galicians will find them in food on the railway journey. Afterwards of course it will be well to address a strong remonstrance to Karlsberg. Kindly telegraph me as early as you can to-morrow what is to be done.

Yours &c., G. H. MITCHELL.

J. J. COLMER, Esq., C.M.S., London, S.W.

VICTORIA CHAMBERS, 17 VICTORIA STREET, LONDON, S.W. Oct. 29, 1897.

DEAR SIRS,—I beg to refer you to your letter of the 23rd inst., and the High Commissioner's acknowledgment of the 26th idem, respecting the two Ruthinian families who have been booked to Quebec, and who are without means to pay their fares thence to their destination. The families are now in Liverpool, and have been interviewed by the Canadian Government Agent there at the request of the High Commissioner. The following is an extract from the report that has been received on the subject:—"They paid their fares in Galicia—572 gulden (about £48) and as the cost from Hamburg to Quebec is £41 5s., the charge appears fair, but they were under the impression—in fact they say that they were told, that that sum booked them to Winnipeg. In Hamburg they say Mr. Karlsberg told them that they were 35 gulden short, but that Jurko Hladun and his wife could be booked to Winnipeg and a letter would be sent to Liverpool which would get the others through. It is only this afternoon that Jurko Hladun learns that he too is only booked to Quebec. I have had the whole matter explained to them, including the difficulties they would meet with at Quebec without their tickets, money or friends, and they are naturally much distressed, but the prospect for them in their own country is no better and they will not return. They say that if they had been informed of this in Hamburg they would have sent their families back and gone on themselves, but now it is useless. It would take all the balance of their passage money, and as they have sold up everything they have no homes to go to. There is a balance of 87½ gulden due to them from the sale of the bit of land, &c., but instructions were sent from Hamburg that this was to be sent to Karlsberg, who would deduct the 35 gulden before referred to, and forward the balance. They "say that a number of people went out to Manitoba from their district in the spring, and they are quite confident of being able to find them if they can only get to Winnipeg, and they have no fears for the future."

In the opinion of the High Commissioner this report demonstrates an exceedingly unsatisfactory state of things. It is not quite clear whether the emigrants originated from your agency or that of Mr. Karlsberg, but in any case it is certain that they should not have been booked to Quebec in the circumstances. They have no friends there, it is quite the wrong time of the year for them to go out, and the course adopted might have led to their being stranded and to much dissatisfaction on their part, which could

## Auditor General's Report—Part H

only have resulted in retarding, rather than encouraging, emigration from Galicia. You will notice also that Jurko Hladun was told that he and his wife could be booked to Winnipeg, and that a letter would be sent to Liverpool which would get the others through. None of the party were booked through to Winnipeg, and whoever may be responsible for the other statement has no authority whatever to promise free transportation from the port of landing to the North-west.

It would appear also from the information that has been received that there is no ground for calling Lukien and Hladun delegates. They say that other people will be following from their neighbourhood when they can arrange their affairs, but that of course does not constitute them delegates.

As a special case, which must not be taken as a precedent, arrangements have been made for the transportation of the people from Quebec to Winnipeg, but how they are to reach their friends when they arrive at that place, or maintain themselves during the winter, it is not easy at the moment see. The Government agents have, however, been requested to be of any service to them that they properly can. The High Commissioner will be glad to have any observations which your firm or Mr. Karlsberg may have to make upon the matter, and I am to state that if any further cases of the kind occur, the responsibility will rest entirely with the booking agents, and that neither the government nor the Pacific Railway Company nor the steamship companies will, as the High Commissioner is advised, be prepared, in any circumstances, to provide railway transportation in similar cases in the future.

Believe me, yours faithfully,

Messrs. Spiro & Co., Bahnhof Strasse, Hamburg.

J. G. COLMER.

INTERIOR DEPARTMENT, OTTAWA, November 11, 1896.

SIR,—I am directed to acknowledge the receipt of your letter of the 29th ultimo, enclosing copies of certain letters with respect to two Ruthenian families who are now on their way to Manitoba. I am to say that the High Commissioner's action in this case is approved, and that the Commissioner of Dominion Lands has been authorized to forward the people to their friends.

I am, sir, your obedient servant,

G. S. SPARKES, *for Asst. Secy.*

### Charges for Telephones at Government House, Regina.

AUDIT OFFICE, OTTAWA, June 12, 1897.

SIR,—I beg to ask your attention to the payments made during the current fiscal year to the Bell Telephone Company by Lieutenant-Governor Mackintosh, for rent of telephones in connection with Government House, Regina. These payments are as follows:—

Cheque 119—Rent of apparatus at Government House, lease 32, 6 months to January 1, 1897.....	\$15 00
Cheque 223—Rent of apparatus at Government House, lease 32, 12 months to July 1, 1897 .....	30 00
Cheque 229—Rent of apparatus Stable to House, lease 61, 18 months to July 1, 1897.....	30 00
Cheque 227—Rent of apparatus House to Stable, lease 62, 18 months to July 1, 1897.....	30 00
Cheque 119—Rent of apparatus at Government House, lease 93, 12 months to August 1, 1896.....	30 00

From the above there would appear to be four distinct telephones. Of these, those covered by leases 32 and 93 would seem to be ordinary telephones at Government House; lease 61 appears to be at the stable, connecting with the house, and lease 62 to be at the house connecting with the stable line. Why are there two Government House telephones?

You will observe that there appears to be an overpayment on lease 32, the six months paid for by cheque 119 being also included in the period paid for by cheque 223. Kindly have this overcharge of \$15 reunded.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

INTERIOR DEPARTMENT, OTTAWA, July 7, 1897.

SIR,—Referring to your letter of the 12th ultimo, in relation to payments made during the last fiscal year to the Bell Telephone Company by Lieutenant-Governor Mackintosh, and particularly calling attention to an overpayment of \$15.00 on lease 32, I am directed to say that His Honour has forwarded a draft in favour of the Receiver General refunding the amount overpaid to the company. I may add that His Honour stated in the communication which accompanied the draft that “an investigation will “be made by him in connection with the noticeable number of telephones charged to “Government House, he being convinced that the company has been collecting more “than it was entitled to.”

I am, sir, your obedient servant,

The Auditor General.

JOHN R. HALL, *Secy.*

### Payments to an Employee of the Commissioner's Office at Winnipeg, for Services as Stenographer to the Lieutenant-Governor.

AUDIT OFFICE, OTTAWA, June 7, 1897.

SIR,—I beg to ask your attention to the payments during the current fiscal year, by Lieut.-Governor Patterson, out of his credit for expenses for Government in the District of Keewatin. The following are the payments referred to:—

Sept 23, 1896—Chq. No. 4—F. Dixon, services as stenographer, etc.	\$ 21 25
Jan. 20, 1897—Chq. No. 5 do do do	.. 26 50
April 26, 1897—Chq. No. 6 do do do	.. 102 75

These payments are supported merely by receipts from Mr. Dixon, there being no sub-vouchers showing how the amounts paid are calculated, and no certificate by the Lieutenant-Governor as to the performance of the service, as required by Sect. 33 of the Audit Act. Kindly have these sub-vouchers furnished me. The signature “F. Dixon” on these receipts closely resembles the signature of Mr. F. Fitzroy Dixon, a clerk in the Commissioner's Office at Winnipeg, in receipt of a salary of \$100 a month. Kindly inform whether it is one person receiving pay from both sources.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

DEPARTMENT OF THE INTERIOR, July 19, 1897.

SIR,—I have the honour to acknowledge the receipt of the copy which you forwarded to me a few days ago, of your letter of the 7th ultimo, in which you asked for certain information with regard to three payments which were made to F. Dixon, for services as stenographer, during the fiscal year 1896-97, by His Honour Lieutenant-Governor Patterson, out of his credit for expenses for Government, in the District of

Keewatin, and to state that although your letter of that date was not brought to my personal attention, His Honour, who was fully advised in the matter, upon the 11th ultimo, by a letter which was addressed to his Secretary by the Assistant Secretary of this department, has given a reply which would indicate that he was not aware of the express provisions of the Statute bearing on the matter. He has not furnished sub-vouchers asked for, but I will write to him for them.

The work referred to was done before I was appointed Deputy Minister, and until the matter was brought to my attention by the receipt of the copy of your letter, I had no knowledge of it. No doubt, however, the gentleman who did the work is Mr. F. Fitzroy Dixon, of the Commissioner's Office. I may also state that the Minister had no knowledge of anything connected with this matter until it was brought to his attention by his receipt of the reply of the Lieutenant-Governor; and that it is but fair to Mr. Dixon to say that he claims that he does not belong to either of the classes of public employees who are referred to in Section 51 of "The Civil Service Act," and that he was therefore entitled to receive payment for the services mentioned in your letter.

I am, sir, your obedient servant,

The Auditor General.

JAS. A. SMART, *D.M.I.*

NOTE.—The Lieutenant-Governor of Manitoba subsequently certified the accounts, to the effect that the work charged for by Mr. Dixon was all performed outside of the regular office hours of the Land Commissioner's Office at Winnipeg.—J. L. McD.

*Re Fines and Forfeitures, N. W. T.*

AUDIT OFFICE, OTTAWA, April 22, 1897.

SIR,—I have to call your attention to the returns of Fines and Forfeitures payable under Dominion Statutes and paid through the secretary of the Lieutenant-Governor of the North-west Territories.

Further information is required as to the returns of Inspector Harper. The following amounts have come to account from this Inspector, viz.:—1890–91, \$10; 1891–92, \$62; 1892–93, \$142; 1893–94, \$15; 1894–95, \$5.50; 1895–96, nil; August 1896, \$344, covering receipts during December 1893 (?) January, October and December 1895; \$1, January 4, 1897; and \$28.50, April 9, 1897. Some explanation should be given of the absence of any receipts in 1895–96; the small amount received in 1894–95 as compared with the previous years and the delay in depositing the receipts of December 1893 (probably this date should be 1894), January, October and December 1895, till August 1896. What evidence is furnished by the inspectors and magistrates that they deposit all the funds they collect?

The Secretary does not deposit as promptly as called for by the regulations. A deposit should be made whenever \$25 is on hand. A return should be made each month, marked (1896–97, No. . . .) The number of the receipt issued to the payer should be entered opposite each item on the return and the counterfoil of the receipt furnished. A memo of the deposits made should be entered on the reverse side of the return. I enclose a form.

Is there any reason why the inspectors and magistrates who impose and collect these fines should not report directly to the Department?

I am sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

*Re Crown Timber Dues and Hay Permits.*

AUDIT OFFICE, OTTAWA, April 28 1897.

SIR,—The Crown Timber Agent at Edmonton issued the following Permits for the cutting of railway ties, on instructions telegraphed from the department that the Canadian Pacific Railway Co. guaranteed the payment.

Feb. 1, 1897	No. 24021.....	\$ 300 25
“ 13, 1897	“ 24075.....	30 25
“ 18, 1897	“ 24094.....	150 25
“ 25, 1897	“ 24109.....	9 25

I do not find that any of these amounts have since come to account. Please let me know when they are payable.

Counterfoils of Permits Nos. 22143 and 22153, Calgary Agency, are entered on Return as cancelled, but the cancelled permit is not furnished.

The statements of Permits and Receipt-forms issued to Crown Timber Agents should be furnished regularly. The last statement received was dated Dec. 16, 1895.

Counterfoil of Hay Permit No. 22165, issued at Swift Current, has not been accounted for.

I have the honor to be, sir,

Your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

# Auditor General's Report—Part H

DEPARTMENT OF THE INTERIOR, OTTAWA, May 3, 1897.

SIR,—In reply to your letter of the 28th ultimo, I beg to say that I find that the permits referred to in the first paragraph of your letter were issued to settlers who received contracts from the Canadian Pacific Railway Company to cut ties, and that the company guaranteed the dues on this timber.

When the ties are delivered to the railway company the dues are deducted from the amount coming to the contractor, and transferred to this department by the railway company. It is thought that the ties are delived to the company by this time, and the the Crown Timber Agent at Edmonton has been instructed to see that the dues thereon are paid.

With reference to the second paragraph of your letter I may say that the Crown Timber Agent at Calgary has been instructed to forward cancelled permits Nos. 22143 and 22153, and his attention has been drawn to the fact that these permits should have accompanied the counterfoils.

In compliance with the request made in the third paragraph of your letter a statement is being prepared showing the numbers of forms of permits and receipts issued to the Crown Timber Agents. A similar statement will be sent to you on the first day of May of each year. It can, however, be furnished quarterly if you so desire.

According to the records here counterfoil of permit No. 22165 issued at Swift Current was received, and accompanied the statement to you. The agent at Swift Current, however, will be asked to report whether he forwarded the counterfoil in question to this department. So soon as he is heard from you will be again communicated with.

I am, sir, your obedient servant,

The Auditor General.

JAS. A. SMART, *D.M.I.*

AUDIT OFFICE, OTTAWA, Dec., 10, 1897.

SIR,—Referring to my letter of April 28th last, I have now to state that, in addition to the timber permits specified in that letter, there have been issued the following under the same conditions, viz., that they will be paid by the Canadian Pacific Railway :—

24122—John Longmore.....	\$ 15 25
24125—John G. Scott.....	60 25
24131—Edward Fitzpatrick.....	15 25
24139—Jas. Galbraith and Gordon Myers.....	3 25
24168—John Hopps.....	129 25

I do not find that any of these items or those contained in my letter of April 28, last came to account previous to June 30 last. I have to inquire if they have since been paid.

I am, sir, your obedient servant,

The Deputy Minister, of Interior.

J. L. McDOUGALL, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, December 29, 1897.

SIR,—In reply to your letter of the 10th instant, I am directed to say that the Crown Timber Agent at Edmonton, has forwarded to this department a statutory declaration from Mr. J. Telfer, road master for the Canadian Pacific Railway Company, at Calgary, to the effect that the total number of ties cut under permits 24021, 24075, 24094, 24168, 24109, 24139, 24122, 24125, 24131, was 4060. The dues for these ties amounted to \$122.80, which sum is covered by general receipt 1215, which will accompany the monthly statement to you.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, *Assistant Secretary.*

*Re Seed Grain advanced to Sheho Lake Settlers.*

AUDIT OFFICE, OTTAWA, June 23, 1897.

SIR,—On Revenue statement No. 11 of November last, \$18.69 came to account in repayment of Seed Grain advanced to the Sheho Lake Settlers in 1893.

I have to ask for a statement of this transaction, showing the quantity and cost of the grain advanced, the amount repaid, and the terms on which the advance was made.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

DEPARTMENT OF THE INTERIOR, OTTAWA, June 28, 1897.

SIR,—Referring to your letter of the 23rd instant asking for information regarding seed grain advanced to Sheho Lake settlers, I have the honour to say that in the spring of 1893 great distress existed among the settlers at Sheho Lake, so much so that the Inspector of the Mounted Police at Saltcoats reported to the department as follows:—

“ Much poverty exists among the settlers, some of them in the immediate vicinity of Saltcoats are as near starvation as it is possible for people to be and live. At Fort Pelly and Kamsack, where there is not at present a ton of hay, the loss will be something dreadful. North and West of here there is no feed, the snow being as deep as “ it was in winter.”

On further investigation the Minister authorized the Commissioner of Dominion Lands to purchase \$200.00 worth of grain and food for these people, taking notes as security. The following expenditure was made by the Commissioner, in connection with which notes were taken covering \$150.84, as per enclosed schedule:—

May 15, 1893—A. E. Bruce, 10 tons of hay . . . . .	\$ 80 00
May 23, 1893—E. O'Reilly, 302½ bushels oats . . . . .	90 75
June 8, 1893—Sewill & Burgess, 101 bushels potatoes . . . . .	50 50
	\$221 25

On the 10th of June, 1893, the Agent at Yorkton sold 9,459 pounds of hay for \$42.55, less freight charges from Yorkton to Saltcoats, \$7.40; net total \$35.15, which amount was deposited to the credit of the Receiver General, Merchants Bank, Winnipeg, Receipt No. 80.

On the 24th of October, 1896, the Agent at Yorkton deposited \$18.69, received from J. A. Richenhry, covering principal and interest due for grain advanced to him, being part of Merchants Bank, Winnipeg, Receipt No. 935. This is the only repayment which has been received, although notices calling for payment have been sent to those indebted to the Crown, and I may add that as most of the settlers referred to have returned to the United States, it is not at all likely that these amounts can be collected.

I am, sir, your obedient servant,

The Auditor General.

JAS. A. SMART, D.M.I.

*Re Arrears Due.*

DEPARTMENT OF THE INTERIOR, OTTAWA, December 24, 1897.

SIR,—Referring to your letters of the 2nd of October and the 24th ultimo asking to be furnished with the “ arrears due ” to this department on the 30th of June last which have not yet been paid, I have the honour to enclose herewith the following

DEPARTMENT OF THE INTERIOR, OTTAWA, January 17, 1898.

SIR,—With reference to your letter of the 2nd October last, asking for a detailed statement of the arrears due the Department up to the 30th June last. I beg to say that the statement of amounts due upon Time Sales for the purchase of Dominion Lands cannot be furnished for some little time owing to the fact that the time at the disposal of the Staff of the Department during the past few months has been occupied in closing up the arrears of business which were affected by Legislation passed during the last Session of Parliament. I may add, however, that the amount of money on this account is not so large as shown by the previous statement, as many of the sales since the date of the last statement, have been cancelled and the amounts standing against the lands written off.

I am, sir, your obedient servant,

The Auditor General.

## Auditor General's Report—Part I

### Travel of Solicitor General charged to Litigated Matters.

DEPT. OF JUSTICE, OTTAWA, December 31, 1896.

SIR,—Referring to the conversation which we had yesterday I have the honour to inform you that I have issued a cheque to the Solicitor General for \$1,200.00 against the vote for litigated matters being an advance on account of travelling expenses which he is about to incur in going to England in connection with the Fisheries Case and the Queen's Counsel Case before the Judicial Committee of the Privy Council. I observe that after I had taken an advance for similar purposes in June last out of the same vote you questioned the propriety of the charge, and on that account, as well as by reason of our conversation upon the subject I write to explain my reasons for taking the present advance from the vote for litigated matters rather than from contingencies. It will not I presume be questioned that the service on account of which the present expenditure is incurred is litigated matters and that the payment would necessarily have to come from that vote, if as has generally been the case heretofore, the service was to be performed by English counsel or Canadian counsel not connected with the Department. It would seem to follow that the charge would be none the less appropriate because the expenditure is to be made by the Solicitor General unless the provisions of the Contingencies Act are such as to affect the right which would otherwise exist to make the advance out of a vote other than that of contingencies. The Contingencies Act and Supply Bill it seems to me have to be construed together, and so construing them, I do not consider that the vote for litigated matters was intended to be limited in its application by any of the provisions of the Contingencies Act, but apart from that question I may point out that the system which is being adopted to a very large extent of conducting the litigation of the Government in this Department without the intervention of outside agents entails the direct expenditure by the Department of money for travelling and other expenses connected with litigation which was not contemplated at the time when the estimates were made, which were adopted by the Supply Bill. The expense intended to be covered by the item of contingencies for this department applicable to travelling expenses was merely such as has been found necessary in the past on account of travelling which necessarily had to be done by members of the department in connection with a variety of business in which the Department is engaged and not by any means confined to matters in litigation, hence when the expense of litigation in addition to the ordinary expenses which still remain is thrown upon the department, it is obvious either that the money which was voted for ordinary travelling expenses such as have been usual in the past must be applied to the extraordinary business of litigated matters, thereby immediately exhausting the appropriation, or else that the expenses for litigated matters must be looked for elsewhere, and as in the present case we have a vote taken specially for the expense of litigation it seems to me not only legal but natural and proper to meet the expenditure from the latter vote.

Trusting that you will view these remarks as satisfactory.

I have the honour to be, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, *D.M. of J.*

### Travel of Superior Court Judges—Province of Quebec.

AUDITOR GENERAL'S OFFICE, OTTAWA, June 12, 1897.

SIR,—I beg to bring to your notice the accounts for travelling allowances rendered by Judges Cimon, Gill and Tellier of the Superior Court of the province of Quebec during the current fiscal year. It appears from these accounts that the judges in question have made charge for days upon which there is no evidence to show that they were absent from their places of residence attending court elsewhere. As I read the law—R. S. C., chap. 133, sec. 13—a Superior Court judge attending as such any court held

at any place other than that at which he is directed to reside, is entitled to \$6 for every day he is necessarily absent from home, and no more.

I shall be glad if you will give this matter your early attention, so that the point involved may be decided before any further payments of the kind are made.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, June 15, 1897.

SIR,—In reply to your letter of the 12th instant, respecting the form in which accounts for travelling allowances are rendered by some of the Quebec judges, I have the honour to state that I am inclined to agree with you that it would be more satisfactory if the certificate signed by the judges was more explicit.

I propose to amend the certificate as shown in the accompanying draft. Kindly state if this meets your views.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, *D.M.J.*

AUDITOR GENERAL'S OFFICE, OTTAWA, June 18, 1897.

SIR,—I beg to return herewith the form of account for judges' travel, sent me with your letter of 15th instant. I think the certificate which you suggest should be inserted on the account in the place I have written it. In the case of attendance at the Court of Queen's Bench, a certificate of the days absent might be given at the end.

I shall be glad to hear from you in regard to the payments that have so far been made during the current fiscal year to the judges named in my letter of the 13th instant. Have you ascertained if they were absent from home on all the days for which they have charged \$6 travelling allowance?

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, June 21, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of the 18th inst., respecting the forms of account used by Quebec Judges.

I have changed the form somewhat, and have sent it to the Queen's Printer. Upon receiving the proofs I will submit one to you for any further suggestions which you may care to make.

With respect to the payments that have been made I would remark that the present form of certificate has been in use for many years without any objection from you, and I see no reason to doubt that the judges were entitled to the allowances for which, as required by the Act, they have certified.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, *D.M.J.*

AUDITOR GENERAL'S OFFICE, OTTAWA, June 25, 1897.

SIR,—I have the honour to acknowledge the receipt of your letter of the 21st inst., with further reference to the travelling allowances paid to the Superior Court Judges of the province of Quebec whose names I mentioned in a previous communication.

Apart altogether from the form of certificate which you say has been in use for many years without objection from me, I think there is no difference of opinion between us respecting the days for which a Superior Court judge is entitled to the travelling allowance authorized by statute. In the cases to which I have called your attention,

## Auditor General's Report—Part I

---

it appears from the accounts sent me that the judges in all cases claim the benefit attached to attendance at a Court of Queen's Bench only, of at least three days' absence from home on each occasion of holding court elsewhere than at their places of residence. For instance in the account rendered by Judge Cimon for October 1896 he charges \$18 each for three courts held on the 10th, 13th and 31st, respectively, though he does not claim on the account to have been absent from home except on the days of holding Court.

Judge Gill, of Montreal, charges explicitly for the "day before and the day after" in all cases, whether the court is held in the immediate vicinity of Montreal or at the distance of a day's journey. Judge Tellier, of St. Hyacinthe, almost invariably charges for three days' absence from home for each sitting at Montreal recorded on his account, except when doing so would make a duplicate charge for the same day. According to his account for September, 1896, he held court at Montreal on *seventeen days* of that month, but drew the allowance for *thirty-one days*.

As you admit that a Superior Court judge attending as such any court held elsewhere than at his place of residence, is entitled, under the statute, to \$6 per diem for such days only as he is necessarily absent from home, it seems to me that the Judges who have rendered the accounts to which I have called your attention should be asked for explanation of the seemingly irregular charges made therein.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

---

DEPT. OF JUSTICE, OTTAWA, September 16, 1897.

SIR,—With reference to your letter of June 25, respecting the travelling allowances of Superior Court judges in Quebec, I beg to inform you that I have, as desired, communicated with the judges whom you have mentioned.

Judge Tellier, on the 3rd July last, writes in reply as follows:—

"I have to say respectfully that all my accounts for travelling allowances during the past fiscal year are strictly correct and made in conformity with the law on such matters. My charges referred to in your letter are those contemplated by the provisions of the statutes regulating such case, and I can state I was actually absent from my residence on each day for which I have charged."

Judge Cimon contends that under the statute Superior Court judges are entitled to be paid for at least three days allowance when attending court elsewhere than at their place of residence.

This question is now under the consideration of the department.

I am, sir, your obedient servant,

The Auditor General.

G. L. B. FRASER, *for Act. D.M.J.*

### Remuneration to Mr. Meredith as Commissioner, in addition to Superannuation Allowance.

AUDITOR GENERAL'S OFFICE, OTTAWA, Dec. 22, 1896.

SIR,—I beg to inform you that I have received an Order in Council of the 14th instant, authorizing an allowance of \$10 per diem as remuneration for the services of Messrs. E. A. Meredith and James Noxon, at present employed on a commission inquiring into the affairs of Kingston penitentiary. I presume Mr. Meredith has been informed that he must not draw his superannuation allowance during the period of his employment at the rate so authorized.

I should like to hear from you on this point before any payment for salary has been made him.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, Jan. 16, 1897.

SIR,—I have the honour to acknowledge the receipt of your letter of the 22nd ultimo, stating that you presume that Mr. Meredith has been informed that he must not draw his superannuation allowance during the period of his employment as commissioner at the rate authorized by the Order in Council of December 14 last.

I am to inform you that Mr. Meredith has not been so informed. On the contrary, the arrangement with him was that he was to receive \$10 per day for his services as commissioner, irrespective of his superannuation allowance. There being no statutory enactment on the subject, it is therefore proper that the arrangement with Mr. Meredith should be carried out.

I am to add, however, that the Minister approves of the principle to which your letter refers, and that in case of Mr. Meredith being employed further than his present commission extends, it will be understood that his superannuation allowance will be suspended during the time for which he may receive payment for services rendered in excess of his superannuation allowance.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, *D.M.J.*

AUDITOR GENERAL'S OFFICE, OTTAWA, February 10, 1897.

SIR,—I have the honour to inclose herewith papers connected with the claim of Mr. E. A. Meredith, who is acting as one of the commissioners in the penitentiary investigation. He is also a superannuated officer.

I drew the attention of the Premier yesterday, as I had previously done that of the Department of Justice, to the fact that the late Government usually suspended the superannuation allowances of officers, who were re-employed, for the period of their re-employment. The Premier instructed me to direct your attention to the matter for such action as you might think necessary.

I have the honour to be, sir, your obedient servant.

J. L. McDOUGALL, *A.G.*

Hon. W. S. FIELDING, Minister of Finance.

FINANCE DEPT., OTTAWA, July 19, 1897.

SIR,—Referring to our recent conversation respecting the claim of Mr. E. A. Meredith, for his services as Penitentiary Commissioner, amounting to \$1,180.00, I beg to say that I concur in the view expressed by you, that as a general rule, where superannuated officials are re-employed in the public service, it is only reasonable that their superannuation allowance should be suspended during the period of such service. But the intention to suspend the allowance should be clearly made known to the party at the time of his re-employment and of agreeing with him as to the allowance he is to receive for the work assigned to him.

In the present case, I am informed by the Hon. the Minister of Justice, that he was not aware of the practice of suspending the superannuation allowance and did not make any stipulation concerning it, in his arrangement with Mr. Meredith.

Mr. Meredith was asked to accept the place on the commission, by reason of his having been for ten years connected with the Board of Inspectors of Asylums and Prisons, and of the interest which he had ever since taken in such subjects. He was considered on this account, as being something of an expert in the matters to be investigated, and it was thought an important object that he should act. The Minister of Justice, in offering him the position, stated to him that his compensation would be \$10 a day,—nothing being said as to the possibility of any reduction on account of superannuation allowance. His superannuation allowance is \$7 a day. The Minister of

## Auditor General's Report—Part I

Justice has no doubt that Mr. Meredith would not have accepted the commissionership at \$10, if his superannuation allowance was to be deducted.

Under these circumstances, I advise that Mr. Meredith's account for \$1,180.00 be paid, if properly certified by the Department of Justice.

Yours faithfully,

The Auditor General.

W. S. FIELDING, *M. of F.*

### Days for which Mr. Meredith Received Remuneration.

AUDITOR GENERAL'S OFFICE, OTTAWA, August 4, 1897.

SIR,—I have the honour to acknowledge the receipt of your letter of the 31st ultimo, inclosing a letter from Mr. Meredith in explanation of the number of days for which he has asked to be paid at the remuneration allowed by the Governor in Council to the commissioners appointed to inquire into the affairs of the Kingston penitentiary, and beg to say that in view of the fact that charge has been made for days on which there were no joint sittings of the commission, it seems to me Mr. Meredith should support his letter by a statutory declaration of the claims therein made.

In regard to the amount now claimed to be due Mr. Meredith as remuneration for his services, I shall be glad if you will call his attention to an amount of \$21.23, claimed by Mr. Eilbeck, in his statement of July 26 last, to be in the hands of Mr. Meredith, and also to an amount of \$86.55 for "personal disbursements from October 27 to November 30, 1896," for which no details have been sent me.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A. G.*

### Stenographic Work, Kingston and Montreal.

AUDITOR GENERAL'S OFFICE, OTTAWA, March 23, 1897.

SIR,—With reference to the accounts sent me from the commissioners at present inquiring into the affairs of Kingston penitentiary, with your application of the 19th instant, I beg to call your attention to the charges made for stenographic work at Kingston and Montreal. At the former place Messrs. Bawden & Seale charged 9c. per folio of 100 words for taking, and 9c. for copying evidence; and at the latter, Mr. A. C. Trotter charges at the rate of 15c. for taking and 15c. for copying, four copies being furnished. The account rendered by Messrs. Bawden & Seale does not mention the number of copies supplied.

There is, as you know, an Order in Council of October 9, 1888, and another of July 3, 1890, governing work of this nature, (see Auditor's Report, 1895, page XIII) and it seems to me in view of the directions of Council it is not legal to pay for the work in question at rates in excess of the price authorized in these Orders.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A. G.*

KINGSTON, March 25th, 1897.

DEAR SIR,—Your letter of the 24th instant has been handed me for reply. It was myself who employed the Montreal stenographers, and I did so before I knew what rates were being paid in Kingston. They at first charged full legal rates, but I had them reduce the bill 25 per cent. This was the best I could do. This will be provided against in future.

If the commissioners are supposed to be governed by the Orders in Council referred to in the Auditor General's Report, they should be supplied with particulars thereof.

Please have him send us copies, or a memo. of so much of them as affects us.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

O. K. FRASER, *Commr.*

### Increase of Salary to date from the date of the Order in Council.

AUDITOR GENERAL'S OFFICE, OTTAWA, July 3, 1897.

SIR,—I have the honour to acknowledge the receipt of your application of the 2nd instant for a cheque of \$1,142.50, being the balance of salary claimed by Mr. R. J. Eilbeck, Secretary of the Penitentiary Commission, from October 29, 1896, to June 30, 1897. According to the account sent me, the amount asked for has been calculated at the rate of \$6.50 per diem for the full period of service. It seems to me this rate may be paid only from the date of the Order in Council which authorized it (April 30, 1897), and not for any previous periods. I think you will find that the Order in Council, to which I refer, bears this interpretation only, and in my opinion, I may say, it is not within the power of Council to make an Order of this kind retroactive.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, July 9, 1897.

SIR,—I beg to acknowledge the receipt of your letter of the 3rd instant, wherein you object to issue a cheque in favour of Mr. R. J. Eilbeck, for the balance of salary claimed by him up to the 30th ultimo, for the reason that, in your opinion, the Order in Council of the 30th April cannot authorize the payment of his salary for the full period of his service previous to the date thereof.

Inasmuch as the Order in Council specially refers to the investigation which has been held at the Kingston penitentiary, and which was almost concluded on 30th April I am unable to construe the Order in Council as not intended to relate back.

I am further unable to agree with you that it is not within the power of the Governor in Council to make an Order in Council, such as the one referred to, retroactive.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

AUDITOR GENERAL'S OFFICE, OTTAWA, July 10, 1897.

SIR,—I have the honour to acknowledge the receipt of your letter of the 9th inst., stating that you are unable to construe the Order in Council of April 30, 1897, as not intended to relate back, inasmuch as it specially refers to the investigation which has been held at Kingston penitentiary, and which was almost concluded on April 30.

With reference to this point, I beg to point out that the paragraph in which the phrase referred to occurs relates not to the daily stipend of the secretary, but to the inclusion of Sundays and holidays, as days for which pay may be claimed, in the accounts of the commissioners and secretaries.

On the question of allowing pay for Sundays, when there is employment under a daily remuneration, it seems to me if it is to be allowed in one case, it ought to be allowed in all, and, consequently, the authority should be under a General Order in Council.

I am still of opinion that it is not within the authority of Council to make an Order in Council, such as that of April 30, retroactive. Mr. Eilbeck had entered into an agreement with the Government to perform certain services for the remuneration authorized by the Governor in Council in his Order of December 14, and accepted such remuneration as full consideration for his services to January 31, 1897, and in my opinion any increase now authorized over the amount first agreed upon for the service performed in the past by Mr. Eilbeck would be simply disposing of the public money in a gratuity not authorized by statute, or directing payment of a sum which was not legally due. In this view of the case covered by your application in favour of Mr. Eilbeck, herewith inclosed, I am unable to certify that the amount asked may be paid; but I shall be glad to give the necessary certificate in regard to any amount that may

## Auditor General's Report—Part I

be due Mr. Eilbeck, based on the remuneration authorized in the Orders in Council of December 14, 1896, and March 20, 1897.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

### Price paid for Coal to Messrs. Booth & Co.

AUDITOR GENERAL'S OFFICE, OTTAWA, May 15, 1897.

SIR,—I beg to ask for explanation of two payments, amounting to \$5.50 made during the current fiscal year to Messrs. Booth & Co., for unloading coal at Kingston penitentiary. A charge of this kind has not been made in previous years so far, at least, as the coal delivered at the penitentiary was concerned, and consequently an explanation should be given of the circumstances in connection with the payment in the present instance.

There is also a charge for 25 tons of hard coal at \$6 per ton which is certified according to contract. There must be some mistake here as the contract price with Messrs. Booth was \$2.91 per ton.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPARTMENT OF JUSTICE, OTTAWA, May 18, 1897.

SIR,—In reply to your letter of the 15th instant, asking explanations regarding the account of Booth & Co., for coal supplied to Kingston penitentiary, I beg to say that by the terms of the contract with Booth & Co., for the supply of coal for last fiscal year, it was stipulated that the coal should be delivered afloat and unloaded at the expense of the prison. At the beginning and at the close of the fiscal year there were small quantities wanted and supplied which could not reasonably be supplied by boat, and inasmuch as the coal was supplied from the contractors' coal yards in the city, and consequently unloaded at the contractors' expense, an additional charge for unloading was added to the contract rate.

The twenty-five tons of hard coal at six dollars per ton was delivered after the contract had expired (July 2nd, 1896,) and before the new contract had been completed. The item has I presume inadvertently been certified as under contract, and I have asked the warden to supply a properly certified voucher.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

### Interest Allowed on Malcolm & Co.'s Accounts.

AUDITOR GENERAL'S OFFICE, OTTAWA, May 29, 1897.

SIR,—With reference to your application of the 28th instant, for a draft to the amount of £2,334 9s. 2d. in favour of Messrs. W. F. Malcolm & Co., for manilla hemp supplied to the Kingston penitentiary, I beg to bring to your notice the unduly high rate of interest—6 per cent per annum—charged on the net cash price from the date of purchase till the money was received by the firm. Judging from the rate of interest at which temporary loans can be obtained on the London market by the Dominion Government it seems to me that Malcolm & Co. could not obtain any such high rate of interest under similar circumstances from a manufacturer in England of good financial standing.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPARTMENT OF JUSTICE, OTTAWA, June 5th, 1897.

SIR,—In reply to your letter of the 29th ultimo, I beg to say that from information received from the prison, I understand that the charges for interest made by Messrs. Malcolm & Co., are in accordance with the terms of their printed circular, which no doubt apply to customers in England as well as elsewhere. The present mode of purchase and payment is, I understand, in accordance with your own suggestion, and seems to involve unnecessary payments and consequently increased cost as compared with the methods of purchase and payment usually pursued by purchasers in Canada. I am informed that private firms arrange with Malcolm & Co., and accept sight drafts made at even date with that of the invoices; and that they thereby avoid payment of interest.

As the present arrangement is in accordance with your own suggestion, I have to request that you will consider whether some more advantageous and practical method should not be substituted.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, *D. M. of J.*

### Overdue Accounts for Water Rates.

AUDITOR GENERAL'S OFFICE, OTTAWA, September 23, 1897.

SIR,—I beg to bring to your notice an account rendered by the corporation of the city of New Westminster, dated October 16, 1896, for water supplied the British Columbia penitentiary from February 29 to August 31, 1896, amounting to \$502.76.

I should like to know your reason for not having paid the water rates in question every month, and thus have obtained the rebate of 20 per cent given by the corporation on accounts so paid. This rebate was given on the accounts rendered for the months of January and February, 1896, because the liability was discharged prior to the 20th of the succeeding month to that in which it accrued.

A similar reduction was also made, for the same reason, in the accounts rendered for the months of September, 1896, to June, 1897.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

### Discharge Allowance and Interest to J. D. Murray.

AUDITOR GENERAL'S OFFICE, Ottawa, September 23, 1897

SIR,—I beg to ask for explanation of a payment of \$16.35 made to J. D. Murray during the fiscal year 1896-97 from the appropriation for Manitoba penitentiary.

This amount is described on the voucher as discharge allowance (\$15), and interest thereon from July 24, 1894, to February 17, 1896, (\$1.35).

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

### Re Binder Twine.

AUDIT OFFICE, OTTAWA, March 2, 1897.

SIR,—I have again to remind you that no returns in connection with the binder twine industry are being furnished to this office.

Though I have written you four times on this point, I have had no reply to any of my letters.

Under these circumstances nothing remains for me to do but to refer the matter to the Treasury Board.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

---

DEPT. OF JUSTICE, OTTAWA, March 12, 1897.

SIR,—In reply to your letter of the 2nd instant, and previous letters, requesting detailed reports regarding the business of the twine manufactory at Kingston penitentiary, I beg to say that owing to the amount of labour involved in stock-taking and balancing, it was found impracticable to continue the monthly reports which were furnished you when the industry was introduced.

I am informed, however, that all vouchers for expenditure, as well as deposit receipts for revenue received, in connection with the industry, have been forwarded to you from month to month, and that all data in connection with the expenditure and receipts are, therefore, already in the hands of your officers.

Previous to the close of the last fiscal year the warden was instructed to prepare a full statement of the transactions of the year, with a view to meeting the wishes which you had expressed in your letters, but at the close of the year an officer of your department visited the prison, and, I understand, thoroughly examined the accounts and obtained all data, statements and information which he desired. For this reason the compilation of the suggested statement was considered unnecessary.

I am extremely anxious that you should be supplied with all information which you may require in addition to the detailed vouchers and receipts which are furnished from month to month, and I shall be glad if you will indicate some form of statement which may meet your requirements, and, at the same time, avoid the necessity of monthly stock-taking and balancing, which the previous statements entailed.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

---

AUDIT OFFICE, OTTAWA, March 22, 1897.

SIR,—I am in receipt of your letter of the 12th *re* binder twine returns.

You state that owing to the amount of labour involved in stocktaking and balancing it was found impracticable to continue the monthly reports. You have not explained why you did not give this explanation when I first wrote you over a year ago.

There is no necessity for a monthly stocktaking. The returns could be readily compiled from the books that are or ought to be kept. It would be sufficient if the balances stated to be on hand were verified by actual stocktaking once a year.

Having been unable to get the information as to Mr. Connor's indebtedness, though repeatedly asked for, one of the staff of this office did go to the Kingston penitentiary last June. It was not expected here that that should have been considered a reason for not furnishing a return of the transactions of the year.

The vouchers for expenditure and the deposit receipts for revenue are not sufficient to enable me to make an audit.

I have now to ask for (1) a statement of the raw material and twine on hand June 30 last, (2) a statement of the raw material used and the twine since manufactured, and (3) a statement of the sales since made. These returns should be made monthly for the future.

I shall be glad to know as soon as possible whether you find any difficulty in furnishing these returns.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, March 22, 1897.

SIR,—In compliance with your verbal request to the Inspector of Penitentiaries, I inclose herewith:—

(1.) A copy of an agreement, dated the fourth of September, 1896, between the warden of the Kingston penitentiary and Coll Bros., of St. John, N.B., by which the latter agree to purchase five hundred tons of binder twine. The purchasers have since transferred their interest to the Hobbs Hardware Company, who have agreed to fulfil the contract upon the terms specified in the agreement with Coll Bros.

(2.) A copy of an agreement, dated the 24th ultimo, between the warden of the Kingston penitentiary, and the Hobbs Hardware Company, by which the latter agree to purchase all twine theretofore unsold, and also all twine which may be manufactured up to and including the first day of August next.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

DEPT. OF JUSTICE, OTTAWA, March 29, 1897.

SIR,—In compliance with the request contained in your letter of the 22nd instant, I beg to say that on the 30th of June last there were on hand at Kingston penitentiary 313,889 lbs. of manilla fibre, and 336,471 lbs of sisal. In addition, there were in process of manufacture 3,920 lbs. of sisal, and 3,610 lbs. of twine on bobbins. The manufactured twine on hand consisted of 115,100 lbs. of 'Maple Leaf,' 475,200 lbs. of "Beaver," 1,050 lbs. of "Mixed Manilla," and 330,150 lbs of "Sisal." The above information was available at the date at which your officer visited the penitentiary. The statement of Mr. Connor's account, which you say was the object of his visit, was asked for and supplied to you, subsequently, by this department.

The quantity of twine manufactured between the 30th of June last, and the 1st instant, consists of 217,900 lbs. of "Beaver," and 389,254 lbs. of "Sisal." The quantity of raw material used cannot be definitely ascertained, nor given, except at the close of the fiscal year.

Between the 30th of June last and the 1st instant, 28,456 lbs. of twine were sold and delivered—the value being \$1,777.85. Two additional sales were effected in pursuance of advertisement and tender. Copies of the contracts have already been supplied to you.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

AUDIT OFFICE, OTTAWA, April 7, 1897.

SIR,—I have received your letter of March 29th, in reference to the Binder Twine Industry.

The quantity of raw material used should be recorded as it goes out of stock. This information was given on the returns you furnished in 1894-95, and if possible then, should be so now

## Auditor General's Report—Part I

You state that 28,456 lbs. twine were sold between June 30th last and March 1st, —the value being \$1,777.85. I have to ask for a detailed statement. \$2,681.21 has come to account; how is the difference made up?

I inclose forms of monthly returns which are needed, and which I beg to request may be furnished regularly.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 11, 1897.

SIR,—In March, 1895, you furnished a summary of the fibre purchased, used and on hand, and the twine manufactured from the commencement of the industry to that date. Monthly returns were furnished to the 1st of July following, and then ceased. I have repeatedly called your attention to the absence of these returns. In March last, with the object of making another commencement, I asked for (1) a statement of the raw material and twine on hand June 30th, last; (2), a statement of the raw material used and the twine since manufactured; and (3), a statement of the sales since made and that these returns should be made monthly.

In your letter of March 29th, you gave quantities from which I compile the following memo:—

Less sold June, '96, to March, '97.....			28,456
On hand March 1, 1897.....			<u>1,500,198</u>

On April 7th I wrote you asking for details of the twine sold, and inclosing forms for returns to be furnished monthly. I have had no reply to this letter, and no return have been furnished. I have again to call your attention to this matter.

## Auditor General's Report—Part I

---

---

If I am unable to carry out the instructions of the Treasury Board, owing to the absence of the proper returns it is my duty to so inform the Board. I shall be glad to be spared that necessity in this instance.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, September 7, 1897.

SIR,—I have again to remind you that no returns in connection with the manufacture and sale of Binder Twine during the past fiscal year have yet reached this office.

You stated in your letter of March 12th last, that you were extremely anxious that I should be furnished with all information needed, and asked that I should indicate some form of statement that would meet the requirement.

The forms were sent on April 7th, and you were again written to on June 11th. I am still, however, without the information.

I have to request your early attention to the matter.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 11, 1897.

SIR,—I am in receipt of your letter of September 28, inclosing monthly statements regarding the manufacture of binder twine during the fiscal year 1896-97.

These returns show the quantity of materials used and the twine manufactured, shipped and on hand. The raw material purchased and the details of the shipments made are not furnished. You forwarded some time ago copies of the contracts with Coll Bros., of St. John, N.B., and The Hobbs Hardware Company, of London, Ont., but the returns furnished afford no means of determining that the sales and payments therefor are in accordance with the contracts.

It would be much more satisfactory if these returns were made on the forms furnished at your request in April last. The returns for the twelve months are now furnished in one lot nearly three months after the close of the fiscal year, though they were seemingly prepared each month. No returns for the present fiscal year have yet been received.

One thousand bales of manilla fibre, purchased during the year, seems to have been carried to account at 251,979 pounds, instead of 270,000 pounds. (See Warden's letter of July 4, 1895, as to weight of bale of manilla.)

\* \* \* \* \*

Were the quantities stated as on hand verified by actual stocktaking at the close of the year or since? If so, the certified statement of the officers who took the stock should be furnished.

\* \* \* \* \*

I have to ask for the returns for July, August and September; and for a copy of the account of The Hobbs Hardware Company.

I trust that in future returns will be furnished regularly each month, that the forms furnished last April will be used, and that the information called for by them will be supplied.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

JUSTICE DEPT., OTTAWA, October 12, 1897.

SIR,—In compliance with the suggestion contained in your letter of the 11th inst I inclose herewith summary statements on the printed forms, in connection with binder twine transactions for the fiscal year 1896-97.

I am, sir, your obedient servant,

The Auditor General.

**Re Binder Twine Industry. Arrears due by Mr. Connor.**

AUDIT OFFICE, OTTAWA, April 7, 1897.

SIR,—According to a statement of Mr. Connor's account, obtained by a clerk from this office, when at the penitentiary in June last, he was indebted to the department in the sum of \$49,675.13. For this amount two notes were taken. In October, 1896, you furnished a statement showing the payments made on account of these notes, and the expenses connected therewith, leaving a balance due of \$20,528.11. I have now to ask for a statement commencing with this balance and made up to date; also, a memo. of the accounts assigned by Mr. Connor to the government, and yet unpaid.

You wrote, August 14th, 1896, that the twine which was returned by Mr. Connor (previously stated as about \$7,000 worth) was held by the government as collateral. I have to ask what disposition has been made of this twine.

I shall be glad to know what action you are taking looking to the collection of this indebtedness.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDougall, A.G.

DEPT. OF JUSTICE, OTTAWA, April 9, 1897.

SIR,—In your letter of the 7th instant, you state that according to a statement obtained by a clerk from your office, when at the penitentiary in June last, Mr. Connor was indebted to the department in the sum of \$49,675.13. The books of the institution at that date did not show any such sum due by Mr. Connor. That sum represented the amount due on the 31st December, 1895, which amount had been reduced to about one-half at the date which you mention.

I inclose herewith a statement supplementary to that furnished in October last, showing the debits and credits which have been made since that date.

## Auditor General's Report—Part I

As regards the twine returned by Mr. Connor, it was resold to other parties who have not yet taken delivery of it ; and the question of enforcing the sale, or again selling the twine is now under the consideration of the department.

The accounts still due for twine are in the hands of the agents of this department, who have been instructed to proceed with their collection.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, October 12, 1897.

SIR,—In your letter of April 9th last you inclosed a statement showing a balance against Mr. Connor at that date of \$15,802.23.

I have to ask for a statement made up to date, commencing with this balance.

You stated that the twine returned by Mr. Connor had been resold, but the parties to whom sold had not taken delivery of it, and that the question of enforcing the sale or again selling the twine was then under the consideration of the department. You will now no doubt be able to give a statement of the proceeds arising from the sale of this twine.

I have also to ask for a statement of the claims which you state are in the hands of the agents of your department, and information of the action taken to collect them.

Have any steps been taken to realize on the other securities held by your department?

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

### Re Exchequer Court Reports.

AUDIT OFFICE, OTTAWA, September 24, 1897.

SIR,—I am in receipt of your letter of the 22nd inclosing a statement of the stock of Exchequer Court Reports and parts of reports on hand June 30th, 1896. In my letter of the 17th I overlooked asking for a statement of the reports and parts of reports received during the year from the Printing bureau ; and a statement of the free issues, showing the number of each volume and part of volume. These statements are needed.

Comparing the return just to hand with last year's return and the sales during the year, there appears to be a few numbers of each volume unaccounted for, as per following statement :—

No. of Volume.	Number on hand June 30th, 1896.	Sales during the year.	Balance.	Number on hand June 30th, 1896, as per return.	Not accounted for.
1	601	5	596	590	6
2	593	3	595	585	10
3	632	8	624	618	6
4	654	9	645	639	6
5		95			

The 95 copies of No. 5 paid for during the year, were, I assume, paid in advance, as you state only Nos. 1, 2 and 3 of that volume are yet published.

I have also to point out that more copies are shown on hand of Nos. 3 and 4, volume 2 ; No. 1, volume 3 ; and No. 2, volume 4 ; on June 30th, 1897, than there were on June 30th, 1896. How is this accounted for ?

I am, sir, your obedient servant,

The Registrar Exchequer Court.

J. L. McDOUGALL, *A.G.*

*Re Supreme Court Reports.*

OTTAWA, October 15, 1897.

SIR,—I have the honour to inclose you a statement of the stock of Supreme Court Reports on hand on the 15th August, 1897. There are some discrepancies in this stock list which I can only account for by the assumption that the clerk in the office who counted the reports on which the list for last year was founded, made an error in respect to one or two numbers. This occurs in respect to volume 4, No. 4, of which we are short about eight copies, and have no entry of their having been distributed during the year. Then volume 20 does not come out correct in respect of Nos. 3 and 4, but I believe that can be accounted for, as one of these numbers is short ten copies, and the other we have an excess of the same number of copies. I think it is reasonable, therefore, to assume that in taking an account of stock last year ten of the copies placed under No. 3, should have been placed under No. 4. With these exceptions the account corresponds with that submitted to you in November, 1896.

I may say that the account as printed in the Auditor General's Report for last year, at page I—65, does not agree in some respects with the copy of that same account which we have here, and I am at a loss to know how the differences in figures have occurred. Of course our account was made up to November, 1896, and it is impossible to suppose that by any process you could have made it represent the stock on hand at the end of June of that year.

I am, sir, your obedient servant,

The Auditor General.

### Mileage of Senators: Nearest Mail Route.

AUDIT OFFICE, OTTAWA, September 30, 1897.

SIR,—Referring to your letter of October 7th, 1896, published in my report of 1895-96, page J—57, in the matter of the method of computing the mileage allowed Senators under Section 30, Revised Statutes, Chap. 11, in which letter you stated you understood that the subject was to be referred to the Minister of Justice, please let me know what further action, if any, has been taken in the matter.

I am, sir, your obedient servant,

The Clerk of the Senate.

J. L. McDOUGALL, *A.G.*

THE SENATE, OTTAWA, October 9, 1897.

SIR,—Acknowledging receipt of your letter of the 30th ultimo, I have the honour to transmit herewith copy of a letter received by me this day from His Honour the Speaker, with reference to the method of computing the mileage to Senators.

I am, sir, your obedient servant,

The Auditor General.

EDOUARD J. LANGEVIN, *Clerk of the Senate.*

QUEBEC, October 8, 1897.

MY DEAR MR. LANGEVIN,—In answer to your letter of the 5th October instant, referring to the letter of the Auditor General of the 30th September last relating to the matter of the method of computing the mileage allowed Senators under Section 30, Revised Statutes Chapter 11, I have to state that I submitted the subject to the Honourable the Minister of Justice, but no action has been taken since in the matter.

Yours truly,

(Signed)

C. A. P. PELLETIER, *Speaker.*

The Clerk of the Senate.

### Funeral Expenses of Senators Paid by Senate.

AUDIT OFFICE, OTTAWA, September 30, 1897.

SIR,—Referring to your letter of November 10, 1896, published in my report of 1895-96, page J—59, in the matter of the payment of the funeral expenses of Senators dying at the seat of Government while attending the Session, in which letter you stated that His Honour the Speaker to whom you had referred a communication from me in the matter of the payment of the funeral expenses of the late Senator Read, informed you that it was his intention to submit the matter to the Minister of Justice, please let me know what further action, if any, has been taken in the matter.

I am, sir, your obedient servant,

The Clerk of the Senate.

J. L. McDOUGALL, *A.G.*

THE SENATE, OTTAWA, October 9, 1897.

SIR,—Acknowledging receipt of your letter of the 30th ultimo, with further reference to the payment of the funeral expenses of Senators dying at the seat of government, I have the honour to transmit herewith, by request of His Honour the Speaker, copy of a letter, dated 30th June last, received by him from the Honourable the Minister of Justice.

I am, sir, your obedient servant,

The Auditor General.

EDOUARD J. LANGEVIN, *Clerk of the Senate.*

## Auditor General's Report—Part J

OFFICE OF THE MINISTER OF JUSTICE, OTTAWA, June 30, 1897,

MY DEAR SPEAKER,—I regret that from some oversight in my Department your letter of the 9th November last, with respect to the funeral expenses of the late Senator Read, was not brought to my attention until the 14th instant. As the money has been paid the matter is only of importance as bearing on further cases. There seems to be no authority for the payment of expenses of this character, and in future it would be desirable to take a special vote for the amount, whenever expenditure of a similar kind is incurred. There are obvious objections to the passing of a general Act to cover such cases.

Yours very truly,

O. MOWAT.

The Speaker of the Senate.

### Extra Payments to Permanent Officers.

AUDIT OFFICE, OTTAWA, July 27, 1897.

SIR,—Let me call your attention to the pay list of attendants on the Governor General's Levee in the Senate Chamber, March 27, 1897. I notice these payments:—

Cheque. No. 1842, Peter Connolly, \$2, Department of Finance.

do 1843, Fr. Curran, \$2, Supreme Court.

do 1845, Jas. Dunlop, \$2, Library.

do 1846, Jno. Foran, \$2, Department of Printing and Stationery.

do 1847, Jules Morin, \$2, do Marine and Fisheries.

As these persons are employees under the Civil Service Act, they are debarred from accepting any additional remuneration for their services. Please obtain refunds of the payments so made.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk of the Senate.

THE SENATE, OTTAWA, July 30, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of the 27th instant. I shall take the earliest opportunity to submit the cases mentioned therein to the Committee on Internal Economy and Contingent Accounts of the Senate for their instructions.

I have the honour to be, sir, your obedient servant,

EDOUARD J. LANGEVIN, *Clerk of the Senate.*

The Auditor General.

### Sessional Staff, Senate, Paid for 98 Days, Session 1897.

AUDIT OFFICE, August 18, 1897.

SIR,—I notice from your accounts that the sessional staff were paid for 98 days' services for the session of 1897. Parliament opened on March 25th and prorogued on June 29th—a period of 97 days. The sessional staff of the House of Commons were paid for 97 days' services. Please explain why the additional day was allowed to the sessional staff of the Senate.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk of the Senate.

THE SENATE, OTTAWA, August 23, 1897.

SIR,—Acknowledging receipt of your letter of the 18th instant, I may say that the payments in question were made in compliance with the written instructions of His Honour the Speaker. You may remember that the session was prorogued late at night; many of the sessional employees were off duty at the time and appeared as usual the following day. His Honour therefore instructed me to pay them. Those only who were actually on duty (and they were very hard worked on that day) were paid.

I have the honour to be, sir, your obedient servant,

EDOUARD J. LANGEVIN, *Clerk of the Senate.*

The Auditor General.

### Extra Payments to Permanent Officers.

AUDIT OFFICE, OTTAWA, July 27, 1897.

SIR,—I have to call your attention to a number of payments made in connection with the Speaker's "At Homes," &c., as follows:—

Cheque No.	464, Edward Ashe . . . . .	\$ 8.	Senate.
do	461, John Courtman . . . . .	2.	Militia and Defence.
do	1076, do . . . . .	2.	do
do	462, J. H. Dunlop . . . . .	6.	Library.

do	2018, C. George . . . . .	32.	do
do	1077, Eugene Verreault . . . . .	2.	Militia and Defence.

As these persons are permanent employees in the public service, they are debarred from accepting remuneration in addition to their regular salaries. Please obtain refunds of the payments so made.

I am, sir, your obedient servant,

The Clerk, House of Commons.

J. L. McDOUGALL, *A.G.*

### Service in Two Positions at Same Time.

AUDIT OFFICE, OTTAWA, May 10, 1897.

SIR — With reference to the expenditure by the House of Commons for the second session of 1896, let me call your attention to a payment of \$148 to E. M. Armstrong for 48 days from August 19 to October 5 at \$3 per day, for her services as amanuensis in connection with the Debates staff.

Miss Armstrong was an employee under the Civil Service Act for that period of time in the Department of Justice at the rate of \$425 per annum, and was therefore, under section 51 of that Act, not entitled to receive any extra salary or additional remuneration.

How was it possible for Miss Armstrong to perform both duties?

I am, sir, your obedient servant,

The Clerk of the Commons.

J. L. McDOUGALL, *A.G.*

## Auditor General's Report—Part J

---

AUDIT OFFICE, OTTAWA, August 18, 1897.

SIR,—I notice in the expenditure of the House of Commons, chargeable to Debates, that Mr. C. B. Brophy was paid as a Debates amanuensis during the second session of Parliament, 1896, August 19 to October 5, 48 days, and during the session of 1897, March 25 to June 29, 97 days, at the rate of \$3 per day. Mr. Brophy was employed as an extra clerk in the department of Marine and Fisheries during these periods. Will you please inform me how Mr. Brophy performed both these services at the same time?

I am, sir, your obedient servant,

The Clerk of the Commons.

J. L. McDOUGALL, A.G.

### Promotion to Date from Date of Order in Council.

AUDIT OFFICE, OTTAWA, March 8, 1897.

SIR,—I have an Order in Council of the 4th March instant, dealing with the Library staff—superannuating Mr. Thayne, promoting Mr. Smith and making other changes.

It appears to me that I am justified in passing all the changes contemplated in that Order with the exception of the promotion of Mr. Smith from 1st October last. If the Order in Council based upon the Treasury Minute of 26th June, 1896, were forwarded to me, the difficulty that I speak of would be removed. Without any Order in Council but the one which I now have, Mr. Smith's promotion could not count from any date anterior to the 4th March.

I am, sir, your obedient servant,

The Librarian of Parliament.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part J

### Fees and Charges on Private Bills.

AUDIT OFFICE, OTTAWA, May 7, 1897.

SIR,—I have to ask for a list of all bills introduced during the present session, marking after each whether it is a public or private bill.

I have also to ask for a detailed statement of all fees and charges paid on the bills introduced this session, giving the date, the title of the bill, the number and the amount.

In future I would like to have these returns monthly during the session.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk, House of Commons.

---

HOUSE OF COMMONS, OTTAWA, May 10, 1897.

SIR,—The clerk of the House has handed me your letter of the 7th instant, in which you ask for a list of all bills introduced during the present session, marking after each whether it is a public or a private bill. For this information, I would refer you to the printed Orders of the Day of the House of Commons, which as you are aware is published daily and shows all public and private bills under their respective headings.

A statement of all fees and charges paid on private bills will be prepared and forwarded to you in due course.

I am, sir, your obedient servant,

E. P. HARTNEY,  
*Examiner Private Bills.*

The Auditor General.

---

AUDIT OFFICE, OTTAWA, May 14, 1897.

SIR,—I am in receipt of your letter of the 13th instant, in reply to my letter addressed to the Clerk of the House of Commons in connection with the fees and charges on private bills.

I asked for a return of the bills introduced during the present session, distinguishing which were public and which were private bills. This statement is necessary that I may have the data to determine that the fees and charges on the private bills have all been paid.

You refer me to the printed Orders of the House for the information. To be of any use, these orders would need to be compiled. The staff of this office is so taxed by the work of auditing the accounts and preparing a report for Parliament, that it is necessary to confine themselves strictly to these duties.

The collecting department having better facilities for obtaining the information, is charged with the duty of furnishing the returns necessary for auditing purposes. Consequently I have again to ask that the return asked for may be furnished.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk Private Bills, House of Commons.

AUDIT OFFICE, OTTAWA, September 20, 1897.

SIR,—I am without any reply to my letter of May 14th last, in further reference to the returns asked for in connection with the fees on private bills.

I have since received a statement of the receipts and disbursements of this account applicable to the last session. This statement does not furnish sufficient information for an efficient audit. No complete list of the bills introduced is furnished, nor is the date of the receipt of the fees entered, nor is the counterfoil of the receipt furnished.

In reference to the refunds of fees, made by order of the House, I have to request you to enter on each voucher the date of the order of the House.

The charges of some of the provincial gazettes, notably that of Manitoba, for publishing the notices in connection with private bills, still remain unsatisfactory. I have to inquire if you have submitted the matter to the committee of the House whose function it is to look after these matters.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk Private Bills, House of Commons.

OTTAWA, September 23, 1897.

SIR,—I am in receipt of your letter of 20th inst., stating that you are without any reply to your letter of 14th May last; that letter, I beg to remind you, was not answered because you yourself asked me to let it stand, as you purposed sending Mr. Gorman over to see me in the matter.

The statement of receipts and disbursements furnished you is exactly similar to those furnished each year for years past, and the form and information furnished is what you yourself decided was requisite.

The book containing the counterfoils of the receipts furnished parties making payments is open to the inspection of any officer of your department at any time and as often as you choose to send him over, but the book itself can hardly be spared as several years' receipts are included in it; however, if you prefer it, smaller books can be made and only one session's transactions included in each book; this, however, will cause considerable waste, as some sessions 100 receipts would be ample, and in others perhaps 300 would be insufficient.

So far as furnishing you a complete list of bills introduced in the House is concerned, I cannot do it, as I have nothing to do with public bills.

Refunds are usually made as soon as an order of the House is passed, the date of each can be furnished if you so desire.

I note your remark that "the charges of some of the provincial gazettes, notably that of Manitoba, for publishing the notices in connection with private bills, still remain unsatisfactory." Can you suggest a remedy?

In reply to your inquiry as to whether I "have submitted the matter to the committee of the House whose function it is to look after these matters," I beg to say I have not asked the clerk of the House to make any reference to the internal economy commission as to the mode of collection and accounting for the fees levied on private bills, because I have always understood the present system met with approval and it is difficult to see in what particular it can be improved.

I am, sir, your obedient servant,

EDWARD P. HARTNEY,  
*Examiner Private Bills.*

The Auditor General.

**British Commission on Behring Sea Claims.**

AUDITOR GENERAL'S OFFICE, OTTAWA, April 22, 1897.

SIR,—With reference to the payments that have been already made from the appropriation for the British Commission appointed under the Behring Sea Claims Convention, I beg to point out that the advances made to the government lawyers, Messrs. Peters and Bodwell, have not been certified to by the Department of Justice as required by an Order in Council of April 12, 1879.

There are also several advances to persons other than the lawyers, in support of which no accounts have been sent me. I find that a cheque for \$200 was given to Mr. T. P. Owens, on November 19, 1896, which has not been accounted for, though several payments have been made him since that date for travel and board.

The other advances are to Judge King, R. N. Venning, E. B. Williams, A. P. Sherwood and the Driard Hotel, Victoria.

I shall be glad if you will cause all these accounts to be forwarded to me at your early convenience, so that I may be able to audit the expenditure without unnecessary delay.

I have the honour to be, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDITOR GENERAL'S OFFICE, OTTAWA, June 18, 1897.

SIR,—I beg to call your attention to my letter of April 22 last, bringing to your notice certain items of expenditure in connection with the Behring Sea Commission which met at Victoria, British Columbia. I shall be glad if you will give this matter your early attention so that I may have all necessary information by the end of the fiscal year to enable me to complete the audit of the accounts without unnecessary delay.

I have the honour to be, sir, your obedient servant

The Deputy Minister, Marine and Fisheries.

AUDIT OFFICE, OTTAWA, July 16, 1897.

SIR,—I beg to call your attention to my letter of the 5th inst., with reference to certain payments made during the fiscal year 1895-96, which had not been accounted for by properly certified vouchers at the time the report of this office for the year in question was ready for publication, and to request that you will cause to be sent me the information asked for at your early convenience. It is very necessary, in view of the likelihood of an early session of Parliament next year, that all vouchers and cheques in connection with payments of 1896-97, or such of a previous year as were accounted for during that period should be forwarded to me at the earliest possible moment. In this connection I would also remind you that I have not yet had the vouchers asked for some time ago in connection with the Behring Sea Commission which met at Victoria, B.C.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, Nov. 10, 1897.

SIR,—I have the honour to inclose herewith the accounts and cheques issued by Mr. Venning in payment of expenses incurred by the Behring Sea Claims Commission whilst in session at Victoria, B.C.

No accounts are to hand covering the amounts drawn by Mr. Venning for current expenses, as this expenditure covered the requirements of the commission generally, the account is not yet adjusted.

## Auditor General's Report—Part K

The advances made to Mr. A. P. Sherwood are accounted for in voucher No. 15437 of 96-97.

Whilst there are no vouchers covering cheques—

No. 12085.....	M. Harkin .....	\$ 7 50
“ 32953.....	G. Gerow .....	8 00
“ 32992.....	W. Sleightholm.....	8 00

It may be safely assumed that their payments were for witness fees and the accounts accompanied the cheques to be receipted and were not returned by the respective parties.

Cheque No. 34310 covers expenses at the “Driard” Hotel, the account for which has not yet been transmitted by the counsel employed on the case.

The advances made by Mr. Venning to Messrs. Peters and Beique will be deducted when balancing their accounts.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D.M.M.F.*

AUDITOR GENERAL'S OFFICE, OTTAWA, November 12, 1897.

SIR,—I beg to acknowledge the receipt of the accounts furnished by Mr. Venning in support of the expenditure made by him from the appropriation for the British Commission, during the sitting at Victoria some months ago, sent me with your letter of the 10th instant. In connection with the long delay that has occurred in sending these accounts for audit, I desire to bring to your notice the date on which the last payment seems to have been made. According to the statement accompanying the accounts, all the payments were made prior to March 1, 1897, and yet, notwithstanding frequent applications from this office, it is only now, when there is scarcely time to examine them thoroughly owing to the press of work in connection with the annual report of the past fiscal year, that the accounts are sent me.

You will notice that your statement does not debit Mr. Venning with \$350 advanced him by cheque 4315 of October, 1896, and that including this amount he has retained, unaccounted for by proper vouchers, \$900 for his personal expenses. There is also an amount of \$2,156.90 paid to the Driard Hotel, Victoria, for which no voucher has been sent me. Part of this sum was paid under the letter of credit in favour of Messrs. Peters and Venning, and part from Mr. Venning's advances. Why is this account withheld after a lapse of several months? It seems all the more necessary that the detailed account of this charge should be sent me in view of the fact that the hotel expenses of the secretary and clerks of the commission have been paid in full, and that Judge King, the commissioner appointed by the Imperial Government, has not rendered any account of \$2,000 advanced him for travelling and living expenses at Victoria. As Mr. Venning has not yet accounted for \$900, it is not clear, in the absence of properly certified vouchers, for whom this payment of \$2,156.90 has been made.

The cheques issued by Messrs. Venning and Peters under their letter of credit, and by Mr. Venning alone against the advances in his favour, are all drawn in favour of “bearer” instead of “to order of”, as directed by Order in Council of June 27, 1888.

The other outstanding accounts are T. P. Owens, \$200, and E. B. Williams, \$100.50. The cheque in favour of Mr. Owens was issued in November, 1896, for the purpose, apparently, of meeting the expenses of his then intended trip to Victoria; but as these expenses were recouped him as part of the joint contingencies of the commission, the \$200 remains as yet unaccounted for.

The balance to Mr. Venning's credit, \$52.60, in the Bank of Montreal, Victoria, as shown on your statement, should be refunded at once.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

AUDITOR GENERAL'S OFFICE, OTTAWA, Nov. 15, 1897.

SIR,—I have the honour to bring to your notice the several payments made to Mr. T. P. Owens, one of the official stenographers of the House of Commons, from the vote for the British Commission on the Behring Sea Claims, during the past fiscal year, and to point out that the payment by the department of one-half the daily remuneration, fixed by the commissioners for his services as clerk, seems to me to be contrary to the understanding arrived at between the stenographers and the Debates Committee of the House of Commons, in 1884, in regard to their employment during recess.

Apart from any legal claim which Mr. Owens may have to the daily remuneration authorized by the commissioners, under a recent decision of the Supreme Court of Canada, it seems clear from the petition of the stenographers, submitted to the Debates Committee of the House of Commons in March, 1884, and the committee's report thereon, that the stenographers had expressed their willingness to place their services permanently at the disposal of the government during recess for the official reporting of commissions of inquiry, &c., if granted an annual salary of \$2,000. It was on this understanding that the committee reported favourably on the memorandum of Mr. Bradley, the chief reporter, who spoke for his colleagues, and that the House of Commons agreed to the report. In Committee of Supply—see "Hansard," 1885, vol. IV., page 3372—Mr. Blake said: "I entirely approve of the suggestion which is embodied in the report with respect to utilizing the services of the staff of reporters for executive and administrative work during the year. My own opinion is that a very much larger economy may be obtained than that which the committee has suggested. \* \* \* Of course I understand that under this plan the charges to the public are not increased at all, with the exception of whatever travelling expenses may be necessary in order to bring the reporter to where his work will be."

In the present instance the charges to the public have been considerably increased. Mr. Owens, who, of course, was all the time drawing salary as official stenographer at the rate of \$2,000 per annum, was paid as clerk of the commission in equal moieties by Canada and the United States at the rate of \$7 per diem, Sundays excluded, from November 7 to 22, and \$14 per diem from November 23 to Feb. 1, 1897—that is at the higher rate during the sitting of the commission, and at the lower rate during the time he was necessarily absent from home apart from the period of the sittings of the commission, and in addition to the daily allowance a bonus of \$150 was paid him by a further order of the commissioners.

His hotel expenses at Victoria, at the rate of \$5 per diem, with an additional \$7.50 per week for extras, and his travelling expenses to Victoria were also borne in equal part by the government of Canada.

I feel it my duty to bring these payments to your notice, for the reason that in my opinion the recognition of such claims as legal charges on the appropriation is contrary to the intention of Parliament regarding the duties of the official stenographers during the recess.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A. G.

111 METCALFE STREET, MONTREAL, Nov. 29, 1897.

SIR,—I am in receipt of your letter of the 22nd inst. which sets forth a statement of the Auditor General in reference to the compensation paid me for reporting the proceedings of the Behring Sea Claims Commission.

I was not an official of the House of Commons in March 1884, but I know that the official reporters have been employed for extra work under an Order in Council of March 1888, and that their compensation has always been regulated by said Order in Council.

Previous to the employment of the official reporters for work during recess, the rate charged to the Government was 30 cents per folio of 100 words and five dollars per sitting, for one copy; whereas since the services of the official reporters have been

## Auditor General's Report—Part K

utilized, the rate has been 15 cents per folio of 100 words for *four* copies. Mr. Blake was prescient in saying that the Order of 1884 "would not entail an extra charge on the public revenue"; on the contrary there has been a great saving effected. I take it however that I have only to do with the Order in Council of 1888. I was engaged to report the proceedings of the Behring Sea Claims Commission at the rate of 15 cents per folio of 100 words as set out in the Order in Council last referred to. Indeed the Honourable Sir Louis H. Davies, Minister of Marine and Fisheries obtained a copy of said order and was careful to make himself acquainted with the basis on which I was to be compensated. I have therefore no claim for compensation other than as therein provided. But the moment the Behring Sea Claims Commission was organized at Victoria, it became apparent that the circumstances caused my position to be different from that which I would occupy in case of any work ordinarily assigned me by the Canadian Government. Under the terms of the convention of February 1896 between Great Britain and the United States of America, I became a clerk of the commission. I was appointed by the joint action of the representatives of the two nations, and under their control. I was placed on the same footing as Mr. Clay, the American Clerk, and instructed to report the proceedings. Consequently, Mr. Clay and I did all the reporting. It was hard and very difficult work, which kept us busy from 10 o'clock in the morning until two and often three o'clock the following morning—Sundays included—as the evidence of the day had to be placed in the hands of the printer each night. When the time came for the High Commissioners to decide as to our remuneration, I was anxious to get paid under the terms of the Order in Council of 1888, but to this the Honourable Judge Putnam, commissioner on the part of the United States, would not consent. He stated that the Government of the United States would only pay a per diem allowance, and under the articles of the International Convention it was for the commissioners to decide what that allowance should be. The compensation allowed to Mr. Clay and to me was consequently fixed, as paid, and we naturally had little to say in the matter. I wish to state that the Honourable Mr. Justice King, commissioner on the part of Her Majesty, who was desirous for rigid economy, spoke to me concerning the remuneration, and I told him that I had made a rough estimate of the number of words, and that the total amount allowed the reporters was about equal to 15 cents per 100 words provided for in the Order in Council of 1888.

I do not wish to make claim for a daily allowance "under recent decision of the Supreme Court of Canada." The allowance which I received was in *substitution of*, and not in *addition to* the rates specified by the Order in Council of 1888, which rates I am entitled to.

I am still willing that I should be paid the Canadian share of the reporting at the rates specified in the said order. It would be very difficult to separate the work done by Mr. Clay from the work done by me, but it may be possible. I shall be most happy to comply with the will of the Auditor General in this matter.

My hotel bill at Victoria was paid by Mr. Chandler P. Anderson, the secretary of commission, directly to the hotel proprietor. It was, I believe, the usual charge and was the same for me as for the other clerks. At all events, not a cent of this money passed through my hands. Permit me to respectfully ask you to draw the attention of the Auditor General to the fact that, while the hotel bill at Victoria was five dollars per day, the hotel allowance at Halifax was about two dollars and a half per day.

I am, sir, your obedient servant,

THOMAS P. OWENS,

*Official Reporter, House of Commons.*

Deputy Minister,  
Marine and Fisheries.

**Remuneration and Expenses of Commissioners appointed to  
to inquire into charges of Political Partisanship.**

AUDITOR GENERAL'S OFFICE, OTTAWA, Feb. 1, 1897.

SIR,—With reference to your application of January 28th, for a cheque of \$120 in favour of Captain Bloomfield Douglas, being remuneration as commissioner appointed under the provisions of chapter 115 of the Revised Statutes, from December 16th to January 16th, 1897, I beg to point out that the Order in Council to which you refer—that of November 16th, 1896—does not authorize the rate at which you propose to pay Captain Douglas. In my opinion it is necessary that the rate of pay should be authorized by Council, which, as a matter of fact, has been done in the case of the commissioners appointed to inquire into the affairs of the Kingston Penitentiary.

I return your application herewith so that when the requisite authority has been obtained, you may have Captain Douglas's claim for salary so made out as to show the periods of his actual employment as commissioner, omitting of course, the Sundays within such periods.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES, OTTAWA, February 5, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of the 1st instant in regard to the application for \$120 in favour of Captain B. Douglas for remuneration as commissioner, and stating that in your opinion the rate of pay should be authorized by Council.

In reply, I am to inform you that the Honourable Minister of Marine and Fisheries received the authority of Council by Orders of the 27th November and 7th January for the appointment of commissioners to hold investigations in the different provinces of the Dominion, but it was not considered necessary to obtain authority specifying the rate at which such commissioners should be remunerated, as the Minister of Marine and Fisheries considered he could regulate the remuneration in accordance with the status of the commissioner, and the importance of the work assigned him. In the case of Captain Douglas, the Minister decided to allow him at the rate of \$4 per diem, or \$120 per month, and he has been employed as this rate.

I beg to return the application herewith, and as the matter is urgent, I will be obliged by your forwarding me a cheque without delay.

I have the honour to be, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. F.*

---

AUDITOR GENERAL'S OFFICE, OTTAWA, February 8, 1897.

SIR,—I beg to acknowledge the receipt of your letter of the 5th inst. with reference to the rate of remuneration at which it is proposed to pay Captain Bloomfield Douglas for his services as commissioner inquiring into charges preferred against certain officials of the Department of Marine and Fisheries in the province of Nova Scotia, in which you state that the Minister does not consider it necessary to obtain the authority of the Governor in Council for the rate in question.

As pointed out in my letter of the 1st inst., this contention involves a course of action on the part of the department contrary to that adopted by the Minister of Justice in the case of the commissioners appointed to inquire into the affairs of Kingston Penitentiary, and contrary, also, I may add, to that of the Minister of the Interior in the case of a commissioner recently appointed in British Columbia. It has always been the practice, so far as I know, to obtain the sanction of the Governor in Council for the

## Auditor General's Report—Part K

rate of remuneration paid to commissioners appointed under the authority of Chap. 115, R. S. C., and it seems to me to be the only proper course.

Under the Consolidated Revenue and Audit Act I have power to appoint Commissioners for the purpose of taking evidence, but I do not consider that in consequence I can, without the sanction of Council, fix the remuneration of the persons I appoint.

In my opinion it is the exclusive province of the responsible executive, in the absence of any statutory provision to that effect, to determine the amount of all such payments as salaries, and in this view I am supported by the course followed by the present Ministers of Justice and Interior, as well as by the invariable practice of the late government.

I am, therefore, obliged to return, again, your application, that you may obtain the necessary authority for payment.

I have the honour to be, sir, your obedient servant.

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Feb. 11, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of the 8th instant, again returning the application made for payment of Captain Douglas, and stating reasons why you consider that council should fix the remuneration to be allowed commissioners for their services.

As already stated in my letter of the 5th instant, the Minister of Marine and Fisheries has fixed the remuneration to be allowed in the case of Captain Douglas, and your objections to the course adopted will be laid before him on his return to Ottawa.

In the meantime the department will be obliged to defer the payment of Captain Douglas's salary, which will doubtless occasion him much inconvenience.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D.M. of M. & F.

AUDITOR GENERAL'S OFFICE, OTTAWA, Feb. 8, 1897.

SIR,—In connection with your application of the 5th inst., for a cheque for \$87.32 in favor of Captain Bloomfield Douglas, being half the amount of his travelling expenses and sundry disbursements from December 28 to January 30, I beg to point out that as you have already paid him by cheque 6062 \$120, as salary, without what I consider, the necessary authority, I cannot pass the payment now asked until I receive the authority of the Governor in Council fixing the rate of remuneration at which Captain Douglas may be paid.

What is the authority for charging half the disbursements to the customs Department? The Order in Council which I have received limits the investigations of Captain Douglas to officials of the Marine and Fisheries Department.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Feb. 11, 1897.

SIR,—Referring to your letter of the 8th instant, declining to pass the payment asked for travelling expenses of Captain Douglas, and inquiring as to the authority for charging half the disbursements to the Customs Department, I am to inform you that Captain Douglas is also engaged in investigating into charges against customs officials, and an arrangement has been entered into with the Customs Department, by which that department was to be responsible for the payment of half of the travelling and other disbursements.

I have the honour to be, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D.M. of M. & F.

MARINE AND FISHERIES DEPT., OTTAWA, May 13, 1897.

MY DEAR SIR,—I have received a letter from Captain Bloomfield Douglas, R.N.R., complaining that he has been docked for Sundays. When I recommended to Council the payment to him of a sum so low as \$4 a day, I intended it to mean \$4 a day for every day including Sundays. Under the peculiar circumstances of his work, Capt. Douglas informs me that he has to devote a large part of Sunday in preparing his voluminous reports.

Yours faithfully,

The Auditor General.

L. H. DAVIES.

AUDITOR GENERAL'S OFFICE, OTTAWA, May 25, 1897.

SIR,—With reference to the case of Captain Bloomfield Douglas, about which you wrote me on the 13th instant, I presume if he claims payment for Sundays he will forward to the department in support of such claim a certificate to the effect that he worked on the Sundays included in the number of days for which charge is made.

If, when payment by the day is made, it is intended that Sundays should be always included, there should be a general Order in Council to that effect.

I have the honor to be, sir, your obedient servant,

J. L. McDOUGALL, A. G.

Hon. L. H. DAVIES, Minister of Marine and Fisheries.

AUDITOR GENERAL'S OFFICE, OTTAWA, November 18, 1897.

SIR,—In connection with the payments made to Mr. Bloomfield Douglas and Mr. Charles H. Lebel, as remuneration for their services as commissioners inquiring into charges preferred against certain employees of the government, I beg to call your attention to the Order in Council of March 16th, 1897, authorizing that the remuneration in question should be \$4 per diem. It is stated in this Order in Council that Mr. Douglas was appointed on November 27th, 1896, and Mr. Lebel on January 7th, 1897, but you have paid them from an earlier date—Mr. Douglas from November 16th and Mr. Lebel from November 26th, 1896.

In the case of Mr. Douglas, the date of his appointment, as given on the Order in Council of March 16th, probably refers to the day on which he entered on his duties, as there is an Order of November 16th, 1896, authorizing his appointment. In Mr. Lebel's case, there seems to be no authority whatever for paying him the daily allowance or the disbursements, which are claimed for any days previous to January 7th, 1897. Please let me have your explanation.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A. G.

DEPT. of MARINE AND FISHERIES, OTTAWA, November 22, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of the 18th instant in regard to the matter of remuneration paid to Commissioners Douglas and Lebel for services in investigating charges preferred against employees of the government, and in reply I am to inform you that Commissioner Douglas was appointed by Order in Council of the 16th November, 1896, and not by Order in Council of 27th November as stated in Order in Council of 16th March last.

With reference to Commissioner Lebel, I beg to inform you that he was appointed by the Minister of Marine and Fisheries by letter bearing date 24th November, 1896, and in this letter the Minister informs Mr. Lebel that he had been appointed a commissioner by the Governor in Council to examine into charges against officers in Gaspé, Bonaventure and surrounding districts.

## Auditor General's Report—Part K

---

No copy of the Order referred to was received by this department. The Order of the 7th January last gave authority to the Minister of Marine and Fisheries to appoint a commissioner or commissioners to investigate charges in all provinces of the Dominion except Ontario, which was covered by the Order of 27th November, 1896.

I have the honour to be, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D.M. of M. & F.*

AUDIT OFFICE, OTTAWA, December 3, 1897.

SIR,—I beg to acknowledge the receipt of your letter of the 22nd ult., in which you state that the Minister of Marine and Fisheries, in a letter bearing date November 24, 1896, informed Mr. LeBel that he had been appointed a commissioner by the Governor in Council to examine into charges against officers in Gaspé, Bonaventure and surrounding districts. I have not received a copy of the order to which the Minister referred in the letter you mention.

The Order in Council empowering the Minister of Marine and Fisheries to appoint Commissioners for the purpose of inquiring into charges of partizanship preferred against employees of the Government in the province of Quebec, sent to me is dated January 7, 1897. Is there one of earlier date authorizing the appointment of Mr. LeBel?

I have the honour to be, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

MARINE AND FISHERIES DEPT., OTTAWA, 6th December, 1897.

SIR,—I have to acknowledge the receipt of your letter of the 3rd instant inquiring as to whether there was an Order in Council of an earlier date than the 7th January, 1897, authorizing the appointment of Mr. LeBel as a commissioner to inquire into charges against officers in Gaspé, Bonaventure and surrounding districts, and in reply I am to inform you that, as stated in my letter of the 22nd ultimo, the Minister of Marine and Fisheries informed Mr. LeBel that he had been appointed a commissioner by the Governor in Council, but no copy of the order referred to was received by this department.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, Esq., C.M.G., Auditor General. F. GOURDEAU, *D.M. of M. & F.*

---

AUDIT OFFICE, OTTAWA, December 9, 1897.

SIR,—I beg to acknowledge the receipt of your letter of the 6th inst., with further reference to the date of Mr. LeBel's appointment as commissioner in connection with certain investigations in Gaspé, Bonaventure and surrounding districts.

It seems to me there should be no doubt in your mind as to the existence of the Order in Council to which, you say, the Minister made reference in his letter to Mr. LeBel. The account rendered by Mr. LeBel for his services and expenses should have been examined subject to the authority competent to appoint him; and when it was found that he claimed payment for a period anterior to the date of the Order in Council (January 7, 1897), empowering the Minister of Marine and Fisheries to appoint commissioners for the purpose of holding courts of investigation in the province of Quebec, his claim should have been disallowed, unless there was in the department an Order in Council of an earlier date authorizing his appointment at such time as would cover the whole period of the services and expenses for which payment was claimed.

If there is such an Order it should be sent me; but if it is now found on inquiry that there is no Order of an earlier date than January 7, 1897, applicable to the case of Mr.

LeBel, the authority of the Governor in Council should be obtained in respect of the services rendered by him from the date claimed in his account—November 26, 1897.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

AUDITOR GENERAL'S OFFICE, OTTAWA, November 18, 1897.

SIR,—I beg to inform you that I have not received the authority of the Governor in Council for the daily allowance of \$13, paid Mr. H. J. Palmer for his services and personal expenses as commissioner inquiring into charges of political partisanship preferred against certain government employees in Prince Edward Island. Mr. Palmer, I presume, has been appointed under the Order in Council of January 7th, 1897, empowering the Minister of Marine and Fisheries to appoint such commissioners from time to time; but you will notice that there is no provision made for the rate at which the persons so appointed may be paid. In the case of a similar omission respecting the appointments of Mr. Douglas and Mr. Lebel, a subsequent Order in Council was passed authorizing payment for their services at \$4 per diem. The O. C. should specify the amount for services and actual living expenses.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, November 20, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of the 13th instant in reference to the daily allowance paid Mr. H. J. Palmer for his services and personal expenses as commissioner inquiring into charges of political partisanship and with reference to your statement that there is no provision made for the rate at which Mr. Palmer might be paid, I beg to refer you to the Order in Council of the 16th August last, authorizing the remuneration of Mr. Palmer and Mr. E. H. McAlpine, at the rate of \$10 per diem, and also allowing for travelling and incidental expenses.

I have the honour to be, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D.M. of M. & F.*

AUDITOR GENERAL'S OFFICE, OTTAWA, November 24, 1897.

SIR,—The Deputy Minister of Marine and Fisheries quotes as authority for certain payments made to Mr. H. J. Palmer and Mr. McAlpine, an Order in Council of August 16, 1897, authorizing the remuneration which has been paid by the department. I beg to inform you that I have not received a copy of the Order to which reference is made by Mr. Gourdeau.

I have the honour to be, sir, your obedient servant,

The Clerk of Privy Council.

J. L. McDOUGALL, *A.G.*

AUDITOR GENERAL'S OFFICE, OTTAWA, November 24, 1897.

SIR,—I beg to call your attention to the several advances made to Mr. E. H. McAlpine, amounting to \$500 from the appropriation for Maintenance of Lights during last year, for which no accounts have so far been sent me.

I shall be glad if you will attend to this matter at your early convenience, as that portion of the Audit Report dealing with the expenditure under the control of your department is now in the hands of the printer.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

## Auditor General's Report—Part K

AUDIT OFFICE, OTTAWA, December 20, 1897.

SIR,—With reference to my letter of the 18th ultimo calling your attention to the account rendered by Mr. H. J. Palmer for remuneration and expenses as commissioner inquiring into charges of political partisanship preferred against certain Government employees in Prince Edward Island, I beg to inform you that the Order in Council referred to in your letter of November 20 has recently been sent me.

The remuneration authorised is, as you state, \$10 per diem, but I cannot find any authority for the additional daily allowance of \$3 which has been paid. The direction of the Governor in Council to allow travelling and incidental expenses necessarily requires that detailed accounts should be furnished in support of any claims in this respect.

I have the honour to be, sir, your obedient servant,

The Deputy Minister Marine and Fisheries,

### Temporary Clerks appointed without Examination, contrary to Statute.

AUDITOR GENERAL'S OFFICE, OTTAWA, January 25, 1897.

SIR,—I received this morning an Order in Council of the 23rd instant with reference to the employment of extra clerks in connection with the payment of the fishing bounty by your department. It is stated therein that the Minister understands my view to be that such employees must have passed the preliminary or qualifying examination.

I beg to point out that the Minister misunderstood my interpretation of the Civil Service Act. Under that Act, before the passage of 58, 59 Vic., cap. 15, a person employed in copying need not have passed a higher examination than the preliminary; but from the Act last mentioned, section 8, it seems quite clear that those who are now employed as extra clerks under the Civil Service Act must have passed the qualifying examination, the preliminary rendering eligible only those who are employed as temporary messengers, porters, packers or sorters. I am assuming that the persons have not been hitherto employed. If they were employed continuously since the date mentioned in the Act (58, 59 Vic. cap. 15) they would, of course, be eligible.

I had some discussion with the Minister as to the requirements of extra clerks employed at Ottawa, but not paid from Civil Government Contingencies. The Minister took the ground that such extra clerks do not come under the Civil Service Act. I explained to him that such had been my opinion, but that I was over-ruled by the Treasury Board several years ago. That decision of the Treasury Board of course holds until it is reversed. I think the Minister will admit that under the Civil Service Act now in force, persons who have passed only the preliminary examination are not eligible for employment as clerks. If the Minister thinks it advisable to call in question that decision of the Treasury Board, it is clearly open to him to do so. Until a reversal of it has been obtained I would ask you not to act on the Order in Council referred to herein.

I have the honour to be, sir, your obedient servant

The Deputy Minister, Marine and Fisheries.

DEPT. MARINE AND FISHERIES, OTTAWA, January 26, 1897.

SIR,—Replying to your letter of January the 25th on the subject of the employment of clerks for the purposes of the fishing bounty, in this department, I have to say that in the Minister's opinion the Civil Service Act does not apply to these casual employees at all, who are not paid out of Civil Government Contingencies, and who may be employed in Halifax, Montreal or any other place according to the exigencies of the

case, although at present they are employed in Ottawa for convenience; but the Minister informs me that in deference to your opinion he obtained an Order in Council, which removes all possible doubt, under the 29th section of the Civil Service Act, by adding to the list of persons mentioned in that section clerks engaged in the distribution of fishing bounty, under the power given to the Governor in Council "for such officers in the lower grades." This I trust will meet with the views of the Minister and yourself, and put the matter entirely at rest.

Yours faithfully,

The Auditor General.

F. GOURDEAU, *D.M. of M. and F.*

AUDITOR GENERAL'S OFFICE, OTTAWA, January 28, 1897.

STR,—I have your letter of the 26th inst. with reference to the employment of clerks for the purpose of the fishing bounty.

It has always been assumed in the departments that section 29 of the Civil Service Act to which you refer applies to *permanent* employees only, that until the passage of 58-59 Vic., cap. 15, extra messengers, porters, packers and sorters did not require to pass any examination, and that all the restrictions on the employment of extra clerks were comprised in the 47th section. Now, as the whole of the 47th section has been repealed by 58-59 Vic., cap. 15, the sections (7 and 8) which deal with extra employees in that Act are all that need be considered.

By these sections the Governor in Council is not empowered to entitle any class of extra employees, except those specifically named, to obtain the benefits of government employment on passing the preliminary examination.

I have the honour to be, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, *A. G.*

DEPT. MARINE AND FISHERIES, OTTAWA, January 29, 1897.

MY DEAR MR. McDOUGALL,—My Deputy, Major Gourdeau, has handed me your letter of the 28th instant with reference to the employment of clerks in connection with the distribution of the fishing bounty, and it seems to me desirable, after reading your letter, that I should place my view of the matter clearly before you.

"The Act respecting the Civil Service of Canada," to which you refer, defines, in the third section, what the Civil Service is to consist of. It says: "The Civil Service, for the purposes of this Act, includes and consists of all classes of employees, elsewhere than in the North-west Territories, in or under the several departments of the executive government of Canada and in the office of the Auditor General, INCLUDED IN THE SCHEDULES A. AND B. TO THIS ACT. \* \* \* \* \*"

The fourth section goes on to divide the Civil Service into two divisions—one comprised in Schedule A and the other comprised in schedule B.

In turning to schedules A and B, which, for the purposes of the Civil Service Act, embraces all the classes of employees within the Act, I do not find that the officers of the Fisheries Protection Service, under my department, or those connected with the payment of the fishing bounty provided for by Parliament, come within the Civil Service Act at all. They cannot be brought within the general words of the third and fourth sections, nor are they mentioned directly or inferentially in schedules A or B of the Act.

Under these circumstances my contention was and is that I can employ, pay and dismiss, in the Fisheries Protection Service, and in connection with the distribution of the bounty, such officers as, under the direction of the Governor in Council, I please, without reference to the Civil Service Act, so long as I keep myself within the vote that Parliament annually provides for this service.

## Auditor General's Report—Part K

None of the officers of the ships, from the captain down to the humblest cabin boy, are required to pass any examination provided by the Civil Service Act, for the reason that they are not within the Civil Service Act.

The different fishery inspectors, overseers, guardians and wardens of the lakes, rivers and shores, appointed by this department, numbering hundreds, are not within the Civil Service Act, and can be appointed without examination.

The officers who collect the bounty cheques all over the Dominion are not within the Civil Service Act, and do not require any examination. The officers employed by me to fill out cheques for distribution are in exactly the same position as the officers who collect the information on which the cheques are based,—they are not within the Civil Service Act, and do not require to pass any examination.

Holding this view, which I submitted before to you verbally, I contend that I can appoint any person to fill out these bounty cheques, either in Halifax, St. John, Montreal, or Ottawa, and that I can have the work done where I find it most convenient, and if I appoint an officer to fill out the cheques who had been appointed to collect the bounty claims, no one could seriously argue that he would require to have passed the examination. The mere division of the labour between those who collect the bounty claims and pay them out, and those who fill out the cheques to be paid out, cannot result in requiring qualifications from one class which would not be required from them if they discharged the entire duties.

In deference, however, to your views, I was willing to appoint to this bounty cheque work only those who had passed the preliminary examination, although I do not myself believe that that section has any reference whatever to this bounty cheque work, any more than any other of the sections of the Civil Service Act, but *assuming your view to be correct*, that this work was within the Act, then the 29th section clearly applied to it, and acting on that assumption, and to prevent any possible trouble, I obtained an Order in Council declaring that clerks engaged in this bounty cheque work should be among the classes referred to in that section, and eligible for employment. So far as I explained it to my colleagues, they all agreed in the view I took.

Now, you call my attention to the 47th section of the same Act, as amended by 58-59 Vic. cap. 16, section 7, but that section is clearly and explicitly confined to temporary pressure of *work required in any branch of the first or second divisions of the Civil Service*. Now, the first and second divisions of the Civil Service Act is defined, as I previously said, in the third and fourth sections of the Act to be those officers mentioned in schedules A and B, and no others. Clearly, therefore, if extra assistance is required in the fisheries protection service, or in the distribution of the fishing bounty, it does not come within these sections at all.

Under these circumstances, I beg to express my very strong opinion that the officers I have determined to employ in this service need not have passed any examination, qualifying or preliminary.

Yours faithfully,

L. H. DAVIES.

The Auditor General.

AUDITOR GENERAL'S OFFICE, OTTAWA, February 2, 1897.

DEAR SIR,—I have your letter of the 29th ulto. in reply to mine of the 28th regarding the extra clerks of your department who are engaged in the distribution of the fishing bounty.

It appears to me that by confining my remarks on your letter to the last page of it, the point in difference between us can be brought to an issue.

You admit that Section 47 of the old Act did bring certain extra employees under the restrictions of the Civil Service Act, and that Sections 7 and 8 of 58-59 Vic., cap. 15, bring the same class under similar but not the same restrictions. You say, however, that extra employees engaged in the distribution of the fishing bounty are not of that class.

I beg to refer you in this connection to the report of this office of 1891, A—30 :—Interior Department, P. V. Low.

You will observe that Mr. Low had been paid out of a Dominion Lands Appropriation for extra clerks until the time when the government passed an Order in Council under section 47, sub-section 4 of the Civil Service Act (1888), to make him a permanent clerk. I objected to the Order in Council going into effect on the ground that Mr. Low's previous employment was not under the Civil Service Act (the ground which you now take with regard to your employees). You will see by the letter of the Secretary of the Treasury Board that I was over-ruled, and on that point.

I presume you will not contend that if those extra employees who are paid from a Dominion Lands outside service Vote are considered as extra clerks under the Civil Service Act, extra employees who are paid from the Vote for distributing the fishing bounty are not extra clerks under the Civil Service Act.

If the over-ruling of the Treasury Board in the Low case applies to this matter, I would not be justified in passing the salaries of those who are now employed in your department, and have not passed the qualifying examination, unless I were over-ruled by the Treasury Board. The ruling of the Treasury Board has since its adoption been applied to all similar cases unless when there was a special Parliamentary exemption.

Although I could not see my way on the purely legal aspect of the case, to adopt without the overruling of the Treasury Board, the view that clerks employed as Mr. Low was, came under the restrictions of the Civil Service Act, I was pleased that a different view prevailed. While no examination restrictions were enforced for some clerical employments, those who were denied similar occupation because they had not undergone the educational tests, felt that they were unjustly treated. I had one visit at least from each of the discontented. Every one felt that he was badly treated, and that I was the cause of it.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

Hon. L. H. DAVIES, Minister Marine and Fisheries.

AUDITOR GENERAL'S OFFICE, OTTAWA, February 5, 1897.

SIR,—I notice in your statement of cheques issued by your department during the month of January last that several payments were made for salaries from the vote for distributing fishing bounty.

Were these payments, or any of them, made to extra clerks employed in the department in the preparation of fishing bounty cheques and similar work, and, if so, please let me know your reasons for not having followed the directions of the Treasury Minute governing the mode of payment in such cases?

This Minute was brought to your notice on a recent occasion in connection with salary payments made during last year.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

AUDITOR GENERAL'S OFFICE, OTTAWA, March 6, 1897.

SIR,—With reference to certain payments, which I find from your statement of cheques issued, recently sent me, to have been made from the Vote for distributing fishing bounty during the month of February, I beg to call your attention to my letter of the 5th ult., bringing to your notice similar payments shown on a previous statement and asking for certain information respecting them. I have not received your reply to this letter, and I shall be obliged if you will give the subject matter of it your early attention

AUDITOR GENERAL'S OFFICE, OTTAWA, April 5, 1897.

SIR,—I find on examination of the statement of cheques issued by your department during the month of March, which has just been sent me, that several payments were made for clerical work in connection with the distribution of fishing bounty.

In connection with this expenditure, I beg to bring to your notice the letters I have addressed you on two different occasions asking for certain information in connection with similar payments in January and February.

This information I consider necessary for the purposes of effective audit, and I shall be obliged if you will answer at your earliest convenience.

AUDIT OFFICE, OTTAWA, May 15, 1897.

SIR,—I beg to call your attention again to the several letters I have written you in connection with the payments for clerical assistance made from the vote for distributing fishing bounty during the current fiscal year, and to point out that I have not yet received the information asked for therein.

I find on examination of the vouchers sent me that the following persons were employed as temporary clerks by the department and paid from this vote during the months of January, February and March last:—

Miss N. Hunter, Mrs. P. E. Beauvais, Robert Angus, John D. Sutherland, Miss Lugo May, T. D. Caldwell, Miss M. J. Martineau, Miss Barbara L. Mason, Miss Anna Garfoote, Miss M. A. Prentiss, Miss J. Prindeville, Mrs. Angela Thomas, Mrs. E. L. Turcotte, and Mrs. A. C. Wade.

Of these I can find only Miss Hunter, Miss May, Miss Mason and T. D. Caldwell among the names reported as having passed the Civil Service qualifying examination. Please let me know if the others have qualified in this respect, and if so, the date and place of holding the examinations at which they wrote.

I shall be glad if you will give this matter your early attention.

### Extra Remuneration to Permanent Employees.

AUDIT OFFICE, OTTAWA, July 30, 1897.

SIR,—I beg to call your attention to the correspondence published in the report of this office for the year 1896, at page K-132 under the heading "extra remuneration to permanent officers, &c contrary to 51 Vic. chap. 12, sec. 51," and to remind you that

the objection raised to the payments referred to was not pressed at the time because I was informed from your department that an item would be placed in the supplementary estimates of the year 1896-97 with the object of obtaining Parliamentary sanction for the expenditure in question, notwithstanding anything to the contrary in the existing law.

I do not find that the course intended has been followed, and I desire to inform you that unless the extra payments are refunded I shall be obliged to refer the whole matter to the Treasury Board.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, August 4, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of the 30th ultimo with further reference to the payment of certain permanent officers of this department in connection with fishery bounty expenditure, and with reference to provision not having been made in the supplementary estimates for this expenditure I beg to inform you that the matter was overlooked when the estimates were being prepared.

The matter will, however, be submitted to the Minister of Marine and Fisheries on his return to Ottawa.

### Payment of a Gratuity without Statutory Authority.

AUDITOR GENERAL'S OFFICE, OTTAWA, July 7, 1897.

SIR,—I beg to inform you that I have received an Order in Council dated June 30, 1897, authorizing the payment of a gratuity of \$100 to Mrs. McDonald who has been in charge of the light at King's Head, Pictou, N.S., since her husband's death in 1891. This gratuity is authorized, it appears, to compensate Mrs. McDonald for the loss of employment consequent upon the abolition of the light in question. I am not aware of any statutory enactment under which this gratuity may be authorized by Council, and if there is such I shall be glad if you will give me the necessary reference.

In the meantime I hope you will not permit the issue of the cheque from your credit.

I have the honour to be, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, July 19, 1897.

SIR,—Referring to your letter of the 7th instant in regard to the payment of gratuity of \$100 to Mrs. McDonald, who has been in charge of the light at King's Head, Pictou, and inquiring as to whether there was any statutory enactment under which the gratuity may be authorized by Council, I beg to inform you that I am not aware of any special statutory enactment. I may, however, observe that the Act constituting the Department of Marine and Fisheries gives the Minister control, regulation management and supervision of lighthouses and their maintenance, and it was deemed advisable in the public interest to close the light at King's Head and recommend to council the allowing of the gratuity referred to.

I beg also to state that the cheque in payment of the gratuity was issued before the receipt of your letter.

I have the honour to be, sir, your obedient servant,

The Auditor General.

## Auditor General's Report—Part K

---

AUDITOR GENERAL'S OFFICE, OTTAWA, August 6, 1897.

SIR,—I have the honour to acknowledge the receipt of your letter of the 19th ult., stating that you were not aware of any statutory enactment under which the Governor in Council was empowered to authorize the payment of a gratuity of \$100 to Mrs. McDonald on the abolition of the light at King's Head, Pictou, of which she has been keeper. I think it is quite evident that, in the absence of such statutory authority, it was not within the power of Council to direct payment of the gratuity in question, or of any similar expenditure for which no compensating return was made, and consequently I am unable to pass the amount as a legal charge on the vote for Maintenance of Lights. The control, management and supervision of lighthouses and their maintenance which, you say, is vested by statute in the Minister, does not empower him to make payments except for materials supplied or services rendered.

I am willing to admit that the payment in the present instance, though in my opinion, illegal, has been made in good faith, but I must impress on the department the necessity of making only such expenditure from its credit as is clearly legal, as otherwise I shall be obliged to consider whether or not I am justified in continuing to assume responsibility for the granting of a credit from which illegal payments continue to be made.

I have the honor to be, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

E. D. SUTHERLAND, for A.G.

### Payment of Board and Medical Attendance of a Lightkeeper from the Vote for Marine Hospitals.

AUDITOR GENERAL'S OFFICE, OTTAWA, June 24, 1897.

SIR,—I have the honour to inform you that I have received an Order in Council of the 9th inst., authorizing payment of \$100 for board and medical attendance incurred in the case of Mr. Turbide, late light-keeper at Bird Rocks, who while engaged in sealing operations in the vicinity of the light, was carried away on floating ice, and after much difficulty and delay landed at Meat Cove, where he died from the effects of the long exposure.

If the work at which Mr. Turbide was engaged on the occasion referred to formed part of his duty as light-keeper, I think the expenses in question might be reasonably made a charge on the vote for maintenance of lights, but if he were voluntarily engaged in work for his own personal profit, it seems to me there is no existing Parliamentary appropriation from which it would be proper to pay them. I cannot imagine any circumstances under which it would be proper to charge them to the Vote for Marine Hospitals.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, June 30, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of the 24th instant, in reference to the Order in Council of the 9th instant, directing the payment of certain expenses incurred for board and medical attendance in the case of Mr. Turbide from the vote for Marine Hospitals, and in reply I am to inform you that the department concurs in the opinion expressed that the expenses in question were not chargeable to maintenance of lights, as Mr. Turbide at the time was not engaged in lighthouse work, but as Mr. Turbide was engaged in sealing operations when the casualty occurred, the department considered that while under the strict interpretation of the Sick Mariners' Act, the expenses were not properly chargeable to the vote, yet as fishermen are entitled to its benefits, and the Governor in Council may, under the 10th section of the Act

appropriate from the fund such sums as he deems requisite towards the temporary relief of shipwrecked, destitute, or otherwise distressed seamen, not entitled to relief under any of the provisions of the Merchant Shipping Act, it might properly recommend that payment of the expenses in Turbide's case might be charged to the vote for sick and distressed seamen.

I have the honour to be, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D.M. of M. & F.*

AUDITOR GENERAL'S OFFICE, OTTAWA, July 5, 1897.

SIR,—I have the honour to acknowledge the receipt of your letter of the 30th ult., with further reference to the amount authorized by Order in Council of the 9th June last to be paid for the board and nursing of the late Mr. Teles. Turbide, light-keeper at Bird Rocks.

Please let me know under which section of the Act respecting sick and distressed mariners you consider fishermen as such, are declared entitled to the benefits of the Act.

I may say at present I am of opinion the expenses in question should not be paid from any existing appropriation, and I trust you will not issue the cheque until the matter has been decided.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDUGALL, *A.G.*

MARINE AND FISHERIES, OTTAWA, July 10, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of the 5th instant in further reference to the amount authorized to be paid by Order in Council for the board and nursing of the late Mr. Telesphore Turbide, acting lightkeeper at Bird Rocks, and in reply to your inquiry as to the section under which fishermen are entitled to the benefits of the Act, I beg to refer you to section 4, subsection 6, of the Act relating to sick and distressed mariners, chapter 76, Revised Statutes.

With reference to your observation that you trust that cheques will not issue until the matter has been decided, I beg to inform you that cheques issued on the 18th ultimo before the receipt of your first letter on the subject.

I have the honour to be, sir, your obedient servant,

The Auditor General.

JOHN HARDIE, *for D. M. of M. & F.*

AUDITOR GENERAL'S OFFICE, OTTAWA, July 15, 1897.

SIR,—I beg to acknowledge the receipt of your letter of the 10th instant, referring me to section 4, subsection 6, of chap. 76, R. S. C., as the authority under which a payment of \$59 was made from the vote for distressed seamen, towards the board and nursing of the late Tel. Turbide, lightkeeper at Bird Rocks, who was carried away on drift ice while engaged in sealing operations in the vicinity of the light, and who subsequently managed with great difficulty to effect a landing near Meat Cove, Nova Scotia. Here he was nursed and boarded by the telegraph operator until his death, which occurred within a short time of his arrival.

The subsection to which you refer provides that the master or other person in charge of any fishing vessel registered in Canada may pay in any year, before leaving on a fishing voyage, the rate of duty sufficient to entitle the crew to the benefits of the Act, and I fail to understand how a provision of this nature, by any legal construction can be made to apply to the case of Mr. Turbide and his associates. Apart from the fact that the duty prescribed by the Act had not been paid, and I presume, under the circumstances could not be paid, the persons engaged in the sealing operations were not

fishermen at all within the meaning of the section to which reference is made. It seems to me so far as this section is concerned, the department might just as legally have paid from the vote in question similar expenses incurred by any employee of the government who sustained injuries or suffered from exposure while on a fishing excursion during his holidays or leisure hours.

I regret, owing to the peculiarly distressing circumstances in connection with this case, to be obliged to call special notice to the small expenditure authorized, but as there is no Parliamentary appropriation applicable to it, I can see no other course.

In my opinion the amount should not have been paid without special Parliamentary sanction.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, July 20, 1897,

SIR,—I beg to acknowledge receipt of your letter of the 15th instant in further reference to the payment of expenses incurred on account of Tel. Turbide, acting lightkeeper at Bird Rocks, who lost his life as a result of exposures while engaged on a sealing expedition.

As pointed out in my letter of the 30th ultimo, the expenses in question are not strictly chargeable to the vote for sick and distressed seamen, but the fact remains that the man lost his life not as a lightkeeper, but as a sealer, and the Governor in Council has power under section 10, of the Act to appropriate from the Sick Mariners' Fund such sums as he deems requisite towards the temporary relief of shipwrecked, disabled or otherwise distressed seamen, *not entitled to relief* under any of the provisions of the Merchant Shipping Act.

I have the honour to be, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D.M. of M. and F.

---

AUDITOR GENERAL'S OFFICE, OTTAWA, August 4, 1897.

SIR,—I beg to acknowledge the receipt of your letter of the 20th ult., with reference to payments made for the board and nursing of the late Tel. Turbide, lightkeeper at Bird Rocks, in which you emphasize the fact that under section 10 of chap, 76 R. S. C. the Governor in Council may, whenever he deems it necessary, appropriate from any fund arising from the duties imposed under this Act such sums as he deems requisite towards the temporary relief, in such manner as he deems advisable, of shipwrecked destitute or otherwise distressed seamen, not entitled to relief under any of the provisions of the "Merchants Shipping Act 1854," but you do not seem to take into consideration at the same time that the definition of "Seamen" in connection with the Act referred to precludes absolutely its application to the case of the late Mr. Turbide.

I think you will find that the late lightkeeper at Bird Rocks was not a seaman either in the ordinary acceptance of that term or within the definition given to it in any statute bearing on the expenditure which has been made. As I have already pointed out, it is my opinion that special Parliamentary authority should have been obtained in the form of an item in the Supply Bill for the expenses in question before making payment.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

**Cheques not made payable to the person to whom the money is due.**

AUDITOR GENERAL'S OFFICE, OTTAWA, March 30, 1897.

SIR,—I find on examination of the cheques drawn by your department during the fiscal year 1895-96, that in several instances they are made payable to one person for another; as for instance cheque 883 is made out in favour of J. C. Mackintosh for Lewis Smith and paid by the bank at which it was presented on the endorsation of Mr. Mackintosh only.

Please let me know your reasons for making out cheques in this form, and if you obtain in all such cases the necessary guarantees that the money has been paid over to the proper persons.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

**Lightkeeper's Salary increased without Proper Authority.**

AUDITOR GENERAL'S OFFICE, OTTAWA, October 12, 1897.

SIR,—I beg to inquire under what authority the salary of John Richardson, a lightkeeper in British Columbia has been paid at the rate of \$460 from September 1st, 1896.

The increased salary authorized by Order in Council of December 23, 1896, should not, as you are aware, have been paid from an earlier date than January 1, 1897.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES, OTTAWA, October 13, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of the 12th instant inquiring as to the authority by which the salary of the keeper of Portlock Point Light and Fog Alarm has been paid at the rate of \$460 from 1st September, 1896, and in reply I am to inform you that the fog alarm was put in operation on the 1st September, 1896, largely increasing the duties and responsibilities of the keeper, and the Minister of Marine and Fisheries authorized the payment of an allowance at the rate of \$100 from that date.

I have the honour to be, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D.M. of M.F.*

AUDITOR GENERAL'S OFFICE, OTTAWA, October 12, 1897.

SIR,—I beg to bring to your notice a payment of \$100 made during the fiscal year, 1896-97, from the appropriation for Salaries and Allowances to Lightkeepers, by cheque 14,853, to W. H. Stalker, the lightkeeper at Long Point. This payment is in addition to his authorized salary, and the only voucher sent me in support of it is a memo. from the account branch of your department, describing it as an "extra allowance for winter service keeping the light." Of course you are aware that the authority of the Governor in Council should have been obtained for this allowance. No such authority has been sent to me.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

---

MARINE AND FISHERIES DEPT., OTTAWA, October 13, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of the 12th instant, in reference to an allowance of \$100, paid the lightkeeper at Long Point for extra winter services, and in reply I am to inform you that owing to the steam car ferry between Conneaut, Ohio, and Port Dover, operating during the winter, it was necessary that the light and fog alarm at Long Point should be kept in operation, and the Minister of Marine and Fisheries decided to allow the keeper \$100 for this extra service. This is not a permanent increase of salary, and I am not aware that the authority of the Governor in Council was required in the case.

I am, sir, your obedient servant,

The Auditor General.

### Unusual Expenditure in Connection with Hudson Bay Expedition.

AUDIT OFFICE, OTTAWA, November 23, 1897.

SIR,—I beg to ask for explanation of the payments made during last year to James Scott & Co. and John Tobin & Co., for liquors and tobacco, amounting respectively to \$213.48 and \$347.71 from the vote for Hudson Bay Expedition.

An outlay of this nature is an unusual charge on a Parliamentary appropriation, and I do not feel justified in passing it in the present instance as a matter of course.

There is no such expenditure needed in connection with the maintenance of the Dominion steamers or the vessels employed in the fishery protection service, and I shall be obliged therefore if you will let me know on what ground the outlay in question was deemed necessary and properly chargeable to the appropriation for the Hudson Bay Expedition.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, *A. G.*

---

MARINE AND FISHERIES DEPT., OTTAWA, December 9, 1897.

SIR,—I beg to acknowledge the receipt of your letter of the 23rd ultimo, asking for explanation of the payments made during last year to James Scott & Co. and John Tobin & Co., for liquors and tobacco, amounting to \$213.48 and \$347.71 respectively, from the vote for Hudson Bay Expedition.

In reply I have to state that when this expedition was fitting out, a list of the articles required for the service was prepared and submitted to the Minister for his approval. The provisioning of the "Diana" with tobacco and liquor was deemed necessary in view of the special character of the work which the officers and men would be called on to perform—altogether different from that done on board a Dominion steamer or fishery protection cruiser—and also because the men would have no opportunity of making any purchases for five months at least and possibly for a year and a half. I may also state that it has always been customary in the English expeditions of a somewhat similar nature to allow a regular ration of rum and tobacco. I can assure you that the outfitting of the Hudson Bay Expedition was the subject of careful discussion and arrangement by the Minister and officers of this department, and some items of expenditure, which in the ordinary service would be considered unwarranted, had to be authorized before the expedition could be said to be either safely or efficiently fitted out.

I am, sir, your obedient servant,

The AUDITOR GENERAL

F. GOURDEAU, *D. M. of M. & F.*

### J. H. Adam's Salary—Wrong Dates given in Fiscal Year 1895-6.

AUDITOR GENERAL'S OFFICE, OTTAWA, November 20, 1897.

SIR,—I beg to bring to your notice vouchers 5874 and 8515 rendered by J. H. Adam for services as special guardian at Water Hen River, Manitoba, the former for the year ended December 31, 1894, and the latter for the year 1895. These two accounts amounting to \$100 were paid last year, though a cheque of \$30 was issued in Mr. Adam's favour in 1895-96 for his services as special guardian at Water Hen during the year from January 1 to December 31, 1895. The account sent me in support of this payment is certified by Inspector Tupper, of Manitoba, and it would therefore appear that the payment of \$50 last year for the same period has been made in error. The reasons for withholding payment for the service rendered in 1894 for so long a period should be sent me.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES, OTTAWA, November 27, 1897.

SIR,—In reply to your letter of the 20th instant, asking for explanations of the payment of wages to Guardian J. H. Adam, I have the honour to explain that cheque No. 5874 for \$50 pays wages for 1894. The cheque for \$30 issued in 1895-96 pays his salary for 1895, and cheque 8515 covers the amount due for his services in 1896 and not 1895 as stated in the original account.

The delay in payment of wages for 1894 is due to the fact that no account was forwarded which can be accounted for by the fact that Mr. Adam resides 100 miles from the nearest post office.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D.M., M. & F.*

### Commander Spain's Travel and Disbursements.

AUDITOR GENERAL'S OFFICE, OTTAWA, August 24, 1897.

SIR,—I beg to bring to your notice two accounts for travelling expenses rendered by Commander Spain, which have been sent me within the past few days.

One of these accounts—voucher 5862—gives details of a trip to Owen Sound for which an advance of \$150 was made in December last. This trip, the total expenses of which, according to the account rendered, amounted to \$54.63, was completed on December 21, but the unexpended portion of the advance was not refunded until the 17th instant.

The other account—voucher 9720—gives details of a trip completed on March 14 last, for which an advance of \$100 had been previously made. The necessary refund in this case also was not made until a few days ago.

In connection with these delays in depositing to the credit of the Receiver General the portions of advances not required, I desire to call your attention to the Order in Council of February 6, 1893, directing that all advances for travelling made to officers employed in the public service shall be accounted for within one month from the conclusion of the trip.

You will notice, in connection with these two cases, that the second advance of \$100 was made to Commander Spain at a time when he had on hand, and of course available for expenditure in the public service, \$95.37 of the previous advance.

Please let me have your explanation.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

E. D. SUTHERLAND, *for A.G.*

## Auditor General's Report—Part K

AUDIT OFFICE, OTTAWA, September 10, 1897.

SIR,—With further reference to the advances for travel made to Commander Spain, of the Fishery Protection Service, to which I called your attention in my letter of the 24th ulto., I beg to point out that a further advance of \$500 was made in his favour on August 12, only a few days before he deposited the necessary refunds on the advances of the fiscal year 1896-97. In connection with these advances I should like to be informed if it is the rule in the department to ask for an estimate of the expenses of the proposed trip before issuing the cheque.

You will notice in the cases to which I called your attention in my letter of August 24, that Commander Spain refunded \$149.72 out of \$250 advanced. Evidently in these instances the advances were excessive.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, September 13, 1897.

SIR,—In reply to your letter of the 10th instant, asking if it is the rule in this department to require an estimate of the expenses of a proposed trip before issuing the cheque therefor, I beg to inform you that any travelling which has to be done by my officers and for which an advance is needed, is always known to me before I authorize the issue of a cheque for the same. Should, however, circumstances subsequently render it unnecessary for the official to carry out the whole of the original programme, as was the case with Commander Spain, it is more than probable that the advance for expenses will prove excessive owing to the curtailment of the trip.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D.M. of M. & F.*

AUDITOR GENERAL'S OFFICE, OTTAWA, September 21, 1897.

SIR,—I beg to point out with reference to your letter of the 13th inst. in explanation of certain advances for travelling expenses made to Commander Spain during the past fiscal year, that you have not given any explanation of the delay in rendering accounts for the amounts in question, nor of your action in issuing a cheque in favour of Commander Spain for a further advance at a time when he had in his possession sufficient funds from the amounts previously paid him to cover the expenses of his proposed trip.

I have the honour to be, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, November 24, 1897.

SIR,—I beg to ask for further information and particulars regarding the following charges in Commander Spain's account of disbursements during last year in connection with the Fishery Protection Service:—

Collecting trophies and medals . . . . .	\$ 6 00
Expenses launching "Osprey" . . . . .	25 00
Expenses searching for illegal lobster fishing . . . . .	38 05
Illuminating at carnival . . . . .	17 00
Insuring trophies . . . . .	9 50
Queen's Jubilee expenses . . . . .	25 00

There are also various charges for telegrams and postage, amounting to \$344.28 and \$155.93 respectively, which I think call for some explanation.

In addition to these amounts McDonald and Westaway, Georgetown, have in their accounts charges for telegrams for Commander Spain to the amount of \$10.07.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

### Payments to Dr. Andrew McPhail not supported by Vouchers.

AUDITOR GENERAL'S OFFICE, OTTAWA, November 18, 1897.

SIR,—With reference to the payment of \$1,435.45 to Dr. Andrew McPhail last year from the vote for Fisheries—overseers, wardens, &c—I beg to call your attention to the absence of any vouchers in support of \$800 of this amount, paid by cheque 5390. It appears from the information sent me that Dr. McPhail was employed on an investigation into the cause of the discoloration of canned lobsters, and that a sum has been placed in the Supply Bill of the current fiscal year to cover his total disbursements; but it does not seem to me that the appropriation in question—Expenditure incurred by Dr. Andrew McPhail, Montreal, on the scientific examination of the cause of the blackening of canned lobsters, \$2,185.45—permits the payment of the sum so voted in the absence of detailed and properly certified vouchers.

I have the honour to be, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, December 16, 1897.

SIR,—Referring to your letter of the 18th ultimo, calling attention to the absence of detailed and properly certified vouchers in support of payments to the amount of \$800 incurred by Dr. Andrew Macphail, of Montreal, in connection with the scientific examination of the cause of the blackening of canned lobsters, I have the honour to state that an Order in Council was passed on the 10th instant, directing that the amount in question shall be treated as personal expenditure for which Dr. Macphail's receipt shall be considered a sufficient voucher. I have requested the Clerk of the Privy Council to kindly furnish you with a copy of the said order.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D.M. of M. & F.*

AUDIT OFFICE, OTTAWA, December 20, 1897.

SIR,—With reference to your letter of the 16th instant in explanation of the payment of \$800 to Dr. Andrew McPhail and the Order in Council to which you refer as authorising this amount, I beg to say that some time ago the accountant of the Department of Marine and Fisheries spoke to me about this allowance, stating that Dr. McPhail had received no remuneration for his services. I then said that, in view of this fact, I might pass the payment of \$800 though unsupported by a detailed account, if it were authorised by Order in Council as a remuneration for his services.

The Order in Council of the 10th instant is not in accordance with my view in this respect and I shall be glad if you will write me in explanation, stating the length of time Dr. McPhail was engaged at the work and that no payment had been made him for services, or was intended to be made.

I have the honor to be, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part K

### Over-payment of Judge Johnstone *re* Noble Investigation.

AUDITOR GENERAL'S OFFICE, OTTAWA, November 16, 1897.

SIR,—I beg to bring to your notice an account rendered by Judge Johnstone—voucher 14128 of 1896-97,—for remuneration and disbursements as commissioner enquiring into the charges preferred in the Noble investigation.

Judge Johnstone, in this account, makes charge for 10 days' services at \$20 per day, and disbursements for travel, &c., to the amount of \$215.15. On the total amount—\$415.15—there is credited \$100 paid in 1895-96, leaving \$315.15 claimed by the Judge. This amount has been taxed by the Department of Justice at \$155.15, but you have paid Judge Johnstone, by cheque 14128, \$305.15, or \$150 more than the Department of Justice certified to.

Please let me know on what authority this larger additional sum has been paid.

I have the honour to be, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, November 18, 1897.

SIR,—In reply to your letter of the 16th instant, asking on whose authority Judge Johnston was paid \$150 more than the Department of Justice appears to have certified to, I have the honour to state that the amount in question was paid to him for his services as commissioner in connection with the Noble investigation. Before fixing the amount of the remuneration the Department of Justice was consulted and \$150 was suggested by the Deputy Minister of that Department as a proper amount to allow.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D.M. of M. & F.*

AUDITOR GENERAL'S OFFICE, OTTAWA, November 24, 1897.

SIR,—I beg to acknowledge the receipt of your letter of the 18th instant with reference to the amount paid Judge Johnstone on the certificate of the Department of Justice attached to voucher 14128 of the fiscal year 1896-97.

I have shown this account to the Deputy Minister of Justice, and he states the amount at which it is certified—\$155.15—is the full amount to which Judge Johnstone was entitled for disbursements; and that in view of the payment of \$100 previously made, the certificate of the Department was good for a further sum of \$55.15 only. As Judge Johnstone has been paid \$405.15 you will see that \$250 has been paid him for which there was not the necessary authority.

I have the honour to be, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, November 29, 1897.

SIR,—In reply to your letter of the 24th instant, *re* payment of disbursements and remuneration to Judge Johnston, I have the honour to state that no payments were made in this connection without the authority of the Department of Justice.

The amount claimed by the Judge as being due him, after deducting the amount of \$100 advanced was \$315.15, and as stated in your letter of the 16th inst. it was this amount the department of Justice taxed as payable at \$155.15, consequently no over-payment has been made to Judge Johnston.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, December 3, 1897.

SIR,—With reference to your letter of the 29th ultimo, in further explanation of the amount paid to Judge Johnstone for disbursements in connection with the Noble investigation, I beg to say that the Deputy Minister of Justice to whom, as stated in my letter of November 24 last, I caused the account in question to be shown, informs me that the certificate of taxation attached to the detailed statement rendered by Judge Johnstone authorised, so far as the Department of Justice was concerned, payment of only \$155.15 of the total amount of the claim presented.

Mr. Newcombe further states that the account when returned to your department was accompanied by a letter in which it was intimated that a judge under salary was not entitled to any remuneration for such services as those rendered by Judge Johnstone, other than a generous allowance for disbursements. The disbursements proper according to the account amounted to \$105.15, but the department allowed \$155.15 as a generous amount.

I did not know of this letter when I wrote you on November 16 last.

Evidently, then, according to the taxation of the Department of Justice, Judge Johnstone has been overpaid to the amount of \$250.

I have the honour to be, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, December 6, 1897.

SIR,—I have the honour to acknowledge the receipt of your letter of the 3rd inst., with further reference to the payment of Judge Johnstone's account, and in reply I beg to state that the certificate of the Department of Justice authorized the payment of the account for disbursements at \$115.15.

If it was the intention of the Department of Justice to pay the balance of the account at only \$55.15 the certificate would have been given for that amount. In support of this contention I may state the Department of Justice deducts any reduction they make from the net amount of the account rendered. For a case in point I beg to refer you to voucher No. 13798 of 1896-7. In this case an advance of \$250 had been made and the balance due was certified by Justice at \$240.

In addition to the quotation given by you from a letter from the Department of Justice under date of 15th June last, I beg to quote from the same letter as follows:—

“If an allowance is made it is considered that \$150 *and disbursements would be a proper amount to allow.*”

So far as this department is concerned the account was settled on the basis laid down by the Department of Justice.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D.M. of M. & F.

AUDIT OFFICE, OTTAWA, December 9, 1897.

SIR,—I beg to inform you that I will forward to the Department of Justice the correspondence that has taken place between the Department of Marine and Fisheries and this office with reference to the taxation of Judge Johnstone's account and the amount that has been paid thereon.

In the meantime I may say that in my opinion the paragraph quoted in your letter of the 6th instant from a letter written you by the Deputy Minister of Justice, does not convey the authority of the Department of Justice to pay Judge Johnstone \$150 for his services. It seems to me that the Deputy Minister of Justice merely suggested \$150 as a proper amount in the event of the necessary authority being obtained for any payment for services.

I have the honour to be, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

### Interest at the rate of 6 per cent. on Overdue Amount.

AUDIT OFFICE, OTTAWA, November 8, 1897.

SIR,—I beg to ask for explanation of a payment of \$80.50 made to John George by cheque 4884 of the fiscal year 1896-97. This amount is described in the memorandum sent me as voucher, as interest at the rate of 6 per cent per annum on \$3,475, contract price of Cabot Head lighthouse, from June 2 to October 20, 1896.

Please let me know your reasons for having made this unusual payment.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGADL, *A.G.*

---

DEPT. OF MARINE AND FISHERIES, OTTAWA, November 11, 1897.

SIR,—I have to acknowledge the receipt of your letter of the 8th instant, asking explanation for the payment of \$80.50 made to Mr. John George, by cheque No. 4884 of the fiscal year 1896-97, and in reply I am to inform you that the late Minister was urgently pressed by the Canadian Pacific Railway Company to proceed with the construction of a lighthouse and fog alarm at Cabot Head without delay, as a safeguard to the large regular line of steamers. The station was also regarded as of primary importance to the general interests of navigation in Georgian Bay.

I accordingly invited tenders without waiting for the vote of supplies. Mr. John George, of Port Elgin, was the lowest bidder, and after the tenders were received he was asked if he would put up the lighthouse and wait for payment until supplies were available. In reply he expressed his willingness to wait for payment, but claimed that it would be fair that he should be allowed interest from the time the work was completed. The question of allowing this interest was submitted to you on the 3rd September, 1895, and you suggested an application to the Department of Justice for a decision. Mr. George went on and finished the work receiving a certificate of satisfactory completion on the 2nd June, 1896.

If Parliament had voted supplies in April of that year no claim for interest should have arisen, but under existing circumstances it was thought that Mr. George had an equitable claim to be paid interest.

The question was submitted to the present Minister of Marine and Fisheries, Sir Louis Davies, and after looking into the matter he considered the department was liable for the interest and it was paid accordingly.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D.M. of M. & F.*

### Payments for Coal not supported by the necessary Vouchers.

AUDITOR GENERAL'S OFFICE, OTTAWA, November 15, 1897.

SIR,—I beg to bring to your notice a payment of \$1,000 made to Mr. A. T. Carter by cheque 13133 for coal, claimed to have been delivered to the Fishery Protection Steamers "Aberdeen" and "Constance," and to point out that no account or certificate in respect of the quantity supplied or the reasonableness of the price paid, has been sent me.

As I am trying to complete the audit of your departmental expenditure of the past fiscal year during the current week, I shall be obliged if you will give this matter your early attention.

I have the honour to be, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

### Unusual charges in Travelling Accounts of Mr. Jas. Macoun.

AUDITOR GENERAL'S OFFICE, OTTAWA, November 22, 1897.

SIR,—I beg to call your attention to the account rendered by Mr. J. M. Macoun for travelling expenses and other disbursements in connection with his investigation into seal life, in Canada, United States and Great Britain, from May 1896, to February 1897.

In this account (voucher 7690) there are charges for wine and extra meals which are not usually allowed in the case of government officials travelling on public business. If there were special reasons in the present instance for the exceptional outlay, the formal approval of the Minister should have been obtained and sent to me with the account. There are also charges of \$5 per diem for 24 days' living allowance on a trip to Great Britain, and \$50 allowance for outfit. I should be furnished with the statement of the actual outlay in the charges for living expenses and outfit.

I have the honour to be, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT., MARINE AND FISHERIES OTTAWA, December 4, 1897.

SIR,—I have to acknowledge receipt of your letter of the 22nd ultimo in respect to the account rendered by Mr. J. M. Macoun for travelling expenses, etc., in connection with his investigations into seal life, in Canada, United States, and Great Britain, and in reply I am to state with reference to the charge for wine and extra meals that Mr. Macoun and Professor Thompson, the British expert, extended courtesies to United States Naval Officers and United States experts in return for attention to them while on board the United States ship "Albatross," Professor Thompson paying half the cost.

With reference to the charge for outfit I am to inform you that the Minister sanctioned the item, and in regard to the charge of \$5 per day for living expenses I am to inform you that in response to a request by the Secretary of State for the Colonies the Canadian Government decided to send Mr. Macoun to London for the purpose of consulting with Professor D'Arcy Thompson with a view of comparing facts and figures obtained by both during their investigation on the subject of seal life in the North Pacific Ocean. In this connection the Minister of Marine and Fisheries sanctioned the allowance of \$5, per diem to Mr. Macoun for living expenses while absent from Ottawa, except when on steamer, the per diem allowance not extending to this.

I have the honour to be, sir, your obedient servant

The Auditor General.

JOHN HARDIE, *for D.M. of M. & F.*

---

AUDIT OFFICE, OTTAWA, December, 10, 1897.

SIR,—I beg to acknowledge the receipt of your letter of the 4th instant with reference to Mr. Macoun's travelling expenses in Canada, United States and Great Britain, payments for which were made during the fiscal year 1896-97, in which you state that the Minister of Marine and Fisheries sanctioned the allowance of \$5 per diem to Mr. Macoun to cover his living expenses during his trip to Great Britain.

The Minister could not have been made aware, when his sanction was asked for this allowance, of the Order in Council governing travelling expenses of February 6, 1893, which directs that there be paid to all officers (except those specially mentioned therein) travelling on public service for the government of Canada, their reasonable travelling and living expenses; and that the officers shall render to the department of Finance a detailed statement of such expenses.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part K

### *Re Arrears due by E. Wigle, late Overseer,*

AUDIT OFFICE, OTTAWA, March 1, 1897.

SIR,—I have just received a copy of an Order in Council dated the 22nd ultimo, appointing Mr. P. Lamarche, Overseer vice Everett Wigle dismissed.

Referring to previous correspondence in regard to Overseer Wigle's accounts, and particularly to my letter of December 7 last, I have now to inquire if he has made any return of the license fees of 1896, collected by him, if he has paid over the amount collected, or if not, what action has been taken by your department in reference thereto.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, March 10, 1897.

SIR,—In reply to your letter of the 1st instant, asking if the arrears due this department by ex-Overseer E. Wigle on account of fishery license fees have yet been paid, and if not, what action has been taken by this department in reference thereto, I beg to state that the fees referred to have, as a matter of fact, not been collected, but the question as to whether action should be taken against the fishermen is under consideration, as it is claimed that fishing was so poor that little or no catch was secured and it is impossible for many of them to pay the fees. Captain Dunn's special report on these matters in Overseer Wigle's division will enable a decision to be reached at an early date.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D.M. of M. & F.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, April 14, 1897.

SIR,—The Honourable the Minister has been pleased to remit the amount due from certain fishermen in the county of Essex as fees for fishery licenses, which on account of bad seasons and extreme poverty the licensees are unable to pay. The department held ex-Overseer Wigle responsible for the amount (\$2,200.00), but that officer, as he never received any portion of these fees, is not in a position to remit, and as his services have been dispensed with the above course has been decided upon.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, April 27, 1897.

SIR,—Referring to your letters of March 10 and April 14 in connection with the remission of the fees on certain licenses sent to Overseer Wigle, I have to ask for the report of Captain Dunn; also the evidence furnished the department that none of the fishermen in question paid the fees to the overseer.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, May 6, 1897.

SIR,—With reference to the remission of the fees on certain licenses sent to Fishery Overseer Wigle, I have the honour to enclose as requested in your letter of the 27th ultimo, the report of Captain Dunn of the 23rd January last, which I shall be obliged if you will kindly return to me after perusal.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, May 11, 1897.

SIR,—I have received your letter of the 6th instant, enclosing report of Capt. Dunn on the unpaid license fees in ex-Overseer Wigle's district.

The total amount in arrears is \$2,200, of which \$650 is for licenses issued in 1894-95 and \$1,550 for licenses issued in 1895-96.

Capt. Dunn reports having interviewed all the licensees of 1894-95 and four of those in arrears for 1895-96. He states that the Loops (Loop Bros. \$100 and Urias Loop \$100), Fred. Deslaurier and W. Goodchild \$200, could be made to pay. It is not clear what licenses are held against Fred. Deslaurier.

He makes no reference to the other licensees of 1895-96 in whose names licenses were issued by your department in March, 1896, as follows:—

788—Frank & Jos. Gardner .....	\$100 00
792—Chas. E. Deslaurier .....	50 00
793—Adam Oper .....	250 00
794—Moody & Coulson .....	50 00
898—Geo. Johnson & Bros .....	250 00
900—J. W. Grubb & Bros .....	100 00
901—Isaac Noble .....	50 00
902—Louis Gauvreau .....	100 00
903—Gilbert Deslaurier .....	150 00

In your letter of April 14 last you state that the Minister had remitted the amount due from certain fishermen in the county of Essex, who on account of bad seasons and extreme poverty, were unable to pay. You did not give a list of those remitted, which I would like to have.

I have to inquire what action has been taken in reference to those licensees whom Capt. Dunn reports as able to pay, and those of 1895-96 stated above.

Under what statutory authority is the Minister authorized to remit amounts due for license fees?

As requested I am returning herewith Capt. Dunn's report.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

### Re Fisheries Revenue.

AUDIT OFFICE, OTTAWA, September 24, 1897.

SIR,—The bank receipts for the collections of fisheries revenue for the month of June last came to account on August 7. On September 9 a statement was received giving the names of the fishery officers who collected this revenue. The returns of these officers have not yet been received, and the want of them is preventing my staff from preparing the statements for the annual report.

I have to ask that you will have them forwarded at the earliest possible moment.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, October 8, 1897.

SIR,—In reply to your letter of the 24th ult., asking that the returns of the fishery officers for the June supplementary statement be sent you, I am to inform you that they have been forwarded to-day.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. F.

## Auditor General's Report—Part K

---

---

AUDIT OFFICE, OTTAWA, October 20, 1897.

SIR,—I received your letter of the 8th instant, advising that you had that day forwarded the June returns.

I find that the return of John McNab for June, amounting to over \$8,000, has not been furnished. I should like to have it as soon as possible.

In two instances this agent's returns do not equal his deposits, viz., January and March last. He should be required to add up his returns, and give a memo. of the deposits made in acquittance. He would then be able to notice if the two did not agree.

No return has been received for \$100 deposited by Inspector Davidson in Merchant's Bank, Winnipeg, December, 1896. His return for June amounts to \$54, of which \$9.13 was deposited July 15. When was the balance deposited?

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

AUDIT OFFICE, OTTAWA, October 21, 1897.

SIR,—No returns have been forwarded to this office from Overseer Wm. Freeland, St. Thomas, Ont., whose collections during 1896-97 amounted to \$2,955. Please have these returns forwarded as early as possible. Why were they not furnished in due course?

This amount is made up of four deposits in the Bank of Montreal here. Why does this overseer not deposit in the Bank at St. Thomas?

There are also several small amounts from different overseers that have come to account for which there are no returns. A memorandum of them has been given to your officer. Every remittance or deposit receipt forwarded to your department should be accompanied with a return and the return forwarded to this office.

I have to ask that this matter may be insisted on for the future.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

### Wharfs and Piers Revenue.

#### *Re Tignish Wharf.*

AUDIT OFFICE, OTTAWA, June 2, 1897.

SIR,—The Minister of Marine and Fisheries stated in the House (Hansard, page 3159) that the revenue at the Tignish Wharf collected and paid during 1896 was \$71.05.

The last revenue statement forwarded by your department is No. 10 dated May 20. Neither on it nor on any previous statement can I find that anything has come to account from this wharf during the present fiscal year. I assume that the remittance was received at your department since May 20. I have to enquire if this is so and if the wharfinger has been asked to explain why the receipts were so long delayed.

I have to suggest that this wharfinger and any others not complying with the regulation of the Treasury Board to deposit whenever \$20 is on hand, should be notified that the regulation must be observed.

I am, sir, your obedient servant

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, June 7, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of the 2nd instant calling attention to the statement made in the House recently in regard to the revenue collected at the Tignish wharf, and in reply I am to inform you that a remittance of \$54.30 on collections made by the wharfinger amounting to \$71,05 was received on the 20th ultimo.

The attention of the wharfinger has been called to his neglect of duty in not forwarding his returns every month and why receipts were so long delayed.

I am, sir, your obedient servant,

The Auditor General.

*Re Les Eboulements Wharf.*

AUDIT OFFICE, OTTAWA, June 3, 1897.

SIR,—The revenue from Les Eboulements wharf for 1894-95 was \$59. No returns were furnished. Nothing has so far come to account during the present fiscal year.

I have to inquire what action you have taken in reference thereto.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

*Re Wharfs Quebec.*

AUDIT OFFICE, OTTAWA, June 3, 1897.

SIR,—I have to call your attention to the fact that nothing has come to account from the following wharfs in the province of Quebec during the present fiscal year :—Agnès, Baie St. Paul, Echo Vale, Lake Megantic, L'Islet, Rimouski, Trois Pistoles, Les Eboulements and Ste. Cécile du Bic. I have written separately as to the two last named wharfs.

I wrote you on June 20, 1896, pointing out that nothing had come to account during the year 1895-96 from these wharfs, but have had no reply.

I shall be glad to know why no revenue is collected at these wharfs and what action you have taken in reference thereto.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

*Re Rivière du Loup Wharf.*

AUDIT OFFICE, OTTAWA, June 3, 1897.

SIR,—The wharfinger at Rivière du Loup wharf deducted \$10 from the receipts of July, 1896, \$10 from the receipts of August and \$3 from the receipts of September which he claimed to have paid for cleaning the wharf. No vouchers were furnished. As this is the only wharf at which such a charge is made I have to ask for an explanation. As I have frequently pointed out, wharfingers should not be allowed to retain any part of the receipts except their authorised commission.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

## Auditor General's Report—Part K

DEPT. OF MARINE AND FISHERIES, OTTAWA, June 8, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of the 3rd instant calling attention to certain amounts paid by the wharfinger at Rivière du Loup for cleaning the wharf, and in reply, I am to inform you that instructions were given the wharfinger by the department to take steps for the cleaning of the wharf, and a voucher has been received from him for the sum of \$6, dated 30th June, 1896, for cleaning during the months of May and June.

Inquiry is being made in regard to the amount stated in your letter as having been paid for cleaning.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D.M. of M. & F.*

*Re Grand Narrows Wharf, C.B.*

AUDIT OFFICE, OTTAWA, June 3, 1897.

SIR,—I wrote you June 20, 1896, that no revenue had come to account from the wharf at Grand Narrows, Cape Breton Co., for the year then closing. On January 6 last, the wharfinger deposited \$170, in Merchants Bank of Halifax at Sydney, and returns have been received of the collections during the seasons of 1895 and 1896, as follows:—

Collections of season of 1895.....	\$ 110 16
do do 1896.....	129 15
	239 31
Less Commission 25 per cent. . . . .	59 81
	179 50

As the deposit was for \$170, there is still \$9.50 not accounted for.

I have to inquire why the collections of 1895 were held for a year by the wharfinger and what action you have taken in reference thereto.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

*Re Ste. Cecile de Bic Wharf.*

AUDIT OFFICE, OTTAWA, June 4, 1897.

SIR,—The sum of \$177.86 came to account in 1895–96 from the Ste. Cecile du Bic wharf. Of this amount \$100 was collected by the Department of Justice, but no details were furnished. The \$77.86 covered wharfage in 1892, 1893, 1894, and \$2.20 accrued in September, 1895. Nothing has come to account for the balance of the season of 1895 and the season of 1896.

I have to ask for further information, and also what action has been taken to have this wharfinger collect and promptly account for the fees accruing at this wharf.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, September 30, 1897.

SIR,—Referring to your letter of the 4th June last in regard to the collection of wharfage dues at Ste Cecile du Bic I have the honour to inform you that the wharfinger experiences great difficulty in making collections, and the Department of Justice has been requested to take steps to collect wharfage now due.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

*Re Port Hood Wharf.*

AUDIT OFFICE, OTTAWA, June 4, 1897.

SIR,—I have to point out that no revenue has come to account during the present fiscal year from the wharf at Port Hood. The receipts from this wharf in 1895-96 were \$133.29.

I have to inquire if the wharfinger has been communicated with and, if so, with what result.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Deputy Minister Marine and Fisheries.

*Re Nova Scotia Wharf.*

AUDIT OFFICE, OTTAWA, June 4 1897.

SIR,—I have to call your attention to the following lists of wharfs in the Province of Nova Scotia from which no revenue has come to account during the present fiscal year :—Arisaig, Avonport, Broad Cove, Broad Cove Marsh, Brooklyn, Canada Creek, Chipman's Brook, Cranberry Head, Cribbens Pier, Eagle Head, East Bay, East River, Sheet Harbour, Grand Narrows Victoria Co., Hall's Harbour, Irish Cove, Lismore, Maitland Hants Co., Militia Point, Morden, Pickett's Wharf, Point Brulé, Salmon River, Tancook Island, Tracadie, Tusket Wedge, Wallace, West Pubnico, West River, Sheet Harbour and White Point.

With the exception of the wharf at Morden no revenue came to account from these wharfs during 1894-95. I wrote you June 20 1896 to this effect, but received no reply.

I have now to ask for an explanation why no revenue has come from these wharfs, and what action you have taken in this connection.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Deputy Minister Marine and Fisheries.

*Re Prince Edward Island Wharfs.*

### *Re Ontario Wharfs.*

AUDIT OFFICE, OTTAWA, June 4, 1897.

SIR,—No revenue has come to account from Morpeth Wharf for the present fiscal year. The revenue for 1894-95 was \$45.67.

No revenue has been received from the Thessalon Wharf to which a wharfinger was appointed in May, 1896.

It is stated in the Report of your Department for 1895-96 that the wharf at Summerstown is under lease. Please let me have particulars of the lease. Nothing has come to account.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

### *Re Coteau Landing Wharf.*

AUDIT OFFICE, OTTAWA, November 16, 1897.

SIR,—The return of the collections at the Coteau Landing Wharf for June shows the total receipts to have been \$64.58. The wharfinger has deducted his commission of 25 per cent and remitted \$9.46, adding that the balance of \$38.98 has not been paid.

Has this balance been since deposited, and if so, when? It is made up principally of charges against the steamers of the Richelieu and Ontario Navigation Co. Is there any reason why these charges should not be collected from the officers of each steamer that lands at the wharf? Did you observe that the wharfinger deducted commission on the whole amount of the return though \$38.98 was not paid?

This is the first return from this wharf. When did it come under the control of your department? Has a return been furnished each month since June, and if so has the total amount of the return been collected and accounted for?

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

**Re Sault Ste. Marie Wharf.**

AUDIT OFFICE, OTTAWA, February 23, 1897.

SIR,—I have not received any reply to my letter of August 25 last in reference to the fees collected and illegally retained by A. Carney, wharfinger at Sault Ste. Marie.

A return of the fees collected during May, 1896, signed by J. C. Rowland, wharfinger, came to hand last month. I have not seen any Order in Council appointing this officer, and I have to ask for information as to his appointment, and the remuneration allowed him. The total fees for May amounted to \$210.66. He claimed to have expended \$82.67, but no vouchers have reached this office. He also retained \$40 on account of his services and remitted the balance—\$87.99—which was deposited in the Bank of Montreal here on December 14 last. The collections since May have not been accounted for to this office, nor do I find that anything was deposited on account thereof.

As wharfinger Carney had retained all his collections it seems extraordinary that the department did not insist that the new wharfinger should make prompt returns and remittances.

The action of both these wharfingers in retaining and applying to their use government funds, is a serious matter, and unless stopped, apt to lead to further demoralization. May I ask an early explanation and information as to the course which the department intends to pursue.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, February 26, 1897.

SIR,—In reply to your letter of the 23rd instant, relating to the collection of wharfage dues at Sault Ste. Marie, I have to inform you that Mr. A. Carney who was wharfinger in 1894 and 1895, retained the wharfage as compensation for his work in 1895 and endeavoured to make it appear that in addition to this, the department owed him \$200.00.

Legal proceedings were threatened against M. Carney to secure the money from him and he decamped. The department has not ascertained his whereabouts.

M. Carney forwarded the whole of the returns for the months of May, June, July and August in 1894, but to pay him what he considered a fair remuneration for the two years 1894 and 1895 he retained the balance of fees and as stated above brought the department in debt \$200 to him.

With regard to fees collected by Mr. J. C. Rowland and his appointment as wharfinger I have to inform you that it was found necessary to appoint a wharfinger temporarily at Sault Ste. Marie in order to secure the wharfage and to accommodate the public.

Mr. Rowland has furnished a statement of the amount of wharfage collected and the expenditure for repairs and salary to assistants, and also showing that he retained \$40 per month. With regard to the latter item he was authorized to retain \$40 per month until his salary could be fixed.

## Auditor General's Report—Part K

---

The amount remitted by him to the department on the first of this month was \$393.43 added to \$87.99 makes a total of \$481.42 for the year 1896. M. Rowland did not furnish the vouchers for the expenditure but has been requested to do so.

With regard to his appointment as wharfinger I have to inform you that it was merely temporarily, and as you are aware no permanent appointments could be made after the 23rd of June by Order in Council under the late administration and it is not probable that Mr. Rowland will be appointed permanently now.

The question of salary has been receiving the consideration of the department and it was necessary to obtain information from persons who are acquainted with the value of the service at Sault Ste. Marie and the total collections of the year, before a sum could be fixed upon for Rowland's remuneration.

With regard to the latter part of your letter in which you say that the action of both these wharfingers in retaining and applying to their use government funds is a serious matter and unless stopped apt to lead to further demoralization, I have to inform you that the department, which is in possession of more information than you have, considers it a very serious charge to bring against the present wharfinger, who so far as the department is aware, has not applied government funds to his own use, but on the other hand the department is indebted to him and will therefore have to apply to Council for authority to compensate him for the work done during the season of 1896. I cannot therefore agree with you that there is any probability of further demoralization, as you term it, in connection with the Sault Ste. Marie wharf.

The amount of salary to be paid Mr. Rowland will be something in addition to what he has already received, but that amount will not be paid until the vouchers which have been asked for, in connection with the expenditure, are received.

The wharf is one where a large amount of freight is received in small packages that must be placed in the warehouse until called for. This necessitates the work of assistants in order that the freight may be properly received and delivered, for which the wharfinger is responsible. The wharfinger and his assistants have frequently to work day and night in order to secure the freight.

I have to inform you that owing to the manner in which the Sault Ste. Marie wharf came into the possession of this department, with the agreement that the original owner should be appointed wharfinger permanently, great difficulties have arisen. The agreement which stipulated that the former owner should be an officer of the government was not made by this department and the contention of the original owner of the property has never been admitted.

Owing to difficulties that have thus arisen, funds have been retained by the former wharfingers as compensation for their labour and the department has had trouble with them in securing the amount of money that was paid in.

As the present wharfinger has remitted all the money over and above the expenditure shown in his statement, all that remains to be done is to satisfy the department that his expenditures were correct and the matter will be closed for the year by paying Mr. Rowland the balance due him.

I am, sir, your obedient servant,

F. GOURDEAU, *D.M.M. & F.*

AUDIT OFFICE, OTTAWA, March 15, 1897.

SIR,—I have received your letter of the 26th ult., in reply to mine of the 23rd, in reference to the sums unaccounted for Wharfage dues at Sault Ste Marie.

You state that when legal proceedings were threatened against the wharfinger, Carney, he decamped, and the Department had not ascertained his whereabouts. I assume that this notice was given by your letter of March 31, 1896. In my letter of August 25 last, I informed you that in July previous an officer from the Audit Office saw Mr Carney, and he was then filling the position of lockmaster on the Sault Ste. Marie Canal, and was also running a coal business. The wharf was at that time attended to by Mr. Carney's two sons, each paid \$26 per month out of the receipts; with

such assistance as Mr Carney could render while not attending to his other duties. He filled the position of lockmaster till the close of navigation. As you seem to have been misinformed about his decamping, you will no doubt deem it proper to take further action.

You state that Mr Rowland was appointed temporarily, but do not give the date or terms of his appointment. The only return that has yet reached this office for last season's receipts is for May. It is signed by Mr Rowland as wharfinger. Besides taking credit for expenses amounting to \$82.67, he has retained \$40 on account of his own remuneration. This seems rather strange, as Mr Rowland had not taken up the position of wharfinger in July last when seen by the clerk from this office previously referred to, giving as his reason, that he was waiting until the amount of the salary was established. At that time the receipts of the wharf were banked in Mr Carney's name.

You also state that Mr R. remitted to the department on Feb. 1, \$393.43. I have to call your attention to the fact that this amount does not appear on the Revenue Returns with Bank deposits furnished the Finance Department on the 23rd February.

You seem to consider that I was not justified in stating in my letter of the 23rd ult. that both these officers had retained and applied to their own use government funds. I suppose there is no question that Carney did so, for as you state you threatened him with legal proceedings. As to Mr Rowland, if you notified him that the Treasury Regulations required him to deposit his receipts whenever he had \$25 on hand, he surely cannot be excused for holding his receipts till February last.

Your expression "that the department is in possession of more information than I have" calls for some explanation. Am I to understand that the department withholds information necessary for a proper understanding of the accounts sent to me for Audit? I shall be glad to hear from you on this point.

I have also to call your attention to the objections to allowing this wharfinger to make disbursements for assistance, repairs and maintenance of the wharf. The only amount he should deduct from his receipts is the salary that is allowed him. He should deposit or remit the balance of his receipts and send in a statement of any expenses he was authorized to incur with proper vouchers. When examined and certified in the department cheques should be issued in favour of the persons entitled to payment and charged to Wharfs and Piers Revenue.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A. G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, March 16, 1897.

SIR,—In reply to your letter of the 15th instant, relating to the Sault Ste. Marie wharf, I have to inform you that your letter of the 25th of August last, relating to Mr. Carney, former wharfinger at Sault Ste. Marie, filling the position of lockmaster at the Sault Ste. Marie canal, does not appear to be in the department.

It is not with the papers relating to the Sault Ste. Marie wharf, and a search has been made for it but it has not been found. I have therefore to request you to be good enough to furnish me with a copy of the letter.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D.M. of M. & F.

AUDIT OFFICE, OTTAWA, March 18, 1897.

SIR,—As requested in your letter of the 16th instant, I am now sending you a copy of my letter of August 25 last.

I may state that I wrote you December 5 last, calling your attention to the fact that I had no reply to this letter.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A. G.

## Auditor General's Report—Part K

AUDIT OFFICE, OTTAWA, June 4, 1897.

SIR,—You wrote on March 16 last asking for a copy of my letter of August 25, 1895, which you stated you had not on file. This I sent you on the 18th. With this exception, I have had no reply to my letter of March 15.

In your letter of February 26 last you stated that Mr. Rowland, the acting wharfinger, had furnished a statement of the wharfage collected and the expenditure for repairs and salary of assistants, including \$40 per month for his own services. This return has not been forwarded to this office, and I have to ask that it may be.

Please let me know the arrangements for the present season.

Have you taken any action in reference to the moneys retained by the former wharfinger, A. Carney?

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, July 20, 1897.

SIR,—With reference to the matter of the collection of wharfage tolls at Sault Ste. Marie at the Government wharf in 1896 by J. C. Rowland, referred to in your letters of the 15th March last and the 4th ultimo, I have to inform you that this department has been in communication with Mr. Rowland and others on the subject.

In your letter of the 15th March last, you state as follows: "Mr. Rowland had not taken the position of wharfinger in July last, when seen by the clerk from this office previously referred to, giving as his reason, that he was waiting until the amount of the salary was established. At that time the receipts of the wharf were banked in Mr. Carney's name".

I herewith enclose a Declaration made before a Commissioner, by Mr. Rowland, who declares that he was in charge of the wharf continuously from the 1st of May, 1896 until the 10th of December, 1896. I also enclose a Declaration from Richard VanNorman of Sault Ste Marie, grocer, in which he declares that he paid wharfage to Rowland from time to time, believing that he was wharfinger, during the period above mentioned.

This department has withheld the balance of salary due Mr. Rowland until it could be established as to whether he performed the duties of wharfinger during the months of May and June of last year. Mr. Rowland has now furnished the proof he was requested to give concerning his occupancy of the position of wharfinger from the 1st of May last and this department is of the opinion that he is entitled to the balance of his remuneration. There is some discrepancy between the declarations of the two men and the report of your officer, and I do not think the department can very well ignore the sworn statement of two men, who were in a position to know all the facts.

The department will make a report to Council recommending the payment of \$35 per month for eight months and ten days, which in addition to the sum of \$40 per month retained by Mr. Rowland, will be the remuneration agreed upon by the Minister of Marine and Fisheries.

The complete returns for the year of 1896 showing the wharfage collected and disbursements with vouchers I have sent you as requested, by mail to-day.

With reference to the matter of Rowland applying government funds to his own use implied by you in your letters of the 23rd of February and 15th March last, I have to inform you that there does not appear to have been any reason for such inference. When your letter of the 23rd of February was written Rowland had deposited all the money, which according to his returns had been collected, over and above his disbursements and the amount which he was authorized to retain as part payment of remuneration for his services. As your letters are published, such a statement as that made by you on the 23rd of February concerning Rowland might injure the man and in simple justice to him the department desired to remove any wrong impression, on the score of appropriating government funds.

You desire an explanation with regard to my expression "that the department is in possession of more information than you have." The expression was part of a sentence in which I was endeavouring to show that according to the information in the department, there was no ground for your imputation that Rowland had wrongfully appropriated government moneys, and that your statement was apparently gratuitous. The explanation is, therefore, very easily made. You took a few words from the context of my letter and assumed that this department was withholding information from you which was necessary for a proper audit of the accounts. Your question in full is: "Am I to understand that the department withholds information necessary for a proper understanding of the accounts sent to me for audit? I shall be glad to hear from you on this point." Although your question is foreign to the subject of my letter of the 28th of February, and there was nothing in the letter to warrant your assumption, I have to inform you that I give you all the information received in this department, concerning accounts sent you for audit. I, however, prefer to give you complete information, if I can obtain it, in matters relating to the outside affairs of this department, instead of incomplete returns. In the Sault Ste. Marie wharfage case, much time has been consumed owing to the various complications that have arisen. These complications have occurred through an agreement made with the original owner of the wharf, and left as a legacy by another department when this department assumed control of the wharf under the Harbours, Piers and Breakwaters Act. It was only by persistent effort and legal process, to which I gave my personal attention, that all the wharfage tolls previous to 1894 were obtained. The original owner claimed that he was entitled to all wharfage in return for handing over his property to the government and keeping the wharf in repair. Negotiations were several times entered into to lease the wharf and Carney and Rowland were temporarily in charge of the wharf pending these negotiations, which, however, came to nothing. Mr. Carney did not carry out his instructions, but Mr. Rowland performed his duty apparently to the best of his knowledge.

If you wish any further information to enable you to audit the accounts sent you, I shall endeavour to obtain it if possible.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D.M. of M. & F.*

AUDIT OFFICE, OTTAWA, September 20, 1897.

SIR,—I am in receipt of your letter of July 20 in reference to the receipts at the Sault Ste. Marie Wharf, enclosing a declaration made by Mr. Rowland that he was in charge of the wharf continuously from May 1 until December 10, 1896, and also a declaration from Mr. Van Norman, of Sault Ste. Marie, grocer, to a like effect.

I have no reason for questioning the affidavits furnished, neither have I the least doubt of the correctness of my officer's statement, that Mr. Rowland informed him in July last that he had not taken the position of wharfinger as he was waiting until the amount of the salary was established.

You state that the department propose making a report to Council recommending that Mr. Rowland be paid \$35 per month for eight months and ten days, in addition to the \$40 per month that he retained. I have to point out that there is a memorandum on the return furnished, signed by the Minister of Marine and Fisheries, recommending \$70 per month. Please explain why you propose paying him at \$75 per month. I have also to point out that the wharfinger retained \$40 per month for eight months and ten days, and you propose paying \$35 per month additional for the same time, though his declaration states that he was in charge of the wharf from May to December 10th, only 7 months and ten days.

In my letter of February 23 I referred to the action of this and the former wharfinger in retaining and applying to their use government funds. You take exception to this reference, stating in your letter of February 26 that so far as the department is aware, the present wharfinger (Mr. Rowland) had not applied government money to his own use, and in your letter now under reply you state that there does not

appear to have been any reason for such inference. In order to understand the matter better, I now submit a summary of the receipts and disbursements during the season of 1896, as compiled from the wharfinger's returns:—

In view of the minute of the Treasury Board directing that all officers collecting public moneys shall deposit or remit daily or whenever \$25 is on hand, the facts above disclosed will, no doubt, lead you to consider that there was justification for my inference. The record of the former wharfinger was a further reason why his successor should promptly and closely observe the regulations.

When I wrote you on February 23 I had no information that the wharfinger had made a deposit on the 2nd of that month. The bank receipt was not forwarded by your department till March 18.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, October 22, 1897.

SIR,—In reply to your letter of the 20th ultimo relating to the payment of the amount still due Mr. Rowland, who was temporary wharfinger at Sault Ste. Marie in 1896, and stating that there is a memorandum signed by the Minister of Marine and Fisheries recommending \$70 per month and asking why the Department proposes paying him \$75 per month, I have to inform you that the matter was reconsidered by the Minister and he decided that the remuneration should be \$75 per month for the length of time that Mr. Rowland was attending to the duties in connection with the wharf.

With regard to the matter of paying him for eight months and ten days, I have to inform you that Mr. Rowland claimed to have rendered service for that period, although his affidavit indicates that he was continuously at the wharf from the first of May to the tenth of December.

You will remember that your letter of the 15th March last contained the statement that Mr. Rowland, had not taken up the position of wharfinger in July last, when seen by a clerk from your office. This department called upon Mr. Rowland to explain this matter, and obtained the affidavits from him as proof and evidence that he was attending to the duties of his position at the wharf previous to the third of July, 1896.

When the remuneration of Mr. Rowland had been considered it was decided to pay him a fixed amount per month for the time during which collections were made. His returns cover a period of eight months and ten days. Mr. Rowland claimed \$100 per month for the period referred to but the Minister of Marine and Fisheries declined to pay more than \$75 per month for a period of eight months and ten days.

With regard to your inference that Mr. Rowland applied government money to his own use, and the exception taken by this department to this inference, I am of

opinion that it is not conclusive proof that Mr. Rowland appropriated government money to his own use because the Treasury Board Regulation, with regard to depositing money when \$25 is on hand, was not observed. As you are aware Mr. Rowland was instructed, according to custom, to keep his own pay out of the receipts of the wharf. In view of that fact, it would not be practicable for the wharfinger to send his collections to the Receiver General or to this department when he had \$25 on hand.

I have also to call your attention to the fact that you made the statement with regard to Mr. Rowland on the 23rd of February and the correspondence together with the returns prove that he had deposited all the money belonging to the government on the 2nd February.

An Order has been passed by the Governor General in Council authorizing the payment of \$75 per month for eight months and ten days, to Mr. Rowland, to be paid out of revenue from wharfs and piers. He has received \$40 per month for this period and the balance of \$35 per month, or \$291.66 is still due him. I have to request you to be good enough to send me a cheque for the sum of \$291.66 to be forwarded to Mr. Rowland.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, October, 30 1897.

SIR,—I have received your letter of the 22nd inst., applying for a cheque in favor of Mr. Rowland for \$291.66 in payment of balance you consider due to him for his services as wharfinger at Sault Ste. Marie during the season of 1896.

I have already called your attention to the fact that I do not find any statutory authority for charging the remuneration of wharfingers to the Revenue.

As it has been the practice for years past to allow wharfingers to retain a percentage of their collections, and in the case of this wharf to pay the wharfinger a monthly salary and expenses, there was no recourse but to allow the practice to continue till you would have an opportunity of procuring a Vote.

It is different however with the payment for services rendered last year, the revenue of which has been transferred to Consolidated Fund, and I do not see how it can be paid without an appropriation of Parliament.

I may also add that I would be unable to pass this amount in any case without further evidence that Mr Rowland was actually engaged 8 months and 10 days, specifying dates and nature of services, and an explanation why he came to state in his affidavit that he was engaged from May 1 to December 10, a period of 7 months and 10 days only,

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, *A. G.*

### *Re Sault Ste. Marie Wharf.—Season of 1897.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, September 8, 1897

SIR,—I herewith enclose an account from Mr G. A. Boyd, with vouchers, for supplies required at Sault Ste. Marie and repairs to office.

The department authorized the repairs and has certified that the prices are fair and just. The stationery was required to begin operations as early as April the 12, two days after Mr. Boyd was notified of his appointment. The Department did not anticipate the opening of navigation at so early a date as the 12th of April and stationery and books could not be sent from Ottawa to meet the requirements of the wharfinger in time. The wharfinger states that he paid for the articles out of his own pocket and requires the money.

## Auditor General's Report—Part K

Referring to your letter of the 15th of March last, you state that when accounts of this kind are to be paid that cheques should be issued in favour of the persons entitled to payment and charged to Wharfs and Piers Revenue. I have to request you to be good enough to issue a cheque in payment of Mr Boyd's account amounting to \$59.99 to be paid out of Wharfs and Piers Revenue.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. F.*

AUDIT OFFICE, OTTAWA, September 17, 1897.

SIR,—I am in receipt of your application for a payment of \$59.99 to G. A. Boyd, wharfinger at Sault Ste. Marie, which you ask to be charged to Wharfs and Piers Revenue. The account is for supplies and repairs from April 12 to June 9, and may be summarized as follows :—

6 months' rent of telephone . . . . .	\$ 15 30
Electric light, April and May . . . . .	5 80
Wall paper, cotton, &c. . . . .	9 69
Books and bill-heads . . . . .	22 30
Coal, \$2.40 ; sundries \$4.50 . . . . .	6 90
	\$59 99

This account cannot be passed at present as there are no funds out of which it can be paid. The total amount of revenue that has come to account from this wharf during the present season is \$4.57 made up as follows :—

Receipts, April . . . . .	\$ 17 34		Salary of wharfinger \$ 74 67
“ May . . . . .	138 75		“ “ 112 00
“ June . . . . .	147 15		“ “ 112 00
	\$ 303 24		Deposit . . . . . 4 57
			\$ 303 24

For some years the remuneration to wharfingers was a percentage of the receipts. At Cow Bay, N.S., it was only 7½ per cent, at East Bay, N.S., it was 50 per cent, at all other places it was 25 per cent. Later the wharfingers at Carleton and Port Daniel, P.Q., were allowed \$50 each, and the wharfinger at Sault Ste. Marie \$100. In no case was any allowance made for any expenses.

In this case the Order in Council granting a salary of \$112 per month has apparently been passed on the assumption that money has been appropriated by Parliament for the payment of such salaries. As no such appropriation has been made the Order in Council should limit the payment to the amount of revenue from the wharf during the season after deducting expenses.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, September 29, 1897.

SIR,—In reply to your letter of the 17th instant, relating to the matter of paying the account of Mr. G. A. Boyd, wharfinger at Sault Ste. Marie for supplies, telephone and electric light, etc., amounting to \$59.99, I have to inform you that it appears surprising that there are no funds out of which to pay this account. This department has caused to be placed to the credit of Wharfs and Piers Revenue between \$700 and \$800 since the beginning of the financial year.

In sending you the account for payment, I was complying with the suggestions of your letter of the 15th of March last, which bears upon this very point of disburse-

ments. The following is an extract from your letter :—“ I have also to call your attention to the objections to allowing this wharfinger to make disbursements for assistance, repairs and maintenance of the wharf. The only amount he should deduct from his receipts is the salary that is allowed him. He should deposit or remit the balance of his receipts, and send in a statement of any expenses he was authorized to incur with proper vouchers. When examined and certified in the department cheques should be issued in favour of the persons entitled to payment and charged to Wharfs and Piers Revenue.”

As this department does not retain the revenue, the only course open to me was to send the account for disbursements which had been authorized, to you for payment out of the revenue received from wharfs.

You state that only \$4.57 has come to account from Sault Ste. Marie wharf. You will find that the receipts have been more than the amount stated by you. I fail to see, however, how this can affect the case as the disbursements were made before any tolls were collected at Sault Ste. Marie, this year, and if your directions respecting the payment of expenses which the wharfinger was authorized to incur, are to be followed out, the cheque should be issued and charged to Wharfs and Piers Revenue irrespective of the amount of the receipts from the Sault Ste. Marie wharf.

The wharfinger has informed me that he has paid the bills included in his account out of his own pocket, and as he has not been authorized to reimburse himself out of the receipts, I am of the opinion that the cheque should be sent to Mr. Boyd.

With regard to the remuneration to the wharfinger, I have to inform you that each case is considered separately and the amount of remuneration determined by Order in Council under the 2nd section of the Act respecting the government harbours, piers and breakwaters.

The present wharfinger was appointed by Order in Council of the 9th of April last, and his remuneration fixed at \$112 per month for the season, to be retained by him out of dues and tolls collected. The remuneration is therefore not \$100 for the season as intimated in your letter.

In the latter clause of your letter of the 17th instant, you state that the granting of a salary to Mr. Boyd was apparently done on the assumption that money has been appropriated by Parliament for the payment of such salaries. I may state that the Minister of Marine and Fisheries did not assume that an appropriation would be made, but in the report to Council recommended that the remuneration should be paid out of receipts from the wharf. I see no difficulty in carrying out the Order of Council with regard to the payment of the remuneration as the Minister has authority under the Act to fix the amount, and it is expected that the receipts before the close of navigation will exceed all expenses and leave a balance to the credit of the Wharfs and Piers Revenue.

In the last sentence of your letter referring to an appropriation, you say that the Order in Council should limit the payment to the amount of revenue from the wharf during the season after deducting expenses. This appears to conflict with the method suggested by you on the 15th of March last in your letter, in which you state that only the salary can be deducted from receipts, and expenses must be paid by cheque and charged to Wharfs and Piers Revenue.

You will observe by the statements furnished you that the collection of wharfage tolls increases after the first month of navigation.

I regret the length of this communication, but owing to the number of subjects introduced into the correspondence by your letter of the 17th instant, apart from the main subject, namely, Mr. Boyd's account, I deemed it best to lay all information before you.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D.M. of M. & F.*

## Auditor General's Report—Part K

AUDIT OFFICE, OTTAWA, October 12, 1897.

SIR,—I am in receipt of your letter of September 29 in reference to the payment of Wharfinger Boyd's account for supplies and expenses at the Sault Ste. Marie wharf, amounting to \$59.99.

I do not consider that your quotation from my letter of March 15, which referred to the mode which I think should be followed in paying accounts for expenses, is inconsistent with my refusal to pay this account for want of funds. When I wrote you Sept. 17 last only \$4.57 remained at the credit of the account of the wharf as fees of the present fiscal year. On September 22 \$21.83 came to account, and last Saturday a further sum of \$90.24. There is now consequently sufficient funds and I am passing your application.

I do not agree with the view you seem to have that if the receipts at one wharf are not sufficient to meet the disbursements any excess may be paid out of the receipts from other wharfs.

Then, there is a wider question for the overlooking of which I, like other officials, must bear the responsibility. There seems to be no authority for charging the remuneration of this or any other wharfinger to the Revenue. Section 2 of the Act respecting harbours and piers to which you refer, does provide that the Governor in Council may appoint wharfingers and may determine the remuneration to be paid them; but it does not direct that such remuneration shall be paid out of the fees collected, and as it does not, an appropriation of parliament must be obtained for the purpose. As this point has been overlooked, the practice in existence must continue until there is an opportunity of obtaining an appropriation from parliament. Be good enough to ask for an appropriation to cover the expected salaries and expenses of the coming fiscal year.

I am, sir, your obedient servant.

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

### *Re* Harbour Dues.

AUDIT OFFICE, OTTAWA, June 8, 1897.

SIR,—I assume that all harbour masters make a yearly return to your department, and when the receipts exceed the authorised allowance, the excess is deposited. The statement in reference thereto is not now published in your report. I have to ask for a statement covering the returns appertaining to the present fiscal year.

From Hillsboro, N. B., \$82 has come to account during the present year of which \$8 was the excess of 1894, \$26.50 that of 1895, and \$48 that of 1896. Why were the deposits for 1894 and 1895 not made when the revenue accrued?

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

### *Re* Cattle Inspection.

AUDIT OFFICE, OTTAWA, Sept. 23, 1897.

SIR,—The receipts and expenditure on account of Cattle Inspection during the fiscal year 1896-97 were as follows:—

Port.	Receipts.	Expenditure.
Montreal .....	\$ 1,941 15	\$ 2,464 70
Quebec .....	74 33	74 33
St. John, N.B. ....	134 63	17 15
Generally .....	.....	30 00
	\$ 2,150 11	\$ 2,586 18

You will observe that the expenditure at Montreal greatly exceeds the receipts.

The Act respecting the shipping of live stock, 54 and 55 Vic. Chap. 36, provides that the Governor in Council may appoint inspectors and determine the remuneration to be paid them out of the fees collected, and any fees collected by the inspector in excess of his remuneration shall be paid over by him.

This Act only provides for an expenditure equal to the receipts, and I have to inquire on what authority the further expenditure was made. Whether authorized or not, the additional expenditure should not be charged to Revenue.

\$30 of this expenditure is an advance made to yourself in November last, for travelling expenses. The Treasury Board has decided that the travelling expenses of permanent officers shall be charged to Civil Government Contingencies. This amount should be transferred to that account. No vouchers have been furnished for this advance.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, Sept. 27, 1897.

SIR,—I have to acknowledge the receipt of your letter of the 23rd instant, calling my attention to the fact that the expenditure connected with the exportation of live stock from Canada to Europe for the year 1896-7 had exceeded the receipts, and that the Act which governs this service only provides for an expenditure equal to the receipts, and inquiring on what authority the excess of expenditure over receipts was made, and stating that whether authorized or not the excess should not be charged to Revenue.

In reply, I have to inform you that while the expenditure of the fiscal year 1896-7 was greater than the receipts, there is still a large balance to the credit of this fund. Taking receipts from 1891-2 to 1896-7, the balance to the credit of the fund being something over \$2,700. So that up to the present time the department is within the terms of the Act. What action the Minister may take in the future, I am not prepared, at present to say.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D.M. of M. & F.*

AUDIT OFFICE, OTTAWA, October 12, 1897.

SIR,—I have received your letter of Sept. 27 in reference to the excess of expenditure over the receipts in connection with cattle inspection at the Port of Montreal during the fiscal year 1896-97.

While admitting the over-expenditure, you claim that the total receipts from 1891-92 to date exceed the expenditure by \$2,700, and consequently you are within the terms of the Act.

I do not understand the provisions of the Act to justify any such conclusion. Section 4 provides for the appointment of an inspector who is directed to pay over any fees collected by him in excess of his remuneration, to the Receiver General.

You will note that the only provision in the Act is for paying the salary of the inspector; none whatever for his expenses.

The fact that the inspector deposits the whole of his fees and is paid his salary by cheque does not enlarge the authority. If the practice authorised was that followed, it could not surely be contended that the excess of fees paid over during one year could be utilized for the shortages of another.

In my judgment this is clearly a case of expenditure beyond the amount for which there is legislative authority, and it is my duty to report it to the Treasury Board as directed by sect. 31, chap. 29, R. S. (Audit Act). I shall defer doing so for a short time, and will be pleased to have any further communication you may think fit to make on the subject.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries,

J. L. McDUGALL, *A.G.*

## Auditor General's Report—Part K

---

AUDIT OFFICE, OTTAWA, October 16, 1897.

SIR,—Referring to my letter of the 12th instant, in connection with the expenditure for cattle inspection at Montreal, I have to request that in future no cheque will be issued in excess of the fees that have come to account, *i.e.* that the expenditure for the purpose during the then current fiscal year may not be greater than the revenue for that year.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

---

DEPT. OF MARINE AND FISHERIES, OTTAWA, Oct. 19, 1897.

SIR,—I have to acknowledge the receipt of your letter of the 12th instant, with reference to the excess of the expenditure over the receipts in connection with the exportation of cattle, at the port of Montreal, during the fiscal year 1896-97, and stating that you think it is clearly a case of expenditure beyond the amount for which there is legislative authority.

It appears to me that we have been conducting this service in a somewhat informal manner, so far as expenditure is concerned. For instance, all the fees collected during the month is, at the end of the month, deposited in a bulk sum to the government credit, in the bank. The 4th section of the Act provides that the government may pay inspectors out of the fees collected, and that the excess collected should be deposited to the credit of the Receiver General. The intention when drafting the Act was to put the inspectors on a similar footing as port wardens or harbour masters, who remunerate themselves to a certain extent out of the fees and deposit the excess collected. But as that course was not followed, and men were appointed by Order in Council at a stated salary, the whole of the fees collected had regularly been deposited to the credit of the government. Once money is put into the public chest, it appears to me that it requires the authority of an Act of Parliament to draw it out. As the salaries of inspectors have never been put in the estimates, it appears to me that we have no authority to pay them, unless the 4th section of the Act respecting the shipping of live stock, before referred to, would be considered sufficient warrant, especially if there are funds to the credit of the service. Kindly let me have your views in the matter, as I am of the opinion that it would be simpler to say the least, to include the salaries of these inspectors in the general estimates of this department.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D.M. of M. & F.*

---

AUDIT OFFICE, OTTAWA, October 22, 1897.

SIR,—I quite agree with the conclusion you have reached in reference to the expenditure for cattle inspection, as stated in your letter of the 19th inst., *viz.* : to have the amount required voted by Parliament.

You will, of course, provide sufficient to cover all the expenditure, both for salaries and expenses, at all the ports.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

### *Re* Casual Revenue.

AUDIT OFFICE, OTTAWA, June 16, 1897.

SIR,—The following amounts have come to account for which vouchers are needed :—  
Oct. 21, 1896.—Jos. McGill, Shelburne, N.S., \$2,000. Purchase money of fishery protection schooner "Vigilant."

Aug. 5, 1896.—Blake, Lash & Cassels, \$187.50. Grant of water lot at Rondeau Harbour to the Erie & Huron Ry. Co. (J. J. Ross, Managing Director).

Apl. 1, 1897.—Code & Burritt, \$100. For sale of portion of Wallace Island in the River St. Lawrence to W. D. Morris, Ottawa. The date of the Order in Council or regulation should be given, under authority of which each sale was made; the manner of the sale, whether by public auction, tender or private sale; the terms of the sale, and any other particulars pertinent thereto.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, June 21, 1897.

SIR,—I have to acknowledge receipt of your letter of 16th instant, in respect to the following casual revenue amounts, and in reply I am to inform you that there are no vouchers connected with the amount of \$2,000 covering the purchase money of the schooner "Vigilant."

The facts are as follows:—Mr. McGill as per contract was to build a new vessel for the Fisheries Protection Service for the sum of \$9,000, taking in part payment the schooner "Vigilant" for \$2,000. This contract was complied with and \$7,000 paid to Mr. McGill and the \$2,000 placed to the credit of the Receiver General.

With reference to the sale of portion of Wallace Island to Mr. W. D. Morris, of Ottawa, I beg to refer you to the Order in Council of the 25th January, 1897, recommending a patent for the land in question to Mr. Morris on payment of \$100.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D.M. of M. & F.

*Re* Arrears due.

DEPT. MARINE AND FISHERIES, OTTAWA, December, 18, 1897.

SIR,—Referring to your letter of the 5th October asking for a detailed statement of all arrears due to this department on the 30th June last, I am to inform you that, with the exception of the statement of the fishery licenses unpaid, sent you on the 6th instant, the only arrears now due are for advances made on account of Behring Sea Claims Commission and the Hudson Bay Expedition, the accounts for which have not been finally adjusted.

There is also an advance of \$50, made Captain H. McKenzie on account of Fisheries Protection Service. In this connection Capt. McKenzie's account has been received but returned to him for correction.

I am, sir, your obedient servant.

The Auditor General,

F. GOURDEAU, *D.M.M. & F.*

AUDIT, OFFICE, OTTAWA, December 21, 1897.

SIR,—I am in receipt of your letter of the 18th instant, in reference to the arrears due your department.

I have to inquire if the arrears due on June 30, 1896, have since been paid. They do not appear to be included in the list you now furnish.

You also omit from this list the arrears due by certain fishermen in Ontario to ex-overseer E. Wigle. As I stated when you wrote that the Minister of Marine and Fisheries had decided to remit the fees on these licenses, it is necessary that the authority of Parliament be obtained. In the meantime the amount should be shown as in arrears.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

## Auditor General's Report—Part L

### Appropriations Lapse June 30th unless Order in Council Extending time has been passed before August 1st.

AUDIT OFFICE, OTTAWA, August 30, 1897.

SIR,—We have received this morning from Mr. McGee, a copy of an Order in Council of August 26th, 1897, instructing that the balance of \$160,000 for “purchase of arms” in 1896-97, be made available up to September 30th, 1897.

By Section 37 of the Audit Act (sent herewith), you will see that such an Order in Council to be valid should have been passed before August 1st, 1897.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, August 31, 1897.

SIR,—I am in receipt of your application No. 43, August 30th, 1897, for a credit on the Bank of Montreal, London, in favour of the High Commissioner, on account of 1896-97.

As pointed out in my letter of yesterday's date, the appropriation balance is not available, the Order in Council dealing with it not having been passed before August 1st, 1897, as required by Section 37 of the Audit Act.

The application and accompanying papers are returned, herewith.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

### Annual Drill Expenditure: Irregular Payments.

AUDIT OFFICE, OTTAWA, May 25, 1897.

SIR,—Let me call your attention to the following in connection with your expenditure for annual drill for 1896 for Military District No. 1, London Camp:—

*Brigade Staff.*—G. O. 70, 1896, paragraph 2, allows 6 officers and 5 non-commissioned officers on the staff. Pay was issued to 7 officers, 6 non-commissioned officers and 3 men. What duties are performed by the staff paymaster that are not performed by the district paymaster?

*22nd Battalion.*—Second lieutenants J. M. Ross, No. 2 Co., and R. Burritt, No. 7 Co., were paid as lieutenants. Overpayment in each case, \$3.60.

*30th Battalion.*—Second lieutenant D. M. Broadfoot, No. 4 Co., was paid as lieutenant. Overpayment, \$3.60.

Jas. Justice, No. 7 Co., and Arthur Ross, No. 8 Co., were paid as second lieutenants. Their names are not on the Militia List.

*R. R. C. I., No. 1 Co, field allowances.*—The \$36.90 overpaid, but subsequently deducted on the November pay-list, No. 1 Infantry, should be credited to the annual drill vote and charged to pay of permanent corps, sub-head B. Please make the necessary transfer.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 25, 1897.

SIR,—Let me call your attention to the following in reference to your expenditure for annual drill for 1896 for Military District No. 2:—

*Brigade Staff, Niagara on the Lake Camp.*—Five officers in addition to the commandant and medical officer were paid. Four only were allowed by the G. O.

*12th Battalion.*—Second lieutenant T. H. Lennox, No. 2 Co., was paid as Lieutenant. Overpayment, \$3.60.

*31st Battalion.*—Lieutenant H. W. Copus, No. 8 Co., was paid as captain. Overpayment, \$14.88.

*35th Battalion.*—Second lieutenant John Preece, No. 4 Co., was paid as lieutenant. Overpayment, \$3.60.

*2nd Battalion.*—Second lieutenant W. A. Gilmour, No. 9 Co., was paid as lieutenant. Overpayment, \$3.60.

*38th Battalion.*—Second lieutenant G. C. McKenzie, No. 3 Co., was paid as lieutenant. Overpayment, \$3.60.

*48th Battalion.*—Second lieutenant C. J. Catto, No. 6 Co., was paid as lieutenant. Overpayment, \$3.60.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDougall, A.G.

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, June 12, 1897.

SIR,—In reply to your letter of the 25th ultimo, I have the honour to inclose to you, herewith, explanations concerning payments in connection with annual drill for 1896, for Military District No. 2.

I have the honour to be sir, your obedient servant,

The Auditor General, Ottawa.

C. EUG. PANET, Col., D.M.M. & D.

D. O. C., M. D. No. 2.

June 3, 1897.

*Brigade Staff, Niagara Camp.*—The fifth officer referred to was the staff paymaster, who drew pay on the staff pay sheet as per R. & O. 1887, Para. 861.

*12th, 35th, 2nd, 38th and 40th Battalions.*—Not having the pay sheets by me I cannot speak positively; but I did think all these deductions had been made.

*31st Battalion.*—As far as my recollection goes, *Lieut. Copus* was entered on the pay sheet as *Capt. Copus*, and was certified to be such. Not being in our district I was not acquainted with his exact rank. But I understood that he had authority to attach himself as officer in command of No. 8 Coy.

J. V. GRAVELEY, Lt.-Col. D.P.M., M.D. No. 2.

AUDIT OFFICE, OTTAWA, June 16, 1897.

SIR,—I am in receipt of your letter dated June 12th, 1897, inclosing explanations of commandant and district paymaster concerning extra payments in connection with annual drill, 1896, Military District No. 2, to which payments objection was taken by this office:—

*Brigade Staff:* The explanation of the over-strength of the staff is a reference to the R. & O., 1887, Para. 861, which regulation merely fixes the rate of pay of staff officers with no reference to their number. G. O. 70, Para. 2, 1896, issued specially in connection with the militia training for that year, allows only four officers for the staff, exclusive of the commandant and medical officer. Please have the staff pay-list and paymaster's statement amended by striking off the name of the staff paymaster, pay not being allowed by G. O. 70 referred to, to this officer, whose duties were apparently performed by himself as district paymaster, and obtain from him a refund of \$64.89, the excess pay and allowances as staff paymaster,—his expenses at camp to be paid on detailed statements in the regular way. Even if the pay to him as staff paymaster were legally made, the vouchers show that he was paid \$96.14—fifty cents more than

## Auditor General's Report—Part L

12 day's pay, while he enters himself on the pay-list for 11 days,—an apparent overpayment of \$8.47, the 11 day's deduction as district paymaster being made on account paid by militia cheque No 204.

*Second Lieutenants paid as Lieutenants* :—The memo. states that the district paymaster thinks that deductions have already been made. The pay-lists and statements in this office to date do not show this. Cannot the Militia Department determine from its copies of the vouchers whether or not these deductions have been made?

*Lieutenant Copus paid as Captain* :—The memo. states that the district paymaster was not acquainted with the exact rank of this officer. Has the commandant no explanation of his certificate that he has compared the names on the pay-lists with the service rolls, and that the officers and men entered therein are entitled to the amounts paid them?

Please obtain from Lieut. Copus a refund of the overpayment, \$14.38, as well as refunds from the second lieutenants who were paid as lieutenants, if these have not already been obtained.

I am, sir, your obedient servant,

The Deputy Minister Militia and Defence.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 26, 1897.

SIR,—Let me call your attention to the following in reference to the expenditure for annual drill for 1896 :—

### MILITARY DISTRICT No. 3.

*Brigade Staff. Barriefield Camp*.—Seven officers and 8 non-commissioned officers were paid. Six officers and five non-commissioned officers only were allowed by the Order.

*47th Battalion*.—Second lieutenant John Parks was paid as lieutenant. Overpayment, \$3.60.

### MILITARY DISTRICT No. 5.

*Shefford Field Battery*.—Second lieutenant A. W. P. Buchanan was paid as lieutenant. Overpayment, \$3.60.

*3rd Battalion*.—Second lieutenant E. H. Brown, No. 3 Co., was paid as lieutenant. Overpayment, \$3.60.

*50th Battalion*.—Joseph Sloan, No. 2 Co., was paid as lieutenant. His name is not on the Militia List.

### MILITARY DISTRICT No. 6.

*55th Battalion*.—Second lieutenants T. J. Ogle, No 4 Co., and A. E. Robitaille No. 5 Co., were paid as lieutenants. Overpayments in each case \$3.60.

*52nd Battalion*.—Second lieutenant E. A. Donigan was paid as lieutenant. Overpayment, \$3.60.

### MILITARY DISTRICT No. 12.

*82nd Battalion*.—Second lieutenant Wallace Shaw, No 6 Co., was paid as lieutenant. Overpayment \$3.60.

Charlottetown Patriot Pub. Co. : Printing Orders \$5.00. This work should have been done in Printing Department, Ottawa. I enclose the account for explanation and the necessary certificate.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 18, 1897.

SIR,—Let me call your attention to the following in reference to the vouchers for annual drill for 1896, in Military District No. 7 :—

*Brigade Staff.*—G. O. 70, 1896, allows 1 camp commandant, 4 officers, 1 principal medical officer and 5 N. C. officers for the staff at each camp. At this camp there were paid 7 officers and 9 N. C. officers. What duties were performed in this camp by the staff paymaster ?

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, July 23, 1897.

SIR,—In reference to your further expenditure on account of annual drill in Military District No. 7, for 1896, let me call your attention to the following :—

*8th Battalion.*—Chas. E. Brodie and F. M. Wells were paid as second lieutenants in Nos. 5 and 6 Companies respectively. The names of these persons are not on the Militia List.

*9th Battalion.*—Second lieutenants Geo. Belleau, No. 2 Co., and G. L. Cloutier, No. 6 Co., were paid as lieutenants, making an overpayment in each case of \$3 60. J. B. Matte whose name is not on the Militia List was paid as a second lieutenant, No. 7 Co.

Has any action been taken by the department as to the irregularities referred to in my letter of May 18th in connection with the former accounts for annual drill for District No. 7.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 28, 1897.

SIR,—Let me call your attention to the following in connection with your expenditure on account of annual drill in Military District No. 9, for 1896 :—

*Voucher 1256, Paymaster's account.*—This is a payment to Paymaster J. E. Curran of \$40.95, the difference between special pay at camp and his ordinary pay as district paymaster. This pay is not allowed under G. O. 70, 1896. The staff was to its full complement without a staff paymaster. As to the 3 days' special pay included in the above \$40.95 for Paymaster Curran's services at McNab's Island, I do not see how this work is outside his ordinary duties as district paymaster.

*72nd Battalion.*—Surgeon Miller is allowed pay for a horse for 12 days at \$1 per day with forage. This makes 5 horses for the Battalion. The Establishment List allows only 4. Even if the payment for the horse were regular, the forage allowance should be paid for 1 day only, as is the case with the other officers, and not for 12 days.

*Markers 1st. Camp.*—The Acquittance Roll shows that Capt. Curran's outlay was only \$8, while he was paid \$11.

*93rd Battalion.*—Second lieutenant D. Murray, No. 6 Co., was paid as lieutenant. Overpayment, \$3,60. Second lieutenant R. B. Willis, No. 3 Co., was paid as lieutenant for 10 days. Overpayment, \$3. In the pay list of No. 7 Co., opposite a blank space, an amount of \$15.36 is entered. This item is included in the full amount of the pay list which was paid to Capt. Brown. How has Capt. Brown accounted for this money ?

The accounts of George Armstrong and A. C. Vanbuskirk for services and supplies at the Aldershot Camps do not bear the full certificate required by your Regulations and Orders No. 843. In this connection, were tenders asked for in the usual way by public advertisement for the furnishing of supplies for these camps ?

Claude de L. Black, Amherst, \$12, for printing district and standing orders. This work should have been done at the Printing Bureau, Ottawa. The account should be certified by the Queen's Printer.

*Halifax Garrison Artillery, instruction at McNab's Island.*—Payment was made for camp tins for 8 companies at \$6. Are there more than 4 companies in this regiment?

I inclose herewith the accounts referred to for the necessary certificates.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

AUDIT OFFICE, OTTAWA, January 8, 1897.

SIR,—Referring to my letters of May 18th, May 25th, May 26th, June 16th, June 23rd, and June 28th, 1897, dealing with your expenditure on account of annual drill, for 1896-97, which letters are unanswered at this date, please let me know at once what action, if any, has been taken by your department as to the irregular payments pointed out to you in the letters referred to.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

### Militia Department's Interpretation of terms "City" and "Rural" Corps.

AUDIT OFFICE, OTTAWA, July 23, 1897.

SIR,—For the purposes of facilitating the audit by this office of the payments, made under the authority of the Militia Regulations and Orders to the various corps of active militia, as allowances for drill instruction, care of arms and postage, please let me know what interpretation your department gives the words "rural" and "city or town" as applied to the several corps to whom payment is made of these allowances.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

---

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, August 3, 1897.

SIR,—In reply to your letter of the 23rd ult., I have the honour to inform you that corps termed "city" are those that as a rule have their drill instruction allowance paid to the commanding officer, and a caretaker of their armoury paid by the public. Those that are termed "rural" have the drill instruction allowance paid to officers commanding squadrons or companies as well as to the commanding officers of the regiment or battalion, and the care of arms allowance paid to the officers commanding squadrons or companies, but have no public armourer supplied. In "city" corps the commanding officer receives the postage allowance; in "rural" corps the postage allowance is divided between the commanding officers of the corps and the captains of squadrons or companies—the former receiving \$3, and the latter \$2.

I have the honour to be, sir,

Your obedient servant,

B. SULTE,

*Acting Deputy Minister of Militia and Defence.*

The Auditor General.

### Incomplete Certificates Furnished by Militia Officials.

AUDIT OFFICE, OTTAWA, June 4, 1897.

SIR,—With reference to the vouchers for Militia supplies and services not covered by contract, I would call your attention to the irregularity of the certificates furnished in many cases by the officers in charge. The certificates usually given on the accounts are these: “certified correct and that no item in the account has previously been presented for payment”; “certified and recommended for payment” or “examined and found correct.”

Section 33, chap. 29, Revised Statutes, which is also embodied in your Regulations and Orders No. 843, requires that the officer under whose special charge such part of the service is, shall certify that the work has been performed, or that the materials have been supplied as the case may be, and that the price is according to contract, or if not covered by contract, is fair and just.

Please instruct these officers to amend the certificate given by them by the more complete one as above required by the Audit Act as well as by the Regulations and Orders of the Militia Department.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPT., MILITIA AND DEFENCE OTTAWA, June 12, 1897.

SIR,—In acknowledging the receipt of your letter of the 4th instant I have the honour to state that instructions have been sent to our officers concerning vouchers for Militia Supplies and Services not covered by contract, as desired by you.

I am, sir, your obedient servant,

The Auditor General.

A. BENOIT, *Captain, Secretary.*

### Archer and Co's. Account for Saw-dust at Quebec.

AUDIT OFFICE, OTTAWA, June 4th, 1897.

SIR,—I have to call your attention to the inclosed account of Archer and Co., Quebec, for \$236, for 4 car-loads of saw-dust delivered to the Riding School at \$59 per car-load. Please add to the voucher a statement explanatory of the unusually high price paid for the material.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, July 28, 1897.

SIR,—In reply to your letter of the 4th ult., I have the honour to return to you herewith, the account of Archer & Co., Quebec, for \$236, for 4 car-loads of saw-dust for the Riding School, Quebec, accompanied with all the information asked for in your letter.

I have the honour to be, sir, your obedient servant,

The Auditor General.

C. EUG. PANET, *Colonel, D.M of M. & D.*

D. O. C., M. D. No. 7.

The price is the same as that heretofore charged, and the requisition A. G. O. 63,620 was approved by the Dept. Minister. The inclosed stamp is the one furnished by the department and at present in use.

## Auditor General's Report—Part L

### Payment Indirectly made, and on an Insufficient Certificate.

AUDIT OFFICE, OTTAWA, August 24, 1897.

SIR,—I have to call your attention to cheque No. 244a, charged to Military Properties, Works and Buildings, 1896-97.

The account on which payment was made is as follows :—

Dept. Militia and Defence May 31, 1897.

To J. Milton Barnes, Hampton, N.B.

March, 1893.	To one year's rent of Hall for armoury . . . .	\$	60 00
do 1894	do do		60 00
do 1895	do do		60 00
do 1896	do do		60 00
do 1897	do do		60 00
			\$300 00

Please send me a statement of the reasons for not paying the rent as it accrued, as well as a certificate by the proper official that the building was used for the purpose of an armoury.

The cheque by which payment was made was drawn on June 2, in favour of Lieut.-Col. Domville, for J. Milton Barnes, and cashed by the former at Ottawa on June 3, on his sole endorsation, and it does not bear any evidence that Mr. Barnes received the money claimed to be due him. Why was not payment made by your department to the actual creditor?

In this connection I might point out that the 8th Hussars have received the annual care of arms allowances for the period of time that the claim of Mr. Barnes for rent covers.

I am, sir, your obedient servant,

The Deputy Minister Militia and Defence.

J. L. McDOUGALL, A.G.

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, Nov. 13, 1897.

SIR,—In reply to your letter of the 24th August last, I have the honour to inclose herewith, J. M. Barnes's receipt for \$300 for rent of Armoury from 1st June, 1892, to 31st May, 1897.

I am, sir, your obedient servant,

The Auditor General.

C. EUG. PANET, Colonel, D.M. of M. & F.

AUDIT OFFICE, OTTAWA, November 17, 1897.

SIR,—I am in receipt of your letter of 13th instant, forwarding voucher dated Nov. 3rd, 1897, from J. M. Barnes, acknowledging the receipt of \$300 from F. V. Wedderburn for rent of hall for armoury from June 1st, 1892, to May 31st, 1897. You have overlooked the request in my letter for a statement why payment was not made by your department directly to the creditor, as well as an explanation why the rent was not paid as it accrued. The usual certificate by the district officer that the building was used for the purposes of a public armoury should be furnished.

As pointed out to you before, the 8th Hussars have received their allowance for care of arms for the period covered by this claim. Is it not contrary to the regulations and orders to pay this allowance where there is a public armoury? The voucher forwarded appears to be a receipt by Mr. Barnes of an outlay by Major Wedderburn for rent out of the annual grant of \$60 per troop received by him for the 8th Cavalry as a

care of arms allowance. There is nothing to connect this with the \$300 cheque to which this correspondence refers. Please reply without delay as my report with this discussion must be in the Printer's hands shortly.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, January 24, 1898.

SIR,—In reply to your letter of the 17th November last, in which you ask for further information respecting the armoury of the 8th Hussars, I beg to state that the cheque was made payable to Lt. Colonel Domville for W. Barnes. This was done at the request of Lt. Colonel Domville and the receipt of Mr. Barnes was sent to the Department. This was an exceptional case as it is always the rule to make cheques payable to the person entitled to receive the money.

The rent was not paid as it accrued because no accounts reached the Department as rent accrued.

The certificate that you ask for from the district officer that the building was used for the purposes of an armoury is herewith attached.

It is not contrary to regulation to pay allowances for care of arms where there is a public armoury provided there is no paid caretaker attached to said armoury.

I have the honour to be, sir, your obedient servant,

C. EUG. PANET, Colonel, D. M. of M. & D.

The Auditor General.

HOUSE OF COMMONS, OTTAWA, June 1, 1897.

SIR,—I have the honour to ask payment of the claim of J. Milton Barnes of Hampton, N.B., for rent of armoury for the 8th Hussars from March, 1892, to March, 1897, \$300.

The late storekeeper, Major Otty, was found dead in his barn and the stores were all removed to a hired temporary building for safe keeping, and the Department ordered me to have the building fitted up which was done and the bill sent to them, as requested, and they paid it.

By direction of General Herbert, then commanding, I had plans prepared for a suitable building to be erected by the Department and he informed me he would have an armoury erected but which has not yet been done.

I have applied for the rental on several occasions but have not up to date received payment. I shall be obliged if you will kindly have this account settled.

Yours faithfully,

JAMES DOMVILLE, Lt.-Col.,  
Commanding 8th Hussars.

To the Honourable the Acting Minister of Militia, Ottawa.

### Capt. Lee, Professor R.M. College, Additional Pay for Services during Vacation on Reconnaissance Survey.

AUDIT OFFICE, OTTAWA, April 30, 1897.

SIR,—In the payments made from the advances on account of the expenses of the reconnaissance survey, charged to "Miscellaneous and Unforeseen Contingencies", I notice that Capt. A. H. Lee, of the Royal Military College, Kingston, was paid for 56 days from July 2 to August 26 at the rate of \$8 per diem, amounting to \$448. The accounts contain a note that this \$8, includes a per diem allowance of \$3, for transport expenses. I presume that the difference—\$5, per diem—amounting to \$280, was for his services. As Capt. Lee was on the pay-list of the Royal Military College for this time at a salary of \$208.33 per month, it would appear that the \$280, is an overpayment and should be refunded by him.

## Auditor General's Report—Part L

As to his transport expenses for the time referred to, Militia Order No. 13, 1893, based on the Order-in-Council of February 6, 1893 allows officers only their actual expenses. Capt. Lee should therefore furnish a detailed statement of his expenses for the 56 days which amount only should be allowed, any unexpended balance in his hands to be refunded.

I am, sir, your obedient servant,

The Deputy Minister Militia and Defence.

J. L. McDOUGALL, A.G.

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, May 8, 1897.

SIR,—In reply to your letter of the 30th ult., respecting to the expenses of Capt. A. H. Lee, of the Royal Militia College, Kingston,—reconnaissance survey—charged to “Miscellaneous and Unforeseen Contingencies”, I have the honour to state for your information that the matter having been referred to the Major General Commanding for report, he makes the following explanation:—

“The objections raised in the letter from the Auditor General, dated April 30th, 1897, herewith, respecting payments made to Captain A. H. Lee, of the Royal Military College of Canada, divide themselves into two heads:

“1st. That Captain Lee received pay at the rate of \$5.00 per diem from July 2nd

“to August 26th when employed on the Reconnaissance Survey.

“2nd. That during the same period he received a per diem allowance of \$3.00

“for transport expenses.

“With regard to the first, Captain Lee's regular work, for which he is on the pay-list of the Royal Military College, is entirely connected with that institution, and he, with the other officers of that institution, are entitled by statute, to the ordinary vacation.

“As the superintendence of the Reconnaissance Survey demanded special qualifications, and as it was not possible to order Captain Lee to take charge of this survey, except with his consent and that of the Commandant of the Royal Military College, it was considered only fair to offer him special remuneration for thus relinquishing the vacation to which he was entitled. This remuneration was given under the special authority of the Minister of Militia and Defence, upon A.G.O. 61228. It should be remarked that the \$5.00 in question covers the whole of Captain Lee's personal expenditure as well as pay for the work performed.

“With regard to the 2nd: The transport expenses of the officer in charge of this party are very multifarious and of such a nature that it would be extremely difficult to separate them from his ordinary living expenses. Accordingly inquiry was made at the time, and also after the expiration of the survey which was first carried out. It was found that if transport was provided by the Government for Captain Lee, it would, in all probability, have amounted to considerably more than \$3.00 per diem. He was, however, willing to accept the offer of that allowance, and to undertake to provide it himself whenever required. It was thought desirable, both in the interest of economy and efficiency to accept this, and the Minister accordingly gave the requisite authority.

I am, sir, your obedient servant,

The Auditor General.

### Hotel Expenses of Major Kitson and Family at Kingston, Awaiting Alterations on Residence.

AUDIT OFFICE, OTTAWA, June 10, 1897.

SIR,—I have to call your attention to a payment of \$288, to Major Kitson, Commandant R. M. C., Kingston (Paym. Strange's March statement item 13) for hotel expenses at Kingston while waiting for alterations in Commandant's house. This account is as follows:—

Self and wife for 27 days at \$3.50 each	.....	\$ 189 00
Maid and child do at 2.00	.....	54 00
Man servant 30 days at 1.50	.....	45 00
		\$ 288 00

The Order in Council of November 20, 1896, appointing Major Kitson to his present position, allows him a salary of \$3,000, per annum with quarters and fuel. While under the circumstances stated in the account, the lodging expenses of the Commandant and his family are properly a public charge, I am of the opinion that their subsistence expenses should not be paid by the Department. Please ask Major Kitson to recast his statement of expenses on this basis.

I am, sir, your obedient servant,  
The Deputy Minister of Militia and Defence. J. L. McDOUGALL, A.G.

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, July 13, 1897.

SIR,—In reply to your communication of the 10th ult., I have the honour to inclose to you, herewith, a report from the General Officer Commanding the Militia, dated 8th inst., concerning the hotel expenses of the Commandant of the Royal Military College of Canada.

I also inclose the other papers relative to the same subject.

I have the honour to be, sir,

Your obedient servant,  
The Auditor General. C. EUG. PANET, Colonel, D.M. & M.D.

KINGSTON ONT., January 29, 1897.

DEAR COLONEL PANET,—I am forwarding officially by to-day's post my claim for my hotel bill at Kingston. I fear it amounts to a good deal, as my party is a somewhat large one, but I think I am in fairness entitled to be repaid in full, as the inconvenience we have been put to, living at such an uncomfortable hotel has been great and I have been put to a good deal of extra expense, owing to all extras (for which I have put in no claim) being so very expensive at a hotel.

I can promise you that we went into the house as early as was possible, and we have been living for the last week in the midst of the workmen, the painters only finishing the last room to-day. I think the work has been pushed on as much as has been possible, but it appears the carpenters cannot do much, until the plumbers have finished, and the painters can do no good, until the carpenters have finished, and so the delay goes on.

Hoping you will excuse my troubling you.

Your sincerely,

GERALD KITSON.

OTTAWA, JULY 8, 1897.

MEMO. from the General Officer Commanding the Militia.

To The Deputy Minister.

Lieut. Col. Kitson informs me that the cost of living for himself and family at home does not exceed about \$60, per month. I refer of course to food. The hotel bill as you will see is \$288 for the same period.

He was forced to go to an hotel, as his house was not ready for him.

I would suggest that he be allowed half of the amount of the hotel bill. He will still be penalized pretty heavily.

W. J. GASCOIGNE, M.G.

AUDIT OFFICE OTTAWA, July 16, 1897.

SIR,—I am in receipt of your letter of the 13th instant inclosing papers relative to a payment to the Commandant of the Royal Military Collège I notice in the papers

## Auditor General's Report—Part L

a letter of explanation from the Commandant and a suggestion by the Major General, in view of the circumstances therein stated, that Major Kitson be allowed half of the amount of the hotel bill, to the payment of the whole of which exception was taken by this office, but do not see that anything further has been done. Please let me know what the department itself proposes to do in the matter.

I am, sir, your obedient servant,  
The Deputy Minister of Militia and Defence. J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, January 8, 1898.

SIR,—Referring to my letter of July 16th, 1897, relative to a payment to Major Kitson of an account for hotel expenses of self and family at Kingston, while awaiting alterations in residence, please let me know what your department has done or intends doing in the matter.

I am, sir, your obedient servant,  
The Deputy Minister of Militia and Defence. J. L. McDOUGALL, A.G.

### Transport Expenses—Return Fares where possible should be obtained. *Per Diem* Allowances contrary to Regulations and Orders.

AUDIT OFFICE, OTTAWA, March 23, 1897.

SIR,—In reference to your expenditure to Dec. 31, 1896, charged to Transport and Freight, let me call your attention to the following matters:—

In a great many cases single fares are charged in the travelling expense accounts of the officers when there is no apparent reason why return tickets should not have been used.

In this connection where fares are obtained through requisition from the department on the railway companies, could not return fares be used in a great many cases where now single fares are purchased?

I notice also a travelling allowance of \$3.50 per diem in the accounts of Lt.-Col. Montizambert (voucher No. 51), 17 days, \$59.50.

Major Rutherford (voucher No. 79), 8 days, \$28.

Lt.-Col. Irwin (voucher No. 166), 10 days, \$35.

Militia Order No. 13, 1893, based on the Order in Council of Feb. 6, 1893, dealing with travelling expenses, allows officers their actual reasonable expenses for transport and subsistence. Please obtain from these officers a detailed statement of living expenses covering that period of time for which they were allowed the per diem allowance, and a refund of any balance due the government, and instruct all officers to send attached to their statements of travelling expenses, the hotel accounts.

Captain Forester—voucher 392—in his account of expenses for special course of instruction in England, is allowed for subsistence \$3 per day. In view of the general militia order quoted above, allowing officers their actual expenses, what authority is there for this allowance? In addition he has entered these charges for living expenses \$2.25, \$5, \$5, \$1.75, making a total of \$14. Please obtain from Capt. Forester a refund of the amount and of an amount of \$3 per day for such time as he was on board the steamer, his passage money covering his living expenses for that period of time.

Lt.-Col. Cotton was paid under cheque No. 293, \$60, balance of expenses for course of instruction in England. Please instruct Lt.-Col. Cotton to forward a detailed statement of the whole amount received by him on this account.

I am, sir, your obedient servant,  
The Deputy Minister of Militia and Defence. J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 16, 1897.

SIR,—I am in receipt of your letter of the 9th instant, inclosing a report signed by the Major General relative to certain expenditure charged to transport and freight, to which your attention was called in my letter of March 23, 1897.

In explanation of the purchase of single instead of return tickets, I note a statement by Lieut. Col. Wilson that by Militia requisition form return tickets are not to be taken, as well as a statement by the Major General that he understands that railway companies refuse to issue return tickets upon transport requisition.

This certainly must be due to the form of the present transport requisition, which I take to be an order on the Militia Department for which it is responsible, rather than that the railway companies refuse to honor the credit of the Dominion to the extent of a return ticket while willing to trust it to the amount of a single fare. Cannot the present requisition be amended to remedy this defect? It seems a most extraordinary state of affairs that the government of Canada should pay for all its militia passages \$6 for every \$5 that a private individual would pay in securing one passage.

What steps have been taken to obtain a refund from Capt. Forester of the overpayment referred to in my letter of the 23rd March?

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 15, 1897.

SIR,—In further reference to your expenditure charged to Transport and Freight I have to call your attention to the following payments:—

Cheque No. 547.—Dominion S. S. Line, \$274.68, transport expenses of Armourer Groves and family, and Armourer Hall, from England to Canada.

Cheque No. 633.—Capt. F. Strange, \$17, amount paid Anglo-American Hotel for board of Armourer Groves and family in December, 1896.

Cheque No. 608.—Sergeant Farrier Simpkin, \$50. An allowance in lieu of transport from England to Toronto.

As these charges are of an exceptional nature, payment should have been made only under the sanction of an Order in Council.

Please obtain such authority.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, July 23, 1897.

SIR,—I notice in your May expenditure charged to Transport and Freight, a payment of \$43.75 to Captain Maclean, A.D.C. cheque No. 1063,—the details of his account being as follows:—

May 23—5 days board of 5 horses at Graham's at \$1.....	\$25 00
Cartage.....	4 00
May 29—Board of man in Ottawa.....	11 25
Meals and incidental expenses en route.....	3 50
	\$43 75

Please send me a statement of the circumstances in connection with the incurring of this expense. In its absence, I am unable to see how this liability can be considered a public charge.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, August 3, 1897.

SIR,—In answer to your letter of the 23rd ultimo, requesting information relative to the payment of \$43.75 to Captain Maclean, A.D.C., I have the honour to state that this payment was made to him for the purpose of paying bills for horses and men

## Auditor General's Report—Part L

brought down from Kingston for the usual parade of Her Majesty's birthday, under the sanction of the Honourable the Minister of Militia and Defence. Two of these horses were for the use of His Excellency the Governor General, and the other two for the Head Quarters Staff.

The men were in charge of the horses and were from "A" Battery.

I am, sir, your obedient servant,

The Auditor General.

### Wm. Dixon's Transport Expenses to England.

AUDIT OFFICE, OTTAWA, July 23, 1897.

SIR,—In Paymaster Forrest's May statement, Dominion Cartridge Factory, I notice a payment of \$392.75 to R. M. Stocking, for transport expenses of William Dixon, late foreman of factory, and family from Quebec to Leeds, England. The account does not bear any certificate nor does it contain any statement of explanation by the department why this liability should be made a public charge. Please let me have your authority for payment.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, August 11, 1897.

SIR,—In reply to your letter of the 27th ultimo, I have the honour to state that late foreman William Dixon, Government Cartridge Factory, Quebec, was engaged in London, England, by a cablegram dated 15th September, 1881, addressed to the High Commissioner for Canada by the Minister of Militia and Defence, in the following terms:—

"Close with Dixon on following terms: Two fifty for three years; increase ten pounds yearly if satisfaction given. Passage out and return. Free quarters."

These conditions were copied verbatim from Imperial Despatch received a few days before the 15th September.

I am, sir, your obedient servant,

The Auditor General.

B. SULTE, *Acting D.M. of M. & D.*

### Telegrams of Adjutant General's Office should be charged to Civil Government Contingencies.

AUDIT OFFICE, OTTAWA, July 21, 1897.

SIR,—In your May expenditure charged to Miscellaneous and Unforeseen Contingencies, I notice these payments:

Cheque No. 1021, C. P. Ry. Co's Tel . . . . .	\$50 77
do 1021, G. N. W. Tel. Co . . . . .	17 11

amounting to \$67.88 for telegrams during March and April, in connection with the Adjutant General's Office, Ottawa. As the expenditure for this service up to this time has been charged to Civil Government Contingencies, please transfer the amount of the above payments to this latter Vote, to which it is properly chargeable.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, July 27, 1897.

SIR,—In reply to your letter of the 21st instant, respecting the following payments charged to Miscellaneous and Unforeseen Contingencies, May 1897 expenditure, viz :—

Cheque No. 1020, C. P. Ry. Co.'s Tel.....	\$50 77
do 1021, G. N. W. Tel. Co.....	17 11

I have the honour to inform you that these sums cover telegrams sent to or received by the outside service of the Department of Militia and Defence, and are therefore not chargeable to Civil Government Contingencies. Although until lately such telegrams were paid out of this vote, it has been found necessary owing to the limited amount of that appropriation, to charge the said service to Miscellaneous and Unforeseen Contingencies, to which it properly belongs.

I have the honour to be, sir, your obedient servant,

The Auditor General.

C. EUG. PANET, *Col., D. M. M. & D.*

AUDIT OFFICE, OTTAWA, July 30, 1897.

SIR,—I am in receipt of your letter of the 27th instant in reference to certain payments for telegrams for March and April, Adjutant General's Office, Ottawa, which payments you were asked in my letter of July 21st to transfer to Civil Government Contingencies.

In reply I have to state that your reason for charging these payments to Miscellaneous and Unforeseen, the limited amount of the appropriation for Civil Government Contingencies does not appear to be a good one. I must still ask that these payments and similar future payments be charged to the latter Vote.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, August 30, 1897.

SIR,—Adverting to your letter of the 30th ultimo, respecting telegrams charged to the vote for Miscellaneous and Unforeseen Contingencies, I have the honour to inform you that these telegrams were sent or received by the outside service of this department, and do not include telegrams sent or received by the Honourable the Minister and the inside service of Militia and Defence, which are made a charge to Civil Government Contingencies.

I have the honour to be, sir, your obedient servant,

The Auditor General.

B. SULTE, *Act. D.M. of M. & D.*

AUDIT OFFICE, OTTAWA, September 20, 1897.

SIR,—Referring to your letter of August 30th, relative to charging a portion of the payments for telegrams in connection with the Adjutant General's Office, Ottawa to Miscellaneous and Unforeseen Contingencies, I have to state that I am still of the opinion that these payments should be charged to Civil Government Contingencies. Your reason for charging a portion to another vote, viz., the limited amount of Civil Government Contingencies is not a good one.

Be good enough to transfer these payments to Civil Government Contingencies to which you have properly charged the greater portion of such services for the year.

I am, sir, your obedient servant,

The Deputy Minister Militia and Defence.

J. L. McDOUGALL, *A.G.*

NOTE.—The transfer asked for was not made by Militia Department.—J. L. McD.
