Clarke, Joshua, labourer, 12 m., 2,189 h. at 15c.	328 35
Clarke, J. H., apprentice, July-Jan., 763 h. at 5c., Feb.-June, 1,173 h. at 7½c.	126 14
Clarke, Wm. C., machinist, 12 m., 3,001 h. at 20c.	600 20
Coates, Horace, machinist, July and Aug., 477 h. at 14c.	66 78
Cochrane, W. O., labourer, Dec.-April, 1,876 h. at 11c.	206 36
Coleman, Ed. James, apprentice, Feb.-June, 997 h. at 7½c.	74 79
Collins, John, boiler maker, Oct.-June, 1,964 h. at 22c.	432 08
Condon, Wm., machinist, July-Oct., 960 h. at 21c., fitter, Nov.-June, 1,904 h. at 21c.	601 44
Connolly, Peter, boiler-maker, 12 m., 3,110 h. at 22c.	684 20
Connors, Patrick, machinist, July-Oct., 857 h. at 15c., fitter, Nov.-June, 1,754 h. at 15c.	391 65
Cormier, E. C., tinsmith, 12 m., 2,873 h. at 16c.	459 68
Cormier, Levi D., machinist, July-April, 2,358 h. at 14c., machineman, May-June, 471 h. at 14c.	396 06
Cosman, Y. C., tinsmith, 12 m., 2,703 h. at 16c.	432 48
Creigon, Peter, blacksmith, July-Feb., 1,872 h. at 17½c.	327 60
Crue, John, machinist, July-Oct., 1,044 h. at 14½c., loco. carpenter, 1,857 h. at 14½c.	420 67
Cruikshanks, James, machinist, July-Oct., 894 h. at 17c., fitter, Nov.-June, 1,852 h. at 17c.	466 82
Croke, Thos., boiler-maker, 12 m., 2,653 h. at 22c.	583 66
Crowhurst, Wm., boiler-maker, 12 m., 2,944 h. at 22c.	647 68
Crowhurst, Wm., apprentice, 12 m., 2,799½ h. at 7½c.	209 96
Cullen, Wm., machinist, July-Oct., 980 h. at 18c., fitter, Nov.-June, 1,920 h. at 18c.	522 00
Cunningham, John, fitter, 12 m., 3,003 h. at 13½c.	405 43
Cunningham, M., boiler-maker, 2,897 h. at 16c., 12 m.	463 52
Dagle, Marcell, helper, July-Oct., 805 h. at 11c.	88 55
Davis, Andrew, machinist, July-Oct., 965 h. at 20c., fitter, Nov.-April, 1,337 h. at 20c.	460 40
Davison, C. C., foreman, b. s. shop, 12 m. at \$80	960 00
Davison, Geo. C., machinist, 12 m., 2,847 h. at 14c.	398 58
Davison, H. C., time-keeper, 12 m. at \$50.	600 00
Day, Gordon, machinist, July-Oct., 849 h. at 20c., fitter, 1,909 h. at 20c.	551 60
Delay, John, boiler-maker, 12 m., 3,038 h. at 22c.	668 36
Doucett, Geo., machinist, 12 m., 2,915 h. at 14c.	408 10
Doucett, Peter, boiler-maker, 12 m., 2,952 h. at 16c.	472 32
Doyle, James, apprentice, Aug.-June, 2,516 h. at 7½c.	188 71
Driscoll, Arnold, tinsmith apprentice, July-Oct., 979 h. at 10c., coppersmith apprentice, Nov.-June, 1,909 h. at 10c.	288 80
Driscoll, Daniel, boiler-maker, 12 m., 2,912 h. at 22c.	640 64
Duncan, Wm., machinist, July-Sept., 440 h. at 20c., fitter, Nov.-June, 1,410 h. at 20c.	370 00
Durant, Moses, labourer, July-Oct., 1,320 h. at 11½c., helper, Nov.-June, 2,868 h. at 11½c.	481 62
Duston, James, asst. draughtsman, 12 m. at \$40.	480 00
Edmundston, Wright, machinist, July-Oct., 914 h. at 20c., fitter, Nov.-June, 1,850 h. at 20c.	552 80
Elliot, Fred., apprentice, 12 m., 2,940 h. at 7½c.	220 51
Elliot, James, b. s. helper, 12 m., 2,876 h. at 12½c.	359 53
Ferguson, C. B., machinist, 12 m., 2,826 h. at 20c.	565 20
Fleetwood, Thos., machinist, July-June, 2,401 h. at 18c.	432 18
Fleming, James, machinist, July-Oct., 974 h. at 19c., fitter, Nov.-June, 1,881 h. at 19c.	542 45
Fleming, Murray, machinist, July-Oct., 821 h. at 25c., fitter, Nov.-June, 1,858 h. at 25c.	669 75
Fogarty, John, machinist, 12 m., 2,601 h. at 26½c.	689 29
Fram, Thos., machinist, July-Oct., 1,464 h. at 15c., fitter, Nov.-June, 2,640 h. at 15c.	615 60
Francis, James, machinist, 12 m., 2,526 h. at 14c.	353 64
Fraser, Alex., blacksmith, 12 m., 2,900 h. at 17½c.	507 50
Fraser, John, machinist, July-Oct., 1,013 h. at 18½c., fitter, Nov.-June, 1,617 h. at 18½c.	486 58
Gaddis, Richard, tinsmith, 12 m., 2,923 h. at 18c.	526 14
Gallagher, Bernard, fitter, Dec.-June, 1,449 h. at 15c.; 106 h. at 15c.; less insurance, 11c.	233 59
Gaudet, Eustache, labourer, 12 m., 2,805 h. at 11c.	308 55
Gaudet, Florian, helper, July-Oct., 916 h. at 12½c., tool-keeper, Nov.-June, 1,602 h. at 12½c.	314 77
Gaudet, Philip, labourer, 12 m., 2,400 h. at 11c.	264 03
Geldart, Albert, apprentice, Feb.-June, 979 h. at 7½c.	73 43
Geldart, George, apprentice, July-Sept., 465 h. at 12½c.	58 13
Gifford, H. W., labourer, July-May, 2,310 h. at 11c.	254 10
Carried forward.....	666,708 77

## Auditor General's Report—Part R

### Canals : Original Specifications Imperfect.

AUDIT OFFICE, OTTAWA, July 16, 1897.

SIR,—I notice that many of the canal estimates of recent years contain extras, whose total is almost comparable with that of the work under the original contract.

A marked instance of this is shown at page R 57 of my report for 1895-96, where, out of \$2,377,570.04 of estimates certified for Wm. Davis & Sons on the Cornwall Canal up to October 7, 1896, only \$1,168,284.85 is covered by original advertised contracts.

It would be well, I think, to call the attention of the superintending engineers to this point, and to instruct them to prepare more careful and comprehensive specifications; and to advertise all extras over \$5,000 in amount (where they can be separated from the main contract), as provided by the Order in Council of May 23, 1880.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, July 22, 1897.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th inst., in which you call attention to the fact that a large amount of extra work has been executed under certain canal contracts, and suggest that more comprehensive specifications be adopted.

While thoroughly concurring in the views you express, I would observe that the specifications attached to the contracts to which you refer were prepared by the late chief engineer, Mr. Page, there must necessarily be a certain amount of work which cannot be foreseen at the time when the contract is being drawn, and, to some extent, extras are unavoidable. Every effort is, however, being made in the preparation of new contracts to cover all classes of work which the contractor may be called upon to perform.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

### Canals : Contract Provisions should be Regarded.

AUDIT OFFICE, OTTAWA, July 16, 1897.

SIR,—I notice that your department has let four new and large contracts on the St. Lawrence navigation, namely, the North Channel, the Cardinal Section, the Iroquois lock, and the Farran's Point lock.

The engineering staff will, I suppose, be largely made up of those who have been engaged in recent works of construction, such as the Cornwall Canal; and the contract form is probably very similar to the old one.

Let me call your attention to the innumerable difficulties we have had, resulting from the neglect of the contract provisions about: (1) ordering extras in writing; (2) fixing prices before work is done; (3) giving contractors the progress-estimate, and demanding continuous monthly claims from them for any work unpaid, if they want to keep the latter from being shut out; and so on.

There is a risk that the old system will be followed for the new work, unless special and very explicit instructions are issued.

Allow me to suggest that a circular be printed, calling attention to the different sections of the contract which have up to recent months been ignored, and warning every one concerned that no claims will be recognized in which any of the contract formalities have been disregarded.

The department would then be in a position to enforce all the safeguards of the contract, without being met by the plea that these sections were thought to be dead.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, July 19, 1897.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th inst., in which you make suggestions relative to the enforcement of certain contract provisions on works on the St. Lawrence Canals.

I am, sir, your obedient servant,

The Auditor General.

L. K. JONES, *Act. D.M.*

AUDIT OFFICE, OTTAWA, Nov. 29, 1897.

SIR,—Let me call your attention to my letter of July 16, 1897, suggesting that every one concerned in the working of canal contracts should be notified that no claims would be recognized in future, in which any of the contract formalities had been disregarded.

I should like to be informed of any action you may have taken, along the line indicated.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

### Canals: Interest on Land Purchases.

AUDIT OFFICE, OTTAWA, Dec. 4, 1896.

SIR,—With reference to the Order in Council sanctioning a payment to John Burns for property near Cornwall, based on three years' interest on the value of the property: before the amount for the interest can be paid, you should have the opinion of the Department of Justice that the Crown is liable in this case for interest, and for what rate of interest.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

JUSTICE DEPT., OTTAWA, Dec. 28, 1896.

SIR,—I have the honour to acknowledge the receipt of your communication of the 9th instant.

I find the practice of the Exchequer Court with reference to the allowance of interest upon claims with respect to expropriation of lands which may come before it for adjudication is as follows:—In cases where no tender has been made to the claimant, or in cases where he may recover more than the amount tendered him, interest at the rate of 6 per cent is allowed him from the date of the expropriation to the date of the judgment.

In cases where the claimant does not recover more than the amount tendered him—the practice is to allow interest from date of expropriation to date of tender—also at the rate of six per cent.

It is in the discretion of the court to refuse or diminish interest in certain cases mentioned in sec. 30 of the Expropriation Act (52 Vic., chap. 13).

## Auditor General's Report—Part R

---

After judgment, it is in the discretion of the Minister of Finance to allow interest to the claimant at four (4) per cent from the date of judgment to the date of payment.

I see no objection to the payment of interest by the government and under authority of Order in Council upon the same terms as mentioned above.

I am sir, your obedient servant

The Secy., Railways and Canals Dept.

E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, April 1, 1897.

SIR,—I notice to-day an Order in Council of March 26, 1897, giving interest to the estate of Pierre Zephirin Aymond, on the price of land taken for the Soulanges Canal.

In the absence of special parliamentary authority for paying interest, I think the department is limited to the payment of principal only.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, April 14, 1897.

SIR,—I have the honour, by direction of the Minister of this department, to inform you that under date of the 1st instant, the Auditor General has taken exception to the payment of interest on the amount of compensation payable to the estate of the late Pierre Seraphin Aymond for land required for the Soulanges Canal, for which payment of interest authority has been given by an Order in Council, dated the 26th ultimo, based on a minute of the Treasury Board, dated the 26th of that month, which adopted the recommendation of the Minister in that regard; the facts of the case being fully set out in his memorandum.

The Auditor General expresses the opinion that in the absence of special parliamentary authority for paying interest, only the principal can be paid.

This view represents a departure from the course heretofore adopted without objection from the Auditor General. The government valuers are forbidden to deal with the question of interest, being required to confine themselves to the appraisal of the lands taken and actual damages sustained, and in cases where a considerable delay, through no fault or defect of the parties themselves, has occurred, it is only natural and proper that they should hesitate to sign an agreement for settlement without stipulating that the amount found to be their due should bear interest. As to the propriety and fairness of recognizing such claims, the Treasury Board has in all submitted cases an opportunity of deciding. If, as the Auditor General seems to contend, Parliament alone can grant interest (though it is not called upon to decide as to payment of the principal) very serious delays in settlement must inevitably follow, and the cost of settlement be increased.

I am to ask that you will be pleased to obtain a ruling on the point raised by the Auditor General, in order that his objection may be either sustained or set aside.

I inclose the papers in the case.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

JNO. H. BALDERSON, *Secy.*

TREASURY BOARD, OTTAWA, April 17, 1897.

SIR,—I have the honour to inclose herewith Treasury Board file No. 22458, in reference to the payment of interest to the estate of Pierre Seraphin Aymond on the price of land taken for the Soulanges Canal, to which payment you take exception, and I have to request you to be good enough to advise me for the information of the board the nature of your objection to this payment, and the reasons therefor, and also to state

under what section and clause of the Audit Act you take your objection. I shall also be glad to have any remarks you may have to make on the subject.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secy.*

AUDIT OFFICE, OTTAWA, May 15, 1897.

SIR,—I forward to you herewith the papers connected with a proposal by the Department of Railways and Canals to pay interest on the purchase-price of land on the Soulanges Canal.

Please let me have your opinion as to whether the government can pay interest or not, in the absence of special parliamentary provision therefor.

I am, sir, your obedient servant,

Z. A. LASH, Esq., Q.C., Toronto.

J. L. McDUGALL, *A G.*

TORONTO, May 17, 1897.

SIR,—I acknowledge receipt of yours of the 15th instant, asking for opinion whether the government can pay interest upon the purchase money of land taken for the Soulanges Canal, in the absence of special parliamentary provision therefor. I have read the papers sent, and return them herewith.

As the government has had possession of this land for some time, and has delayed the payment of the price fixed by the valuator for it, I think it would be very unfortunate, in the interest of the government itself, if the law should be in such a condition as to preclude an allowance being made to represent the interest on the purchase money, and I am glad to be able to advise that the law is not in such a state.

As I understand the facts of the case from the papers sent me, the government took possession of the land for the purpose of the canal some time ago, and, in order to assist the Minister in concluding what offer he would make for the land so as to avoid the expense of expropriation proceedings, he got it valued by a valuator; and the parties, being informed of the amount which the valuator had placed upon the land, notified the department that they were willing to accept it. Delays occurred in the completion of the purchase, and the parties now claim interest. The question was referred to the Treasury Board; they reported in favour of allowing interest at four per cent, and an Order in Council has been passed authorizing its payment; and the question is whether you are justified in allowing the price fixed by the valuator, together with interest, to be paid.

Technically the government is not, in the absence of contract or statute providing for its payment, liable for interest. A contract to pay interest need not be an express contract evidenced in writing, but may be inferred from a course of dealing or from other circumstances under which contracts are inferred.

The act relating to the expropriation of lands, being chapter 39, R. S. C., empowers the Minister to purchase land required for work under his charge, and to agree upon the price therefor, and, provided that the money for the work has been voted by parliament, the Minister's contract would be binding.

In this case no formal contract for the purchase of the land in question was made. The Minister, in order to be in a position to make a formal tender to the parties so as to proceed regularly in expropriating the land if necessary, had it valued, and the parties signified their willingness to accept this valuation. The Minister, notwithstanding the value, might have agreed with the parties to pay a larger sum than the amount of the valuation, and you as auditor could not have questioned his right to do so, assuming of course good faith.

I gather from the papers that the parties would not be willing to make a conveyance of the land unless an amount equal to the valuation, plus interest, be paid them. If they decline to convey, the only result would be that the department would have to

## Auditor General's Report—Part F

either tender to the parties an amount sufficient to cover the principal and interest, or run the risk if a less sum were tendered of being compelled to pay the costs of the expropriation proceedings if a greater sum than the tender were awarded; and, under the circumstances of this case, I think it might be taken for granted that a sum equal to the amount set by the valuator, plus interest thereon, would be awarded.

The whole difficulty could be got over by the Minister now making an agreement with the parties to pay them a lump sum which would include interest. What has taken place is in fact this, and I see no reason why you should interpose any objection to carrying out what is substantially authorized by the law.

I note that the departmental letter of April 14, states that the valuator was forbidden to deal with the question of interest. It therefore appears clear that in fixing the value he dealt only with the value of the land without taking into consideration the fact that the government had been in possession, or would be in possession, for a considerable time before the amount he fixed was paid.

I am, sir, your obedient servant,

The Auditor General.

Z. A. LASH.

AUDIT OFFICE, OTTAWA, May 18, 1897.

SIR,—With reference to your letter of the 17th April, inclosing an appeal by the Railways and Canals Department from my opinion regarding the payment of interest on the price of land, required for the Soulanges Canal, which belonged to the estate of Pierre Zephirin Aymond, I return the papers herewith.

I have since had an opportunity of discussing this matter with the Deputy Minister of Justice and have also had an opinion from Mr. Lash, Q.C. As a result, I have come to the conclusion that I should withdraw my objection. I have communicated to this effect with the Department of Railways and Canals.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

### Cornwall, Sec. 10: Specification not Followed.

AUDIT OFFICE, OTTAWA, March 17, 1897.

SIR,—Let me acknowledge receipt of a copy of Mr. Rubidge's letter No. 162,952, concerning the Final Estimate of Jocks, Delorimier & Broder.

The only item now disputed by this office is that of \$1,798.74 for treenails and spikes in the 3-inch flooring. I asked, under date of October 3, whether the provisions of the contract had been complied with, as to ordering and valuing the work before it was done, and claiming pay for it continuously thereafter. No evidence in this direction has been offered by Mr. Rubidge, and I have to ask you to deduct the amount from the final estimate.

The item is irregular also from another point of view. Please consult Mr. Lash's opinion *re* Sheik's Island Dam, shown on pages 18 and 19 of my "Return of Treasury Board Over-Rulings between the sessions of 1894 and 1895." The part of his letter which is applicable to the present case begins at line 11 on page 19, and is quoted in the following paragraph:

"In the contract of November, 1888, Her Majesty's covenant to pay is in these words:—'24. And Her Majesty in consideration of the premises hereby covenants with the contractors that they will be paid for and in respect of the works hereby contracted for, and in the manner set out in the next clause hereof, the several prices or sums following, viz.' (Here follows the list of prices.) The word 'works' is defined by the contract to mean the whole of the work and materials, matters and things required to be done, furnished and performed by the contractor under the contract. The following clause appears:—'34. It is distinctly declared that no implied contract

“of any kind whatsoever, by or on behalf of Her Majesty, shall arise or be implied from anything in this contract contained, or from any position or situation of the parties at any time, it being clearly understood and agreed that the express contracts, covenants and agreements herein contained and made by Her Majesty are and shall be the only contracts, covenants and agreements upon which any rights against her are to be founded.”

Mr. Lash concludes from these sections (at lines 36 to 38), that the prices contained in the schedule to a contract are full payment for all the works described in the specification.

The work of fastening the lower flooring with wooden dowels, and the upper course with iron spikes, is described minutely in the specification. The spikes for the upper course are mentioned in the the schedule, but nothing is said therein about the dowels for the lower course. I infer, therefore, that the dowels are covered by the board-measure price for the 3-inch plank which they fasten.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, March 20, 1897.

SIR,—I have the honour to acknowledge the receipt of your letter of the 17th instant, in further reference to the final estimate dated the 28th July, 1896, given under the contract of Messrs. Jocks, Delorimier & Broder, for section No. 10, of the Cornwall Canal enlargement, as to which you take exception to a certain item of \$1,798.74 for treenails and spikes in the three-inch flooring.

I would observe that the engineer, Mr. Killaly, under whom the work was done, has been dead for some years, and all the information I could give you on the subject was contained in a report from Mr. Rubidge, the present superintending engineer, dated the 9th of January last, sent you under cover of a letter from me, dated the 13th of that month.

There is no doubt that the claim was made at the time the work was done, though it does not appear to have been then rendered in the shape of a definite account, nor has it been repeated from month to month; I am, however, assured by the engineer in charge that the item is perfectly correct, and the work having, beyond question, been executed and not been paid for, I cannot feel myself justified in deducting the amount from the final estimate as suggested, more especially in view of the well recognized practice of the late chief engineer, Mr. Page, in not dealing with such claims until the completion of the contract, the contractors thus being led to omit their formal presentation and reiteration as a matter of no importance as affecting their progress estimates.

I am, sir, your obedient servant,

COLLINGWOOD SCHREIBER, D.M. & C.E.

The Auditor General.

RAILWAYS AND CANALS DEPT., OTTAWA, April 5, 1897.

SIR,—In reply to your letter of the 17th ultimo, relative to a certain item of \$1,798.74, in the final estimate of Jocks, Delorimier & Broder, under their contract for work on the Cornwall Canal, which you desire to have deducted, I have the honour to state that I am unable to furnish you with any further evidence in the matter. I feel satisfied that the contractors have earned the amount by the execution of the work required, and it would appear that they are fairly entitled to be paid.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

## Auditor General's Report—Part R

AUDIT OFFICE, OTTAWA, APRIL 29, 1897.

SIR,—In further discussion of the claim of Jocks, Broder & Delorimier for \$1,798.74 for fastening the lower course of flooring in Lock 21 on the Cornwall Canal in the season of 1889 :—

The item is made up of two amounts, as follows :—

Treenails in place, 14,049 at 10c.....	\$1,404 90
Spikes, 4,923 lbs. at 8c.....	393 84

Under the opinion of Mr. Lash, previously communicated to you, the treenails are included in the price for the flooring, since they are described in the specification. The same argument, however, would not apply to the spikes used instead of treenails, if the change had been ordered by the engineer, for some object desired by the government : in that case, the difference might be paid, if any.

The agent of Jocks, Broder & Delorimier now suggests that some such order must have been given, for government purposes, as there is still a large number of treenails not used, although prepared. His suggestion is untenable, as the following shows :—

Mr. Hayter of this office was in the lock at the time the lower floor was laying. He noticed the departure from the specification, in the use of spikes instead of treenails, and asked Inspector Sutcliffe for the reason. Mr. Sutcliffe stated that spikes were used only where they would be covered by the lock-masonry ; that they would " do as well as treenails " there ; and that the change was in the interest of the contractors, to save them the trouble of boring holes.

As far as payment is prevented by the absence of written orders, that of course might be amended by Order in Council, as was done for Wm. Davis & Sons.

I am, sir, your obedient servant,

The Deputy Minister Railways & Canals.

J. L. McDOUGALL, A.G.

MORRISBURG, June 14, 1897.

SIR,—When at Ottawa on March 16, 1897, we called at your office several times, but were unable to see you, in reference to the bill for treenailing and spiking of lock and weir bottoms on section 10, Cornwall Canal, amount claimed being \$1,798.74 as shown in Auditor General's report for 1896, R. 60, final estimate, which amount you still refuse to pass, so as to enable us to get the pay. We have had A. Broder, M.P., and J. P. Whitney, M.P.P., our solicitor, call upon you to find out what the real cause of your refusal to pass this item was, and from all the information we can get it appears to us that there is no good reason why it should not be paid. As the materials were furnished and work done in accordance with the specification, pages 8 and 23, as required by sections 3 and 8 of the contract, and the decision of the engineer, section 33 (of contract) to be final. And as it appears that all the engineers in charge at the time the work was done, and all who have been in charge since say that the work done and material furnished was necessary and done in accordance with the specification and under the direction of the engineer or engineers in charge, and that the chief engineer has certified, (as called for under section 33 of contract), that the item is correct and should be paid.

And that the Auditor General's reports show that in the years 1890, B.-306, and in 1891, C.-77 and 78, and in 1892, C.-88, and in 1893, C.-104, 106 and 108, and in 1894, Q.-47, and in 1895, R.-52, and in 1896, R.-72, treenailing the floors of locks and weirs was paid for in each of the foregoing years, and on examination we find that the contracts, specifications and schedules are exactly the same in each case word for word, as in the contract, specification and schedule for section 10, Cornwall Canal, and that the price paid for flooring was in all of the foregoing cases except one \$10. per M.B.M. more and in the one case \$5.00 per M.B.M., more than was paid for the flooring in section 10, Cornwall Canal, which we think does away with the inference, that the dowels are covered by the board measure price for the 3-inch plank which they fastened,

and as a plank 12 feet long 3 x 12 at \$20 per M.B.M., would cost 72 cts., and the 11 treenails which is required for each plank would cost \$1.10, there is no ground to infer that the price of the plank could cover the treenailing, for if the contractor got pay for the treenailing and put the plank in for nothing he would be 38 cts. for each plank better off than to get paid for the plank and lose the treenailing, and as for the change that was made from treenailing to spikes in the lower floor under the walls of lock and weir, it was a saving to the department for every plank of 82 cents; the 11 treenails to each plank at 10 cts. each is \$1.10 and 11 spikes, 7 inches long weight  $3\frac{1}{2}$  lbs at 8 cts. per lb. 28 cts. or a saving in the whole change of at least from \$200 to \$300, in favour of the government, so we hope that after giving this matter full and due consideration you will see the justice of our claim and act, accordingly and oblige your obedient servants,

GEORGE DILLEN, Sr., and

H. H. BRADFELD,

Executors of the late Wm. Broder, estate, for the firm  
of Jocks, DeLorimier and Broder, contractors.

The Auditor General.

### Sault Ste. Marie: Hugh Ryan & Co.

AUDIT OFFICE, OTTAWA, April 10, 1897.

SIR,—Let me acknowledge receipt of your Application No. 382 for \$64,500 in favour of Hugh Ryan & Co, being a payment on account of Estimate No. 61 on Section 2 of the Sault Ste. Marie Canal.

To facilitate the discussion, I inclose a copy of a statement showing details of the differences between Estimates 60 and 61.

I should like to have full information concerning any items in this statement which may have their origin in changes of classification.

For the entries which are marked "N C" in the last column, I do not find prices in any of the contracts which have been supplied to me. Please send copies of the necessary documents.

Item No. 55, for "Masonry in revetment-wall of prism", was entered in Estimate 57 of May, 1894, at \$7.50 a yard, the price mentioned in the contract-schedule. In Estimates 58, 59 and 60 the rate was reduced to \$4.50 a yard, and your note attached as follows:—"The price for the masonry revetment-wall in cement I have placed at \$4.50 per cubic yard, pending a further examination into the question, before issuing "a Final Estimate". Please let me have information as to the question which was at issue, and the reasons for restoring the rate of \$7.50, with copies of any correspondence relating thereto.

For the different new bills of extras, amounting to \$2,830.10, proof will be needed that they were ordered and priced in writing by the engineer before the work was done, and that continuous claims for payment were made by the contractors: both these being contract-conditions precedent to our liability.

I should be glad to pass the application if this office were relieved from responsibility with reference to items on which explanations are asked. A similar course was adopted in connection with applications in favour of Wm. Davis & Sons.

I am, sir, your obedient servant,

The Deputy Minister Railways & Canals.

J. L. McDOUGALL, A.G.

(NOTE: The Final Estimated is detailed at page R-48 of the Report. J. L. McD.)

RAILWAYS AND CANALS DEPT., OTTAWA, April 14, 1897.

SIR,—Referring to your letter of the 10th instant, by which you ask for information relative to application No. 382 for the sum of \$64,500 in favor of Hugh Ryan & Co

## Auditor General's Report—Part R

---

Co., on account of estimate No. 61, on Section 2, of the Sault Ste. Marie Canal, I have the honour to inclose a copy of the report, dated the 13th instant, made to the department by the Chief Engineer on your letter.

The explanations therein given will, it is hoped be satisfactory to you, though it may be necessary, as you suggest, to take steps to relieve your office from responsibility in respect of certain purely technical objections as in the case to which you refer.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

---

CHIEF ENGINEER'S OFFICE, OTTAWA, APRIL 13, 1897.

SIR,—The Auditor General's letter of the 10th instant having been referred to me, I have the honour to report that the following items in Estimate No. 61 of Lift Lock Contract, have in calculating the work closely, been reclassified according to their proper class under the Contract and supplements thereto.

*Item No. 17* :—the 6,260 cubic yards have by reclassification gone into item No 10. *Item No. 17c* :—the whole of the difference 2,990 cubic yards is due to final measurement. *Item No. 18c* :—the 3,818 cubic yards reduction is due to a reclassification, 3,709 cubic yards having gone into item No. 18d and 109 cubic yards into item No. 18e. *Item No. 30c* :—the 570 cubic yards reduction was under reclassification transferred to item No. 34, and the balance 301 cubic yards of the reduction is caused by a final measurement. *Item Nos. 36 & 36b* :—2,953 cubic yards reduction were under reclassification transferred to No. 36a. *Item No. 46* :—the 378 cubic yards reduction of this item under reclassification was transferred to item No. 47, and the balance of the reduction was caused by final measurement. *Item No. 55a* :—this reduction of \$25,540 is brought about, first by the fender cribs for swing bridge having been by error entered into this item amounting to \$10,929 and which was subsequently taken out and treated under the contract for that work, and by the taking down of some timber wall and replacing it with masonry. *Items Nos. 64 & 65* :—these reductions were due to final measurement. *Item No. 42* :—the machine shop was increased in size  $44\frac{1}{2}$  per cent, and a proportionate increase was made in the price as agreed with the chief engineer as being fair and just. *Item No 55b* :—the price of \$0.28 per cubic foot as per final measurement was agreed to with the Chief Engineer as being fair and just. *Items Nos. 61 & 62* :—these prices were agreed to by the Chief Engineer as being fair and just. *Item No. 66* :—the price was agreed to by the Chief Engineer as being fair and just. These arrangements were all made on the work and no letters passed between the parties.

The masonry revetment wall : The contract was for a wall of gray limestone \$7.50 per cubic yard, it was, however, built of sand stone, which was equally good for the purpose, but before passing it at that figure I placed it in the progress estimates at \$4.50 pending further consideration of the matter. I discussed the matter with the Honourable Minister when it was decided that under all the circumstances, it would only be right and just to enter it at \$7.50 which I have done.

As regards the extra bills for \$2,830.10, there appears to have been no writings, nor did the contractors make continuous claims for payment.

I am, sir, your obedient servant,

The Secy., Railways and Canals Dept. COLLINGWOOD SCHREIBER, D.M. & C.E.

---

AUDIT OFFICE, OTTAWA, April 15, 1897.

SIR,—Let me acknowledge receipt yesterday of your No. 104837, concerning estimate 61 of Hugh Ryan & Co. for \$127,292.72, of which only \$64,500 is at present asked.

I find that on several of the items further discussion will be necessary. Messrs. Ryan & Co., however, are anxious to get this \$64,500 as soon as possible; and it appears safe to pay it on the total, if we are not thereby committed to the particular items as they stand in the estimate.

Please obtain from Messrs. Ryan & Co. an acceptance of the \$64,500 on general account, without prejudice to our right of discussion.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

CHIEF ENGINEER'S OFFICE, OTTAWA, July 28, 1897.

SIR,—Referring to your communication of the 7th instant, in relation to Messrs. Hugh Ryan & Co.'s final estimate for lift lock of the Sault Ste. Marie Canal, I desire to explain that the masonry revetment wall was, as you state, to have been of "gray limestone," at \$7.50 per cubic yard, it was, however, built of good sound "freestone," which I at the time placed in the progress estimates at \$4.50. To arrive at this figure, I made no calculations, but as dry masonry of grey lime stone appeared in the contract schedule of prices at \$6 per cubic yard, and like work laid in cement mortar at \$7.50 per cubic yard, I merely took the item of dry masonry of "freestone" in the contract schedule of prices \$3 per cubic yard, and added \$1.50 to it, making it \$4.50 per cubic yard.

However, Mr. Ryan had an interview with the Minister and explained the matter fully to him, amongst other things, stating that they had gone to considerable expense in stripping the gray lime stone quarry and in erecting derricks, &c., therein, and generally in opening and preparing the quarry for use, and that as regards the use of the "free stone," it was merely a matter of time that entered into the consideration of its use, instead of the grey limestone, and of course its suitability for the purpose.

He further stated to the Minister that I had said to him upon one occasion, when on the work, that the freestone would make an equally good job, and asked if I had any objection to its use, to which he says I replied, "No, I had none," and that upon the strength of this, he used it; moreover, he further remarked to the Minister that in preserving this stone out of the prism of the canal, they had to put in light shots of dynamite, and to quarry it by crowbar, to avoid shattering it, whereas, had they taken it out in the ordinary way for excavation, heavy charges would have been used so as to thoroughly shake it up and shatter it.

The Minister after hearing him, discussed the matter with me, and carefully considered it. His final decision being that they were entitled to be paid for this work at \$7.50, and so it appears on the final estimate.

I may say I have a clear recollection of the conversation to which Mr. Ryan refers, and I certainly did say that it would make an equally good job, and that I had no objection to its use, but nothing was said about price.

The cribwork at the eastern entrance to which you refer, was not put up to public tender, but it was in such a position that nobody but Messrs. Hugh Ryan & Co. could do the work, and the prices as fixed by me, are, I consider, reasonable, fair and just.

The extras amounting to \$2,830.10 were, as you correctly state, not ordered in writing at the time.

With regard to the fender cribs, there were no instructions given, prior to their erection, beyond the sending of plans and specifications, but by some oversight a copy of the contract was not sent, and it was only some time after its completion that I became aware of the omission.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M. & C.E.

## Auditor General's Report—Part R

---

AUDIT OFFICE, OTTAWA, July 26, 1897.

SIR,—You will remember having arranged, in our interview of July 17, that the examiner of canal accounts in this office should have access to some of the Sault Ste. Marie calculations, pending the completion of the testings by the expert check clerk in your department—such testings being at that time expected to last for perhaps a week more.

Please let me know how the expert check clerk is progressing with his testings, and when we may hope for the papers to reach this office.

The volumes of measurements, diagrams and extensions occupy, I believe, several cubic feet; and it is now within a week of the lapsing of the vote. I do not think you are allowing us time enough for a proper audit of the final estimate.

Along with the calculations, I should like to be supplied with a list of the items tested by the expert check clerk in your department, so that the main part of my examination may be directed elsewhere.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

---

AUDIT OFFICE, OTTAWA, Sept. 1, 1897.

SIR,—Let me call your attention to my letter of July 26th, 1897, which explained that you were not allowing sufficient time for an examination of the Sault Ste. Marie calculations in this office.

I should like to know how your expert check clerk is progressing with his testings, and when we may hope for the papers.

We shall need also a list of the items tested by the expert check clerk.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

---

RAILWAYS AND CANALS DEPT., OTTAWA, Sept. 7, 1897.

SIR,—I have the honour to acknowledge the receipt of your communication of the 1st instant, relative to the checking of the final estimate for certain works on the Sault Ste. Marie Canal. In reply, I have to inform you that the check clerk of this department completed his test of the final estimate for the said work, and that application for the payment of the same was made to you on the 31st ultimo.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, *D.M.*

---

AUDIT OFFICE, OTTAWA, Sept. 9, 1897.

SIR,—Let me acknowledge receipt to-day of your 166,432 of September 7, informing me that the check clerk completed his test of the Sault Ste. Marie final estimate on the 31st of August.

Please inform me further, as requested in my letters of July 26 and September 1, concerning the nature and extent of the test-audit made by the check clerk.

This is under Sec. 46 of the Audit Act, whereby I am empowered to accept the arithmetical calculations made by departmental officers, if satisfied as to their carefulness.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

RAILWAYS & CANALS DEPT., OTTAWA, Sept. 10, 1897.

SIR,—I have the honour to acknowledge the receipt of your letter of the 9th instant, in which you ask for certain further information relative to the final estimate for works on the Sault Ste. Marie Canal, which information was asked for in your communications addressed to the department on the 26th of July last and the 1st instant. In reply, I have to inform you that the special check clerks in this case were Messrs. Francis J. Lynch and W. L. Leslie, whose figures and calculations you already have. I have great confidence in the honesty and integrity of these two gentlemen. All that Mr. Mothersill, the regular departmental checker of accounts and estimates did, was to check some of the additions and see that the prices were correct.

I am, sir, your obedient servant,

The Auditor General,

COLLINGWOOD SCHREIBER, *D.M.*

AUDIT OFFICE, OTTAWA, Sept. 10, 1897.

SIR,—I notice that several items in Ryan & Co.'s final estimate on the Sault Ste. Marie Canal, though outside of or variations from the specifications, are not supported by written orders from the engineer.

As in previous cases, all such items will need the authority of an Order in Council, before they can be recognized as liabilities.

I am, sir, your obedient servant,

The Deputy Minister Railways and Canals.

J. L. McDOUGALL, *A.G.*

RAILWAYS & CANALS DEPT., OTTAWA, Sept. 10, 1897.

SIR,—I have the honour to report that there were certain extra works executed by the contractors for the lift lock on the Sault Ste. Marie Canal, which were carried on under *verbal* instructions and for which the chief engineer has fixed reasonable prices.

The contract calls for *written* orders, instead of which the work was done under *verbal* orders, as has been the *practice* under the *same form* of contract for *very many years*. Steps have been taken, however, to put an end to this practice, and efforts are being made to give written orders for all extra work and as far as *practicable* establish the prices before the work proceeds.

The following are some amongst the works so ordered and for which an Order in Council is necessary to enable payment to be made. 1st. Extending entrance cribs to connect with lock at lower end, a work absolutely necessary, and one which could be done by these contractors only, as another contractor would have greatly interfered with the conveniences of the contractors for the locks.

Cribwork piers at Eastern End *	\$10,729.26
Contractors' Accounts **	2,830.10

These were actually necessary and are all in order except the omission of giving the order in *writing*.

The work is done, the country has the benefit of it, I therefore suggest it would be quite proper to authorize payment by Order in Council.

I am, sir, your obedient servant,

COLLINGWOOD SCHREIBER, *D.M. & C.E.*

The Secretary, Railways and Canals.

\* For details, see item 66 on page R-49 of this Report, *J. L. McD.*

\*\* For details, see page R-49 of this Report, *J. L. McD.*

## Auditor General's Report—Part R

---

---

*Extract of Order in Council of Sept. 21, 1897.*

On a memo. dated 20th September, 1897, from the Acting Minister of Railways and Canals, representing that in connection with the final estimate prepared by the chief engineer of the Department of Railways and Canals, covering works executed by Hugh Ryan & Company, under their contracts for the construction of the Sault Ste. Marie Canal, the objection has been raised by the Auditor General that certain extra work has been performed under verbal instead of the written instructions called for by the contract provisions, which also required the prices for such extra work to be previously fixed in writing. The Auditor General has suggested that an Order in Council be obtained to recognize the liability.

The Minister further represents that under date the 10th Sept. instant, the chief engineer, has reported on the matter, showing that extra work has been executed to the total value of \$13,559.36, the several items and prices fixed for which he enumerates.

The Minister submits a copy of the said report, which is explanatory of the circumstances of the case, and recommends that the contract provisions referred to, namely, those of clause No. 5, be waived in so far as the items of works specified in such report are concerned, and that payment accordingly be authorized.

The Committee submit the same for Your Excellency's approval.

J. J. MCGEE, *C.P.C.*

---

AUDIT OFFICE, OTTAWA, Sept. 10, 1897.

SIR,—In further discussion of Ryan & Co.'s final estimate on the Sault Ste. Marie Canal :

It has rarely happened, within my recollection, that a final estimate has been the last thing heard of a contractor : Arbitrations, Exchequer Court awards, special votes many years after—there has always been something to upset the judgments of the Chief Engineer.

Although Ryan & Co.'s case appears to be pretty fully stated in the final estimate now in hand, I would feel that the present investigations were of more permanent value, if assured that no claims would subsequently be made for payment along totally different lines.

You mention that the contractors have had the final estimate for two months. Can you obtain definite information that they will accept it ; and if not, the nature and extent of their additional claims?

I am, sir, your obedient servant,

The Deputy Minister Railways and Canals.

J. L. McDOUGALL, *A.G.*

---

RAILWAYS AND CANALS DEPT., OTTAWA, Sept. 18, 1897.

SIR,—Referring to your letter of the 10th instant, in which you suggest that Messrs. Ryan & Co., contractors for the Sault Ste. Marie Canal works, be asked whether they are prepared to accept the final estimate made in respect of such works, or, if not, what is the nature and extent of their additional claim, I have the honour, by direction, to say that communication has been had with the contractors in the matter, and a reply has been received from them, under date the 17th instant, a copy of which I inclose for your consideration.

I am, sir, your obedient servant,

The Auditor General.

L. K. JONES, *Secretary.*

TORONTO, Sept. 17, 1897.

SIR,—We beg to acknowledge letter from the Secretary of the 13th instant, enclosing a letter from the Auditor General of the 10th instant. We have been looking for some time for a cheque for the final estimate, and do not know why it has been delayed, and we shall be glad if you will draw the attention of the Auditor to the fact that the vote lapses on the 30th instant, and there does not seem to be any reason whatever why its issue should be delayed. The Auditor General seems to cast a doubt upon the certificate granted. We do not presume for a moment that he desires to take the position, in withholding the cheque, that he has a right to bar any further or other claims, or to anticipate or prevent any Exchequer Court or other proceedings. To do so would be to take upon himself the adjudication of all claims arising out of all contracts.

We are sure that you only need to call his attention to the situation to have the cheque issued at once.

Respectfully yours,

The Deputy Minister Railways and Canals.

HUGH RYAN & CO.

AUDIT OFFICE, OTTAWA, Sept. 20, 1897.

SIR,—I am in receipt of your 106571 inclosing copy of a letter from Messrs. Hugh Ryan and Co., with reference to my request for information as to the intention of the company regarding the acceptance of the final estimate as closing the transaction.

Be good enough to say whether you have given the contractors your views on the subject in reply, or intend to do so.

I am, sir, your obedient servant.

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, October 15, 1897.

SIR,—Referring to your communication of the 20th ultimo, relative to the final estimate for work done by Messrs. Hugh Ryan and Company, under their contract on the Sault Ste. Marie Canal, I have the honour to inform you that the said company have not been invited to send in a further claim over, and above, the chief engineer's certificate, but a copy of the final estimate was mailed to them some time ago, to which no reply has been received. The chief engineer states that he believes his certificate covers all the said contractors are entitled to.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

AUDIT OFFICE, OTTAWA, Sept. 30, 1897.

SIR,—In the final estimate of Hugh Ryan & Co., for section 2 of the Sault Ste. Marie Canal, in addition to the items on which you are withholding payment, there is one which I shall be unable to certify, namely :

20a : Additional concrete in front of revetment cribs,  
2114 c. y. at \$8.30 . . . . . \$17,546.20

The objections against this item are as follows (the references being to the evidence in the Appendix to the Commons Journals for 1895) :

Mr. Schreiber (783) and Mr. Thompson (1394) testified that the cribs were not properly filled. Mr. Schreiber (795) said the top and bottom of the cribs had not moved, but that the bulge outward of several feet was in the middle of the cribs. Mr. Thompson (1408.9) said the bending-down of the ties was caused by the weight of the contractors' temporary dry wall. On the other hand, Mr. Hugh Ryan (1986, 2065),

## Auditor General's Report—Part R

Mr. Crawford (2313), Mr. Haney (3080) and Mr. Keefer (3258) testified that the cribs were shoved out by the pressure from behind.

Had the damage been caused by the pressure from behind, the tops of the cribs would have gone out, as well as the middle parts, as there was nothing to hold the tops in. The distortion which Mr. Schreiber mentions is one which would be caused by an excessive vertical load, coupled with imperfect filling—and the contractors are responsible for both: they should therefore repair the damage.

Mr. Crawford (2335) states that some cribwork shoved before it was filled, as the filling was delayed for want of derricks. Since the contractor should have had the derricks, he should pay any damage caused by their absence.

Respectfully yours,

FREDERICK HAYTER,  
*Chief Clerk—Expenditure Branch.*

The Auditor General.

NOTE.—My reasons for passing the amount (\$17,546.20) mentioned by Mr. Hayter are:—

(1) That the evidence quoted by him, judging by the numbers who testified, is favourable to the opinion that the necessity for the concrete did not arise from any defect which may have existed in the filling of the cribs.

(2) That the contractors did the cribwork and filling under the inspection and with the approval of the engineer who acted for the superintending engineer in his absence.

(3) That although there seems to me much ground for the opinion of Mr. Hayter that the distortion could not have been caused from pressure from behind the cribwork, the question is one which may be left in the hands of the engineering experts.

J. L. McD., A.G.

—————  
AUDIT OFFICE, OTTAWA, November 4, 1897.

SIR,—I send you by this mail the Journals of the House of Commons, year 1895, and would ask you to look at your evidence as given before the Public Accounts Committee in connection with the inquiry regarding Hugh Ryan & Co's. contract for the Sault Ste. Marie Canal, and particularly at that part of it on page 78, Appendix (No. 1 A.), which deals with the quantity of masonry at \$16, a cubic yard.

You, after consulting documents, put down the quantity at 5,581 cubic yards, while the quantity returned by the department is 9,763 cubic yards. Perhaps you will be kind enough to say shortly how it was that you arrived at the 5,581 cubic yards so that I may decide how far I am justified in passing the account for the larger quantity.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

W. G. THOMPSON, Esq., Superintending Engineer, Welland Canal, St. Catharines.

—————  
ST. CATHARINES, ONT., Nov. 5, 1897.

SIR.—I beg to acknowledge the receipt of your letter of the 4th instant, and the Journal of the House of Commons for the year 1895, and note your inquiry as to the quantity of masonry in the Sault Ste. Marie Canal lock, which was returned at \$16 per cubic yard.

I see from my evidence before the Public Accounts Committee, that when answering questions on this point, I had documents before me, and without again consulting these documents which are in Ottawa, I cannot say how the quantities I mentioned were arrived at.

The quantities of different items of lock masonry as returned in the final estimate (which I have not seen) might throw some light upon the subject.

I am, sir, your obedient servant,

The Auditor General.

W. G. THOMPSON, *Supt. Eng.*

### Sault Ste. Marie ; Renewing Timber Wall.

AUDIT OFFICE, OTTAWA, April 8, 1897.

SIR,—I have just received an Order in Council of the 1st instant sanctioning a payment to the contractors for the Sault Ste. Marie Canal of \$5,795.94 for which, as is stated in the Order in Council, the government is not legally liable.

During the hearing of the Goodwin case in the Exchequer Court the Judge said in my presence that the government, not having any authority to give the public money away, could not properly pay for work done under a contract anything but that for which the contract made it liable.

I write at the first knowledge which I have of the order, so that my inability to pass the amount as the question now stands being known, such steps as seem advisable to relieve me from responsibility may be in preparation by the department, should it be thought well to press the matter without obtaining direct parliamentary authority.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

### Soulanges : \$10,000 Drawback released to A. Stewart.

AUDIT OFFICE, OTTAWA, May 28, 1897.

SIR,—In connection with the payment of \$10,000 to Mr. Archibald Stewart, I should like to have your certificate that it may be safely made.

This is in accordance with the Order in Council of May 27, 1890, which requires "the advice of the engineers" before drawbacks can be repaid.

The same subject was discussed in April 1896, on a payment to Mr. Onderdonk.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, May 28, 1897.

SIR,—In the matter of the \$10,000 of the 10 per cent drawback proposed to be paid to contractor Archibald Stewart, in connection with his contract for sections Nos. 1 and 2 of the Soulanges Canal : for the information of the Auditor General, my report thereon dated 10th February last, should be forwarded to him, together with a copy of this communication. I have nothing to add thereto beyond the fact that if this \$10,000 is not paid, I fear there will be delay in commencing the work for the season, which will be a very serious matter, it would therefore, appear to be in the interest of the prosecution of the work that payment of this amount be made.

I am, sir, your obedient servant,

COLLINGWOOD SCHREIBER, *D.M. & C.E.*

The Acting Secretary Railways and Canals.

## Auditor General's Report—Part R

RAILWAYS AND CANALS DEPT., OTTAWA, Feb., 10, 1897.

SIR,—By the agreement in connection with the change from a four lock system to a three lock system, the contractor was to pay back to the government the sum of \$48,500 advance on backing stone ; and of the last estimate..... \$463,109 00

There was paid for materials about..... 280,000 00

Leaving a balance for work done on the Canal of..... \$183,109 00

There remains yet to be done work to (exclusive of materials paid for) the value of about..... 355,000 00

Security in hand 10 per cent drawback..... \$ 21,300 00

Deposit security mortgage for..... 40,900 00

\$ 62,200 00

If deduct advance on backing stone..... 48,500 00

\$ 13,700 00

If Mr. Stewart's application is granted..... 10,000 00

It will leave security in hand of. .... 3,700 00

It is however, only right I should say that the delay in prosecuting the work last season was not the fault of the contractor, but was owing to his not being allowed to proceed with the work by reason of the superintendent engineer refusing to allow him to use the stone which I had approved of to be taken from the Rockland quarry.

I am, sir, your obedient servant,

COLLINGWOOD SCHREIBER, *D.M. & C.E.*

The Secretary, Railways and Canals.

AUDIT OFFICE, OTTAWA, May 29, 1897.

SIR,—In further discussion of the proposed payment to Mr. Archibald Stewart, of \$10,000 on account of his drawback :—

I infer, from your letter of February 10, 1897, that it is intended to charge to Mr. Stewart now the \$48,500 previously advanced on account of backing stone. This would leave his account in the following state :—

Estimate 46, including \$48,500 for stone..... \$464,605 55

Deduct backing stone..... 48,500 00

\$416,105 55

Cash payment to date..... 443,140 00

Paid in excess..... \$27,034 45

Please mention whether this understanding is in accordance with your arrangements.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, May 29, 1897.

SIR,—In answer to your letter of to-day's date, in connection with the proposed payment to Archibald Stewart of \$10,000 on account of his drawback, I desire to say that the \$48,500 was not an over payment, under the four-lock system.

Under the arrangement made for the substitution of the three-lock system for the four-lock system, which is a saving of over \$100,000 on cost of construction, and a

considerable saving in operating expenses, the \$48,500 is to be deducted by degrees, as all the stone which was required for the four-lock system is not required under the three-lock system.

Yours truly,

The Auditor General.

COLLINGWOOD SCHREIBER, *D.M. & C.E.*

OTTAWA, August 20, 1895.

TO THE HONOURABLE MINISTER OF RAILWAYS AND CANALS:—

I hereby agree to do all the stonework and concrete required in connection with the construction of three locks each 23½ lift at the following prices, viz. :—

For cut stone in coping, quoins, recesses, ashlar or wherever required, *Fourteen Dollars per cubic yard.*

For concrete in locks wherever required, *Two Dollars and eighty cents per cubic yard.* These prices to cover all cost in connection with the respective items.

With reference to the twenty-five thousand cubic yards of backing now quarried and piled at Rockland quarry, I agree that after such portion as may be deemed necessary shall be used in the works of my contract under the direction of the engineer of the canal, that the balance shall be charged against me at the same rate as has been advanced thereon.

ARCHIBALD STEWART, Contractor, Sections 1 & 2, Soulanges Canal.

Witness, THOMAS MONRO, C.E.

AUDIT OFFICE, OTTAWA, May 31, 1897.

SIR,—In further discussion of the application for \$10,000 in favor of Mr. Archibald Stewart, on account of drawback, I think I shall still need the certificate of the Chief Engineer, that the payment can be safely made. This appears to be the spirit of the Order in Council of May 27, 1890, which requires "the advice of the engineers."

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals,

J. L. McDOUGALL, *A. G.*

JUSTICE DEPT., OTTAWA, June 7, 1897.

SIR,—Referring to the application for the payment to Mr. Archibald Stewart of \$10,000 on account of drawback payable under his contract for work on the Soulanges Canal, and the papers relating thereto, which were handed to the Minister of Justice, from your department, I am directed by the Minister to state as follows :—

There is no copy of Mr. Stewart's contract with the papers, but I have no doubt it is in the usual form.

Section 25 provides for the method of payment, and states in effect that cash payments equal to about ninety per cent of the value of the work done will be made to the contractor monthly on the written certificate of the engineer that the work on account of which the certificate is given has been executed to his satisfaction, and stating the value of the work done. Upon these certificates ninety per cent of the amount earned is paid. The clause goes on to provide that the remaining ten per cent shall be retained until the final completion of the whole work to the satisfaction of the engineer, and within two months after the completion the remaining ten per cent will be paid upon the written certificate of the engineer certifying to the final completion of the works to his satisfaction, which certificate shall be a condition precedent to the

## Auditor General's Report—Part R

---

remaining ten per cent. This ten per cent is what the department calls the "drawback". It has no connection with the security deposit which is originally taken for the performance of the contract.

Clause 25 of the contract, to which I have referred, should, I think, be read in the light of the Order in Council of 27th May, 1890, copy of which is with the papers. That Order in Council states, after mentioning reasons, that it has been the practice of the department to regard the clause in question as binding on the contractor only, and to allow, on the advice of its engineer, the payment from time to time, of such portions of the drawback as the case might justify, and the Order in Council concludes by approving the practice and the construction of the clause as thus stated, and authorizes such construction to be adopted for the future.

The Order in Council of 27th May, 1890, is a general one intended to refer to all the contracts of the department, and it authorizes the department, in the circumstances mentioned, without reference to the Governor in Council, to make payments in advance on account of the drawback.

I do not see upon what grounds the validity of that Order in Council can be questioned, especially as relating to contracts afterwards made, and I do not understand the Auditor General, in any of his letters, to question the validity of the Order in Council, but what he asks is the certificate of the engineer that the present payment of \$10,000 on account of drawback may be safely made, such being his interpretation of the requirement of the general Order in Council, which says that the department may pay on the advice of its engineers (see the Auditor General's letter of 28th May last).

The Order in Council of the 22nd May last is, however, a special one directed to this particular case, and by it a payment to Mr. Stewart of \$10,000 out of the drawback is authorized unconditionally. There can, I think, be no doubt that the latter Order in Council would have the effect of modifying the former one as to this particular case, in so far as the requirement of advice from the engineer is concerned. The one Order in Council is as good as the other, and where there is any difference between them, the later one should prevail. There is, therefore, it appears to me, no legal foundation for the Auditor General's point that he should have a further certificate from the engineer.

Upon the other question as to whether the government can modify its contract in course of performance, or waive its term of credit (which question I do not understand the Auditor General to raise), I can find no authority against the existence of such a right, and it seems to me an elementary proposition that the government having authority to enter into a contract originally, would have authority afterwards, during the progress of the work, with the consent of the contractor, to modify it.

It is to be observed that the contract in question has not been expressly confirmed by any statute, and, therefore, it cannot be said that the various provisions of the contract have been adopted or sanctioned by Parliament in a manner which would exclude the authority of the parties to vary them.

If a contract was not within the authority of the government to enter into without subsequent confirmation by Act of Parliament, or the like, and received such subsequent sanction, or, if a contract, as set forth in a schedule, or otherwise, has been expressly confirmed by parliamentary authority, I do not suppose that the government could modify any of its terms; but where a contract is entered into in pursuance of previous statutory authority, or of the general authority which belongs to the government, I see no reason why the government has not the same jurisdiction to modify which it had to enter into the contract originally, provided the modification is not inconsistent with what has been sanctioned by Parliament.

I am to state that the Minister concurs with the views as above expressed, and that there is no legal objection to the payment of the \$10,000, in the circumstances.

Papers returned herewith.

Yours truly,

E. L. NEWCOMBE, *D.M.J.*

The Deputy Minister, Railways and Canals.

TREASURY BOARD, OTTAWA, June 9, 1897.

SIR,—I have the honour to inclose herewith T. B. file No. 22554, being papers forwarded to the Treasury board from the Department of Railways and Canals with a request that a decision of the Board be obtained upon the point of objection raised by you to the payment to Mr. Archibald Stewart, contractor for certain works on the Soulanges Canal, of the sum of \$10,000 from the amount of the 10 per cent drawback in hand thereunder, such payment having been authorized by an Order in Council of 22nd May, 1897, and I have to request that you will be good enough to advise me for the information of the board as to the nature of your objection to such payment and the ground for such objection, and also to state under what section and clause of the Audit Act you take your objection. I shall also be glad to have any remarks you may wish to make in reference to the matter.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Sec. T.B.*

AUDIT OFFICE, OTTAWA, June 11, 1897.

SIR,—Let me acknowledge receipt of your letter of June 9, with the papers concerning an appeal from the Department of Railways and Canals *re* payment of \$10,000 drawback to Mr. Archibald Stewart.

My reason for considering the Order in Council of May 22, 1897, insufficient, is that it should have mentioned that the General Order of May 27, 1890, is waived in the present instance.

The object of a General Order in Council is to enunciate a policy which might otherwise be overlooked in the separate cases which come under it; and it is passed by the whole Council after mature and special consideration. Its suspension in any instance should be explicitly mentioned, as a warning that the same consideration is again requisite for the single case.

This at all ordinary times. More particularly so when the General Order was passed by a previous government, and the present individual Ministers may not be aware of its existence—as one tells me he was not.

There can be no reason why Council should object to amend the Order of May 22, 1897, in this direction, if it still desires to make the payment. Or of course the General Order could even be repealed as a whole.

Since the \$10,000 of drawback represents work which has been actually done by Mr. Stewart, I cannot raise the formal objection of Sec. 32 C, that it is “not justly due.” For the information of the Treasury Board, however, I venture to draw from Mr. Schreiber’s figures the following conclusions, as they are not so likely to occur to other persons less familiar with the transaction: (1) That the whole drawback will be exhausted, although there is still \$355,000 of labour to be performed by Mr. Stewart on the unfinished portion of the section; (2) The value of the real estate, now held by us instead of a cash security deposit, will be wiped out by leaving it as the only valuable offset against \$48,500 which has been paid to Mr. Stewart for backing-stone—the stone itself being at present neither required (so far as known), nor readily saleable.

In conclusion it should be noticed that the delay in payment is only in small part chargeable to this office. Had the chief engineer certified the payment as “safe,” it would have been made without hesitation. This still appears the most speedy solution of the difficulty. If the payment is safe there is no reason for not saying so; while if it is unsafe it should not be made.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, *A.G.*

## Auditor General's Report—Part R

MEMORANDUM on the payment of \$10,000 from the amount of drawback of Mr. Archibald Stewart, contractor for certain works on the Soulanges Canal.

OTTAWA, June 12, 1897.

Although it is not expressly stated in the Auditor General's letter to the address of the Treasury Board of the 11th June, yet the Auditor General states that the objection to the payment arises from section 32 of the Audit Act, subsection C, and the objection is that the payment in question is authorized under a specific Order in Council in contravention of the terms of the general Order in Council. The general Order in Council is of the 27th May, 1890, which states that under the usual form of contract 10 per cent of the amount of the estimates, called the drawback, shall be retained till the final completion of the whole work to the satisfaction of the chief engineer, but that it had been the practice of the department to allow on the advice of the engineer payment of such portions of the drawback as the individual case in hand might in its opinion justify, and the general Order in Council approved of this practice on the part of the department. In the present case in the specific Order in Council of the 27th May, 1897, in recommending the payment of \$10,000 in question, it is not stated that this payment has been recommended upon the advice of the chief engineer, and it does not appear that a report from the chief engineer of the department, that the payment could be safely made, can be procured.

The Honourable the Minister of Railways and Canals in his report of the 27th April, 1897, states the delay in the prosecution of the work has been caused by no fault of the contractor; and it is also alleged that the payment is necessary in order to press on the work, as much delay has arisen from the contractor not being able to push the work. The Auditor General in his letter of the 11th June in support of his position shows that there is still labour to be performed by Mr Stewart on the unfinished portion of the section to the extent of \$355,000; that no cash security has been deposited for the carrying out of the contract and that the security is in real estate. It further appears that some \$48,500 has been paid to Mr. Stewart for backing stone, the sum of which is to be charged back as the work progresses, although it is not stated whether any or what part of the stone will be so used up or used up at all—in fact from the changed condition of the work from four locks to three, it would appear very doubtful whether the stone in question will be used.

It further appears that the proposed payment of \$10,000 will use up the drawback retained with the exception of a very small amount, and in view of the above, and of the provisions of section 32 (C) of the Consolidated Revenue and Audit Act, the Auditor General does not consider that he would be justified in passing the application for the payment in question.

Respectfully submitted,

J. L. McDOUGALL, AG.

J. M. COURTNEY, D.M.F.

To the Honourable the Treasury Board.

EXTRACT from the minutes of a meeting of the Honourable the Treasury Board, held at Ottawa on the 12th day of June, 1897.

The board had under consideration the annexed memorandum from the Auditor General and the Deputy Minister of Finance, under subsection C of section 32 of the Audit Act, in reference to the payment of \$10,000 to Mr. Archibald Stewart, contractor for certain works on the Soulanges Canal, from the amount of drawback in connection with the works in question.

The board, after a careful consideration of the matter, are of opinion that it would not be advisable to pay the amount of drawback in question, and they therefore decline to over-rule the objections of the Auditor General to such payment.

J. M. COURTNEY, Secy.

RAILWAYS AND CANALS DEPT., August 21, 1897.

SIR,—I visited Sections Nos. 1 and 2 of the Soulanges Canal yesterday, and I find the condition of the work on Lock No. 1, such as to warrant me in reporting, that in my opinion, it would not only be safe to pay the contractor \$10,000 of the 10 per cent drawback, but I believe it to be in the public interest to do so, as I am of the impression, that it will greatly aid in the vigorous prosecution of the work.

I am, sir, your obedient servant,

COLLINGWOOD SCHREIBER, *D.M. & C.E.*

The Secretary, Railways and Canals.

### Soulanges Canal: Geo. Goodwin's Plant.

*Extract of Order in Council of July 5, 1897.*

On a memo. dated June 16, 1897, from the Minister of Railways and Canals, representing that under date of May 9, 1893, a contract for section No. 12 of the Soulanges Canal, work originally undertaken by Messrs. O'Brien & Son, who failed to carry it out, was entered into with Mr. George Goodwin, the work having been re-let.

That in November, 1893, Mr. Goodwin applied to be released from the said contract, urging that the material had proved to be so unworkable that the cost of its removal was about four times his contract price, he alleged the condition of his health as an additional reason for his application. These statements were fully borne out by the report of the chief engineer of the Department of Railways and Canals, made on the 24th of the same month.

The Minister further represents that nothing was done on the works after November, 1893, and under the circumstances, the public interests appearing to require such action, the works were taken out of Mr. Goodwin's hands in September, 1895, by a formal notice, given under the terms of the contract, and were re-let on April 5, 1897, to the lowest tenderer out of a number of offers received. Mr. Goodwin remains liable for any loss the government may sustain in the matter; and his 5 per cent security, \$10,200, together with a small balance of \$3,150 unpaid from his progress estimates for work done, is still in the hands of the government. In addition, the government retain possession, and have, under the contract, absolute right to all plant, materials, &c., provided for the works, until their completion; as to this, however, Mr. Goodwin has asked that the government rights in such plant be waived, it being understood that the new contractor is desirous of acquiring certain portions thereof.

That the chief engineer of the Department of Railways and Canals has advised that the said plant is now of but little value, with the exception of the rails.

The Minister observes that by the 12th clause of Mr. Goodwin's contract, it is agreed that the machinery and other plant, materials and things provided shall be the property of Her Majesty for the purposes of the said works, and be on no account taken away or used or disposed of, except for such purposes without the consent in writing of the engineer. The 14th clause makes the above provisions applicable to the case of the assumption of the works by Her Majesty in the event of default or delay in their execution.

The Minister in view of the fact that the works are being prosecuted, not by the Department of Railways and Canals, in which case it would be perfectly fair and proper that Mr. Goodwin's plant should be used, as provided by the contract, but by a new contractor, the supplying of whom with Mr. Goodwin's plant would be manifestly unfair; and further, in view of the above advice of the chief engineer, and generally, of the circumstances of the case, recommends that authority be given for handing over to Mr. Goodwin all his plant, anything in the contract to the contrary notwithstanding.

The minister further represents that whereas the original contract with Messrs. O'Brien & Son, was duly taken out of their hands under authority of an Order in

## Auditor General's Report—Part R

---

Council, no such authority was obtained in the case of the similar action taken on Mr. Goodwin's contract, and he recommends that the taking of the works out of Mr. Goodwin's hands be approved and confirmed.

The Minister further states that Mr. Goodwin has also asked for surrender to him of his plant in connection with sections Nos. 4, 5, 6 and 7 of the said canal, for which works he had a contract dated the 9th May, 1893, and which were taken out of his hands on the 10th of March, 1897, and re-let. The security in the hands of the Government thereunder consists of the 5 per cent deposit—\$42,500—and a balance, including the 10 per cent drawback, of \$32,999.40. The plant is reported by the chief engineer to be of little value, being mainly a number of scrapers. As to this plant the stipulations and conditions of the contract are the same as in the previous case.

The Minister recommends that authority be given similarly for handing over the said plant to Mr. Goodwin, anything in the contract to the contrary notwithstanding. The committee submit the above recommendation for Your Excellency's approval.

J. J. MCGEE, *C.P.C.*

---

AUDIT OFFICE, OTTAWA, July 12, 1897.

SIR,—I have just received a copy of the Order in Council of July 5, 1897, giving authority for the release of George Goodwin's plant on the Soulanges Canal.

The chief engineer should, I think, certify that the deposits and drawbacks will, between them, cover any loss which may arise from Mr. Goodwin's failure to complete his contract. Otherwise it does not seem legal for the government to abandon any available means of indemnifying itself.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

---

AUDIT OFFICE, OTTAWA, Nov. 29, 1897.

SIR,—Please let me know what certificate was made by the chief engineer in connection with the releasing of Geo. Goodwin's plant.

I do not find that any answer has been received to my letter of July 12, 1897.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

---

RAILWAYS AND CANALS DEPT., OTTAWA, Dec. 9, 1897.

SIR,—Referring to your communication of the 29th ultimo, relative to the releasing of Mr. George Goodwin's plant, under his late contract for sections Nos. 4, 5, 6 and 7, of the Soulanges Canal, which release was authorized by an Order in Council of the 5th of July last, I have the honour to inform you that the deposit security and the amount of the estimates in the hands of the government exceed the difference in the amount of the balance of the work under Mr. Goodwin's contract and the amount of Mr. Andrew Onderdonk's contract, and the chief engineer has certified to that effect.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, *D.M.*

## Galops Canal : Excessive delivery of Mooring-posts.

AUDIT OFFICE, OTTAWA, Nov. 3, 1897.

SIR,—Let me call your attention to the item for mooring-posts in the progress estimates of Murray & Cleveland for work at upper entrance to Galops Canal.

Under the head of "Materials delivered, but not yet placed in work," we find the following entries at \$15 for each post, on account :—

		Plus.	Minus.
1891—October :	Number delivered . . . . .	175	...
1892—June	do . . . . .	301	...
1894—October :	Dropped from estimate . . . . .	...	15
1895— do	Number used . . . . .	...	56
1895—November	do . . . . .	...	27
1896—May	do . . . . .	...	8
1896—August	do . . . . .	...	14
1896—September	do . . . . .	...	17
		476	137
1897— do	Difference, still carried . . . . .	339	

Of the 137 posts in the minus column, 15 were dropped without further explanation, and 122 were transferred to Item 38, as "Mooring-posts in place, at \$20 each."

At the foot of page R-86 of my report for 1895-96, under the name of Murray & Cleveland in "Cornwall Canal, Repairs," I find an item: "Loading and transporting 175 mooring-posts to Cornwall, Oct. 26-28, 1895, \$161.28." These 175 posts are probably part of the 339 shown above, as still in stock.

Please inform me as to the correctness of this supposition, and as to the reasons for not getting the posts at Cornwall under the Davis contracts, whose schedule-price is \$10 for mooring-posts placed.

There should also be an explanation of the reasons for obtaining such a large number of posts in 1892, when only 122 have been used in the work up to the present time.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Nov. 29, 1897.

SIR,—Let me call your attention to my unanswered letter of Nov. 3, 1897, concerning mooring-posts on the Galops and Cornwall Canals.

The facts therein described call for early explanation.

I am, sir, your obedient servant,

The Deputy Minister Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, Dec. 1, 1897.

SIR,—I have the honour to acknowledge the receipt of your communication of the 29th ultimo, in further reference to your request to be furnished with certain information relative to an item for Mooring Posts furnished by Messrs. Murray & Cleveland for the Cornwall Canal. In reply, I would say that I have not yet been able to obtain as full information as I desire in this matter, but so soon as it is received, I will communicate with you.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

## Auditor General's Report—Part R

### Canals: Income—Votes Exceeded.

AUDIT OFFICE, OTTAWA, Nov. 13, 1897.

SIR,—In your expenditure of 1896-97 on "Canals, chargeable to Income," I notice three cases where the votes have been exceeded:—

Beauharnois Canal: re-coping locks:		
Expenditure.....	\$ 2,847 05	
Charged to "Misc. works not otherwise provided for".....	247 05	
		\$2,600 00
Chambly Canal: Culvert at St. Johns:		
Expenditure.....	\$10,997 33	
Charged to "Misc. works not otherwise provided for".....	1,168 97	
		\$9,828 36
Trent Canal: Removing rocks at Hastings:		
Expenditure.....	\$ 3,754 74	
Charged to "Misc. Canals, repairs".....	254 74	
		\$3,500 00

The special votes of Parliament should not be supplemented by drawing on general votes. It might well be that the low amount of a special vote was a determining factor in passing it, and that it would not have passed at the larger figure to which it might be raised by the method you have followed.

More particularly should a general vote not be used in this way, when its very description renders it inapplicable, namely, "Works not otherwise provided for."

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, Nov. 18, 1897.

SIR,—I have the honour to acknowledge the receipt of your communication of the 13th instant, relative to the expenditure for the year 1896-97 on the Beauharnois, Chambly and Trent Canals. In reply, I would say that I quite agree with you as regards the exceeding of appropriations, but it is very difficult to make the work fit the appropriation to within one or two hundred dollars, and, in many cases, it would lead to considerable expense to have a work unfinished. In the case of the St. Johns drain, the work is only about two-thirds done, the foundations turned out so treacherous and difficult that it became absolutely necessary to carry the work on to a certain stage to secure it, hence the excess of expenditure over the appropriation for this work.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

### Quebec Canals: Meaning of Certificates.

AUDIT OFFICE, OTTAWA, Nov. 13, 1897.

SIR,—Let me acknowledge receipt of your application No. 193, for a Letter-of-Credit for \$16,673.51 in favour of Paymaster Guilbault, for October expenses of Quebec Canals.

I notice that many of the vouchers are certified by Superintending Engineer Marceau "Prices as per Contract". Unless this refers to prices resulting from advertised tenders, the certificate should be "Prices fair and just". Please return the accounts to Mr. Marceau, for any necessary amendment in this direction.

The inconvenience of delaying the lockmen's wages and the completed vouchers may be avoided as previously, by substituting a new application for their payment separately.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Nov. 12, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of to-day's date, in connection with certain certificates attached to the accounts of the Quebec Canals pay-lists for the month of October last, forwarded to you with application No. 193, dated the 10th instant, and am directed to state that in all these cases where Mr. Marceau, the superintending engineer, certifies "Prices as per contract", there have been tenders called for by public advertisements, and the successful tenderers duly notified that they will be called upon from time to time to furnish certain articles mentioned in their tenders, and at the prices therein specified.

I return you herewith the application for a Letter-of-Credit, and the pay-lists and accounts.

I am, sir, your obedient servant,

The Auditor General.

L. K. JONES, *Secretary.*

AUDIT OFFICE, OTTAWA, Nov. 17, 1897.

SIR,—I am passing the Letter-of-Credit for October expenses of Quebec Canals, to avoid further delay to the workmen.

Your explanation is noted, that the supplies certified "Prices as per Contract" have been purchased under advertised tenders.

There are, however, some vouchers marked "Special Contract". Are we to infer that these also have been advertised?

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Nov. 18, 1897.

SIR,—I have your letter of the 17th instant, stating that you are passing the Letter-of-Credit for October expenses of the Quebec Canals, to avoid further delay to the workmen, and asking if you are to infer that the vouchers marked "Special Contract" have been advertised for.

In reply, I desire to say, it is not supposed you will infer that they were procured under tenders advertised for. They were purchased under authority.

Yours truly,

The Auditor General.

COLLINGWOOD SCHREIBER, *D.M. & C.E.*

AUDIT OFFICE, OTTAWA, Nov. 18, 1897.

SIR,—Concerning the vouchers certified by Mr. Marceau "Special Contract," for supplies not obtained under advertised tenders, it will be necessary that he mark them "Prices fair and just".

Please have him do this before the paymaster returns them.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

## Auditor General's Report—Part R

---

---

### Cornwall Canal: Lockmaster and Harbourmaster.

AUDIT OFFICE, OTTAWA, June 18, 1897.

SIR,—Let me acknowledge receipt to-day of your application No. 464 for \$3,367.17 in favour of Paymaster Flanagan, for May expenses of the Cornwall Canal.

The April accounts have not yet been returned. Please investigate the cause of delay.

I notice that the staff pay-list for May contains a full month's pay for each of two lockmasters at locks 15-17, namely, Messrs. W. Tackaberry and J. Lally. There should be an explanation of this unusual circumstance.

There is also in May a new officer, Mr. J. Smith, entered for 31 days at \$1.25 as a harbourmaster at lock 15. Since this is the first appearance of a harbourmaster on the Cornwall Canal, I should like to have a full description of his duties.

The list of Sunday labour contains 9 hours for each man on May 16, whereas the Order in Council of May 14 closed all the canals for Sundays. Please deduct the items for May 16.

How did the item "De Moss Locast, stone-cutter, 12 days in April at \$3," come to be omitted from the April pay-list? Under what arrangement was he working in April?

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

---

CORNWALL, July 1, 1897.

SIR,—In reply to yours of the 28th ultimo, inclosing file No. 165,566 covering covering the Auditor General's letter requesting information *re* May pay-list:—

1. The April accounts; were returned to the department on 19th June, as soon as received from Paymaster Flanagan.

2. Two lockmasters; J. Lally was appointed by department to assume the duties upon W. Tackaberry's superannuation, which dates from 1st July, 1897; Tackaberry, although unfit for active work, was nevertheless useful and necessary in superintending the locks, &c., as usual, and assuming responsibility for their operation; Lally commenced his duties this season, and as he was wholly without experience on canal work, the assistance and advice which Tackaberry was able to give was therefore taken advantage of, and until official notice of his superannuation was received, his name should continue to appear on the pay-list.

3. A new officer, Mr. J. Smith entered as harbourmaster, is not a new man, but has been in the service as lock tender since 1877. The duties of harbourmaster are, to berth vessels as they arrive and prevent crowding at the locks, also to arrange the order in which they are to be locked and generally to assist the lockmaster. Tackaberry for many years performed the duties of lock and harbourmaster for which his pay was \$2 per day. Since his accident and consequent illness, these duties have been divided, the lockmaster attending to the lockages and an experienced locktender to the arrival and departure of vessels, regulation of levels, &c., and each receiving \$1.25 per day for his services.

4. Sunday labour; the Order in Council of 14th May closing canals on Sundays was not received at this office until May 20th, in the meantime all men were on duty on the 16th May, the usual Sunday hours of last season, viz:—12 to 6 a.m. and 9 to 12 p.m.

5. Stone cutters; 12 days in April at \$3. The explanation was given on pay-list that name and time was inadvertently omitted in foreman's return, although noted in his time book; occupation—work in connection with new valves at weir, Lock No. 17, whilst canal was unwatered for usual spring repairs.

Yours truly,

The Chief Engineer, Railways and Canals.

TOM. S. RUBIDGE, *Supt. Engr.*

---

---

**Montreal Canal Office, Irregular Certificates.**

AUDIT OFFICE, OTTAWA, May 5, 1897.

SIR,—Let me call your attention to voucher 7120-6, the April pay-list of the Montreal Canal Collector's Office.

The first four names are in the handwriting of Mr. Collector O'Neill, who certifies at the bottom of the sheet, without stating the total amount of money which he certifies.

Between these four names and Mr. O'Neill's signature are four other names, in the handwriting of Mr. Mothersill, the departmental checking-clerk,

There should be evidence that these last four names were on the list at the time Mr. O'Neill certified it. Please see that the blank for the amount is always filled.

I should like to have an explanation of this departure from the ordinary routine.

I am, sir, your obedient servant.

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A. G.

---

RAILWAYS AND CANALS DEPARTMENT, OTTAWA, May 18, 1897.

SIR,—In reply to your letter of the 5th instant, asking for certain explanations relative to the April pay-list sent in by Mr. John O'Neill, collector of Canal Tolls at Montreal, I have the honour to inform you that the whole pay roll is not in the handwriting of Mr. O'Neill, but that it has been returned to him, and he now certifies to it in its entirety. No doubt it was not in proper form before. I inclose this pay-list.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D. M.

---

AUDIT OFFICE, OTTAWA, May 25, 1897.

SIR,—Let me acknowledge receipt of your 165015, enclosing the April pay-list of the Montreal Canal collector's office, now certified by Mr. O'Neill for the final total.

As mentioned in my letter of May 5, I should like to be informed of the special circumstances under which Mr. O'Neill certified the uncompleted pay-list.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A. G.

---

RAILWAYS AND CANALS DEPARTMENT, OTTAWA, May 28, 1897.

SIR,—I have the honour, by direction, to acknowledge the receipt of your letter of the 25th instant, asking to be informed of the special circumstances under which Mr. John O'Neill, collector of canal Tolls at Montreal, certified to the uncompleted April pay-list of that office. In reply, I have to inform you that he did so because he was instructed that the services of certain employees were dispensed with, which order was subsequently revoked.

I am, sir, your obedient servant,

The Auditor General.

L. K. JONES, *Acting Secy.*

**Baie des Chaleurs Railway: Working Expenses.**

AUDIT OFFICE, OTTAWA, July 5, 1897.

SIR,—I did not give special attention, when they came in, to the recent Intercolonial Railway appropriation accounts, as I was fully engaged with the work of the session and other pressing matters, and as I did not expect to find any irregularity in those accounts. However, my attention has been called by a discussion in Parliament to your

## Auditor General's Report—Part R

expenditure in running the Baie des Chaleurs Railway. I now find that expenditure for that purpose has been going on since November last, but particularly since the beginning of this calendar year, and that it has been treated as an open account.

I shall be glad to get a statement of your reasons for considering this account an open one. To me it appears that, if this may be considered an open account, you might run all the roads in Canada in the same way and without any appropriation. Why is an appropriation for running the Intercolonial Railway obtained?

I beg to inclose a marked copy of a pamphlet containing regulations governing expenditure. You will see, from the Order in Council of July 7, 1892 (on page 2) describing the duties of the accountant of a department, that he is supposed in every case to watch carefully the appropriations and to see that there are no over-expenditures. It seems to me to follow from this that he should draw your attention to any expenditure which ought to be made under an appropriation, but for which there is no appropriation.

I observe that, in the present case, the earnings were credited to the account and the amount now at the debit represents only the loss in running; but even if the earnings had wiped out the expenditure, there would be no justification, so far as I can see, for making the expenditure without parliamentary authority, unless the Baie des Chaleurs Railway had become a part of the Intercolonial.

Perhaps you will be good enough to say under whose instructions this expenditure was made. The whole system of expenditure under credits is based upon the implied understanding that no outlay will be made for which there is no regular authority. I could not justify the continuance of a credit to a department unless expenditure, if irregularly made, was made under a misapprehension. As remarked above, I am anxious to get an explanation which will show that the expenditure in this case was made through a misapprehension, but I cannot see how it was so made. An early reply will oblige.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, July 26, 1897.

SIR,—I have the honour to acknowledge the receipt of your letter of the 5th instant, relative to expenditures on the Baie des Chaleurs Railway, as to which you desire some explanation.

In reply, I would say that this railway has been operated in connection with the Intercolonial Railway for the period shown in the accounts to which you refer, under the authority of an Order in Council, dated the 19th of November, 1896, and under instructions given by the Minister of the department, his opinion, at the time, being that the appropriation on revenue account for the Intercolonial Railway could be applied to defraying the cost of working this road as a portion of the Intercolonial; it was subsequently, however, determined to ask Parliament for a special appropriation, and this was granted last session.

In explanation of the fact that the sum of \$12,016.93 appears in the open accounts of the Intercolonial, I may say that the general manager was instructed to keep a separate account of the cost of operating the Baie des Chaleurs Railway in order to enable the department to ascertain whether the representations made to the government (as mentioned in the said order) that the road could be operated for the winter season as a branch of the Intercolonial, not only without loss to the government, but so as to produce a balance over working expenses, were well founded and would be justified by the results.

I may observe that the operation of this road was in the nature of an experiment, for which no very exact data were available, and which was called for and carried out only in view of the somewhat emergent position of the case, as set forth in the said Order in Council.

I trust that the above explanation will be satisfactory.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

AUDIT OFFICE, OTTAWA, July 28, 1897.

SIR,—Let me acknowledge receipt of your application No. 564, for \$18,500 in favour of the Intercolonial Railway, to repay them part of the cost of operating and maintaining the Baie des Chaleurs Railway between November, 1896, and May 31, 1897.

It will be necessary to charge against the Vote of \$18,500 all the expenses of this service, whether it shows an excess or not. No part of the amount should be left in the Intercolonial Open Accounts.

The question of obtaining authority may come up later; but the first thing to do is to show the facts as they occurred.

The papers are returned herewith for amendment.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPARTMENT OF RAILWAYS AND CANALS, OTTAWA, July 28, 1897.

SIR,—I have the honour to acknowledge the receipt of your letter of the 28th instant, with which you return "for amendment" the application, No. 564, made to you from this department on the 26th, for the issue of a cheque in favour of the Intercolonial Railway for the sum of \$18,500, being for the operation and maintenance of the Baie des Chaleurs Railway from November last to the 31st of May, under the authority of the Order in Council of the 19th of November. In reply, I would say that the application sent you was accompanied by statements showing the working expenses and the revenue of the road, and was prepared in accordance with The Audit Act and your previously expressed wishes. The full facts have already been furnished to you, and the case was thought to be covered by the facts so communicated, by the Order in Council referred to, and by my letter of the 26th instant.

As is thereby shown, the working expenses amounted to \$18,679.97, and the receipts to \$6,725.08. The amount of the appropriation specially voted last session being only \$18,500, the cheque you were requested to authorize was limited to that amount.

In view of the foregoing, I send back the said application, and papers which accompanied it, unchanged. I would observe that the appropriation if not paid before the close of the present month will lapse.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

AUDIT OFFICE, OTTAWA, July 29, 1897.

SIR,—Let me acknowledge receipt of your letter of July 28, concerning the Baie des Chaleurs Railway.

The time-limit for closing the fiscal year does not apply to transactions between one government account and another—more particularly when the object is to get the expenditure classed where it properly belongs. It will not be necessary to draw a cheque in favour of the Intercolonial Railway: a transfer entry for \$18,679.97 in the Ottawa and Moncton books will have the desired effect. Please make application for such an entry. Papers returned herewith.

The figure of \$18,500 in the Supply Bill must have been calculated as the probable total expenditure: there was no other reason for fixing on \$18,500. To set against it anything less than the actual total expenditure would be misleading. The objection of want of authority does not hold, as there is just as little authority for leaving the balance where it now is, in the Intercolonial open accounts.

I have not been supplied by Mr. McGee, as I should have been, with a copy of the Order in Council of Nov. 19, 1896, under which the Baie des Chaleurs Railway was operated.

I am, sir, your obedient servant,

The Deputy Minister Railways and Canals

J. L. McDOUGALL, A.G.

### Railway Subsidies: Inspectors' Reports Needed.

AUDIT OFFICE, OTTAWA, Oct. 30, 1897.

SIR,—Let me acknowledge receipt of your application No. 173 for \$5,212.11 in favour of the St. Stephen and Milltown Railway Co., being the balance of their subsidy for 4.64 miles at \$3,200.

Please forward me copies of the reports of the inspecting engineer.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

-----  
AUDIT OFFICE, OTTAWA, Nov. 2, 1897.

SIR,—Let me acknowledge receipt of your application No. 177 for \$40,000 in favour of the Montreal and Ottawa Railway, being their subsidy on miles 33 and 45½ west of Vaudreuil.

You have overlooked sending me the report of the inspecting engineer, and a diagram of the road.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

NOTE.—This discussion is continued in the preface of this report.—J. L. McD.

### Central Railway of New Brunswick: Subsidy not paid.

*Extract from Order in Council of June 1, 1897.*

On a memo. dated 29th May, 1897, from the Minister of Railways and Canals, representing that by the Railway Subsidy Acts of 1889 and 1890, aid was given (in lieu of subsidy previously granted and lapsed) to the Central Railway Company of New Brunswick to the extent of \$142,400 for 44½ miles, and a new contract thereunder was made with the company on the 1st of December, 1890, the date for completion being fixed as the 1st of December, 1891, the road being in effect built.

The Minister further represents that on the 14th of January, 1891, the chief engineer of the Department of Railways and Canals reported on the position of the work, and after deducting \$66,761 for works remaining to be done, showing that the company had earned of their subsidy the sum of \$75,639, which amount was accordingly paid them under the authority of an Order in Council dated the 16th of January, 1891.

That the principal item in the works for which the chief engineer had made the above reduction was one of \$54,887 for replacing trestles with truss bridges. Under date the 17th May instant, however, an Order in Council has been passed amending the subsidy contract to such effect as to admit of the acceptance of these trestles; and under date the 18th May instant, the chief engineer has reported on a further inspection now made of the said 44½ miles of railway, showing that out of the total subsidy applicable \$142,400, the company have earned \$137,100, the last 24½ miles still remaining incomplete.

The Minister states that deducting the sum of \$75,639 already paid, the balance now payable is \$61,461, for payment of which amount he recommends that authority be given.

The Minister observes that though only recently accepted, the work was completed some years ago.

The Committee advise that the requisite authority be granted accordingly.

J. J. McGEE, Clerk Privy Council.

AUDIT OFFICE, OTTAWA, June 9, 1897.

SIR,—I am in receipt of your application No. 450, for \$61,461 in favour of the Central Railway Co. of New Brunswick.

It seems to me that payment cannot legally be made. I have not time at the moment to give my reasons for this opinion, but shall be glad to do so as soon as possible if you desire it.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

TREASURY BOARD, OTTAWA, June 26, 1897.

SIR,—I have the honour to inclose herewith T. B. file No. 22600, in reference to your objection to the payment to the Central Railway Company of New Brunswick of the sum of \$61,451, being balance of subsidy, the matter having been referred to the Board for decision, by direction of the Minister of Railways and Canals. I have to request that you will be good enough to advise me for the information of the board as to the nature of your objection to such payment and the ground for such objection, and also to state the section and clause of the Audit Act under which you take your objection. I shall also be glad to have any remarks you may desire to make regarding the matter.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secy T.B.*

AUDIT OFFICE, OTTAWA, June 29, 1897.

SIR,—With reference to the appeal from my decision on the application from the Railway Department to pay \$61,461 to the Central Railway Company of New Brunswick, I now give shortly the ground of objection to the payment.

The whole of the claim is represented by part of the amount retained from subsidies which would have been payable in full if conditions required by 52 Vic., chap 3, and 53 Vic., chap. 2, and by the agreement, &c., made between the railway company and the Governor in Council under those acts had been complied with. The retention is the difference in value between the work which the company agreed to perform, and that which it did perform.

My objection is to payment for that portion of the work which is still unperformed. As I understand the position, the railway company knowing exactly what was required by the agreement with the government, deliberately substituted less expensive and less durable materials and workmanship for more expensive and more durable, and there was therefore properly and legally deducted from their subsidy the amount which will be needed to enable the government to substitute the improved structures required by the contract for those which the railway company with its eyes open supplied.

Now, whatever reasons there may be in the public interest to warrant the government in modifying a contract while the operations are in progress, there can be none when the work is done.

A man agrees to build a house and leaves it half finished, or makes wooden walls when he has agreed that they shall be brick. He is laughed at by the other party to the contract if he asks the price agreed upon. He is no more successful if he appeals to the courts. Why should the railway company in this case get different treatment from the government? The government cannot have the power to do what a private individual, if he were sane, would never think of doing under similar circumstances.

I heard Judge Burbidge in the Exchequer Court say that the government could not pay more than its agreement required, because that would be equivalent to giving money for nothing. That ruling manifestly indicates that the government cannot legalize the additional payment by a new agreement after all the work has been done.

## Auditor General's Report—Part R

---

It seems to me that the improvements for which this money is retained ought to be made in the interests of the people whom the Central Railway serves. The government might give notice to the railway company to perform the work within a reasonable time, and if the company failed to do it, have it done by others. It would probably be necessary to have the subsidy renewed by Parliament.

To me it appears that there is not the shadow of an argument for now paying this money to the railway company.

My objection is under section 32, subsection *a*, Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, *A.G.J.*

---

JUSTICE DEPT., OTTAWA, JULY 6, 1897.

SIR,—Referring to your letter of 30th ult., inclosing Treasury Board file upon a reference from the Department of Railways and Canals, with regard to the payment to the Central Railway Company of New Brunswick of the sum of \$61,451, balance of subsidy claimed for that company, to the payment of which the Auditor General objects on the ground that there is no parliamentary authority therefor, and requesting advice upon the objection so raised, I am directed to state that the Minister of Justice considers that the objection of the Auditor General should be sustained. It appears that the only parliamentary authority for the payment of this subsidy is contained in the Railway Subsidy Acts of 1889 and 1890 (52 Vic., chap. 3 and 53 Vic., chap. 2). These statutes provide that the company, in order to earn the subsidy, must construct the railway according to specifications approved by the Governor in Council, and embodied in a contract between the government and the company, and also that the construction shall be completed within a period of four years, to be fixed by the Governor in Council. It appears that an agreement with specifications was entered into between the government and the company in accordance with the statute. The company did not, however, construct the road in accordance with the specifications, and thereby failed to earn the portion of the subsidy in question. The four years allowed by the statute for the construction of the road in accordance with specifications having lapsed before the Order in Council amending the contract was passed, the Minister is of opinion that there was at the time of the making of that Order in Council no parliamentary authority for making any further subsidy contract, nor for authorizing the payment of the subsidy then unearned.

I return the papers herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

E. L. NEWCOMBE, *D.M.J.*

---

EXTRACT from the *Minutes of Treasury Board meeting held on seventh day of July, 1897.*

The board had under consideration the objection made by the Auditor General to the payment to the Central Railway Company of New Brunswick, of the sum of \$61,451, (the balance of subsidy for which payment authority was given by Order in Council of 1st June, 1897,) on the ground that payment cannot legally be made. The board, on the opinion of the Honourable the Minister of Justice as set forth in a letter from the Deputy Minister of Justice under date of the 6th July, 1897, are of opinion that the objection of the Auditor General should be sustained.

J. M. COURTNEY, *Secy. Treas. Board.*

## Auditor General's Report—Part R

### *Re* Arrears of Hydraulic Rents—Welland Canal.

AUDIT OFFICE, OTTAWA, May 4, 1897.

SIR,—Referring to previous correspondence in connection with arrears of Hydraulic Rents at Welland Canal, I have to inquire what action has since been taken in connection therewith.

I have also to remind you that I have had no reply to my letter of July 15th.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, May 6, 1897.

SIR,—I have the honour, by direction, to acknowledge the receipt of your letter of the 4th instant, inquiring what action has been taken in connection with the collection of arrears of hydraulic rents on the Welland Canal. In reply, I am to say that the collectors of canal revenues have recently been placed under the supervision of the superintending engineer of the canal, and that he is now taking steps to collect these arrears.

In cases where he fails to collect, recourse will be had to the Department of Justice to enforce payment.

I am, sir, your obedient servant,

L. K. JONES,

The Auditor General.

*Acting D. M., R. and C.*

### *Re* Hydraulic Rents in Arrears, Beauharnois Canal.

AUDIT OFFICE, OTTAWA, May 3, 1897.

SIR,—The Order in Council of February 22nd last authorizes the cancelling of the following leases on the Beauharnois Canal, and I have to inquire what action has been taken to collect the amounts to which these arrears are now reduced :—

Lease No.	Premises.	Cancelled as From	Reduced Arrears.
			\$    cts.
6,881.....	Wharf lot.....	November 15, 1892.....	75 00
7,226.....	Wharf and shed.....	September 1, 1892.....	120 00
7,177.....	Piling ground.....	do    1, 1890.....	20 00
6,670.....	Coal shed.....	May 1, 1893.....	40 00
7,950.....	Public scales.....	October 1, 1891.....	Nil.
6,409.....	Dwelling house.....	December 1, 1890.....	Nil.
5,884.....	Right of storage.....	July 1, 1893.....	115 00

Whose duty is it to look after these properties ; see that they are occupied ; and that the rentals are paid ?

I am, sir, your obedient servant,

The Deputy Minister Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, May 10, 1897.

SIR,—Referring to your letter of the 3rd instant, asking for certain information in connection with the above matter, I have the honour, by direction, to inform you that the collectors look after the collecting of the rents, and the superintending engineers

look after the government properties on the canals of the Dominion. I inclose, also, a copy of a statement, compiled by the accountant of this department, showing the arrears of rentals on the lots that were cancelled by the Order in Council of the 22nd of February last.

I am, sir, your obedient servant,

COLLINGWOOD SCHREIBER,

*D.M., R. and C.*

The Auditor General.

Number of Lease.	Lessee.	Amount in Arrears as per O.C., Feb. 22. 1897.	Remarks.
		\$    cts.	
6881	Col. McPhee.....	75 00	Mr. Witton reported, as follows:—"Bal. Nov. 15, 1892, \$75. Lease was for wharf lot at \$15 a year. Lessee became insolvent and abandoned the property years ago. Lease should be cancelled from Nov. 15, 1887, and instructions given to write off balance from that date." O.C. authorizes cancellation from Nov. 15, 1892.
7226	Onezime Trempe ...	120 00	Mr. Witton reported, as follows:—"Bal. due Sept. 1, 1890, \$120. Lessee gave notice Aug. 15, 1892, that he required the land leased no longer. He promises to pay amount due if time be given him. He is poor and I doubt if collection can be made."
7177	E. French.....	20 00	Mr. Witton reported, as follows:—"Bal. due Sept. 1, 1890, \$120. Lease should be cancelled Sept. 1, 1890, as lessee gave notice Aug. 1, 1890, that he required the ground no longer. Lessee poor. Doubtful if collection can be made."
6670	Robt. Steel.....	40 00	Lease is cancelled from May 1, 1893. Arrears to that date, \$40, have been paid on Nov. 11, 1895.
5884	J. T. Anderson.....	115 00	Mr. Witton reported, as follows:—"Bal. due July 1, 1893, \$115. Lease should be cancelled from July 1, 1893, as notice was given land was not needed after that date. If sued the estate will pay the balance. Suggest the account be transferred to Dept. of Justice."

LEONARD SHANNON, *Accountant.*

AUDIT OFFICE, OTTAWA, May 12, 1897.

SIR,—I have received your letter of the 10th instant, *re* hydraulic rents due on certain leases cancelled by Order in Council of February 22 last, and inclosing a statement in reference thereto.

What explanation has been given by the collectors, who you state look after the collection of the rents, why the arrears due by the tenants when they gave up the properties have not been since paid.

Have these properties been occupied in the meantime, and are they now under lease, and if so, to whom?

What action has been taken since the passage of the Order in Council, to collect the amounts to which the arrears were reduced?

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

## Auditor General's Report—Part R

---

---

### *Re* Arrears due for Damages.

AUDIT OFFICE, OTTAWA, May 4, 1897.

SIR,—I have had no reply to my letter of November 7, last, in reference to the claims against the steamers "Ocean," "Spartan," "Hall," "Rideau Belle," and the Ottawa Transportation Company, for damages to sundry canals.

I have to ask what action has been taken in reference thereto.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

---

### *Re* Express Business.

AUDIT OFFICE, OTTAWA, May 3, 1897.

SIR,—I have had no reply to my letter of May 11, 1896, in reference to the charges for express business done by your company, for the Canadian and Dominion Express Companies.

Have any arrangements been made in connection with the Money Order business carried on by the Express Companies, and in connection with which parcels of cash are carried free?

The returns for January, the last received, are made up at the same percentage—40 per cent. I understand a larger percentage is paid to some, if not all of the railway companies.

When does the present agreement expire?

I am, sir, your obedient servant,

The General Manager, Government Railways.

J. L. McDOUGALL, A.G.

---

OFFICE OF THE GENERAL MANAGER, MONCTON, N.B., May 10, 1897.

SIR,—In answer to your letters, dated May 11, 1896, and May 3, 1897, with reference to express business.

I enclose you letters of Mr. Williams, Treasurer, dated May 15, 1896, May 20, 1896, May 30, 1896, April 29, 1897, and May 10, 1897, and of Travelling Auditor McNaughton, dated May 30, 1896, and April 29, 1897, from which you will see that the money carried by the express companies is duly way-billed, and charged, and entered into the accounts, and the Intercolonial Railway receives its proper share; that in regard to the money order business that that does not necessitate the carrying of money packages, as the orders are paid out of the receipts of the Express Companies' offices. In regard to the Western Union Telegraph Company's business which is passed free, it is stated that this is done under an agreement between the Express Company and the Telegraph Company. Supplies for the Telegraph Company are sent out semi-annually, and are carried free by the Express Company. In regard to these supplies being carried free by the Express Company, I may say that if they were carried by the railway they would be carried without any charge, as that is part of the arrangement that we have with the telegraph companies along our line, that their freight is carried free.

In regard to the contracts between the Canadian Express Company and the Dominion Express Company, these agreements were for ten years from the 1st of December, 1889, and as you do not appear to have a copy of them, I am sending you herewith a copy of each of these agreements.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *Gen. Mgr.*

AUDIT OFFICE, OTTAWA, June 16, 1897.

SIR,—I am in receipt of your letter of May 10, with inclosures, in reference to the revenue from the Canadian Express Company.

You state that the money order business done by the Express Company does not necessitate the carrying of money packages; as the orders are paid out of the receipts at the Company's offices.

Although this is true to a certain extent, the agent has not at all times sufficient cash on hand to meet the demand, and funds are forwarded to him from the head office. Of course the forwarding of the ordinary receipts of the express business should go free. But if additional sums are forwarded to and fro in connection with the money order business, it seems reasonable that the railway should profit by it.

Mr. Williams states that from inquiries he has made, he learns that other railways pass this class of packages free. It may be that these railways get a larger percentage of the gross receipts. I have heard of one company that receives 45 per cent; probably there are more.

In view of the circumstances it will no doubt seem to you desirable to consider the propriety of seeking an increased percentage when the present contract expires in 1899.

I am, sir, your obedient servant,

The General Manager, Govt. Railways.

J. L. McDOUGALL, A.G.

OFFICE OF THE GENERAL MANAGER, MONCTON, N.B., June 29, 1897.

SIR,—I have your letter, dated June 16th, with reference to the Money Order business carried on by the Canadian Express Company, and I note what you say.

In regard to the percentage paid by Express Companies, I may say that it varies considerably with the circumstances, and in regard to some railway companies the express business is really a branch of the company's business, and carried on entirely for the benefit of the railway company. On a railway such as that it would, therefore, be desirable to fix the percentage to be paid by the Express Company at a high figure, because this would have a tendency to keep other express companies off that railway, as they would not be able to pay such a high percentage. You are aware that the law in Canada compels every railway to provide equal facilities on its trains for every express company. Of course, when the contract is to be renewed, we will endeavour to get the percentage increased. The rate we are now receiving is higher than the rate previously received.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *Gen. Mgr.*

### *Re Railway Passes.*

AUDIT OFFICE, OTTAWA, March 26, 1897.

SIR,—I have to repeat the request contained in my letter of the 3rd November, 1891, for a copy of the departmental or other regulations governing the issue of passes; a list of the classes of persons to whom issued; whether passes are issued to any persons not included in the said classes, and if so, under what circumstances.

Please let me know if the traffic auditor at Moncton is furnished with sufficient information, and with returns to properly audit and examine this question. As the number of passes issued affects the revenue, and as this office is charged with the duty of examining the revenue, I ask these questions.

Forms for 800 annual passes for the year 1896 were furnished to your department by the Queen's Printer in December, 1895, 300 more in August, 1896, and 1,500 for the year 1897, in December last. How many of the forms for 1896 were not used?

I am, Sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part R

DEPT. OF RAILWAYS AND CANALS, OTTAWA, April 7, 1897.

SIR,—I am to acknowledge the receipt of your letter of the 26th ultimo, asking for certain information relating to the issue of passes on the Government Railways.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, *D. M. R. and C.*

### *Re Intercolonial Railway Revenue—Agents' Deposits.*

AUDIT OFFICE, OTTAWA, June 24, 1897.

SIR,—I have to call your attention to the deposits made by the agents at Point du Chene, St. John City Ticket, Chatham and Quebec (D.R.McD.) Should they not deposit more frequently?

I am, sir, your obedient servant,

The General Manager, Govt. Railways.

J. L. McDOUGALL, *A. G.*

OFFICE OF THE GENERAL MANAGER, MONCTON, N.B., July 22, 1897.

SIR,—In answer to your letter, dated June 24th, I send you herewith a letter from Mr. Williams, dated July 2nd, giving his explanations with regard to the deposits made by the agents at Point du Chene, St. John City Ticket Office, Chatham, and Quebec Agencies, why they should not deposit more frequently.

In regard to Point du Chene, the agent there had to pay expenses during the month of May to the amount of \$983.80, being back charges, as explained by Mr. Williams, and it may be necessary sometimes, as Mr. Williams states, to keep some money on hand for this purpose, but I have instructed Mr. Williams to see that he makes more frequent remittances.

In regard to the St. John Ticket Agent, there is no reason why he should not make deposits more frequently, whenever his sales amount to \$50, and I have instructed Mr. Williams to take this up with him, and see that he does so.

In regard to the Chatham Town Ticket Agent, I observe that he always deposits fully at the end of the month, and leaves no balance on hand. In the month of May he deposited on the 10th \$61.50, on the 20th \$36.99, and on the 31st \$103.34. It appears as if he could with advantage have made at least another deposit during the month, and I have told Mr. Williams about that.

In regard to the Quebec City Agent depositing more frequently, this is no doubt desirable, and an endeavour will be made to have him carry out his instructions in regard to this.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *Gen. Mgr.*

### *Re Intercolonial Railway—Agents' Returns.*

AUDIT OFFICE, OTTAWA, June 24, 1897.

SIR,—The object in asking that the agents of the Intercolonial Railway should send returns to this office, was (1) to have a certified summary of all receipts; (2) to check the deposits claimed on these returns with the cashier's returns. These objects are frustrated when the returns are not regularly furnished. The agents at the following stations frequently omit sending their returns: Halifax City Ticket, Shubenacadie, Ticket Agent at Truro, Petitcodiac, Norton, Rogersville, Bartibogue, Gloucester Junction and Petit Roche.

The following agents have ceased sending returns: Alton, Marshy Hope, South River, College Bridge, Pollett River, Passekeag, Riverside, Brookville, Birch Ridge,

Adamsville, Acadiaville, Laughlins, Moffatts, St. Philip de Neri, St. Michel, Chaudière Curve, St. Joseph, Quebec (T. D. S.), Chateau Frontenac, Mines Road and McKinnon's Harbour.

The agent at Dartmouth should send a daily return.

The only outside agents sending returns are Arichat, Baddeck, Montreal and Toronto.

I am, sir, your obedient servant,

The General Manager, Government Railways.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 29, 1897.

SIR,—It occasionally happens that the cashier does not credit the amount claimed by the agent and no rectification is subsequently made on the agent's return. I have to ask that the agent should be instructed to make the appropriate rectifications.

I am, sir, your obedient servant,

The General Manager, Govt. Railways.

J. L. McDOUGALL, *A.G.*

OFFICE OF THE GENERAL MANAGER, MONCTON, N.B., 15th Dec., 1897.

SIR,—In answer to your letter, dated June 29th, with reference to Agents' Returns.

I send you herewith a letter of Mr. Williams, treasurer, dated December 10th, enclosing a list in detail of explanations in regard to the various items of difference referred to in your letter.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *Gen. Mgr.*

(*Enclosure*).

MONCTON, 10th December, 1897.

SIR,—The Auditor General's favour of 29th June last *re* differences between amounts entered by agents on Form 164 and as accounted for by cashier, I.C.R., was filed away by mistake and overlooked. Detailed explanations are attached.

The agents have been instructed that where differences arise from return of cheques by cashier, short remittances, &c., special entries must be made on Form 164, subsequently sent to Auditor General, clearly showing the amended transaction.

T. WILLIAMS *Treas.*

The General Manager.

### *Re Cash paid at Head Office.*

AUDIT OFFICE, OTTAWA, October 18, 1897.

SIR,—I inclose herewith a statement of payments that have been made at the Head Office, Moncton, of which no details have been furnished.

In connection therewith, I have to refer you to the first paragraph of my letter of March 4th, 1896.

I am, sir, your obedient servant,

The General Manager, Government Railways.

J. L. McDOUGALL, *A.G.*

# Auditor General's Report—Part R

OFFICE OF THE GENERAL MANAGER, MONCTON, N.B., Dec. 13, 1897.

SIR,—With reference to your letter, dated October 18, enclosing statement of payments made at the Head Office, Moncton, I beg to send herewith accounts for each of these, as follows, with the necessary certificates appended:—

	\$ cts.
Brown, R. & Son., New Glasgow : scrap castings, 71005 lbs at \$16.00 per ton.....	568 03

Truro Foundry & Machine Co., Truro : scrap castings 150957 lbs at \$15.00 per ton.....	1132 19
Tuttle, J. M., Moncton., 1 old boiler.....	140 00
Wallace, A. G., coal 2½ tons at \$4.10.....	11 28
Waterson & Froulx, Riviere du Loup : scrap castings 221982 lbs at \$15.00 per ton.....	1664 85
Wood Soap Co : tallow, 34984 lbs.....	1274 13
Wood & Son., Sackville : damage to trestle work at St John by barque "Siddartha".....	5 00
NOTE.—The above items appear on page R—338.....	

I am, sir your obedient servant,  
 The Auditor General. D. POTTINGER, *Gen. Mgr.*

## Re Storage, Wharfage, &c., St. John.

AUDIT OFFICE, OTTAWA, June 29, 1897.

SIR,—The following returns (form No. 164) of collections of the freight agent at St. John have not been received:—July 30 and 31 ; August 17 and 18 ; and December 15 to 21. In consequence the returns of storage, wharfage, &c., for the months of July, August and December cannot be audited. I have to ask that the missing returns may be furnished.

The returns of collections for January are all to hand, and account for \$212.22 from storage, wharfage, &c. The detailed returns of storage, wharfage, &c., for this month amount to \$254.68. Please explain how the difference arises.

I am, sir, your obedient servant,  
 The General Manager, Government Railways. J. L. McDOUGALL, *A.G.*

OFFICE OF THE GENERAL MANAGER, MONCTON, N.B., July 23, 1897.

SIR,—In answer to your letter, dated June 29, with reference to storage, wharfage, &c., at St. John, I send you herewith the missing returns. In regard to the difference in the month of January, Mr. Williams gives the agent's statement in his letter, dated July 15th, and his remarks, dated July 19th, state that these statements have been verified.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *Gen. Mgr.*

*Re Storage, Car Rental, &c.*

AUDIT OFFICE, OTTAWA, June 28, 1897.

SIR,—Returns for 8 months to February last of the charges for storage, car rental, &c., have come to hand. Comparing these with the returns of collections, there is a large quantity of goods which appear on the former and not on the latter return. I inclose a statement and have to ask for explanations.

I am, sir, your obedient servant,

The General Manager, Govt. Railways.

J. L. McDOUGALL, *A.G.*

*Re Car Rentals Refunded.*

AUDIT OFFICE, OTTAWA, Nov. 12, 1897.

SIR,—Referring to the supplementary statements of car rental, containing a summary by stations of car rental refunded, I have to ask that details be given. If any part of these refunds have been made to the persons or firms who paid for demurrage on cars, satisfactory explanations should be furnished.

I am, sir, your obedient servant,

The General Manager, Govt. Railways.

J. L. McDOUGALL, *A.G.*

**Letters not Answered.**

AUDIT OFFICE, OTTAWA, Nov. 29, 1897.

SIR,—I have to remind you that I have not had any reply to the following letters:—

March 26, 1897, *re* Railway Passes.

May 4 " " Arrears due for damages on canals.

" 12 " " Hydraulic rents, Beauharnois Canal.

If not soon received I will not be able to have them published, as I shall soon send to the printers the manuscript of that portion of the audit report containing your revenue accounts.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

*Re Arrears Due.*

DEPT. OF SECRETARY OF STATE, OTTAWA, Oct. 6, 1897.

SIR,—In reply to the inquiry contained in your circular letter of the 4th instant, I have the honour to state that there are no arrears due this department.

I am, sir, your obedient servant,

The Auditor General.

JOSEPH POPE, U.S.S.

*Re Fees on Commissions.*

AUDIT OFFICE, OTTAWA, November 30, 1897.

SIR,—I have received your letter of the 26th instant, in reply to mine of the 13th, in reference to the commissions held in your department and not delivered, awaiting the payment of the fees thereon.

The Order in Council of October 30th, 1886, issued under sec. 1, chap. 19, R.S., specifies the officers and classes of officers who should receive commissions under the Great Seal and under the Privy Seal respectively; and the Order in Council of February 19th, 1886, confirmed by the Order in Council of September 7th, 1893, fixes the fees to be paid therefor.

Referring to our recent conversation on the subject, I have to inquire if you have had any opinion from the Department of Justice as to the obligation of the officers and classes of officers named in these Orders in Council to take out commissions. The impression which your interview left on my mind was, that you supposed no official who was not explicitly indicated by statute as an appointee under commission is legally obliged to obtain a commission.

I am, sir, your obedient servant,

The Under Secretary of State.

J. L. McDOUGALL, A.G.

SECRETARY OF STATE DEPARTMENT, OTTAWA, December 6, 1897.

SIR,—I have to acknowledge the receipt of your letter of the 30th ultimo, in continuation of correspondence respecting commissions held by me, awaiting payment of fees thereon

In reply, I beg to say that this department has never regarded the Orders in Council to which you refer, as being of a mandatory character, inasmuch as the clause of the statute under which they were passed, does not appear to render the issue of commissions obligatory. The words employed therein, after those empowering the Governor in Council to make regulations as to the officers or classes of officers entitled to receive commissions and the fees payable thereon, are as follows:—

“and such commissions may be issued to the . . . . . and officers who have not “received and are declared entitled to receive them.”

This section has always been considered by my predecessors as merely permissive, *i.e.*, as conveying the requisite authority for the issue of commissions to officers who, having been declared entitled thereto, may desire to receive them. A reference to “Hansard” of 1893, page 3022, will show you that this was the view of the Secretary of State when introducing the bill. I think it a reasonable one. There is, it seems to me, a distinct difference between those who are declared by statute to hold office under the Great Seal, or the Privy Seal as the case may be, and those who “may be appointed by the Governor in Council” without any mention being made of a commission. Moreover, I take occasion to say that in the event of this interpretation of the law proving erroneous, I am unable to see that the obligation to take the initiative in the matter, rests with the Secretary of State, who has no means of compelling an official belonging to a department other than his own, to receive a commission against his will.

## Auditor General's Report—Part S

If there be an officer of the government who, in your opinion, should take out a commission and who has not done so, it seems to me that he is the person whom you should first move to action.

I may add, in reply to your further inquiry, that I have not sought the opinion of the Minister of Justice on the general question you raise. I shall, however, do so at once and apprise you of the result.

I am, sir, your obedient servant,

The Auditor General.

JOSEPH POPE, *U.S. of S.*

OTTAWA, Jan. 7, 1898.

SIR,—Having reference to prior correspondence and more particularly to my letter of the 6th ultimo, respecting fees upon commissions to public officers, I have now the honour to inclose copy of correspondence exchanged with the Department of Justice upon the subject.

I am, sir, your obedient servant,

The Auditor General.

JOSEPH POPE, *U. S. of S.*

SECRETARY OF STATE DEPT., OTTAWA, December 6, 1897.

SIR,—I inclose a file of correspondence which I have recently had with the Auditor General upon the subject of commissions, and in connection therewith, I should be glad to have your opinion on the following points :—

(1.) Having regard to the provisions of the Statute 56 Vic. chap. 14, and the Order in Council of the 26th June, 1889, do you consider it incumbent upon the officers specified in that Order in Council, to take out commissions?

(2.) If you consider them so obliged, whether it devolves upon this department to prepare commissions in the absence of any intimation from the appointee or his superior officer that such commission is required?

(3.) Whether, assuming the obligation, and supposing such commission to have been prepared, but not delivered to the appointee pending the receipt of the fee due thereon, should the amount of such fee be regarded as arrears due the department?

I am, sir, your obedient servant,

The Deputy of the Minister of Justice.

JOSEPH POPE, *U. S. of S.*

DEPT. OF JUSTICE, OTTAWA, December 23, 1897.

SIR,—I have the honour to acknowledge the receipt of your letter of the 6th instant (1897-98) and of the accompanying papers consisting of correspondence between yourself and the Auditor General upon the subject of commissions.

With respect to the several questions as to which you ask for an opinion, I beg to state as follows :—

(1.) The Statute and Order in Council to which you refer do not, in my opinion, of themselves make it incumbent upon the officers specified in the Order in Council to take out commissions. I think they must be viewed as conferring a privilege and not as imposing an obligation. As to some of these officers, however, it is necessary that they should have commissions either because they can only be appointed in that way or because by competent authority they are required to have them, and upon such, it is incumbent to take out their commissions.

(2.) It is the duty of your department to prepare a commission for any officer who for either of these reasons is required to have one, upon your being notified of his appointment, and although no application or requisition for a commission is received from him or from his superior officer. But it is not, in my opinion, its duty to prepare commissions in other cases in the absence of application or requisition therefor.

(3.) Where a commission has been prepared for an appointee upon whom it is incumbent to take out a commission, but has not been delivered pending the receipt of

---

the fee, I think the amount of such fee should be regarded as arrears due to the department. Papers returned.

I am, sir, your obedient servant,

The Under Secretary of State.

E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, January 10, 1898.

SIR,—I have received your letter of the 7th instant, inclosing a ruling of the Department of Justice on the interpretation to be put to the Act and the Order in Council relating to commissions to public officers.

As this ruling divides public officers into two classes: those who are obliged to take out commissions, and those with whom it is optional, I have to ask for a list of the officers or classes of officers who come under the former division.

You will now, no doubt, withdraw your letter of October 6th last, stating that there were no arrears due to your department; and send me a list of those whom you consider as in arrears under this ruling.

You will also probably consider it your duty to see that arrears do not remain.

I am, sir, your obedient servant,

The Under Secretary of State

J. L. McDOUGALL, *A.G.*

### St. John and Dublin—Ulster Steamship Co.

AUDITOR GENERAL'S OFFICE, OTTAWA, March 23, 1897.

SIR,—With reference to your application of the 19th instant, for a cheque of \$3,750 in favour of the agents of the Ulster Steamship Co. for steam service between St. John, N.B., and Dublin or Belfast, Ireland, I beg to point out that the contract under which this service has been performed calls for a *regular* service between the ports in question. I presume a *regular* service means one in which the sailings occur at regular intervals or stated periods, such as weekly or monthly, or on the first and third Saturdays of each month, &c., &c.

According to the account sent me with your application, there has not been, in this view of the contract requirement, the desired regularity of service. The sailings shown thereon took place December 28, January 27, February 6, and March 1. There were two sailings on February 6, viz.: "Dnnmore Head" and "Teeling Head" for both of which payment is claimed.

Please let me know in what respect you consider that the service as performed has been a regular one within the meaning of the contract.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Trade and Commerce.

J. L. McDOUGALL, A.G.

AUDITOR GENERAL'S OFFICE, OTTAWA, May 13, 1897.

SIR,—With reference to your application of the 11th instant, for a cheque in favour of Messrs. McLean, Kennedy & Co., agents of the Ulster Steamship Co., for \$3,750, being the amount due under contract for five round trips of the company's steamers between Canada and Ireland, I beg to call your attention to my letter of the 23rd March last, pointing out some apparent deviations in the service from the contract requirements, as performed to that date. I have not heard from you in regard to the point in dispute, and I shall be glad if you will give the matter your early attention. In the meantime I am holding your application of March 23rd, as well as that of the 11th instant.

I have the honour to be, sir, your obedient servant,

The Deputy Minister Trade and Commerce.

J. L. McDOUGALL, A.G.

AUDITOR GENERAL'S OFFICE, OTTAWA, May 18, 1897.

SIR,—With reference to the correspondence and documents which you handed me yesterday respecting the subsidy applied for on behalf of the Ulster Steamship Co. for steamship services between St. John and Ireland, I beg to point out that the information as furnished by the Reports-Inwards of the steamers "Dunmore Head" and "Glen Head" does not bear out the certificate given by the Collector of Customs at the port of St. John on the application for payment made by Messrs. McLean, Kennedy & Co. on March 19th, 1897.

I find according to the reports that the first mentioned of these steamers entered from Swansea, Wales, and the latter from Ardrossan, Scotland. I cannot find any inward report for either the "Teeling Head" or the "Inishowen Head."

If the reports are correct and the five steamers mentioned in the application for payment did not sail direct from Dublin or Belfast in the first instance, you will readily understand that the round trips claimed by the company have not been fully performed within the meaning of the contract.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

Deputy Minister, Trade and Commerce.

NOTE.—Only \$9,375 of the sum voted—\$7,000—was paid for the service rendered.

J. L. McD.

### Port Mulgrave, and Canso, Guysboro, Arichat, Port Hood— Hugh Cann & Co.

AUDITOR GENERAL'S OFFICE, OTTAWA, July 28, 1897.

SIR,—With reference to your application of the 23rd instant for a cheque of \$5,131.14 in favour of Messrs. Hugh Cann & Co., being the amount of subsidy claimed to be due them on the steamship service between Port Mulgrave, Canso, Guysboro, Port Hood and Margaree, I beg to call your attention to the conditions imposed by the Supply Bill in respect to the performance of these services.

You will notice that the frequency and regularity of the sailings called for are stated as follow:—daily service between Port Mulgrave, Arichat and Canso; four times a week between Port Mulgrave and Guysboro and two trips a week between Port Mulgrave and Port Hood one of such trips to be extended to Margaree. The services between Port Mulgrave and Canso and Port Mulgrave and Guysboro to be performed between April 1, 1896 and March 31, 1897, and that between Port Mulgrave, Port Hood and Margaree between April 1 and November 30, 1896.

The service as performed did not commence, according to the first account rendered by Messrs. Cann & Co., until May 21, 1896, and then only to Arichat and Canso. On this account a payment of \$1,083.33 was made for the service performed by the steamer *John L. Cann*, from May 21 to September 30, 1896, no mention being made or claim preferred for trips performed previously to May 21, which I therefore assume was the date on which the first sailing from Mulgrave took place.

The certificates sent me with your present application vouch for a daily service on the Canso route, with the exception of twelve trips missed owing to severe weather or some other cause, from October 1, 1896, to May 5, 1897; and a service varying in frequency from daily to four times a week between Port Mulgrave and Guysboro, from July 6, 1896, to March 1, 1897, and a service of fifty-seven trips to Port Hood from July 9, to December 24, 1896. The services thus given during the period covered by the appropriation applicable to them have not been fully performed in accordance with the conditions imposed by the Supply Bill, and consequently, payment for the partial service given has been based on the total mileage of the various routes. According to the calculations sent me this total is given at 16,731 miles which for the round trip in each case would be 33.462 miles, while the actual mileage performed was only 25,984

## Auditor General's Report—Part T

miles. The actual mileage does not seem to be correct if based on the the information furnished by the certificates of the collectors of customs at Port Mulgrave and Port Hood, and the statement of Captain Kelly of the *John, L. Cann*.

Using the data given in the papers referred to, I make the actual mileage as follows :

Canso route, 257 trips—54 miles each . . . . .	13,878 miles.
Guysboro “ 140 “ 50 “ . . . . .	7,000 “
Port Hood “ 38 “ 56 “ . . . . .	2,128 “

making a total of 23,006 miles. Of course only trips actually performed within the period of the appropriation have been counted. The proportionate payment for this mileage is \$5,500.20 instead of \$6,211.47 authorized by the Order in Council of July 15, 1897. The balance therefore due Messrs. Cann & Co., deducting \$1,083.33 previously paid seems to be \$4,416.87.

I return herewith your application and the papers attached thereto that you may test the accuracy of this amount ; and as the appropriation from which it may be paid will lapse in a few days, I shall be glad to hear from you at your early convenience.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Trade & Commerce.

J. L. McDOUGALL, A.G.

DEPT. OF TRADE AND COMMERCE, OTTAWA, July 28, 1897.

SIR,—I have yours of yesterday's date in reply to my application of the 23rd inst., for a cheque in favour of Messrs. Hugh Cann & Co., amount of subsidy claimed to be due them for service between Mulgrave, Canso, Guysboro, Port Hood and Margaree, and in reply thereto I beg to point out that in your statement of required service as per terms of the vote, you evidently have not noticed the full terms of the requirements as regards the service between Mulgrave and Port Hood which, although the estimates in the first instance stated the service to be from the 1st of April to the 30th of November, yet the Supply Bill modifies it by requiring “two trips a week during the season of navigation between Port Hood and Mulgrave, one of such trips to be extended to Margaree,” and in your computations you figure that the service should have been from the 1st of April. Navigation did not open for some weeks later than that and the service was run from July 6th to December 23rd. Navigation did not close apparently until the 23rd of December, therefore you cannot cut it off at the 30th of November. The certificate of the Collector of Customs at Port Hood distinctly states that between those dates 57 trips were run. You have only computed 38.

With reference to the service of the “John L. Cann” to Arichat and Canso, it is true that the certificates furnished in the prior claim read from May 21st, as that was the date upon which the department agreed to pay at the rate of \$250 a month until the meeting of Parliament, but it is equally true that the vessel had been on the route for a month prior to that time—that the service actually commenced on the 21st of April. So far as this service is concerned, I will get for you an amended certificate showing the service to have commenced on the 21st of April. I supposed I had such certificate, but I find I have only a letter to that effect which would not answer your purpose. I note also you make the number of trips between Mulgrave and Guysboro as 140 only instead of 184. This you have taken from the certificate of the master of the vessel which only refers to trips run after the payment made to them the 30th of September. The service actually commenced on the 6th of July, as is shown by the certificate of the Collector of Customs at Mulgrave, so that the trips run between the 6th of July and the 1st day of October must be added.

Upon a revision of the figures as furnished to you from this department I find no error whatever therein, and adhere to the correctness of the claim as forwarded. Claim returned herewith.

I have the honour to be, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D.M.

## AUDITOR GENERAL'S OFFICE, OTTAWA, July 30, 1897.

SIR,—I beg to acknowledge the receipt of your letter of the 28th instant, with further reference to the subsidy claimed for the service rendered by the steamers "John L. Cann" and "Westport" between Port Mulgrave, Arichat, Canso, Guysboro and Port Hood, in which you return your application of the 23rd instant in favour of Messrs. Hugh Cann & Co. for a cheque of \$5,131.14.

With reference to the point you raise as to the duration of the season of navigation between Port Hood and Mulgrave not being limited by the definite period indicated in the Supply Bill, I am willing, as the meaning seems doubtful, to accept the interpretation most favourable to the contractors' claim. The trips though for which payment may be made within this period must have been semi-weekly ones, so that not more than fifty round trips may be counted.

The service between Port Mulgrave and Guysboro commenced according to the certificate sent me, on July 6, 1896, and continued until March 1, 1897. The number of trips at the rate of four a week, which it was possible to make within this time, is one hundred and thirty-six, or four less than were allowed in the first computation.

In regard to the daily service to Arichat and Canso, I beg to point out that the Order in Council of October 13, 1896, authorized payment for this service from the date of its commencement in April to Sept. 30, but the contractors, notwithstanding this fact, rendered their account for a daily service from May 21, because I presume it was on that day that the regular daily service began. Allowing then that the season of navigation as it was in the year 1896 may be taken as the period for the Port Hood service, and omitting all trips except semi-weekly ones, and all on the Guysboro route in excess of four in each week, the service performed during the year ended March 31, 1897, would be as follows:—

Canso	route—257 trips—54 miles	13,878
Guysboro	" 136 " 50 "	6,800
Port Hood	" 50 " 56 "	2,800

making a total mileage of 23,478 instead of 33,462—the mileage that should have been performed were a complete service given.

Apportioning the total subsidy on the basis of this mileage, the amount earned by the contractors is \$5,613.05, but if you have received proof that there was a daily service to Canso and Arichat from April 21 to May 30, 1896, this amount may be increased by \$335.70 for the mileage made during that period.

To obtain the amount for which a cheque may issue to the contractors the sum of \$1,083.33 already paid must be deducted from \$5,613.03, or from that amount increased by \$335.70 should the daily service have commenced on April 21, 1896.

I return your application and other papers herewith.

I have the honour to be, sir, your obedient servant,

The Deputy Minister Trade and Commerce.

J. L. McDOUGALL, A.G.

NOTE.—Only \$5,948.75 of the amount voted—\$8,000—was paid on this service.

J. L. McD.

### Halifax and Liverpool, G. B., via St. John's Newfoundland.

DEPT. OF TRADE AND COMMERCE, OTTAWA, August 13, 1897.

SIR,—In the Supply Bill for the year 1896-97, there is an item "for a fortnightly service between Halifax, St. John's, Nfld., and Liverpool from the 1st of July, 1896, to the 30th of June, 1897, \$25,000," which amount has been carried forward by Order in Council so as to be available up to the end of the current month.

The service as rendered by the Canada and Newfoundland S.S. Co., as you will see by enclosed certificates from the Collector of Customs at Halifax, has not been a fortnightly one, neither has it been regular, nor have all the voyages been run between Halifax and

## Auditor General's Report—Part T

Liverpool, some of them having been between Halifax and London, although it is claimed that in some cases where the vessels cleared for London they went by way of Liverpool.

The Company put in their claim for the amount of the vote, but the Honourable the Minister having taken the whole matter into consideration in connection with some of his colleagues, has instructed me as per copy of letter inclosed, to pay say three-fifths of the amount voted, or in other words \$15,000. I have therefore, to request the issue of a cheque in favour of the Canada and Newfoundland Steamship Company for the amount.

You will notice that in the certificate given by the collector at Halifax there are included voyages which were not fully run within the year, as for instance in the case of the "Ulunda" which entered Halifax from Liverpool on the 5th of July ulto. This, of course, was after the close of the fiscal year, and again in the case of the "Barcelona", she cleared from Halifax on the 29th of June, 1896, prior to the time covered by the vote, so that in those cases the voyages would necessarily have to be counted out. Aside from those there appear to have been of the

- "Ulunda" 8 inwards and 8 outwards.
- "Barcelona" 7 inwards and 7 outwards.
- "Benedick" 2 inwards and 2 outwards.
- "Taff" 1 outward.
- "Kong Frode" 1 outward.
- "Coringa" 1 outward.
- "Maparima" 1 outward.

Of these, however, there were only 4 inwards and 4 outwards for Liverpool by way of St. John's of the "Ulunda", 6 inwards and outwards of the "Barcelona", 2 inwards of the "Benedick": or out of a total of 21 clearances and 17 entries inward, only 12 inwards and 11 outwards were run strictly within the terms of the vote.

I have the honour to be, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, *D.M.*

AUDITOR GENERAL'S OFFICE, OTTAWA, August 18, 1897.

SIR,—With reference to your application of the 13th inst., for a cheque of \$15,000 in favour of the Canada and Newfoundland S.S. Co., to be charged to the vote of the fiscal year 1896-97, for a fortnightly service between Halifax, St. John's, Newfoundland and Liverpool, G.B., from July 1st 1896, to June 30th 1897, I beg to inclose a skeleton statement of the sailings of the company's steamers from Halifax and Liverpool, calling at St. John's, Newfoundland, during the period specified, which I should like to have filled in and certified by the Collector of Customs at Halifax, in the order of the sailings from Liverpool.

You have not sent me the contract or agreement entered into by the company in connection with the service for which payment is claimed. In case there was no contract was there any agreement or understanding, before the commencement of the service, between the department and the company as to the sailings required or other conditions essential to the earning of the subsidy?

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Trade and Commerce.

E. D. SUTHERLAND, *for A.G.*

AUDITOR GENERAL'S OFFICE, OTTAWA, August 31, 1897.

SIR,—I have the honour to acknowledge the receipt of your application of the 13th instant, for a cheque of \$15,000 in favour of the Canada and Newfoundland Shipping Co., being a portion of the subsidy of \$25,000 provided in the Supply Bill of the fiscal year 1896-97, for a fortnightly service between Halifax, St. John's, Newfoundland, and Liverpool, G.B., from July 1st, 1896, to June 30th, 1897.

I regret that the service performed by the company during the period specified in the Supply Bill, as shown by the information sent me, has not been as regular or frequent as that called for by the terms of the vote. As pointed out in your letter of application the sailings from Liverpool or Halifax were not fortnightly ones, nor was there any agreement or contract with the government prior to the commencement of the service regarding the payment of a subsidy.

So far as I can learn from the statement of sailings sent me, there was not at any time during the year what might be reasonably called a fortnightly service between Halifax, St. John's and Liverpool by the steamers of the Canada and Newfoundland S S. Co., and consequently I cannot agree with you that even a portion of the subsidy may be paid.

The intermittent service given was not, I think, a fortnightly one within the meaning of the vote, and of course the amount asked for in your application could not therefore be made a charge on it.

I return the papers and statements sent me with your application.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Trade and Commerce.

J. L. McDOUGALL, A.G.

---

**St. John, Halifax and London, Eng.: Furness, Withy & Co.**

DEPT. OF TRADE AND COMMERCE, OTTAWA, July 10, 1897.

SIR,—In explanation of the requisition herewith for a cheque in favour of the Furness, Withy Co., Ltd., for \$15,250, I beg to point out that \$6,000 is to cover the Halifax service practically for the months of March, April and May. This will leave a sum of \$3,000 due them on this service for which as yet no vouchers have come to hand. The balance of the requisition, \$9,250, is the amount which the Minister has consented to allow them on the St. John service, vide a copy of my report to the Minister of date the 14th of June, the same having been approved by him. The amount proposed to allow them in full for such service was fifteen-twentieths of the \$15,000 which was specially appropriated, or say \$11,250, from which must be deducted \$2,000, paid them on account of this service on the 3rd of February. Therefore the requisition as made up covers \$6,000 for the Halifax service and \$9,250 for the St. John service.

I have therefore to request your early attention to this matter as the parties are getting impatient. I might add that they claim much more than it is proposed to allow them.

I have the honour to be, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D.M.

---

AUDITOR GENERAL'S OFFICE, OTTAWA, July 13, 1897.

SIR,—With reference to your application of the 10th inst., for a cheque of \$15,250 in favor of Furness, Withy & Co. I beg to inclose herewith two forms, one for Halifax and the other for St. John, and I shall be obliged if you will obtain the information outlined on these forms regarding the arrivals and sailings of the steamers of the Furness Line in regard to the ports in question from the Collectors of Customs at your early convenience. The statements sent me do not afford the information I need, and it will greatly facilitate the disposition of the case under consideration if you cause the particulars asked for to be given in chronological order commencing with the sailing from St. John on May 28, 1896, and that from Halifax two days later.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Trade and Commerce.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part T

AUDITOR GENERAL'S OFFICE, OTTAWA, July 28, 1897.

SIR,—With reference to the claim of Furness, Withy & Co., in connection with the steamship services between St. John and London and Halifax and London, England, during the year ended June 30, 1897, I notice that in your memorandum to the Minister you call attention to the irregularity of the sailings from St. John and London, and recommend that on account of the service not being fully performed in accordance with the contract, a proportionate deduction should be made from the subsidy.

For the periods covered by the supplementary contract, dated October 15, 1896, that is from November to April inclusive, the subsidy accruing to the contractor for a fortnightly service between St. John and London, and Halifax and London, was \$27,000, made up of the special vote of \$15,000 and the six monthly payments of \$2,000 each under the original contract of July 7, 1896.

During this period on the basis of fortnightly trips, there should have been made from Halifax thirteen round trips, commencing on November 12 and ending on April 28, and from St. John ten round trips, commencing on December 10, and ending on April 24 following, making a total of twenty-three round trips. According to the information furnished me, only eighteen full round trips within the meaning of the contract were made, namely, the full requirement of thirteen from Halifax and five from St. John. Allowing \$27,000 as the amount due under the contract for a complete service, the contractors, it seems to me, would not be entitled to more than \$21,130.43 for the service as performed. On this \$21,130.43 there has been already paid \$10,000 from November 1 to March 22 in monthly payments of \$2,000 each, leaving a balance of \$11,130.43 due Messrs. Withy & Co. To this sum may be added the monthly payments for May and June, 1897, amounting to \$5,000, when the service was in accordance with the old contract. The total payment which may now be made from the appropriation should not therefore exceed \$16,130.43. There would then be paid for the service to June 30, 1897, \$34,130.43 or \$5,869.57 less than the sum appropriated. I may say in respect to the irregularities noted in your memorandum regarding the dates of sailings that, in my opinion, the stipulations of the contract in this particular should be complied with: I am at a loss to account for the disregard which in several instances those who have claims for steamship subventions gave to the provisions, not only of the Subsidy Act but also of the contracts which they signed. I trust the requirements will be observed in future as otherwise I shall not be able to assume responsibility for any payments asked for in accordance with such contracts.

I return the applications herewith.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Trade and Commerce.

J. L. McDOUGALL, A.G.

DEPT. OF TRADE AND COMMERCE, OTTAWA, July 29, 1897.

SIR,—Referring to yours of the 28th inst., further in reference to the claim of Furness, Withy & Co. for payment of subsidy for services between London and St. John and London and Halifax during the year ended the 30th of June ulto. I fail to understand the basis upon which you compute the amount due the parties. You say "allowing \$27,000 as the amount due under the contract for the complete service, etc." This is what I cannot comprehend. The vote distinctly appropriates \$15,000 for the St. John service and \$25,000 for the other. As regards the service that should have been performed we quite agree that there should have been 10 round trips run on the St. John service and that only 5 complete round trips were so run, but you entirely lose sight of the fact that there were also 5 half trips run in addition, which, at the proportionate rate, would add \$3,500 to the amount you claim payable on the St. John service. This added to your figures would exceed the amount for which the department is asking payment.

So far as the irregularity of the service is concerned, there can be no dispute. The matter has been gone into most exhaustively, not only by the Minister but by his col-

leagues, and inasmuch as the contract gives him the power to decide whether the service shall be considered sufficient or not, and inasmuch as he has decided that there shall be recognized on the St. John service the 5 full round trips and the 5 half trips and that the whole of the Halifax service shall be considered as rendered, I do not see what further chance there is for controversy as to the amount payable. I think if you will personally look into this matter you will agree with me, and as the parties are constantly telegraphing to know when there cheque will received, I have to ask that no further unnecessary delay be allowed.

I return herewith the requisition for cheques in question.

I have the honour to be, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, *D.M.*

AUDITOR GENERAL'S OFFICE, OTTAWA, August 3, 1897.

SIR,—With reference to your further communication of the 29th ulto, respecting the amount of subsidy due Messrs. Furness, Withy & Co. for the steamship services between St. John, Halifax and London, Eng., I beg to call your attention to the terms of the vote in the Supply Bill. It is there stated that the whole vote of \$40,000 is for the purpose of providing a steamship service between St. John, Halifax, and London, Eng., during the summer months as hitherto; in the winter months direct services from St. John to London and from Halifax to London. The contract for the summer service provides for a payment of \$2,000 per month and the supplemental contract for the winter service makes further provision for the payment of \$15,000 additionnal subsidy within the period of such service, namely from November to April inclusive. I have therefore taken as the proportion of the subsidy due under the contracts—the original one of July and the supplemental one of October—to be for the winter months \$27,000, leaving \$13,000 for the less frequent service of the summer months. As, however, the Governor in Council has authorized the payment of the single trips sailed in connection with the port of St. John and as the contract provides (as I find in reading it again) that in the event of failure on the part of the contractors in any respect to perform such services a proportionate deduction shall be made from the subsidy in respect of the service not performed I now think that the single trips may be paid for.

I have passed your application for the amounts asked for in the first instance.

I am, sir, your obedient servant,

The Deputy Minister, Trade & Commerce.

J. L. McDOUGALL, *A. G.*

### St. John and Liverpool, G. B.: Beaver Line.

AUDITOR GENERAL'S OFFICE, OTTAWA, March 23, 1897.

SIR,—I beg to acknowledge the receipt of your application of the 20th inst., for a cheque of \$10,000 in favour of H. E. Murray and Geo. Hyde, agents of the Beaver Line, for a steamship service between St. John, N.B., and Liverpool, England. I find on examination of the contract under which this service has been performed that the company agreed to give regular fortnightly sailings from both St. John and Liverpool, and that the length of each voyage should not exceed nine days except under extraordinary conditions of the weather. According to the particulars given on the account sent me with your application, these stipulations have not been fulfilled in respect of the voyages for which payment is claimed. There were two sailings from St. John in December, one on the 30th, and the other on the following day. There were also two in January on the 13th and 19th respectively.

In all the five voyages sailed the limit of nine days was exceeded, but there is no certificate from the captains or other qualified persons that the lateness of arrival in each case was caused by stress of weather.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Trade and Commerce.

J. L. McDOUGALL, *A. G.*

## Auditor General's Report—Part T

AUDITOR GENERAL'S OFFICE, OTTAWA, May 31, 1897.

SIR,—With reference to the papers sent me in support of the claim of the Canada Shipping Co., made through the trustees, Messrs. Murray and Hyde, for \$20,000 for the steamship service of last winter between St. John, N.B. and Liverpool, England, I beg to point out that, though the statement of sailings from Liverpool and St. John respectively shows at least one sailing within each fortnight during the period of service, yet there have not been in my opinion regular sailings fortnightly within the meaning of the contract. For example, the first sailing from St. John was on December 8, and the second on December 18, instead of the twenty-second, in the usual course of a regular fortnightly sailing. The subsequent sailings were made at similarly irregular intervals, but no explanation has been offered by the trustees in regard to the apparent deviation from the contract requirement.

I would call your attention also to the average rate of speed maintained on each of the voyages for which payment is claimed. With one or two exceptions the average was below that called for by the contract, and in no instance was the voyage from port to port completed within the stipulated space of nine days. There is no certificate that the undue length of these trips was occasioned by the extraordinary condition of the weather, except the ship's logs which you have sent me. I am unable to determine from these documents that the contractors are entitled to the benefit of the exceptional clause in the contract applicable to the rate of speed and the time limit of each trip.

I think it should be shown that the dates of sailings, though not occurring fortnightly in regular order, had been duly advertised and were so arranged as to best serve the public interest, and further, the department should state explicitly that owing to the continuously bad weather experienced during the whole period of the service, the contractors are entitled to the benefit of the exceptional clause to which I have already referred.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Trade and Commerce.

J. L. McDOUGALL, A.G.

AUDITOR GENERAL'S OFFICE, OTTAWA, June 8, 1897.

SIR,—I beg to acknowledge the receipt of your letter of the 5th inst. inclosing a communication from the agents of the Canada Shipping Co. with further reference to their claim for the subsidy of \$20,000 voted for a steamship service during the winter season of 1896-97 between St. John, N.B., and Liverpool, England.

It seems clear from the papers and certificates which have been sent me that the contract was not fulfilled in respect to the time limit of each voyage from port to port, and the regularity of the sailings from St. John and Liverpool, except there is sufficient grounds for giving the contractors the benefit of the exceptional clause of section one respecting the condition of the weather.

On this point I desire to call your attention to section 12 under which it is declared that the Minister shall be the sole and final judge of the sufficiency of any alleged breach of the contract to justify its termination, because it seems to me only reasonable and in accordance with the spirit of the power thus conferred on the Minister that the department should state explicitly whether or not under the circumstances of the present case the contractors appear to the department entitled to the full amount of the subsidy.

I have the honour to be, sir, your obedient servant,

The Deputy Minister, Trade & Commerce.

J. L. McDOUGALL, A.G.

DEPT. TRADE AND COMMERCE, OTTAWA, June 9, 1897.

SIR,—I have yours of yesterday's date, further in *re* the claim of the "Canada Shipping Co." (Beaver Line) for subsidy. As I left all my papers on the subject with

you I am unable without them to make a report that can be submitted to the Minister for decision, under the terms of the section you refer to. If you will kindly return to me the papers I will see what can be done.

I have the honour to be, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, *D.M.*

NOTE:—The decision of the Minister favoured the payment of the full contract amount. J.L.McD.

## Auditor General's Report—Part T

---

### *Re Security given by Collectors.*

AUDIT OFFICE, OTTAWA, May 31, 1897.

SIR,—I have to ask for a copy of the regulations governing the security that Collectors of Customs are required to give; also for a statement showing the security held from each collector and sub-collector, specifying the amount, and whether personal or by guarantee company.

I am, sir, your obedient servant.

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

---

CUSTOMS DEPARTMENT, OTTAWA, June 2, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of 31st ult., on the subject of security given by Collectors of Customs, and would state that the statements required by you will be furnished at the earliest possible moment.

In view of the large number of collectors and sub-collectors of customs it will take some time to prepare the statement in question.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALL, *Commissioner*

---

AUDIT OFFICE, OTTAWA, September 1, 1897.

SIR,—In your letter of June 2, you stated that the statements asked for by my letter of May 31, in reference to the security given by Collectors of Customs, would be furnished at the earliest possible moment.

I have to remind you that the promised statements have not yet been received.

I am, sir, your obedient servant,

The Commissioner of Customs.

JOHN GORMAN, *for A.G.*

---

### *Re Inspection of Ports.*

AUDIT OFFICE, OTTAWA, May 31, 1897.

SIR,—I have to call your attention to the previous correspondence in reference to the returns of the inspectors of ports.

I understand that the inspector is relied on to verify the books and accounts of the collectors and to ascertain that the collectors are collecting and promptly accounting for all the revenue.

Any audit made in this office must be incomplete without the returns of the inspectors.

I have to repeat my request that these returns may be regularly furnished to this office.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

---

### *Re Steamboat Inspection.*

AUDIT OFFICE, OTTAWA, June 8, 1897.

SIR,—I inclose a memo. of boats, the fees on which for two and more years were paid during 1896-97. I have to ask why these fees were not collected each year as they accrued.

Inspector Samson reports that the fees (\$7.08) on the "Forest" were paid August, 25, 1896 at Chicoutimi. This amount is not accounted for on the returns of the customs collector.

Two years' tonnage fees and but one year's inspection fees were paid at New Westminster on the boats "Brunette" and "Iris." Full fees were collected from the other vessels in arrears, why not from these?

Inspector Dodds returns the fees on the "Frankie" as paid at Wallaceburg; the collector at Wallaceburg returns the "John Lee." Inspector Lawrie returns the fees on "Ida" as paid at Ottawa; the collector at Ottawa returns the "E. G. Laverdure." As the fees and date of payment are the same it may be that there is some mistake in the names.

I shall be glad to hear from you in reference to the above.

I am sir, your obedient servant,

The Commissioner of Customs.

JOHN GORMAN for A.G.

*Steamboat Inspection 1896-97.*

The fees on the following boats for two and more years were paid during 1896-97 :—

Port where paid.	Boat.	No. of year.
Collingwood . . . . .	John Milne . . . . .	2 years.
Owen Sound . . . . .	Coponing . . . . .	do
do . . . . .	Lillie . . . . .	do
do . . . . .	Maggie McLean . . . . .	do

do . . . . .	Perishable . . . . .	2 years.
St. Johns . . . . .	Alexandra . . . . .	6 years.
Stanstead . . . . .	Owl . . . . .	3 years

CUSTOMS DEPARTMENT, OTTAWA, September 9, 1897.

SIR,—Referring to your letter of 8th June last inclosing a memorandum of boats on which the steamboat inspection fees for two or more years were paid during the fiscal year 1896-7, and asking why these fees were not collected each year as they accrued, and also inquiring as to other matters in connection with the collection of steamboat inspection fees.

I have the honour to inclose you herewith above noted file covering replies from the various collectors which contain the desired information.

Please return the file when it has served your purpose.

I am sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Comm'r.*

# Auditor General's Report—Part T

AUDIT OFFICE, OTTAWA, September 14, 1897.

SIR,—I am to-day in receipt of your letter of the 9th instant, in reply to mine of the 8th June last in reference to steamboat inspection revenue.

You inclose a file covering the replies of the various collectors, with the request that the file may be returned when it has served my purpose.

It would be more satisfactory, if in addition to sending the file, your letter embodied the purport of the letters received.

The collector at Montreal states that he has issued instructions that arrears of steamboat inspection fees are not to be accepted in the future.

If this regulation will ensure the collection of all the fees each year it may be satisfactory enough, but if the fees on any boats are not paid in any year, there is no reason why they should not be received the following year.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, October 6, 1897.

SIR,—Steamboat Inspector Thos. P. Thompson, returns the following steamers as having paid the fees for inspection at the Port of Peterboro:—

“Majestic”, May 11, 1897 .....	\$10 44
“Eclipse”, June 9, 1897 .....	6 44
“Sunbeam”, do .....	16 40

No return has been received from the collector of customs at Peterboro covering these fees, nor do I find that the amounts have come to account.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

## Re Bounty on Iron Puddled Bars.

AUDIT OFFICE, OTTAWA, July 3, 1897.

SIR,—The Londonderry Iron Company, Acadia Mines, was paid bounty during the past fiscal year on the following production of iron puddled bars:—

Voucher No.	Date 1896.	Pig Iron used.	Puddled bars produced.	Bounty paid.
20	July 10	340·256 tons.	383·376 tons.	\$766 75
741	Sept. 17	201·88	195·605	391 21
1153	Oct. 10	364·56	330·091	660 18
1621	Nov. 20	108·696	99·062	198 12
1917	Dec. 15	163·408	148·848	297 70
2349	Jan. 19	258·832	244·327	488 65
2884	Mar. 13	26·88	25·257	50 51

I have to call your attention to the first payment, voucher No. 20, which I am returning herewith. You will observe that the quantity of puddled bars produced, and on which bounty has been paid, exceeds the quantity of pig iron used. Though these are the figures furnished in the affidavit of the manager and accountant of the company, there is evidently some mistake.

No voucher of the customs officer has been furnished for this or the two following payments. Were the puddled bars covered by these payments, manufactured under the supervision of a customs officer as required by the regulations?

The certificate of the customs officer, furnished with the vouchers for the other payments, indicates that it is based on an examination of the books of the company. Do you consider that this complies with the regulations?

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, 2 Nov., 1897.

SIR,—Referring to your letter of July 3rd, 1897, respecting amounts paid to the Londonderry Iron Company, Ltd., for bounty on iron puddled bars during the past fiscal year, I have the honour to inclose herewith Voucher number 20, paid 10th July, 1896, together with a supplementary declaration showing that  $62\frac{992}{2000}$  tons re-smelted pig iron made in Canada wholly from Canadian ore were used in the iron puddled bars produced in June 1896, in addition to the quantity of pig iron ( $340\frac{512}{2000}$  tons) previously stated in the claim.

Prior to the 1st October, 1896, no customs officer was specially charged with the supervision of the manufacture of the iron puddled bars, but the records of the company as to puddled bars manufactured since the 1st March, 1896, have recently been carefully examined by a customs officer, and a copy of his certificate is forwarded herewith, showing that the said bounty claims since March 1st, 1896, are correct according to the records.

The certificate of the local customs officer, based on an examination of the company's records, is in my opinion a sufficient supervision to prevent fraud in this case. New regulations for the payment of this bounty have gone into effect since 30th July, 1897.

I have the honour to be,

Sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

### *Re* Bounty on Pig Iron.

AUDIT OFFICE, OTTAWA, July 12, 1897.

SIR,—The Hamilton Iron and Steel Co. Ltd. use both Canadian and foreign ore in the manufacture of pig iron. During the calendar year 1896, the total production was 30,752.04 tons, on 7333.22 tons of which bounty was paid as being the production of Canadian ore. The production from Canadian ore to May 1st, only averaged 49 $\frac{1}{2}$  per cent; for the balance of the year it was 57 per cent. I have to ask for the metallic values of the different ores used, and the certificates of the tests made to establish these values. Has this company manufactured any pig iron since the 1st January last?

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, September 3, 1897.

SIR,—Referring to your letter of the 12th July last on the subject of claims of the Hamilton Iron and Steel Company Limited for bounty on pig iron, and in which you ask to be furnished with the metallic values of the different ores used and certificates of tests made to establish these values.

I have the honour to inclose you herewith the file above noted, containing full information on this subject, and would ask you to be good enough to return the same to me after it has served your purpose.

I am sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

AUDIT OFFICE, OTTAWA, September 20 1897.

SIR,—I am in receipt of your letter of the 3rd instant inclosing two letters of the Hamilton Iron and Steel Co. Ltd., and statements and certificates as to the metallic value of the ores used. The letters of the company state that the difference in the

## Auditor General's Report—Part T

average quantity of pig iron produced arises from the larger use of rich Malone ore at one time than at another. Would it not be more satisfactory to require all companies manufacturing pig iron, to furnish a statement with each claim paper, showing the quantity and metallic value of the ores used.

As requested, I am returning herewith the papers received with your letter.

I am sir, your obedient servant,

The Commissioner of Customs.

J. L. McDUGALL, A.G.

CUSTOMS DEPT., OTTAWA, October 5, 1897.

SIR,—Referring to your letter of September 20th, 1897, respecting the metallic values of ores used in the manufacture of pig iron:—

I beg to state that a circular has been sent to manufacturers on the form inclosed, requiring this information to be furnished on claims under the new regulations.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDUGALD, *Commissioner*.

AUDIT OFFICE, OTTAWA, July 8, 1897.

SIR,—The Londonderry Iron Co. was paid bounty on the following pig iron produced during the fiscal year 1896-97:—

Month.	Can. ore used.	Foreign ore used.	Pig iron produced.	Average.
June.....	2564·8	.....	935·98	36·5 per cent.
July .....	2247·672	20·72	856·632	37·7 “
August.....	2336·712	.....	829·584	35·5 “
September.....	2011·296	18·288	929·376	45·7 “

I have to ask for an explanation of the large average in the production in September as compared with the other months.

I am, sir, your obedient servant,

The Commissioner of Customs.

JOHN GORMAN, *for A.G.*

CUSTOMS DEPT., OTTAWA, August 16, 1897.

SIR,—Referring to your letter of the 8th ultimo, respecting the production of pig iron by the Londonderry Iron Co., during the year 1896-7, I have the honour to state that the explanation given by Mr. Meissner, general manager of the company's works at Acadia Mines, Londonderry, as to the large average of the production in September, as compared with the other months, is as follows:—

“The reason that percentage of iron from the ore is so much greater in September lies in the fact that in blowing out, accumulations of iron on the sides and bottom which have taken place for months past is loosened, owing to the large amount of coke used and thus causing a disproportionately greater output, providing the blow-out was successful as was the case in ours. Also we had a large accumulation of strictly furnace scrap upon which no bounty has ever been charged, and which had been made entirely of our Canadian ores, and which we reserved for the blow-out, as we would be able owing to the large amount of coke used to melt it up perfectly, and at the same time it would have the tendency to cut out these accumulations that I speak of, and thus clear the furnace. These two causes were the chief questions in bringing about the large percentage of yield.”

I am, sir, your obedient servant,

The Auditor General.

F. G. BENNET, *pro Comm'r.*

AUDIT OFFICE, OTTAWA, July 13, 1897.

SIR,—Vouchers are to hand covering the production of pig iron by the Nova Scotia Steel Company for 10 months to March 31 last. In July and March, Canadian ore only was used, and the pig iron produced averaged 55·5 per cent in July and 42·5 in March. How is this difference accounted for?

During the other months 20,456 tons of Canadian and 11,284 tons of foreign ore were used, 16,702 tons of pig iron were produced, and bounty paid on 10,505 tons. In calculating the quantity entitled to bounty, 8,139 tons of the Canadian ore were placed at a metallic value of 45 units, 5,892 tons at 48, 4,994 tons at 54, and 1,431 tons at 70; and 3,164 tons of the foreign ore were placed at 50, and the balance at 54. I have to inquire what tests were made to fix these values.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, August 13, 1897.

SIR,—Referring to your letter of the 13th ultimo, respecting the production of pig iron by the Nova Scotia Steel Company, (Limited), I have the honour to forward herewith a copy of a letter received from the said company, in answer to your inquiry.

I am, Sir, your obedient servant,

The Auditor General

JOHN McDOUGALD, *Commissioner*.

NEW GLASGOW, N.S., July 20, 1897.

DEAR SIR,—Yours received, containing extract from Auditor General *re* Ore used.

In reply I beg to say that in the months of July and March to which he refers no unit value of the ore was given, because of their being nothing but Canadian ore used. Pig iron does not contain 100 units of iron. That is to say, pig iron is not pure iron, but contains 7 to 8 per cent of other ingredients, and consequently, when the total tons of pig are divided into the total tons of ore used, it makes the ore look three to four points richer than it really is. In addition to this part of the iron in the ore may be, and frequently is lost by being carried off in the slag, and this tends to show the ore less rich than it really is.

The apparent discrepancy in these two months is due to the metallic value of the ore used. In July we used 2,109 of brown and 1,923 tons of red ore, the latter being much richer than the former. While in March we used almost exclusively brown ore, the result being as stated.

Regarding the other months referred to, there was foreign ore used and consequently the metallic value of all the ores entering into the manufacture of the pig require to be given for the purpose of determining exactly the amount of bounty to be paid.

As to the tests made, by which the values are fixed, we have a competent chemist at the furnace, who makes tests of all the ores used; in addition to this all the foreign and other ores bought by us are bought on a guaranteed analysis of their metallic contents, and thus a fair and accurate basis of values are secured.

Yours respectfully,

THE NOVA SCOTIA STEEL COMPANY, LIMITED,

The Commissioner of Customs.

per HARRY GRAHAM.

# Auditor General's Report—Part T

## *Re* Bounty on Steel Billots.

AUDIT OFFICE, OTTAWA, June 16, 1897.

SIR,—I have to call your attention to the unsettled condition of the account with the Nova Scotia Steel Company.

The company was paid the bounty on the productions of April and May, 1896, though it was not entitled thereto under the regulations, the other ingredients including foreign pig iron exceeding the allowance of 50 per cent.

No bounty has yet been paid so far as the returns forwarded to this office show, for the productions of March, June, September and October, 1896.

The returns for March and June exceeded the allowance for other ingredients, and with the object of overcoming the difficulty, amended returns were submitted, omitting the foreign pig iron. Of course this manner of bringing the transactions within the regulation cannot be accepted.

The returns for September and October are seemingly in order.

I understand the company claims that the excess of other ingredients occurred in only a limited number of casts, though sufficiently large to show the whole transactions of the month in excess, and that the company is entitled to bounty on those casts which were not in excess. It is possible that the ingredients in some of the casts included in productions of months, the bounty on which has been paid, were in excess of the allowance. The company should be asked to furnish a statement giving the date, the quantities of the different ingredients and the production of steel of each cast from the inception of the business to date, so arranged as to correspond with the monthly returns furnished.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, June 21, 1897.

SIR,—Referring to your letter of the 16th instant, respecting the above matter:—

I beg to advise you that the sub-collector of customs at New Glasgow, N.S., was directed by letter dated the 15th April, 1897, to examine the records of the Nova Scotia Steel Co., Ltd., and certify as to the ingredients used in the steel billots manufactured by them from 1st July, 1895, to 1st July 1896. His report will be submitted to you in a short time.

The amended claims for March and June will, on examination, be found to be made out in accordance with the ingredients and proportions prescribed by the regulations.

Payment of the claims for September and October, 1896, are withheld, pending the adjustment of the claims for April and May, 1896.

I expect all the matters connected with this account will be closed up before the end of the present month.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

## *Re* Arrears due by Ex-Collectors.

AUDIT OFFICE, OTTAWA, May 5, 1897.

SIR,—The return of the collector at Napanee for the month of September last calls for \$1,162.72, and deposits came to account during the month in due order, in acquittance.

The return from this port for the month of October, signed by a new collector, enters arrears due by the late collector, amounting to \$1,224.51. In payment of these arrears, \$422.80 came to account in October, \$202.16 in November, and \$125 in December, leaving a balance of \$474.55. Has this balance since been paid?

I have to ask for a detailed statement of the items making up \$1,224.51, the arrears due by the former collector, with the dates when each accrued, and copies of the last two reports made by the inspector, of his inspection of this office.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, May 22, 1897.

SIR,—Referring to your letter of the 5th instant in the above matter, I have the honour to inclose a report of Mr. Alexander McKay, inspector of customs, dated 27th October, 1896, showing the details of the items making up the sum of \$1,224.31.

Since the date of the Inspector's report, \$177.16 has been paid by the ex-collector. The balance of \$474.35 is unpaid as yet. The ex-collector disputes his liability for part of this amount, but proceedings are being taken for its collection through the Department of Justice.

I am unable to find any report of the inspection of the port of Napanee since the appointment of Mr. Elliott as collector at that port, except that of Mr. Inspector McKay, in October, 1896.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

CUSTOMS DEPARTMENT, OTTAWA, November 10, 1897.

SIR,—Mr. Inspector McKay reports a defalcation of \$3,607.07 in the accounts of Mr. J. C. Stephens, late Collector of Customs at Owen Sound, Ontario, as per statement herewith.

Mr. Stephens has been dismissed from the customs service, and the claims and charges against him have been handed over to the Department of Justice to be dealt with.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

CUSTOMS DEPARTMENT, OTTAWA, November 13, 1897.

SIR,—I send herewith a statement prepared by Mr. S. W. McMichael, chief inspector of customs, showing a defalcation of \$1,949.26 in the accounts of George Isaac Walker, sub-collector of customs at Aylmer, under the survey of the port of St. Thomas, Ontario, so far as the same could be ascertained or estimated.

The matter has been transferred to the Department of Justice to be dealt with.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

### *Re Customs Seizures.*

AUDIT OFFICE, OTTAWA, April 20, 1897.

SIR,—In your letter of September 14th last, acknowledging receipt of a list of seizures undisposed of at the smaller ports, you stated that the required information would be furnished at the earliest possible moment. No reply has since been received.

I shall be glad to know that suitable action is being taken to dispose of these seizures.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part T

CUSTOMS DEPT. OTTAWA, May 26, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of 20th ultimo calling attention to your letter of 10th September last inclosing list of seizures undisposed of at the smaller ports, and asking that suitable action be taken to dispose of these cases.

I beg to advise you that the undermentioned cases have been disposed of in the following manner :—

Port of Kingston, Ont.—Seizure No. 168.—Jewellery,—goods sold March 8th, 1897, and proceeds deposited to credit of Receiver General. No. 179.—Umbrella covers, goods sold and proceeds deposited to credit of Receiver General, 8th March, 1897. No. 182.—Jewellery, goods sold and proceeds deposited to credit of Receiver General, 8th March, 1897. No. 189.—Monument, seizure released under departmental decision of 13th May, 1896. No. 193.—Dress goods, goods sold and proceeds deposited to credit of Receiver General on 2nd November, 1896. No. 195.—Trousers goods, goods sold and proceeds deposited to credit of Receiver General on 8th March, 1897.

Port of St. Thomas, Ont.—No. 59.—One Kinetoscope, released on payment of duty, duty paid \$88.75 on 6th July, 1896 as per entry No. 36.

Port of Sarnia, Ont.—No. 123.—Race horse "Dr. M.", This seizure was released by departmental decision of 22nd April last.

Port of Moncton, N.B.—No. 59.—One keg of gin.—Goods sold and proceeds deposited to credit of receiver general on 7th January, 1897.

Port of St. Stephen, N.B.—No. 426.—Top buggy, harness, etc. Decision of department on 8th March, 1897 imposed a penalty of \$6 and remitting the balance of deposit, \$19. This remission has been made and the case is closed.

Port of Woodstock, N.B.—No. 292.—Sewing machine, goods sold for \$15 [and amount credited to Receiver General on 2nd October, 1896. No. 314.—Silver watches, released on payment of duty by departmental decision of 9th July, 1896 duty paid on 9th September, 1896.

Port of Halifax, N.S.—No. 230.—One bicycle, forfeited by departmental decision on 20th February, 1897. Bicycle sold and proceeds deposited to credit Receiver General on 6th April 1897.

Port of Sydney, N.S.—No. 21.—19 pairs shoes and 13 pairs of rubbers. Departmental decision of 9th July, 1896, released the seizure on payment of duty and expenses,—otherwise the seizure to be forfeited. The duty amounting to \$3.75 was paid on 20th July, 1896. Entry No. 36,—no expenses incurred.

Port of Vancouver, B.C.—No. 101.—300 packages of chinese tobacco,—goods sold and proceeds deposited to credit of Receiver General on 5th August, 1896. No. 102.—25 boxes of cheroots, etc.,—goods sold and proceeds deposited to credit of Receiver General on 11th August, 1896. No. 103.—One lot of tools and hardware, goods sold and proceeds deposited to credit of Receiver General on 11th August, 1896. No. 105.—Wine silk goods, etc.,—goods sold and proceeds deposited to credit of Receiver General on 11th August, 1896.

Port of Victoria, B.C.—Nos. 184-5-8-94-6-7-8.—The goods in all these cases were sold and proceeds deposited to the credit of the Receiver General on 5th August, 1896. With respect to seizure No. 202 of this port, covering 2 barrels of claret wine, I beg to advise you that this wine was forfeited by departmental decision of 13th May, 1896, and the collector being asked why the goods have not been sold replies that "at this port in the past we have held customs sales of seized and unclaimed goods twice a year, "for two reasons, first that the expenses of advertising are very high, and small sales are "unprofitable, secondly, that as our province is large, parties interested in goods under "seizure or unclaimed have to be communicated with, and sometimes a month or two "elapses before acknowledgment has been received. This wine might have been sold "last December, but I assure you by the price obtained for this cheap wine, the revenue "has not suffered."

The remaining cases are receiving my attention, and will be dealt with at the earliest possible moment.

I am, sir, your obedient servant,  
The Auditor General.

JOHN McDOUGALD, *Commissioner.*

**Re Customs Seizures—Port of Quebec, Voucher No. 2689, 1894-95.**

AUDIT OFFICE, OTTAWA, May 6, 1897.

SIR,—Referring to previous correspondence in connection with Voucher No. 2689, 1894-95, port of Quebec, being the distribution allotted to the men engaged in the Isle aux Coudres expedition of 1892, I have to inquire if Lt. Col. Montizambert has paid to the men entitled thereto, the balance of \$60, reported in your letter of August 12, 1896 as still in his hands.

I wrote you August 14, 1896, that this balance should be re-deposited. If the amount or any part of it is yet unpaid, it should now be re-deposited.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, 7 May 1897.

SIR,—I beg to acknowledge receipt of your letter of 6th inst. in connection with Voucher No. 2689 of 1894-95, Port of Quebec, covering distribution allotted to the men engaged in the Isle aux Coudres expedition of 1892, and beg to advise you that the balance of the \$60 reported to be in the hands of Lt. Col. Montizambert on 12th August 1896, was re-deposited to the credit of the Receiver General on 3rd September, 1896.

I am sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.**Re General Regulations.**

AUDIT OFFICE, OTTAWA, May, 5 1897.

SIR,—I have again to ask your attention to my letter of June 27th, 1893 and subsequent correspondence in reference to general regulations as to collectors returns, &c. An early consideration of this subject is requested.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALD, A. G.

CUSTOMS DEPARTMENT, OTTAWA, July 9 1897.

SIR,—Referring to your letter of May 5th, 1897, respecting collectors returns to the Audit Office:—

I have now the honour to forward herewith a copy of the instructions (Memo. No. 918 B.) and forms issued to customs officers in this matter.

These forms can of course be amended hereafter as may be found requisite.

I am sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

CUSTOMS DEPARTMENT, OTTAWA, June 25, 1897.

The Auditor General having called upon this department to furnish him with further data in connection with the collection of revenue, so as to ensure a better audit of the same, you are sent herewith a supply of forms K-10 and K-10 A, for use of your port, and of the sub-collectors and other officers under your survey who collect revenue.

Form K-10 A is to be filled up by the sub-collectors and other officers at preventive stations at the same time as they make the usual weekly return on form E. 8 to the

## Auditor General's Report—Part T

---

chief port, and is to be sent by them direct to the Auditor General, and a second copy direct to the Department of Customs in envelopes "E," for accountant.

Collectors at chief ports will forward form K-10 in like manner to the Auditor General and to this department, on the dates when they deposit their collections to the credit of the Receiver General, the form to be sent to this department in pink envelope "H," with the bank receipts, old form K-10 being abolished.

The returns must be mailed promptly on and after the 1st of July, 1897.  
K-10 A will be mailed direct to outports.

(Circular to Customs Officers.)

JOHN McDOUGALD, *Commissioner*.

---

### *Re Refunds of Revenue.*

AUDIT OFFICE, OTTAWA, May 6, 1897.

SIR,—The Acting Commissioner of Customs in his letter of April 2, 1896 intimated that the cheques issued by collectors in payment of refunds would be furnished if asked for. In my letter of April 9th, I pointed out that I had previously asked for these cheques, and I again expressed my desire to have them, with a copy of the collector's bank statement. They have not been furnished, and I have to ask that you will take the necessary steps to have them forwarded regularly each month.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A. G.*

---

CUSTOMS DEPARTMENT, OTTAWA, May 14, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of the 6th instant, on the subject of refunds of revenue, and inclose you herewith a copy of memorandum 900-B, issued on the 7th instant, to collectors of customs on this subject.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

---

CUSTOMS DEPARTMENT, OTTAWA, May 7, 1897.

The Auditor General has requested that, in addition to the cheques issued by collectors of customs to pay salaries of the officers of the permanent staff, and which are forwarded to him, through the department, after payment, he be furnished with all other official cheques issued by the collectors, and also with a copy of the collectors' bank statements.

You will therefore in future forward such cheques and copy of bank statement to the department as soon after the end of each month as is practicable.

(Circular to Customs Officers.)

JOHN McDOUGALD, *Commissioner*.

---

### *Re Customs Seizures—Expenses of Chief Preventive Officer Jones.*

AUDIT OFFICE, OTTAWA, November 29, 1897.

SIR,—I have to inquire your reasons for charging the expenses of Chief Preventive Officer Jones to customs seizures instead of to the vote for preventive service.

In the accounts furnished for May and June last, no details or vouchers are furnished for the charge for living expenses.

In the June account there is a charge of \$24 for a leather packing case purchased on April 27th. It is not customary to furnish officers with trunks, even those whose duties require them to travel a good deal. If there are not some special reasons why it was necessary for Mr. Jones to have a leather packing case in connection with the performance of his duties as preventive officer, he should be called on to refund the amount.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

## Auditor General's Report—Part T

---

### Payment of Removal Expenses.

AUDIT OFFICE, OTTAWA, October 29, 1897.

SIR,—I have received no reply to my letter of 1st February last, calling your attention to previous correspondence regarding removal expenses and asking if the Treasury Board had sanctioned the new regulations which your letter of March 26, 1896, stated were to be submitted to that body.

Please let me have a copy of the authority under which the payment of removal expenses was made during the fiscal year 1896-97.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, December 3, 1897.

SIR,—The May and June accounts of the Inspector of Weights and Measures at Winnipeg, contain items amounting to \$38, board allowance to R. Magness at \$1 a day from May 5th to June 12th.

Please let me have an explanation of this payment to a permanent officer, in addition to his salary.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

INLAND REVENUE DEPT., OTTAWA, December 13, 1897

SIR,—Replying to your communication of the 3rd inst., I beg to inform you that Mr. R. Magness was removed in advance of his family, at short notice—his board being allowed until he could make the necessary arrangements.

I am, sir, your obedient servant,

The Auditor General.

EDW. MIALL, *Commissioner*.

AUDIT OFFICE, OTTAWA, December 17, 1897.

SIR,—I have your letter of the 13th inst., in explanation of the payment of a board allowance at \$1 a day for 33 days to R. Magness on his removal from Hamilton to Winnipeg to assume the position of Inspector of Weights and Measures. Mr. Magness was also repaid his removal expenses.

As far as I can judge from the information in my possession, these payments were not authorized as required by the Order in Council of September 8, 1871, governing the payment of removal expenses. Were your proposed departmental regulations regarding removal expenses submitted to the Treasury Board, and if so, what action was taken by the Board?

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

### Meaningless Certificate.

AUDIT OFFICE, OTTAWA, November 12, 1897.

SIR,—I beg to bring to your notice two accounts of J. T. Kelly, preventive officer, for travelling expenses, paid by cheques Nos. 52463 and 53017 of 1896-97.

These accounts bear no certificate, but each is attached to a sheet upon which the total of the account is entered and at the foot of which is the following printed certificate: "I hereby solemnly and in my conscience declare that "the foregoing account (except that portion of it expended by subordinate officers,

## Auditor General's Report—Part T

“which is declared by them) is just and true in all its particulars, and that the expenditure was made wholly for the public service.” This form is signed by the collector at St. John, but it has no significance as a certificate, since the expenditure by “subordinate officers” is specifically excepted by the wording, and the whole amount was expended by a subordinate officer.

I ask your attention to this matter, not because there appears to be anything to criticize in these particular accounts, but because they illustrate the necessity of impressing upon your officers that the signing of a certificate is not a mere matter of form.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

INLAND REVENUE DEPT., OTTAWA, November 22, 1897.

SIR,—I have the honour, by direction, to acknowledge receipt of your communication of the 12th inst., relative to the certificate attached to the account of Mr. J. T. Kelly, preventive officer, in connection with his travelling expenses which were paid by cheques Nos. 52463 and 53017 of 1896-97, and in reply, to say that, inasmuch as Mr. Kelly has left the service, it does not appear to the commissioner that the matter can be very well taken up with that gentleman. A copy of your communication, however, has been sent to the collector at St. John, N.B., for his guidance.

I am, sir, your obedient servant,

The Auditor General.

W. M. HIMSWORTH, *Secretary.*

### Travelling Expenses—Details and Certificates required.

AUDIT OFFICE, OTTAWA, October 19, 1897.

SIR,—Your cheque No. 53811 of 1896-97 for \$298.78 to the credit of the Receiver General, for J. A. Doyon, was drawn to transfer Mr. Doyon's travelling expenses from Civil Government Contingencies to Weights and Measures Contingencies. In connection with this transaction, I beg to say that since Mr. Doyon is an officer of the Inside Service, his travelling expenses should have remained as a charge on Civil Government Contingencies in accordance with the decision of the Treasury Board in the case of the expenses of the Deputy Superintendent General of Indian Affairs—see the Report of this office for 1890, page A-8.

The last item in the account dated January 15th, 1897, reads: “Sundry expenses from 3rd November to 24th December, as explained verbally to the commissioner—\$26.74.” Please ask Mr. Doyon to furnish the details of this expenditure.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

INLAND REVENUE DEPARTMENT, OTTAWA, November 9, 1897.

SIR,—I am in receipt of your communication of the 19th instant, in which you request that Mr. Doyon, an official of this department, furnish details of the item of \$26.74 for “sundries” incurred by him in travelling between the 3rd November and 24th December of last year. These items were, at the time of his return from the said trip, laid before myself and the Hon. the Minister, and the item was placed there in his account with the approval of the department.

I have referred your letter to Mr. Doyon, and am informed by him that he is unable now to give the exact items which make up the above-mentioned amount.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Comm'r.*

AUDIT OFFICE, OTTAWA, Dec. 1, 1897.

SIR,—I have your letter of the 9th instant, in which you state that the items making up the amount charged as “sundries” in Mr. Doyon’s account were laid before yourself and the Minister, and that the item was placed in the account with the approval of the department.

As Mr. Doyon had the details he should have entered them in the account, unless he had previously received instructions from the Minister or Commissioner not to give the items. If there were special reasons why the amount should not be detailed, which would justify the giving of such instructions, please let me know what they were.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Nov. 30, 1897.

SIR,—Mr. O. Higman was paid \$160.53 by cheque No. 54999, Gas inspection, 1896-97. One item of the account furnished in support of this payment reads as follows:—

“To 40 days, personal expenses inspecting Gas and W. & M. offices and  
 “establishing electric light inspection offices in Manitoba and British  
 “Columbia..... \$158 70.”

This is not a sufficient voucher. Please have Mr. Higman furnish a detailed statement of outlay under dates.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Nov. 30, 1897.

SIR,—From the accounts rendered by Mr. O. Higman, electrical engineer, for travel during 1896-97, it appears that Mr. Higman bought full fare tickets each way, instead of return tickets. Why should not the more economical plan have been followed?

Instead of giving details of outlay for living expenses, Mr. Higman enters a lump sum for the “personal expenses” of each trip. The items of expenditure should be given, supported by hotel bills when a stay of more than one day is made at a place.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

INLAND REVENUE DEPT., OTTAWA, December 3, 1897.

SIR,—I have the honour, by direction and in reply to your communication of the 30th ult., to inclose a memo. from Mr. O. Higman in explanation of his purchase of full fare tickets each way instead of return tickets, also as to his manner of rendering his accounts for personal expenditure whilst travelling.

I am sir your obedient servant,

WM. HIMSWORH, *Secretary.*

The Auditor General.

MEMO. :—I purchase return tickets whenever I find it possible to do so without interference with the proper discharge of my duties. It frequently happens that I have to break journey in order to inspect electric lighting plants or inspection offices, and the railway companies will not permit this on a through return ticket. On one occasion I found it necessary after purchasing a return ticket by the line of one company to return by the line of another company, thus entailing a greater expense than the price of two

## Auditor General's Report—Part T

single fare tickets. Often it happens that the time limit of the return ticket prevents its being used. These difficulties and inconveniences might, I think, be very largely if not altogether obviated by the government procuring from the railway companies a two cents per mile rate for its officers. This, I am advised, could be got for the asking.

With respect to the itemizing of personal expenses whilst travelling, this I find almost impossible to do and cover all the outlay. Still more difficult is it to procure vouchers for such expenditure. I do not use tobacco or intoxicants of any kind, nor do I engage in any pastime while absent from headquarters, that is not strictly connected with the discharge of my duties, and I expect under these circumstances that the department will pay my expenses from the time I leave Ottawa until the time I get back again. These expenses, I claim, have hitherto been very moderate—ranging from \$2 to \$3.50 per diem—possibly a trifle more in one or two instances where cost of living is high.

If a portion of this expense is to be paid out of my private purse it would be well to have it so understood—if not, then I claim officers should not be constantly harassed in regard to such expenditures when kept within proper and legitimate bounds.

Dec. 2nd, 1897.

O. HIGMAN.

AUDIT OFFICE, OTTAWA, December 7, 1897.

SIR,—I have your letter of the 3rd instant inclosing a memorandum from Mr. O. Higman in explanation of his accounts for travelling expenses.

Mr. Higman's suggestion as to securing a rate of two cents per mile for public officials appears to be a good one, and should, I think, be brought to the attention of the government.

With regard to giving items of expenditure, which Mr. Higman says he finds almost impossible to do and cover outlay, I beg to point out that the officials of other departments do not appear to find difficulty in making a statement of outlay. The Order in Council of February 6, 1893, authorizes the payment of "actual reasonable travelling and living expenses". The only way to determine whether this order is being complied with is by securing from each person who travels on public business, an itemized statement of expenditure. Since the Governor in Council has established the regulation referred to, it only remains for government officials to comply with it.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDUGALL, A.G.

AUDIT OFFICE, OTTAWA, December 2, 1897.

SIR,—In my letter of June 7th 1894 (printed at page S—90 of the Audit Report for that year) I pointed out that in accounts for travel the living expenses should be given in detail and hotel bills supplied. The accounts for 1896-97 show that a large number of your officers still neglect to comply with these requirements.

The accounts of the following officers will serve to indicate the different methods adopted. The assistant commissioner enters the amount of his "personal expenses" at each place; the inspectors for Kingston, Toronto, Windsor and Manitoba Districts enter the total for each trip under one of the headings "personal expenses," "expenses," or "personal disbursements;" the inspector for the Quebec District gives his "personal expenses" day by day, while the inspector for British Columbia enters the amount paid to each hotel and the items of outlay for single meals. None of these officers furnish hotel bills.

In addition to the objection to accepting these accounts owing to lack of details and vouchers, there is also the fact that the description of items of outlay as "personal disbursements" or "expenses" is not sufficiently definite. What the outlay was for should be explicitly stated in each case.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDUGALL, A.G.

INLAND REVENUE DEPT., OTTAWA, December 14, 1897.

SIR,—I have the honour to acknowledge receipt of your communication of the 2nd instant.

I must most respectfully take exception to the interpretation you place upon the Order in Council of 6th Feb., 1893. That Order intended, as I take it, to dispense with the principle of a per diem allowance for official travelling and to substitute the principle of "actual reasonable travelling and living expenses." It further enjoined a prompt settlement whenever advances were made, requiring that a detailed statement should be within a specified time rendered to the Department of Finance, and that a certificate be signed by the officer who incurred the expenses as follows:—"The whole of the expenditure was incurred on Government business."

The Order is a clear, concise, and business like one, and, as deputy head of this department, I have endeavoured to have its officers comply with its provisions, and I further maintain that they have done so. Travelling necessarily involves in many cases the expenditure upon trivial items of small sums for attendance, occasional refreshment, and the like which it cannot be intended should be specified in detail. Such items may, I think, be fairly included under the head of "personal expenses," and, if the whole account be deemed by the deputy head of the department to come within the term of "actual, reasonable travelling expenses," it would seem to be a reflection upon the officer, and also upon the business management of the department sanctioning and paying the account, to demand further information.

The requirement that the officers *shall make the declaration* that the whole of the expenditure was incurred on Government business sufficiently safe-guards the public purse if the officers to whom you specially refer, namely the Assistant Commissioner and District Inspectors, and similar high officials in other departments, are men of honour.

I am, sir, your obedient servant,

EDWARD MIALI,

*Commissioner.*

The Auditor General.

AUDIT OFFICE, OTTAWA, December 17, 1897.

SIR,—I have your letter of the 14th inst., in which you take exception to the interpretation placed by this office upon the Order in Council of 6th Feb., 1893, governing the payment of travelling expenses.

The intention of the Order doubtless was, as you say, "to dispense with the principle of a per diem allowance for official travelling and to substitute the principle of "actual reasonable travelling and living expenses."

You further state that you, as deputy head of the Inland Revenue Department, have endeavoured to have its officers comply with the provisions of the Order, and that you maintain they have done so. Granting that your officers are carrying out your wishes, I fail to understand what possible objection there can be on their part to giving the items of outlay in detail and furnishing vouchers where possible, thus supplying evidence that they are living up to the regulations. That such evidence is necessary to an efficient independent audit I think you will, on reflection, admit.

The fact that the officials are men of honour should make them anxious to render their accounts in such a form that there could be no possible room for suspicion regarding them.

In reply to the last paragraph of your letter, I would say that the accounts of the officers specially mentioned were cited as instances of the methods generally adopted by your outside officials, except the Inspectors of Weights and Measures, in rendering accounts of travelling expenses. In the Weights and Measures Branch the accounts indicate that the Inspectors are required to furnish details and vouchers. Why do you not extend this requirement to the other branches?

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

# Auditor General's Report—Part T

## Allowance in lieu of Travelling Expenses.

AUDIT OFFICE, OTTAWA, December 2, 1897.

SIR—I beg to bring to your notice the accounts submitted by A. McAllister, excise officer at the port of Belleville, for contingencies during the year 1896-97, and more especially the regular monthly charge entered thereon of \$12.50 for travelling expenses of exciseman to and from Thurlow. Let me here quote with regard to the matter, my letter to you of the 21st March, 1896:—

“SIR,—I have your letter of the 12th instant, with reference to the payment to an exciseman at Belleville of \$12.50 a month for horse-hire and expenses to Thurlow. From your explanation it appears that this is the most economical arrangement that could be made. I would, however, ask that, with a view to having on the accounts, evidence of the reasonableness of the charge, the dates of the trips made during the month should be entered on each monthly account.”

To the request made in this letter there has been no reply.

From the character of the vouchers submitted I can look on this payment in no other light than that of an additional monthly allowance to the exciseman in lieu of travelling expenses. I have, therefore, to ask that a statement, showing the number of trips made during the month, and the estimated cost of travel and expenses, be furnished me to establish the reasonableness of the charge.

In this connection I beg to point out that in 1896-97 the sum of \$15 was paid H. L. Curry, of Belleville, for hire of horse and rig to the distillery in question. I have to ask by whom was this livery bill incurred?

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

## Charges for Wine in Travel Accounts.

AUDIT OFFICE, OTTAWA, November 29, 1897.

SIR,—Mr. W. M. Dustan's accounts for hotel expenses, paid by cheque No. 53494, include charges for wines. The view held by this office, and by the departments generally, is that such items are not admissible. Please let me know on what ground you consider the outlay in question a proper charge.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

INLAND REVENUE DEPT., OTTAWA, December 2, 1897.

SIR,—Yours of the 29th ult., respecting an account of Mr. Collector Dustan is received.

I find, on re-examination of the account in question, that under the general head “wines,” a charge of 75c. during his entire trip of 19 days is made and receipted by the hotel proprietor. It is fair to suppose that this charge covers an occasional glass of ale at dinner, and my endorsement on the account seems to me to cover all that is necessary to explain. My endorsement, which has been before you with the account, was as follows:—

“I consider this account quite reasonable—extras cannot be avoided entirely, but “inspector will criticise carefully.” I have nothing further to add.

I am, sir, your obedient servant,

The Auditor General.

EDW. MIALL, *Commissioner.*

AUDIT OFFICE, OTTAWA, December 9, 1897.

SIR,—I have your letter of the 2nd instant in reply to mine of the 29th ultimo, regarding the charges for wines in the accounts of Mr. Collector Dustan.

While the amounts are small—being 75c. on a bill for 19 days' board, as you state, and 90c. on a bill for 26 days—still I am of opinion that, following the general rule, the items should have been disallowed.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

### E. Floody's Travel—Defective Accounts, and Duplicate Charges.

AUDIT OFFICE, OTTAWA, November 11, 1897.

SIR,—I beg to ask your attention to the following remarks in connection with the accounts rendered by E. Floody, preventive officer, for the year 1896-97 :—

The accounts for July, August and September are not certified. The charge for board in these three accounts is almost invariably \$1.50 a day, and is not supported by vouchers, as should be done whenever a stay of more than one day is made at a place. The moving expenses are entered as "fares" or "carters," usually without any indication as to the point of departure or the destination. Please get from Mr. Floody a certificate that the amounts charged in these accounts were actually expended on government business.

In the October account there is the item "Board for one month \$47.50," and in the November account "Board, 1 month, \$40.25." Details of these items should be given, supported by vouchers.

In the July account there are the following items ;—

July 7, board \$1.50 ; (9) board, \$1.50 ; (16) board \$1.25 ; (23) board 75c ; fares \$1.04 ; (25) board \$1. In the accounts covered by cheque No. 52283 in favour of Geo. LaRue are the following items.

"Expenses paid by Jos. Bourassa for preventive officer Floody :—

"July 7, 8 and 9—Personal expenses at \$1.50 per day . . . . .	\$ 4 50
" do 14, 15 and 16 do do . . . . .	4 50"

and O. Bourget takes credit for \$5.24 expenses paid to officer Floody as follows :—

" July 23, paid cars from Rimouski to Bic . . . . .	\$ 0 17
" " 24 " Bic to 3 Pistoles . . . . .	0 56
" " 25 " 3 Pistoles to Rimouski . . . . .	0 76
" " 25 " 2½ days' personal expenses \$1.50 . . . . .	3 75"

There thus appears to be a duplicate charge for board on July 7, 9, 16 and 25 and possibly for fare on July 23rd. Please obtain from Mr. Floody a refund of the amount paid twice.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

INLAND REVENUE DEPARTMENT, OTTAWA, December 1, 1897.

SIR,—I have the honour, by direction, and in reply to your communication of the 11th ultimo, to inclose a certificate from Mr. E. Floody, Preventive Officer, as to the correctness of the account rendered by him, also a letter of explanation in reference thereto.

I am, sir, your obedient servant,

WM. HIMSWORTH, Secy.

# Auditor General's Report—Part T

INLAND REVENUE OFFICE, TORONTO, Nov. 24, 1897.

SIR,—I beg to acknowledge receipt of your favour of the 18th instant, inclosing copy of letter from the Auditor General.

As you are no doubt aware, when I received instructions to report at Rimouski, I was only a short time in the service, and never got any instructions how to make out a contingent account, in fact, I never had a contingent account with the department until I went down there, I did not know that it was necessary to have my account certified to, and vouchers produced. Up to the present I have not got instructions to have vouchers produced. I was completely alone and away from any other officer at Rimouski, and had no person to instruct me. I hereby inclose certificate as desired.

*Re* the October account. I was located at Montreal when that was rendered. Mr Lawlor then showed me how to make up my contingent account and told me to put the items for board for the month into one item, so as to avoid repetitions. I think Mr. Campeau wrote him to instruct me to this effect.

I was at home in Toronto during the last few days in November and that accounts for the item for board being less than for the month of October.

*Re* the expenses paid by Mr. Bourget and Mr. Bourassa. I always took good care not to charge the department for any time of board that they paid for me, when out with them. I do not remember being with Mr. Bourassa 3 days during the month of July at one time, we were together in the Matane District on July 14th, 15th and part of 16th. For the balance of 16th I have charged to the department. In Mr. Bourget's case the fare charged \$1.04, is first class fare from Trois Pistoles to Rimouski, on my return trip. The board charged on 25th July is for part of a day and both of these were paid by me.

I am sir, your obedient servant,

The Commissioner of Inland Revenue.

E. FLOODY, *Prev. Officer.*

AUDIT OFFICE, OTTAWA, December 7, 1897.

SIR,—I have your letter of the 1st instant inclosing one from E. Floody in explanation of his accounts for travel and board.

Mr. Floody states that he was instructed to put the items for board for the month into one item to avoid repetition. It is preferable, even if there are several similar items, to enter the details of expenditure with the date on which each item was incurred.

With regard to the personal expenses, Mr. Floody's explanation is not satisfactory. The following statement of charges for Mr. Floody's board and personal expenses will show how the matter stands:—

	Floody's account.	Bourassa's account for expenses of Floody.
July 7, 1896 . . . . .	\$1 50	\$1 50
“ 8, “ . . . . .	1 50	1 50
“ 9, “ . . . . .	1 50	1 50
“ 14, “ . . . . .	1 50	1 50
“ 15, “ . . . . .	1 50	1 50
“ 16, “ . . . . .	1 50	1 50
Bourget's account for expenses of Floody.		
“ 23, “ . . . . .	0 75	\$1 50
“ 24, “ . . . . .	1 00	1 50
“ 25, “ . . . . .	1 00	0 75

As \$1.50 per day is the sum regularly entered in Mr. Floody's accounts for board, it is evident that duplicate payments amounting to \$5.50 have been made. Please have the amount refunded.

If Messrs. Floody, Bourassa and Bourget had kept a memo. of their actual outlay and entered it in their accounts, it is unlikely that duplicate charges would have been made.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

**Methylated Spirits: Accounts not certified. High price paid for alcohol.**

AUDIT OFFICE, OTTAWA, November 29, 1897.

SIR,—In connection with the Methylated spirits expenditure for 1896–97, I beg to ask your attention to the fact that the vouchers for purchases of wood naphtha, wood alcohol and No. 2 alcohol are not certified as required by section 33, Consolidated Revenue and Audit Act. In my letter of June 19, 1894, I pointed out the necessity of having all such accounts certified, but the defect has not been remedied.

I would also ask for explanations of the variation in the price paid to H. Collier & Co., for wood naphtha (viz.: 90 cents, 70 cents and 65 cents per gallon), as well as of the higher price (\$1.60 per gallon) paid to the Rathbun Co. for wood alcohol.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

INLAND REVENUE DEPT., OTTAWA, December 2, 1897.

SIR,—Referring to yours of 29th ulto., I beg to state that invoices of alcohol and wood naphtha are upon arrival here transmitted to the methylated spirits warehouse in order that the quantity alleged to have been shipped may be certified to as having been duly received. The certificate is sent in the form of a letter, detached from the invoice, and until this has been received no payment is made. It is quite right, of course, that you should require either a copy of each such letter, or that a similar certificate should be attached to the invoice transmitted as a voucher to your office, and I will instruct the proper officer accordingly.

The exact terms of the "Audit Act" cannot always be complied with—a contract may be entered into by the head of the department after consultation with his colleagues. The policy of the government in respect of encouraging Canadian products may lead them to sanction a contract to purchase at a price fifty per cent higher than similar products could be secured for in the markets of the world. In such case I should have no hesitation in stating that the prices were "according to agreement", but I have no right to be forced by the cast-iron provisions of a statute to certify that the prices are "fair and just", nor by withholding such certificate to reflect by implication upon the terms of a contract entered upon by the government of which I am a servant.

I am, sir, your obedient servant,

The Auditor General.

EDW. MIALL, *Commissioner*.

AUDIT OFFICE, OTTAWA, December 28, 1897.

SIR,—I have your letter of the 2nd instant regarding accounts for Alcohol and Wood Naphtha.

The wording of the 33rd section, Consolidated Revenue and Audit Act, would not, in my view, permit to me to accept the certificate proposed by you, viz.: "prices according to agreement." The section referred to calls for a certificate that the "price is according to contract, or if not covered by a contract, is fair and just." The words "according to contract," in the section no doubt mean that the contract has been entered into in the usual way after tenders have been publicly called for, and not that

## Auditor General's Report—Part T

an agreement has been made "to purchase at a price fifty per cent higher than similar products could be secured for in the markets of the world."

The direction of parliament in this respect being clear, I, as the servant of parliament, have no alternative but to demand that this direction be carried out.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

INLAND REVENUE DEPT., OTTAWA, December 29, 1897.

SIR,—I have your letter of yesterday's date. I have nothing more to add to mine of the 2nd to which yours is a rejoinder.

If I cannot reconcile the dictates of Parliament with those of my own conscience I shall always be ready to give my reasons to any Committee of that Honourable body having jurisdiction, but I am not prepared to ignore what I feel and know to be right, even in obedience to the highest court in the realm, and what I am unable to do myself I will not call upon any subordinate officer to do.

It may be "expedient" for a Government to purchase stores produced within the country at a higher rate than that at which they can be procured from the foreign manufacturers. Parliament may be held to have determined that point by its enactment and retention of the tariff of the past fifteen years, and in view of parliamentary action the Executive may have deemed it expedient to encourage the production of Wood Naphtha, even to the extent of agreeing to pay 30 to 35 per cent to the home producer more than they were willing to pay for the foreign article. They did so determine in the present case, and I am bound to believe that while the prices were not "fair and just" in the literal acceptation of the term, they were "according to agreement," which is all I can testify in relation thereto. I am not called upon to justify the policy of the Government, past or present. I should consider it impertinent to attempt doing so in any case.

I am, sir, your obedient servant,

The Auditor General.

EDW. MIALL, *Commissioner*.

### Charges against advance allowed when not supported by proofs of Payment.

AUDIT OFFICE, OTTAWA, December 3, 1897.

SIR,—Cheque No. 54165 for \$12, Weights and Measures, 1896-97, is in favor of Geo. N. Guay, inspector at Quebec, to pay Pierre Letarte for ice supplied in 1895 and 1896. Attached to the voucher is a note, signed by the chief accountant, which reads as follows: "Issue cheque in favour of Guay to pay Pierre Letarte two years' supply of ice to Quebec Weights and Measures office for years 1895 and 1896, at \$6 per year—\$12—\$5 having been paid to P. E. Bourassa by cheque No. 49754, and \$6 by cheque No. 52602, but no receipted voucher given to prove that Letart had been paid."

As Mr. Bourassa had an advance in his hands from which to pay contingent accounts there was no reason for repaying him any items in his monthly statements of expenses, until he had produced receipted vouchers. Your attention has been called several times to the absence of such vouchers from the expenditure statements of the collectors and inspectors.

In this connection let me suggest the adoption of the method foilowed in the Post Office Department, viz. : the paying of these accounts by departmental cheque in favour of the individual creditor ; or, if this plan is not practicable with the present staff of your department, each collector might be required to deposit the amount of his advance in a bank and pay all accounts by cheque, official cheques for this purpose being supplied by the department.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

### Grain and Flour Standards: Disposal of materials left over.

AUDIT OFFICE, OTTAWA, November 27, 1897.

SIR,—I beg to bring to your notice the accounts rendered by C. N. Bell and E. A. Wills in the matter of fixing grain standards at Winnipeg and Toronto respectively.

For the meeting of Standards' Board at Winnipeg there were collected some 540 odd bushels of wheat, 36 bushels of oats and 20 bushels of barley, contained in 393 sacks or bags. Sacks to the number of 260 were purchased in addition for the purposes of sampling. In Mr. Bell's account there is a statement of sale, by direction of the board, of 419½ bushels of wheat, 15 bushels of oats and 209 sacks, and the amount so realized is credited to the account. If the department has a record of the disposal of the remainder, I should be glad to receive a copy, and if not, would beg to suggest that one be obtained.

In the account of \$846.43 rendered by E. A. Wills, of Toronto, which was paid in full by cheques Nos. 52586, 52702 and 53038, the sum of \$428.79 was expended in obtaining samples of grain. There is no statement of sale of samples included in the account, nor do I find that a refund has been made of any amount realized by such sale. Please let me have a statement of the disposal of this sample grain at your early convenience.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, November 27, 1897.

SIR,—The following outlay was made by Geo. Hadrill, secretary of the Board of Trade, Montreal, for flour samples for the meeting of the Standards Board, at Montreal, for the purpose of fixing flour standard:—

Samples of flour for standards.....	\$92 10
49 paper lined kegs, at 30c.....	14 70

Mr. Hadrill's account was paid in full without deduction for proceeds of sales. I beg to point out that the sum of \$16.30 was realized the previous year from the sale of flour samples. I have now to ask for a statement showing the disposal of samples in 1896-97.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

INLAND REVENUE DEPT., OTTAWA, December 7, 1897.

SIR, I have the honour, by direction, to acknowledge receipt of your communication of the 27th ultimo, asking for a statement showing the disposal of flour samples in 1896-97, and, in reply, to inform you that there were no sales in that year.

I am, sir, your obedient servant,

The Auditor General.

WM. HIMSWORTH, *Secy.*

AUDIT OFFICE, OTTAWA, December 9, 1897.

SIR,—I have your letter of the 7th instant, stating that there were no sales in connection with the fixing of flour standards in 1896-97.

What I wish to obtain in answer to my letter of November 27th is a statement showing the disposition of the whole of the flour and of all the kegs bought, whether sold or otherwise disposed of. The same information was asked for in connection with the grain and sacks bought for fixing the grain standards at Winnipeg and Toronto.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

# Auditor General's Report—Part T

## Regulations *re* Temporary Departmental Employees not Complied with.

AUDIT OFFICE, OTTAWA, December 2, 1897.

SIR,—I have not received the authority of the Governor in Council for the employment of the following persons who were paid for temporary services in your Department during 1896-97 :—

### Electric Light Inspection—

O. Higman, jr., assisting chief engineer in gas and electrical laboratories, 29 days at \$2.50 .....\$ 98 50

### Food Inspection—

Miss E. Davidson, professional services from 25th Jan'y. to 31th March, 1897..... 100 00

A. C. McFarlane, laboratory clerk, July 7th to October 7th, 1896, at \$400 a year..... 99 99

Dr. A. Lehmann, services as bacteriologist, June 15th to 30th, 1897, at \$70 per month..... 35 00

If the employment of these persons was authorized by Orders in Council, please ask the clerk of the Council to supply me with copies. If such authority was not obtained, I shall be glad to have your explanation of the omission.

I beg also to point out that these employees, as well as Miss S. E. Wright, who served during the whole of 1896-97, should have been paid by pay lists, certified by the Auditor General before payment, as required by the Treasury Minute of Dec. 2, 1895. Why was this regulation disregarded?

Under a decision of the Treasury Board, dated June 6, 1891 (*see* page A—32, Audit Report, 1890-91) the provisions of the Civil Service Act as to passing of the qualifying examination and rate of pay would apply to these persons. Accordingly they should not have been employed unless they had passed the examination, and none of them, except Miss Wright, should have been paid at a higher rate than \$400 a year.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

## Informer's Share in Seizures 41 and 42, Cape Breton.

AUDIT OFFICE, OTTAWA, November 27, 1897.

SIR,—Cheque No. 52538 in favour of M. A. McDonald (preventive service) is marked "To pay informer his share in seizure No. 41, \$50, No. 42, \$50," but the cheque does not contain the information regularly given regarding this class of payments, *viz.* : whether the amount is part of the schedule value, or of a penalty imposed but not collected. Please state under which head this payment comes, and what proportion it is of the schedule value or the penalty, as the case may be.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A. G.

December 16, 1897.

SIR,—I have received no reply to my letter of November 27th last, asking for information regarding a payment of \$100 to A. MacDonald by cheque No. 52538, to pay informer's share in seizures Nos. 41 and 42. Kindly let me have the information asked for.

I have the honour to be, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

### Cullers' Fees.

AUDIT OFFICE, OTTAWA, October 18, 1897.

SIR,—I have received from your department a statement of the arrears due for cullers' fees on June 30th last. The amount then due, deducting a payment made a few days later, was \$38,024.47. Of the amount due last year only \$3.67 has since been paid, and \$229.05 of the fees accrued in June last is yet unpaid.

In your letter of January 5th last, in reply to mine of the previous October, you state that the whole matter was in the hands of the Department of Justice and was being vigorously pushed by the Hon. Solicitor General.

I have to ask for further information of the action that has since been taken, and an explanation why such a small amount of the arrears due has been collected. Out of the \$13,672.52 you considered collectable in the classification made in 1893, less than \$2,000 has been collected.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, October 19, 1897.

SIR,—The sum of \$10,428.12 came to account during the year 1896-97 from cullers' fees. I have to ask for a statement, alphabetically arranged, of the persons or firms who paid these fees.

The monthly return (M No. 7) of outstanding accounts is not of much use for auditing purposes. I have repeatedly asked that a detailed monthly return of the receipts should be furnished, giving the date of payment, the name of payer and the amount; and a memorandum of the deposits made in acquittance. I have again to ask your attention to this matter.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, Nov. 15 1897.

SIR,—In reply to your communication of the 18th ult., I beg to say that the item of \$229.05 which you allege to be yet unpaid, of cullers' fees accrued in June consists of the following items:

June 12th McCall & McBurney.....	\$33.06
“ 18th “ “ .....	86.43
“ 24th “ “ .....	65.93
“ 30th Norman McIntyre.....	43.63
	\$229.05

which were paid on the 6th and 20th July 1897.

The department has not been advised by the Honourable the Solicitor General as to result of his efforts to collect the arrears. Probably he has found the 44th Section of the Act an effectual bar to their collection.

I am sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner*.

AUDIT OFFICE, OTTAWA, November 17 1897.

SIR,—I have your letter of the 15th instant, in reply to mine of October 18th, in reference to the arrears due for cullers fees.

You now state that your department has not been advised by the Hon. the Solicitor General as to the result of his efforts to collect the arrears, adding that probably he has found the 44th section of the Act an effectual bar to their collection.

## Auditor General's Report—Part T

This section provides that every action against any person, for anything done in pursuance of this Act, shall be commenced within twelve months next after the cause of action has arisen, and not afterwards.

Subsection 2 of section 34 provides that the fees and charges shall in all cases, be paid to the supervisor or deputy on the delivery of the specification or on the presentation of an account thereof, &c.

In view of the provisions of section 44, I shall be glad to know why the provisions of sub-section 2 of section 34 were not enforced.

I am sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A. G.

INLAND REVENUE DEPARTMENT, OTTAWA, November 20, 1897.

SIR,—I have yours of the 17th instant in reply to mine of the 15th instant.

You say sub-section 2 of section 34 provides that the fees and charges shall in all cases be paid to the supervisor on the delivery of the specifications, &c.

This is quite true, but section 22 provides that the measurement books, &c., in the office of the supervisor shall be open to the perusal of the seller and buyer or any other person interested therein.

In view of this provision in many cases neither buyer nor seller demanded specification after they had been prepared and inasmuch as no authority to seize or detain rafts was given to the supervisor by the Cullers' Act, he was in many cases absolutely powerless.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner*.

### *Re Methylated Spirits.*

AUDIT OFFICE, OTTAWA, March 2, 1897.

SIR,—I have the honor to remind you that the detailed statement of monthly sales of methylated spirits asked for in my letter of March 25, 1895, and promised in your letter of April 5 following, has not been furnished.

The statement that is furnished shows the quantity manufactured, the quantity sold and the value of the sales. According to these returns the value of the sales during 1895-96 was \$88,817.02. In your report, page 50, the sales are entered as \$88,327.49. Your attention is requested.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A. G.

INLAND REVENUE DEPARTMENT, OTTAWA, March 24, 1897.

SIR,—I beg to acknowledge receipt of your communication of the 2nd instant, calling attention to the fact that you had not been furnished with detailed statements of monthly sales of methylated spirits, as promised in my letter No. 61222—also calling my attention to the fact that, from the statements furnished, the value of the sales during 1895-96 was \$88,817.02 while, in the report of the department, the sales are entered as \$88,327.49.

In reply thereto, I beg to state that the non-transmission of the statements as promised was due to an oversight.

I forward herewith detailed statements for the last twelve months and, in future, similar monthly statements will be sent to you.

Referring to the apparent discrepancy in sales, as per statements furnished and those appearing in the Inland Revenue Report, I may state that the one represents the charge for methylated spirits shipped and the other the actual cash received within the

year. The difference practically represents the value of the quantity of methylated spirits in transit.

I remain, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner*.

AUDIT OFFICE, OTTAWA, March 27, 1897.

SIR,—I am in receipt of your letter of the 24th instant, inclosing statements of sales of methylated spirits during the last 12 months.

You state that the returns furnished represent the spirits shipped; the statement published in your report, the actual cash received during the year; and the difference being the spirits in transit.

I may inform you that it is the practice in every department in the service except the Inland Revenue, to treat deposits made by collectors in July in settlement of June receipts, as appertaining to the revenue of the former year. The advantages of this system may be stated as follows:—

- (1.) The Public Accounts would show as the revenue of each fiscal year, the actual receipts by the collecting officers during the year.
- (2.) It would prevent the possibility of any covering up of shorts by an intermingling of the accounts of the two years.
- (3.) It would show clearly that any collectors who had balances against them were actually in arrears.

I have to ask your consideration of the advisability of dropping into line with the other departments by crediting all receipts to the year when collected by your officers.

I may write later in reference to the methylated spirits returns.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

INLAND REVENUE DEPT., OTTAWA, April 5, 1897.

SIR,—I quite concede the advantages you put forward as arising from the course you propose in your communication of 27th ultimo, I cannot, however, alter my view that the one real aim of every system of accounts should be to represent actual facts.

Every collector is charged with the revenues which have accrued in his division upon goods entered for consumption up to and including the 30th June.

The law permits a delay of 5 days for the payment of all goods entered for consumption *ex-factory*, so that a balance must necessarily be shown against the collection division during the interval, but the items of that balance are known to the department, when the duty accrued is charged against the collector and the departmental accountant is able after striking the balance to go on with his entries *de die in diem* without any delay, as would be done by any commercial firm. Any information you may require as to the personal balances carried forward can always be obtained.

I may state that we have in the past 14 years collected over ninety millions of dollars without the loss of a single cent by any excise officer under our control, and without any balance being carried on beyond the legal delay before referred to and the time required for the transmission of documents and, in view of this fact, have reason to believe that our system of accounting cannot be improved by falling into line with other departments, however good their system may be.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner*.

AUDIT OFFICE, OTTAWA, Nov. 22, 1897.

SIR,—The returns of transactions in connection with the manufacture and sale of methylated spirits during 1896-97 show that the sales were 117,236.33 galls., amounting

## Auditor General's Report—Part T

to \$86,452.40. It is not possible to check these returns with the deposits that have come to account, because in some cases the deposits cover several items of which no particulars are furnished. I have to ask that particulars of all such deposits be procured and furnished.

The summaries furnished show that there were sold or returned during the year 428 drums and 2,304 barrels. The detailed returns of sales cover 347 drums and 1,017 barrels. Presumably the balance were returned, but no statements have been furnished. Please have all such furnished.

You will also please let me have a statement of the spirits, raw material and empties on hand on June 30th last, at which date I assume stock was taken.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

### Re Ferries.

AUDIT OFFICE, OTTAWA, May 13, 1897.

SIR,—No charges seem to have been made during the year 1895-96 for license fees of the following ferries :—

Buffalo and Pt. Albinot, formerly leased to H. L. Inglis, at \$25 per annum.

Buffalo and Shisler's Point.

Edmundston and Maine, formerly leased to R. J. D'Aigle at \$10 per annum.

St. Leonard and Van Buren, formerly leased to James Malley, at \$10 per annum.

Are these ferries at present under lease? If so, to whom and at what rental? If they are not under lease, please explain why. Have you made any inquiry as to whether ferries at these places are now in operation?

What steps have been taken to collect the arrears due by :

L. C. Raymond, for four years' rental of the ferry between Buffalo and a point near Pt. Albinot.....	\$ 200 00
R. J. D'Aigle, for two years' rental of the ferry between Edmundston and Maine.....	20 00
J. E. Whelan, for one years' rental of the ferry between Pembroke and Allumette Island.....	1 00
Jas. Malley, for three years' rental of the ferry between St. Leonard and Van Buren.....	30 00
P. Mansfield, for one years' rental of ferry between Ottawa and Gatineau Point.....	75 00
Wm. Power, for one years' rental of ferry between Victoria and Black Rock.....	50 00

Is it a rule of the department when a lease expires, that the privilege is put up to public tender?

Was the ferry between Windsor and Detroit, the present lessee of which is the Detroit, Belle Isle and Windsor Ferry Co. at \$1.00 per annum put up to public tender? If not, please explain why.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPARTMENT OF INLAND REVENUE, OTTAWA, June 18, 1897.

SIR,—I have the honour, by direction and in reply to your communication of the 13th ult., to inclose herewith a memo containing the information you ask for in *re* certain ferries and ferry rents.

I am, sir, your obedient servant,

WM. HIMSWORTH, *Secy.*

The Auditor General.

Memo. *Re* Ferries.

*Buffalo and Pt. Albinot Ferry*—Lease expired on 1st May, 1896. Not re-leased.

*Buffalo and Shisler's Point Ferry*—Lease cancelled by Order in Council of 10th January, 1896. Not re-leased.

*Edmunston and Maine Ferry*—Lease expired on 1st July, 1895. Not re-leased.

*St. Leonards and Van Buren Ferry*—Lease expired on 1st May, 1896. Not re-leased.

Rent of \$200.00 due by L. C. Raymond, remitted by Order in Council of 7th May, 1897.

Rent of \$20.00 due by R. J. D'Aigle. Lessee refused to pay in the face of a judgment rendered by the Supreme Court of New Brunswick.

Rent of \$1.00 due by J. E. Whelan—Lawyers claimed to have sent the money, but it never reached the department.

Rent of \$30.00 due by James Malley—Lessee refused to pay in the face of a judgment rendered by the Supreme Court of New Brunswick.

Rent of \$75.00 due by P. Mansfield—Remitted by Order in Council of 26th March 1897. The ferry boat having been burnt.

Rent of \$50.00 due by Wm. Power—Written off by Order in Council of 7th May, 1897.

It is not the rule of the department to re-lease a ferry when the lease expires, there is nothing compulsory in the law.

WM. HIMSWORTH, *Secy.*

AUDIT OFFICE, OTTAWA, June 23, 1897.

SIR,—I have received your letter of the 18th instant, inclosing a memo. in reference to ferries.

You have not explained why the four ferries, the leases of which had expired, had not been renewed or re-let to others; nor did you state that any inquiry had been made as to whether the ferries at these places are now operated.

What further action do you purpose taking on the judgment of the Supreme Court of New Brunswick? I would like to have particulars as to the proceedings in this case. Are ferry licenses not payable in advance?

You did not give the information asked for as to the ferry between Windsor and Detroit.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

DEPT. OF INLAND REVENUE, OTTAWA, July 22, 1897.

SIR,—I have the honour, by direction, to acknowledge receipt of your communication of the 23rd ult., asking additional information to that forwarded on the 18th June, and in reply to transmit herewith a memo. with the information *re* ferries, asked for.

I am, sir, your obedient servant,

The Auditor General.

WM. HIMSWORTH, *Secy.*

## MEMORANDUM.

With reference to the inquiry from the Auditor General relative to certain ferries, I beg to say that the leases of the four following ferries expired or were cancelled, viz. :—

Buffalo and Point Abin (or Albinot) . . . . .	1st May, 1896
Buffalo and Schisler's Point . . . . .	10th Jan., 1896
Edmundston and Maine . . . . .	1st July, 1895
St. Leonards and Van Buren . . . . .	1st May, 1896

## Auditor General's Report—Part T

---

As regards the ferries running between New Brunswick and Maine, a private action by the lessee against parties encroaching on his privilege was taken which, it is understood by the department, resulted adversely to the lessee by judgment of the New Brunswick Supreme Court. A copy of the judgment might be obtained through the courts—perhaps through the Department of Justice.

As this was a private suit, this department has taken no action.

The Act does not state that the rent shall be payable in advance, that is a matter dealt with by the regulations which are subject to the approval of the Governor in Council.

As to the renting of the Detroit and Windsor ferry for the sum of \$1.00 per annum, there is nothing on record to show the reason the Minister had at the time the lease was granted for fixing the rent at that rate. It is enough for the department to receive the sanction of an Order in Council for collecting rent at that rate.

The Ferries Act does not call for the renewal of ferry leases when they have expired, and the department has always awaited the public convenience before renting a ferry or re-leasing the same.

WM. HIMSWORTH, *Secy.*

---

AUDIT OFFICE, OTTAWA, Sept. 20, 1897.

SIR,—I have received your letter of July 22nd inclosing a memorandum in reply to my letter of June 23rd respecting ferries.

You state that the licenses referred to in my letter were not renewed or re-let, because the Act governing ferries does not call for the renewal of leases when they have expired, and the department always awaits the public convenience before renting a ferry or re-leasing the same. As the ferries in question had been leased, the department was no doubt satisfied that the public convenience did require them. You do not state what evidence you had that they ceased to be required, nor if you had any information as to whether they were still being operated.

In reference to the leasing of the ferry between Windsor and Detroit at \$1 per annum, you consider it enough for the department to receive the sanction of an Order in Council for collecting rent at that rate. When your department was making the recommendation to Council for this order, section 3 of the Act respecting ferries, which provides that a license or renewal of license shall be granted only after public competition, seems to have been overlooked. The provisions of an Act of Parliament cannot be set aside by an Order in Council.

I have to ask your further attention to these matters.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

---

DEPT. OF INLAND REVENUE, OTTAWA, Oct. 16, 1897.

SIR,—I have the honour to acknowledge receipt of your communication of the 20th ultimo. respecting ferries.

I would respectfully submit that the whole tenor of your letter bears rather upon the policy of the government than upon matters respecting which under the Audit Act the Auditor General is called upon to inform himself in the interest of the Revenue.

You conclude your remarks as to the Windsor and Detroit Ferry as follows:—

“When your department was making the recommendation to Council for this order, section 3 of the Act respecting ferries, which provides that a license, or renewal of license, shall be granted only after public competition, seems to have been overlooked. The provisions of an Act of Parliament cannot be set aside by an Order in Council.”

You will pardon my saying that if anything has been overlooked it has been on your part, as you do not appear to have observed that the amending Act, 51 Vic., chap. 23, excludes international ferries from compulsory competition, and therefore the recommendation of this department to council was quite in accord with the requirements of the law.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner.*

AUDIT OFFICE, OTTAWA, Oct. 22, 1897.

SIR,—I have received your letter of the 16th instant, in reply to mine of Sept. 20th, in reference to ferries. You submit that the whole tenor of my letter bears rather upon the policy of the government than upon matters about which I am called upon to inform myself.

The point at issue is as follows : On May 13th last, I wrote stating that no charges had been made for license fees on four ferries ; and asked for the following information :

- (1.) Are these ferries at present under lease ? If so, to whom and at what rental
- (2.) If they are not under lease, please explain why.
- (3.) Have you made any inquiry as to whether ferries at these places are now in operation ?

You answered the first question in your letter of June 18th, that they were not re-leased.

When reminded that the other information asked for was not furnished, you stated in your letter of July 22nd " that the Ferries Act does not call for the renewal of leases " when they have expired, and that the department always await the public convenience " before renting a ferry or releasing the same."

I then wrote the letter of Sept. 20th, which you consider bearing on the policy of the government and outside my functions as Auditor, pointing out that as these ferries had been leased, the department must have been satisfied that the public convenience did require them, and it was not stated in your letter what evidence you had that they had ceased to be required, nor if you had any information as to whether they were still being operated.

The question now is : does it come within my province as Auditor to inquire for the information Parliament (1) why these leases were not re-let ; (2) if inquiry has been made whether these ferries are now in operation ?

In my judgment this information is quite pertinent to the matter, and should be furnished. Unless you decide to do to, it will be as well for future guidance to have the matter settled by submission to the Treasury Board.

Respecting the leasing of the Windsor and Detroit ferry at \$1.00 per annum, and the inquiry in my letter of May 13th whether this lease had been put up to public tender, you now state that International ferries are exempted from competition by the Act 51 Victoria, chap. 23. It is a pity this information was not given when the inquiry was first made. There is still needed, however, an explanation showing why this license was granted for the nominal sum of \$1.00. Though International ferries were exempted from the competition of public tender, it cannot be contended that the department was authorized or justified in granting the lease for less than it was worth. If the lease was of no greater value, the evidence on which that judgment was based should be furnished,

No person or body, however high or low, engaged in managing public affairs, has a right to take less for any public property or franchise than it is worth. Those who have had such transactions in hand should therefore always be willing to give their certificates that the prices obtained were fair and just, no matter what other authority there may have been for the course taken when the sales have not been under public tender.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

# Auditor General's Report—Part T

DEPT. OF INLAND REVENUE, OTTAWA, NOV. 2, 1897.

SIR,—Replying to your further communication of 22nd October (*re* Ferries) in which you say:—

“Though international ferries were exempted from competition of public tender, it cannot be contended that the department was authorized or justified in granting the lease for less than it was worth. If the lease was of no greater value, the evidence on which that judgment was based should be furnished”.

I have nothing further to say upon the matter, save that the subject received the careful joint consideration of the then Premier, Sir J. S. D. Thompson, the then member for the county of Essex, Mr. J. C. Patterson, and the then Minister of Inland Revenue, and an Order in Council was passed to give effect to the decision arrived at by them.

It must be evident that in the case of international ferries, privileges and concessions have to be granted by both the state authorities and the Canadian government in the general interest of international traffic. To insist upon making the charter minister to the departmental revenue of Canada while all such charges are forborne on the part of the State and Municipalities across the line might lead to serious international complications, and if, in view of these facts, His Excellency in Council has taken a higher ground than one of dollars and cents, it would be presumptuous in a departmental head to question the wisdom of the government policy. This department has simply carried out the terms of the Order in Council, as it was bound to do.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner.*

AUDIT OFFICE, OTTAWA, Dec. 6, 1897.

SIR,—Notwithstanding your letter of the 2nd instant *re* Ferries, I cannot understand how the reduction of rent on the Windsor and Detroit Ferry could affect international relations unless with such reduction there went an agreement that the fares were to be also reduced.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

## Re Hydraulic Rents.

AUDIT OFFICE, OTTAWA, Sept. 23, 1897.

SIR,—Nothing has come to account during the past fiscal year from the following lessees:—

Name.	Property.	Arrears due.
Mrs. M. Conroy . . . . .	Island, Deschênes Rapids . . . . .	\$ 8 00
Colin Dewar . . . . .	Land, Victoria Island . . . . .	20 00
John Wilson . . . . .	Lot cor. Bigbie and Columbia St., New- Westminster, B.C. . . . .	427 91
Dom. Phosphate Co. . . . .	Landing at Little Rapids, Rivière du Lièvre . . . . .	60 00
Jos. A. Gagnon . . . . .	Water lot St. Maurice River . . . . .	40 00

In addition to the above arrears there is the rent that accrued last year.

I have to inquire if those parties are still in possession of the properties, and what action has been taken to collect the amounts due?

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

INLAND REVENUE DEPT., OTTAWA, December 8, 1897.

SIR,—I have the honour, by direction, to acknowledge receipt of your communication of the 23rd of September ult. relative to hydraulic rents, and, in reply thereto, to inclose a memorandum on the subject.

The delay in answering your communication was due to inquiries having to be made in order to obtain the information you required.

I am, sir, your obedient servant,

The Auditor General.

WM. HIMSWORTH, *Secy.*

MEMO. :—Under date of September 23rd, 1897, the Auditor General makes inquiry relative to hydraulic rents. There are as follows :—

1.—Mrs. M. Conroy—Lease of Island Deschenes Rapids.

In reference to the arrears of rent on this lease, I have made inquiry, and find that the property had been claimed some time ago by the Quebec government, and Mr. Conroy informs me that his firm have purchased the Island from the government. In support of which statement Mr. Conroy has written the department a letter, a copy of which is hereunto attached, marked A.

In a personal interview with Mr. Conroy, I asked him to communicate with the Department of Public Works with a view to having the lease cancelled, which he said he would do.

2.—Colin Dewar—Lease of land at Victoria Island, City of Ottawa.

In this case the account has been forwarded regularly to Mr. Dewar, but without result. It was finally decided to place the matter in the hands of the Department of Justice, and that department on the 19th ulto., states that the Deputy Minister of Public Works requests that proceedings be not taken against Mr. Dewar, as the question of the cancellation of the lease is now under consideration.

3.—John Wilson—Lot corner of Begbie and Columbia Sts., New Westminster, B.C.

John Wilson died some time ago, and before his death as well as subsequent thereto, every endeavour was made to collect the amount due, until the agent of the Department of Justice informed that department, that it was futile to take any further proceedings as the estate had no assets.

4.—The Dominion Phosphate Company's Landing, at Little Rapids, River du Lièvre.

I have done everything in my power to discover the whereabouts of the representative of this company, but without avail. In the lease the company was represented by Wm. Taylor Gibbs, as manager. I personally knew Mr. Gibbs, but he disappeared from Ottawa some years ago, and I have been unable to trace him or obtain any information as to whether he has left a representative behind him. Those operating in phosphates in Ottawa, and parties in Montreal with whom I have communicated, have been unable to give me any information. The Department of Public Works has therefore been requested to have the lease cancelled.

5.—Joseph A. Gagnon—Water lot, St. Maurice River,

Every possible inquiry has been made in order to communicate with him, all of which has resulted in failure. The Department of Public Works have accordingly been requested to have the lease cancelled.

WM. HIMSWORTH, *Secy.*
