J. L. MITCHELL & CO'S
Grand Trunk Railway Gazetteer,
COMMERCIAL ADVERTISER,
AND
BUSINESS DIRECTORY,
1862-'63.

NOTE.—*Cities, Towns and Villages are Alphabetically arranged under their Post Office name. The names in CAPITAL LETTERS are Patrons of the work.*

SARNIA, C. W.

The chief town of the county of Lambton, situated in the township of Sarnia, at the upper end of the River St. Clair, near its junction with Lake Huron. It is immediately opposite the city of Port Huron, State of Michigan, with which it has constant communication by a steam ferry at all seasons of the year, the navigation at this point never being obstructed by ice. Sarnia was laid out in the year 1833, and has been gradually growing in size and importance. It contains several steam mills, one foundry, and other manufacturing facilities, and an enterprising class of merchants. With an excellent harbor, and its unsurpassed means of intercourse by rail and water, it will doubtless become a place of considerable importance. Distance from London by the London and Sarnia branch of the Great Western Railway, (which connects with the main line at Komoka, 10½ miles west of London,) 60 miles; from Detroit (to which place first class steamers run daily during the season of navigation), 60 miles; from Chatham, *via* Wallaceburg, 60 miles; from Goderich, 65 miles, to which place there are regular lines of boats. Mails daily. Population, 2022, according to census of 1861.

GUELPH, C. W.

The chief town of the county of Wellington, is situated on the river Speed, is a first class station on the Grand Trunk Railway, and is the northern terminus of the Galt and Guelph Railway, which connects with the Great Western for the eastern, western, and southern stations. It has connection with Fergus, Elora, Southampton, Owen Sound, &c., by stage, carrying regular mails. Guelph is situated in one of the finest grain growing districts of Canada, and from this point there is more wheat shipped than from any other inland town in the Province. In the immediate vicinity of Guelph are rich and inexhaustible quarries of building stone, of which many of its public and private edifices are constructed. The new Town Hall buildings are really magnificent for a place of its size. Commercially it is a thriving place, and possesses all the elements of becoming a wealthy and important town. We would call attention to the advertisements of the Messrs. Heymans, Dr. Trotter, Mr. Haymes, Mr. Thorp, the *Advertiser*, and the *Herald*. Distance from Toronto 47 miles, from Hamilton 30 miles, from Galt 15½ miles, from Harrisburgh 27½ miles, and Owen Sound 85 miles. Mails daily. Population 5,141.

ROCKWOOD, C. W.

A new and thriving village on the Grand Trunk Railway, containing about 500 inhabitants, situated on a branch of the Grand River, 41 miles west of Toronto, and in Eramosa, one of the finest wheat growing townships in Canada. The banks of the river are bold, and composed of lime stone and gravel, well adapted for building material. Occasionally water-lime and marble are found. Upon the principal stream are five very fine water privileges, all within a distance of four hundred yards, averaging from fifteen to twenty-five feet fall, and upon which are erected one flour mill, one oat meal mill, two saw mills, and one planing and lath factory. Upon a smaller branch of the same river, at the south end of the village, are two falls, one ten, the other twenty-five feet fall; one occupied by a tannery, the other is at present unoccupied, the mill formerly worked by the fall being burnt.

A commercial academy, Wm. Wetherald, Esq., Principal, is attended by about fifty students, and is now in a very flourishing condition. Three churches, Episcopalian, Wesleyan Methodist, and Quaker, two of which are very creditable buildings. There are seven general stores, and also numerous blacksmiths, waggon makers, carpenters, butchers, saddlers, tinsmiths, and confectionery establishments. Upon the banks of the river the "freaks of nature" are many and extraordinary. A party, headed by W. Wetherald, Esq., some time since explored as far as the ninth chamber of a mammoth cave, but were here prevented from further progress by foul air. "The Devil's Mill," forty feet deep in the solid rock, at the bottom of which many travellers' names may be found, written years ago.

TORONTO C. W.

The Metropolis of Canada West, is situated on the north-west shore of Lake Ontario, facing a very spacious bay, or beautiful sheet of water, somewhat oval in form; the city is laid out in the form of a parallelogram, with singular regularity. The streets intersect each other at right angles. King and Yonge are the two principal streets, the former runs parallel with the bay, and the latter intersecting it extends northward through a rich and prosperous agricultural country, forming a sort of irregular village for thirty miles in length. The public buildings are very numerous, and many of them extremely handsome, such for instance, the University Buildings, Osgoode Hall, Normal School, the General Hospital, St James', St. Michael's, Zion, and Knox Church, the City Hall, St. Lawrence Market, the Exchange, the Mechanics' Institute, Post Office, Medical College, Lunatic Asylum, and others too numerous to mention. Toronto is doing a very large business in the dry goods, hardware, groceries, boots and shoes, grain and lumber trade, which is carried on by the means of the Great Western, Grand Trunk and Northern Railways, and the many steamboats, propellers and other vessels that navigate the waters of Lake Ontario; distant from Niagara Falls 50 miles, Collingwood 94 miles, Hamilton 45 miles, London 115 miles, Kingston 165 miles, Montreal 333 miles, New York 500 miles, and from Boston 593 miles. Mails daily. Population 45,156 by census of 1861.

No. 1 MASONIC HALL, TORONTO ST., TORONTO.**REDUCED RATES FOR ASSURANCE.**

UNCONDITIONAL Policies are granted by the Colonial to parties settled in this Country and not likely to leave Canada, free from all restrictions as to residence, and on which no extra Premiums can be levied—thus rendering these Policies valuable securities for debts or marriage settlements.

The Colonial Life Assurance Company,

INCORPORATED BY SPECIAL ACT OF PARLIAMENT.

CAPITAL, ONE MILLION Sterling.**HEAD OFFICES, EDINBURGH AND MONTREAL.**

MANAGER—W. M. RAMSAY.

TORONTO BRANCH: OFFICE, MASONIC HALL.**LOCAL DIRECTORS.**

WM. PROUDFOOT, Esq.,
HON. W. B. ROBINSON,
ALEX. MURRAY, Esq.,
T. D. HARRIS, Esq.,

J. F. SMITH, Esq.,
JOHN FISKEN, Esq.,
JOHN CRAWFORD, Esq.,
ANGUS CAMERON, Esq.

AGENT AND SECRETARY TO THE BOARD—**JAS. F. BROWN.**

A Table of Premiums has been lately framed, so as to reduce the cost of Life Assurance to the lowest point. It will be observed the Rates payable for the first seven years are not much more than half the usual charge, while for the remainder of life, they are still more moderate.

To Assure £100, payable at death, with profits after Seven years:—

AGE.	First 7 Years.	Remainder of Life.
20	£1 1 8	£2 5 7
25	1 4 9	2 12 0
30	1 8 0	2 19 11
35	1 11 10	3 9 10
40	1 16 3	4 3 0
45	2 0 11	5 1 1
50	2 8 4	6 7 5

Premiums payable half yearly or quarterly without extra charge. Loans granted to the assured to the amount of the value of the Policy at 5 per cent. interest.

Policies purchased by the Company at any time. Age and interest admitted on the Policy. Thirty days of grace allowed for payment of Premiums and should assured die during that time, claim binding on Company. Assurances forfeited may be renewed within a year under certain conditions. No expense in connection with obtaining Policies. The Assured run no risk of Partnership. All information on the subject of Life Assurance will be given at the Office.

W. C. CHEWETT & CO.,

PUBLISHERS OF THE GREAT WESTERN AND GRAND TRUNK RAILWAY DIRECTORIES, beg to inform their numerous readers that the business conducted for the past seven years under the style of MACLEAR & CO., will in future be known by the above name. In making this announcement they desire to give prominence to the fact that the change is one of name only; the business is still conducted by those who, under the old name, succeeded in giving satisfaction to so large a body of customers, and who are now prepared to devote the utmost attention and energy to executing every order, large or small with which they may be honored. Their establishment and its capabilities are now so well known throughout Upper Canada, that it is unnecessary to remark at length on the various departments; they would, however, briefly indicate them, assuring their friends that every effort is made, and no expense spared, to keep each branch of their business up to the mark.

BOOKSELLING.

In this department will be found an assortment of STANDARD WORKS, ENGLISH and AMERICAN, while every NEW WORK of INTEREST is added soon as published, Orders for miscellaneous Books from Europe sent weekly and executed more quickly than by any other establishment.

SODA WATER.

JAMES EVES,

TORONTO, (FORMERLY OF BRIGHTON, ENGLAND),

SODA WATER MANUFACTURER,

No. 7 Ontario Street, second door to King Street East.

THIS is the Largest Establishment of the kind in Canada, and having spent three years in getting up an apparatus to make a perfectly pure article, I have now the Largest, Best, and most complete apparatus in the known world, and my Soda Water is acknowledged by all to be unequalled. As puffing is the order of the day, I would only say, that a trial will test its value, and satisfy the most fastidious.

Physicians that have seen the apparatus, and know how the Soda Water is made, order it in a great many cases of sickness. In fact, I have spared neither money or labor to get an apparatus to make a perfectly pure article.

Soda Water sent by Steamboat or Railway, packed in boxes containing 10 doz. each.

“THE LEADER,”
“The Patriot,” and “News of the Week.”

THE favor with which *The Leader* has been received by the Public may be judged by the fact that since its commencement, in July, 1852, it has steadily increased in circulation until, in its various Editions, it has SEVERAL THOUSAND more subscribers than any other paper in Canada. Every exertion is being used to make it more and more indispensable for every family in the Province.

THE DAILY LEADER

Is published every morning, in time for the early trains, at FIVE DOLLARS per annum, in advance. It is a large sheet, and contains the earliest and most reliable intelligence that can be obtained from every part of the world.

THE SEMI-WEEKLY LEADER

Is published on Tuesdays and Fridays, at THREE DOLLARS a year, in advance. It contains all the reading matter of the *Daily Leader*; and for parties who do not reside near enough to the Post Office to call every day, this paper will supply them with all the intelligence they could receive from a Daily.

THE WEEKLY LEADER

Is published every Friday, and “THE PATRIOT” and the “NEWS OF THE WEEK” are published every Wednesday, at the rate of ONE DOLLAR, in advance. These papers are printed on a large sheet, and contain the most important part of the reading matter of the *Daily Leader*. Market Reports are particularly attended to in them. These are the CHEAPEST PAPERS in the Province.

One dollar a year is added to each Edition when not paid in advance.

TO ADVERTISERS.

THE large circulation of *The Leader* makes it the very best medium of publishing notices of any kind.

RATES—For Daily, four pence a line for first insertion, and one penny each subsequent insertion; for Weeklies, six pence a line for each insertion.

LONDON, C. W.

Like its namesake, the great Babylon of England, London, C.W., is in the county of Middlesex, and also on the river Thames, with streets and bridges named after those of the great city;—there, however, the similarity ends. It possesses many excellent buildings and churches, and is situated in the centre of an extensive and rich agricultural district, which furnishes it with a large amount of trade in grain and other products of the soil. The Great Western Railway passes through this city. The Grand Trunk Railway has a branch running here from the main road, which branches off at St. Mary's, and the London and Port Stanley Railway connects it with a harbour on Lake Erie. Distant from Niagara Falls 119 miles, Hamilton 76 miles, Toronto 114 miles, Sarnia 56 miles, Windsor 110 miles, and from Montreal 447 miles. Mails daily. Population about 13,000.

WATERLOO, C. W.

The village of Waterloo is situated in the township and county of the same name. It is one and a half miles north-west of Berlin G.T.R. station. Incorporated in 1857. Waterloo is a place of importance, on account of the large section of country round about—one of the most fertile in the Province—from which it derives its trade. The grain and produce business is very extensively carried on. There are two grist mills, nine or ten first-class mercantile establishments, besides smaller ones, doing a large business; five hotels, and a host of blacksmiths, waggon makers, gunsmiths, tin-smiths, shoemakers and tailors, besides two foundries, one steam saw mill, two steam pail factories, one steam chair and cabinet factory, one steam woollen factory (nearly finished), an extensive distillery, and two extensive breweries. The population of Waterloo has increased from 500 in 1855, to about 1,400 in 1861. That the prosperity of this village is not ephemeral, but lasting, may be argued from its manufactures. Waterloo has also a celebrated monthly cattle market. The Bank of Montreal has an agency here.

HAMILTON, C. W.

A city situated at the south-west extremity of Burlington Bay, an inlet at the head of Lake Ontario, and the terminus of lake navigation. The site on which Hamilton is built occupies gradually rising ground, for about a mile and a half from the shore of the lake to the base of the ridge called "the Mountain," from the top of which the best view of Hamilton can be had. Hamilton is the centre of one of the most fertile portions of Canada, and enjoys a very large trade in grain and other agricultural products. It has also an extensive wholesale trade, and large manufacturing establishments of various kinds;—(see advertisements.) Distant from Niagara Falls 43 miles; Toronto 39 miles, London 76 miles, Windsor 153 miles, Montreal 372 miles. Population about 20,000.

Analysis of Charlton's White Wine Vinegar, by Prof. Croft.

B. E. CHARLTON, Esq., Hamilton.

TORONTO, February 29, 1861.

DEAR SIR,—I have examined the specimen of Vinegar manufactured by you, and sent to me for analysis, and find it to be a perfectly pure and wholesome article, containing nothing besides Acetic Acid* and a small quantity of colouring matter.—The amount of pure Acetic Acid contained in 100 parts of the Vinegar is 6.1-10, hence it is equal in strength to the best French Vinegars, and can be employed for the same purposes.

I remain yours truly, (Signed)

HENRY CROFT.

* Acetic Acid is the Chemical name for the pure sour principles of all good Vinegars.

GREAT WESTERN RAILWAY OF CANADA.

1862.

1862.

THIS Road is laid through Canada West : Terminus at Windsor, opposite Detroit. Length of main line through Canada *via* Chatham (45 miles), London (109 miles,) Paris (156 miles), Dundas (180 miles), Hamilton (185 miles), Niagara (229 miles), with Branch to Guelph (28 miles), and one to Toronto from Hamilton of 38 miles, and one from Komoka to Sarnia of 51 miles.

Ferry-boat "Union" to and from Michigan Central R. R. Depot, Detroit, and Ferry-boats "Windsor" and "Ottawa" to and from Detroit and Milwaukee R. R. Depot, Detroit.

This line in connection with the Michigan Central, Michigan Southern, and Detroit and Milwaukee Rail Roads, transports to and from the East and the States of Illinois, Indiana, Iowa, Wisconsin, &c., the vast interchanging traffic, merchandize, produce and stock to their respective markets. The Great Western Railway has opened a continuous Railway communication between the remote West and the Atlantic Cities, and is inestimably appreciated by the public for the winter facilities of travel, which, until the completion of the line in 1854, were not existing.

GREAT WESTERN RAILWAY.

THE Great Western extends its passenger and transportation connections by the Grand Trunk Railway, and by the several magnificent Lines of Steamers which navigate Lake Ontario and the St. Lawrence, to all the Cities of Lower Canada, and to the Atlantic Seaboard, both in Canada and the United States; and by the New York Central, Hudson River, Boston and Worcester, Western and the New York and Erie Railroads, to New York, Boston, &c.,—the Great Western Railway connecting with all the diverging Railway lines through Michigan, Ohio, Pennsylvania, New York, Massachusetts and Maine. To and from St. Louis, New Orleans, and United States Territories West of the Mississippi, this is a direct route from all parts of the New England States and the Canadas. The Company's Stations at Sarnia and Hamilton, now provided with grain elevators, renders that line the most eligible route for the transport of all kinds of grain from the Great West to the Seaboard.

will be the county town of Victoria. This town is favorably placed as to the grain trade, it being in the midst of a good wheat-raising country, whilst access to the shipping of the lakes and seaboard is rendered easy by the Port Hope and Lindsay Railway. It is also the centre of a large timber and lumber trade, the forests at the north furnishing large quantities of pine, elm, &c., and the chain of rivers and small inland lakes, sufficiently provided with slides, &c., affording means of floating the manufactured timber to market. Owing to these advantages, Lindsay is rapidly growing in size and importance, and, from the favorable opinion entertained of its future, already numbers amongst its inhabitants a large representation of the several trades and professions. During the season of navigation several steamboats ply from Lindsay to the numerous ports on the back lakes, giving to pleasure-seekers and tourists an opportunity of admiring the beautiful and wild scenery which surrounds those waters. Distant from Port Hope 44 miles. Mails daily. Population 2,000.

PETERBOROUGH, C. W.

The town of Peterborough is situated at the north-east corner of the township of Monaghan. It was first located in the year 1818, and the survey was completed in 1825; so that it may be said to be but a little over a quarter of a century old. It is built on a beautiful spot, the ground gently sloping from the west to the Otonabee river. Near the centre of the town stands the knoll upon which is erected the Court House, in front of which is a reservation of six acres, appropriated as a public park for the use of the town. The river Otonabee bounds the town on the east, and is crossed by a substantial bridge, erected by the Government in 1846. The river is very broad in front of the town, and is picturesquely studded with islets covered with beautiful trees. Immediately above the bridge are numerous dams and timber-slides, erected for the mills on each side of the river, and the scenic effect of these artificial waterfalls is very fine. Below the town the river widens, and forms what is called the "Little Lake," opposite the town upon a corner of the main land jetting into which stands the Little

Lake Cemetery. Peterborough possesses all the elements of an important manufacturing town. The immense water power supplied by the Otonabee river, and the large timber districts in the rear of the town, offer facilities for manufacturing, such as are possessed by few communities in the Province. With the railway facilities now possessed by this town, the easy method of ingress and egress, the improvements going on in the interior, the rapid settlement of that hitherto unsurveyed and almost unexplored country, and the improvements lately made in the navigation of the back waters, the prospects of the town are flattering in the extreme. Distant from Port Hope 18 miles, and from Millbrook 13 miles. Mails daily. Population about 4,000. (See advertisement of Lawson's Hotel, page 221.)

COBOURG, C. W.

A handsome town, situated on the shores of Lake Ontario, township of Hamilton county of Northumberland. The harbour is a refuge for shipping in stormy weather, and is visited by a large number of vessels. The steamers call on their way between Toronto and Montreal, and the *Maple Leaf* makes three trips a week from Rochester. The light-house at the end of the pier can be seen at a great distance. The Grand Trunk station is about a mile from the Town Hall, so that the public have every facility for travelling. There is also an inland railroad to Peterborough. The neighbourhood abounds with mills, and a vast quantity of agricultural produce is annually shipped

from hence. Twenty-six million feet of lumber was shipped to Oswego last year. The Town Hall is a noble building, containing the handsomest and best proportioned ball-room in the Province, where the Prince of Wales was entertained on his travels. The woollen factory employs a great number of hands. There are also a very large distillery, a brewery, waggon and carriage factories, and other mechanical works. The town does an extensive business, many of the merchants importing their own goods direct from Great Britain. The college and public schools are well supported. There are four churches of different denominations, besides several meeting-houses. The principal hotels are the North American, the Taunton House, and the Globe. Distant from Toronto 72 miles, and from Belleville 45 miles. Mails daily. Population 5000.

BELLEVILLE, C. W.

The town of Belleville, the chief market place of the county of Hastings, is situated in the township of Thurlow, on the River Moira and Bay of Quinte. A great trade in carried on here; and many of the stores and public buildings are of the finest class,—the Court House, Montreal and Commercial Bank buildings, are costly structures, and an ornament to the town.

Belleville possesses one of the finest water privileges in the province. There are many branches of manufacturing established at different points on the river, which contribute largely to the prosperity of the town. There are five or six hundred men employed in these manufactories, whose wages amount to \$4000 per week.

Belleville is connected with the chief markets of the province and the United States by railway and water. The educational advantages are nearly equal to the most favored localities in the province. A steambot daily to Kingston, calling at Picton and other intermediate places. Stages daily to Madock and Sterling. Population, about 7000.

ERNESTOWN, C. W.

A small village in the township of Ernestown, county of Addington, and a station on the Grand Trunk Railway, where passengers stop to take the cars for Bath.

KINGSTON, C. W.

The chief town of the United Counties of Frontenac, Lennox and Addington. It is situated at the head of the River St. Lawrence, where Lake Ontario—the last link of the chain of inland seas of Western Canada—together with the Bay of Quinte and the Great Cataraqui Creek, are united with the channel which conveys and empties their waters into the Gulf of St. Lawrence. Kingston is one of the oldest settled localities in Upper Canada, and occupies the site of the French Fort of Frontenac. It was founded in 1784, and incorporated in 1838. Opposite the city are Wolfe Island and Garden Island, and between them and Kingston, a distance of three miles, lies the bay, a beautiful sheet of water, forming a safe and commodious harbor for vessels of every draught. Additional and improved wharves have lately been constructed, which, together with those previously in use, render it in every respect well calculated for an extensive shipping trade. Kingston promises to be, at no distant day, a great manufacturing city. Already the trade of ship-building has arrived at great proficiency. Sailing vessels and steamboats of every capacity are here built, and fitted out with every requisite, ready for lake or ocean navigation. The timber necessary for the construction of vessels is brought from the neighbouring townships, and the iron work, including

every description of machinery for steamboats, &c., is furnished by the different foundries of the city. The sail and cordage lofts are kept well supplied, and in short all the means and appliances for the complete outfit of every sized vessel are always at hand. Portable steam-engines for mills and other descriptions of work, railway locomotives, agricultural implements, stoves, iron axles, cut nails, screw bolts, &c., are also manufactured in Kingston. The Grand Trunk Railway passes within two miles of the city, with a branch extending from the main line to the city. As a place of defence, Kingston ranks next in strength to Quebec. The batteries of Fort Henry are calculated for the reception of numerous cannon and mortars of the largest calibre. These, together with neighbouring martello towers, form a formidable and efficient defence against any aggressive movement which might be directed against the city or neighbourhood. Kingston possesses two colleges, Queen's and Regiopolis, and several magnificent public buildings, amongst which may be noticed the City Buildings and new Court House. The Commercial Bank of Canada has its head quarters here, and there are branch establishments of the Banks of British North America, Montreal, and Upper Canada. Distant from Montreal 173 miles, and from Toronto 160 miles. Population 13,000.

GANANOQUE, C. W.

A village in the township and county of Leeds. Gananoque possesses a large extent of water-power, a large portion of which has been judiciously improved, and used for almost every description of manufactories: in fact this water-power is second to none in the province. A large amount has been expended in machinery of every description, which is now in successful operation. The steamers, plying between Montreal, Kingston and Hamilton, stop here daily. The view obtained here of the Thousand Isles of the St. Lawrence is exceedingly fine. Gananoque is a port of entry, about three miles from a station of the Grand Trunk Railway. Distance from Montreal, 155 miles; and from Kingston 18 miles. Daily mails. Population, 1600.

JOHN McELHINNY,

MANUFACTURER AND DEALER IN

CABINET FURNITURE

The Subscriber having a full set of Machinery, propelled by Steam, is now enabled, after a struggle of 25 years, to be up to the times in Manufacturing and keeping on hand a large and varied assortment of

Walnut and Mahogany Furniture,

WOOD, CANE, & SPRING SEAT CHAIRS.

Not having any rent to pay, and having a large capital to carry on the business, I feel confident it will pay intending purchasers to call and examine for themselves.

I hold myself responsible for work to be true to what is represented. I exhibit a LARGER STOCK OF FINISHED FURNITURE, than ALL the other dealers in this place put together.

PERTH, C. W.

Is situated on the river Tay, in the township of Drummond, county of Lanark. It is the chief town of the counties of Lanark and Renfrew, and contains a population of about 2,600. Perth is one of the oldest towns in central Canada, having been settled in the early part of the present century, by a number of retired military gentlemen. It is in the middle of a fine agricultural district, and has connections with the Grand Trunk Railway, by a branch line of the Brockville and Ottawa Railway from Smith's Falls. Distance from Ottawa City, 50 miles; from Montcal, 163 miles. Mails daily.

PRESCOTT, C. W.

An incorporated town situated on the River St. Lawrence, in the township of Augusta, and county of Grenville. It is opposite the town of Ogdensburgh, N. Y., and the traffic between the two places is considerable, requiring, during the season of navigation, the constant employment of two ferry boats. All the steamers, plying between Montreal, Kingston, Toronto, and Hamilton, stop here daily. The town is contiguous to a station of the Grand Trunk Railway; and the Ottawa and Prescott Railway has a terminus on the river shore, and within the limits of the town. Distant from Montreal, 113 miles; from Kingston, 60 miles; and from Toronto, 220 miles. Daily mails. Population about 3000.

S. HULBERT'S PATENT PLOUGH. PRESCOTT, C.W.

THIS PLOUGH is manufactured with an iron beam, of the form represented above, and also, with a wood beam of the usual form. Its chief peculiarity, which gives it an advantage over every other Plough is, that the working side of the mould-board is uniformly convex, from front to rear, and also, from top to bottom, so that a concave arc of a circle applied either horizontally or vertically, will fit in every part, while the curve from the point to the tip of the wing is such as to turn the furrow perfectly. Among its advantages are:—Lightness of Draft—Cleaning well in the most sticky soil—Capability of cutting deep as well as shallow—Turning furrow well at any speed—Ease of guidance, and—Great durability. A raise is attached in front of the coulter to prevent clogging.

STOVES, STEAM ENGINES and MACHINERY generally.

NOTE.—The PRESCOTT AND OTTAWA RAILROAD here intersects; the Stations of which
Line are as follows:

OTTAWA, C. W.

The notoriety which this city in embryo has received, as being fixed upon as the Seat of Government for Canada, has invested it with a significance which in all probability it never would have obtained.

Ottawa is the new name given to the town of Bytown, by which it has long been known as the centre of an immense lumber district on the river Ottawa. It is situated on the river where the rivers Rideau and Gatineau and the Rideau canal all meet. The streets are all wide and regularly laid out, and so far reflects great credit on the engineering skill employed. The city can boast of some as fine and magnificent buildings as any other city, either in Canada or the United States. The scenery around Ottawa is far beyond the expectation of strangers, and the view from "Barrack Hill" is one of surpassing grandeur and extent, combining in it a trinity of river, landscape and fall scenery, which few places can boast of.

At the west end of the city are situated the celebrated Chaudière Falls, which fall about forty feet, the spray of which can be seen a long way off ascending in the air. Here again are Rideau Falls—"Niagara in miniature,"—and one of the prettiest little falls to be seen anywhere: although only thirty feet fall they present features of interest and great beauty.

As a city, Ottawa has, perhaps, the most beautiful and picturesque situation of any in the province,—built beside the magnificent Chaudière, upon a rocky elevation, commanding a fine view of the surrounding country as far as the eye can reach,—it is almost equal to Quebec itself. The fine, farstretching campaign opened up to a great extent by hardy settlers, who have cleared for themselves a home and farm; the villages, nestling among the trees; the deep, dark forests, extending on either hand, as yet apparently untouched by the woodman's axe; and the magnificent river; all command, by turns, the delighted attention, and call forth unmingled exclamations of pleasure. The city itself is well built; and the elevations of the ground have been taken advantage of to heighten the effect. The Houses of Parliament (now in process of erection), when once complete, and the Government removes to Ottawa, will add greatly to its attractions and business. The magnificent range of buildings fitly adorn the romantic site upon which they stand.

There is a daily line of steamers between Ottawa, Montreal and Kingston; and the Ottawa and Prescott railway trains run twice a-day to Prescott, where they connect with the Grand Trunk Railway. Ottawa is distant from Montreal, 126 miles; from Quebec, 296 miles; from Kingston, 95 miles; and from Toronto, 233 miles. Daily mails. Population, 14,550.

MONTREAL, C. E.

The stranger, on approaching the metropolis of Canada East, either from Quebec by steamer, or from the opposite side of the river in coming from the American States, will at once be impressed favourably with the situation of the city, the business-like appearance it presents, and the picturesque scenery by which it is surrounded. Montreal is the most populous city in Canada, and in all respect takes precedence of every other city in the Province. It is situated on the Island of Montreal (which is justly termed "the garden of Canada," the soil being the richest in the Province), at the head of steamship navigation, and above which no large sailing vessel can go, although smaller ones pass up through the canals and St. Lawrence to the west. The city is built chiefly of gray limestone, having very much the appearance of Aberdeen granite, the principal buildings exhibiting great solidity and beauty of design. The chief business street is Notre Dame, though Great St. James street exceeds it in handsome buildings, besides being much broader. The wholesale stores are situated on the wharves and streets running parallel with the river. Montreal is the port at which arrives the great bulk of the importations from Great Britain and other places abroad, being there either resold or transhipped to all parts of Canada East and West; thus a large wholesale trade is carried on in all descriptions of goods. Montreal contains many splendid buildings, both public and private, besides other interesting works of art. That gigantic undertaking, the Victoria Bridge, which spans the St. Lawrence and links the Grand Trunk with the railways of the United States, forms the most interesting and wonderful feature connected with the city. Distant from Toronto 332 miles, and from Quebec 165 miles. Population about 100,000.

Royal Insurance Co.

FIRE.

LIFE.

CAPITAL,

2,000,000 Stg

AND LARGE RESERVE FUNDS.

LIFE BRANCH.

Large Bonus declared—£2 per cent. per annum on sums assured; the greatest bonus ever continuously declared by any Company.—*Extracts from the Report to the Annual General Meeting, August, 1860.*

FIRE BRANCH.

Insurance effected against Loss or Damage by Fire on all descriptions of Property either in Town or Country on most liberal terms. Losses promptly settled without deduction or discount, or without reference to England. Losses by Lightning or Gas Explosion made good. **No Charge for Policies.**

INCREASE OF FIRE INSURANCE DUTY in the Year 1860 over 1859,

As shown by a Return made to Parliament, and ordered by the House of Commons to be printed, 7th June, 1861.

The following Table exhibits the increase of Duty paid to Government by the different Insurance Offices, and proves, on the authority of Public Documents, that the ROYAL INSURANCE COMPANY is increasing its Fire Business far more rapidly than any other Insurance Office in Great Britain.

1 ROYAL.....	£8939	18 West of England.....	£1143	25 National of Ireland.....	£447
2 Phoenix.....	4215	19 Guardian.....	1137	26 Church of England.....	406
3 Imperial.....	3290	20 Union.....	1072	37 National of Scotland.....	333
4 Sun.....	3147	21 Lancashire.....	953	38 Patriotic.....	324
5 Queen.....	2567	22 Caledonian.....	939	39 United Kingdom.....	277
6 Scottish Provincial.....	2470	23 State.....	805	40 Sheffield.....	235
7 North British.....	2415	24 Unity.....	787	41 District.....	171
8 Midland Counties.....	2313	25 Provincial.....	757	42 Royal Farmers'.....	163
9 Law.....	2019	26 Norwich Union.....	747	43 Essex and Suffolk.....	160
10 Scottish Union.....	1989	27 Yorkshire.....	731	44 Emperor.....	132
11 County.....	1728	28 Law Union.....	641	45 Haits and Sussex.....	128
12 Liverpool and London.....	1592	29 London.....	616	46 Nottingham and Derby.....	113

16 Gl-be.....	1179	33 Birmingham.....	574	49 Kent.....	30
17 Alliance.....	1168	34 Atlas.....	569		

The above statement exhibits more clearly and on more conclusive authority than any other that could be produced the high estimation in which the "Royal" is held by the Public. The Increase of the "ROYAL" is more than double that of any other Company, and more than 30 per cent. of the Entire Increase of all the London Offices combined. The Increase of the "Royal" is also more than 30 per cent. of the Entire Increase of the other 28 Country Offices combined.

ST. LAWRENCE HALL, MONTREAL.

THIS CELEBRATED HOTEL,

WHICH VIES WITH, IF IT DOES NOT SURPASS IN SIZE,
ANY SIMILAR ESTABLISHMENT ON THE WESTERN CONTINENT,
Is the Home of all the Distinguished Families who make Montreal their temporary resort.

ITS SELECTION BY THE

PRINCE OF WALES

HAS GIVEN IT A PRESTIGE OF FASHION, WHICH INSURES IT THE PATRONAGE OF THE

Titled, the Wealthy, and the Better Class of Travellers.

IT IS SITUATED ON

GREAT ST. JAMES STREET,

And presents a handsome Front of 300 feet, and a depth of over 300.

IN ADDITION TO NUMEROUS HANDSOME

PARLORS, RECEPTION ROOMS, FAMILY SUITES & DINING HALLS,

THE ST. LAWRENCE HALL

CONTAINS OVER THREE HUNDRED BED ROOMS,

AND THE NEW DINING HALL JUST FINISHED.

CAN ACCOMMODATE OVER FIVE HUNDRED GUESTS.

THE ROOMS ARE LIGHT, LARGE, WELL VENTILATED,

And Furnished throughout with perfectly New and Elegant FURNITURE.

THE ST. LAWRENCE HALL

IS IN ALL RESPECTS THE MODEL OF A

FIRST CLASS HOTEL.

In the Summer season, most of the Notable American Families who pass through Canada, make the ST. LAWRENCE HALL their resting place, and the American Flag now floats over the Building as the residence of the American Consul.

MR. HOGAN,

The present Proprietor, has managed it for Ten years past, and the popularity and esteem which he now enjoys, is the best proof of his ability to govern its affairs, and of the entire satisfaction which his efforts to please have given to his influential titled and untitled guests.

PHOTOGRAPHIC GALLERY,
 No. 158 NOTRE DAME STREET,
 MONTREAL, CANADA EAST.

A. B. TABER, PROPRIETOR.

A. B. T. wishes to inform the public that he is prepared to execute in the best and most improved style of art all branches of Photography. After many years of successful practice and close study, he can lay before the public in Montreal and vicinity the latest and most improved style of Photographs, including the new process of printing with the Solar Instrument, by which means he can enlarge the smallest and poorest Ambrotype to life size, which cannot be excelled by any other picture for its size and beauty of light and shade. Mr. Taber's life size portraits (taken with the Solar Instruments) is one of the most wonderful improvements of the age. He has also employed an excellent artist to color portraits in oil and water colors. His Cartes de Visite and Ambrotypes cannot be surpassed in Canada. A superior stock of Cases, Frames and Lockets always on hand. Those patronizing him will acknowledge that his establishment is admirably adapted for his profession and the comforts of his customers; the rooms are warm in winter and light and airy in summer; with both foreign and local scenery for back grounds according to order.

ST. HYACINTHE, C. E.

A city situated on the river Yamaska, county of Hyacinthe. The Grand Trunk Railway passes through the place. It is one of the most flourishing cities in Canada East, and is rapidly progressing. The local business is considerable, and the market is second only to Montreal as regards variety, quality and value of the articles brought in. St. Hyacinthe possesses many fine buildings, both public and private, and, taken altogether, is a very desirable place. Distant from Montreal 30 miles, Portland 262 miles, and from Quebec 137 miles. Daily mails. Population about 5,500.

JACOBS'
RHEUMATIC LIQUID.

THE BEST FAMILY MEDICINE IN THE WORLD !!

One of the most popular medicines at present sold in Canada, and the ONLY ONE that has worked its way into public favor and GENERAL USE on its own merits, without a single PUFF or a single CERTIFICATE forced upon the public notice by the proprietor. The knowledge of its efficacy has been communicated from friend to friend, and from neighborhood to neighborhood, till its very name has become a "familiar household word," and its presence in the little stock of Family Medicines INDISPENSABLE.

TAKEN INTERNALLY, it Cures Sudden Colds, Coughs, Phthisis, Fever, Ague, Dyspepsia, Acid Stomach, Canker in the Mouth and Stomach, Sick Headache, Cramp and Pain in the Stomach, Heartburn, Painter's Colic, Diarrhoea, Dysentery, Spiral Complaints, Cholera Morbus, Cholera Infantum, and Cholera.

APPLIED EXTERNALLY, it Cures Rheumatism, Lameness, Wounds, Burns, Bruises, Frostbites, Stiffness and Swelling of the Joints, Toothache, Ague, Sore Throat, Pain in the Side, Headache, Neuralgia in the Face, Chilblains, and the Bites of Poisonous Insects and Venomous Reptiles, &c.

It has also proved itself an excellent remedy in "Diphtheria," and, if applied in the first stages of the disease, is almost certain cure.

BE SURE YOU GET THE GENUINE !

PREPARED ONLY BY C. JACOBS.

SHERBROOKE FOUNDRY,

SAMUEL TUCK, PROPRIETOR.

THE UNDERSIGNED HAS NOW ON HAND AND CONSTANTLY MANUFACTURING

Three Sizes of Circular & Oblong Sugar Boilers.

As a guarantee of the superiority of these BOILERS over all others manufactured in Canada, please refer to—Oliver Biddgett, Eaton; Wm. Thomas, Newport; Jonathan Converse, Barnston; J. C. Tuck, Georgeville; Wm. P. Libby, Compton; John Porter, Danville; Messrs. J. & S. B. Humphrey, Barnston; Calvin Abbott, Magog; David Smith, Dudswell; Wm. Lothrop, Dudswell; Charles Bachelder, Compton.

These Boilers have been in use since 1860, and have given perfect satisfaction to all who have used them. No. 1 (Circular) contains Sixty-seven gallons; No. 2 (Circular) contains Fifty-one gallons; No. 3 (Oblong) contains Fifty-four gallons. No. 1 will boil for 600 trees in twelve hours, and the others in proportion.

These Boilers will be sold at the low Prices of \$18, \$14 and \$12.

QUEBEC, C. E.

Associated, as Quebec is with so many scenes of military glory and success, as well as defeat, it must at all times possess a peculiar interest to every one. On its fields, and around its battlements, some of the bravest of the sons of Great Britain and Ireland, America and France, have fallen; and around its citadel, some of the most daring exploits have taken place.

Standing on a bold and precipitous promontory, Quebec has not inappropriately been called the "Gibraltar of America," with which the names of the brave Wolfe, Montcalm, and Montgomery must ever remain connected. The citadel stands on what is called Cape Diamond, 350 feet above the level of the sea, and includes about forty acres of ground. The view from off the citadel is of the most picturesque and grand character. There will be seen the majestic St. Lawrence, winding its course for about forty miles, whilst the background of the panoramic scene is filled up by extensive plains extending to lofty mountains in the distance, with Point Levi opposite, and the island of Orleans in the distance; whilst the junction of the River St. Charles and the Great River, form that magnificent sheet of water where numerous vessels are to be seen, riding at anchor, during the summer season.

A walk around the ramparts of the citadel will well repay the stranger, by a magnificent change of scene at every turn he takes. Quebec bears all the resemblance of a strongly fortified and ancient city; and, in that respect, is so very different from the newly sprung-up cities westward. The streets are generally narrow, and, in some parts, very steep, in walking from Lower Town to Upper Town, more particularly. Lower Town is where all the shipping business of the port is carried on—chiefly lumber in export, and every description of goods in import.

At Quebec the greater portion of the immense lumber districts of the Ottawa finds a market: vessels coming to Quebec in ballast and cargo, return with the logs, staves, and deals of the up-country.

The population of Quebec is largely infused with French Canadians; and, in passing along its streets, nothing almost but the French language is heard.

Distance from Montreal 169 miles, from Kingston, 341 miles, from Toronto 502 miles, from Detroit 734 miles, from New York 556 miles, from Boston 423 miles, from Portland 317 miles, from Saguenay (below) 180 miles, from Gaspé (in the Gulph) 496 miles. Population 60,000.

THE QUEBEC GAZETTE,

A TRI-WEEKLY LITERARY, POLITICAL AND ADVERTISING JOURNAL.

The "GAZETTE" is the oldest newspaper in Canada, its publication having commenced in June, 1864, five years after the capture of Quebec, and uninterruptedly continued up to the present date, a period of NINETEEN YEARS, Looking to the number of journals that have lived and died during that period, the lengthened existence of the "GAZETTE" speaks volumes in its favour, and recommends it to the consideration of the public. As a Literary and Family Newspaper, the "GAZETTE" enjoys a great degree of popularity. In Politics, thoroughly independent of party, it can praise or censure, without fear or favour. As a Commercial paper, it contains the latest and most authentic commercial news, prices current, of every description of marketable money securities. As an Advertising medium, its large family circulation renders it one of the most eligible for articles of family consumption, wear or interest.

NEW ERA IN MEDICAL SCIENCE.

SIMPLE CURE FOR DISEASE.

Mild Streaming Electricity is Curing Thousands!

ALL THE SAVAGE, SHOCKING MACHINES SUPERSEDED BY

PALMER'S

IMPROVED PATENT

VOLTAIC POCKET BATTERY!

All the Hospitals use them.
 All the Doctors use them. Any person can use them.
 It can be worn on the body at any time.
 No unpleasant sensations—no shocks of any kind—
 no trouble.
 It may be placed in the waistcoat pocket,
 A child can wear it.—It will last for years.
 Any one can understand the directions.
 Have you Rheumatism? Try the Battery 10 minutes.
 Have you Gout? Try the Battery ten minutes.
 Have you stiff or swelled joints? Try the Battery
 for quick and permanent relief.
 Have you general or local debility? Try the Battery
 —half an hour will test its value.
 Have you Dyspepsia—Indigestion? Try the Battery
 —gives tone and strength to the stomach at once.
 Have you weak Lungs—Consumption? Try the
 Battery before you lose time with medicine.

Do you want proof of these statements? Call upon H. PALMER, M.E., who lives right amongst you,
 on FULLERTON STREET, near the English Church, London, C. W.

STOVES, PLOUGHS, &c.

GREAT REVOLUTION IN THE
FOUNDRY BUSINESS

AT THE

BRANTFORD DEPOT FOUNDRY

Thirty yards West of Brantford Railroad Round House, which can
 be seen from any point on entering the Town.

In again presenting the Public with our revised Price List for the season, we would tender them our thanks for the unparalleled patronage we have received, which has induced us to so enlarge and increase our facilities for manufacture that it will enable us to meet the increased demand, and to make a first class article at our stated prices; and as we believe the Foundry interests require no special protection, we have absolutely refused to join in any combination for the purpose of raising prices to their original standard.

We request a careful perusal of the hereinafter mentioned prices, assuring the public that our articles will be made of first class material, and finished in the best style.

STOVES.

AMERICAN CHIEF—9 inch Furniture.—We call particular attention to this new and beautiful pattern. It has an extra-large elevated oven, and so arranged as to turn out the fire from the front, thus making it a summer as well a winter Stove. The Castings are extra heavy. It has been well tried and found superior to most Stoves now in the Market. It has four holes in body of Stoves, takes 26 inch wood, and has a large fire box. We can confidently recommend it to any person wanting a first-class Stove. Our price, complete will be \$16.

IMPROVED CHAMPION—9 inch furniture—elevated oven, is an entire new pattern has been thoroughly tried, and found to be far superior to any old pattern of the same style. The fire can be turned entirely from the oven when not wanted for baking. It takes 32 inch wood, has a large fire box, the castings are extra heavy; and it is in all respects adapted to the use of farmers. It has five holes in body of Stove. Our price \$16. Usual price \$40.

KING OF STOVES, No. 9, is an elevated oven Stove; it takes 34 inches of Wood; five holes in body of Stove. Price \$14. Usual price \$36.

THE FOREST KING, No. 9, is similar to the King of Stoves, only said to be of better draft, and being extensively known, is a great favorite. Price \$14. Usual price \$36.

EMPEROR STOVE, No. 9—This Stove has an elevated oven, with four holes on the body of the Stove. We have made it extensively for the past four years, and the demand constantly increasing, will warrant us in placing it among the best. Price \$12. Usual price \$30.

PREMIUM STOVE—This is a cheap Stove, and works well. Price \$9. Usual price \$18.

THE VICTOR is a low oven Stove, flat on the top, with 4 holes. It is the most beautiful design for a cooking stove in use, and its qualities as a good cooker cannot be surpassed. A given amount of fuel will do more cooking on this stove than on any other.

No. 8, with extension fire box, takes 24 inches wood. Price \$13, usual price \$30.

No. 9, " " " " 27 " " " 15, " 36.

No. 10, " " " " 26 " " " 17, " 40.

No. 10, with large Copper Reservoir on the top, with tin oven, for keeping things warm, or warming plates, furnished. Price \$35. Usual price \$65. Suitable for large families, saloons or hotels.

PATRIOT PARLOR COOK, a very handsome Parlor Stove, with oven and two boilers holes on top. Price \$8. Usual price \$15.

All the Tin Furniture belonging to the Cook Stoves will be securely packed and wired in the boiler. The following is a list of Furniture that accompanies each stove:—1 Copper-bottomed Boiler, 1 Copper-bottomed Tea Kettle, 1 Steamer, 1 Coffee Pot, 1 Dust Pan, 1 Dipper, 1 Bread Pan, 1 Joint Pipe, 1 Skimmer, 2 Pie Pans, 2 Pudding Pans, 2 Pots, 1 Spider, 1 Griddle.

LARGE SIZED REGULATOR, \$8. Usual price \$18. A neat & efficient Parlor Stove.

A TABLE of PREMIUMS has been lately framed, so as to REDUCE the COST of LIFE ASSURANCE to the lowest point. It will be observed the Rates payable for the first seven years are not much more than HALF the usual charge, while, for the remainder of life, they are still moderate.

To assure £100 stg., or \$486 67, payable at death, with Profits after first seven years:

AGE.	FIRST SEVEN YEARS.	REMAINDER OF LIFE.	AGE.	FIRST SEVEN YEARS.	REMAINDER OF LIFE.
20	\$5 27	\$11 09	40	\$8 83	\$20 20
25	6 02	12 65	45	9 98	24 60
30	6 81	14 58	50	11 76	31 00
35	7 74	17 00			

Unconditional Policies are granted to persons settled in the country, on which no extra premiums can be levied, rendering these Policies valuable securities for Debts or Marriage Settlements.

A BONUS DECLARED EVERY FIVE YEARS.

Former Divisions in 1854 and 1859, when £2 and £1 10s. per cent. per annum were declared. Next division, 1864.

AGENCIES IN EVERY PART OF THE WORLD,

P R E F A C E .

In tendering to the citizens on the line of the GRAND TRUNK RAILWAY, her Branches and Connections, the first edition of the "GRAND TRUNK DIRECTORY, GAZETTEER and CLASSIFIED BUSINESS DIRECTORY," the publishers desire to present their thanks to all who have kindly aided them in their undertaking, and cheerfully to acknowledge their indebtedness to the liberality of their patrons for the "material aid" necessary for the successful prosecution of the enterprise.

The value of a work of this kind depends chiefly on the "rapidity" with which its details are collected and presented to the public; and being fully advised of the intricate character of the enterprise, "the Business Man" anticipates only that degree of perfection which the nature of the case admits: in short, he will be quite surprised if the Millennial Day of "Perfect" Directories precedes the establishment of a Southern Confederacy.

This work will be published biennially. The second edition will be published near the close of 1863, and will embody the details of all matters of interest; the experience of the past will be incorporated in the future, and no effort will be spared by the publishers to constitute the next issue a still more valuable Index of Reference.

All kinds of Fire Insurance transacted at the lowest remunerative rates. All losses paid as soon as proved, without reference to the Home Office. The premiums received in Canada are retained and invested by the Canada Directors, who have in fact the ENTIRE CONTROL of the Canadian Business, thereby affording the facilities of a Provincial Company with the security of an old established Home Office. All transactions conducted in a liberal and equitable manner. Agencies established throughout the Province.
