**ARE PRICES FIXED ON LOCAL MARKET?**

Definite charges have been made in Hamilton that market prices are fixed by the producers, and for a long time there has been a growing suspicion that the same thing prevails on the Brantford market. It is known by many market attendants here that it is difficult to make purchases at an early hour, owing to the general tendency to hold out for what is to be the fixed price for certain commodities. It is also said that prices are fixed by telephone the night before market, this being one of the results of the extension of rural phones.

In Hamilton Controller Bird charges that a combine exists among the farmers who do business on the Central Market. He says when he went to the market early and asked the price of some articles the farmer replied: "The man who fixes the prices has not been around yet." The farmers demand as much as their produce brings at the retail stores. The Controller also says that he has discovered instances where boxes of berries have been sold in which an apple was placed in the bottom and covered with berries. He also says that a woman bought a pound of butter in which a turnip was embedded.

**BRANTFORD WILL BE REPRESENTED**

At the Hamilton Centennial—Many Locals to Make Trip.

The city of Hamilton will be in gala attire next week when the big centennial celebration and old home week will be held. The Hamilton gladiators from all parts of the continent will be back for the week's retention, and it promises to be far greater than the celebration held in the Ambitious City ten years ago. Judging by the advance program there will not be a dull moment during the entire week and the fun will start with the arrival of the Detroit old boys, accompanied by a band next Sunday. Bands from all parts will be there and there promises to be music on nearly every corner during all hours of the day and night.

Brantford will, no doubt, be well represented during the week by Hamilton old boys and girls, of whom there are a goodly number in this city. Rev. Dean Brady considers himself in this class, having lived 23 years in the Ambitious City, and the other local press, Rev. Fathers Cloherty and Golden, were natives of the great metropolis.

**Ten Women Start Work**

They Are Now Full Fledged Cops in City of Chicago.

CHICAGO, Aug. 5.—Chicago's ten policewomen, clad in modest blue cloth-made suit and wearing silver bars and hats with blue bands, were sworn in today. They will be mostly to look out for women and children.

The details of their duties, apparatus and powers have been worked out by a committee of women social workers and the chief of police. The chief considered assigning the police to stations in the red light district, but it was decided that they would be of greater service in the shops and other places of recreation. The policewomen will visit the dance halls, excursion boats, beaches and railroad stations, and endeavor to keep young folks off the streets late at night. They will obtain information rather than make arrests, although on occasions they may be called on to arrest some one.

**FREAK DANCING IS SHOCK TO MINISTERS**

Issue Letter to Parents Calling on Them to Prohibit Children Doing Them

SHAMOKIN, Pa., Aug. 5.—The Rev. W. T. Lake and Rev. Thomas Hall addressed an open letter to local residents calling on them to restrain their children from engaging in freak dances at a suburban park. The ministers visited the dance pavilion and witnessed such dances, and were so shocked they at once wrote to the park management asking to put a stop to the freak dancing which continues up to date.

Some people manage to make a little truth go a long way by stretching it.

**BLUE MOUNTAIN HOTEL BURNT DOWN**

Fashionable Summer Resort Was a Prey to Flames To-day.

GUESTS CLOSE CALL  
Jewelry Amounting to Thousands Lost in Fire by Guests.

PHILADELPHIA, Pa., Aug. 5.—The Blue Mountain House at Penmar, on the Pennsylvania-Maryland line, was destroyed by fire to-day. Two guests, B. F. Metzgar and Malcolm Frank of Norfolk, Va., were badly burned in attempting to escape. The fire broke out at 5 a.m. in the kitchen and quickly spread to adjoining rooms and halls, thence to the elevator shaft and floors above. The 175 guests were driven to the lawns in scanty attire, few being able to save their belongings. The hotel was built about twenty-five years ago, and in its day was one of the best known mountain resort houses in the country. The loss is about \$200,000.

BALTIMORE, Md., Aug. 5.—About half of the guests at the burned Blue Mountain House were Baltimoreans. A score of these clad in garments of all descriptions returned to the city on a morning train. So swift was the progress of the flames that none of the guests were able to save any of their jewels or clothing.

It is estimated that more than \$100,000 worth of jewelry was lost. Mrs. B. Lohr of Futaw Place, gave a hasty description of the first stages of the fire.

"It was awful," she said, "I saw babies thrown out of the windows. We were aroused from our sleep by the sharp report of a pistol, and saw one trying to run for our lives as the hotel was on fire. We did not wait but grabbed up the first piece of clothing that came to hand and ran from the building."

As the women left the train at the station here, they presented a horrid appearance. Wrappers, kimonos and such formed the wearing apparel of most of them.

**GLASSY STARE BEST WEAPON**

Chicago Policewomen Say Hatspins or Clubs Are Not Needed.

CHICAGO, Aug. 5.—Hatspins, clubs, or whistles—like the Boston Women use—are not necessary to squelch masher's—a look will do it.

This was the opinion expressed yesterday by policemen at two Chicago beaches. One substantial, wide-eyed look, with a touch of scorn in it, will send the boldest flirt about his business, they say.

"All you have to do when a man speaks to you insultingly is to look at him, he turns and runs," said Officer Mary Boyd. "I sometimes carry a little bit, but it is for dogs; men are scared to death of me."

"Look a man over from hat to shoes and from shoes to hat and he will vanish," is the advice of Police Woman Emma Neukon. "I've been all over the world and I never needed any weapons but my eyes. There are other methods, too. I sometimes start talking French or Greek to mashers and they always run away. But a look's the best."

About one man in ten thousand comes halfway up to the expectations his fond mother had of him when he was a boy.

**EIGHT INJURED AT LONDON**

[Canadian Press Dispatch] LONDON, Ont., Aug. 5.—Eight firemen of the London fire department were more or less seriously injured at 3 o'clock this morning when No. 2 automobile truck was rammed by a locomotive at the Williams street crossing of the Grand Trunk Railroad while speeding to a fire. The men heeled a second's warning. The engine carried the truck along the track for 60 feet, when it was overturned, the men being buried beneath the heavy wheels. The crew were taken out, Fireman Percy Summers was found so seriously injured that he was taken to the hospital. The truck was badly bruised, but are on duty this morning. The truck, which was a new one and valued at \$7500, was completely destroyed. There was no insurance on it.

**BERMUDA SQUADRON WILL BE INCREASED**

Plans of the British Admiralty Are Announced Will Remedy a Mistake.

LONDON, Aug. 5.—The Washington report of British intention to establish a great naval base in Bermuda is regarded here as a gross exaggeration and misconception of the Admiralty's plans relative to the naval utilization of the island. It is admitted that the Admiralty is taking measures to increase the British squadron in those waters and develop a station, but it is declared that this is merely to remedy the mistake made under Admiral Fisher's regime.

An Old Possession. Bermuda, it is argued, has been a British possession since 1609, long before the Monroe doctrine existed, and became a regular coaling station in 1869, and was made the headquarters of the North America West Indies squadron years ago. Under Fisher's naval redistribution scheme owing to naval pressure in Europe the number of ships headquartered in Bermuda was reduced.

The question was considered and dealt with on these grounds without any reference to the question of Panama tolls.

The British government has done nothing to discourage participation in the exhibition by the self-governing British dominions.

John O'Connor, a Nationalist member questioned the estimate made by the government as to the expenditure and pointed out that Great Britain's expenditure at Chicago had amounted to only \$300,000 while at the Japanese, the German and the French expositions it had attained only \$500,000.

Sir Edward Grey pleaded that the conditions were not the same at San Francisco and that the government's estimate had been reached by inquiries made on the spot.

Alphabus Cleophas Morton, a Scotch member, suggested that in view of the government's inclination to help the exhibition private individuals or the city of London might take the matter up as was the case at the French exhibition of 1889.

Sir Edward Grey in reply stated that as far as the government was concerned the matter had been very carefully investigated by the board of trade, but the government would not think of doing anything to discourage participation in the exposition by private individuals. He would, he said, communicate with the board of trade to see if it was ready to assist exhibitors desiring to participate.

Two Were Killed. RADDISON, Sask., Aug. 5.—Miss Meade of Winnipeg and her brother, were thrown from a rig and almost instantly killed here driving from the station to Mr. Meade's about three miles distant. The team bolted. Miss Meade was to have been married soon.

**New Bagdad Railway Crosses the Euphrates River.**

The bridge is about a mile long, and is to be replaced by a permanent masonry and steel bridge to cost \$8,000,000 and requiring three years to complete. Some fear and set as to whether the present temporary one will stand securely in the heavy Euphrates floods. In the distance is seen a huge mound, where British excavations have done important work.

**SIR EDWARD GREY IS, AS USUAL, EXPLICIT**

Reasons Why Britain Will Not Take Part at Exposition.

COST OVER MILLION  
Commercial Results Would Not Justify Such an Expenditure Says Grey

LONDON, England, Aug. 5.—The British non-participation in the Panama-Pacific Exposition at San Francisco in 1915 gave rise to a debate in the House of Commons this afternoon. Some criticism was expressed of official action in this connection and the suggestion was offered that private enterprise might supply the impetuous necessity to secure adequate British representation which the government declined to furnish.

Sir Edward Grey, Secretary of State for Foreign Affairs in a lengthy statement explaining the official attitude of the British Government in the matter stoutly maintained that the action of the British Government had not to participate had nothing to do with the controversy of the canal tolls.

Sir Edward Grey said: "The British government came to the conclusion that under present circumstances it would not be justified in asking the House of Commons to incur the heavy expenditure required for participation in the exhibition. This expenditure was estimated at least \$1,250,000, and that such a sum would be quite out of proportion with any commercial advantages likely to result from it."

"Inquiries in commercial centres of the United Kingdom had not shown that there was any active desire to participate."

"The conditions for participants laid down by the exhibition authorities prescribe that exhibits shall be distributed among a series of international pavilions, thereby rendering it impossible to secure an effective national display."

"The question was considered and dealt with on these grounds without any reference to the question of Panama tolls."

"The British government has done nothing to discourage participation in the exhibition by the self-governing British dominions."

John O'Connor, a Nationalist member questioned the estimate made by the government as to the expenditure and pointed out that Great Britain's expenditure at Chicago had amounted to only \$300,000 while at the Japanese, the German and the French expositions it had attained only \$500,000.

He would, he said, communicate with the board of trade to see if it was ready to assist exhibitors desiring to participate.

**STREET RAILWAY OWES CITY A SUM OF \$27,877**

"That the situation in regard to the Brantford Street Railway is much more serious than appears to the ordinary citizen," was the statement to-day of several civic officials around the city hall. "They say the money market is tight and there must be a curtailment of public work which is being demanded in all parts of the city. This may be true, but the situation in Brantford would be considerably ameliorated if the Street Railway paid what it owed to the civic treasury."

The Street Railway, despite the fact that Ald. J. H. Spence, chairman of the finance committee; City Treasurer Bunnell and others, recently squeezed \$5000 out of the railway, to-day owes the sum of \$27,877.77. This includes \$22,857.03 arrears in taxes and payment for pavement charges, and \$5020.94, the company's share for the building of Victoria Bridge. Other companies which contributed have long since paid up. Court action has been commenced against the company to recover, a second action having been instituted recently to recover this year's taxes. (Continued on Page 3)

**LOOK OUT FOR THIS STRANGER**

Beware of the slick stranger with a money order to be cashed. Recently a large number of Dominion express orders were stolen in Toronto, and they have already been distributed with skill and dexterity. The orders have reached Hamilton, where several have turned up, the company raising to honor the same. The management of the Lyons Tailoring Company cashed an order for \$50. Of course the paper is a forgery, and the company demands identification before making payment. Office clerks have been advised of the numbers of the stolen orders, and are watching out for them closely.

**CANADIANS WILL GO TO BRITAIN**

A Brigade to Attend British Army Manoeuvres—Plan is Urged.

OTTAWA, Aug. 5.—That Canada should send over to England in 1914 a Canadian brigade to the divisional and army manoeuvres, is the proposition being urged from all parts of the Dominion upon Colonel Sam Hughes, minister of militia and defense. The brigade would be under command of the militia minister himself. A staff of distinguished Canadian officers is also part of the plan urged.

The scheme suggests that this brigade should consist of four battalions of infantry and a composite corps of cavalry, artillery, army service corps, etc. The brigade would then be made up as follows:

(1) One battalion of Highlanders composed of representatives of the different Highland regiments from all parts of the Dominion.

(2) One battalion of Fusiliers and Guards, chosen from the different Fusiliers and Guards regiments of the Dominion. This battalion would be known as the "Bearskin Battalion."

(3) One battalion composed of the representatives from the different rifle regiments of the Dominion.

(4) One battalion composed of representatives of the other infantry regiments to be known as the "Scarlet Regiment."

**WEARS OLD HAT UNTIL NAMED POSTMASTER**

Man Vowed He Would Wear Old One Until He Got Job.

MILTON, Del., Aug. 5.—John J. Mustard has purchased a new hat and incidentally has taken charge of the post office. His assumption of office and purchase of a new hat are coincident because of a vow made last year which he has faithfully kept. Mustard was active in the last political campaign, and was several times twitted by his friends about an old derby hat which he wore. The hat kept up until Mustard announced that he expected to wear that hat until Woodrow Wilson was elected president and he was appointed postmaster of Milton.

**THEY KNOW HOW IN DETROIT CITY**

Detroit Street Railway to be Seized for Back Taxes by City.

DETROIT, Mich., Aug. 5.—Mayor Marx last night announced that he will ask the city council to-night to instruct City Treasurer Koch immediately to seize sufficient Detroit United Railway property—power houses, cars, etc.—to satisfy the city's claim against the company for \$439,734 back taxes, and an additional \$10,685 due the city for the privilege of operating freight cars on Detroit streets.

The company has paid no taxes except on the so-called Pingree three cent lines since 1909. No taxes have been paid on lines where franchises have expired, the company contending the \$300 daily rental which it pays for the privilege of operating over these lines was in lieu of taxes.

The determination to follow Mayor Marx's three cent fare resolution by an attack on the company because of delinquent tax, follows the announcement by the company that it will stop its service rather than operate at a lower rate of fare.

**SLAP ON HIS BACK BREAKS MAN'S NECK**

Watchman Dying After Friend Gives Him too Vigorous a Crack on Spine.

CHESTER, Pa., Aug. 5.—Urial Washburn, the watchman of the Keystone type foundry here, is in the Chester hospital with his life despaired of, because James Wilson slapped him on the back and broke his neck. Once before Washburn had his neck broken but it was put together with silver wire.

When Wilson slapped him on the back, Washburn fell to the ground unconscious. After he was taken to the hospital, it was found that his neck had been broken at some previous time.

**Judge's Communication Filed**  
The communication of Judge Hardy, in which he complained bitterly against the action of the Township Council in granting the Lake Erie and Northern Railway the right to construct a level crossing on the road in front of his farm, being preferred to a subway by the Township fathers, was filed. The end of the melodrama was a trip to the Queen street refuge.

**Magistrate Livingston** was greeted with a full house this morning. Quite a discussion was entered on over the Turner case as to who should be responsible for helpless people who are not residents of any town or township.

Mary Joseph, a foreigner, had some trouble with her landlord. She wished to stay in the house, but Charles Howard, the landlord wanted her to get out. The case was dismissed. Howard paid back some rent that was paid in advance.

The desertion case of Thomas Turner again came up. Turner is the old man who was left at the city limits in a helpless condition. Mr. Roberts who had looked after Turner for a few years back tried to get him into the local poor house, but was unable to do so. Turner was left in the city in order to make the civic authorities look after him. A man named Smith was employed by Roberts to bring Turner to the city and leave him here. Mayor Hartman spoke strongly against the city taking charge of the poor and helpless of other communities.

**A Picnic**

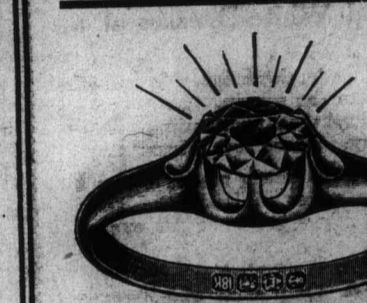

**Enjoyable Affair Held by the Girl's Friendly Society.**

The St. Paul's branch of the Girl's Friendly Society, Holmedale, held their first annual picnic on Saturday afternoon last, via radial, to Burlington Beach, Ont. A goodly number of the girls, accompanied by their friends, took this opportunity of visiting the Ambitious City and the Beach, and, needless to say, everybody enjoyed themselves. The G.F.S. are "never backward in going forward." At the Beach a very dainty repast was served by the girls, after which all were asked to "smile and show the dimples in their cheeks," while the "Friendly" artists snapped their "physiognomy." Not even here, during this most trying

ordeal; did the girls falter, but showed themselves "Friends" and possessors of the smile "that won't come off." Many of the G.F.S. took occasion while at the Beach to visit "Holiday House," one of the many homes of rest under the auspices of the Girl's Friendly. It is at this "Holiday House" that the G.F.S. of St. Paul's Church are looking forward to spending a pleasant vacation next summer. The G.F.S. and their friends returned to the city in the evening quite pleased with their trolley ride. The girls were pleased to have with them as a visitor Miss Elsie Geddes, St. Thomas, Ont., who is an ardent worker among girls in St. John's Church of that city. Those who had the picnic in hand deserve great credit for the success which it attained.

It will cost the Whitney Government the sum of \$2800 for lighting the O.I.B. buildings and grounds for the month of July. The city clerk has mailed the account to Principal Gardner.

**Loving Tribute**  
In Memory of  
**The Late Alfred Watts**

At the funeral service yesterday afternoon in Grace Church, the remains of the late Mr. Alfred Watts rested for the last time in the sanctuary which he loved so well, and did so very much to uphold. The large attendance of so many of all shades of politics and of social life formed a striking tribute to the fact that although lately he had not been in active life, his long and honorable career had not been forgotten.

Ven. Archdeacon Mackenzie made a most touching and heartfelt address.

He first of all dwelt upon the fact that the departed was a man of whom it could be rightly said that one of his chief delights was to serve his fellow citizens. Intelligently, ably and honestly he had fulfilled many positions of public trust and responsibility. Councillor and Reeve of the town in the early days, he had to leave civic life when he took over from the City of the Grand River level. He had also been very active in many other walks, such as railway promotion and so on—activities which required at the time much foresight, personal risk and staunch faith in the future of this good community.

As a merchant and manufacturer, he was one of the foremost of the men who had helped to make Brantford deservedly famous in the eyes of the Dominion.

As a large employer of labor, whether by hand or brain, he was always just, considerate and kindly. He never asked anyone to put his hand to a job that he was not ready to do himself. In fact he was more willing to be a fellow workman than a boss, even to a fault if such a term could be used with reference to his practice of a broad humanity. All work to him was honorable.

He possessed strong convictions on most questions and he had the courage of his convictions to a marked extent. He was too outspoken to even be a popular politician for the sake of the latter as such were unknown to him. He possessed a far stronger consideration for what he deemed to be right than he did for party demands as such. The Rev. gentleman said that in speaking of the deceased, he was reminded of Simon, of whom it was recorded, "And behold there was a man, Jerusalem whose name was Simon and the same man was just and devout, waiting for the consolation of Israel." To him it was revealed that he should not see death until he had seen the Lords Christ. He reached advanced years and was guided to the temple when the parents brought in the child Jesus and with questioning faith he took him in his arms and exclaimed "Lord now lettest thou thy servant depart in peace, according to thy word." In like manner Mr. Watts was inspired with undoubting faith, just to men and devout to his God. His was a beautifully rounded character and by falling asleep there had been removed from this earthly sphere a righteous man and a right doing one.

**He Recovered.**  
Woodstock Sentinel-Review: On Saturday there was considerable excitement caused on Finkle street, when a man named Williamson fell on the sidewalk apparently dead. It was thought that he had dropped dead from heart failure, but a physician was summoned and after half an hour's work he was brought to, and was able to be taken to the hospital in the ambulance. It was discovered that the man had been drinking quite heavily for the past three weeks. He left the hospital Sunday night for Brantford, whence he says he came. In his pocket was a summons to appear as a witness in Brantford Police Court, the name on it being Robert McMillan, but Williamson said he knew nothing about the paper or how it got in his pockets.

**HALL FAMILY HOLDS PICNIC**

It was not a case of "the Campbell's (are) Coming" but the Hall gathering, on Saturday, when motor, trolley, radial and steam cars converged toward Mohawk Park, and contributed to a varied assemblage of Halls, from various quarters of the globe.

While not a prearranged reunion, a notable feature of the frolic was the fact that the party numbered representatives from almost as many different places as there were picnickers in the crowd, for among the participants were: Ex-Alderman Robert and Mrs. Hall, and Mr. and Mrs. Thomas, Brantford; Mr. Fred Hall,

the clever junior member of Rothwell and Hall Hamilton; Mrs. Fred Hall and Miss Dorothy Hamilton; Miss Daisy Hall, Toronto; Miss Thomas; Buffalo; Mrs. Smith and Miss Irene, Winnipeg; Miss Martha E. Hall, Dauphin, Man.; and Mrs. John A. Hall, Spruce Creek, Man.

Though entirely impromptu, a most pleasant hour was spent around a much laden festive board, which usually figures prominently upon such occasions, and the company broke up, feeling that Brantford in general, and Mohawk Park, in particular, was not a bad place.

CIVIC HOLIDAY HAS NO CHARMS FOR THE RED SOX

Beaten by Ottawa in a Double Bill--Lost the Morning Game 8-3--Lill, After Getting Away at a Bad Start in The Afternoon Combat, Piched Brilliant Ball, Having Thirteen Strike-outs, But Lost His Game 9-2.

OTTAWA, Aug. 5.—The Brantford Red Sox ran up against another snag today when they met the Ottawas in morning and afternoon games. Lill was again the hero yesterday. Ottawa beat Brantford 8-3 in the forenoon by a score of 9 to 2. Gero and Clemont were hit hard in the morning, while Donovan was good in the afternoon. Lill pitched a snappy ball, having three double plays. Bullock started with the bat, making four hits, a perfect percentage. In the afternoon Joe Lill, the former Ottawa twirler, who has been loaned to Brantford, faced Renier. Lill was nervous at first, and commenced handing out base balls, with the result that Ottawa soon secured a safe lead. Afterwards he steadied down and did brilliant work. He struck out thirteen. Manager Shaughnessy did not get a hit. Lill walked him three times, and then lamed him control when it was too late. Neither Lamond or Coose could hold the speedy boy from Fort Wayne, and in addition the Brantford infield played poorly. Ottawa ran wild on the bases. In one inning Lill fanned Rogers, Shaughnessy and Dolan the crowd giving him a rousing ovation. Renier held the visitors to three hits, it being his sixteenth straight victory. He was in superb form. Powell and Shaughnessy got into an argument, which Umpire Davis suppressed by threatening to bench both players. "Slag" claimed that Powell had used unnecessary roughness on Smykal at first base, while Powell retorted that Smykal had tried to spit him. Scores: Morning Game. BRANTFORD. R. H. O. A. LONDON WON TWO FROM HAMILTON

Guelph Also Took Two--Berlin and Peterboro Split Even.

LONDON, Aug. 5.—Hamilton assisted in London's celebration of Civic Holiday yesterday by dropping a pair to the Tecumsehs. The morning score was 12 to 6, while in the afternoon the tally was 13 to 7. Eighteen hundred fans were satisfied with the first demonstration and 3,700 cheered the Indians on in the second. Heck allowed the Hamiltonians 12 hits, but the London crew slammed out sixteen and were assisted in the tally making by five Koltzes. Doherty and Schuyler were used against London in the afternoon but Beebe was better than both of them. He was touched up eight times, but the locals again had on their hitting clothes, and slammed out 14. Scores: Morning game—Hamilton 10, London 12. Afternoon game—Hamilton 13, London 7.

DIVIDED HOLIDAY GAMES

Berlin Took the morning and Peterboro the Afternoon Fixture. BERLIN, Aug. 5.—Peterboro and Berlin divided a double meeting yesterday, the locals capturing the morning game by 4 to 1, and the White Caps took the afternoon fixture by six to nothing. Berlin scored the four counters in the first inning by getting to Greenwell for a triple homer and three singles. After that Greenwell pitched good ball. Bramble for the locals held the visitors hitless up to the seventh, and after that they got but four. Tracey, for the White Caps repeated Bramble's performance in the afternoon and had no trouble in registering a shut out. Pitcher Schaeffer's offerings were easy for the Pates, they gathering in an even dozen. Two passes in the sixth and a scratch hit by Trout were followed by Swartz's three base clout. Brant's one-hand stab of both of them and the latter's fielding were the features of the day. Scores: Morning game—Berlin 4, Peterboro 1. Afternoon game—Berlin 12, Peterboro 0.

QUELPH BEAT ST. THOMAS

The Leafs Took the Second Game After Thirteen Innings. QUELPH, Aug. 5.—The Guelph Maple Leafs took both games from St. Thomas team yesterday and they moved into third place. The morning game was easy victory, the score being 8 to 3. It was a pitchers' battle between Howick and Fitzpatrick, the latter being slightly the better. After tying up the score in the eighth inning, the Saints scored what looked like the winning run in the thirteenth, but Dorbeck was sent

LEAFS DROP TWO TO THE SKEETERS

Visitors Won the Morning Game in Fourteenth Inning.

TORONTO, Aug. 5.—Larry Schaffly's aggregation certainly had their revenge yesterday for Saturday's double defeat by the Leafs by taking both of the holiday fixtures, the scores being 2 to 1 and 7 to 2. In the first game they did not have an easy time. Johnny Lush pitched the game of this life, and it was not his fault that the Leafs lost. Just one little error did the damage, and that only occurred after fourteen innings jammed full of everything that makes a good ball game had been played. Scores: First game—Toronto 2, Leafs 1. Second game—Toronto 7, Leafs 2.

BALTIMORE BEAT BUFFALO

Gowdy's Poor Work Helped the Orioles to a 3 to 1 Victory.

BUFFALO, Aug. 5.—The Bisons presented the Orioles with yesterday's game on a silver platter by the score of 3 to 1. Poor work by Catcher Gowdy giving the Birds two runs, while home-headed base running threw away two that should have been registered by the Herd. Beebe pitched good ball, as did Roth, but the former's work was thrown away by his team mates. Scores: Baltimore 3, Buffalo 1.

MONTREAL WON.

The Royals Took the Game in the Morning by 7 to 6.

MONTREAL, Aug. 5.—Montreal played game yesterday. Montreal fielded poorly in the earlier stages and gave the Grays four runs. Then Providence opened the gates and let the Royals even up in the ninth and win out in the eleventh. Gilhooly's all-round work was the feature. He scored the tying run in the ninth and the winner in the eleventh when Demmitt singled with two out. Scores: Montreal 7, Providence 6.

BROOKLYN BEATS CHICAGO

Cutshaw Made Two Home Runs, Scoring Four Runs.

CHICAGO, Aug. 5.—Cutshaw, home-run artist and terrible swatter when he is swatting, became affected with home-runnitis yesterday, and slipped two four sackets to the club house. The first came in the first with none on. The next came in the seventh after Fisher and Scheer had been passed, and three Dodgers came home. In the third session the Dodger's added to Cutshaw's home-run by nailing two more to the score and in the eighth three wallops, one by Daubert, Fisher and Miller made another score. Scores: Brooklyn 10, Chicago 7.

CHICAGO WON OPENER.

White Sox Hit Engel Hard in First and Fourth Innings. WASHINGTON, Aug. 5.—Chicago won the opening game of the series against the Nationals here yesterday by 5 to 3 by hitting Engel hard in the first and fourth innings. Hughes who relieved the youngster, did not allow a safe blow. After Washington had reached Russell for a couple of runs a violent thunderstorm halted the game for half an hour, and when the teams resumed play Cicote was on the mound for the White Sox, and although touched up freely managed to keep them well scattered. Scores: Chicago 5, Washington 3.

BOMBARDIER WELLS WON.

LONDON, Aug. 4.—Bombardier Wells the English heavyweight fighter, knocked out Pat O'Keefe in the 15th round of a bout held in the Blackfriars district last night.

Soft Ball

Beavers 15, G. S. and M. 2. The Beavers defeated the Windmill Softballers in an uninteresting game at Recreation Park last night, knocking McQuinn's slants to all corners. Appel relieved McQuinn in the third and was also hit hard; both pitchers received poor support. Symonds for the Beavers was in fine form, striking out 7 of the G. S. and M. team. The score by innings: Beavers 15, G. S. and M. 2. Batteries—G. S. & M.—McQuinn, Appel and Smith. Beavers—Symons and Sears. Umpires—W. Kent, B. Wright and Tim Hogan. Score—Wm. Bell.

Soft Ball Notes.

Beavers or Ham and Nott for the championship of the first series. The game will likely be played next week and it should be worth while. A picked team of the City League will play the Night Owls of Hamilton at Agricultural Park on Wednesday afternoon. A good game should be in order. The civil service soft ballers clash with the Expositor staff to-night at Recreation Park and the Bordentines are out after their scalp this time.

CLEVELAND LOST TO ATHLETICS

Shawkey, in Good Form, Held the Naps to Two Bingles.

PHILADELPHIA, Aug. 5.—Cleveland opened a crucial series for them with the Athletics yesterday, and were defeated by the score of 7 to 1. Shawkey pitched a great game allowing the Naps only two hits. The visitors' lonely tally was the result of Baker's fumble, Lajoie's single, and a sacrifice fly by Turner. Philadelphia drove Falkenberg from the mound in the third, Kahler replacing him, but he was hit hard also in the seventh and gave way to Daschner after one was out. Cleveland 7, Philadelphia 1.

HIGHLANDERS' WIN.

Cobb's Muff Was Responsible for Four of New York's Runs. NEW YORK, Aug. 5.—Tyrus Raymond Cobb, who draws \$12,500 a year for playing baseball, muffed a fly ball at the Polo grounds yesterday afternoon, the error permitting the New Yorks to subdue the Detroit, 6 to 4. More than 4,000 fans had joshed Mr. Cobb unmercifully when he was caught napping off second base in the second inning, and when he committed his fielding mistake that was directly responsible for four of the five runs being put up by Chance, the crowd had another laugh at the expense of the Georgia Peach.

McLOUGHLIN MAY PLAY.

NEW YORK, Aug. 5.—Maurice E. McLoughlin, returning from the Davis Cup contest in England, may be seen in another championship match here this week. He will arrive on Wednesday, two days before the conclusion of the New York state tournament, and it is said that he may enter the challenge round in defence of his state.

How Canadian Bowlers Enjoyed The Irish Trip

Belfast Paper Remarks That the Canadians Were Good Sports—Features of the Trip.

The following from the Belfast News Letter, July 24, will be read with interest by local bowlers. BY "JACK" "We've had a mighty busy day. We've got to pack our things away. All aboard (toot, toot). All aboard (toot, toot). All aboard for Canada. So singing the Canadian bowling team will leave the shores of the Emerald Isle to-night, their battles fought, their victories won and reverses suffered, taking their uppers and their downers in the true sportsman-like spirit of bowlers all over the world. Their Irish visit has been all too short; we could have suffered enough gentlemen every one of them. They are glad to get back to their own land, and learn some-

thing, not only of the game, but of the life of our big children across the seas. In Canada the team is considered the finest that ever set sail from a Canadian port, consisting of some of the best bowlers in the Dominion. They have performed "excellently well since their arrival. In Wales they won two matches, lost two, and drew one. In England they won five and lost six, and in Scotland they succeeded beyond expectation, winning seven matches and losing only four. In Ireland, up to the time of writing they have lost one and won one, so that their record is—20 matches played, 15 won, 13 lost, and 1 drawn, with a majority of 53 shots to their credit. Their Irish fixtures commenced somewhat inauspiciously, travelling direct from Glasgow to Dublin, the steam was delayed, and they arrived in the Irish metropolis some time after noon instead of at seven o'clock in the morning. The Kenilworth morning programme had to be cancelled, and after lunch, the players, in no very fit state, had to proceed to the green and commence play. While in no way detracting from the good performance of the Kenilworth team in winning by 42 shots, the visitors are confident that the fight would have been keener had not circumstances been against them. There was only one Canadian rink up, George Chatman defeating J. B. Mitchell by 28 to 15. W. O. M'Teagart was within a couple of points

of victory. W. H. Fletcher beating him by 22 to 21. Secretary C. O. Knowles fell badly to J. A. Munro, scoring 12 to the Dublin skip's 39, and Captain T. Rennie acknowledged defeat at the hands of J. Doyle by 28 to 17. G. W. Cooper, of Kenilworth, had also a fine win over J. M. Janet, scoring 32 to 14. Totals—Kenilworth 126; Canadians 92. During the game the splendid band of the Dublin Metropolitan Police performed a varied programme, including a selection entitled "Canada" by Barwood. At the conclusion of the match a smoking concert was held in a tent on the grounds, at which the visitors heard the best singing during their tour. The Irish Association president and honorary secretary, (Messrs. P. Sheridan and W. Glovan) met the Canadians on their arrival at Dublin, and extended to them a hearty welcome. The tear in Erin's eye was much more in evidence than the smile as the visitors arrived in Belfast on Monday at noon. They were met at the Great Northern Station by a number of prominent Northern bowlers. Proceeding to headquarters, they had lunch in the Avenue Hotel, after which they journeyed to the splendid grounds of the Cavell Bowling Club to play their first match in the North. The skies cleared, and the game was commenced on a wet green, which proved in much better condition than was expected under the adverse circumstances. "Tis a bad sign when Ben Madigan puts on his night cap in the middle of the day, and after playing about ten ends rain drove the teams to the shelter of the pavilion, where a generous hospitality was dispensed to the players. This, with a little impromptu music, the most popular item of which was the Canadian chorus—"One grasshopper sat upon another grasshopper," to the tune of "John Brown's Body" occupied the company till the rain cleared off, and the match was finished as dusk began to fall. The Canadians won a fine victory by 12 shots. No such result was contemplated till the last few ends as Cavell lead all the way. At five ends they were 29 to Canada's 29; at ten ends, 53 to 45; at fifteen ends 75 to 70. By scoring 14 to R. Blakely's 1 in the last six ends, Captain Rennie went a long way towards turning defeat into victory. Several of the other rinks made up a little of the leeway, and the match ended in favor of the Canadians by 112 to 100. The principal credit is due to T. Rennie and R. B. Rice, who with two such striking players as R. C. Blakely and Dr. Rusk against them, defeated them by the large majority of 28 to 8 and 30 to 14. The three Cavell successful skips were J. Robinson, who beat G. Chapman by 30 to 19; J. Morrison, who defeated C. O. Knowles by 23 to 15 and A. Smith, who hit a winning shot over W. O. M'Teagart (25-20). After the match a smoking concert was held in the pavilion. I had the pleasure of accompanying the Canadians on Tuesday to Portrush and the Causeway. The weather was perfect, as were also the arrangements made by the Irish secretary, Mr. W. Glovan, who acted as guide, philosopher and friend to the party. Under a personal supervision of Cook's local agent the programme of the day's pleasure was carried through without a hitch. The visitors including the ladies of the party, were charmed with the beautiful scenery along the coast, enjoying particularly the trout-ride to the Causeway. They went through the regular routine, visiting the caves, drinking the waters, sitting in the wishing chair, and getting confused over the guide's description of the "concealed, conical, hexagonal, hexagonal, septagonal stones composing the Causeway. On arrival at Belfast, a visit was paid to the Hippodrome.

NEW YORK WON FROM PITTSBURG

Timely Hitting Gave the Giants the Game by Two-One.

PITTSBURG, Aug. 5.—A few timely hits and a wild throw by Simon, the Buccaneer backstop, returned the Giants a victor yesterday in their game with the Pirates. The score was 2 to 1, but owing to the splendid pitching of Demaree and of Marquard there never was anything but the gauzy likelihood of the Pirates making more than one run. Score: New York . . . . .00000001—1 Pittsburgh . . . . .00000001—1

CINCINNATI BEAT BOSTON

The Reds Hit Rudolph and Noyes Hard in a Long Game

CINCINNATI, Aug. 5.—In the longest game of the season on the local lot, Cincinnati completely swamped the Boston Braves, twenty hits bringing the locals home a winner by a score of 13 to 4. Both sides used two pitchers. Rudolph and Noyes proved ineffective for the visitors. Ames was banished in the second to allow Bates to bat for him, and the latter responded with a home run drive, sending in Kling ahead of him. Score: Cincinnati . . . . .12000001—1 Boston . . . . .02100000—3

PHILADELPHIA BEAT ST. LOUIS

ST. LOUIS, Aug. 5.—Philadelphia took the second game of the series from the Cardinals yesterday by the score of 6 to 3 as the result of three healthy home run swats by the visitors. Becker put the ball over the right field fence for a home run while two were camped on bases and in the same inning Luderus placed the ball in the same place with none on base. Cravath inned with one on base Cravath knocked the third home run of the game to the same quarter. Score: Philadelphia . . . . .02100000—3 St. Louis . . . . .00000002—2

MAY LOSE THEIR JOBS.

CHICAGO Aug. 5.—Jake Stahl, deposed manager of the Boston Red Sox, will find himself in distinguished company, if rumors circulated around Chicago yesterday prove true. According to these stories, Johnny Evers is to be "canned" as leader of the Chicago Cubs; Jimmy Callahan is to be skidded out of the management of the Chicago White Sox, and Tom Chivington is to be pried loose from his job as head of the American Association. The stories concerning Evers have been going the rounds for a long time, but the Callahan and Chivington sensations are new. Callahan has been getting the notion of all managers who fall into a losing streak; the bleacher critics especially getting after his scalp. It is also said that Callahan's methods of handling his men on the field—particularly the language he uses towards them—has caused some soreness among members of the team. There can be no doubt that some of the West Side fans have become restless under Evers' constant run-ins with the umpires and his habit of getting himself out of the field when he is needed most.

"Mamma, I love you awful much," said little Amy, as she put her arms around her mother's neck. "And I love you too, Amy, when you are good," replied her mother. "But mamma," continued the little miss, not to be overdone, "I love you just the same, even when you ain't no good."

One in Seven Called by Consumption A dreadful plague indeed when you consider that in incipient stages it can be cured. Take care of the little cold before it becomes a big one. When the throat is sore and it hurts to swallow, rub in Nervine and immediately apply one of Polson's Nervine Porous Plasters. Pain and tightness are at once relieved. Inflammation and soreness gradually disappear and fatal illness is thus avoided. Nervine Plasters act as a counter irritant over the seat of pain, and as an exterior application in curing colds in the muscles, in pleurisy and headaches they have no equal. Keep these remedies in your home. Mosquitoes seem to be troubled with chronic insomnia.

A meeting of the Cricket Club executive will be held in the Roberts and Van-Lane shoe store on Wednesday evening of this week at 9 p.m. All members are requested to be present. Brantford cricketers will entertain Guelph here on Saturday next in a Western Ontario League game and on Monday (Civic Holiday) they will play London in London, leaving here by Grand Trunk train at 9 p.m. Mr. Ritchie and Albert Houghing will be the umpire and scorer for both games.

A QUERY.

In the event of two players coming into a game to replace pinch hitters, could the manager bat them as he wished in either of two positions?

PERFECTION.

Yes, certainly he can substitute either of two players for pinch hitter number 1, thus putting the player where he wants to have him in the batting order. He cannot change, however, once he has made his choice. Elmer, aged six, accompanied his father to the circus one afternoon. Among the many strange things he saw was one man standing on the shoulders of another. "Look papa!" he exclaimed. "There's a two storey man."

A Big Time

Is Assured at the Hamilton Centennial Next Week.

In connection with the Big Centennial Celebration at Hamilton, which is now near at hand, every one of the different committees is doing, all in its power to make this week of all weeks the biggest Hamilton has ever had the pleasure of witnessing. The sports or athletic committee, which is composed of eight men well versed in the realm of sport, has been busy for a good many months to give Hamilton people something big and out of the ordinary in the sporting line, and their efforts, we are glad to say, are meeting with reward. They are providing big things for two afternoons during this week. On Tuesday, August 12th, at the H. A. A. A. grounds, at the hour of 3.30, the Detroit American League baseball team (three times champions of their League), will endeavor to show our Canadian League friends some of the fine points of this, the greatest of all games,—baseball. F. J. Navin, the president, and the man who built up the team that won three pennants for Detroit and who is regarded as one of the shrewdest owners in baseball, has given his word of honor that, barring accidents, the

regular Detroit team will line up. Headed by their hard working manager, Hughie Jennings, whose great coaching ability will be soon heard to good effect; Ty Cobb, acknowledged by all to be the world's greatest ball player, and who will keep the Hamilton public busy following his dazzling like plays which are an everyday occurrence to him; Sam Crawford, he with the mighty swing; Oscar Stange, the bulky catcher; whom some think the best in the Ban Johnson circuit; Edgar Willet, Oscar Vitt, Matty McIntyre, Owen Bush, and fifteen others will be there. As a big guarantee had to be given Detroit before this game was arranged the price has been placed at \$5 for general admission, with grand stands 25c. and 15c. extra.

**You Owe it to Yourself to Investigate the National Vacuum Sweeper**

"IT MAKES CHILD'S PLAY OF HOUSEWORK"

**The Housekeeper's Aide-de-Camp**

In the line of Vacuum Process Sweepers for carpets and rugs, it has remained for the Daily Courier to introduce a machine that, for ease of operation, efficiency, durability, and low price asked, easily surpasses any other device of the kind that is on the market.

This practical and always ready for service little machine runs exactly the same as does a carpet sweeper, but it cleans by air, and according to the correct principle of the vacuum process. It is sold direct to consumers at the cost of production in connection with a twelve months' subscription to the Brantford Daily Courier, and is guaranteed to do all that is claimed for it by the manufacturer.

The Trade Reports are always pleased to publish honorable mentions of truly worthy inventions, devices or products of any kind, and this without solicitation from the manufacturers, as by following such a policy we have made our paper a most valuable medium of reliable information to its readers. Buyers and consumers in all lines find our reports a material aid to them when they are in the market for this or that article or product, and we have taken a pardonable pride in saying in this connection that we have yet to hear of any person or persons who have been deceived or misled by any endorsement or recommendation published in these columns. In the present instance the National Vacuum Co. can assure anyone that wishes to get a machine as above referred to, and one that can be depended upon absolutely—a perfect aide-de-camp to the housekeeper.

**Prof Rodugres, United States Expert Consulting Engineer, After Thoroughly Examining Our Machine Says:**

"It is the first hand-power cleaner that I have examined that pleases me. The principal is mechanically correct; the construction is based on exact scientific principles. It not only removes all dirt and dust, but, on account of the excessive air displacement and continuous suction, removes the dirt and filth from under as well as from the top of the carpet with less effort than any other vacuum cleaner I have ever examined. In fact, it is the most complete dirt eater I have ever seen. The material used and the construction are both so nearly perfect that it is practically indestructible. If you will think for a minute, you will realize that a number of diseases are caused by germs and microbes in the filth brought into the house by dogs, cats, rats, flies, and the filth off your feet. Among the diseases that can be mentioned are diphtheria, typhoid fever, smallpox, scarlet fever, measles, whooping cough, grippe, spinal meningitis, pneumonia, erysipelas, cholera, yellow fever, malarial fever, tuberculosis, tonsillitis, cholera infantum, and a number of others. Were it possible to show you by means of the magnifying glass the filth and germs that are lodged in your carpets and rugs, you should be so frightened that you would immediately order a vacuum cleaner or abandon your carpets and rugs. Do not trifle with the health of your family!"

**Dr. Kellog, President of the Battle Creek Sanitarium in One of His Lectures, Stated:**

"Excessive loss of life of infants, aged from three months to four years, is caused mainly by the mother permitting the child to play on a carpeted floor, filled with street dirt, which contains millions of microbes that are brought in on the feet and ground into the carpet. It is criminal to let a child play on a carpet unless it has been 'vacuum' cleaned."

**J. M. Werzke, A.M., M.D., the world's recognized authority on bacteriology, in a recent lecture, said:**

"If all carpets and rugs were kept thoroughly cleaned, and all windows and doors thoroughly screened, our mortality from infectious diseases would be reduced 90 per cent; in fact, all Municipalities should enact laws to compel each householder to adopt and use a vacuum cleaner."

If you have no vacuum cleaner, in justice to your family's health, have a demonstrator call to-day. It will cost you nothing, and you will have a sanitary home. It is a health saver, labor saver, and money saver. It can be used every day, and does not wear the nap off the carpet, like ordinary sweeping; nothing to get out of order, runs quietly, a child can run it, and will last for years.

The construction of the National Vacuum Sweeper is without a fault. It is built on the correct principle--built for hard service--built to clean carpets and rugs better than any other that is meant to clean.

Names Not Suppressed Connection With Dilly Raid.

**WHITE SLAVE TR**

Was Discovered and Uncovered Was Place.

LONDON, Aug. 6.—Questions have been asked all quarters as to why names of the prominent men suppressed in connection with the sensational raid on Gald's flat in Piccadilly a week ago that the home secretary, Mr. McKenna got up on parliament yesterday and had been no influence to bear by the home office. The facts of the case under the newspapers for a week have been full of letters and it has been alleged that some well known men are one member of parliament shielded, and various other names have been made. In one letter in "The Globe" the following paragraph: "The names are thought known, but have not yet been known. Perhaps the only document which could bring the guilty to the right quarters lies at office, in Mr. McKenna's possession. The secret dossier contains the name of one of McKenna's colleagues, is the surname, any probability he has exercised, merely grounds, his power to withdraw a prosecution would have involved the name of that name?"

Lady Barlow, Lawrence and others have been called McKenna to give up the names without result. Finally Noel E. Buxton, a radio and others asked the home secretary about the case during the House of Commons. McKenna by remarking that he had pleaded guilty on all but that as the girls of Gerald flat were all long before they came to the attention of the woman and the facts indicated very", the judge did not self warranted, therefore being her to more than imprisonment in the sentence. He then asked directly had been suppressed. Mr. McKenna replied and in a very irritated tone was no suppression of quite true that there names in a diary which the premises, but these names would not be relevant to the charge as I and the charge may personally, are concerned aware of any names in trial was over."
