CITY COUNCIL PUT THROUGH A LOT OF BUSINESS IN A REMARKABLY BRIEF SESSION

Firemen Will Not Get More Holidays Aldermen Ready to Make Fine Impression of Duke of Connaught on Saturday Next.

- What The Council Did 1. Empowered the Mayor to sign Street Railway agreement already approved by ratepayers. 2. Authorized Railway Committee to advertise for a manager of the Grand Valley Railway. 3. Passed third reading of by-law to raise by debenture \$270,000 for purchase of railway. 4. Authorized decoration of interior of Central Fire Hall. 5. Gave garbage collection route to William Holder. 6. Accepted invitation to ride in autos at baseball opening on Thursday afternoon. 7. Instructed City Solicitor and City Engineer to protect city's interests in new plans of L. E. & N. Railway for raising of Lorne Bridge. 8. Turned down applications for more poolroom licenses in city. 9. Gave fixed assessment of \$2,500 for 10 years to Brantford Piano Case Company, Alice street. 10. Refused request of city firemen for ten days' holidays on pay instead of seven days per year. 11. Received intimation from Mayor Spence that it was up to the city fathers to make an impression on H.R.H. the Duke of Connaught on Saturday.

Strange as it may seem the City Council last night transacted quite a grist of business and did it in quick time. Whether it was because there were few contentious matters on the programme or whether it was due to a real desire to expedite business no one knows.

**GEO. ALDERSON RESIGNS OFFICE**

He Was Treasurer of Sydenham Street Church for Thirteen Years.

The last meeting for the year of Sydenham St. Methodist church was held last evening, Rev. A. J. Snyder presiding. The meeting was a lengthy one and consisted of winding up the business of the year just closing and the appointment of officers and arranging plans for the new year. Mr. Geo. W. Alderson, who has been treasurer of the church for thirteen years handed in his resignation, and the board was exceedingly reluctant to accept it; but on Mr. Alderson insisting it was accepted with regret and a resolution passed thanking him for past services, and paying a high compliment as to his probity and ability. Mr. Russell Gowman was elected treasurer to fill the vacancy. Mr. A. Scruton was re-elected recording secretary and also appointed representative to district meeting. The stewards elected were as follows: A. Scruton, Richard Gowman, George Alderson, J. D. Scruton, Russell Gowman, John Foster and E. W. P. Jones. After the treasurer had made his financial statement for the year, the board decided to assume any liability that might arise after the accounts were closed. In this connection the board decided to appoint a Finance committee who were given considerable authority for the conduct of church business during the new year just starting. It is composed of I. D. Scruton, Russel Gowman, Ald. John English, Geo. Alderson and A. Scruton. This committee will meet and bring in a budget and recommendations to an adjourned meeting of the board. A number of necessary repairs were ordered done, and the various officers of the church, such as district visitors, class leaders, local preachers and exhorters were appointed, they for the most part being re-elected. A musical committee was appointed, with the pastor as chairman, as follows Messrs. I. Hewison, W. Kinzie, Fryce and Battye. The board then adjourned at the call of the pastor, when the finance committee will be ready to report.

**Mrs. Kerr Got Purse From Girls**

At the regular meeting of the Girls' Friendly society of Trinity church a pleasant surprise awaited the branch secretary, Mrs. F. Kerr, in the form of a social and presentation. After the business meeting the girls presented Mrs. Kerr with an address and purse to show their appreciation of the hearty way in which she has helped them since the Trinity branch was organized. In the bazaar which was held a short time ago Mrs. Kerr worked unceasingly to make the Girls' table the success which it undoubtedly was.

After the presentation the girls enjoyed a good programme, consisting of songs, instrumentals and games. Miss Annie Kerr delighted the audience with a solo entitled, "Put on Your Ta-Ta Little Girlie." Miss Grace Kingerley also gave the very amusing song, "Have a Little Piece of My Wife's Cake." Owing to the inclemency of the weather a number of the girls were unable to attend, but those present had a very enjoyable evening.

**THE HALF-SPEED MAN AND WOMAN**

What It Means When You Feel "All Out of Sorts"

You know what it means to feel "all out of sorts." Most people have felt this way at some time. Nerves out of order, irritable, languid, depressed. An aching head, a fagged brain, appetite, bad and digestion weak. With some people this condition comes and goes; with others it is chronic; they can't shake it off. It interferes with business, spoils recreation and robs life of all its joys. These men and women are only able to live and work at "half speed."

Half speed people have lost that abundant natural vitality which enables others to go "full-speed-ahead" through life. Their energy and nerve power have evaporated—they cannot work long without breaking down. The trouble is nerve weakness and is caused by poor, watery blood. You can begin to improve your condition to-day by taking Dr. Williams' Pink Pills. They make rich, red blood once more pulsate through your veins, and your nerves thrill with fresh vigor. Here is convincing evidence that new strength and full health can be had through the use of Dr. Williams' Pink Pills. Mr. Newton Mayhew, North Tryon, P. E. I., says "I am a farmer and naturally have to work very hard. The result was that I found myself very much run down. My blood became thin and watery, and my muscles flabby. I took doctors treatment but it did not help me and I grew so weak that I could scarcely work at all. As I found the medical treatment was not helping he decided to try Dr. Williams' Pink Pills, and in those I found the medicine I needed, as in a short time I was restored to my old health and vigor. I shall always recommend these pills to all sufferers."

Dr. Williams' Pink Pills are sold by all medicine dealers, or will be mailed, post paid, at 50 cents a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

**Texas Gillard**

house. He did not know that he could get a drink there.

Morrison said he was living out of town and just dropped into Gillard's house for a social glass and a game of cards. He had met defendant and Mustard at the ball game and beer was suggested. He had done no drinking in. He often called upon Gillard when in the city.

Mr. Jones, driver for Mr. Coulson, said he had taken the casks and a half gallon of whiskey to Gillard's house on Saturday morning. It was a regular custom to take four cases and a half gallon of whiskey every week.

Gillard, called by his counsel, Mr. Leighton, said he had no idea that he was breaking the law. He had always had beer on hand at the week-end in order to entertain his friends. His boarders never got liquor from him. Commenting on the case, the Magistrate said there were some astonishing facts in this case. That four cases of beer should disappear between Saturday night and Sunday morning, drank between them ten bottles, was peculiar. There was no doubt that there was more liquor in the premises than was necessary for the consumption of defendant and his family. Mr. Leighton contended that his client was entirely ignorant of the law upon the case and he admitted he had done wrong when he took money for liquor which he had already ordered.

The Magistrate said he could not get away from the fact, which was very technical. He was bound to do his duty and impose a fine. It would be \$100 and costs. He would give them an opportunity of appealing to the Provincial Department and the fine might be remitted. He granted a leave of 30 days in which to pay the fine.

**Boy Knight Notes**

The scores made by the Boy Knights in shooting during the past week has been very high, ranging on an average nearly 90 per cent. This is with the new B. S. A. Rifle from England on figure targets of the O. T. C. pattern. A quantity of which has been secured from England for practice purposes.

Boy Knight church parade will be held next Sunday evening. It is expected a gentleman from Toronto will address the meeting.

On Tuesday evening a general sports night will be held, three prizes being put up for competition among the boys.

The Boy Knight Patriotic Concert and fire works display will be held on Tuesday evening, May 26th. This event is generally very interesting and as a result, the attendance is generally very successful.

Prof. Hunt is in Toronto this week, and by invitation of Mr. Atkinson of the Boys Dominion there, will spend some time at that place, examining into the working of their establishment.

**TORONTO PASTOR DEAD.**

TORONTO, May 5.—Rev. H. A. MacPherson, pastor of Chalmers Presbyterian Church, died this morning, at 6 o'clock, aged about forty. He had been unwell for some time, but only gave up last Thursday. He leaves a widow and 14-year-old daughter. Mr. MacPherson was born in Galt, educated at Galt Collegiate and Knox College, and held a charge at Acton for eight years. He came to Toronto about ten years ago. He was a prominent bowler and curler and a member of the committee which published the annual of the Ontario Curling Association.

**Music and Drama**

**At the Brant**

The large crowds which attended the Brant Theatre yesterday afternoon and evening were unanimous in agreeing that Manager Ernie Moule, in changing his booking, has brought to this city the best class of vaudeville ever seen here. Every act on the bill yesterday was good. Two of them were excellent. Very rarely is a company of singers heard in vaudeville here like Bobby Van Horn and the Clark sisters. Without a doubt, they are the classiest troupe of singers ever heard here. Their music is catchy, and last night they were called back a number of times for encores.

Following closely on this splendid act is another feature act in the Gene Muller troupe of aeroplane hoopsters. Three gentlemen and one lady comprise the troupe, the latter giving a surprising exhibition of drum playing. The scenery which this troupe carries off sets their high class act, and their many colored hoops make a beautiful sight as they are thrown through the air.

Nat Barnhart, the cyclone comedian, who made a hit on a previous engagement here again delighted the audience with a new act, featuring his own composition of the Titanic disaster.

Manager Moule was forced to announce that one of his feature acts was unable to come, but that another feature act would be presented to-night.

**At the Colonial**

Bright, breezy and full of fun is the fare provided at the Colonial Theatre this week, and the patrons last night showed their great appreciation both in numbers and applause. It was an excellent house for an excellent performance. It would be hard to approach the comedy presented by the Harris and Troy com-

pany for genuine mirth. Weston and Harris, the comedians, are actually bubbling with convulsive fun and they are capably aided in their efforts by the clever and charming work of Miss Arcola Proy, and the trio are supported by a company that will attract attention. The sword dance of Miss Murray is a remarkably well-finished act. Adding to this splendid bill is a number of great films which includes The Magic Skin, a photo play of unusual interest, centering around a young literary genius whose fortunes vary and he at last receives a skin of magic which allows three wishes, the last of which also brings death. The climax is most cleverly portrayed. For a rip roaring comedy film, What a Baby Did, is absolutely the limit, and it is one continuous ripple of amusement. "Forgetting" is another fine photo play among the god things provided at the Colonial this half of the week.

**Will Close**  
Eagle Place merchants have agreed to close their stores at 1 o'clock on Thursday afternoon.

**Will Suspend Him**

Manager Rube Deneau stated this morning that if Pitcher Worfel, who has been expected for the past two weeks, does not report by to-night he will be placed on the suspended list. Rube is at a loss to know what to make of Worfel's repeated failures to report but he is of the opinion that Worfel is doing training duties at his home, where the weather is better and when he does put in an appearance he will be in the pink of condition. Rain prevented the men from going to the park this morning and the squad indulged in a light work out in the M.C.A. gym. Basketball and handball was played. The pitchers kept their arms in condition, working with the catchers. Vincent Molyneux is still with the team and will likely stay until Worfel appears.

**Local Underwriters**

A meeting of the local underwriters' Association was held in the North American Life Office yesterday afternoon. The vice-president occupied the chair. Reports of committees were received, and other business was transacted. During the past month a new constitution has been drawn out, and this was presented in printed form to the meeting. It is the purpose of the Association to stamp out practices that are detrimental to life insurance generally, and to policy holders in particular. The Association thinks that it is its duty to protect the public, as far as

possible from any unscrupulous or ignorant agents who may be in the business. An extensive advertising campaign is being projected, of which details will be submitted at the next meeting. The financial affairs of the association, upon which report was made, proved to be in a satisfactory condition.

**MR. WILLIAM IRWIN**

**Prominent Brantford Resident Passed Away Early This Morning.**

Wm. Irwin of 18 Pearl St. was called to the great beyond early today. The deceased, who was a bookkeeper at the Binder Twine Company, was a lifelong Free Mason and a member of the Sons of England. He was 49 years of age and leaves to mourn his loss, besides a vast circle of friends, a wife and eight children. The funeral will take place on Thursday at Greenwood cemetery.

**Obituary**

Mr and Mrs Martin Stilman mourn the loss of their seven months' old daughter, Reta May, who was carried away late Monday at the home of her parents, 88 Marlboro street. Many friends extend sympathy to the bereaved parents. The funeral arrangements have not yet been made.

**CITY COUNCIL IN BRIEF SESSION**

(Continued from Page 1) and sent it back for further consideration.

**Welcome to the Duke.**  
Mayor Spence explained some of the formalities planned for the Duke's reception on Saturday might have to be eliminated, owing to His Royal Highness having to conduct military inspection at the depot on his arrival. In that case there might be a number who would not have time to be presented and the Mayor wanted the reason understood. He hoped that the Duke would be well impressed with the beauty, health and happiness of Brantford as a city and trusted that all the aldermen would be on hand. It was proposed to accommodate as far as possible all in the visit to the different places of interest and beauty around the city. The route of the vice-regal party is given elsewhere in this issue.

**Firemen's Holidays**

When the petition from the Brantford firemen to have their summer holidays increased from seven days to ten, Ald. Ryerson opposed the same, and when the vote was taken to file the petition, the motion was carried on a show of hands. Filing the petition means that the petition is shelved for this year at least. Ald. Ryerson stated that there was no provision in the estimates of his committee for any such increased expenditure, as substitutes would have to be secured. He thought the firemen had been pretty fairly treated in the past, an increase in salary having been granted last year and the men having previously secured a day off each week, for which they were paid.

Ald. Broadbent thought that everybody was entitled to one day off a week. While the firemen had one, they also had a very long day when they were on duty. They have to put in 24 hours. He believed, if possible, the firemen should get the three days extra. It isn't this year, certainly next year. When firemen did work they had real work to do.

Ald. Charlton could not understand why the petition should be filed. The firemen only had seven days a year, and even then cannot leave the city, which wasn't a holiday at all.

Ald. Ryerson denied Ald. Charlton's statement. The men could leave the city during their seven days holidays. There were few workmen in the city who had ten days holidays paid for, and the workmen who paid the shot should not be asked to make any increases for the firemen at this stage.

**Finance Recommendations**

The committee on finance reported as follows:  
That a grant of \$15 be made to the C. O. F. to help defray expenses of procuring the hall for the meetings of the High Court to be held here this summer.

That your committee be empowered to consider the License By-Law and report thereon.

That your committee be empowered to take up the question of the telephones supplied to the various municipal offices and report thereon.

That the petition of Robert Hunter and others, and Joseph Davis and others re. pool rooms license, be filed and that your committee does not recommend any action be taken.

That the matter of insurance of various municipal buildings be left in the hands of the committee already appointed to investigate the insurance thereon, and that this council would request that the various boards and institutions of this city having control of the buildings should consider the question of insurance thereon on the lines set out in the report of said committee.

All of which is respectfully submitted.

**Manager for Street Railway**  
The committee on railways reported as follows:  
That your committee be empowered to advertise for a manager for the Street Railway, as your committee are now of the opinion that action should be taken in this matter.

**of the buildings and grounds committee, which recommended:**

(1) That the chief's office and bedroom at the fire hall and other rooms be repaired and the interior of the hall be decorated to the satisfaction of the committee.

(2) That the contract for a garbage route be given to Mr. Leslie Anghuis. Ald. Pitcher said the committee had found conditions at the Fire Hall very deplorable, and the city could not expect the chief of the department to put up with them.

Ald. Broadbent had an amendment to the report. He moved that Mr. William Holder get the garbage route contract instead of Mr. Anghuis. Ald. Bragg had a similar amendment, but Ald. Broadbent got the floor first.

Mayor Spence wanted to know what "satisfactory to the committee" meant in regard to the decoration of the fire hall. He thought the paragraph was pretty broad.

Ald. Pitcher said the money would be economically expended.

**Amendment Carried**

The amendment was carried on the following vote: Yea, Bragg, Broadbent, Quinlan, Calbeck, Sutcliff, Woolson, Charlton, 7.  
Nay—Ryerson, Hollinrake, Robinson, English, Sigman, Pitcher—6.

**Again Comes Up**

In the last hour of act, Ald. Hollinrake introduced a motion that the buildings and grounds committee report appointing William Holder be reconsidered and the name of Leslie Anghuis be inserted in his stead.

Mayor Spence doubted the legality of the resolution and council sat back for a few minutes until His Worship looked up the Spalding rule book. The Mayor finally quoted Speaker Hoyle's recent decision against the Ontario Government refusing to allow a matter already dealt with to be reintroduced at the same session. He ruled it out of order.

The Mayor said if there was a doubt about the vote it might be left over for two weeks.

**Notes of Meetings**

A by-law to authorize the construction of a storm sewer on the local improvement plan on Wellington St., 170 feet westerly from Market St. was passed.

J. H. Lampkin and others petitioned to have a by-law passed against the use of soft coal in private houses, such being detrimental to the health and happiness of the surrounding community. It was referred to the buildings and grounds committee.

Rev. C. E. Jenkins and others, petitioned against the issuing of a license for a pool-room in the East Ward. The license was not granted.

The quorum present was as follows: Mayor Spence, Ald. Hollinrake, Quinlan, Sutcliff, Sigman, Charlton, Pitcher, English, Ryerson, Robinson, H. L. Wood, Broadbent, Bragg, Calbeck, Woolson.

Ald. Bragg said that owing to stress of business the City Solicitor had been unable to prepare the by-law making meter inspectors wear badges to show who they were. The Mayor remarked that the solicitor would have plans and specifications, and Ald. Bragg replied that the medals would not be larger than a cheese box.

**CITY COUNCIL IN  
BRIEF SESSION**

(Continued from Page 1)

and sent it back for further considera-  
tion.

Welcome to the Duke.

Mayor Spence explained some of  
the formalities planned for the Duke's  
reception on Saturday night have to  
be eliminated, owing to His Royal  
Highness having to conduct military  
inspection at the depot on his ar-  
rival. In that case there might be  
a number who would not have time  
to be presented and the Mayor wanted  
the reason understood. He hoped  
that the Duke would be well impres-  
sioned with the beauty, health and  
happiness of Brantford as a city and  
trusted that all the aldermen would  
be on hand. It was proposed to ac-  
commodate as far as possible all au-  
tos in the visit to the different  
places of interest and beauty around  
the city. The route of the vice-regal  
party is given elsewhere in this issue.

**FIREMEN'S HOLIDAYS**

When the petition from the Brant-  
ford firemen to have their summer  
holidays increased from seven days  
to ten, Ald. Ryerson opposed the  
same, and when the vote was taken  
to file the petition, the motion was  
carried on a show of hands. Filing  
the petition means that the petition  
is shelved for this year at least. Ald.  
Ryerson stated that there was no  
provision in the estimates of his  
committee for any such increase  
of expenditure, as substitutes would  
have to be secured. He thought the  
firemen had been pretty fairly treat-  
ed in the past, an increase in salary  
having been granted last year and  
the men having previously secured a  
day off each week, for which they  
were paid.

Ald. Broadbent thought that every-  
body was entitled to one day off a  
week. While the firemen had one,  
they also had a very long day when  
they were on duty. They have to put  
in 24 hours. He believed, if possible,  
the firemen should get the three days  
extra. If not this year, certainly next  
year. When firemen did work they  
had real work to do.

Ald. Charlton could not understand  
why the petition should be filed. The  
firemen only had seven days a year,  
and even then cannot leave the city,  
which wasn't a holiday at all.

Ald. Ryerson denied Ald. Charlton's  
statement. The men could leave the  
city during their seven days holidays.  
There were few workmen in the  
city who had ten days holidays paid  
for, and the workmen who paid  
the shot should not be asked to make  
any increases for the firemen at this  
stage.

**Finance Recommendations**

The committee on finance reported  
as follows:  
That a grant of \$15 be made to the  
C. O. F. to help defray expenses of  
procuring the hall for the meetings of  
the High Court, to be held here  
this summer.

That your committee be empower-  
ed to consider the License By-Law  
and report thereon.

That your committee be empower-  
ed to take up the question of the  
telephones supplied to the various  
municipal offices and report thereon.

That the petition of Robert Hunt-  
er and others, and Joseph Davis and  
others re. pool rooms license, be  
filed and that your committee does  
not recommend that it be taken.

That the matter of insurance of var-  
ious municipal buildings be left in  
the hands of the committee already ap-  
pointed to investigate the insurance  
thereon, and that this council would  
request that the various boards and  
institutions of this city having con-  
trol of the buildings should consider  
the question of insurance thereon on  
the lines set out in the report of said  
committee.

All of which is respectfully submit-  
ted.

**Manager for Street Railway**  
The committee on railways report-  
ed as follows:  
That your committee be empower-  
ed to advertise for a manager for the  
Street Railway, as your committee  
are now of the opinion that action  
should be taken in this matter.

**Fixed Assessment.**

Fixed assessment of \$2,500 for 10  
cars, was granted the Brantford In-  
dustrial and Realty Company on its  
plant and property on Alice Street,  
to be known as the Brantford Piano  
Case Company. The firm is to employ  
not less than 25 hands for ten years,  
Ald. Broadbent stating that it expect-  
ed to increase the number of employ-  
ees within a year to 75 or 100 and they  
would be all skilled mechanics. Ald.  
Broadbent further said they would  
be an important and consequently  
quite an married addition to the in-  
dustrial population. The company  
proposed to manufacture pool tables,  
said Ald. Broadbent, but this caused  
smiles around the board. The factory  
building is now completed and machi-  
nery will be installed in short order.  
A by-law received the usual three  
readings without any discussion.

**Garbage Contract.**  
Ald. Pitcher brought in the report

of the buildings and grounds commit-  
tee, which recommended:

(1) That the chief's office and bed  
room at the fire hall and other rooms  
be repaired and the interior of the  
hall be decorated to the satisfaction  
of the committee.

(2) That the contract for a gar-  
bage route be given to Mr. Leslie  
Anguish. Ald. Pitcher said the com-  
mittee had found conditions at the  
fire hall very deplorable, and the  
city could not expect the chief of the  
department to put up with them.

Ald. Broadbent had the garbage route  
contract instead of Mr. Anguish. Ald.  
Pitcher seconded the motion. Ald.  
Bragg had a similar amendment, but  
Ald. Broadbent got the floor first.

Mayor Spence wanted to know what  
"satisfactory to the committee" meant  
in regard to the decoration of the fire  
hall. He thought the paragraph was  
pretty broad.

Ald. Pitcher said the money would  
be economically expended.

**Amendment Carried**

The amendment was carried on the  
following vote: Yea, Bragg, Broad-  
bent, Quinlan, Calbeck, Sutch, Wool-  
as, Charlton, 7.

Nay—Ryerson, Hollinrake, Robin-  
son, English, Sigman, Pitcher—6.

**Again Comes Up.**

In the last hour of act, Ald. Hollin-  
rake introduced a motion that the  
buildings and grounds committee re-  
port appointing William Holder be  
reconsidered and the name of Leslie  
Anguish be inserted in his stead.

Mayor Spence doubted the legality  
of the resolution and council sat back  
for a few minutes until His Worship  
looked up the Spalding rule book.

The Mayor finally quoted Speaker  
Hoyle's recent decision against the  
Ontario Government refusing to al-  
low a matter already dealt with to be  
reintroduced at the same session. He  
ruled it out of order.

The Mayor said if there was a  
doubt about the vote it might be left  
over for two weeks.

Ald. Sutch could see no reason why  
it should stand over again.

The Mayor said he was sure the  
vote was 7 to 6, but there were 14  
Aldermen present (Ald. Wood was  
out of the room at the time).

Ald. Pitcher agreed with the  
Mayor's ruling and Ald. Charlton ob-  
jected to any further dilly dallying  
with things. The appointment had  
been regularly made.

**Notes of Meeting.**

A by-law to authorize the construc-  
tion of a storm sewer on the local  
improvement plan on Wellington St.,  
170 feet westerly from Market St. was  
passed.

J. H. Lamplin and others petitioned  
to have a by-law passed against the  
use of soft coal in private houses,  
such being detrimental to the health  
and happiness of the surrounding com-  
munity. It was referred to the build-  
ings and grounds committee.

Rev. C. E. Jenkins and others, peti-  
tioned against the issuing of a license  
for a pool-room in the East Ward.  
The license was not granted.

The quorum present was as fol-  
lows: Mayor Spence, Ald. Hollin-  
rake, Quinlan, Sutch, Sigman, Char-  
lton, Pitcher, English, Ryerson, Robin-  
son, H. L. Wood, Broadbent, Bragg,  
Calbeck, Woolams.

Ald. Bragg said that owing to stress  
of business the City Solicitor had  
been unable to prepare the by-law  
naming meter inspectors wear badg-  
s to show who they were. The Mayor  
had plans and specifications, and Ald.  
Bragg replied that the medals would  
not be larger than a cheese box.

THE COURIER

Published by The Brantford Courier Limited, every afternoon, at Dalhousie Street, Brantford, Canada.

Tuesday, May 5, 1914

SIR JAMES TO LEAD.

At a Conservative banquet last evening in Toronto, Hon. Mr. Foy made the emphatic statement that Sir James Whitney would lead the Conservative forces in person in the next Ontario election.

"The Reform press is referring to Sir James Whitney as the Conservative leader of the past; it says we have but his photograph to go on now. But this is not so, for there is the man, sterling, strong and true. His health is improving day by day, and his mind is as vigorous, strong and clear as it ever was."

The Attorney-General went on to say that the Opposition had found it necessary to resort to inventions for something to talk about at the last session. The first attack had been against the Provincial Secretary by Mr. Evanturel, and this, like all the others, had proven flimsy and without foundation.

"The session has closed," he added, "with the Rowell party down in the dust, humiliated and disgraced. The Globe describes Mr. Rowell as a model leader, and I am inclined to agree with it. I looked up the meaning of the word 'model' and found that it was a small imitation of the real thing."

Mr. Foy is not the class of man to make false assertions, and when he gives such cheering information with regard to Sir James his words may be accepted without any reservation. As acting Premier he is more closely in touch with the chief than anyone else.

TAG DAY.

Montreal is having apparently a surfeit of 'tag days' but fortunately the complaints of the Daily Mail do not hold good in Brantford. The Mail has this to say of 'Tag Days' in Montreal:

"The policy of holding 'tag days' in the cities in aid of deserving charities which make an appeal to the general public is founded upon the assumption that the average person is quite ready to meet the reasonable demands of charity if he is asked to do so. The success of the average 'tag day' therefore, implies a compliment to the generosity and good will of the average city dweller. Charities would be supported much better than they are if people were not more inclined to be careless and forgetful of these obligations of living than to be uncharitable."

To have the city streets decorated on certain days with bevy of well-dressed young ladies, cheerful and handsome, appropriately typifying 'sweet Charity', is an improvement no citizen can gainsay. 'The day,' however, is not yet a recognized institution in civic life. It is on trial, like every new scheme of its kind. Those who believe in it will do well to avoid making it a nuisance. It is the easiest thing in the world to change the name of 'tag day' to 'hold-up day.'

A few months ago, during one of these 'tag days,' a young lady stood on a busy street in Montreal and cheerfully blocked the way of her victims by standing in front of them until they "came across." To pass this young lady it was necessary, to be extraordinarily rude, to use superior physical force or to succumb as best one might. The fact that one already possessed a few other tags made no difference to her. This kind of tag day worker could do no worse service to charity if she set fire to a few hospitals.

Those who believe in 'tag days' ought to take under consideration the desirability of having but one 'tag day' each year. The danger of turning cheerful co-operation into annoyance is pressing in Montreal as in some other cities. 'Tag day' deserves to become an institution."

CANADIAN VERSUS UNITED STATES STONE.

In connection with Liberal attacks upon Brantford's fine new public building, the gravamen of one of the charges was that United States stone had been used instead of Canadian. In this regard it was shown, among other things, that quarry conditions in the Dominion were such as to preclude a supply of the kind of specimen desired for a lengthy period.

One of the items of increased duty in the budget speech of Hon. Mr. White this session is an increase in the rate charged upon manufactured stone, namely, 15 cents per 100 pounds on all stone sawn on four sides, and 45 cents per 100 pounds on further manufactured stone. In the House, from the Liberal side, the claim was made that this would keep out stone from Indiana and Ohio—the same side, be it remembered, which object-

ed to the Ohio variety in the Brantford structure. Mr. W. F. Cookshutt, M.P., who took part in the debate, said he regretted that it was "found necessary to use American stone in the construction of the Brantford building," and he heartily approved of the tariff change, as it would tend to "do away with the use of American stone in our public buildings." He pointed out that it was evident on the face of it that it would benefit the quarrymen. Heretofore in Canada they have not had the large machinery for planing the stone on two or four sides, and when the demand for the stone is made sufficiently large, and the American stone is kept out when cut on four sides or further manufactured, the result will be the introduction of improved machinery into these smaller quarries, thus enabling the quarrymen to compete with the American manufactured article on even terms.

TRADUCING MR. FISHER AND OTHERS.

Recently the Toronto Globe and the Brantford Expositor took occasion to grossly misrepresent Mr. J. H. Fisher, M.P., and other Conservative members with reference to their alleged objection to the proposed deal with the Canadian Northern Railway. The falsehood was promptly nailed. Mr. Fisher (Hansard report) said:

"As a matter of privilege, I wish to draw attention to an article which appeared in the Toronto Globe of yesterday, which, among many other mis-statements, contains the following:

"In addition, there is a strong hydro-electric wing of the Government's support which is said to be bitterly hostile to aiding the Mackenzie project of Ontario, which Hon. Adam Beck has carried on from its inception against the active antagonism of what is called the 'Mackenzie electrical ring,' is given the go-by. This element is said to include Mr. Gordon Wilson of Wentworth, Mr. Donald Sutherland of South Oxford, Mr. William Smith of South Ontario, Mr. W. A. Clarke of North Wellington, and Mr. J. H. Fisher of Brant."

"So far as I am concerned, there is not the slightest foundation for that statement; it is absolutely untrue. I am only sorry Mr. Speaker, that the rules of the House prevent me from characterizing this statement in the language which I would like to use, and which I have already used outside the House."

Mr. Armstrong, during his denial, characterized the statement as a "customary lack of veracity." Mr. Smith remarked that, as far as he was concerned, everything in the article was "untrue." Mr. Walker for himself branded it as "entirely untrue." Mr. Sutherland, during his repudiation, classed it as an abuse of the privileges of the press when representatives of the press sent out, "deliberately and of malice aforethought, despatches which they must know to be false." Mr. Best said that the article was "absolutely untrue," and Mr. Rhodes that it was "absolutely false."

To fight a political opponent as hard as you can is quite in order, but a direct misrepresentation only reflects, as it has in the case of the two papers above named.

NOTES AND COMMENTS.

The Duke of Connaught and Princess Patricia have started from Ottawa on their tour of Western Canada. No man sticks more conscientiously to duty than he.

The death of Senator Gibson of Hamilton serves to remove a most likeable man, one who had many warm Brantford friends, who will extend sincere sympathy to the bereaved in their great loss.

Senator De Boucherville has just celebrated his 92nd birthday in good mental and physical health. Meanwhile Senator Bowell, who is 91, continues to frisk around as usual, while reports from the Old Country state that Sir Charles Tupper, who will be 94 this July, is feeling remarkably fit.

The Borden Government asked certain legal authorities to examine the securities taken by the Administration from the Canadian Northern Railway, and the Premier yesterday laid their findings on the table of the House. They state that every possible safeguard has been taken, and that there are no loopholes in the contract.

The Toronto aldermen are going to visit Atlanta, Georgia, in order to examine a disposal plant, and they will take the jaunt at the expense of the city, namely, \$3,000. Like most Toronto Mayors, who usually take a trip to the Old Land and charge the same to the civic treasury, the councillors are also evidently developing the jaunt habit.

Birthdays of Note

TUESDAY, MAY FIFTH

The Hon. John Nesbitt Kirchoffer, whose appointment to the Senate of Canada dates back to the administration of the late Sir John Thompson, celebrates his sixty-sixth birthday on this date. He was born at Ballyromney, Ireland, where his father was rector, and came to Canada when a child. He settled in Port Hope and took up the study and practice of law, later moving to Manitoba where he was instrumental in founding the Plum Creek Settlement. He became a prominent citizen of Souris and sat for a term in the provincial legislature. In 1882 he was elevated to the Senate and is now one of its oldest members in point of service.

Also born to-day:—Adam Crosby, former M.P. for Halifax, born Belfast, Ireland, 1869. Frederick Dane, Toronto, born Belfast, Ireland, 1891.

CARRANZA HAS UPSET CART

(Continued from Page 1)

partment of delegates appointed to act in an advisory capacity with the envoys, it was believed they would be ready to outline their scheme for mediation of the Tampico deadlock and other alleged offences against the dignity of the American Government in federal territory. Huerta had named his delegates—three distinguished Mexican diplomats—and was expected the American delegation would be chosen. Where the sessions of the mediators would take place had not been determined. Mexico City despatches indicated Montreal might be the scene of the exchanges. In official circles here to-day however, that was declared unlikely. It was believed some quiet New England resort would be chosen. The delegates will have no executive part in the preliminary negotiations. They will transmit proposals of the mediators to their governments and reply to intimations of the length to which both parties would go toward adjustment of differences, that led President Wilson to adopt measures "short of war" for the Tampico front. The envoys of Argentina, Brazil and Chile made known before they resumed their session to-day that they intended to remain in complete charge of the negotiations. That was forecasted in the note to Carranza. The rebel chief was said to have replied to the envoys to-day, outlining his position. Previously he had asserted that an attempt to adjust Mexico's internal affairs was beyond the limit of diplomatic activity, and charged that Huerta deliberately had brought about events that led to the occupation of Vera Cruz.

However the envoys still hoped that happenings of the next few days and the result of the negotiations between Huerta and the United States might serve to remove present obstacles to a general mediation of Mexico's troubles. Huerta's position was declared to be increasingly precarious. Zapata, the southern rebel, according to reports in Vera Cruz, threatened to attack the Federal capital to-day. Velasco, one of Huerta's chiefs in operation around Torreon, was said to have declared he never would direct another battle against the Constitutionalists. He was dissatisfied with the support Huerta accorded him in battles against the Carranza invasion. Plots in the army against Huerta were growing, it was asserted. In many quarters a sudden change in the situation in Mexico City would not be unexpected. However such a development would affect the observance of the Mexican situation.

The influx of Americans into Mexico City from outlying districts continued to-day, and arrangements for their transportation to east coast ports were hurried. Appeals of isolated groups of Americans for military escorts were received by Sir Lionel Garden, the British minister in Mexico City who was co-operating with the Brazilian minister for their relief. The United States consuls at Progresso, Puerto Mexico, Frontera and Carmen were ordered to turn over their interests to French consular officials. That was one of the features of the program of preparations for eventualities. Reports that the Constitutionalists had notified Rear Admiral Mayo that if his vessels attempted to enter the Pancho River at Tampico, burning oil would be let loose upon the town, excited no comment here. It was believed, the American officer would not be compelled to make any aggressive move and would await the gradual reduction of the Federal garrison by an embargo on food supplies. Consul Canada at Vera Cruz notified the state department to-day that the foreign consuls had arranged to send messages to Mexico City once a week.

Reports of a speech made by Gen. Villa at a recent banquet in Chihuahua, stated that the rebel military leader reiterated declarations of alliance to Carranza. He asserted that he would ask no favors for himself at the triumph of the revolution.

SUNDAY IN THE LOCAL CHURCHES

Inspiring Services Throughout City—Helpful Sermons.

P.S.A. BROTHERHOOD.

A splendid meeting for men was held in the Congregational church Sunday afternoon under the auspices of the above named society. After the president's opening remarks the audience then listened with interest to two splendid solos, given respectively by Messrs Sharman and Anderson. The speaker for the afternoon was Mr. C. Tapscott. His subject was "The Christian Life of Abraham Lincoln." The time did not allow for him to give full details of his life, but he gave the meeting simply a rough outline in a very able manner. It was the wish of the meeting that he give the whole of the address in the very near future. A member of the Toronto Brotherhood addressed the gathering for a few minutes, wishing them success in their brotherhood work. The orchestra was out in good numbers and rendered first class music.

SYDENHAM STREET.

The largest sacramental service that has been held for several years was partaken of in Sydenham street church Sunday. Twenty-seven new members were also received into church fellowship and eight were baptised. The service was a most impressive one and was conducted by the pastor, Rev. A. I. Snyder. There was a large attendance also at the evening service. Union fellowship was celebrated at 7 o'clock. Mr. Abe Goodwin addressed a large attendance at the Junior League at the same hour. There were 202 present at the Sunday school session. The music for the day was extra good.

MARLBORO ST. CHURCH.

Two excellent services were held on Sunday in Marlboro street church. In the afternoon Rev. D. T. McClinch, on behalf of the Sunday School Association presented the school with a prize banner for having a possible 100 per cent of its officers and teachers present at the last session of the Sunday School Convention, recently held in Wellington St. Church. He also referred to Mr. Greet's Adult Bible Class, who also on this occasion created such a good impression by only lacking one in attempting to reach the 100 per cent mark by way of class competition. The speaker congratulated the school for the great progress made in so short a time, and the baby Methodist Sunday School of the city, yet strong and robust, and in a growing condition.

Mrs. Chrysler of Wellington Street, Church, addressed the members of the school in her usual forcible manner, which was much appreciated. The evening service was in charge of Mr. Jno. Greet, who preached an excellent sermon from Isaiah 40, verse 38 "Hast thou not known? hast thou not heard, that the everlasting God, the Lord, the Creator of the ends of the earth, fainteth not, neither is weary." Among other things, the speaker said "That God's work was perfect in every particular. His power was seen in creation, in nature and in all his handiwork. He made the earth, created man, and brought into existence those forces and conditions of things necessary for the good of his people. God promises never fail, and his purposes will be fulfilled. God neither slumbers, nor grows weary. The eyes of the Lord are watching his own people, but the face of the Lord is against them that do evil."

Mr. and Mrs. Telfer sang a duet, and the choir rendered an anthem very suitable for the occasion, with good effect.

COLBORNE ST. METHODIST.

The quarterly services at Colborne street Methodist church are always occasions of interest and profit. Sunday was no exception. The fellowship service was much enjoyed. At the following service a very large number partook of the sacrament. Twenty-six members were received into church fellowship, and two children baptised. Mrs. Leeming sang a very appropriate number from Handel's Messiah, "He Was Despised." At the evening service the pastor preached on "More than conquerors," Mr. J. A. Martin sang a solo with fine effect.

SALVATION ARMY. The different services at the S. A. Citadel Sunday drew exceptionally large crowds. At the 3 o'clock service 12 men and women who recently have been converted and signed articles of war, were enrolled and received the hand of fellowship. The service was very impressive. The adjutant's words of welcome and his charge to the

new recruits had a telling effect. Among the newly enrolled soldiers were a couple of men who, until a few months ago, were drunkards, but under the influence of the S. A. meetings, were led to renounce their lives of sin, and yesterday was perhaps the happiest in their lives when they were sworn in under the colors of the Army.

The evening service was preceded by a monster open air meeting and street parade. The sacred airs of the splendid citadel band drew a large crowd and many favorable comments were passed upon the fine appearance and marching of the soldiers as they paraded to the citadel. The subject at the indoor service was "Another man's wife," and was dealt with by Adjutant Hargrove in a most interesting and able manner. Besides the selections by the band and songsters, Mrs. Hargrove sang a solo entitled, "The Nail Pierced Hands." At the close of the service a number went forward to the penitent form. On Thursday night the young people of Wellington St. Methodist Church will present the Haymakers Cantata, in the Victoria Hall, proceeds in aid of Salvation Army work.

Awards Made. The awards in the arbitration cases of John Clawsey and Mrs. James in connection with the L. E. and N. Railway expropriation of their right of way in the Holmedale, were given yesterday. John Clawsey received \$1,807 for his property taken and the damage, having asked for \$5,000. Mrs. James will receive \$1,350, having asked for \$3,500. The railway company took up both decisions.

Comes a Tribute to Dodd's Kidney Pills.

William Nash, Well-known Farmer, Tells How They Cured Him After Two Years' Suffering. MARCHBANK, Kinks Co., N. B., May 4.—(Special.)—After two years' suffering from Kidney Disease, William Nash, a well-known farmer here, is a well man and, like many another in this neighborhood, he is shouting the praises of Dodd's Kidney Pills. "My trouble started from a strain," Mr. Nash says, "and for two years it gradually grew worse. My appetite was fitful, I had dark circles around my eyes and my skin had a harsh, dry feeling and itched and burned at night. I was troubled with headaches, cramps in the muscles and stiffness of the joints. Rheumatism finally developed and I was a sick man generally, when I decided to try Dodd's Kidney Pills. They helped me almost from the start, and two boxes cured me."

Dodd's Kidney Pills simply cure sick kidneys. They cured Mr. Nash because every one of his ailments is a symptom of Kidney Disease. Anybody who has any two of these symptoms needs a Kidney remedy, and the greatest of all Kidney remedies is Dodd's Kidney Pills.

### The Brighten Up Creed

To Brighten Up myself—to be optimistic, cheerful and good natured.  
To Brighten Up my home and spread the Brighten Up spirit among my neighbors.  
To Brighten Up my business and take pleasure as well as profit from it.  
To Brighten Up my town and promote its social, industrial and commercial progress.  
To promote the love of Nature, sunshine and fresh air.  
To adopt Brighten Up as my slogan.

Make Brantford more beautiful, more healthful, more progressive, more livable. Let's stimulate business and civic pride. Let's make ourselves better satisfied with our own hearths and our own little city. Let's be "All Together" in this big "Clean Up and Paint Up" campaign and Boost!

Just see what a difference a little paint will make in that store front, porch, verandah, window sill or garden fence.

See how easily you can transform that front lawn, back yard, and alley into your own little beauty spot, that will radiate good health and happiness.

Then here's the cellar that's virtually crying for broom and whitewash brush. The garden gate that probably only needs a few nails and a strip of wood and the weather-stained front door only a little varnish.

Get out your brooms, your brushes, your rakes, your hoes, and see what a difference you can make in your home; see what a really beautiful, livable city we can make out of our own little Brantford. But much of the work cannot be done single-handed. If there is some improvement about your home or store that you cannot

accomplish yourself, just let us know about it and a corps of eager citizens will soon be around to give you assistance.

And in this respect is needed your own personal co-operation—the co-operation of every man, woman and child in Brantford.

Adopt a schedule of your own and see just how cleaning up will do. Watch the effect you will have on your neighbor.

Start something for a more beautiful, more healthy and a happier city.

### BRANTFORD CYCLISTS WANT TO RIDE ON SIDEWALKS

One of Several Fined by Magistrate Proposes Petition to Repeal Prohibitory By-Law.

BRANTFORD, May 5.—On Saturday evening eight cases were brought up for trial in the court house before Magistrate T. S. Rutherford by information and complaint of D. C. Hamner. The following persons were convicted of riding bicycles on the sidewalk contrary to the by-law: Arthur Swain, E. Robertson, Stewart Wright, Leslie Read, G. Harold, Charles Wilfred Poole, F. A. Miller, and Charles Douglas. Each was fined \$1 and costs.

Mr. Douglas suggested that a petition should be signed by a number of prominent citizens and presented to the trustees asking for the withdrawal of the by-law. Various opinions are held about the advisability of allowing bicyclists to use the sidewalks. Of course the majority of cyclists are careful and do no harm, but on the other hand there are the reckless and careless riders and a case mentioned of children being run into and knocked off the sidewalk in the village recently. According to the by-law persons are forbidden to ride on the boulevards.

### SAM STEWART AND HIS TROUBLES

Former Brantford Alderman Mixed Up in Intelligence Bureau at Hamilton

The internal troubles of the Ontario Intelligence bureau, which were investigated in Brantford not long ago, were once more aired in the Hamilton police court, when S. R. Stewart, formerly an alderman of Brantford, charged his partner, William Webb, with stealing six dollars. The theft took place on Saturday, he said but Webb paid over the money before court this morning, and Stewart was very backward about giving evidence.

"The case has been settled," said Stewart to the Magistrate.

"You cannot settle a criminal case out of court; go on with your story," Stewart started to beat around the bush and wander away from the charge.

"How many drinks have you had this morning?" Crown Attorney Washington asked.

"I have not had any—only one," was Stewart's reply.

"Mr. Stewart, you know the story you told me when you laid the charge. You had better give evidence, or you leave yourself open to a charge of perjury."

Stewart then told how Webb had taken \$6 Saturday's receipts, and promised to hand them over Saturday night, but did not do so.

Webb claimed that he was still a partner in the firm, and was as much entitled to the money as Stewart. He admitted inserting an advertisement in the papers giving publicity to the fact that he had withdrawn from the firm. He said that under the agreement he could not withdraw without giving a month's notice.

"I find you guilty of theft," said the magistrate, "but I am going to let you go on suspended sentence. You are the last man on earth to pay six dollars if you thought you were entitled to it."

### BRANTFORD MAN'S BODY HELD FOR A BOARD BILL

But Undertaker Peirce Gets Possession When Police Step In.

DETROIT, May 5.—Frederick Brooks, 43 years old, employed at the Ford motor plant as a body painter, and who formerly lived in Brantford, Ont., died of pneumonia here yesterday at the home of Mrs. Vera Northrup, where he had boarded for the past six years.

Yesterday Thos. and Dean Brooks, brothers, arrived to take charge of the body, but Mrs. Northrup refused to surrender it on the ground that it was a chattel and she proposed to hold it until certain moneys due her for board were paid. The brothers appealed to the police department, and Detective Ellenstein was sent to the Northrup house and acted the part successfully as arbitrator, the corpse being turned over to H. S. Pierce, a Brantford undertaker, in the afternoon for burial.

Brooks had a wife and four children from whom he separated 6 years ago. They are now living in Toronto.

### POLICE COURT NAMES

Magistrate Jelfs of Hamilton Threatens to Take Space Rates and Put Them In

Magistrate Jelfs of Hamilton yesterday scored the Hamilton newspapers for suggesting names of certain defendants in the police court. His Worship believes that publicity and fear of publicity, means crime prevention.

During the hearing of an assault case yesterday, the Magistrate asked the Crown Attorney:

"Don't you think the press should be excluded from this case?"

"Oh, I don't know," replied the general prosecutor.

"Well, I don't see why not. There was a case just similar to this up last week and all the papers withheld the names. Now, the papers always put up the excuse that they want to give the public current information. In that case the name of the defendant was not used."

"Now, if that happens again, the papers will not be able to come to me and ask for admittance to my trials on that ground."

"Moreover, if it happens again, I shall take space in the papers and advertise the exact conditions that exist." With these remarks the magistrate proceeded with the case, permitting the press to remain.

Local News

Softball Teams Meet. The Dufferin Rifles Softball team will oppose a team from Good, Shipley and Muir's on the Recreation Park to-morrow night at 6.45. All signed players are asked to be on hand, and a good game is anticipated.

Bill for Road Roller. A bill was forwarded to the City this morning for \$2,900 this being the cost of the new road roller purchased from the Waterous Engine Works. The roller cost \$3,200, but the company allowed the city \$300 for the old roller.

In Regina, Not Berlin. In the advertisement of the Times-Tribune in Friday's Courier, it was stated by error that the firm had a branch in Berlin. It should have been Regina. The firm's other branches are Hamilton, Edmonton, Brantford.

New Horse for Patrol. The Police Commissioners have decided to make a change of horses for the patrol wagon. The old black horse which has for the past number of years done good and faithful service for the department is to be turned over to the Parks board. A new bay horse has been purchased from Mr. Leslie Anguish and will be tried out this afternoon.

One Smallpox Case. Fred Pearce, who resided at 340 Dalhousie street, and was employed in the packing department of the Massey-Harris Co. is in the smallpox hospital in Mt. Hope cemetery. His case is a very light one, but fellow employees in his department have been vaccinated. Medical Health Officer Pearson does not anticipate any outbreak.

They Get Increased. In the Commons this evening, the third reading was given to Hon. L. P. Pelletier's bill providing for increased salaries for certain classes of post office employees. An increase from \$500 to \$600 is made in the minimum salary paid to clerks in city post offices. In the offices of post office inspectors, in offices of superintendents of railway mail service and in the money order exchange office, wherever in the past there has been provision for an annual increase of \$50, this shall in future be \$100. Further, if the salary of any temporary or permanent clerk in these offices was upon the first of April last less than \$600 it is forthwith increased to that amount.

Obituary

Late Jacob Misener. Jacob Misener, an old resident of Brantford, passed peacefully away yesterday at the residence of his son Barton, at White School House. The deceased, who suffered from bronchitis, had reached the ripe old age of 78 years. Born in Ancaster, he had lived all his life in Brantford, and was as well known as a farmer as there is in the district. Always a staunch Baptist, he belonged to the Settlement Church, and he was a member of the United Workmen. He could tell many stories of the old pioneer days, in which he took an active part. The deceased is survived by his wife and two sons and a daughter, besides two brothers and sisters. His sons are Jesse and Barton, while his daughter is Mrs. B. Burch of Newport. The brothers who survive are Barney of Mount Pleasant and Emmerson of Smoky Hollow, and his sisters are Mrs. J. Messecar of Scotland, Mrs. W. Miller of Simcoe and Mrs. B. Smith of Simcoe. A circle of friends almost numberless sympathize with the relatives in their sad loss.

The funeral will take place on Wednesday to Mount Hope Cemetery.

Late Arthur John Smith. A sad death occurred on Terrace Hill when Arthur John Smith, aged thirty, passed away yesterday, and left to mourn his loss a wife and three little children. The deceased, who was born in England, will be missed by a large circle of friends. The funeral will take place on Thursday from the late residence, 30 Kennedy street to Mt. Hope cemetery.

Born in Ancaster, he had lived all his life in Brantford, and was as well known as a farmer as there is in the district. Always a staunch Baptist, he belonged to the Settlement Church, and he was a member of the United Workmen. He could tell many stories of the old pioneer days, in which he took an active part. The deceased is survived by his wife and two sons and a daughter, besides two brothers and sisters. His sons are Jesse and Barton, while his daughter is Mrs. B. Burch of Newport. The brothers who survive are Barney of Mount Pleasant and Emmerson of Smoky Hollow, and his sisters are Mrs. J. Messecar of Scotland, Mrs. W. Miller of Simcoe and Mrs. B. Smith of Simcoe. A circle of friends almost numberless sympathize with the relatives in their sad loss.

The funeral will take place on Wednesday to Mount Hope Cemetery.

Late Arthur John Smith. A sad death occurred on Terrace Hill when Arthur John Smith, aged thirty, passed away yesterday, and left to mourn his loss a wife and three little children. The deceased, who was born in England, will be missed by a large circle of friends. The funeral will take place on Thursday from the late residence, 30 Kennedy street to Mt. Hope cemetery.

SUNDAY BALL! WELL WHAT DO YOU THINK ABOUT IT?

In the Canadian League this year there will be Sunday games at Hull, Quebec, and Erie, Pa. In fact, Sunday exhibition games have been played already, the Brantford Red Sox having participated at Niagara Falls, N.Y., on Sunday last. There is no necessity of giving the score. Brantford won. There was a home run, and all the rest of it. There was a good crowd present. It is the principle of the observance or non-observance of the Sabbath that seems at the present juncture to make a live subject of discussion to Brantfordites, who are not used to such things.

Canada has one game, namely, golf, which may be played on Sunday with legislative sanction. In other words, it is legal. Golf in Canada is participated in, not by the common multitude, but by those in superior circumstances of life and calling. It is a great game and a noiseless one, but nevertheless it is a game having all the hazards, freaks, etc., and requiring skill, the same as any other pastime. Crowds have been known to watch it, and even cheer, as, for instance, the exhibition given when Vardon and Ray were beaten by Quimet. So much for golf. It is played because it affords recreation and is health-producing. It is not much worse for a man to play golf on Sunday than a man to go out for a walk on Sunday carrying a cane with which, as he strolls along, he endeavors to knock the heads off dandelions which grow in his path. He is getting exercise, fresh air, and he may enter into a competition with a fellow pedestrian in the dandelion business.

Baseball on Sunday, however, attracts spectators, and noisy ones. These spectators enjoy exercise, although the latter is differently constituted from that of the golfer. The baseball fan exercises his lungs, he breathes the fresh air, enjoys the sunshine and forgets his troubles, just the same as a golfer. But he makes noise. Apparently, in Quebec and Erie, Pa., noise isn't considered a breach of the Sabbath, and ball games may be played with impunity.

The writer wouldn't stop playing golf on Sunday if he could, but holds that the distinction between Sunday ball playing and Sunday golfing is a pretty fine one. Both games probably attract people from the observance of their proper religious duties, and this is all that can be said against such Sunday recreation. It is not sinful in itself—at least, that is the modern idea—but its influence is baneful. But, for that matter, the motor craze, Sunday bathing, picnicking, and various other outdoor activities have the same effect and influence. It is the Sunday recreative spirit in evidence, under the guise of individual liberty, while baseball is collective.

The above is written not in justification of the Brantford Red Sox who will play Sunday ball outside of Brantford, and play it legally, if not righteously, but merely to point out that for certain crimes there are alleviating circumstances, and Sunday baseball belongs to that category. There are many who hold that Sunday golf, in a country like Canada, is class legislation.

Sport Comment

Rube Deneau hasn't found his batting eye yet. We remember a Hamilton game once when Deneau didn't get a foul for eight innings and then made a clean-up hit which won the game.

The Strollers of Toronto, strolled into Hamilton and walloped the Canadian League athletics. We hope Hamilton won't get the London habit of calling a director's meeting between innings to probe the cause of the trouble.

When Hamilton gets beaten a few times, it will be well worth while if that crab salad poet on the Spectator is silenced.

Our personal column—President Nelson and his band of athletes visited the Horseshoe Falls on Sunday. The Red Sox won.

Secretary Bobby Kerr telephoned President Nelson yesterday that there would be quite an automobile parade from Hamilton on Thursday and the regular Brantford parade would be swelled considerably. The City Council will assemble at Victoria Park at 2.30 and the procession will be headed by the Dufferin brass band as usual. The players of both teams will ride in autos over to the ball park, and the opening proceedings will be brief. Mayor Spence will pitch the first ball, and Mayor Allan of Hamilton will do the receiving. After that it will be "play ball" for scalps, because it must be remembered that our team this year has been officially nicknamed an Indian outfit.

Manager Deneau will dispose of Chubby Goose. In all likelihood this popular Red Sox will be seen in a St. Thomas uniform this year. If Goose is played at first base regularly he should develop into a star.

BARRY AMONG THE LEADERS

F. Zimmerman of Newark is ahead in the International league, batting .283. Then come Tooley, Newark, .263; Daniels, Baltimore, .260; O'Hara Toronto, .248; Barry, Jersey City, .212; Straß, Jersey City, .200; Schultz, Rochester, .181; Vaughan, Buffalo, .164; 176K, Toronto, .157; Bues, Jersey City, .150. Newark leads in batting with .287 and Jersey City is next with .283.

FEDERALS SHOW UP OPPONENTS

CHICAGO, May 4.—In the first real test of popularity between organized baseball and the Federal league here Saturday, the independent organization won easily by a score of two to one or better. The Chicago Cubs, playing St. Louis, drew an attendance estimated at 7,000, while the Federals, with Pittsburg as opponents, played to easily 15,000 persons. Conditions were ideal for baseball and the two home teams, both in the second-division, were facing tail-end opponents.

Last Sunday with cold weather, the Cubs played Pittsburg, the league leaders and drew 12,000. The Federals, playing Kansas City, away down in percentage had 20,000. The Cubs opened to 7,000, while 25,000 witnessed the first game of the Chicago Federals.

Opening Day Will Not Be a Holiday, But a Hummer Just the Same

There will be no officially declared half-holiday for the baseball opening on Thursday. This was announced by Mayor Spence last evening. The Mayor took this view of matters: While there were many who could afford to lay off work and enjoy all the thrills of the "opener," there were many who could not afford to do so, men with large families depending upon them, who had to put in every hour they could, and who were already working on short time. It would not be right to impose upon these men a half-holiday, not of their own choosing, and at the same time doing an injustice to their families. The fact of the matter is, there has been too much relief work in the city to warrant cutting down the hours of labor just now by official proclamation. The Mayor said he would do everything possible to promote the success of the Brantford Canadian League team, and he hoped all the aldermen would be present on Thursday to give the team a good send-off. He also trusted that the team would receive well-merited support and patronage during the whole season.

From the outlook, the same Opening Day procedure will be followed this year as last. The majority of the stores will close at 3 o'clock and will re-open after the game. Some of the factories may lay off without any official proclamation, but for reasons of their own. Fans galore who can get away from work without inconvenience will doubtless do so. Last year there were over 2,700 paid admissions, and a half-holiday was not declared. With a fine day on Thursday there will be plenty of people over at the park to cheer the Red Sox, and it is just possible that last year's attendance record will be broken. It was a record, it might be stated, for the entire Canadian League. Let's see if Brantford cannot break it this year, and, with all their talk of half-holidays in London and Hamilton and other places, show the baseball world that this is the premier sporting town of the province.

Red Sox in Burlesque Game at Park Monday

Duff Slein Was Out and May Catch a Place On The Team—Doings Behind the Dyke

The Billy Allen Musical Comedy Company opened their engagement at this city yesterday afternoon at Agricultural Park and with the assistance of Chief Deneau and his band of Red Sox managed to create enough amusement, for the crowd of some couple of hundred baseball fans, who gathered to see the game to warrant them packed houses for the remainder of their engagement.

It was some farce, it couldn't be called a ball game. Indeed the practices which the Red Sox have put up this season were much better. It was comedy from start to finish and with the aid of Messrs. Connell and Chase they managed to score five runs in the nine rounds. The game was so bad up to the fifth innings that Manager Deneau gave the comedians a battery, "Chubby" Goose and LeCroix going in to help them lose.

The best part of the game was seeing Mr. Clark advance agent and competent person in the neighborhood of two hundred and fifty pounds, hit the ball and run. It was rumored amongst the pretty maids of the company who were out to cheer their pets, that this Mr. Clark was once a ball-player before he took on avoidupose. At that, in all seriousness he was the best player on the team. He actually

Who's Who In Sport

Fred Hubert—Fred's smiling face was first portrayed in the sporting columns in Brantford, where he was one of the men behind professional lacrosse when the pastime, which originated at the early Indian massacres, was booming in Dykeville. Freddie never played that game but he has won considerable fame at various times as a curler. He curled on the ice but never attempted to curl his hair, Frederick being among the missing when nature was sowing the capillary seeds around the domes of the great men of the generation. He is a lover of good horses and has done much financially to improve the thoroughbred sport in Canada. The first time he gained sporting fame in Hamilton was when he was lucky enough to be on a rink with some real lawn bowlers who carried him along far enough in the tournament to enable him to have his picture in the paper—with the rest. He is one of Isaac Walton's most favorite disciples, and only the action of the board of health prevented him from converting his lots on Princess St. into a trout pond.—Hamilton Spectator.

The comedians scored all their runs for Chase who eased up and let the fielders work. Three came in the seventh and one in the eighth and ninth. The final score was 10 to 5 in favor of the Red Sox.

Henry Gero, star pitcher of the Red Sox officiated in the capacity of umpire and gave his decisions very impartially whenever he had a chance. Nevertheless leaving all comedy aside it was a fairly good work-out for the Red Sox, and kept them working all the time.

## One End Is Inevitable If Principle Is Lacking

DEAD, by his own hand, the clever, erratic man of genius, who was too clever to be just plain good. Too clever to be just plain loyal. Too clever to be just plain decent.

The only one who came to fold his hands upon his breast and see him decently laid in the kindly, all-forgiving earth is the wife he scorned and then she said:

The woman he left her for was too busy to be bothered.

The other woman who dragged him away from the second woman—they say she gave a party on the day of the man's funeral.

What an easy story it is to tell—the story of the man without the anchorage of principle. It always ends the same way. There's never any surprise in it.

He had the yellow streak—the man who committed suicide the other day. I wonder if he realized it and if that is why he couldn't stand it to live any longer.

Would there have been any use in trying to help him get rid of the yellow streak? Perhaps if one had begun when the man was young. But it grows with what it feeds on—the streak of yellow.

### Called it "Courage."

This man was a professor in one of the great colleges of the country. His lectures were so brilliant that his class room was always crowded to the doors, and every word he said was caught up and passed from mouth to mouth as a sort of message to the world. He was idolized—almost worshipped.

And then—he met a woman. Oh, he had a wife, a good wife and a true wife, but that didn't make any difference to the other woman—or to the brilliant professor.

He wrote a lecture about it. He believed in freedom, he said; he was a free soul and so was the woman who wanted to take him away from his wife; humanity had been crippled with shackles long enough, he would not wear them another hour. And so he broke them off—the "shackles" of principle and of honor and of fidelity—and he went away with the other woman and left his wife.

He didn't sneak away—there's that to be said for him. He didn't try to hide his "romance"; he blazoned it across the face of every blank wall in the country—he put out a placard and told all who ran to read—and if he could he would have written his story with a torch upon the open sky.

And many of those who loved him and believed in him were thrilled by his "courage." And many envied him the freedom of his soul; and many said, "So will I do when my turn comes to live."

### Is the Woman Free?

But these were all young, very young. The older ones sighed and looked wistful, and said nothing at all.

And then there came the third woman—there always does seem to be a third, doesn't there, and oh, so often, a fourth and a fifth. And the second woman was not so tolerant as the first, and there was trouble; and the man's brilliancy could no longer hold him a position of trust or honor, and he was poor; and he was sad—he whose heart had beat so high with happiness. So he died—alone—by his own hand.

And the only one to find him decent burial was the woman whom he had deserted and humiliated—so that he might be "free."

Is she free today, that woman of noble soul. I wonder, or does her tired soul call to her from the grave of the man who broke her heart—because he thought himself too clever and too free to be honest and to be loyal and to be true.

## Newest Chic Mantelets

By Madge Marvel

UNTIL the cunning little shoulder-capes were revived this spring, the present generation knew the "mantelet," as the manteau, or mantelet, was familiarly called, only by name, or as it was shown in some old-time picture.

Thirty years ago no wardrobe was complete without the shoulder wrap of silk, velvet, cloth or lace. Sometimes it was of the same material as the gown, when it formed what is now known as the "three-piece suit."

More often it was developed in some contrasting stuff and color which made it more useful, for it could complete a wardrobe.

Changeable taffetas and taffeta brocades are also used, and there are attractive innovations in the manner of trimming and combination of materials which make the mantelet one of the really new and delightful style fancies of the season.

Two imported models are shown in the illustrations.

The manteau becomes in one of these more a blouse than a wrap. It has an inner vest of tulle, and the garment itself is of black Chantilly lace over rose-pink silk. It is bordered with black tulle ruching. If lace is not favored, this attractive little blouse may be made of the new brocade silk, which will form a charming contrast to a plain black taffeta skirt.

The kimono sleeve appears in the cape-wrap which is cut in scallops. The original model was of rose taffeta with the little revers in oriental embroidery and the scallops edged with black tulle ruching. The ruching can be easily omitted and the scallops bound with a bias silk strip or finished with a cable cord in the same or contrasting silk.

## THE MAN IN THE MOON

By Michelson

GENERALLY there isn't much use looking for him unless the moon is all there. But there are times when you can see him even with a fragment of the moon in sight. It may depend on your having been with him most of the evening. In such cases the man is known to have been plainly visible when you couldn't see the moon at all—when he has been known to have wandered off distractedly to the Dipper, for example.

Such cases are very serious cases. Sometimes they are quite incurable. When you begin SEEING THINGS in this way you may know that, whether the man is in the moon or not, YOU are in LOVE. And when this malady gets started in May it is extraordinarily difficult to cure.

## Aatice to Girls

By Annie Laurie

Dear Miss Laurie: Every night when my fiance comes some of my brothers come in. He tells me children make him terribly irritable, and so he gives them money to stay outside.

Do you think I could be happy if I married him, even though he may love his own children very dearly? He offers me every worldly blessing.

ISOBEL

WELL, Isobel, I'd think a while before I married a man who says that children make him terribly irritable.

I know very nice people who do not like children—some of the finest men I know—yes, and women, too, are bored to death when they have to have children around—but I have always noticed that people of that sort are quite apt to be selfish and egotistical, and I have often wondered if that wasn't the reason they didn't like to be "bothered" with children.

I should be just the least bit afraid that that flavor of mine might some day be "bothered" with me—just because he had things of his own he wanted to think about and didn't like to have me always breaking in with my own ideas.

Such a man as that might love his own children very dearly—most egotists do love their own children. Didn't you ever notice that there are some men who think that anything belonging to them is just a little bit better than anything belonging to any one else on earth?

I used to think that no man who was kind to dumb animals could ever be unkind to human beings, and the other day a man who can't pass a dog in the street without stopping to pet him robbed a savings bank of the money belonging to hard working men and

women and ran away and left his own family of little children without a penny in the world or a soul to take care of them.

So you see, Isobel, you can't always be perfectly sure, can you? If I loved the man and wanted to marry him, I'd marry him if all the brothers in the world told me that they hated the sight of him.

And then if he turned out to be what my brothers always said he was, I would take my medicine and make as few unpleasant faces over it as I could possibly manage.

Annie Laurie

Miss Laurie will welcome letters of inquiry on subjects of feminine interest from young women readers of this paper and will reply to them in these columns. They should be addressed to her, care this office.

## With the Bark On

No man can be truly rich who has never been really poor.

The boat that drifts must go with the stream.

There is much in a name. A family patronymic has given many a worthless man a standing in the community.

With all the wealth that Ceresus had he never knew the comforts of a modern \$60-a-month flat with steam heat, hot water, gas range—and a janitor.

The strong-minded women who resolve not to say "This is so sudden" never get the chance to make the remark.

The quality of the liniment does not matter when it is to be applied to a knot in a wooden leg.

The man who starts out to "see life" often sees what causes death.

The mile you walk seems longer than the one you ride.

You might as well be hoist by your own petard as by the other fellow's, and there must be some satisfaction in having one about the premises.

There are limitations even to the use of a halpin when handled by a clever woman. It will not serve for a snow shovel or for paying gas bills.

The way to keep a secret secret is to keep it secret.

It may not pay to be honest, but it does not always pay to be dishonest.

The polish on the cases may not help the tone of the piano, but it helps the salesman dispose of the instrument.

Of course, the worm may turn, but even then it hardly becomes an important factor in civilization. It makes little difference which way the worm is headed.

## Secrets of Health and Happiness

## What "Charley Horse" Is; More Play the Remedy

By Dr. LEONARD KEENE HIRSHBERG

A. B., M. A., M. D. (Johns Hopkins).

A GAME of baseball is both an abomination and a blessing. To those who play it, it is Ponce de Leon's Fountain of Youth. To those who idly look away an ill-spent afternoon looking at it, instead of playing it, it is a Jonah, a hoodoo, a plague spot, a thorn in the side, a wrong unredressed!

In other words, every fan, bleacherite and patron of "the great American game," who trolleys or autos to the ball park, rides up in an elevator or otherwise climbs into a seat on a beautiful balmy, sunshiny afternoon, there to ensconce himself for two hours, is actually adding avoirdupois and beef fat to his anatomy.

This is storing up both fat and trouble for a stormy day. Like Mabeth's ghost, every afternoon which should be spent in ball play and other sweat-making exercise, thus wasted in a grandstand or a bleacher seat, will rise up to haunt you in later years.

Tollers in the fields, pavers in the streets, muscular workers at hard labor, as well as the sick, the old and those overworked physically, are exceptions.

Baseball Very Beneficial.

One afternoon a week spent in this type of spectacular, American lapsed, tryst, secret, stonier or other quiet, indoor worker, who views a baseball game, instead of playing the same himself, will ultimately and inevitably pay the penalty of this encouragement of muscular degeneration.

"Quit your kidding, doctor," said my friends, Hucley Jennings, John McGraw, Joe Kelly and Wilbert Robinson, when they heard this. Yet it is absolutely the best physiological counsel. This very quartet, eternal youths that they are, bear out my teaching.

Nor are girls and women any exception to the rule. There is no doubt in the wide world but what Mary, Jane, Edna, Louise and Clara would all be the "better," mentally and bodily, if they played baseball three or four times a week for two hours a day.

"Charley Horse" is the tiresome trifle which has lured many a promising girl and man candidate away from the free field and no favorites of the baseball sphere.

"Charley Horse" is the picturesque term applied to all the aches, pains, soreness and quins of the flesh which ensue upon the first few trials on the sassa. In the field, at the plate or in the pitcher's box.

Continue to Play.

The unusual exertion, the odd twists, turns, kinks and gyrosopic spins given to the flesh and blood so stretch and pull the parts from their ingrown, vegetative positions that a stiffness and soreness result.

This racks the body fore and aft. You must submit, now, to the tender mercies of the torments thus begun.

What to do? If this be "Charley Horse," how may you make the most of it? The answer is obvious. Like a spavined or a runaway horse, if you let it alone, it remains pretty bad. If you attempt to stop it, you are just as badly off.

Evidently, only one proper course is open to the victim of "Charley Horse." That is to wit, to continue to play. The cure is homeopathic; theory is bound to find many things to fit—namely, to work out the pain by producing more pain.

Answers to Health Questions

R. C. S.—What is good for weak lungs?

Everything that aids in the cure of tuberculosis will make your pain fresh and have sound lungs. Among these are sleep and exercise, good, rich, fatty, nutty foods and plenty of them, with eggs and cream, oils, butters and lots of sunlight.

ADMIRER—Am bothered with heart pains and that stuffy feeling. Also what is good for a 5-year-old child, thin and emaciated.

There is nothing wrong with your heart, but your alimentary canal needs cleaning. Take buttermilk between your meals, and drink 10 glasses of water every day.

This child needs some fatty meats, candies, chocolates and fresh fruits. Give him a cod liver oil, but be sure it contains no alcohol.

Mr. H. S. de R.—(1) What is a good brain tonic, or food? (2) What is a good wash for inoperable cancer of the larynx?

(1) Good, wholesome food, new studies and muscular exercise. Pressure to the back of the palate tones up the brain. (2) The alkaline, antiseptic powder or boracic acid.

## Meanings of Odd Names

THOSE who are apt to regard with derision the Archbalds, Adolphuses, and Marmadukes of the aristocracy, real or otherwise, will learn with surprise that such high-sounding names have equally impressive meanings. The name Adolphus, for instance, means "noble hero," that of Archibald "extremely bold," while Marmaduke can pride himself upon being "a mighty noble."

It will interest Edwin's sweetheart to learn that his name means "gainer of happiness," while Aubrey's is a "ruler of spirits," though exactly what spirits is not stated. How Giles came to be a human being is not quite easy to understand, but the meaning of Hillary, "cheerful, merry," is, of course, quite obvious.

And then if he turned out to be what my brothers always said he was, I would take my medicine and make as few unpleasant faces over it as I could possibly manage.

## Useful Hints for the Housewife

By Ann Marie Lloyd

RHUBARB is such an everyday commodity that scarcely any one stops to consider how it is produced so abundantly at this period of the year. Rhubarb is at its prime, in a natural, outdoor state, during the months of May, June and July.

Unlike most plants, rhubarb flourishes best in the dark. In a natural way, when the plant is growing in the open ground, it early develops enormous leaves, which completely shade the root, thus enabling the stalks to grow in comparative darkness. Certain species of this plant attain quite a large growth, some of the stalks being as much as four feet in height and five inches to seven inches in circumference at their base. The leaves of this variety often measure two feet to three feet in diameter.

If you have fear of moths being in a carpet or rug spread a wet bath towel over the place and iron dry with a hot iron. It will kill moths and eggs.

To insure the best results in coffee making, thoroughly wash and boil the coffee pot after each using, adding a bit of baking soda to the water. Rinse and dry and air by leaving the cover up. Half the bad coffee may be traced to carelessly washed coffee pots. Cold coffee should be strained off the grounds and never left standing in the pot.

Oily bottles are almost impossible to clean in ordinary washing. If the bottles are filled with ashes and placed in a pan of cold water which is heated gradually to the boiling point and then kept simmering half an hour and the bottles allowed to remain in the water until they are cold, the ashes emptied and the bottles washed in soapuds, the oil will have disappeared and the glass be perfectly clean.

Wellwater

The Yankees breezed into second place which is some height for the American League team from the big city.

Burns, the Detroit first baseman is going along good. He had three hits yesterday.

St. Louis Browns are also going a dizzy pace which looks like a reversal of form. They beat the White Sox 1-0.
