Acadia Dramatic Society

Give Splendid Performance at Opera House

The Opera House was crowded on Monday evening with an audience that thoroughly enjoyed the splendid entertainment presented by the Acadia Dramatic Society. This society has put on several plays during the past few years, but never has the acting been better than on Monday evening when the play was "A Private Secretary", a farcical comedy in three acts. All the parts were exceedingly well taken but special mention should be made of William Miller and Gordon Goucher who acted difficult parts in a very creditable manner. The play was directed by Miss Evelyn Smallman and Miss Leah Whidden, who are to be congratulated on its success. The cast of characters was as follows:

Douglas Cattermole ... Arthur Brown '24
Mrs. Stead (Douglas' landlady) ...
Jean Walker '24
Sydney Gibson (a tailor) ... Cecil Lewis '22
Harry Marsland ... Harrison Goodwin '24
Rev. Robert Spalding ... William Miller '22
Mr. Cattermole (Douglas' uncle) ...

Gordon Goucher '22
Knox (a writ server) ... Harry Atkinson '22
Miss Ashford ... Edith Davidson '23
Mr. Marsland (Harry's uncle) ...
Harold Bannerman '24
Edith Marsland (Mr. Marsland's daughter) ... Zella Parlee '22
Eva Webster (Friend to Edith) ...
Margaret Ford '22
John (a servant) ... Horace Wetmore '22

The program of music by the Acadia Orchestra, directed by Miss Beatrice Langley, before the play and between the acts was greatly enjoyed and loudly applauded. Miss Langley has an orchestra this year of which she might well be proud. The musical program was as follows:

Carolan Overture ... Beethoven
Allegro from Unfinished Symphony in b minor ... Schubert
Humoreske ... Dvorak
Under the Double Eagle ... J. F. Wagner

LITTLE GIRL LOST

Quite an excitement prevailed yesterday morning in consequence of the disappearance of the little two year old daughter of Mr. and Mrs. Wakeham of Cherry avenue. The little girl was playing near the railway crossing shortly before the passing of the west-bound express and it was at first feared that she might have got on the track and been struck by the locomotive. The case was taken up by Scoutmaster Brown who organized a search by the Boy Scouts with the result that the lost child was discovered by Master Freeman Welsh, the young son of Mr. and Mrs. R. E. Welsh, asleep near the running dyke, and restored to the distracted parents. Young Welsh was justly proud of his achievement and refused proffered assistance in carrying the little girl to her home. All the boys did good service and the town is to be congratulated again on the possession of such a splendid organization in case of emergency.

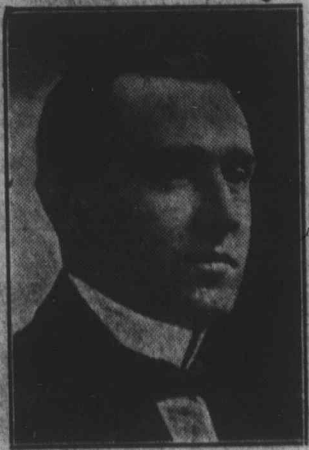

The 1922 session of the Legislature of Nova Scotia came to a close last Saturday evening at six o'clock. During the session 148 bills in all were passed and assented to.

THE HISTORIC BOAT RACE

AMEDEE MONET

who was recently sworn in as a judge by his father, Mr. Justice Monet, of the Superior Court of the Province of Quebec. Father and son were visibly affected during the ceremony.

CRUSADERS' ENTERTAINMENT

On Wednesday evening the Crusaders Class of the Anglican Sunday School delighted a large audience at the Parish Hall, when they presented their second annual entertainment. The program was varied and amusing, and reflected great credit on the performers.

One of the most novel features was a shadow pantomime which depicted the meaning of a chorus that was sung behind the screen. Both song and pantomime showed clearly that the course of true love does not always run smoothly. During the program Doane Hatfield, president of the Crusaders, presented H. H. Wetmore with a Swastika Thanks badge in recognition of the work he had done as leader of the class during the past three years.

Miss Mabel Nichols and Mr. A. J. Mason favored the audience with vocal solos, and Mrs. W. H. Thompson gave a violin selection. All three gave very fine performances, and were enthusiastically applauded. The Crusaders wish to take this opportunity of thanking them for their kindness. Rev. R. F. Dixon acted as chairman for the evening.

The program was as follows:
Chorus by the Crusaders.
Recitations by William Gue and Gordon Mahoney.
Character Sketch, by Robt. Herbin.
Alfred Cox and Sam Cook.
Vocal Solo, Miss Mabel Nichols.
Reading, Doane Hatfield.
Violin Solo, Mrs. W. H. Thompson.
Shadow Pantomime, Doane Hatfield, Robt. Herbin, Stuart Cowie.
Song, "Who Dat Say Chicken", Morris Mason, Gordon Mahoney, Sam Cook.
Vocal Solo, Mr. A. J. Mason.
Sketch, "Bok and Cox", Doane Hatfield, Tom Dakin, Ken Jefferson.
Squash Pyramid, by the Crusaders.
God Save the King.

Citizens are asked to remember that next week is Self-Denial Week on behalf of the Salvation Army. The Boy Scouts have left envelopes at all houses in town and people are requested to place their contribution in these envelopes and have them ready when the collectors call early next week.

District News

NORTH GRAND PRE NOTES

Mr. and Mrs. C. J. Jordan, who have sold their farm here, moved away on Monday. Mr. O'Hearn will, it is understood, move in right away.

Mr. John E. Palmeter, of Kentville, spent last week end here, a guest of Mr. Harry Palmeter.

Mr. Ronald Woodman, of Wolfville, spent last Sunday here at the home of Mr. J. A. Allen.

CANNING NOTES

On Tuesday night the Canning Dramatic Club produced "The Country Doctor" in the Armoures, delighting a large audience. The town orchestra contributed their share to the enjoyment of the evening. The cast of characters of the play was: Sam Birch, A. W. North; Robert Zebediah Dunn, O. Schafheitlin; Eri. C. F. Cox; Mrs. Birch, Miss M. C. Bala; N. Shaw, R. Spicer; Agnes Gilbert, Mrs. H. P. Newcomb; Annabel Umstead, Miss E. Blenus; Thos. Britton, B. North; Susan Prim, Mrs. A. W. Ellis; Della Britton, Mrs. W. Baxter; Howard Wayne, A. J. Bigelow; Squire Ferguson, J. Muller. The play will be repeated on Friday night.

AVONPORT ITEMS

Miss Winnifred Courtney, who has been spending the winter with her sister Mrs. C. A. Holmes, left for her home in Shubenacadie on Monday of this week. Miss Courtney made many friends during her stay here who greatly regret her departure.

Mrs. P. D. Shaw, of Falmouth, spent a few days of last week with her mother, Mrs. David Fuller.

Miss Madge Daniels spent the week end in Grand Pre, the guest of her aunt, Mrs. F. H. Crane.

Miss Jean Curry, of Hortonville, was the guest of her sister, Mrs. F. F. Graham, for the week end.

Mrs. George Brooks spent part of last week in Wolfville with her daughter, Mrs. H. E. Fraser.

Mr. C. A. Holmes, of the Sanatorium, Kentville, spent the week end at his home here. His many friends are glad to see that his health is improving.

Miss Jessie Bishop, of Greenwich, was a visitor last week at the home of her school friend, Miss Mildred Cox.

Mr. Hartley Pitman, who spent the winter with his sister, Mrs. Albert Fuller, left on Saturday last for his home in Yarmouth.

Mr. and Mrs. George Pye and daughter Alice, of Bridgewater, are the guests of Mrs. Pye's mother, Mrs. David Fuller.

Announcements were received here last week of the birth of a son (Donald Arthur) to Mr. and Mrs. Geo. Hutchinson, Jr., of Halifax. Both Mr. and Mrs. Hutchinson have many friends here who offer their hearty congratulations.

Dr. A. J. Fuller returned on Monday of this week to his home in Yarmouth, after spending a week with his son Albert, Jr. and his mother, Mrs. David Fuller.

Miss Nellie Forsythe, of Roxbury, Mass., is the guest of her grandmother, Mrs. F. G. Borden.

GREENWICH NOTES

The four-act drama "Valley Farm", put on at our hall on Wednesday evening of last week by the Steam Mill Dramatic Club, was indeed a splendid play and called for twelve characters. It was much enjoyed by a very good audience, various attractions causing the absence of many who might otherwise have enjoyed it. The songs sung and impersonated by Mr. Whitehead, of Sheffield Mills, accompanied on organ by Mrs. Harris, of same place, caused great amusement and laughter. His part with the songs could not have been beaten.

A good many of our residents enjoyed some of the splendid and high class concerts held in the Wolfville Baptist church last week. One of our young men, Robert Bishop, played the violin in the Acadia Orchestra, which had its part in the concert.

Mrs. Cozy B. Hiltz, of Kentville, visited Mrs. A. K. Forsythe between trains last Wednesday afternoon, coming this far with her husband who was leaving that afternoon for Houston, Texas, where he was sent by the D. A. R. as a delegate to the Brotherhood of Locomotive Firemen and Enginemen Convention, being held in that city. He expects to be gone about two months. Mrs. Hiltz was formerly Miss Gwen Brown, one of our girls, and is always welcomed by many old friends here.

The news of Mr. George Rackham, M. A., being among those to receive the degree of Bachelor of Divinity at Victoria College, Toronto, on the evening of April 24th, was received here with interest by those who knew him, he being a brother of one of our former pastors, Rev. Harry Rackham. Mr. George Rackham served creditably in the 85th Band overseas.

Town Council

Held Prolonged Session on Wednesday Evening—Election to Fill Vacancy Staged for June 6

The regular monthly meeting of the Council was held on Wednesday evening with Mayor Sutherland and all the Councillors present.

Coun. Young, for the Streets Committee, reported an expenditure during the past month of \$292.75 most of which was for gravel and ashes placed on a number of streets, cleaning streets, etc.

Coun. Whidden, for the Water Committee, reported \$59.00 expended by that department during April.

Coun. Wheaton, chairman of the Sewer Committee, reported that \$50.25 had been expended during the month, most of which was on capital account for work on Kent avenue.

For the Police Committee, Coun. Whidden reported expended during the month \$46.00 with receipts \$34.05. This Committee recommends immediate work at the town lock-up to improve the sanitary condition of that institution.

Through its Chairman, Coun. Eaton, the Poor Committee reported the sum of \$317.53 expended and recommended that an additional sum of \$15.00 be voted by the Council.

The financial report for the month was presented by Coun. Cox, chairman of the Finance Committee. The overdraft at the Bank on April 31st, was \$15,050.86.

The usual batch of accounts were read and on motion ordered paid.

A claim of Lewis Messum, a tenant in the Front street property, on account of damages, was read and referred to the Committee on Public Property.

The Town Clerk, who with the Mayor was appointed at a previous meeting a committee to prepare a resolution of sympathy to the family of the late Coun. Nowlan, presented the following which was passed by the Council and a copy ordered to be sent to Mrs. Nowlan:

"RESOLVED that the Wolfville Town Council place on record their sorrow and profound regret in the death of Councillor Charles R. Nowlan, which took place on the 18th day of April, 1922.

Councillor Nowlan was a citizen of irreproachable character, stainless integrity and sterling worth. He brought to this Council Board a long and valuable experience in dealing with public affairs and was himself to the Civic duties entrusted to him by virtue of his office with whole-hearted devotion and painstaking efficiency. His sound judgment, his practical sagacity, his conscientious devotion to duty won for him the confidence and esteem of his colleagues, while his kindly spirit and unselfish interest in everything pertaining to the welfare of Wolfville combine to make his passing not only a public, but also a personal loss, and especially to those most closely associated with him. Also

RESOLVED that the heart-felt sympathy of the Mayor, Councillors and Civic Officials of the Town of Wolfville be hereby and herewith extended to Mrs. Nowlan and family, whose sorrow and loss we share and whom we would commend to the One Unfailing Source of comfort and hope."

The necessary bylaw bringing Wolfville under the provisions of the Housing Act was read and passed and ordered to be sent to the Government for ratification. The Commission to operate the Act are: For three years—Messrs. G. K. Prescott, Fred A. Peck and J. F. Herbin, and for two years—Dr. McKenna and Mr. Harry Brown.

The Finance Committee was requested to secure all possible information with regard to the existing insurance on town property and report at a future meeting. The date of the Election to fill the vacancy caused by the death of the late Coun. Nowlan was fixed for Tuesday, June 6th.

On motion the rate of taxation for schools was placed at \$1.50 on the hundred dollars of assessment, this to apply to property outside the town owned by ratepayers living within the town.

The following were appointed Revisors of Electoral Lists for the ensuing year: B. O. Davidson, J. H. Barrs and Brighton Fielding.

Coun. Young gave notice that at the next regular meeting he would move the adoption of a code of by-laws governing taxi rates in Wolfville and providing for licensing and regulating taxi drivers.

RED CROSS WORKERS

A meeting of the Red Cross Workers of Kings County will be held at the rooms of the District Nurse at Kentville on Monday, May 8th, at 11 o'clock, to be addressed by Dr. Craig. It is hoped there may be a large number present to hear the address and take part in the discussion of important matters of business coming up for consideration.

Egypt's new flag will be green with white crescent and three white stars. The Royal Emblem will be the same with a crown added.

ANDREW MCMASTER, M. P.

for Brome who has introduced a resolution in the House of Commons to the effect that it is desirable that Ministers of the Crown should resign all directorships held by them in banks, trust companies, transportation companies or large public utility corporations and that companies having Cabinet Ministers on their directorate should have no dealings with the government.

MEETING OF BOARD OF GOVERNORS OF ACADIA

The Board of Governors of Acadia University met here Thursday and discussed the Maritime Provinces University merger scheme, but on account of no definite report having been received from the Carnegie Foundation, no action was taken. It was stated, however, that several of the Governors looked on the merger somewhat favorably.

This was the regular meeting of the Senate of which the Board of Governors is a part, and was followed by a meeting of the Board of Governors at which were present, Dr. I. B. Oakes, Dr. A. W. Cohoon, Mr. C. R. H. Starr, Dr. J. H. MacDonald, Wolfville; A. S. MacDonald, Upper Dyke Village; O. P. Goucher, Middleton; W. W. Clarke, Bear River; W. G. Clark, Fredericton; Rev. C. W. Rose, Annsbury; Rev. F. H. Beals, Bedford; E. D. King, Halifax, and D. C. Whitman, Canso.

The next meeting of the Senate, which will be larger on account of the closing exercises of Acadia University, will be held here May 31. If a definite report has been then received from the Carnegie Foundation, the university merger will again be discussed. The Board of Governors, however, can take no action but can simply recommend. The matter must be referred to the Baptist convention to be held in Wolfville in August.

School Board

Principal Silver Given Increase in Salary

The regular meeting of the Board which was held at the Council Chamber on Monday evening was a rather brief one and little business was transacted. One of the matters which came up was the appointment of teachers for the ensuing year. It appears that at a special meeting recently held, the clerk was instructed to request the members of the present teaching staff who were willing to accept re-appointment for next year at the same salary that they received last year to have their acceptance in at this meeting. This did not apply to Principal Silver, who was given an advance of \$100. At the meeting on Monday evening the clerk read letters from all the teachers except the principal and Miss Wade accepting the Board's offer. Miss Wade, who has been a faithful and efficient teacher during the past year finds it impossible to accept at the present salary owing to the high cost of living in Wolfville. A number of applications for positions on the teaching staff were read and chairman Eaton and Principal Silver were asked to select a teacher to take the place of Miss Wade. A committee composed of Couns. Eaton and Young, was appointed to look after the necessary changes in the condition of the school-grounds.

THE FLAG AGAIN

To the Editor of THE ACADIAN.

Dear Mr. Editor.—Although the representative from this county has not been heard from since going to Ottawa relative to the proposed legislation to safeguard the British flag against improper use, it is refreshing to note that the matter is being looked after. Mr. Duff, M. P., for Lunenburg, figures that the country might be saved a considerable amount by doing away with the custom of flying the flag over public buildings, and suggests action along that line. During the war it was rumored that Mr. Duff's sympathies were not always with the Allies—but of course there was nothing in that. However, it does seem as though there ought to be other and better methods of saving money than at the expense of Canada's "flag-waving" which so far has not been a too prominent feature of our "celebrations". Certainly this is not an improper use of the flag.

FIRST FORMAL DECLARATION OF U.S. REGARDING RUSSIA

WASHINGTON, May 1.—Political recognition of a new government in Russia must await the establishment of "sound" business and social conditions there. Secretary Hughes declared today, in response to a petition presented by a delegation of women, asking United States aid toward Russian re-establishment.

The declaration by Secretary Hughes was the first formal declaration on the policy of the United States regarding Russia, since recognition of the Soviet Republic became a matter of prime importance at the Genoa Conference. In view of the pending negotiations at that meeting, Mr. Hughes' statement was circles.

LEON TROTZKY TO HIS RED ARMY

He Declares the Russians Will Never Yield to Allies

MOSCOW, May 1.—Leon Trotzky, Soviet War Minister, addressing the Moscow garrison at the May Day review in Red Square, at which the Red Oath was taken by all the soldiers, declared that the Allies at Genoa desired conditions to which Russia would never yield; therefore he asked the troops to be prepared.

"We offered to disarm," he said, "but the Allies did not want that. We offered to bargain, we offered to pay the pre-war debts, but they agreed that they would recognize us if we abolished Soviet Russia and restored capitalism. We answered no, and will always answer no."

One hundred thousand troops marched in review, followed by hundreds of thousands of workmen and workwomen. The oath taken by the soldiers, signalling the end of illiteracy in the ranks, pledged them to defend Soviet Russia with their full strength to the death.

A lotta fellows who have been without jobs all winter will be glad when work resumes so that they can start running their automobiles again.

PLANTING OF THE VEGETABLE GARDEN

(Experimental Farms Note)

There are so many different phases of work to be considered in connection with the planting of a garden that one needs to have a thorough grasp of the proper procedure. The first operation to be conducted when weather conditions are right is the preparation of the soil. Where the soil is of a sandy nature there is little danger of injuring its physical make-up, but if the soil is of clay texture, working while too moist will cause puddling which would render the soil lumpy for that season. However, the cultivation given the garden prior to sowing the seed should be thorough in every respect, because upon this tillage will depend, to a very great degree, the success or failure of the garden.

To obtain the maximum returns from any garden, it is necessary to employ successional sowings of such crops as peas, beans, beets, carrots, radish and lettuce. The sowings should be regulated at intervals of a week or ten days apart so as to have a succession of tender fresh vegetables available throughout the season. The first sowings should be made as early as weather and soil conditions will permit and continued in succession until the last week of June.

Regarding the sowing of the seed, one must be careful to regulate the depth in accordance with the season of the year. During the early part of the season, shallow planting is essential to quick germination, but as the season advances and the soil becomes warmed to a greater depth, it will be found necessary to increase the depth in the ground to which the seed is placed, bearing in mind, of course, that large and small seeds must be planted in depth in accordance with their size.

Whether the garden be large or small, the ambition of every gardener should be to obtain the most from the given area. This can be done by a system of double cropping, or catch cropping, using such quick maturing crops as radish and lettuce. The early maturing crops are sown between the rows of cabbage, cauliflower, tomatoes and potatoes, or as markers in the rows with the seed of slow germinating sorts such as parsnips or beets, and are ready for use and gone before the standard crops require the space for their development.

A few suggestions regarding the mode of procedure in connection with the growing of successional crops might not be amiss. In the first place, let us consider peas. The first early sowing should be made, using a smooth seeded variety such as Alaska or Early Morning Star. This type of pea can be sown very early when conditions for the wrinkled sorts would be entirely undesirable. It may be necessary to make a couple of sowings of the smooth sorts before it would be possible to sow the wrinkled peas. For the successional sowings of a wrinkled variety, use Thomas Laxton; this early sort has been found very desirable and possesses all round good qualities. If, however, a dwarf variety is desired, English Wonder is recommended, followed by American Wonder. With beans it has been found much better to use some early sort such as Round Pod

Kidney Wax for a golden podded sort, and Early Red Valentine if a green podded variety is desired. Beans cannot be planted very early, therefore the range of the season is not so great as in the case of the peas. Other recommended varieties are Beet, Detroit Dark Red; Carrots, Chantenay; Radish, Scarlet Turnip White Tip; Lettuce, Grand Rapids.

All plants that are to be transplanted should be hardened off well in a cold frame prior to planting in the open. Select only the stockiest, well grown plants. Choose a dull day for planting or the evening towards sundown. In setting out all classes of plants it is very important that the earth be firmly pressed about the roots. If loose planting is practised the roots of the plants cannot form proper contact with the soil to obtain plant food and moisture. Avoid crowded conditions in the garden. While it is desired to crop the land intensively, yet good judgment must be the guide in order to prevent strangulation of one plant by another or making conditions congenial for the development of fungous diseases.

LEADERS IN NOVA SCOTIA EGG-LAYING CONTEST

It will be a matter of interest to many poultrymen at this season, as well as to the keeper of the small backyard flock, to know whose birds are doing best in the egg-laying contest. At the present time the Nova Scotia contest at Truro is in the lead over other Maritime contests, with an average egg production at 61 per cent.

The three highest pens of White Wyandottes in the Truro contest are those of J. W. Williams, Wolfville, 422; Robert M. Reid, New Glasgow, 395; and James Milligan, Union Centre, 337. The number in each indicates the total eggs laid since Nov. 1st by a pen of five birds.

In Barred Rocks, the leaders are C. B. McMullen, Truro, 365; Mrs. W. S. Eagles, Gaspereaux, 359; and Rupert Bligh, Lakeville, 347. Rhode Island Reds have a small representation in this year's contest. A pen belonging to E. C. Griffin, Port Williams, has done well, with 333 eggs.

In White Leghorns, Thomas Robertson, Florence, comes first with 337; Mrs. M. E. Ledbetter, Barney's River, 303; and Corbett and Hough, Deep Brook, 292. One hen in the last mentioned pen laid 115 eggs and leads the whole contest in individual performance to date.

CANNING

Many from Canning enjoyed the Music Festival at Wolfville last week.

A like is being built east of the shipyard around property of Robie Eaton and the blacksmith shop adjoining. On Wednesday evening of last week, at the regular church service, a special event was the burning of the mortgage on the United Baptist church property. The Baptist church has paid off a large amount of indebtedness during the last few years.

Mrs. Fred Thomas and Mr. Edwin Eaton have been called upon to mourn the death of their sister, Mrs. Offen, who was well known in this vicinity. Mr. and Mrs. Fred Thomas were in Halifax this week, going there from Wolfville with the remains of Mrs. Offen, who was buried at Halifax beside her late husband.

USES OF BRAN

Colored goods will not fade if washed in bran water.

Bran is invaluable for painted and varnished woodwork.

Bran will whiten and soften the hands when used in place of soap.

If used as a shampoo it will impart considerable gloss to the hair.

To prepare bran water, cover with boiling water a small bag of bran placed in a bowl.

"Saved My Little Girl!"

Mother tells how her little Ethel's life was saved.

That is what one woman wrote us recently, and then she goes on to say:—"Ethel, who is just past eight, caught a bad cold last August. The child is of a highly strung, nervous temperament and could not be kept quiet in bed. We tried everything we could think of to cure her cough. But, the cough became worse and from a rosy, healthy, sturdy girl she became pale and thin. Nothing we did seemed to stop the cough and by this time regular spasms of coughing had developed. These coughing spells left the child weak and completely tired out. I believe that in a short time the cough would have reached the child's lungs. After trying everything I could think of, I saw an advertisement for Carnol, saying that this preparation would build one up. I got a bottle from the druggist and before it was half finished my little girl had almost completely shaken off her cough. Her cheeks began to get back their old colour. She started to put on flesh again and would run and play all day without being tired. Today, after having taken two bottles of Carnol, she is looking and feeling better than she has ever felt in her life."

Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle and he will refund your money.

THE MAKING OF A LAWN

(Experimental Farms Note.)

A good lawn is one of the first essentials in making a beautiful home. There is nothing that can take the place of a beautiful greensward about any house if it is to be really attractive. Those who are planning to build should include the lawn in the original plan for the home. Draw up a plan of the contour of the ground adjoining the proposed site. The area of this will depend upon the amount of land available. In the country this should be not less than four times the area of the house site. In excavating, remove all the rich surface soil separately. The subsoil from the excavation is then used for filling depressions in a grading so that the surface will always flow away from the house. When the house is completed, and the rubbish incident to building removed, the surface soil is brought back and used to make a seed bed for the lawn grasses.

The lawn should be as permanent as the house, and require equal care in the making. The autumn is a good time to do the grading and filling. This should be done at intervals, allowing heavy rains to settle the transported soil several times before the final grading, ploughing and thorough tillage of the spring. This will prevent depressions developing afterwards in your lawn and tennis court. Before seeding, a finer condition of tilth is required than for any farm crop. Keep at it until the soil is like a garden or about ready for seeding onions. If the land is not in good heart, a heavy coat of manure should be worked in during preparation, and when necessary, a heavy dressing of fertilizer will greatly help to make the soil as rich as it should be for growing potatoes or roots.

The seeding should be very heavy. The best lawns are made by having a great many fine stalks of grass. The best grass for shade and open lawns is the Kentucky Blue Grass. It is sown at the rate of about 60 lbs. or 4 bushels per acre. It weighs 14 lbs. to the bushel. The seed merchants sell reliable mixtures; these usually contain a large percentage of Kentucky Blue Grass and White Clover. Timothy and Red Top, when added to the mixture, are satisfactory grasses for making a permanent lawn. To secure a satisfactory seeding, take about one-half of the seed for the area and sow the area one way, carefully by hand, then take the other half and sow across the first seeding. By this means you would avoid any misses and secure an even stand.

To avoid having the lawn bare during the early summer, sow oats at the rate of from 4 to 5 bushels per acre before the last cultivation in preparation for seeding. This will form a dense greensward within three weeks, and through requiring frequent cutting with the lawn-mower, will not only make a beautiful lawn, but will serve as a nurse crop for the grasses until they are well established. Cover your lawn seed with a garden rake and roll from time to time after rain.

OBITUARY

Mrs. Eliza Offen

The death took place at Wolfville on Sunday last of Mrs. Eliza Offen, in the seventy-first year of her age.

Mrs. Offen was a daughter of the late Benjamin Eaton, of Sheffield Mills. She is survived by three brothers and one sister, viz., Mr. Edwin Eaton and Mrs. Fred Thomas, residing at Canning, and Arthur and Owen, residing in the United States.

The funeral service was held from the residence on Tuesday and was very largely attended. The service was a very impressive one. Rev. Dr. Macdonald read selections of Scripture. Rev. Mr. Prosser, of whose church in Upper Canada the deceased was a member, delivered an exceptionally touching appreciation of the Christian character of the deceased. Rev. Dr. Manning also added his tribute, recalling his first receiving her as a bride into his church at Halifax. Rev. C. H. Martell, also a former pastor, led in prayer. Mrs. Bartheaux and Miss McGowan rendered the duet "Will the Circle Be Unbroken?" Dr. Macdonald pronounced the benediction, after which the cortege proceeded to the station, where the remains and the floral tributes were transferred to the express bound for Halifax, accompanied by her brother-in-law and sister, Mr. and Mrs. Fred Thomas, and others. The pall-bearers were Messrs. N. W. Eaton, J. E. Hales, Percy and Grant Porter, R. O. Chisholm and Dr. Roach.

Mrs. Offen was a lady of exemplary character and beloved by all who knew her. The body was interred at Camp Hill, Halifax, alongside that of her deceased husband.

Owen Richard Kidston

There passed peacefully away, at his home, Church St., on Easter Monday morning, one of the most highly respected men in the community, in the person of Owen Richard Kidston. Although in poor health for a number of years past, the circumstance which weakened his resistance and hastened his death was an attack at his farm a few months ago by one of his pet animals. Subsequently he journeyed to

Minard's Liniment Co., Limited.

"Sir, I have used your Minard's Liniment for the past 25 years and whilst I have occasionally used other liniments I can safely say that I have never used any to equal yours.

If rubbed between the hands and inhaled frequently, it will never fail to relieve cold in the head in 24 hours. It is also the best for bruises, sprains, etc.

Yours truly,
J. G. Leslie,

the United States seeking the most highly skilled medical aid, but all without avail, and so he eventually returned home. Although his death had been anticipated, it came, however, with wonderful suddenness, even for his immediate family.

He leaves to mourn their loss of a loving husband, a kind father and an affectionate brother, a wife, two children, Marjorie and Robie, two brothers, Stephen, of Port Williams, and Andrew, at present in Australia, and one sister, Ida, at home.

The late Mr. Kidston, who was 56 years of age, had been called upon to endure long and intense suffering, which he bore throughout with true Christian fortitude. Humble, unostentatious and of a rather retired disposition, he was beloved by all who knew him for the amiableness and generosity of his nature, and during his lifetime he made a host of friends who will feel the poorer for his passing.

The funeral service on Tuesday, April 18th, was conducted by the Rev. G. C. Brown, B.A., rector of St. John's church, assisted at both the house and grave by the Rev. O. N. Chipman, minister of the Port Williams Baptist church. The remains were followed by a very large attendance of relatives and friends to St. John's church, where the rector, preaching from I. Thess. 4:13, paid a striking tribute to the deceased. The family will have the sympathy of the entire community in their bereavement.

The many friends of Rev. John W. Prestwood, M.A., B.D., of New Glasgow, will regret to learn that he finds it necessary to ask for a superannuated relationship at the ensuing conference.

Mr. Prestwood is a son of the manse and has done it honor. He is a graduate of Mt. Allison and of Drew Theological Seminary, is noted for his scholarly habits and able preaching of the gospel. He entered the ministry 41 years ago, and after his ordination had leave of absence for three years for post-graduate studies. Mr. Prestwood is held in high esteem by his brethren and has been honored by them in his election to office as chairman of different districts and president of the N.S. Conference. Mr. and Mrs. Prestwood will reside at Hantsport—Wesleyan.

Bargain-Hunters

In this community are hundreds of individuals and families on the watch for an advertisement which will offer them what they want at an advantageous price.

Call them bargain-hunters if you will, but there is nothing wrong in waiting for a bargain, especially when the seller is anxious to sell at a reduced price.

One family wants a new carpet—the need is not urgent. Another family is looking forward to buying dining-room furniture—it may not be for a twelve month.

One man is thinking of buying himself a watch. One woman a shopping bag; another an umbrella.

All can be made to buy earlier—by advertising.

NOTE TO MERCHANTS

Stimulate business by the offer of some slow-moving lines at special prices. Brighten up business by advertising some desirable goods at reduced prices. Make advertising banish dull business. Often you can tempt the buyer who is hiding his or her time, to buy from you—at a time of your naming.

PUBLISHERS' NOTICE

On account of an accident to our Monotype machine which necessitated our sending to Montreal for a repair man, The Acadian will reach its readers a day late this week. We are very sorry our subscribers will not receive their paper at the usual time and hope such a delay will not happen again for some time.

CLEAN UP!

Wolfville's reputation as a lovely town has long been established, but it would be enhanced if every citizen felt equal pride in his or her surroundings.

There are unfortunately many homes which lower the "tone" of a neighborhood because their owners are lacking in that pride which makes for good citizenship. The most attractive homes are not always the most costly. External arrangements such as vines, shrubs, and flowering plants may elevate in point of loveliness the most humble dwelling above the marble or stone mansion. And the free use of soap and paint may compensate in some degree for the architectural defects of many a laboring man's dwelling.

Lack of riches is no excuse for shabbiness. Even the homes of the poorer people may present to the world a clean and tidy exterior. The women of Holland carry cleanliness to such a degree that they are eternally scrubbing something; after the house has been cleaned of dirt they scrub the trees outside. When winter passes we would like to see the practice of scrubbing and painting up applied generally in Wolfville not to the extent of scouring the trees perhaps, but at least streets and sidewalks, and back-yards might be cleaned up.

"Clean up" is a capital slogan for spring. And now that the frost is out of the ground we would say, decorate your yard with flowers, vines or shrubs. If you have no front lawn, start a tidy little garden in the backyard.

OUR BY-LAWS

While the matter of the revision of the Town By-laws—which has been under consideration for more than a year—is being deliberated upon by those who have the work in charge, THE ACADIAN would respectfully point out to the "powers that be" that the present by-laws have some good provisions which might be strictly followed with profit. Many of these are rarely regarded save in the breaking, among them being the following:

"Invoices or accounts must be furnished for supplies and services of any kind. Such accounts before being laid before the Council must be approved of by a majority of the committee under whose charge they are contracted". Sec. 12, Chap. 5, Town By-laws.

The usual method of the payment of accounts requires only the initials of the chairman who in many cases is not in a position to vouch for the accuracy of the bill because of ignorance of

the facts. The procedure required by the by-law would, we believe, in many cases be to the advantage of the town's finances.

Now that the Minas Basin steamboat service has been resumed for the season, the authorities should take such action as will improve the conditions at the government pier. At present the surroundings are in a disgraceful condition and cannot fail to create a most unfavorable impression among passengers who travel by the "Prince Albert".

Criticism is made of the action of the Ottawa government in borrowing a hundred millions of dollars recently in New York. It is claimed that this is not consistent with their pre-election promises of strict economy, and that if it was necessary to seek such a loan the people of this country should have been given an opportunity to invest in it as they had when the Victory Loans were offered by the late government.

THE ACADIAN is very glad to be able to report that there is a prospect that Wolfville will have a band during the coming summer that will furnish open-air concerts from time to time. During the past few months the boys have been making splendid progress under the leadership of Mr. Phinney and those who have recently had the privilege of hearing them play are very much pleased with the result of their training. Every encouragement should be given the young people and those who are promoting the band, which is undoubtedly an institution well worth while.

One thing well worth considering in connection with the Salvation drive—which is to be made in Wolfville next week—is that the solicitors do not ask anything extravagant in the way of donations, only what with a little thought and economy you may be able to do without for a few days. That is what the Army means by "Self-denial Week". Think it over and have your offering ready for the collectors when they call.

ST. JOHN'S WOMEN'S AUXILIARY

The annual meeting of the St. John's Women's Auxiliary was held on Monday at the Rectory. There was a good attendance. All the officers were re-elected, and a very pleasant time was passed by all present. The following report was read by Mrs. Marshall Black, secretary of the society:

Report of the Wolfville Branch of the Women's Auxiliary for the year ending April 30, 1922.

There have been nine (9) business meetings, each held the first Monday in the month, with an average attendance of twelve. There are thirty-four members in the society.

The regular assessments and pledges have been fully met by the society.

The following have filled the offices during the year: Pres. Mrs. Dixon; Vice-Pres. Mrs. Moore; 2nd vice, Mrs. T. E. Hutchinson; Sec. Mrs. Black; Treas. Mrs. Cowie; Dor. Sec., Mrs. Collins; Pres. of Altar Guild, Mrs. Herbin.

In May, 24 new prayer and hymn books were purchased by the mite society, for use in the church.

In June the society presented the pres.—Mrs. Dixon with a life members certificate and the gold cross.

Mrs. Cowie attended the annual meeting as a delegate from the Wolfville branch, and brought back a most interesting report.

An electric light has been placed over the organ, by the mite society. There is still need of one by the reading desk.

The bale sent last year reached the McKay School, LePas, before Christmas and both the teacher and Virginia Head wrote letters of thanks for the same.

In Dec. a tea, pantry, fancy work and candy sale took place in the Parish Hall, \$80.00 was given the wardens for parish purposes and \$27.42, to the W. A. Treas.

In January the sewing meetings were started and were kept up through Lent. The most of an outfit for a girl ten years, in the new Gordon School, Sask., being accomplished.

On Shrove Tuesday, Feb. 28, a Papcalle Tea was held in the Parish Hall, to raise funds to meet our assessment. Gastronomically it was a success—financially it was not—only \$21 being raised.

The monthly reports from Mrs. Liwyd, our representative at the Diocesan Board meetings, have come very regularly and have been much enjoyed.

Several members have attended and taken part in the United Mission study class this year.

We are sorry to report the death of one of our oldest members, the late Evangeline Bowles—who although having been away for some years, took an active interest in the doings of the society. We had looked forward to having her with us again but God willed it other wise, and we can only say "Thy will be done".

Respectfully submitted,
ELLOUISE BLACK, Sec'y.

Investigations in the utilisation of fish waste have been carried on in Nova Scotia under the direction of the Council for Scientific and Industrial Research at Ottawa. The experiments led to the establishment of a company in this Province which is now engaged in working up this hitherto discarded material into cattle food, fertilizer and fish oils, thus establishing a new industry.

NOTES AND COMMENTS

Of more than 51,000,000 passengers carried on Canadian railroads during the year ending Dec. 31st, 1921, only four were killed and 240 injured.

Of the 748,000 inhabitants of Boston, according to the recent United States census, 39,247 were born in Canada. Of these, 51.3 per cent. have become naturalized.

The alternative of going to church on Sunday or paying a fine is suggested by the Rev. Robert Forman Horton, Great Britain, one of England's most noted Nonconformist ministers, as a means of raising sufficient revenue "to run the country without plunging it into bankruptcy." Such legislation, he declared would net \$9,000,000 pounds a year. Dr. Horton's suggestion is said to be based on a law passed in the reign of Edward VI, when anyone absenting himself from church "without lawful or reasonable excuse" was fined one shilling. The law was repealed, but re-enacted and rigidly enforced in subsequent reigns.

A hunter and trapper who lives in the woods out in Pennsylvania is forecasting the coldest summer since 1879, when the corn ears were frozen on the stalks. "Beginning April 15 and continuing until the last of August," he cheerfully chirps, "there will be cold winds, rains, snow and sleet. It will be the coldest summer since 1879, when the corn ears were frozen on the stalks and were never fit for food. Keep your overcoats handy, because you will need them almost every day. It will be a dull season for straw hats, and flappers will have little chance to display their stockings."

TUBERCULOSIS GOES WITH CIVILIZATION

Tuberculosis came with civilization, and it will stay with civilization until civilization defeats it, according to Prof. Chalmette, of the Pasteur Institute, Paris. He insisted that in the modern cities of Europe and the United States practically no adult escapes tubercular infection. He estimated that 20 per cent. of city population are infected at the age of 2 years, 55 per cent. at the age of 5 years, 90 per cent. at 15 years, and about 97 per cent. of all those above that age.

A Dominion-wide radio convention will be held in Toronto on September 8 and 9, the last two days of the regular Canadian National Exhibition. This convention will bring together leading figures in radio circles in this country and several noted experts from the United States. In addition there will be held a show with booths run by various manufacturers of radio equipment, at which will be displayed the latest type of transmitting and receiving apparatus. It means that Canada is definitely "on the map" in the matter of nationally organized interest in the most talked of science of the age—radio telephony.

LAKEVILLE

The first of May did come after all. Our boys were waiting anxiously to get their cars out. Now Lakeville looks quite alive and everything looks prosperous for a busy summer.

The Women's Institute are still busy and are always willing to lend a helping hand. They are making arrangements for an entertainment in the Hall. We will hear from them later.

Miss Gladys Strong, of Halifax, is visiting her parents, Mr. and Mrs. Arthur Strong.

Mr. and Mrs. Donald Forsythe, of Delhaven, visited Mrs. Forsythe's parents here recently.

The men's choir will sing at Billtown Sunday morning, May 7th.

The boys have organized their baseball team, with L. G. Lamont as business director and captain. They are already very enthusiastic in their practicing on the athletic field.

The ladies of the W.M.A.S. are giving a birthday party in the Hall on Friday evening, May 12th, to celebrate the twenty-fourth anniversary of the society. They will present a splendid program. Ice cream, accompanied by a piece of the huge birthday cake, will be served to all who come and pay for their admittance—as many pennies as they are old. We are expecting many to be more generous than their age limit, for everyone will only be too glad to help in giving to missions. Doors open at 7.45.

Rev. Mr. Brindley will preach next Sunday morning at Billtown.

J. H. DeWolfe, of Canning, visited in Lakeville Sunday, guest of Mr. and Mrs. C. B. Robinson.

INSTITUTE MEETING

The April meeting of the Cambridge Women's Institute met at the home of Mrs. E. F. Graves and was well attended, even though the weather proved very disagreeable. The meeting opened with the president, Mrs. Sanford, in the chair. After the general business was transacted, the day's topic, "Home Decoration," was taken up and dealt with by readings along that line.

The May meeting will be on "Home Nursing," and a full attendance is hoped for, as a very interesting meeting is anticipated, especially as Miss Hayden, the County Nurse, is expected to be present and will take up the discussion of problems which are occurring in the home relative to health every day.

USE OF THE DIFFERENTIAL

The function of the differential in automobiles is to give flexibility to the axle, through which the power is transmitted to the wheels. When the car is turning a corner, the outside wheel travels farther than the inside wheel, and this difference is taken care of in the differential by an arrangement of bevel gears and pinion.

Mud and dirt that have become hardened in the cells of the radiator should never be removed with wire or a tool. Then thin cell walls are easily punctured and small leaks in the radiator invariably result. Use water directed from a hose to clear the passages, with the stream guided from the engine side.

Keep Minard's Liniment in the house.

STREETS

The crooked streets of Boston grew up along old-time cow paths. Cities, more recently founded, took note of the inconvenience and laid their streets out in straight lines.

Cities discover that traffic congestion is due mainly to narrow streets. Yet they go ahead, laying out more narrow streets. It is a foolish policy, especially foolish in small towns that may some day be giant cities.

MARRIED

WITTER-MACDONALD

Kentville, Nova Scotia, Couple Married at Home of Groom's Brother

(Boston Exchange)

A very pretty wedding was celebrated last Wednesday night at the home of Mr. and Mrs. Leverett Witter, 1315 Commonwealth Avenue. The contracting parties were Mr. Witter's brother, Harry G. Witter, and Miss Alena M. Macdonald, both of Kentville, Nova Scotia.

The house was prettily decorated in honor of the event, a color scheme of white and pink giving a fine effect with potted plants for a background.

The bride was handsomely gowned in a dress of white bride satin trimmed with chantilly lace and orange blossoms, the veil being of tulle with fillet of orange blossoms. She carried a bouquet of bride roses with lilies of the valley.

The matron of honor, Mrs. Witter, was attired in a costume of black lace over white satin; while the host was himself the best man.

The ring-bearer was little Marion Carbo, of Somerville, and she did her part of the ceremony very nicely.

The bride was given in marriage by Henry M. Wing, Esq., of Brookline, and the ceremony, which was the single ring service, was performed by Rev. P. A. A. Killam, of the Brighton Avenue Baptist church.

After the ceremony a dainty wedding luncheon was served in the dining-room, where the decorations, under the skillful touch of Mrs. G. K. Gentes, Mrs. A. L. Larson and Mrs. Witter, were most pleasing.

Guests were present from Roxbury, Somerville and Brookline.

The newly-wedded couple left yesterday for the provinces, where they will make their home.

J. E. Calkin W. D. Withrow vs. Fred H. Crane J. L. Hsley

Reginald T. Caldwell B. W. Roscoe vs. George F. Adams J. L. Hsley

The causes of Farrell vs. Berwick Commissioners and Caldwell and Adams were continued.

The first case for trial was Bowser vs. Farm Supply Co., Mr. B. W. Roscoe for plaintiff and Mr. E. P. Allison, of Halifax, for defendant. The jury was

composed of E. H. Dodge (foreman), Ralph Redden, Carl Coleman, Charles Webster and Fred Mitchell. The plaintiff's claim was on a promissory note and for price of goods sold and delivered. The defence was that the note was obtained by the misrepresentation of the plaintiff and no consideration given therefor. This case occupied the time Tuesday and Wednesday.

A shipment of 700 pounds of Douglas fir seed was recently forwarded from the Dominion Forestry Branch seed extracting plant at New Westminster, B.C., to Great Britain. Mrs. J. W. Vaughan, who has been spending some weeks in Boston and vicinity, returned home on Wednesday.

Mrs. G. W. Munro and Mrs. C. M. Murray, who have been spending a few weeks at Boston, returned home on Tuesday.

Mrs. A. J. Woodman arrived home on Tuesday from Patterson, N. J., where she has been visiting her daughter, Mrs. Ryan.

Mr. George Nowlan returned home from Halifax this week, having completed his final examinations at the Dalhousie Law School.

Mrs. G. K. Prescott and daughter Sara arrived home from Florida on Friday last. They spent a few days at Washington and Boston en route.

Sir Charles and Lady Townshend returned to Wolfville from Halifax this week and will occupy their residence here for the summer months.

Dr. C. E. Avery deWitt, of Wolfville, was in town last week on a visit to his uncle, Mr. Charles F. DeWitt, who is ill.—Bridgetown Monitor.

Mr. R. A. Whitman left yesterday to motor to his home in Prince Edward Island. He was accompanied by Mr. J. W. Williams who was called to the island by the serious illness of his father.

Dr. Hemmeon left Halifax last Friday, sailing on the S. S. "Chaleur" to the West Indies. From there he will go to New York for some special courses and will be away all summer.

Mr. Enoch Collin, well known in Wolfville and Port Williams, left Middleton recently for medical attention at Halifax. Mrs. Collins came as far as Port Williams and is visiting her son, Dexter Collins.

Dr. A. J. McKenna, G. K. Prescott, J. R. Black and Arthur Parker left this morning on a fishing trip to Kedgema-kodge. Messrs. J. E. Hales and H. W. Phinney are also leaving for the same place to-day and will be gone about a week.

Mr. David Watson, who with Mrs. Watson have been spending a few weeks in Wolfville, returned to his duties at North Sydney on Wednesday. Mrs. Watson will remain at Wolfville for the summer.

Prof. Morse, of Lequille, Annapolis county, was a visitor in town this week, a guest at the home of Mr. and Mrs. F. W. Barteaux. Prof. Morse was a former frequent visitor in Wolfville and was gladly welcomed by old-time friends. After a number of years as a successful teacher of music in the United States, he has returned to his native province and county.

Miss Ethel L. Hemmeon has joined the staff of the Health Centre No. 2, (Dartmouth) of the Massachusetts-Halifax Health Commission. Miss Hemmeon prior to taking a course as a nurse in the Children's Hospital of Boston, where she graduated in 1917, took a course in Dietetics at Simmons College. Subsequent to graduation she had some interesting experiences in Infant Feeding in Boston, and some further hospital experience in Orthopedics in the Memorial Hospital in Richmond, Virginia. Miss Hemmeon will serve as a substitute nurse during the Summer months, and in all probability will enter the Class of Public Health Nursing in the Autumn.

SOCIAL HAPPENINGS

The Ladies Bridge Club was entertained on Tuesday evening at the home of Mrs. David Thompson, Sea View avenue.

Last week the Club met on Thursday evening at the home of Mrs. B. O. Davidson, when the husbands of the members were also invited and a very pleasant evening was spent.

Mrs. Julia Ruffee entertained at "Bridge" on Tuesday evening in honor of her guests, Mr. and Mrs. David M. Watson, of North Sydney.

LADIES' BIBLE CLASS OF BAPTIST CHURCH

The Ladies' Bible Class of the Wolfville Baptist church held their Social and business meeting on Saturday evening at the home of Mrs. J. Ingraham. The meeting was opened with prayer by Mrs. Freeman, after which a fine programme was enjoyed by all. Miss Archibald and Mrs. Freeman, missionaries from India, were made Honorary Members of the Class.

The reports submitted showed good work accomplished during the year. The report of the Secretary is as follows: We are about to close our Class for the summer months. This term has been about seven months or thirty Sundays on which we had Class.

Members enrolled: fifty-two. Average attendance: twenty-two.

We have added to our membership roll during this year about ten new members, others have withdrawn and one left the community but we trust our members may increase during the coming year.

The Mite Box has been opened twice during the year. \$18.00 was given to Foreign Missions and \$5.49 to Grand Ligne. The Class has also furnished flowers and fruit for the sick and flowers for one funeral. \$5 was voted and given to a friend on her birthday. This was a special collection.

The Class held six social and business meetings during the year. In February a social was held at the home of the President, Mrs. Nowlan, to entertain the Teachers and Officers of the Sunday School.

Much can be said of the Visiting Committee. They made 48 calls and invited 29 to join the Class.

Amount received during the year was \$51.10. Expenditures \$49.35.

Great credit must be given the teachers for the interest they have taken and in the able manner they have tried to help through the teaching of God's Word.

We feel that God has blessed us as a class and that it is increasing in interest. We trust and pray that greater interest may be manifested and that each member may become more and more interested each time we meet, and let us strive during the coming year to make our class so interesting that our members will not want to be absent, and may the Ladies' Class prove to be a blessing to the community in which we live.

(Mrs.) J. F. CALKIN, Sec.-Treas.

CLINIC ITEMS

Prenatal and Infant Welfare Clinic at Room, Weaver Block, Kentville, Friday, May 12, commencing at 2 p.m.

Does each mother know, intelligently, all she should of the proper care of herself and infant? Does she think of and realize that her following of simple, commonsense rules of health mean not only the comfort and happiness of herself and children, but goes down the generations? She need not go beyond her home for big effective and patriotic work, so that she strive not only for love of her children, but is paying the greatest service to her country, in giving healthy, honorable, forceful men and women to the land we love, which most worth while achievement cannot happen hap-hazard, but must be thoughtfully studied.

The Canadian Mother's Book and kindred literature may be had free on application to the county nurse, Box 205, Kentville, N. S.

The Red Cross executive gratefully acknowledge their indebtedness to Messrs. Clark and Hiltz for the use of the Strand Theatre for the Health Movies on Sunday, May 7.

Fire losses in Canada during the week ended April 28th are estimated by The Monetary Times at \$10,500, compared with \$304,500 the previous week.

GREENWICH NOTES

(Continued from Page 1.)

Miss Esther Pearson is still unable to walk much, owing to the sprained foot still giving her trouble.

Mrs. Andrew Fenwick who recently underwent an operation at her home, is now progressing finely toward recovery.

Mr. Arthur Dodge, of Sunnyside, has improved on his woodsawing outfit recently, by attaching it to his tractor, thus being able to do much quicker work and one day last week he sawed the two large wood piles of Messrs. George and Hazen Bishop here in good time. Also he is now able to go from place to place without the aid of a team.

ODD FELLOWS ATTEND ST. ANDREWS CHURCH

Over sixty members of Orpheus Lodge, I. O. O. F., attended service at St. Andrews Presbyterian church last Sunday evening in celebration of the 103rd anniversary of the Order. The Pastor, Rev. G. W. Miller, gave an excellent address on friendship. The choir was composed entirely of members of the Order, and in addition to the congregational singing Mr. A. J. Mason sang a solo in his usual pleasing manner, and a quartette composed of Messrs. Mason, Frank Murphy, T. Stackhouse and Fred Rand rendered a selection which was much enjoyed.

Some men will get up at 1 o'clock in the morning and run to a fire who can be induced to get up at 7 o'clock to start the furnace.

WARREN ST. CLAIR GARRISON

The sad news has been received by Mrs. Otto Porter, Wolfville, of the death of her only brother, Warren St. Clair Garrison, who passed away at his home, Indian Harbor, April twenty-ninth, after a long and lingering illness borne with Christian fortitude.

Two and one half years ago the deceased spent six months at the Sanatorium, Kentville, and hope was cherished for a time; but early last Autumn he began to fail, death claiming him at the early age of twenty-one years.

He is survived by a sorrowing mother and three sisters, namely: Lillian at home, Mrs. Lloyd Hanson, Halifax, and Mrs. Otto Porter, Wolfville.

The funeral was held on Monday afternoon, interment at St. Peter's cemetery. Rev. Thomas Pilkington conducted the service.

SHIPPING NOTES

The steamer "Ruby L." was in port last week and sailed on Saturday with a cargo of fertilizer for Bay of Fundy ports and after discharging same proceeded to St. John.

The steamer "Glenholm" arrived in port on Saturday last from St. John with a full cargo of general freight.

The D. A. R. steamer "Prince Albert" made her first trip this season on Monday.

Paul Deschanel, former President of France, died at Paris last Friday afternoon.

- that **ABSOLUTELY WITHOUT CHARGE** I will consult with you regarding your individual case regardless of the nature of your trouble and tell you frankly whether or not you can expect results with CHIROPRACTIC;
- that I am permanently located in well appointed offices over **THE BARTEAUX STORE, Wolfville, N. S.**—Separate Waiting Rooms for both Men and Women—Lady Assistant in attendance;
- that my Office Hours are 10.30 - 12.30 Tuesdays, Thursdays, Saturdays.
- that I make Residence Calls by appointment;
- that I have been specializing in CHIROPRACTIC for over 10 years and have benefited thousands of suffering people—my record in Nova Scotia speaks for itself—Many of my patients in Nova Scotia have voluntarily given me permission to use their names upon request;
- that I am a Graduate of the Palmer School of CHIROPRACTIC, Davenport, Iowa, U. S. A., which is the Fountain Head of CHIROPRACTIC and the mother school of all Chiropractic schools and colleges in the world;
- that Dr. B. J. Palmer, President of the Palmer School of Chiropractic, is the son of the late Dr. D. D. Palmer, discoverer of Chiropractic;
- that the Palmer School of Chiropractic is recognized the world over for its graduates as being the best trained and technically qualified to practice Chiropractic.

Investigate for yourself. Be open to reason and conviction. Don't say:
 "I can't be helped."
 "I've had my troubles too long."
 "I'm too old."

While you are guessing about yourself, I can be busy restoring you to Health with the aid of CHIROPRACTIC. Kindly call and let me explain fully the merits of Chiropractic, its possibilities and the work I have mapped out for myself in this community.
