MONTREAL WILL AID

Council Recommends Vote of \$5000 Subject to Legislature.

IS ALMOST CERTAIN

Money Will Not Be Forthcoming Till Spring—Woodstock Takes Half-Holiday and Raises \$800 More For Fire-Stricken Town.

Montreal, Aug. 18.—It was decided at a meeting of the city council today to approve of a subscription of \$5,000 for the relief of the people of Campbellton, subject to the future approval of the legislature. While the money will not be available until next spring, the city promises to pay as soon as it can be legally done.

Not the slightest doubt exists but that the legislature will agree to such an amendment to the city charter as will enable Montreal to take the money from its reserve fund to aid the fire sufferers.

WOODSTOCK RAISES \$800 MORE.

Woodstock, N. B., Aug. 18.—The net proceeds of the picnic held in Connell Park yesterday afternoon and evening will amount to more than \$800 for the Campbellton relief fund. All the stores of the town closed and the people all went to the park. All the sports were well patronized. This with the amount already contributed by the town and county, makes something more than \$2,500 toward the fire sufferers, exclusive of clothing and the funds sent by the respective churches and parishes outside of Woodstock.

J. Charlton Berrie was summoned to St. Mary's this morning owing to the serious illness of his father, Rev. J. C. Berrie. Reports received this afternoon state that Mr. Berrie is easier and there are hopes for his recovery.

FOUR MONTHS FOR VIOLATION OF SCOTT ACT IN CHATHAM

Chatham, N. B., Aug. 22.—Arch. Fraecker was convicted in the police court this morning of an offence against the Canada Temperance Act, and was sentenced to four months in jail without option of a fine.

CARLISTS ISSUE A PROCLAMATION

Call Upon Spanish Catholics to be Prepared to Sacrifice Lives for Pope.

Barcelona, Aug. 17.—The Catholic Carlists of Catalonia are engaged in active preparations for a series of open air demonstrations throughout Catalonia on Aug. 28. The proclamation issued by them summons the faithful to come to the defence of "Holy Religion and the Mother Church." They refer to the "Accursed Government," and abjure the people to come armed and ready to sacrifice their all for the pope, who has sent his blessing from Rome. The proclamation terminates in these words: "Exterminate the incendiaries of converts and the violators of nuns. May God aid us to overthrow this impious government."

Hudson Bay a Tough Route

Steamer Stanley Returns to Halifax, She Encounters Much Ice While Nearing Port Nelson—Freezing Weather in July.

Halifax, N. S., Aug. 18.—The Canadian government steamer Stanley returned from Hudson Bay. From the reports of the Stanley's officers, it cannot be said that the outlook is very promising for the proposed ocean route from Nelson river or Port Churchill.

The Stanley arrived at Churchill on July 27 and left to return on the 29th. On the way to Port Nelson she encountered much ice—miles of it—and all the time the temperature was at the freezing point and lower.

The tern schooner Chrissie G. Thomey, which was part of the government expedition, was towed to within fifteen miles of Nelson and so heavy was the ice that a twelve inch hawser had to be used and this snapped once.

The Stanley had no difficulty in making Fort Churchill, getting as close as a quarter of a mile from

the shore. According to the accounts brought by the Stanley, the Hudson Bay is a pretty tough proposition as a steamship route. The schooner Thomey reports six fathoms of water sixteen miles off Nelson.

Mr. Parrisseau, the engineer in charge of the Thomey's party, will remain at the bay until the ice is good and hard and will then travel overland to Winnipeg. On his report will depend the feasibility of Nelson River as a port for ocean-going steamers.

HARVESTING IS IN FULL SWING

Winnipeg, Aug. 18.—Harvesting is in full swing, with the crop turning out much better than was anticipated. Labor was scarce.

ST. JOHN AND IT'S PAVEMENT

Council Decides to Hold a Thorough Investigation Into the Matter—Inspector Carleton's Action May Lift Him to Council.

St. John, Aug. 17.—There will be an investigation under oath into the Hassam paving work in the Main Street. The common council so decided this morning at a session following the disclosures made by digging up part of the pavement yesterday.

Mayor Frink in calling the meeting to order said that it had been called as a result of the revelations made on Main Street yesterday. The work there showed that the city was not getting value for the money expended. The matter had received a lot of attention from the press and he had been under a wrong impression from the information that he had been able to obtain. Ald. Baxter on rising to make a motion in accordance with the mayor's request, said that the council were with his worship in this

matter, and had been right along the press was to the contrary. The results of yesterday's investigation showed that everything was far from right and an investigation was imperative. The investigation committee will be Ald. Jones, White, Hayes and Holder. The paving work it appears will go right along. Ex-inspector Carleton is now talked of as possible alderman at large in the next council.

Charlottetown, P. E. I., Aug. 21.—About 5 o'clock this afternoon, Peter Ferguson, of this city, for many years a piper of the Caledonia Band, dropped dead in his house, congestion of the heart being the cause. He leaves a widow, two sons and a daughter.

PERISH IN MONTANA FIRES

Missoula, Mont., Aug. 21.—Mercilessly and relentlessly the forest fires in western Montana are sweeping over a vast area, driving hundreds of fugitives before them, destroying small settlements and wiping out of existence millions of dollars worth of property.

Eighteen of the men were found in

the water, where they had gone for safety, and they were unharmed. Of the remaining 180, no word has been received. The forestry service has organized a relief train well equipped with pack animals, carrying provisions and hospital supplies, and will endeavor to get through the fire.

U. S. Aims at Absorbing Canada Says Newspaper

Paris, Aug. 19.—In a special despatch from its correspondent in Canada, the Daily Mail publishes some comments that are not inspired by friendliness to America. It says: "An obvious attempt is being made to misrepresent as the real opinion of Canadians the action of insignificant sections of Western farmers inspired by the small, almost unknown, Free Trade League, hostile to British interests."

"The importance attached to representations recently made to Sir Wilfrid Laurier, the Canadian premier, has been greatly exaggerated in Great Britain. Canadians not only repudiate the views expressed by the despatch but also resent the manifest influence of certain Americans seeking to bring about the Union of Canada with the United States. The policy of union—or, as some of the advocates prefer to describe it, reciprocity—appears to be gaining ground with dangerous rapidity.

TEMPORARY SCHOOLHOUSE

Chief Superintendent Carter Returns From Conference with Trustees.

HAD A CONFERENCE

Dr. Carter Will Address Nova Scotia Educational Association at Truro This Month.

Fredericton, Aug. 20.—Chief Superintendent Carter returned from Campbellton yesterday. He had while there a conference with the school trustees and it was decided to erect a temporary building of four departments to be ready in two or three weeks.

The insurance upon the burned school building would not probably at this time pay half the costs of a new one and the trustees have no borrowing power owing to the embarrassment caused by the interest on the town debt being in arrears and arrangements not yet completed to provide for it.

Superintendent Carter says it is doubtful if the school board will have at its command any local taxes this year as there is no visible property left in the town, except the grounds upon which the buildings stood and the ruins thereon.

"Campbellton is at present just a cluster of shacks and tents with very little permanent work done yet," he said. "The people were cheerful under all their discomfort and afflictions but those who have had time to give thought to the matter are very apprehensive of the coming winter. Canada seems up to this time to have formed a very inadequate idea of the completeness of the disaster and of the amount of help necessary. The people need absolutely all the assistance possible to be extended."

CRUSHED TO DEATH BY STEAMER'S WHEEL

Detroit, Mich., Aug. 22.—Drawn into the wheel of the steamer Joseph G. Butler by the suction as he left her side after being towed out into Lake St. Clair, yesterday, George Fraich of Sarnia, Ont., is thought to have been ground to pieces by the propeller. Pieces of his skull were found in the steamer's wheel.

Montreal, Aug. 21.—To be blown twenty-five feet into the air from motor boat and land on the wharf amid a shower of debris was the unique experience of a man named McCartney at Lachine today. McCartney had a miraculous escape

Go-Preachers Forced to Go

The Residents of St. Eleanors, Prince Edward Island, Make It Too Warm For the Preachers—Revolvers and Stones Used.

An unfortunate clash occurred Saturday evening at St. Eleanors between a number of so called Go-Preachers who have been holding a convention and some citizens of that locality. There were, it is said, about 100 delegates present and it would appear that they came expecting trouble and they found it. Two of the preachers, we are informed, officiated on Sunday with eyes blackened and bearing other marks of the fight on the opening night. The trouble arose when the Go-Preachers were referred to as Mormons. Thereupon the Go-Preachers herated the boys for their ill manners, and junks of coal were hurled upon the boys with good effect. One young man William Arsenault, received a bad cut on the face. A brother of the injured man then used a hammer effectively on the head of a Go-Preacher. The fight then became general. Stones flew in all directions, several parties receiving wounds, but none serious. Monday night the trouble was repeated. An attempt on the part of some outsiders to set fire to the fence near the tents was frustrated. The Go-Preachers drew revolvers, the outsiders did likewise. A number of shots were fired but no one was hit. Stones and other missiles were thrown and several windows in the houses close by were broken. During the night the Go-Preachers folded their tents, and the Convention was over, much to the relief of the people of that section. The Convention was held in a large tent, the delegates occupying smaller tents close by when the meetings were not in progress. The present whereabouts of the preachers is unknown.—Charlottetown Patriot.

SORRY ABOUT MINING CLAIMS

Millerton Lumberman Alleges He Paid Out \$50,000 On Incorrect Report of Montreal Engineer And Wants Money Back.

Montreal, Aug. 17.—Alleging that he had been induced to purchase three mining claims in Montreal River district, on the report of a mining engineer, James Robinson, ex-M. P., of Millerton, N. B., lumberman, has applied to the superior court for a writ for conservatory attachment against John Casey, a Montreal Prospector, and against the Royal Bank of Canada, as third party.

In the affidavit it is alleged that by memorandum of agreement at Montreal Jan. 19, 1910, the plaintiff agreed to purchase from the defendant three mining claims in the Montreal River district. It is alleged also that the plaintiff

bought these claims on the strength of a report from a mining engineer, which turned out to be incorrect.

The affidavit says that in fulfillment of the terms of the said contract, the plaintiff had already paid to the defendant \$37,500 and the remaining sum of \$12,500 has been paid to the bank, the third party on the order of the defendant on Aug. 15th, 1910.

The writ is asked to prevent this sum of money, which is in the hands of the Royal Bank of Canada, from being paid to the defendant, and asking that it be held in judicial custody until final judgment of the sale is rendered.

PRESIDENT MONTT OF CHILI DEAD

Expired Suddenly at Bremen After an Arduous Day's Work at Consulate.

Bremen, Aug. 17.—The death of President Montt of Chili in this city last midnight, was most unexpected. He was preparing for bed when he was seized with cramps of the heart and died almost instantly. His wife was with him at the time. Almost all the members of the presidential staff, were still engaged in conversation with Senor Basta, secretary of the Chilean legation at Berlin, and other attaches who had met President and Mrs. Montt there on the arrival of the steamship Wilhelm de Grosse from New York. The president of Chili had a trying day. He arose at an early hour to be ready to land from the steamer at Bremerhaven at half past nine

THREE BURGLARS WERE ARRESTED

Moncton Police Nab the Strangers on Suspicion of Robbing House.

Salisbury, N. B.—Aug. 13—Three young men, strangers, who arrived here this afternoon, were arrested soon after their arrival by members of the Moncton police force who drove up the post road from Moncton looking for parties who had burglarized the house of Walter Somers, a farmer, living near Moncton. These young men were arrested on suspicion and taken to Moncton on the afternoon train by the officers.

CHEAP FARES TO TORONTO EXHIBITION.

A trip to Toronto about the last week in August or the first week in September is bound to be most enjoyable, and all the more so if made during the time of the Canadian Exhibition, which is the largest annual fair held anywhere on this continent.

The dates of the Exhibition this year from August 27th until 12th, and for a period extending over this time the Intercolonial Railway announce a series of special fares that ought to prove attractive to those who are contemplating a trip to the "Queen City." Round trip tickets at first class one way fare, will be issued on August 25th, 27th, 29th, 30th, and 31st, and on Sept. 7th and 8th, good for return September 14th. Fares still more reasonable will prevail on August 29th and September 6th, these tickets being also good for return on September 4th.

Those travelling by the Intercolonial will be enabled to reach Toronto by the shortest and most comfortable route from the Maritime Provinces. The Ocean Limited, which arrives in Montreal at 7.35 a. m., connects at Bonaventure Union Depot with the Grand Trunk International Limited which leaving Montreal at 9.00 a. m., arrives in Toronto at 5.30 p. m., thus saving hours of time. The Maritime Express, arriving in Montreal at 6.30 p. m., makes connection with the night expresses of the Grand Trunk Railway, arriving in Toronto early the following morning. The opportunity is thus given for a most enjoyable trip at rates that are very reasonable. Traffic is always much increased during this period, and those who have this trip in mind will do well to apply early for sleeping car reservations. Aug. 17-2 is

HIGHWAY OR PORTAGE P

We learn that one of a party of sports going to the Salmon Fisheries on the North West when four miles from Newcastle remarked: "I thought it was farther to the portage." When told it was yet sixteen miles he said, "well surely this is not your Highway Bridge," but on covering the supposed highway and entering the portage he insisted that the driver was fooling him, in saying the portage road did not commence at OX BROOK BRIDGE. The fact that the district is settled was not sufficient proof to him that the undrained, cross-logged, rough, narrow opening, through which teams pass up the North Esk division of the Chaplin Island Road, is a regular highway.

THE LITTLE SOUTH WEST

The Little South West River, a branch of the North West Miramichi, flows for many miles through one of the most fertile and picturesque valleys in our beautiful province; but through many years of neglect its development has not only been held in check but has actually gone backward. It is at present settled for some eight miles from its out-let on the North West; but we are informed that at one time it was settled by sturdy Canadian farmer-lumbermen for a distance of five miles farther up. These settlers being over 20 miles from the nearest railway and without schools, proper roads or telegraphic or other communication, gradually withered away from the upper settlement. As the young generation grew up and saw the conveniences of other places; and that through the inexplicable obstinacy of governments, they were compelled to live and worry along with the same old inconveniences their fathers had, while thousands of dollars were being expended for conveniences in other places, and other thousands spent bringing in strangers to settle the same. The youth of The Little South West did what those of many other sections of N. B. did for like reasons, left the homes of their childhood for the West or the United States, surrendering the old homes and improvements to the wilderness from which it had been reclaimed.

At the present time the only bridge across this beautiful river is five miles from its mouth. The

school district from this bridge up stream is on both sides of the river, and children on the southerly side must walk from one to three miles down to the bridge and three miles up on the other side to a school, except for short and uncertain periods in winter when they may cross the ice, and equally short and uncertain periods in summer when they can be driven across what is called "Holme's ford" by some of the adult members of the families. There are fourteen families we are informed, on this side of the river having an average of five per family eligible for school. These are not conditions calculated to promote stay at home qualities or develop our province. Yet we are informed that these conditions are and have been known to every representative of our county in both Parliaments ever since we had them. We are informed that these people have been and still are clamoring for a bridge at or near the upper school house, and are satisfied that even this little expense and its convenience would lead many of the youth, who are now gone, going or planning to go, to stay at home and not only maintain the old holdings and improvements, but to branch out over the neighboring ridges and enrich this district with a nation's greatest wealth, peasantry and agriculture. This valley has to be traversed, crossed and recrossed in portaging to some of the finest lumber lands of the province. Its branches and surrounding highlands are among New Brunswick's best game country, and the tributaries of this beautiful stream and the small lakes in the locality are teeming with trout and salmon.

We believe the government should take heed to the advantages of keeping the native born citizens of such localities at home. They are a much more important asset than the immigrant. Their convenience and advancement should be looked after and at least a fair proportion of the money that is expended on securing immigrants and lecturers and writers to teach them what to do, and immigrant agents at home and abroad, should be expended on making life possible for those we have, and inducements for their sons and daughters to stay at home.

Give the "Little South West" a bridge at the head of the settlement it will help the children to school, the farmers to market, and their families to get together socially, the sports to the fishing and hunting grounds, the lumbermen to the camps and their employers to get provisions to them, and be a powerful influence in inducing the growing youth to remain there instead of going West, or to our own towns and cities.

The St. John Telegraph says:—"The North Shore Leader is very much annoyed because The Telegraph has printed a portion of the truth regarding the condition of many roads and bridges in this province. This journal presents its compliments to the excited North Shore Leader and directs its attention to a moving photograph reproduced on the first page of The Telegraph today.

If this exhibit (and there are others to come) does not draw tears of contrition from the eyes of our North Shore friend, the case is a much more hardened one than we are willing to believe at this juncture.

When the North Shore Leader, or any other journal concerned for Mr. Hazen's political existence, loses its temper in discussing public affairs, the common conclusion will be that it is angry with the facts, and cannot look them in the face with composure. Cheer up, neighbor; the worst is yet to come.

NEWFOUNDLAND

CELEBRATION

St. John's, Nfld., Aug. 17.—Three hundred years ago John Guy and a party of emigrants from Bristol, Eng., founded the first permanent settlement in Newfoundland. To fittingly observe the anniversary a celebration is being held today at Conception Bay in which the governor, the ministry, members of the colonial historical society and others have a part. One of the chief features of the occasion is the placing of a memorial tablet, presented by the city of Bristol, Eng., in the monument which denotes the site of Guy's first colony at Cupids. A special delegate from Bristol will present the tablet. The city has issued a series of postage stamps to mark.

SUMMER RECORDS

OF CHILDREN'S DEATHS

Records show that by far the greatest number of deaths among little ones occur during the hot summer months. The excessive heat, the difficulty in keeping baby's milk sweet, improper food all tend towards bringing on those dreaded baby troubles—cholera infantum, diarrhoea, dysentery and other stomach and bowel troubles. To guard against these troubles Baby's Own Tablets should be kept in the house. An occasional dose of the Tablets will prevent these deadly summer complaints or cure them if they come suddenly. Mrs. G. Monie, Ste. Thie, Que., says: "My baby suffered from a severe attack of cholera infantum, but after giving him Baby's Own Tablets the trouble disappeared and he regained health splendidly." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"ANGEL OF THE CRIMEA" DEAD

London, Aug. 14.—Florence Nightingale, the famous nurse of the Crimean war, and the only woman who ever received the Order of Merit, died yesterday at her London home. Although she had been an invalid for a long time, rarely leaving her room, where she passed the time in a half recumbent position, and was under the constant care of a physician, her death was somewhat unexpected. A week ago she was quite ill, but she improved, and on Friday was cheerful. During that night alarming symptoms developed, and she gradually sank until 2 o'clock Saturday afternoon, when an attack of heart failure brought the end.

Her funeral will be as quite as possible, in accordance with her wishes. During recent years, owing to her feebleness and advanced age, Miss Nightingale had received but few visitors. On May 12 last she celebrated her ninetieth birthday and was the recipient of a congratulatory message from King George.

CONSUMPTION

In the cure of consumption, concentrated, easily digested nourishment is necessary. For 35 years Scott's Emulsion has been the standard, world-wide treatment for consumption.

The Rev. Dr. Cousins will return from the Maritime Baptist Convention this week and will D. V. preach both morning and evening next Sunday at the United Baptist Church, Newcastle. All are cordially invited.

EXCELLENT CROP

Reports from outside districts state that the hay and oat crop has not been so good for many years. The potato crop is also good. Haying is about over and notwithstanding the wet weather the farmers have had very good luck with their crops.

GOING WEST

Five of Newcastle's bright young men leave here on Thursday next to make their homes in the Canadian West. They are Messrs. Herbert Foley, Leslie Miller, Stafford Lindon, James O'Donnell and Hubert Crocker of Millerton. Though regretting their departure the ADVOCATE wishes them the greatest success in their new field of labor.

CANOING ACCIDENT

What might have proved a fatal drowning accident occurred on the Miramichi River Sunday afternoon. Four young men, Harry McKean, James McMurray, Bradford Barnard and Harvey Ramsay were out in a canoe when a swell came on striking the light craft and overturning it, throwing the occupants into the water. The young men climbed on the bottom of the canoe where they managed to hold on till rescued by Mr. R. H. M. Gilker of Loggieville with his gasoline launch. Mr. Gilker was sitting in St. Sargeant's stable at the time and immediately went to rescue. He was accompanied by Chief Dickison, Chas. Sargeant and J. R. Lawlor.

BORN

At Matapedia, on the 21st inst., to Mr. and Mrs. John Ryan, a son.

MORE FIRES

A large pile of lumber near the International station, Campbellton, was burned on Sunday morning. An ice house was also burned.

NEW BUILDING

Mr. Scott Coughlan, Blackville, has just completed a fine residence for himself and also one for his sister, Mrs. Margaret Jute. They are now moving into their new houses.

CIRCUS AT CHATHAM

A large number went to Chatham Thursday last to attend Howe's circus. The tent was packed with satisfied spectators. Howe's circus will be welcomed back at any time.

P. E. I. EXHIBITION

The Prince Edward Island Agricultural and Industrial Exhibition will be held five days at Chatham, town beginning Sept. 19. This will be the greatest ever held on the Island and the tenth open to the Maritime provinces.

SEIZURE OF LIQUOR

Scott Act Inspector Baldwin with a search warrant raided the premises of Andrew Connors, Inverness Parish last week. A quantity of whiskey and gin was found on the premises. The case was up before Col. Maltby and was adjourned till Thursday next.

WEDDING ANNOUNCEMENT

Invitations are out for the marriage of Miss Mary Florence, youngest daughter of Mr. and Mrs. Timothy W. Crocker, Newcastle, to Mr. Henry Tenny Ball, of Rock Island, Quebec. The wedding will take place in the Methodist church here on Wednesday morning Sept. 7th.

A \$25 FINE

On Thursday last Chief Dickison arrested a man named Lahay from Black River, for ill-using a horse. The arrest was made on the ferry wharf and the man was taken before Col. Maltby who made quick work of him, imposing a fine of \$25 and costs. Mr. Oscar Drevet Chatham, the owner of the animal came here and took the animal home. Newcastle is a poor place to ill-use dumb animals.

ROAD MAKING

The new road from Highway road to the railway on the Canada Eastern line about a mile long was completed on Tuesday last. Four miles of road has had the road machine on it from Blackville to Curtis'. This is the first time the road machine has been used in this section of the country and the residents speak very highly of the work that has been done. Mr. L. A. Coughlan, road commissioner of Blackville had the work in charge.

WILL ENTERTAIN

An interesting feature of the opening exercises of the Dominion Exhibition, St. John, will be a complimentary luncheon on a rather elaborate scale given by Chef Menzies in the exhibition dining hall at the close of the public programme. The guests will include the Lieutenant-Governor and his suite, the President, Vice-President, Executive and Directors of the Exhibition Association, the judges, the heads of the various departments, newspaper representatives and others. This will be the first public use of the dining hall this year and Mr. Menzies is planning to get a new record in exhibition catering for the occasion.—Globe.

TOWN COUNCIL

The regular meeting of the Town Council met on Thursday evening, Mayor McMurdo presiding. There were present Aldermen Russell, Falconer, Clark, Allison, Butler and Layton. Several matters of routine business were disposed of. By-law committee reported progress in revision of bye-laws and gave notice of amendments for next meeting. Committee on petitions recommended granting the petition of Lemuel Vye. Special committee on Board of Health accounts presented a lengthy report which was fixed and Council adjourned for a week.

THE DISTINCTION

Pictou Advocate—A Halifax despatch in reference to an automobile accident in that city said that "a lady" who was riding in an automobile ran down "a woman" who was boarding a street car. We have it now, the distinction between "a lady" and "a woman". A "lady" rides in an automobile, a "woman" in a street car.

A POPULAR PRIEST

Rev. T. Maguire, who has gone from Newcastle to assume the new charge at St. Margaret's was called on by some of the older members of the congregation with a few invited guests. A feature of the evening was the presentation to Father Maguire of an address and a check of \$150, the gift of St. Mary's parishioners. A purse filled with gold was the presentation of the Douglstown congregation.

COLONEL GORDON RETIRED

Col. W. D. Gordon, who some time ago was in command of the Military Depot here, has much to the surprise of military circles both in Montreal and Ottawa, been retired from the command of the Quebec Military District. The announcement is made in the Military Gazette, and retirement is to date from Aug. 31st inst. Col. Gordon had been in ill health more or less of late and at times was unable to attend to his duties. Two weeks ago during such a period some difficulty arose in the brigade office which made his presence necessary. As a result he was called to Ottawa last week and the announcement in the Military Gazette is supposed to be sequel.—Fredericton Gleaner.

AN ISLAND INVENTOR

A correspondent at Point Prim writes that John McDonald Jr. of that place has solved the problem of the air by an improved flying machine. His latest improvement is in the line of safety control and wing-warping, the control being effected by a single lever. Names are given of American firms desirous of developing and exploiting these improvements on terms which promise a handsome royalty to the ingenious inventor. The Guardian's correspondent grows quite enthusiastic over the prospect as will be seen by the following extract: "In the near future the auto of the air shall leap the rivers, the straits and the ocean itself because of an Islander's genius." And why not?—Charlottetown Guardian.

THE COCK O' THE NORTH

North Shore Firemen Start For Truro to the Tune of "The Cock O' The North"

WILL TAKE PART IN SPORTS

The Newcastle firemen left here today for Truro, N. S., where they will take part in the big firemen's tournament at that place which will be held tomorrow and Thursday.

The men formed up in front of the Town Hall shortly before 1 o'clock and headed by Piper James McMahon marched to the railway station to the tune of "The Cock O' the North."

The men, who have been putting in a lot of practice of late, will no doubt do credit to the North Shore.

Those who left to take part in the sports are as follows: Chas. Dickison, Chief. Frank Mason, Lieut. James Swales. Ben. Maltby. Wm. Dunn. Wm. McMaster. John Fallon. Allan Johnston. Chas. Delano. Perley Russell. John Morrissey, jr. Bryon Hennessy. Chas. Stothart. Frank Grenlay. Percy McLean.

The men left here in the best of spirits and no doubt will meet with their share of success.

Although fifteen of our firemen are out of town citizens need not worry about the safety of their homes from fire, as all arrangements have been made to face any fires that might occur.

Mr. Wm. Stables has been appointed to act as Chief during Chief Dickison's absence.

The ADVOCATE wishes the jolly fire laddies a pleasant and successful trip.

GIRL DROWNED NEAR HALIFAX

Halifax, Aug. 21.—Miss Bella Craquen, a young woman of twenty, who came to Nova Scotia from Scotland last spring through the efforts of the provincial immigration department, was drowned on the shore of Bedford Basin Saturday afternoon. She was bathing with Mrs. McNally, of St. John; Miss Florence Bright, another companion, and the two little children of Mr. and Mrs. T. J. Wilson.

Miss Craquen got beyond her depth. Mrs. McNally tried to reach and save her, and so did the Bright girl, who also got beyond her depth. Then Mrs. McNally got a stick, which Miss Bright grasped and was drawn to safety, but Miss Craquen was too excited to take hold and sank, never again coming up. Her body was recovered in fifteen minutes.

MAN AND WIFE WERE MURDERED

Wilmington, Del., Aug. 20.—Robert Casey, Jr., keeper of general store on the Philadelphia and Wilmington turnpike at Claymont, near here, and his wife were murdered in their beds, in the house over the store, some time during the night, evidently while they slept.

The murder was committed by thieves who also plundered the house and store, breaking open the safe and carrying off all the contents of value Mr. and Mrs. Casey were the only occupants of the house.

The crime was committed with a club about an inch thick and a foot long. With this the heads of the victims were battered in, after which the club was thrown beside the bed. The murder was discovered by Wharton Beal, a driver for a Wilmington grocer, who had gone to the store to deliver bread.

CONNOLLY TO BE TRIED SEP. 6

Hopewell Hill, N. B., Aug. 21.—Subpoenas for some twenty witnesses for the trial of Thos. Connolly, who is charged with killing James A. Powers at a dance at the MacDonald farm on June 30, were issued today and placed in the hands of Sheriff Carter for service.

The crown, it is understood, is not issuing any summons for Covey Mills who it will be remembered, was present at the preliminary but was not called to the stand by the prosecution. Mills had been duly summoned by the crown for the hearing but the crown counsel decided not to call him as a witness, this action being the cause of much discussion and strong protest from Mr. Fowler, Connolly's counsel, who asked both the crown prosecutor and the court that the man be called. It is possible that Mills will be called for the defence at the trial, which will open on Tuesday, September 6, before Judge Landry. Attorney-General Hazen will conduct the case for the crown and the defence will be in the hands of Messrs. Fowler and Reilly, who have been handling the prisoners' case since the opening. The usual jury panel has been summoned.

The departure from the jail this morning was accomplished quietly.

CRIPPEN STARTS FOR ENGLAND

Quebec, Aug. 20.—Dr. Harvey Hawley Crippen, accompanied by his stenographer wife, Ethel Clara Le Neve, will sail for England on the steamer Megantic, to stand trial in London charged with the murder of Belle Elmore, his wife, whose mutilated remains are supposed to be those dug up in the cellar of the Crippen's London home.

After many false alarms of the past few days, when it was many times rumored that the noted prisoners were about to be taken through the streets of the ancient capital on the first lap of their return journey, there were but few people about when in the chilly hours of this morning the pair were taken from the big stone building on the edge of the Plains of Abraham, hurried into the waiting cabs, and conveyed away.

CHILD WAS BURNED TO DEATH

Fredericton, Aug. 20.—A tragedy with distressing details occurred this week at Zealand, a settlement in York county about 15 miles from this city, the three-year-old son of Mr. John Brewer, of that place, being burned to death. The child was deaf and dumb.

The child's father, who was at work in the fields some distance from the house was summoned and so was the mother. Everything possible was done to save the child's life and Dr. Morshouse worked over it for some time. Finally the child succumbed to the terrible burns, which had it lived, would have been a blenheim for life.

In the absence of his parents from the house the child got some matches and commenced playing with them with the same fearful results which so often happen. The child's clothing caught fire and soon its little form was enveloped in flames.

The funeral services were conducted by Rev. Mr. Cook, of Bangor Corner, and the sad accident cast a gloom over the entire community, much sympathy being expressed for the bereaved family.

The public schools will reopen on Monday August 29th.

GRIFFIN A SUICIDE

Which Seems the Only Rational Conclusion From the Evidence Adduced at the Inquest.

Halifax, N. S., Aug. 16—Detective Griffin of the Quincey, Mass. force, who came to North Sydney to identify an Italian supposed to be Resstili, who is wanted in Quincey for a double murder was cruelly murdered in Sydney last night. He was found in an alleyway this morning with his throat cut from ear to ear. A large razor lay in a pool of blood beneath his head. The theory is that the man was murdered by Italian friends of Resstili. The man supposed to be Resstili was arrested Wednesday night on board the steamer Bruce bound for St. Johns, Newfoundland. The Quincey authorities have been in communication with the North Sydney police for some time to be on the look out for the murderer as it was thought he was endeavoring to escape to Newfoundland.

Late Wednesday night a mysterious looking man arrived on the Boston express and bought a ticket for the Bruce. The captain became suspicious and notified the police, but after a thorough search of the ship he could not be found. The police were about to give up the search when they were attracted by a noise underneath the bunk, and on investigating, the man was found hidden beneath the mattress and the bottom of the bunk. He made a desperate dash for freedom and was armed with revolvers and knives, but was finally overpowered and lodged in jail. The Quincey authorities were notified of the arrest, and Detective Griffin came to Sydney to identify the man. He arrived last week and his dead body was found this morning. Sydney is the centre of the Cape Breton collieries and a large number of Italians are employed in the mines.

Sydney, N. S., August 18. "We, the jury empanelled to enquire into the cause of the death of E. J. Griffin, find by the evidence before us, that to our opinion the deceased E. J. Griffin came to his death by committing suicide while in a fit of temporary insanity."

CAMPBELLTON CHURCH SITUATION.

To the Editor of the Globe:

Sir,—Is this the "silly" season, that the Telegraph should be led to reprint and to countenance so ridiculous an editorial as that which appeared in the last number of the Carleton Sentinel?

The Sentinel says that the clergyman of Campbellton, in asking assistance towards rebuilding the churches destroyed in the late disastrous fire, are displaying "undue haste, which to many seems unseemly." "There is great danger," it adds, "in this undue urging of the people towards the erection of (such) buildings, when so many of them think them unnecessary," etc., etc. It looks "too professional" on the part of the clergy, too much as though "our craft was in danger."

If the writer of the Sentinel's editorial is one of those who think church edifices are unnecessary, his attitude is, of course, easily understood, otherwise he is making a mountain out of a mole-hill. Every man of common sense, clergyman or layman, admits that there are too many kinds of churches in existence, and the best men of all creeds desire Christian reunion, and rejoice that some progress is being made in that direction. But as this is a matter that cannot be realized in a day, we must not meanwhile deny to men the liberty to worship God according to their own consciences. This may mean the building of more churches in Campbellton than are absolutely necessary, but it does not mean that the principal object of the clergyman is, as the Sentinel insinuates to provide places "in which their different creeds and doctrines may be published without let or hindrance." The churches doubtless are intended primarily for the worship of God, and as a means of Christian activity for the betterment of humanity. As years pass on they will spend less and less time in religious controversy, and more and more time in proclaiming the Saviour's message of good will and in teaching men how to live right lives. If the object of the ministers of Campbellton be to teach righteousness and usefulness, then the sooner the churches are rebuilt the better. This talk about the appeal from the clergy as "too professional" is utter nonsense. Who should take the lead in the matter if not the clergy? And why should they wait until the homes are all rebuilt before they take action? Are the school trustees to wait until the homes are rebuilt before they think

CARLETON CO. VOTES \$1,000

Woodstock, Aug. 15—By a vote of 16 to 6, the Carleton county council decided at a special meeting held in the court house tonight to grant \$1000 towards the Campbellton fire relief fund. The amount was decided upon after a lengthy discussion as to the best means of raising the greatest sum possible in a way that would affect the taxpayers in the least way. It was found that the increased tax would be but 17 cents per \$1000. The motion was proposed by Councillor J. Rankine Brown, of the town of Woodstock and seconded by Councillor Gibson. Those in favor were Balmain, King, Williams, Oduv Shaw, Frank R. Shaw, Tracey, Kinney, Keenan, Morgan, Phillips, Gibson, Hay, Alex Bell, Scott, Brown.

Those who voted against the motion were Tracey, Smith, Lamont, Brittain, Tompkins, Milville. Warden Stevens appointed the following councillors as delegates to the convention of the union of municipalities to be held in Woodstock this fall. Councillors Williams, Lamont, Alex. Bell, Tompkins and Milville. The convention will be held it is thought next month.

of replacing the schools? Are the bank managers and the railways and the town authorities to take no steps towards replacing the banks, the railway stations and public buildings until the homes are all rebuilt? Why, then, must the churches wait until the homes are rebuilt? Can the appeal for outside aid in replacing the churches be made as successfully a year hence as it can today?

The members of the various Christian denominations throughout the province should not be discouraged by such editorials from befriending the people of Campbellton in the rebuilding of their churches as in the re-establishing of their homes.

The article in the Sentinel states that "the fathers of our land laid the foundation of our modern attainments when they worshipped on the hillside and by the babbling brook." This may be true, but it did not hinder them from building churches as soon as they were able, and the founders of our city showed their feeling in the matter by the fact that the first framed building reared by them was a church.

RESUMED SAILINGS
On and after August 25th the S. S. Canada will resume her sailings from Campbellton to Gaspe. Since the fire she has been sailing from Dalhousie.

HAD GOOD SPORT
Mr. Jos. Wran of Moncton and Thos. Wran of Campbellton had a very successful trip up the Upsalquitoh. They caught four salmon and some nice trout. Mr. Wran returned to Moncton highly pleased with his trip.

HOLDING OUT INDUCEMENTS.
The town of Ste. Flavie is wide awake and is losing no opportunity to attract railway men within its borders. At the present time a large number of men are temporarily located at that point. Business men of that town are offering special inducements to railway men to locate there. I. O. R. men are one of our best classes and every effort should be made to retain them.

MANY NEW LOTS.
The Gerard, Duncan and Christopher properties in the west of the town and the Doherty property at the east of the town are being laid out in building lots and a large number have already been leased. The O'Leary property is also being laid out and lots sold on easy terms.

GIVING ASSISTANCE.
The building committee have passed upon a large number of the applications for assistance to build, and orders for \$100.00 have been issued to a large number of citizens to enable them to commence building at once. Applications are coming in at a lively rate and by the end of the week about four hundred will be in the committee's hands.

A SUCCESS
Local Option in Campbellton has been a great success. Since the fire hardly a drunk has been seen on the streets and the few seen have invariably come in on the trains. Very few arrests have been made for any cause and the Police Magistrate has so little to do that their is fear that he may forget how to execute his duties when called upon to do so.

THE PASTOR'S PITY.—A prominent pastor of Durham, Ont., church writes: "I suffered intensely from Inflammatory Rheumatism. Just one bottle of South American Rheumatic Cure healed me. I pity those who suffer so much and do not know how near they are to a cure. I feel like proclaiming it from the house-tops." Sold by A. E. SHAW'S Pharmacy.—138.

ZAM-BUK SAVED THIS BABY
Mrs. M. Barnett, of Moncton, N.B., Montreal, says: "A horrid rash came out all over my baby's face and spread until it had totally covered his scalp. It was irritating and painful, and caused the little one hours of suffering. We tried soaps and powders and salves but he got no better. He refused his food, got quite thin and worn, and was reduced to a very serious condition. I was advised to try Zam-Buk, and did so. It was wonderful how it seemed to cool and ease the child's burning, painful skin. Zam-Buk from the very commencement seemed to go right to the spot, and the pimples and sores and the irritation, grew less and less. Within a few weeks my baby's skin was healed completely. He has now not a trace of rash, or eruption, or eczema, or burning sores. Not only so, but cured of the tormenting skin trouble, he has improved in general health."
Zam-Buk is sold at all stores and medicine vendors, 50c a box, or post free from Zam-Buk Co., Toronto, for price, 50 cents for \$2.50. A special cut for all skin diseases, cuts, burns, etc., and for piles.

Newcastle STEAM FERRY SERVICE.
The Steamer "Rustler" recently purchased by The Newcastle Steamboat Co., Ltd., has been thoroughly overhauled and fitted up for a Steam Ferry Boat running between Newcastle and Chatham Head.

Healthy Happy Children
As everyday food for growing children, good bread and butter is much more wholesome than meat. It is lighter in the stomach, more easy to digest and furnishes every element of health and strength necessary for the growing child, provided the flour is rich in that fine quality of high grade gluten which distinguishes Ogilvie's
Royal Household Flour.
It is this rich nourishing element which makes children grow fat and happy when given plenty of bread made from this finest of all flours. Children thrive on it. It puts flesh on their bones and brings the rosy flush of health to their cheeks.
This is not so with bread made from inferior flours. It falls very far short of being whole food and fails to build up strong, vigorous growth. For the children's sake buy the best flour—Ogilvie's Royal Household. It counts for health and happiness. Best and most nutritious for pastry as well as for bread.
"Ogilvie's Book for a Cook," with 125 pages of recipes that have been tried and tested, will be sent free if you will send us your address and mention the name of your dealer.

CARTER'S LITTLE LIVER PILLS.
CURE SICK HEAD ACHE
Sick headache and relieves all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the face, etc. While their most remarkable cures have been shown in curing Headache, yet Carter's Little Liver Pills are equally valuable in constipation, curing and preventing this annoying complaint, while they also correct all the vices of the stomach, stimulate the liver and regulate the bowels. Even if they only cause a slight headache, but after all sick head aches they would be almost priceless to those who suffer from this distressing complaint, but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. MARITIME BOARD OF TRADE MEETS.

Chatham, N. B., Aug. 18.—This morning's session of the Maritime Board of Trade was devoted to a continuation of the discussion of the questions, Better Trade Relations With the United States, Municipal Bonded Indebtedness, and The Dog Nuisance in Regard to Sheep Raising. No resolution was made in regard to the matter of trade relations, the resolution being withdrawn by its mover, Capt. J. Read, of Charlottetown. The twelfth subject, that in regard to the necessity of more stringent enforcement of the laws in regard to conservation of the forests, water powers, sea fisheries, game animals and birds, was then discussed. The matter was brought up by Mr. Jarvis, of the Yarmouth, N. S., board. He referred to the great inroads made by the illegal fishing of lobsters and the great losses which follow. The selling of lumber lands to aliens and the devastating of the lands by these owners was also men-

MILL BURNED AT BLACKVILLE

Word was received here Friday that McLaggan Bros.' well-fitted and practically new lumber mill at Blackville was burned at an early hour that morning. The main mill had been closed down for some time, but the shingle mill had been kept in operation and Messrs McLaggan were conducting what was thought to be a prosperous business. The mill was built about three years ago, and was fitted with rotary, lath and shingle machines. A man who has often visited the property stated that it was valued at from \$7,000 to \$10,000. At Blackville it was reported that there was no insurance on the mill.

FOREST FIRMS CREATING HAVOC

Spokane, Wash., Aug. 22.—With more than fifty persons known to be dead, more than 100 missing, 200 injured, half of Wallace burned, and two or three villages obliterated, forest fires tonight continue to threaten death and destruction in Northern Idaho, Eastern Washington and Western Montana. Half a dozen villages are threatened by the flames and their inhabitants by the hundreds are hurrying to places of safety. Relief trains are helpless in many cases, owing to burned bridges and fires that lick the tracks. Wallace is now safe and no towns are burning.

EIGHTEEN LIVES LOST IN WARSHIP WRECK

London, Aug. 22.—Eighteen lives were lost when the British cruiser Bedford ran ashore on the rocks off Quelpart Island, Korea, yesterday, according to the report received here by the admiralty. The men were members of the engine room staff. Further details of the grounding of the Bedford show that the vessel is seriously and lies in a bad position.
