SHINISTER PLOT CAUSE OF RIOT ON HINDU SHIP Official Report on Komagata Maru Incident Discloses Deliberate Design.

REVOLUTIONIST AGENTS Ringleaders Still Under Re-straint, But Misled Fol-lowers at Liberty.

Canadian Press Despatch. LONDON, Jan. 15. Thru Reuter's Ottawa Agency—A special despatch from Delhi, India, gives the result of the enquiry ordered by the Indian Gov-ernment into the riot at Calcutta by Indians returned from Vancouver, B. C. after deportation by the Canadian immigration authorities. The despatch says:

Further, the report shows that the emigrants behaved in a lawless man-ner at Vancouver and obstinately re-sisted the authorities. Owing to suc-cessful efforts, made during the voyage, by emissaries of revolutionary organizations outside of India to pro-mote disaffection among the emigrants, they were in a dangerous frame of mind when they left Vancouver, and listened to cause trouble on their ar-rival in India.

The Government of India in a cov-ering resolution, accept the report as an em-barrassing fact and judicial pronoun-ment the findings of which are just and reasonable. The government, while emphasizing their wish to have treated the returning emigrants with sympathy and consideration, regret that their motives were misunderstood and that an unfortunate loss of life re-sulted, owing to the folly of a few.

M. H. Stevens, M.P., of Vancouver. In an interview some weeks ago charg-ed that the Komagata Maru affair was inspired by Germans, who hoped to cause a revolt in India against the British Government.

TWO GERMANS TO DIE FOR INCITING NATIVES Third is Given Life Sentence by Court-Martial in Morocco.

Canadian Press Despatch. CASABLANCA, Morocco, via Paris, Jan. 15, 5:45 p.m.—Two Germans, Karl Flicke and Herr Grundler, have been sentenced to death and a third Ger-man, Herr Neppelkorn, to life imprison-ment by a court-martial sitting here. The men were accused of espionage, and were charged with having been instrumental in organizing a revolt amongst the natives, which the French authorities say, hampered the work of the pacification of Morocco.

BRITISH STORM GERMAN LINES AT LA BASSEE Victory of Great Strategic Im-portance Gained at Strong-hold of Enemy.

DRIVEN BACK ONE MILE Kaiser's Troops Lost Heavily From Attack of Sir John French's Men.

Special Direct Copyrighted Cable to The Toronto World. PARIS, Jan. 15.—A victory of great strategic value has been won by the British army in a furious drive against the German battlefront near La Bassee. The English troops stormed the strongly entrenched positions held by the Kaiser's forces, captured the first line of trenches and pressed on with magnificent spirit until they had driven the invaders back a mile. The Germans suffered heavy losses, but the British had few casualties.

DUTCH MAY REMOVE EMBARGO ON COTTON Canadian Press Despatch. THE HAGUE, via London, Jan. 15. The Dutch Government is considering the question of removing the embargo on cotton exports to Germany, and a decree to this effect probably will be published in a few days.

Miss Bessie Bisset made application for a water supply on Dunvegan road, outside the city limits.

The board yesterday asked for a complete report each week of the operations of the city employment bureau.

Special master's Hall by the unemployed must cease. This was the verdict of the board of control.

Short Weight Coal. A letter was delivered to some of the citizens and Property Commissioner Chisholm has procured a number of prosecutions.

City Architect Pearce will not certify that any of the Toronto theatres fulfil the requirements of the bylaw, and on this account they cannot get licenses.

Controlled Foster and Spence have been appointed delegates to the Ontario Safety League meeting on Jan. 26.

Electric Inspector Shields will submit amendments of his wiring inspection bylaw at an early meeting of the board of control.

The report of City Auditor Sterling on the hydro-electric books has been delayed somewhat by the printers.

Mayor Church thinks that Toronto is entitled to a larger share of the war contract, and has pointed this out to parliament.

The recount still continues to go in favor of Controller Thompson, he having gained 19 altogether up to late yesterday.

Outstanding taxes for 1912 total \$96,114, and for 1913, \$729,250.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Lustrance and Abundance.

Gray hair however handsome denotes advancing age. We all know the advantages of a youthful appearance.

Don't stay gray! Look young! Ellier repairs the tone at home or get from any drug store, a 50-cent bottle of "Wych's Sage and Sulphur Compound."

Thousands of folks recommend this ready-to-use preparation, because it dardens the hair beautifully and removes dandruff stops scalp itching and falling hair; besides, to one who possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time.

By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Charged with receiving stolen property Harry Natolin was arrested yesterday afternoon by Detectives Murray, Guthrie and Parks and placed in custody in the police station.

Natolin owns a small junk shop at 202 Maria street and a large amount of material, such as rubber pulleys, copper and brass, some of which was recently stolen from the Suburban Railway Company's storehouse.

Some of the material was found there. Much of the material was of considerable value and is thought to have been stolen recently from other sources. Bail was placed at \$2000.

Victoria Church, Annet street, was crowded last night at the patriotic talk given by Frank Yeager, assisted by E. R. Hollinhead, temp. a number of soldiers from Exhibition camp attended and a great sum for the relief of distressed was realized.

PRETTY WEDDING AT MOUNT DENNIS

Miss Helena Pearle Sproule United to Richard E. Post of Manitoba.

The residence of Dr. Herman Sproule, Weston road, Mount Dennis, was the scene of a pretty wedding on Thursday evening, when Miss Helena Pearle, only daughter of Mr. and Mrs. Fred A. Sproule, was married to Richard E. Post of Greenridge, Manitoba.

As the "Bridal March" from Lohengrin was being played by Miss Greenridge, the bride was conducted to the altar by her father, and under an arch of roses and ferns, and in the presence of forty of the immediate friends of the bride and groom, the couple were married by the Rev. J. G. Rogers.

The bride wore a beautiful costume of white satin, with overalls of silk net, trimmed with pearls, and wore a bridal veil with Juliette cap, and carried a floral nosegay of orchids and lilies of the valley. Miss Lorne Pearl Post of Toronto, in a pretty gown of pale blue crepe, wore pink satin, was bridesmaid, and carried a bouquet of pink roses. Dr. Herman Sproule, brother of the bride, attended the groom. During the signing of the register Miss Vera Collett of Toronto sang "All Mine, Alone."

The groom's gift to the bride was a handsome necklace of amethysts and pearls, and to the bridesmaid a diamond ring, and to Miss Collett a cameo bar pin. The groom's gift to the bridesmaid was a pair of cuff links, and upon their return a short visit was made to the parents of the bride, before going to their home in the west.

Major Bickford Well Pleased With Progress at Camp

ROOM FOR MORE MEN

Advance Guard of Machine Gun Battery Reaches Grounds

Major Bickford, in an official report, expressed himself as exceptionally pleased with the progress in training being made by the men at Exhibition camp.

Night operations and other field tactics are all that remain for the troops to be instructed in.

A splendid new social room has been fitted up under the auspices of the Y.M.C.A. in the educational building for the sergeants. It is very large, well lighted and heated with a billiard table, which has been loaned by Burroughs and Watts, piano, lounge, checker, card and writing tables.

The dairy building was crowded last night when E. Sims sang for the first time "We're from Canada," a song written and composed by Miss Humble.

It is likely that the headquarters of the 4th Brigade of Infantry will be placed in Toronto. The 4th Brigade consists of four battalions, two of which are already stationed at the Exhibition.

CARETAKER WARNED MEN AT PRACTICE

Report of Supt. Bishop to Property Committee on Shooting Case.

WINDOWS UNGUARDED

Target Not Supposed to Be Used in That Section.

Superintendent Bishop made a report to the property committee yesterday afternoon on the accidental shooting of Ethel Greenberg at Kent School on Thursday night. Mr. Bishop stated that the caretaker, H. Everfield, notified the members of the Consumers' Gas Company that he had not yet been guarded by the requisite metal. The legal situation and other aspects of the case, and of the use of basements for target practice was referred to a special committee composed of Trustees Hodgson, Miles Vokes, C. A. B. Brown and Superintendent Bishop in consultation with the solicitor of the board.

Superintendent Bishop stated that targets had also been erected in the Duke of Cornwall, Winchester, Dufferin, Ogden, Huron, Alex. Muir, Carlton, McMurrich, Frankland, Wellesley, Brown, Howard and Annette Schools.

It was decided to place two portable schools in the Eglinton School grounds to relieve the overcrowding there.

MANY REMEMBERED IN LARGE ESTATE

Will of Mrs. Margaret Gordon Jones Filed for Probate Yesterday.

GOVERNMENTS LAUNCH PATRIOTIC CAMPAIGN

Dominion and Province Unite in Urging Crop-Growing and Cattle-Raising.

Federal and provincial governments are co-operating in a great agricultural educational campaign to sweep Ontario within the next two months. It will be known as the Patriotic and Production Campaign of 1915, and plans formulated by the agriculture departments of the two governments are nearly complete. It will be launched on February 9, and meetings will be held regularly in all the counties. Experts and skilled speakers will be heard on every occasion, and the burden of their appeal will be to urge farmers in general to produce for themselves to the utmost to raise all the food products possible to supply the famished markets of next year.

There will be ninety meetings held and arrangements are made to have them proceeding at the same time in different counties. In the afternoon farmers especially will be expected, and experts will talk on crop and cattle raising. In the evening the general public will be invited to speak from Hon. Martin Burrell, Hon. James Duff, Professor Creelman, of Guelph, and others. They will deal with the demands of the war from an impartial standpoint, and a booklet is now being prepared by C. C. James, M.A., of the federal department. C. F. Bailey is supervising the local organizations.

A stirring response is expected, and competent men have been chosen as speakers. Among those from the department staffs at Ottawa and Guelph are the following: C. A. Zavitz, G. E. Day, J. E. Reynolds, I. H. Grisdale, E. S. Archibald and well-known livestock commissioners, and agriculturists.

FIVE HUNDRED DOLLARS' FINE FOR NEGLIGENCE

Abram Orpen, Jr., Sentenced for Death of Samuel Book, at Assizes.

Abraham Orpen, Jr., who pleaded guilty to a charge of criminal negligence in the assizes in the city hall yesterday, was fined \$500, with the alternative of six months in prison by Justice Middleton. Orpen ran down and killed Samuel Book, a newsboy, on August 9, 1914, while driving an automobile on Jarvis street.

"In view of the fact that the accused was not driving at an excessive speed, I think the ends of justice will be met by the imposition of a fine. Such sentence, however, is not to be taken as a precedent," said the judge.

Mr. Justice Middleton in passing sentence said that he thought the grand jury had made a mistake in changing the charge from manslaughter to criminal negligence.

Code to neutral countries of Europe is not allowed.

WORK IS PROVIDED FOR MANY CLASSES

Promising work is being done to provide for the unemployed. In Toronto by Rev. A. L. Brown, director of the Memorial Institute. The institute, which is now conducted as a branch of Walmer Road Baptist Church, is furnishing employment to a number of workers.

Toys of all kinds are being made by the unskilled in any particular trade and for these the director finds a ready market. The more skilled are set to the making of furniture. The institute is open to receive special orders for work, and a number of these are even now under way.

To secure a suitably equipped building, Rev. Mr. Brown estimates that a capital of \$500 will be needed, and as \$150 of that amount has already been subscribed, it is hoped that the enterprise will soon be on a firm footing.

NEUTRAL DECLARATION MADE BY DEAN FERROW

Says He is United States Citizen Giving Value for Salary Received.

Dean Ferrow, of the Faculty of Forestry of Toronto University, has declared that he is a neutral, that he is a citizen of the United States, and that he neglected to take out citizenship papers in Canada because he knew that he would not make his permanent residence in this country. Dr. Ferrow, who fought in the German ranks in the war of 1870, went to the United States after securing his discharge, and took out naturalization papers there in 1883. Defending his action in fighting under the German flag, he stated that it was the only honorable thing that he could do, and a privileged companion with the action of Canadians in going to the front at the present time.

He refused to make a stand on the war, claiming that he had not thought it over. The charges made by Dr. Godfrey did not particularly interest him.

Dean Ferrow is 64 years of age. In another year he will have to retire from the faculty of the university. He said that although he was an American citizen and that he did not wish to take a stand on the war, he was giving full value for the salary that he received. The students of the faculty of forestry are with the dean to a man.

VERDICT OF GUILTY AGAINST H. R. BROWN

Recommendation for Mercy Accompanies Jury's Finding in Manslaughter Case.

A verdict of guilty of manslaughter with a recommendation to mercy was returned by the jury in the criminal assizes at the city hall yesterday against Harold R. Brown, the automobile driver who ran down and killed Arthur Backe.

Justice Middleton complimented the jury on their finding, and would consider their appeal for mercy, adding "I will postpone passing sentence for two weeks as I do not want to act harshly in a case of this kind."

MARINE ENGINEERS WANTED FOR NAVY

Ottawa Naval Service Department Advised by British Admiralty of Openings.

By a Staff Reporter.
 OTTAWA, Jan. 15.—There are many fully qualified marine engineers in different parts of Canada, some of whom have already offered their services to the British navy. The admiralty has just notified the naval service department that these and any others who will offer will be accepted now. They will be listed as artificer engineers for the period of the war.

TORONTO STUDENT FIRST TO BRING HONOR HOME

Edward M. Wrong Wins Belt Prize at Oxford, Bringing Signal Triumph to Canada.

Another student of Toronto Varsity has brought honor to his alma mater by winning the second triumph at Oxford within a month, when Edward Murray Wrong carried off the Belt prize. This is the first time that a Canadian student has carried off this coveted honor, which carries with it \$250 in cash and is one of the four best prizes awarded at Oxford.

Mr. Wrong, who is a son of Prof. G. M. Wrong of the history department of Toronto University, wrote a thesis on the loyalist side of the war of 1812. A. L. Burt of Victoria College, who won the Rhodes scholarship three years ago, divided the prize with an Oxford man last year, but this is the first time that the entire trophy has been carried off by a Canadian.

Mr. Wrong was given a Magdalen scholarship a month ago and was the first Canadian to be awarded this distinction, carrying as it does an advance course of seven years with \$1000 a year. His graduation from Varsity in 1911 in English and history with classical options.

FIVE YEAR SENTENCE FOR THREE AUSTRIANS

Harry Smith, William Smith and Mike Placi Go to Penitentiary.

Mr. Justice Middleton in the criminal assizes yesterday sentenced Harry Smith, William Smith and Mike Placi, the three Austrians found guilty of manslaughter, to five years in the penitentiary. Mike Makodonaki, who was also charged with the trio, was convicted of common assault only and was given six months in jail. The victim of the assault was another Austrian, named Harry Zegwolski, who was so badly beaten while attending a christening in a foreigner's house at 309 Western road that he died several weeks later in the General Hospital.

SATURDAY MORNING, JAN. 16.

Unemployment Problems.

When the refusal of so many young men to take farm work offered by the Government Employment Bureau is considered in connection with the frequent experience of citizens who try to help and have their overtures rejected, it is clear that there is some proportion among the "unemployed" who are at least well enough off to be able to pick and choose. The trouble, of course, is that all those who are genuine in their willingness to work suffer from association with the shirkers. Citizens ask the question why some of the other unemployed do not accept the jobs which these shirkers refuse. This is sometimes owing to want of knowledge that jobs are available. The government ought to be able to place a list of its vacancies before the crowd of unemployed who are willing, or who declare themselves willing, to accept any honest labor.

There is another section of the unemployed who undoubtedly belong to the agitator class, and who prefer to agitate and be idle, even on slender rations, to living on the fat of the land and expending muscular energy. These also tend to do injury to the reputation of the unemployed as a class. They are shrewd enough to use plausible arguments, which cannot be replied to on any grounds but those of expediency.

The agitator is logical enough to point out any weakness of this kind, but he is too impractical to recognize that he and the rest of the unemployed are up against an unusual set of conditions, that all society is fighting for its life, and that the shirkers, whether by refusing to fight in the army with weapons, or in any section of the labor army with tools, into which he may gain admittance, is as bad a traitor and as much of an alien enemy as if he had taken arms on the other side.

The present is not the time to argue economic principles. Earthquakes and tsunamis do not consider laws of supply and demand, and still less questions of socialists and humanists. People must, whether employed or unemployed, grapple with these problems directly, and find out what they can do under the conditions of pressure and be glad if they are supplied with a niche anywhere in which to exert till the pressure be past.

We do not, in taking account of these things, overlook the responsibility which organized society has towards all its units. Nothing could be graver than some of the conditions which have arisen in the last six months. This is recognized by everyone who has paid the slightest attention to the situation, and it has been deeply in the mind and heart of all who are responsible for action as representing the social organism.

In the city council a great deal has been said, and if little has been done, there are reasons which are difficult to set aside. A whole-hearted effort is apparently about to be made in the appointment of a committee by the city council. The members are Controllers Spence and Foster and Aldermen Robbins, Wickett, McBride, Cameron, Dunn, Spence and Ryding. They are to report on the whole subject, and we trust that there will be no delay in getting to action.

One or two points, we believe, should be made fundamental. First of all, it should be made certain that there shall be no starvation in Toronto. But there must be reasonable discrimination between bona-fide residents and the transient unemployed who flock in from every quarter of the compass. The spurious unemployed, of whom we have already spoken, should be offered a chance of employment, either on the farms under the government bureau, or elsewhere, and, having refused, they should be enrolled and posted or blacklisted unless they can show good cause for their conduct.

have been made by the mayor, Ald. Wickett and the Unemployment Relief Association, and there should be no difficulty in eliciting the advice and co-operation of the board of trade and other bodies like the Manufacturers' Association and the Trades and Labor Council, to work out a scheme which will be comprehensive enough to elicit all the available channels of employment, and also to give every man out of work, legitimately depending on the community, an opportunity to support himself thru the crisis.

The Railway Situation. The nationalization of railway service has come temporarily in Britain as a military policy, and will remain permanently no doubt as an economic necessity. It must come in the United States, where the railways and public are alike willing, but the politicians shrink from the magnitude and complexity of the undertaking. It is coming in Canada.

Will parliament three or four weeks hence be discussing the nationalization of the Canadian Northern and the divorce of the Grand Trunk Pacific from the National Transcontinental? The government is in partnership with the Grand Trunk no less than with the Canadian Northern, and perhaps the problems presented by the Grand Trunk deal are the more pressing. The government has invested \$200,000,000 in a railway between Winnipeg and Moncton, N.B., which for years can never hope to do any considerable local passenger or freight business. Its terminal, Moncton, is an unimportant inland town, miles from the sea, and thence west five hundred miles to Lewis the line competes with another government railway for the meagre traffic of an almost barren country. However, by connecting up the Hudson Bay with the National Transcontinental we may be able by scrapping a part of the Intercolonial and rebuilding the rest, to get together some sort of national system.

Many people think that this system should be complemented by taking over the Canadian Northern. That is as it may be. We have not given much in the way of money to the Canadian Northern, but some of the provincial governments have committed themselves by bond guarantees to large amounts. The Dominion Government has also generously assisted the Canadian Northern and may have to come again to their relief. The suggestion of nationalization is natural enough. But we must address ourselves to the railway problem without passion or prejudice. Neither political party can make any capital out of the situation. We may have been lavish in subsidizing companies and underwriting their securities, but the roads would never have been built by private capital or by private enterprise. Everybody now admits that there should have been government ownership and operation long ago, but the

"There's Some Things That Even a Goat Can't Swallow."

man who saw and said it 5, 10, 20, 25 years ago was considered "erratic." All the roads on the continent, just now are losing money. Capital, moreover, shies at railway investment for many reasons. Now would seem to be the time for governments to get into the railway business. But the calamity which need not exaggerate the situation. The road between Winnipeg and Moncton turns out to be a costly freak, but that was by many of us long ago anticipated. It is a nightmare, of course, but we knew it was coming as soon as Chief Laurier served us the Welsh rabbit. As to the Canadian Northern it was built to make money and it will make money as soon as times brighten up, but a railway cannot shut down for a month or six months at a time like a factory. That illustrates how essentially railway service is public service, and should be under public operation and control. Nor will this great war result merely in railways becoming public utilities. All minerals, including coal and nickel, should revert to the crown and be declared incapable of alienation.

Does Not Harmonize. Railroads' proposal to reduce wages does not harmonize very well with their contemporaneous desire to raise rates. Mail and Empire. Neither does the avowed intention of the Canadian Pacific Railway Company to hereafter finance itself by stock instead of bond issues. The road has already lost \$100,000,000 thru that kind of financing which diverts money from the enterprise to the pockets of the shareholders. In the end, so far as the company and the public are concerned, 10 per cent. is paid for money instead of 5. Rates have to go up and stay up accordingly.

The U.S. Navy. Congress has disappointed the big navy and the little navy men alike by authorizing the building of two dreadnoughts, as asked by the secretary of the navy, virtually endorsing his program of construction. The net result will be a good navy, but not the best, and Germany has learned that a second best navy is no better than having none at all. The people on the Pacific slope, always in dread of the yellow peril, will be disgusted, but they may be somewhat consoled by the fact that the 21 battleships, with many auxiliaries, will soon be transferred from the Atlantic to the Pacific side of the country.

President Wilson is to formally open the Panama Canal early in March, steaming thru a fleet of 67 men-of-war flying the American flag. The big international naval manoeuvres at Hampton Roads have been abandoned on account of the war. It was feared perhaps that the guests might begin shooting one another up before the party was over. Four nations only will be represented by men-of-war at the opening of the Panama Canal, namely, Spain, Portugal, Cuba and the Argentine Republic.

ENGINEERS FOR NAVY. The secretary of the Marine Engineers' Association has been approached to see if he could supply engineers to fill positions in the navy or mercantile marine if called upon. He expressed himself as quite confident that quite a large number could be supplied, in fact, over 50 men have already volunteered for service.

LEGISLATURE DATE NOW SETTLED UPON

Premier Hearst Announces February Sixteen for Assembly of Members.

A BUSINESS SESSION

Municipalities Are Warned Against Delay in Applying for Special Legislation.

The Ontario legislature will convene on Tuesday, February 16. This definite announcement was made by Premier W. E. Hearst last evening following an afternoon session of the cabinet. The proclamation has already been signed by the lieutenant-governor and the notices of assembly will at once be sent forth to the members. The formal ceremonies will begin exactly one month from today.

The announcement gives ample warning to the municipalities to have their notices of legislation prepared and in on time. The premier intimated that any careless delays in this regard would not be countenanced. There would be a strict adherence to rules this year. A Mild Menstruum. The legislation to be handled includes the adoption of a mild menstruum, a beginning on the 30-million-dollar highway expenditure, and perhaps some special measures with regard to the unemployed situation. There will be usual a long string of private bills to pass thru the same channels. The patriotic undertakings of scores of places will also receive sanction. The determination of the premier to get the house to business at once and to waste no time with little delays is

taken to show that he believes the session will be a short one. He suggested that there were no features of outstanding interest to be dealt with. One of the first matters for the members to take in hand is the appointment of a new whip. The elevation to the cabinet of Dr. R. F. Preston of Lanark last year left this vacancy, and C. R. McKeown of Dufferin filled it capably until the end of the year. It is possible that he may gain the permanent office. Within two or three weeks the workmen's compensation board will shift their offices from the members' smoking rooms to the old Normal school building in St. James' square, and the place will be ready for the opening of the session.

O'KEEFE'S

For Purity— For Health— For Patriotism—

For Purity, because brewed only from best Canadian barley malt, choicest hops and filtered water. Brewed, too, in Canada's cleanest and most sanitary of breweries by Canadian workmen. All imported lagers are "imitation beers," according to the Canadian Government definition.

For Health, because physicians agree that pure malt liquors are liquid food, having splendid nutritive and body-building properties.

For Patriotism, because they are "made in Canada." Only the best Canadian barley malt is used in their making, and the choice hops used are largely Canadian-grown.

All bottles, Crown seal stoppers, labels, cases and barrels used by O'Keefe are also made in Canada. Thousands of Canadian workmen are employed, directly and indirectly, in the production of all these things, and in buying O'Keefe's you contribute to your own country's well-being.

Forty-Sixth Annual Meeting of The Royal Bank of Canada

SIR HERBERT S. HOLT, PRESIDENT, DRAWS ATTENTION TO MANNER IN WHICH CANADA HAS MET CONDITIONS CAUSED BY EUROPEAN WAR.

Mr. E. L. Pease, Vice-President and General Manager, in a Complete Report, Shows What Canada Has Been Able to Achieve in the Way of Progress and Development During the Last Twelve Years.

THE MEETING MARKED THE CLOSE OF A SATISFACTORY YEAR.

The Forty-Sixth Annual Meeting of the Shareholders was held, pursuant to notice, at the Head Office of the Bank in Montreal, on Thursday, January 14, 1915, at 11 o'clock a.m.

On motion of Mr. Wiley Smith, seconded by Mr. E. F. B. Johnston, K.C., Sir Herbert Holt took the chair.

The Chairman requested Mr. W. B. Torrance, Superintendent of Branches, to act as secretary of the meeting, and Messrs. C. R. Hosmer and A. Haig Sims to act as scrutineers.

The minutes of the last Annual General Meeting were confirmed, and the Annual Statement was taken as read. The Secretary was then called upon to read the Directors' Report, as follows:

The Directors have pleasure in submitting to the Shareholders the Forty-Fifth Annual Report for the year ending November 30, 1914, accompanied by the Statement of Assets and Liabilities.

Table with 2 columns: Description and Amount. Includes Balance of Profit and Loss account, Profits for the year, Dividends, and Uninsured Bills.

The assets of the Bank have recently been subjected to the usual careful valuation.

Branches have been opened during the year as follows: In British Columbia—Fort Fraser, Hazelton, Prince George.

The following branches have been closed: In British Columbia—Princeton, Salmo, Sapperton, Vancouver, Campbell Ave.

In Alberta—Calgary, 1st St. West. In Ontario—Caledonia, Sault Ste. Marie, Queen and Bruce Sts., Trenton, Wrentham.

In Quebec—East Sherbrooke. Also the sub-branch at Matagout in British Columbia.

The Head Office and all the branches of the Bank have been inspected, as usual, during the year.

Your Directors desire to express their appreciation of the efficient manner in which the officers of the Bank continue to perform their respective duties.

All of which is respectfully submitted.

H. S. HOLT, President. E. L. PEASE, Vice-President.

Final outcome of the war we venture the prediction that its economic effect upon Canada will be beneficial.

Through the medium of the struggle without precedent. Previous wars during the past half century (namely, the war of 1812, the Crimean war, the Franco-Prussian war, the Russo-Japanese war) were all followed by active and expanding trade.

Each case only two countries were engaged, as against the inclusion of nearly all Europe on the present occasion.

The amount of expenditure incurred by the European nations involved may be indicated by the slight change in the amount of our commercial loans.

The thing of paramount importance, however, is the fact that Great Britain is at war. Needless to say, Canada intends to aid the Mother Country to the utmost of her ability.

The outbreak of war was followed by a convulsive derangement of international exchange and general trade.

The importance of increasing our productive powers is obvious. Only by so doing can we exercise the rigid economy we can dispense temporarily with the aid of foreign capital.

The importance of increasing our productive powers is obvious. Only by so doing can we exercise the rigid economy we can dispense temporarily with the aid of foreign capital.

General Manager's Address. Mr. E. L. Pease, Vice-President and General Manager, in seconding the adoption of the Report, said:

Our President has referred to the policy adopted by your Directors on the sudden announcement of the Great European War, namely, to further strengthen the financial resources of the Bank.

The figures show that the increase in the production of wheat during the period mentioned has been approximately 200 per cent. of oats 130 per cent. and barley 50 per cent.

Of the large number of reservists who have left the country in the last few months we have no particulars.

Emigration from the United States to Canada will doubtless continue on the level of the production of wheat.

The Connell Anthracite Mining Co., Limited. Head Office, 4th Queen and Spadina Aves. Toronto, Ont.

All classes of investments have been affected by the general decline. We may hope for a rapid recovery when general conditions improve.

Table with 3 columns: Description, 1914, and 1915. Includes Field Crops, Railroad Earnings, Bank Clearings, Note Circulation, Public Deposits, Loans, Total Exports, Total Imports, and Customs Receipts.

It will be observed that decreases were general, whereas during the five preceding years increases were the rule. The latter were years of rapid and much artificial development.

The trend of Canadian commerce for the past year is revealed by the following statistics:

The extent and value of our resources are shown by the following statistics covering twelve years (1903 to 1914), which will be found of special interest in the present situation.

Table with 3 columns: Description, 1901, and 1913. Includes Area under Field Crops, Farm Products, Live Stock, Food Animals, and Population.

MANUFACTURES BY PROVINCES (ESTIMATED) 1901 AND 1913. Table with 3 columns: Province, 1901, and 1913.

LUMBER STATISTICS. Value of Lumber Cut—1912. Table with 3 columns: Province, 1912, and 1913.

LUMBER STATISTICS. Quantity of pulp manufactured—1913. Table with 3 columns: Province, 1913, and 1914.

RAILWAYS. Miles in operation, 1914. Table with 3 columns: Province, 1914, and 1915.

RAILWAYS. Gross earnings, 1914. Table with 3 columns: Province, 1914, and 1915.

RAILWAYS. The figures show that the increase in the production of wheat during the period mentioned has been approximately 200 per cent.

RAILWAYS. Of the large number of reservists who have left the country in the last few months we have no particulars.

RAILWAYS. Emigration from the United States to Canada will doubtless continue on the level of the production of wheat.

PACIFIC PROMINENT FEATURE

Strong and Active on the London and Wall Street Markets.

There were no sales of the issue of the Toronto Stock Exchange, where the bid price was several points below the asking price. C.P.R. showed great strength in London and New York, selling in the latter market at 161, after having advanced to 163, reacting to 160 at the start. In all, 3500 shares were dealt in Wall Street. In London, cables said, one of the most active features at the close.

There is nothing out to explain the result, but it appears to be a reaction to the news that the drop in its high level of prices of 233 to the present level more than discounts all that has happened of late.

BANK OF HOCHELAGA PROFITS ARE HIGHER

MONTREAL, Jan. 15.—Net profits for the year of \$586,814, against \$524,700 the previous year, were shown in the statement presented at the annual meeting of the Bank of Hochelaga, shareholders to-day. It was the bank's fourth birthday. The president is now in complete control of the board and management. The English interests have expressed little interest in the company as a proper basis.

WILL CHARGE EXCHANGE

Debit bankers will impose an exchange rate on Canadian currency equal to the rate charged by Canadian banks on American money.

SWEDEN'S NEW WAR LOAN

Sweden is about to issue a new \$100,000,000 war loan.

FRESH ASCENSIONS ON WHEAT MARKET

Chicago Pit Speculators Boosted Up Prices Above Previous Day's Levels.

Canadian Press Despatch. CHICAGO, Jan. 15.—European demand, with no sign that American farmers were yet ready to part with reserves, sent the price of wheat up again today. The corn market also was affected. The wheat option amount to 1,500,000 bushels, of which 1,000,000 were held by the market. Closing prices were unsettled at 1 1/2 to 3 1/2 above last night. Corn finished 5 1/2 to 3 1/2 up, oats at a gain of 1/2 to 1 1/2 and provisions finished unchanged to 1/2 to 3/4 higher. All available supplies largely disposed of and producers not replenishing was the chief cause of the sharp rise. The heavy rapid tightening of the wheat market. Export clearances of 1,440,000 bushels of wheat were reported for the week ending Jan. 10. The floating supply at Buffalo was reported as having been laid hold of to most of the wheat of the starved people in Belgium.

Women's Fur-Lined Coats at Less Than Manufacturers' Cost

Knowing all about these coats which were made in our own factory, we think you'll appreciate this chance when we say that Monday's prices are dollars less than our factory cost on every one of them. The cut shows the lowest priced of the five styles—the one we offer for \$27.00 and ordinarily sold by us for \$37.50.

Out-of-town customers who write or wire for these Fur-Lined Coats can depend on our getting them at once. Charges paid to destination. If not satisfied, return coat. We will refund money and pay return charges.

The shells or outside are made from imported French broadcloth, a suitable weight, thoroughly shrunken; they are strictly man-tailored and finished with self-strapping. All are this season's very newest styles. Our guarantee goes with each garment.
