MAY SUCCEED IN PREVENTING REPUBLIC

Premier of China Takes Determined Stand—Rebels Lack Funds—700 Soldiers Guarding Lanchau Arsenal Mutiny—Armistice Again Observed at Hankow.

PEKIN, Jan. 2.—The feeling in Pekin to-night is that the throne has taken on a new lease of life. Indeed there are some competent observers, who believe that Premier Yuan Shi Kai is still determined that he can succeed in preventing the consummation of a republic.

The imperial cabinet has accepted the resignation of Tang Shao Yi, who was sent to Shanghai as the representative of Premier Yuan Shi Kai and the imperialists at the peace conference between the representatives of both parties there. The government has also telegraphed to Wu Ting Fang, the leader of the revolutionaries at the peace conference, stating that in future it will negotiate telegraphically. The government is of the opinion that Tang Shao Yi went beyond his instructions when he signed the agreement as to the calling of the national convention to decide on the future form of government of China with Fu Ting Fang.

The premier adheres to two points of his original suggestion regarding the national convention, namely, that he insists on the proper selection of delegates to the national assembly and also that its gathering place shall be Pekin.

Premier Wanted to Resign.
Premier Yuan Shi Kai again offered his resignation this morning, but it was not accepted. The court also received a round robin from the generals commanding the imperialistic troops in the vicinity of Pekin, in which they demanded that the premier of the imperial clan should withdraw their wealth from the safety of the foreign banks, where much of it has been placed quite recently, and deliver it into the hands of the war office.

Prince Ching, the former premier and foreign minister, received a letter to-day on behalf of the Manchou troops in the vicinity of Pekin, threatening to destroy his palace unless it was destroyed over to them.

When negotiating recently for a loan, Yuan Shi Kai explained that about \$10,000,000 would carry the government on for six months. By that time discord would have occurred among the rebels in the south and the provinces would return gradually to their allegiance. Yuan Shi Kai does not permit the carrying on of the government beyond the period which the rebels have fixed for the assembly of the national convention.

Rebels Lack Funds.
It is believed here that the lack of funds among the rebels has inspired their haste in settling the date for the national convention.

Seven hundred soldiers guarding the Lanchau arsenal multiplied to-day. They are part of the imperial government troops, among whom there has been a movement for some time past in favor of a republic. The commanding officer fled to Keping, from which point he sent a message to the railway authorities at Tientsin warning with the arsenal had been cut off, and it was feared that many lives had been lost.

ROOSEVELT MAY SEEK ELECTION

Ex-President Coquetting With Destiny—Will Neither Confirm Nor Deny the Rumor.

NEW YORK, Jan. 2.—With a general refusal to "confirm or deny any rumor," Col. Theodore Roosevelt declined to-day to discuss a report that a movement was afoot in New Jersey to place his name on the presidential primary ballots. The former president was asked if he had been approached by anyone of consequence or authority in New Jersey politics with a view to having his name placed on the ballots.

"That necessarily involves a definition of the phrase 'anyone of consequence or authority,'" he replied. "I must decline to confirm or deny any reports or rumors of this sort."

The Colonel is Foxy.
"Have you taken any steps, colonel, to have your name removed from the primary ballots in Nebraska?" he was asked.

"I have taken no steps one way or the other."

A despatch from Washington says that you have made known to President Taft, thru a friend, your unwillingness to say that you will, under no circumstances, accept the nomination next June. Is this true?

"I haven't seen the story," Colonel Roosevelt answered. "I suppose I have been neglecting my education again, but I will say this: That when I have any announcement to make, I will make it publicly. I will not discuss these rumors. I have nothing to say on anything. The peace banquet, with its strong arm squad preserving peace presented an opportunity the other day—but I am not discussing rumors and reports."

Not Doing Any Talking.
"It is reported that you will have an important announcement to make at a dinner Friday night."

"To electrify the situation?" interrupted the colonel. "No, I have no dinner engagement for Friday. I'm still not hungry."

"Gifford Pinchot is quoted this morning as saying that you had told him that you would not accept the nomination, altho you thought you could be elected. Do you wish to deny this?"

"I haven't seen the statement," said Col. Roosevelt. "But I'll wager he didn't make it. Three times within the past few weeks he has been misquoted. I wrote to him twice and found that he hadn't said what he was quoted as saying. So you see, I can't discuss it."

LONDON ASYLUM ON FIRE BUT PATIENTS RESCUED

LONDON, Ont., Jan. 2.—Fire, which broke out to-night in the kitchen of the main building of the London Asylum, destroyed the theatre with damage of about \$20,000.

The fire was discovered at 10.30 o'clock, and the London brigade responded.

Six hundred and fifty patients are housed in this building and all were brought to the lower floor, but they were in no serious danger at any time. There were 1100 patients in the asylum, the remainder being housed in the infirmary and the north wing, neither of which was touched by the flames.

The flames were quickly brought under control by the firemen.

Considerable excitement was caused here when the first news of the fire came, as telephone communication

Trans-Persian Railroad
LONDON, Jan. 2.—British, French and Russian bankers are to hold a meeting in Paris during the coming week, to organize a syndicate with a capital of \$500,000 to carry out a survey of a proposed trans-Persian railroad. Great Britain and Russia have both already approved of the scheme, altho the precise route to be taken by the railroad remains to be decided.

The proposal contemplates the construction of a line from the seaport of Baluk in Russian Transcaucasia, on to Astara, on the Caspian Sea, and to Teheran, the capital of Persia. From that point it will pass thru the Province of Kermanshah, in the southeast of Persia, on to Gwetar, on the Arabian Sea. It will continue thru Baluchistan and then connect with the India railroads going to Kurrachee.

CONDUCTOR BADLY HURT NEAR SCENE OF TRAGEDY

Peter Benjamin, Survivor of Christmas Eve Disaster, Knocked Down by Car.

Apparently in the grip of a "hoodoo" when in the neighborhood of the King-street car barns, Peter Benjamin, the conductor of the ill-fated car, which ran amok near the barns on Christmas Eve with such disastrous results, was himself knocked down by a car last night and seriously injured.

The accident occurred about 8.50 p.m. on King-street, at the east end of the barn and within 100 yards east of the scene of the tragedy on Dec. 24.

Benjamin, according to the statement of eye-witnesses, came down River-street and was about to cross King-street, when a Carlton car, in charge of Motorman Edward Chambers, approached, going west. Benjamin hesitated for a moment in crossing the street, but evidently changed his mind about waiting, for he stepped right in front of the car, which struck him and knocked him down.

Car Stopped Promptly.
The car, which was not going at any great rate of speed, was stopped immediately. The unfortunate man, when picked up, was found to be unconscious. He had wounds on the face and forehead, and was suffering from concussion of the brain. The police ambulance was called and he was taken to his home, at 29 Kintyre-ave. According to Dr. Belfrey, who was called to attend him, the injured man, who likely to recover, will not be out of danger for several days.

One of the officials at the car barns saw the accident, but doesn't know how Benjamin managed to get in front of the car.

"He saw it coming alright," said the official, "for he stopped, apparently to let it pass. Then he started again and the car struck him."

Benjamin was not on duty when the accident occurred.

WILL INVESTIGATE G. T. P.
MONTREAL, Jan. 2.—(Special.)—Altho the statement has been made that F. P. Gutelius, general superintendent of the C.P.R.'s eastern division, will not take charge of the I.C.R., it is understood that he will join the government's railway department in an advisory capacity and will be chairman of the committee to investigate the Grand Trunk Pacific construction matters.

The London Daily Mail Says:
"Passers-By" is a play that one can see again and again. Its exquisitely human story appeals with more fascination than any success seen in England this season. Mr. Charles Frohman and Mr. Haddon Chambers are both to be congratulated. "Passers-By" is at the Princess next week with the New York company.

THE BIG FUR SALE.
There is a splendid display of furs in the big Dineen show-rooms, consisting entirely of the holiday stock left over after Christmas selling. Every article of fur is reduced in price—all new fur made into garments on the premises. Prices that invite buying.

ANOTHER NEW YEAR'S RESOLUTION

Old Man Ontario swears off again, and indulges in a "dry" shampoo.

CONDUCTOR BADLY HURT NEAR SCENE OF TRAGEDY
Peter Benjamin, Survivor of Christmas Eve Disaster, Knocked Down by Car.

Premier and Public Phones
The action of the British Government in taking over the control of the telephone systems thruout the United Kingdom does not seem to have aroused any feelings of intense emotion in the breast of Sir James Whitney.

Nor is there much likelihood of the premier adopting a "me too" attitude in following the British Government's example, by grabbing the telephone systems of Ontario.

"I don't think there's any reason for us to think of following Great Britain's example in this," he said.

"Why the government-owned telegraph system in England is run at a deficit of somewhere about \$1,000,000 per annum is present."

"Of course," added the premier, "we are keeping our eyes open to all that is going on. These new departures are interesting."

MORE HYDRO BYLAWS.
More complete returns of the voting on hydro-electric bylaws thruout the province give the following majorities:

Thornbury	149
Peterboro	135
Beamsville	130
Brampton	140
Caledonia	180
Hastings	71
Paris	365
Southampton	188

Later returns indicate that Collingwood, Warton and Kingston also carried hydro-electric bylaws. In the Limestone City the majority was 1625.

License Commissioner May Resign.
KINGSTON, Jan. 2.—(Special.)—Altho no resignations have been handed in as yet, it is understood that one out of the three members of the board of license commissioners will resign as a result of the verdict given by the people to cut off ten hotels. H. W. Richardson, the chairman, declared to-day that there had been no resignations as yet. R. E. Burns and J. P. Hanley are the other members.

It is believed that the next move of the Social and Moral Reform League will be to have the license fee increased from \$500 to \$750.

Liquor men feel their defeat keenly, but have nothing to say. There is great anxiety now as to which hotels will be cut off. The bylaw favoring reduction was given a majority of 106.

TRUST LIMITED SUPPLY OF MEAT
Damaging Evidence Brought Out in Packing Investigation—Directions Issued to Limit Shipments.

CHICAGO, Jan. 2.—Documentary evidence that the price of meat was fixed and the business apportioned on a non-competitive basis by the packers at their weekly meetings, was introduced by the government to-day at the trial of the ten Chicago packers before U. S. District Judge Carpenter. Special Counsel Pierce Butler read several letters received by W. D. Miles, manager of the Armour Packing Co., Kansas City, in June, 1897, in which the amount of beef to be shipped to certain eastern markets were given and the price to be charged, based on a margin of fifty cents on the uniform test cost estimates used by the packers, was named.

The letters also flatly refuted the statement of Henry Veeder on the witness stand that no meetings of the packers to fix prices and apportion business were held between April, 1897, and January, 1898, when a "statistical bureau" was maintained to compile records of meat shipped and prices obtained at different points. Miles, who severed his connection with the Armour interests in 1903, will, it is said, be one of the star witnesses for the government.

One of the Letters.
One of the letters, dated June 25, 1897, read in part:

"Dear Sir: This afternoon it was agreed that each party will not ship during the current week in excess of shipments agreed upon for last week."

"Boston: At this point it was agreed that each party in interest will not ship during the current week in excess of his proportion of a total shipment of 100 cars, basing such proportion on the average weekly shipments to Boston for the eight weeks ending June 25, 1897. It was also agreed that parties in interest would endeavor to obtain for the current week margins of 50 cents."

"Pittsburg: It was agreed that each party in interest would not ship in excess of 90 per cent of the average weekly shipments for the four weeks ending June 12, 1897."

Limiting Shipments.
The letter contained directions limiting the total shipments for the week of June 25, 1897, to 22,277,023 pounds of fresh meat, of which 2,000,000 pounds went to Boston, and 72,912 to Pittsburg.

Several similar letters were introduced by the government, and it was pointed out that they were all unsigned and in the form Henry Veeder testified the packers' letters were written.

After Attorney Butler had questioned Henry Veeder, secretary of the packers' pools, regarding the details of the combinations from May, 1896, to July 1, 1902, when the witness said the last fresh meat pool dissolved and he severed his connection with the packers, the government attorney sprung a surprise on the defendants by reading the letters and offering them in evidence.

NEW POLICY FOR TEMPERANCE FORCES
Futility of Efforts to Carry Local Option in Cities and Large Towns Means That License Reduction Slogan Will Be Adopted—Hard to Make Headway.

Some of the representative Toronto temperance men, sizing up the Ontario situation, in view of the results on Monday, take the view that there will only be one more round fought on a provincial scale by the Ontario Alliance on local option lines. That will take place next January. After that a new plan of campaign will have to be adopted by the alliance, or the drys will have to go on the defensive.

The position taken in well informed temperance circles is that the territory in which the adoption of local option by a three-fifths majority is likely in Ontario is now very limited, and will be exhausted by another general engagement.

Reverse in Centres.
Where important urban municipalities were attacked, not only did the local option bylaws fail to get a three-fifths majority, but they were voted down in straight majorities. It is recognized by the drys that the movement from the rural municipalities to the cities is not favorable to the adoption of drastic prohibitory liquor legislation. Men who have been in the fight and have given the outlook thought, say that the course which the alliance will take is already marked out by the logic of events, and that it will take the form of a license reduction and earlier closing movement.

The alliance had one of its organizers, Dr. McTavish, assisting in the license reduction movement which has just cut off 10 licenses at Kingston.

Temperance Well Organized.
The alliance was never in such good fighting trim as it has become during the past three years under the generalship of Rev. Ben H. Spence. He has now a staff of effective speakers and organizers, an alliance weekly paper, with a big circulation, and he is successful in securing ample campaign funds each year.

There is a quiet tip going around that a movement will be gradually developed in Toronto for earlier closing of the liquor shops and bars and that it will be championed in due time, by Controller McCarthy and Ald. Austin.

Hard Row to Hoe.
There are nominally 175 municipalities where local option contests could be brought on next January, but most of them are hard places from the alliance standpoint or else are too sparsely settled for organization purposes.

Additional returns received yesterday of the local option votes leave the net

HAMILTON HAPPENINGS

NEW CHAIRMEN NEEDED FOR TWO COMMITTEES

Post-Election Gossip at Hamilton - Jokers Were Abroad on Election Day.

HAMILTON, Jan. 2 (Special).-The chief feature of the aftermath of yesterday's municipal elections was the discussion around the city hall today as to who the chairmen of the various standing committees of the city council would be this year.

First Council Meeting. The new council will meet for the first time next Monday morning at 11 o'clock.

Amusing Election Incidents. The elections yesterday were not without their amusing incidents.

Charles G. Bird, alderman-elect in ward 2, was the victim last night of a practical joke, the nature of which he could not appreciate at the time.

Entrance for Railroads. One road in the city for all the steam railroads entering Hamilton is being strongly advocated at present.

Factory Sites. The suggestion made by Ex-Controller McLaren last before the close of 1911 that a fund be established by public subscription for the purpose of acquiring and holding land for factory sites, so that such property could not be exploited by real estate speculators, has already borne fruit.

CHAIRMANSHIP FOR M'BRIDE. It is rumored round the city hall that the chairmanship of the island committee, which was left vacant by the defeat of Ald. Baird, will likely go to Ald. M'Bride.

NEW POLICY FOR TEMPERANCE FORCES

Continued From Page 1. result a reduction of 20 licenses by local option successes, and 16 by license reduction.

Places heard from yesterday were Lavalle and Point Edward, where local option carried. Elzevir and Grimsthorpe defeated local option.

Table with columns: Cities, For, Ag't. Lists various municipalities and their respective votes for and against local option.

Table with columns: Cities, For, Ag't. Lists municipalities and their votes for and against local option, categorized by majority.

THE SECRET OF A GOOD COMPLEXION

This is the season for evening parties, social events, etc. Why not look your best? Why let your complexion suffer by contrast with other ladies?

Zam-Buk is a skin food; and complexion is purely a matter of skin health. Zam-Buk smoothes slightly over the face each night acts as a skin tonic.

TRAIN STRUCK TROLLEY. Six Persons Injured at Grade Crossing in Troy, N. Y.

TROY, N.Y., Jan. 2.-Six persons were injured, two of them seriously, at 6.30 o'clock to-night during the rush hour on the United Traction Company's line, when a Delawar & Hudson passenger train crashed into a crowded trolley car at the Bridge-ave. grade crossing here.

DASH ON HEAD BABY CAME NEAR DYING

Head Broke Out. Spread to Arms, Legs and Entire Body. Itched So He Would Scratch Until Blood Ran. One Box of Cuticura Ointment and Nearly One Cake of Cuticura Soap Cured Him. Has Had No Return.

"When my boy was about three months old, his head broke out with a rash which was very itchy and ran a watery fluid. We tried everything we could but he got worse all the time, till it spread to his arms, legs and the rest of his body.

WANT VIADUCT QUICKLY. So Mayor Interprets Vote - Must Go to Legislature for Car Lines.

GOOD BUILDING YEAR. The report of the city architect shows that the building permits for 1911 amounted to \$24,374,589.

VIADUCT'S MAJORITY 800

Revised Figures Cut Down Majority - Saunders Led by Sixty.

AN IMPROVED CAR SERVICE. Jan. 9 is the date arranged by the Ontario Railway and Municipal Board to hear the city's application for an order to compel the Toronto Railway Co. to put on 200 more cars and improve the service generally.

TEST Cuticura Cleanser on something nothing else will clean! Full directions and many uses on Large Sifter-Can 10¢

THE DAILY HINT FROM PARIS

Lady Gibson will give a dance at Government House on Thursday evening, Jan. 25.

The University of Toronto Saturday lectures for 1912: The lectures will be delivered in the theatre of the physics building at 3 o'clock afternoon.

Mrs. J. W. Flavell has issued invitations to an at home on Friday, Jan. 12, from 4.30 to 6.30 o'clock, at Holwood, Queen's Park.

Mrs. and Mrs. M. H. Watson have issued invitations to the marriage of their daughter, Helen Violet, to Mr. William Victor Law, Toronto, at 11.30 on Saturday morning, Jan. 27, in St. Patrick's Church, Hamilton, and afterwards at 176 Hughall-street, south.

Mrs. Frederik Nicholls has returned from England.

Mrs. Hector Mackenzie and Mr. Gordon Mackenzie, who have been spending several months abroad, sailed for New York by the steamship Louisiana on Friday, and are expected home this week in Montreal.

1 1/4-inch White Enamel Room Moulding, suitable for all rooms, extra fine finish. Special, foot 1
1 1/4-inch Imitation Oak Room Moulding in varnish finish, most used color, every foot perfectly finished. Special, foot 1

3-inch Imitation Oak Plate Rail and Combination Room Moulding for dining rooms, dens, libraries, sitting rooms, etc., exceptionally fine grade of plate rail. Special, foot 6

Diamond "D" Weighted Waxing Floor Brushes

In the homes fitted with hardwood floors, where rugs are used as coverings, weighted waxing floor brushes are absolutely necessary. If the housewife would keep them in a brilliantly polished condition. Diamond "D" brushes do the work quickly, easily and give satisfying results that will repay the expenditure of one by the great saving of labor and can be used on either hard or soft wood floors. Operated the same as a carpet sweeper by simply pushing it along the floor.

The fine quality bristles are cased in iron, weighted so as to give the brush sufficient pressure, which enables it to get the best results with least labor. For the home where there is a small floor space our 15 lb. waxing brush will be of excellent value at 1.85

For general uses, in buildings, offices, etc., our 25 lb. brush will give great satisfaction at 2.35
—Third Floor.

Large Sized Ulsters—Low Priced, \$7.45

Great opportunity for any man who takes a coat with a 39-inch to 46-inch chest, to get a serviceable ulster at a mere fraction of original price. Finding ourselves with too many of the larger sizes, we have to clear them out quickly, so have marked them at this low figure.

Single and double-breasted ulsters in choice patterns of the latest brown, grey and olive shades and with military or two-in-one style, convertible collars. Linings of best quality; sizes 39 to 46 chest. Reduced to 7.45

Trousers and House Coats Low Priced

Men's Trousers, neat, dark striped pattern of closely-woven worsted fabrics of good winter-weight. Side, hip and watch pockets and trimmings of good quality; sizes 32 to 42. Price 1.65

House Coats—broken lots and odd sizes of many of our best selling lines. In neat self-colors and fancy effects, with plaid trimmings on revers, collars and cuffs. Reduced to 3.95

Save on Boys' Suits and Pants

Boys' Sailor Blouse Suits, of an imported soft-finished navy blue serge, with deep sailor collar, trimmed with braid and lined knee pants; sizes 4 to 9 years. Low price 1.00

Boys' Single-Breasted Three-Piece Suits of imported tweed, in serviceable dark patterns, with neat, shapely lapels, back centre vent, Italian cloth body lining and lined knee pants; sizes 29 to 32. Reduced to 3.00

Boys' Knee Pants, made from a soft-finished navy blue serge, lined with white cotton; sizes 22 to 28. Price 25
—Main Floor—Queen St.

Great \$1.00 Hat Clearance

For \$1.00 you have a choice among a large number of shapes and styles, all of which are heavily reduced and many to less than half their former prices! And, remember, they're goods from our regular stock—odd lines that we must clear out before stocktaking. The lot includes:—

English, American and Domestic Christies—In a large variety of shapes, high and low crowns, wide and narrow brims, mostly black, but a few brown. Reduced to 1.00

Men's Soft Hats, wool, scratch and felt fedoras and telescopes in grey, black and brown. Styles and shapes to suit any age. Reduced to 1.00

Clearance of Odd Caps, large number of men's and boys' caps, children's tams and woolen toques. Toques are in many colors, including navy blue and cardinal. Less than half price 10

Fur Robes and Foot Muffs

Automobile and Buffalo Robes, large size coverings of long-furred black goatskin, with plaid lining. Special price 13.00

Montana Robe, of extra quality, interlined with rubber. Special price 6.75

Imported Fur-Covered Foot Muffs, some with hot-water containers. Prices from \$1.75 to 5.75
—Main Floor—Queen St.

5c Collar Clearance in Full Swing

Still a full supply of men's and boys' collars in all sizes and styles, and from 1 to 2 1/2 inches deep. These are double collars, wing points, turn-down and outaway styles. Some are slightly imperfect, generally through a fault in the laundering, otherwise they'd sell for regular price. The various sizes are in separate trays, so that selection is easy. Come early, the style you want is sure to be here; sizes 12 to 18. Semi-Annual Sale, each 5

Big Snap in Boys' Sweater Coats, 29c

Boys' Sweaters and Sweater Coats, clearing broken lines. Coats have blue bodies, with grey trimmings; sweaters are grey with navy and cardinal trimmings and heavy double collars and cuffs of good winter-weight. In the lot are all sizes for ages 6 to 12 years, but not all sizes in any one line. Semi-Annual Sale price 29
Phone orders filled while they last.

Winter Weight Underwear Reduced

In the lot are Duofold garments (very hygienic), of wool with sanitary cotton linings. Wooley garments in a heavy winter-weight of pure wool, vests having double backs and fronts and drawers double backs, and a good line of dark, natural Scotch wool garments. Perfect in every way, but the sizes are broken, hence this clearance; all sizes in lot, 34 to 46. Semi-Annual Sale, per garment 1.99

Men's and Boys' Mufflers—the PHOENIX STYLES, a nicely knitted, heavily mercerized material in shades of black, olive and white. The neck piece is strong and closely knitted and the chest pieces are broad and full, with strong dome fastenings. Special value, each 1.25

Boys' Underwear, of heavy-weight Scotch wool in dark Shetland shades, with small percentage of cotton, to give wear and durability. Unshrinkable, with satoon facings to shirts, and strong interlinings to waist of drawers; sizes 30 and 32. Per garment 25
—Main Floor—Centre.

Wait Till United States Resolutions
RSBURG, Jan. 2.—The row will publish an editorial on the proposed resolutions of the United States as premature. It says that Russia will not accept the United States proposals to ascertain if these are stable. The declaration of the treaty of 1822 is that the question of the territory of the United States is not to be opened to German goods and ruin to the textile industry. It is a grand vizier that the interference in Turkey is unnecessary outbreaks are suppressed.

MAY INTERVENE
NOBLE, Jan. 2.—Disorderly and Albanians have been today conveyed to a military grand vizier that the interference in Turkey is unnecessary outbreaks are suppressed.

many enemies, but progressive action always does." Farewell Meeting To-night. Trustee Fairbairn whose term expires with to-night's final meeting of the board of education of 1911 and Trustee-Elect Smith, whose second experience as a member of the board will begin with the inaugural meeting tomorrow night of the board of 1912 were both visitors at the secretary's office yesterday afternoon. To-night's meeting will be able to concentrate its condolences in the vote of thanks department upon the manner in which Chairman Levee has presided thru his peculiarly eventful occupation of the position of presiding officer. Heavy Expenditures. The reports will show the biggest year in the history of the board with expenditures on sites, buildings and property account aggregating nearly a million dollars. Dr. Conboy, as predicted two weeks ago, "The World has no serious contender for the chairmanship for 1912. Trustee Hiltz is likely to get the chairmanship of the management committee. Trustees Brown and Hodgson will probably be re-elected respectively to the chairmanship of the finance and property committees. GATHERING INFORMATION ON INDIAN ANTIQUITIES. The bureau of American ethnology is preparing a new work which will form a handbook of aboriginal remains in the United States and will have to do with the ancient abodes, camps, mounds, workshops, quarries, burial places, etc., of the Indian tribes. In connection with this work F. W. Hodge, ethnologist in charge of the bureau of American ethnology, is sending letters of enquiry to all persons thought to have any knowledge of the subject of this undertaking, as well as to all institutions and societies interested in American archeology and ethnology. The letter requests all information respecting the location, character and history of the remains left by the Indians, or other indications of their former occupancy. This is not the first time that the bureau has attempted a work of this kind. In 1881 a catalog of prehistoric works east of the Rocky Mountains was published, but that work is both out of date and out of print, hence the present effort to gather these scattered facts concerning the former occupancy of the country by the Indians is being made. The original publication on the subject of aboriginal remains was compiled by Dr. Cyrus Thomas and several collaborators, with a view of aiding in the construction of archeological maps for a general report on the mound excavations of the bureau of American ethnology, but on account of its appar-

ent usefulness as a means of reference it was published as a separate bulletin. Many difficulties presented themselves during the preparation of the book, the main one being the lack of old maps on which the places referred to, in published accounts of antiquities, could be located. Nearly all modern maps were useless on account of many changes in the names of counties and boundaries. The list finally prepared included all existing works as well as the previous location of many obliterated ones, arranged by states and subdivided in counties. A vast territory was covered in the first book, and, judging from the large map of the eastern United States, the Ohio River and the southern shores of the Great Lakes, also there are indications of many settlements on the Atlantic coast especially in Florida. A large map showed all the locations, and smaller maps, of which there was one for each state, indicated the nature of each site by a special symbol. In the cartographic list, one found the meanings of the symbols readily; a single house drawn in outline represented a wooden lodge, while two houses represented a village; a grave was indicated by a special figure; a mound by the same figure reversed, and so on, enabling one, with a little study, to see at a glance exactly what was located at a certain point. The history of the American Indians forms a broad and attractive subject of enquiry, but unfortunately the data available for such study are rapidly decreasing. The fact that the customs, folk-lore and traditions of these people are being lost thru advancing civilization and that the older Indian authorities and characters are rapidly passing away makes it more and more difficult to preserve the history of the Indians for future generations. Thru the thorough methods of the bureau of American ethnology, devoted to the recording of the habits, customs and history of the American Indians, however, many valuable data are constantly being compiled. It is not expected that the prospective work on Indian antiquities will be issued for many months. Following the precedent of the old report, the new one on completion, will show, to even a greater and more extensive end, all available information. It is proposed to classify the former Indian remains by states and counties and to illustrate the publication with maps, photographs and drawings. CHINESE IN LABORATORIES. There are to-day in some of the universities of America and Europe Chinese students who in laboratory work are distinguishing themselves even in comparison with western students. The Chinese have a power of application and patience and a capacity for detail that is destined to bring success in scientific enquiry when once they get the background, adopt the method and make the start. The irresistible progress destined to be made by western science in the Chinese empire will surely undermine Chinese faith in the "Book of Changes," which is at the base of Chinese philosophy. Whatever is permanently true will remain in imperishable blocks, but the structure as a whole will fall in ruins, with Chinese ideals pitilessly and irrevocably shattered. At this critical period of the disintegration of old ideas, what new moral and spiritual ideas are to replace the old in order that the new state of these people may not be worse than the first? —Dr. C. K. Edmunds in The Popular Science Monthly.

Weak Back--Rheumatism
If you have a pain in your back, or a weakness around the loins, and have tried all kinds of drugs and plasters without getting permanent relief, I can assure you of perfect cure if you will wear for a few nights my Dr. McLaughlin's Electric Belt
It cures Lame Back, Rheumatism, Lumbago and Sciatica. It soothes and strengthens from the first application. You wear it while you sleep, and get up in the morning feeling like a two-year-old. If you suffer from weakness of any kind, rheumatism, lame back, sciatica, lumbago, debility, drains, loss of power, or stomach, kidney, liver or bowel troubles, you must not fail to get this book. Don't wait another minute. The reason so many people neglect to use my Belt is that they fear it will fall like other things they have tried. Now, the security that I offer to the doubtful man is that he need not pay for my Belt until it does for him what I say it will do; if he in turn will give me reasonable security that he will pay when cured. For a full and complete testimonial, don't make any difference whether you know that Dr. McLaughlin's Electric Belt cured them or not. Give me reasonable security. I will arrange the Belt and send it to you, and you can pay when cured.
PAY WHEN YOU ARE CURED
Pick out the men who have worn my Belt. See them with head erect, chest expanded, the glow of health in their cheeks, courage in their hearts, and a clearness of the head that tells you, "I am a man." "I am Samuel J. Harnett, North Gower, Ont., says: "I received a Belt from you some four years ago, and I wish to say that it was all it was represented to be, having cured me of indigestion and other ailments, and I now feel like a new man, giving all the credit to your Belt. Anyone giving it a good trial, I know, will feel as I do." Cut out this coupon now and mail it. I'll send the book without delay, absolutely free. Call if you can. Consultation free.

Excelsior Rink—3.30-4.30—Upper Canada. 4.30-5.30—St. Andrews. 5.30-6.30—Fidelity (junior). 7.00-7.45—Argonauts. 8.15-9.00—Eaton's v. Roscos. 10-11—Lourdes. 11-12—Excelsior—Open Air—No. 1, 5-9—Roscos. No. 2, 10-14—Jodans. No. 3, 1-5—Bell Telephone. No. 4, 6-8—Argonaut (junior). No. 5, 9-10—H. S. Howland Co. No. 6, 11-13—Victoria. No. 7, 14-15—Rangers.

Waterloo Defeats Galt. WATERLOO, Jan. 2.—The intermediate O.H.A. season opened here last evening when Galt and the local boys battled for supremacy. The Waterloo side won by a score of 6 goals to 1. The game was exceedingly fast, considering the lack of practice on both sides, and was replete with brilliant rushes and combinations. The visitors were by far the heavier aggression, but for all that advantage the winners were there with the goods and clearly outclassed their opponents. For the visiting team Caldwell and Dennis were always in the line, while Roshman and Mickus on the Waterloo forward division played spectacular hockey. Offense and Porter, the Waterloo defence, were hard to penetrate, and Hergenreder between the posts saved many magnificent shots. The indications are that Waterloo will come back into the O.H.A. with a good showing before the season advances far, and Waterloo will have to go some to be a winning factor in this district for championship honors. The teams lined up as follows: Galt: Goal, Dandeno; point, Palmer; defence, Dennis; rover, Melrose; centre, Caldwell; left, McNaughton; right, Eds. Waterloo: Goal, Hergenreder; point, Porter; cover, Uffelman; rover, Roshman; centre, Mickus; left, Brezina; right, Brown.

Practice Hours

O. H. A. Ruling. At a meeting of the O. H. A. sub-committee yesterday, it was voted that, under Section 6 of the constitution, any player not in good standing with any other recognized association must have his status cleared by the association before an O. H. A. certificate will be granted. This will bar the players of the Young Toronto lacrosse team.

St. Peter's Anglican League. In the opening game of the St. Peter's Anglican Hockey League last night, Caterpillars and Grasshoppers had a fine old battle for the honors when the full-time whistle was blown the score stood 5-1. Six minutes each way was played, and the Caterpillars found the net twice, while the jumpers were held scoreless.

FINLANDER WINNER HOLMER 2, CAMERON 3 LONGBOAT QUILTS

"Buck" Irving and Art Service or EDINBURGH, Jan. 2.—Kohlman, a native of Finland, won the professional Marathon foot race of 26 miles 38 yards, and the championship of the world, at the Powder Hall Athletic Grounds here to-day.

His time was 2 hours 23 minutes 23 1/2 seconds. Hans Holmer of Halifax, who won the race last year in the record time of 2 hours 28 minutes 21 seconds, was second, ten yards behind.

There were nineteen competitors, including Tom Longboat, the Indian runner, who dropped out of the race at the sixteenth mile, when he was leading by three hundred yards.

Fred Cameron of Amherst, N.S., was third. Longboat's left knee gave out.

CHRISTCHURCH, New Zealand, Jan. 2.—The Australian tennis champions completed their successful defence of the Davis International Lawn Tennis Cup to-day by defeating the Americans in the double match. The Australian team consisted of Norman E. Brookes and A. W. Dunlop. They won from Beals C. Wright and Maurice E. McLoughlin, as follows: 6-4, 5-7, 7-6, 8-4.

DUNLOP Traction Tread

Another Opinion: "My Dunlop Traction Treads have gone about 2000 miles and look as fresh as when put on. I have made several long trips on wet, muddy roads and have never found it necessary to use a tire chain. My experience thus far goes to show that these are real Anti-Skid tires, and they are simply great for hill-climbing in sand."

Scotch Curlers Make a Good Start On Ice at Halifax

HALIFAX, Jan. 2.—Nova Scotia scored 17 points to-day in the curling matches with the Scotmen, against 161 by the visitors, a lead of twelve points so far for the curlers of New Scotland. This is a friendly match and will be continued on Thursday. The competition for the Strathcona Cup takes place to-morrow.

Competitions for this trophy will be held only in the cities of Halifax, Montreal, Toronto and Winnipeg. The morning games to-day gave Nova Scotia a lead of five, the score being 8 to 3.

In the morning the Canadian campaign began with single-rink matches between the Scotmen and individual rinks from various Nova Scotia clubs. Scores: Scotland—Nova Scotia—R. Rian, skip..... 14 W. Knight, skip..... 11 A. C. Riddell..... D. Pugh..... James Teiler..... A. Cooley..... James T. Ward..... W. A. Trethewey..... J. S. Seaman..... R. W. W. McLean..... J. Hewatson..... 15 J. W. Blanchard..... 14

Total..... 110 Total..... 83 This afternoon the scores were 88 for Nova Scotia to 81 for the Scotmen. This afternoon scores by rinks were: Scotland..... 13 Bruro..... 13 Scotland..... 16 Bridgewater..... 13 Scotland..... 15 New Glasgow..... 12 Scotland..... 16 Windsor..... 3 Scotland..... 8 Sydney..... 12 White..... 15 Amherst..... 17 To-night the visitors were being entertained by the Halifax men at a smoker and musicale.

Elmira 5, Wellesley 2. ELMIRA, Jan. 2.—The first intermediate O.H.A. game was played here to-night between Wellesley and Elmira. A splendid rush and pass by O. Welch, then each team scored alternately. At half time the score was Elmira 3, Wellesley 2. In the second half there were some fine individual rushes, the checking was close and hard, and there was not many attempts at combination play. The final score: Elmira 5, Wellesley 2.

The line-up: Elmira (G): Goal, O. Rook; point, E. Elmira; cover, M. Welch; rover, K. Kraus; centre, R. Evans; left wing, L. Ruppel; right wing, O. Welch. Wellesley (G): Goal, S. Beaver; point, O. Gronwood; cover, A. Kull; rover, J. Stewart; centre, O. Hineschberger; left wing, A. Gittman; right wing, R. Yontz; Referee—Mr. Puddicombe of Avy.

Hockey at Halifax. HALIFAX, Jan. 2.—The opening game of the Maritime Professional Hockey League was played in the Halifax arena to-night between the New Glasgow Professionals and Crescents of Halifax. From the face-off at the beginning of the game the New Glasgow players had the best of the play, and won out by a score of 3 to 4.

The line-up: New Glasgow (G): Goal, Adams; point, Weaver; cover, Condon; centre, Murray; left wing, A. Gittman; right wing, Hummel. Crescents (G): Goal, Adams; point, Weaver; cover, Condon; centre, Murray; left wing, A. Gittman; right wing, Hummel.

New Glasgow (G): Goal, Morrison; point, Power; cover, Murphy; centre, Scott; right wing, Stuart (Sullivan); left wing, Miller (Cook).

SLATER SHOE STORES TWO STORES

117 Yonge Street and Corner College and Yonge

\$33,000 Stock of High-Grade Boots and Shoes Bought at 70 Cents on the Dollar comes to Toronto and a Great Sale Starts To-day.

Toronto is the city of big deals and daring transactions, and can "turn a trick" and handle a proposition in a few days that would seem an impossibility at any other business centre; and so it was but natural when the lease of the Slater Shoe Store in Hamilton was closing, and the renewal of it under present conditions not probable, that to clear the stock inside of a thirty-day limit, Toronto should be the outlet—and it will be.

The bulk of this great stock has been moved here, and a great sale is planned to start this morning at the Toronto stores.

The goods are of the highest order—made by the manufacturers who have built the largest trades in American shoedom on the merits of their products, and the only standard of goods from any factory which the Slater Shoe Stores would offer their customers at any price—

FIGHT NOTES. Tom O'Rourke, manager and discoverer of Al Falzar, announced last night that he had matched Falzar to fight Jim Flynn, the Pueblo fireman, at the National Sporting Club, New York, on Feb. 15. And it was also announced that Knockout Brown and Abe Attell will furnish the star bout at the National S. C. on Jan. 11.

At Los Angeles, Joe Rivers of Los Angeles knocked out Frankie Conley of Kenosha, Wis., in the eleventh round of their scheduled twenty-round fight, at Vernon. At no time did Conley have a chance.

Jack Denning of New York saved Marcel Moreau, champion middleweight boxer of France, a warm greeting in a ten-round bout in New York on Monday afternoon. Jack made the Frenchman's New Year anything but a happy one by cutting his left eye, marring the outline of his face by digging Marcel waves in it, and otherwise damaging it. In every round except the opening session, which was even, Denning earned the honor. Moreau failed to win a round.

According to a New York despatch, Tom O'Rourke, manager and discoverer of Al Falzar, announced last night that he had matched Falzar to fight Jim Flynn, the Pueblo fireman, at the National Sporting Club, New York, on Feb. 15. And it was also announced that Knockout Brown and Abe Attell will furnish the star bout at the National S. C. on Jan. 11.

At Sydney, N.S.W., in what they called a boxing match, Jack Lester of Cle Elum, Washington, was easily outpointed by an Australian heavyweight named Smith. The contest lasted fourteen rounds, Smith eventually being declared winner on a foul.

Indoor Baseball. The Queen's Own Rifles Indoor Baseball League opens on Wednesday night. All of last year's members of K. O. team and any new men in the company who are desirous of playing are requested to be on hand at 7 1/2.

Says His \$22,500 Arm is O. K. PITTSBURGH, Pa., Jan. 2.—Marty O'Toole, Pittsburgh's \$22,500 pitcher, says his arm is all right and that next season he will "come back" and start on a successful big league career. He has written a letter to a friend here, in which he says:

"The statements you have been reading in regard to my arm being sore or in bad condition are much exaggerated. It feels as free and strong as ever. Dr. Daniels of Brockton told me that what little trouble I had in the shoulder would be removed during my winter's rest. I am spending a great deal of time in the woods, taking daily exercises, which prevents me from getting too heavy."

"I must confess that last season was the most strenuous one I had ever experienced in baseball, owing to the fact that my arm was not in condition when I needed it most. As far as I know, it is all right again, and I am looking forward to a more successful season next year. I find it rather hard to train for many games. I will win the coming season, and will not try to state, but I expect to finish among the leading pitchers of the league. I like to pitch, and if I am feeling right the Pirates will have no harder worker than myself."

Mike Murphy Busy Trainer. PHILADELPHIA, Jan. 2.—Mike Murphy, the athletic trainer of the University of Pennsylvania, was announced to-day, will go to Hot Springs with the Philadelphia National League team, and will supervise the spring training of the players. Horace S. Fogel, president of the Phillies, said to-day that Mr. Murphy's trip would not interfere with his training work at the University of Pennsylvania. Murphy will be the trainer of the American team which will compete in the Olympic games in Sweden the coming summer.

West End Athletics. The weekly handicap athletic events will be held to-night on the West End floor. The events will be tennis, vault and 60 yard potato race. All senior members are requested to hand in their names early.

It's Signally Better

Let your next glass of lager be Kuntz's ORIGINAL. It's a pure spring-water lager and is signally better than lagers brewed with city or ordinary waters.

WEDNESDAY MORNING, JAN. 3, 1912

THE IRON INDUSTRY.

An essential feature of any national policy is the establishment of the base of all manufacture, that is, iron and steel. There is something in the iron industry that appeals to every man—it requires money, brains and brawn. Our people are ready to go forward to turn our raw material into manufactured products if the government will give them an equal chance with the foreign manufacturer.

Over 90 per cent. of the iron exported from the United States comes to Canada. In 1909 the importations were 44,000 tons; in 1910 the figures were 115,000 tons and this year the quantity will be greater. The furnaces in the United States were only operating about 65 per cent. of their capacity. Still they produced over 25,000,000 tons of pig. It is some assistance to them to turn one per cent. of their product to Canada at a slaughter price and Midland and Port Arthur furnaces would be closed and Hamilton gas for life.

Pig iron has been sold in Canada for \$11.50 from Duluth furnaces, when everyone in the trade knew its cost of production was about \$15. The government must have the courage to take up this question now. If no changes are to be made in the tariff at the present session a bounty ought to be given until the tariff can be amended and rid of its present anomalies.

The iron manufacturers complain of the insufficient duty afforded them. Farmers and manufacturers consider the protection accorded pig iron, the base of all manufactures, is by reason of the preferential tariff only equal to 10 per cent. on steel billets—the next process 7 per cent. This is not a revenue tariff. The average on all imported goods is 26 per cent. and on dutiable goods is 18 per cent. What did the United States do until the industry was established? Duties were made prohibitive. In the days when the country was expanding the tariff was framed so that the iron industry would keep pace with the country's requirements. Nine dollars was the duty on pig, and on steel it was whatever was necessary to keep the foreign market out. The result is that now nearly one-half of the iron and steel produced in the world is made in the United States and over \$200,000,000 was exported. They succeeded and we can do so by following their example.

Let the government go on with courage and have no more idle mines or furnaces. The people are with progressive policies, especially when they are designed to build up our country.

ERNEST COULTER'S LECTURE.

The most interesting lecture of the season will be that to be given by Mr. Ernest K. Coulter at the Association Hall on Monday evening next, the 8th inst.

Mr. Coulter's lectures abound in human interest, incident, pathos and humor clinching sober appeal. The Big Brother Movement, that new and intensely practical and humane individual work for child victims of bad environment and neglect, which has already spread to more than twenty cities, was originated by Mr. Coulter and speaks something for his resourcefulness. He has been one of the pioneers in the work of bringing about some provision for the special treatment of mentally defective delinquents; he is a member of the National Council of the Boy Scouts of America; and the committee to federate child play and recreation activities in New York, as well as of other important organizations working in this field.

As will be seen by the advertisement, seats may now be reserved at the Bell Piano Ticket Office, 146 Yonge-street.

BUILDING THE VIADUCT.

There is no good reason for postponing the construction of the viaduct over the Don for any longer than it will take to prepare the specifications for tenders and award the contract. It is possible that the structure may be erected for a less cost than at present estimated. But in any case it will be of the most substantial character and a thing of beauty from every point of view. The statement in one paper that it would be cumbersome and unsightly is quite wide of the mark. On the contrary the aesthetic character of the fine stretch of arches will be one of the show features of the city, and it will be a record in cement construction as the largest on the American continent. The great viaduct at Philadelphia will be the only one approach-

KNOWLEDGE of advertising does not come from books, or from preconceived theory. It may be gained only by experience, and that means a study of selling conditions, plans for attracting the public's attention, and the recorded history of past advertising experiences. We know advertising.

J. Walter Thompson Co., Limited Lumsden Bldg., - Toronto Advertising Agents

Also at New York, Chicago, Boston, Detroit, Cleveland, Cincinnati, St. Louis, and London, Eng.

ing it in importance, and it will rival the Philadelphia viaduct in massive grace. It has been objected also that it will spoil the view of the Don Valley and Rosedale. More people will see this beautiful part of the city from the Castle Frank viaduct than is at all possible at present, and they will get the view from the best point. The Rosedale ravine will be improved and made accessible. Very few people now visit it. It is dark and damp and lonely, and only a few naturalists and stray pedestrians frequent the shaded haunts. In sleighing time and in summer some driving is done, but to say that the viaduct will spoil the ravine is altogether a mistake. Such has not been the experience in similar situations in other parts of the world. Does anyone, for example, suppose that the Dean Bridge spoils the Water of Leith. Toronto is to be congratulated on having at last arrived within sight of the symmetrical development, which will follow the erection of the Castle Frank viaduct.

Remarkable figures illustrative of the great progress Vancouver has made since it adopted the principle of the single tax were recently given by Mr. Walter A. Hilliam in The British Columbia Magazine. As far back as 1895 the council of that city commenced the practice of partially exempting improvements by levying a tax on only half the value of buildings. Improvements were in that year assessed at \$4,317,760, and ten years later the amount had risen to \$11,894,250. In 1907 the city council went a step further by reducing the tax on improvements to twenty-five per cent. This was followed by decided increases in the values of buildings, these rising from \$14,787,640 in 1908, to \$29,644,730 in the end of 1909. In 1910 the single tax was adopted in its entirety, and less than twelve months later the value of buildings was increased to \$37,888,660, the system thus exactly acting as was predicted. Owners of vacant lots were encouraged to make them revenue-producing, or dispose of them to those prepared to do this.

SINGLE TAX IN VANCOUVER.

According to Mr. Hilliam, "the character of whole streets has been changed by the enormous amount of building that has been projected during, and completed during, the past twelve months; huge office buildings now pierce the skyline where formerly the land was unoccupied; blocks which, not old—the city has been in existence less than a quarter of a century—were not bringing in sufficient income in the estimation of the owners, have been demolished and replaced by imposing and better revenue-producing structures. Many apartment houses have been erected all over the city, and a much better type of residence has been built in consequence of the encouragement in the way of a tax on vacant land, and no tax on improvements. A tax on vacant land," adds Mr. Hilliam, "that is what the exemption of improvements really means." The reason of this is obvious, since large revenue-producing buildings carry their own taxes without detriment to their owners.

So satisfied is the City of Vancouver at the result of the experiment with a single tax system that it has decided to continue it. The council further found that they could do this without raising the tax rate of twenty mills net on the dollar on the assessment. That rate has been levied since 1906, and the council does not anticipate that any increase will be required for many years if the increase on the unearned increment continues at the same rapid rate that it has done during the past five years. Vancouver's authority for its adoption, first of reducing taxation on improvements and then of their entire exemption, was given in the city's special act of incorporation. The result has been watched with keen interest all over the Pacific coast states, and its example is certain to be followed once it is fully realized how much of its recent surprising advance is directly attributable to the inducement of the exemption of improvements offers for the establishment of industries and the erection of superior classes of residences. Ontario ought not to be backward in allowing the option to its cities and municipalities.

MR. ROWELL TO RESIGN?

The Globe is out with a recommendation that N. W. Rowell, K.C., get off its board of directors. What is the

row in the camp, or is it only one of the ill-digested editorial efforts? The organ commends Senator Law for resigning his directorship on taking the leadership of the British opposition, and says, "It would be well were this rule introduced into Canadian life." What does Mr. Rowell say?

POLITICS IN THE CITY ELECTION

The Star was not big enough to retract its falsehood that The World advised the electors to vote against Controller Ward on political grounds. In an article summing up the chances of the various candidates for the board of control, The World stated that Messrs. Hocken, McCarthy and Foster would be elected. They were elected and in the order named. Aid. McCarthy being a Liberal. The World further said, discussing the chances for the fourth place, that the public would probably believe that Messrs. Spence and Church would have enough opportunity for civic service on the harbor-board. Of Controller Ward it was said that he had weakened himself by his political escapade—a simple statement of fact, of which everyone was aware. The World also said that Aid. Sweeney was a negligible quantity, as it provided.

The Star still insists, by taking the sentence out of its context and quoting it alone, a trick in which The Hamilton Times is the provincial expert, it can convince itself that The World recommended the electors to vote against Controller Ward. If The Star can convince itself of that, it can convince itself of anything.

Furthermore, it says "The World is anxious to clear itself of the charge that it introduced politics into the civic campaign."

The Star is wrong again. The World was anxious to know whether The Star had really made an honest error, or whether it was merely constitutionally incapable of taking a fair attitude on a question on which there were no two opinions for an impartial person. The Star leaves us in no doubt. It is not even faithful in little.

"GOLDEN RULES FOR JURYMEN."

In connection with a proposed enquiry into the British jury system, a correspondent of The London Daily Chronicle has called attention to a pamphlet, entitled "Golden Rules for Jurymen," issued by Sir Richard Phillips in 1812. Of late comment has been evoked, both in Canada and the United States, over various cases in which the presiding judges have directed the jury to return certain verdicts or refused to accept those actually returned. Jurymen have, of course, to accept judicial rulings on points of law that may be involved, but judges have on occasions certainly trespassed on the proper province of the jury.

As a specimen of Sir Richard Phillips' golden rules, the following certainly deserve wide publicity and suggest that the pamphlet itself would be well worth republication or circulation on this side the Atlantic:

The judge is authorized to expound the law, but not to direct and over-rule their decision; he is to be respected by the jury, but not to be implicitly obeyed.

"Every jurymen should recollect that he is acting for his country and that, for the time being he is the uncontrollable arbiter of justice.

"In deliberating on their verdict every jurymen is bound to exercise his own judgment, to give his individual opinion freely and boldly and to bear in mind that it is the sole and entire object of the institution of juries that every jurymen should decide according to his own conviction on the points at issue.

"The sole hope of persons under accusations and of suitors in appeals to the law is on the good sense, integrity and firmness of grand and petty juries."

The Globe is loath to admit the victory of the viaduct bylaw. It thinks Toronto can afford "to waste" a million in building a "straight" viaduct, still clinging to the incorrect figures supplied by the Civic Guild for a "crooked" viaduct.

THE WAY OUR BIG RAILWAYS HANDLE PASSENGERS.

Editor World: I wish to give publicity thru your valued columns to the inadequate passenger service of the Grand Trunk Railway Co., and the careless and negligent manner in which the said company handled a portion, at least, of the passenger

traffic at the Union Depot on the morning of Dec. 23 last.

I had a ticket for Chatham, and arrived at the depot at 7.30 a.m. to find the clock in the station showing 7.45. I saw a few cars standing there, and people pouring into them. There were no brakemen, nor conductor at any part of the train, nor any platform-step to assist people to board the train.

At 8 o'clock, or a very few minutes after, the train pulled out, and the car I was in—a first-class day coach, No. 2158—had every seat filled, and in the aisle of the car proper thirty people and dozens more pieces of baggage, such as suit cases, parcels, etc., were standing. The smoking compartment was filled with men smoking, and women and children, some the latter in arms. The passage alongside of the smoking compartment was crowded with people standing, as were also both vestibules. The car, unheated, would seat comfortably about 80 people, yet fully 130 were jammed into and on it.

Speaking of passengers riding in the vestibules, I recall the International Limited, running from Montreal to Toronto on June 16 last, was derailed near Newcastle, Ont., and one passenger was killed and several injured. The Grand Trunk Railway Co., I understand, are resisting payment of a claim for damages by the widow of the man who was killed on the ground, and the wasted energy is conducted back to the generating station thru the rails or let out at a dead end, which makes a circuit thru the car. This means that a constant current is used, and the wasted energy is conducted back to the generating station thru the rails or let out at a dead end, which makes a circuit thru the car. This means that a constant current is used, and the wasted energy is conducted back to the generating station thru the rails or let out at a dead end, which makes a circuit thru the car.

Not until we were forty minutes on the way did a train official put in an appearance, when a conductor came thru for tickets and fares. A few minutes after that a brakeman came and I asked him if this was the only train they were sending to Chatham that morning, and was informed that this was a "special" and that the regular train would leave the depot about 8.40. I asked where he had been from 7.30 to 8 o'clock, and why he was not on hand at the train to assist passengers and inform them of the current in the vestibules, and he seemed willing to carry as many passengers as could be crowded on or into the train.

I may say that I have traveled thru-out Ontario a great deal during the last ten or twelve years, and instead of getting better accommodation, it is getting much worse every year. The traffic, I consider, has doubled and perhaps tripled, in the last ten years, and yet it seems no more trains are run than were ten years ago.

I have sent a statement of the above facts to the chairman of the railway commission at Ottawa, and trust my own efforts may have the means of starting an agitation which will compel our railways to give passengers better accommodation.

Thanking you for the valuable space you have allowed me.

S. R. Wilkie. 308 Jarvis-st.

STREET RAILWAY PRECAUTIONS.

Editor World: I have been greatly interested in the accident of Sunday is on the T.R.R. and would, thru the medium of your newspaper, make a few remarks about it. I have been a conductor for some time on the T. R. R., and a motorman on the Hamilton street railway, and with a driver's heavy double car with hand-brake for a good while, and so talk from experience. There are several things to say for the motorman and driver, but their worth both as a conductor, safe and reliable, and as a financial investment for years, and are still building more.

AT OSGOOD HALL

ANNOUNCEMENTS.

2nd January, 1912. Master's Chambers. Before Geo. M. Lee, Registrar. Feuchen v. Pollard—Bethune (Martin & E. L.) for plaintiff. Motion by plaintiff for an order amending writ of summons by substituting another date for the one mentioned in the writ. Order made.

Judge's Chambers. Before Middleton, J. Re West Nissouri Continuation School—W. L. Meredith (London) for trustee. C. Gibbons, K.C., for the township. A motion by the trustees for a mandamus to compel the township council to raise the sum of \$7000 and to issue debentures for the amount under bylaw 208 and to pay the proceeds to the treasurer.

Judgment: This is an unfortunate contest between a municipal council and a school board, and to protect the ratepayers from the action of that board. Nothing can be more improper than this attitude on the part of the school board and to protect the system of municipal government each subordinate body is supreme within its own limits. The trustee and his associates are quite wrong in seeking to answer this application by the assertion that they and the ratepayers do not approve of the continuation school. It is the duty of the court to prevent this invasion by one municipal body of

the legislative territory assigned to another and to compel the discharge of one municipal body of any duties, which it may be called upon to discharge by a merely ministerial and ancillary in their nature. If the passing of bylaw 216, by which bylaw 208 was repealed, does not destroy the rights of the school board, a mandamus should be directed to the township to discharge the duty devolving upon them under sec. 38, in view of the approval of the application of the board by the issue of debentures and the passing of the necessary bylaw therefor and to pay over the proceeds to the school board when the debentures shall have been sold. The mandamus should direct the doing of this forthwith, but no motion of a primitive character should be made if reasonable diligence is shown and the matter is taken up immediately on any slope and kept there until released by the magnet-brake. This brake, I am surprised, is not universally used on electric railroads from the companies' standpoint. It relieves them from worry and expense and gives the public in general more confidence. It does not strain and injure the machinery of the road, which is a saving. There are less accidents and at the same time this now so-called "wasted energy" is put to a good use. Mr. Mackenzie goes to the old country for capital, etc. Why doesn't he pick up a few ideas whilst there? I used to consider them rather behind the times, but I must confess in many things they are even yet ahead of us here and talking about tubes, Mr. Editor, in some of the cities there he could not possibly get along without them, and have had them used, and proved their worth both as a conductor, safe and reliable, and as a financial investment for years, and are still building more.

Welland. W. S. B.

THE TAME MONKEYS OF GIBRALTAR.

A carefully protected tribe of apes inhabit the Rock of Gibraltar. They are practically tame and have a chief that is known about the garrisons as "Major."

There are only about 30 left of this band of monkeys, which, in some mysterious manner, came over from Africa many years ago and claimed citizenship in Europe. They are protected by martial law, and any addition by birth to their number is carefully chronicled and announced in the local paper.

The apes change their place of residence at the Rock of Gibraltar.

dence from the highest peaks of the rock to lower and more sheltered portions and back again, according to the state of the weather. They show their sense of humor by throwing stones at the soldiers, but they are often not so far weeks at a time save in the early morning.

A few years ago, on account of the dimming number of these animals, some apes were procured from Barbary and introduced upon the rock. But the resident monkeys killed them all. Although so fierce to intruders of their own kind, they never attack human beings, and are greatly beloved and esteemed.

ODDS AND ENDS.

Rub'n'stin once declared to someone that he was descended from one of the crusaders who accompanied Richard Coeur de Lion to Palestine. "On the pi no, presumably," was the smiling response.

The pastor of a church at Marshalltown, Ia., resigned when his rock was cut his salary from \$1000 a year to \$80. That was bad enough, the pastor thought, for a man with a wife and six children to support, and he decided it was rubbing it in for the church to demand that he keep account of all fees received and credit the amount on his reduced stipend. He has quit in disgust.

The human body contains, among other constituents, about two pounds of phosphorus, which is essential to the health of the bones and the vigor of the brain. The phosphorus, says Harper's Weekly, if extracted and put to another use, would make up about 4000 packages of friction matches.

A strange discovery lately made in the walls of the old palace of the Louvre shows that reinforced concrete was by no means unknown in Paris as far back as the sixteenth century, when the rebuilding of the Louvre was undertaken by that industrious builder, Fran's I.

A distinguished physician was asked whether he could tell of any cures for sea-sickness. "I know of only two," he replied. "One is to land at the earliest opportunity, and the other is to go down with the ship."

The Harvard student who kicked a football for 27 miles, from Boston to Norwich, on a water, had an Association football, which is perfectly round, and would go in a straight line when bored a'round the ground. Association football has about as strong a place in the average American college as the electric. You can spend a lifetime at college without seeing either, says The Springfield Republican.

TO BETTER SERVE THE PUBLIC. No public utility meets its obligations unless it strives to do its share in municipal development.

DECREASE IN SUCCESSION DUES. A falling off in the succession dues of the province during the past year is shown by the latest figures.

BOON TO GRAIN-GROWERS. REGINA, Sask., Jan. 2.—What will prove a great boon to the holders of preemption rights in the province is the order issued by Hon. Robert Rogers to the various Dominion land officers throughout the west to cancel preemptions for non-payment of interest.

TORONTO CHINAMEN JUBILANT. Young China is strong in Toronto. The revolutionary association received a telegram from the Young China Association headquarters at Vancouver yesterday, confirming the assumption of the presidency of the Chinese Republic by President Sun Yat Sen, and the vice-presidency and premiership by H. H. Sun; also the adoption of the Gregorian calendar and new year in place of the Manchu calendar, which regulate periods from the date of the emperor's reign.

TO BETTER SERVE THE PUBLIC. No public utility meets its obligations unless it strives to do its share in municipal development.

10c Polly Prim 10c Cleaner. STRUCK POLICEMAN IN FACE. Pinchesky Found Guilty of Assault During Religious Riot.

MOTORMAN WAS EXONERATED. That the late Robert Johnson of a Cuzon-street, who was struck by a King-street car at Queen and Leslie-streets, Dec. 19, and died the same evening at his home, came to his death thru his own negligence, and that the motorman, Henry Daniels, 1710 West Queen-st., was in no way responsible, was the verdict of the coroner's jury last night at the inquest.

Leather Plant Burned. WILMINGTON, Del., Jan. 2.—The plant of the United Leather Company here was destroyed by fire to-night. The loss is estimated at \$100,000.

York County and Suburbs

NORTH TORONTO, Jan. 2.—(Special.)—The openly expressed opinions of Mayor Brown and Councilors Reid and Lawrence in the public press relative to the defeat of the annexation movement in the city while independent in tone and gratifying in a measure, may or may not accurately represent public sentiment. While nothing is to be hoped from adopting a servile tone towards the larger municipality the future of North Toronto, especially with the complex problems arising, does undoubtedly give cause for concern to those who look away ahead.

All our properties are affected by the BLOOR STREET VIADUCT

DANFORTH CAR LINE

We have a few lots left in two of our last year's sub-divisions which we are offering at the old prices and terms.

W. N. McEACHREN & Sons, Limited

A delade 236 63 Victoria Street

SCARBORO VOTING.

The result of the voting for Reeve in Scarborough Township was as follows:

Table with 3 columns: Sub-Div. No., Votes, and Percentage. Rows include Sub-Div. No. 1, 2, 3, 4, 5, 6, 7, 8.

W. H. Paterson, ex-deputy-reeve, and one of the defeated candidates. Took the first opportunity of tendering to the friends who so heartily rallied to his support his cordial appreciation of the splendid service rendered. The unsuccessful Mr. Paterson appreciates none the less heartily the kindness manifested. It is well within the range of possibility that another year Mr. Paterson will redeem his temporarily lost laurels.

AGINCOURT.

Owing to illness in the family of Mrs. J. Reenie, Milkken, the Agincourt Branch of the Women's Institute will postpone their January meeting.

HOLLAND LANDING.

HOLLAND LANDING, Jan. 2.—(Special.)—The following is the council elected for Holland Landing, Reeve, S. R. Goodwin; Councilors, Alex. Foster, Wan Lane, Frank R. Steppen, Wan Wright.

MIMICO.

MIMICO, Jan. 2.—(Special.)—The official figures in the local option contest are as follows:

Table with 3 columns: No., For, and Against. Rows include No. 1, 2, 3, 4, 5, 6, 7, 8.

WEST TORONTO.

WEST TORONTO, Jan. 2.—(Special.)—The results of the elections of aldermen yesterday seem to afford most of the citizens of ward seven the utmost satisfaction. In spite of the campaign against him, the majority given to Sam Ryding was a substantial one, and showed the confidence the electors felt in him. As the World maintains throughout, the ideal representation from this ward is a business one, and Ald. Ryding is a man who has demonstrated himself as being well qualified to do the job.

Quite a clever chorus has been secured. Twenty fair American girls who sing dance and sport themselves in merry abandon are in evidence from start to finish. "The Flirting Widow" at the Gayety. William Rock, the well known comedian and producer, staged all the numbers in "The Flirting Widow," the extravaganza to be presented by the great Star and Garter Show at the Gayety Theatre next week. The result will be apparent to the most casual observer, marking as it does a distinct departure in the burlesque field, where musical numbers are usually "put on" by an old member of the company. In high-priced musical shows the numbers are "staged" by "producers," men

PUBLIC AMUSEMENTS

The "Bluebird" Seat Sale.

Seats will be placed on sale at the Royal Alexandra Theatre to-morrow morning for "The Bluebird" engagement, starting Monday evening next. Theatregoers have been wondering for months past whether Toronto was really to get this unrivaled attraction or whether it would be shunted off to some big "stand" on the other side of the border. Manager Lawrence Solomon is therefore to be congratulated on his enterprise in outbidding the rival cities and securing "The Bluebird" for a fortnight run. All the gorgeous spectacular effects and the company of 100 people of the New Theatre production, New York City, will be brought here.

"Passers-By" at the Princess.

"Passers-By" Haddon Chambers' newest success in this country since "Captain Swift" and "The Tyranny of Tears," sets in upon a week's engagement, beginning Jan. 8, at the Princess Theatre. Mr. Chambers' play is admirably performed by Richard Bennett, Ernest Lawford, Julian Royce, A. G. Andrews, Louise Suter, Rosalie Toiler and Ivy Herzog. Rate of seats opens Thursday morning.

"Satan Sanderson" at the Grand.

Norman Hackett made an enviable reputation for himself in Shakspeare roles as leading support to E. H. Southern, Julia Marlowe, Louis James, Madame Modjeska, Kathryn Kidder, Robt. Mantell and other great artists, with whom he has often appeared. Three years ago he became a star in his own right in "Classmates," a West Point play. In a revival of Mansfield's Beau Brummell, Mr. Hackett scored an artistic triumph. In "Satan Sanderson," his new play, which will be offered at the Grand next week, he has the best part of his career. Mr. Hackett has also won distinction as a lecturer on the drama and Shakspeare.

"Daffydil Girls" at the Star.

The "Daffydil Girls" is the name of the burlesque attraction to be presented at the Star Theatre all of this week commencing with a matinee on Monday, by Sam Rice and his associate players.

The farce to be given is a two-act

"Alea," some dancer, with the Daffydils, at the Star next week.

affair, dealing with married life under difficulties, and has been aptly named a "Furnished Room." Among those from whom Mr. Rice receives able assistance is Mr. Joe Wolf, Harry Keeler, Blanch Carter and Lulu Beesen. The comedy is written on very broad lines and is said to contain more laughs than are usually found in shows of this description.

Quite a clever chorus has been secured. Twenty fair American girls who sing dance and sport themselves in merry abandon are in evidence from start to finish.

"The Flirting Widow" at the Gayety. William Rock, the well known comedian and producer, staged all the numbers in "The Flirting Widow," the extravaganza to be presented by the great Star and Garter Show at the Gayety Theatre next week. The result will be apparent to the most casual observer, marking as it does a distinct departure in the burlesque field, where musical numbers are usually "put on" by an old member of the company. In high-priced musical shows the numbers are "staged" by "producers," men

FOUND BOTH NEGLIGENT

Motorman and Frederick Grigsby, Victim of Accident, Shared Responsibility. "Some motorman have the idea that their cars do not even have to stop for His Majesty's mails. They believe the company's franchise gives the right to run as they like," said Lawyer McKewin in arguing the case of his client, Frederick G. Grigsby, a landscape gardener. Toronto, who brought action against the Toronto Street Railway Company for \$500 damages, as the result of being thrown from his bicycle and injured by a street car, April 22, 1911. The Street Railway Company entered a plea of not guilty. The case was tried before Judge Morgan and a jury in the high court of justice yesterday afternoon. The jury found that both the motoman on the car which struck Grigsby, and Grigsby were negligent, but asked that if damages could be given, to award to the plaintiff \$250. The case adjourned for further argument.

CABINET RECONSTRUCTED.

CONSTANTINOPLE, Jan. 2.—The cabinet has practically been reconstructed by Said Pasha, the Grand Vizier, strictly on lines suggested by the commission of union and progress. Although it is not officially announced it is known that Nessib Effendi will become Sheik ul Islam, Talat Bey, minister of the interior, Emrullah Bey, minister of instruction, and Aristed Pasha, minister of commerce.

Wall Street in Confident Mood Stock Market Shows Strong Tone

Significant Improvement in New York at Opening Session of New Year—Toronto Market Irregular.

NEW YORK, Jan. 2.—The beginning of the new year in the stock market brought confidence and strength. Bullish operations were conducted with more vim than has been witnessed for some time. Prices were advanced and every quarter of the list. A significant feature of the day was the increase in the volume of outside business.

AN AUSPICIOUS DAY. The year 1912 opened auspiciously in the New York Stock Exchange, the market yesterday being left in the hands of the bull party, who moved prices up in short order. Much of the buying represented the operations of the shorts, who found sentiment much against them, and preferred to take their losses rather than combat the rise.

HILL ON THE OUTLOOK. Great Northern Magnate Optimistic as to Prospects of 1912. NEW YORK, Jan. 2.—James J. Hill, who is in New York, says that business in the Northwest is quiet, but good. "Talking of the outlook for next year is a good advantage as it can be made so far in advance."

NEW BOND FIRM Well-Known Financial Men Engage in New Enterprise. One of the most important developments that has occurred in Montreal and Toronto bond circles for some time, results from the organization of the firm of N. B. Stark & Co., and in Toronto of the firm of Murray, Mather & Co.
