DEVONSHIRE'S NEW LEAGUE
BEING FREE TRADE LEAGUE

Late Lord President of the Privy
Council Swings Away
Around

London, Oct. 16.—The Duke of Devonshire, late Lord President of the Council, has conditionally accepted the presidency of the Free Trade League, which is organized to oppose the proposed extension of the tariff on raw materials.

The important move in the fiscal contest developed tonight at the meeting of the Parliamentary Committee of the League, when a letter from the Duke of Devonshire to Sir Michael Hicks-Beach, Mr. Balfour's successor as Chancellor of the Exchequer, was read. The committee passed a resolution unanimously accepting the Duke's offer, and this action was communicated immediately to the Duke of Devonshire. The substance of the Duke's letter follows:

To Oppose New Duties.
You informed me when we last met, that you wished to accept the presidency of the League, and I am glad to hear that you have done so. I understand that the principal object of the League is to oppose the new duties on raw materials, which you have proposed to introduce. I am in favour of the League, and I am glad to hear that you have accepted the presidency. I am sure that you will be able to do much good for the country.

The Duke says he cannot reject the invitation of the Free Trade League to become its president. He must accept the office conditionally. "I understand the body I am asked to join," he continued, "is a body of men who are in favour of free trade. I am in favour of free trade, and I am glad to hear that you have accepted the presidency. I am sure that you will be able to do much good for the country."

ENGLAND MUST CHANGE HER POLICY
Australia's Status as Colonies
Should Not Demand a Price for Aid.
(Canadian Cable.)
London, Oct. 17.—The Mail publishes a talk with Hon. Mr. Reid of Australia. He says: "England has done enough for the colonies without our demanding a price for aid when they are in necessity. England can only help the colonies by the same artificial, preferential, and artificial means that other nations which are around her are in the very last ditch and will be defeated if she attempts to defend herself against her conquerors. England should be more liberal in her policy, and should be more generous in her aid to the colonies. She should be more liberal in her policy, and should be more generous in her aid to the colonies."

FAIRBANKS AND ROOSEVELT
Indianapolis, Oct. 16.—It was given out tonight on authority that Senator Fairbank of Indiana will accept the nomination for vice president on the Populist ticket. The information comes from a source close and intimate as to what are the Senator's political plans.

ESCAPED ON HAND CAR.
Plattsburgh, N.Y., Oct. 16.—Burglars last night stole from the safe in a postoffice at St. Regis Falls, securing a few cheques and a large quantity of stamps, but little currency. The burglar then fled on a hand car, and was seen by the New York and Ottawa Railroad a distance of 15 miles. From there it is believed he made his escape.

TRIED TO FIRE ROSSLAND.
Rossland, B.C., Oct. 17.—An atrocious attempt was made here last night by unknown incendiaries to destroy the city. No fewer than four empty buildings were fired within two hours. The Fire Department was on hand in all cases and the fires were confined to the buildings in which they originally started. Great excitement was caused and the incendiaries will receive short shrift if they are ever caught. The entire force of eight police officers is employed on the case, but the fire funds have covered their tracks well.

Macedonia Leader No More
Report of Death of Boris Sarafoff is Confirmed—Life of Insurrection.

Salonica, Oct. 16.—The report of the death of Boris Sarafoff, the famous Macedonia leader, is confirmed. A despatch from Salonica yesterday said that it was reported that Boris Sarafoff was killed Oct. 12 in a skirmish at Pruva, near Florina.

PROMOTER OF SHIP TRUST
WAS AN EXPERT RELATER
Kenneth K. McLaren Was Also an
Incorporator of 520 Per
Cent. Syndicate.

New York, Oct. 16.—Kenneth K. McLaren, one of the incorporators of the United States Shipbuilding Company, who was a star witness yesterday in the wrecked Trust hearing before Special Commissioner Henry D. Gilphant, was also an incorporator of the notorious 520 per cent. Miller-Franklin syndicate—the most brazen and criminal shell game ever operated in this country.

KAISER SEEK COLONIES.
Sees in South America Field for
Surplus Endeavors.
New York, Oct. 16.—The Herald has the following from Washington: "In Germany the world has gone forth to find a market for their surplus. The Kaiser seeks colonies. He sees in South America a field for his surplus endeavors. He is looking for a market for his surplus. He is looking for a market for his surplus. He is looking for a market for his surplus."

AGAINST CANADIAN STEEL.
U.S. Treasury Department asked to
Enforce Countervailing Duty.
Washington, Oct. 16.—Complaint has been made to the United States Treasury Department that the Dominion Iron and Steel Company of Canada has been exporting bounty paid steel into the United States. It is claimed that the Australian government pays a bounty of \$2 per ton on pig iron and \$2 more on steel produced from this iron, making a total bounty of \$4, and that this steel is brought to Canada and then to the United States. It is asserted by those making the complaint that the countervailing duty applied to bounty paid products should be applied to this steel.

BURNED TO DEATH.
Victoria, B.C., Oct. 16.—A despatch from Fort Renfrew, on the Vancouver Island coast, says: Edward Hunter, a settler, has been burned to death in a fire which destroyed his cabin. Settlers found the cabin in ruins and the charred body of the occupant among the debris.

ENGLISH COMPANY TO HANDLE
FOOD.
London, Oct. 17.—A syndicate has been formed with a registered capital of half a million pounds to facilitate the distribution of food products through all parts of the empire. Sir Gilbert Parker writes: "The possibilities of the scheme are enormous, and whatever benefits the company may reap, the empire will reap them in greater proportion."

WEAPON'S LOOK DEFECTIVE
EXETER LAD MEETS DEATH
Hunter Preparing to Go Home Dis-
charges His Shotgun, Killing
a Boy.

Exeter, Oct. 16.—A shooting fatality occurred near Sodom about four miles from Exeter. Silas Stanlake, Jr., and others, at rabbit hunting, Mr. Stanlake had shot a rabbit and was going to start for home. He cocked both barrels to take out the remaining cartridge. One of the locks was defective. The hammer went down and the gun was discharged. The contents went into the abdomen of John H. Smith, son of John Smith of Sodom. Mr. Stanlake did not see the boy, he heard some thud which unobserved. He is heart broken over the accident.

ABERDEEN NOT FOR JOSEPH
FEARS INJURY TO COLONIES
(Canadian Cable.)
London, Oct. 16.—Lord Aberdeen told the Liberal meeting at Skipton that Chamberlain's scheme would seriously impair the fraternity and friendliness of the colonies. He would rather remove the embargo against Canadian cattle, which really was a kind of protection. "The available supply of wheat from the United States cannot be increased without increasing the price, and we have reached a critical situation and one full of peril, unless it be dealt with fully and judiciously."

MAN FOUND DEAD.
Quilip, Oct. 16.—The body of a man named John Stein, a resident on Waterloo street, was found this morning about 7 o'clock in Kennedy's quarry. It is evident that the deceased, while returning home from a friend's about 10:30 on Thursday night, fell over the precipice into the quarry, a distance of 25 feet. His back was broken and he still retained his consciousness for about 70 years of age, and a shoe maker by trade. He had lived here for about 12 years.

KILLED BY LIVE WIRE.
St. Catharines, Oct. 16.—Albert Markie, superintendent of the Lincoln Electric Light Company, while doing some work on Paul street, was killed, and was almost instantly killed. The body was found on Paul street, but medical aid was of no avail, as death had taken place.

HOUSE ON ESTIMATES.
Dr. Reid Brings Locomotive Ransom
to Mr. Fielding's Notice.
Ottawa, Oct. 16.—(Special.)—Supplemental estimates to the amount of \$1,000,000 for the purchase of locomotives, and the amount of \$1,000,000 for the purchase of rolling stock, Dr. Reid of Grenville called the attention of Hon. Mr. Fielding to a rumor that the promoters of the new Canadian Pacific railway expected to make sufficient profit out of government contracts to pay the whole cost of the locomotive contracts in the future.

WILL INVITE TARTE
To Address Meeting Along With
Messrs. Borden and Monk.
Montreal, Oct. 16.—(Special.)—Leader Boyden put in a very busy day here following his arrival from Kingston. All of his time being spent with Mr. Monk and the Lafontaine clubs. At the first named place the leader of the opposition, Mr. Monk and Mr. Bergeron addressed workers from all over the province, and the utmost enthusiasm prevailed. It is further understood that Messrs. Borden and Monk will probably meet in Montreal in the near future, and that Hon. Mr. Tarte will be officially invited to take part in the meeting between them in the future.

BEYOND HIS CRITICS.
Canadian Cable.
London, Oct. 17.—The Morning Post says in regard to Mr. Goschen's address: "We appreciate his disposition towards political economy, but see no trace of any insight with the real issues involved in the trade relations between the United Kingdom, the United States and Canada. In this respect the fact that Mr. Chamberlain is incomparably superior to his critics is established beyond all doubt."

POLITICAL NOTES.

Will the government take hold of the Clergue enterprises or was James Connors "bluffing" when he told the Liberal meeting at the Box Thursday night something which the reporter paraphrased thusly?

The speaker said he knew what the sentiments were with regard to the industries here and he could say that if it were necessary...

West Lambton Liberals, meeting at Bridgen, elected the following officers: President, J. S. Burnham; second vice-president, J. S. Burnham; secretary, N. Gard; treasurer, F. Symington.

Yimier Express: There have been stranger things happen than that the striding of Eight will be once more a bottle ground between those two old rivals in politics, A. B. Ingram, M.P., and Dr. Wilson, at the next general election.

Hugh Clark, M.L.A., in Kincairdine Review: With that Minister of Education sealing poetry and this emulating a private bill after it passes committee, our school children have only themselves to blame if they lack morality.

Kincairdine Review: It must have been a bicycle man who first suggested the theory that the government is delaying the North Renfrew by-election until Dunlop tires.

MUNYON WORKS WONDERS

"I have had rheumatism in my hand and arm for several years, and suffered great pain. At times my hand would get quite numb, and I would have no feeling in it. Then it would stiffen up and I could not shut it. After I had taken Munyon's Rheumatism Cure a short time I noticed great improvement. I am now completely cured, and have no more rheumatic pains." Mr. Charles Harradine, 288 Parliament-street, Toronto.

Your druggist will recommend Munyon's Rheumatism Cure; ask him about it; only 25c a vial.

A showing in that direction, without really doing anything. The object of this, it is said, is to appear to the temperance party to be serious in their interest, at the same time by the appointment made to allow a laxity which was not possible under the former incumbent of the office.

The true reason for Mr. Ferguson's overlooking the duties of his office had to be made for one who had been a servant of the party and who had been elected to the office for a year.

It is said the change has not pleased the friends of the government in Whitley. This office, and for a year we held the office for 27 years, and in the opinion of the powers that be it was time for a change.

HOW OUR LIVE STOCK MEN COULD FEED U.S. CATTLE

Mutually Profitable Business Ready If Suitable Customs Arrangements Can Be Had.

J. C. Roach of Columbus, Ohio, is the guest of the Walker House. He is secretary of the Ohio State Livestock Feeders' Association.

"Ontario farmers could enter into arrangements with the livestock men of the middle states just now, by which a new and profitable exchange of business could be inaugurated, if it were so, for our mutual benefit," observed Mr. Roach last night. "It is in the feeding of cattle for the farmers of Indiana, Ohio and Michigan. Just now there is an over production of that class of stock known to the market as 'feeders.' The feed of those sections is not equal to the sections, but here in Ontario the reverse is the case. The soils are full of cattle feed, but there is a understock, a great demand for cattle to feed. This is frequently the case.

"If the customs would permit, the cattle from the States could be shipped back to the Canadian farmer, and at the same time there would be no competition with the stock breeder of the Dominion. This is frequently the case, probably every two or three years. Railroads allow what are known as shipping-in-transit rates to cover just such transactions. In other words, a shipper from a point in Michigan would bill ten cars of stock to a certain point in Ontario and have his bill audited. If the same stock were shipped back to the Chicago market within a certain period something less than the full rate would apply. Then from the given point the cattle would be distributed among the Canadian farmers under contract to be returned at a certain time and the difference in weight and cost, expenditure on the part of the farmer here. The stock could be returned to the live stock interests of Canada on this subject in the spring."

DIAMOND HALL OPENING.
Magnificent Display of Goods for the Fall Trade.

What has become one of the social events of the fall season in Toronto—the autumn opening of the leading jewelry firm of Canada in anticipation of the Christmas trade—will begin this morning, and Diamond Hall, the home of Ryrie Brothers, has been decorated and adorned, with costly paintings, bronze and marble statuary, and a profusion of flowers that have decorated the usually attractive storerooms of beautiful works of art a veritable palace of delight.

While this progressive firm are large dealers in objects of vertu in all classes, the mainstay of their reputation is their assortment of diamonds. In this line they are without the pale of competition, as the goods they show are hardly equalled on the continent. A glance thru their show-cases is sufficient to make an ordinary mortal disinterested. Art is making more headway in the creation of beautiful effects and some of the resultant work is very fine. A splendid combination is shown of a brooching and bracelet, whereby a magnificent work with screen setting may be used alternately in any of the ornaments.

Diamond Ornaments.
It has become very fashionable to wear diamond ornaments representing various animals, and there is shown a most brilliant assortment of peacocks, butterflies, lizards, swans and doves. Amethysts are also to be much worn in brooches, mounted with pearls and diamonds, which produce a fine effect. Another peculiarly attractive line is in unmounted work. Several designs are worked in the gold and mounted with "Baroque" pearls, and the effect is very quaint and subdued. A new departure in this line is the transparent emerald work, which has never before been shown here in diamonds. Designs are also shown, many new designs in hearts and fleur de lis, and necklaces, strings of diamonds, graduated in sizes, and, in some cases, alternating large and small. One neat bracelet combination, for use either as a necklace or hair ornament, is composed of opals and diamonds, but the beauty of it fades when placed alongside necklaces of pearls, valued at \$35,000, which is most perfectly pure. Another striking ornament is a large ring with a ruby setting, supported on either side by a diamond. The centre stone is one of the largest and finest ever seen in the country, and the deep color, with the brilliants affording so great a contrast, is certainly an object for an artist's eye. It is worth but \$8300. Pearls are being used in combinations of all kinds, and are the most fashionable of the precious stones this season.

Special Offerings.
The firm, while showing the most expensive goods in the market, do not cater exclusively to that class of trade. Clocks may be purchased at any price from \$1 to \$500, and thimbles from 25 cents to as many dollars, and so the prices are graduated in all kinds of goods. A special feature is the \$25 diamond ring, but the purchaser may go as high as his pocket-book will permit, and in any event he

WEAK STOMACH AND KIDNEYS
Toned Up and Made Healthy and Strong By the Great Tonic FERROZINE.

"For ten years I suffered acutely from stomach trouble," writes Maxwell Thompson of Toledo, "I always had a headache and dull feeling after meals. My appetite was poor, and I didn't relish my food. It was all due to a weak, defective stomach. I read about Ferrozine, and ordered six bottles from my druggist. It was not long at all before I felt much better, and when all the Ferrozine was used I really took a new lease of life. I am stronger, brighter and feel more like work than before trying Ferrozine. It is a splendid tonic, the best I ever used."

"Between bad kidneys and a weak stomach," writes Douglas Whitmore of Belmont, "I was reduced to a skeleton this spring. A friend strongly advised Ferrozine, so I commenced to use it. Ferrozine soon cured my stomach trouble, and made my kidneys perfectly healthy. I have since gained twenty pounds in weight, and enjoy the best of health. I believe Ferrozine saved my life, and I gratefully recommend it."

Why stay sick when Ferrozine can cure you? Don't be foolish any longer. Get some Ferrozine to-day and take it regularly. Ferrozine assures health and costs but 50c for three weeks' treatment. Six doses sent post-paid for \$2.50. The Ferrozine Company, Kingston, Ont.
