As certain inaccuracies have been given publicity in regard to the World's course in increasing the wholesale price of the Sunday World from 3 to 3 1/2 cents a copy...

(1) The price of the daily World to newsdealers was increased a cent a dozen, NOT six months ago, but five years ago. (2) The Buffalo weekly papers are cheaper because the wages in some of their mechanical departments are OVER 40 PER CENT LOWER than those paid for similar work in Toronto.

The World on the facts needs no defence; but misstatements and corrections are too mischievous to be wholly ignored.

BOY STRUCK BY A STONE IN GENERAL HEELEE AND MAY DIE

James Coffett, Aged 14, in Hospital With Fractured Skull—Boys Fought in Park.

James Edward Cobbett, the 14-year-old son of James Cobbett, 114 Sparkhill-avenue, lies in the General Hospital with a fractured skull as the result of a pitched battle between two gangs of boys in Riverside Park at 8 o'clock last night.

After eating his supper last night the boy with a younger brother and three other boys about his own age, set out for the Don upon a fishing expedition. When passing thru Riverside Park they met another group of boys of like age. The groups were hostile. Names were called, which led to fistfights, and stones were thrown.

NOTES BETWEEN JUDGE AND PREMIER

Correspondence Tabled in House of Commons—Justice Casse's Appointment.

OTTAWA, April 7.—(Special).—The correspondence between Justice Casse and Sir Wilfrid Laurier with reference to the appointment of the former as commissioner to enquire into the affairs of the marine department was presented to-day. On April 2 Judge Casse addressed Sir Wilfrid as follows: "You will pardon me for writing you on a subject referred to in the press of a royal commission to investigate the affairs of the department of marine and fisheries. As I have received no communication in regard to this commission, possibly I may be premature in referring to the subject."

"It would be absurd for me not to feel deeply the compliment paid me of being trusted with such an important investigation. I may, however, place my views on record in regard to this matter as well as all future references or arbitrations. When I accepted the position of judge of the exchequer court I did so fully aware of the loss which was involved. The position is one of high honor and for reasons of my own I have accepted the honor conferred upon me by yourself and the government. I have always believed, and do still believe, that no judge or other judicial officer should accept any position as commissioner, arbitrator or otherwise, which may yield him any emolument over and above the pay which the law allows him in virtue of his judicial position. I freely concede to others the right to hold different views on this subject. I am too old, however, to change my own views.

Board of Arbitration Makes Quick Work of Dispute Between Vessel Owners and Seamen. Acting on Mon. Mr. Lemieux's Industrial Disputes Investigation Act, Prof. Adam Shortt, Kingston, James Stewart, Kingston, and John Platt, Hamilton, sat as a board of conciliation yesterday to settle the differences existing between the Lake Seaman's Union and the Dominion Marine Association. The board held its meeting at the city hall. Wages and conditions of work were the questions involved, but in the matter of wages the vessel owners proved that the present season was not one in which the men could fairly ask for an increase.

BREAD BILL HAS PASSED COMMITTEE'S BUSY DAY

Municipal, Legal and Private Bills Legislators Consider Several Important Items.

The municipal committee of the legislature yesterday passed, to come into effect July 1, the McNaught bread bill, the chief features of which are that all except fancy bread must be in 1-2 or 3-lb. loaves with the label optional; fancy breads to be 16 or 20 ounces and labeled with maker's name, weight and guarantee of standard. Bread-makers shall have scales and weights for weights. No flour, bran or deleterious material shall be used. Any municipal council may appoint inspectors to test bread in the bakeries. Any loaf which under weight shall be subject to seizure, but the maker shall not be liable to any other penalty under the act unless any ten loaves, when weighed together, shall fall below the legal standard.

A provincial analysis of bread ingredients shall be accepted as evidence. A bread of the act will call for a fine of not more than \$5 or 20 days' imprisonment.

The Sutherland auto bill was also reported, demanding licenses for all professional chauffeurs who must be given 1 year of experience in any motor vehicle if a horse appears frightened; stoppage when meeting a funeral (outside city limits).

T. H. Preston said the special committee also recommended that the fees of 25 horse-power machines be \$5, and machines over 25 to \$10. He also suggested that a distinctive marker be furnished for American motors. These are matters for departmental regulation.

The committee killed T. H. Preston's bill to allow natural gas companies to pipe lines thru municipalities, subject to the approval of the Railway and Municipal Board, the committee believing that municipalities should have control of their streets.

The legal committee "talked out" a bill to amend the charter of the Ontario Chartered Accountants Association by which accountants, unless members of the provincial association, could be prohibited from using the designation of "chartered accountant," or the initials "F.C.A.," "A.C.A.," or "C.A.," either alone or in combination with any other words or initials, and a description implying that he is a chartered accountant, or any similar title, initials, or description implying competency as an accountant.

J. Craig of Wellington, introduced a bill allowing a judge to correct his own mistakes in preparing voters' lists. Attorney-General Foy suggested leaving it for the government to act on, and Mr. Craig gave the idea of fining judges \$5 for each mistake \$5 made.

The private bills committee took up Ottawa's bill and authorized the increase of controllers' salaries to \$1000, instead of the \$7000 asked, while a clause permitting unlimited expenditure on the library was struck out.

Sault Ste. Marie was refused permission to buy back certain lands sold for taxes.

After half an hour's wait without a Liberal member appearing the public accounts committee was declared to have ended its labors.

BURGERS BLOW BANK VAULT OPEN AT ST. DAVIDS

Desperate Raid on Imperial Branch - Villagers Held Off by Daring Men.

ST. CATHARINES, April 7.—At St. David's, a village nine miles from here, a sensational bank robbery occurred early this morning, when four desperadoes, armed with revolvers, broke open the Imperial Bank, the explosion failed to open the inner door and \$3000 cash inside was saved.

The explosion blowing open the vault awoke the town and the robbers held off the populace with revolvers while they worked at the vault.

It appears that a number of strange men arrived in St. David's last evening, apparently intending to spend the night there. They were seen walking about the streets until midnight. Around that time they went to Doyle's residence and stole a couple of horses, which they hitched to two buggies and then drove over to the blacksmith shop. Here they procured tools with which they pried open the front door of the Imperial Bank, seemingly not caring whether they were seen or not. On gaining access to the place two of the robbers remained on guard with revolvers, while the other two blew open the vault.

Explosion Awakens People.

The first explosion blew off the big iron door. The noise of the explosion was heard by Charles Hamilton, one of the bank clerks, who lives at Doyle's and he ran up the street to see what was happening. Unfortunately he had left his revolver in the bank, but with a pluck seldom displayed by a young man, when he saw the state of affairs, made his way to the rear of the bank where he opened fire at the robbers on the guard with stones and bricks. The robbers returned the fire with their guns and sent shot after shot at the dauntless bank clerk, who, as he shed his missiles, yelled lustily for help.

Presently the residents began to emerge from their houses, awakened by the firing.

They had come for the money and intended to get it, even if they had to stand the whole town off. The appearance of the robbers in the doorway of the bank was sufficient to make the boldest among the villagers wary and they kept pretty well under cover, while the two robbers inside the

PAINS IN THE LOINS.

Dragging, wearying sort of pain makes life a misery to many people. This pain is due to a passive inflammation of the adjacent muscles. Nervilline acts marvelously penetrating power by striking deeply into the tissue and relieving congestion, quickly cures this trouble. Many people give up useless liniments, and properly so, because oily substances do not penetrate. Nervilline always penetrates deeply and that's why it cures. More powerful, because it times stronger, more penetrating because it strikes through soft tissue, more healing than any other liniment, Nervilline is unsurpassable for all kinds of pain. There's not an ache or pain that Nervilline will not cure.

HAMILTON WILL HAVE WORK FOR UNEMPLOYED

Board of Works Passed on \$10,000 Outlay—General News of a Hustling City.

HAMILTON, April 7.—(Special.)—The board of works this evening passed work that will give considerable employment to the unemployed. The repairs that will cost about \$10,000 were passed. City Engineer Barrow recommended that the whole cost of repairing the asphalt pavement adjoining the street railway tracks should be charged to the company, as it was impossible to keep the pavement next the tracks in good shape on account of their condition.

Miss Sarah A. Hales, 102 Steven-st., died this morning.

The Hamilton Health Association, which conducts the mountain sanitarium, had its annual meeting this afternoon. There is an average of about 20 patients in the institution. The cost for each was \$1.31 a day, as compared to \$1.36 for the Muskoka Sanitarium. The expenditures last year amounted to \$14,336. These officers were elected: W. D. Long, president; J. J. Ebel, vice-president; W. J. Southern, secretary-treasurer. The officers of the Ladies Auxiliary chosen are: Mrs. P. D. Crerar, Mrs. Evans and Mrs. Southern, vice-presidents; Mrs. Pennefeather, secretary.

The police this morning seized 200 loaves of bread at E. Springstead's bakery, 485 West King-street, and a summons has been issued for him.

Those interested in the movement to build a new Presbyterian church in the southeastern part of the city will hold a meeting next Monday evening in the Victoria Rink.

Henry New has pointed out to the city authorities that the G.T.R. was given the right to close Queen and Caroline-streets from Stuart-street to the bay only at the pleasure of the council, and he thinks the city should compel the company to build overhead bridges from Dundurn Park to the bay, in return for the privilege of keeping these streets closed.

Hon. Adam Beck has promised to come to Hamilton Thursday to explain the power situation to the mayor and aldermen.

Hendrie by Acclamation?

The Spectator publishes a story that Hon. J. S. Hendrie will likely be elected by acclamation. The Liberals deny this, as there are several lawyers who would like to run even if defeated so that they would have a claim on the party for an appointment to-day. The Labor party also talk of putting up a candidate.

NOTE AND COMMENT

The hundreds of answers received the first two days tell of the popularity of the World's triple baseball contest. The answers are of the variety expected. The attendance, according to the dear ladies, will run from 4000 to 15,000, and the standard of the team after Victoria Day may be all the way from 124 to 900. To Jake Gettman belongs the honor of the champion run-getter, according to estimation, with Phyle, Mertes, Schafly and Cockman also frequently mentioned. One candidate has Gettman first and third, showing shrewdness in discernment. In fact, it is possible for one man to score the first three runs. The competition closes May 2.

The list of entries for the Olympic carnival this week in the Market Arena shows the best class of athletes ever cared for indoors in Canada. The different events are well filled, and, as the tournament, like every competition held under the immediate direction of the Canadian Union, is in the hands of the most capable management, those who attend are assured the best of entertainment at each performance. President Stark is naturally most heartily gratified at the splendid success of recent athletic events, that are bound to continue under the careful guidance of the C.C.A.U.

Thus it comes to mind that the attacks of Boss Sullivan have not hurt the clubs, at least in these parts, and any possible injury can only have been retroactive. Meanwhile we are going on quietly about our business, paying no heed to the convulsions of the Yankee Union and the Professional Lacrosse Federation, but thinking wise, and what is likely to come out of these days will show that the early story is only a prologue to the comedy.

It was originally pointed out here how a certain sporting goods house had more interest in the Yankee Athletic Union than Uncle Sam's amateur, and the recent activity of the firm in question as to the standing of certain Canadian athletes proves the correctness of the assertion. Other strange things may happen, now that peace has been declared between the C.C.A.U. and Federation, till after the Olympic games. Let it be remembered that Walter Knox, the Orilla pole vaulter and sprinter, who is disquieted by the C.C.A.U. last spring, is about to take up his residence in Ottawa, and already The Ottawa Citizen has come out with the announcement that efforts may be made to have Knox placed in good standing under the Olympic rules. It is also reported that Knox will join the Federation and go to England as a member of the capital convocation of athletes.

Headed by that worthy successor of Joe Wright, Longboat Taylor, two Argonauts had their initial spin on the water yesterday afternoon. They were Taylor and Balfour, who composed one crew, are the men whom, in the event of Davidson not being able to appear, the club will depend on to defend her laurels. With warm weather, the boys will be out every day, while on Saturday the new motor boat of Joe Wright in his new motor boat will make their first appearance.

Manager Kelly began his wedding-outing yesterday, when he stopped short at Hugh Jennings to Madison, Wis., and Outfielder Ed. Rudolph to Holyoke, Mass. Only a couple more are to go, which is certainly a different story from what Toronto fans have encountered other years.

A lot has been said about the two-year residence rule in the N. L. U., and the Mason and Dixie line, and what will be done at the annual meeting on Saturday. The time for receiving amendments, etc., expired last Saturday, and notice of intention in connection with the foregoing was sent in. The business before the N.L.U. is a proposal of the election of officers. It is proposed to amend the National Lacrosse Club to appoint a board of directors. Quicker and more efficient than the two-year residence rule, the only thing that can be done now is to follow out the suggestion by Vice-President Fred Thompson a few days ago—that is, to extend the constitution, but this requires a two-thirds vote.

Peterboro Baseball Club.
PETERBORO, April 7.—The annual meeting of the Peterboro Baseball Club was held last night. The following officers were elected: Patrons and patronesses, Hon. and Mrs. J. R. Stratton; Mayor and Mrs. Rush, Mr. and Mrs. W. H. Denham, Mr. and Mrs. E. G. Patterson and Mr. and Mrs. C. G. Grant; hon. vice-president, James Kennedy, ex-M.P.; hon. vice-president, J. E. Hay; president, Harry Neill; vice-presidents, E. N. McWilliams and D. Macrae; secretary, Harry Neill; treasurer, E. N. McWilliams; and D. Craig; executive committee, Dr. Wrightman, Louis Mendel, W. J. Metcalf, W. H. Street, manager, and J. R. Stratton; committee on Midland League, A. Johnston and Corney Burns. Peterboro will be in the Midland League, and a strong team is being signed.

A HOLE-UP.
Did you ever meet a hold-up man on a lonely street in the dark of night? He carries a gun to point at folks; of course it is rude to point, but he points it, nevertheless. Here's a point for you: When Mr. Holdup relieves you of your hard-earned cash, he is merely taking in a lump sum what the street car takes in bits—your savings—call it carfare, if you like. A Cushion Frame Bicycle is a nest egg for a savings account—think it over.

Torontos Are Hitting the Ball to Win From Portsmouth

Batting of Brown, Gettman and Mertes the Features—Play Wilmington To-day—Rudolph and Jennings Released.

PORTSMOUTH, Va., April 7.—(Special.)—Toronto defeated Portsmouth 9 to 3 today, and left to-night for Wilmington, Del., where they play to-morrow. Batting of Brown, Gettman and Mertes, and Downey's fielding were the features. Toronto started the scoring right off, secured a single on the first ball pitched, Schafly's single to first advanced Jake a peg, both runners moving up a notch on Mertes' sacrifice. Gettman was required, pitcher to first. Gettman scored, Schafly going to a peg from home and crossing the pan on Phyle's single over the fence. Portsmouth were retired after the third. Cockman filed out.

Portsmouth were retired after they batted, but the Maple Leafs counted two more in the second. A cracking one-hand stop by Downey and a good throw to first put Kelley to the bench. Brown singled, going to third on a passed ball and Mitchell scoring. Kelley's sacrifice, Mertes scored. Kelley's sacrifice, Mertes scored. Kelley's sacrifice, Mertes scored.

Portsmouth corralled in two in their half of the fifth. Jays singled, followed by McDowell, Phyle, Kelley, Kelley's fumble of a hard-hit ball. Whalen, Cockman, Schafly, Phyle fumbled Russell's ball, McDowell scoring, and Hallman caught home on Downey's hit to center. Kelley's sacrifice, Mertes scored. Kelley's sacrifice, Mertes scored.

Baseball Results.
At Philadelphia.—The local American League team defeated the local Nationals to-day in the second game of the series in a poorly-played contest. R.H.E. Nationals..... 0 0 1 0 0 1 0-4 8 3 Americans..... 1 0 0 1 0 0 0-7 8 2 Batteries—Moran, McQuillan and Dooin; Dyckert and Schreck. Umpires—Connolly and Emals.

Baseball Notes.
Outfielder Walsh will report to the Toronto team to-day. Only one player showed up at the Eastern League baseball meeting in New York, and that was Catcher Tom Downey, who has been released by Rochester. Now it is said that Buffalo stands a better chance to get First-baseman Melchior from the New York Giants than central.

Baseball Notes.
Baltimore have asked for waivers on Hall, Hambacher and Kelly, and Providence on Fitchers, Salvey and Stevens. Gary Herman of Cincinnati has offered to unload five men on Manager Stallings at \$200 per man. They are Mike O'Neill, Regan, Flaherty, Daley and Blanchard.

Baseball Notes.
Newark have purchased Harry McMillan, a heavy hitting outfielder, from the Wilmington Club. A despatch from Trenton states that Cannell, Stroebel and Magoo of the Tri-State League team in this city will jump to Ray Eaker's Pennsylvania and Ohio League team of the same place. Cannell will be remembered as the old-time winder who played for Toronto two years ago.

Baseball Notes.
President Powers of the Eastern League has received a letter from Earl Ewing of the California League, suggesting a post-season series among the clubs of the Eastern League, American Association and California League. He is out of the question, as the California League doesn't close till November.

Betting in State

SENATE NOTES TO-DAY

UNCERTAINTY ON BOTH SIDES IS SITUATION AT ALBANY ON EVE OF BATTLE.

ALBANY, April 7.—Uncertainty on both sides and neither making any definite claims—this is the situation on the eve of battle over the two Agnew-Hart bills designed to remove from the Percy-Gray racing law and the penal code, as recommended by Governor Hedges, the racial discrimination which for twelve years has virtually protected public gaming patrons from the state's police, while it is a felony elsewhere in the state. The bills are on the senate calendar and will probably come up before noon.

The bills will be passed only if twenty-six senators vote for them. One vote less than that will defeat them. On the first test vote last week there were twenty-five in favor of the bills on the second were twenty-seven.

COBOURG HEAVYWEIGHT.

ENTER NEXT WEEK'S CITY AMATEUR BOXING TOURNAMENT.

In a letter yesterday to the secretary at Harold A. Weston, where entries for next week's city boxing tournament are being received, Prof. West of Cobourg states that he will arrive in the city this week and have his men finish their training on the spot. Among his candidates is a heavyweight, whose chances are considered good, even with Champion Day in the championship, but the big Scotchman has decided to take a well-earned rest this time.

Carnival Candidates

Carnival Candidates

According to a despatch from Orangeville last night, the famous Dufferin Lacrosse Club have organized for the coming season. They will play in Junior and intermediate C. L. A. series. The following officers were elected: Hon. President, C. R. McKee, M.P.; hon. vice-president, Mayor McKittrick; president, A. L. C. Kirkwood; vice-president, A. C. Book; secretary, Dr. Campbell; treasurer, Robert Hanley; delegates to the C. L. A., B. McGuire and President Kirkwood. Jack Kelly of Brantford, who has been nominated for the C. L. A. council, says he will not be a candidate unless Brantford has a senior team. "There's too much knocking on the job for anyone trying to hand out a square deal," says Jack.

Prospects are exceedingly bright for a good lacrosse team at Varsity this year, and already the team are getting into shape for their annual spring trip. Practice was commenced Monday night, Wednesday and Friday will be the other afternoons devoted to work on the campus.

Varsity has arranged the hardest schedule of games this year that they have ever had. The team will play May 23 at Johns Hopkins; May 26 at Mount Washington; May 27 at Harvard; May 28 at Brown; May 29 at Princeton; June 2 at New York Athletic Club; June 4 at Syracuse. A few more games may also be arranged.

Varsity has lots of material to pick from, having Ahrens, goal; Tom Hanley, point, and Coombs, Graham and Paddy Ramore of the home field; Jack Miller's tourists. The other candidates are (defence) Ed. Saunders, Scott, Laflay, Lamber, Jamieson, Gundy, Taylor and Bolton; (centre) Campbell; (home) Dowling, Carter, Murton, Carswell, McSloy, Hinds and Morrison.

Jack Lee, who organized the Maple Leaf hockey team of Winnipeg, has a movement on foot to organize a professional lacrosse league in the city, embracing Winnipeg, Souris, Regina, Brandon, Holland and Hartney.

Another C.L.A. Amendment. The following amendment has been proposed by President Cameron of the C. L. A. to amend article IV, section 5, by adding:

No member of the council shall be eligible to serve on a judicial committee in connection with any proceeding involving either directly or indirectly the club which he represents, or the village, town or city of which he is a resident.

SETTLE THE LOBBY.

Bijoued to make a lobby-holiday was the fate of the bill of the City of Toronto before the private bills committee of the legislature.

What does it all mean? It means that the lobby is the strongest thing up at the legislature, if the plight of Toronto is any criterion.

BANKRUPT PUBLIC SERVICE CORPORATIONS.

How ineffectually silly arguments against public ownership and operation of public services and utilities appear in the light of revelations such as those recently made regarding the Metropolitan Street Railway Company of New York.

Now this ring of financiers who have been exploiting the public services of Mexico and other distant countries is to all intents and purposes identical with the ring that has been for years out after the public services and utility domain of Canada.

IN THE LEGISLATURE. Forty or fifty ladies were present to support John Smith of Peel in his suffrage bill, but Dr. Humeau introduced a bill respecting the improvement of highways.

DON'T THROW BRICKS.

Thomas Southworth has been chosen parks commissioner by the board of control. It is too soon to condemn him as parks commissioner.

ATTACKING CANADIAN MUNICIPAL CREDIT. Attention has rightly been called by The Toronto Daily Star to a pamphlet issued by the British Empire Trust Company warning British investors against Canadian municipal securities.

PREMIER OBJECTED, BUT AYLESWORTH AGREED

Objectable Feature of New Election Act Submitted by Member From the West.

OTTAWA, April 7.—(Special.)—In connection with the Aylesworth Election Act amendments it is authoritatively stated that a western member submitted a draft bill to Sir Wilfrid Laurier embodying the objectionable feature of Mr. Aylesworth's bill, and that the prime minister refused to take the voters' lists out of the hands of the provincial authorities.

Then the western member went to the minister of justice, who incorporated the provisions in his bill.

Hon. Clifford Sifton was about the capital to-day, but kept out of the house.

TO HEAR APPEAL FIRST.

Action to Unseat Mayor and Aldermen May Not Be Preceded.

Despite the decision whereby Midland councillors have been unseated because their declarations did not comply strictly with the statutes, indications now point to a dropping of the proceedings to dispossess the mayor and nine aldermen of their seats in the city council.

W. N. Ferguson, K.C., while contending that this judgment has a significant bearing on the local situation, says that the object will be attained if the city's appeal against the quashing of the resolution by law is unsuccessful.

The result of the appeal will in any event be awaited.

Bonding Trusted Officials.

We issue guarantee and fidelity bonds covering the monetary responsibilities of trusted officials and clerks in every department of business. We do the largest bonding business in Canada, and our bonds are sought by the most conservative financial institutions.

AT THE CITY HALL.

Reference is Made by Mayor to Alleged Deficit.

Mayor Oliver complained at yesterday's board of control meeting that two such times as being taken by the city treasurer in getting ready his report showing the amount of the Adams shortage. Mr. Coady explained that all the ratepayers in the Fourth Ward who had paid money to Mr. Adams had to be seen individually, and that the report would not be ready for some time.

Mr. Adams has written the mayor demanding that the report be furnished at once.

Henry Barber and Henry Vigeon, accountants, were appointed to inspect the city treasurer's books and report on the advisability of continuing the present system.

Controller Hocken complained that The World of London, Eng., was publishing articles depreciating the value of Canadian municipal debentures, taking its text from a pamphlet issued by the British Empire Trust.

The city will write the publication, putting the case in a fair light.

The board granted \$200 to the Ontario Kennel Association, which will hold a dog show in Toronto this month.

YORKSHIRE SOCIETY.

Fourth Annual Banquet a Most Enjoyable Function.

The month annual banquet of the Yorkshire Society, at the Imperial Hotel last night was the most successful in the annals of the society. The guests were received by President J. M. Carter, and after all comforts had been satisfied, according to Yorkshire custom, the following toasts were proposed and honored with all due enthusiasm.

The Royal toast having been proposed by the president, and congratulation to the Right Hon. H. H. Asquith on his appointment as premier.

The toast of Great Britain, proposed by W. H. Hoyle, M.L.A., in a happy speech, the absence of Hon. Nelson and F. Ward gave "Our Native Country" and "The Motherland" was responded to by G. A. Sherwin, C. Cliff, J. Hayles, J. H. Parker, J. Levison, E. Green, H. M. Woodson, A. Nicholson, W. West, J. F. Howlett and others.

WHITE MEN WILL NOT TOLERATE ASIATICS

Not Because of Racial Antipathy, But Because of Economic Considerations—British News.

LONDON, April 7.—(C.A.P. Cable.)—Hon. Mr. Lyttelton, speaking before the Royal Society of Arts, said Canada, South Africa and Australia were irrevocably determined not to admit Asiatic immigration.

Lyttelton pointed out the serious consequences of the problem. It involved the demand of the whites for equality in Asia, whilst denying equality to Asiatics in the remainder of the world.

Lord Amthill declared the imperial government was afraid to give the colonies the lead. The colonies would respect us more if we told them plainly what was wanted, and if a compromise was reached.

At a meeting of the Colonial Institute Lord Strathcona read a paper on the all-red route. Naturalists and industrial gathering was present and heard the subject treated in the ablest fashion by the commissioner, who judicially surveyed the various difficulties involved, urging the imperial importance of the route commercially, politically and strategically.

It was not a mere scheme for company speculation. Dealing with Pacific section, he indicated the necessity of maintaining steam lines between Canada, Australia and China, Japan and India, if Britain was to maintain her important position on that ocean.

He pointed out the inevitable popularity of the route via Canada, which would be subject to little interference from Panama, and declared the route to be one which he would support.

Lord Strathcona also emphasized the danger of delay in developing the sense of unity in the empire because the younger generations of colonists might not be strong as their fathers in the intensity of imperial enthusiasm.

Foreign nations of the route in and gain the contest of routes. He could not believe Britain would refuse from the hands of the Dominion overseas, in establishing the route. He hoped to live to see it fulfil the most sanguine expectations. (Applause.)

GOULD DEPARTED TO GO TO THE PROVINCE

Will, It is Declared, Ignore Wishes of Sir Wilfrid Laurier—Rushing the Session.

MONTREAL, April 7.—(Special.)—A special from Quebec says: "In the face of the most active objection from Sir Wilfrid Laurier, Premier Gould seems to finally have decided to hurry on the provincial elections at the earliest possible date."

"The premier" wants next Wednesday, April 15, to see the end of the present session of the legislature, and an almost immediate appeal to the electors is to be made by the government with a view of bringing the people to the polls on May 15.

It is also certain that the premier has issued instructions to have all bills rushed this week.

In monolithic towers (for lightness) against the government. This recommendation was referred by the deputy minister to Col. Anderson, chief engineer, who reported, "Why should the minister sign this? If Mr. Wallberg has invented anything he is entitled to his patent and his money without this; if not so entitled, why should we be bound to deal with him? I advise the minister to refuse to sign."

This advice commended itself to the acting minister, so he wrote across the corner of the proposed contract: "I am of the opinion that if Mr. Wallberg has any right to a patent he should procure a patent therefor, and whenever the government want to use the arrangement patented therein, it should pay the inventor the usual fee for the use of the same. No good purpose can be served by making this contract—W. T."

THREE NEW DETECTIVES FOR HEADQUARTERS' STAFF

Archibald, Guthrie and Murray Move Up—Resignation of P. C. Fyfe Accepted.

Acting Detective William Archibald, George Guthrie and Alex. Murray were promoted to be detectives attached to headquarters staff at the meeting of the police commissioners yesterday afternoon.

Mr. Archibald, who has for some time been attached to headquarters, joined the force July 5, 1898, as did the force April 1, 1899, and is the youngest man in point of service, while Guthrie and Murray were promoted to the Toronto force, but his record while attached to No. 6 division as acting detective during the past year was exceedingly good, especially in the quantity of stolen property recovered.

He served in the Second Life Guards under Lord Dundonald.

George Guthrie has been acting detective in No. 1, the busiest division in the city, and has done splendid work being made to-day.

The addition of the men to the headquarters staff aggravates the difficulty of police quarters in the city hall.

The room accorded to the department there is inadequate and greatly hampers the work of the department. The same room is used by the detective in charge of the force and since the continued handling of none too clean foreigners in sifting the evidence respecting the murder of Dr. Wolfelt, has become almost untenable. No. 1 committee room stands voted to police use, but objection has been raised to their using this.

The board also accepted the resignation, on account of ill-health, of P. C. John Fyfe, who for ten years has rendered efficient service in the ambulance department. He joined the force in 1883.

DEAN GEIKIE HONORED BY TRINITY GRADUATES

Teacher of Medicine for Half a Century and His Work for the Province a Grand One.

Graduates of old Trinity Medical College last night did honor to Dr. Walter B. Geikie, former dean of their alma mater.

At the Academy of Medicine, Dr. Bingham, on behalf of the graduates, presented to Dr. Geikie a large portrait of himself. A large number of physicians were present, including many graduates of the old school, and all the most representative members of the profession in the city.

In making the presentation Dr. Bingham drew attention to the fact that Dr. Geikie had been a teacher of medicine for 51 years. From 1856 to 1860, he had occupied a double chair in the faculty of medicine of Victoria University. Then his health broke down and he had to move to Aurora, but even then for nine years, besides looking after a large general practice, he had come into the city every day to lecture at Victoria. In 1869 he was appointed professor of anatomy at Victoria University, but the next year Dr. Rolph, dean of the medical faculty, resigned on a matter of principle, and Dr. Geikie resigned with him.

In 1871 Dr. Geikie had founded Trinity Medical School, first taking the professorship of medicine. In 1872 he was appointed dean of the college, which position he held until it was amalgamated with the Toronto Medical School. Until 1907 he had continued to act as an examiner in the new faculty of medicine at the university.

Best of His Life.

"Fifty-one of the best years of my life were spent, as an earnest medical educationist," said Dr. Geikie in reply. "Thirty-two of these, from April, 1871, until June, 1903, were specially devoted to the founding—establishing on as firm a foundation as possible—and building up, of Trinity Medical College, with all the energy I possessed, never keeping in view, and promoting, as far as was in my power, the best interests of every student, who entered the college during that long period."

"I, therefore, appreciate this presentation, coming from her graduates, very highly. It vividly recalls many past and pleasant years—years to me of continuous delight in daily meeting my classes. With all my heart I thank every graduate who has shared with me in this presentation, who was as loyal to his college as I was, and who now cherishes as sincerely as I do her glorious memory."

"A college like ours was worth the labor of many a life, as her teaching was a blessing to the men she taught—across to our city and country, and a boon to the public, who require and deserve to have the very best and most practically taught medical men we can produce sent out to practise their profession—men who are capable of successfully coping with the often and great responsibilities so often met with at the bedside."

With Kindness Towards All.

"While to-night my remarks have necessarily referred to my own college, and her graduates only, it goes without saying, that I entertain no feelings other than those of kindness and sympathy towards all well-qualified medical colleges, which now exist, or which may hereafter be established amongst us, and nothing pleases me better than to hear of their full success."

In conclusion Dr. Geikie presented the portrait to the academy. Dr. Ross, president of the academy, received it in a brief address, eulogizing the work which Dr. Geikie had done for medical education in Toronto.

Dr. Metzger of New York read a paper on the nature and effects of shocks.

"Just as long as Toronto is a Tory city, they (the members of parliament) will get nothing from the Laurier government, and they will get nothing from a Tory government, because it will have nothing to give them. If the new party elects two, three or four Liberals, there would be a difference. Government are only human."

The above confidential tip was given by Organizer J. F. M. Stewart at the annual meeting of the West Toronto Reform Association held in Brockton Hall last night. The attendance was only fairly satisfactory, causing Capt. A. T. Hunter to remark that political meetings should be made more interesting so as to attract men under 40 years of age.

The election of officers resulted as follows: President, Dr. J. H. McConnell, First vice-president, John Aldridge.

Second vice-president, John Dunbar, Third vice-president, George McKenzie, Secretary, A. C. Thompson, Treasurer, John Maloney.

The appointments were practically unanimous, including the executive of ten members.

Addresses were made by George Campbell and A. C. Ross, presidents respectively of the North and East Toronto Reform Associations, George McKenzie, retiring president; Henry Dickenson, Capt. Hunter and Mr. Stewart.

The newly elected president was absent, owing to a family bereavement. From the general tenor of the addresses it appeared that Dr. McConnell was looked upon as a prospective candidate for one of the West Toronto seats in the legislature.

TAKE ONE CASCARET JUST AS SOON AS YOU KNOW THAT YOU NEED IT.

Then you won't need a purgative. It is an easy and pleasant way to keep well.

This is the day of the gentle in medicine. The cathartic pill is old-fashioned. Salts and castor oil belong to grandmother's time. The modern doctor deals mildly. Cascarets are effective, yet gentle. They don't irritate or gripe. They don't, like cathartics, waste the digestive fluids.

Cascarets do only what some foods will do, what some fruits will do, what exercise does for the bowels. Their action is natural, not artificial. If you live out-doors, exercise a great deal, and avoid rich foods, you don't need them. Otherwise you do.

The most helpful laxative ever devised is Cascarets. Then, they are candy tablets, pleasant to take. Then, they are convenient. The ten-cent box fits the vest pocket or the lady's purse. That is a vital point. The time to take a laxative is the minute you suspect that you need it. Don't wait till you get home; don't wait till night. One Cascaret, taken promptly, wards off trouble.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with CCC on every tablet. The price is 50 cents, 25 cents and 10 Cents per Box.

THE BARRIER

"Better than The Spoilers"

This big new Rex Beach novel is out at last, and early readers have discovered that it is even better than The Spoilers. This in eight days. Will it be the unanimous verdict? It will. For THE BARRIER is big with the swing and dash and color which spell success. Mr. Beach again tells a triumphant love story of Alaska. But the scenes of THE BARRIER are new and the people are new—and they are intensely human and intensely alive. There is, too, an alluring mystery and an undecurrent of delightful humor. The drawings in colors are unusual.

TORONTO TO WINNIPEG IN 30 HOURS

THE REAL SIGNIFICANCE OF C. P. R. SHORT LINE

Places This City on Main Line of Great Transcontinental New York-to-Pacific-Coast Route, and Should Be a Boon to Business in the Province.

GREAT GEORGIAN BAY COUNTRY IS NOW OPENED TO TOURISTS

The people of Toronto, Hamilton, of all Southern Ontario, will hail with general acclaim the announcement that the Canadian Pacific Railway will on June 15 inaugurate its new high-class line between Toronto and Sudbury. A portion of this line has been running all winter, but the whole of it is to be opened on the date just given.

This new line is one of the best-built, and will be one of the best-equipped railroads in Canada. The grades, the curves and the bridge construction are all of the very highest class, and away ahead of the average of the main line. What with the saving in distance and the improvement in construction and the double-tracking between Fort William and Winnipeg, eight hours will be immediately cut off the time between Toronto and Winnipeg, making the time-distance less than 36 hours; and there is no reason why this should not be cut down to 30 hours within six months after the opening of the new line and the completion of the double track referred to.

The World regards this new line as the greatest improvement in the railroad service of Ontario that has arrived in 20 years. It means, first of all, that a new great transcontinental line from New York via Buffalo, the Falls, Toronto, Sudbury, Winnipeg, and Vancouver will be inaugurated, and that New York rather than Boston hereafter will be the main United States-Atlantic terminal for the passenger traffic of the Canadian Pacific. It will be by all means the most attractive road for high-class tourist travel. Up to the present Montreal is supposed to have been on the main line and headquarters for all this travel; but there is every reason now why Toronto should immediately rank ahead of Montreal in this respect, and why New York rather than Boston should be the big American end of it.

But it means something more for the Province of Ontario: Toronto and all the towns of Southern Ontario will be in closer and more direct touch with the Canadian west, and the business and commercial men of Toronto and Southern Ontario will be in much better position to do business not only with Winnipeg, but with the whole of the Canadian west.

Furthermore, we believe that the great bulk of travel Montrealwards from the west will choose to pass thru Toronto both going and coming, and that the people from the west, especially who desire to come east, will come from Winnipeg via Toronto to Montreal, rather than as at present via North Bay and Ottawa to Montreal and skipping Toronto, as they often do at present.

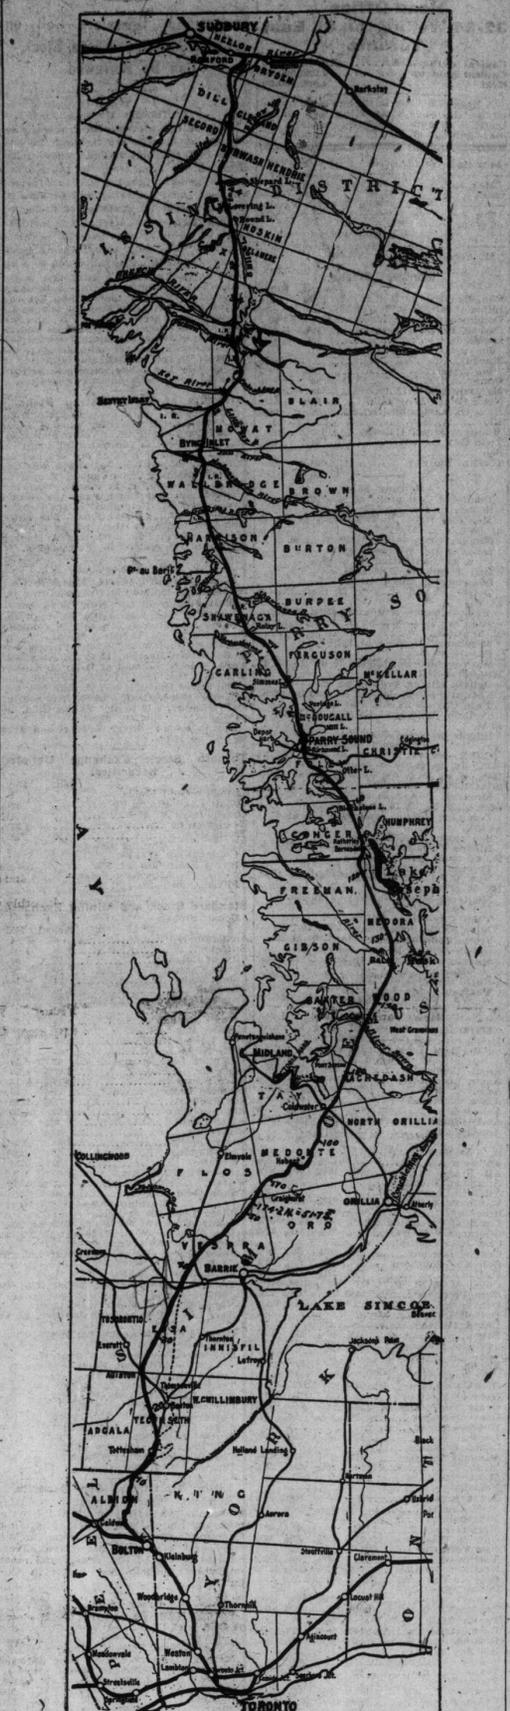

In other words, the two main lines of travel to the west will be New York, Toronto, Winnipeg and Boston, and Montreal, Toronto and Winnipeg, in each case Toronto being on the main line of these two great streams of transcontinental travel.

There is another very important feature of this new line: for the first time the Georgian Bay tourist country will be opened up, not only to the people of Ontario, but to the people of the United States, and especially that portion of the United States which would seek to reach Northern Ontario from the other side of the Niagara River and of the Detroit River. In other words, all the tourist travel that originates in the middle, southern and western states, and whose most available tourist country is our lake land, will find this new Canadian Pacific line their best and most convenient means of travel to that bourn. There will, therefore, be a great development of the tourist country in the Georgian Bay district, and the thousands of islands that are scattered along the eastern shore of Georgian Bay will soon be taken up and turned into the greatest summer settlement in North America. This new line of the Canadian Pacific gives the best access to this country. It means, too, that Parry Sound is to be a city and the centre of this new district.

The Canadian Pacific, now that it has recognized Ontario's importance in this respect, must do something else. The World has all along contended, and it contends with even more force to-day, that the best portion of the Canadian Pacific Railway system is in this very Province of Ontario. There is more business done in Ontario than over a similar mileage on any other portion of the road. Ontario is by all odds the wealthiest and the best province for business.

Up to date, however, the Canadian Pacific management, as centred in Montreal, has almost ignored this Ontario business. This management centred in Montreal has practically neglected the demands of the traveling public of this great Province of Ontario, and the administration of the lines in Ontario has been very largely turned over to inferior officials without executive powers, and altogether at the mercy of an overworked executive in Montreal.

There is every reason why the Canadian Pacific should change all this, and that it should place a chief executive in charge of the Ontario

system, with headquarters in the City of Toronto, and that this chief executive should have the rank of vice-president like the executive in Winnipeg.

Furthermore, there should be a chief passenger agent in Toronto with full authority to deal with the Ontario business without any reference to Montreal; and if the Canadian Pacific is equal to this they will find that they will command a much larger portion of the business of Ontario, and will have almost a monopoly of travel to the Canadian northwest.

DEBATE GROWS BITTER PREMIER HALTS SPEAKER

Ross, Ottawa, Parodies Phrase in Offensive Way During Redistribution Argument.

A great deal of work and some excitement constituted the legislative record yesterday. The work consisted in advancing numerous bills and the excitement arose in the redistribution debate when Duncan Ross and D. J. McDougall ran up against parliamentary procedure in the defiant style of the amateur legislator. Otherwise the debate was rather dull and reiterative. The house will meet at 11 this morning.

An Appeal to Precedent.

Archibald Hislop resumed the redistribution debate and opposed any increase in Toronto representation. He appealed to English precedents as those which should be followed in redistribution.

It had been a live question for half a century, and Mr. Hislop's argument went to show that the great revolutions in public opinion were accomplished by a very small actual change in the voting power.

He adduced several sets of figures, pointing out for example that in one election one party with a three per cent. majority in votes had a majority in members of 15.

Turning to Huron Mr. Hislop analysed the new situation there, which he declared was objected to by all right minded Conservatives as well as Liberals. He quoted The Goderich Star (Con.) in condemnation of the bill. The crowding of three out of four towns into one riding could not be defended.

Alex. Ferguson (Cardwell) disposed of the opposition objection that many dates could get over the ground more easily in the city than in the country. If the government had desired to gerrymander they would have taken townships from Simcoe and added them to the north of Cardwell. He appealed to the house to consult the geography of Simcoe so that they could see that its shape in the past wholly justified the present arrangement.

Regarding Ottawa.

G. S. May, Ottawa, declared that the redistribution committee should have had four members from each party and a chairman. He referred to the peculiar situation in Ottawa.

The new ridings should have run east and west, instead of north and south, and the government would find that they had made a mistake.

It was also a mistake when Toronto was allowed two members for 50,000 population in each riding to divide the 80,000 in Ottawa in two parts.

J. R. Dargavel scored the Liberal members of the redistribution committee. They did not appear to have any idea of their duties, and they seemed to be negative members rather than suggestive members.

Such Language!

Duncan Ross furnished some diversion to the house by venturing "welcome to the house in innocence," as Premier Whitney remarked, outside the conventional lines of parliamentary amenity. Mr. Ross read the Globe and even the Globe editorials and made a quotation. He had already been corrected by Premier Whitney for misquoting that gentleman. Then he declared that the premier in Globe language was "cowardly enough to be dishonest and dishonest enough to be cowardly."

Premier Whitney declared that he was far from complaining as an individual, but under the laws of the parliamentary procedure, which must be protected, such language was utterly unfit, and could not be permitted inside the walls of the legislature.

Mr. Speaker requested the withdrawal of the language. Mr. Ross fenced for some time, and was about to repeat the quotation when silenced by loud cries of "Withdraw" and "Order." He finally withdrew the obnoxious phrases concerned, and the incident passed.

FELL INSIDE BIG PIPE

Back Was Broken and Suit for \$5000 Damages is Begun.

Richard Johnson, in December last, while in the employ of W. E. Dillon Co., who were installing a hot air heating apparatus on the premises of the King Radiator Co., at the corner of St. Helen's-avenue, Dorset-street, and St. Helen's-avenue, fell a most peculiar accident from which it is now doubtful if he will recover.

Johnson was inside a large pipe, 22 feet long by 28 inches in diameter, holding a "roller" against which rivets are pounded. Some of the rivets gave way and the huge pipe, with Johnson inside, fell a distance of 14 feet to the ground.

Upon examination at the hospital it was found that Johnson's back was broken. An action was begun against the company, claiming \$5000 damages for alleged negligence. This was not the company's regular work, but he was taking the place of another man for the day.

Upon application to Master in Chambers Cartwright an order for the examination of Johnson de bene esse at the Western Hospital, was granted. E. P. Brown is looking after Johnson's interest.

YORK PIONEERS.

Membership Rapidly Increasing—Col. Shaw's Reminiscences.

The regular monthly meeting of the York Pioneers was held in the Canadian Institute yesterday afternoon. President William Rennie, sr., was in the chair.

Mr. Matthews read a letter of regret from Mayor Oliver, who was to have read a paper, but owing to the press of business at the city hall, could not do so.

The president announced that the annual report would be out on the 30th of April. The association is growing so rapidly that when the present supply of notification cards is exhausted the meetings will be advertised in all the Toronto daily papers. It means a saving. There are 600 members, with the probability of an increase to 1000 before the year is out. At the last meeting 43 new members were taken in and yesterday 60 more were added.

Capt. Jessop, Capt. McLean, Mr. Crocker and Mr. Lamb were appointed a committee to wait on the government in relation to the annual grant of \$200 to the society.

Col. Shaw wishes to present an armchair to the Pioneers for the log cabin, to be used by the members when they are in the city. It is now at the National Exposition. This chair was made over 100 years ago at Oak Hill, the old Shaw homestead, which stood where Bellwoods Park is now. An oil painting of the old homestead, painted by Mrs. Shaw, will also be presented.

This homestead has a history. The colonel comes of a military family. His great-grandfather, then Colonel, afterwards General, made the historical march, after the American revolution, from Fredericton, N.B., to Chambly (now Montreal), in the depth of the winter of 1781-2, from there to Kingston, and from there by bateau to Newark (now Niagara). Governor Simcoe then sent him with the Queen's Rangers to York (now Toronto), and here he built the first log cabin in 1792. This cabin he humorously named "Lambeth Palace," and in this place he entertained the Duke of Kent, the father of Queen Victoria. Shortly afterwards this, in 1793, he got a grant of 500 acres, right where Trinity College stands now. On this property he erected another cabin, and followed, in 1796, with the building of the first frame residence in Toronto.

DOOM OF THE AUTO.

Bermuda Has One and Would "Abolish" it.

NEW YORK, April 7.—The Times says: "Another British insular possession has declared war on the automobile. New Yorkers returning from Bermuda say the sentiment against motor cars there is as intense as in Prince Edward Island, where a bill providing for the exclusion of all automobiles is now before the legislature."

There is but one automobile in Bermuda and the public disapproval is centred upon that machine, according to Walter Cook, a New York architect

just returned from a two weeks' stay in Bermuda.

"The automobile," said Mr. Cook, "is used as a stage for transferring passenger between Hamilton and St. George, about 14 miles. Recently a horse rider, whose mount was frightened by the sudden appearance of the machine on a mountain road, narrowly escaped death."

"This accident seemed to mark the doom of the automobile in Bermuda, judging from the tone of public sentiment. I learned that an effort was on foot to pass a bill which would enable the local government to purchase the automobile stage and abolish it."

Dog Bit a Boy.

In Magistrate Kingsford's court yesterday afternoon a Palmerston-avenue

resident was accused of keeping a vicious dog, which had bitten a boy of 8 years. A fine of \$15 or kill the dog was the alternative given by the magistrate.

George Wright, 15 years old, was charged with firing of a revolver. The revolver was confiscated. Last week a junk dealer was fined for selling the weapon.

Flagrant Difficulties.

LONDON, April 7.—(C.A.P. Cable.)—In connection with the negotiations with the United States The Morning Post refers to the flagrant difficulties created by constitutional rights, and sectional prejudices of the American senate. It points out that the growing desire of the United States to obtain easier fiscal relations with Canada may influence the result.

Juvenile Courts.

Over five thousand citizens of Montreal signed a petition in favor of a children's court in order that delinquent children may be helped to good citizenship instead of being branded as criminals. A large public meeting has been called there for Wednesday night by Judge Choquet, the Women's Club and recently organized Children's Aid Society, to hear an address by Mr. J. J. Kelso of this city.

Illness of Capt. Gatfield.

AMHERSTBURG, April 7.—Capt. W. H. Gatfield of the marine reporting agency of Duff & Gathfield, and one of the best-known marine men on the lakes, is dangerously ill of typhoid fever.

SPECULATION IS SMALL WITH RISING QUOTATIONS

Wall Street Prices Are Firmer Following Dulness—Little Public Buying at Toronto.

World Office, Tuesday Evening, March 7. Speculative transactions between brokers provided the principal portion of the trading at the Toronto exchange today. The inside support in Mackay and C.P.R. to-day admitted of a good many local transactions with profits, and, as the movements were furnished by local operators, successful turns were made in the market. The Sao Paulo episode fell flat to-day, but the pool endeavored to maintain its position without encountering any long stock. Except for manipulation, the entire market would have experienced extreme dulness because of the lack of public interest. The movement in the market was purely speculative, and the outside buying of exciting out-of-side buying. The public's participation in the market to-day was confined almost entirely to the investment issues and rallies in speculative securities had apparently no influence. The market on the whole was exceedingly dull, and only enlivened by the escapades of would-be promoters.

Wall Street Pointers.

Final payment on Great Northern new stock due to-day.

Strong hopes entertained in some quarters that Erie plan will go thru.

Iron and steel export trade increased 13 per cent. in eight months of current year over corresponding period a year ago.

On February figures Southern Railway is scarcely earning its fixed charges.

U. S. Steel business at present does not indicate material improvement for second quarter of the year over March quarter.

Erie situation paralyzing activity in bond market.

Sub-treasury gained \$46,000 from the banks yesterday, but since Friday it has lost \$151,000 to the banks.

Annual meeting of stockholders will be held in Beechmont, Ky., Wednesday of Southern Pacific for general business purposes.

PHILADELPHIA: The anthracite tonnage for March amounted to 4,766,118 tons, a decrease of 499,566 compared with this month a year ago.

A petition to close the stock exchange on Good Friday and the following Saturday was presented to the chairman of the exchange this morning. Upon a call for a vocal vote a loud cheer went up in favor of closing. The governors of the exchange will act upon the petition at their meeting to-morrow.

Until an incentive is furnished the stock market seems likely to drag in the trading rut. The market is in a wretched mood. The large interests are not bearish. We have the best of reasons for so stating. The best policy will be to purchase on ordinary activity for turns.—Financial News.

Joseph says: The speculation will continue more or less feverish and feverish, but there will soon come a material change for the better. The Erie affair is not as hopeless as it is painted. On the contrary the company will be successfully financed. The plan of the Mexican Central will be announced within a very few hours. The Erie and the Northern Pacific "Melon" is ripening. Buy B.R.T. for turns.

The National Bank of the Republic, one of the largest national institutions of Boston, closed yesterday, and its business and assets will be liquidated by the National Shawmut Bank. The closed bank has capital of \$2,000,000 and deposits of nearly \$15,000,000.

Reports from the board this morning

EASY MONEY AND A GOOD CROP.

World Office, Tuesday Evening, April 7.

Trading brokers were not wrong in their prognosis yesterday when they took fliers at Mackay common and C.P.R. for a turn on the long side. Brokers who act for the insiders were bidders for both these securities to-day, and the support looked sufficiently good to warrant a small amount of increased speculative buying. Outside of these issues the Toronto market showed absolute apathy, and speculative operations were governed accordingly. The upturn in a few specialties has not changed the sentiment of the majority of traders, who are still bearish. Nothing but a substantial crop outlook with easy money will serve to induce buying confidence, and until this is directly in evidence conservative traders are unwilling to believe that a permanent improvement can take place in the market.

successful conclusion. Among other items of importance were the easier trend of money rates, bids well above par for the 3-1/2 per cent. Massachusetts State bonds and very small offerings of stocks. Great Northern was convicted of rebating as charged. Harman interests filed their answer in the Union-Southern Pacific case. It was decided that B. and O. has disposed of its holdings of Reading common. Statement that Guggenheim are large holders of National Lead attracted attention. There was talk of a conference for reduction of steel prices. Soft coal operators and employes in the central districts have arranged for a conference on the 14th of this month. Union Pacific reports for February a gross decrease of about 8 per cent. with fair reduction in operating expenses. Good buying of Colorado, Southern, Atchison and Steel acted well. If Soo and Canadian Pacific are attractive to foreigners at current prices, we have much to expect. This should invite purchases on comparison of dividend yield. We think that prices are entitled to advance on basis of general surroundings, and the investment absorption which is following slackening of general trade.

J. R. Helms & Co. wired to R. B. Holder: The market has been quiet and professional to-day, but on the whole has maintained a firm tone. We look for the general market to work higher, but do not expect another great activity and stocks bought on the weakness should be disposed of on any fair activity in stocks that have been bought, and on any sign of activity these issues can be bought for a quick turn.

GRAIN PRICES LOWER CHICAGO IS CLOSED

Liverpool and Winnipeg Wheat Prices Are Lower for Future

Wheat Quotations

World Office, Tuesday Evening, April 7.

Liverpool wheat futures closed today lower than yesterday, and corn futures 4d lower.

The Chicago market was closed today at lower than yesterday.

Winnipeg car lots to-day: Wheat, 127 1/2c; corn, 32c.

Broomhall's Weekly Summary.

J. H. Bennett & Co. (N. B. Holden) furnish the following Broomhall foreign weekly crop summary:

United Kingdom—A moderate improvement is noted in crop conditions as a result of the milder weather.

North Africa, Spain, Turkey and Australia—There is no change in the outlook since our last report.

Germany—The weather is very cold, but there are no complaints, especially regarding the crop outlook, which is, on the whole, favorable.

France—The weather outlook continues generally favorable. Supplies are lighter than were reported last week.

Roumania—The weather is seasonably mild, and the crops are in need of moisture.

Russia—The crop outlook is about unchanged from our last report, which was given as a fair to good one.

The crop in the irrigated districts of the south is increasing.

The crop outlook continues favorable as a result of the recent rains. Supplies of native wheat are smaller, and the foreign demand shows some signs of reviving.

Slight rains are reported in the Punjab district, but in spite of this fact the crop in the unirrigated districts is in need of moisture.

The crop in the irrigated districts will therefore be required to furnish the bulk of the exports, the quantity of which cannot be estimated.

It is generally conceded that this wheat for export will not come out except at high prices.

ST. LAWRENCE MARKET.

Receipts of farm produce were 45 loads of hay and a fair delivery of dressed.

Hay—Forty-five loads sold at \$18 to \$19 for the bulk, with an odd lot at \$20 per ton.

Dressed Hogs—Prices firmer at \$23.50 to \$24 for the bulk, going at \$22 per cwt.

Dressed Poultry—Receipts light. Turkeys sold at 20c to 24c per lb.; chickens at 14c to 20c per lb.; old fowl, 12c to 15c per lb.

Market Notes.

Geo. Puddy bought 100 dressed hogs at \$25 to \$26.

Joshua Ingham bought 12 dressed hogs at \$25 per cwt.

SOUTHWORTH IS NAMED AS PARK COMMISSIONER

Board of Control Finally Agree Unanimously on Appointment at \$3500 Per Year.

The unanimous decision of the board of control to recommend Thos. Southworth, provincial director of immigration, as parks commissioner at a salary of \$3500, will bring the question of an appointment squarely before the city council at Monday's meeting, when Judge Winchester's report will also be received. A two-thirds vote will be necessary to defeat the recommendation.

While the board finally voted solidly for Mr. Southworth, the choice of a successor to Mr. Chambers trembled in the balance for several minutes. At the outset the mayor nominated George Wilson, his secretary, and Controller Hocken seconded the motion. Controller Spence urged that the claims of all the candidates be considered separately and announced opposition to Mr. Wilson. Controller Harrison named James Wilson, superintendent of Niagara Falls Park, and Controller Ward promptly submitted the name of Mr. Southworth, saying that while not personally acquainted with the latter, he considered him a strong man.

The mayor then moved that Mr. Wilson be recommended, and the vote showed Controllers Spence, Ward and Harrison in opposition.

Only Controller Harrison voted for James Wilson, and on the mayor proposing Mr. Southworth, the vote was unanimous.

The question of salary was then raised and agreement was general that there should be no perquisites other

than a horse or auto, to be used in inspection tours. Controller Spence said that the perquisites enjoyed by Mr. Chambers had been worth at least \$1000.

"I think \$3500 will be satisfactory," said Controller Harrison, and Controller Hocken agreed that the amount would be a "good start, in view of the salaries in other departments."

Controller Spence, however, suggested \$2500, and a motion to this effect by Controller Ward carried unanimously.

Mr. Southworth, who now receives \$2000 a year, will be given a free hand in reorganizing the parks department, which, so Controller Hocken declares, "needs a thorough cleaning out." In politics he is a Liberal.

The question of salary was then raised and agreement was general that there should be no perquisites other

CAR LEAVES TRACK AND PLOWS THROUGH THE MUD

Royce-Avenue Church Welcomes Incoming Pastor—Many Items of Interest in County.

WEST TORONTO, April 7.—Had it not been for a stroke of good luck, an accident which occurred tonight might easily have been attended with serious if not fatal results. As the 6.10 Davenport car with about 25 passengers aboard was speeding along eastward at a fair rate, between Salem-avenue and Dufferin-street, it jumped the tracks and heading northward plowed through the mud for a considerable distance before coming to a standstill at the rising ground, bordering the north side of the road. Beyond a severe shaking up of the passengers escaped unhurt, but the motorman had his shoulder bruised by being thrown against the side of the vestibule. As it is a perfectly straight piece of road at this point, no other cause could be attributed for the accident than the improper and insecure condition of the roadbed, it was by the merest chance that the car took the direction it did after leaving the track, and had it plunged down the 20 foot embankment on the south side of the road a catastrophe would have been inevitable.

Case Further Adjudged.

The burglary against Jack Reilly and Michael Marlin did not come up in police court this morning. Reilly's lawyer had not all the evidence prepared, so Police Magistrate Ellis adjourned the case for next week. Sullivan, the remaining member of the notorious trio, is not yet sufficiently recovered from his encounter with Sergt. Peters, to appear in court.

The congregation of Royce-avenue Baptist Church tendered a hearty reception to-night to the new pastor, Rev. W. J. Wright. Rev. C. C. Weaver of Parkdale, who for the past two months so ably conducted the services while the church was without a pastor, was present. Mr. Weaver was made the recipient of a purse of gold from the congregation. Mr. Wright, superintendent of home missions, gave an address, and Rev. Reid, pastor of Royce-avenue Presbyterian Church, brought greetings and good wishes from his congregation. The choir was occupied by Mayor Baird, and refreshments were served by the ladies.

GREEN RIVER.

Immense Throng Attend Funeral of Late Stanley Hoover.

GREEN RIVER, April 7.—(Special.)—One of the largest funerals ever held in this province was that of the late Stanley E. Hoover, which took place at the residence of his father here this afternoon. The young man, who met his death by being struck by a westbound express on Sunday morning at Locust Hill station, was well known and universally beloved, and the last sad rites, attended by his fellow students of the Markham High School, and an immense throng of friends and relatives, were especially sad. Nearly 100 carriages followed the remains to Locust Hill cemetery, where Rev. Mr. Reynolds performed the funeral service. Deceased was actively identified with the work of the Locust Hill Methodist Sunday school, and of a bright and cheery disposition. The pall-bearers were fellow students. He was 18 years old, the only son of Alpheus Hoover, and pre-deceased by his mother about three years.

DEER PARK.

DEER PARK, April 7.—Frank Teigh will give a picture talk at the annual thank-offering meeting of the Women's Home Mission Society at the Deer Park Presbyterian Church on Friday.

MARKHAM VILLAGE.

Inspector Finds Everything in Good Shape Here.

MARKHAM VILLAGE, April 7.—Inspector Forthingham made his half-yearly inspection of the public schools here recently. After commending favorably on the improved conditions of such rebuilding, the inspector called attention to some very cogent matters, educationally, which came under his notice.

As intimated in recent utterances of the minister of education, urban schools are likely to have their grants apportioned as rural schools have, under these conditions urban schools would find it to their advantage to employ a much higher percentage of first and second-class teachers, an additional grant of \$20 being made for each such certificate. Equipment of those supplies, as well as grounds, walks and outbuildings would also be graded so that school boards giving greater attention to such matters would find their grants so increased that the burden of paying for the improvements would be light at the same time school work could be conducted much more advantageously.

He referred to the frequent changing of teachers, made necessary, in part at least, by employment of those who must leave to attend Normal School. This is a serious disadvantage to education, and should receive thoughtful consideration of all who

MIMICO.

Building Trade Will, It is Said, Be Brisk.

MIMICO.

MIMICO, April 7.—The spring is here and so the cattle strategy. Not many as yet, but any day or night may declare the fact that enough are roaming around to destroy a lawn if they over it just now.

As a result of work done last year and some already planned for this year to be begun in the near future, Mimico will show some fine new residences, both summer and permanent, but also will have some new beautiful lawns in connection therewith.

R. H. Skelton, whose new brick residence in Victor-avenue is one of the best in the village, is already considering extensive and systematic preparations for his grounds, and if a lawn can be made suitable for bowling this summer he will have a club formed, some who love this game are hoping for this.

Another case of scarlet fever has developed recently. Dr. Bull, health officer, has found it necessary to placard the house of Arthur Finch, Church-street, whose oldest daughter, Grace, is the sufferer.

EAST YORK LIBERALS.

Leader of Opposition Will Make First Visit to Markham.

A public meeting was held called for Friday evening in the town hall Markham by the executive of the East York Liberal Association. Among those who will address the meeting are: Hon. J. M. Macdonald, M.L.A., J. W. Curry, K.C., Liberal candidate in East York, together with a number of local speakers. The train will leave the Union Station at 8.30 p.m. for Markham, stopping at all intermediate stations and returning at the close of the meeting.

NEWMARKET.

Old Boys Are Getting in Shape for the Celebration.

NEWMARKET, April 7.—A meeting of the Old Boys' Club in the town hall Markham by the executive of the East York Liberal Association. Among those who will address the meeting are: Hon. J. M. Macdonald, M.L.A., J. W. Curry, K.C., Liberal candidate in East York, together with a number of local speakers. The train will leave the Union Station at 8.30 p.m. for Markham, stopping at all intermediate stations and returning at the close of the meeting.

YORK COUNTY FARMERS.

Fall Wheat Looks Fine, and Outlook Generally is Hopeful.

Farmers from all parts of York County in the city in the discharge of business report the outlook generally bright for the spring and summer as respects wheat. The snow has been equal in all respects to any of its predecessors. With a singular unanimity, all are agreed that fall wheat where sown has so far survived the winter remarkably well. The snow is now practically all cleared from the fields, even in the northerly parts of the county, and the wheat is served from most part green and thrifty. That the most trying time of the year with alternate thaws and freezing, and the cold, dry winds of April at present, this most important crop will survive through all right. A promising feature of the outlook is the presence of little frost, and the fact that much of the moisture has been absorbed by the soil. As showing what can be accomplished by economy in feeding, and an abundance of coarse fodder for their stock, until the coming of winter, in the Township of Whitechurch where, owing to the rolling motion of the ground and dry season, the growth of straw was last year very short, a great complaint is heard and all kinds of stock will come thru all right.

Everywhere a feeling of optimism prevails, and the readiness with which farmers retiring from active life disposes of their York County farms indicates that the same spirit of hope and progressiveness actuates their successors.

WYCHWOOD.

Local Band, The Youngs, Will Compare Well With City Organizations.

The 17th Saturday evening concert, held under the auspices of the Wy-

wood Brass Band, was like all the others, a great success, and reflects credit on Bandmaster Fred Kunn and Secretary Alf. Pollett. W. Edwards presided, and all the artists acquitted themselves splendidly. The band will play at the public meeting in Hillcrest school on Wednesday evening.

Thru the efforts of W. R. Curry, who recently was appointed choir-master of the Presbyterian Church, the choir is making splendid headway and will give an entertainment in the church on Thursday evening.

The Presbyterian Church was presented with a \$50 magic lantern. It was used for the first time last Sunday evening and everybody was delighted.

The Alexander Choir, led by Dr. Falkner, will render a service of songs at Zion Methodist Church next Sunday evening.

NORTH TORONTO.

Council Are Following Up Good Work of Citizens re Trees.

NORTH TORONTO, April 7.—At tonight's council meeting the recommendation of the Mayor and Light Committee that the Canada Foundry Co.'s tender for 6-inch water mains at \$35.50 per ton be accepted, was accepted.

The commissioner was instructed to remove the lumber from the pound at the Council property.

A petition from the property owners of block "H" for a 6-inch water main was received.

Sufficient signatures have not been obtained, and the council will take up the improvement on the initiative.

The drain from a pair of new houses on Montgomery emptying on Smith-avenue, was recommended to be closed up by the commissioner. Mr. Nelson the owner, was present and argued that this drain is not a nuisance to anybody. The question was finally referred back to the board of works.

The commissioner was instructed to prepare an estimate of the cost of the street repaving required.

The "House Bros" tender for shade trees at \$50 per 100 was accepted. The trees will be planted 30 feet apart and where practicable on the outside of the boulevards. The council also decided to charge an extra 15 cents per tree for the planting of same by the corporation.

The application for a crossing on Stewart-street was referred to the board of works committee.

The new planning committee appointed by the ratepayers' association will meet in the council chamber on Saturday evening.

Mrs. Crang, Sr., who has been ill is slowly improving.

D. Schwalm has moved to his new home on St. Clair-avenue and Shaw-street.

Mr. and Mrs. R. Punnett of Christies-avenue recently entertained a number of friends at a dinner given by Mrs. Crang, Sr. During the evening a guessing contest was much enjoyed. The prizes were won by Mrs. Coley Jordan Baggis and Mr. Crang.

BRACONDALE.

Orators and Musicians in Hillcrest Public School.

BRACONDALE, April 7.—A mass meeting of the Conservatives of Bracendale and Wyngwood will be held in Hillcrest Public School to-morrow (Wednesday) evening, April 8, at 8 o'clock. Among the speakers will be: R. G. Gray, M.L.A., I. B. Lucas, M.P., Dr. J. G. Godfrey, M.L.A., Mayor Baird of West Toronto, W. F. Maclean, M.P., W. R. McKeown and others. The Wyngwood Brass Band will be present.

EAST TORONTO.

Principal Continues to Coach Boys in Athletic Sports.

EAST TORONTO, April 7.—At the close of school this afternoon the boys of Kimberley-street School met in Principal Brown's room and organized a baseball club with these officers: President, W. McArthur; first vice-president, H. Hurd; second vice-president, W. Simlin; secretary-treasurer, Eddie Blaylock.

Principal French of the East Toronto School has taken up house on Beach-avenue.

The high wind and bright sunshine of to-day has made a great improvement in the condition of Main-street and Danforth-avenue, while even at the Kingston-road and the crossings at the Woodbine have shown some slight improvement.

VERDICT OF MURDER IN MONTREAL SHOOTING

James Smith Left Note Bearing Peculiar Message—Condition of Wounded Men.

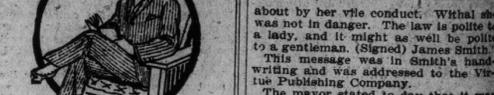

MONTREAL, April 7.—(Special.)—A verdict of murder against James Smith was the finding of the coroner's jury to-day in the case of Constable Shea, who was shot down and killed by the accused. This was one of the happenings to-day in the famous case which caused so much excitement in the city.

Chief Siles Carpenter is better and may be removed to his home in ten days' time, while Constable Foucault, who accompanied Shea to the murderer's room, has taken a turn for the worse, and altho the result will not be fatal, his recovery will likely be slow.

The doctors say that Smith will also recover and people are somewhat divided as to the man's responsibility. While some say he is insane, others declare that it was simply a drunken spree, and that he knew what he was doing all right.

Blames the Woman.

Written on an envelope, which the police found lying on a table in James Smith's room after he had been removed to the hospital, was the following: "Mrs. Frichard brought all the

The mayor stated to-day that it was his intention to make full enquiries into the circumstances attending the death of Volckman Shea, and if he found them as he had been led to believe they were, in his capacity of mayor, move that some substantial recognition be made by the city of the dead policeman's bravery, in the shape of a monetary grant to the widow.

GOVIN WILL STICK.

MONTREAL, April 7.—(Special.)—The much debated question as to whether Hon. Lomer Gouin will retire from the local premiership before the coming elections has now been definitely settled by the prime minister, who has authorized the statement that he will remain at the head of the administration until after the elections, and he thinks for a good deal longer.

MAYOR OFF ON A JAUNT.

The mayor left last night on a tour of inspection of sewage filtration plants in Philadelphia and other United States cities. He will join the city engineer, who has been away on this mission for several days, and will be absent for the remainder of the week.

Game Meeting at Lindsay.

LINDSAY, April 7.—(Special.)—A public meeting under the auspices of the local branch of the Fish and Game Protective Association was held in the council chamber here to-night. The meeting was a success.

G. H. Hopkins, president of the local branch, was in the chair. Mayor J. B. Beeg, president of the Board of Health, W. B. Sparling, Wm. Flavelle, and others showed the possibilities of tourist traffic to the town and district.

At the close of the meeting a resolution was approved unanimously of a petition now being circulated by the branch and the president of the Board of Trade.
