The Toronto World

BRITISH REPULSE SIX ATTACKS, ADVANCE ON SOMME Russians Soon Will Open Drive to Reconquer Western Poland

NEXT OFFENSIVE OF RUSSIANS WILL BE TO RETAKE POLAND

Slav Armies of Centre Have Enough Ammunition to Take Them to Berlin and Eagerly Await Order to Advance—Germans Prepare to Retreat.

WITH THE RUSSIAN ARMIES ON THE CENTRAL RUSSIAN FRONT, Tuesday, Aug. 16, via Petrograd to London, Aug. 17.—The continued success of Gen. Brusiloff's two powerful movements which gradually are enveloping Kovel and Lemberg, have begun to have a marked effect on the situation in the central portion of the front, which, except for small Russian gains in the lake region south of Dvinsk, have remained virtually unaltered since the Russians fell back last autumn to the line from Dvinsk to the Pinsk marshes. The Austrian line now has receded so far beyond the repeated thrusts of the southwestern Russian forces in southern Poland and Galicia that the Germans are in danger of a flanking movement from the south and the automatic retirement of the forces opposed to the Russian centre.

Despite the costly bursts of activity at various points, Russian officers say there are many indications that the Germans are prepared to abandon their present line on this part of the front at any moment. The correspondent of the Associated Press made a week's tour along the front commanded by Gen. Alexie Evert, who is in command of the forces in the sector from the Pinsk marshes to the Carpathians, and found the soldiers most anxious for an opportunity to advance as soon as the command is given. The armies commanded by Gen. Evert are the same which, crippled by a shortage of ammunition and supplies, were forced to surrender a large part of Poland a year ago. Commanders who brought back only broken remnants of their divisions to the present positions, now are in charge of splendidly equipped units. The men share with their officers the determination to recapture the ground lost in Poland.

Have Enough Ammunition. A corps commander, who showed the correspondent of the Associated Press a huge supply of ammunition and material at the disposal of one part of the force engaged in this section of the front, said: "We have enough ammunition stored away to take us to Berlin." The soldiers seem to be plentifully supplied with wholesome food and are living under the best sanitary conditions. They are surrounded by comforts and conveniences comparable to those of a model American summer camp. The spirit and fighting strength of the Russian soldiers appear to be very high and the troops confidently expect to occupy their original quarters in western Poland.

Compared with conditions prevailing a year ago the percentage of disease on this section of the front is declared to be appreciably lower. Not only has universal vaccination and personal cleanliness, which are now insisted upon, removed the danger of epidemics, but individual cases of a disease of any sort are said to be rare.

APPOINTMENTS MADE OF CANADIAN OFFICERS

Canadian Associated Press Cable. LONDON, Aug. 17.—The following Canadian appointments are gazetted: Capt. W. H. Cullum, 37th Battalion, appointed A.D.C. to the personal staff of the war office; Capt. Papineau, Princess Patricia's Light Infantry, promoted staff captain and attached to headquarters units; Major Morrissey, 13th Battalion, promoted brigade major and attached to headquarters units. Promoted temporary majors: Capt. Loughheed, A.S.C.; P. G. Bell, H. W. Coates, medicals; Tryon and J. M. Bell, 73rd Battalion; J. H. Milne, Bull and Poupere, 75th Battalion; J. S. Lewis, 37th Battalion. Capt. R. P. Bell-irving of the 16th Battalion has received a commission in the Royal Flying Corps.

FERGUSON IS FLAYED WITH DEWART'S LASH

Audience Follows Sinister Trail That Links Department of Mines to International Trust, With Breathless Interest, and Applauds Liberal Candidate's Trenchant Indictment of Ontario Cabinet.

A big meeting at the Orange Hall cheered Hartley Dewart, the Liberal candidate, to the echo, last night when he flayed Howard Ferguson and declared that his days at Queen's Park were numbered, and followed with breathless interest the sinister trail that links Hon. Frank Cochrane to the International Nickel Co. together with his understudy, Mr. Hearst, his candidate Mr. Norris, and his newspaper, The Toronto News. Every statement so far made in this campaign by the minister of mines in the defence of the government nickel policy was taken up, carefully analyzed and torn to shreds by the Liberal candidate. Mr. Dewart showed from the official returns of the U. S. department of commerce, that Canadian nickel had been steadily passing thru the United States to Germany ever since the war commenced. The official figures he gave include the fiscal year ending June 30, 1914, and they leave no reason to Nickel Company is going every day doubt that the Sudbury nickel refined in New Jersey by the International to Germany to manufacture munitions.

Control of Cochrane. Mr. Dewart reminded his hearers that the department of mines for ten years past had been under the personal control of Hon. Frank Cochrane. Mr. Cochrane held the office himself for years, then passed it on to Mr.

MANAGERS OF U. S. RAILWAYS HOLDING FIRM

Wilson Appeals to Presidents to Override Decision of Subordinates.

SITUATION IS OMINOUS Prospect of Calamitous Strike on Roads Causing Keen Anxiety.

WASHINGTON, Aug. 17.—President Wilson today laid his plan for averting the threatened railway strike before the employees' committee of 640, and, having found the managers' committee adamant to his proposal that they accept the eight-hour day, he appealed to the railroad presidents and asked them to come to the White House for a conference. There is every indication that if the railroad presidents sustain their managers, President Wilson will appeal finally to the financial powers which control the roads, for it is his purpose to deal with the ultimate authority before he gives up his effort.

Wilson's Proposal. The president's plan, which is expected to be formally accepted by the employees' committee at a meeting at 9 o'clock tomorrow morning, proposes: An eight-hour day as the basis for computing wages.

Regular pay at the eight-hour day rate for overtime.

The action of the railroad presidents is not so clear. They began arriving

FRENCH REACH OBJECTIVES IN EVERY BATTLE

Germans Fail to Counter-Attack Them on Somme Front.

Troops Spend Day in Consolidating Positions—Artillery Fights Continue.

PARIS, Aug. 17.—3.25 p.m.—The operations on the Somme yesterday were merely a detail of the offensive and of only local bearing, a high military officer explained today to the Associated Press. But significance is derived from the fact that the Germans did not counter-attack as usual. Never before have they failed to react when successfully attacked and their failure to do so in this case is either a sign of weakness or, more likely, because of confusion of orders. The precision with which the French offensive has been carried out is shown by the fact that every objective designated in advance of an action has been reached. At Maurepas a certain number of houses were selected and every one of them was captured and occupied; it never was intended to attempt the occupation of the entire village.

Cut Losses Down. "One consequence of this precision in the French operations is the reduction of losses to a minimum. The operations in Artois and in Champagne cost five times more than all the ground gained on the Somme. The purpose is to destroy the German forces and the Franco-British defensive line which has been built up by holding on the western front the greater portion of the German forces."

"It is fallacious to figure out the probable duration of hostilities on the French soil by computing the average

The Supreme Issue in Southwest Toronto

Canada can be made the greatest metal producing country in all the world, and the making of metals supplies an enormous market for working men, trade for our business concerns. We have great stores of iron ore, of coal, of gold, of silver, of copper, most of all of asbestos and nickel. WE COULD CONTROL AND KEEP WITHIN OUR LAND THE WHOLE OF THE NICKEL STEEL OUTPUT OF THE WORLD. We have, foolishly on our own part, by the deliberate intent of Germany and her agents in the States and here at home, allowed it to get out of our hands. The World for years has fought an almost single-handed battle to get this bad policy stopped and a real national policy on nickel and nickel steel put in its place.

The people at last have awakened up to the situation; and now for the first time the electors of Southwest Toronto have the opportunity of rebuking the Hebert government for the aid and assistance they have been to the Nickel Trust, an alien organization. The only way to rebuke them is to vote against Mr. Norris, the government candidate in Monday's election, and for Hartley Dewart, who, notwithstanding any other political failings that may be alleged against him, has come out for a real national policy on nickel. If the voters who usually vote Conservative but who desire a national policy in nickel wish to attain that end, they must vote for Dewart. If they fail to do this, then the International Nickel Co. will be entrenched stronger than ever. If they vote for Dewart, Hon. Mr. Hearst will be made to understand that the all-pervading influence of Germany and her agents will have to come to an end and a new era opened for a great metal industry in Canada.

By-elections are a means to this end. The Hebert government want a joint and Dewart's election is the only present means of giving it. It will jolt the Royal opposition just as severely; and Mr. Rowell and his friends, including Liberal papers, have been as close to International Nickel as the Conservative cabinets.

Let us break, once for all, German control of our nickel possibilities and begin a great new national policy in nickel on the lines of Sir John Macdonald.

A NICKEL ROAST. The World has shown this world what fools we are. Who deem ourselves the empire's brightest star. Possessing all the virtues of the age; But list to what The World says, not in rage.

It tells us of our wealth of nickel matte, On which so many aliens have grown fat. How simple have our Tory leaders been. To gaze upon this money-making scene, And never raise their voice against the trust. That sold our nickel, in their greedy lust, To Britain's foes, who could not long have fought Without our nickel which the Germans bought. Shame on our governments that thus did act, Until The World disclosed the ugly fact, And honor to this paper for its stand In spreading nickel truths thruout the land. I. L.

DEUTSCHLAND SEEN OFF GRAND BANKS?

Large Submarine Was Clearly Seen by Crew of Liner Sachem.

CHASED BY U BOATS

Sachem Shook Off Subs After Pursuit Lasting Eight Hours.

BOSTON, Aug. 17.—The sighting of a large submarine, believed to be the German merchantman Deutschland, off the Grand Banks last Saturday morning, was reported by members of the crew of the Warren liner Sachem, which arrived tonight from La Pallice, France, and Liverpool. The submarine was traveling in a northeasterly direction at moderate speed. Wallace Potter of Lynn, electrician of the Sachem, said that those aboard the liner saw the underwater craft plainly at a distance of from three to four miles. Soon after the submarine was sighted the submerged and was not seen again. The quartermaster, John Mahon, said that on her second day out from France the Sachem was pursued for eight hours by two submarines, believed to be German. The submarines were several miles away when first sighted and full speed ahead was ordered to elude pursuit. The pursuit was ended, according to the quartermaster-general, when 14 machine gun shots at the submarines, with what result is not known.

BRITISH REPEL SIX ATTEMPTS AGAINST LINES

Germans Fail to Retake Lost Positions Northwest of Pozieres.

GAIN MORE GROUND

Sir Douglas Haig Reports Taking Trench Northwest of Bazentin.

Special Cable to The Toronto World. LONDON, Aug. 17.—Employing considerable force, the Germans made six determined counter-attacks on the British trenches northwest of Pozieres last night and early this morning, but all these endeavors were repulsed and the British made a small advance northwest of Bazentin by capturing about 100 yards of trenches. They also repulsed a counter-attack from Marlinch, and made some prisoners. The action fought northwest of Pozieres was severe, and it lasted for several hours. Six times the enemy came on, and six times he ran back, being unable to stand the British rifle fire and the heavy losses sustained in his onsets. The waves of German troops were mowed down by British artillery and machine guns and the Germans did not succeed even once in getting near the British lines. It was announced from British general headquarters this morning that in conjunction with the French advance on Maurepas, British troops pushed forward their line west and northwest of Guillemont. West of the High Wood they captured a German trench of 300 yards about the same distance in advance of their previous line, and their machine gun fire frustrated a German attack east of Moustquet farm.

Gleefully Hug Guillemont. This success about Guillemont brings this strongly fortified village into close contact with the British troops. It occupies a position of great strategic importance. (Continued on Page 7, Column 1).

BRITAIN EXPECTS PEACE BY THE END OF APRIL?

Month Cut Off Proposed Limit of Parliamentary Extension.

LONDON, Aug. 17.—In the house of commons today the government accepted an amendment whereby the life of the present parliament will be prolonged until the end of April, instead of the end of May, as in the original bill. The bill thus amended passed its third reading.

First Aid and the Home Fires

John: Tom Church, I want you to keep 'em home fires burnin' up to th' town hall on Monday night. I kind of feel there'll be a lot of lan' slidin', an' us lan'marks ort to be on han' to do th' fir's aid act. Tom: Do you mean Jimmy Norris, Nunkey John, or Jossey? John: I'll be higher up, Tom. Tom: I'll have the toolsters out with the trumpets keeping the home fires burnin', Nunkey John.

NEW FALL HATS FOR MEN.

Dineen's, 140 Yonge street, have just received an advance shipment of Early Fall Hats which can be seen today: Heath's Silk Hats, \$8.00; Christy's Silks, \$6.00 and \$7.00; Heath's Felt Hats, \$4.00; Christy's Felt Hats, \$3.00 and \$2.50; American Felt Hats, \$2.50 and \$3.00. In addition to the above the Dineen Company are closing out a line of soft hats in new shades at \$1.95. See these hats today at Dineen's, 140 Yonge street.

GERMANS CHAINED TO GUNS "NO SURRENDER" OATH TAKEN

Machine Gunners, Forming Veritable "Suicide Club," Are New Crack Corps of Enemy—Teutons Rely on Shell Crater Warfare For Defense.

WITH THE BRITISH ARMY IN FRANCE, Aug. 17, via London, Aug. 18.—The torrential rain today and yesterday made it an inconceivably miserable night for the German gunners at their posts in shell craters filled with water up to their necks. The Germans seem to have definitely given up trying to dig any trenches along the front where the British hold the high ground and the old second German line. The British gunfire falls in every trench that is started any kills the diggers.

Machine gun and shell crater warfare has replaced trench warfare as a means of defense against the British attack. Not the Prussian Guard or the Brandenburgers but machine gunners are now the crack corps of the Germans. Specially picked men take the oath never to surrender, and English report that they are chained to their guns by officers to prevent them

OESEL ISLAND RAIDED BY GERMAN SEAPLANES

Russian Airmen Engaged the Enemy Over Runoe Island.

BERLIN, via London, Aug. 17.—An official communication issued today tells of a raid by German seaplanes on Russian positions on Oesel Island, and of a fight against Russian aircraft on Runoe Island, in the Riga region, Tuesday night. "Tuesday night our seaplanes again attacked with explosive and incendiary bombs the aerodrome at Papeholm, on Oesel Island, and enemy aeroplanes on the shore of Runoe Island, in the Gulf of Riga. Despite a heavy anti-aircraft fire and a subsequent air fight our seaplanes returned safely."

SOLDIERS DAMAGED BUILDING

WINDSOR, Aug. 17.—A bill for damages totalling \$1000 has been forwarded to Col. Shannon, D.O.C., at London, for destruction of property belonging to the Windsor and North Essex Agricultural Society by soldiers during their occupancy of the quarters last fall.

WHITGIFT TORPEDOED JAP IS SOLE SURVIVOR

LONDON, Aug. 17, 10.35 p.m.—The British steamer Whitgift, previously reported missing, is now understood to have been torpedoed and sunk April 20, says Lloyds. The sole survivor was a Japanese.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

IT appears from despatches that the next front where active military operations will begin is the Russian central front, where the Slavs have enough ammunition stored away to take them to Berlin. General Evert is in command of these armies. These are the same troops that retreated from central Poland last year, but their attenuated divisions have been refitted, recruited and brought up to excellent form and condition. Owing to the steady rolling back of the Austrians and the Germans in Galicia and Volhynia by the victorious forces of Gen. Brusiloff, the German armies of the centre, in Polesie, and as far up the line as the lake region southwest of Dvinsk, have been put in danger of a flanking operation from the south. The Germans are getting ready so as to be in a position to withdraw in the centre at any hour.

In France the principal fighting ranged on the British portion of the Somme front yesterday, with the British troops emerging victoriously from a stubborn contest northwest of Pozieres. There the Germans launched a counter-offensive against our troops on a wide front, and they came on no fewer than six times, only to recoil in every instance before our artillery and machine gun fire. Not a German got near our trenches. In addition to holding out so solidly in this region the British extended their lines and improved their local position by capturing about 100 yards of German trenches northwest of Bazentin. It also appears that our infantry advanced with the French on Wednesday evening north of Maurepas and also drew in on Guillemont. In all the British operations have had as their object the getting in closer contact with the third system of German defences. These were not so strong as the first and second systems

(Continued on Page 2, Columns 1 and 2).

DEPUTATION AT OTTAWA TO BACK UP "KITCHENER"

Delegation Discusses Change of Name With Postmaster-General.

By a Staff Reporter. OTTAWA, Aug. 17.—In order to demonstrate that Kitchener is a more high sounding and altogether a more fitting name for the city which appears in the postoffice guide as Berlin, Ontario, a delegation of half a dozen prominent Berliners, or Kitchenerites, were in Ottawa today. They are representative of a majority of Berlin's populace, who recently voted to change its present to another and more loyal name. What the name is to be is still unannounced, altho Kitchener is the most popular.

The deputation registered in clear and unambiguous handwriting from Kitchener on the hotel register. They took the matter up with the postmaster-general. On the deputation are: J. H. Hall, W. J. Moody, C. C. Hahn, H. Nyberg, H. S. Hallman and George Declines.

Charming Velours, Tapestries, and Chintzes

The Question of Artistic Draperies is Equalled Only by That of Well-designed Furniture, for What Can So Thoroughly Mar a Room as Hangings Which Are a Bit "Off Color," Out of Harmony With the Architectural Features, Too Ornate, or Worst of All Too Elaborate?

PICTURE TO YOURSELF VELOURS OF SOFT, SILKEN finish in lustrous hues of green, golden brown, mulberry, rose and blues of medium and dark tones! Do they not seem almost the perfect drapery for drawing-room or living-room? With their dull one-tone effect they are so inconspicuous and if the right color is chosen, they are certain to harmonize with the other room furnishings. Or if your need is for new chair coverings which could be more charming, as well as serviceable! The width is 50 in. and the prices are \$1.00, \$1.50, \$2.00 and \$2.50 per yard.

PANNE MOHAIR VELOURS AND SILK VELOURS in reseda, olive, rose, several tones of blue, etc., are 60 in. wide and priced at \$3.00, \$4.00, \$5.00.

METAL BANDINGS AND GALLONS in great variety are featured as trimmings of these velours. **TAPESTRIES RANK FOREMOST AMONG FIGURED COVERINGS** and hangings and here is shown a very wide range of imported cotton and wool tapestries in a great variety of design. Black backgrounds are popular and most effective when showing in small areas among flowers and birds in which dull rose and blue prevail; or in another tapestry in which olive and red are charming in a floral all-over pattern. Price, per yd., \$3.00.

WITH OUTLINES LIKE ENAMEL DECORATION making the conventional flowers and scrolls prominent on the background is a quaint tapestry in old-world design; a French tapestry of special charm shows variations of the "wood" shade which varies from a deep terra cotta to cream. Price of each, per yd., \$1.50. Others are \$1.75, \$2.00, \$2.75, \$3.00, \$4.00, \$5.00 and \$6.50.

TANGO CHINTZ IS A NOVELTY in coverings, and some fascinating color schemes are shown in this material; one has bright emerald trees and flowers silhouetted against a black background and a striking color note in gay birds with plumage of orange, yellow, and red. Price, per yd., \$2.75.

—Fourth Floor, Albert St.

"Old Bleach" Linen For Quality

"No Towels Have the Luxurious Softness of 'Old Bleach,' and None Will Wear So Long Because This Linen Undergoes the Slow Old Process of Grass-bleaching"

FROM THE HEAVIEST HUCKBACKS TO THE FINEST FACE-TOWELS all grades are included in the "Old Bleach" qualities. These linens are direct importations from Antrim, Ireland; some are quite plain, others have dainty Damask borders.

THE SHAMROCK PATTERN, illustrated, is one of the most attractive; the ends are hemstitched as in all these towels; size 18 in. x 34 in. Price, per pair, \$1.00.

THE "GREEK KEY" forms the border motif in a larger towel, 22 in. x 38 in., which is shown in other designs including maidenhair fern and a handsome conventional scroll. Price, per pair, \$1.25.

A wider border in Acanthus scroll is notable on towels of finer quality; size 22 in. x 38 in. Price, \$1.40.

GUEST TOWELS which have a Shamrock or conventional border all around expanding at the one end to form a medallion for an initial are charming and practical; size 16 in. x 25 in. Price, per pair, 65c.

BED-LINEN WHICH IS REALLY LINEN suggests comfort and daintiness. Pillow cases with widely hemstitched ends have an embroidery pattern of laurel with a scroll adapted for the addition of the owner's initial; others have designs of French dots with a conventional scroll; size 45 in. x 36 in. Price, per pair, \$1.85.

Pillow cases of cotton with hemstitched ends, size 44 in. x 38 in., are 80c per pair; the same, plain, are, per pair, 70c.

—Second Floor, James St.

Lighting Fixtures For Newel Posts

Priced From \$8.00 to \$20.00

ALWAYS A DEMAND EXISTS for the electric fixture which may be fitted to a newel post or a pedestal base, and when these combine graceful design with the advantage they always possess of bringing the light nearer than does the ceiling fixture, one realizes their importance.

FRESH FROM FRANCE is a shipment featuring two attractive styles, one of which is illustrated; the other has a figure holding aloft the lights like a torch. All are in bronze finish and have the name of the subject on the base. In height they vary from 10 in. to 18 in., and the prices are from \$8.00 to \$20.00.

—Basement, Yonge St.

Sale Values in Bedroom Furniture

Closing the Week With a Half Day Carnival in Beds and Couch Beds; the More We Sell, the Better We Can Buy, and the Better We Can Buy, the Better Values We Can Give

STORE CLOSES Saturday at 1 P.M. With No Noon Delivery DO YOUR SHOPPING EARLY FRIDAY

THE T. EATON CO. LIMITED

The "Rite-Hite" Wardrobe Trunk at \$15.00

The Great Advantage of the Wardrobe Trunk is Well Known, for Not Only Does it Answer the Usual Purpose of Conveying One's Belongings From Place to Place, But it Serves as a Wardrobe During Each "Stop-Over" When Traveling and Avoids Much of the Inconvenience of Repacking.

THE "RITE-HITE" IS EXACTLY BERTH HIGH which must appeal to the traveller by water. The construction is excellent; the basswood frame is covered with a veneer of vulcanized fibre and has cast metal corners, brass plated; the patent lever bolt clamps form a very close dowel fastening which does away with any need for straps. On one end only is there a handle so that the trunk is almost certain to be left standing in "wardrobe" position when handled by baggage-man or porter.

THE INSIDE CONSTRUCTION is plainly shown in the cut; a plush pad to protect the suit collars forms an attractive feature of the lining of the upper end. A large hat box roomy enough for either men's or women's hats and two deep drawers are notable, but greatest convenience of all is the steel "trolley" upon which the hangers may slide; this enables one to reach the innermost suit almost as readily as the one outside. Special value, \$15.00. Larger wardrobe trunks and those more elaborate in construction are priced up to \$65.00.

A CLUB BAG AT \$5.00 is good value; it is leather lined, has 2 pockets, pull up fasteners, good lock and swing handle. Size 18 in.; price, \$5.00.

OAT GRAIN COWHIDE FORMS A HANDSOME CLUB BAG with outside reinforced corners sewn to frame, double flexible handles, leather lining, 2 pockets and self-locking hinge which holds it open flat. Size 18 in.; price, \$13.00; 20 in., \$18.75.

—Basement, Centre.

MAY REGISTRATION IS NOT NECESSARY

New Scheme of Ottawa Gets Cool Reception From Labor Men.

HAVE DONE THEIR DUTY

Opposed by Trades Union Leaders, But Employers Welcome it.

That the proposed registration system for Canadian recruiting purposes, which was passed by an order-in-council in Ottawa, Wednesday, is not popular with organized labor in Toronto, was indicated yesterday, when opinions were expressed by representatives of various organizations, business men and other persons prominent in the city's commercial life.

I know of a soldier who was gassed and on his return home was allowed to shift for himself. His pension stopped and we could not get him a light job. This man in order to obtain the necessities of life was forced to join the home guards.

system of registration and issuing of badges is to be of any use it should be thorough. For instance, there are men sweeping floors in munition factories and doing light work which could easily be performed by returned soldiers, he said. "Surely such men, just because they are working under the roof of a munition factory, are not to be exempt from military service. A careful inquiry must be made of the men who are performing valuable services in their posts, but others who are doing lighter work and less skilled work should be persuaded to enlist."

ANOTHER DELEGATION FROM BERLIN, ONTARIO

Wanted Decision on Change of Name, But Hon. I. B. Lucas Was Away.

Yet another delegation from Berlin, Ont., was at the parliament buildings yesterday, waiting for the cabinet to give a decision on the change of the name of the city. But Hon. I. B. Lucas was away and nothing could be done. It was getting quite awkward, said members of the delegation. They could not have their billheads and necessary stationery printed.

Acid Stomachs Are Dangerous

Common Sense Advice by a New York Physician. "Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medicinal treatments are useless in such cases, for they merely artificially digest the food and leave the source of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of saturated magnesia, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation from which acidity is developed. Foods which ordinarily cause greatest distress may be eaten without danger or distress if the meal is followed with a little bit of magnesia, which can be obtained from any druggist, and should always be kept handy.

TAKEN FROM HOSPITAL TO APPEAR IN COURT

E. L. Baugh Has Bail for Forty Thousand Dollars Renewed.

Renewal of his \$40,000 bail was granted E. O. Baugh, awaiting trial in the September sessions, on a charge of conspiracy, by Judge Denton, in the county court yesterday. He was brought from the Western Hospital at Montreal for the purpose. Baugh was convicted by Judge Winchester last December on the same charge, which resulted from a civil suit brought by Col. G. A. Stimson relative to a mining deal. It is alleged that after the trial Baugh, thru a man by the name of Garopry, attempted to obtain possession of Col. Stimson's letter book, which it is claimed, were forged to aid Baugh in the civil case. The conviction was quashed by the court of appeals and a new trial ordered.

WANT PEOPLE'S VIEWS ON PROHIBITION ISSUE

Government Will Ask Five or Six Questions on Referendum if Necessary. On the prohibition question, Hon. G. Howard Ferguson said yesterday the government would take "ample opportunity to test the views of the people." They would find just what the people wanted if they had to ask them five or six questions in the referendum. He did not say if the government had changed its mind as to the time at which that referendum would be taken. It was the will of the people in this matter that the government wished to follow.

MAJOR MASON HONORED WAS AWARDED D. S. O.

Officer of Third Battalion Distinguished Himself at Zillebeke.

Major D. H. C. Mason, who went overseas with the 3rd Battalion, and has served continuously with that unit, has been awarded the D.S.O., according to word received from England. He received this reward for distinguished service rendered at the battle of Zillebeke, in June. Major Mason was in command of the attacking line of the 1st Canadian division, which advanced several hundred yards into German territory. Despite a wound in the head which he received during the action, he still "carried on." The task he undertook was accomplished with such strategy that the units received the highest commendation.

WAHNAPITAE RIVER TO SUPPLY SMELTING POWER

British-Canadian Nickel Company and Government Reach Agreement. The British-Canadian Nickel Co. and the government have reached an agreement for the development of power from smelting from the Wahnapitae River, near Copper Cliff, announced Hon. G. Howard Ferguson yesterday. He declined to give details until the contracts are signed. It is understood that the company proposes expending between five and six million dollars. The International Nickel Co. has not yet definitely decided on the site for its

Thin Folks Who Would Be Fat

Increase in Weight Ten Pounds or More. "I'd certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessively thin man or woman. Such a result is not impossible, despite past failures. Most thin people are victims of malnutrition, a condition which prevents the fatty elements of food from being taken up by the blood, as they are when the powers of nutrition are normal, instead of getting into the blood, much of the fat and flesh producing elements stay in the intestines until they pass from the body as waste. To correct this condition and to produce a healthy, normal amount of fat, the nutritive processes must be artificially supplied with the power which nature has denied them. This can probably best be accomplished by eating a Sargol tablet with every meal. Sargol is a careful combination of six splendid assimilative agents. Taken with meals they mix with the food to form the sugars and starches of what you have eaten into rich, ripe nourishment for the tissues and blood and its rapid effect has been in many cases reported remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by all druggists everywhere and every package contains a guarantee of weight increase or money back. If you find a druggist who is unable to supply you with Sargol send \$10.00 money order or registered letter to the National Laboratories, 74 St. Antoine street, Montreal, and a complete ten days' treatment will be sent you postpaid, in plain wrapper. NOTE—Sargol is recommended only as a dietetic aid in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.

TWENTY-FIVE MEN JOINED YESTERDAY

Recruiting in Toronto Main- tains Steady Stride— Thirty-Four Applied.

REGISTRATION SYSTEM
Census of All Eligibles May Bring More Satisfactory Results.

Recruiting in the city yesterday maintained the steady stride assumed several weeks ago, and 25 men were attested out of 34 who were examined. The 28th Forestry Battalion as usual secured the largest number of recruits, 15, with the 69th Battery with 10 recruits. The remainder were distributed as follows: 16th, 2; 201st, 1; 21st, 1; 216th, 1; C.A.S.C., 3; University Training Co., 1; A.M.C., 1; M. P., 5; C.M.R., 1; and the Cyclists 1.

Army Service Men Wanted. There is still a chance to enlist with the C.A.S.C. for overseas service. Men who have had experience with horses are urgently needed to complete the horse transport draft also bakers, butchers, blacksmiths, carpenters, fitters and turners are required. No. 2 Training Depot, C.A.S.C., has been established at Camp Borden, where they have secured good camp quarters, and recruits will receive practical army service training.

Applicants for C.A.S.C., should apply to Lieut. R. M. Adams, southeast door of armory.

Another Veteran Enlists. The Canadian Mounted Rifles land- ed another South African veteran yes- terday in Trooper Hugh McMillen, late of the Lovitt-Taxler. Shows Trooper McMillen went thru the cam- paign with the Imperial Light Horse. He is an expert horseman.

This unit is proving attractive to old cavalrymen, and especially to those who are eager to get overseas quickly. The Toronto office is at 39 King st.

Returned Soldier Speaks. A recruiting meeting in behalf of the 220th Battalion was held yesterday on the city hall steps before a large crowd.

The speaker was Sergt. Gibbons, of the 3rd Battalion, who was wounded in the battle of St. Julien and taken prisoner. He spent four months in Germany, at the end of which time he was exchanged. He referred to the cheerfulness displayed by the maimed heroes who returned Wednesday morning, and said that their spirit should be a lesson to slackers. He scored those men who refused to fight and quoted the words of the famous Michael O'Leary, who said that "he was glad to fight for England, for the women and children and old men, but he did not care about fighting for slackers, who walk around the streets."

The 220th has need of 600 men to bring the unit up to strength.

Secured Imperial Commission. Lieut. C. E. Read, who has been at- tached to the 204th Beaver Battalion, has received an appointment with the Imperial army and leaves today for England to assume his new command.

On Saturday, August 26, under the auspices of the Island Aquatic Association, a picnic and garden party will be staged at the island for the benefit of the 228th Forestry Battalion. The afternoon will be devoted to sports and a garden party with other amusements will occupy the evening. The ladies of the island are making active pre-

parations for the event and an enjoy- able time is anticipated.

According to the announcement of the recruiting results of Wednesday, the 201st Battalion was the only in- fantry unit credited with securing a recruit. According to the actual re- sults may be obtained that as a suc- cessful and also increased its strength by one.

New Recruiting Scheme.
The order-in-council passed at Ot- tawa, providing a registration system for Canada, is meeting with the ap- proval of the military authorities in Toronto. It is felt now that as a po- lice census may be taken of the elig- ibles in the city, and as the scheme has official approval, more satisfactory results may be obtained than was the case when the plan was tried in Tor- onto some time ago. Then many peo- ple failed to give the required infor- mation, but it is expected the desired knowledge will now be readily forth- coming.

Under the new system an effort will be made to direct the men into the branch of the service where he will be the most efficient.

The order-in-council passed at Ot- tawa, providing a registration system for Canada, is meeting with the ap- proval of the military authorities in Quebec to take up arms. If Quebec does its share the 500,000 men from Canada will soon be raised, was the statement of one officer. He added that if Que- bec, even then, did not do her duty, it would be up to Ontario to see that the required number of men were raised. If, as a result of this method, the total number of men asked for was not

CITY HALL NOTES

When the board of control was informed that it would cost \$3800 to have the Hydro Commission suitably decorated Toronto for Exhibition, they decided to dispense with the decorations.

The city architect yesterday granted a permit to the T. Eaton Co. to build a one-storey brick embroidery factory on Bloor street near Dufferin, at a cost of \$12,000.

W. G. Weber is still the choice of the board of control for the vacant secretaryship of the fire department, only the recommendation goes forward this time with a material salary reduction. During the first year the board recom- mended that Mr. Weber receive \$1600, with annual increases thereafter until the maximum of \$2400 is reached. The city council have ruled that Weber must start at a salary of \$1000, with annual \$100 increases until a maxi- mum of \$1500. Chief Smith told the board he could not get a good secretary for that sum.

FORTUNE TELLER FINED.
Fifty dollars and costs was the fine imposed on Mary Harris in the police court yesterday. Miss Harris told fortunes in a side show with the circus at Bayville Park.

CHARGED WITH ASSAULT.
Charged with assaulting Samuel Starkman with the fare box on a Queen street car, Conductor Harmon Myers was remanded on bail of \$400 until the 21st.

WILLS PROBATED

The Ontario estate of Edward Sidgwick, a solicitor, who died in South Kensington, England, Aug. 13, 1915, consisted of 24 shares of Cockshutt Plow Co., valued at \$1382. The entire estate is valued at \$153,546, which the wife and four children inherit.

Hon. Edwin C. W. Ponsonby of Woodstock, England, has applied for ancillary probate of the will made at Le Queency, Bethune, France, by his son, Capt. Ashley W. N. Ponsonby of the Oxford and Bucks Light Infantry, killed in action Sept. 9, 1915. The estate is valued at \$6590.

George S. Beer, molder, has applied for probate of the will of his mother, Mrs. Mercy Ellen Beer, a widow, who died in Toronto, July 23 last, leaving an estate valued at \$2436. Heirs are the sons and daughters and a daughter-in-law, whose names follow: John, Fred, George, Ernest, Eveline Lilly, Edna and Elizabeth Beer.

Nine sisters and a brother will share equally in the distribution of the estate of \$1000 left by Pte. Angus Fairbairn, a Toronto carpet salesman, who died in action with the British expeditionary force, April 23, 1915. The heirs are: Mrs. Susan Raulshaw, Mrs. Annie Sheriff, Mrs. Margaret Valmese and Sara Fairbairn, in Ireland; Violet Fairbairn, a nurse, in England; Mabel, in England, and Thomas, a member of the 16th U. S. cavalry, now stationed at Fort Sam Houston.

CHARMING MUSKOKA.
The beautiful district comprising the Muskoka Lakes has been a most popular one this summer for the ever-increasing army of tourists who visit Canada from the United States. Cana- dianians also have visited the territory in larger numbers than usual. The month of September is one of the most delightful periods of the year in the Highlands of Ontario, in which are located the Muskoka Lakes, and those who desire a pleasant vacation should write C. E. Hoising, District Passenger Agent, Grand Trunk Railway System, Union Station, Toronto, for handsome illustrated literature giving all infor- mation.

Thousands of civilians have been trans- formed from peace-loving citizens to war heroes. Read M. L. Hart's story in The Sunday World.

Shattered NERVES

Talks With Screen-Struck Girls

By Beatriz Michelena
(Copyrighted 1916, by Beatriz Michelena)

Beatriz Michelena

A San Francisco girl writes me and asks, "Does it take much money to become a motion picture actress?" This young correspondent is 17 and ambitious. She has all her life wanted to become an actress. She has a determination and, so she says, a good willingness to fight, but if it takes a great deal of money she has not that. No, she has written and asked me about it.

The worst of her question is that it does not go quite definitely and straight to just what she means. No amount of money could buy the genius or adaptability or the stock of courage necessary to success in motion picture acting. I have already voiced an opinion in previous "talks" that money spent as tuition to schools of motion picture acting is money thrown away. No, my young friend, one cannot be-

come a motion picture actress merely by paying a price. However, it takes time—sometimes months and years of it—to win recognition as a screen actress, and during all this time one must live. At first there is a long period of playing extra bits—of being one of the crowd at a discouragingly small recompense. Often there is a week or two or three between jobs, and the few poor cents received for the last day's work have dwindled and been completely de- voured before the next day's work, with its few poor cents, is in sight.

At first one cannot expect to nearly live on the money his or her picture work brings in. There must be re- sources besides this, no matter how willing one may be to ekimip. In this indirect way it does take money—sometimes a great deal of it—to be- come a picture actress. There are much discouragements and little romance to the early beginnings of a picture career.

I should certainly never advise a girl to go to a picture centre with hopes of becoming an actress unless she had some very visible and de- pendable means of livelihood in view other than that of hoped-for picture work.

in motion pictures and because he is one of our artists, so that he under- stands sympathetically both sides of the problem. It will be a stock com- pany, and it is more than probable according to their presentation and directors will buy stock and thus be- come personally interested in the venture. Officially, however, the Metro- politan Opera Company will have no connection with the moving picture plant, which will erect or lease a company of its own. Further details are not available at present, but will be made public soon.

"The company will control exclu- sively the screen services of most of the Metropolitan artists, and will as- sure their presentation and artistic exploitation will be dignified, as their artistic positions merit."

Another official of the Metropolitan said: "This forming of a motion picture company to control the film services of our artists is a wise and just move. Our company seeks to give the artists, according to their artistic merit, their place in this country, bringing them back and forth from Europe, and spends a great deal of money ad- vancing them, so who should any motion picture concern dash into the field, grab our artists and take the benefit of all the advertising that the Metropolitan has given to them? That point is covered in the contracts, which are now in force, and which control both the motion picture rights and the talking machine privileges of our singers."

It has been known for some time that the Metropolitan was exercising its prerogative and stating terms according to which its artists might appear before the motion picture camera. One artist last summer had been engaged by the terms of a motion picture concern and "film" for it, but the terms of the Metropolitan Company proved to be so high that the motion picture concern abandoned the project.

There also have been rumors from time to time that Enrico Caruso had been engaged by the terms of a motion picture company and would make his debut as a hero on films, but each time this was denied.

OPERA COMPANY ARTISTS TO FORM FILM COMPANY

Members of Metropolitan to Organize Amongst Them- selves.

A new film corporation, which will control the appearance of the artists of the Metropolitan Opera Company in motion pictures and which will have as its members several of the singers and directors themselves, will be formed with the entire approval of the Metropolitan Opera Company. The purpose of the opera film com- pany will be to place the singers in photo-plays in keeping with their artistic position before the public. Official announcement of the new or- ganization will probably be forth- coming soon.

Andres de Segurrola, basso, of the opera company, will be president of the new corporation, which probably will be called the Metropolitan Star Film Company. It will have its offices in the Century Theatre building.

One high in authority at the Metropolitan said recently: "The Metropolitan Opera Company controls the motion picture privileges of most of its artists, as most of its contracts with them reserve the rights to dispose of their services for film purposes. Few of the artists are free to make independent contracts. The Metropolitan has not been eager to encourage the appearance of its artists on the screens, but we realize that the day is approaching rapidly when they will be unable to dispose of their services for film purposes. We have concluded to supervise in a way their appearance on the screen. The company that will be formed will have Mr. de Segurrola at its head because he has had experience

LEARN OF CANADA VIA PICTURES OF COUNTRY

Half a Million Feet of Film to be Taken in the Dominions.

With a view to fostering commercial relations between Canada and the United States and informing the American people of the security behind purchases of Canadian war bonds, half a million feet of moving pictures are to be taken in the Dominion and exhibited across the line.

This work is to be under the supervision of Francis Holley, head of the United States Bureau of Commercial Economies at Washington, who has arrived in Winnipeg. He is the guest of the Dominion Government and of the Grand Trunk Pacific Railway.

Mr. Holley is traveling thru the west on a private car provided by the G. T. P. His leaves tomorrow night for Edmonton and will thence go to Mount Robson and Jasper Park, also making an extended trip along the coast and to Alaska.

During his travels Mr. Holley will select places for the taking of motion pictures, and he will be followed by the camera men. Several pictures of Winnipeg and Winnipeg's industries will be included.

On the completion of the pictures they will be shown through the United States in schools and on Chautauque circuits. It is believed that the result in educating the American people on Canada's resources and industries will be of the greatest value and will en- courage the sale of war bonds in the States.

The pictures will also be shown in Canada, and after the war in Europe. Mr. Holley interviewed the provincial cabinet today and suggested that the idea be grounded here by the es- tablishment of a provincial bureau, so that Manitoba's industries can be explained to school children by the aid of the movie camera.

A NEW CHARACTER.

Anna Little wears the costume of a boy all the way thru "Land O' Lizards," her newest picture. She has borrowed extremely coverings—Ash- ton Dearholt contributed a cow-skin waistcoat, Alan Forrest, a shockingly loud shirt, Chick Morris a ditto auto hat, one of the boy "extras" a worn-out pair of shoes and another gentle- man (name not mentioned) a pair of unmentionables which have seen bet- ter days. Anna's pretty face peeps out from the hat, and she looks for all the world like a good-looking, poverty-stricken lad.

FRIDAY MORNING, AUGUST 18.

Good Result of Being Waked Up. Prof. McLennan and others who have fostered the idea of research work at the university, will be glad to hear that the government has at last determined to do something to place Ontario in line with other communities in the practical application of science.

Repudiating Anti-Radial Legislation. Another climb-down by the government is announced by Hon. Mr. Lucas, who now states that if the legal effect of the legislation passed last session is to prevent the issue of bonds for the purchase of rights of way a remedy would be found by special warrant.

Slow March Forward. Now that the censorship has been lifted so that it is not something like a felony to refer to the need for registration and conscription, and the government has admitted the necessity by adopting such a plan as everyone with the interests of the allied cause in the first place, has been pleading ground for the last year or more, it may be permissible once again to say something about recruiting.

SEPTEMBER IN THE HIGHLANDS. No territory in Canada is more attractive during the month of September than is the "Highlands of Ontario." Among the several districts embraced in this district the "Lake of Bays," reached thru Huntsville (445 miles north of Toronto), offers unlimited scope for rest and recreation.

MICHIE'S BEAURICH CIGARS 3 FOR 25c AT THE CIGAR DEPT., 7 KING ST. W. MICHIE & CO., LIMITED

POLITICAL NOTES

There will be a landslide in favor of Hartley Dewar on Monday if the World can diagnose the situation. Many Conservatives are going to vote for Mr. Dewar because of the record of the Hearst government, and because of the mass of things that two ministers have made by butting into the election and saying what they did.

The Forest and Stream Myth. Myths abound wherever human beings assemble. Often they spring from the fervent imagination of a young people and develop into forms of grace and beauty. Often they are simply stupid, sterilized beliefs relying upon a veneer of scientific dogma to give them respectability.

What does all this mean? Some kind of disintegration has broken out at Queen's Park. It is a very serious matter, but just now the latest in Toronto is the record of the Hearst government on nickel and the record of the Hearst government on hydro-electric, the proposition headed by Sir Adam Beck. An apparent trust has been formed where the ministers are on his proposition except that their attitude shows a good deal of a climb down from what it was some weeks ago.

And the World heard yesterday of several prominent Conservative voters in Southwest Toronto who were friendly to prohibition, but took the view that a vote for Sir Adam Beck would be a free hand for the Hearst government to enact such a policy of prohibition; and that the one way open to them to effectively prevent it was to vote for Dewar, who has not tied himself to any such proposition.

Must Take Mountains. Advance on Trieste is Not Possible in the Meantime. ROME, Aug. 16, via Paris, Aug. 17.—The Italian army is being held back on the lower Isonzo until the line on the upper Isonzo can be strengthened by the capture of the mountains of San Gabriele, San Martino and other positions lying between Trieste and Gorizia.

COALITION CANDIDATE WINS. LONDON, Aug. 17.—The result of the British election board may be the election of Sir Edward Grey to the peerage, as follows: Blake (Coalition), 3,794; Turnbull (Independent), 621.

MAJOR BISCOE IS REPORTED WOUNDED

Went Overseas From Toronto With Seventy-Sixth Battalion.

FIVE MEN HURT Yesterday's List Included Three Local Officers and Nine Men.

Three officers and nine men, who went overseas with Toronto units, are mentioned in yesterday's casualty list. Major W. W. Moore of St. Major Biscoe is wounded, and Lieut. Cleverly reported the day before, is again in the wounded list. Two men previously reported missing are now reported killed in action; five are wounded and two are ill.

Missing—Believed Killed. Pte. J. E. Baine, 78 Caroline avenue, is reported missing and is believed to have been killed. He was 31 years of age when he joined the Pioneers, second Canadian division. He was born in Ireland, but was employed by the Eaton Co. His father is a bandman in the 10th Battalion.

Major Biscoe Wounded. Major J. Biscoe of 76 Howard street was wounded on Aug. 17. He left for the front with the 78th Battalion, but was transferred before reaching the front. He had been in the front for some time in Thorold's where he was engaged in the Connaught Smelters. His wound is reported as serious. Two brothers are also at the front.

DEATH OF MRS. THOMSON. After an illness of over four months, Mrs. Mary Ann Fleming, wife of the late George F. Thomson, died on Wednesday, Aug. 16, 1916, at the residence of her son-in-law, Mr. E. Herbert Knapp, 415 Dundas street. Mrs. Thomson was born in Toronto 81 years ago and resided for about 40 years in the Catholic Church. She is survived by her three sons—George A. of Toronto, John A. of Ottawa and Fred T. of Rochester, and her two daughters, Mrs. W. I. B. Wood and Mrs. E. Herbert Knapp of Toronto, and her brother, John Fleming, who died some years ago. She was quite active for her years and lately, when her health failed, Mr. Thomson predeceased Mrs. Thomson by twelve years and was a Fenian Raid veteran.

Trains leave 2:05 a.m. daily, 6:01 noon daily, 8:00 p.m. daily.

POST FOR CABINET MINISTER. OTTAWA, Aug. 17.—The appointment of the cabinet minister may be a vacancy in the federal cabinet. If present plans mature one of the ministers will be chairman of the board at \$6,000 a year. The other members will get \$5,000 each.

ONTARIO GOVERNMENT TO HELP COCHRANE

Will Purchase Municipal Bonds and School Debentures Exclusive of Grant.

Hon. T. W. McGarry announced that the government has decided to guarantee \$25,000 worth of Cochrane municipal bonds and to purchase \$10,000 of school debentures. This is exclusive of Cochrane's share of the \$100,000 granted for relief in the north county.

REPRESENTATIVES FROM COCHRANE represented the fire loss as being \$356,000 on assessed value of property, amounting to a tax loss of \$20,000 in five years, and that the loss in sidwaka, and so on, burned in the recent fire, was also about \$20,000. They asked the government to guarantee bonds for \$40,000. The government already has \$25,000 worth of Cochrane bonds, purchased after the last fire.

WILL SPEND MONEY OF PROVINCE TO DEVELOP ITS RESOURCES. Already the department of lands, forests and mines has appointed a metallurgical chemist to attend to that part of the researches of the new department of the University of Toronto, announced by Hon. G. Howard Ferguson on Wednesday night.

INVESTIGATING METHODS OF MINING TAXATION. Government Not Decided as to How Tax on Nickel Industry Will Be Levied. Nickel Commissioners Young and Gibson have gone to Montana and other mining states of the west to investigate methods of mining taxation. They will report to the minister on the nickel industry. The scheme originated in the investigations instituted into nickel industry. The scheme originated in the investigations instituted into nickel industry.

COALITION CANDIDATE WINS. LONDON, Aug. 17.—The result of the British election board may be the election of Sir Edward Grey to the peerage, as follows: Blake (Coalition), 3,794; Turnbull (Independent), 621.

SHIPPING SHARES GATHER STRENGTH

U. S. Steel Also Keeps Pace With Marine Stocks.

COPPER MUCH SOUGHT

Crisis in Railway Labor Situation Was Only Restraining Influence.

NEW YORK, Aug. 17.—The crisis in the railway labor situation, as evidenced by President Wilson's action in annulling the railway exemption in ammunition, was the only restraining influence in today's active, and for the most part, strong market.

Some Extension laid a point on the closing transactions at 35, while Dome Lake was a little stronger, selling up two points to 40.

Big Dome was very quiet locally, with not even a bid for it, but in New York a demand sprang up and \$26.25

Shipping shares were again dominant features, Maritime Marine closing at 1 1/2 points above its previous high of 4 3/8, with a gain of four for the preferred and 1 3/4 points for the common.

U. S. Steel kept pace with market, advancing 1 1/2 to 2 1/2, or within 2 1/2 of its memorable maximum of 1909.

Shares of the independent industries companies, notably Lackawanna and Republic Steel, were strong, Republic attaining a new record at 11 1/4.

Maintenances and equipments fluctuated 1 to 1 1/2 points above or below the previous day's closing prices, but motors, Mexicans and less conspicuous specialties of various classes were firm.

There was also a better enquiry for prominent utilities, including American Telephone and Telegraph and 5-2.

Steel stocks strong in Toronto market.

Steel of Canada, Nova Scotia and Dominion Iron Higher—Smelters Up Again.

The steel stocks were manifestly the favorites in the fairly active trading at Toronto Stock Exchange yesterday.

In this respect, the local market reflected the general movement of the steel exchanges, where recently much bullish talk has been going around with regard to the large carrying results from the enormous output of steel companies, both in steel products and in maintenance.

The iron age, out yesterday, records a further general rise in steel prices. Owing to the volume of orders placed by the allied forces, the steel business has grown, and such buying as had not been witnessed for a long time has taken place.

Steel of Canada went up to a new high figure in some time, when with a good demand for the stock it sold at 15 1/2 to 16, an advance of 1 1/2 points from the high of the previous day.

Smelters 39 and Scotia sold at 12 1/2. The paper stock, with the exception of Riddian, which sold at a new high of 97, were dull and steady.

In the unrelated department, Clive Power was the feature, and sold at 50.

The general tone was steady, with good demand for all stock.

Steel stocks in demand.

Heron & Co. report: MONTREAL, Aug. 17.—The market today showed more activity than for some time, with about 8000 shares being traded in.

The steel stocks were again the leaders. Steel of Canada sold up to 58, Smelters 39 and Scotia sold at 12 1/2.

The paper stock, with the exception of Riddian, which sold at a new high of 97, were dull and steady.

In the unrelated department, Clive Power was the feature, and sold at 50.

The general tone was steady, with good demand for all stock.

Steel stocks in demand.

Heron & Co. report: MONTREAL, Aug. 17.—The market today showed more activity than for some time, with about 8000 shares being traded in.

The paper stock, with the exception of Riddian, which sold at a new high of 97, were dull and steady.

In the unrelated department, Clive Power was the feature, and sold at 50.

The general tone was steady, with good demand for all stock.

NEWRAY FEATURE OF MINING MARKET

Touched New High Point at Fifty-Two — Market Generally Easier in Tone.

The general trend of stocks at the Standard Stock Exchange yesterday was easier, but there were one or two notable exceptions in Newray and Schumacher. The former stock continued its steady upward movement and touched a new high record at 52, two points advance over the previous high.

The Porcupine stocks were again in the limelight. West Dome Consolidated turned weaker as the result of persistent selling, and went back to a new low for some time at 37. This issue, however, showed its resiliency by rallying again to 39, but repressed on the close to 38 1/4.

Some Extension laid a point on the closing transactions at 35, while Dome Lake was a little stronger, selling up two points to 40.

Big Dome was very quiet locally, with not even a bid for it, but in New York a demand sprang up and \$26.25
