RUSSIAN DYNASTY IS AT AN END GRAND DUKE MICHAEL ABDICATES

FIFTY THOUSAND MEN FOR CANADA'S DEFENCE

**Volunteer Force Will Be En-
listed in Connection With
Present Militia Regiments
and Will Go to Camp in
May With Overseas Units.**

By a Staff Reporter.
Ottawa, March 16.—Sir Edward
Kemp, minister of militia, announced
tonight that fifty thousand men were
required for home defence in case of
emergency. It will be a volunteer
force. The men will be organized and
enlisted in connection with the present
militia regiments. They will be
clothed and equipped similarly to the
overseas troops, but the latter will
wear a distinguishing badge on the
arm. Until May the men will train
in the evenings, and then they will
go to camp along with the overseas
units. Pay will be slightly less than
for active service.

Sir Edward stated that in event of
hostilities between the United States
and Germany, there might be trouble
along the border, and these home de-
fence troops would be required. The
service would be for one year, but if
the war lasted longer, until it was
over, and for six months afterward
if necessary. With regard to the
question of national service in con-
nection with necessary industries, the
minister said that tribunals would be
appointed to decide whether a man
who wanted to enlist in the new force
could be spared from his civilian
duties. Sir Edward gave out the fol-
lowing statement:

Must Hasten Overseas.
"Of the troops which have volunteer-
ed for service overseas there still re-
main in Canada approximately 50,000.
It is necessary that the country should
not be left without an adequate force
for home defence in case of emergency.
The prime minister, who has recently
visited the front, states that we
are entering upon the most critical
period of the war."
It is not only the desire of the men
who have already enlisted, and who

**Army and Navy Veterans
To Stimulate Recruiting**

By a Staff Reporter.
Ottawa, March 16.—Application will be
made to parliament this session for an
act incorporating "The Army and Navy
Veterans in Canada." The notice of ap-
plication is dated from Winnipeg.

Among the objects mentioned are "to
increase the influence of such veterans,
to stimulate patriotism, to promote closer
unity of Canada with the mother coun-
try, and to assist recruiting."

Premier Borden's Appeal

By a Staff Reporter.
Ottawa, March 16.—Sir Edward Kemp has received the follow-
ing cable from Premier Borden in London:
"Upon my visit to the Canadian divisions in France, from which I
have just returned, I found their spirit, their physique and their train-
ing all that could be desired. Having traversed some of the ground
won from the enemy during recent months, I was very proud to know
that at Courcellette and elsewhere our troops distinguished themselves
by a courage, dash and determination which evoked the highest ad-
miration. Including Railway Construction and Forestry Battalions,
the value of whose services cannot be overestimated, Canada now has
one hundred and thirty thousand men in France."
"We are entering upon the most critical period of the war, and
I voice the feeling at the front when I appeal to Canadians to support
with the most earnest efforts the proposals which you are putting
forward to partially mobilize the active militia of Canada. Splendid
response to these proposals is vitally necessary in order that the full
strength of our Dominion, in co-operation with the whole empire,
shall be thrown into the struggle with the least possible delay."
"R. L. Borden."

BRITISH OCCUPY WOOD IN FURTHER ADVANCE

**Germans Lose Three Thousand Yards More of
Trenches, Besides Most of St. Pierre Vaast
Forest, Before British Progress North of Somme.**

London, March 16.—The British troops in the Somme region of France
have occupied almost all of the St. Pierre Vaast Wood and 3,000 yards of
German trenches north and south of the wood, according to the British
official communication issued this evening.

The communication says:
"Our advance north of the Somme continues. We now hold nearly
all of the St. Pierre Vaast Wood and enemy trenches for a thousand yards
south and 2,000 yards north of it."
"This morning the enemy attacked one of our posts northeast of the
Somme, but was beaten off. We carried out successful raids during the
night south of Arras, east of Souchez and east of Vermelles. Our troops
inflicted many casualties, bombed several dugouts and secured a few
prisoners."

"A number of reconnaissances were carried out successfully yester-
day by our aeroplanes. Several flights took place in the air, during which
four German machines were destroyed and three others driven down
damaged."

**German Minister to China
Has Been Given Passports**

Peking, March 14.—(Wednesday)—
The German minister to China, and
his staff and also the German consuls
in the country were handed their
passports at noon today.

A note accompanying the passports
explained that the German reply to
submarine warfare protest was un-
satisfactory. The passports, the note
added, were "for protection, while
leaving Chinese territory."

Paris, March 16.—The French war
office communication issued this evening
says:
"On both sides of the Avre our de-
tachments made further progress dur-
ing the day at various points on the
front from Andehy to the south of
Lassigny. We made prisoners."
"Between Soissons and Rheims a
rather spirited artillery action took
place in the region of Berry-au-Bac."
"In Champagne we carried out a
surprise attack on German trenches to
the east of the Butte de Souain. Our
destructive fire shattered German or-
ganization in Bois le Pretre. Noth-
ing has been reported from the re-
mainder of the front."

DEMOCRACY NOW FOR RUSSIA; GOVERNMENT ISSUES APPEAL

RUSSIA'S NEW CONSTITUTION

London, March 16.—The provisional government in Russia has
issued the following appeal to the people, according to Reuter's Petrograd
correspondent:

"Citizens: The executive committee of the duma, with the aid
and support of the garrison of the capital and its inhabitants, has succeeded
in triumphing over the obnoxious forces of the old regime in such a
manner that we are able to proceed to a more stable organization of the
executive power, with men whose past political activity assures them the
country's confidence."

The names of the members of the new government are then given,
and the appeal continues:

"The new government will base its actions on the following principles:

"FIRST—An immediate general amnesty for all political and re-
ligious offences, including terrorist acts and military and agrarian offences.

"SECOND—Liberty of speech and of the press; freedom of alliances,
unions and strikes, with the extension of these liberties to military officials
within the limits admitted by military requirements.

"THIRD—Abolition of all social, religious and national restrictions.

"FOURTH—To proceed forthwith to the preparation and convocation
of a constitutional assembly, based on universal suffrage which will
establish a governmental regime.

"FIFTH—The substitution of the police by a national militia, with
chiefs to be elected and responsible to the government.

"SIXTH—Communal elections to be based on universal suffrage.

"SEVENTH—The troops which participated in the revolutionary
movement will not be disbanded, but will remain in Petrograd.

"EIGHTH—While maintaining strict military discipline for troops
on active service, it is desirable to abrogate for soldiers all restrictions in
the enjoyment of social rights accorded other citizens.

"The provisional government desires to add that it has no intention
to profit by the circumstances of the war to delay the realization of the
measures of reform above mentioned."

**MINISTRY OF FRANCE
WILL BE REORGANIZED**

**Premier Briand to Take War Portfolio and Restore
Departments to Former Status.**

Paris, March 16.—The French cabinet will be reconstructed. Premier
Briand, it is understood, in addition to replacing Gen. Lyautey, the former
minister of war, will have the departments which had been combined
under the one minister, restored to their former status. It is expected
that the premier will be able to submit the names of the new ministers to
President Poincare tomorrow.

M. Briand announced his intention to reconstitute the cabinet at a
meeting of the cabinet, presided over by President Poincare, tonight.

The cabinet agreed to the reforms proposed by the premier.

London, March 17.—An air raid on the southeastern counties of En-
gland took place last night and was still in progress early this morning,
according to an official communication issued at 12.30 o'clock. Bombs
were dropped in Kent.

The official statement says:
"Hostile airships attacked the southeastern counties last night. Bombs
have been dropped in the County of Kent. The raid is still in progress.
A further communication will be issued during the morning."
The war office announces that today a hostile aeroplane dropped bombs
at Westgate. There were no casualties and the material damage was re-
ported slight.

Obnoxious Forces of Old Regime Have
Been Overthrown and New Govern-
ment Will Proceed at Once With
Universal Suffrage, Immediate General
Amnesty for All, Liberty of Speech and
Press, Communal Elections and Vigor-
ous Prosecution of the War.

Petrograd, March 16, via London, March 17.—Emperor
Nicholas abdicated at midnight last night on behalf of himself
and the heir apparent, Grand Duke Alexis, in favor of Grand
Duke Michael Alexandrovitch.

At 2.30 o'clock this afternoon Grand Duke Michael him-
self abdicated, thus bringing the Romanoff dynasty to an end.

The government, pending a meeting of the constitutional
assembly, is vested in the executive committee of the duma
and the newly chosen council of ministers. A manifesto to
this effect was issued by the duma committee today and it will
be telegraphed to the general army headquarters this evening.

PROMPT ORGANIZATION.

London, March 16.—The new provisional government of
Russia, according to the latest despatches received here, is proceeding
promptly to organize itself on a stable and strongly democratic basis,
to reconstitute the governmental departments and to prepare steps
for the vigorous carrying on of the war. There is no sign of any
serious hindrance to the completion of the work of this extraordinarily
swift and successful revolution. A large number of the principal
cities of the empire already have notified the executive committee of
their acceptance of the new regime, and there is no record thus far
of any part of the country withholding consent.

The latest news from Petrograd and despatches to the British
Government leave even the whereabouts of the Russian emperor
unknown. The latest report is that he is on the way to Tsarskoe Selo
Palace.

Prof. Paul N. Milukoff, the foreign minister of the new govern-
ment, and one of Russia's strongest men, who has surrounded himself
with an able cabinet, is said to favor a limited monarchy based on a
parliament as the best government for modern Russia.

ITS EFFECT IN GERMANY.

Considerable discussion is indulged in by the press and public
here as to the effect the revolution is likely to have in Germany.
Chancellor von Bethmann-Hollweg's speech in the Prussian diet on
the need to democratize Prussian institutions after the war is regard-
ed here as having been delivered with the knowledge of what was
happening in Russia and with the consciousness of the advisability of
taking stock of the possible developments in his own country as the
result of the overthrow in Petrograd.

ORDER GROWING RAPIDLY.

Russia today appeared to be in a fair way toward solving the
greatest problem with which, perhaps, any nation was ever confront-
ed. Order is growing with incredible rapidity out of the chaos of the
past week, and the new government, gathering up the broken threads
of national and municipal life, is striving to set the organization of
the country in motion so that the conduct of the war will suffer as
little as possible from the revolution. The members of the new min-
istry already have assumed their posts, and the government build-
ings, empty and deserted for four days, are again open for official
business. The banks, all the commercial and financial houses and
some of the factories have already responded to the new government's
appeal, opened their doors and expressed a willingness to do every-
thing in their power to effect as quick a recovery as possible from
the paralysis of the past week. The soldier policemen are guarding
the streets in the place of the old gendarmes.

Hundreds of messages have been received from all over the
country declaring the allegiance of important cities and fortresses to
the new regime. Moscow, Kharkov, Tsaritsyn and Vologda already

have formally acknowledged the new government and, so far as is known, not a single quarter of the country still stands out for the old order of things.

MINOR DIFFERENCES WAIVED.

According to the latest information, the executive committee of the duma and the committees of soldiers and workmen's deputies have reached a full agreement, or at least have decided temporarily to waive all minor differences until the meeting of the constitutional assembly, which will decide just what form the new government of Russia will take.

Meanwhile it is reported that the government of the country will rest for three months in the hands of a committee of twelve, and it is stated that the monarchy, for the time being, will be abolished.

Former Premier Goltzine and Goremkyka have been placed in the fortress of St. Peter and St. Paul, says a Reuter despatch from Petrograd, as have Generals Soukhomlino and Belsheff, former ministers of war; A. I. Protopyoff, former minister of the interior; J. G. Chitchevichoff and M. Makaroff, former ministers of justice; M. Malakoff and Gen. Kurloff, former chief of police. Other prominent persons under arrest are being detained temporarily in the duma building.

BIG PARADE TODAY.

There will be a great parade of troops in Petrograd on Saturday before the new ministers, the despatch adds.

It is announced that there will be no further trials for political offences and that the government has opened the bar to Jewish lawyers, who have been excluded heretofore.

In the present spirit of the officers and the men in the ranks there is no reason, the despatch says, to apprehend disciplinary troubles, as the officers rejoice equally with the men in the overthrow of the autocracy. The officers have issued a proclamation to their men in which they refer to the "accursed old regime."

A minor instance of the popular feeling was shown when the appearance of a few intoxicated persons on the streets caused such indignation that the culprits promptly were imprisoned.

MOVING FOOD SUPPLIES.

Train service has continued through the revolution. Hundreds of previously idle cars are now rushing supplies to the populous centres, which actually faced starvation. Grain stores everywhere may be requisitioned at fair prices, and estates of over 125 acres may be taken over temporarily by the local committee.

The government has appealed to the conscience and sense of duty to humanity of the peasants to bring forward all the grain possible, saying the nation is placed on its honor to do everything to relieve the food situation.

Telegraphing from Petrograd Friday afternoon Reuter's correspondent says:

"The state bank and all the private banks reopened today. Stringent orders have been issued for the rearrest of a number of criminals who escaped during the liberation of political prisoners."

"Some of them disguised as soldiers have been pillaging private houses and threatening their occupants. Officers have been issued that the criminals are to be shot at sight if they offer resistance to arrest. Genuine patriots and search parties are wearing distinguishing signs and also carry written authorizations."

Enthusiasm at Moscow. The great enthusiasm has prevailed at Moscow since March 1. Thousands of persons have marched the streets and through the squares in the cheering of the revolution. Troops and students have been enrolled by the defence committee. Perfect order has been maintained. A thousand members of the police force have been arrested and are confined in the town hall. The jails have been opened and thousands liberated. The Kremlin, the arsenal and all public utilities have been taken over by the revolutionists.

A public safety committee is in control of affairs at Saratov. The governor made his escape from the city, but the police submitted to the revolutionists.

The population of Kharov is supporting the new government fully. There is great excitement here, but no disorder has occurred. Still Rounding up Police. A Petrograd despatch says that soldiers there were still engaged today in rounding up police, thousands of whom have now been imprisoned. All the police stations have been destroyed or sacked, and all suspected houses searched for ammunition and arms.

This despatch reports that a train carrying Emperor Nicholas was held up by soldiers. The emperor is said to be in a hysterical condition, while the crown prince is suffering from an attack of either measles or scarlet fever.

The prices of provisions in Petrograd have fallen greatly. The despatch says that the executive committee of the duma and Colonel Komaroff, commander of the Petrograd garrison, received the military attaches and diplomatic representatives of Great Britain, France and Italy, who declared their readiness to enter forthwith into relations with the committee as the sole representative of authority in Russia.

Premises Fair Trial. Addressing an assemblage of thousands of soldiers gathered in the main gallery of the duma, Deputy Kerenski, the new Russian minister of justice, says a Reuter despatch from Petrograd dated today. He announced that the provisional government took office by virtue of an agreement with workmen's and soldiers' delegates.

"Our comrades of the second and fourth dumas who were banished illegally to the tundras of Siberia will be released forthwith. In my jurisdiction are all the ministers and plenipotentiaries of the old regime. They will answer before the law for all crimes against the people."

"Show them no mercy," many voices in the crowd are reported to have exclaimed. "Comrades," added M. Kerenski, "regenerated Russia will not have recourse to the shameful methods utilized by the old regime. Without trial none will be condemned. All prisoners will be tried in open court."

Free Russia is Born. "Comrades Soldiers! Citizens! All measures taken by the new government will be published. Soldiers, I ask you to co-operate. Free Russia is now born and none shall wrest liberty from the hands of the people. Do not listen to the promptings of the agents of the old regime. Listen to your officers. Long live free Russia!"

The speech was greeted by a storm of cheering. The labor leader, Chikheldsoff, addressing officers and soldiers, paid a glowing tribute to the soldiers and workmen who had participated in accomplishing the revolution. He recounted the despatch, the recent provocative efforts by the secret police in publishing proclamations regarding the murders of officers by soldiers. He

telegraphed that an article in the Frankfurter Zeitung appears to confirm to some degree the impression that the sudden appearance of Chancellor Von Bethmann-Hollweg in the Prussian diet on Wednesday and his speech advocating the democratization of Germany were caused by his knowledge of events in Petrograd. The Zeitung draws a parallel between the chancellor's acts and the revolution in Petrograd, pointing out that at the same time the executive committee of the duma seized the reins of power.

Dr. Von Bethmann-Hollweg also disclosed a revolution, of quite different kind and employing different means. The newspaper asserts a democratic German empire will come because it must come, not because the chancellor avows himself in its favor, but because his words express the will of an overwhelming majority of the people.

Means War to Knife. In discussing the Russian revolution The Volkzeitung of Cologne says: "I should not be forgotten that all those elements which have undertaken the revolution and now hold the reins of the capri to be opened to the German. They hate us not less than the government which they have just overthrown. These elements which have now seized supreme power will do everything to prosecute the 'national war' against Germany."

British Labor's Sympathy. An official communication issued this evening gives the following text of a telegram sent by the leaders of the Labor movement in England to M. Kerenski, minister of justice, and the Russian Labor party in Petrograd: "Organized labor in Great Britain is watching with the deepest sympathy the efforts of the Russian people to deliver themselves from the power of the reactionary elements which are impeding this country and in France has long realized that the despotism of Germany must be overthrown if the way is to be opened to the free and peaceful development of the European nations. This had inspired them to unprecedented efforts and sacrifices, and we confidently look to the assistance of Russian labor in achieving the object to which we have devoted ourselves."

"We earnestly trust that you will impress on our followers that any remission of effort means disaster to comrades in the trenches and to our common hopes of peace and freedom. Among them, you signed the telegram as Arthur Henderson, member of the British war council; John Hodge, minister of labor; and Gen. George Horne, minister of pensions, all at Moscow."

Fall of Autocracy Final. Prince Peter Kropotkin, the Russian revolutionary leader who has been in England for many years, in commenting on the news from Petrograd said today: "I am delighted with today's news. The struggle against autocracy has been relentlessly carried on for half a century. Now it is over. The fall of the autocracy is final."

After victory is gained by the nation the efforts of Russia will have to be directed toward establishing a free and independent Poland, United as it is in the army, and has been for the last two and a half years, the Russian people will win the war and help the Germans, I hope, to free themselves from the Hohenzollern yoke."

A Stockholm despatch to the Frankfurter Zeitung, as cabled from Amsterdam by the Central News Correspondent, says that the Russian revolutionaries in the cities of Kazan, Kharov and Odessa have issued declarations expressing their intention of joining the executive committee of Petrograd and organizing themselves for "the internal deliverance of Russia."

Paris Papers Jubilant. A Paris despatch says: "The Paris newspapers generally employ terms of warm approval in their comment today on the developments in Russia, and express relief at the successful reversal of the vacillating policies that have prevailed and their replacement by what appears to be popular administration directed towards putting into efficient action the great reforms of the revolution."

The telegraph office has been placed in charge of an military commandant, appointed by the duma. The censorship virtually has been suspended for several days.

The signature of Romanoff is descending from Andrei Romanoff, who is said to have gone to Moscow from Prussia on the 14th inst. It is the first of the family to ascend the throne. This was in 1613, when he was 17 years of age.

The direct male line of the Romanoffs terminated in 1730, and the female line in 1743, when the Holstein-Gottorp branch came into power and has since ruled.

York County and Suburbs STOUFFVILLE PROTEST IS NOT CONSIDERED

The action of the town council of Stouffville and residents generally in entering a protest against the suggested extension of the York County highway commission of the proposed road system between Langstaff and Locust Hill via Unionville and Markham is not very favorably entertained by the commission and engineers. While the commission are desirous of giving the northern part of the county good roads at the earliest possible date, they are of the opinion that they are not entitled to it under the terms of the agreement.

To a re-entrance of the world a day or two ago in a. James, highway engineer, says that the York County highway commission and Unionville has been included in the schedule ever since 1911, and that the commission has been pushing last year we built fully half a mile of the road, which, considering the scheme, is a very fair proportion.

Between Langstaff and Locust Hill, a road of 25 miles, only 13 miles east and 2 1/2 miles west of the distance is especially heavy. The people of Markham Village have organized a local board of trade, with Archie W. Milne as president, and an efficient board of trustees. They are pushing the matter of a good road system out to Yonge street and Locust Hill.

Dogs Are Worried Sheep In York County Districts

Farmers through York County are exercised over the great loss resulting from the ravages of dogs among the sheep folds, more damage having been inflicted this winter and last fall than in any year for many years. The industry bids fair to be practically ruined within a few years unless some steps are taken. Police Magistrate Brunton within the last few days disposed of a number of dogs which had been charged with damages by sheep owners. It has been found almost impossible to trace the dogs to their owners, and the situation is regarded as serious by sheep owners generally.

Essay and Poetry Contest At Humberdale Collegiate

The winners of the essay and poetry contest in the Humberdale Collegiate Institute were announced at the Literary Society yesterday evening by Miss McDonald. Miss Wilson, president of the society, was awarded the prize for her poem entitled, "The Wreck of the Rose Tree." The contest was held in the school building, and was a very successful one. The contest, which was open to the school, was entered by sixty pupils.

SCHOOL PUPILS ENTERTAIN Oakwood Collegiate Students Hold Concert in School Auditorium

Under the auspices of the Y.W.C.A. the pupils of Oakwood Collegiate Institute held a concert in the school auditorium, corner of Oakwood and West St. Clair avenue, last evening. The various items of the program, which were very well received, were contributed by the boys and girls of the school, and the proceedings were under the direction of Miss A. Ball, principal of the school. A special feature was the nursery rhymes given by the different pupils, prizes being awarded as follows: Miss Ball, principal of the school, third prize. The entertainment will be repeated on a future occasion.

LIVE STOCK PRICES GOOD.

The best prices in years are being realized at the spring sales now on in the county. Holstein cattle and Clydesdale horses are in especial demand. The best prices for the day were secured at the sale of the 5th of March. A meeting of the Y.W.C.A. was held at the school building, and the proceeds were devoted to the purchase of books for the school. Refreshments were served.

TIE-UP OF RAILROADS MAY YET BE AVERTED

New York, March 16.—Three of the four members of the national council of defence, appointed with the sanction of President Wilson to act as mediators in the hope of averting the nation-wide "progressive" railroad strike called to begin at 6 o'clock tomorrow night, went into conference at 10.30 o'clock tonight with the chiefs of the four railroad brotherhoods. Secretary of the Interior Franklin K. Lane and Secretary of Labor Wilson, arrived in the city at 9.30 o'clock. Daniel Willard, president of the Baltimore and Ohio Railroad, had preceded them from Washington. No one knew at what hour Samuel Gompers, president of the A. F. of L., the fourth mediator, would arrive. It was the purpose of the defence council's committee to carry their discussion with the representatives of the men as far as possible and then call in the members of the national conference committee of railroad managers. All the persons concerned in the conference believed it might last all night.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

THE Romanoff dynasty is at an end in Russia. The Emperor Nicholas and his son, the czarvitch, abdicated the throne yesterday in favor of the Grand Duke Michael Michaelovitch, and the Grand Duke Michael then also abdicated the imperial purple. These acts remove a source of danger ahead of the new government and they assure the complete success of the revolution. Nobody in Russia apparently believes in the divine right of kings. Upholders of liberalism the world over will rejoice at the birth of the new republic, for with the Romanoffs gone nobody in Russia will desire to submit to another dynasty. The state still has a danger ahead and that is a split into three or four different parts, but since the country is mobilized for war on a mammoth scale the shedding of so much blood for the common cause of liberty may serve to weld the races of Russia together in firm and indissoluble union.

The new government is proceeding to organize the country, and in no place apparently did the people refuse to accept the change. It was probably the universal wave of support for the revolution that swept like wildfire over Russia that induced the czar and his dynasty to abdicate the throne. The reactionary element and the Germanized section of the nobility and bureaucracy dragged them down to ruin. The Romanoff family had held the czardom for 304 years. Russia now takes her place alongside of the western allies and the United States as a great democracy, and ever did a revolution, bringing about such momentous changes, succeed with so little bloodshed or in so short a period of time.

While Russia is overthrowing her old cabinet by a revolution Premier Briand of France is reconstructing his cabinet. Thus a political ferment is running thru the countries of the allies. It will, perhaps, run thru Germany also. If the north German would not put up with almost anything, a revolution would have cleaned out Germany long ago.

The British advance yesterday again took place north of the Somme and in the region of the St. Pierre Vaast Wood. Sir Douglas Haig reported last night that the British now held nearly all of the St. Pierre Vaast Wood and enemy trenches for 1000 yards south and 2000 yards north of it. This movement is bringing the British well across the watershed and near the sources of the streams flowing into the Scheldt. This success will give them some additional advantages over the enemy and it will facilitate their advance. Not much further progress eastward will enable them to seize the line of the Tortille Brook and to turn the Germans out of Peronne. They are also bringing their lines closer towards the important junction of Velu, southeast of Bapaume, and they will dominate it entirely with their guns if they keep up much longer their progress at the present rate.

The French, who have been making progress in raids and attacks between the Aves and the Oise, report the gaining of more ground on the front from Audechy to a point south of Lassigny. This region comprises the Aves Valley and it may imply that the Germans are preparing for a withdrawal in that region, also.

The Chinese Government has formally broken off relations with Germany, and it has handed passports to the German ambassador. As China has always behaved with great caution in international crises, in order to avoid trouble, the action of the government shows that it believes that Germany will henceforth cease from troubling her. China has immense deposits of coal and iron and these will furnish the allies with abundance of munitions after a short period of development. Chinese labor is now coming to the help of the allies and it will heavily weigh in the balance against Germany. One of the great drawbacks which is now affecting Germany is the shortage of labor. Great Britain probably plans to employ Hindoos to supplement white labor in certain unspecified directions.

For the first time in many months the enemy sent a fleet of airships to attack the southeastern counties of England last night and this morning. These dropped bombs in the County of Kent. Details of the damage done are lacking.

Choosing the Proper Spring Coat or Suit is an Easy Matter in the EATON Selection

Men's Spring Top Coats of Extra Fine Materials Offer Exceptional Values at \$12.50

THE increasing warmer days of spring necessitate a change of overcoats from the long heavy garment to the lighter and shorter top coat, such as these Chesterfield models which are offered today at just about the usual cost of production. They are well tailored of such fine materials as oxford greys, and black vicunas cloths, and are in close fitting fly front Chesterfield style. Have natural fitting shoulders, medium width lapels, and self collars. Sizes 35 to 46. Exceptional value at each 12.50

Young Men's Slip-On and Pinch Back Overcoats, \$12.50

Light, medium and dark shade of greys, in mixed patterns, fawns and browns, in Harris tweed effects and small check patterns. They are in neat form-fitting styles, natural-fitting shoulders, notch and peak lapels. The slip-on models have narrow shoulders, some have 3-piece sleeves with cuff. Patch pockets and outside flap. Sizes 33 to 39. Price, each 12.50

Men's and Young Men's Slip-On Spring Coats at \$16.50

Perhaps the favored style for spring wear is the Swagger Slip-On Coat, and these we show at \$16.50 are made of fancy tweed materials, in grey, fawn, brown and mixed colored patterns. They are about 40 inches long and have box back, without vent, patch pockets, with flaps ¼ and ½ lined through shoulders and sleeves only. Split sleeves, with cuffs, peak and notch lapels, of medium width, self or velvet collars. Sizes 33 to 42. Splendid value at 16.50

Rubberized Tweed Raincoats \$13.50

Having the appearance of the ordinary tweed coat and possessing the convenience of being waterproof is the advantage of these Rubberized Tweed Raincoats. They are in smart slip-on styles, with natural-fitting shoulders, full box back, with vent, and have convertible lapels that can be worn down or buttoned close up to chin, with turn-down collar. They are English made, in grey, brown checks and stripe patterns. Sizes 34 to 46. Price 13.50

Interesting Values From the Great Array of Men's Spring Shirts and Ties

Smartly Patterned Shirts at the Popular Prices of \$1.00, \$1.50, and \$2.00

ALTHOUGH the feature of these new Spring Shirts is the great variety of prominent colors and patterns, they are not without the perfect fit, serviceable materials and full-sized bodies that characterize good shirts.

Probably one of the best values in the display is a line at a dollar, for it includes hosts of very attractive colored stripe designs, featuring particularly checks in black and blue, green and helio. They are Canadian made and have attached laundered cuffs and are in coat style. Sizes 14 to 17½. Each 1.00

Emery Brand Shirts are featured in the \$1.50 line. They are dependable for comfort and long wear, and are made of fine Madras cloths, in ¼ inch stripes of blue, pink, green on light grounds. Have attached soft French cuffs and different sleeve lengths. Sizes 14 to 17½. Each, 1.50

Of unusual attractiveness are these "Earl and Wilson" Brand Shirts, made of fancy corded dimity materials, with attached laundered cuffs and different sleeve lengths. They mostly feature cluster stripes of mauve and black, blue and black, tan and blue, etc. Sizes 14 to 17½. Each 2.00

Richly Patterned Silk Neckwear at 75c, \$1.00 and \$1.50

A distinctly new line of Spring Ties comprises some beautiful Paisley and Persian designs of blue, red, tan, green. They have wide flowing ends, and make a medium-sized knot. See this line. Price 75c

Most young men are interested in new silk-knitted cross-bar Ties, and these we show for spring are particularly attractive. They are in blue and white, with gold bar; blue and grey with red; black and royal with purple; grey and purple with black, etc. Some are reversible, and all have strong neckbands. Price, 1.00

For distinctive Neckwear we call attention to a line of neat floral leaf designs, with a shot background and shades of black and grey, black and green, black and tan, light blue and grey, etc. All have wide flowing ends, and may be tied in large sized knot. Each 1.50

A Smart Spring Fedora, \$2.50

THIS is one of the favored styles for spring. Has medium high crown and well proportioned brim, with slight roll and narrow binding on edge. Can be worn trooper style if desired. A splendid value at 2.50

Neat Serviceable Suits for Men at \$15.00

In Spring Suits for men there is a large selection of patterns and styles to choose from. Plain greys, greys with small stripes or checks, fancy mixed patterns, in greys and black checks—browns, fawns and navy blue serge and cheviot material. Mostly all 3-button sack models, with notch and peak lapels, close-fitting collars, vest cut in 3-button style. Trousers are fashionably cut and neat-fitting, finished with belt loops; side, 2 hip and watch pockets. Sizes 36 to 44. Price 15.00

EATON-Made Suits at \$8.50

EATON-made Men's Suits of serviceable materials, herringbone stripe, checks and fancy weaves of brown and grey. The coats are three-button sack style, with peak and notch lapels and good strong body lining. Vests are cut fairly high, with six buttons. Trousers are well trimmed and finished, with good strong pockets, belt loops and plain bottoms. Sizes 36 to 44 8.50

An Aristocrat Among Boots for Young Men, \$7.00

SINCE the first recede lasts were brought from England there has been a steady development along the lines of good proportions and comfort. The particular boot described here has the slender lines of the old recede, together with ample room for the foot to expand naturally. All fittings from A to D are offered in sizes from 5½ to 11.

Leathers used are rich mahogany and black calf, the latter with dull leather or cloth tops, and patent leather with dull leather tops.

Goodyear welted soles and broad, square English heels, blind eyelets, ending with two hooks at the boot top, contrasting stitching and many other special features bring these smart boots decidedly into the "young men's" class. See them before you select your footwear for Easter. Price 7.00

HAMILTON GAS CO. OUTLINES PLANS

Users Will Pay for Re-connection if City's Appeal is Granted.

The Ontario Railway and Municipal Board yesterday reserved judgment in the case brought by the City of Hamilton for an order declaring the United Gas and Fuel Company's minimum charge of 50 cents a month to be illegal.

City Solicitor Weddell's argument was to the effect that the company was bound under its charter to supply the citizens without charge for the meters. G. L. Stanton, K.C., and John Gaud, K.C., appeared for the company, insisted that they were not so bound, that their rate was justified, and that they could not afford to do business on a smaller minimum charge than that made.

The opinion of D. M. McIntyre, chairman of the board, appeared to be from the argument that while he would not contest the justice of the company's contention that the rate was a justifiable one, he did not know that they had a right to go outside the provisions of that charter.

The board granted the order sought if it would simply mean that the company would take other steps to get the money from the people. They would disconnect when consumption stopped and charge for re-connection. They were bound to supply only one meter to a building, and in cases of apartment houses, where now the meters are installed often twenty meters, they would take out all but one. They had to inspect the meters monthly, whether gas was used or not, he said.

There had been no complaint from the consumers in the six years they had done business in the city. The city had no right to go into the matter. The company, it contended, had the right to make whatever arrangement they liked with the individual consumers. Mr. McIntyre intimated that in his opinion the board had the right to adjudge in such matters.

Mr. Weddell put in F. B. Byrne, president of the company, to have the contract form. Under cross-examination by the company's lawyer he put in figures to show that average use of gas by consumers justified the minimum rate.

Within three weeks the new garbage incinerator which was built on Milton avenue at a cost of \$200,000 will be placed in operation. It is equipped with three "blast" furnaces capable of consuming about 180 tons every twenty-four hours. Street Commissioner Wilson has placed \$85,000 in the estimates for the first year's operation.

The increased license fees for auctioneers have had little effect on those taking out licenses, as the city license department reports that all the auctioneers with one exception had renewed their licenses before the fee was raised to \$100.

Mayor Church is well pleased with the city's position at the beginning of the year, and says the premier deserves thanks for seeing that the will of the people was carried out.

Annual election of school trustees was sanctioned in ten schools. Mr. Owens' bill to enable municipalities to acquire land for the erection of schools for auxiliary classes also was passed.

Mr. Lucas' amendments to the Womans' Compensation Act were given their second reading without discussion.

EXPENSIVE FURNISHINGS FOR GOVERNMENT HOUSE

H. H. Dewart, Contends in Public Accounts Committee That Economy Was Forgotten.

To show that while they preached thrift they practiced luxury and extravagance in the furnishings of the government house, H. H. Dewart, K.C., in the public accounts committee yesterday, read a number of items of expenditure on furnishings.

These included such items as: "Donnell rug for the state-room, \$1,400; Donnell rug for the drawing-room, \$1,300; Donnell rug for the living-room, \$898." Others laid emphasis upon were: \$1,725 for a seven-piece suite, \$24 each for six dining-room chairs; pair of lace curtains, \$120; eight pair rose silk curtains, \$800; brass poles for fittings, \$1,234.

PROCEEDS TO G. W. V. A. MEDICAL HEALTH OFFICER SUES STREET RAILWAY CO.

In the county court yesterday Charles J. C. O. Hastings, medical officer of health of the City of Toronto, commenced an action against the Toronto Street Railway Co. claiming five hundred dollars damages for his wrecked motor car, which was struck by one of their cars on Oct. 21, 1916.

ASK AMENDMENT TO MUNICIPAL ACT

City Council to Consider Adoption of Solicitor's Report at Monday's Meeting.

Unless something unforeseen occurs, the city council on Monday will have one of the greatest sessions of the year. The resolution to be presented to serve notice on the Toronto Suburban Railway for the elimination of cars in franchises will likely be the principal subject of discussion before the council on Monday.

The board of control recommends the adoption of the report of the city solicitor, which advises that an amendment be made for an amendment to the Municipal Act. The report points out that under this act the claims are by the Municipal Arbitration Act in Toronto, and that unless an award made by him is appealed against it is binding and conclusive for three weeks. Under the Municipal Act there is a provision for the municipality abandoning arbitrations, provided no entry on or use has been made of the land expropriated, upon payment of costs of the arbitration.

This provision is not carried into the Municipal Arbitration Act and may not be applicable to Toronto. The report states that there should be a choice of abandoning given to the city council in municipalities under the general act. It, therefore, recommends that a change should be made to allow municipalities to choose to abandon an arbitration if applicant causes some substantial loss or damage that may have resulted from the passing of the act.

The city solicitor states that this legislation would be extremely useful and necessary. He says that the present act is not carried into the Municipal Arbitration Act and may not be applicable to Toronto. The report states that there should be a choice of abandoning given to the city council in municipalities under the general act. It, therefore, recommends that a change should be made to allow municipalities to choose to abandon an arbitration if applicant causes some substantial loss or damage that may have resulted from the passing of the act.

Regarding the application of Messrs. Robins, Limited, for the removal of residential restrictions from property at the southeast corner of River and Jarvis streets, the board of control recommends that it be struck out and referred back to the committee on property for further consideration. It is ordered that the holders may have an opportunity of placing their views before that body.

CITY HALL NOTES

Dr. Hastings is making arrangements to take over the management and supervision of schools from the board of education, and immediately this will become law the city can act on it. It is believed that the end to duplication in the work will mean a considerable saving to the taxpayers.

Within three weeks the new garbage incinerator which was built on Milton avenue at a cost of \$200,000 will be placed in operation. It is equipped with three "blast" furnaces capable of consuming about 180 tons every twenty-four hours. Street Commissioner Wilson has placed \$85,000 in the estimates for the first year's operation.

The increased license fees for auctioneers have had little effect on those taking out licenses, as the city license department reports that all the auctioneers with one exception had renewed their licenses before the fee was raised to \$100.

Mayor Church is well pleased with the city's position at the beginning of the year, and says the premier deserves thanks for seeing that the will of the people was carried out.

Annual election of school trustees was sanctioned in ten schools. Mr. Owens' bill to enable municipalities to acquire land for the erection of schools for auxiliary classes also was passed.

The bill for the reorganization of the board of health, to consist of the mayor, one controller and an alderman from each ward, was withdrawn.

Mr. Lucas' amendments to the Womans' Compensation Act were given their second reading without discussion.

TRANSPORT COMPANIES SETTLE WITH DRIVERS

Men Will Continue Work Until May With Monthly Increase of Four Dollars.

A settlement was reached yesterday between the Shelden Forwarding and the Dominion Transport Companies whereby the drivers agreed to continue working until May 15, at an increase of four dollars a month. There are some five hundred drivers employed by these two companies and decided to ask for an increase of eleven dollars a month. When the company learned of the demands of the men they posted circulars in the stable yards, offering the increase of \$4 a month. The W. K. Colville-Cartage Company, who hauls a quantity of freight from the trains and the boats in the navigation season, have made an agreement with their drivers, by which they are to receive a salary of \$16.50 a week, and \$18 a week when navigation opens.

THRIFT CAMPAIGNERS HOLD POTATO SHOWER

The central committee of the women's thrift campaign met yesterday afternoon in the city hall, Mrs. Loobner in the chair. Much enthusiasm was evoked over the report of the committee on gardening, which announced that applications for speakers and for potato lots had been received from many sources. It was announced that a potato shower would be held at the various church centres of the city on the 29th, 30th and 31st of March, everyone contributing to bring one of the new precious commodity, the same to be afterwards distributed for seed for the garden lots of soldiers' wives. The slogan of the three days' campaign will be: "Let the soldiers' kiddies have plenty of potatoes, and let there be lots for the boys when they come marching home."

POLICEMAN IN RUNAWAY

When the horse he was driving along Sherbourne street last night, became frightened at a passing motor car and bolted, Private Norman Barry, of the 21st Battalion, was thrown out when the gir struck a telegraph pole at Sherbourne and Queen streets, and hurried to the pavement, and put you in touch with the store, and was later removed to his home. It is not thought that his injuries are serious.

MESSAGE TO WOMEN!

Let a woman ease your suffering. I want you to write and let me tell you of my simple method of home treatment, send you ten days' free trial, post-paid, and put you in touch with the women in Canada who will gladly tell what my method has done for them.

Peace to Be in Europe and Asia.

A world of democracy would be a world for peace. The people of the various nations do not wish to fight each other. Ambitious rulers and leaders work up the war sentiment and are able to find good and sufficient reasons for fighting. The people who elect their own leaders will not go into battle unless they are forced by some military tyrant. It was Kaiser William who made the European war.

There is something to be considered here in connection with the Russian revolution. In spite of Mr. Bonar Law's reservations with regard to the abdication of the czar we have no doubt that the abdication will go through, according to the duma schedule. Greece has been a sufficient example of what happens from keeping a monarch with a German wife on a throne. The czar is not a bad sort of fellow, but it is said to be notorious, and the czarina is a German princess. It can only be German influence that would desire to embarrass any democratic people with such a handicap, and even were it British influence it must be protested against.

To take it however, that Russia has now embarked on constitutional government, and that the democratic tendencies of the Slav race will now have free play. The first thing to be expected from this will be the earlier close of the war. As we conjectured yesterday, the progress of the German people towards a similar revolution is to be expected. But apart from this the new situation in Russia will beget something very like what happens in a kaleidoscope when a slight shake causes all the petty fragments to fall into new combinations.

The importance of the new state of affairs to the British Empire is perhaps that of most importance to us. We may be assured that the democracy of Russia and the democracy of Britain will never come to blows. The "Russian menace" which had for so long been a bugbear to British statesmen, began to disappear under King Edward. The revolution in Petrograd disintegrated it; we believe, for ever. Those who remember Captain Burnaby's "Ride to Khiva" and the literature of that day, including "The Russians at the Gates of Herat," know what terrors kept England on the stretch thru the 'seventies and 'eighties. Britain need no longer fear "the bear that walks like a man when he bears put off his bearskin and behaves like an ordinary human being."

Japan, whatever may be the case, is not a peaceful power. It is a nation on the edge of the angels, and will join in a world federation when the other nations are ready. China is already democratic and a republic and is with the allies of Britain, France and Russia.

To the south Britain will also have an advantage: from a democratic and peaceful Russia. There was a time when the occupation of Constantinople by Russia was a recognized casus belli. Britain now regards the cessation of the Golden Horn to Russia with great complacency. Peaceable democracies are not afraid of each other in honest business relations.

On the north the freeing of Finland, which will result from the revolution, will have an inspiring effect on the clever and the inhabits this the new democratic tendencies in Russia will also create a new attitude in Sweden, and tend to eliminate German influence there. The effect of this upon Norway and the relations of these sister kingdoms would be to ease off the tension at once that has so long existed.

Austria-Hungary is a more distracted country than another that carries the tradition, but there is a nearer approach to a constitutional government there than in Germany. The new emperor Karl is not too fond of the kaiser's regime, and there is some for him to think about in the events of the coup d'état. He must give the people their way or let them take it.

The result in the Balkans will be liberalizing, and there will be a renewed bond between the Bulgarians and the other Slavs. Rumania is in close relation with Italy, which is already deeply democratic. Greece would already have had a republic, but for the fact, as Venizelos has alleged, that the entente allies interposed to preserve Constantinian and his throne. This leads to the speculation whether any secret treaty exists among the allies with a view to maintaining the throne and sovereign intact. Should there be such a document, and it be made a basis for action, there might be deadly results. The democracies are in no mood to ally themselves with this juncture.

Poland will have a guarantee of independence from the Russian democracy which will make the kaiser's offers look very foolish. For the first time in history it may be that this Polish question may reach a settlement. Turkey in Europe will of course be no more. Turkey in Asia Minor may have a chance to reform itself under some more popular form of government than the sultanate. Britain will extend her influence from Egypt towards Palestine and probably over the Holy Land itself, and the whole region thru to the Persian Gulf will come under civilized and enlightened control.

Old things are being swept away. The cosmic forces behind the world war have builded better than most people suspected they could, and a new era appears to be opening up for humanity. The voice of the people is the voice of God, but rulers and statesmen of one kind or another are loath to hearken to it. A new heaven and a new earth wherein dwelleth justice is all that the people ask. It is a saga of the future that the people of Russia are achieving it.

Tax More, Borrow Less.

Are the rich getting richer and the poor getting poorer as a result of the war, and is the government so managing affairs as to be unwise in asking about that result? These are serious questions, but they are questions being asked by the people. More and more the complaint is heard that big incomes are not being taxed as they ought to be for war purposes.

The government is borrowing money freely from the people. Patriotic appeals are being made and most generously responded to. People are taking their savings out of the bank and lending them to the government; they are denying themselves the luxuries, and even the necessities of life. The business man who goes to the bank is denied accommodation upon the ground that something like a lun is being caused by depositors withdrawing their savings to invest in the war loan. Merchants find business dull because people are doing without things they need in order to buy the small war certificates or subscribe to the latest loan.

The spirit of the people is most commendable, but the government should avoid any trade dislocation. Too much of the war's burden is cast upon those least able to bear it, while too many of the wealthy classes are not feeling the pinch from the war, but are making enormous fortunes because of it. It is starting to think that a man as rich as John D. Rockefeller could have lived in Canada since the commencement of the war to this hour without being called upon to contribute one penny to aid the government in carrying on the war. We have no federal income tax whatever.

We have a federal tax on war profits, but it has been said that Sir Thomas White is an easy collector. From this source of income we are realizing \$25,000,000 a year, while in England they are realizing \$525,000,000, or twenty-five times that amount. The surplus income upon which the taxation is levied is figured out by the companies themselves. Out of earnings they pay interest upon their bonds and dividends upon their watered stock, and by deceptive book-keeping they are able to show a comparatively small surplus subject to the federal tax. We venture to think that when parliament lifts the lid and we learn how little some of the big profiteers are paying in the way of a tax upon war profits, there will be much indignation all over the country.

But, however that may be, the World insists upon less borrowing and more taxation. The rich men are getting five and a half per cent. for money which, in all fairness, should be taken from them by taxation. We do not preach the gospel of conservation of wealth in the sense of confiscation, but we do advocate

the conception of income. We believe that after a corporation has paid 40 per cent, dividend the balance of its profits should go to the state. We do not believe that a ten thousand dollar income is plenty for any man to spend on his living during wartime, and that his income above this sum should certainly go to the state.

"Come easy, go easy," is an old saying that applies to governments as well as to individuals. The government borrows huge sums with ease to spend on the war. Moreover, it seems to be "found money," and people dealing with the government are the most regrettable it is, but undoubtedly true, that little patriotism has been shown by those who have the government as a customer. Men with anything mercenary feel the government unmercifully. Many of them are becoming millionaires, and so long as the war lasts are having the time of their lives.

The man who might want to charge moderate prices says to himself: "What's the use? Everybody else is soaking the government for all it is worth," and he therefore puts on another hundred per cent profit and saves his conscience by filing a small cheque to the Patriotic Fund. There is little curb upon profiteering such as Lloyd George has imposed in England. The Mond Nickel Co. is paying out of its profits millions into the treasury of the imperial government. How much does the International Nickel Co. pay into the Dominion treasury? We know it has not paid a dollar into the provincial treasury since 1914.

We admire the patriotic people who are going without spring clothes in order to buy war certificates, but should the government be so eager to get the last dollar of the comparatively poor and be so indifferent to making the rich men and rich corporations come across? Nothing so discourages enlistment as the thought that a certain number of people are making barrels of money out of the war. To make big profits out of the government at a time like this is little short of treason. The men and corporations that combine to raise prices and make food scarce are doing for Canada what the German submarines are trying to do for Britain. The man who is asked to volunteer has a perfect right to say to the rich man or the rich corporation: "If I give up my life, you should be willing to give up the greater part of your income."

NATIONALISTS MAY COMPEL ELECTION

Bonar Law Regrets Offer of Commission Has Not Been Accepted.

London, March 16.—In discussing the Irish situation at the house of commons today, Andrew Bonar Law, chancellor of the exchequer, declared the attitude of the Nationalists might compel an appeal to the country on the ground that the Nationalists were unwilling to permit the government to get on with the war.

Mr. Bonar Law's review of the Irish situation was a long and careful one, giving the government point of view. "Must Avoid Friction." "The Nationalists have threatened to establish themselves as an opposition on old lines. But the government cannot be conducted in times like these on the ordinary methods of party procedure—and it may be their proposal will compel an appeal to the country, this appeal being on the ground that the Nationalist members won't let us get on with the war."

"Such a threat is nothing worse than that. The Premier has already indicated that if there was any hope of resolution from the appointment of a commission he would be glad to consent, but he has received no answer from any of the Irish parties, and we are now earnestly considering whether any action on the part of the government is possible," he said.

May Mean Election.
Bonar Law informed John Dillon definitely that no orders have been issued in Dublin confining the people to their homes tomorrow.

In political circles it is said that Mr. Bonar Law's declaration that the government was ready to set up a commission to settle the home rule question will soon be followed by a definite offer to do so. Altho the Nationalist leaders still decline to participate in any negotiations concerning home rule, or indicate what attitude they will assume toward such a proposal, friends of Premier Lloyd George say that he has made up his mind that the Irish question must be got rid of, and that if the Nationalists reject the offer or resort to obstructive tactics a general election will follow, at which the government will ask for a mandate to permit to deal with the whole Irish problem.

Officers Elected By Elgin Liberal-Conservatives

Special to The Toronto World.
St. Thomas, March 16.—The annual meeting of West Elgin Liberal-Conservative Association was largely attended at Dutton today. The election of officers resulted as follows: Chairman of municipalities: Aldborough, Duncan B. McCall, Dufferin, Alexander McKillop, Southwold, W. B. Prangerine; St. Thomas, C. A. Hammond; Patrick Meakin and P. W. Wright; Rodney, William Avey; West Lorne, Malcolm McKillop; Dutton, A. E. Roberts; president, Archibald McPhillips, Lawrence Station, vice-president, James Fisher, West Lorne; secretary-treasurer, Andrew Ingram, St. Thomas.

It was decided to allow the above executive power to add to their number at any time. This was for the purpose of giving the women voters an opportunity should they form an association to be represented on the committee. Hon. T. W. Crothers and Hon. F. G. Macdonald were present and addressed the meeting.

Many Returned Soldiers Do Not Care for Farm Life

Montreal, March 16.—At this morning's session of the special parliamentary committee of the house of commons and senate, now meeting here to inquire into the care and disposition of returned soldiers, the evidence given was by New Brunswick men. It was pointed out by these men that only an insignificant fraction of the men invalided from the front were willing to go on farms. Most of them wanted to remain in the city—for a time at least—after their hardships. It was said, too, that many were not willing to go on the land until they knew exactly where they would be situated and the conditions of life there. They were waiting for the government to announce its land policy for the soldiers.

MYSTERY FIRE IN CHURCH

Special to The Toronto World.
Kingston, March 16.—A fire had serious damage to the interior of the parish church this morning. The cause is a mystery to Chief Armstrong. Entering the church the caretaker found the altar, pulpit and choir all in flames. There was no fire in the furnace since Sunday, and no electric wires are near where the fire broke out.

WATERLOO EXCEED OBJECTIVE

Special to The Toronto World.
Waterloo, March 16.—The Town of Waterloo more than did itself proud this week when they raised \$60,000 for patriotic and Red Cross purposes. The objective set of \$40,000 was exceeded by an organization and a willingness to do their bit the objective was more than reached. Waterloo's share will amount to approximately \$12 per capita.

TEST CARS MAKE 4,688,412 MILES DURING 1916

Goodrich Tire Testers Must Average 300 Miles Per Day to Equal Round Trips From New York to Frisco.
"During 1916 our fleet of tire test-cars traveled 4,688,412 miles, which is equivalent to 900 trips from New York to San Francisco and return, and they used upwards of 500,000 gallons of gasoline," said Dr. W. C. Gear, chief of the development department of the B. F. Goodrich Company, as he was leaving for Washington a short time ago.

This statement was given out as six of the test cars left for the south, where they will avoid the snow covered roads of Ohio for the next several months in making their strenuous tests of the Goodrich products. The cars have been unable to make the required 300 miles every 24 hours in northern Ohio, and since this mileage is considered imperative by the operating committee, it was decided to transfer the work to the south where it can be carried out without interruption.

At Chattanooga the present fleet will be increased by five new cars, and bringing the entire number up to 14 cars with a crew of 37 men, all expert drivers, who enjoy a record for 1916 that was free from accidents.

"When I began driving one of these test cars," said one of the drivers, "I thought it was all fun, but I soon had this taken out of me, for I have to make at least 150 miles during the day and then turn my car over to a night driver, who also makes 150 miles. We keep a complete record of every tire, and the tires as well as the cars are inspected by the factory experts every morning before we start out. It is pleasant enough to be a tourist, but to be turned loose on the road with a car and nothing to do but wear out tires is a pleasure that soon develops into a serious business."

The Goodrich company insists that the test car drivers not only observe the laws of the communities through which they travel, but they also must exercise every precaution that tends to promote the "safety first" idea.

LIQUOR CASE DISMISSED

Special to The Toronto World.
Kingston, March 16.—Magistrate Farrell dismissed the charge against Thomas Burns, caretaker of the Khaki Club, "accused of having a case of liquor on the premises. The liquor came for another party in his absence. His wife signed for the liquor on delivery by the express company, not knowing what the case contained."

CHEMICALLY SELF-EXTINGUISHING

What do these words mean to you? They mean greater safety in the home—surely something that interests you keenly!

Perhaps you have noticed these words and the notation "No fire left when blown out" on our new "Silent Parlor" match boxes. The splits or sticks of all matches contained in these boxes have been impregnated or soaked in a chemical solution which renders them dead wood once they have been lighted and blown out, and the danger of FIRE from glowing matches is hereby reduced to the greatest minimum.

About Soldiers' Xmas Boxes

"Just What I Wanted"

"It was just what I wanted," wrote Pte. F. B. Wolfe, on receipt of the Xmas box from Michie's. Read the following extracts from letters sent by other soldiers. Note what they say of the boxes—welcome, a wise selection, received in good condition.

Lieut. C. S. L. Hartzberg, Box M. "Parcels arrived today in very good order and the contents were excellent."

Lieut. George Sheppard, Box B4. "Arrived in good condition, and I was greatly pleased with the contents."

Signaller Frank Goddard, Box K1. "I really think it is the best parcel that came to Shorncliffe camp."

Pte. Robert Devlin, Box K3. "I think it all right, not a parcel to equal it."

Pte. Chas. Unsworth, Box L13. "Received parcel in good condition; could not have wished for anything better."

We are shipping assortments like those so highly praised above—every week. People are realizing that they are even more welcome now than at Xmas.

SUNLIGHT SOAP \$5000 GUARANTEE OF PURITY The Seal has been set once and for all on the purity of SUNLIGHT SOAP. SUNLIGHT SOAP is known by name throughout all the world, but not by name alone. Sunlight Soap is known by purity just as it is known by name. An established and guaranteed purity is ever associated with Sunlight Soap. The name and the guarantee are inseparable. They must ever remain so, because PURITY is the great soap-essential. Cleansing means purification—without pure soap you cannot have perfect cleanliness—this stands to reason. The \$5,000 Guarantee of Purity given with every bar of Sunlight Soap is something more than an advertisement. It is a dominant force throughout the whole of the Sunlight Soap manufacture. To say that this guarantee is the dominant chord in the perfect harmony of the Sunlight Works would better express its influence. The buyer who buys the choice Sunlight Soap materials—the soap boiler—the expert chemist—the girls who wrap and pack Sunlight Soap—all are mindful of the guarantee. The \$5,000 Guarantee of Purity is a source of gratification to all the Sunlight workers. SUNLIGHT SOAP Lever Brothers, Limited Toronto, Canada

DENTALS EARN LEAD OF THREE GOALS IN FIRST GAME WITH WINNIPEG VICS

Challengers Led at Half-Time by One Goal—Return Game of the Finals for the Allan Cup on Monday Next.

Winnipeg, March 16.—The Dental Hockey Club of Toronto gained a lead of three goals in the first of the final games in the Amphitheatre here tonight with the Victorias, holders of the Allan Cup. The score at half-time was 3 to 1 in favor of the challengers. The return game on Monday night will be played according to the Ontario Hockey Association code.

A forward back to play defence and putting a centre-ice player on the wing. This worked havoc with the team, the defence being very weak, with the result that the visitors, with their fast two-man rushes, worked right in on the goal for nearly all of their scores.

HAMILTON HOCKEY CLUB TWO GOALS UP

Soldiers Beaten in Hard and Rough Game Before a Monster Crowd.

Hamilton, March 16.—Rough play featured the first game of the city championship series between the Hamilton Hockey Club and the Soldiers. The game was a hard and rough one, with the Hamilton club leading by two goals at the end of the first period.

In the penalty box, the Hockey Club played brilliant combination, and five minutes after the start of the game scored the tying goal on a pass from Boyd.

CANADA TO FEEL EFFECT OF STRIKE

Transportation Will Be Seriously Affected if U. S. Trainmen Quit Work.

Ottawa, March 16.—A serious transportation situation faces Canada if the threatened railway strike in the United States goes into effect. This is recognized by the authorities here. The chief problem will be to secure adequate supplies of coal and it is understood that the railway companies have very little on hand at present.

The Grand Trunk Railway announces an embargo on all freight with the exception of fuel coal, pending developments in the situation regarding the strike and it is expected that other railways may take similar action unless the strike does not materialize.

Serious Coal Problem. It is said that the coal supply at Oswego is very limited and western coal cannot be hauled economically farther east than the great lakes. In the maritime provinces recruiting has created a shortage of labor in the Nova Scotia mines and the output has been considerably curtailed.

Comrades! If you cannot carry a rifle, you can serve your country on the farm.

"The plow is our hope," declared Right Hon. David Lloyd George, the Prime Minister of Great Britain. The tremendous significance of these words in the face of a world shortage of food must be a matter of concern to all.

Help the farmer increase production. At this supreme hour when ample food production is one of the indispensable means of victory, the country faces a serious shortage of men and boys on the farms.

Boys. Decide now to help in the war. If you are between the ages of 14 and 18, and have good leg record, you can secure promotion at school by enlisting for farm service any time between April 20th and May 20th.

Men. The Department appeals to retired farmers, to men following no occupation (retired), to business men who can spare at least a portion of their time, to all men who can arrange their affairs so as to help some farmer. Every man is invited to enlist for farm service.

Duke and Princess Patricia Are Grateful for Sympathy

Ottawa, March 16.—The following cable was sent by the Duke of Devonshire to the Duke of Connaught, after the death of the duchess: "On behalf of the government and people of Canada, I respectfully beg to convey to your royal highness and the Princess Patricia, heartfelt expressions of universal sorrow and sympathy."

ST PATRICK'S DAY CONCERT. Galt, March 16.—Father L. Minehan of Toronto, was the speaker at St. Patrick's Day concert, held in the city hall this evening, when he delivered a powerful lecture on "The Day We Celebrate," giving an historical review on the origin of March 17th.

FIFTY THOUSAND FOR HOME SERVICE

are still in Canada, but it is also the desire of the men overseas, as well as of their British comrades in arms, and of the imperial government, that we should send overseas with as little delay as possible the troops now in Canada, which have enlisted for overseas service. These men have been warned and are making ready to depart from Canada for the scenes of active warfare.

Duty To Do More. Canada has every reason to be proud of her sons who have taken such a noble part in winning the war, and their deeds of valor have been recounted time and time again, and now when the British Empire is struggling to maintain its existence and secure liberty and justice for the world, it is Canada's duty to do still more.

Not Conflicting Move. It is to be clearly understood that the enlistment of the above mentioned forces for home defence is not intended in any way to lessen the strongest possible effort for recruiting for active service overseas, the necessity of which cannot be too strongly urged.

THE FORMAN MYSTERY

Watching, he saw one of the boys stumble and fall as though into the soft yellow bed of the river. He stayed down for a time. When he stood upright again he held something in his hand, and in which his companions halted their play and crowded around him.

Apparently Warrenner's assurance was not guaranteed enough, since the boy remained sulky and stubborn. So Warrenner took from his pocket a dollar bill and held it toward the younger. For the moment the boy's hostile suspicion that Warrenner was playing a trick in an effort to secure the article he had found, melted while the eyes of the crowd were riveted on his hand.

From the weapon in his hand, Warrenner allowed his eyes to wander to the article he had just found. It lay exposed as the set by a master molder. He deposited the tiny weapon in the cavity, and found that it fitted snugly in the rear of the Forman home. The inevitable question intruded itself upon him. What did it all mean? Whose hand had deposited the weapon in the ravine there to be revealed when the waters ceased to flow?

RECRUITING DECREASES

Kingston, March 16.—Recruiting in the third military district decreased during the first two weeks of March. There were 378 men enlisted. There are now 5,882 men in khaki in this district.

Nuxated Iron to Make New Age of Beautiful Women and Vigorous Iron Men. Say Physicians—Quickly Pats Roses Into the Cheeks of Women and Most Astonishing Youthful Power Into the Veins of Men—It Often Increases the Strength and Endurance of Delicate, Nervous "Run-Down" Folks 200 Per Cent. in Two Weeks' Time.

A Wonderful Discovery Which Promises to Mark a New Era in Medical Science. New York, N.Y.—Since the remarkable discovery of organic iron, Nuxated Iron, or "Per Nuxate," as the French call it, has taken the country by storm.

Without it, no matter how much or what you eat, your food merely passes through you, without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly-looking, just like a plant trying to grow in a soil deficient in iron.

Therefore, if you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt.

Not long ago a man came to me who was nearly half a century old, and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood-pressure of a boy of twenty and as full of vigor, vim and vitality as a young man; in fact, a young man he really was, notwithstanding his age.

Talk Into Your Telephone!

To talk at your telephone or across it without regard to its distance from your lips, results in faulty service. The right way is to give the number to the operator clearly and distinctly, to listen for her repetition and acknowledge it, and then to talk directly into the mouthpiece with the lips about half an inch from it.

Accurate connections, quicker service and better transmission will result. The Bell Telephone Co. of Canada. "Good service" "our true intent."

BITTER ATTACKS ON "JUNKERISM"

Socialist Members of Prussian Diet Condemn Autocratic Methods.

DEMANDS FOR PEACE

Prediction Made That Whole Nation Will Rise Against Tyranny.

The Hague, via London, March 16.—The debate in the Prussian diet on Wednesday after the address by the imperial chancellor, Dr. Von Bethmann-Hollweg, was remarkable for its slashing attacks on "junkerism" by both Socialist factions.

Herr Leinert, a Socialist Democrat, according to the Berlin Vorwaerts of Thursday, denounced the upper chamber of the diet, which, he said, regarded the government as the mere lackey of their own selfish interests, and where nothing counted but shameless profligate. Declaring that the reorganisation of that body as suggested by the National Liberals was useless, he added:

"We must abolish the herrenhaus, which is a millstone around the neck of any progressive development in Prussia."

Deputy Leinert also upbraided Count Yorck, who had attacked the Socialist leader, Carl Legien, because, he said, after the break between Germany and the United States the latter had promised the American Federalists that he would bring the influence of the German workmen's unions to bear on the government.

"Such a promise," Herr Leinert is reported to have said, "the herrenhaus regards as its own special prerogative. It wants the people to be carried into war and out of it, and that things afterwards should remain as they were. That is impossible. The people demand peace at the earliest opportunity. We are no longer persons whom the king can buy and sell, or order to bleed and die at the word of command. Dr. von Bethmann-Hollweg's political manhood, amid intermittent cheers Herr Leinert hinted at a time coming when the whole nation would arise and sweep 'junkerism' and the herrenhaus into the dust. He also pointed out that the workmen's union, in supporting the desire for peace, is reported to have refused to accept a complete German victory, saying:

"When we attain this there will be no German soldier left alive."

Highlanders Opened New Training Season

Eye Test Lowered for Forestry Units—Brantford Man Dies in Hospital.

The 48th Highlanders opened their spring training on Monday, and the 1st Battalion held rifle drill in the morning. The 2nd Battalion held rifle drill in the afternoon, using a new lot of the long-barrelled Rosses, and then marched out via Queen, Bay, King, Yonge and Queen streets, making a fine appearance.

Daring represented two long-service medals. The recipient of one was Lieut. John Slater, 48th Battalion. The other was awarded to Lieut. Walter (Bill) Miller, the 10-year-old son of Lieut.-Col. A. A. Miller, on service overseas as commander of the 14th Highland Battalion. He was killed by his father while he was coming back from the war.

Pte. J. Shannon, 19 years of age, member of the 215th Brantford Battalion, died yesterday afternoon of typhoid fever in Toronto Military Base Hospital. His home is in Brantford, England, single and had been in force for some time.

London, March 16.—At a conference of the members of the duma executive committee and delegates representing the workmen, which lasted until five o'clock this morning, says a despatch from Petrograd to Reuters' Telegraph Company, an agreement was reached concerning the transitional period before the election of a constituent assembly. The executive committee, after the war, insisted on the necessity of order being re-established before the holding of the elections. The workmen at first opposed the proposals of the executive committee, but later the Socialist deputy, Kerenski, accepted the portfolio of minister of justice on condition that the constituent assembly would be based on universal suffrage.

U. S. Railroad Strike Would Cause Serious Situation Here... H. E. Whiteberger, general superintendent of the Ontario lines of the Grand Trunk, stated last night that the embargo placed by that road on shipments for United States points was merely in accordance with the labor trouble. Freight for the States will, until the possibility of trouble is past, only be accepted subject to "without responsibility for indefinite delays. Should a strike occur it will affect the supply of coal for the Canadian roads, and it may be necessary to accept all shipments under the same conditions.

Count Tolstol Looks for Vigorous Conduct of War... Boulder, Col., March 16.—Count Ilya Tolstol, son of the noted Russian novelist, who is here today on a tour of the United States, said he believed that the result of the overthrow of the Russian Government and the abdication of Emperor Nicholas would be a more vigorous government for the people and an end to fears England once had that Russia might conclude a separate peace. "This is very bad for Germany," said the count. "It ends her last hope, that of separate peace with Russia. This is the best type of revolution for it is carried out by both upper classes and common people in response to a demand of the people generally."

BREDDEN FOUND GUILTY IS HELD FOR SENTENCE... From the evidence given in the sessions yesterday afternoon it would seem that E. B. Bredon, who was found guilty of stealing banks, flags, and certain moneys belonging to the Secours National, used the French Red Cross organization as a means to direct profits of his exploitations toward his own pocket. It was stated that he had secured permission from Mrs. Sidney Small to use the name of the association in putting on his 'fall star revue.' No terms were arranged, although Mrs. Small expected that Bredon would play fairly with the association in dividing the receipts. Judge Cowthorpe reserved sentence.

ONE OF TWO HELD KILLED ST. PIERRE

Jury Believes Murder Done By Either Emerson St. Pierre or Nellie Richmire.

STATEMENTS CONFLICT Children Who Never Heard of God Give Evidence at Coroner's Inquest.

By Staff Reporter. March 16. — Coroner Aldrich's jury investigating the death of Wm. St. Pierre, whose body was found buried in the cellar of his own home near Aulaville, expressed the conviction that St. Pierre had been murdered either by his son Emerson or the sixteen-year-old girl with whom he was living, Nellie Richmire.

When the girl took the stand, her counsel, G. A. Stiles, of Cornwall, interrupted Crown Attorney Harkness' initial question by declaring that under his advice she would not give evidence at the inquest.

Coroner Aldrich: "Now Nellie, don't look at your counsel. You understand evidence you give here cannot be used against you at your trial. Do you want to give evidence?"

She replied: "I don't want to give evidence." Mr. Stiles: "That's right, my girl."

MEAT INJURIOUS TO THE KIDNEYS

Take a Tablespoonful of Salts if Back Hurts or Bladder Bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against its trouble.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back, or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe, headachy, nervous and dizzy spells, sleeplessness, acid stomach, or rheumatism in bad weather, take your kidneys into your hands.

At the trial, it is not a confession, but an implication of someone else based on hearsay. Crown Attorney Harkness: "It is a confession of knowledge and of being an accessory before the fact."

When the girl took the stand, her counsel, G. A. Stiles, of Cornwall, interrupted Crown Attorney Harkness' initial question by declaring that under his advice she would not give evidence at the inquest.

BANKS SUBSCRIBE SIXTY MILLIONS

Canada's New War Loan is Being Taken Up Satisfactorily.

By a Staff Reporter. Ottawa, March 16.—The Canadian banks have subscribed sixty million dollars for the third Canadian war loan. While no indication of the total subscription received has been given out by the finance department, despatches received from Montreal, Toronto and other cities show that the subscriptions are equal to expectations. The number of subscriptions runs very much on the same basis as in the case of the war loan of 1915, which was for one hundred millions, but for which applications for two hundred and six millions were received. The following are the subscriptions of the banks: Montreal, \$5,700,000; British North America, \$2,700,000; Commerce, \$3,150,000; Dominion, \$3,300,000; Hamilton, \$1,450,000; Hochelaga, \$2,000,000; Imperial, \$2,400,000; Merchants, \$3,800,000; Moisson, \$2,200,000; National, \$1,100,000; Nova Scotia, \$3,500,000; Northern Crown, \$800,000; Royal, \$7,000,000; Standard, \$1,800,000; Toronto, \$2,000,000; Union, \$2,700,000; Home, \$1,050,000; Sterling, \$650,000.

WOMEN SHOW INTEREST IN THE NEW WAR LOAN

With all the big life insurance companies but one having announced the amount of their subscriptions to the new government war loan, interest centres more and more around the small investor. Will the small merchant and man-of-salary shake his thrifty ways, seize the opportunity of starting habits of thrift and investing at a time when his money may not only be placed at most favorable terms but in a manner that will help the empire? This is the question that is being asked, and while the answer in the form of subscriptions is very good, there are yet many thousands who still might avail themselves of the opportunity for profitable investment afforded. Women are taking an interest in this loan that was not noticeable in previous ones. School teachers, secretaries and office women, who at this time in previous years spent their all in Easter togery, are considering a war bond a necessity. In an interview with Mr. E. B. Stockdale, the general manager of the Trusts and Guarantee Company, Limited, yesterday, he stated that the company's subscription to the new Dominion Government war loan would be \$150,000. No part of this represents the conversion of bonds of the first loan. The C.P.R.'s subscription for a million and a half is the first to be received from a railway, while the governments of British Columbia and Manitoba for one million are the first to be received from the provincial governments. WILL EXTEND CAMPAIGN. Special to The Toronto World. Kitchener, March 15.—After a three-day whirlwind campaign for the Canadian Patriotic and Red Cross Funds Aug. R. King, president of the local committee, accounted for \$125,000 in sight and about \$100,000 subscribed. It was decided to hold open the campaign for a few days, when it is confidently expected that over \$25,000 necessary to complete the objective will be realized.

REMANDED ON THEFT CHARGE.

Special to The Toronto World. Cobourg, March 16.—A member of the Cobourg heavy battery overseas draft, named William Wall, was brought back from Niagara Falls, Ont., yesterday by Chief of Police Rose to answer to a civil charge of stealing a club bag and contents. He appeared before Police Magistrate Davidson yesterday afternoon and was remanded until the 22nd.

TWICE A RETURNED SOLDIER

Special to The Toronto World. Woodstock, March 15.—Sergt. William Woodwood, who was wounded in the knee while serving with the 1st Battalion in France, and who re-enlisted after having spent several months at home on invalid leave, returned to the city today. He was rejected in England, as a result of his old wound giving trouble again. He was met at the station here and welcomed home by the mayor and members of the Returned Soldiers Association.

BOWLING CLUB ORGANIZES.

Special to The Toronto World. Brantford, March 16.—The Heather Bowling Club is the early robin here, having organized with the following officers: Pres. B. A. Caspell; vice-pres. Frank Read; secy-treas. Andrew McFarland; chaplain, Rev. L. Dogorski. Directors—B. A. Caspell, Frank Read, I. Simpson, T. Logan, J. Broadbent, A. McFarland.

TWO DEATHS AT PARIS

Special to The Toronto World. Brantford, March 16.—A greatly respected resident of Paris passed away yesterday in the person of Mrs. Wm. Sewell, who was found dead on the floor of her home by her daughter, Miss Inna. A son, Roy, is with the Canadian Mounted Rifles, in France. Mrs. Richard Brockbank, a resident of Paris for 45 years, also passed away at her home.

FOUND DEAD IN CHAIR.

Special to The Toronto World. Chatham, March 15.—James P. Wood, aged 45, a member of the firm of Woods Brothers, foundrymen, was found dead in his chair this morning by his sister-in-law. The late Mr. Wood had been in his usual good health until yesterday. He was recovered, however, and tho' he got up late this morning, he was feeling quite well.

HELPED FOR FRAUD.

Special to The Toronto World. Chatham, March 16.—Frank Beno, of Tilbury, a well known horse dealer, is being held by the Detroit police on charges of having issued forged cheques amounting to several thousand dollars, it is reported. Beno has been in the custody of the Detroit police for over a month pending an investigation.

WAR LOAN DOMINION OF CANADA

Issue of \$150,000,000 5% Bonds Maturing 1st March, 1937

Payable at par at Ottawa, Halifax, St John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary, Victoria, and at the Agency of the Bank of Montreal, New York City.

INTEREST PAYABLE HALF-YEARLY, 1st MARCH, 1st SEPTEMBER.

PRINCIPAL AND INTEREST PAYABLE IN GOLD.

ISSUE PRICE 96.

A FULL HALF-YEAR'S INTEREST WILL BE PAID ON 1st SEPTEMBER, 1917.

THE PROCEEDS OF THE LOAN WILL BE USED FOR WAR PURPOSES ONLY.

THE MINISTER OF FINANCE offers herewith, on behalf of the Government, the above-named Bonds for Subscription at 96, payable as follows:—

10 per cent on application;
30 " 16th April, 1917;
30 " 15th May, 1917;
26 " 15th June, 1917.

The total allotment of bonds of this issue will be limited to one hundred and fifty million dollars, exclusive of the amount (if any) paid for by the surrender of bonds as the equivalent of cash under the terms of the War Loan prospectus of 22nd November, 1915.

The instalments may be paid in full on the 16th day of April, 1917, or on any instalment due date thereafter, under discount at the rate of four per cent per annum. All payments are to be made to a chartered bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture and the allotment to cancellation.

Subscriptions, accompanied by a deposit of ten per cent of the amount subscribed, must be forwarded through the medium of a chartered bank. Any branch in Canada of any chartered bank will receive subscriptions and issue provisional receipts.

This loan is authorized under Act of the Parliament of Canada, and both principal and interest will be a charge upon the Consolidated Revenue Fund.

Forms of application may be obtained from any branch in Canada of any chartered bank and at the office of any Assistant Receiver General in Canada.

Subscriptions must be for even hundreds of dollars.

In case of partial allotments the surplus deposit will be applied towards payment of the amount due on the April instalment.

Scrip certificates, non-negotiable or payable to bearer in accordance with the choice of the applicant for registered or bearer bonds, will be issued, after allotment, in exchange for the provisional receipts.

When the scrip certificates have been paid in full and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds, when prepared with coupons attached, payable to bearer or registered, as to principal, or for fully registered bonds, when prepared, without coupons, in accordance with the application.

Delivery of scrip certificates and of bonds will be made through the chartered banks.

The issue will be exempt from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of \$100, \$500, \$1,000. Fully registered bonds without coupons will be issued in denominations of \$1,000, \$5,000 or any authorized multiple of \$5,000.

The bonds will be paid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa, or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary or Victoria, or at the Agency of the Bank of Montreal, New York City.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest on bonds with coupons will be paid on surrender of coupons. Both cheques and coupons, at the option of the holder, will be payable free of exchange at any branch in Canada of any chartered bank, or at the Agency of the Bank of Montreal, New York City.

Subject to the payment of twenty-five cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds of the denomination of \$1,000 with coupons, and holders of fully registered bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons at any time on application to the Minister of Finance.

The books of the loan will be kept at the Department of Finance, Ottawa.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges.

Recognized bond and stock brokers having offices and carrying on business in Canada will be allowed a commission of three-eighths of one per cent on allotments made in respect of applications bearing their stamp, provided, however, that no commission will be allowed in respect of the amount of any allotment paid for by the surrender of bonds issued under the War Loan prospectus of 22nd November, 1915, or in respect of the amount of any allotment paid for by surrender of five per cent debenture stock maturing 1st October, 1919. No commission will be allowed in respect of applications on forms which have not been printed by the King's Printer.

SUBSCRIPTION LISTS WILL CLOSE ON OR BEFORE THE 23rd OF MARCH, 1917.

DEPARTMENT OF FINANCE, OTTAWA, March 12th, 1917.

WHEAT PRICES RALLY OFFSETTING LOSSES

Expectation of Averting Railway Strike Causes Advance at Chicago.

Chicago, March 16.—Renewal of hopes that the railway strike would be averted led to a rally in wheat prices this afternoon, offsetting to a large extent depression which resulted from orders that the wheat market closed unsettled, evening. The market closed unsettled, ranging from 1 1/8c net lower to 3/4c and 3/4c to 1 1/8c, and 1/4c to 3/4c. Corn gained 1/4c to 1/2c, and oats 1/4c to 3/4c. In provisions, the outcome varied from 1/4c decline to a rise of 10c.

Developments in the railroad controversy raised wheat through the session. Lowest prices were touched during the first half of the day.

Numerous traders freely pressed the selling side of the market, but the bulls were able about midday to force a general covering movement, which in some cases lifted quotations five cents up from the lowest point of the morning.

Little, if any, attention was given to factors other than the railroad deadlock, the trade virtually ignoring steel-impromptu subjects as the revolution in Russia, and the official endeavors to fix a price standard for the whole Canadian crop.

Corn toward the last received good support. Data duplicated the action of other grain. Exports averaged higher with hogs.

OPHIR CROSSCUT APPROACHING VEIN

The latest report received by the directors of the Ophir Cobalt Mine from the engineer shows that the crosscut is only fifty feet from Ophir shaft No. 2—where they expect to cut the large 48-inch vein which shows in the bottom of No. 3 shaft.

The present development work will cut this large vein on the crosscut 400 feet below the surface, and it is expected that the vein will be found to contain high grade ore.

A four-inch grey calcite vein was cut about four days ago showing a small amount of increased silver values. This vein is the most promising geological condition found in the present development and the management are hopeful that when the contact is reached and the large vein is cut the presence of high grade ore bodies will be demonstrated.

EXPECT TO CUT VEIN AT LORRAIN CON.

Word was received from Cobalt last night that steady progress is being made in running cross-cut on the lower level of the Lorrain Consolidated, and that the indications are that the promising vein, located on the surface, should be picked up any day.

Shares of the companies known to be operating on large contracts for the last few months have been adversely affected. A number of stringers have been cut out during the last couple of weeks and this is taken to indicate that the ore body is not far away.

The South Lorrain area has not received the attention which engineers believe warranted in view of the splendid surface showings, but the indications are that the near future will see this section of the camp brought into the limelight.

WINNIPEG GRAIN MARKET.

Winnipeg, March 16.—Wheat displayed considerable strength at the close, with all months at the high points. One feature of the closing levels was the weakness of the deferred months in the southern market, compared with May. Locally May closed 7c up, July 1c up, and October 1 1/2c higher.

DIVIDED DISAPPOINTMENT

Heron & Co. had the following to report at the close: Montreal, March 16.—Interest in today's market centres in steel. The dividend action was a disappointment but there was not much stock to be liquidated and closing prices were only a point below last night's.

CARPENTERS FOR PARRY SOUND

District Secretary Cheeseman of the carpenters' district council is sending 150 carpenters to Parry Sound at 60 cents an hour.

CHARGED WITH FRAUD. Horace Wing, 42 Sullivan street, was arrested on a charge of fraud last night.

HARGRAVES MADE NEW HIGH RECORD

Again Feature of Mining
Stock Market on Heavy
Trading.

Hargraves again occupied the centre of the stage at the Standard Stock Exchange yesterday, enjoying another big market, which was responsible for an advance in price to a new high record in years ago, a gain of 14 points above the previous high record established last January. Over seventy thousand shares of this issue changed hands during the day. Over one hundred and fifty thousand shares of Hargraves have been purchased in the last two days.

Apart from this feature the market was moderately active and steady in tone. The technical position of the market is strong by reason of a large outstanding short interest, which is evidenced by the demand to borrow stocks. This short interest is reported to exist practically throughout the list, but to date there has been little incentive for the shorts to cover. Hargraves was the most active gold stock on the list. It opened a fraction off at 28 1/2, and moved again to 29. Thompson-Krist met a good enquiry, selling at 27 1/2. Latest reports from this property indicate that good progress is being made by the diamond drills in an effort to thoroughly explore the ground. A few days ago a six-foot vein was cut about 400 feet from the surface, but assay returns have not yet been published. Newray displayed considerable activity, with an easier tone. Liquidation caused a relapse to 122, but a strong rally on the close brought a recovery to 125, the high point for the day. McIntyre at 135 to 136 was steady, while Big Dome was heavy, falling back to \$18. A new low. Hollinger remained unchanged at \$5.25. Hargraves was slightly firmer at 28 1/2.

In the silver stocks Bailey showed strength, advancing to 6 1/2. Beaver eased off a point to 42 and rallied half a point later. Timiskaming appeared heavy at 52 to 53 1/2. Treadwell, after opening at the previous day's high of 18, dropped back a point. Great Northern advanced a point further to 23 1/2. La. Rose was stronger, selling up to 65.

METAL PRODUCTION

Official figures of the Ontario Government show the mineral output of Porcupine and Cobalt to have been of greater value last year than in 1914. This means COMPANY MINING ARE LABORS. This factor of vital importance has not been discounted in the market of these issues, and supports us in the conviction. A SHARP ADVANCE JUSTIFIED. Opportunity time for buying is at once, and I urge the shrewd investor to take advantage of the existing unique situation. IMPORTANT INFORMATION UPON REQUEST!
