Winnipeg, Aug. 16.—Canada's ships, operated under the direction of the
Canadian Government Merchant Marine Limited, will prove a highly remuner-
ative investment for the Dominion this year, according to Hon. C. C. Bal-
lantyne, minister of marine and fisheries, who was in Winnipeg today on his
way west.

POLES HAVE WON BACK
IMPORTANT POSITIONS
ALONG THE BUG RIVER

Great Battle Has Just Begun

Losses Inflicted on Reds—
Key Defences of Warsaw
Now Better Protected From
Threatened Flank Attack
From Northwest.
Warsaw, Aug. 16.—Uninterrupted
fighting is going on in the valley of
the Bug from its source to its con-
fluence with the Narew river. The
great battle, which has just begun
along the river, has been marked by
appreciable advantages for the Poles.
They have inflicted heavy losses on
the enemy, and won back important
positions.

TWO BOYS DROWN
IN RIDEAU CANAL

Three Lads Pushed Into Water by
Older One—Mother of One
Victim is Visiting in Toronto.
Ottawa, Aug. 16.—The police are
investigating the deaths by drowning
of two six-year-old boys, William
Gillivie and Earl McKinnon, who
were drowned in the Rideau canal
this afternoon. A third boy, who
was rescued, Russell Henderson,
states that some older boys approach-
ed the three who were playing on an
old wooden pier by the water's edge,
and with the cry: "Let's push them
in," did so, and ran away without
making any effort to pull them out
again. Mrs. Henderson, who is the
widow of a soldier who died fighting
on the Somme, is visiting in Toronto,
and was notified. A pathetic part
of the tragedy is that the drowned
Canadian boy was born after his father
had left for overseas.

Sherbrooke, Que., Aug. 16.—(Canadi-
an Press).—The Hon. Sidney Fisher,
former Dominion minister of agricul-
ture, lies at his home in Knowlton
in a rather serious condition. A few
days ago he suffered from a stroke,
and as a consequence became very
weak. The latest reports from his
home are that a gradual improvement
in his condition has taken place.

WINNIPEG CAR MEN
VOTE ONE BIG UNION

Winnipeg, Aug. 16.—Eighty-three
per cent. of the members of the Street
Railwaymen's Union have voted to join
the One Big Union, according to an
announcement today by C. A. Tanner,
president of the union.
The announcement follows a refer-
endum submitted to the rank and file
of the Winnipeg Electric Street Rail-
way Employees' Union.
A change from independence to One
Big Union, it is stated, will offset
a change of leadership.

TRADE IN WHEAT

Winnipeg, Aug. 16.—The council of
the Winnipeg grain exchange, at a
meeting held this afternoon, decided to
open the wheat market for futures on
Wednesday next, August 18. The
decision was reported to open both
October and December wheat. Trading
in wheat futures was suspended
on May 14, 1917.

Announcement By Bonar
Law on Adjournment of
Commons—Pledges That
There Will Be No Inter-
vention Against Russia With-
out Parliament's Consent—
Speaker Empowered to
Summon House if Required—
No Announcement on
Irish Question.
London, Aug. 16.—The house of
commons tonight without division
agreed to the motion of Andrew
Bonar Law, the government leader,
adjourning the house until October
19, but empowering the speaker to
summon parliament earlier should
public interest demand it. This and
Mr. Bonar Law's undertaking that in
event of Russia's armistice terms to
Poland being materially altered the
government would take no action
without consulting parliament, meet
the opposition's objections that the
country should not be committed to
any intervention against Russia with-
out the consent of parliament.

DEMANDS OF MINERS
FOR HIGHER WAGES
CAUSE A DEADLOCK

Operators Reject Their Pro-
posals and Miners Turn
Down Offer of Owners.
TRYING SETTLEMENT
Cleveland, Aug. 16.—Members of the
joint scale committee of the central
competitive bituminous coal field were
deadlocked tonight after the operators
had refused the miners' demands for
increased wages and the miners, in
turn, had rejected a counter proposal
of the operators and a joint sub-com-
mittee, appointed to consider the situa-
tion, adjourned after a three-hour ses-
sion without reaching any agreement.
The miners on Sunday presented a
demand for a \$2 a day increase for day
and month laborers and a ten-cent a
month increase for pick and machine
miners.

REQUEST BRAZEN,

Telephone Rates.
Mayor Church will move at the
meeting of the board of control to-
morrow that the city take an appeal
to the governor-general-in-council
against the proposed increase in rates
of increase of rates for 40 per cent.
increase of rates is now before the
railway board and notice has
been given by the Bell Telephone
Company that they are applying for
increases running up as high as 45
per cent. for flat rates and perhaps
100 per cent. business phone service.
"I intend to go to Ottawa and argue
this appeal before the cabinet my-
self," declared the mayor.

BEATTY CAUTIOUS
OVER NEW STATION

C. P. R. President Says An-
nouncement May Be
Made in Near Future.
The date of the opening of the new
union station is not yet determined,
according to President E. W. Beatty,
of the C.P.R., who was in Toronto
yesterday.
Mr. Beatty stated that his visit
concerned mere matters of routine busi-
ness, and was not to be taken as
significant of the opening of the new
station at an early date. An announce-
ment in this regard might, however,
be intimated, he expected in the com-
paratively near future from Superin-
tendent Kelly of the Toronto Termi-
nals.

GERMANY AGAIN
ENTERS A PROTEST

Objects to Cutting Off East
and West Prussia From
the Vistula.
Berlin, Aug. 16.—On receipt of a note
addressed to the president of the Ger-
man peace delegation in Paris regard-
ing the proposed demarcation in the
West Prussian plebiscite area, the German
government has instructed its repre-
sentatives in London, Paris and Rome
to present a note to the supreme coun-
cil and to the governments in the capi-
tals named, in which protest is made
against cutting off east and west
Prussia from the Vistula, according to
a semi-official communique published
here today. The note concludes:
"The government herewith solemnly
makes protest against the decision of
the supreme council, which must revo-
cated the assumption of any responsibility
for the consequences that will necessarily
ensue from the decision, it cannot recog-
nize the decision, which is incompatible
with the provisions of the peace treaty.
"The decision is in violation of the
tradition of the right of self-determina-
tion of peoples as it is of the economic
and geographical necessities of the
country."

Lord Mayor of Cork
Guilty of Sedition

Cork, Ireland, Aug. 16.—Terence MacSwiney, lord mayor of Cork, was to-
day found guilty by court-martial of having under his control the secret police
cipher.
MacSwiney also was found guilty of having a document in his possession
likely to cause dissatisfaction, namely, a copy of the resolution of the Cork
corporation, pledging allegiance to the Dail Eireann, or "Irish republican
parliament," and of having made a seditious speech on the occasion of his election.
The trial was conducted under the defence of the real act regulations.
The sentence imposed will be promulgated later.
Mayor MacSwiney was weak when called before the court, as a result of
his refusal to take food at the prison. He said:
"I am the lord mayor of this city and its chief magistrate. I declare this
court illegal and those taking part in it liable to arrest under the laws of the
Irish republic."

TOWN OF ST. MARYS
WELCOMES REIGNMENT
TO BOYHOOD HOME

Premier is Recipient of Public
Demonstration When Citi-
zens Honor Native Son.
ADDRESSES GATHERING
St. Marys, Ont., Aug. 16.—Arthur
Meighen, once of Blanshard town-
ship, and late student of St. Marys
College, returned today to the scenes
of his boyhood days as premier of
Canada. Guest of honor in a public
demonstration such as the Streets
Town never witnessed before, it was
plain, nevertheless, that to the people
of this district the premier is still
Arthur Meighen, and that to him St.
Marys is, first of all, the old home.
The town council and board of trade
had left nothing undone to show
honor to the native son of South Perth,
now called upon to direct the festivities
of his country. But the real recep-
tion, if one might judge from the pre-
mier's smiling face, came from the
men and women, who thronged in hun-
dreds after the parade this morning,
and again after the addresses this
afternoon, to press his hand and ex-
change a word with him about former
days.

"St. Marys is St. Marys still," said
Hon. Mr. Meighen, who closed the
address. "It is the old family home
and with it are associated memories that
can circle round no other place in the
world for me. This is the home of
my parents, the last to fade from the
mind; the home of earliest friendships,
the most sacred and the most precious
of all the home around which revolves
the memory of brothers and sisters now
very far away, and whose generation has
gone forever. In the two score and
more years since I left this place an
hour ago, time has done its work. The
furrow it has plowed has been deep
and the mark it has left lasting. But I
do not love that alters when it alters
finds."

Speakers of the afternoon, besides the
premier, were Mayor Brandon and Presi-
dent F. G. Sandercock of board of
trade, who presented the civic welcome
solidified into a golden key. Rev. D. J.
Egan of Stratford, a school teacher,
Martinet of London College staff, who
taught Arthur Meighen in St. Marys;
Hon. Peter Smith, provincial M.P.;
Dr. M. Steele, Ravistock, M.P. for
South Perth, and Major H. M. Mowat,
M.P., Parkdale.

Telegrams of regret at inability to at-
tend were received from O. L. (Roy)
Hudson and Hon. W. L. King.
Town Streets are Decorated.
The premier arrived in town at 1:35 this
morning and was greeted at the Grand
Trunk station by a great crowd. The
streets had been tastefully decorated with
flags and bunting, and a great crowd
of men was taken to the agricultural park,
on the flats at the head of a big motor
parade down the main street.
St. Marys' Cement Company Kilted
Band, which had headed the
parade, brought another procession to
the park this afternoon, and opened the
proceedings proper with the national
anthem.

Major Mowat to Stick
Major H. M. Mowat, M.P., Parkdale,
in a brief address, rippling with humor,
proved instantly popular with the
audience. His principal serious statement
was to the attitude of the Liberal Union-
ists in the house of commons.
"A statement has been made in the
press," he said, "that I desire to repudiate
it, that Mr. Meighen has been trying to
bring the Liberal-Unionists into the Tory
fold. Since we lined up with the Con-
servatives we have had nothing but
generosity and courtesy shown, and not a
word said indicating any desire that we
should change our ideas. There has
been a little cackling and also some
snickering and sniggering in the city
of Toronto. For my part I am going
to follow Hon. Mr. Meighen for the
rest of this parliament, at any rate."

HERE AT LAST.
A delayed shipment of Men's Straw
Hats, that should have been here in
May, was just received at Dineen's
today. They are all the highest grade
of English sailors, in the very latest
London styles, and, on account of the
scarcity, will be sold at half price—\$3.00.
Every hat in this shipment is cheap at
\$4.00. This means a serious loss to
the Dineen Company, which is the re-
sult of the congestion in the shipping
offices in England. Dineen's store is
146 Yonge street.

George was mentioned as being out of the question as far as McNair was concerned, he was most emphatic in his manner, his remark being: "Good God, man, could anyone tell revenge so far as to kill a baby?"

George F. Patton, McNair's counsel, also bore marks of the fray. McNair had three very noticeable bruises on his head and face.

Mayor Appala.

Just before midnight the crowd having not materially decreased in size, Mayor Foley mounted the dais, and made a public appeal to the crowd to disperse and permit British justice to prevail. He was repeatedly interrupted, one remark being: "British justice costs money. Give him to us. We can save a lot of expense."

Rev. Canon Fisher attempted to pacify the crowd. In his address he expressed his conviction as to the prisoner's guilt, but asked that the law be permitted to take its course, that the man was nevertheless entitled to a fair trial.

"Hand him over to us. We'll give him the kind of a trial he deserves," was the most determinate of hundreds of shouts, and another rush was made for the entrance to the building.

Shortly after noon today the town of Thorold presented a general appearance of a fair being in progress. Hundreds of men and boys occupied places of vantage around the N. S. and T. station, where David McNeal was expected to arrive from Windsor and take the preliminary hearing on the charge of murdering four-year-old Margaret Boucock.

The town hall was crowded at 1.30 p.m. with his wartime anti-peace propaganda. Wilson successfully played this game on the Germans and unseated the Kaiser. Then, however, he betrayed the German people. He won't succeed in betraying Russia in similar manner.

"Wilson's note to Italy," he said, "is on a par with his wartime anti-peace propaganda. Wilson successfully played this game on the Germans and unseated the Kaiser. Then, however, he betrayed the German people. He won't succeed in betraying Russia in similar manner."

"The preliminary hearing commenced before Magistrate Munroe without any other untoward incident."

**AFFRONTED LORDS, NOW BARRED OUT**

Prominent Irishman, Privy Councillor, Refused to Make an Apology.

London, Aug. 16.—Alexander M. Carlisle, a prominent Belfast Irishman, and a privy councillor, has been debarred from the privileges of the house of lords by a resolution passed by that body today. Action in the matter was requested by Earl Curzon, the foreign secretary, who declared that Mr. Carlisle's letter in reply to a demand sent him for an apology for an "affront" to the house "aggravated rather than lessened his recent insult to the lords."

Standing behind the rail at the steps to the throne when the house of lords passed the second reading of the Irish crimes bill on Aug. 9, Carlisle protested: "If you pass the bill you may kill England, not Ireland. No reply was made to him, and he left the house."

Earl Curzon, a few days later, acting on the request of the house of lords, sent a formal demand for an apology for "a serious affront to the dignity of their lordships." To this Mr. Carlisle sent what amounted to a refusal to apologize, saying that if he had offended he would be ready to make ample apology, but if it was solely regarded as an affront to the house of lords, then the case is different.

Mr. Carlisle's position as privy councillor gave him access to the space in front of the throne.

**SERBIA DECORATES FIVE CANADIANS**

Honors Mewburn, Fiset, Gwatkin, Biggar and Noel Marshall.

Montreal, Aug. 16.—Captain A. V. Sferovitch, consul-general for Serbia, has announced that decorations have been conferred on officers of the Canadian permanent force by the Serbian government, they are:

Major-General Mewburn, former commander of military units, Officer of the White Eagle of Serbia.

Major-General Sir Eugene Fiset, Grand Officer of Saint Sava.

Saint decoration on Major-General W. G. Gwatkin, chief of general staff.

Major-General Lyons Biggar, a recent pronouncement on Russia, while Colonel Noel Marshall, president of the Canadian Red Cross, is made a Grand Officer of Saint Sava.

It was gathered today that this list of decorations is not final and that the name of General Sir Arthur Currie is likely to appear among them in the near future.

**DR. KAPP SCORES THE WILSON NOTE**

Says He Betrayed Germany, But He Will Not Betray Russia This Time.

Berlin, Aug. 16.—President Wilson's recent pronouncement on Russia is designed to do the same thing to the Soviet regime as his anti-arms-trade notes to Germany did to the Kaiser, in the opinion of Dr. Wolfgang Kapp, German revolutionist leader, who drove the German government from Berlin March 13 this year.

Kapp, who was just returned from Moscow, where he discussed economic proposals with the Soviet government, predicts that "White Wilson succeeded in betraying the German people, he won't succeed in betraying Russia in similar manner."

"Wilson's note to Italy," he said, "is on a par with his wartime anti-peace propaganda. Wilson successfully played this game on the Germans and unseated the Kaiser. Then, however, he betrayed the German people. He won't succeed in betraying Russia in similar manner."

Von Kapp held that recognition by France of the Wrangel regime in southern Russia has served to vitiate all French claims of indemnity against Russia. As for the possibility of a Russo-German alliance, he hesitated beyond expressing clearly that Russia had proposed the most friendly relations with Germany.

"It is ill becomes President Wilson to assume his lofty tone about a discrepancy between Russian and German deeds," said Von Kapp, reverting to the subject of the American pronouncement on Russia. "Particularly does it not become him when there is such a breach between his own words and deeds. The peace we have today is as much like the words of promise as the peace of the past is like the promises of the past."

**TROOPS CONCENTRATING IN OCCUPIED ZONE**

Berlin, Aug. 16.—Concentration of large numbers of troops in the occupied zone of Germany is reported in a news agency despatch from Essen. Railway tracks in Alsace-Lorraine, it is said, are so badly cluttered with troops that they cannot be unloaded because of the crowded condition of the barracks, that there is much wrong routing and confusion.

Dr. Fretsch expresses the belief that French troop movements along the Rhine preface a military expedition with Poland as its destination.

A special despatch from Metz (55 miles west of Posen) states that the authorities at Posen are trying to exclude the swarms of Polish refugees from the city, and admit only official bodies from Warsaw, members of government departments and foreign missions.

**British Labor's Ultimatum Issued Merely for 'Display'**

London, Aug. 16.—Premier Lloyd George, replying to a question in the house of commons today, concerning Labor's ultimatum against war on Russia, declared that any attempt to dictate the policy of the government or parliament by industrial action struck at the root of the democratic constitution of the country and would be resisted by all the forces of the government's disposal. Loud cheers greeted the premier's reply.

Mr. Lloyd George asserted that the government's policy concerning Russia and Poland differed in no way from the Labor policy, and said: "This swinging there, and the hammer at the open door" by labor, was intended only for display.

**Will Aid Mannix' Mother To Visit Son in England**

London, Aug. 16.—Premier Lloyd George told the house of commons today that the government was prepared to give every assistance to the mother of Archbishop Mannix of Australia, who is in Ireland, to visit the archbishop in England, but that the government would not permit the archbishop to visit Ireland.

**TWO DEATHS IN WOODSTOCK**

Woodstock, Aug. 16.—(Special)—Amos Pemberton, a native of Harrisburg, Ont., died here at the home of his daughter, Mrs. M. Miller, this morning. He was 87 years of age, and until five years ago, had lived in the vicinity of Harrisburg.

The death also took place last night of Jennie C. Gordon, wife of William H. Gouin, this city, at the age of 88 years. She was born in West Zorra, Canada, and lived here for many years, and was married by her husband and two daughters.

**GOUIN WITH POWER CO.**

Montreal, Aug. 16.—Sir Lomer Gouin, former premier of the province and Quebec, has joined the board of the Shawinigan Water and Power Company as a director.

**SERBIA DECORATES FIVE CANADIANS**

**ARTHUR PATRIARCHE PASSES IN DETROIT**

Former Vice-President of Pere Marquette Railway — Spent Boyhood in Canada.

Windsor, Aug. 16.—Arthur Patriarche, dean of transportation in Michigan, former vice-president of the P.M. Railway, died at his home, 31 Palmer street, Detroit, today, of an illness of five months' duration. Mr. Patriarche was born in the island of Jersey, June 13, 1849. He came to America as a boy with his parents, who settled at Belleville. There he attended the public schools and later studied telegraphy. During the civil war he was operator at Hamilton for the Grand Trunk Railway.

Mr. Patriarche attained considerable notice for his protest against the diversion of waters thru the Chicago drainage canal about 20 years ago, contending that this would change the climate materially. It is a significant fact that many peach orchards have since been killed by the frosts.

Mr. Patriarche married Miss Charlotte Elizabeth McKelcan of Hamilton, Ont., in 1870.

**ARCHITECTS WILL DESIGN MONUMENT TO LAURIER**

Montreal, Aug. 16.—The Daily Star announces that architects and artists in Canada have been invited to submit designs for a monument to be erected over the grave of the late Premier of the Dominion, Sir John A. Macdonald, at the site of the National Library, Ottawa.

The competition is under the direction of a sub-committee of the National Library Commission of Canada.

In view of the fact that it is the government's intention to erect a statue to Sir Wilfrid Laurier at the site of the National Library, it has been decided that the monument shall not take the form of a statue but a simple, dignified monument, fitting his character and career. The first prize will be \$500 and the next two designs will receive \$200 each.

**NEW MYSTERIOUS DEATH REPORTED IN SASKATOON**

Saskatoon, Sask., Aug. 16.—The police here at present are investigating another mysterious death, as a result of the finding of Corp Nazaenko, 40, a rooming house proprietor, with a fractured skull in the basement of a four-story apartment building. The authorities think the man was assaulted on the street, robbed and then carried to the basement, where his body was placed on an overturned camp bed.

**Doctors Recommend Bon-Opto for the Eyes**

Physicians and eye specialists prescribe Bon-Opto as a safe home remedy in the treatment of eye troubles and to strengthen eyesight. Sold under money refund guarantee by all druggists.

**ARMORED SHIPS PATROL VISTULA**

Will Prevent Bolsheviki From Crossing River in Move to Encircle Warsaw.

Warsaw, Aug. 16.—An armored flotilla is patrolling the Vistula river, between the Warsaw and Thorn, to prevent the Russian-Bolshevik from crossing that stream in his movement to encircle this city. Many of these boats saw service along the Pripet and Dnieper rivers, some having been captured by the Bolsheviki, and moved to the Vistula by railroad.

Soviet cavalry is working westward along the Prussian frontier, and was reported at various points northwest of Warsaw today. These horsemen are a force of constant annoyance, many of them equipped with machine guns, and detachments following the tactics adopted by General Budenny on the southern Polish front in raiding districts, endeavoring to drive in behind the Polish lines and spread consternation among the peasants. Estimates of the numbers of these raiders vary, but it is reported there are several thousand of them, some of whom were infantrymen, who have taken horses from peasants and moved forward.

It is known the Bolsheviki had a cavalry division upon their extreme right, and it is this organization that has been making headway, and against which armored motor-boats and other fighting craft are prepared to battle in the event of the cavalry trying to force the Vistula, sever the Warsaw-Danzig railway, and possibly totally isolate this city from the outside world.

**WILDEST CLAIMS MADE BY AGENTS**

"BRAZEN REQUEST," MAYOR CHURCH SAYS

(Continued from Page 1.)

The stories told by noteholders of the Old Colony Foreign Exchange Company regarding claims made by its agents in London, said the mayor, were "brazen requests" for money. The company told him that the company was bonded for \$50,000, and had a deposit of \$50,000 in a bank in Quincy, Mass., where the noteholder lived, to back up its operations.

Another noteholder from Haverhill, Mr. Benton said, informed him that "an agent of the company told him on Aug. 10 that the company had just received \$3,000,000 from Europe, and that it had turned over a million dollars to the government to show its good faith."

Noteholders of this company and of the Securities Exchange Company, operated by Charles Ponzzi, who was still in jail tonight, continued to tell the attorney-general's office in large numbers today, and others made reports to the attorney-general by mail.

The office had examined enough unpaid Ponzzi notes to bring his liabilities up to \$2,100,000, and the tabulation is complete.

A sidewalk bearing on the State's deposit of \$125,000 with the Hanover Trust Company, Ponzzi's chief depository, which was closed by the state bank commissioner last week, was the appearance of a widow at the office of the state industrial accident board today with a cheque for ten dollars that bank. This represented her weekly allowance from a trust fund, granted her under the workmen's compensation law, for the death of her husband. She was informed that there was no way for her to cash the cheque until after the bank's affairs were straightened out.

Ponzzi's Liabilities \$5,000,000

Ponzzi's liabilities, as disclosed thus far in the audit of his accounts being made by Edwin L. Pridie for the federal authorities, were set today at \$5,000,000, exclusive of the 50 per cent. interest on loans which he had promised. His assets are problematical.

No move was made during the day to produce bonds for the release of Ponzzi or of the jailed officers of the Old Colony Foreign Exchange Co., Charles M. Brightwell, Raymond Meyers and Fred Meyers.

Tomorrow will be a hearing on applications for a receiver for Ponzzi's company.

CYCLE AND MOTOR COLLIDE.

Hamilton, Aug. 16.—An automobile, driven by Thos. Antonuk, 123 1/2 North James street, and a motorcycle, driven by Donald McLean, 22 Burlington street, came together at Barton and John streets tonight. The auto was damaged.

**NOMINEES OF DRYS FORMALLY ACCEPT**

Before an enthusiastic crowd of neighbors and admirers who overflowed the athletic field at Miami Military Institute, the Rev. Aaron S. Watkins, presidential candidate of the Prohibition party, and D. Leigh Colvin, his running mate, formally accepted their nominations, asserting the Volstead act, in their own words, is "terrible." Then they were to be up to Mr. Drury, and Mr. Biggs, and the government and the legislature which they control, to deal with the situation.

It is a fine state of affairs for a high constable to say that he is unable to do anything; all he can do is to sit quiet and say "Amen" to what a newspaper relates to be the state of affairs on roads in and out of Toronto, and The World believes.

Do the women of this province who now have votes intend to sit quiet after the confession of High Constable Phillips as to this "terrible condition of affairs?" Perhaps they will send a delegation to see Mr. Drury, Mr. Raney and Mr. Biggs. On Saturday last Major Bruntton, police magistrate for the county of York, sentenced one Alexander McKee to 30 days' imprisonment and ten lashes for assault on a young girl. He induced her to enter a car which he hired, and which bore to the city of Toronto, and then he took her to a house in the city, and there he assaulted her. High Constable Phillips, who was with him, reported that the girl was a body. High Constable Phillips, who was with him, reported that the girl was a body.

parties, and lodge complaints with the police. But in the name of heaven, are not the police for this very purpose, and do not they go out and patrol the cities to protect the public and get the names of those who break the law? This is a fine idea of police duty that High Constable Phillips has, that the public must be the police, and that the public must take the numbers, and that the public must pay the information and do all the prosecuting. What is Mr. Phillips for? To tell the public what a World reporter go in each car and see whether there will be any clean-up in a few days or not of the "terrible conditions" which he has reported.

If Mr. Phillips has not the money at his disposal for this purpose let him confess that neither the townships nor the county will give him the money to make the roads endurable for ordinary citizens. And if Mr. Phillips' men on the roads report every night with joy-riders, are so narrow that two vehicles cannot pass in safety, especially if one of them contains hooded men and women, let him go to the Hon. Mr. Biggs, commissioner of highways for the province, and tell the whole story that he cannot get the money from the municipalities; that the good roads we have are so narrow and so infested by disorderly people at night time that it is both dangerous for the public to go along these roads, and that the condition of affairs, to use his own words, is "terrible." Then let him go to Mr. Drury, and Mr. Raney, and Mr. Biggs, and the government and the legislature which they control, to deal with the situation.

It is a fine state of affairs for a high constable to say that he is unable to do anything; all he can do is to sit quiet and say "Amen" to what a newspaper relates to be the state of affairs on roads in and out of Toronto, and The World believes.

**MANITOBA HARVEST BEST IN FIVE YEARS**

"Tremendous Crops" Along Line of C.N.R. in Alberta and Saskatchewan.

Winnipeg, Aug. 16.—(Canadian Press).—Harvesting is now in full swing in all parts of Manitoba and eastern Saskatchewan, according to the Canadian National Railway's weekly crop report, issued today, and the grain now being garnered will yield a very generous return, the best in five years. Recent weather conditions have brought about backward crops that farmers thought three weeks ago would not pay for the seeding and cost of planting, but which will now give profitable returns.

Tremendous Crops Farther West.

There are tremendous crops in Saskatchewan and Alberta along the C.N.R. main line from North Battleford to Edmonton, and particularly in the Lloydminster, Vermillion and Vegreville sections. Wheat is standing on the fields four feet high, is heavily headed, and yields of 40 to 45 bushels an acre will be common. Harvesting will be common this week.

Conditions also continue to be favorable through the Edmonton district north and south and along the Saskatoon-Calgary line from Westlock westward. In Saskatchewan district, where the crops were despaired of during a very protracted dry period, there has been a remarkable improvement during the past fortnight, and fields that gave promise of but three to four bushels an acre in July will now turn out eight to ten bushels.

Great Harvest in Manitoba.

Southern and eastern Manitoba is in the midst of a splendid harvest. Fifty per cent. of the cutting has been done, and threshing is now in progress in several localities. Potage la Prairie, Gladstone, Neepawa, Dauphin, Carberry, Rosburn, Yorkton and Carleton Place are harvesting in fine swing, under favorable weather conditions. There will be fair to heavy yields of these famous grain-growing districts.

The Prince Albert district and the whole of the Carrol river country will have beautiful harvests.

Nature Favors the Experts.

There has been little damage or deterioration from any cause. A few localities report the appearance of rust on late grain, but it is not likely to do serious harm. The general outlook would indicate that nature has again fooled the experts and pessimists by turning the uncompromising conditions of a month ago into a highly satisfactory season.

**G.W.V.A. CELEBRATES IN TOWN OF MILTON**

Two Bands, Sports, Baseball Games and Public Dance Features of Reunion.

Milton Ont., Aug. 16.—(Special)—The second annual G.W.V.A. reunion closed today. It proved a big success. The G.W.V.A. band and the Henderson Kiltie pipe band of London, furnished lively music and lots of it. There was a lengthy list of sports, and many entries for each event. The principal event was the baseball tournament. Oakville won 5 to 1. Bronte beat Oakville 10 to 1. Bronte scored three 9 to 6 innings, thus breaking the tie, which was led in the ninth. Bronte captured first prize, \$25; Oakville second, \$15.

The grounds were swarmed with confidence men, with numerous games of chance, one man being apprehended, and is now in jail. The day ended up with a public dance on Main street, and a ball in the town hall.

**YOUNG TORONTO SOLDIER IS MISSING IN KINGSTON**

Kingston, Ont., Aug. 16.—(Special).—A Toronto young man, named Bannister, who was taken on the Montreal, one of the units here a few days ago, is missing, and is believed to have been drowned while bathing. He went in the water with a number of other soldiers, but wandered off by himself, and it is believed that he went down at a point where the river bed takes a sudden drop. His clothing was found on the shore, and no trace of him has been found. The river is now being dragged, with the hope of finding the body.

stronger forces. It is considered that the Polish troops occupying Thorn and Graudenz and distributed along the Vistula are ample to protect the Danzig communications from any danger.

Advancing in West Prussia.

Berlin, Aug. 16.—The Russian forward march is continuing and the Soviet forces have taken Lautsburg, Strauburg, Aldeobau, Lucken, Renden, Graudenz and Thorn, all in West Prussia, where strong resistance was expected, according to Allenstein despatches from the official communications of The Morgen Post.

Further south the Russians are outside Novo Minsk and the northern forts of Mladin. On the road to Novo Minsk the Russians have pushed farther to the south and taken the Polish forces on the Bug in the rear. The ring around Warsaw has a radius of 20 kilometers. Pletak, to the north-west of Warsaw, is the next goal of the Russians. The Soviet advance from Stropke, 21 miles north of Pletak, to Wroclawek is being continued.

Polish Communications.

Warsaw, Aug. 16.—Fighting at various points on the Warsaw front is reported in tonight's official communications. Radzymin, to the northeast of the capital, is again in Polish hands after an all-day fight. The Russians attacked on both sides of Radzymin, at Zegrezel and at Okuniew, less than 15 miles east of Warsaw.

The communiqué reports successes for the Poles in the region of Choina and Hrubieszow, to the east and southeast of Lublin, where the Poles took more than 100 prisoners, including the Russian chief of staff, and much war material. In the south, the Soviet forces took Sokal. Further southwest the Poles evacuated Brody, which previously had changed hands several times during the efforts of the Soviet troops to advance on Lemberg.

In the region of Szechowin, the communiqué states, the Poles took 600 prisoners and captured 120 truckloads of munitions and 80 truckloads of provisions. The communiqué comments on the "glorious conduct of our cavalry, composed almost exclusively of volunteers."

### OFFERS REWARD FOR ARREST OF MURDERER

Mrs. Harry Goldberg, mother of the boy who was fatally murdered on Saturday August 7, has offered a reward of \$500 to the person who effects the capture of the man who committed the deed. Robert McMurtry, who claims to have seen the murderer a few minutes following the tragedy, found a suitcase yesterday afternoon near the scene of the murder, containing a suit of working clothes, top shirts, socks, a razor, tooth brushes and two bottles of lintiment. So far as has been ascertained the razor showed no signs of improper use. This suitcase is now at Station No. 6.

**BABY'S BODY FOUND.** Wrapped in a skirt with paper as an outer covering, the body of an infant was found in the parcel check room of a local department store yesterday afternoon. There was no clue to the identity of the baby, and the body was taken to the morgue, where an inquest will be held.

### FIRST NIGHTS AT TORONTO THEATRES

Robins Players Open Farewell Week at Alexandra With Pleasing Comedy.

### PICTURES ATTRACT

The Robins Players opened their farewell week at the Royal Alexandra last night with the pleasing comedy of "Keep Her Smiling." The plot of the play hinges about a feather-headed young wife, who wishes for social position and undertakes to spend \$10,000 a year, although her husband, the expected moral is not pointed, as by a series of happy accidents the young wife is put in serious trouble. Henry Trindle is a cashier in the firm of Bland & Brackett. He is considered more honest than brilliant by his employers and their great competitor, Welbourne Otis. The role was amusingly and delicately rendered by Edmond Dwyer.

The feature photo play at Loew's Young Street, Theatre and Winter Garden this week presents Ethel Clayton in "Ladder of Life." It is a powerful love story, in which the popular star gets plenty of scope for her versatile talents. The story, which has been persistently proposed for marriage to Edith Parrish (Ethel Clayton) and has been persistently refused, is the story of a young girl who, with the frustration of the machinations of the villain comes the softening of Edith Parrish's heart and her final acceptance of her constant lover. The vaudeville turns include Kinraid Kilties, a party of twelve Scotch lads and lassies, who dance and sing the popular old Highland tunes. Monte and Lyons present a musical turn of undoubted merit. The De Lite girls are two dainty danseuses just out of Broadway, musical production. G. Swayne Gordon and company, in a delightful comedy sketch offering, "Oh With the Old Love," a comedy song, which will be a hit.

**"The Dumbbell" Score Again.** The soldier entertainers, "The Dumbbells," probably the greatest organization of its kind on the continent, are with us again, and the reception that was tendered them at the Hotel House last evening when they inaugurated their second season, was one that will live long in the memory of the individual members. It was the same jolly aggregation that delighted the patrons for five weeks last season and their performance last night of its delight, each act being presented with the artistic touch that shows the ability of the performer. Ross Hamilton and Jack Holland are a team that it would be hard to find their equals in the impersonation line; their makeup and the manner of the rendition of their numbers are well placed them in the same class as the famous Julian Eltinge. The ensemble work of the company is all that could be desired, and the solos of Bill Tennant and Bertram Green, whose songs on that occasion that it was several minutes before they could respond with an encore. The sketches were cleverly portrayed, and with such able artists as Ben Allen, Mr. Plunkett and Leonard Young, all the comedy was brought out in first-class style, nothing being overdone. It is a real first performance. The company is still under the supervision of Capt. Plunkett, and he is now preparing a new program, which will be in readiness before the company leaves the city for its all-Canadian tour. During the engagement at the Grand, matinees will be given on Wednesday and Saturday.

**Good Bill at Shea's.** Leona Marx, lightning telepathist, and the Kitajima Trio, contortionists and acrobats, tied for place at yesterday's matinee at Shea's Theatre, with Adelaide Bell, danseuse, in a series of sketches, which were very popular. The comedy was full of fun and was most heartily applauded by the large numbers, who witnessed it yesterday. The part of the giddy spouse, taken by James Rennie, is also well worth witnessing and provided not a few of the many laughs provoked in this mirthful screen comedy. In addition, the presentation of the "Strand Review" bright breezy film, entitled "Freaks from the City" and other pictures, affords ample entertainment and instruction for the most exacting.

### LITTLE LIGHT UPON GOLDBERG MURDER

Witnesses Testify to Seeing Man of Suspicious Appearance in Vicinity.

At the morgue last evening the inquest was opened to enquire into the death of the eight-year-old boy, Philip Goldberg, who was brutally murdered in High Park on the afternoon of Saturday, August 7. Dr. Rowe, assistant coroner, presided. Evidence of medical men presented to the jury amply demonstrated that the unfortunate boy had been the victim of a gross outrage and that he had been mutilated by his assailant. The coroner testified that he performed the postmortem on the dead boy and told of the wound inflicted on the body. There were cuts across the throat which practically severed the windpipe; there were five wounds on the left side of the head; and there were fractures of the skull. The doctor told of the injury done to the boy when he was viciously attacked by the assailant, showing conclusively, in his opinion, what had happened to the unfortunate youngster. There was little hemorrhage in the skull. The condition of the boy here in this city of Toronto, whether responsibility for a young girl's safety and welfare when she has no home, rests upon her employer, or whether it lies with the municipality or whether it is to be left to fate, are questions that have not been settled yet.

**"Ladder of Life" at Loew's.** The feature photo play at Loew's Young Street, Theatre and Winter Garden this week presents Ethel Clayton in "Ladder of Life." It is a powerful love story, in which the popular star gets plenty of scope for her versatile talents. Swayne Gordon and company, in a delightful comedy sketch offering, "Oh With the Old Love," a comedy song, which will be a hit.

**Laughs at the Regent.** Patrons of the Regent will have a good laugh this week at the expense of the ambitious mammas who jump with both feet into all kinds of ridiculous situations so long as they can see a chance of putting another rung of the social ladder below them. "Jack Straw" is the name of the picture. Mr. Straw, a very nice man, whose lady-love became suddenly ill, went to the proving up of Dad's oil lands in California. He bridged the new gulf between them by posing as an aristocrat, and the lady, who was a social leader below them, was to have a laugh on mamma. The young lady's mother, who did not know the actor as an ice man, went after the lady like a trout after a fly, announced him from the house-tops as her guest, and in the midst of all the demonstration the faker was exposed. The Regent orchestra gives a good program this week, and there are some splendid pictures of the Prince of Wales in Australia. The management are also presenting reels of the reception tendered the new federal premier of Canada, Hon. Arthur Meighen, in Portage la Prairie, his home town, a few weeks ago. The comic reel is also a good feature of the program.

**Position of Body.** Witness said that the boy's body was about 14 or 15 feet from the railings. The grass underneath the body was stained with blood, but not any other patches of grass.

**Asked by Captain Armour, K.C.,** who conducted the inquiry for the crown, witness said that his official military number was 224NCC and handed his identification button to the crown attorney for inspection.

The crown attorney having read the inscription on the button, informed the witness that the number was 225. Witness said he might have come across the man while overseas, but he had seen so many he could not say definitely where he had seen him.

In reply to a question by a juror, witness replied that the man was in a hurry when he called to him.

**P.C. Morrison, No. 220, Inspector James Reeves of No. 6 station, and Detective-Sergeant Nicholls gave evidence as to the activities of the police after they learned of the foul deed.**

### HER EMPLOYERS DIDN'T CARE

When pay day came the cashier handed out the envelopes through the window of his glass door.

The girls passed by and signed the wages receipt book. After that, the company considered its responsibility at an end. If a girl couldn't live on her wages, let her go to work somewhere else. It was the system everywhere. Business is business.

She had not been employed there very long. As a beginner perhaps she wasn't worth very much. But she was human and she had to live.

Her father had given her a little education. Her mother had taught her the little refinements of life. She had natural taste in dress. But she was too young, too pitifully inexperienced to be alone and self-dependent in a big city.

Where is a young girl like that to find the innocent fun and the wholesome social pleasures a happy young girl by law of nature craves? What is she to do with the ache in her heart when such innocent joys are denied?

Many a life tragedy might have been saved by a little true kindness to a lonely young girl in a big city—and right here in this city of Toronto. Whether responsibility for a young girl's safety and welfare when she has no home, rests upon her employer, or whether it lies with the municipality or whether it is to be left to fate, are questions that have not been settled yet.

The time would be about 2.40. When he learned of the tragic occurrence about 4.30 he recalled having seen a man of medium height who wore a brown suit. His face was brown and gave the impression to witness that he had been working in the sun. He had on a kind of khaki suit and witness came to the conclusion that the man was employed with the Hydro gang, who were working in the neighborhood. He was an ordinary built man, clean shaven, the witness did not notice the color of his hair. His features were round and witness thought he could identify the man again.

### HYDRO MEETING DURING EXHIBITION

Will Discuss Attitude of Provincial Government Towards Hydro-Electricity.

The pro-Hydro-electricity province will hold a meeting in Toronto during the exhibition towards the Hydro Commission by the provincial government. The meeting is to be held at the Ontario Hotel, starting with a meeting at 10 o'clock, and continuing through the afternoon. The meeting is to be held at 10 o'clock, and continuing through the afternoon.

It was the system everywhere. Business is business. She had not been employed there very long. As a beginner perhaps she wasn't worth very much. But she was human and she had to live.

Her father had given her a little education. Her mother had taught her the little refinements of life. She had natural taste in dress. But she was too young, too pitifully inexperienced to be alone and self-dependent in a big city.

Where is a young girl like that to find the innocent fun and the wholesome social pleasures a happy young girl by law of nature craves? What is she to do with the ache in her heart when such innocent joys are denied?

Many a life tragedy might have been saved by a little true kindness to a lonely young girl in a big city—and right here in this city of Toronto. Whether responsibility for a young girl's safety and welfare when she has no home, rests upon her employer, or whether it lies with the municipality or whether it is to be left to fate, are questions that have not been settled yet.

**We Want Employers to Help Settle It.** Help us enlarge Willard Hall to provide a proper home for young girls away from home during the critical period while they are struggling to get their first foothold in the city's business or commercial life. Be generous when our canvassers call.

Sidestepping the Issue.

Premier Drury in his speech at Sandbanks complains of the Ottawa government putting off the referendum under the Scott act until April.

Mr. Drury says in effect that the Ontario temperance act cannot be enforced and might as well be abandoned.

The Ontario temperance act was copied slavishly from the Hugh John Macdonald act, which the imperial privy council declared to be infravires of the Manitoba legislature.

Under present conditions, private capital will not invest in the construction of apartment houses and family residences.

If the law be lame, let a special session of the legislature be called to amend it, but the responsibility is upon Premier Drury and the provincial government.

And He Whistled the Same Old Tune. Public men are liable to be accused of anything, but our talented Young friend, Hon. Mackenzie King, will never be accused of versatility.

Mr. King cries for an election, and like the baby in the bathtub reaching for the cake of soap, he won't be happy till he gets it.

Nothing more disastrous could happen to Mr. King than a general election. It would result in his losing his seat in the house of commons.

Two miles from the corner of Bloor and Yonge streets, and thirty minutes by street car to King and Yonge streets, adjoins the beautiful residential section surrounding Grace Church.

Their only possible hope is a merger with the more powerful Farmers' party after the election.

We do not say for a moment that the government will have any walk-over at the next election.

Let Mr. King not worry over much about an election. It will come soon enough. Let him rather get ready for an election, and especially find for himself some district to represent in the next house.

Governor Smith of New York has convened the legislature of that state in extra session, for the purpose of dealing with the housing problem.

Plans for only one apartment house and one dwelling were filed in Manhattan in July, compared with plans for five theatres, 115 garages, and three loft structures.

Under present conditions, private capital will not invest in the construction of apartment houses and family residences.

A remedy might be found in the adoption of the single tax, although some people would think the cure worse than the disease.

Public men are liable to be accused of anything, but our talented Young friend, Hon. Mackenzie King, will never be accused of versatility.

"Can't I see?" said Hampton, writing out of Lee's hands, on his way to the door. "You bet I can see! If you and Carson think that you can run me—"

Then, for good and all, Lee gave over trying to reason with Hampton. There was too much to be done to waste time. He drew Hampton back, forcing him against the wall.

"Bring out three horses, Tommy," Lee commanded, giving no explanation. "Hurry, and keep your mouth shut."

"Get into the saddle, Hampton," said Lee sternly. "There's no time for nonsense. Get up or I'll put you up."

WANT COMPERS FOR LABOR DAY AT FAIR

Industrial Section of Toronto
Desire American Leader
at Exhibition.

According to a communication re-
ceived yesterday by Publicity Man-
ager Joe Hay of the Canadian National
Exhibition, local labor has de-
cided to invite American compers, president of
the American Labor union, as one
of its attractions for Labor Day. The
decision is by no means unanimous as
Mr. Gompers' invitation has been
sincerely opposed by the alleged
radical element in local labor circles,
who at a meeting of the district
council, succeeded in passing a
resolution declaring their opposition
to the American leader's visit.

The more moderate party have been found,
however, to be in the majority, and in
their communication yesterday to Mr.
Hay they stated that if Mr. Gompers
was not brought to Toronto by the
Exhibition officials they would them-
selves arrange for his visit and have
him speak in High Park or some other
public place.

Governor Lowden of Illinois, whom
the Canadian National Exhibition di-
rectors had invited as their speaker
for American Day, sent word yester-
day of his inability to be present. The
officials greatly regret the circum-
stances which prevent the governor's
visit, but state that they are making
arrangements to secure an equally
prominent American and one equally
welcome to Canadian citizens.

Captain C. Trundle of the Royal
Canadian Mounted Police arrived in
town yesterday and immediately got
in touch with officials of the Canadian
National Exhibition with a view to
completing the arrangements for the
visit to the big fair of the mounted
men. At the present time it is ex-
pected that the mounted detachment
will conduct on the grounds under
the Canadian Mounted Police. A social
evening about five hundred who had
crossed the Atlantic on the C.P.O.S.
steamers Corsican and Tunisian.
Among those who crossed from Lon-
don on the Tunisian were: N. G.
Barker, Capt. J. E. Boyd, H. Corbett,
Pte. R. Edmond, Mr. and Mrs. H. Ed-
wards, Mrs. Miss and Master Ellis,
Miss L. Greenough, Miss E. Hayward,
G. A. Johnston, Mr. and Mrs. C. and
Miss Kulysinski, Capt. C. Mackie, D.
T. McIntosh, Supt. W. J. Rooke, Capt.
J. L. McStuart, H. Thompson, Mrs.
M. and Master Woolgar, Mrs. S. W.
Warner, all of Toronto.

The following Torontonians were
passengers on the Corsican from Liverpool:
Miss D. M. Armstrong, Mr.
and Mrs. A. J. Boughton, W. Casse-
mont, Mr. and Mrs. J. Colocott, Mr.
and Mrs. T. I. Coonan, Mrs. A. Crook-
hall, Mrs. D. H. Heston, Mrs. E. M.
M. and Master Hollis, Mrs. E. M.
Lynn, Mrs. H. the Misses and Master
Stephens.

The World has received the follow-
ing communication:
The attention of the president of
the American Bar Association having
been called to statements in the press,
chiefly in headlines, to the effect that
the American Bar Association has ap-
proved a new treaty, including the
league of nations covenant, without
amendments, the president of the as-
sociation announces that the state-
ment is incorrect. The association has
no time considered or passed upon
this question, and is not committed to
any view of the present controversy.

The new items upon which the
erroneous headlines have been based
relate to a majority report which was
presented to the executive committee
of the association in Boston in Sep-
tember last, and upon which the com-
mittee took no action. The news items
correctly state that the majority re-
port was signed by three members of
the special committee, while two
members stated that they were unable
to concur therein, and thus the mat-
ter stands.

ROUND HOUSE TO HANDLE REPAIRS

Seven Hundred Men Are
Now Employed and Num-
ber May Be Augmented.

The roundhouse at the Canadian
National Exhibition at Leaside was
recently opened to handle repairs to
No. 1 and No. 2 locomotives, former-
ly done at Rosedale, Trenton and
Rideau shops. A scrap den is also un-
der construction for all cast-off metal.

According to Superintendent O.
Grant, sixteen coaches and eleven en-
gines are repaired at Leaside and turned
out again each month.

About 100 men were recently taken
on, making the total staff in all de-
partments 700, a number likely to be
increased to 1000 before the end of the
year.

The yard tracks are being graded,
and new service tracks laid from the
car shop.

The question of housing the men is
under consideration. At present a train
of four coaches is required for trans-
portation between Leaside and North
Toronto C. P. R. station twice daily.

It will be necessary to put up houses
or get a street car service to Yonge
street to keep the men satisfied.

Two hundred dollars damage to
the building and a hundred dollars dam-
age to contents, was the sum total
of loss occasioned by a fire which
partially gutted the offices of Wickert
& Smith, 71 Lombard street, refiners,
yesterday.

DOMINION RIFLEMEN OPEN OTTAWA MEET

Entries Fewer Than in Pre-
War Year Contest, But
Shooting is Good.

USE LEE-ENFIELD
A. Wilson, of Thirty-Eighth
Regiment, Wins the Mc-
Dougal Cup.

Ottawa, Aug. 16.—(By Canadian
Press.)—The first day's shooting at
the Dominion of Canada Rifle Com-
petition's meeting was very successful.
The shooting itself, considering there
are only 287 entries as against 730 at
the last meeting in 1914, was good
in the three matches decided. In the
MacDougal match, at 200 and 600
yards, the first range of which is fired
in the morning, the competitors com-
plained of a poor light, and some of
course, complained of the new Lee-
Enfield rifle. Most of the older shots
are satisfied with the service condi-
tions, but there is the bigger com-
plaint of a poor light, and some of
course, complained of the new Lee-
Enfield rifle. Most of the older shots

tions, but there is the bigger com-
plaint of a poor light, and some of

Present Portrait of Sergt. Clifford.
Another visitor was Sir Sam
Hughes, an ex-president of the asso-
ciation who presented Major-General
E. W. Wilson, the present president,
with a large portrait of the late Sergt.
W. J. Clifford of Hamilton, winner in
1911 of the King's Prize at Bisley.
Sergt. Clifford was a victim of German
bullets, but before leaving for overseas
he presented a handsome mahogany
chair and carriers to the D.R.A. that
next winter of the Governor-General's
prize might be duly chaired around
the range as the custom with the
winner of the big honors at Bisley.
The last wishes of Sergt. Clifford will
be duly carried out.

The MacDougal Match Scores.
The MacDougal Match produced
some good scores, but the lower ones
were low indeed, due to the much
smaller number of competitors. This
also would cause a loss of anything
from \$5,000 to \$8,000 to the D.R.A.,
taking into account increased wages
and a much decreased receipt from
the regular and extra series entries.
The leading series in the completed
matches today were: The scores for
the Harold L. Gordon match, a rapid
fire competition at 200 yards, not be-
ing announced owing to some errors
made in the tickets returned to the
statistical officer.

McDougal Challenge Cup, ranges 200
and 600 yards, seven rounds at each
range.

NEW TORONTO MANY APPLICANTS FOR POLICE DUTY

A large number of applicants wait-
ed on the New Toronto council at a
special session held last night, in con-
nection with the additions to be made
to the police force. It is believed
suitable selections were made.

The session, which was private, was
held to investigate, it is stated, some
factory conditions existing in the
local Hydro and water depart-
ment. It is understood that a satis-
factory understanding was reached in
connection with the investigation and
measures introduced to eliminate any
further dissatisfaction in the system.

A children's garden party, held at
the residence of Mrs. E. Lumley, New
Toronto, was an attractive feature and
raised a considerable sum of money
to be used in the funds of the local
L. O. L. Century Lodge, New Toron-
to, in connection with the proposed
building of a new hall.

The event proved a big success,
about 150 local children being present
and taking part in the program of
sports and games. The prize-winners
included: G. Pavein, B. H. Cambray,
Hazel Mander, S. Lucas and S. Brig-
house.

A musical program was furnished
by Miss Florence Clarke, vocalist, and
W. Newlands, violinist. Besides the
entertainment the event attracted a large
number of adults, and the refreshment
and amusement booths were taxed to
capacity, resulting in considerable pro-
ceeds for the object in view.

About 800 men, comprising the night
shift workers of the Goodyear tire
and rubber plant at New Toronto are
to be laid off according to a state-
ment made by President C. H. Carlisle
yesterday afternoon.

Mr. Carlisle is stated to have said
there have been no differences over
but that the present curtailment of
labor is due to over-production, and
that the situation is being corrected
by a return to normal conditions from
those of the past few years, which, he
asserts, have been artificial and un-
stable. An alternative to the cutting
of the night shift would have meant
only a four-day week for the whole
plant; under the present project
some 2000 to 2500 men will be retained
on full time.

Mr. Carlisle gives the probable date
of the resuming of full time operations
as the beginning of the year and is
confident that there will be no further
curtailment.

Keeping pace with the steady growth
and the importance of the live stock
industry in Ontario, the management
have year by year added to the pre-
mises list of the Toronto Fat Stock
Show, and the list for the 1920 show,
at Hallam, near Doyoncourt, west-
splendid line-up of cash and trophy
prizes for all classes and ages of live
stock. One of these lists may be ob-
tained on application to the secretary,
Box 655, West Toronto.

NOT FREE TRADERS

Editor World: In my letter of the
15th inst., which you kindly published,
I ventured to predict that the Libera-
l party, if in office, would not be free
traders. I have just now read in your
excellent newspaper an account of
what the Liberal leader said on Satur-
day, after addressing those assembled
at the Liberty picnic, and my predic-
tion seems to have been quickly verified.

Free trade does not admit of mod-
erate protective tariffs to help the
manufacturers of one country against
another, or to support industries that
are languishing. It throws open the
trade of a country to the whole world.
Under free trade you buy cheaply,
and if your native manufacturers can-
not produce goods at a sufficiently low
price to compete in the open market,
the simple result is that the native
manufacturers must shut up shop.

When a man talks of giving mod-
erate protection or support to home
industries, he is not a free trader. My
experience of Canada, which is of
about 38 years, leads me to believe
that Canadians are not at heart free
traders. I remember what happened
24 years ago, after we had put in a
free trade government. Therefore, I
say, the Liberal party is useless from
free trade policy.

I will not dispute what you say in
your editorial this morning as to "How
to Make Our Canadian Dollar Worth
a Hundred Cents in the United States."
I only repeat that the gold is not here
to redeem the paper.

I would also point out that the in-
terest on Victorian bonds is supposed to
be paid in gold, but is it done?

I assert that we are approaching a
crisis in Canada, and that our finan-
cial position is very much worse than
our rulers, our press, or our bankers
admit.

SCARBORO COACHES TELESCOPED IN RAILWAY SMASH

Three empty coaches of a standing
G.T.R. train were telescoped in a
head-on collision near Scarboro on
Saturday afternoon by a fast fruit
train traveling west. No one was hurt
and many Scarboro families have
solved the winter's fuel problem with
the quantities of wood gathered from
the scene of the wreck near Warden
avenue.

The proceeds in connection with the
forthcoming Hydro rally at Scarboro
will be devoted to the G.W.V.A. Scar-
boro branch club house fund.

With 2300 cattle on sale the demand was weak for all classes except power-of-good and choice butchers, and a few choice heavy steers. Common and medium light-weight butchers were slow of sale and a large percentage were held over unsold. A fair demand for good and choice butchers, medium and common cows were hard to sell.

Mining Market Undertone Good, But Trading is Still Quite Limited.

The standard mining exchange opened unchanged on Saturday. Bidders were present for all the active stocks at Saturday's closing figures, but the early offerings were mostly broken board lots. Outside buying was light and the shares offered seemed to be picked up by inside interest for the most part. The market for re-processed ore was quiet, with the French out-look being the only one showing activity. BIDS ARE FIRMER FOR LOCAL STOCKS

Montreal Speculation Has Had an Influence on Purely Domestic Issues.

The zip has been taken out of the speculation on the Montreal Exchange, and outside traders are gradually weaning themselves away from the market because of the compulsory slow-down. The market climbed on sentiment more than anything else, and this sentiment has been badly shattered. The Toronto stock market was involved only to a limited extent in the Montreal campaign, but the interlocking has resulted in depressing this market more perhaps than would otherwise have been the case.
