Towards the latter end of the month the case of Peter Johnson, age 6 - under Doctor's supervision over six months for sending to the Le Jack Industrial school to join his brother and sister there- was again taken up. Dr. Roth was now able to pass the child and therefore the necessary steps were taken to complete this desired end. Le Jack school was wired for acceptance, which was granted, and the necessary warrants and papers made out. A report on this school admittance case has also been submitted under separate cover. This action frees his father Davey Johnson, who since his wife died seems to have lost all energy to exist and was not capable of looking after his small and very decent son. Davey has now been told to get out of town and earn some revenue by trapping on this registered trap grounds and is granted no assistance.

LEJAC INDIAN RESIDENTIAL SCHOOL

GENERAL REPORT

FOR QUARTER ENDING MARCH 31st., 1940.

ATTENDANCE.

We still have over 180 children in the school. This condition will probably continue until the end of the current school year. But, since we have been so far unsuccessful in obtaining an increase in pupilage, and have been deprived of three supernumerary pupils in reprisal for having tried to obtain an increase, we shall have to reduce the number of children next year.

It seems to us that the easiest way is to raise the entrance age from 7 years to 8. Thus, we will not accept any new pupils next fall, and thereby bring the number of children down to about 165.

MORALE.

The children seem to be quite happy and contented. So, far we have not had a single runaway this year. The only real trouble we have is with three children who were committed to my care by the Juvenile Court. I accepted them in order to save them the alternative of being sent to the Reformatory.

HEALTH.

We have been singularly fortunate in this regard, and have had very little sickness of any kind. One girl had to be sent to Kamloops for eye treatment, one boy broke his leg, and another had an infected hand.

There is now a doctor at Fraser Lake who acts as Medical Officer for the School. We have not had an emergency for him as yet; but I must confess that I am not particularly impressed by him, and have not a great deal of confidence in him.

LIVESTOCK.

The farm animals are all doing well, and we look forward to a substantial increase in the number of cattle and sheep this spring. We have now about 60 pigs in the new piggery. Due to a small fire we lost about 250 hens by suffocation. This loss was mitigated by the fact that they were the oldest birds and the decrease in egg prices.

CROPS.

Preparations are already being made for the coming season. Most of the seed is already in hand; and there are about 10 acres more of newly broken land to be brought into cultivation this spring.

Dear Sir:

In view of the fact that the grant for this quarter is often considerably delayed, if a similar delay is to occur this year, I earnestly request that the Indian Department favour me by sending me an advance of about $4,000.00 on the grant. This will be of great assistance to me in settling some of my outstanding accounts.

Dear Sir:

With reference to the March quarter return of the Lejac Residential School you may inform the Principal that the discharge of the following pupils is approved:

Antoine Ketla
Frank Qwa
Leon Prince
Johnny P. Michel
Isaac Todd
Enoch Robert
Celina W. Austin
Marian J.M. Joseph
Cecilia Peter

This return shows the name of Mabel Bramford, No. 0136, who is stated to be 16 years of age. Please let me know if it is the intention of the Principal to discharge this girl at the end of June, 1940.

Twenty-one days' grant was deducted from Stephen Jael, No. 383, as the Department paid for his maintenance in hospital for the period January 13 to February 3. Please point out to the Principal that when a pupil is placed in a hospital per capita grant should not be requested as the Department is obliged to pay for the pupil's maintenance in hospital.

Dear Sir:

With reference to your letter above indicated, I wish to say that I intend to keep the girl, Mabel Bramford, #0136, in school for a further two years as is provided for in the Indian Act, sect.10, art.1; with the consent of the General Superintendent, which I hope can be obtained by your recommendation.

This girl is an orphan, and has absolutely no place to go if she leaves school. Her sister is an undesirable character, and her Brother does not want her. So, in my estimation, it is for the best interest of this girl that she remain in school, until I can find a suitable place for her.

As regards the twenty-one days' grant deducted from Stephen Jael. I did not deduct this period, as I usually do, because of the fact that I have 184 pupils, and am only receiving the grant for 160, I thought that it did not make any appreciable difference. Therefore, I was not asking the for the per capita grant for this boy for the time that he was in the hospital, since it does not affect the average attendance in point of view of the grant.

Dear Sir:-

I would like to have Mary Magdalene Pierre, age II years and Bertha, age 9 years, orphans of the Fort Grahame Band admitted to the Lejac Indian Residential School. These orphans now reside with Isadore Joe, North Takla Landing Indian Reserve. I visited this family recently and would report the home is indescribably filthy and positively unfit for youngsters to live in. Miss Finan the teacher at Takla Landing Seasonal School states the girls are quite bright and anxious to go to the Residential School and get away from their present surroundings.

The Rev. Principal has a full quota of pupils for the coming school year, but he is willing to accept the two girls providing they can be admitted as supernumerarys covered by grant and their transportation paid from Takla Landing to Vanderhoof. Transportation costs would amount to approximately $I2.00 each. Both girls have been medically examined, Bertha has a huge goitre which should be attended to otherwise their health is satisfactory.

I am convinced the best place for these orphans is in the Residential School and would recommend, if possible, that the school grant be increased to cover maintenance and the expenditure authorised for their transportation to school.

Dear Sir:

I am in receipt of your letter of the 22nd instant, with reference to two orphan children of the Fort Grahame Band whom you consider require institutional care.

Owing to the reduction in our Appropriation for tuition grants, it is not possible to allow payment for supernumeraries during the current fiscal year. The two children whom you mention appear to be very deserving cases and it is felt that the Principal of the Lejac School should make some arrangements to accept them even though supernumerary grant is not allowed. It is quite possible that there are a number of children in the school who could be discharged and in this manner vacancies would be created for those actually in need.

AGENT'S REPORT ON STUART LAKE AGENCY FOR SEPTEMBER

LEJAC INDIAN RESIDENTIAL SCHOOL

School commenced on the 3rd instant. The Rev. Principal reported 54 absentees on the 16th.; an unusually large number. I regret that it was necessary to call Corpl. Fielder of the local Detachment of R.C.M.Police to round up the truants. To date 25 truants have been returned to school and it is expected the remainder will be in school shortly. The Indians offer a number of excuses for failing to return their children to school. but I think the chief reason is that the Principal inadvertently and unbeknown to this office advertised through the Missionaries that the pupilage would be reduced from 200 last year to 150 for this year.

The Department under letter No. Cir- 502-1000 May 22nd. 1940 advised that a reduction in the School Grant was necessary and that there would be no objections to reducing the pupilage to conform with the grant.

I feel sure the Indians took advantage of this statement as an excuse to keep their children at home. It would have been better policy to keep silent about the reduction until after the opening of school and then weeded out a number to conform with the pupilage desired.

The patrol up the Lake was made by Ind.Dept.Launch with Mr.G. Hamilton hired as Pilot and Guide. Sept. 23rd to Sept.25th. was spent at Tachie and Portage Ind.Reserves interviewing parents of absentee children and making arrangements for the transportation.

(4). Gasoline and Motor Oil issues were made to parents bringing their children to Ft.St.James and on the morning of Sept.26th. I left Tachie together with (5) Indian motor boats bringing (10) school children from Tachie (5) from Portage and (4) from Trembleur Lake. Without untoward incident we all arrived at the Ft. at 11 A.m. the same day. I remained with the Children until 5.30 P.m. and turned them over to Father Simpson,O.M.I. on his arrival there with the necessary transport for the children to be taken to LeJac. Following this procedure I returned to Vanderhoof arriving at 8 P.m.

(5). Including three children collected at Ft. St.James Reserve a total of (25) have been returned to School todate.

(6). It is evident among these northern Indians that they care little or nothing about sending their children to school for several reasons verbally outlined by me to the local Ind.Agent who in turn has transmitted them to the Priest Father Simpson who holds the position of Principal at LeJac Indian School.

(7). Free transportation by boat was obtained.

(8). No crime was encountered during this patrol or Complaints of a serious nature received. Copy of this report handed to the local Ind.Agent together with a list of Gasoline & Motor Oil issues to Indians, and a list of Twine and clothing issues to Indians.

Expenses shown on Fm 93.Period Sept.15/30th.1940.

Dear Sir:

The Department finds it necessary to return your voucher No. 15. In official letter of May 13 last you were advised that an amount of $70.00 would be allowed toward the transportation of children to and from the Lejac School. However, before payment of this amount can be made it will be necessary to forward receipts amounting to at least $70.00. The receipt attached to the enclosed voucher only amounts to $32.15. The account of $120.00 is not receipted.

Yours truly,

Philip Phelan,
Chief, Training Division.

Memorandum:

THE SUPERINTENDENT

WELFARE AND TRAINING DIVISION

Correspondence on the file hereunder shows that Peter Johnston was admitted as a pupil to Lejac School, while having congenital syphilis. This, apparently, was overlooked in his medical examination. If he was properly examined before entering the school this condition should have been drawn to the attention of the Department. I can see no reason why he could not remain in school and receive treatment, particularly as he comes from a remote area in the Stikine Agency where he would not be able to get treatment. It is contrary to our policy to provide hospitalization for such cases.

LEJAC INDIAN RESIDENTIAL SCHOOL.

GENERAL REPORT

for quarter ending December 31st., 1940.

ATTENDANCE.

The return of a considerable number of children at the beginning of the quarter brough up the number of the children to well over the number allowed for in the per capita grant. We expect to receive a few more destitute children at the beginning of the new year.

Morale.

All of the children are in very good spirits, and very little trouble has been experienced with them. So far, there has not been a single attempt to run away from school, every one of the children seems to be quite satisfied.

MANUAL TRAINING.

This is proceeding along the customary lines; carpentry and farm instruction for the boys: and the usual household work for the girls, combined with instruction in spinning, carding, rug-making, dressmaking, and the making up of articles for the Red Cross.

HEALTH.

The general health of the children is very good, and very few have had to stay in bed at all this quarter. The exceptions are four or five who have been suffering with acute tonsilitis; we are waiting for the doctor to make arrangements to have tonsilectomies performed on several of the children.

Livestock.

All of the animals are in good shape, and the numbers remain about the same. Our herd of Holstein cattle is consistently maintaining the best record in the district for the production of butter fat and poundage of milk.

Dear Sir,

re- Application for Admission to Lejac Residential School.

I attach hereto an application for admission to Lejac Residential School of Emelia Dennis, Indian of the Moricetown Band.

The mother of this child is dead, and although the father has married again, the step-mother and child do not get along well together.

Prior to her being admitted to Lejac School, which was done without notifying this office, she attended the Moricetown Indian Day School regularly.

For the benefit of the child I would recommend that this application be approved.

May I ask if it is in order for children to be sent to school prior to the Department's approval?

Dear Sir:

I have your letter of the 19th instant with regard to Indian Agent Mallinson's interpretation of the Department's wishes regarding the admission of pupils to residential schools.

The statement made in the second paragraph of your letter is correct.

As regards Mr. Mallinson's reference to the Edmonton School the circumstances surrounding the admission of children to that school are entirely different from those affecting the Lejac Residential School.

As you have already advised Mr. Mallinson, it is not always possible to have a child medically examined before admission to a residential school. You may, therefore, inform him that the information contained in your letter to him of February 11 is correct.

Dear Sir:

I beg to advise that there appears to be some confusion on the part of Mr. Indian Agent Mallinson in respect to his interpretation of the Department's wishes regarding the admission of pupils to Residential Schools insofar as the medical examination is concerned, and I enclose herewith a letter, dated the 29th ultimo, received from the Reverend Principal of Lejac Indian Residential School in this connection.

I advised Mr. Mallinson on the 11th instant that it would not appear to make very much difference where the children were examined so long as the required medical certificate was completed by a doctor. Apparently he is of the opinion that no children should be moved from their Reserves to the school until medically examined, a procedure that would be practically impossible in respect to children on Reserves remote from a medical officer.

In the case in question, it was merely a case of the local Missionary conveying the children to the school where facilities exist for their immediate examination and if it transpired that they were unfit, it would devolve upon the Missionary to return them home. I enclose copy of Mr. Mallinson's letter of the 14th instant quoting your instructions in respect to admissions to the Edmonton school which is entirely another matter, owing to the expense that would be involved in conveying children from this Province to Alberta with consequent risk of refusal for admission on medical grounds.

G.H.Barry, Esq.,
Inspector of Indian Schools,
P.O.Box 70,
Vancouver, B.C.

Dear Mr. Barry:

Will you kindly give us a ruling on the following question, and thereby clear up another of our difficulties with Indian Agent Mallinson?

When new children wish to enter the school, they are brought here by the principal or his agents. Upon arrival here they are examined by the school doctor, the "Application for Admission" forms are filled out, sent back to the camp for the parents' signature, and then these forms are sent to the Indian agent concerned for his signature and forwarding to Ottawa.

Such is the modus operandi used here for the admission of new pupils: and, I believe, in other schools as well. If the medical examination had to be carried out in the camps, sometimes months would elapse before the child could see the doctor, or vice versa. Of course, if the doctor finds a child unfit for entry to the school, that child is immediately sent home. Is this practise in any way contrary to the rules or wishes of the Indian Department?

My reason for asking is that there are two children living in undesirable conditions near Telkwa, whom Father Godfrey has been trying to send to this school for nearly three months. He has been unable to do so because Mr. Mallinson insists that they cannot be sent here until the necessary forms are filled out and authorization is received from Ottawa. These children are still waiting for their medical examination. The agent will not allow them to come here to be examined by the school doctor, as explained above.

Please let me have your opinion on this question as soon as is convenient; and I would appreciate it if you will advise Mr. Mallinson accordingly.

Yours truly,

Dear Sir,

re- Your File 15/13/305
Admissions to Lejac Residential School.

In reply to your letter of February 11th, I wish to quote excerpts from correspondence received from the Department covering the above-mentioned subject. Although these refer to one residential school in particular, this office has acted on these instructions in regard to each and every residential school.

Departmental letter No. 110-0-10 of September 5th, 1935, signed by A.F.MacKenzie, reads as follows:
"As you are aware from previous correspondence, the Department only wishes orphan or neglected children sent to the Edmonton School from the Babine Agency. Such cases must be known to you for some time previous to their being sent to the school mentioned and, consequently, the Department cannot see why the medical officer and yourself cannot submit all applications for admission to the Edmonton School in order that they may be considered two or three weeks before the time of their proposed departure."

Departmental letter No. 110-0-10 of October 2nd, 1935, signed by Philip Phelan states:
"It should be distinctly understood that, in future, no children should be taken to Edmonton until you have submitted the applications to this Department and received our approval."

In other correspondence the Department has emphasised the necessity of submitting a full report giving reasons why an applicant should be admitted to a residential school.

On receipt of a request from the Principal for certain children in the Smithers and Telkwa areas to be admitted to the Lejac Residential School, I asked the Provincial Police at Smithers if they would kindly have these children taken for

medical examination, advising Dr. Brummitt accordingly on the same date. When the Smithers children visited the office of Dr. Brummitt, the Doctor was unable to attend to them, and I presume they have not made a further call. Those in the Telkwa district are living some thirty miles from Smithers and have probably not visited Dr. Brummitt.

I may say that the Smithers children live with their grandmother in Indian Town, Smithers, and will be transferred to the Tsitsk Reserve when the Department can make a grant for their removal and for repairs to a house this coming spring. These children would then attend the Rocher Deboule Indian Day School.

The Rev. Father Simpson has recently admitted to his school, before I was notified, a thirteen year old Indian girl who was regularly attending the Moricetown Indian Day School. On making enquiries to report to the Department the reason why this girl should be admitted, I found that the stepmother and the girl did not get along well together, and submitted my findings to the Department when the application was sent.

I have asked the Department for a definite ruling relative to whether approval must be received prior to the admittance of a child to a residential school or not.

Yours faithfully,

Sir,

I beg to submit, herewith, Two Forms No 21. Application for Admission covering Sylvester and Susie JACK two Atlin Band Indian children, proposed for entrance to the Lejack Indian School; at Lejack B.C.

His Lordship, Bishop Coudray O.M.I. who is now here together with your Agent have carefully considered these two cases, and it is found that they are worthy; and considering local conditions in this Town, that they should be sent to the Lejack School.

The Indian Parents are able to pay their fares, down and return, and will do so. Bishop Coudray will be going south about the middle of next month, when he would take these youngsters with him to the School. Therefore may it be requested that the Authority be "wired" to this point, owing to its remoteness.

(1) At the request of the local Ind. Agent, R. Howe, Esq., I left Vanderhoof, B.C. per Pol. Car, Code #2543 at 9 Am Oct. 2nd, 1940, and patrolled to Stoney Creek & Laketown Indian Reserves to locate absentee Ind. School Children. At these Reserves I collected four children and drove them through the Lejac Residential Indian School and handed them over to the Principal, arriving at Vanderhoof at 10 P.M. the same day.

(2) The following morning I left Vanderhoof per Pol. Car, Code #2543 and proceeded to Ft. St. James for the same purpose. Together with the Priest located at Ft. St. James I checked the homes of absentee children and found them away from their homes either fishing or hunting at various points around Stewart Lake. I returned to Vanderhoof at 8 P.M. the same day and informed Mr. Howe the results of the patrol.

(3) It appears that there remains only (9) more Indian children necessary to fill the quota for this year, and it is quite probable that these will return to school of their own free will and accord when they return from the various points to their homes. Copy of this report handed to R. Howe, Indian Agent concerned.

The Department is in receipt of an account from the R.C.M.P. requesting payment of $20.05 for the month of September and $45.51 for the month of October, 1940, in connection with expenses incurred for returning truant children to the Lejac Indian Residential School.

These accounts are being paid but you will note that on every occasion children truant there is expense caused to the Department in arranging to have the R.C.M.P. return them to the school.

It is, therefore, hoped that all members of the staff will make every possible endeavour to keep conditions at the school such as will discourage truancy.

Dear Sir,

re- Applications for Admission to Lejac
Residential School.

I enclose applications for admission to the Lejac Residential School of John and Emily West, Indians of the Fort Babine Band.

These children were brought out from Fort Babine by Father A. Godfrey, O.M.I., because of the conditions under which they were living, and are already attending the school at Lejac. The mother died three years ago and the father, Louie West, is unable to care for them properly, the eldest girl, age eighteen, already being the mother of two illegitimate children.

In view of these facts I would recommend that the applications be approved.

Re:- Susie & Sylvester.JACK. Atlin Indians.
Proceeding to LEJACK.R.C. School.

I beg to acknowledge receipt of your telegram, dated March 3 rd, authorizing the above two indian children for schooling at the Lejack R.C. Industrial School; at Lejack. B.C.

His Lordship Bishop Coudert requested that their fares be paid, but this was refused at once. The Telegraph JACK Family are well fixed in Atlin. They have a good Town House, also a Motor Car, with a very good trap-ground with which they keep same going. This family are given to purchasing "intoxicants" when-ever possible and have done damage with their car, when under the influence of same. In all they can well afford to pay their childrens fares, both coming and going -and for the future they should do so.

Needless to state, having money they are rather looked after by the R.C. Mission, and this family lives partly at the south end of Teslin Lake, and partly in Atlin, they are very handy as a nucleolus wherewith to forward the progressive movements of the R.C. Mission in these parts.

It is however quite correct that these children should have training away from their home. The Bishop intends to personally take them south about the 15 th of this month.

Sir:-

I beg to enclose herewith application for admission to the Lejac Indian Residential School for Evelyn Charlie, age six years, adopted daughter of Alec Long Charley, Stellaquo Reserve, Fraser Lake, B.C.

Evelyn is the illegitimate child of Minnie Isaac of the Stella Band, Fraser Lake, B.C. and was adopted at birth by Mrs. Alec Long Charlie. Mrs. Charlie applied to me for relief recently claiming she is in destitute circumstances and unable to provide for the child.

At my urgent request the Rev. Principal agreed to take the child into school and would recommend the application be approved and the child admitted as a grant earning pupil.

A winter visit to the Atlin end of the Agency had been in mind for some time, therefore clearing up the Office detail work as much as possible, the Office was turned over to Dr Meyer to carry on with, and the Mail Plane of the 15,th inst was taken on its return to Atlin.
Here it was discovered that nearly all the local indians were in Town, with also -their dogs. It seemed that no trapping of any amount had been undertakenduring the winter, up to the present time; and little fur, if any had been obtained and sold. Going into the reason why this had come about, the information was allowed that The Bishop was cmming and a lot of Fathers also, and big meetings were to be held. This state of affairs is not quite as bad as it sounds, for the fur obtainable around the mining camp of Atlin, is really of no great account, and if the indians consistantly trap their grounds, they would become depleted in a couple of years. However as Bishop Coudert. O.M.I. was in Residence at the R.C. Mission Church, he was at once called upon. It was found that a meeting of all the R.C.Fathers was taking place, and the gathering numbered 6 in all. Here was a very good chance to talk over all Mission Affairs, with His Lordship; with the various Fathers concerned present. Therefore on the 18th inst a meeting was held, and all matters of all sorts were gone into, especially those concerning the various Mission Schools. A request was received from His Lordship to have two Atlin children sent to the Lejack Mission Industrial School, and therefore that routine was taken up, Ottawa's permission obtained and the arrangements carried out to enable the Bishop to take these children with him, upon his return south. Much of the detail regarding this meeting will be contained in the school reports now about to be rendered, but His Lordship was good enough to admit that he had learned more in the 5½ hours we expanded in talking about Mission and indian affairs; than he had learnt during the time he had been mixed up with the Stikine Agency, up to then. It was possible, however to have Father Drean. O.M.I. who went into Teslin Lake and opened up a R.C. Mission Church at that point, in direct opposition to the already established English Church Mission, there; to mark on the Office Census Sheet the indians who as at to-day he claims belong to the R.C. Mission Church. It now appears that he owns over half the indian Band, but of course this matter will be taken up with the indians themselves, when Inspector Coleman is present.

LEJAC INDIAN RESIDENTIAL SCHOOL

GENERAL REPORT

for quarter ending March 31st., 1941.

ATTENDANCE.

Several children have been admitted during the quarter, and at present we have 159 children actually in the school.

MORALE.

No complaint can be made about the behaviour of the children. They all seem quite happy and contented to be at school. There have been no runaways this quarter again.

MANUAL TRAINING.

This is proceeding along the customary lines. The girls are doing more work for the Red Cross, in knitting and sewing.

HEALTH.

On the whole the general health has been good. Cases of influenza were rather numerous for a while, but none of them were serious. Two children were sent to the hospital, one with acute mastoiditis, the other with T.B.

Dr. Holmes was here March 24th. and 25th., during which time he performed tonsillectomies on 32 children. Every operation was completely successful, and there was not a single case of bleeding. Dr. Holmes is worthy of commendation for his excellent work.

LIVESTOCK.

All of the animals are in good shape, and we have about the same number of all stock, except pigs and chickens, whose numbers are somewhat less.

IMPROVEMENTS.

The ammonia refrigerating plant has been discarded, and an ice system has been installed in its place. This ice system is now in operation, and seems to be quite satisfactory.

Sir,

Re:- Indian Lad "George" U.S.A. Born.
Discharge from LEJACK. School.

I beg to once again submit for your consideration the above case of an illegitimate lad born in Juneau S.E. Alaska, smuggled into B.C. by way of the Taku River; and later, with the aid of Rev Father Allard. O.M.I. then in Atlin B.C. was sent to the R.C. School at Lejack B.C. Altho much correspondance has passed regarding this case, the lad has remained there ever since and is now ready for discharge.

No doubt but what Mrs Telegraph-Jack, full indian of Atlin, allowed her daughter Bessie, now deceased some years, to obtain an illegitimate child whilst staying for a visit in Juneau. Bessie stayed on there, and the child was taken care of by some relatives. Some years later Mrs Telegraph/Jack again visited Juneau, and as she and her husband were getting along in life, with their only son married, they returned to Canada with their illegitimate grandson. Smuggling this boy in, they obtained assistance from Rev Father Allard, and he without taking the correct routine, sent this lad to Lejack School.

The Telegraph-Jack family are rather well off, and rather ignor the aid of the Indian Department. They consider that what ever the R.C. Mission states is correct, and it is only necessary to fix matters with them. They are given to obtaining intoxicants when ever possible, which is nothing more than other indians do, but on account of their well-fixed condition, can do so more often.

Their son Willie Jack has just been granted the privilege of sending two of his children to the Lejack School, and this family were rather annoyed that the fares involved, were not paid by the Department. This they can well afford to do as was proven to Bishop Courdet. O.M.I., recently.

His Lordship, a week or so ago, requested that the Department consider this case again, and as the lad has received training at the Canadian School, and is reported as"good" that he be accepted into the Atlin Band of Indians, and returned to the care of Mrs Telegraph-Jack.

Taken from a broad point of view, it would seem the only action to take, but in all these half-breed cases, further troubles will come about as the lad grows up. In any case the Telegraph-Jack Family should pay all costs concerned. May further instructions in this matter be received, please

Dear Sir,

re- Francis Isadore, Pupil at Lejac School.

I enclose a letter received from Mr. H.B. Campbell, Judge of the Juvenile Court, Smithers, in connection with the proposed discharge from Lejac Residential School of the above Indian boy who was placed there at the request of the Provincial Police about two years ago.

This boy is due to be discharged this year at the end of June, but in view of his previous record and home conditions I would strongly recommend that he be permitted to stay at Lejac School for another year.

Rev. Alex R. Simpson, O.M.I., Principal of Lejac School, is agreeable to the boy being left in his care for another year, and requests the necessary authority from the Department.

Yours faithfully,

D.A. Webster,

Dear Sir: Re: Francis Isadore.

This will acknowledge receipt of your letter of the 17th instant following our previous conversation concerning the above named Indian boy presently attending the school at Le.Jac.

In my opinion the home environment in this particular case is such that it will be extremely beneficial to have the boy remain in the school under control of the school authorities just as long as is possible. Both the father and the mother are trouble-makers and an older sister, Josephine, is sub-normal with a very particular inclination towards vagrancy and everything that goes with it. I understand that she is at present under the Doctor's care for a venereal complaint and that there is difficulty in keeping her to the treatments.

If it can be arranged to have this boy remain in the residential school at Lejac for a further period I recommend unhesitatingly that this be done for I am convinced that the more schooling that he can get under the supervision of the school authorities the better will be his chances of becoming self-supporting and self-respecting after he finishes school.

Yours faithfully,

H.B. CAMPBELL,
Judge of the Juvenile Court.

Dear Sir:

With reference to the March quarter return of the Lejac Residential School you may inform the Principal that the discharge of the following pupils is approved:

Walter Allen	Ida Boyd
John B. Hanson	Susie Alexander
Frank Anatole	Susie Jimmy

An application form should be submitted for Lena Louie, No. 0391.

For several of the past quarters the names of approximately 20 pupils have been retained on the return and opposite the name of each appears the notation "Retained by parents". None of these children have been in residence for several quarters. It is considered that the Principal should apply immediately for the discharge of all these pupils and thus avoid the necessity of entering them every quarter. In the event of any of them returning to the school application can be made for their re-admission.

Hazelton, B.C.,
October 3rd, 1941.

Dear Sir,

re- Application for Admission to Lejac School.

I enclose for approval an application for admission of Sarah Donald, thirteen year old Indian girl of the Moricetown Band, to the Lejac Indian Residential School.

This girl has not attended school for the past two years, as being an only child, she accompanies her parents on the trapline every season.

I would therefore recommend that her admission to Lejac School be approved.

Yours faithfully,

S. Mallinson

Sir:

I beg to submit herewith General Report for September 1941.

x x x

Lejac Residential School reopened on September 27th. Fifty absentees were reported. Constables Rae and Sharpe rounded up most of these and at the time of writting 157 pupils are in attendance; sever more than covered by the grant.

Doctor McQuarrie arrived at Vanderhoff on the 30th. and arrangements were made for T.B. tests and X-ray for a number of Indians as well as pupils at Lejac Residential School.

LEJAC INDIAN RESIDENTIAL SCHOOL

GENERAL REPORT

for quarter ending September 30th., 1941.

ATTENDANCE.

Very little difficulty was experienced this year in bringing the children backto school, and it did not take long before we had more children than the "per capita grant" allows for. In this respect, the cordial assistance of Mr. Howe, and the other officials of the Stuart Lake Agency, was of great value, and is greatly appreciated.

MORALE

The children are in good spirits, and seem to be very glad to be back in school, with very few exceptions.

MANUAL TRAINING.

This is already in full swing for both boys and girls. A good number of the boys are gaining valuable knowledge and experience in the reconstruction of the chicken house, to which is being added a second floor.

HEALTH.

Quite a number of the children have had very bad colds, and several developed pneumonia, two had to be taken to the hospital for treatment. This epidemic now seems to have petered out. We have been greatly handicapped by the fact that the medical supplies which were requisitioned for last April, have not yet arrived; and our stocks of several essential articles are completely exhausted. At present we are awaiting the arrival of Dr. MacQuarrie, who is bringing an X-ray apparatus, and will hold a T.B. clinic here at the school.

CROPS.

While the yield was excellent this year, it is to be feared that there will be a considerable loss in the harvesting. Since the 24th. of August, we have had rain every day, which has prevented the threshing of the grain, and the bringing in of the hay crop. It is too soon yet to say how much of the crop will have to be considered as lost.

LIVESTOCK

We are still keeping about the same number of animals of all kinds, and disposing of the increase. The stock are in very good condition, and the lamb and pig crops have been disposed of at satisfactory prices.

COST OF LIVING

The cost of living index has sharply risen for us, as well as for all others. Many of the staple lines of food and clothing are greatly increased in price; and it is becoming more and more difficult for us to meet expenses with our present income. The government has acknowledged that its civil servants are entitled to a "cost of living bonus" and it would seem only just the Indians, the wards of the Government, are entitled to equal consideration. I hope that this will be considered by the Department of Indian Affairs; and that ways and means can be found to increase the "per capita" allowance in proportion to the cost of living.

We have applied to the Provincial Government for permission to purchase moose meat from theIndians, in view of the high cost of beef; but we are not very hopeful of receiving a favourable reply.

Re: Jessie Tom, age 6,
Doris Tom, age 5,
Margaret Tom, age 2,

Dear Mr. Howe:

Acting with your approval, I have received these three children into the school. As you are aware, their mother died last year, and the father, Jean Baptiste Tom, is so badly crippled with arthritis as to be incapable of working and providing for their support.

The eldest one, Jessie, is old enough to take her place with the rest of the school children; but the two younger ones give us quite a lot of extra work and care. Accordingly, I would appreciate it greatly if the Department of Indian Affairs would provide for Doris and Margaret as supernumerary pupils. This would be of considerable assistance for us, especially in view of the fact that we have already several children in excess of the number provided for in our "per capita grant."

Yours truly,

Rev. Alex. R. Simpson O.M.I.

Dear Sir:

The attached transportation warrants have been received from the Barrington Transportation Company. Some of the warrants cover the cost of transportation of children to the Lejac School while others cover the cost of transportation of Indians to hospital. Please prepare and forward the necessary vouchers. It is understood, of course, that separate vouchers should be forwarded for the transportation to the school and to the hospital. When forwarding these vouchers the transportation warrants should be attached.

Yours truly,

Dear Mr. Howe: Re #0219 - Mabel Storrit. Burns Lake Band

I hereby request that the Department of Indian Affairs allow this girl to remain in school until she reaches the age of eighteen years.

Mabel Storrit is an orphan, and has no one to exercise proper care and supervision over her physical and moral welfare should she have to leave school. Although she has been on the rolls since 1931, she was out of school for four years, from 1934 to 1938, taking care of her grandmother, after whose death she came back to school.

Mabel has a very good record in school, and, in my opinion, is a deserving girl, and capable of absorbing further instruction at this school.

Dear Sir.

May I ask advice of you Sir, regarding this case that has made it very difficult for us, because we refused the Indian Agent in sending my brother Edgar Williams back to school, because we feel thats its best for us to let him attend School here at Glen Vowell and has progressed here very much as a pupil under Major Parkinson, the teacher and the only difficulty is that my brother was baptized a Catholic and he objects very much to return to Lejac for its more of a prison to him than a school I know how my brother felt because I was there for seven terms and I was not able to speak English very well until I attended the white school at Woodcock for one and a half term, while there I progressed a lot. I will now present the story in full.

In the year 1934. My mother and Dad seperated because he was beating my mother several times which I believe got her ill and finally died as a result from the severe beatings she recieved. In the first play they were not legally married While we were with Auntie Mrs. J. Thistle at Woodcock. My Mother wrote to Alex Williams my Dad asking for support but he refused flatly to contribute to my brothers support. Auntie Thistle bought all the clothes for my brother for some time and I was attending school at Lepac at the time. This was the year I believe that my brothers started school along with the Thistle. We were all in grade I in 1935. My mother had to send them to Lepac because she was unable to support my Brothers. two years rolled by and in the spring of 1937. June 8th I recieve a telegram from mother and we returned to her call at once. She was on her dying bed, then she spoke to my Auntie Mrs Henry Russell and said. Sister, you look after my children from now on because my eldest sister Mrs J Thistle

has too many of her own, Now I must leave you all, "Farwell," these were her last word. My brothers returned to Lejac after thier Summer vacation and I was discharged at sixteen year of ago. Four year went by and seeing that my brother, to my surpise they were not abel to read or do thier school work as any average pupil should do. This is five terms for them at Lejac and they are only in Grade III and as I mentioned in the letter they started the same time as the Thistle's and had the same opportunity today Lawrence and Charlotte Thistle are ready for promotion into Grade VIII there must be something wrong somewhere. This is why we kept him back because he is certainly not learning a thing where he was, comparing with any average pupil here at Glen Vowell. I was at Lejac when the four children ran away from Lejac somtime at New Years and were found frose to death just a quarter of a mile from Fort Fraser after a thirteen mile journey through a blizzard, so you naturally will know that the children are not.

Today Ales Williams is making a lot of fuss because we are living here with auntie Russell at Glen Powell and by the way, auntie Russell gave him a chance to have his own son Edgar to spend his vacation with him at Moirctown for about two or three weeks. I was also helping him put up his hay crop at his ranch and during my absence my stepmother was treating my little brother very mean indeed and on my return to their house my brother Edgar told me about it.

He say's he can't get his breakfast until noon sometimes because he has to do his chores first and often he had to beg for some bread from the neighbors around who also told me about it. This is what grieved me very much so we for Glen Powell with auntie Russell.

The Indain Agent is demanding my brother's return to Lejac which we object very much but he says, that in his personal feeling that this home of the Russell's is certainly very clean and that my brother Edgar is very heathy and happy and everything the child's

Sir,-

I beg to submit herewith application forms for the admission of the under-noted children to the Lejac Indian Residential School:

Robert Quock, age 12 years. Howard Tashoots, age 7 yrs.
Evelyn Reid, age 12 years. Irene Tashoots, age 11 yrs.
Gloria Reid, age 13 years.

In the case of Evelyn and Gloria Reid, the mother signed the admission form because the father is dead and the step-father was at that time in prison. Howard and Irene are illegitimate children of Mary Tashoots; Howard's father is an unknown white man and Irene's father never has taken any responsibility for bringing her up, therefore the mother signed both forms.

I trust these applications will be found in order.

Sir:

I beg to enclose herewith application for the admission of Donald Baker, of the Squamish Band, to Lejac Indian Residential School.

This boy was at Sechelt Indian Residential School, but ran away, breaking into some summer cottages and stealing various articles. He was committed to the Boy's Industrial School, but on account of his youth and the fact that this school is overcrowded, they released him on the understanding that he be sent to another Indian Residential School.

It was felt that it would be better not to send him back to Sechelt as it is too near his home and he might run away again, so Lejac School agreed to take him.

I would respectfully recommend that this admission be approved.

I have the honour to be,

AIR MAIL.

Dear Sir:-

I beg to advise that it is necessary to transfer two boys, Donald Baker and Philip Bob to the Lejac Indian Residential School. Donald Baker is at present an inmate of St. John's School which is conducted under the auspices of the Catholic Childrens Aid Society in Vancouver, but is being transferred within the next day or two. The other boy, Philip Roy, has been a patient in the Sardis Indian Hospital and has recovered sufficiently to return to the school.

The usual procedure in the case of the transfer of such young people is to send them by rail under the care of an escort, in which case their transportation would cost $17.68 each plus meals and the return fare of an escort from Vancouver would cost $ 62.75 plus berth for four nights, meals and a stopover at Lejac awaiting return train, however, these boys can be sent by Air Plane from Vancouver to Prince George at a cost of $16.50 each, and as the trip lasts only about two hours, escort, berth and meals are not required. On arrival at Prince George they could be met by Mr. Indian Agent Howe or his Constable and transferred to Lejac by Agency car.

In view of the very considerable saving by use of the Air Plane transportation I would recommend same and request your authority by Air Mail for provision of the Air Plane passage.

Yours faithfully,

D. M. MacKay,
Indian Commissioner for B.C.

Tahltan Indian Reserve No. 7

The Indians of this Reserve are all Catholics and the children do not attend any school while there during the summer. They arrive about the end of April and leave for their trapping grounds when snow falls about the end of October.

Arrangements are being made to send four or five of the Children to Lejac Indian Residential School, where home conditions are unsatisfactory. There are several more children here that should be sent, these being two Quock families the mothers having died during the past year and left behind quite large and young families. One of these were quite neglected during my visit, the father being absent on river work, The young woman in charge was told to look after them properly.

These children receive a little instruction during the winter at the Klappan bush School, but it is not considered that this is very satisfactory.

LEJAC INDIAN
RESIDENTIAL SCHOOL

GENERAL REPORT

for quarter ending June 30th., 1942.

ATTENDANCE:

The attendance has remained constant throughout the quarter, although several children lost a few days as patients in the hospital. Three new children were admitted at the beginning of of the quarter.

MORALE:

This continues excellent; there was no serious trouble with any of the children, nor were there any runaways.

MANUAL TRAINING:

The boys have done good work in the carpenter shop, the blacksmith shop, in painting and repairing several of the farm and school buildings, and in the construction of a small greenhouse.

The girls have been very industrious in knitting and sewing for the Red Cross, as well as for the needs of the house.

HEALTH:

Quite a number of the children had mild attacks of the "flu;" and a few had to be sent to the hospital for various reasons. However, there were no deaths among the childrenm although one girl was very seriously ill with a blood condition.

CROPS:

Despite the prevailing shortage of farm labour, we have been fortunate in maintaining a sufficient ~~for the~~ staff for the needs of the farm. All of the seeding was done in good time, and thanks to the generous rains, the prospects for a good crop are very bright.

Livestock:

The crop of lambs and calves has been fairly good. All of the livestock are in good condition, and are doing very well now that there is green pastures available for them.

New Building:

A small greenhouse has been built on the foundations of a building that had been destroyed some years ago. This addition to our buildings has already proved its worth in forcing the plants for transplanting to the vegetable garden.

Dear Sir:

I have your letter of the 3rd instant, enclosing the June quarter return of the Lejac Indian Residential School.

Last year, we granted permission for Francis Isodore, No. 395, to remain in the school until June 30, 1942. The Principal has not yet applied for the discharge of this boy. You should bring the matter to his attention.

Mabel Storrit, No. 0219; Nancy Monk, No. 0320; and Melanie Zea, No. 0374 are all shown to be over 16 years of age, but the Principal has not yet either applied for their discharge of for permission for them to remain fur a further period. I would appreciate hearing from you regarding these pupils at an early date.

Please direct the Principal's attention to the fact that in the March quarter there are 90 days; in the June Quarter, 91 days and in the September and December quarters, 92 days, each.

Dear Mr. Howe:

Concerning the letter from the Department about discharges, I wish to say that it has always been the practice at this school to apply for discharges when submitting the returns for the quarter ending September 30th; the children due for discharge being kept on the rolls until August 31st, so that the calendar year, on which the per capita grant is based, might be completed. So far, the Department has never made any criticism of this practice.

As for Francis Isadore, #395, Mr. Mallinson merely informed me that permission had been granted for him to remain in school for another year; he did not say that his time expired on June 30th, as is stated in the letter from Mr. Phelan.

As you will remember, you applied for permission for Mabel Storrit, #0819, to remain in school for another year; she is now due for discharge. Nancy Monk, #320, and Melanie Zaa, #0374, are both due for discharge also.

I regret my error in computing the number of days in the past quarter as 92 instead of 91.

Trusting that this explanation will be satisfactory, I remain,

Yours truly,

Dear Sir:

Under date of March 20th., 1941, you wrote to me concerning an account submitted to the Department by the R.C.M.P. for expenses incurred in bringing children back to the school after the summer vacation. For some reason I took offence from your letter and, without sufficient reflection, sent back a reply which, I fear, you must have found insulting, to say the least.

Afterwards, I realised that your letter was merely a routine one in the interest of keeping down unnecessary expenses and entirely impersonal. Consequently I deeply regretted my hasty action in replying to you as I did, and have many times intended to apologise to you for any offence that I may have caused you.

Therefore, Mr. Phelan, I beg that you will accept my most sincere apologies, belated though they are, and join with me in the hope that our future relations will be more cordial and unmarred by any further indiscretions on my part.

With reference to your letter of the 22nd instant, enclosing letter from the Principal of the Lejac Residential School, I may say that we always consider the school year at a residential school being from July 1 to the following June 30. Consequently when approving the retention of a pupil for another year it is always to the following June 30, the end of the academic year. This applies to pupil 395.

It is noted from the letter that pupils 0219, 0320 and 0374 are being discharged.

Dear Mr. Howe:

Please find enclosed bills from Canadian Airways for transportation of three children to their homes in Bear Lake, which I request the Indian Department to settle.

These three children, Thomas Jack, Philip Bob and Esther Charlie, came to this school in August 1939, and since then they have never been home, being kept at the school during the summer vacations. It is due to the urgent request of their parents, and your own advice, that they have now been returned to their homes. Due to the remoteness and difficulties of communication with Bear Lake, the only safe means of travel for these children was to send them by air.

Thanking your for your co-operation in this matter,

Dear Sir,

re- Applications for Admission to Lejac
Residential School.

I enclose herewith applications for the admission of Arthur and Mabel Tom to the Lejac Indian Residential School.

These two children are the illegitimate children of Mary Tom, Indian of the Tsitsk Band, but, although their mother is alive she has never cared for them, and they have for the past number of years lived with a relative of theirs named Selina Francis who has acted as their guardian. This woman is not in very good health and is not able to keep the children clean or look after them properly, and I consider that for the children's own good they should be sent to a residential school.

I have not been able to discuss this matter with their guardian, Selina Francis, she being away at present, but I am of the opinion that she will not give her consent to their being sent away to school. However, if their admission has your approval, will you kindly authorize me to send these children to Lejac, either with or without Selina Francis' consent, as I firmly believe that it is in the children's best interests that they go.

Yours faithfully,

Sir:-

I beg to enclose herewith Voucher No. 213 for $55-00 in favour of the Canadian Airways Limited for air transportation from Fort St. James to Bear Lake for three pupils from the Lejac Indian Residential School. A letter is attached from the Rev. Principal requesting that the Department pay this account.

You will note these children have been in the School several years without seeing their parents once during the period. Urgent requests have been received for the past two years to send the children home for a visit, which I consider, under the circumstances was quite justified.

Air transportation is the best and most economical method of travel to the point.

Dear Sir,

re- Application for Admission to Lejac Residential School.

I enclose herewith an application for the admission of Bert Joseph, Indian boy of the Tsitsk Band, to the Lejac Residential School.

This boy has previously attended Lejac School, his admission being approved originally in 1938, but as a home was found for him on the Tsitsk Reserve last year he did not return to the school. This year, however, his relatives are unable to care for him and I would recommend that he return to Lejac. During the past year he has lived with his grandmother and his uncle, the latter being an advanced tubercular case.

Yours faithfully,

Dear Sir,

re- Application for Admission to Lejac
Residential School

I enclose herewith an application for the admission of Martha Green to the Lejac Indian Residential School.

The father of this girl is dead, and the mother lives at Kisgegas where there will be no school this year, and although Martha is rather old for admission to a residential school there is no alternative if she is to have any more schooling, as I cannot make arrangements for her to stay in Hazelton and attend the Day School here.

I would therefore recommend that she be admitted to Lejac.

Dw.

2. At 3.30 p.m., of the 21st, instant, at the above named's home on the Tsisk Indian Reserve, I delivered and explained the contents of the above quoted letter, and also warned her, verbally, as a truant officer, to see that these children were sent to school as instructed, otherwise, she would be subject to prosecution under the Indian Act.

3. On the 16th, inst., the Indian Agent, again called at this office and produced a letter he had received from Selina FRANCIS, wherein, she stated that she absolutely refused to send these children to school.

4. As it is quite evident that these children will not be sent to school without a prosecution, I informed the Agent that an Information and Complaint was being laid before H.B.Campbell, Stipendiary Magistrate, Smithers, B.C., and he, The Indian Agent, requested that the case be held in abeyance until he takes the matter up with the Indian Commissioner, Vancouver, B.C.

5. In view of the Indian Agent's request no further action is being taken in this connection, until a further request is received from the Agent. Please set D.D.D., for report to read 15-10-42.

This boy is almost blind. He has been living with his grandmother since the death of his mother some years ago; but, last month, his grandmother died also. Since his father, having re-married, refuses to have anything to do with him he is all alone. Therefore, I accepted him as a pupil here, and will try to have something done to restore at least part of his vision.

Dear Sir:

With reference to your letter of the 3rd instant, you may inform the Principal that the Department approves the admission to the Lejac Residential School of the children whose applications you submitted in your letter. Theresa Abraham is shown as 18 years of age and Annie W. Austin as 16. In view of previous correspondence, it has been decided to approve the former, but a full report regarding her progress should be submitted to the Department before the end of June, 1943, at which time it will be decided if she can be allowed to remain for a further period in the Lejac School. What has been said regarding Theresa Abraham also applies to Annie W. Austin, although no previous request has been received for her admission. However, in view of the contents of the Agent's letter attached to the application form, it has been decided to handle her case in the same way as that of Theresa Abraham.

An application form should be submitted for Rosy Seymour, No. 0423.

Yours truly,

Philip Phelan,
Chief, Training Division.

CONDUCT:

The following cases were reported for October:-
Rex Vs. Thomas, Alex, Sec. 219 c.c. Fined $20-00and costs or 14 days. Fine paid.
Rex Vs. Quaw, Sec. 135 I.A., Sentenced to fine of $15.00 and costs or 15 days. Serving time.
Rex Vs. Antoine J. Sec. 135 I.A., Fined $15-00 and costs or 5 days. Serving sentence.
Rex, Vs. Ketlo J.A. Sec.458 (a) C.C. Sentenced to six months imprisonment.
Rex. Vs. Quaw Frank, Theft and forgery , Juvenile case, deferred from last month. Committed to Boys' Industrual School, Coquitlam, B.C. incorrigible case.
Rex. Vs. Moise John, dealing in forged documents; suspended sentence.
The arrest and conviction of the last three cases brought to a conclusion a number of serious offences. It is hoped this will have a good effect and be a deterrent to others. A plea for leniency was made at the hearing before His Honour, Judge Woodburn for Moise and Ketlo and considering all aspects of the cases leniency was shown.

SCHOOLS:- Rev. A.H. Simpson, Principal, Lejac Indian Residential School was absent for ten days during the month obtaining medical treatment at Vancouver.

A disastrous fire occurred at the School on the 18th. inst. destroying poultry houses and 500 laying hens. The origin of the fire is unknown. It is presumed the blaze was started by a spark from the stove or pipes leading to chimney. Two runaways were reported from Lejac November 12th. Albert Prince 13 years, Stuart Lake and Moise Prince, 15 years, Stony Creek. These boys are reported to be a Prince Ruper. The Police at that point have been notified and we expect to have them back in school shortly.

Mr. R. Howe, Indian Agent, Vanderhoof, B.C.

I am in receipt of a report from the R.C.M.P. with reference to Albert Prince and Mac Patrick, truant pupils of the Lejac Residential School. It is noted that these boys were brought back from Prince Rupert although they were employed at that point and are stated to be at least 14 years of age. From the information at our disposal it is difficult for us to understand why such heavy expense should have been incurred. You are aware, of course, that the expenses of the R.C.M.P. in returning truant pupils to a residential school are all paid by this Branch. From our point of view the boys had been located, were working and are probably older than 14. Besides, we understand that the Lejac School has its full quota of pupils. With these things in mind you can easily understand why we were surprised that instructions were apparently issued from your office to have the boys returned immediately to the Lejac School without consulting the Department. Your explanation would be appreciated.

SHHOOLS: I visited Lejac School on the 23rd. inst. and attended the annual school concert. The children appeared to be in good spirits and contented. Five boys ran away during November and December but were located and brought back. The health of the pupils is improving having had setbacks due to an epidemic of whooping cough and influenza. All the children were inoculated by Doctor Findlay for whooping dough.

The Secretary, Indian Affairs Branch, Ottawa, Ont.

I beg to acknowledge receipt of your letter of the 30th. ultimo with reference to the above mentioned truants of the Lejac Indian Residential School. These boys ran away from Lejac Nov. 10th. 1942 and were located at Prince Rupert by the Prince Rupert Detachment of the Royal Canadian Mounted Police. Constable Rae of the Agency Staff escorted them to Lejac.

The truants were returned to school at the urgent request of the Principal. I was reluctant to bring them back especially when they were employed at the Shipyards, an important war industry. However, it was necessary to take into consideration the effect on the other pupils at the School. If these truants had been allowed to remain away we would have had an epidemic of runaways. Three others ran away a few days after the truants in question but were located shortly after. The fact that these truants were brought back to School had a deterring effect on others contemplating truancy.

Having in mind the tragedy which occurred a few years ago when several pupils lost their lives running away from Lejac School during sub-zero weather, I think the action taken was the wisest course to follow in order to prevent a possible repetition.

The only expense the Mounted Police may have incurred in the case is the cost of one telegram and three or four meals for the truants.

R. Howe,
Indian Agent.

Mr. R.H.S. Sampson, Indian Agent, Telegraph Creek, B.C.

I have your letter of the 20th ultimo, with reference to certain children on the Tahltan Reserve who you feel should be placed in the Lejac Residential School.

The Department has always felt that it is very important to have a very careful medical examination of children before placing them in a residential school. The suggestion contained in the second-last paragraph of your letter might be difficult to carry out, because, if the children were examined and found to have tuberculosis, it might not be possible at that time to place them in the Coqualeetza Indian Hospital and, therefore, they would have to remain in the Lejac School where their condition might be a menace to the health of the other pupils.

Taking everything into consideration the Department feels that no action should be taken in this matter at the present time, but we would appreciate hearing from you again about the first of July at which time the matter will receive further consideration with a view to determining if we can arrange for their examination before going to the school and, if so, those physically fit could be sent for the 1943-44 term.

FILE 6-3

Telegraph Creek, B.C.,
March 20, 1943.

Indian Affairs Branch, Dept. of Mines & Resources, Ottawa.

There are about twelve children between the ages of six and eleven who have lost their mothers in recent years and are now a considerable burden upon their fathers, Indians of Tahltan Band. These children are of R oman Catholic faith and the Principal of the Lejac School is urging that they be admitted to the school. Bishop Coudert, who was interviewed recently, also thinks the children should be sent to Lejac.

As the Department is aware, there is no doctor here now and therefore a thorough physical examination cannot be obtained by the children before going to the school. In view of the fact that there is considerable tuberculosis amongst these Indian families it seems all the more desirable to have a thorough examination of all children who are to be admitted to residential school.

Bishop Coudert has suggested that it might be possible to have the children examined when they arrived at L ejac and if active disease was found in any of them, that they be sent on to the Coqualeetza Indian Hospital at Sardis.

I should be pleased to have the Department's views in this matter as it would be of great benefit to the children and fathers of the aforementioned families if the children could be admitted to residential school.

Mr. R. Howe, Indian Agent, Vanderhoof, B.C.

With reference to your letter of the 10th instant, you may inform the Principal of the Lejac Residential School that the admission of Tommy and Annie Poole is approved. In view of the circumstances requiring their admission to a residential school, I agree with you that they should remain at the school until they are capable of looking after themselves. This means that they should not be granted holidays unless with your permission.

I beg to enclose herewith for the Department's approval applications for admission to the Lejac Indian Residential School for Tommy Poole, 9 years and Annie Poole, 6 years, of the Fort Grahame Band, Fort Ware, B.C.

The mother of these children was murdered January 8th. 1943 and the father is in custody and stands accused of the crime. Please refer to my report to the Department of March 4th., 1943, our File No. N-3-929.

When I arrived at Fort Ware these childred were being cared for by their Grandmother, but she is positively incapable of giving them the necessary care. The children should remain at Lejac until they are old enough to look after themselves.

With reference to the March quarter return of the Lejac Residential School, the re-admission of Winnie Murdock, No. 0383, is approved.

Pupils 0291, 0357, 0424 and 0425 are over 16 years of age. As a matter of fact the last two mentioned are 18 and 17 respectively. The Department will not be able to allow further grant for Theresa Abraham, No. 0424, after the end of June, 1943, and the Principal should apply for her discharge at that time.

For some time no grant has been requested for pupils numbered 356, 0285, 0368 and 0399. If they are not returning to the school application should be made for their discharge.

LEJAC INDIAN RESIDENTIAL SCHOOL

GENERAL REPORT

For quarter ending March 31st.,1943.

ATTENDANCE

Our attendance remains about the same, although we have sent three more children to the hospital for T.B. treatment; two absentees returned, and there were two new admissions.

MORALE

The children are all in good spirits, and give very little serious trouble. There have been no truants during the past quarter, due, no doubt, to the fact that the boys who ran away in November were speedily brought back to the school.

MANUAL TRAINING

The boys are doing rather well in the carpentry work, they have rebuilt part of the chicken-house which burned down, they have made a number of useful articles of furniture, and several repairs to the buildings. Due to the scarcity and the inferior quality of rubber boots, we are obliged to fall back on the use of leather boots once more. This necessitates a shoe repair shop, which has been set up, with a competent instructor for the boys.

The girls continue with their work in making clothes, mending and knitting, embroidery, etc., as well as with the arts of the kitchen.

HEALTH

The children have had a very hard time this winter. Following the whooping cough of last quarter, we had the chicken-pox, then the flu, and now we have the measles. Two weeks ago there were 69 children in bed at the same time. Fortunately, there have been no deaths to report. One boy broke his leg while skiing, but he is all right now.

LIVESTOCK

The stock have come through the winter in fairly good condition, and we have not lost any. The only misfortune we had was with the lambs, many of which were born too soon, and twelve of them froze to death in the extreme temperatures, 40 below zero. We have restored about half of the chicken-house which burned down in November last.

IMPROVEMENTS

We have arranged to have the programmes of the National Film Board shown here at the school. The children study the subject matter of the films beforehand, from the booklets which are provided, and they seem to take an intelligent interest in the films. A Victor Sound Projector, 16mm., has also been added to the school equipment, from which the children derive a great deal of benefit and amusement.

Medical Report on the Progress of

Theresa Abraham, age 18, Bear Lake Band.

This Indian girl was sick for 9 months, in the hospital, with Infantile Paralysis, and came to the Lejac Indian Residential School in August of 1942.

On admission to the school, Theresa was unable to walk as the results of the Paralysis, without the aid of (2) crutches. Also, her eyes were extremely weak and infected.

Now she can walk fairly well without any assistance, however the right lower extremity is still very weak, and she depends on the wall for support.

It will be some time before Theresa is able to return home. She is a bright girl and seems one who will reap the full benefits of the school, and she is happy and contented here.

Philip Phelan, Esq.,

Dept. of Mines & Resources,
Ottawa, Ont.

Dear Sir: Re Theresa Abraham, age 18, 0424.

In view of what you said in your letter of October 14th., 1942 (file #163-1-10) concerning the special circumstances under which this girl was admitted to this school, I was considerably surprised to receive a peremptory demand for her discharge at the end of the current school year, which was transmitted to me from your office by Mr. Indian Agent Howe.

In the above mentioned letter of last October, you asked that a report be submitted to you concerning this girl before the end of June 1943, at which time the question of her remaining in the school for another year would be given consideration by you. I am enclosing herewith the report of the School Medical Officer on the case; and I beg to submit also my own opinion, as follows.

Theresa Abraham, although already 18 years old, has had no previous opportunity to attend school, and, at the time of her admission here, was completely illiterate. During the months that she has been able to attend classes, she has worked hard and well, and has made satisfactory progress. She is very anxious to learn, at least, to read and write.

Realising how remote her home at Bear Lake is from all medical attention, she has begged that she be allowed to remain at this school until she has completely recovered from the effects of the attack of infantile paralysis which she suffered more than a year ago.

Therefore, in view of the above circumstances, and of the opinion given in the medical report, I strongly recommend that Theresa Abraham be permitted to remain in the Lejac Indian Residential School for at least another year.

Yours truly,
Rev. Alex. R. Simpson, O.M.I.

I beg to refer the Department to their letter of June 10, file 163-1-10, granting authority to send the Guy Reid children to Lejac Residential School, and to request that if possible authority also be granted in the following cases:

Nelson Quock family, motherless, with five children under sixteen years of age. It is desired to send the two youngest, Lewis, age 5 and Ivan, age 6½, to school. One child, Una, age 10, is being looked after by relations. This leaves only two children, Edith age 15, and Henry, age 12 both of whom are really too old to send to school now and they are considered old enough to look after themselves fairly well. Sending the two youngest to school will relieve the father to a large extent and permit him to get out and find work.

Joe Mutts Dennis family, fatherless, with five children under sixteen. Moran age 5 years and five months, and Louise age 7 could be sent to school leaving Ethel 12, Gregory 3, and a baby 1, to be looked after by the mother.

It would be appreciated if a reply to this letter could be sent by Air Mail via Vancouver, B.C. because I should like to arrange to send all the children out together to save the expense of separate matrons.

Mr. R. Howe, Indian Agent, Vanderhoof, B.C.

The section of your telegram of July 22 which refers to placing children from Fort Grahame in the Lajac Residential School has been referred to me.

As the Welfare Division has authorized the necessary food for those requiring same and as the summer holiday period is now in effect at the Lejac School, it was felt that you should be written before authorizing any specific action.

As you know, the authorized pupilage at the Lejac School is 160, but grant is allowed for only 92.24% of this number, or 147.58. Under these circumstances you should confer with the Principal of the Lejac School and ascertain how many children from Fort Grahame he can take, as present regulations do not permit our paying supernumerary grant over the number of 147.58. It should also be understood that the Department only favours placing in the Lejac School children who have reached the age of 7 years. Children younger than this age should be placed with friends or relatives at Fort Grahame, even though you have to apply later for authority for food for them. Similar action should be taken with reference to children of 14 or 15 years of age. This is the only provision that can be made, unless the Lejac School is able to accommodate them within the number of grant-earning pupils and, in view of the large enrolment at this school in the past, it is considered advisable to obtain full particulars before making a decision.

For your information I enclose a copy of a letter which is being sent to Mr. R.H.S. Sampson, Indian Agent, Telegraph Creek, with reference to four children of Guy Reid. The mother died last November and I understand that the two oldest members of this family, Gloria and Evelyn Reid, are already in Lejac. You will note the instructions that have been given to Indian Agent Sampson and you should arrange with the Smithers Hospital to have the children examined as soon as they arrive. The authorities at Smithers can notify you when the children reach there and, if they are pronounced physically fit, you should have them brought to Lejac immediately. The Assistant Superintendent of Medical Services wishes to avoid their remaining in the hospital for a lengthy period, if they are physically fit. However, if any of them need hospital treatment, they can remain there, but the usual report should be forwarded by you to Dr. Moore regarding their condition.

Ottawa,
June 10, 1943.

Mr. R.H.S. Sampson, Indian Agent, Telegraph Creek, B.C.

I have your letter of the 20th ultimo, with reference to Johnston, Lucy, Bob and Nelson Reid who you recommend should be placed in the Lejac Indian Residential School. The Department has no objection to having the children sent to this school and you can make the necessary arrangements accordingly. The usual application forms should be completed and forwarded to Indian Agent R. Howe, who will arrange to have the medical forms completed.

The Assistant Superintendent of Medical Services suggests that these pupils be sent to Smithers, B.C., where they can be placed in the hospital and fully examined and X-rayed before going to the Lejac School. I am writing to Indian Agent Howe instructing him to make the necessary arrangements for their examination at Smithers. If they are pronounced physically fit, Indian Agent Howe will arrange to have them transported from that point to Lejac. If any of them are suffering from tuberculosis or other disease, they can be treated at the Smithers Hospital.

KODAK SAFETY FILM

LEJAC INDIAN RESIDENTIAL SCHOOL.

GENERAL REPORT

for quarter ending September 30th., 1943.

ATTENDANCE

At the time of writing this report there are 145 children in school. We had anticipated some difficulty in reaching our quota this year due to prevailing economic conditions, but it did not materialise. However, though the boys are numerous, there are no really big boys, which is quite a handicap tous in our farming operations.

All during the summer vacation we had about 25 children in school; which is an expense, as far as I am aware, that other Residential Schools do not have.

MORALE

Despite the fact that there was considerable reluctance on the part of the parents to send their children back to school, the children themselves are in high spirits and seem to be quite content to be back in school, with perhaps two exceptions.

Health

Many of the childreh on their return were lousy, there was a great deal of impetigo, itch, etc. We now have this well in hand. At the moment a slight epidemic of the "flu" is going through the school.

MANUAL TRAINING

A number of the boys are already at work helping to rebuild the chicken house which burned down last winter; the shoe shop is in operation, and the various chores of the farm.

The girls are also back in their usual routine of domestic economy, knitting, dressmaking, repairing and renewing clothing, Etc.

LIVESTOCK

The stock have done well this summer. We are now preparing to send over 50 head of cattle and about 50 head of sheep to the market.

CROPS

On the whole, the crops are far below the yield of last year, and the harvesting operations are considerably later. But, if the weather permits, we ought to get enough feed grains to see us through the winter. We probably have enough hay put up, although there is a local shortage of feed.

SUPPLIES

The problem of obtaining clothing and food supplies is becoming more acute. This will be somewhat alleviated for us by the fact that during the summer we put up nearly 2000 quarts of fruit and vegetables; a great proportion of which was wild fruit.

PROPERTY

During the summer the necessary repairs were made to the water tank, and the exterior surface was painted. Quite a lot of painting and repair work was done in the school during the vacation.

REPORT ON STUART LAKE AGENCY FOR THE MONTH SEPTEMBER, 1943

x x x

Schools;

The 1943-44 term at the Lejac Indian Residential school opened September 2nd. I regret to advise that 85 pupils failed to return. It was necessary to prosecute Adanas Alexis, one of the Leading members of the Stony Creek Band under Section 10 of the Indian Act, This Indian not only refused to send his children to school, but counselled others to do likewise.

Rounding up the absentees entailed a considerable amount of work and expense for gasoline and wear and tear on tires, which we could ill afford. At the time of writing the school quota is complete.

October 22nd. 1943.

Indian Affairs Branch, Department of Mines & Resources,
Ottawa, Ont.

I beg to enclose herewith application for admission to the Lejac Indian Residential School for Pierre George age 2 years and Virginia George age 4 years of the Stony Creek Band.

The mother of these children is undergoing treatment at Smithers Hospital for tuberculosis and it is expected the father will shortly be going to Vancouver for eye treatment.

6 Admission Applic

The Rev. Principal and the Mother superior kindly consented to look after the children until the mother is well again, which may not be for some time.

I have been unable to find a suitable foster home for these youngsters and in view of the circumstances I would receommend the admissions be approved.

Also enclosed applications for, Colin S Patrick, Phonenie M Achiile, George M George and Sam Quaw.

Robert Howe, Esq.,

Dear Sir:

With reference to the matters contained in the letter from Mr. Phelan, dated October 12th., I wish to make the following observations:-

1. Josephine Moise, No.0439, died in Vanderhoof hospital, after having spent several months in Smithers Hospital and at home.

2. Peter Abraham was X-rayed at Vanderhoof Hospital before he came to this school, and you informed me orally that the results were negative.

4. Margaret Andrews is being X-rayed October 23rd., in the semi-annual T.B. clinic at this school.

5. Raymond Seymour has bad tonsils; but in view of the fact that he suffers no physical discomfort or toxic effects, we had intended to have him operated on at the time of our annual "tonsil clinic" later on in the year, thereby avoiding unnecessary expense.

6.
6. Nancy Anatole is now in good physical condition; the only defect being in her vision, which can be corrected by using spectacles.

If the Department declines to approve the admission of the four children, Peter Abraham, Margaret Andrews, Raymond Seymour and Nancy Anatole, I shall have to send them home; since they all come from remote areas they will be far removed from all medical supervision and care, which they are now receiving at this school.

Yours truly,

Your file, I63-I-I0

With reference to your letter of October I2th last, I beg to enclose herewith a letter received from the Principal of the Lejac Indian Residential School covering the matters dealt with in your letter.

With regard to Peter Abraham, this boy was x-rayed July I5th. last and Doctor Barclay advised that the results were negative. I regret this information was not submitted with the application.

Re; Raymond Seymour, this boy will get attention at the Tonsil Clinic, which is usually held at the school once a year.

Re; Nancy Anatole, this girl will be provided with glasses at the first opportunity.

Robert Howe, Esq.,
Indian Agent,
Vanderhoof, B.C.

Dear Mr. Howe: Re: Louise M. George, No. 0298.

Maxine George, chief of the Fort Fraser Band, has asked me ho have his daughter Louise, age 16, re-admitted to this school. Louise last year made her Grade VII, and it is her father's wish that she finish Grade VIII, with the idea that she may go on to High School later.

Therefore, I enclose herewith an "Application for Admission" form, duly filled out; and I beg that you forward this request, with your own approbation, to the Department at Ottawa.

Personally, I am in favour of this girl, Louise M. George, being re-admitted to the school for the above purpose. She is a good student and has always given satisfaction in every way during the 8 years she has already spent here.

Yours truly,

Rev. Alex. R. Simpson, O.M.I.

Indian Affairs Branch, Department of Mines & Resources,
Ottawa, Ont.

I beg to enclose herewith application for admission to the Lejac Indian Residential School for Louise M. George, age 16 years, daughter of Chief Maxine George of the Fraser Lake Band, Fort Fraser B.C.

Also, enclosed a letter received from the Rev. Principal recommending admission of this girl to the school for another year in order that she may finish Grade XIII, and qualify for High School.

Chief Maxine was in to see me recently and he is quite anxious for his daughter to complete Grade XIII, so that she may attend High School at Fort Fraser next year.

Louise is a good student and anxious to further her education. I would strongly recommend the application be approved.

With reference to Departmental File 163-1-10 of May 29th, 1943 concerning May Loots age 5 of Lower Post, B.C. orphaned and destitute.

During my June visit to the Indians of Lower Post, B.C. I made enquiries regarding this child and discovered that she had been taken over by her uncle, Frank Loots ~~and~~ who had assured the local Roman Catholic Missionary that he would take proper care of the child. I made further enquiries on my last visit to Lower Post in late August and found that the child is still out in the bush with her uncle Frank Loots and as far as could be learned he is taking good care of her.

LEJAC INDIAN RESIDENTIAL SCHOOL

GENERAL REPORT

for quarter ending December 31st., 1943.

::::::::::::::::::::::::::

ATTENDANCE

All through the past quarter we have been well in excess of our pupilage quota, and at the moment there are 163 children in the school, despite the fact that six children were sent to the hospital for T.B. treatment.

MORALE

This has kept up remarkably well, and although the principal was absent for several weeks not one child attempted to run away. During the Christmas holidays we had about 175 parents and relatives of the children here for the Christmas concert, and all of them seemed to be quite satisfied with the condition of their children; which would indicate that the children themselves are contented.

HEALTH

During the survey made by the T.B. Travelling Clinic at this school about 130 children were X-rayed. Consequently, six children had to be sent for hospital treatment. Two children have returned here after lengthy sojourns at the Coqualeetza Indian Hospital.

For about six weeks, beginning the first of November, the school was quaratnined for Mumps; 120 children in all being affected. One little girl, seven years old, died in Vanderhoof Hospital.

MANUAL TRAINING

This is proceeding along the customary lines. Due to the fact that there are no big boys this year, the boys are not giving as much assistance with the farm work as in other years. The work of rebuilding the chicken house which burned down in November 1942 is now completed. Operations have been suspended in the shoe repair shop due to the difficulty in obtaining materials.

LIVESTOCK

The results of the sale of cattle this year were rather disappointing due to a sudden slump in prices just before the sale. The results from the sheep were quite satisfactory. Due to the shortage of feed we disposed of 30 suckling calves, which would normally have been held over until next year.

SUPPLIES

It is becoming increasingly difficult to obtain sufficient clothing for the children, especially shirts and overalls. Leather for shoe-repair is also very scarce. The rubbers and running shoes made from reclaimed rubber are very unsatisfactory.

I beg to enclose herewith Application for Admission forms to the Lejac Indian Residential School for the following:

Ruth Benoit,	"	"
Shirley Prince,	"	"
Ivor Prince,	"	"

The mother of Ivor and Shirley Prince has been undergoing treatment for some time at Coqualeetza Hospital. The father is a moral degenerate and is not concerned with the children's welfare. For the past twelve months Mrs. Leon Prince, the grandmother, has been looking after the Prince children. However, the work is too much for this old Indian and she specially requested me to put them in School. X-rays were taken and sent to Coqualeetza for both Shirley and Ivor Prince, and Dr. Barclay advises that it is in order for these children to remain in School.

Although the school is over the alloted quota, the Reverend Principal is only too pleased to accomodate children in distressed circumstances.

Recently we have had another unfortunate incident Two girls, aged 14 and 15 respectively, pupils at St. Pauls Squamish Indian Residential School, ran away and were missing for a week. When they returned, the Sister Superior refused to re-admit them, as they had been living with some Unites States sailors in a rooming house in Vancouver. One of these girls, Bernice Billy, aged, 14 was taken to Lejac Residential School, which is operated by the same religious order as St. Pauls Squamish Residential School. It was thought that by sending her away from Vancouver, she might have a chance to reform.

I enclose herewith an application for the admission to Lejac Indian Residential School of Bernice Billy, Squamish Band. This girl, with Elsie Gonzales, ran away from Squamish Indian Residential School last month and we had considerable trouble locating her. As this is not the first time she has run away from the School, it was thought best to send her to Lejac. I have already reported on Elsie Gonzales (Your File No.440-111), in my letter of Feb. 25th last.

LEJAC INDIAN RESIDENTIAL SCHOOL

GENERAL REPORT

for quarter ending March 31st., 1944.

ATTENDANCE

The attendance has remained at a steady level all through the past quarter. The average for the quarter is over 160. The Department has recently notified us that three indigent children are being sent here from Lower Post. This will make about thirty such children, with the additional burden of keeping them in school all during the summer vacation. It is only just that some recognition of this be made by the Department, such as raising our number of grant earning pupils to 160.

MORALE

The children continue to be in good spirits, and another quarter has passed without any cases of truancy. In fact, we have not had a single runaway during the current school year.

HEALTH

This has been somewhat better during the past quarter. Many of the children have had colds and the 'flu, but nothing very serious. One girl was sent to hospital for six weeks as a precaution against T.B. One other girl went to hospital with sores on her legs. The children were all immunized against diphtheria. Two of the children who were sent to hospital last fall, as a result of the T.B. chest clinic, have died.

MANUAL TRAINING

This is going on as usual. We have received a welcome addition to our tool supplies from the Department. Activity is being resumed in the shoe repair shop since we have been able to obtain a supply of leather.

The girls have been doing good work in making useful garments out of the supplies of discarded army and air force clothing that we have been receiving lately.

LIVESTOCK

All of the livestock have weathered the winter in a satisfactory manner. The new crop of calves and lambs in now arriving daily. We got 500 Barred Rock Pullet chicks late in February. This is the first time we have had anything but Leghorns.

GENERAL

It is earnestly hoped that we will be able to have the exterior woodwork of the building repaired and painted this year. During the very cold weather it was impossible to heat parts of the building due to the looseness of the windows and doors.

Dear Sir:

In reply to your letter of April 6th., re the March Quarterly Return of this school, I wish to say that both pupils, No. 375 and No. 0447, were T.B. patients and died in hospital. This was clearly indicated, I believe, on the Admission & Discharge, Form #33.

You ask me to show the exact date of admissions on all returns in future. I do not understand just what you mean. Does this mean the day of entry must be shown for every child on each return?

In 1938 you wrote to me deploring the fact that this school was heavily in debt, and advising me to try to reduce it "without depriving the children of anything to which they are entitled." You may be interested to know that we ended the fiscal year with a balance in the bank.

Yours truly,

Dear Mr. Howe: Re: #0434 - Theresa Abraham.

In a letter recently received from Mr. Philip Phelan I received the following instruction:

"No. 0434 Theresa Abraham, nineteen years of age should be discharged at the end of June."

You will remember that you interviewed this girl a short time ago; and that you decided that it would be best for her to remain in school for the present, due to her physical condition, her desire to remain here, and the nature of the reserve at Bear Lake, to which she would have to go.

I am also of the opinion that this girl should remain here until her convalescence from Infantile Paralysis is more nearly complete. In her present condition she would be almost helpless on the Reserve; and, if she leaves this school, she should be admitted to a hospital rather than be sent home.

Since Theresa is also anxious to continue her studies, I am willing to have her remain in school for the next school year.

Will you please take this matter up with the Department, and see what can be done?

Dear Sir:-

Re: Theresa Abraham, Age 19.

This Indian girl is at present a pupil of the Lejac Indian Residential School, and is recovering from an attack of Anterior Poliomyelitis, which she had in 1941. At present under medical supervision she has made good progress in regaining the function of her paralyzed right leg, and weakness of her right arm. However I advise her staying longer at the Lejac Residential School, as she needs further treating of the residual affects of the said paralysis, before she can get around well enough to be on her own responsibility.

This Indian girl comes from a home very much isolated from the nearest medical aid, and this is another reason for her remaining a little longer at Lejac.

If she is to receive any other additional treatmnnt, it would be in the nature of physio-therapy, for which she would have to go to Vancouver.

Mrs. Antonia Jack, a widow of Atlin-Teslin Lake Band and the mother of six children, has asked that her boy Sylvester, aged 11 years 5 months, now attending Lejac Indian Residential School, be returned home in order to help her and to learn to trap.

Sylvester was admitted to Lejac School in March, 1941, and is apparently making normal progress. While I am disinclined to recommend the discharge of pupils before they reach the age of sixteen years, this case is exceptional in that the widowed mother needs the help of a son and also it is important that Sylvester learns to trap during the next three or four years or it will take him much longer to learn later. From past experience it seems these Indian boys do not take well to trapping after they are sixteen or older.

Mrs. Jack has a girl, age 10 also in Lejac School and has asked that two younger children, aged 8 and 6 years, be sent to school. They would have to be escorted and as the mother is destitute this expense would be a charge on the Department, as would the expense of a matron on the journey from Atlin to Lejac. The cost of this trip would be about $200.00, mainly for fares. If the boy Sylvester returned with the escort the cost would rise to $275.00.

Another factor in the case is that there is no means of having the prospective school children medically examined before leaving Atlin as there is no doctor there. They would probably have to go to Smithers first before proceeding to Lejac. The children appear healthy but their father died of pulmonary tuberculosis last June at Coqualeetza Hospital.

Mrs. Jack is at present drawing rations but has a good trap-line and should become self-supporting as soon as the boy Sylvester is able to trap efficiently.

I would be pleased to receive the Department's direction in this matter as soon as possible, both in connexion with the requested discharge of Sylvester from Lejac School and the admission of the two younger ones.

Mr. R.H.S. Sampson, Indian Agent, Telegraph Creek, B.C.

I have your letter of the 25th instant, with reference to the children of Mrs. Antonia Jack. Careful consideration has been given to the second paragraph of your letter. The Department feels that it would not be advisable to grant the discharge of Sylvester Jack this year. After all he has only been in the school since 1941 and if he is to receive any advantage from his school training he should remain for another year.

Regarding the two younger children, the Department is prepared to approve their admission to the Lejac School, provided the Principal is willing to accept them. I note that it will probably involve an expenditure of $200 for their transportation and, as you suggest, they should be sent to Smithers for medical examination before they proceed to Lejac.

The parents of the following children have asked that the children be sent out to Lejac Residential School this summer:

James Dennis, 7, fatherless
Dennis " , 7, "
Gerty " , 9, "
Johnston Reid, 5½, motherless
Lucy Reid, 7½, "
Joyce Etzerza, 6, fatherless.
Alice " 8, "
Carl " 9, "
Ira " 12, "
Charles Tashoots, 6½, "

The Department has already authorized the removal of Irene and Jimmy Johnny of Casca Band, as per their telegram of August 25, 1943, for medical reasons and to be admitted to Lejac later. These children, with possibly the two Jack children from Atlin whose removal to Lejac was the subject of my letter of April 25, 1944, would make a total of fourteen. The Reverend Principal of Lejac has advised that he is willing to accept all these children.

As the Department is aware, the children cannot be medically examined here and therefore would first have to go to Smithers. Of the ten children from Telegraph Creek listed above, perhaps only two are likely to need medical attention; Gerty Dennis for an eye condition and James Dennis for possible T.B. knee joint. In any case it is important that these children receive medical attention for their ailments and they cannot do so at Telegraph Creek.

The Roman Catholic Missionary, Rev. C. Carpentier, has signified his willingness to escort the children if his travelling expenses are paid. The mother of Charles Tashoots, a capable woman, is willing to act as matron for the girls without charge, provided her expenses are paid. As Father Carpentier opens Dease Lake Seasonal School September 1st the children will have to go out early in August.

The parents of the children are destitute and in the case of the Dennis and Etzerza families, the widowed mothers are in receipt of rations for their families. There are five children under 16 years in the Dennis family and eight children under 16 years in the Etzerza family; these two widows are heavily burdened trying to care for their large families. The Reid children being motherless, do not receive proper care and would benefit greatly from attending residential school. The Tashoots boy is living in immoral surroundings and would also be better off in school; he also has very greatly enlarged tonsils which interfere with his breathing.

I would be pleased if the Department would authorize the removal of these children. The cost of transportation would be approximately $300.00 including return fares for the priest

LEJAC INDIAN RESIDENTIAL SCHOOL

GENERAL REPORT

for quarter ending June 30th., 1944.

666

ATTENDANCE The attendance has risen a little during the past quarter, with four new children being admitted. The average for the quarter was 167.89.

MORALE Nearly all of the children seem to be very happy. There has not been a single case of truancy during the past year, that is, no child has run away from school.

HEALTH This has been fairly good. We had a dental clinic, and the dentist was amazed at the good condition of the teeth of the older children who had been in school for several years. The general state of the teeth of the new children was quite bad.

The T.B. Clinic took X-rays of about 24 children; but, for the first time since this survey was begun, we did not have to send a single child to the Sanatarium.

One girl, Bertha Pierre, was sent to St. Paul's Hospital in Vancouver for further treatment for goitre. Today, a telegram came announcing that she had died June 29th, without any explanation.

MANUAL TRAINING. This is following the usual lines. Both boys and girls have had considerable work in the garden and greenhouse, transplanting and thinning out, etc.

One of our girls, in the Provincial T.B. Poster contest, won a first prize; another girl and boy each got honourable mention in the same contest.

We have made quite a large number of serviceable garments for the girls from the discarded army clothing we have received.

LIVESTOCK The lamb crop was disappointing, but the calf crop has been fairly good. When our pullet chicks were about ten weeks old, one of the boys filled the feed trough with sawdust, and we lost over 200 of the chicks.

GENERAL Due to the lack of available labour, it will not be possible to have the exterior woodwork of the school building repaired and repainted, as we had hoped.

The lack of help is also hampering our work on the farm.

Rev. Alex. R. Simpson, O.M.I.
Principal

Schools;

The majority of the pupils at Lejac Indian Residential School are on vacation. About 30, underprivileged including orphans and children from Stikine Agency remain at the School. Twelve children from the Stikine Agency arrived recently.

Advantage is being taken of the vacation period to redecorate the interior surfaces of the main school block and other necessary repairs.

September 29th, 1944.

Indian Affairs Branch, Dept. of Mines & Resources,
Ottawa.

Joe Poole, widower of the Fort Grahame Band, residing at Fort Ware, B.C., in a remote part of the Agency wishes to send a boy, William, age 5 years next January 4th and a girl, Julianna, age 7 years, to the Lejac Indian Residential School. Joe Poole, being a widower, is unable to give his children proper care and the conditions under which they live are deplorable.

Dr. Stringer, on our recent visit to this point last June, examined these children and found them physically fit to enter school, and the Reverend Principal consents to their admission regardless of age, particularly as they are underprivileged.

Permission is requested to bring the children out by the mail plane, October 14th next at the Department's expense, the cost being $32.78 each. This is the only method of transportation from this remote area.

Please reply by airmail.

Reverend Sir:

Last April we had a request for the discharge of Sylvester Jack, No. 407, from the Lejac Residential School. From the information placed before us at that time we thought that in view of the boy's age and the short length of time that he had attended the Lejac School it would be in his best interests to remain in the school for another year. However, we have had strong representations to the effect that the mother requires his assistance and consequently we feel that the boy should be discharged immediately. Please make arrangements for his return home at the earliest possible date. The cost of his transportation will be paid on receipt from you of a certified account.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

AIR MAIL

Dear Bishop Coudert:

I have your letter of the 7th instant, with reference to Sylvester Jack. For your information I enclose a copy of a letter which we received from the Indian Agent and also a copy of our reply. From the facts placed before us in the letter I feel that you will agree that the decision we made was reasonable.

However, in view of your representations I am writing to the Principal of the Lejac School instructing him to send Sylvester Jack home at the earliest possible date.

Yours truly,

Schools;

I regret to report that there were 80 absentees from the Lejac Indian Residential School when the term opened early in September, which entailed a lot of work rounding them up to say nothing of the additional gasoline and oil used for this purpose. At the time of writing 169 pupils are in school, which is 9 above the per capita grant. Accomodation at the School will not allow for many more pupils.

Dear Bishop Coudert:

With reference to your letter of the 7th instant and my reply of the 10th instant, I enclose, for your information, a copy of a letter which has just been received from the Principal of the Lejac Residential School. It would be appreciated if you would review this matter and let me know what you consider should be done.

Yours truly,

Dear Sir: Your file: 163-1-10

Your letter of October 10th. concerning Sylvester Jack, No. 407, is to hand.

It is rather surprising to me that the matter of discharging this boy should be renewed at this time; because, only last August his mother brought his little brother and sister to school, and she was quite cheerfully resigned to the fact that Sylvester could not go home this year.

However, if it is wish of the Department that he should go home, I have no objection. But, I wish to point out that this boy comes from Atlin, which is in a most remote section of Northern B.C., and that the boy is only 12 years of age. Therefore, he will have to have an escort to take him home, the more especially since the season is now far advanced and the means of transportation are very uncertain at this time of the year.

I did not consider that your letter authorised the sending of an escort with this boy; therefore, I will take no steps toward sending him home until I receive confirmation from you.

Yours truly,

Rev. Alex. R. Simpson, O.M.I.

R.A.Hoey,Superintendent

Ottawa, Ont.

Dear Sir;

Upon returning to my headquarters here in Whitehorse,I found your two communications of October 10 and 24 with enclosed correspondence of Agent Semson and Father Simpson re Sylvester Jack's return to Atlin.

I wish to thank you for your earnestness in taking this matter up.

As stated in my letter of October 7,I was suprised to hear of Mrs Jack's request being turned down by Ottawa,after it had been endorsed by the local Indian Agent,especially in view of the fact that Mrs.Jack had been sent purposely to Lejac last Summer as an escort both to bring some of her younger children in and to take Sylvester back home with her.Frankly, I could not understand the attitude of the Ottawa Officials, and was anxious to have some explanation on the matter. I added that Mrs.Jack,though greatly disappointed,"accepted this painful situation without recrimination and consented to leave her boy in the school for another year".

Your explanation is somewhat satisfactory,though it shows once more the difficulty which the Ottawa Officials have to understand at such a distance our local problems and the lack of confidence they have in the report of their local Agents.I must now admit that you have gone beyond my expectation by instructing the Principal of Lejac,at this late date,to have the boy sent home at the earliest possible date.

I wired immediately to father Hamel,the missionary in charge at Atlin,in order to ascertain whether Mrs.Jack was still in Atlin and whether at this late date she still cared to have the boy come back to her for the present trapping season.I received this morning the following wire from father Hamel:"Sylvester Jack born November 1st 1932-stop- Antonia and George wish him come back as soon as possible because they go trapping after New Year"..George is a first cousin to Sylvester and looks after his trapline.

In my estimation there is not the slightest difficulty for a boy of Sylvester's age to come back home alone.There is a steamer plying every ten days,all the winter long,between Prince Rupert and Skagway,and a connecting train between Skagway and Carcross,with a connecting plane between Carcross and Atlin.I would suggest to have father Simpson or Agent Howe make the necessary arrangements for the boy's trip through the Indian Agent at Prince Rupert;the latter knows exactly from experience what papers are required by the Immigration for the boy's passage

from Prince Rupert to Atlin, via Skagway and Carcross; he, then, would have only to put the boy on the steamer at Prince Rupert, and wire George Simmons of the Northern Airways at Carcross to get the boy on his arrival at Carcross by train, pending favorable weather conditions for the plane to take off for Atlin. If any escort is deemed absolutely needed, which point I fail to see, I would advise keeping the boy in Lejac until next summer when some opportunity may arise to have other children of the North brought in or out of the School; in which case I would ask you to notify me at your earliest convenience so that I may wire the parents not to exspect Sylvester back before next summer.

Thanking you for your kind cooperation in this matter,

I remain,

Dear Mr.Hoey,

yours sincerely in Christ

Dear Father Simpson:

With reference to your letter of September 28th, received here on November 17th, I am pleased to return the Application Forms for Emma and Edward Jack, which have been signed as requested. You will note that I have kept a copy for my files. It is regretted that application forms were not sent down with these children, but as you no doubt realize there is great difficulty in communicating with the distant parts of this agency, and I was not even aware the children had left for school until a week or two afterwards.

As an Application Form has already been submitted to the Department through Major MacKay's office for Susie Carlick, I am not returning those forms, but you will no doubt by this time have received a copy from the Commissioner.

Yours truly,

I beg to enclose herewith application for admission to Lejac Indian Residential School for Celina Michell, orphan, 6 years, Necoslie Band. This child returned from Coqualeetza Hospital a few months ago where she had been undergoing treatment for tuberculosis. Apparently the disease was arrested and Dr. Barclay pronounced her fit for discharge.

Since leaving Coqualeetza Hospital she has been living with her grandparents, who, I regret to advise, sadly neglected the child.

In view of the circumstances, I would recommend her admission to Lejac be approved. Celina will be 7 years of age May 30th next. Dr. Barclay, under date of January 19th last, advised that it would be quite alright for her to be admitted to Lejac School.

Mr. S. Mallinson, Indian Agent, Hazelton, B.C.

I desire to refer to your letter of the 3rd instant, regarding Irene Isadore, and to confirm our night lettergram of the 7th instant, stating that it was considered insdvisable to place this girl in the Lejac Residential School.

The majority of the children in our residential schools today are under 16 years of age, although, in special cases, if requested by the Principal and recommended by the agent, we are prepared to approve children remaining until 18. Owing to unsatisfactory home conditions, such action is often advisable, especially in the case of the girls.

We considered the information contained in your letter, regarding the past conduct of Irene Isadore. While there is no doubt that she should be detained in some institution for a time, we do not want our Indian residential schools turned into penal institutions. It is felt that the placing of a girl with her background in a residential school would be a retrograde step and almost inevitably the other children would suffer.

I wish to advise you that Irene Hellena Isadore, Moricetown Indian, age 16, was before the Judge of the Juvenile Court this date in Smithers, to face a charge of theft from the Chinese proprietor of a restaurant situated in Smithers.

As a previous charge of intoxication was laid against this girl, and knowing that she would appear before the Court on a charge of theft, I wrote the Principal of the Lejac Indian Residential School, asking if he would accept this girl, should the Judge see fit to commit her. The Principal agreed to accept custody of the girl on condition that she passed a clean bill of health. In the medical examination performed today, Dr. Greene was not quite satisfied and is sending one or more smears to the Health Unit, Prince Rupert, there being a suspicion of venereal.

As the girl has to appear before the Juvenile Court Judge on March 10th, will you kindly advise me by wire, your decision as to the commitment of this girl to Lejac, if and when she passes the medical examination.

Her parents and elder sister are by no means fit persons to train this girl and their influence is bad. I strongly recommend that this girl by allowed to enter the Lejac Indian Residential School for whatever period the Juvenile Judge deems fit. The application form will be submitted directly this girl has passed her medical examination.

LEJAC INDIAN RESIDENTIAL SCHOOL

GENERAL REPORT

For quarter ending March 31st., 1945.

::::::::::::::

ATTENDANCE

This went up to a high of 178 during the quarter, and has varied very little during that time. According to the quarterly returns, our average has been a little over 174 for the past quarter, almost 10% over our per capita allotment.

MORALE

On the whole, the children all appear to be contented and settled down. There have not been any runaways during the quarter, and the behaviour of the children has been consistently good.

HEALTH

As regards the health of the student body, this has been one of the best periods in my experience. Very few children have had to be put to bed, and most of these were merely cases of severe colds or of influenza. Only four children had to be taken to the hospital. One of these, Matilda David, No. 0438, developed a heart condition which seemed to be due to a previous attack of St. Vitus Dance two years ago. Her condition deteriorated very rapidly, and she died two days after being taken to the hospital.

We had a six day dental clinic for the children. The dentist was very well impressed with the condition of the children's teeth, as compared with those of white children in the locality, or elsewhere. Exactly 50% of the student body did not require any attention. The great majority of the work done was for children who were spending their first year in school. Evidently, having a clinic for the children once a year pays dividends.

LIVESTOCK

The stock are not doing so well this winter, the milk production is below previous levels, and so is the egg production. One of the main causes is the shortage of feed and grain. Last year we had an 80% crop failure due to the severe drought. Already, I have spent over $3000.00 this winter in the purchase of hay and grain.

Another contributing factor is the shortage of farm labour. Our present farm manager is not up to the standard of previous ones, and we are also short-handed. Due to the fact that there are no really big boys, we do not get very much help from them.

There was a very heavy snow fall this winter, and the continued cold weather seems to indicate that we will be quite late in getting to work on the land this year; which is another cause of anxiety.

I have the March quarter return of the Lejac Residential School. According to our records, Theresa Abraham, No. 0424, is 19 years of age. We have allowed an extension to June 30, 1945, or, in other words, we will pay grant to that date if the girl continues in the school until June 30, 1945. However, it will not be possible to pay grant for her after that date. Consequently, her name should be removed from the return before you forward the return for the quarter ending September 30, 1945.

I have your letter of the 20th ultimo, regarding the discharge of Sylvester Jack, from the Lejac Indian Residential School.

In the Fall of 1944, further representations were made for this boy's discharge, especially in view of the fact that the mother definitely stated she understood he was only to remain in the school for a short period. Taking everything into consideration, we decided to discharge him during November, 1944. I regret that you were not advised to that effect at that time.

Dear Sir: Re: Theresa Abraham, No.0424

Mr. Indian Agent Howe has conveyed to me your remarks re the above pupil, following your examination of the March quarter returns for this school.

Since there has been considerable correspondence concerning this girl each year about this time, I must presume that you are familiar with the facts of this case; and in view of these facts I find it hard to understand your arbitrary demand for her discharge.

Last year, and the year before, I had to beg the Department to allow this girl to remain in school, but I do not intend to do so again. It is not reasonable that I should have to beg for the privilege of saving money for the Department. If this girl has to leave the school, the only place where she can receive adequate care, and entertain any hope of further improvement in her condition, is in the hospital. Here she is under constant medical supervision, she receives daily massage and other attention. If she returns to her home at Bear Lake, a most isolated and primitive reserve, she will certainly not enjoy these advantages.

You say, "it will not be possible to pay grant for her after that date (June 30, 1945)." May I point out that our average attendance for the past fiscal year was 171.87; and that we were allowed grant for only 160 children? It is obvious, therefore, that we enjoy no financial advantage by keeping this girl in school; our only motive in doing so is a wish to give her a chance for recovery from her ailment.

Yours truly,
Rev. Alex. R. Simpson, O.M.I.

Mr. R. Howe, Indian Agent, Vanderhoof, B.C.

I desire to refer to my letter of April 11, with regard to Theresa Abraham, No. 0424, Lejac Indian Residential School. It is regretted that before writing this letter I overlooked reviewing your letter of April 26, 1944, with which you enclosed a communication from the Principal of the Lejac School, regarding Theresa Abraham.

If I had reviewed this letter I would have realized that this girl is crippled, as a result of Infantile Paralysis, and the Rev. Principal feels she should not be returned to her home at Bear Lake.

While I appreciate his interest in this girl's welfare, at the same time it must be realized that our residential schools are not intended for the maintenance of such persons. I have discussed the case with the officials interested, and we are anxious to know if the girl could be placed with some responsible Indian family, and for her maintenance the Department will be prepared to pay a reasonable amount from the Welfare Appropriation. Please give this matter your consideration and let me have your recommendation.

I enclose an application for the admission of Grace Joseph or Shanoss to the Lejac Indian Residential School for your consideration.

This child was sent to the school from Prince Rupert by the mother, Harriet Shanoss and the man with whom she lives, Daniel Joseph, on September 5th, 1944. Later, the Principal of the school informed me that application forms had been sent to the above named Daniel Joseph for signature but never been returned. Eventually I received these forms but would not accept the signature of Daniel Joseph, as the natural father, Alfred Shanoss, was living and whose signature I have recently obtained.

Due to this child living in Prince Rupert and not attending school I would recommend that the Department's approval be granted for this childs admission to the Lejac school.

This girl is known at Lejac school as Grace Joseph but she was dedicated by the Salvation Army as Grace Shanoss and is recorded in my books as such. The mother, Harriet Shanoss, left her husband some three years or so ago and took this girl with her to Prince Rupert where they lived with Daniel Joseph.

Mr. R. Howe, Indian Agent, Vanderhoof, B.C.

I have your letter of the 29th ultimo, with reference to Theresa Abraham. I have discussed her case with the officers of the Welfare Division, and, in view of all the circumstances, they have decided to allow the Lejac School an amount of $15.00 a month for the girl's care and maintenance. Payment at this rate will be effective from April 1, 1945, and you should forward a voucher for the amount, either monthly or at the end of every three months. Payment at the rate stated will be made from the Welfare Appropriation.

It is noted that you consider this girl may have to remain at the school for two years more. The provision mentioned is being made on the distinct understanding that her presence in the school does not adversely affect the other pupils.

I have your letter of May 15th with regard to No. 0424 Theresa Abraham, Lejac Indian Residential School.

This crippled girl was absolutely illiterate when she entered Lejac School two years ago. She is most anxious to continue her studies and improve her education.

Entd Sept-42

I do not know any Indian home where Theresa would receive proper care and medical supervision necessary in her present physical condition.

She is improving slowly but surely. I would strongly recommend that she be allowed to remain in school and continue her studies at least for another two years. By that time her condition may be sufficiently improved so that she may be able to work in Coqualeetza Hospital as a maid.

The home conditions of this family at Bear Lake in a remote area are deplorable, and Theresa definitely does not wish to return home. Her mother died a few weeks ago.

Re: Willian Pool, 5 yrs., Fort Grahame Band.

I beg to enclose herewith application for admission to Lejac Indian Residential School for the above noted. This boy is the son of Stephen Pool who was sentenced to life imprisonment for killing his wife in 1943.

A brother and sister of this boy were admitted to Lejac in 1943 and William, who was only three years of age at the time was placed in the care of his grandmother, Mrs. Massettoe.

On my visit to this remote Band last week, I found the boy was not receiving adequate care and his aged grandmother refused to look after him any longer nor could I obtain a foster home with other Indians, consequently, I brought him out on the plane with me and placed him in the Lejac School.

I would strongly recommend that his admission be approved and that he be allowed to remain in school until he is able to fend for himself.

Lejac Indian Residential School

Under Direction of The Oblate Fathers

Lejac, B.C.

June 22nd., 1945.

Robert Howe, Esq.,
Indian Agent,
Vanderhoof, B.C.

Dear Mr. Howe:

For the past several years there has been an increase every year in the number of children remaining here at the school for the two months of the summer vacation. This summer there will be about 44 children here all during vacation.

This condition is due to the fact that we have been accepting indigent and neglected children from the Stikine Agency, as well as orphans and neglected children from your own agency; and in the summer time these children have no place to go, or their homes are too far away or too remote to allow them to go home. We have also two incorrigibles from the Vancouver Agency.

As you can understand, this means a great deal of extra expense for us, for the feeding and clothing of these children, and for the necessary staff to look after them. No provision for this is made by the Department, because the grant now received covers only the ten months of the school year, as was stated in the House of Commons last August by the Hon. Mr. Crerar.

During the past winter we had a great deal of extra expense due to the crop failure of last year; and the prospects for a good crop this year are not very bright. Consequently, our resources are severely strained by the ordinary expenditures of the school year, without having the extra expense of taking care of such a large number of children for two whole months without any compensation. As far as I am aware, no other school has such a problem. Next year it will be still worse, for Mr. Sampson, Indian Agent at Telegraph Creek has notified me that he intends to send down seven more indigent children this fall; and I am extremely reluctant to refuse to accept these children.

Therefore, I beg that you bring this matter to the attention of the proper authorities in the Indian Department with a view to obtaining a supplementary grant, possibly from the Welfare Branch, to assist us in taking care of these indigent children during the summer months.

Yours very truly,
Rev. Alex. R. Simpson, O.M.I.

Rev. Alex. R. Simpson, O.M.I., Principal,
Lejac Indian Residential School, Lejac, B.C.

With reference to the June quarter return of the Lejac Residential School, the discharge of pupil No. 0424 is approved.

An application form should be forwarded as soon as possible for pupil No. 479, Lewis Quock.

The return shows that pupils numbered as follows have been absent from the school for over a year:- Nos. 398; 0307; 0403; 0405; 0420; 0431; 0432; 0436; 0454; and 0460. If there is no prospect of these pupils returning to the school in the near future, it is considered that you should apply for their discharge, in order to receive authority to remove their names from the quarterly return.

Mr. R. Howe, Indian Agent,
Vanderhoof, B. C.

I have your letter of the 26th ultimo, enclosing a communication from the Principal of the Lejac Indian Residential School, applying for a supplementary grant for under-privileged children retained at the school during the vacation period. I regret that our regulations do not permit any such payment.

However, I have just reviewed the June quarter return of the school and it is found that they had approximately 10 children in the school over and above the number for which grant is usually paid. It has been decided to allow the school supernumerary grant for 10 children for the ~~month of June~~, 1945. This amounts to approximately $462.00 and will at least partly compensate the Principal for the extra expenditure that he will have to make for the children being kept during the summer months.

June quarter,

Philip Phelan,
Chief, Training Division.

JUL 16 194
REGISTERED

The parents of the below-described children have asked for their admission to residential school:

To Careross School, Doreen Dennis, age 15, of Tahltan Band. This girl will be 16 in September, 1945, and although the mother is anxious for the girl to attend school for at least two terms, I do not recommend the admission unless the Department feels a special concession may be granted in this case to allow her to attend school until she is 18. The mother will provide transportation to school. Faith, C.of E.

To Lejac School, Mabel Frank, age 14, of Tahltan Band. This girl's father is dead, and the mother is drawing relief. The girl has suffered from a discharging sore at the back of her right ear, which, according to a U.S. Army medical officer, is caused by a diseased condition of the bone, since last winter. From appearance the girl is obviously in need of expert medical attention. It is suggested that she proceed to Smithers Hospital for medical attention, and when her condition is improved, be sent to Lejac School. Faith, R.C.

To Lejac School, Viola Jack, age 13, of Atlin-Teslin Lake Band. This girl's father is apparently a pulmonary T.B. case and may be going to hospital shortly. The girl last winter suffered from a cataract-like condition of both eyes, and for a period had great difficulty is seeing. The trouble has cleared up to some extent now but it is apparent that she needs medical attention to ensure that her eye-sight is protected. It is suggested that she also go to Smithers for medical attention, and ultimate admission to Lejac, as her faith is Roman Catholic.

It is planned to send these girls out under the care of Mrs. Henyu, referred to in a previous letter as requiring medical attention in Prince Rupert. The cost of

the fares for Mabel Frank, and Viola Jack, will be about $50.00 each, plus about $10.00 to $15.00 possible expenses enroute, but there would be no matron's fee. Will the Department please authorize this expense if they approve of this suggestion. An airmail reply would be appreciated.

With reference to your letter of the 9th instant, the Department approves the admission of Mabel Frank and Viola Jack to the Lejac Residential School, provided that they are physically fit to enter a residential school when they have received the medical treatment which you sta te they require. In view of the information contained in the first paragraph of your letter, the Department does not consider it advisable to send Doreen Dennis to the Carcross School.

PLEASE QUOTE FILE E-2-3

Stuart Lake Agency,
Vanderhoof, B. C.,
September 14th, 1945.

Indian Affairs Branch, Dept. of Mines & Resources, Ottawa.

I beg to enclose herewith application for the admission into the Lejac Indian Residential School for Lillian S. Prince, 5 years, Necoslie Band.

This girl was recently discharged from the local hospital and taken to Lejac School after undergoing treatment for tuberculosis on the recommendation of Dr. W.S. Barclay.

The mother of the child is living a wild and immoral life and her whereabouts are unknown. The father recently returned from overseas and has been discharged from the armed forces. Under the circumstances I would recommend the application be approved.

I enclose herewith an application for the admission of Martha Joseph, age 12, to the Lejac Indian Residential School.

For a number of years Martha has been taken care of by her grandmother, who recently died, and I am certain it would be to the child's advantage to enter the above mentioned school, which I recommend. Martha Joseph was never supported by her father, who had left her mother several years ago.

With reference to the child's health, she has a touch of scabies on one leg, which is under treatment and a cure will be effected before she enters Lejac.

I am informed by the Principal that she will be accepted if approved by the Department.

I enclose application for the admission of the following named children to the Lejac Indian Residential School, all of whom have my recommendation:

Molly (Mary) Rose Harris	Age 14	Kitwanga Band
Sylvia Joan Harris	" 8	

I am advised that these children have been attending Annunciation School in Prince Rupert during the last few years,-the parents having lived there,-and have been baptized into the Catholic faith.

Raymond Brown	Age 13	Tsitsk Reserve
Sarah Brown	" 11	
Margaret Brown	" 9	

On account of the father's employment, these children have never been within easy access to a school and I am sure their admission to Lejac would be of great benefit.

All the above have apparently been accepted by the Principal of Lejac School, subject to your approval.

I enclose application for the admission of Rosalie Lottie Moore, age 12, of the Hazelton Band, to the Lejac Indian Residential School.

The parents of this child are for the greater part of the year in a pole camp, too far away for the child to attend an Indian Day School, and I would recommend that this application be approved by the Department. The Moore family are catholics and it will be in order for their child to enter Lejac.

I have already received the approval of the admission of this child from the Principal of the Lejac School.

QUARTERLY REPORT ENDING SEPTEMBER 30th, 1945, ON STUART LAKE AGENCY

Schools:

The Lejac Indian Residential School term opened September 4th. There were about 70 absentees, but at the time of this report most of the absentees have been returned to Lejac and there are now 180 pupils in attendance, which is considerably more than the allotted pupilage and taxes the accommodation of the school to the utmost.

Please arrange with the Principal of the Lejac Residential School for the discharge of Evelyn Reid, No. 0414. We have been advised that the date of this girl's birth is June 15, 1929, and she is, consequently, over 16 years of age. A good home can be provided for her with Mrs. Henry Taku, Atlin Lake, and she should be sent there at an early date. Payment of her transportation will be made on receipt from you of the usual account, in duplicate.

LEJAC INDIAN RESIDENTIAL SCHOOL
Under Direction of the Oblate Fathers

Lejac, B. C.
November 15, 1945

Mr. William Irvine, M. P.
Houses of Parliament,
O t t a w a

Dear Mr. Irvine:

During your recent visit to the school, which we emjoyed very much, you will remember that I told you that I had a request to make of you, and you told me to put it in writing and send it to Ottawa. Well, here it is.

Each Indian Residential school has a certain quota of pupils allotted to it by the Department of Indian Affairs. Our official number of pupils is 160. Each quarter we have to send in an attendance report, and, if the average daily attendance for the quarter is under 160 even by half a pupil, a corresponding amount is deducted from the per capita grant for the quarter in question. But, no matter how many children we have over our allotted number, nothing is paid for the extra pupils.

My request is that the per capita grant to the Residential Schools be based on the actual number of pupils present in the school. At the moment we have 192 children, but our grant is only for 160; so we have to carry the additional 32 children without any assistance from the Indian Department.

The objection may be raised that such an arrangement will cause the principals to overcrowd their schools in order to get the extra grant. Every single admission to a Residential School has to be authorised by Ottawa before the child can be placed on the rolls as a grant-earning pupil, so this gives the Department a means of controlling the pupilage in all the schools. Besides, it is a well known fact that a large proportion of the Indian children in Canada are without any facilities for education; therfore the schools should be encouraged to accept as many pupils as they can without detriment to the efficient operation of the school. Even crowded quarters in a Residential School are, in most cases, incomparably superior to the home accommodations.

Trusting that I have made myself clear, and thanking you in advance for your valued interest, I remain,

Dear Mr. Irvine:

I have for acknowledgment your letter of November 21st and also copy of a letter received by you from the Reverend A. R. Simpson, O.M.I., Principal of the Lejac Indian Residential School, sent forward therewith.

The position of Inspector of Indian Day and Residential Schools for the province of British Columbia has been vacant now for a couple of years. It is my understanding, however, that steps have been taken by the Civil Service Commission to have an Inspector appointed at an early date. Just as soon as this appointment is made, it is my intention to ask the Inspector to make a thorough investigation of a number of our residential schools, with the object of determining the actual enrolment that should be authorized in each case. In the meantime and until such an investigation has taken place, we shall be glad to allow supernumerary grants for an additional ten pupils at Lejac. This arrangement will, I feel sure, be measurably satisfactory to the Principal.

Yours sincerely,

Director.

Schools. Advice of the Departments approval of the admission of the two Etzerza girls to Cardross Residential School, and Sally Quash to St. George's School at Lytton, have recently been received. During recent months more parents have asked for admission of children to Lejac school but this is becoming unfair to the agencies near the school, which still have many children who could be admitted. There is need of a Roman Catholic school to service this agency and the Yukon.

Nurse Dunn has reported the following case and asks for immediate action to prevent further contacts:

Isobel Reid, age 30, unmarried Indian woman of Tahltan Band, and the mother of two children namely, Bertha, age 5, and a baby, age 16 months. Suspected of having pulmonary tuberculosis so sputum samples sent out for bacteriological examination. Report received from Provincial Laboritories February 16 states last two tests show positive sputum for pulmonary tuberculosis. This woman is coughing extensively, has weakness and night temperature, and has not menstruated since the birth of her last child, October 10, 1944.

Miss Dunn has strongly recommended the isolation of the mother from the two children and steps have been taken to have the children cared for temporarily, but it is probable that 100 percent isolation will not be achieved owing to the fact that the mother's tent is close to the tent where the children will be staying, and there will doubtless be some visiting as neither the nurse nor myself can exercise any control or supervision. The camp in which Isobel Reid lives is some four miles from town and is difficult to reach, being across the Stikine River. There is no suitable house, or home, where the woman could be kept in Telegraph Creek. Neither is there anyone at the Camp who could be hired to take charge of Isobel Reid and look after her. This means that she must keep her own fire going, and do her cooking, so it is not possible to have her take the proper treatment of complete rest.

As the woman is an open case she is a menace to any camp or community in which she lives, as well as to her two small children. Her removal to Whitehorse Hospital at the earliest possible date is recommended.

The problem of finding a suitable home for the children also arises. The woman has only one sister, Mrs. Maggie Jackson, who already has eight children of her own and could not be burdened with two extra. It is therefore suggested that Bertha, age 5, be admitted to Lejac Residential School when navigation opens on the Stikine River. Mrs. Jackson can probably be persuaded to look after Bertha until that time. It may be possible to send one or two other children to Lejac at the same time.

At the present time the only suggestion I have concerning the baby, age 16 months, is the Catholic Home in Edmonton and it may be possible to arrange removal of this child with the Ward children whose removal was authorized by the Department's telegram of February 11.

The three separate recommendations contained in this letter are:

(1) To hospitalize Isobel Reid in Whitehorse immediately pending removal to Miller Bay Hospital this coming summer. Cost of removal to Whitehorse will be about $100.00 including meals & hotel room enroute.

(2) To admit Bertha Reid, age 5, to Lejac Indian Residential School next May. Cost, if combined with removal of other school children, about $125.00

(3) To remove the baby to Catholic Institution in Edmonton, probably to travel as far as Whitehorse with mother, then join Ward children for trip to Edmonton. Cost approximately $50.00

If the Department approves these recommendations it would be appreciated if they could advise by night letter so that Isobel Reid can be removed from the proximity of her children as soon as possible. I am also anxious to know about the removal of the baby before final arrangements are made about removal of the Ward children previously referred to.

LEJAC INDIAN RESIDENTIAL SCHOOL

GENERAL REPORT

For quarter ending March 31st., 1946.

/// ///

ATTENDANCE

Due to the number of children that had to go to the hospital the attendance average for the past quarter is slightly lower. This would have been much lower had it not been for the co-operation of Mr. Indian Agent Howe in refusing many requests on the part of the parents to take their children out of school for one reason or another.

MORALE

The children maintain a good spirit, and there has not been a single case of truancy since the beginning of the current school year. Some of the parents send letters to the children containing abuse of the school and its authorities; but the children do not seem to pay very much attention to such epistles.

HEALTH

This has been the worst period with regard to the health of children in all my experience here. Early in February we had a flu epidemic with about 65 children being in bed at the same time. This was almost cleared up when another outbreak occurred at the beginning of March, during which we had 145 children in bed simultaneously with four Sisters and several other members of the staff. This was rather a terrible period. Now we have about 15 children still in bed running some fever. The children have been slow in shaking off the after effects of this flu, and are not entirely recovered even yet. I had the school doctor apply to the Department for a supply of vitamins for the children, but as yet we have had no response. Another request for a supply of tin tablets to counteract acne in several of the children has also been ignored.

Due to a series of accidents we have been unable to have an X-ray survey here this year, and this is particularly unfortunate because I feel sure that there are some very active T.B. cases among the children that should be detected and isolated.

LIVESTOCK

The constant need for the purchasing of feed at high prices for the cattle is a serious drain on our resources. The winter has been a very long one and we still have over two feet of snow on the fields which means that it will be a long time before the cattle can be turned out to pasture.

GENERAL REMARKS

The following items have been brought to the attention of the Department before in these quarterly reports without producing any reaction whatsoever; but I will repeat them again now.

1. The hot water supply is absolutely inadequate for the needs of the children.
2. Additional space is required at this school in the form of more dormitory and dining-room facilities; and a hall for indoor recreation. All this could be taken care of by the addition of a single wing to the present building.
3. Due to the increasing difficulty in obtaining cordwood, and the oft repeated objections of the parents to their children having to work with firewood, it is suggested that the Department consider the possibility of converting the present heating system to an oil-burning installation.

It would be appreciated if the Department could authorize the expense of sending Isobel Reid, age 6, to Lejac Indian Residential school from Telegraph Creek. The cost will consist of transportation for the child and matron, with meals enroute, combined with the removal of Bertha Reid, which action has already been authorized by the Department in their ~~letter and~~ telegram of March 12, and the total cost of the trip will be about $150.00.

The child is motherless, and her father Guy Reid, is quite unsuited to the task of caring for the child properly. She is not fed suitable food and is left with relations who care little about her welfare when the father goes trapping.

Several of the child's brothers and sisters are already in Lejac school.

Mrs. Hazel Brown, Indian woman of Tahltan Band, whose husband has been sent to hospital for the treatment of pulmonary tuberculosis, has requested that her daughter Rose, age 9 years, be admitted to an Indian residential school. Mrs Brown is destitute and the removal of this child to school would be an assistance to her, as well as affording as opportunity for the child to be properly educated. This action is recommended by the undersigned.

As the child is of Roman Catholic faith, the nearest school to which she could be sent is Lejac. The cost of removal will be about $40.00, as she would be included in the party in which the Reid children, as referred to in my letter of April 4, 1946, are a part, and the same matron will be in charge of all the children.

Will the Department please authorize this expense?

I beg to refer the Department to their letter of May 17, file 163-1-10, in which they approved the admission of Rose Brown to Lejac Residential School.

In my letter of April 26 requesting this admission it was stated the child was of Roman Catholic faith. However, the mother now informs me that although the child has attended the Roman Catholic church for a few months she has not been baptised into the Roman Catholic faith, she further states that although she originally asked to have the girl sent to a Roman Catholic school she now wishes her to go to a Church of England school with her brother David, age 7. Both these children were baptised in the Anglican faith.

It is believed that the nearest Anglican residential school is probably at Alert Bay, or an alternative might be St. Georges at Lytton. It is suggested that if the Department approves the admission of these children to either of these school, their removal be carried out at a time when some agency offical or other reliable person is travelling to Vancouver. It would therefore be appreciated if the Department could grant authority for the admission now so that it may be on hand should an early opportunity present itself to send the children down. This plan is recommended in order to save the expense of a special escort for the children, for whom the cost of a return fare to Vancouver would be paid.

The cost of sending the children to Vancouver or nearby would be approximately $150.00

Dear Sir:

Last week a Mrs. Etzerza came here from Telegraph Creek as escort to two small children coming to this school. She, herself, has four children here now. There is another daughter, Irma, at home who is now 16 years old and who had had a certain amount of instruction in Day School.

According to what Mrs. Etzerza told me, she applied to the local Indian Agent two years ago to have Irma sent to this school in order to get further education in the grades and some vocational training. The Indian Agent refused to make application on the grounds that the girl was already 14 years old, so it was not worth sending her down here for only two years. Irma still wants to come here, and I promised her mother that I would take the case up with you. I am sure that Ottawa would approve her admission for vocational training in Home Economics, Dressmaking and Hygiene, if it were proposed by you.

At the present time I am negotiating with a Registered Nurse in the hope that she will accept the position of School Nurse here. The Hon. Brooke Claxton informed the Joint Committee on the Indian Act that it was the intention of his department to employ qualified nurses to be stationed in the larger residential schools. I trust that this provision can be applied to this school. Your opinion on this matter will be much appreciated.

Yours very truly,

I would like to acknowledge receipt of the letter from Rev. Simpson, Principal of the Lejac School, dated August 19th, regarding Irma Etzerza, age 16. Admission to the school was refused on the grounds that the girl was really too old to benefit from two year's school, and it would also have meant a special trip with a matron to Lejac, the cost of which would have been about $150.00.

I have just recently received an application from Mrs. Etzerza, mother of Irma, to send this girl to the Crouard Residential School Co-operative, where the girl would be given some work and would be allowed to stay for several years. This application has been forwarded to Bishop Coudert at Whitehorse who will advise me if they will accept her.

I believe that if the Department is willing to authorize this expense of sending her out for further schooling that she might do better at the Crouard School as she is now 16 years old.

Dear Father Simpson O.M.I.

Your letter reached the Indian Agent here - concerning Irma Etzenza. I heard Mrs. Sampson telling Mary Etzenza

1- that Irma was arranged for school - the nuns to ignore or to forget that you are willing to break her at before even if she is 16 or more.

2- that sending Irma now would imply extra expenses. - She need not be accompanied since there is a breed girl coming on the Stikine boat, who could look after her properly and put her aboard the coast boat. She could be looked after in August by Father Carrol

So don't give up. The last boat on the Stikine will be around the 10 th. of October. I sure would like Irma to stay a year or two in hope. That would be a great help to her and to the families. She is actually a good little girl.

Best regards to all the Telegraph Creek children and to the good Sisters. Many thanks to you for your kind hospitality

Sincerely in Christ and O. M. I.

Dear Sir:

Re: Irma Etzerza,
Telegraph Creek, B.C.

With further reference to the admission of the above girl to this school, I beg that you read the enclosed letter which I have just received from Father Forget, the local Missionary.

Apparently, Mr. Sampson is still opposing the sending of this girl to school on the pretext that she is too old. Several times witnesses before the Joint Commission in Ottawa have recommended the extension of the school age. At any rate, under present regulations a child may remain in school with the consent of the Department until the age of 18 years.

Therefore, I beg that you immediately instruct Mr. Sampson to have this girl sent out to school. As navigation in that area will soon close immediate action is necessary; and I would suggest that you send a night letter.

Both the local Missionary and the mother of this girl are anxious that she have the chance to come here.

Thanking you in advance for your assistance in this matter, I remain,

Replying to your letter of the 21st instant with reference to the above I would advise that I am informed by the Indian Agent that he has an application before Bishop Coudert for the admission of the girl to Grouard Residential School but it will be impossible to get a decision in this matter before the closing of navigation.

In any event as the girl is over school age Departmental authorization would be necessary and we have also information to the effect that this girl's family are Anglicans in which case neither Lejac nor Grouard Schools could accept her.

Dear Sir: Re: Irma Etzerza, Telegraph Creek.
Your file - 215-12-5279

With further reference to the admission of the above girl to this school, I would point out to you again that I am doing this at the personal request of Mrs. Etzerza, her mother.

This girl already has two brothers and two sisters who are pupils here; and there is no conceivable reason for Mr. Sampson applying for admission to Grouard, when the girl wants to come here.

As for the religious angle, as Mr. Sampson well knows, this whole family, with one exception, was received into the Church some years ago.

It is my feeling that the difficulty in this case arises from personal animus on the part of Mr. Sampson. If we cannot receive satisfaction through your office I am sure you will understand if I take the matter up with Mr. Neary in Ottawa.

Dear Bishop Coudert:

Acknowledging your telegram of the 2nd instant with reference to the admission of Irma Etzerza to Lejac Indian Residential School, I would advise that the matter has been referred to the Department.

It is regretted that the Reverend Principal feels that what he considers the difficulties in this case are due to personal animus on the part of the Indian Agent as I am strongly of the opinion that this is not the case.

It was known here that five years ago this family were regarded as Anglicans and the girl, Irma, attended the Tahltan Indian Seasonal school which was under Anglican auspices. Unfortunately the Indian Agent, when writing about this case did not advise of the family's baptism into the Catholic faith and we followed the same procedure as we have previously where the situation was reversed and it was proposed to admit Catholic children to a Protestant institution.

There was also the question of permitting an Indian girl of this age to travel alone for a journey of this nature.

Agent Sampson thought that as the girl's mother applied to have her sent to Grouard Residential School this would meet her situation and he referred it to you but I have not been advised of the outcome.

No doubt the Department will instruct the Indian Agent in the matter.

Indian Affairs Branch, Dept. of Mines and Resources, Ottawa.

I enclose herewith a file of correspondence regarding the admission of a girl of the Tahltan Band in the Stikine Indian Agency to Lejac Indian Residential School.

At the time the writer inspected this Agency in 1941 this girl was attending the Tahltan seasonal day school operated under the auspices of the local Anglican missionary and the family were considered of that faith. She is now sixteen years of age.

An application for her admission was received from the Reverend Principal of Lejac in August and was referred to the Indian Agent, Mr. Sampson, who advised, and I believe with a great deal of reason, that she was really too old to benefit a great deal from the two year period of training proposed, and that the cost of sending her with necessary escort would have amounted to $150; also, that the girl's mother has applied for her admission to Crouard Residential School Co-operative, the location of which is unknown at this office. It will be noted that Agent Sampson forwarded it to Bishop Coudert , but I have not heard of the result. In the meantime the Reverend Principal has been very insistent in the matter and apparently has accepted the impression created by his missionary, Father Forget, at Telegraph Creek, that the Indian Agent is obstructing them unreasonably, and both he and Bishop Coudert have adopted a somewhat threatening attitude in the matter.

Agent Sampson knows the girl, and would have been unwise in agreeing, in any event, to her proceeding on this lengthy journey alone. It is a days journey down the Stikine to Wrangell, Alaska, where she would certainly need more protection, in this town, than would likely be afforded by the cook on the boat. There is no assurance that the arrival of the river boat will coincide with the steamship to Prince Rupert, and several days may elapse. She would be alone on the Prince Rupert boat which

would be undesirable. On arrival there she would apparently be met and cared for by Father Carrol until the train left at 6:30 p.m., but would be unescorted until it arrived at Lejac late the following afternoon. Under the circumstances I hesitate to recommend approval of her admission without an escort and it is unlikely that the escort would be able to return owing to navigation closing on the Stikine. It might be possible for the Agent to arrange for her care by some reliable person going out for the winter.

If you wish to approve of her admission it would be appreciated if you would telegraph Mr. Sampson direct.

SCHOOLS

The Lejac Indian Residential School term opened September 3rd last. Over 100 absentees were reported at the opening date. Despite the efforts of the Agency Staff and local R.C.M.P., there are still 35 truants, chiefly from the Stony Creek Band. This matter was covered by my report dated Sept. 12th, file no. E-2. With reference to the Department's reply, action wil shortly be taken under the Indian Act, against some of the parents of the Stony Creek Band who have not returned their children to School.

Susie Johnson born 16 November 1931

In view of the facts presented in your letter of 6 November 1946 under file 0-11/1, the Department feels that the cost of sending Susie Johnson to Lejac Residential School for one year does not warrant her admission there.

From your letter we would conclude that she is the only member of the family now recognized as an Indian under the Indian Act. Is there any possibility of her father assuming his responsibility for this child as mentioned in paragraph five of your letter?

Re question "Are we responsible for Susie Johnson"

Yes, as she was not removed from the membership role of the Atlin-Teslin Band with her parents and other members of her family and is still a Band member. See letter dated May 23, 1944, on file 62-158 herewith.

NOV 21 1946
REGISTERED

An application has been received from the guardians of Susie Johnson, born 16th November 1931, of Atlin Band, for her admission to Lejac Residential School.

Susie is the daughter of Albert Johnson, late of Atlin Band, who was removed from membership in the Band by authority of Departmental letter 62-158 of May 23, 1944, for residence in Alaska for a period exceeding five years without formal permission.

This girl has for several years lived with Mr. and Mrs. John Anderson of Atlin Band who now wish her to be admitted to school.

The cost of sending Susie to Lejac School from Atlin would be about $250.00 including return fare for escorting matron, plus matron's wages for two weeks (if any). The guardians, who are not very well off, apparently expect the expense will be borne by the Department. There would also be an expense of $85.00 for returning this girl in about a years time.

In view of the age of this girl,(15) it is not felt that removal for a year or two schooling warrants the high cost involved. Besides this the girl's father has not supported her for at least five years, and has abandoned her to the care of relatives entirely. Johnson maintains a home in Juneau, Alaska, and could very well keep the girl there and send her to school. He earns good wages most of the year from fishing and mining.

It would be appreciated if the Department ~~will~~ would

(2). Proceeding to Stony Creek Reserve the parents handed over four children for school outlined as follows, Helen L.PETER, Agnes RAPHAEL, Ray L PETER and Maurice PATRICK and continuing through to Stellaco Indian Reserve,Jimmy, Lillian & Fraser LOUIS also George CASHMIR were escorted to LeJac Indian Residential School, LeJac,B.C.

(3). On this date a further patrol was made with R.Andross driving his departmental car to Stony Creek, B.C. and Jennie QUAH, Evelyn PATRICK, Irene KETLO, Teresa ALEXIS and Colin ANTOINE were handed over by their parents for escort to LeJac, B.C.

(4). According to the School Principal, Father L.Simpson, O.M.I., the number of children required at school is almost complete and further action in this matter appears unecessary as several parents will be sending their children back to LaJac School when they return from their trap-lines this week-end.

Lejac Indian Residential School

Under Direction of The Oblate Fathers

Lejac, B.C. November 25th., 1946.

Philip Phelan, Esq.,
Chief, Training Division,
Indian Affairs Branch,
Ottawa, Ont.

Dear Sir: Your file: 131-1-10 (WT7).

In reply to your request for the forwarding of Applications for admission and certificates of health, as contained in your letter of November 18th., please note the following:

Re No. 506 and 0521 / I was informed by Mr. Indian Agent Boys of the Babine Agency that the Department had declined to approve the admission of these children on the grounds that they were not Catholics; although they were sent here at the request of their mother. They have relatives here who are Catholics. These children have since been sent home.

Re Nos. 0510 and 0511. These two children are from the Stikine Agency, and the "Application for Admission" forms were sent to Mr. Sampson quite a long time ago.

Re Nos. 503-504 and 505. These are all from the Babine Agency. At the time Mr. Boys informed me that Nos. 506 and 0521 had been refused admission, he told me that the Dept. had approved the admission of No. 506. The completed forms for Nos. 504 and 503 were delivered to Mr. Boys on September 24th.

I might remark here that it is difficult to work with Mr. Boys. I have written him three times about two girls who have not returned to school and who are actually in Hazelton, and have not yet received any reply from him, nor has he taken any action in the matter.

Re No. 496. The admission of this boy was approved by the Department under date of August 6th. The forms were sent in direct by the Indian Agent, consequently his serial number was not given at the time. This may have caused some confusion.

Yours very truly,

Rev. Alex R. Simpson, O.M.I.

1. With reference to the above, on the a.m., of the 12th, instant, the following letter was received at this offic

Hazelton,B.C.
December 11th,1946.

BEGINS:
Dear Sir Re Martha Irene JOSEPH

It appears that the above child, norn August 17th,1933, daughter of Dan Joseph of Tsitisk Reserve, a Roman Catholic, was taken care of by Mrs Kale of Kispiox and later by Mrs Alfred William (Matilda) Brown of Hazelton. She was enrolled as a pupil of Lejac Indian Residential School but failed to return and is reportedly attending Hazelton Indian Day School.

The Rv Principal of Lejac Residential School requires her return and under Section 10(2) of the Indian Act ~~he is~~ on solid ground in protesting her attendance at a school under Protestantauspices. and I have no option but to require her return to his schoolk in the absence of any valid reason why she should not do so.

It would be appreciated if you would kindly take whatever action is necessary to ensure her return to Lejac School.

Yours truly,
(SGD) James Coleman

2. In the p.m., of the 12th, instant, Mr & Mrs Alfred W.BROWN, the foster parents of this child, were interviewed at their home on the Hazelton Indian Reserve and were informed of the contents of the above letter and were instructed to have the child returned to the Lejac Residential School. They at first were reluctant to comply with the instructions but after some discussion, they stated that she would be returned to the school in question. However, they requested that she be premitted to remain at home for the Christmas Holidays in order to give them time to get her clothing in proper conditio n and also give the girl the opportunity of spending the Christmas Season amongst her relatives and friends.

3. This request was reported to Inspector Coleman on the 12th,instant, and he advised that under the circumstances he thought it would be in order for the girl to stay at home for the period requested but that she must report to the Lejac School not later than January 4th,1947. The foster parents were informed accordingly.

Major D.M.MacKay, Indian Commissioner for B.C. Vancouver.

I am in receipt of copies of correspondence under your file 215.12.5341 in connexion with sending Irma Etzerza to Lejac School.

It is rather surprising to learn that so much concern was shown by the members of the R.C. Church in this area over getting this girl out to school, and I find it very difficult to understand why not one of these gentlemen approached this office with a request or recommendation for her removal. In view of her age (16) it is all the more surprising as only this year the Reverend Principal of Lejac discharged two of our children at 16, one of them a girl Evelyn Reid, whose both parents are dead, and the other a motherless boy with a very poor home.(Robert Quock). If I had known of his desire to keep the children until 18 years of age I certainly would have urged he keep both these children. Irma Etzerza has a good home compared with what Evelyn Reid had to look forward to.

Mrs Mary Etzerza asked this office once, in the summer of 1945, if Irma might be sent to Lejac school. She was advised that owing to Irma's age (then nearly 15) I was not anxious to send her for only a year or two's schooling. Irma had at that time only been baptized into the Roman Catholic Church for a matter of a very few weeks. Early this spring Mrs. Etzerza asked about sending her daughters Peggy (18) and Irma to the Grouard Residential School in Alberta where girls are kept after they are 16 to learn special trades. Enquiries were made about this proposal and from the report received from the Reverend Principal of that institution I feel that Irma would have had a much better chance of learning something constructive. The girl Peggy could also have gone there.

I think it would perhaps be advisable to clear up any doubt about this office obstructing the members of the R.C.Church, and exhibiting personal animosity in dealing with this case. This is absolutely false and the Reverend Principal of Lejac certainly has no grounds upon which to make such an assertion. This is especially true when one considers that he did not even communicate with this office concerning the case. Neither did Rev. Forget discuss the case at all. My treatment of this particular case was quite impartial, and if anything, this family has received considerable sympathetic attention owing to Mrs. Etzerza being a widow with a large family.

It might also be of interest to mention that Mrs. Etzerza states that the Rev.Principal of Lejac told her Irma would be allowed to stay at Lejac until perhaps she was 25 years old, and this, she claims induced her to request Father Simpson to admit her.

To conclude this case, a telegram dated October 8th was received from the Department which read " Department approves sending Iram Eterza to the Lejac School". In the complete absence of any communication about this case, except your request of September 25th regarding Irma's religion, I was very uncertain about the matter, but presumed your office had arranged about sending Irma out, owing to poor communication with this point. The girl was sent to Lejac October 17th under care of Miss Florence Inkster, an Indian girl travelling to Prince Rupert.

1. With reference to the above, on the 28th, instant, the following letter was received at this office:

BEGINS: Hazelton, B.C.
December 26th, 1946.

Dear Sir, Re Violet Mary Alex (Wilson) Tsitak Reserve

The above named child, aged fifteen next March 20th, whose mother, Christine Alex, died on February 1st, 1946, was removed from the Reserve by Rev. Father Godfrey of Smithers to Lejac Residential School probably last month "because she was getting in trouble there" (Reserve or Smithers) at that time being in the care of her sister, Mrs Clara George. who was drawing her family allowance although it is stated that she did very little for the girl. Father Donz says that she attended school at Hagwilget very irregularly. Both parents being dead the signing of the admission will devolve upon the Indian Agent.

Long standing department instructions are to the effect that no child is to be removed from a Reserve on which a day school is operating to a residential school without first taking the matter up with them, explaining why such action would be desirable for the child. Not having personal knowledge of this girl's circumstances I am not in position to make a report, particularly as I am lacking transportation.

It would be appreciated if you could make inquiries on the reserve with a view to supporting the desirability of this girl being transferred from the care of her sister to the school in question and let me have same in duplicate.

Yours truly,
Corporal J. Ward,
R.C.M.P.
Hazelton, B.C.

(SGD) James Coleman
Inspector of Indian Agencies. ENDS.

2. A number of complaints have been received in the past regarding the conduct of this girl particularly in connection with her irregular attendance at the Tsitsk Indian day school. The mother, when alive, and the sister since the death of the mother, have been warned regarding the girl's non-attendance at the school. Both of these relations claimed the girl was difficult to handle and would not heed them when instructed to go to school. Since the closing of the Tsitsk Scholl in June, 1946, this girl, of course, has received no educational instructions.

3. On November 18th, 1946, Father Donze, O.M.I., of the Tsitsk Indian Reserve, called at this office and advised that this girl had left her sister's home on the reserve and had gone to Smithers, B.C., and would not return. He stated that she was employed in a Chinese restaurant, and, as this did not appear to be a proper environment for a girl of this age, he and the sister asked that she be return to the Reserve or moved to better employment.

4. Immediate enquiries were made regarding this complaint and it was ascertained that the B.C.P.Police,Smithers, B.C., were endeavoring to locate the girl and no assitance was required by this detachment. However, whilst on patrol in Smithers,B.C., on the 21-11-46, the N.C.O.i/c, B.C.P.Police was interviewed and he stated that the girl had not been found but she was not working in any of the restaurants at that point. He advised that a sharp lookout was being maintained and when the girl was found, appropriate action would be taken. Shortly following this interview, the B.C.P.Police informed me that the girl had been taken by Father Godfrey and sent to the Lejac Residential School.

5. The home life and general environment of this girl has been very poor and very little control of her activities could be maintained by her relations. Past complaints of her conduct have been minor but she is now reaching the age where she could get into a great deal of trouble unless positive measure are taken to correct the situation. There is no doubt that the enrolment of this juvenile in an appropriate institution will be of great benefit to her.

January 5th, 1947

The Secretary, Indian Affairs Branch, Ottawa.

On the 11th ult. I received enclosed Admission Form for Violet Mary Wilson, aged fifteen, apparently the illegitimate daughetr of Christine Alex of Tsitsk Reserve who died last February.

As there is a day school on the Reserve, temporarily closed but expected to open shortly, and I had no knowledge of the girl nor transporation to make enquiries, I referred the matter to the local R.C.M.P. officer, asking him to make enquiries and his report is so complete that there is little that I can add to it. It clearly indicates that the girl will be better in the school for another year although I am of the opinion that the missionaries should consult this office before removing a girl to a residential school, without permission as in this case. Such a procedure is likely to give rise to complications.

Having no relatives I have signed the admission in the usual way and would recommend approval of same.

Transportation Warrants - Lejac Indian Residential School

Unfortunately, a thorough search of our files has failed to reveal all the information that you have requested in your letter 0-11/1 of 4 January.

We have been able to discover the cost of the fare from Lejac to Prince Rupert (namely $7.30) but have been unable to trace the second warrant from Prince Rupert to Wrangell.

Can you provide us with any further information concerning this second warrant.

Transportation warrants were issued, presumably about June 30/46 by the Indian Agent at Vanderhoof, for the return of Susie Carlick, 15, from Lejac to Wrangell, Alaska, en-route to Telegraph Creek for summer vacation. The fare home was to be paid by the parents who had deposited the money with this office, and the principal of the Lejac school was asked to prepay the fare which would be refunded. However, this was not done.

7 30

Will the Department please advise the cost of the fare (1) from Lejac to Prince Rupert, and (2) Prince Rupert to Wrangell, as covered by the warrants issued? We have $34.05 in the Agency account belonging to Harry Carlick of Tahltan Band which is to be used to refund the cost.

Hazelton, B.C. February 25, 1947

The Secretary, Indian Affairs Branch, Ottawa.

I am in receipt of a letter from Rev Father Simpson O.M.I. Principal of LeJac Indian School, enclosing a letter from Mrs. Thomas George, an enfranchised Indian woman of Telkwa, B.C.. Mrs. George states that she has been acting as foster mother to Margaret Joseph, born September 1[illegible], 1942.

Margaret Joseph is the daughter of the late Mary Pierre who died in 1943, since when, the child has been cared for by a succession of relatives. Sam Pierre married Mary Tom in 193[illegible], shortly afterwards they separated and Sam Pierre went to live with another Indian woman while Mary, nee Tom, had one or two more children by another man thought to be Frank Joseph. Since the mother's death the child has been unwanted wherever she went. The present foster mother, Mrs. Thomas George, requests a place for the child in LeJac School. Father Simson states his willingness to accept her in view of the circumstances and despite her tender years, and I recommend her placement at the school. Her religion is definitely Roman Catholic.

I should appreciate your decision in the matter.

Indian Agent.

Re: Dominick West's children, Fort Babine Band.

I enclose herewith four completed application forms in duplicate for the following children of the above named:-

Jessie West 13	Doris West 7
Margaret West 9	Magdeline West 6

These childrenwere sent to LeJac School early in October 1946 by the Missionary at Fort Babine without first refering the matter to this office. Owing to the very irregular mail service it has taken until now to have the forms completed and the circumstaces investigated.

There is a Day School operating at Fort Babine. Dominic West and his family live at New Halifax Reserve, some twenty miles from Fort Babine and it was not possible for anyone to take care of the children so that they might attend the school. Fort Babine School in any case is overcrowded. I would therefore recommend approval of admission of these four children to LeJac.

Transportation Warrants - Lejac I.R. School.

Replying to the Department's letter 163-1-10 (W.T.) of February 7th, I wish to advise that perhaps the transportation warrant from Prince Rupert to Wrangell was issued from Skeena River Agency. I am today writing the Reverend Principal of Lejac to give me further information about this warrant, and will advise the Department if anything of value is learned.

Is it possible that Father Simpson himself issued the warrant?

Reverend Sir:-

We are in receipt of a letter from Indian Agent Sampson recommending the discharge of Ira Etzerza. It is stated that his mother requires his assistance as she is a widow with several other children. The information on our file indicates that this boy is only fourteen years of age.

Please let me know what progress he is making in his school work and if you consider his services would be of any value to his mother at the present time.

Yours sincerely,

Philip Phelan

We have your letter of the 27th ultimo with reference to the discharge of Ira Etzerza from the Lejac School.

We are writing the Principal of the Lejac School to ascertain what progress the boy is making. Our information is that he is only fourteen years of age and if he is making good progress at school it seems unreasonable to make him sacrifice his opportunity for the rest of the family.

I would be interested in knowing the age of the other children who are residing with the mother. What does the mother do to provide a living for the other members of the family?

Ira Etzerza, age 14, of Tahltan Band, was admitted to Lejac Residential School in July, 1944, and now his mother is asking that he be discharged and returned home to assist her.

At the time this boy was sent to school his mother was a widow, destitute, and with eleven children, eight of whom were under sixteen years of age. The oldest son, age 19, was helping his mother at that time, but has since moved away from the family, leaving the mother with no one to help her in providing wood, in gardening, or in hunting.

The mother, Mrs. James Low, was married last fall to a white who subsequently failed to provide support for the family, resulting in his wife leaving him and returning to her former home at Telegraph Creek. She is without support and certainly needs the assistance of this boy Ira.

Dis June 30/47

As Ira has only one more term to attend until he will be sixteen years of age, and owing to the need of him at home, it is recommended he be discharged at the end of the current term, and returned to Telegraph Creek. The cost of returning him will be about $60.00 including transportation and meals. Will the Department please authorize this expense if the boy's return is approved?

Dear Sir: Your file: 163-1-10 (WT 1)

In reply to your letter of the 24th. inst. re the discharge from this school of Ira Etzerza, I would say that we have no valid objection to this - if his mother really needs his assistance.

Ira will be 15 years old this summer; he is in Grade V, and is only an average student. He is quite willing and apt in manual work.

However, I understand that there is an older brother, Ralph, age 19 years, who is still living at home; and who should be of some assistance to his mother.

Ref. Dept. file 163-1-10 (WT 1).

Replying to the Department's enquiry of April 15, which was only received here June 7 owing to a delay in the mail, I beg to advise that as stated in my letter of February 27, the oldest son Ralph, age 19, does not stay at home, and is of no assistance to his mother. Since this boy became 16 years of age he has not lived with his family for more than a few weeks, and although he has earned goodrevenue from his trap-line he has not assisted either his widowed mother, or his infant brothers.

The advisability of bringing the boy Ira back from school was thoroughly considered before application was made on February 27, and it was felt that in view of all attending circumstances his return home was best. The fact that he can probably be promoted to Grade VI next year is of no particular advantage to him when he returns to his home. His livelihood will be made from trapping, hunting, and labouring. As a matter of fact he will likely learn more of value to him in future life if he returns home and goes out trapping next winter. It has been found in the past that if these young boys do not learn the art of trapping in their early teens they have some difficulty mastering it later. Apart from these facts there is also the urgent need of the widowed mother for the assistance of the boy. She lives at the old Tahltan village, a mile from the nearest camp and thirteen miles from town, and has only her oldest daughter, 22, who is not well, and four small boys, the oldest of whom is 6 yrs. She has absolutely no revenue and depends upon her garden and relief rations to feed the children. All the wood-cutting and other heavy work has to be done by herself.

LEJAC INDIAN RESIDENTIAL SCHOOL

GENERAL REPORT

For quarter ending June 30th., 1947.

ATTENDANCE

The level of attendance was very constant all through the quarter. Five new pupils were admitted and two others returned from the hospital early in April.

MORALE

The children have shown good spirit all through the past school year. If only the parents were as satisfied as their children our task here would be much easier. During the whole of the year just ended we did not have a single case of truancy.

HEALTH

There was very little sickness during this period. Only two children had to be hospitalised, and that for comparatively minor ailments. Since last February we have had a qualified nurse (she is not a Sister) on the staff; which has been a considerable drain on our resources since she has to have quite a high salary; but she has done well and seems quite capable.

At the end of May we had an X-ray clinic at which about 60 of the children had plates made.

GENERAL REMARKS

1. This summer we are having the whole exterior woodwork and the roof of the main building repaired and painted - thanks to the generosity of the Department.
   The root cellar will be rebuilt -the Dept. paying for the materials and the School paying for the labour.
2. We expect to complete the four-roomed house for the farm manager and his family which was started last year, and for which it has been extremely difficult to obtain materials. All of the work was done by the Manual Training Instructor and the boys.
3. All of the cement floors in the basement are to be painted this summer - at our own expense.

Stuart Lake Agency,

October 2nd, 1947.

Department of Mines & Resources, Indian Affairs Branch,
OTTAWA, Ontario.

I beg to enclose herewith, voucher No. 800 in favour of the B.C. Central Airways, for transportation of 8 children of the Fort Grahame Band, from Fort Grahame, B.C., to Prince George, enroute the Lejac Indian Residential School,

Dominic and Ted Pierre are old pupils from Lejac, whom I took home for a visit with their people on my annual trip to this remote point last June. The others are sadly neglected children whom I have been endeavoring to get into the Lejac School for some time.

Mrs. Retallack, our Field Matron at this point, advised by wire the day before the last Mail Plane of the season was to leave, that the guardians of the children had consented to the admission of these children to Lejac, therefore, I immediately telegraphed authority for transportation by plane, which is the only method of transportation from this point.

I have had several cases recently wherein Native boys of school age living in Smithers where there is no Indian Day School have been convicted of theft in Juvenile Court, because there is no responsible person in their homes and because of unsatisfactory home environment. The judge requested my assistance in disposing of the cases.

There exists in B.C. of course a Boys Industrial School to which youngsters can be committed but it has been my experience that unless a child is a habitual offender and incorrigible that he will frequently be discharged from such an institution very much worse for the experience.

In these recent cases therefore, since the offences were of a minor nature and since the offenders had not appeared in Court before, I felt that by far the best answer to the problem was to send them to the Indian Residential School at Lejac, more particularly because I know that this institution has not it's full quota of pupils for the school year.

This plan apparently does not meet with the approval of the Principal who feels that such children might not be a good influence on the others in the school . Your comments would be appreciated.

Dear Father Mulvihill:-

The Department is in receipt of a letter from Indian Agent Boys with reference to certain Indian boys whom he has recently sent to the Lejac School. The Indian Agent writes as follows:

"I have had several cases recently wherein Native boys of school age living in Smithers where there is no Indian Day School have been convicted of theft in Juvenile Court, because there is no responsible person in their homes and because of unsatisfactory home environment. The judge requested my assistance in disposing of the cases.

"There exists in B.C. of course a Boys Industrial School to which youngsters can be committed but it has been my experience that unless a child is a habitual offender and incorrigible that he will frequently be discharged from such an institution very much worse for the experience.

"In these recent cases therefore, since the offences were of a minor nature and since the offenders had not appeared in Court before, I felt that by far the best answer to the problem was to send them to the Indian Residential School at Lejac, more particularly because I know that this institution has not its full quota of pupils for the school year."

When the offenses are of a minor nature and the offenders had not previously appeared in court, the Department feels that it would be in the best interests of all parties concerned to have them placed in an Indian residential school rather than have them committed to the British Columbia Boys' Industrial School.

I trust that you will find it possible to co-operate with us in this particular regard.

Yours sincerely,

Bernard F. Neary

Dear Mr Neary -

In reply to your letter of Dec 5th - I accepted a boy and girl sent here by the Magistrate at Smithers. When Major MacKay visited the school last month I advised him of this fact. He was not in favour of accepting this type of pupil and pointed out the complications that could take place. Mr Howe, the Indian agent, was present at this talk. I called him on the phone this morning to verify my memory. From this I concluded that it was not the policy of the Department to accept this type. So when Mr Boyce asked me to take two more there I refused. If the Department is in favour of accepting these boys I am certainly willing to co-operate. However I am not willing to take the full responsibility,

without a ruling from the Department.
From the last paragraph of your letter
I conclude that it may be taken as
a ruling to accept the two children
Mr Boys wishes to send. I will write
to him by this mail.

Major MacKay stated that the
school could not be made the custodians

difficulty in such cases. Would you
advise me on this point.

Thanking you for past favours

Ottawa, December 18, 1947.

Mr. J.V. Boys, Indian Agent,
Hazelton, B.C.

I desire to refer to your letter of the 17th of November and our reply of December 5th with reference to placing certain Indian boys in the Lejac School. Father Mulvihill advises us that he has asked you to send the boys to whom you refer in your previous communication.

However, the point has been raised that sending this type of boy to an Indian residential school might seriously affect the discipline of the school. We are inclined to feel that in handling cases of this kind only those boys should be sent to a residential school who have committed offences of a minor nature and have not previously appeared in court.

We do not want the feeling to grow among the Indians that our residential schools are in the same class with the Provincial Industrial School to which offenders against the law are committed. We will, therefore, depend on you to exercise great discretion regarding the type of boy in the class under discussion, that should be sent to an Indian residential school rather than allow the law to take its usual course in committing them to provincial institutions.

Copy of this letter is being sent to Father Mulvihill and we also enclose a copy of our letter to him.

Dear Father Mulvihill:-

With reference to your letter of the 11th instant, we appreciate the action you have taken in notifying Indian Agent Boys to send the two Indian boys to whom he referred in his letter. As stated in my letter of December 5th we feel that when the offences charged are of a minor nature and the offenders have not previously appeared in court, there should be no harm in placing them in a residential school.

I enclose for your information a copy of another letter being forwarded to the Indian Agent.

Yours sincerely,

Dept. Mines & Resources,
OTTAWA, Ont.

Kindly refer to your letter of December 18th, file 163-1-10 (WT 1) concerning placing of 2 Indian boys in Lejac School following their appearance in Juvenile Court. These boys, Joseph JOSEPH and Alex JOSEPH have now been taken to the school and copies of their application for admission are enclosed herewith. You will note that in neither case has the parent signed the application. This is because the parents were opposed to the boys being sent away and would not voluntarily sign the applications. It is to be hoped that these lads will benefit by their stay at Lejac Indian Residential School.

JUL 12

July 7th, 1948.

Indian Affairs Branch, Dept. Mines & Resources, Ottawa.

Mrs. Antonia Jack of Atlin Band has applied for the discharge of her daughter, Susie, who will be 14 on the 19th July, from Lejac Indian Residential School. Susie was admitted in 1941 and has been at school continually since. She has attained Grade 6.

Mrs. Jack's reason for requesting the girl's discharge is that she requires her to help at home. Mrs. Jack is currently pregnant and feels that she should have her daughter's help in looking after the younger children.

While in Atlin recently, this case was discussed at some length with the Mother and Step-father of this girl, when every effort was made to make them see the wisdom of leaving the girl in school until she had graduated, to give her an opportunity to carry on to higher education or a vocation if she so desires, and for that reason her discharge is not recommended.

The Principal of Lejac School reports that this student is well mannered and applies herself to her studies and other work. In view of this it seems that this student will have a good chance of benefiting by further education.

The parents expect the cost of returning this girl will be borne by the Department. It is estimated this expense will amount to just under $100., providing she returns home without an escort, but owing to her age it might be wiser to have her escorted by a responsible adult as the journey consumes several days by boat and train. If the Department feels this pupil's discharge is warranted will they please advise by Air Mail, at the same time authorizing the expense.

It seems advisable to place the under-noted orphans in some institutional school as they are not receiving suitable care:

Veronica Dennis, born February 23/42 - Tahltan Band

Adolph Dennis, born July 28/39 " "

The father of these children died in 1943, and the mother died last November. They have since been under the care of a sister, Emma Dennis, age 21, but a certain amount of neglect is evident, particularly in feeding them. Emma Dennis is an unmarried mother, and the general living conditions of the group are not satisfactory. There are no other close relations in a position to undertake the guardianship of these two children, so it is felt they will be growing up under more beneficial surroundings if they are sent to a residential school.

Three older children of this family were admitted to Lejac Indian Residential School in 1944, and this seems the best institution to which to send Veronica and Adolph who are also of Roman Catholic faith.

Removing these children will involve hiring a matron, and the complete cost including fares, expenses enroute, and return of matron is expected to total $170.00. As far as can be determined there will not be any other admissions to Lejac School this season, but if there are the children will also be sent down with the same group. It is planned to send as matron an Indian woman who has four children in Lejac School now; this will give her a visit with her children, and also enable her to have medical attention while in Prince Rupert.

If the Department approves this action . . .

Lejac Res.
no 10.

Extract from Superintendent Howe's Report dated October 4th on the schools of the Stuart Lake A. Vanderhoof, British Columbia.

McLeod Lake Seasonal School closed August 7th, 1948, and the North Takla Seasonal School closed August 3rd, 1948. Due to the fact that it is very necessary for families to migrate and obtain work during the School term, the attendance at the Takla School was very poor. An effort will be made to encourage attendance of these pupils at the Lejac Residential School in the coming year and in this event, the Seasonal School should be closed permanently.

BABINE AGENCY

Hazelton, B. C.

26th October 1948

Indian Affairs Branch, Dept. Mines & Resources, OTTAWA, ONT.

I enclose herewith application forms for admission to Lejac Indian School for Veronica Wess and Gordon Holland, both of the Fort Babine Band.

Veronica Wess has been living with various families since the death of her mother. Home conditions have been most unsatisfactory and it is far better that she be placed in a residential school. Basil Holland has been working in lumber camps away from the reserve, at points where there are no school facilities. He has therefore asked that his son Gordon be sent to Lejac.

I recommend your acceptance of both these applications. Both are acceptable to the principal of Lejac.

Indian Affairs Branch, Dept. of Mines & Resources, Ottawa.

Mrs. George Jack, 1301004 of Atlin Band, has made application for the admission of Richard, age 7, and Josephine, age 9, 1301010, children of the late Willie Jack, to a residential school this summer.

In the past such cases have been sent to the Lejac School, but with the proposed Teslin School possibly opening within the next year or two the Department may wish to delay admission of these children in view of the distance of Lejac School from the children's home in Atlin. The distance is about 900 miles, and takes from four to five day's travel by aircraft, boat, and train. The cost of sending the children to Lejac will run into nearly $300.00 by the time the return fare of a matron is paid.

There is a provincial public school in Atlin which I am sure would admit these children until they can be sent to Teslin. They have accepted native children in the past.

If the children are sent to Lejac at this time it is likely they would have to be transferred to Teslin later, at considerable expense.

No action isbeing taken until the Department's instructions are received.

Indian Superintendent.

Reference your 1-11-1 of April 16th.

The Department is preparing the advertisement for tenders for the construction of the Teslin Residential School. Therefore, we are not prepared to pay the large amount necessary for the transportation of the Jack children to the Lejac Indian Residential School.

You can advise Mrs. Jack that she should again make application at the end of the summer for her children to be sent to the Teslin School.

Hazelton, B. C.
31st August 1949

RECEIVED SEP 8 1949 RECORDS INDIAN AFFAIRS

Indian Affairs Branch, Department of Mines & Resources, OTTAWA, Ont.

I enclose herewith applications for admission to Lejac Residential School of Lawrence and Henry Rosso, age five and ten respectively.

These boys are the illegitimate sons of Margaret Joseph, No.58 of the Fort Babine Band, and one Tony Rosso, white, of Noralee, B. C. The parents lived together commonlaw for many years, but when Rosso's health began to fail rather more than a year ago Margaret Joseph left him. He kept the two boys and has looked after them very well. Recently, however, he wrote me that his health is now such that he is no longer employable and cannot care for the boys. I had the case investigated by the Provincial Welfare Branch who reported that the man's statements were in all respects true.

I would suggest that the best solution from the boys' point of view would be to place them in Lejac Residential School and I have written to Fr. Mulvihill, Principal, in this matter. I feel sure that he will accept Henry and I hope that he may also take Lawrence despite his tender age.

I recommend acceptance of these two boys and trust that the applications may have your endorsement.

Re: The Jack children.

Dear Mr. Phelan:

Suzie, Josephine and Richard Jack are the three children of George Jack living at Atlin, B.C. Their respective Band Numbers are 13 - 01 - 010. Suzie Jack has been at the Lejac School and is now of age to be dismissed.

It appears that your Indian agent now refuses to pay the travelling expenses of Suzie for her return to her home and also the travelling expenses of Josephine and Richard, 8 and 10 years respectively, from Atlin to Lejac. As both Suzie as well as the two other children are too young to travel alone, the mother has volunteered to take the two young children to Lejac and bring back her daughter Suzie. As mentionned before your agent seems to refuse to pay the traveling expenses of the children as well as those of the mother.

It will be appreciated if you will forward a telegram to your agent so that the children may be taken to school as soon as possible.

Thanking you in anticipation, I remain,

Yours truly,

J.O. Plourde, O.M.I.

Further to Departmental Letter 881-10(E) dated April 22nd 1949 regarding admission of Mrs. George Jack's children to a residential school this year; on a recent inspection trip to Atlin Mrs. Jack was advised of the Department's instructions to make application again for her children to be sent to the proposed new Teslin Residential School.

As it has now been learned that the proposed school at Teslin will not be completed this year, will the Department re-consider the admission of Richard, Age 7 and Josephine, age 9 to Lejac Indian Residential School?

It might be mentioned that word has been received from Father Arsenault, O.M.I., Atlin, B.C. that the"Department is authorizing Mrs. Jack to take her children to Lejac with the request that this office arrange transportation". However, no action is being taken until the Department's instructions are received.

If it is the Department's intention to provide transportation for Mrs. Jack and her two children Atlin to Lejac, may this office be notified by wire?

DEPARTMENT OF MINES AND RESOURCES

INDIAN AFFAIRS BRANCH

Telegraph Creek, B.C.
January 30th 1950.

Indian Affairs Branch, Dept. Mines & Resources, OTTAWA.

Mrs. Elizabeth Williams, of the Atlin Band, has made application for the admission of her children Anna age 14, Michael Lawrence age 8, and Andrew age 6, to Lejac Indian Residential School.

The circumstances in this case are as follows. During the latter part of December the father, Stephen Williams, was found to have tuberculosis. Williams was in turn removed to Miller Bay Hospital for treatment. Prior to his removal, the three school age children were attending the local Public School. However, when the local School, Board learned of the father's condition they decided it advisable to discharge the children in the event they may have contacted the disease.

Apart from the three applicants for admission, there are four other children in this family. Jackie age 19, Patricia age 4, Mary age 16 and an infant Jimmy. Now that the family head is unable to provide or care for this large family, the admission of the three school age children would relieve the mother of a considerable burden. In addition the small dwelling inwhich they live is inadequate for their number. Although the eldest son will be able to provide a little assistance, for the most part this family will be entirely dependent on this office.

While the admission of these children Anna, Michael and Andrew would be most beneficial in many ways the cost of their fares from Atlin to Lejac would be considerable, approximately $350.00. There is also the possibility that the proposed school at Lower Post may be completed this fall and that their admission theremight be more practical. In the event the Department may authorize this expenditure, Father Arsenault, O.M.I., Atlin, has written to the Principal of Lejac enquiring about possible accomodation for these children.

May this office be advised if the Department will approve this application?

AIR MAIL , February 22, 1950.

Mr. F.A. Clark,
A/Supt. Indian Agency,
Telegraph Creek, B.C.,

With reference to your letter of the 30th ultimo, the Department approves the admission of the three children of Mrs. Elizabeth Williams to the Lejac Residential School on the understanding that they are in good health.

I enclose the necessary application forms and certificates of health which you should have completed and returned for our files. As soon as they are approved by the Medical Officer you may arrange to send the children to Lejac. It is noted that the cost of their transportation will be approximately $350.

When the Lower Post Residential School is completed these children can be returned to that school if the mother so desires. It is hoped that you can arrange for the children to be sent to Lejac before the end of March and the account for their transportation forwarded to us in order that payment can be made from the appropriation for the current fiscal year which ends March 31, 1950.

Bernard F. Neary,
Supt. of Indian Education.

Rev. J. Mulvihill, O.M.I.,
Lejac Indian Res. School,
Lejac, B.C.,

Dear Father Mulvihill:

Representations have been made by His Excellency Bishop T.L. Coudert, O.M.I., Vicar Apostolic of Whitehorse that the children shown on the attached list and presently receiving institutional care in your school should be transferred to the Lower Post Residential School when it is ready to accept pupils.

Reverend A.H. Fleury, O.M.I., Principal of the "ower Post school being responsible for the transfer of these children will advise you when the transfer should proceed and the management of the Lower Post school will assume the cost of this transfer.

The Department approves this transfer. However, when the children are transferred out of your school, please advise this office giving the names of the pupils, the enrolment numbers and the date of discharge.

Yours sincerely,

Philip Phelan,
Chief, Education Division.

Mr. R. Howe,
Supt. Indian Agency,
Vanderhoof, B.C.,

Your file 163/25-2
of October 23rd

With reference to your letter regarding the admission of pupils to the Lejac Indian Residential School, it is noted that these pupils of the Stony Creek Band could attend a day school which is operated there.

It is noted that the parents in all cases are living and some of the pupils have attended the day school. Is there any reason why these children should be admitted to the Lejac Residential School as grant-earning pupils.

We will further consider the applications after hearing from you.

Philip Phelan,
Superintendent of Education.

Your file 163/25-2

With reference to your letter of October 31, the Department is prepared to admit the children listed in your letter of October 23rd to the Lejac Indian Residential School.

It is noted that you expect the Stony Creek School will re-open in about two weeks time and that you will discharge these pupils from the Lejac school to the day school as soon as possible but not later than following the Christmas holidays.

Philip Phelan, Esq.,
Superintendent of Education,
Department of Citizenship and Immigration,
Ottawa, Ontario.

Replying to your letter of October 27, 1951, regarding the admission of several pupils from the Stony Creek Reserve to the Lejac Residential School. I have to advise that owing to the fact we could not obtain the services of a teacher, the Stony Creek Day School is closed. Under these circumstances, the pupils in question were admitted to the Residential School.

Major Davey advised recently that he has located a teacher and the Stony Creek School will be re-opened in about two weeks time. In this event the pupils referred to will be discharged from the Lejac Residential School, following the Xmas Holidays, if not sooner.

INDIAN AFFAIRS

November 9, 1951.

Indian Affairs Branch,
Dept. of Citizenship and Immigration,
Ottawa, Ontario.

Attached please find two accounts covering the transportation of Indian pupils from the Fort Ware and Fort Grahame Reserves to the Lejac Indian Residential School.

It is realized that the payment of these accounts is contrary to the general policy of the Department with respect to the payment of transportation costs for children returning to schools. I do feel, however, that in this particular case an exception might be made. The economy among our native people in this northern section of British Columbia is not comparable to the rest of the province and in addition the cost of transportation, where 'plane and boats must be specially chartered for these trips, makes the cost to the parents prohibitive.

It is recommended that special consideration be given to this request and that the Department approve the payment of these accounts.

for W. S. Arneil,
Indian Commissioner for B.C.

Re: Margaret Maria Adam
Roll No. 9 Old Fort Band

I enclose herewith Application for Admission to the Lejac Residential School on behalf of the above noted girl.

This girl was recently discharged from Miller Bay Indian Hospital and it was felt by Dr. Galbraith and the writer that the child would receive much better care at the school than at home. The family are away from their Reserve at present and their whereabouts is not known and for that reason the application is signed by myself.

I should also mention that there is no school on the Old Fort Reserve and unless this girl attends Residential School she will receive no schooling whatsoever.

Re: Mileage Voucher No. 435, April 1952.
Wm. Lee Cochran, Fort St. James, B.C.

allowed be #14.04

I wish to refer to your letter of May 19th, 1952, advising that the Department has deleted $21.96 from the above Voucher, charged for conveying school children from Fort St. James, B.C. to the Lejac Residential School, a distance of "156" miles.

Mr. Cochran was authorised by myself to make this trip to convey the Moise children to Lejac. The mother of these children suffered a hemorrhage and was admitted as an emergency case to the Miller Bay Hospital.

Foster care could not be found for these children. Therefore, it was necessary to take them to Lejac School immediately by car. No other means of transportation was available at the time and under my instructions, Mr. Cochran transported the children to Lejac.

In view of the foregoing, I trust the Department will remit the amount of $21.96 in payment for this trip.

R. Howe,
Indian Superintendent.

I have your letter of May 16th, 1952, concerning the admission of the John children of the Stony Creek Band, and the Moise children from the Necoslie Band to the Lejac Indian Residential School.

The father of the John children was admitted to a mental hospital for prolonged treatment and the mother neglected the children in a shameful manner, it was therefore, considered advisable to place them in Lejac School.

The mother of the Moise children was admitted to Miller Bay Hospital for prolonged treatment for tuberculosis and foster homes could not be found at Fort St. James, Therefore there was no alternative, but to admit them to the Lejac Residential School.

With reference to the Car Mileage Certificate and Diary for the Month of April 1952 for Lee Cochran, you are advised that we are deleting the car mileage for the 21st of April reading Place Visited "Lejac School" Purpose of Trip "School Children" Number of Miles "156" with the result that the total account has been reduced to $21.96. A cheque for this amount should reach the school shortly.

Would you kindly advise the details for this expenditure as we do not have any information regarding transportation charges the Department is obliged to bear for school children attending the Lejac school.

With reference to your letter of May 8th requesting admission for a number of children to the Lejac Indian Residential School, it is noted that the Moisie children have attended the Fort St. James Day school for a period of time and that the parents are living.

The John children have attended the Stony Creek day school for a period of time and their parents are living.

Please advise the necessity for placing the above-mentioned children in a residential school as grant-earning pupils.

With reference to the application for admission of Julia Alexander, the Department approves her admission to the Lejac school.

Dear Dr. Barclay,

Re: Account - Mrs. Antoine Moise
Board at St. John Hospital

Mrs. Moise escorted her children to the Lejac Residential Indian School, and then went on to Miller Bay Hospital, where she is now a patient.

In view of this, I trust that this account will be submitted for payment to Ottawa.

Yours very truly,

R. Howe,

SEP 16 1952 RECORDS INDIAN AFFAIRS

Dear Mr. Phalen: RE: Circular dated July 23/52.

I have given careful consideration to the above circular regarding the admission of pupils into the Residential School.

I am particularly concerned over this paragraph :

" Before accepting any child in a residential school for the first time , the Principal must have the regular application and certificate of health completed , signed by the Indian Superintendent and approved by the Dept."

In this country of vast distances and difficult communications this paragraph is hard to follow to the letter . To give a specific instance.

A group of children were brought by their parents to Fort Mc Leod . They had travelled four days and five nights by way of the Findlay and Parsnip Rivers. They were met by car at Fort McLeod and transported 195 miles to this school.Among them were some new pupils and the application forms were signed by the parents when they parted from them at Fort McLeod.

In bringing such to the school it would seem that the above paragraph is not being carried out . As I would interprete it a doctor would have to go to Fort McLeod ,examine the children, fill the report and send same to the Superintendent who would then forward it to Ottawa . Only on its return could the children be brought to the school. What is to be done with them in the meantime? If they return with their parents over the four day and five night trip they will not be seen again until next Spring . Thus a year of school is wasted and probably by next Spring they would need another physical examination before being admiited . In practise they were brought here to the school to await the doctors examination and the admission papers are now being completed for forwarding to Ottawa.

Today two children arrived unannounced via C.N.R. from Grassy Plains . No doctor's examination ,

no admission papers , just boy and girl. Their parents travelled a considerable distance to reach the railway station and no doubt by now are on their way back. Should we put the children on the next train and return them taking the chance that they may miss their parents and so be stranded ? "hat better can we do than accept them await the doctors examination and prepare the admission papers to be signed when the parents are contacted . That may take from one wek to a month .

The circular states that no grant can be claimed for such children until admisson papers have been approved by Ottawa . This seems to be a severe penalty on the school for trying to act in the best interests of the children .

If the parents could be educated to register their children six months or a year before the actual date of entrance the prescriptions of the circular could be observed . However that is going to entail quite an effort and I doubt if it is feasible with the Indians of this country .

We are preparing the admission forms to the best of our ability and forwarding them to Ottawa as soon as it is feasible . I trust that you will appreciate our difftulty and allow grant for the month of September for those accppted .

Sincerely Yours ,

G. F. Kelly

With reference to your letters of October 3rd and 4th, the Department approves the admission of all the Indian children for whom applications were forwarded with your letters to the Lejac Indian Residential School.

The application for Evelyn Tomah the religious denomination is shown "Yes". It is presumed that it was intended to indicate Roman Catholic and it is on this presumption that we are approving her admission to the Lejac school. Please advise if we are correct.

Mr. R. Howe,
Supt. Indian Agency,
Vanderhoof, B.C.,

With reference to the September Quarterly Return for the Lejac Indian Residential School, we do not appear to have received applications for admission for pupils 0671-0675, 0677, 0678 and 0683 consequently their admission to the Lejac School has not been approved. In view of this fact we are disallowing the per capita grant claimed for them on the September Return.

It would be appreciated if you would arrange to secure these applications and forward them to this office for consideration. When the admissions are approved, you will be advised accordingly and the Principal may then claim retroactive grant for these children on the December Quarterly Return.

As pupils # 522 and 0656 were in residence during June, the school is entitled to 62 days grant for the months of July and August for them. We are consequently allowing this amount on the Return.

As pupil # 0584 was not in residence during June, we are therefore, disallowing the 62 days claimed for her on the September Return. We are allowing the 30 days for September.

The Department approves the discharge of the following pupils:

DEPARTMENT OF CITIZENSHIP AND IMMIGRATION
INDIAN AFFAIRS BRANCH

BABINE AGENCY

Hazelton, B. C.

1st November 1952

Indian Affairs Branch
Dept. of Citizenship & Immigration
OTTAWA
Ont.

During the summer and early fall this office started a campaign to publicise the Lejac Indian Residential School amongst the Fort Babine and Old Fort Bands with a view of having some of the children enrolled at this school. Over the years and after a few unfortunate accidents at the school these Indian parents reached a state of mind where they would not let their children attend Lejac as they thought the child would either die there or return home sick. This I know was not correct and after much propaganda and persuasion four families volunteered to send their children. I hope they will be favourably impressed so that next year I might admit other needy cases without too much trouble.

Applications for admission are, in this case, being forwarded after the children are in school as it was not known until the last minute whether any of these children would attend. Once they made up their minds and reached the school Rev. Fr. Kelly took them in immediately less there should be a change of mind while waiting for Departmental approval.

The admissions are as follows:

1. Magdalene WEST 2. Doris WEST	-	The father operates a logging camp where the children would receive no schooling.
3. Catherine ABRAHAM 4. Frances Susan ABRAHAM 5. Cecile ABRAHAM	-	Orphans. Mother lives on Fort Babine I. R. No.20 and there is no school at this reserve.
6. Mildred WILLIAMS	-	Member of Old Fort but lives on Cheslata Reserve. No school on either reserve.

Dear Sir:

I have to acknowledge receipt of your 15/13/46263 of the 19th instant, enclosing letter which you received from R. H. Moore, Indian Agent, Stuart Lake agency, B. C., together with a communication from the Acting Principal of the Lejac Indian Residential School, containing a list of materials required for use by the manual training department of the school.

In reply I have to say that either yourself or the Agent may purchase, from a firm on the approved list, the equipment as mentioned in the Principal's list, a copy of which is returned herewith. After the purchase has been made, an itemized account, in triplicate, covering the cost, should be obtained. This account should be attached to proper voucher forms, certified in the usual manner and forwarded for payment, from B. C. Special Vote.

Yours truly,

Ottawa, December 15, 1937.

Dear Father Grant:

In response to the request contained in your letter of the 4th instant, I am sending forward, under separate cover, 20 follow-up report forms.

It is my intention to visit the province of British Columbia some time in the future. I am not at all sure, however, that I shall be in a position to make the trip next year.

I heartily agree with you when you express the view that handicraft projects should be promoted at our Indian residential schools. I have been emphasizing the necessity for vocational instruction and handicraft work during the last year, and it is encouraging to learn from reports that have reached us that the majority of our Indian day and residential schools have now made provision for vocational instruction.

I feel confident Inspector Barry and Commissioner MacKay can, with the experience they have had, provide you with a number of helpful suggestions. Both these men are in close contact with conditions on the reserves and are really in a better position to give you worth-while advice than I am. The reports that have reached me since you became Principal at Lejac have been very encouraging. I feel confident you are doing a good work at the institution.

Yours very sincerely,

R. A. Hoey,
Supt. of Welfare & Training.

Mr. R. A. Hoey,
Supt. of Welfare & Training,

Dear Sir:

Would you please be kind enough to send us twenty more copies of Follow-up Report on Residential School Graduate.

The Commissioner, Major McKay, was here recently and tells me that there is a very good prospect of your making a visit of the schools of the West early next year. I hope that you will not allow the apparant inaccessability of Lejac and the rather hard reputation that our Northern winter seems to have in the East, to prevent you from paying us a visit and in preparing your schedule I hope you will keep in mind that there are only three trains a week so we will count on your staying a full two days.

When you do come I shall be specially anxious to discuss with you the question of handicrafts for the Indians leaving the school.

After a years residence here I have come to the conclusion that handicrafts which could be carried on and developed in the camps offer the best solution for the present poverty and thriftlessness of the Indians. Trapping seems to be disappearing fast, game is getting less abundant, the market for farm produce in the vicinity of the camps is limited and the indolence of the Indians makes it difficult for them to produce either a sufficient quantity or a regular supply for outside markets.

No doubt you have a birds-eye view of this question as it affects all the Indians of Canada and will therefore be in a position to give us some practical advice.

We shall all be greatly disappointed if your expected visit does not materialize.

Yours very sincerely,
W Byrne. Prud'hom.

Memorandum:

MR. BAILEY

I enclose two vouchers, one for $62.51 and the other for $110.35 covering the cost of supplies purchased for the manual training Department of the Lejac Indian residential school. The Agent wrote to this Branch stating that these supplies were urgently required and he was, therefore, authorized to purchase them from firms on the approved list.

It would be appreciated if you would issue purchase order so that the accounts may be paid.

Both the accounts are charged against the B.C. Special appropriation and the correct markings for the accounts are shown on the vouchers.

LEJAC INDIAN RESIDENTIAL SCHOOL 163/r/1

GENERAL REPORT

for quarter ending September 30th., 1939.

Department of Mines & Resources
Indian Affairs Branch
OCT 14 1939
RECEIVED

Attendance.

At present we have 178 children in the house, and two have been sent to the hospital, making 180 in all. There was very little difficulty experienced in bringing the children back to the school this term. In fact, we have been compelled to refuse admittance to some, because we could not afford to take them, since our grant only allows for 160. There are still a few of the older pupils who have not yet been able to return, and for whom we will have to make room.

Morale.

The children are all in excellent spirits, and are quite happy to be back at school. There does not seem to be any inclination towards running away, as is usual at this time of the year.

Manual Training.

The piggery which the boys have built is nearing completion; and is a concrete example of what our Indian boys can do under proper example and instruction. The routine work of the carpenter shop and the farm work is going on in a satisfactory manner.

The girls are again working at their usual household tasks, as well as in spinning, carding, dressmaking, etc.

Health.

Most of the children are in good health, though many are in need of dental attention. Two children were sent to the hospital; one girl, who died of endocarditis, and a boy with pneumonia.

We were disappointed in not being able to get the services of the provincial T.B. clinic for the children when it passed through this district. The medical authorities of the Department seem to be very apathetic about the whole thing, despite the fact that such a step was originally suggested by Dr. McQuarrie when he was here last year.

Crops.

The yield was fairly good this year, though we do not know yet just what the potato crop will be. The garden was very successful and a large quantity of vegetables was put away for use later in the year.

Livestock.

All of our stock are in good condition, and their numbers are substantially the same as they were when the previous report was sent in; so there is no point in repeating them here.

In view of the rising prices of meat, our herd of pure bred Herefords promises to be a valuable investment.

Dear Sir: Re: Your Order #465.

The above order is for an assortment of mouldings and some Fir finish. Goods have gone forward to destination to-day and invoice to Rev. A.R.Simpson, Lejac, B.C.

In our quotation we quoted you on cedar finish as this to-gether with Hemlock & Spruce is the species of lumber that we cut. Your order came back calling for Fir so we wrote Mr.Simpson explaining the situation here and asked if cedar would be suitable and he replied that this would have to be filled in Fir. This being the case we had to send to Vancouver for the Fir at a greater cost to us so we have priced this on the invoice at $55.00, this figure just covering the cost to us.

Hoping that you will find this satisfactory, we are,

Yours truly,
LITTLE, HAUGLAND & KERR

Increase cost of

EX'D.
A.

Dear Sir:

The Department has received your voucher No. 685, for $84.43, in favour of Little, Laugland & Kerr, in connection with material purchased for the manual training department of the Lejac Indian residential school. This account includes an item of $5.18 for freight.

In order to make certain that the greater part of the account is paid from the appropriation for the fiscal year 1939-40, arrangements are being made to issue a cheque for $79.25.

If the firm can supply you with a receipt for the freight amounting to $5.18, you should attach it to a new voucher form and forward for payment.

Yours truly,

Philip Phelan,
Chief, Training Division.

Dear Sir:

We have your inquiry for a list of material for the Lajac Indian School.

At the present time, we have not the material in the lumber items, and as it would cost us more wholesale even, to supply them from Edmonton than our usual prices on that kind of material, we regret that we are unable to handle at this time of the year, when we get the mill operating again, we will be only too pleased to handle anything for you.

Thanking you for you inquiry, we beg to remain.

163-1-11.

Ottawa, February 6th, 1941.

Rev. Sir:

I have your requisition of the 10th of December before me. The Department is anxious to encourage vocational education as much as circumstances will permit. The Department is also anxious to obtain as much education from the materials furnished as is possible.

On examining the above mentioned requisition, a few items have struck my attention. I would like to refer you to the Yankee drill point sets. The requisition calls for six additional sets. Our records indicate that three sets were sent out last February. This seems excessive to me. I would also call your attention to the oil stones. Our records indicate that in the last three or four years eight oil stones have been furnished. A check of these items would be appreciated.

Would not the carpenters' aprons be a good sewing project for the girls?

Yours truly,

Philip Phelan,
Chief, Training Division.

Ottawa, Ontario.

Your File 1-1-11.

With further reference to your letter of January 20th, regarding the balance of the amount assigned for technical education, I beg to forward herewith a requisition for manual training tools and supplies for the Lejac Residence School, wherein I have noted that a number of the items requested are not available for immediate delivery from the local wholesalers.

However, Marshall Wells Ltd., are in a position to supply most of the items at a cost of $109.48, and the lumber requested can be supplied by Andersen's Lumber Yard, Prince George, B.C., at a cost of $97.50. I would recommend that a total expenditure of $206.98 be authorized for this purpose.

Mr. Indian Agent Howe has also requested that the girls section of the vocational training classes be supplied with goods to the approximate value of $40.00 and with a sewing machine on which the Singer Sewing Machine Co., have quoted a price of $52.36 f.o.b. Vancouver. This expenditure is also recommended for your approval.

Major D.M. MacKay, Indian Commissioner, P.O. Box 70, Vancouver, B.C.

With reference to your letter of the 26th instant, the Department approves an expenditure of $109.48 for tools required for the vocational training class at the Lejac Residential School. We also approve an expenditure of $97.50 for material.

It is not our practice to supply sewing material at a residential school, but you may purchase the sewing machine at a price of $52.36, f.o.b. Vancouver. All of these accounts should be marked "Pay from B.C. Special."

I enclose herewith Voucher No.61-A, of today's date, attached to which is an account from Marshall-Wells B.C. Ltd., Vancouver, for $2.29, being freight charges paid by this Company on blacksmith tools, chisels,etc., for the vocational training classes at Lejac Indian Residential School. This charge was shown on Stuart Lake Agency Voucher No.502 of March 28th, but the item was struck off as no receipt was attached from the Transportation Company.

Purchase Order No.29065A was forwarded to the Department with Voucher No.502 on April 4th from this office.

Because of the lateness of the season, the voucher (No.61-A) is being forwarded from this office instead of waiting until a voucher to cover the account could be prepared at the Indian Agent's office in Vanderhoof.

I would recommend payment of the account.

The Department finds it necessary to return your voucher No. 34. The regular quarterly allowance towards the manual training instructor's salary at the Lejac School has always been $120.00, and no request has been made to increase this amount. You should therefore prepare a new voucher for $120.00 and in future this voucher should always read as follows:-

"To Allowance towards salary of manual training instructor at the Lejac Indian Residential School for the quarter ended ..... "

Mr. Robert Howe, Indian Agent,
Vanderhoof, B.C.

The Department finds it necessary to return your voucher No. 187.

The first item on the account attached to the voucher reads - 200' at $85.00 a thousand. The extension should be $17.00, not $21.25.

Please have the correction made by Bowman's Lumber Yard and return the account as soon as possible so that payment can be made from the current year's appropriation.
