FRED NORTHRUP'S CASE BEFORE THE GRAND JURY.

Judge Hannington Charges in His Favor---Tells Jury to Consider His Motive---Longshore Trouble Discussed.

The circuit court opened this morning at 11 o'clock. Judge Hannington presiding, and the following jurors were summoned: Petit Jurors: Geo. Irvine, Michael Kane, Daniel Brophy, Albert Brennan, John Martin, George Moore, James Woods, John O'Neill, Edward Akery, Michael Collins, James Watson, Wm. J. Parks, Alexander Neil, Robert R. Patchell, Robert O'Shaughnessy, John Condon, C. Robertson, Thos. McGrath, Frederick S. Bonnell, Ed. J. Harrison, James Wales.

Grand Jury: John K. Storey, foreman, Jos. R. Stone, D. J. Purdy, D. F. Doherty, Isaac Ebb, Richard Sullivan, James A. Seeds, L. L. Sharpe, M. E. Agar, Wm. Searle, E. Secord, Wm. N. Sanborn and E. W. Paul.

Judge Hannington in addressing the grand jury said he regretted to say there was a criminal master to come before them, the offence being a serious one and he was satisfied that the jury would give the case their careful consideration. The case was that of manslaughter. Unfortunately a young man came to his death on the 24th of October, at what the witnesses said was not a prize fight but a sparring match. The law as intended sanctioned a sparring match, but if the match was not carried on as such it might be a crime. If those engaged intended it to be a sparring match it is lawful as other sports, such as wrestling, or football. The question is whether or not it may be a sparring match.

"Personally," said the judge, "I think the town would be better without these sparring matches, but if the law permits it you can't condemn those engaged in it any more than those who play at other games. A sparring match is legal providing it is not made use of wilfully to cause injury. The chief of police and officers were there to see that everything was lawful. If they were not there, the match would not be lawful, any officer should have stopped it. According to the post mortem evidence, unfortunately, a blow was struck in the sixth round. It is not disclosed that the death might have been caused by a blow before the sixth round. It may have been caused by a blow or shock before. It is fair to say that Northrup greatly regretted the death of O'Regan.

They had gloves that were usual and padded so as to prevent of any serious injury and all was provided that was usual. If Northrup did not intend to do any more than usual, you should not bring in a true bill. But if you think he went further than he should you could bring in a bill if he did it wilfully.

"There is a matter of public concern," continued the judge, "which I wish to speak about, and I am at a loss to know my duty concerning it. The question is with reference to your part. I think you desire that all ports be open as to who is right in the matter between the shipping men and the laborers. But I say it is a subject that should be fully considered by the employers and the laborers. I say it is important for both sides to exercise great care in their judgment. Your part has become the winter port of Canada. We desire that all ports be open. This is a competing age. Men, ports and administration compete. You have competitors against St. John. The public, the city and the laborers are to be congratulated that there has been violence and I hope there will be none. I hope that there will be great care exercised by both sides. The laborers see that they don't lose a fair wage and the city that it does not lose the trade. There are those who control the products of the west who could injure the port."

Continuing Judge Hannington said he had great respect for the laborers, but he would express no opinion, but he felt the best interests of the port.

He said that during the past few months, as he covered his circuit, he had a good chance to look into the bad conditions of this country. The country is in a most prosperous condition. Values are good and prices are good, and he thought New Brunswick could challenge the world for prosperity.

The grand jury then adjourned to the jury room to examine the witnesses in the Northrup case. About six witnesses were examined up till one o'clock, when the jury adjourned for lunch and resumed the examination at two o'clock.

H'F'X LONGSHOREMEN SEND SYMPATHY

And Offer to Contribute to St. John Strike Fund.

The Allan Line Tried to Get Halifax Workmen to Come Here But They Refused.

(Special Staff Correspondence.)

HALIFAX, Nov. 28.—At the longshoremen's rooms, 567 Barrington street, considerable interest is shown in the St. John strike and in the chances of the St. John men of winning out. The feeling among the men seems to be unanimously in favor of the St. John laborers, notwithstanding the fact that the present pay here is less than that which the shipping firms are willing to pay in St. John. The union in Halifax does not seem by any means as strong as the St. John union and its membership only reaches about 140 but according to the claims of its officers, it has the support and sympathy of the men who are not members. They are not recognized members.

As to any proposal to persuade men to go over to St. John they consider it very improbable. A Star reporter was informed at the rooms that an effort was made at Cunard's wharf, the headquarters of the Allan Line, last Friday, to persuade three gangs of sixteen men each to go over and work on the Panama route. The men were willing to go. Men from Halifax were brought over to St. John and in fact in the opinion of the Halifax men, the only way the shipping firms could possibly break the strike is by bringing men over from England and was done at Montreal or used Italian laborers.

Frank J. Grant, the secretary of the Halifax union was seen by the Star reporter and he said that he was not in the St. John situation. He said that the despatches to the Halifax papers are so short that the shipbuilders here have not much idea of the St. John conditions. Asked as to his opinion, he said that he could only speak for himself but that he considered the St. John demands quite reasonable. Taking into consideration the large per cent. of the time which the longshoremen must remain idle, he thought the Halifax men were very much underpaid although it was only after agitation and a strike in April, 1902, that the present rates of pay were obtained. He said that he could only speak for himself but that he considered the St. John demands quite reasonable. 78 MEN CAME TODAY AND 43 DESERTED.

Strike May Be Settled This Afternoon.

Longshoremen Making Another Effort to Obtain Concessions---Shipping Men Forbid Head-Line Stevedore to Pay 35 Cents.

Michael Kelly, the business agent of the Longshoremen's Association, called this afternoon on Wm. Thomson & Co., at the suggestion of the officers of the union, and it is possible that the strike will be settled this afternoon. The officers have authorized him to confer with the different firms and find out if they are willing to make any concession, and if the shipping firms will do a meeting of the union will at once be called and the strike probably come to an end. The officers say they can still hold out, and that they can still bring over to them the men brought down by the shipping firms, but in the interest of the port it is better that the strike should end.

The longshoremen who were brought over today to go to work for the various steamship lines that have decided not to pay the increased rate of thirty-five cents per hour. These men were treated reasonably and were offered board in lodging houses by the local men but they are being closely watched by the shipping men. Six of them deserted.

The leading feature of the conflict today is the fact that the Head Line boat is not working. The reason is going out on a sympathetic strike. The teamsters have refused to do the work for this time in years past has received an order to the effect that they should not employ any men at thirty-five cents. Mr. McDermitt stated this morning that he would like to do all he could for the men but that he had to obey orders.

Edward Thomas of the Longshoremen's Union, the man who was threatened with a revolver at Musquash, is trying to get out a warrant against L. G. Crevier, a C. P. R. detective. Thomas yesterday applied to Justice Masson, of Fairville and also to Magistrate Ritchie, but as yet has not been able to get a warrant as there seems to be some trouble as to whose jurisdiction the matter will come under. Thomas does not intend to let the matter rest where it is at present and says he will fight the matter to a finish.

The men who were brought here from Montreal and after the Parliament sailed were taken to Musquash were brought to the city yesterday about five o'clock. They numbered thirty-seven, and after landing here refused to go to work, and claimed they had not been used right. These men deserted, and the longshoremen say they will be well looked after.

The men that arrived today are a good looking lot and seem willing to work at any kind of a job.

There is a rumor that the teamsters' union are going out on a sympathetic strike. The teamsters hold their meeting tomorrow night, when the matter will probably be discussed.

DALHOUSIE COLLEGE MAY CHANGE QUARTERS.

Scheme on Foot For Erection of More Commodious and Finer Building In Another Part of Halifax.

(Special staff correspondence.)

HALIFAX, Nov. 28.—There is a proposal on foot to remove Dalhousie University from its present site on College street, between Morris and Spring gardens and to erect a larger and finer building on the property which is owned by the Collins estate on Town Road.

For some time it has been felt that the present building is quite inadequate and since the opening of the mining school and the enlargement of the library, the lack of space has been even more apparent. The freshman class this year is the largest in the history of the college and some of the lecture rooms are very much overcrowded. The proposal is to use the present building for science and to erect a new building for arts.

The Collins estate, which is one of the beauty spots of Halifax, is quite an extensive property and would give plenty of room for future expansion and for a college campus and recreation grounds, a feature strikingly lacking in the present quarters of the college. The owner of the Collins estate has lived for a great many years in England and when seen by a number of Halifax gentlemen, when they were on the other side, he was not averse to the idea of selling.

Two or three years ago the students commenced a movement to erect a memorial library to the memory of Charles McDonald, late professor of mathematics, and the board of governors offered to advance the amount necessary for the purpose. The building, however, has not yet been begun and it is now suggested that the library be built as a wing to the proposed building. Whether the present proposal is carried out or not it is likely that within a few years the university will be removed from its present quarters in acquiring the Collins estate, there are two or three other estates which have been considered suitable.

MARQUIS ITO EXPLAINS JAPAN'S KOREAN ACTION.

Declares Japan Has Been Misrepresented—Her Greatest Desire Is For The Welfare of the Country Under Her Care

SEOUL, Nov. 28.—Marquis Ito in summing up the Korean situation, dwelling upon the trust placed by foreign powers in Japan, by allowing that government a free hand, the responsibility of Japan to the natives and to the assertions that the peninsula would be an aid to Japanese imperialism, declared to the Associated Press today: "Various responsible newspapers have greatly embarrassed Japan by writings of Korea as a conquered state, when the Japanese were free to do anything irrespective of the rights of foreigners and the natives. This aroused suspicion among the Koreans.

"The emperor of Japan sent me to Korea as a conquered state, when the emperor of Korea had agreed, although the proposition met with some opposition from other sources. Although Korea has transferred her conduct of her foreign relations to Tokyo she retains control of her internal administration.

"We accept a great trust and a heavy responsibility. The foreign powers have consented to the new arrangement. The American government has already announced the withdrawal of its legation and others will follow but America warns us not to abuse the natives.

"It is probable that the Japanese will advise those in control of the Korean departments of the government, but they will not be connected with the management. The Japanese government will deal with questions relating to foreign affairs, but it is not yet known who will be appointed resident general.

"However, these Japanese who expect that the coming of this representative will signalize drastic or decisive measures for exploitation of the natives, will find themselves mistaken.

"We wish to benefit ourselves, but our greatest return will be derived in ensuring the welfare of the people for whose destinies we now stand responsible."

MAYOR DUNNE'S MUNICIPAL OWNERSHIP PLAN REJECTED

CHICAGO, Ill., Nov. 28.—The franchise extension ordinance for the Chicago Traction Company have been completed and the local transportation committee last night recommended them to the city council for passage. This will be after the compensation to be paid the city was raised from an average of 7.42 to 8.50 per cent. of the gross receipts.

The committee refused to commend Mayor Dunne's Muller certificate ordinance which provided for the sale of the \$20,000,000 in certificates, the money to be used for the street railways should they be taken over by the city.

RUSSIAN MUTINY STILL CONTINUES.

Ultimatum to Mutineers Expires Today.

The Revolting Troops at Sebastopol May Surrender if Their Demands are Complied With.

SEBASTOPOL, Nov. 28.—The time limit allowed the mutinous sailors to surrender expired today. The command of the cruiser Otkachoff, whose crew mutinied, has been assumed by Lieut. Schmidt, who was dismissed from the service on account of his revolutionary tendencies. The town council has asked for help to save the city.

ST. PETERSBURG, Nov. 28.—The workmen's council held a public meeting to compel the employers of St. Petersburg who locked out 1,000 men yesterday who refused to return to work under the old conditions to reopen their doors. Delegates have been despatched to cities in the interior to ascertain if they would support the movement.

ST. PETERSBURG, Nov. 28, 3.10 a. m.—Though the mutineers at Sebastopol are still masters of the situation at Admiralty Point, and though armed parties have apparently free access to the town, notwithstanding the announcement by the authorities that the roads leading to the city were blocked, despatches received yesterday from Vice-Admiral Cheoukin, commanding the Black Sea fleet, present the situation in an optimistic light. The despatches, which were read at an extraordinary council of the admiralty, declare that most of the mutineers have decided to surrender with their arms, though such action involves arrest for mutiny and trial before a court martial.

This is confirmed in part by a despatch to the Novoe Vremya, which says that the spirit of the mutineers is falling and that several detachments have surrendered.

On the other hand, despatches to the Associated Press from Sebastopol say that revolutionary orators succeeded yesterday in winning over a battalion of reservists, and that, in spite of the arrival of reinforcements to the number of several thousand, the authorities did not dare to interfere with a review held by the mutineers before the cathedral of St. Vladimir, which is in the heart of the town.

So far as known, most of the demands of the mutineers have to do with service conditions, including release of the reservists who have served beyond their time, increase of pay, increased allowance of food and the removal of a large, incompetent and brutal staff of officers.

CHANGES PROPOSED IN AMERICAN FOOTBALL.

CHICAGO, Nov. 28.—The adoption of rules requiring a team to make ten yards instead of five yards in their downs is the remedy of Walter Camp, Yale's athletic mentor, proposed last night to relieve the game of its dangers to life and of its brutality. Mr. Camp is on a visit to Chicago.

"More open play would be forced on the teams by requiring ten instead of five yards in three downs," said Mr. Camp. "That would change the character of the game. It is true that an open field tackle is the hardest kind of tackle. But in open field play the injuries are usually a sprained ankle or a broken arm. That is much better than a blood clot on the brain or other injuries which occur in the heavy line plays."

"In open play the slugging and dirty work sometimes done in scrimmage play would be impossible, because it could be seen. If we can get the game so that spectators can see all of it, public opinion will stop foul play. Slugging there is now goes on because the crowd cannot see it."

"The ten yard rule would allow lighter men to get into the game, which would be an advantage that some people are urging."

"I am inclined to think that there is a chance for the ten yard rule to be adopted by the rules committee. Some of the proposed changes are so radical that they would practically make a new game. What we want to do is to preserve the game and eliminate the objectionable features."

LONDON READY

FOR CHRISTMAS.

LONDON, Nov. 25.—Preparations for Christmas are now in full swing, and it is many years, I think, since the shop windows have presented such a bright and inviting appearance, especially those which cater to the younger generation and which are fast becoming veritable playgrounds for children. Mechanical and scientific toys are again largely in evidence, but despite its many attractions the old fashioned toy, with a minimum of science and a maximum of amusement, is still, judging from the stocks displayed, likely to continue popular. In providing for the scientific child, however, considerable attention has been displayed by the toy maker. At one shop, for instance, I saw a miniature wireless telegraphy apparatus which will work through brick walls and record messages in the Morse code on strips of paper. Large toy automobiles will delight the children whose parents can afford to purchase them, while some of the model steam locomotives cost as much as £40 (£200).

The automobile, however, has not yet caused the popularity of the rocking horse to wane, and a new kind of horse, which not only rocks but gallops wildly onward, will please the most exacting of youthful equestrians, while specially comfortable cowboy or bronco saddles are fitted to the toy.

In an artificial lake at another big shop are triumphs of naval toy craft. Japanese torpedo boats dart from a harbor and pour out scores of torpedoes at an unseen foe and then race back again, while lifeboats bring off exciting rescues, whales sport and sea serpents energetically lash their tails.

On dry land more than two hundred thousand soldiers, principally English, French, Japanese and Russian, show what they can do in the way of forced marches. Wonderful to narrate, all these novelties come not from Germany, but were made in London.

IF YOU WANT TO READ SOMETHING GOOD.

A distinct Christmas flavor found in Lippincott's Magazine for December adds to the general interest which is never lacking. This is a season of happiness, and Lippincott's is happy too. Jolliness, humor, and pathos are there, but the deeper tragedies of life have no place in this issue.

The opening novelette, "Of the Lion's Breed," by Guy Macdonald Cooke in collaboration with Vond Reed; and it is good enough to indicate the quality of the seven shorter stories which follow. It is a picturesque romance of the coal fields, strongly dramatic, yet treated with the utmost simplicity.

"Josiah Allen's Wife" tells her amusing contribution "The Last Straw." This may prove humorous to husbands. Mrs. I. Zangwill, who still writes under her maiden name, E. Ayton, is the author of "Don Cupid," a sweet child sketch with a grown-up love interest. An automobile racing story by Ralph Henry Barbour, called "Victory With Honor," abounds in humorous situations and lively dialogue. "A Studio Mouse," is a clever tale of artistic life among the "cliff dwellers." In it the Mouse (Georgia Knox) describes a courtship which threatens to cut off its source of supplies. Seumas MacManus, the Irish humorist, tells "How Condy Dhu Reached the Devil," and makes it superlatively funny. Elia Middleton "Tribute" story, "A Moment of Confidence," shows two pictures of

BORN AT SEA.

The youngest passenger on board the Montezuma when she docked yesterday afternoon bore the distinguished name of Montezuma Schaumbetter. Three days after leaving port, a steamer passenger named Mrs. Schumbetter, of Armenian nationality, gave birth to a son, and at the suggestion of Capt. Birchman it was christened after the ship. The child and its parents are at present in the immigration hospital at Sand Point, for the infant is suffering from trachoma.

ATTEMPT TO RECONCILE SCIENCE AND RELIGION.

Sir Oliver Lodge the Famous Scientist, Arrays His Genius on the Side of Christianity.

LONDON, Nov. 25.—Sir Oliver Lodge, the famous scientist, is the latest to attempt a reconciliation between science and religion. He is delivering a series of lectures upon this subject which are attracting considerable attention from scientific sources as well as from members of the Royal Society. His idea is that where there is a strong personality it will persist continually, and after what is called death may rejoin the larger personality of which it is a part and from which it sprang for a life in this existence. "I think," said Sir Oliver, indicating his body, "that this is a bit of matter here for seventy years or perhaps less and then that it will rejoin its larger self. I shall then find I have a larger memory or a larger personality altogether. I am speculating of course, but I am speculating with some reason for making these assertions though it would take too long to explain what my grounds are."

Sir Oliver was asked whether in his opinion man existed only on this earth and whether the sun and the stars and the Universe exist for the benefit of this globe as was argued by Dr. Wallace.

Sir Oliver replied that Dr. Wallace liked to hold a minority view, and in this respect he certainly did hold the minority view. Wherever scientists probed into this planet they found life. "So I expect," he continued, "that if we probe into other parts of the Universe we shall also find life of some kind. It depends upon what you mean by man. We might not find beings with noses and with five fingers on our hands like ourselves. It is improbable that in the Universe we are the highest that exist, and it is therefore probable that others exist somewhere."

He continued that worlds might be unoccupied for long periods like our own globe. Besides mistakes might arise in other ways. Astronomers in Mars looking at our earth would probably say it was too wet to be inhabited; it was nearly all water.

SCHOOLS CLOSED

AT HILLSBORO

As a Result of the Spread of Diphtheria.

MONCTON, Nov. 21.—As a result of the spread of diphtheria in Hillsboro, the board of health last week closed the schools, and yesterday the First Hillsboro Baptist, the Surrey Methodist and the Valley church were not opened for worship. Three deaths have occurred, but no new cases have been reported for some days, and it is now hoped the epidemic is under control.

Snow commenced to fall this morning, but it turned to sleet, and the result is that the streets and sidewalks are in a slippery condition.

W. F. Humphrey has gone to Newfoundland on a business trip.

Miss Hand of Los Angeles, California, is visiting her relatives, Mr. and Mrs. A. McKim, in Moncton.

Miss Hand's father is a native of Cumberland county, N. S., but she is a native of the province.

J. R. Bruce, I. C. R. traffic auditor, and Mrs. Bruce have returned from Chicago, where they were attending the wedding of their son, W. W. Bruce of the Bank of Montreal branch in that city.

NOTHING STRANGE.

"They say that many of the old Hillsboro folks had diamonds in their eyes."

"That's not incredible. My girl has a diamond in her eye now, and, hang it, I'm afraid I'll have to buy it!"—New Orleans Times-Democrat.

CHARITY.

"I looked everywhere for you at the church fair last evening," said her ardent devotee, "but I didn't see you."

"You forget," she answered sweetly, "that I am Charity."—Judge.

AN INSINUATION.

Briggs—I killed a bear during my hunting trip in Montana.

Wiggs—So? How far did he chase you before he dropped?—Chicago News.

POOR BIMLER!

"Bimler's wife says he must grow his mustache again."

"But I thought he looked so well without it."

"So he does. But since he became so bald his wife has had nothing else to catch hold of."—Cleveland Plain Dealer.

FOUND

FOUND.—A purse containing a sum of money. The owner can have the same by calling upon T. S. WILKINS, L. C. R. engineer, 335 Haymarket Square.

HIS BARGAIN.

A tramp called at a country hotel, asking for his supper and night's lodging. The proprietor wanted to know if he had any money to pay for such privileges. "No, but I promise if you will keep me until after breakfast to kill every rat about the premises." That was very satisfactory, so after the tramp had partaken heartily of the morning meal he said to go with him to the barn and he would attend to his part of the compact. After branding himself against one side of the barn, with a big club in his hand, he said, "Bring on your rats!"—New York World.

A BOY WITH A FUTURE.

A south of England school inspector once had before him a class of infant rustics from whom he could not draw any answers. In despair at last he asked, "Can any one tell me the name of any animal—any beast whatever?" One youngster held up his hand and said, "Please, zur, a wurrum!" "Good!" said the relieved inspector. "That is an animal, though a lovely one. Can any boy name another?" A long pause. Then another boy exclaimed, "Please, zur, another wurrum!"

JUST A DIG.

"Yes," said Miss Pansy coyly, "it is true that Mr. Dumley and I are to be partners for life." "Well, well!" exclaimed Miss Pert, "what a responsibility for you, being the senior partner."—Philadelphia Press.

ST. JOHN, NOVEMBER 28, 1905.

WHAT DO THEY FEAR?

Says a representative of the shipping combine: "We cannot afford to pay more than thirty cents and will not. We know our own business and do not require the intervention of any outside parties."

But if this assertion that the steamship companies cannot afford to pay more than thirty cents an hour to the men who unload their vessels, is correct, arbitration of the dispute between them and the longshoremen would certainly result in an increase of the present rate.

The arbitration tribunal would probably be composed of leading business men in this city whose fairness and ability to appreciate the right of a company to a reasonable profit could not be doubted. If the shipping men could prove that the thirty-five cent rate demanded by the laborers means the destruction of their rightful profits, the tribunal would certainly turn down the demand.

If a scheme for arbitration was agreed to today the longshoremen would undoubtedly consent to go to work tomorrow. If the arbitrators should decide against them, we are confident they would continue at the old rate without any further protest. And if the assertions of the shipping men are true the decision would certainly be against the increase. What then have they to fear from arbitration?

INSURANCE PREMIUMS.

The ousting of the McCurdy by the New York Mutual Life follows the collapse of the Hyde-Alexander management of the Equitable and both reforms are only preliminary to further changes and economies in these and other insurance companies which must be made before public confidence is fully restored.

The displacement of this brood of salary-seekers and spendthrifts by honest and sensible men will mean a great saving to these companies not only in salaries but by the abolition of other unnecessary expenses of management and in the grant of all kinds, including political contributions, which are only preliminary to further changes and economies in these and other insurance companies which must be made before public confidence is fully restored.

The insurance companies are busy themselves these days producing arguments that premium rates are as low as is compatible with sound insurance. In view of the fact that the companies have gained in wealth in spite of reckless misconduct, it will be difficult to persuade the average policy holder that their solvency would be affected if the money saved by prudent management should go into his pocket.

If a company can provide sound insurance and throw away millions yearly, why can it not do an equally safe business if those millions are left in the pockets of those who subscribe for its benefits. The logical outcome of this insurance investigation and these reforms is a reduction in the premiums demanded from policy holders.

HONOR FOR LORD STRATHCONA.

A movement is on foot among Canadians resident in Great Britain with the object of recognizing in some formal and substantial manner the services to the empire rendered by Lord Strathcona, for the last ten years as Canadian High Commissioner at London. A general committee to collect subscriptions has been formed comprising men so prominent as the Duke of Argyll, K. G., Marquis of Lansdowne, K. G., Earl of Derby, K. G., General the Earl of Dundonald, C. B., C. V. O., Earl of Aberdeen, G. C. M. G., Earl of Minto, G. C. M. G., Earl of Lichfield, Lord Mount-Stephen, G. C. V. O., Lord Halliburton, G. C. B., Gen. Lord William Seymour, K. C. V. O., Sir W. Lawrence Young, Bart., Vice-Admiral Sir Archibald Douglas, K. C. B., Vice-Admiral Sir C. Drury, K. C. S. I., Sir Charles Rivers Wilson, G. C. M. G., Lieut.-Colonel Sir Percy Girouard, K. C. M. G., Sir Alfred L. Jones, K. C. M. G., Sir Gilbert Parker, M. P. Endorsing the purpose of the movement the London Canadian Gazette says: "For the long period of nearly seventy years he (Lord Strathcona) has been connected with Canada, and for a considerable part of that time, closely identified with its history. The results of his efforts to promote the progress and welfare of the Dominion cannot be over-estimated, and his devotion to the interests of the empire, and his patriotism, have also been a source of pride to all Canadians. It is hardly necessary to refer to the general esteem and regard in which Lord Strathcona is held. His kindness, consideration, courtesy, and generosity have become household words."

A VALUABLE SUGGESTION.

The Telegraph comments to the Star on an interview with W. H. Thorne, who

is quoted as saying: "I think that thirty cents an hour is a fair wage, and that the men should receive forty cents an hour for night work. In other ports the men receive extra pay for work at night, and I think they are entitled to it. The rates charged here should not be higher than those of competing ports."

This involves a compromise between the two parties to the longshore dispute. Ever since the trouble began the Star has recommended some such compromise, or, if the disputants were unable to come to an agreement themselves, arbitration.

Under the old rate the men were getting thirty cents an hour night and day for general cargo. They now demand thirty-five cents an hour night and day. But they are prepared to arrange a compromise or to submit this demand to impartial arbitration while the steamship men have persistently refused to consent to either the Telegraph and Times have enthusiastically endorsed their refusal.

If the shipping men were to agree to a compromise on the basis suggested by Mr. Thorne we have no doubt the longshoremen would meet them half way and that the meeting would end this wretched quarrel which can only continue at the expense of the port.

ALTERNATIVE SETTLEMENTS.

The longshore trouble may be settled in four different ways: by the surrender of the longshoremen, by the surrender of the shipping men, by mutual compromise or by arbitration. Of these the best settlement would undoubtedly be the compromise. This would end the strike once and leave friendliness on both sides. Failing this the next best alternative and the easiest to arrange is arbitration which would settle the dispute on its merits.

If both these courses are ignored and the fight forced till one side or the other surrenders the settlement at best will be only temporary for on the long side will rankle the humiliation of defeat and a sense of injustice done and a determination to get even at the earliest opportunity.

It is so obvious that the interests of all concerned would be best served by an amicable settlement that it is difficult to understand why the Telegraph and Times, if they are financially disinterested, persist in declaring that the strike should only and chiefly be ended by an absolute and unconditional surrender of the longshoremen.

A NOVEMBER SONG.

The days are now so still,
Can hear the rustle of a dollar bill
A hundred yards away;
But few are all the dollar bills today!

The trees shed more and more
Of gold that's worthless at the grocery store!
The sun gives silver beams
That will not jingle-saw in idle dreams!

Yet, thankfully we go:
And if we freeze, when falls the blinding snow,
We'll not melt in the days
When summer sets the broad world in a blaze!

CATHEDRAL LADIES' MUSICAL SOCIAL.

The ladies of the Cathedral parish are to give a public social and musicale tomorrow night in St. Malachi's hall, in aid of St. Vincent's Sunday school. From the preparations for the evening made and the programme which is promised, the evening is likely to be a very enjoyable one to those who are present.

At eight o'clock the musical part of the programme will commence. Selections will be given by the Cecilian stringed orchestra, composed of young ladies. The vocal part of the programme is taken by Miss Josephine Fitzpatrick, Miss Florence O'Neill and John A. Barry. An excellent duet will be rendered by Miss Alice Moran on the piano and Miss Emily Bardsley on the violin. A piano solo will be rendered by Miss Florence O'Regan.

At the close of the musicale there will be all kinds of games for the amusement of the guests. Refreshments will be served and a social evening spent. The ladies have been assisted in their work by the young men of the Father Mathew Association, and by the Y. M. S. of St. Joseph's.

Last evening the annual thank-offering service of the St. Stephen's church auxiliary of the Women's Foreign Missionary Society was held in the school room.

A splendid address was delivered by Rev. Dr. Macrae on General Missions, in which he set forth in an able and eloquent manner the encouragements, difficulties and duties of mission work. R. T. Leavitt presided, and at the close expressed the delight of all in having Dr. Macrae with them once more. Vocal solos were rendered by Mrs. Freese and Mrs. Worden, and a quartette by Mrs. Macrae, Miss Fowler, Messrs. Dunn and Bonnell.

The Barber cases are still before the courts. H. A. Thompson is suing H. R. Barber in the equity court for an account and has obtained an injunction restraining Mr. Barber from removing any cash registers or other stock that may be in his possession. C., for the defendant.

A meeting of the creditors of the firm of Webster Bros., clothing merchants, who recently assigned to J. King Kelley, barrister, was held in Mr. Kelley's office yesterday afternoon. On behalf of the insolvent firm an offer of twenty-five cents on the dollar was made, the preference claims are paid in full. The latter amount to about \$1,000. The meeting advised the creditors to accept the offer, and adjourned until the 8th of December. It was also agreed to call for tenders for the stock, to close on the same date.

The marriage took place yesterday morning in the Cathedral of the Immaculate Conception, the Rev. Arthur W. Mesban officiating, of Fred Flaherty of this city and Miss Blanche Ross of Culloden, N. S. The bride was handsomely attired in brown, with a very pretty picture hat of white beaver, and carried a bouquet of chrysanthemums. She was attended by Miss Daisy Peterson, who was becomingly attired in blue, and the bridesmaid by her brother, Herbert Flaherty of the Western Union. Mr. and Mrs. Flaherty will reside at 25 Exmouth street.

Dr. Byrce, chief medical officer of the department of health, has notified that he has received orders not to employ men to whom he had to pay \$5 per hour. Mr. McDermott had a contract to handle these boats, but the companies interested objected to the payment to the men of the rate. He was therefore obliged this morning to notify the men that they could not go to work, and as a result the steamer is idle. Mr. McDermott had an arrangement whereby he was to handle these boats, but it looks now as if the company were trying to force him to join the strike breakers.

The executive of the Longshoremen's Association held a meeting last night at which the situation was discussed. M. J. Kelly made a report of an interview with him had with T. M. Nairn, of the Dominion Line, yesterday afternoon. Mr. Nairn told one of the members of the union there was to be a conference of the stevedores' representatives in Mr. Schofield's office and requested that the officers of the association be present. Mr. Kelly, Secretary Gillespie and Alfred Bennett were present. Mr. Kelly asked Mr. Nairn if it would not be possible to arrange a settlement of the present difficulty, and asked if Mr. Nairn had any proposition to make. Mr. Nairn said that the Allan and the Dominion Line were determined not to pay a higher rate than thirty cents an hour. The only concession they were willing to make was to furnish the men with their supper at midnight.

Mr. Kelly asked Mr. Nairn to see Mr. Allan, and try and get him to pay the same rate of wages that is paid at Portland. If they would agree to pay those rates, Mr. Kelly assured him that the association would enter into an agreement with the companies on that basis.

Mr. Nairn's reply was that the companies could not afford to pay more than thirty cents an hour. If they did the union at Montreal would be making trouble next summer, and demand the same rates.

The conference ended with nothing accomplished.

Mayor White stated this morning that he would not preside at the meeting to be held this evening in Berryman's hall. He said that he preferred to remain neutral and had decided not to enter into the dispute.

500,000 MEN

STRIKE NEXT APRIL.

John Mitchell Predicts General Strike of All the Coal Miners, Paralyzing Bituminous and Anthracite Industries.

CLEVELAND, Nov. 27.—Max Hayes, a national labor leader writer on labor topics and delegate to the A. F. of L. convention from the Typographical Union today has a signed special story telegraphed from Pittsburgh in a Cleveland newspaper, saying:

A coal strike and lockout, affecting about 500,000 workmen and paralyzing the bituminous and anthracite industry is predicted for April 1, 1906, by John Mitchell, president of the United Mine Workers of America, one of the foremost leaders in the country. At the American Federation of Labor convention last year as well as a raise for the poorest paid men in and about the mines in the anthracite district.

This statement followed the declaration of Vice-President T. L. Lewis, of the Mine Workers' Union, in which Mitchell was inclined to agree. Lewis said:

My opinion is, after carefully considering all details and incidents of our trade, that there will be a national suspension in the mining industry next spring. I don't see how it can be averted if the operators in the anthracite and bituminous coal fields attempt to enforce their threats of reducing wages and ignoring our union.

The Shamokin, Pa., convention, December 14, will formulate the demands that the anthracite miners will make upon the operators. Mitchell's pronounced success in the past indicates that he will control the convention.

Regarding the nature of the principal demands that will be made, Mitchell said:

In my opinion, the forthcoming Shamokin convention will ask for recognition of the union, the eight-hour day and a slight advance for the lowest paid workers, whom we are anxious to lift up to a decent level of existence."

It is believed that the most strenuous objection that will come from the operators will relate to the question of union recognition.

According to Secretary W. B. Wilson, if a strike is ordered in the bituminous fields, either against a reduction or for an advance in wages, upward of 300,000 men will respond to the call. The various districts have more than \$2,000,000 in their treasuries.

78 MEN CAME TODAY AND 43 DESERTED.

(Continued from page 1.)

The head boat is not working today, as the stevedores, Alex. McDermott, has received orders not to employ men to whom he had to pay \$5 per hour. Mr. McDermott had a contract to handle these boats, but the companies interested objected to the payment to the men of the rate. He was therefore obliged this morning to notify the men that they could not go to work, and as a result the steamer is idle. LOWERS WILL SEIZE

MORE TURKISH LAND.

Will Stand No More Fooling From the Sultan Who Must Soon Surrender to International Demands.

CONSTANTINOPLE, Nov. 28.—Via Sofia, Bulgaria, Nov. 28.—Detachments from the international fleet landed at Mytilene Sunday afternoon in accordance with the instruction of Rear Admiral Von Jodna and occupied the customs and postal buildings. The governor protested but his representations were not available. During the Russian Festival beginning today and ending the evening of Nov. 30, the fleet will take no further action, but if the sultan does not use the interval to accede to the demands of the powers the fleet will occupy the island of Tenedos, off the coast of Asia Minor.

The ports continue its efforts to obtain a modification of the financial control scheme so as to make it more acceptable to Turkish views. The Grand Vizier Ferid Pasha, the report of whose demission was unfounded, has informed M. Zinoviet, the Russian ambassador, that the scheme in its present shape is too unpalatable. The grand vizier offered to agree to the establishment of four new civil agents with the same functions as the existing agents of Austria and Russia but the ambassador declared that no alteration in the demands of the powers was possible.

Tewfik Pasha, the foreign minister, also tried to enlist the sympathies of the German ambassador but his efforts were equally futile. The unanimity of the powers, including Germany, as to the necessity of compelling a full acceptance of the demands appears to be complete, and diplomatic circles are satisfied that the ports before long will realize that in face of this unanimity there is nothing to be done but bow to the will of Europe.

FROM BOSTON

New Brunswick Girls Grad-
uate as Nurses.

Dr. McLeod's Trial—Hon Mr. Emmers-
on to Speak at Canadian Club—

Provincial People Want
to be Divorced.

BOSTON, Nov. 25.—December 4 is
the date of the Canadian Club ban-
quet, at which Hon. H. R. Emmerson,
minister of railways and canals; J. S.
Williston, editor of the Toronto News;
George Grant, M. P., of Ontario, and
Henry M. Whitney of Boston are ex-
pected to speak. The subject chosen
by the minister of railways and canals
is The New Canada.

There does not appear to be much
ground for the assumption on the part
of some that Charles Meikle of Lynn,
formerly of Charlottetown, P. E. I.,
was murdered on Nov. 7. On that day,

as announced previously in the Sun,
Meikle died at his home. The only per-
son in the house at the time was Ed-
gar, 14 year old son of the dead man.
He was in the room with his father at
the time. To the police he said his
father placed a revolver to his head
and fired, the bullet entering his brain.
The police are satisfied that the boy's
story is true, and the case would not
have been investigated further had not
relatives expressed dissatisfaction with
the suicide theory. Roland Meikle, a
brother of the dead man, who came
from Charlottetown to look into the
case, says he knows of no reason why
Charles should have taken his life.
The dead man was a blacksmith and
had saved over \$1,000, all of which was
found in his clothing. He had intended,
his brother asserts, to return to the Is-
land some time and pass the remainder
of his life on a farm with his mother.
Meikle's wife has been dead about ten
years. The Lynn police maintain that
the case is one of suicide, but the state
police are looking into it further.

Mrs. Flora M. Shaw of Somerville
has entered a petition in the Middlesex
superior court at East Cambridge ask-
ing for a decree of divorce from Henry
Shaw of Waterville, N. S. The Shaws
married in Boston in 1900, and after-
wards lived in Waterville, where Mrs.
Shaw alleges her husband was guilty
of cruel and abusive treatment. The
case will be heard in January.

In the same court, Benjamin Penny
has brought suit for divorce from
Bridie Parcell Penny. Mr. and
Mrs. Penny were married at Dart-
mouth, N. S., in 1898. Desertion is al-
leged.

Crawford and William E. Hunt, on a
charge of being accessories to the death
of Susanna Agnes Geary, the Cam-
bridge chorus girl who was the victim
of the so-called suit case tragedy. A
nurse, who was present when Miss
Geary died, and who has attended sev-
eral of Dr. McLeod's cases, is expected
to be an important witness. Dr. Pet-
ter, a friend of Dr. McLeod's, who was
also concerned in the affair, will be an-
other witness. Charles H. Innes, for-
merly state senator and a well known
criminal lawyer, will defend McLeod.
Crawford and Hunt are expected to
tell the jury their story as to the dis-
posal of the girl's remains. Judge Stev-
ens has ordered the newspapers to print
nothing more concerning evidence in
the case, until the trial, as he feared
it would be difficult to get a jury who
had not read the published accounts.
Dr. McLeod is not charged with caus-
ing the death of the chorus girl. The
alleged principal, Mrs. Dean, is still
missing, but the police are hopeful that
she will be found. Dr. McLeod, it is
alleged, was called to save the girl's
life, if possible, after peritonitis had
developed from the original operation.
A second operation, for the purpose of
checking the inflammation, was per-
formed, but it was useless. It is al-
leged that Dr. McLeod dismembered
the body and that Crawford and Hunt
threw it in dress suit cases, into the
harbor. It is not expected that the trial
will be prolonged beyond four or five
days.

Several young women from the mar-
time provinces were graduated this
week at the Framingham Training
School for Nurses. Diplomas were
awarded to the following named: Miss
Helen Catherine Clark, Woodstock, N. B.;
Miss Kate Marion Saunders, Fred-
erickton; Miss Mary Eleanor Duthie,

Nelson, N. B.; Miss Louise Violet
Baird, Grafton, N. B., and Miss Lena
Edna Barrett of Kentville, N. S.
At the republican primaries in Som-
erville this week, Alderman Thomas W.
Sutherland, Boston & Maine railroad
yard-master, was re-nominated. The
nomination is equivalent to an election.
Alderman Sutherland is a native of
Shediac.

The thirteenth annual ball of the
Provincial Club and Ladies' Auxiliary
was held in Oddfellows' hall last night,
and exceeded all similar events of the
organization. President W. D. McDon-
ald, John D. Coyle, John A. Gillis, A. G.
McDonald, Eugene H. McDonald, Allan
McEachern, Miss Nellie Mitchell, Miss
Minnie Powers, Miss Jennie Grant, Miss
Isabel McKenna, Miss Katie Mc-
Donald, Miss Mary A. McDonald and
Miss Elizabeth Ackerman were in
charge of the arrangements.

Among recent deaths of former pro-
vincials were the following: In Rox-
bury, Nov. 26, Thomas H. Lake, aged
41 years, formerly of North Sydney, C. B.;
in this city, Nov. 19, Allen Grant
MacKinley, aged 37 years, formerly of
Windsor, N. S.; in Neponset, Dorches-
ter, Nov. 17, Mrs. Helen Berry, for-
merly of Woodpoint, Westmoreland Co., N. B.;
in Somerville, William J. McLean,
aged 67 years, native of Cape Breton.

MRS. CHADWICK WANTS ANOTHER CHANCE TO TALK.

Says She Can Give Out a Lot of In-
teresting Information If Her Case
is Re-Opened.

CLEVELAND, Ohio, Nov. 27.—Mrs.
Casile L. Chadwick has expressed the
desire to go on the witness stand again
in connection with the bankruptcy
charges against her, and today wrote
a letter to Referee Ramington of the
federal bankruptcy court requesting
him to set a date for reopening her
case. Mrs. Chadwick declares that, if
an opportunity is again given her to
go on the stand, she will tell without
reservation all the facts concerning
her financial dealings. For various
reasons, Mrs. Chadwick said in an in-
terview this evening, she had declined
to give much desired information at
her previous hearing in bankruptcy.
"Now I have," she said, "nothing to
conceal and no one to shield."
Mrs. Chadwick said: "If the supreme
court at Washington decides against
me, and I am compelled to go to the
penitentiary I shall, before leaving
Cleveland, give out some additional in-
formation that will doubtless prove of
interest. There are a number of fin-
anciers who benefited very largely
through their dealings with me. If I
am to be punished it is no more than
right that some of these men should
suffer with me, for if there was any
violation of the law they are as guilty
as I."

COLLEGE FOOTBALL.

Presidents of Colgate and Princeton
Talk on McCracken's Proposal.

HAMILTON, N. Y., Nov. 27.—Pres-
ident Merrill of Colgate University,
speaking of the meeting of the college
presidents to discuss football urged
by Chancellor MacCracken of New York
University, said today:
"While football as played at our own
college is largely free from the objec-
tions urged against the game as played
by the larger colleges, I am convinced
that the game should be abolished or
its rules greatly changed, and I should
be very glad to see such a meeting as
Chancellor MacCracken suggests, held."

PRINCETON, N. J., Nov. 27.—Pro-
fessor W. B. Scott, chairman of Prince-
ton's athletic committee, said tonight
in regard to Pennsylvania's proposals
on football:
"I can only speak personally as a
member of the committee, but the new
proposals will affect Princeton in only
one particular, that is the one-year re-
sidence rule. Among the others, some
propositions are now being enforced
strictly. I cannot see that debarring
freshmen would be very good unless
it were accomplished with a three-year
clause to keep a man from playing
less than that time. Unless this
were done, the evils would be trans-
ferred from the beginning of the cour-
se to graduation, when the athlete would
be forced into a professional school at
the close of his four years."

will be given a sympathetic reception
on my part."

LANDSLIDE WRECKS UNION ST, WEST END

Thoroughfare Is Undermined—A Building Collapses

Result of Dredging in Rodney Slip—Isral Smith's Storehouse Gone and Shop Threatened.

Carleton citizens who had cause to walk along the Sand Point section of Union street were given a great surprise by a big landslide caused by the dredging of the site for the new city wharf. The city has certainly a serious proposition before it, as a system of small slides along the bank of the slip and although a slide was anticipated it was not thought that one like that which happened this morning would occur.

Some days ago at a meeting of the council the matter of a slide was discussed and it was thought best that the occupants of the city's two and half story building on the corner of Union street and the old South Rodney wharf site should move as the dredging might undermine the place. The building was formerly owned by Jarvis Wilson and for the past few years has been the property of the city.

At present Israel Smith conducts a grocery store in the southern end of the building and Messrs. Anderson & Prieve have a restaurant in the other half. The occupants of the building have apparently waited too long and Israel Smith, the grocer, is a loser to a considerable amount.

The slide happened early this morning and the store house at the rear of the building, which is built on piles, went out into the dock. A large number of Mr. Smith's groceries were stored in the rear and this morning the mud mixed up with the parts of the broken shed and twisted piles. To save the goods was a dangerous performance as it looks as if the large building itself might topple over into the dock at any moment. As it is the southeastern corner is badly undermined and the building has settled there considerably.

The Union street sidewalk from No. 4 wharf to Rodney Slip has moved out a couple of feet and is badly cracked. There is a crack in the east side of the walk has settled about fifteen feet or more and there is great danger of the walk sliding out. There is a crack in the street on the west side of the walk leaving a deep opening of a couple of inches extending all along the street. There is another crack along the side of the C. P. R. tracks on the opposite side of the street fifty feet away. It is feared that after the tide recedes this afternoon considerable mud may be washed out.

It may be possible that pedestrians will not be permitted to walk on the Union street sidewalk as it presents a very dangerous aspect.

REV. H. F. WARING ON CARD PLAYING.

(Halifax Mail, Monday.)
In the First Baptist church last evening the pastor, the Rev. H. F. Waring, preached the second of his series of sermons on popular amusements, his subject on this occasion being "If I join the church can I play cards?" He took as the text upon which he based his sermon the 21st and 22nd verses of the 5th chapter of First Thessalonians, and said in part—

"If you want to do only what is right you may play cards all you want. What is right for you is for you to decide. I am here not to entertain, but to help you to a decision. While if a game of cards is played for the good of another—for mental discipline, for recreation—there is good in it, it should be kept in mind that it is part of a system. At one end are gamblers and blacklegs. There is danger that card playing makes for a disposition to get something for nothing. What is good for recreation may become a dissipation. Let those who for the sake of others play cards not nag and irritate those who honestly believe they may and should play. Let those who play, but not for money or prizes, not call an 'old fogey' one who honestly abstains; running parallel with Union street and has reached a depth of about thirty-one feet set low water. There have been a number of small slides along the bank of the slip and although a slide was anticipated it was not thought that one like that which happened this morning would occur.
