If you want a good suit at a low price this is your chance.

**J. N. Harvey,** Tailoring and Clothing  
OPERA HOUSE BLK. --- 199 to 207 UNION STREET

## FOUR HUNDRED MOORS KILLED IN FIERCE BATTLE WITH THE SPANISH FORCES

### Spaniards Pretended to Retreat, and, Suddenly Turning, Poured Volley After Volley into the Crowded Ranks of the Pursuing Tribesmen

MADRID, Sept. 22.—The Spanish forces in Morocco, according to the latest despatches received here were eminently successful Sept. 20 and Sept. 21 in attaining their offensive object, the turning of Mount Gurugus, and the surrounding of the ferocious Beni-Sicar tribesmen.

The Government is today publishing broadcast accounts of many gallant deeds and war fever is at high pitch.

Near Tadrir four battalions of Spanish troops were deployed over a front six miles long. They were charged suddenly by two hundred Arab horsemen, General Tovar, perceiving that the enemy threatened to break the line, sent out a strong detachment of

chasseurs and cavalrymen to check them. The two parties encountered each other with a terrific shock. At first the Moors broke, but they returned to the attack several times before they were finally dispersed leaving many dead on the field. The Spanish infantry then felt a retreat and the Moors reinforced swept down upon them. The Spanish line then about faced and fired repeatedly point blank into the enemy, putting them to flight. The despatches report that the Moors left a hundred dead men on the field. A total of 600 Moors, including 1500 cavaliers, took part in the fighting of Sept. 20. The Moors lost 400 men. The Spanish troops under General Orasco have occupied Agzra.

### EUGENE HARDY BACK FROM HIS WORLD TOUR

#### Was Defeated Only Once in Forty Three Bout—Zyzsko, Who Landed Today in New York, May Come Here.

The local lovers of wrestling will learn with interest that Eugene Hardy has returned to Canada after a successful tour of the world.

For some months Hardy was in this city and made many friends. As a wrestler he is one of the best. During his tour Hardy met forty-three of Europe's light-weight champions, including Somerville, Joe Carrol, John Henn and also Abdullah, the famous light-weight Turkish wrestler, who was the ex-sultan's favorite and the only one in Europe whom Hardy failed to defeat. Hardy made his first fight in Australia when he met Ben Richardson, champion light-weight and middle-weight. Hardy was properly on his mettle and threw Richardson in two straight falls, the first fall in eight minutes and the second fall in eight minutes.

Richardson will shortly arrive in New York and has telegraphed to Montreal asking for a return match against Hardy.

Joe Page met Hardy a few days ago and says he is looking in fine condition and wishes to be remembered to his St. John friends.

On Monday afternoon Hardy appeared at the Theatre Royal, Montreal and wrestled with Fardillo, the Italian heavy-weight champion who offered to throw Hardy in fifteen minutes or forfeit \$50. The light-weight put up a wonderful defense and won the money.

It is thought possible that Hardy will appear in St. John in the near future.

Joe Page is trying to arrange for an unknown to wrestle here with the big American on Saturday next. Mr. Page will make a strong effort to have Zyzsko appear in St. John.

Eugene Hardy has seen the Pole wrestler and he says he is a wonder and if given a match would succeed in throwing Frank Gotch.

NEW YORK, Sept. 22.—Among the passengers who arrived on the steamer Caronia yesterday was Zyzsko, the champion wrestler of Poland, who intends to challenge everybody in the heavy-weight wrestling class, including Frank Gotch, the world's champion. He has defeated every person whom he has met in Europe, including Ivan Fadoudny, the Russian wrestler who defeated Hackenschmidt in two straight falls, each of which was secured in less than ten minutes.

Zyzsko is looked to make his first appearance in this country at Buffalo on October 1th, when he will meet three of the best heavy-weight mat experts in that section.

### CONVICT INVENTS MACHINE FOR TRANSMITTING VISION

Can See as Well as Hear Over the Instrument Alberto Sanchez Has Constructed.

MEXICO CITY, Sept. 22.—Alberto Sanchez, an electrical engineer, at present an inmate of Belcan prison, claims to have invented an apparatus whereby vision as well as voice may be transmitted over an ordinary telephone wire. He calls his invention a "Teleopticon," and the prison officials admit that successful tests have been made with models.

It is said the contrivance resembles short opera glasses attached to a battery.

### MANITOBA UNABLE TO STOP RACING MEET

#### Metropolitan Association Has Federal Charter—Prisoner Assaults Witness—Woman Guilty of Murder

WINNIPEG, Sept. 22.—Egon Colin H. Campbell, attorney general, replying to a question, said that as the Metropolitan Racing Association has a Dominion charter the Provincial Government was powerless to prevent the association holding a meet in Manitoba. An agent of the association is now here, and is said to have practically closed for new Kirkfield racing track meet in October.

HAMILTON, Ont., Sept. 22.—David Irvine was convicted before Judge Meakin yesterday on charges of attempting highway robbery and assault on Fred Porteous, conviction being made on the evidence of J. Robinson, Proprietor of the Dominion Hotel. The judge reserved judgment, and as Irvine was being taken back to the cells he created a scene by turning on Robinson and striking him in the face.

SURETY, Ont., Sept. 22.—After six hours deliberation, the jury in the case of Mrs. Annie Robinson, charged with the murder of her daughter, the jury found the woman guilty with a strong recommendation to mercy, it being shown Mrs. Robinson was laboring under great mental strain when she committed the deed. The defence was one of temporary insanity. The father of the murdered child was the girl's own father, who will now be put on trial on charges of murder and incest.

### I.C.R. FIREMAN KILLED BY OCEAN LIMITED

#### Struck by the Train at St. Joseph—Baggage Man Drowned at Toronto

TORONTO, Sept. 22.—A coal barge was swamped in the bay yesterday afternoon and William Hornsby, a young unmarried man, was drowned. The other occupants escaped. The barge was carrying coal to the island in tow of a tug when a big wave rushing through the western gap swamped it.

QUEBEC, Sept. 22.—Victor Chagny, employed as fireman on the I. C. R., received such injuries by being struck by the Ocean Limited at St. Joseph de Levis about midnight Monday night that he succumbed yesterday morning.

### MYSTERIOUS ENQUIRY INTO RAILROAD AFFAIRS

#### Ohio Grand Jury Summons a Score of Leading Officials.

CINCINNATI, O., Sept. 22.—Subcommittee commanding the presence of twelve leading officials of several railroads before the Federal Grand Jury here the first week in October, were issued yesterday.

Considerable mystery surrounds the issuing of the summons. Those ordered to appear are ordered to bring with them certain papers. Several of those summoned are officials of the Michigan Central Railroad, which is not within the jurisdiction of the Ohio Federal District.

United States District Attorney McPherson, when asked last night concerning the subpoenas, declined to give any information.

## ADDRESSES TO THE JURY IN THE LOWELL-GRAY CASE

### Dr. Curry Wanted to Amend the Declaration—He Wants Big Damages for His Client or None At All

The Lowell-Gray slander case was continued in the Circuit Court this morning at ten o'clock.

Mr. J. D. Hazen, K. C., counsel for the defendant, concluded his address to the jury after which Dr. L. A. Curry, K. C. for the plaintiff, addressed the jury. Shortly after twelve o'clock His Honor charged the jury and at adjournment had not finished his charge.

Before Mr. Hazen resumed his address Dr. Curry moved to amend the declaration. After a lengthy argument by counsel Dr. Curry withdrew the amendment.

Mr. Curry—"May it please your Honor, as the defendant has practically admitted the facts set out in the plaintiff's declaration, I move under Section 233 of the Supreme Court Act, to amend the declaration by adding a count to the effect that the plaintiff at the time the slander was published, was a member of the Highway Board of the Parish of Lancaster."

His Honor—"I will allow the amendment on the following terms:

1. That the case be withdrawn from the present jury and made a remanet.
2. The defendant may plead or demur, or offer judgment.
3. That defendant must plead within ten days after amendment is delivered.
4. I will not impose any terms as to costs.

Mr. Hazen thought he should get the case.

Mr. Curry—"I cannot accept those terms so I withdraw the amendment."

(Continued on Page 7.)

### STOOD AROUND ALL NIGHT FOR A GLIMPSE AT COOK

#### Crowds Thronged Brooklyn Streets, But the Explorer Was Busy Having a Square Meal.

NEW YORK, Sept. 22.—The crowds about the Bushwick Club in Brooklyn did not dwindle until late last night, though it was fully understood by thousands who packed the streets that there would be no further chance to see Dr. Cook who was at a table with forty-two picked friends. All through asked was a chance to see him when he left the clubhouse for the Waldorf Astoria where he spent the night, and they were perfectly willing to wait.

This loyalty without and enthusiasm within the club from the friends and fellow citizens among whom Dr. Cook has lived, so moved him, that when he rose to thank his hosts, after a noble old German hymn, "This is God's Day," tears stood in his eyes. He himself man, but he is not a crowd could doubt that he was deeply moved.

"You have shown me," he said, "that it is good to go to the North Pole. In returning the cheers of other peoples have been a delight, but there is no human ecstasy to compare with the heartfelt tribute of my own people. I cannot adequately express it, but it dispels in one instant all the long drawn discomfets of the Arctic quest."

To the waiting throngs outside, the Doctor shouted from the window: "I thank you for the honor of this cordial and most welcome welcome."

At 8:30 he took an automobile for the Waldorf, and cheered by the crowd, slowly moved his way through the throngs. At the Waldorf, the explorer retired early for much needed rest, to await further greetings today. His plans for the day have not been announced.

### WILL ARRANGE TO MEET THE ROYAL COMMISSION

A special meeting of the Council of the Board of Trade will hold tomorrow morning to decide on the steps they will take in connection with the session of the Royal Commission appointed by the British and Canadian Governments to deal with the trade relations between Canada and the West Indies, which meets here next Wednesday.

Any merchants interested in this trade will be heard by the commission, and it is expected that a number will be present and give their views. The Board of Trade will also arrange to have a deputation appear and give in a definite form the opinion of the board on trade matters.

## FEAR A HEAVY DEATH LIST IN THE SOUTHERN STORM

### Many Reports of Loss of Life and Property Damage are Being Received from the Hurricane-Swept District

NEW ORLEANS, Sept. 22.—Scores of lives are reported to have been lost as the result of a tidal wave which swept a considerable portion of the Louisiana coast during Monday's tropical hurricane, pouring its relentless volume on the defenseless denizens of the coast.

It is believed that the water has swept away perhaps a hundred people. Reports indicate that the fatalities were the most numerous along the gulf bordering the shores of Terrebonne Parish. News of the disaster was brought into Houma, the parish seat of Terrebonne, by half clad men and women who managed to save some kind of a craft by which they succeeded in reaching shelter. They related stories of great havoc.

Relief expeditions were last night sent out from Houma to the stricken section.

PENSACOLA, Fla., Sept. 22.—The storm attained its greatest velocity at 2 a. m. when it reached 65 miles an hour from the southeast. Two small schooners were driven ashore on the west beach. At the Navy Yard the coal wharf was damaged and five large coal barges beached. At Fort Barrancas a launch was sunk and the wharf damaged.

Two men are reported drowned in attempting to cross the big lagoon eight miles west of the city while endeavoring to reach Fort McRae in a small boat.

NEW ORLEANS, Sept. 22.—It was impossible this morning to estimate the loss of life in Terrebonne Parish and it is probable the restoration of communication with other parts of Louisiana may bring about the knowledge of further casualties.

It is impossible to give a correct estimate of property loss as reports of damage are coming in hourly. Many towns suffered from the storm and numerous plantations felt its disastrous effects. The cane and cotton crops of Louisiana sustained serious damage.

Many towns of Louisiana sustained great losses in property. In Baton Rouge and vicinity the damage was \$2,000,000. The state capital is unroofed and a considerable part of the building flooded. Tidings from Grand Isle, La., where a feared great damage has been done with possible loss of life, are still lacking. Relief expeditions which left for the island yesterday have not returned. Grand Island in former times has been a heavy sufferer.

### PEARY'S DECISION IS QUITE A DISAPPOINTMENT

#### New Yorkers Wanted Him as One of the Attractions in the Hudson-Fulton Celebration.

NEW YORK, Sept. 22.—Herbert L. Bridgman, secretary of the Peary Arctic Club, who accompanied Mrs. Peary northward to join her husband, said last night when informed of Commander Peary's refusal to appear at any public function until the Fulton controversy shall have been settled:

"I expected this despatch and Commander Peary's action will meet the approval of his friends. Only tentative plans for his reception have been made, and even these were held in abeyance, because it was believed he would prefer his friends should await word from him before they committed him."

"This announcement will therefore cause no inconvenience."

There is disappointment in the city at large, however, and particularly in the Hudson-Fulton Commission which had placed Peary's name on the navy parade committee before he sailed north and had eagerly hoped for his return in time to add glory to the celebration.

### NEWFOUNDLAND TRADE COMMISSIONER HERE

#### Mr. Ray is Calling on Local Merchants With View to Stimulating Trade Between This Province and the Sister Colony.

Trade Commissioner Ray, of Newfoundland, is in the city today and is calling on the various city merchants with the idea of stimulating the trade between this province and the island colony. Mr. Ray stated this morning that the outlook for an increased trade seems excellent. There are many commodities which might be advantageously exchanged and the local merchants and manufacturers might build up a large trade by careful attention to the wants of the Newfoundland people. With any substantial increase in trade better communication might be needed and this undoubtedly would follow.

### GOL HENDRIE RESIGNS

HAMILTON, Ont., Sept. 22.—Lt. Col. J. S. Hendrie, C. V. O., has resigned from the command of the 2nd Canadian Field Artillery Division after 25 years in the service.

Many Reports of Loss of Life and Property Damage are Being Received from the Hurricane-Swept District

NEW ORLEANS, Sept. 22.—Scores of lives are reported to have been lost as the result of a tidal wave which swept a considerable portion of the Louisiana coast during Monday's tropical hurricane, pouring its relentless volume on the defenseless denizens of the coast.

Grand Island in former times has been a heavy sufferer.

### MRS. TURNER IS LIKELY TO FACE MURDER CHARGE

#### Toronto Stirred Over Suspected Slaughter of Infants by Proprietress of a Baby Farm.

TORONTO, Sept. 22.—A child strangled to death shortly after its birth in a stiring police circle and a unroofed infant of Mrs. Annie Aulwers was picked up and died in a shoe box parcel having evidently been thrown from the train from Toronto to Niagara. The inquest was held at Niagara and a verdict of murder returned. It was found that the murder had been committed in Toronto and an inquest is necessary here by law. That will be held tonight. The police information is that the child was killed at the house of a Mrs. Turner, who makes a business of taking babies for adoption. Mrs. Turner is under arrest and another young child was found in her house.

### THREE FIENDS DIE UNDER THE GUILLOTINE

#### Triple Execution in France This Morning—Great Crowd Assembled at the (Mon) Died.

VALENCE, Drome, France, Sept. 22.—A triple execution by guillotine took place in this city at daylight today. Three men were despatched for a series of atrocious crimes in the Department of Drome which created a reign of terror. No less than twelve murders and two hundred robberies are laid to the doors of these men. They often tortured their victims with red hot irons. A great crowd witnessed the executions and applauded wildly every time the knife fell.

### THE MASON BOARD OF ST. DAVID'S CHURCH MEET TOMORROW EVENING FOR THE FIRST TIME THIS SEASON AT THE HOME OF MRS. ATKINSON

The Mason Board of St. David's church meet tomorrow evening for the first time this season at the home of Mrs. Atkinson, 100 Leinster street.

**ANOTHER FARM LABORERS' EXCURSION.**

The Canadian Pacific Railway today announces that another farm laborers' excursion will leave the province on Friday next, September 24th. The general arrangements will be the same as for previous excursion this year.

Your appearance will be improved by having your clothes last longer by having your cleaning, pressing and repairing done by McParland, the Tailor, 72 Princess. Phone 1618-11.

Dysentery is a dangerous disease but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened, it is pleasant to take.

Police Constable Abner Belyea has seized a case of Scotch whiskey at the New Brunswick Coal and Railway Company's station at Chipman. The case was marked "W. A. Chipman."

Constable Belyea intends bringing action against several wholesale liquor dealers of the city for sending liquor to a Scott Act county for illegal purposes.

A meeting of the committees in charge of the arrangements for the Presbyterian Synod to be held here on October 6th, 8th and 7th was held last evening and routine business was transacted. Delegates will be present at the church on Monday at the various parts of New Brunswick, Nova Scotia, Prince Edward Island and Newfoundland. The complete list of delegates will be ready for publication in a few days.

The kidnapping case of Mrs. Bridget Humphrey of Lawrence, Mass., against James McManus of Hampton, was to have come up before Magistrate Hornbrook at Sussex yesterday, but was adjourned for another week on account of a habeas corpus having been served on the defendant. It is not known exactly where the kidnapped child, Rita Humphrey, is, but the supposition is that she has been placed some place between Hampton and St. John. There is a possibility of McManus now giving up the child without ransom. If not, it is understood that the police are in a pretty good position to locate the hidden three-year-old daughter of Mrs. Humphrey.

Silas C. McMann of Brookville passed away last evening, after an illness extending over three months. He was a son of the late Lawrence McMann, who was a well known West India merchant. His father retiring from active life about thirty-five years ago, Silas and his brother, Captain Winthrop R. McMann, carried on his business for a number of years. The deceased married a daughter of the late Joseph C. Hathaway of this city. He is survived by three sons and two daughters. The sons are Arthur R., Boston, Mass.; George N., Montreal, and Walter C., New Jersey. The daughters are Mrs. George W. Price of Harvard, Mass., and Mrs. G. E. Barnes of Montreal. He also leaves two sisters and three brothers. The sisters are Mrs. Thomas M. Reed and Mrs. (Dr.) J. T. Steeves, and the brothers are Captain Winthrop L. of Winnipeg; J. Boyd of this city, and Herbert L. of Topeka, Kan. Mr. McMann had many acquaintances and being of a genial disposition and upright in his character he was well liked by his many friends.

**Your Collar, Sir!**

C. B. Allan, who has been attending the Seattle fair in the interests of the St. John Exhibition Society, is expected to arrive in the city next week. Immediately on his arrival here a meeting of the exhibition executive will be called and Mr. Allan's plans and suggestions, obtained in Seattle, will be submitted. Other important matters will also be dealt with, and W. F. Burditt's suggestions, which were received by him at the Sherbrooke and Toronto exhibitions, and submitted to the executive on Wednesday night last will be further discussed. The committee is working hard, making preparations for the big fair, which promises to surpass any exhibition ever held in Eastern Canada.

**CENTENARY YOUNG MEN'S CLUB FORMED**

H. V. Mackinnon Elected President at Meeting Held Last Evening

At a meeting held in Centenary parlors last evening the formation of an association to be known as Centenary Young Men's Club was decided upon. The attendance was large and the gathering most enthusiastic. The objects of the club are to promote social intercourse among young men, and generally to create an activity in literary, charitable, philanthropic, athletic and other branches. The club starts with a very encouraging membership, and gives promise of becoming one of the leading church organizations in the city.

A constitution was adopted and officers elected as follows:—Honorary President, Dr. G. Flinders; Pres., H. V. Mackinnon; Vice-Pres., W. S. Allison; Secy., Dr. J. G. Leonard; Treas., R. Max McCarty. Additional members of the executive: Wm. H. Hayward, Fred T. Barbour, Horace Black and Walter L. Doherty.

The club will meet at least twice monthly, on the second and fourth Tuesdays, and will endeavor to provide a series of entertainments during the winter months.

A meeting will be held next Tuesday evening at which committees will be named.

**TAKE THE ELEVATOR.**

Wasson's Stomach Tonic is an elevator from the basement of sickness to the top story of health. Tones up the stomach and digestive organs by assisting nature. It is unequalled as an appetizer. Price 42c. and 75c. per bottle. Money back if you receive no benefit. The Drug Store, 100 King Street.

**KETCHELL MUST HURRY IF HE WANTS MATCH**

Coffroth Wires That He Must be in San Francisco by Tuesday or Later Will Call Off Scrap With Johnson.

Stanley Ketchell and his manager, Willis Britt, received a telegram yesterday from Francisco, Cal., from Coffroth of San Francisco to the effect that if they did not arrive in the city by next Tuesday night or Wednesday morning he would call off the Assassin's dog with Jack Johnson on October 12. This notice caused sudden activity in the Ketchell-Britt camp, with the result that the young pugilist will probably be headed for the coast before sunset today. It appears that Coffroth wants to be sure of Ketchell's condition before he enters the ring with Johnson, and that he will insist upon three weeks of training at the least. Ketchell is in magnificent trim right now because of his preparation for the defeat Langford bout and he says he will not break training even for a day. On the way to the coast he will indulge in dumbbell exercise and light bag punching in the baggage car in order to remain fit. After he arrives in Frisco Ketchell says he will hike to the mountains, where he will put on the finishing touches. He has a \$5,000 bet up in Coffroth's hands to bind him to the coming fight and he declares that he would not lose this chance to tackle the black champion for all the Langford bouts that might be arranged for him in other cities.

Philadelphia, Pittsburg and Boston have made offers for the Ketchell-Langford bout, which has been presented at the instance of Gov. Hughes, but Ketchell, rather than have the Johnson mill declared off, says Langford will have to be sidetracked temporarily. But win or lose with Johnson, Ketchell intends to settle the question of supremacy with Langford before the snow flies. Ketchell and Johnson are matched to fight twenty rounds at Colma for \$5,000 a side and it will not be withdrawn under any circumstances. It is estimated that the mill will draw at least \$40,000, although greater receipts would have been looked for if Ketchell had defeated Langford. It is already conceded that when Ketchell and Johnson meet they will weigh 135 and 210, respectively, with Johnson favorite at 2 to 1 or longer odds. But Ketchell told his friends here yesterday that he would

**PENNANT CHANGES OF THE RIVAL LEADERS**

Detroit and Philadelphia in Close Race—Pittsburg Is Strong—Winner Tough Nut for National Champions.

The struggle between the Detroit and Philadelphia Athletics for the American league pennant is so close that the championship may not be settled until the last few games scheduled, says the New York Sun of Monday. The Detroit hold first place this morning by a margin of three games. If they are beaten by the Athletics this afternoon Quaker fans may enjoy renewed hope and will eagerly await the result of the games to be played by the Tigers with the Highlanders, Boston Red Sox, Washington and Chicago White Sox, Mack's men trying conclusions meanwhile with Chicago, St. Louis, Cleveland and Washington. Philadelphia says that Detroit will meet with more serious opposition in this city and in Boston than the Athletics will contend with in the coming contests with the other Western teams, so that the Tigers performance from now right on to the last two games of the season with the White Sox, one in Chicago and the other in Detroit, will be of vital importance.

The Detroit will probably play four games Boston, and according to Quaker prophets they will be extremely fortunate in getting an even break. They have four games with the Highlanders at the Hilltop, and as Stallings' men are trying desperately to win the White Sox to win at least one ball from the champions. Meanwhile the Athletics are expected to make a clean sweep of their games with St. Louis and Cleveland, as these teams are thoroughly demoralized. It is also the opinion that the Athletics will win three of their games with the White Sox, with two victories over the Washingtons if the pitching is good, and therefore, the Philadelphia says the Athletics will win the pennant and will then meet the Pittsburgs in the world's series. When the Detroit came East in the previous tour they had a lead of one game over the Highlanders in second place, Jennings' quickness strengthened the team by securing Jones and Delany and forced to the front again. There is no doubt that the Tigers will play better ball on this last trip, but Jennings admits that in order to win the pennant he must win more his men have to win practically every game between now and October 2.

It is apparent, therefore, that Detroit's pennant chances depend almost wholly upon the coming games with the Red Sox and the Highlanders, both of whom are playing fast ball. The Highlanders won three out of four games from the Detroit the last time they were here, while Boston repeated the trick in summary fashion. As the Giants have beaten the Cubs out of the National League pennant, it would be a novel coincidence if the Highlanders should subject the Tigers to similar treatment. Manager Stallings, who formerly managed the Detroit team, says his men will make the Tigers fight for their lives when they come here next Friday and predicts that the Highlanders will take at least two of the four games. All of which means that every game played by the Detroit and Athletics up to the end of the schedule will be most bitterly contested.

At Pittsburg's meet severe statements are made. It is believed that the Pirates will be in far better physical trim for the world's series than either the Athletics or Detroit and for that reason they will have at least one advantage. But no matter which team they meet, the National League champions will have to play phenomenal ball to carry off the honors. Eastern ball fans are naturally rooting for the Athletics, and if they finish ahead of Detroit there will be increased interest in the world's championship struggle.

"Mama," said little three-year-old Freddie, "are we going to heaven some day?"

"Yes, dear, I hope so," was the reply.

"I wish papa could go, too," continued the little fellow.

"Well, and don't you think he will?" asked his mother.

"Oh, no," replied Freddie, "he could not leave his business."

win to a moral certainty and advised them to back him heavily.

"I will simply overpower Johnson with punches that he cannot withstand," said Ketchell. "He may block a lot of blows and may keep me from reaching him for more than half the distance, but I only want to land one or two smashes. He can't hurt me any more than he hurt Kaufman, who is a third rater at best. I consider Langford a more dangerous man than Johnson and Langford would have been easy for me. So just have a bet on me when I start and you'll not regret it. I will be the new heavyweight champion of the world and after I've whipped Langford I will draw the color line. Then I hope all white pugilists will refuse to box negroes in future."

**MISS LETHA CAPTURES 2.15 CLASS AT FTON**

Leonard Wilson Captures 2.21 Class—Racing Among Best Ever Seen in Provinces.

EXHIBITION GROUNDS, FREDERICTON, N. B., Sept. 21.—The Fredericton Trotting Park Association closed its meeting this afternoon with one of the best exhibitions of horse racing in the history of the Maritime Provinces.

Though the field was small in the 2.15 class it took six heats to find a winner, and everyone of the heats was of the best, it being a close contest to the very end. There were five starters, but after the first heat Dimbleby K. was withdrawn, and the four remaining competitors, Miss Letha, Laura Merrill, Burling and Royal Lancer made it most interesting right through. In every heat it was difficult for anyone to judge within one hundred yards of the finish which horse might win. Miss Letha was the favorite, but after only getting fourth and third position in the third and fourth heats the grey mare looked like a loser, but those who had formed the opinion that Miss Letha had not staying powers got a surprise, as in the fifth and sixth heats she showed up fresher than any of her competitors and captured the race.

The first four heats in this race were made in exactly the same time, 2:14 1/4, being within a quarter of a second of the track record. Some of the watches of those who were not timekeepers caught the time at much less, and it certainly was a coincidence that in four heats the time should be similar.

The 2.21 pace, the other event on the programme, proved most interesting. The judges had decided to let McCoy, the driver of Lady Belmont, in the 2.25 and 2.35 races were called on to drive for the space of one year from date from the tracks of the National Trotting Association. Burke, who assaulted Driver Galagher, was fined \$100 and suspended perpetually for 12 months.

To G. M. Gerow and James Gallagher, who were placed in suckles in the assault on Driver Galagher, the judges awarded the sum of \$25 each. Burke, who is alleged to have assaulted Driver Galagher, was arrested this afternoon for assault, the information being laid by Marshall Roberts of the driving track. He was remanded until Monday, being released on \$800 bail, \$400 furnished by himself and \$400 by John McCoy and Doll Gutter.

**BOWLING TO BOOM HERE THIS SEASON**

Thousands of Dollars Being Expended on New Alleys

A meeting called for the purpose of forming a bowling league from the athletic societies of the city was called last evening at the St. Peter's Y. M. C. A.

A postponement until next Tuesday evening was the result, however, as the delegates found they could not proceed to the formation of a league under existing auspices without sanction from their respective societies. When the league arrangements are complete the games will be played on the two fine new alleys which are now being constructed. These will be ready for the balls about the first of October.

If the number of new alleys which are being laid down is any criterion the bowling game in the city will enjoy a remarkable boom in the city during the season which will open about October 1st. Fourteen new alleys are already laid out or to be laid.

The Baile-Callender Company's carpenter, who completed Black's two additional alleys in the North End last week, is now laying down six for R. J. Armstrong in his new bowling establishment near the old Y. M. C. A. building on Charlotte street.

When these are completed the carpenter will go on to place two alleys in the Y. M. C. A. and will probably also put two down in the Dufferin. In all several thousand dollars is being expended in the city this year upon new facilities for the devotees of the roll and pin. For those who do not care to indulge in more strenuous indoor pastime but who yet prefer a game which calls for some degree of strength and skill, the game is an ideal one and the team competition provided awakens keen interest.

Two new organizations have been formed this season—the St. John Bowling Club affiliated with the National Duck and Canteen Association of Boston and the Newspaper Bowling League, which was born last evening.

**HARVARD'S BIG TACKLE OUT OF GAME**

Bob McKay, the big tackle on last year's Crimson eleven, will not be able to play football this season, thinks his tutor. The gentleman of learning, who is using every resource to lead his charge along the royal road, gives it as his opinion that the plegian warrior will not be able to pass his makeup examination this season—the St. John Bowling Club and the Newspaper Bowling League, which was born last evening.

McKay's loss would be a serious one for the Crimson. For the big tackle knows the game thoroughly and is one of the best punters that Harvard has ever had. He and Captain Fish, the Crimson's grace of tackles, make a perfect balance, and no one has appeared this season so far who shows ability to fill the place of either of these men.

**COLLING AND COBB RUNNING CLOSE.**

Eddie Collins, of the Athletics, and Ty Cobb, of Detroit, are still having a spirited fight for hitting honors in the American League. Cobb is in the lead by a hairline. Collins is also second to Cobb in stolen bases, while Ty has long-distance batting honors.

Saker, Holtmuller, Murphy and Davis are up with the leaders in clubbing. Krause still has an advantage among the pitchers. American League percentages follow:—

Table with columns: Name, Batting, A.D., H., P.C.

**SMOKEVILLE JOYOUS.**

The Chicago Cubs concede the National League pennant to Pittsburg. Smokeville is wild with enthusiasm, and is rooting for the Athletics to beat Detroit out in the American League race, as in that event Pennsylvania cannot lose the world's championship. But American League fans outside of Philadelphia think that Detroit would prove a worthier foe in a struggle with the Pirates than Mack's team of young men, who possibly lack the stamina and experience possessed by the Tizers.

**THOSE JEALOUS FANS.**

New York fans cannot hide their delight over the downfall of the Chicago Cubs, which has been brought about by the Giants. The way the Cubs beat the Giants out of the pennant last year has not been forgotten here, so that revenge in this case seems unusually sweet. Then again the Cubs have shown an unaccountable vein on more than one occasion this year so that New Yorkers always ready to applaud real merit on the diamond, are well satisfied with the triumph of the energetic Pittsburgs.

**JOHNSON IN TRAINING.**

Johnson has begun training again near San Francisco. He says that between now and Oct. 12, the date of the Ketchell mill, he will reduce to 235 pounds. Johnson declares that he will not half fit when he beat Kaufman, and many eye-witnesses of that one-sided affair are inclined to agree with him. One of Frisco's leading sporting men is out with an offer to wager \$10,000 against \$4,000 that Johnson will beat Ketchell on points in twenty rounds, and \$10,000 even that Ketchell will be knocked out.

**HOW MACK CAN WIN.**

Detroit will have to lose about twice as many games as the Athletics in the last part of the American League race for the Mackmen to win the championship. At the same time the Athletics will have to take every series for the rest of the year. It is also incumbent on the Athletics to win the remaining game with Detroit today.

Seats now on sale.

When they make a clean sweep of the three games with St. Louis, take at least three out of five with Chicago, three out of four with Cleveland and a clean sweep of the two games with Washington, their percentage will be ninety-eight victories, fifty-five defeats, or an average of .641. Even with such a showing the Athletics can't win unless Detroit drops one or more games to the four of the five remaining teams it has to combat. If Detroit loses today, wins four straight at Washington, splits the series of six games at New York, loses two out of three to Boston, and divides two games with the Sox, their showing for the season would be ninety-seven victories and fifty-five defeats, or an average of .633, which would give the Athletics the championship. Rainy days would seriously upset this calculation.

**TOO LADYLIKE FOR KETCHELL.**

NEW YORK, Sept. 22.—Ketchell was in Chicago yesterday. It was said, and would arrive in San Francisco on Thursday. Before leaving here on Saturday he said: "No more New York for me. It's too refined and lively."

#### CONDEMN TRADE POLICY OF GREAT BRITAIN

LONDON, Sept. 22.—Henry Chaplin, a former president of the board of agriculture and member of the tariff commission of 1904, speaking yesterday at Stourbridge, said that present Canadian requirements annually to purchase goods to the amount of \$20,000,000 sterling, and if England had conceded her the slight preference she asked, the whole of the market would have been placed at the disposal of workers in England, because duties would have been imposed upon other countries which would have prevented their interfering. That was an offer made by Canada some years ago, of which, with the greatest folly and unwisdom, we failed to avail ourselves at the time. Other nations, he feared, were now in competition with this country for similar favors from Canada.

### THE LAUGHTER OF LIFE

A NOVEL AND A VERY INTERESTING ONE  
Copyright 1908 By MARIA ALBANES

(Continued.)

The servant explained that his master had desired him to go below, as he wished to be left alone with Miss Heronworth.

"That was naturally quite enough for me," she said, "but I have had my eyes shut to all that is real. Both have kept me a baby. It is my private opinion that she would have liked to have kept me a baby always. I'll tell you one view of the future that I should like to think was possible. Couldn't we together do something to help the country round?"

"Well, you will have three people to help you—your sister, my mother, and I. I've got tired of my all assembled in a picturesque way a long time ago. We'll plan out all sorts of things."

"You know, of course, we have been to the village to meet you," said Mrs. Lingham, "and we thought the earth must have opened and swallowed you up for we couldn't see a sign of you."

"I don't believe you went to the village at all," she said, "and I am quite sure you never thought about me."

At which Drusilla laughed, to and blushed. "Connie, dear, that is rude," she said, "and in the same breath she said: 'but it is quite true. I really did not see you.'"

She sat near her sister, and every now and then cuddled her hands in her lap.

Mrs. Lingham and Lord Carlingford carried on a conversation which dealt with the most sacred secret, Drusilla was gracious enough to the young man, but she managed, in the cleverest way possible, to make Drusilla a little uncomfortable.

"It is awfully silly of me," said the girl to herself. "I ought to be well used to Aunt Edith and her ways by this time, but I do wish she wouldn't

"Oh, heaps," said Drusilla, "if I knew how easy it would be to be nice, I don't think they'd ever be nasty."

After luncheon the older Miss Heronworth and Lord Carlingford sat and talked together in the drawing-room, and Drusilla hoped for half an hour's pleasant chat with Connie; but Mrs. Lingham had other views for her step-daughter.

"Please come upstairs with me, Connie. I want you to write some letters," she said, "and then you ought to read to your father."

"Oh, do let me do that!" interposed Drusilla eagerly. "I adore reading aloud, and Uncle Edmund always says he likes to listen to me."

"My dear Drusilla," said Mrs. Lingham, "you mustn't usurp everything. I am sure if Edmund wants to hear himself, he will do so."

"Now, then," said Drusilla to herself as she was left alone in the hall, "there is another nasty Earl. What have I done to make Aunt Edith so disagreeable? Well, never mind; she doesn't count for very much."

She looked up and opened it almost without thinking.

How methodical he is! she said to herself, "and he is very kind. I think he is only shy, and I don't suppose he quite understands my peculiar little ways."

As she was closing the note-book it slipped from her hand; and when she stopped to pick it up she saw that the card had fallen from it. The card was worn and faded and the heading caught Drusilla's eye, as though she had colored holly as though she had slipped the card once again into the shabby note-book.

Drusilla's eyes were fixed on the card, but she managed, in the cleverest way possible, to make Drusilla a little uncomfortable.

"It is awfully silly of me," said the girl to herself. "I ought to be well used to Aunt Edith and her ways by this time, but I do wish she wouldn't

#### AMUSEMENTS

##### NICKEL'S NEW FEATURE VERY POPULAR

The Nickel has been tendered numerous compliments on its newest form of entertainment, the lecturing of fact and fiction. The new feature is a most attractive audience listener with almost breathless attention to the story of "Old Curiosity Shop," Charles Dickens' great drama of human interest. Today this story will be made tomorrow. Miss Renard is a lady of culture and refinement; one whose wide experience upon the stage and in the lecture hall has made her a lecturer eminently fit for the charming form of entertainment she now so successfully presents. The new feature will today finish with his song "You Can't Stop Me from Loving You," and "Strawberries." His singing is being greatly enjoyed.

Miss Curtis is also a favorite in her characteristics, and today she winds up her opening number, "Wild Deer." Tomorrow she sings a new number, "The Great Solig Society Drama," day is the great Solig society drama, "A Crooked Path." Two new pictures also. The matinees are big these days.

##### AN EXCELLENT SHOW AT H. H. H.

Baby Mabel's Dogs, Baboons and Monkeys are certainly making a hit with both young and old at the H. H. H. From the start to the finish it is one laugh. First the two boxing dogs, who box two rounds, start the fun, after which the dog made up to represent a circus horse trots around the stage, ridden by a monkey in true barabek circus fashion. There are only a few of the feats performed by these clever animals, which have created so much talk both here and at the Fredericton Exhibition. Parents should send their children in the afternoon, for they will see the whole show after school. Today new pictures will be shown. Those who want to laugh should see Three Reasons For Hate, and a Case of Tomatoes. Both of these pictures will provide twenty minutes of laughter seldom given in pictures. Other pictures, dramatic subjects, will be shown.

##### THE "STAR" NEW SHOW VERY FINE

Over in the Star Theatre tonight

there is to be a brand new show of motion pictures of which the following films will be the chief: "An Unexpected Guest," "The Protection of his Flag" and the howling farce "The Jewish Cowboy." There will be other pictures. The Star's new vocalist, Miss Dearnley Lipsett of Boston, has made a most favorable impression already. She is a sweet soprano with wide range and can sing a comic song as well as a ballad. She has performed in one of the Boston theatres for a protracted season.

##### SCHUMANN-HEINK SEAT SALE

##### OPEN NEXT WEDNESDAY

Next Wednesday morning at nine o'clock the sale of seats for the Schumann-Heink Concert will be open for subscribers only. Those whose names are not yet included on the list should call at Landry's music store at once, where they may be seen a constant stream of applicants. An innovation at this concert will be the use of word programs, enabling the audience to thoroughly understand the selections sung, thus obtaining much more profit and pleasure.

The programme will include several well known selections which are sure to be better remembered in the future for the interpretation which Madame Schumann-Heink will give to them. Among these are included "The Rosary," "But the Lord is my King," and "My Heart at Thy Dear Voice," from Sampson and Delilah. A great treat is certainly in store on the evening of Oct. 4th.

##### MORTON SMITH NEW PRESIDENT

Mr. Morton Smith last evening was unanimously elected President of the Seaman's Institute Society to succeed the late H. C. They who was head of the society for several years. At last night's meeting it was also decided that a call for \$1,500 be made for the purpose of finishing the upper part of the institute building so as to have it ready for occupation in time for the opening of the winter port season.

The election of Mr. Smith left vacant the office of fourth vice-president. Mr. R. T. Hayes was elected to fill the position. L. F. D. Tilley was appointed a member of the board of management.

The report of Manager S. L. Gorbett, of the chairmen of the building committee and of the treasurer, were read. All reports stated that the society was in a satisfactory position. It was recommended, however, that efforts be made to raise \$1,500 as soon as possible in order to finish the building. A special meeting with regard to this matter will be held shortly.

The Institute is in receipt of two photographs of the dedication of the Canadian annex to the building of the British and Foreign Sailors' Society in London. The local Seaman's Institute Society is affiliated with the London body. The photographs were sent to St. John by Rev. Mr. Matthews, secretary of the London society. The latter body has appointed Alfred Hart of South Africa, its Canadian secretary.

ST. JOHN STAR.

ST. JOHN, N. B., SEPT. 22, 1909.

GAS.

The report of the Deputy Minister of Inland Revenue on the inspection of gas and electricity has recently been issued. The total revenue collected during the twelve months of the inspection of gas metres was \$44,022.50, and the expenditure \$31,014.33. The revenue from inspection of electricity was \$49,909.25 and the expenditure \$15,506.35. This branch of public service is now practically self-sustaining and an announcement is made of reduction in the fees.

In that part of the report devoted to the inspection of gas are found figures giving the illuminating power, amount of sulphur, sulphuretted hydrogen and ammonia present. The standard of illumination is sixteen candle power, the allowance of sulphur is thirty-five grains per one hundred cubic feet, and the allowance of ammonia four grains per one hundred cubic feet.

For the majority of towns and cities in which gas is used the full inspection is not reported, but there are a sufficient number available for the purpose of making comparisons. It may be said that the gas used in St. John, while within the requirements in all respects, does not compare very favorably with that sold in a number of other cities. For instance the illuminating power of St. John gas during the winter months was on the average, 17.50 candle power. It increased slightly in the early summer but was below that mark in February and March. The highest average for a month was 18.56. The highest average in Toronto was 22.27 candle power, in Montreal it was 19.13, and both Montreal and Toronto residents buy gas at half the price asked in St. John.

In those two Upper Canadian cities it is apparent that some effort was made to purify the gas, for in Toronto the average amount of sulphur found reached the maximum of 14.90 grains per hundred feet in November, while it touched the minimum of 8.32 grains in January. In Montreal the presence of sulphur was scarcely noticeable, the average for the year being 3.30 grains, although for only three months did the sulphur rise above three grains per hundred feet. In Toronto there is a slight trace of ammonia all through the year.

Turning to St. John it is found that in the month April the test showed 26.08 grains of sulphur per hundred cubic feet, that the lowest mark was reached in July when it was 18.88 grains and that the average for the year was 22.65 grains. The gas within the government requirements but it is a very large percentage of sulphur as compared with what is found in Montreal gas.

This probably accounts for the very nauseating smelt accompanying the product of the St. John Railway Co. It may be admitted, however, that Halifax is not very much better off. In the gas used there, the minimum percentage was 11.37 grains in July and the maximum 31.83 in September. The average for the year was 21.14 grains. This is only a trifle better than St. John, and Halifax has our deepest sympathy.

PEARY AND COOK

The two Arctic explorers whose unfortunate disagreement has marred what otherwise would have been a really great occasion are again among their friends. In New York yesterday Dr. Cook was accorded a typical New York welcome, and appears to have endured it without any particular injury to his person or his reputation.

At Sydney Commander Peary was enthusiastically greeted by half Cape Breton and by friends from his own country, who had assembled to extend a preliminary welcome. Peary has still to face the well-intentioned violence of a New York multitude but will probably pull through all right.

While there is no sign of weakening in the contentions put forward, and while indeed each seems all the more sure of his position, the two explorers have very wisely come to the conclusion that nothing is to be gained by hastening, by personal declarations. They are agreed on the proposal to submit their reports and evidence to a committee of experts, and to abide by the decision of that body. Dr. Cook has strengthened his own position by declining to enter the controversy which his rival evidently wished to carry on. Peary will gain in popular estimation by refraining from further attacks on the veracity of Dr. Cook until the whole matter is decided.

CONSUMPTION.

To those people—and they were many—who held the impression that the newly organized anti-tuberculosis associations had become dormant, the

report of yesterday's meeting will come as a pleasurable surprise. The St. John organization is said to be in need of funds, and the suggestion is made that if money is forthcoming, something can be accomplished. Briefly, an appeal is made for contributions, and a larger membership is asked. This is reasonable, and the very fact that the association has come to at least this stage of consciousness is worthy of note.

In the fight against the wholly unnecessary scourge which kills so many every year, the St. John society will find the new provincial health regulations of great assistance. Now that consumption has been placed, where it should have been long ago, in the list of contagious diseases, boards of health throughout the province will find themselves able to deal with the matter far more effectively than was possible under the old conditions. And the authority now vested in health officers will materially aid in the campaign to be carried on by the provincial and county associations.

Half-hearted measures will not do. If consumption is contagious—as is now admitted—it must be treated as such. There is no use in putting this disease in the contagious list and then failing to apply such regulations as may tend to prevent contagion. Where smallpox exists, or scarlet fever, or any of the other serious contagious diseases, the isolation or partial isolation of the patient is imperative, and under the instructions of the board of health the atmosphere in a nursing is insisted upon, so that those living with or near the victim may not suffer. Consumption must be regarded as requiring just as careful handling as some of those other diseases which are popularly regarded as being more dangerous.

Four old Scotchmen, the remnant of a club formed some fifty years ago, were seated around the table in the club room. It was 5 a.m. and Douglas looked across at Donald and said in a thick, sleepy voice: "Donald, I've noticed what an awful peculiar expression there is on Jock's face."

"Aye," says Donald, "I notice that he's dead! He's been dead these four hours."

"What? Dead! Why did you not tell me?"

"Ah, no—no—no," said Donald. "Am I not that kind of a man to disturb a convivial evening?"

THE UNCONQUERED

By Theodosia Garrison

Now, think you, Life, I am defeated quite? More than a single battle shall be mine

Before I yield the sword and give the sign

And turn, a crownless outcast to the night

Wounded and yet unconquered in the fight

I wait in silence till the day may shine

Once more upon my strength, and all the line

Of thy defenses break before my might

Mine be the warrior's blood who, striken sore,

Lies in his quiet chamber till he hears

Afar the clash and clang of arms he knows

The cause he lived for calls for him once more

And straightway rises, whole and true

And arms, turns him singing to his foe.

Drumbody's Magazine.

WEDDINGS.

DRUMBIE-KNIGHT.

A quiet wedding took place this morning at 6.30 when Miss Margaret Elizabeth, daughter of Mr. William Hilyard Knight, was united in marriage to Mr. Thomas Francis Drummie.

The ceremony was performed at the residence of the bride's parents by the Rev. R. P. McKim in the presence of the immediate friends. The bride was given away by her father, and was becomingly clad in a tailor suit of cream serge and carried a bouquet of white roses. The gifts are many and are very beautiful. The groom was handsomely remembered by the firm and employees of Henderson and Hunt. After the ceremony a wedding breakfast was served. Mr. and Mrs. Drummie left on the Governor Cook for a honeymoon trip to New York.

SIMMONS-POWERS.

Centenary church was the scene of a very pretty wedding at four o'clock this afternoon, when Miss Helen Powers, third daughter of Mr. and Mrs. W. T. Powers, of 125 Mount Pleasant Avenue, was united in marriage to Harry Chester Simmons. The double ring service was used, and the ceremony was performed by Dr. C. R. Flanders. The bride, who was given away by her father, wore a bridal costume of white satin with conventional veil and orange blossoms, and carried a shower bouquet of bridal roses. Her three sisters attended her, Miss Linda as maid of honor and Miss Margaret and Miss Alice as bridesmaids. The maid of honor was crowned in yellow over white silk with a large black hat with black plumes. Her bouquet was of yellow to harmonize with her crown. The costumes of the bridesmaids were of white over yellow with picture hats of heaver felt and appropriate bouquets. Bayard Simmons of Fredericton was the groomsmen. After the ceremony a reception was held at the residence of the bride's parents for the immediate relatives of the contracting parties, after which Mr. and Mrs. Simmons left on the Montreal express for a trip through New Brunswick and Nova Scotia; their return they will reside at 74 Nicolsonburg street.

JOINING FORCES TO RID ATLANTIC CITY OF THUGS

Prosecutor Backed Up by Hotel Men and Property-Owners—Business Men Aroused by Domination of Machine and Crooks.

ATLANTIC CITY, N. J., Sept. 22.—Prosecutor Goldenberg declared today that it is his intention, during the coming week, to use his force of special state police with redoubled vigor in the work of cleaning out the negro gambling dens in the Atlantic City and Ward Tenders section of the city. "The fight has just begun," the plucky prosecutor declared, "and it will be continued until thugery is driven out of Atlantic City."

Deceit versus thugery is the issue, with the beach-front hotel men, the business interests and the property holders of the city supporting Goldenberg's campaign in behalf of law and order, while the Kuehne ring is backing the blacklegs and crooks, and the police force under Mayor Stoy is being openly used to protect the negro gamblers and incite Tenders thugs to riot and bloodshed. The situation is unparalleled in the history of American cities. The Kuehne-Stoy ring has placed Atlantic City in the spectacle of employing its entire municipal machinery to rout the law and shield the gamblers and law-breakers of the lowest and most vicious types.

RING DEPENDS ON CROOKS.

Kuehne's ring draws its very life-blood from the criminal classes, which have invested millions to build up the resort and around the dives and negro and Tenders quarter, furnishes the vice which is the corner-stone of Kuehne's power. Negro gamblers and divekeepers control this vice, and hence control Kuehne and command his protection. This is the reason the Atlantic City boss has arranged himself against the business and property interests of the city and around an organization of hotel and business men to begin an unyielding fight against control of the city by a ring dominated by gamblers and thugs. It is not too much to say that the progress, the very life of Atlantic City as the greatest seaside resort in this country, hangs upon the issue.

It has come to the point where property values in Atlantic City are threatened with impairment. Men who have invested millions to build up the magnificent hosteleria along the beach front and elsewhere have been obliged to plan a final fight with the political ring, in order to conserve property interests and save the reputation of the resort.

REBORN'S LIFE THE ISSUE.

Stated in another form, the question has become a final fight with the men who have invested millions, put their stamp upon the resort. Upon this issue depends the life of Atlantic City as whether Atlantic City is to remain America's leading resort or ultimately degenerate into a stamping ground for the habitation of gamblers and degenerates.

By decent men and women and by present holders it is felt that the present fight is crucial in determining which of these two ways Atlantic City is to go.

They have already dropped the lid on the gambling houses and they mean to keep it there. They have thus struck at the very fountain-head of the Kuehne ring, whose chief stock in trade is the spoils from the dives and joints of the black belt of the city.

"The gangsters seem to think we have started this fight merely as a political card," said a big hotel man today, "but they'll learn otherwise to their sorrow."

BATTLE FOR DECENCY.

"This is not a matter of politics, but of decency and honor," declared the residence of Goldenberg has summoned the state detectives here to clean out the gambling dives. The bridge is now going to stay here. Gambling has got to stop and stay stopped.

"We are in this fight for five years or more, if necessary. We mean business. Our fight is to be permanent. We have too much property here to let it be decimated by a gang of political thugs. Politics or no politics, Atlantic City must be cleaned up, and we are going to stick to the guns until it is cleaned up, without any regard to political elections.

"Times have come to a serious pass. Along the beach front are properties owned by the backers of Goldenberg in this fight, valued at \$50,000,000 and paying taxes in the city. Surely we ought to have some say, when it comes to a question of giving the protection of the police to thugs and thieves and brothels.

"I, for one, detest politics, and I would never have mixed myself up in them had it not been for the fact that this Kuehne gang is threatening my property with ruin, and is breeding the criminal classes who make our hotels and our guests their prey."

A PERMANENT FIGHT.

"From the back belt these thieves issue forth and descend upon the beach front to do their dirty work. And it is in the back belt, among the negroes and the drags the whites, that the Kuehne organization rears the keystone of its power.

"This is where we must strike to break the back of this ring. We are attacking the Kuehne ring because it fosters the class of crime. We cannot let it alone because its thugs will act let it alone. So, we are hitting it, and hitting it hard. And we are going right on, year after year, if need be."

to hit it hard in the very stronghold—the gambling house.

The state again probed here by Prosecutor Goldenberg's systematic riddling the back-belt and gambling is almost at a standstill. Most of the negro gambling dens follow the detectives nightly, however, and there is no predicting how soon the riot of last Tuesday may be repeated, with serious loss of life.

Chief of Police Woodruff has fairly cotton in his ears every side the David, who leads the state force here, but by promising that there would be no repetition of Tuesday's riot Chief Woodruff has virtually admitted that it was at least permitted and connived at by the Kuehne ring police.

TO CARRY CAMPAIGN INTO CITY SCHOOLS AND HOMES

Board of Health Starts Vigorous White Plague Campaign—Inspector Appointed.

The campaign against tuberculosis is to be carried into the schools and homes of the city. The Board of Health with jurisdiction in the city and county of St. John, in accordance with the amendment to the Public Health Act passed by the House of Assembly in April last, has procured a large quantity of literature dealing with tuberculosis, which is to be distributed in the city and county. The board is also warning all physicians and veterinarians, under the provisions of the Public Health Act and the duties devolving upon them in consequence of that alteration.

The amendment which was passed at the suggestion of the Provincial Board of Health is as follows:

"Tuberculosis is hereby declared to be a contagious disease, and dangerous to the public health. It shall be the duty of every physician who knows or believes that any person to whom he has been called is suffering from tuberculosis, to inform the Provincial Board of Health of the name and address of such person to the Local Board of Health, if he is in the city, or to the Provincial Board of Health, if he is in the county. It shall be the duty of the Local Board of Health to prepare and supply to the person to whom such disease appears suitable literature and instructions as to proper sanitation of such cases; but it shall not be necessary to quarantine and placard the houses in which said disease is as in other cases."

MUST BE DISINFECTED.

The Board of Health has decided that all houses where deaths due to tuberculosis have taken place shall be disinfected. An inspector has been appointed, whose particular duty it will be to look after cases of tuberculosis in houses in which said disease has been assigned to these duties.

At the present time the board has prepared for distribution four pamphlets, three published by itself, the fourth by the Canadian Association for the Prevention of Consumption and other Forms of Tuberculosis. The three publications of the local board are explanatory of the duties of the commission and the Canadian members of the commission are Hon. W. C. Edmonds, Dr. Chas. C. Edmonds, head of the Ontario health department; J. W. Flavell, Toronto, and Fred Torrance, Winnipeg.

Be sure and take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with you when starting on your trip this summer. It cannot be obtained on board the trains or steamers. Changes of water and climate often cause sudden attacks of diarrhoea, and it is best to be prepared.

YOUNG PERSIANS FOIL BIG MURDER PLOT

Conspiracy to Wipe Out Armenians, Native Nationalists and Foreigners Unveiled.

TEHERAN, Sept. 21.—A plot for a Persian "St. Bartholomew's Day" and a massacre of Armenians, Persian Nationalists and foreigners has just been foiled. Its authors were the remnants of the ex-shah's supporters, including the shah's favorite, who has taken refuge at the Russian legation.

The conspirators planned that certain men of the old royalist regiments who were in hiding in the mountains should descend to the Armenian village of Vanus, two miles from Teheran, and begin the massacre. Then the shah's favorite, with his followers would go to the same place, act even sparing the foreigners of the capital. The intention was to force Russian intervention, which they hoped would result in the restoration of Mohammed Ali Mirza, the ex-shah.

The plot was discovered by the Young Persians in time. Some of the conspirators fled to the Russian legation, but twenty-six were arrested, including the shah's favorite.

With an audacity which shows how far the Young Persians have left off the fashion of superstition behind, the government ignored the chance of supernatural vengeance and decided to hang the shah. Thousands of people watched the execution on Artillery Square. When the rope was passed round

ALL RECORDS BROKEN AT FREDERICTON FAIR

Attendance 1,200 Ahead of Last Year—Two More Days to Run

EXHIBITION GROUNDS, Fredericton, N. B., Sept. 21.—Fine weather favored the exhibition today and 4,677 passed through the turnstiles, making the total attendance about 1,200 over two years ago, with the exhibition yet two days to run. All judging has been completed. Tomorrow at 3 o'clock there will be a parade of the prize horses, followed an hour later by a parade of cattle. The vaudeville show in Amusement Hall and the wild west show on the grounds are of excellent character and proving a great attraction.

The awarding of the baby prize this afternoon formed an unique and interesting event, so large was the number of entries that it was decided to make the judgment in Amusement Hall. On the stage was placed no less than 23 babies, accompanied by their mothers. Some cried, some laughed, while others remained silent. It was a most amusing sight and proved a great attraction. Mrs. J. B. Hawthorne, Mrs. R. B. Phillips and Mrs. W. M. Carter acted as judges, and after consultation awarded the prize to Samuel Otis Pickard, son of Mr. and Mrs. Mowat, of the Kingsclear, six months old, weight 23 pounds. The prize baby was chosen as members of the committee is not yet learned what opinion the other mothers have of the judges, as each felt sure of the prize.

There were a large number of visitors in the city today, about 400 coming from St. John. The cattle were shipped to Halifax on Thursday on the way of the exhibition, while the race horses will leave tomorrow.

INTERNATIONAL COMMISSION FORMED

OTAWA, Sept. 21.—An international commission composed of seven Americans and five Canadians, under the chairmanship of Dr. J. G. Rutherford, live stock commissioner and veterinary inspector for Canada, has been established to consider ways and means for securing control and eradication of bovine tuberculosis in Canada and the United States. The commission, which will co-operate with the governments of each country, is the outcome of the annual meeting of the American Veterinarian Association in Chicago this month. Dr. Rutherford was last year president of the association and the commission has been formed largely on his initiative as head of the Canadian live stock department in conjunction with the heads of the United States bureau of animal industry.

The question of bovine tuberculosis is the chief problem now confronting the veterinary sanitation, the annual loss from diseased cattle running up into hundreds of millions in the two countries. The association, which represents in authoritative manner veterinarians of both Canada and the United States, believes that under proper control bovine tuberculosis can be effectively controlled and eradicated, and instructions as to proper sanitation of such cases; but it shall not be necessary to quarantine and placard the houses in which said disease is as in other cases."

REDMOND'S 177 UNION ST.

BRITAIN CHARGED WITH PLOT AGAINST TURKEY

German Professor Says She is 'rying to Effect Partition of Empire'

BERLIN, Sept. 21.—Professor Theodor Schiemann, the Kaiser's well-known confidential adviser on "Welt-politik," in the Kreuz Zeitung, charges Great Britain—with the basis of "sound information"—with plotting for the partition of Turkey.

Professor Schiemann says: Talaat Bey recently succeeded in inducing the Turkish Parliament to send an expedition against Yachin Hammedin, who is attempting to set up an independent position in the Yemen. It is contended—and we have good reason to believe that the contention is founded on fact—that England is endeavoring in the Yemen, as indeed throughout Arabia, to undermine Turkish sovereignty through the creation of small independent authorities which as later to become English dependencies.

"The fate of Koweit has shown what the aim of this policy is, that the object is to establish a Caliphate in Cairo or Mecca independent of Constantinople is also no secret. It is therefore of special political importance to observe what resistance Turkey will encounter if she attempts to reassert her authority in Arabia and to become the Persian sea aid."

Be sure and take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with you when starting on your trip this summer. It cannot be obtained on board the trains or steamers. Changes of water and climate often cause sudden attacks of diarrhoea, and it is best to be prepared.

HANTSPOUT HOTEL MAN DROWNED

HALIFAX, N. S., Sept. 22.—Edward Dalton, proprietor of the American House, Hantsport, was drowned yesterday afternoon by falling off the wharf. He was eighty years of age and the verdict of the coroner's jury was that death was accidental. Dalton was one of the best known ship contractors in the days of wooden ships.

DEATHS

McMANN—At Brookville, Sept. 21st, S. C. McMANN, son of late Lawrence McMANN, Esq. Notice of funeral hereafter.

FOUND NO BACTERIA IN ANDOVER WATER

ANDOVER, Sept. 21.—H. H. Beaulieu, local manager of the Bank of Montreal has received the following report of an analysis of a sample of the town's water supply:—"Pathological Laboratory, General Hospital, St. John: No typhoid bacilli found; no cholera bacilli found; no pathogenic disease bacteria found."

"WM. WARWICK, M. D." The fever situation remains about the same. There are now eighteen nurses in town. There have been no deaths although some of those affected with the disease are reported very low.

OLD PEOPLE SUFFER TORTURES with their BACKS Here is a Case in Point

Of course you know a dull ache or sharp pains in the back come from sick Kidneys. Old age exacts its penalty. The Kidneys become weak or strained through the hard work of a lifetime. Plasters, ointments and liniments only ease the pain—they can't reach the Kidneys. As soon as the effects of such remedies wear off the pain returns worse than ever because the Kidneys are worse.

West Port William, Nov. 7th, 1908. "I have been troubled with a lame back for the past twenty years and have used plasters and ointment without effect. At last I tried Gin Pills, which proved just the thing, and I would highly recommend them to anyone who has strained or lame back."

Gin Pills, you see, act directly on the Kidneys for the past twenty years and have been new strength—and neutralizing Uric Acid, which is generally formed when there is Kidney Trouble. Try Gin Pills, yourself, before buying the regular 50c. boxes. Write the National Drug & Chemical Co. (Dept. R. S.), Toronto, Ont., and they will send you a free sample of Gin Pills by return mail.

FOUND NO BACTERIA IN ANDOVER WATER

GATHERING TAXES CHURCH'S CAPACITY

A gathering which taxed the capacity of the church was last evening held and entertained by the ladies of St. Columba's Presbyterian Church, Fairville.

CHECKING THE GREAT WHITE PLAGUE

The executive of the St. John Association for the Prevention of Tuberculosis at its regular meeting in the Board of Health rooms yesterday afternoon decided to have Dr. Porter of Toronto lecture for the Canadian Association for the Prevention of Tuberculosis, lecture in St. John during the first week in October.

FALL RASHES

When troubled with fall rashes, eczema, or any skin disease apply Zam-Buk!

RABBI WILL OFFICIATE

CHATHAM, N. B., Sept. 21.—Ravoh Amiel of St. John arrived here today and will officiate this evening at the marriage of Miss Sarah E. Heh, daughter of Mr. and Mrs. Charles Rich, to Louis Fren of Grand Falls.

EXPO. LAUNCHED ON A FLOOD OF ORATORY

CHARLOTTETOWN, P. E. I., Sept. 21.—The provincial exhibition was launched today on a flood of high class oratory from Sir Louis Davies, DeLoinger, the new U. S. consul, and others.

REV. DR. SHEARER URGES CLOSER CONNECTION

QUEBEC, Sept. 21.—The delegates of the Labor Congress settled right down to work this morning and struck the various standing committees for the convention. Much interest was evinced in the reading of the report of Mr. W. R. Trotter, British agent, with regard to misrepresentation in Great Britain.

NORTH SHORE WEDDING

NEWCASTLE, N. B., Sept. 21.—The marriage of Rowland Waldo Crocker and Miss Lita May Sinclair, daughter of the late Walter J. Elliott, was solemnized tonight at 8.30 o'clock.

REV. DR. SHEARER URGES CLOSER CONNECTION

At the termination of Mr. Trotter's report, the Rev. Dr. Shearer, secretary of the Social and Moral Reform Association of Canada, was called upon to speak. He congratulated the convention on having in their midst a minister of labor, and in the course of his speech emphasized the fact that there should be a closer connection between labor organizations and the church.

DODD'S KIDNEY PILLS

ALL KIDNEY DISEASES CURED BY DODD'S KIDNEY PILLS. Cures Rheumatism, Bright's Disease, Diabetes, Gravel, Neuritis, etc.

It Leaves the Skin Tingling With Health

There is a wonderful difference in soaps. Have you ever noticed how one kind leaves the skin soft and white while another may leave it red and rough?

Ceylon is an island in the Indian Ocean, and from there we bring pure coconut oil 12,000 miles to our factory. Then we go to France for vegetable oil, and often pay double what we might pay.

These oils are doubly boiled and then milled by our own special process, after which they fall like flakes of snow into enormous bins.

Could you imagine a more delightful soap than this? It lathers into a rich, creamy foam. It wears as thin as water.

The perfume is the delicate scent of the roses. We pay \$100 a pound for pure Otto of Roses, but it requires 3,000 pounds of rose leaves to make a single ounce.

PEARY STANDS BY STATEMENT

Sydney, N. S., Sept. 21.—Commander Peary will accept no more invitations to receptions or other functions of a public character until the controversy between himself and Dr. Cook over the discovery of the North Pole is decided.

Beyond stating that this suited him to a T, Commander Peary declined to discuss the statement or the reasons that prompted him to come to this decision. Lying at anchor off the ferry wharf after fifteen months struggling with the ice floes off the north, the steamer steamed towards which here the explorer to Cape Sheridan, has been the cynosure of all eyes today.

As soon as anchors flew, bonfires lighted the Westmount side of the harbor, and a pyrotechnic display was given. The general opinion tonight in that Sydney made the most of her opportunities and that the reception was very creditable.

COOK WILL BRING HIS ESKIMOS TO AMERICA

NEW YORK, Sept. 21.—"I have come from the Pole. I have brought my story and my data with me. I have not come to enter into arguments with one man or fifty men, but I am here to present a clear record of a piece of work over which I have a right to display a certain amount of pride.

EMPIRE CAVALRY CAN BE RECRUITED FROM CANADA

Almost simultaneously with the news cabled from England that the Army Council finds an alarming scarcity of cavalry horses, comes the National Bureau returns from western Canada showing that the farmers and breeders from Winnipeg to the coast are co-operating to raise remounts by means of the through-bred class.

These returns give facts regarding the number of mares mated with through-bred stallions and show that the pure-blooded horses sent out have been patronized in a most encouraging manner and that the crop for a first year of effort will be amazingly large.

The success is due to the activity of War Office representatives, who travelled through the West and also to the fact that there are many retired military men now on western farms and ranches, mostly English and Irish, who in addition to the great natural love of the thoroughbred, have considerable knowledge of remounts.

By J. Henniker Heaton, M. P. The work of our Empire, the future of our race, may depend on the success of the United Imperial Defence delegates. The great connotation just concluded in the capital of the Empire represents the critical opportunity of a century, and will be memorable for good or ill in our annals.

On a recent Sunday morning the first invader reached Dover in an aeroplane event which Lord Roberts brought the elements of a riot, except violence. From the moment the Grand Republic tied up at her landing and until the explorer left the Bushwick Club tonight for the Waldorf-Astoria in New York, the surging crowds taxed the capacity of the police, and more than once set out of control.

As the Grand Republic steamed up to her dock the whistle of every craft within sight was tied down and a din that drowned out the brass bands had a run of fully five minutes. The crowd was hustled off the ship and Dr. Cook surrounded by eight militiamen of the 4th regiment, came up the gangway, the police threw a cordon around the party and pushed them through to the motor truck, loaded with a brass band, pulled out ahead, and Dr. Cook's automobile followed.

It was as if everybody in Brooklyn had turned out to greet Cook. It was just at the noon hour, and thousands of school children lined the streets, shouting one word in chorus—Cook!

Trolley traffic was paralyzed, business was entirely suspended; there was only one person of importance in Brooklyn at that hour, Dr. Cook.

Around the Bushwick Club the police had kept the main roadway clear, but every adjoining street was choked long before the head of the procession arrived. It was a terrible jam through which to clear a lane to the club-house. First one section of the crowd would charge down the street toward which to clear a lane to the club-house. First one section of the crowd would charge down the street toward which to clear a lane to the club-house.

How To Save Work In The Home Most of the dust in the modern home comes from the floor. It needs, therefore, a floor that is clean, hard, and durable. Floorlaze reduces floor-dust to a minimum.

When you coat a floor with any of the ten shades of Floorlaze you have a floor that is creviceless (and harbor germs), washable (use an antiseptic in the mop-water), and nearly dust-proof.

You will get very watching for it to wear off that floor. Floorlaze stands outdoor wear, even—verandas, porches, steps, etc. And a gallon covers 500 square feet. Cheap!

Your dealer has it. You would find our Free Book interesting reading. May we send you a copy? Ask on a postcard. Imperial Varnish & Color Co., Limited, of Toronto.

STRENGTH FREE TO MEN

How To Regain It Without Cost Until Cured Strength of body—strength of mind. Who would not possess it if he could? It is nature's greatest gift—our most valuable possession.

DR. E. F. SANDEN, 140 Yonge Street, Toronto, Ont. Office Hours—9 to 6; Saturdays until 9 p. m.

Uncle Wait The Poetic Philosopher

There's a man in the world who is never turned down, wherever he chances to stray; he gets the glad land in the populous town, or out where the farmers make hay; he's greeted with pleasure on deserts of sand, and deep in the abode of the woods; wherever he goes there's the welcoming hand—his The Man Who Delivers the Goods.

Copyright 1909, by George Matthew Adams. Dear Mason

is darkness and stillness. Let a ray of dawn, and what a burst of melody from every thicket and bough and bush.

I appeal to Lord Crewe, who is a great friend of the movement, to take action in the good work; every one of our greatest worthies, beginning with Alfred, would have been proud to join.

VIENNA, Sept. 22.—The birthday of the Emperor of Austria was chosen as the date for the publication of a work that will be a lasting memorial to the aged monarch who completed his seventy-ninth year last Wednesday.

His Personal Expenses Are Only Eight Shillings a Day. We are asked to remember the Lord of Silence, the Cable King, or director in Old Broad Street, London.

Without electrical intercourse at a very high rate of interest, the colonies require the constant stimulus of the press, or even of imminent danger, to maintain them; our Imperial solidarity is a phrase only. A valued friend writes me as follows: "Fifty years ago my uncle took his family to New Zealand. I have never heard a word about him since. I have a brother and three nephews in Canada, and a niece, a medical missionary, in the Indian jungle. They are gradually fading out of my consciousness, like the characters in my favorite romances."

THE CABLE KINGS. In too many instances the lives of the humble folk here and over the sea are saddened and shortened by this bitter sense of separation. If impious or callous statements say all this is the fate, the inevitable lot of man, I ask how they explain the fact that electric telegraphs were given to mankind just when the population of Europe was being swarmed out in the waste places of the earth. No, let them be candidly selfish; if they will, but do not let them deny that the finger of Providence is writing, writing.

The Lords of Silence are the Cable Kings. How long are we to be under their subjection? The present generation can hardly be expected to make full use of their cables or wireless converse until the sixty governments of the Empire unite their forces. Then, a medical missionary, in the Indian jungle, they are gradually fading out of my consciousness, like the characters in my favorite romances."

For many things in cookery, St. Charles Cream is essential. It is as good as the best milk or cream for any purpose. For many purposes it is much better. It gives to coffee, for instance, a flavor which even the best of ordinary cream cannot approach, and it aids in bringing out the delicate aroma of chocolate and cocoa. For confection and ice cream it is unexcelled. For invalids and infants it is indispensable. It never curdles. It strengthens the stomach. If only pure water is added it will agree with the most delicate stomach.

Sold by best grocers everywhere. ST. CHARLES CONDENSING CO., Ingersoll, Ont.

J. M. ROBINSON & SONS, BANKERS. Members Montreal Stock Exchange.

FINANCIAL AND COMMERCIAL FINANCIAL BRIEFS.

COBALT, Sept. 20.—The shareholders of the Temiskaming Telephone Co. voted against the sale of the company to the firm of Montreal brokers which recently offered 110 a share for the stock.

Mr. Amulius Jarvis, the vice-president of the B. C. Packers Co., has left for British Columbia, and he and the other directors will, no doubt, be joined in view of the big fall run, in selling a dividend on the common stock.

So far this year Canadian banks have opened 59 new branches in this city.

It is said that a prominent Toronto banker recently bought 1,500 shares Dominion Steel for a "long pull."

CHICAGO, Sept. 20.—Recent reports have led to general recognition of a farmer as the price-maker in wheat. He has won out as against the speculators in the winter wheat season, and created a "domestic element" in the Northwest, the big element in the face of the persistent claims that farmers were holding their wheat to a greater extent than ever.

FORTUNES IN STEEL STOCK

The great rise in U. S. Steel shares has made fortunes for hundreds of its shareholders in the States and Canada. The common stock's market value has been as follows:

Table with columns: Price, Common stock, Value of stock. Rows include dates from May 1904 to Sept 1906.

SIX DIVIDENDS TO BE RAISED

The reports of increased dividends on several stocks are not mere rumors, but come from high quarters. Rock Island preferred will get a dividend this year, and we confidently expect Reading, American Cotton Oil, and Atchafalaya to do the same.

J. M. ROBINSON & SONS, Bankers. American Stock Transactions.

Table with columns: Am. Car. Pk., Am. Loco., Am. Sugar, Atchafalaya, Am. Smelters, Anaconda, Brook. Hhd. Trst., New York Central, etc.

Dr. Chase's Ointment is a certain cure for piles, hemorrhoids, and other ailments. It is made of the finest ingredients and is guaranteed to give you money back if not satisfied.

Personal Paragraphs

Mrs. R. G. Day went to the hospital yesterday to undergo an operation. This morning she is resting comfortably but the measure of success attending the operation will not be known for some little time.

The marriage of Miss Bessie L'Esperance Berry, daughter of Mr. and Mrs. John Berry, of Moncton, to Mr. Ezra L. Ziegler of Winnipeg, will take place this evening, Sept. 22nd, in St. John's Presbyterian Church, Moncton, at 8 o'clock, after which a reception will be held at the home of the bride.

ADDRESSES TO THE JURY IN THE LOWELL-GRAY CASE

MR. HAZEN'S ADDRESS. Mr. Hazen then resumed his address to the jury.

Referring to the question of damages Dr. Currey asked for substantial damages. "If you gentlemen think that nominal damages would satisfy my client, I ask you to find a verdict for Dr. Currey."

### LOCAL NEWS

The police put out a bon-fire on Moolenberg street last night.

Stanley Hartin found a bicycle in Gilbert's Lane yesterday and handed it over to the North End police.

Are you going to the woods? Go comfortably with one of these Hudson Bay simple sporting coats at cost price. Pidgeon's is the place.

Between seven and eight o'clock this morning a delivery man of McAlary and Co. ran away on Douglas Avenue. There was no one in the wagon at the time, and before the animal could be stopped considerable damage had been done to the wagon.

Accommodation was heavily taxed on the outward trip of the Calvin Austin to Boston last evening. The state-rooms for Saturday night's trip are rapidly being booked and over five hundred city persons will leave on the boat.

The application for tickets for the Pupils' banquet continues to come in in fairly large numbers. So far Mr. Keith has not received replies from any of the invited guests other than those which have already been announced.

It is reported that Thomas Ferguson, Chief Engineer on the Government steamer Earl Grey, is to be appointed inspector of machinery in the Marine and Fisheries Department. Mr. Ferguson, who belongs to Pictou, was formerly of the steamer Stanley and went to England to bring out the Lady Grey.—Echo.

The funeral of the late Elias W. Elliott took place at 2:30 this afternoon from his residence, 30 Wellington Row. The funeral service was conducted at the house by Rev. A. B. Cohen and at its conclusion a short service was held by the Presbytery of which order Mr. Elliott had been a member for many years. The interment was made in Fernhill cemetery.

Fire destroyed the blacksmith shop at Brown's Plaza, owned by W. E. Day, at an early hour this morning. The destruction of the shop and the tools and lumber which it contained will entail a loss of \$500 and there is no insurance. Mr. Day was awakened by the glare of the flames and securing help from the residents of Beulah Camp managed to extinguish the fire. The house was saved with difficulty.

Game warden Dean has had a conference with the market dealers and a number of them have applied for licenses to sell carcasses of big game. The license costs one dollar and is obtained from the Surveyor General's office at Fredericton. Warden Dean also called the attention of the dealers to the provision requiring them to preserve the shipping tags, giving the name of the hunter, number of license, etc.

Although there is nothing definite from the agents this year, yet there is a possibility that more grain will be shipped from Halifax this coming season, than there has been for some years and one line of steamers, at least, is expected to carry a great deal more grain this season than they have been doing of late years. The Furness-Withy Co. is reported to have contracted 125,000 bushels of grain to Liverpool and London. The 125,000 bushels will be shipped from Halifax and will pass through the L. C. R. elevator.—Echo.

### CHILD RESTORED AND SUIT IS ENDED

Mrs. James McManus Appeared in Court This Morning and Returned Little Rita Humphrey to Her Mother.

The suit brought by Mrs. Ralph Humphrey of Cambridge, Mass., against Jas. McManus of Hampton, for the recovery of her three year old daughter Rita, was brought to a conclusion this morning, when Mrs. McManus appeared in court with the child and returned her to her mother. Yesterday before Judge McKeown, McManus pleaded that his wife had left his home with the child and he had no knowledge of her whereabouts. He was instructed to find out where she was and have the child on hand as soon as possible.

This morning Mrs. McManus appeared with the little girl and restored her to her mother, thus bringing the suit, which had been brought under the Habeas Corpus Act, to an abrupt termination.

D. Mullin and E. S. Ritchie appeared for the plaintiff, and J. B. M. Baxter for the defendant.

### GETTING AT THAT BOULDER

This morning the diver and crew of the dredge Cynthia were busy making preparations to raise the boulder lying in berth six. Last Saturday while digging the dredge Fielding struck the top of this rock and knocked the lips of several buckets in an effort to remove it. The average depth now reached at this berth is thirty-four feet and the top of this rock, which is quite a large one, protruded above ground about sixteen inches. Quite a quantity of rock has been found at this depth which is being removed by the Cynthia, while the Fielding levels the bottom. Tenders are about completed and the Fielding is expected to continue digging tomorrow.

### STOLEN BOOTS WERE OF LITTLE BENEFIT

#### Seamen from the Bornu Soon Landed in Jail

Had No Time to Buy Whiskey With the Proceeds of the Robbery—Case Adjourned.

The Elder Dempster Line steamer Bornu sailed last night for Mexican and Cuban ports with a good general cargo. Six of the steamer's crew got drunk and deserted the ship, and six other men were to be shipped in their places. Of the half dozen deserters five of the number found their way to the police station.

Joe Fleming, Dennis Martin and Wm. Stewart were booked for being drunk together on Princess street, while two others, Charles Healey an Englishman, and Thomas Pierce, a Scotchman, were arrested on the charge of stealing two pairs of leather top boots from J. M. Humphrey and Co.'s establishment on King street.

These two men pleaded not guilty to stealing in the police court this morning.

Edwin B. Cochran, a clerk in the Humphrey store, gave evidence of preparing a parcel containing two pairs of boots valued at \$3 a pair. He identified the stolen boots as the ones he had handled yesterday afternoon.

C. Percy Humphrey, a member of the firm, told the court how it was reported to him that the boots were stolen and of his notifying the police. Mr. Humphrey said he did not desire to prosecute the defendants.

The magistrate said that it was the desire of the crown to prosecute all thieves, and if they were found guilty there would not be any suspended sentences.

David S. Roberts, a clerk in the Humphrey store, gave evidence that he put the parcel of boots on a packing case, near the door on King street about 5:45 o'clock yesterday, and a few minutes afterwards the parcel was stolen.

Roy Crawford, another clerk, said he saw a short man who somewhat resembled Healey pick up the parcel and walk away with it.

Detective Killen gave evidence that with Deputy Chief Jenkins he worked on the case, and seeing Pierce and Healey coming out of Charles Magnusson's store on Dock street, they made enquiries and learned that the two men sold him the two pairs of boots and each received \$125. The two were then arrested and when questioned Healey said he owned the boots and bought them in Halifax.

When asked a statement Pierce said that he met Healey on the street. Healey had a parcel of boots which he asked Pierce to try and sell for him. Healey said he got the boots in Halifax. Pierce said that he did not know that the boots were stolen.

Healey testified that the boots were given him to sell by a sailor named Carroll on board the ship and that Carroll claimed to have bought the boots in Halifax. The money derived from the sale of the shoes was to have been used in buying a couple of bottles of whiskey.

The case was adjourned until this afternoon when the evidence of Charles Magnusson will be taken.

### JO-RI-CO DYSPEPSIA TABLETS

are guaranteed to cure or money refunded. From our experience we can faithfully recommend them.

25c. per Box at

**BARDLEY'S PHARMACY**  
109 Brussels Street.

### WOLSEY AND WOLF BRANDS OF IMPORTED UNDERWEAR

Are Famous for Long and Satisfactory Service
