

BRITISH PARLIAMENT MEETS TOMORROW TO DEAL WITH MOMENTOUS QUESTIONS

Will Have to Face Irish Problem and Labor's Demand for Nationalization of Mines and Railways.

GROWING POWER OF LABOR PARTY

Lord Haldane Thinks Future of Britain Lies in Hands of Labor—Asquith and Peace Treaty.

London, Saturday, Feb. 7.—The British Parliament will reassemble on Tuesday with several of the weightiest problems of reconstruction still hanging over its head. The financial situation, the question of nationalization of mines and railroads and the Irish problem are three of the most important subjects with which the session is expected to grapple without delay.

Mr. Lloyd George is expected to begin the session with a review of the general state of Europe and of the British assembly towards various developments such as relations with Russia and the Polish and Italian situations.

The Laborites promise to move an amendment to the address providing for nationalization of mines, while the small delegation of the Irish Nationalist party still left in the House of Commons is expected to attack the Government's policy of repression, which they blame for Irish disorders.

Among announcements expected at the opening session is a statement of whether the Government favors the proposed international conference for discussing the world's financial ailments.

The Home Rule bill probably will be brought forward at an early day, the Cabinet having overhauled it during the past week at conferences with Viscount French, Lord Lieutenant and Governor-General of Ireland, and James MacPherson, Chief Secretary for Ireland. The bill may prove somewhat different from that which had been expected. One proposal which is finding support in England is that it should be made an enabling bill rather than one which would impose a new system upon Ireland, leaving it to the Irish people to decide by some form of referendum whether they will accept it and try to put it into effect.

Heavy clouds appear to be gathering behind the Coalition Government owing to the steadily increasing power of the Labor party. Some of the best informed politicians profess to see the "handwriting on the wall" that the formation of a new ministry by the Laborites is only a question of time and that the hour may strike within the next few months.

Speculation as to the personnel of the next Cabinet advances Arthur Henderson, the Laborite leader, as a possible Premier; Viscount Haldane as Lord Chancellor, and Professor John Maynard Keynes, British delegate to the reparations sub-committee of the Peace Conference, as Chancellor of the Exchequer.

Nationalization of industry and opposition to armaments are two of the strongest planks in the Labor program. Mr. Lloyd George contemplates a bill giving the miners a large share in the management of mines. Direct action, which means a general strike to bring about nationalization, has been threatened.

The Paisley-by-election, where former Premier Asquith is making a strong campaign for election to the House of Commons on a Liberal platform, is the focus of political interest. The result may not be the verdict of the parties' relative strength, however, as numerous Conservative journals, including the Spectator, are urging the Conservative to vote for Mr. Asquith without endorsing his principles, but on the ground that the abilities of such a great parliamentarian should not be lost to the country in the present critical times.

Some Liberals Alive.

London, Feb. 8.—Mr. Asquith in reference to a statement by Lord Haldane that the hope of tomorrow lies with labor, said: "What nonsense is this! The Liberal party has not been so vigorous since the end of the war as it is today. The same thing might have been said when Liberalism was under a cloud towards the end of the South African war."

There is not a little speculation as to why Lord Haldane made this declaration at this moment, seeing that it would certainly be used against his old chief when fighting the most strenuous battle of his career.

The Westminster Gazette considers Mr. Asquith gives the country an ample new lead in declaring for a revision of the peace treaty by the league of nations. It also considers Mr. Asquith justified in asserting that two thousand millions for the Great Britain is likely to get from Germany.

Lord Buckmaster, one of Mr. Asquith's lord chancellors, says: "If the government fails it might be possible for a Tory ministry to take charge under Lord Robert Cecil, even in the present House of Commons and with out shelling one iota of my Liberal principles I would rather see such a government in power than the present one."

The Bolshevik Troops in Odessa

London, Feb. 8.—Bolshevik troops have victoriously entered Odessa, according to a wireless message sent out today by the Soviet Government at Moscow.

MANUFACTURE OF ALCOHOL MAY BE PERMITTED

Industrial Alcohol Regarded as Motor Fuel of Future—Great Waste at Present.

Ottawa, Ont., Feb. 8.—(Canadian Press.)—The manufacture in Canada, without the restrictions now imposed, of tax free industrial alcohol may be permitted if the plans of the Canadian Research Council are carried out.

Industrial alcohol has been hailed by scientists as the motor fuel of the future, and in his annual report on the activities of the council, the administrative chairman, Dr. A. B. MacCallum, pointed out that Canada was wasting enough industrial alcohol daily to provide for all wants in the way of motor fuel.

The Research Council has made urgent representations to the Government on this subject, and there is a possibility of legislation being introduced at the coming session to remove the restrictions. The recommendations of the Council, if given statutory effect, would permit industrial alcohol to be made at any distillery or other plant licensed for the purpose.

In Canada industrial alcohol could be produced in great quantities from the waste by-products of the lumber and pulp industries and millions of gallons are being annually burned in the form of mill waste or poured into rivers in the form of liquor from the pulp mills.

NEW YORK HAS PASSED PEAK OF THE EPIDEMIC

New York, Feb. 8.—The peak of the influenza epidemic in New York City has been safely passed, Health Commissioner Copeland announced tonight.

New influenza cases reported during the past twenty-four hours were 1872, making a total of 58,442 to be recorded during the epidemic. There were 513 pneumonia cases, making a total of 12,032. Deaths from influenza since the epidemic started have been 1,755; from pneumonia, 3,141.

The Health Commission said that owing to the streets being choked with snow the greater part of the hospital ambulance equipment of the city was out of service. The army filled the gap by loaning a number of war ambulances for answering hospital calls.

BRITISH MARINES LAND IN FORCE IN TURKISH PORT

Constantinople, Feb. 7.—(By the Associated Press.)—British marines have landed at Panderna, the northern terminus of the railway to Smyrna. This action was taken because of the recent capture by the Turks at Akhakar near Chanek on the Dardanelles. Small detachments of the British are on guard. Thus far there have been no casualties. French troops have also reinforced the gendarmerie at Adrianople, and it is reported that British artillery have been landed at Ismid, the terminus of the Bagdad railway.

Asquith's Daughter Invited To Run For Parliament

London, Feb. 8.—Lady Bonham-Carter who before her marriage to Sir Maurice Bonham-Carter was Violet Asquith, daughter of former Premier Herbert H. Asquith, Saturday informed the Evening Standard that she had been invited to contest a certain constituency for Parliament. She stated that she had not yet decided whether to accept the invitation.

KING'S DAUGHTERS' SERVICE.

A service was held yesterday afternoon at the King's Daughters' Guild under the auspices of the Opportunity Circle, of which Mrs. Plimpton is the leader. A very beautiful address on "Faith and Trust" was given by Mrs. H. A. Goodwin, and Miss Muriel Turner sang "Angels Ever Bright and Fair" as a solo.

Berlin Gov't To Call Meeting Of Parliament

London, Feb. 8.—The Exchange Telegraph's Copenhagen correspondent reports that the Berlin Government is resolved to call a meeting of parliament immediately upon receipt of the Allied note demanding the surrender of those guilty of war crimes.

S.S. BRADBOYNE LOST; 25 MEN REPORTED SAFE

S.S. Monmouth Sends Message by Cape Race—Fate of Rest of the Crew Unknown—Marine Department Asks Information.

Halifax, Feb. 8.—(By Canadian Press.)—The steamer Monmouth advises today by radio via Cape Race that she has saved two members of the crew of the British steamer Bradboyne, and that the steamer Cronian has saved twenty-three. The message gave no particulars as to what happened to the Bradboyne or the fate of members of the crew unless counted for and the Marine and Fisheries Department, to whom it was addressed, has asked Cape Race for further particulars. The following is the list of those reported saved:

Aboard the Monmouth—G. D. Rees, Captain; Bellas, second officer.

Aboard the Cronian—Danstoen, chief officer; Poppen, second engineer; Jacobs, third engineer; Bakke, fourth engineer; Calder, junior wireless officer; Hubby, chief officer; Patrick, mess room steward; Bonsett, Walton, Smith, Bottorill, apprentices; Ismand, carpenter; Bowers and Paul, sailors; Hedwell, greaser; Shaw, Arneil, Keldan, Lopez, Klumurs, Jonsson, Cochran, Donaldson, firemen.

HALIFAX HERALD AGAIN VICTIM OF SERIOUS FIRE

Halifax, N. S., Feb. 8.—(Canadian Press.)—The series of conflagrations which has occurred in Halifax since the first of the year, was followed last night at midnight by a fire in the four-story concrete building occupied by the Halifax Herald, the Evening Mail, the Sunday Atlantic Leader, and the Royal Print and Litho. Limited.

The fire originated in the lithographing department. The Herald plant, which was only destroyed by a fire several years ago, suffered from the tons of water which flooded its pressroom, composing room and business and editorial offices, but there will be no suspension of business.

The loss is \$100,000.

Halifax, Feb. 8.—Shortly after the fire was discovered some of the material used in the lithographing department exploded, damaging expensive and complicated machinery. Much of the glass in the upper portion of the building was broken, and a great quantity of water poured down through the floors. The newspaper plant on the ground floor.

The firemen covered the typesetting machines and the presses with rubber blankets, and they sustained no damage.

One hour after the discovery of the fire the department had it under control.

DR. W. S. MORROW, HEART SPECIALIST, DIES AT MONTREAL

Montreal, Feb. 8.—Dr. W. S. Morrow, 50 years of age, prominent heart specialist in this city where he has been in practice for the past twenty-five years, dropped dead tonight at 6.30 as he was in the act of ascending the stairs at his residence, 157 Hutchison street. Heart failure is thought to have been the cause. Dr. Morrow was born in Halifax, N. S., where his brother is a prominent business man.

BOSTON EDITOR DIED SATURDAY

Edward Henry Clement Was Editor in Chief of Boston Evening Transcript for Twenty-Five Years.

Boston, Feb. 8.—Edward Henry Clement, who for twenty-five years was editor in chief of the Boston Evening Transcript, died yesterday of heart disease at his home in Concord. He was in his 77th year. He retired in 1906.

ALLIES FORMALLY PRESENT DEMAND FOR EXTRADITION OF GERMANY'S WAR CRIMINALS

Hindenburg and Ludendorff Among the War Lords Wanted for Trial—Brave German Navy to Back Admiral Trotha—Minister of Defence Noske Says No Germans Will be Extradited—890 Persons Wanted.

Berlin, Feb. 8.—The Allied list of war criminals and the covering letter was handed to Premier Gustav Bauer at 9 o'clock Saturday night by M. De Marilly, the French Charge d'Affaires. A letter from Premier Millerand accompanied the note and list, explaining the new procedure of the Allies as the outcome of the refusal of Baron Kurt Von Lersner to transmit the list to the German Government.

Prior Bauer expressed to the French Charge the Government's disapproval of Von Lersner's action.

A telegram from Kiel states the chief of the Baltic naval staff has wired Minister of Defence Noske with reference to the inclusion of Rear-Admiral Von Trotha in the list of war criminals, whose extradition is demanded by the Allies. The dispatch reports the chief as saying that the navy will back Rear-Admiral Von Trotha and expects him to remain at his post.

To this it is stated, Mr. Noske replied: "There must be no question of the extradition of Von Trotha or any other German."

Paris, Feb. 7.—The list of those whose extradition is demanded by the Allies was issued by the Foreign Office last night without comment. The text of the original covering note of Von Lersner's refusal to accept the list were not made public.

A paper-bound book of more than two hundred pages contains the names of the 890 persons or groups, with their rank and accusation against them.

In many cases where names are not known a general description of the duties of the accused is given.

Four pages are devoted to Field Marshal Von Hindenburg and General Ludendorff, the same accusations being laid for both of them.

The British list contains charges against ninety-seven members and groups, the French 84, the Italians 29, Belgian 334, Polish 51, Roumanian 41 and the Jugoslav four. This totals 900, but there are a few duplications.

The names of the accused are listed in the British list. They were in charge at St. Amant, Denain, Ecoust, Fort De Pines, Laventie, Marchiennes, Marquion, Marquilles, Orchies and Salome.

The list of persons and groups who are designated by their rank or description of their duties because their names are not known number 142.

Canada's Net Debt Now Stands At \$1,900,146,168

Ottawa, Feb. 8.—Readjustment of accounts for upkeep of soldiers overseas was responsible for heavy increase in Dominion net debt during January.

Increase during the month amounted to no less than sixty-two million dollars as compared with an increase of thirty-two millions registered during January of last year. Total net debt now stands at \$1,900,146,168.

War expenditure on capital account during January amounted to fifty-nine millions as compared with twenty millions in January, 1919. Increase due to same cause as increase in net debt.

Princess Anne Stranded On Bar

Thirty-Two Passengers and Twenty-Eight of Steamer's Crew Have Arrived Safely in New York.

New York, Feb. 8.—Thirty-two passengers and twenty-eight members of the crew of the steamship Princess Anne, which stranded on a sand bar at Rockaway Point, Thursday night, while bound from Norfolk, Va., to this city were landed at the Battery by the police boat Patrol Saturday afternoon.

Forty-four members of the crew remained aboard the distressed vessel. Captain Frank See, of Norfolk, who was injured while navigating the boat through the storm, was among those landed.

QUIET DAY IN THE TRIAL OF WINNIPEG REDS

Advertising Man Afraid Counsel Will Discover Sedition in Ads.

Winnipeg, Feb. 8.—(Canadian Press.)—William Percy, a member of the strike committee last summer and for the past few years prominently identified with the labor movement in Winnipeg occupied the witness stand at the strike leaders' trial on Saturday and gave evidence concerning the Quebec Labor Conference in 1918; the changing of the name of the labor paper in Winnipeg from The Voice to The Western Labor News; the manner in which the Reds or Radicals gained control of the Winnipeg Trades and Labor Council and other matters connected with the trial.

Numerous extracts from issues of the Western Labor News were read to the court during the session by Isaac Pithblado, R. C. and it was decided that instead of putting all the files of the paper in as an exhibit, the Crown and defence should be free to read whatever extracts appeared to be relevant.

At the afternoon session of the court the witness, Percy, stated that the Radical faction of the Reds, of the labor people in Winnipeg gained control of the Trades and Labor Council in December 1918. When reading from the Western Labor News, Percy stated that Mr. Pithblado at one time read an advertisement. The accused, Haas, who apparently had been identified with the advertising end of the paper, remarked that if they started reading "ads" they might involve him in "this thing" yet. There was laughter when, however, quickly subsided.

CHIEF JUSTICE FALONBRIDGE DIES IN TORONTO

Toronto, Feb. 8.—Sir William Glenholme Falconbridge, Chief Justice of the King's Bench Division of the Supreme Court of Ontario, died today of pneumonia.

Sir Glenholme Falconbridge was in his 74th year. He was born at Drummondville, Ontario. He graduated from the University of Toronto with high honors in 1866. He was one time professor of modern languages at Yorkmouth Seminary, Nova Scotia.

TRAGIC START OF AIR FLIGHT TO SOUTH AFRICA

Assuan, Upper Egypt, Feb. 8.—The London Times airplane, which is attempting a flight to Cape Town, left here at 7.15 o'clock this morning for Khartoum, Western Sudan.

Brindisi, Italy, Feb. 8.—The South African Government airplane engaged in the competition between British aviators for a London to Cape Town flight arrived here Friday.

The machine was preparing to leave for Cairo on the next stage of the journey, when the propeller disintegrated a mechanic who was assisting in starting the machine.

Expect U. S. Senate Will Break Deadlock On Peace Treaty

President Wilson Accepts Amended Reservations Agreed on by Bi-Partisan Committee—Leaders on Both Sides Profess to See Hope of Ratification—Treaty Removed from Its Pigeon Hole.

Washington, Feb. 8.—The treaty of Versailles which has lain in a congressional pigeon-hole since November 19 while a basis for its ratification was unsuccessfully sought in private negotiations will be brought formally before the senate again tomorrow.

Prompt agreement is expected on many of the points at issue, but a long and bitter contest is expected over article ten and perhaps other provisions.

Leaders on both sides profess to see some hope of ratification but other senators believe that a deadlock will continue until the controversy has been fought out in congress. In connection with the treaty today the prominent subject of discussion among senators is the letter of President Wilson made public by Senator Hitchcock, the Democratic leader. There is some difference of opinion as to the proper interpretation of the president's language in renewing his declaration of opposition to some of the terms of the Republican treaty reservations.

It is expected that the amended reservations will be adopted at once.

Although the letter was written before the publication of the statement of Viscount Grey regarding reservations, it is suggested in some quarters that it would not have been made public if the British statesman's views had resulted in any change in the president's position.

An excerpt from the president's letter is as follows:

"I have once more gone over the amended reservations agreed upon by the bi-partisan committee, and am glad to say I can accept them as they stand.

"I have never seen the slightest reason to doubt the good faith of our associates in the war nor ever had the slightest reason to fear that any nation would seek to enlarge our obligations under the covenant of the league of nations or seek to commit us to lines of action which under our constitution only the congress of the United States can in the last analysis decide."

FRENCH SHIP IN TROUBLE OFF HALIFAX

S.S. Vancouver on Voyage from B. C. to Queenstown Loses Rudder and Asks Assistance.

Halifax, Feb. 8.—(By Canadian Press.)—The Marine and Fisheries Department here has received advice by radio from the Mauretania to the effect that the steamer Vancouver has lost her rudder and is in need of assistance. The position of the Vancouver is latitude 39.00 north, longitude 65.30 west, approximately 410 miles from Halifax, and 100 miles south of the trans-Atlantic steamship lane. The Vancouver is a French steamer of 6,000 tons. She sailed from Vancouver, December 16, for Queenstown. She arrived at Colon, January 10, and at Norfolk, Va., January 22, resuming her voyage the following day.

TWO FATALITIES AT MONCTON ON SATURDAY

Miles Steeves Burned in Bed, and Peter Bourgeois Killed by a Snowplow.

Moncton, Feb. 8.—Miles Steeves, an aged resident, while smoking his pipe in bed last night, set fire to the bedding, with the result that he was badly burned. He was removed to the hospital but on account of his serious injuries and his advanced age, his recovery is doubtful.

William Vanbuskirk, Bayard Wilson and Alonzo Poirier, who were recent arrivals from Moncton on the steamer, an automobile, were committed for trial on Saturday by the police magistrate.

The coroner's jury in the inquest on the body of Peter Bourgeois, who was struck and killed by a snowplow while at work on the C. N. R. track in this city Saturday morning, returned a verdict of accidental death, no blame being attached to anyone.

ARRIVES HALIFAX SHORT OF COAL AND PROVISIONS

Halifax, Feb. 8.—(By Canadian Press.)—With only thirteen tons of coal in her bunkers and short of provisions, the steamer Aurion, enroute from Antwerp for Philadelphia, put in here last night. The steamer sailed from Antwerp on January 15, and Falmonth four days later. The steamer encountered head gales and high seas crossing the Atlantic.

Bolsheviks Reported In Odessa, British Battleships Engaged

London, Feb. 8.—A Bolshevik communication from Moscow says: "We fought our way into Odessa. In the direction of Stavropol we occupied Friedrichsfeld, Konstantinovka and Blagodatnoy."

Constantinople, Feb. 7.—(By the Associated Press.)—Messages from Odessa say that the foreign elements began evacuating the city on Friday when British ships fired over the city throughout the day. The Bolsheviks are reported to be within four miles of the city.

The British battleships Ajax and Marlborough, the light cruiser Ceres and the American destroyer Talbot are at Odessa.

Copenhagen, Feb. 8.—British, French and Italian missions in Siberia have been captured by the Bolsheviks. They are being well treated, according to a message that Levinoff, the Bolshevik representative here, says he has received from Troitzky, Soviet War Minister.

Just what missions are referred to in the Copenhagen despatch is not known.

ULSTER WILL NOT BE SEVERED FROM EMPIRE

Viscountess Masserene Says the Enemy is at the Gates and Must be Fought—70 Sinn Feiners Deported to England.

London, Feb. 8.—A despatch to the Manchester Guardian from Belfast says that much comment has been aroused by a speech by Viscountess Masserene at a Unionist meeting in Linton in which she declared that Ulster was determined never to surrender its rights, and that if any attempt is made to sever her from the British Empire men will swear over from England and Scotland to assist against the "common enemy."

"The enemy is at our gates and must be fought," she concluded. "Let us arm ourselves with a clear conscience that Ulster will never surrender an inch of its soil or title of right to the insidious bloody foe. And when the time comes, let us be ready as one man to strike for the Protestant faith, liberty king and country and the land of Ulster will deliver such a buffet to our enemies that these people will carry its mark to the scaffold and grave."

Queenstown Feb. 8.—Seventy Sinn Fein prisoners strongly guarded were shipped for England aboard two naval vessels which sailed from this port. An airplane accompanied the vessels until they were well out of sight of land to guard against an attempt at escape.

TROUBLES OF THE CHRISTIAN SCIENTISTS

Albany, N. Y., Feb. 7.—Representatives of more than half of the Christian Science churches and societies of New York State, meeting in executive session here yesterday took action designed "to protect rights and interests of members" in relation to a suit in equity against the directors of the mother church by the directors of the Christian Science Publishing Society.

A master's decision in the suit in a Massachusetts court which was brought to enjoin the directors of the mother church from interfering with the affairs of the publishing society, is now pending, but Robert S. Ross, of New York, selected to speak to the newspaper representatives said it was understood to be "adverse."

A majority of the delegates favored subscriptions to all Christian Science periodicals but deferred action to a subsequent meeting, to be held subject to the call of the legislative committee.

Ship Experienced Rough Voyage

C.P.O.S. Liner Sicilian Reached Port Saturday After Eighteen Days' Passage from Liverpool — Passengers for Maritime Provinces

The C. P. O. S. Skellan arrived Saturday morning from Liverpool after the roughest voyage the steamer had ever encountered. From the time she left Liverpool the officers report they were badly hampered from making much progress by steady westerly gales. Such was the condition of the weather and the sea that the usual eight day passage was increased to eighteen days, probably the longest trip to this port made by the Skellan.

Inter-Society Debating Union

Third Debate Held in Y.M.C. I. Yesterday—Decided That Aldermanic System Was Better for City Than Commission Form of Government.

The third debate of the St. John Inter-Society Debating Union was held yesterday afternoon in the Y. M. C. I. Auditorium on Cliff street. The interesting debate was between the competing teams of the immaculate system in the Y. M. C. I. and the representatives Messrs. McEade and O'Neil presented their argument in a strong light and although these young men are very good speakers their opponents Messrs. McMillan and Drummond of the opposing team defeated them by a strong defence of the old aldermanic system. The latter team having the affirmative. The subject was: Resolved, "That Commission form of government is preferable to the aldermanic system in the Y. M. C. I."

FOUR HUNDRED TELEGRAMS The special train which came up over the Maine Central to Mattawamkeag and thence to this city via the G. P. R. yesterday afternoon brought in addition to fifty Western Union line men, some four hundred telegrams for delivery in the Maritime Provinces. While the majority were for Halifax, a number were for this city and shortly after the train's arrival the messenger boys were kept busy delivering the belated "wires." Communication was established with all outside points last night and it is hardly likely that the Western Union will be again obliged to resort to special trains for the delivery of its telegrams this winter.

AGAIN POSTPONED The Playlet "Cinderella" which was to have been put on by the wards of the Children's Aid Society in the Knox church school room Saturday evening was again postponed owing to the condition of the weather until Tuesday evening, at 7.30.

OUCH! BACKACHE! RUB LUMBAGO OR STIFFNESS AWAY

Rub pain from back with small trial bottle of old "St. Jacobs Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!

Aroostook Jct. Hit By Storm

Heavy Snow Storm and High Wind Paralyzed Railway Traffic—Severe Cold, Many Persons Badly Frost Bitten —Other Notes.

Aroostook Junction, N. B., Feb. 6.—A heavy snowstorm which commenced about midnight, with high wind, completely paralyzed railway traffic this morning.

The Presque Isle freight train left at 2 a. m., when there was about two feet of snow, but up to noon today had not reached Presque Isle, and is at present lost somewhere near Caribou, Me.

Christianity The Subject of Sermon

Rev. John P. Walsh of Society of Jesus, New York City, Preached in St. John Baptist Church Last Evening — Men's Retreat Opened.

St. John the Baptist Church, Broad street, was filled to capacity last evening when the Rev. John P. Walsh, of the Society of Jesus, New York City, conducted the opening of the Men's Retreat which is to be held throughout the week in this parish. Father Walsh is a most accomplished missionary and powerful speaker and is well known in many American cities where he has devoted his time in giving many such missions.

MOTHERS! NEVER NEGLECT WHOOPING COUGH

Many mothers make the mistake of thinking that whooping cough is not of serious importance, but untowardly the mistake often leads to the neglect of this dangerous child's disease.

Never neglect whooping cough, for it may be followed by some serious lung trouble.

Dr. Wood's Norway Pine Syrup is highly recommended by mothers everywhere for the relief of this trouble. It will clear the congested air passages of the mucous and phlegm that has collected, and in this way bring on the "whoop" which brings the so much-sought-for relief.

Mrs. Francis Bunting, 151 Spring Gate, B. C., writes:—"This spring three of my children took the whooping cough and they had it so bad I thought they would choke. I was getting pretty worried when my sister wrote me, telling me to try Dr. Wood's Norway Pine Syrup. I sent for some right away, and, believe me, I will never forget how it worked. I will always have it in my house."

There are many imitations of Dr. Wood's on the market. Get the genuine when you ask for it. It will pay in the end. Put up in a yellow wrapper; 3 pine trees the trade mark, price 25c. and 50c. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

INCREASE OF POPULATION

Ottawa, Feb. 6.—Canada's population is estimated by the Census Branch of the Trade and Commerce Department at 8,351,102. The census branch has based its estimate for the year 1919 on the known increases of population, as shown by the census of 1901 and 1911. Such calculations have in the past proved to be approximately correct. The estimates for the various provinces are:

Table with 2 columns: Province and Population. Ontario: 2,870,909; Quebec: 2,336,828; British Columbia: 718,660; Saskatchewan: 764,060; Manitoba: 618,969; Alberta: 587,270; Nova Scotia: 518,770; New Brunswick: 368,760; Prince Edward Island: 93,728; Northwest Territories: 18,481; Yukon: 8,512.

OUCH! BACKACHE! RUB LUMBAGO OR STIFFNESS AWAY

How Fat Actress Was Made Slim

Many stage people now depend entirely upon Marmol's Prescription for reducing and controlling fat. One clever actress tells that she reduced two to four pounds a week by using this new form of the famous Marmol's Prescription and now, by taking Marmol's Tablets several times a day, keeps her weight just right.

All druggists sell Marmol's Prescription Tablets at \$1. for a large case, you can get them by sending price direct to the Marmol Co., 864 Woodward Ave., Detroit, Mich. If you have not tried them do so. They are harmless and effective.

Clergymen Approve Plan For Great Church Merger

The Form of Union Advocated Does Not Interject into Deliberations of Council Any Disputatious Topic.

New York, Feb. 2.—An outline of the plan for a merger of approximately 22 evangelical Protestant church bodies, under the name of The United Church of Christ in America, which is to be acted upon by the Inter-Church Council on Organic Union at a three-day conference beginning in Philadelphia tomorrow, was made public here today at the St. John Baptist Church, the originator of the movement.

The plan approved by an Ad Interim Committee of 60 Protestant representatives of various denominations appointed last December carries a preamble declaring faith in God and other fundamental principles of Christianity as "a common heritage of the evangelized churches."

It is pointed out that the recommendations of the Ad Interim Committee are but steps in a movement for creating a "national ecclesiastical entity, with ecclesiastical powers, holding and administering ecclesiastical property and funds of such united churches." This, it is said, may require a trying out period.

The form of union advocated, it is declared, "does not interject into the deliberations of the Council any disputatious topic, any question of the validity of orders or of the modes and subjects of baptism or of the formulation of a specific or comprehensive creed."

The report expressed that "the evangelical churches may give themselves with a new faith and accord to the proclamation of the Gospel, which is the only hope of our stricken world, and to all those ministries of Christian love and leading for the community, the nation and the nations, by which they shall reveal to men the mind of Christ and hasten the coming of his Kingdom."

Emphasis is placed by the committee on the "federal union" feature of the proposed amalgamation. "It is an organic union," the report says, "that has the vital principle of growth and development. The Council has defined

LINEMEN CAME FROM BANGOR

Special Crew Arrived Yesterday to Assist in Putting Western Union Lines in Working Order Again.

Although the operators of the Western Union had Saturday off, owing to the fact that all their lines through the Province were down, emergency crews were immediately set to work, and by Sunday had established communication with the outside world again.

The operators went back to their keys Sunday and were soon ticking away the history of the world again. While the linemen through their good work were able to repair the wires sufficiently to send messages, over them, they could not in so short a time repair the tremendous amount of damage done by Friday's storm.

To effect permanent repairs a special train of some fifty linemen were rushed by the Western Union from Bangor, Me., and arrived here yesterday afternoon. They were immediately set to work on the broken lines, and by the time they had repaired the line up to the standard it enjoyed before the disastrous storm of the 6th.

Don't Wait to Be Bilious

Keep well. Whenever your appetite begins to flag, or a sour stomach and coated tongue and a heavy head, you take CARTER'S Little Liver Pills and the trouble will cease.

Good for men, women and child. For your health's sake stick to this old tried and true remedy. Purely vegetable. Small Pill—Small Dose—Small Price.

DR. CARTER'S LITTLE LIVER PILLS, Nature's great nerve and blood tonic for Anemia, Rheumatism, Nervousness, Sleeplessness and Female Weakness.

Local churches, according to the plan, will be grouped geographically into District Councils of varying sizes. Each church will have authority over the following: (a) control of property held by it; (b) the terms of admission of members on confession of faith; (c) the times and modes of administering the sacraments; (d) the initiative in the settling or dismissal of a pastor; (e) the forms of worship used; (f) discipline of members; (g) the causes to which it should contribute; (h) the ordination of ministers.

In the interest of "fraternity, order and union of effort" each church also agrees (1) to receive into its membership, without other condition, any person bearing a certificate of dismission from any church of the United Church; (2) to maintain the stated observance of the sacraments of baptism, the Lord's Supper and Holy Communion by immersion for those who desire that form; (3) to recognize the authority of a District Council and participate in its meetings through specially chosen delegates.

RECIPE TO CLEAR A PIMPLY SKIN

Pimples are Impurities Seeking an Outlet Through Skin Pores.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The easiest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent salt which usually makes pimples disappear; clears the blood and is excellent for the kidneys as well.

Mr. Fielding Discovers That Canada Killed the League of Nations — Party Divisions Breaking Down — Liberal Paper Has Nightmare Over the League's Obligations.

The sinking of Parliament. (London Free Press.) The sinking of the nation is not confined to any one country, it would seem. Great Britain has experienced this movement to remarkable degree, and still has a Government made up of statesmen who before the war were keenly antagonistic. Lloyd George and Bonar Law appeared to have nothing in common; nor had other members of the Unionist family who now comprise one of the happy political families that Britain has known—men of pronounced qualities in leadership, who brought the nation and empire safely through the war, and who are making a very fair job of it in the difficult post-war period.

Nor is it necessary to go far from home for another example of where the union of parties has worked out to the best advantage. Political division might have been disastrous to Canada in 1917 when the fate of armies in Europe was hanging in the balance. Rather than endanger the position of Canada and of the allies thousands of Liberals united with the Conservatives and a Government comprised of nearly equal proportions of each party was formed at Ottawa, and despite criticism, has admitted not only directed Canada in the fight for victory in war, but has produced more advanced legislation than has any previous administration in the same time.

Now the United States is being treated to the spectacle of Republican. Herbert Hoover, being strongly urged to accept the Democratic nomination for president. Influential Democratic newspapers such as The New York World are declaring for Hoover, and the movement in Democratic circles in his behalf appears to be so powerful that it is quite within the range of possibility that Hoover will be the Democratic nominee. The reason for this rests in the recognition of the fact that party divisions have broken down and that men are demanding strong government, no matter from where it may come.

Captain Williams Gains 24 Pounds
Feels Like His Old Self Again
Since Taking Tanlac Ended Old Trouble.

"I have found Tanlac to be a medicine of unusual merit for since taking it I have gained twenty-four pounds and am feeling as fine as I ever felt," was the statement made recently by Captain William Williams, who has resided in Oatree Lake, Nova Scotia all his life.

"Nearly two years," continued Capt. Williams, "I have suffered from stomach trouble so bad that I had forgot what it was to enjoy a meal. My appetite dwindled down to almost nothing, what little I ate soured and seemed like a heavy lump right in the pit of my stomach. I felt nauseated after eating and I had such a tight, heavy feeling across my chest, I could hardly get my breath. I suffered with heartburn and had severe pains and cramps in my stomach. It was hard for me to retain what I ate and I had such a bad taste in my mouth every morning that I could never eat any breakfast at all. I was badly constipated and all the time felt weak, worn-out and good-for-nothing."

"Several of my friends told me what Tanlac had done for them and they all praised it so highly that I decided to try it myself. Well, sir, it went straight after my stomach trouble and today I am enjoying as good health as a man could want. My stomach is in fine condition and I can eat just whatever I please now without having a sign of indigestion afterwards. I enjoy my meals because everything I eat gives me strength and energy. I am no longer constipated and never have that tired, worn-out feeling like I used to. I am feeling like my old self again, and take pleasure in recommending Tanlac."

Tanlac is sold in St. John by Ross Drug Company, and F. W. Munro, under the personal direction of a special Tanlac representative.—Advt.

Local Utilities Suffered Severely
Storm Put Telegraph and Telephone Services Practically Out of Business—Will Take Many Thousands of Dollars to Repair Damage.

"The life of a public utility man is not a bed of roses these days," as a St. John man interested in that line said to The Standard yesterday. Friday's storm put both the local utilities practically out of business and it will be some days before street cars and telephone service will be back to normal. "It will take many thousands of dollars to repair the damage done—just how many thousands we cannot yet determine, but it will be large," he said. "The present situation is a graphic reminder of the necessity of having earning power enough to build up substantial reserves to enable us to meet extraordinary expenses such as have just been encountered."

Until late Sunday the only lines working out of the city was by telegraph to Halifax. The worst sufferers has been the New Brunswick Telephone Company. One of its officials told The Standard that he believed nearly 20 per cent of the 'phones in the city were out of commission. Crows are being brought in from outside points where the storm did little or no damage and every effort is being made to get service established again. The phones giving service to doctors, hospitals, fire and police have already been repaired and the rest of the city is being covered by sections so as to do the work with the minimum of effort and with the greatest possible speed. So far as can be ascertained the damage to the Telephone Company is in territory between Sussex, St. Stephen and north to Hamstead. At Model Farm and thereabouts many poles are down and wires and cross-arms broken, but the section to the west of the city seems to have been the hardest hit. At South Bay nearly a mile of poles have been snapped off like pipe stems and the same thing is true of a long section of line near Spruce Lake. At St. Andrews several poles broke taking down with them a section of cable which very seriously affects the local service at that point. Just what the condition of the line is between Spruce Lake and St. Andrews cannot as yet be determined, but it is feared that it is bad. Telephone employees have been on the job night and day, testing, repairing and reporting conditions preparatory to cleaning up the mess. Fortunately the company has several crews available, having called them in from outlying sections of the province where they have been putting up new copper toll lines. In spite of this condition it seems certain that it will be some weeks before all the services can be restored although officials say that in a few days they will have the main lines out of the city in working order again. Owing to the almost impassable condition of the roads it is very difficult to get men and materials to the points where they are needed. Most of the roads are yet unbroken and men have had to go on foot, it being almost out of the question to use horses owing to the very heavy cross which has formed.

Chinese Coolies Arrived Saturday
Over One Thousand Reached Port on S.S. Sicilian and Were Given Hearty Welcome by Returned Soldiers' Committee Supplied With Fruit and Cakes.

Over one thousand Chinese coolies arriving on S. S. Sicilian were met at the Port on Saturday evening and presented with a gift of fruit and a card bearing in English and Chinese, the words: "Welcome to St. John, N. B., Canada." Members of the Returned Soldiers' Welcome Committee undertook the work and carried it out as faithfully as they have always attended to the duties of the committee. Owing to a delay in the arrival of the train from Halifax the guards on board the laborers did not begin to disembark until after eleven o'clock, and members of the committee remained at the West Side until six o'clock Sunday morning. The first train west of the track at Bay Shore, causing a delay of an hour.

The coolies received the fruit and card, with the words expressive of thanks, some endeavoring to speak English, others using the French "Merci" while still more said a Chinese word evidently meaning "Thank you." They seemed to appreciate the attention shown them, especially coming after the tiresome wait at the dock. The Y. M. C. A. contributed fruit to be distributed.

Owing to illness, the chairman of the committee, Herbert Mayes was unable to be present, but R. E. Armstrong, A. O. Skinner, Arthur S. Bowman, Mrs. H. A. Powell, Miss Mary Travers and Mrs. E. Atherton Smith were chairman.

The committee spoke most highly of the arrangements made for the comfort of immigrants at the Port as the new waiting room is very comfortable and well heated.

MARITIME SUNDAY SCHOOL ASSOCIATION

The central executive of the Maritime Sunday School Association met in Moncton on Tuesday, February 3, and transacted important business.

Reports of the various officers and departments revealed progress in Sunday School work. This association is made up of representatives of County Association and the Denominational Sunday School Board of the Presbyterian, Methodist, United Baptist, Reformed Baptist, Disciples of Christ and Congregational churches. An invitation will be extended to the Anglican church to co-operate also.

A system of Life Membership Certificates was started.

Arrangements were made for the holding of District and County Conventions, Summer Schools at Wolfville, Sackville and possibly in Cap-Breton and Prince Edward Island also arrangements for Boys' and Girls' Conferences and Summer Training camps.

A proposal is on foot to unite the co-operative committees in charge of boys' and girls' work throughout the provinces with the Maritime Association, so that the association would carry on this work in future with these committees on boys' work and girls' work as its own sub-committees. This arrangement would simplify matters and correlate the work.

Thorough surveys of religious education will be made in Halifax, St. John and other larger centres.

Arrangements were made for the holding of a "Children's Week" at certain centres in the spring to call the attention of the general public to the religious need of childhood.

The Alumni Library is to be strengthened by the addition of valuable books.

Intending delegates to the World's Convention at Tokyo, Japan, in October next, should write at once to the General Secretary, Rev. W. A. Ross, Moncton, for information.

The Maritime Association will heartily co-operate in the effort to raise \$150,000, which it is proposed the Canadian Sunday schools shall raise for the starving children of Armenia, Syria and the Near East.

A committee was appointed to co-operate with similar committees of the denominations to secure more adequate religious and Bible instruction in the public schools.

FUNERALS

Penobscot, Feb. 7.—The funeral of the late Harry F. Morton was held here this afternoon, the services being conducted by Rev. Mr. Perry, assisted by Rev. Messrs. Steeves and Currie. Notwithstanding the severe storm there was a very large attendance, indicating the esteem in which Mr. Morton was held throughout the community. The Upper Baptist Church cemetery was the place of burial.

In the account of Mr. Morton's death, published on Friday the name of his only sister, Mrs. A. B. Tonks, of Sussex, was inadvertently omitted from the list of relatives.

The funeral of Walter G. Hayter took place at 2.30 yesterday afternoon from St. Bartholomew's Church, Col-

brook. Service was conducted by Rev. R. Taylor McKim. Interment was made in Fernhill cemetery. Among the numerous floral tributes were the following: From the teachers and scholars of St. Bartholomew's, from the Ladies' Guild of the church, from the Boys' Club, from St. Mary's Band, as well as many others from individuals.

A very large gathering of friends attended the funeral of Francis McCaffery, held Saturday afternoon at 3 o'clock from the residence of his son, F. J. McCaffery, 64 Elliott Row, to the Cathedral, where services were conducted by Rev. Simon Oram. Relatives acted as pallbearers. There were many beautiful floral and spiritual remembrances. Interment was in the new Catholic cemetery.

The funeral of Robert Gray took place Saturday afternoon at 2.30 from Powers' undertaking parlors. Services were conducted by the Rev. Canon Armstrong. Interment was made in the Fernhill cemetery.

The funeral of Emma Rose Duffey took place yesterday afternoon at 2.30 from her parents' residence, Grand Bay, to St. Rose's Church. Services were conducted by the Rev. Charles Collins. Interment was made in the Holy Cross Cemetery. Relatives of the deceased acted as pallbearers, and a very large number of friends attended the funeral.

PARLOR CAR SERVICE ST. JOHN AND HALIFAX

Commencing Friday, February 6th, a parlor car will be operated on C. N. R. trains Nos. 13 and 14, between St. John and Halifax in addition to the through Boston sleeper. This will prove a great convenience to the travelling public, particularly to those journeying from this city to the Nova Scotia capital. Reservations for seat space will be made at City Ticket office.

HOLY NAME SUNDAY

Yesterday being Holy Name Sunday in the Cathedral Parish nearly one thousand communicants received in a body at the seven o'clock Mass. In the absence of Father Duke, the spiritual director, one of the other priests celebrated the Mass and addressed the communicants imploring on them the absolute necessity of receiving their Blessed Lord as often as possible. There was no meeting of the society yesterday and it was postponed until a later date.

FORMER ST. JOHN MAN ARRIVED YESTERDAY

G. B. Leonard, Who Served on Naval Transport St. George During War, Now Chief Officer of S.S. Canadian Navigator.

G. B. Leonard, formerly of West St. John, who served on the Naval Transport St. George during the war, arrived here Saturday to take the position of Chief Officer of the S. S. Canadian Navigator. Mr. Leonard was with the Canadian Sealer when she started for the Magdalen Islands with supplies for the people there. Owing to the heavy ice their ship was unable to reach the Magdalen. The ice-breaker was sent out, and took off about half of the supplies, but even this powerful ship has been fast in the ice for two weeks. The Cana-

OBITUARY

Mrs. B. B. Ferguson.

Many friends will read with regret the announcement of the death in Chicago on Friday of Mrs. Anna M. Ferguson, widow of Benbow B. Ferguson, formerly a well-known resident of this city. The news of Mrs. Ferguson's death, received in a telegram Saturday morning by her brother, F. H. McKel, was a great shock, as there had been no previous intimation of her illness. Mrs. Ferguson had resided in Chicago for a number of years with her only daughter, Mrs. Prescott Nichols, who with her husband will bring the remains to St. John for interment, reaching here at noon today. The only surviving sister is Mrs. Hobson, who is now in Boston. A woman of splendid abilities, Mrs. Ferguson was an ever welcome visitor to St. John and had here a large circle of friends.

John T. Kelly

The many friends of John T. Kelly of the Inland Revenue Department, will learn with regret of his death which occurred last night at his home 17 Leinster street, after a few months' illness. The deceased leaves to mourn, one daughter, Miss Jean, at home, also five sons, George O. of Bathurst; John T. Jr., Fred W., Harry W., and Irvine L. at home.

The late Mr. Kelly was a well known and popular citizen and beloved by a very wide circle of friends not only in the city but throughout the province. He had been connected with the Inland Revenue Department for the past thirty years and was a most efficient and capable official. He was also a member of the A. O. H. and a past president of the C. M. B. A. The time of the funeral will be announced later.

Among the Burmese the possession of a white elephant stands as a sign and symbol of universal sovereignty. Every Burmese king longs for the capture of such a treasure during his reign as a token that his legitimate royalty is recognized by the unseen powers.

Indian Sealer managed to force her way into Souris, Prince Edward Island, where she is frozen in for the winter. Mr. Leonard has been absent from St. John for five years.

THE UNION WORKER LIVE LABOR JOURNAL

The Union Worker, the only live Labor Journal in New Brunswick, has made its appearance. It is endorsed by the St. John Trades and Labor Council, will be published monthly, and will devote itself to the interests of organized labor in the Province.

Typographically the Union Worker is a credit to the publishers, and it contains a large amount of reading matter of local and provincial interest. The magazine announces that there are ten thousand union men and women in New Brunswick, and if it receives support from all the clients it proposes to serve it should be assured of a long and prosperous life.

Discussing civic affairs, the Union Worker condemns the Commission Form of Government, and urges a plebiscite on the question of a return to the ward system, and says the matter of whether labor will run candidates at the next civic election will be taken up shortly. It suggests labor should send representatives to the Legislature.

SATURDAY EVENING CONCERT.

A large number attended the usual Saturday evening concert at the Seaman's Institute given by the members of the Y. W. P. A. A number of motion pictures were shown on the screen. The feature of the evening was the singing of Little Miss Rita McCann, a girl of eight years, who accompanied herself on the piano. She was recalled several times by the audience. Misses M. Balton and Jessie McKay, of the Y. W. P. A. were the concerters.

TORONTO EXCHANGE

Toronto, Ont., Feb. 8.—Good recoveries were made by the majority of stocks traded in on the Toronto exchange on Saturday morning, the movement being in response to further improvement in foreign exchange and the buoyant tone of the New York market. Transactions, locally, however, were on a rather modest scale, the total in listed issues, exclusive of mining stocks, being a little less than 15,000 shares. Interest centred largely in the Brazilian, which, with a turnover of 400 shares, was the leader in activity.

CHICAGO PRICES

Chicago, Feb. 7.—Corn, No. 2 mixed 1.40; No. 2 yellow, not quoted; No. 3 yellow, 1.40 to 1.44 1/2.
Oats, No. 2 white 84c, to 84 1/2c; No. 3 white 82 1/2c, to 83 1/2c.
Rye, No. 2 1.40.
Barley, 1.26 to 1.43.
Timothy, 1.10 to 1.14.

Roan, dull, sales none; receipts 566; shipments 1,052; stock 34,206.

Far From Complimentary

(London Free Press.)
The Toronto Globe quite evidently still regards Mr. Dewar as the hope of the liquor interests. It depreciates the thought of Hon. Mr. Drury accepting the challenge of Mr. Dewar to contest the latter's seat in Southwest Toronto and thinks that only a distiller or brewer, or the friends of these interest could rejoice were Mr. Drury to stake his political future upon such a contest. Our contemporary points out that in the constituency referred to a majority of 6,150 votes was given in favor of a return "to the open bar of pre-war days," and continues:
"Mr. Drury is an ardent prohibitionist. What hope could be held out to him by any real friend of election in a constituency that would welcome the saloon with open arms. If the saloon were to be opened at the general election are any indication of the mind of the electorate?"

It will be noted that The Globe is thinking of Mr. Dewar as Mr. Drury's opponent when it invites the conclusion that Mr. Dewar would run away from his opponent in a contest in such a constituency. The Liberal paper is far from complimentary to the Liberal leader, when it thus regards him as a candidate who would have the approval of "a constituency that would welcome the saloon with open arms." But, of course, The Globe is but recognizing the fact that Southwest Toronto at the same time that it was signifying its preference for the saloon was manifesting a similar preference for Mr. Dewar.

The Work of Fanatics

(La Presse.)
"I do not believe that the provinces of Ontario and Quebec are closer together today than they were a hundred years ago. The reason is that they speak two languages and I am convinced that so long as the bilingual

MARKET REPORTS

STOCKS, BONDS AND PRODUCE

MUCH ACTIVITY IN PAPER STOCKS ON MONTREAL 'CHANGE

Montreal, Feb. 8.—Friday's spectacular feature was not much in evidence Saturday, in the local stock market, dealings dropping from 7,700 to 4,400. The stock continued strong, selling up two points to 252. Spanish River was the most active stock, Saturday's gain being four points for the common and two for the preferred, former closing at \$234 and latter 119. The remaining papers were all prominent on the construction live side of the market. Dominion was up 1 1/4 to 87 1/4; Laurentide 1 1/2 to 88; Biorion one at 130; Waygamaack 1 1/2 to 75 and N. A. Pulp, a fraction at 7; Abitibi was down fifteen points, from last sale, at 275. Cotton stocks were irregular and generally higher, Canadian losing 2 1/2 points at 90, while Textile gained 1 1/2 to 22; Panman's one at 111; Woods Manufacturing four at 104. The traction and power stocks were strong as also were the steel stocks. Total trading: Listed, 12,857; bonds, 196,500; unlisted, 2,240, and mines, 1,000.

MARKET MOVEMENT ERRATIC, BUT TONE FIRM AND STRONG

Sudden Demand for Representative Industrials—Shipping Almost Buoyant—Bonds Irregular.
New York, Feb. 7.—Confusing movements marked the final session of a memorable week on the stock exchange but the tone at the end was firm to strong. Prices rose one to five points at outset, the shorts once more rushing to cover, but reactions, due to a moderate reversal in foreign exchange soon cancelled the advance. Speculation was the more active, the list strengthened again on a sudden demand for representative industrials and specialties issues, like general motors, Crucible steel and shippings, making almost buoyant recoveries.
Considering the relatively small turnover, unusual activity was shown by the rails, mostly at gains. Inquiry for these stocks was the more unexpected because of overnight reports from Washington, showing further loss of operations under government control. Oils were firm, but otherwise made little response to advances from western and southwestern centers announcing further price advances in crude and refined products. Sales of stocks amounted to 475,000 shares. Bonds were irregular, heaviness in several of the different grade railroads such as Union Pacific, the U.S. and United States Steel. The feature of the lighter dealings, Total sales, amounted to \$81,475,000.
Old United States bonds were unaltered on call during the week.

TORONTO PRICES

Toronto, Feb. 7.—The grain quotations on the Toronto Board of Trade today were as follows:
Manitoba wheat, No. 1 northern, \$2.80; No. 2, \$2.77; No. 3, \$2.73, in store Fort William.
Manitoba oats, No. 2 c. w., 90 1/2c; No. 3 c. w., 87 1/2c; No. 1 feed, 82 1/2c; No. 2 feed, 82 1/2c; extra No. 1 feed, 83 1/2c; Fort William in store.
No. 4, \$1.88; track Toronto, prompt shipment.
American corn, No. 3 yellow, \$1.89; 85c.
Canadian corn, feed, nominal.
Manitoba barley, in store Fort William, No. 3 c. w., \$1.89; No. 4, \$1.86; rejected \$1.84; feed \$1.24.
Ontario wheat, No. 1 \$2.25; No. 2 \$2.23 to \$2.28, f. o. b. shippings points according to freight; No. 3 \$2.18 to \$2.19; No. 1 spring \$2.20; No. 2, \$2.30 to \$2.35; No. 3, \$2.24 to \$2.25.
Ontario oats, No. 3, \$1.00.
Barley, malting, \$1.75 to \$1.77.
Buckwheat, \$1.45 to \$1.50.
Rye, No. 2—\$1.77 to \$1.80.
Peas, No. 2, \$3.00, according to freight outland.
Ontario flour, government standard, Montreal in jute bags, \$10.90 to \$11; Toronto, \$11.
Manitoba flour, and government standard, \$13.25.
Millfeed, carlots, delivered Montreal, shorts \$51 to \$52; bran \$45; middling not quoted; good feed flour, per bag, \$3.60 to \$3.75.
Hay, baled track Toronto, carlots, No. 1 \$27 to \$28; No. 2 mixed \$25 per ton.
Straw, carlots \$16 to \$17.
Drastic liquidation of the week in the stock market was reflected in a manipulation of the market of actual shares and discounts. There was a further gain of almost \$4,000,000 in reserves, bringing the total excess to almost \$27,000,000.

TOWNSHEND OF KUT RESIGNS

Will Write a Book Entitled My Campaign in Mesopotamia.

General Sir Charles Townshend, the defender of Kut, has tendered his resignation to the War office. It is interesting to recall the remark Townshend made in a speech at Newport last year—namely, that he had found almost all his enemies when he came home as he had been in the field.
In his Newport speech he also explained that he halted at Kut to give the government time to send out more troops; from overseas but without the necessary number of troops he was forced to surrender. Owing to starvation men were dying at the rate of 26 a day, dying of hunger, but at the same time, he remarked proudly, "I did not surrender even then until I was ordered to do so and told that no relief could be sent to me."
Recently, when unveiling a war memorial in Kent, General Townshend talked with Private Barton, late of the West Kents, who is incapacitated, and laughingly told him he ought to be in the army still. "For myself," added the general, "I have not by any means had enough of it yet in fact, I feel fitter for the next war than I ever felt."
General Townshend has in preparation a book: "My Campaign in Mesopotamia," in the preface of which he claims that his conduct of operations was dictated by the soundest strategy, and arranges the Indian Administration for their unpreparedness in regard to the whole Mesopotamia campaign.

OUT-APIARY PROVING GREAT BOON TO MODERN BEE KEEPING

(Experimental Farms Note.)
The tendency of modern beekeeping is to specialize. One number that can be kept with profit in many places, but an experienced and active man can attend to double that number, especially if he has a little help. The place chosen for the out-apiary should be in a good locality for honey plants (clay or limestone soil is best for clover) and it should be less than two or three miles from the home-yard. Other things to look for in choosing a place for the out-yard are, shelter from wind, especially if the bees are to be wintered outside freedom from floods, safety from bush fires, a good road between the two yards, and no large or diseased apiaries near. An out-house for storing equipment and extracting the honey is convenient, but not always essential because this extracting can be often better done at the home-yard. An auto with trailer, or a light auto truck for transporting hives and supplies is of great service.
To discourage swarming, extracted honey should be produced in preference to comb-honey, and plenty of supers, containing empty combs, should be given to the bees in advance of their requirements.
In southern Ontario where swarming can be controlled without much trouble, and the climate is mild enough for wintering bees outside, the professional beekeeper frequently keeps one or more out-apiaries, but in many parts of Canada where the problems of swarming and wintering are more acute, the out-apiary is still in the experimental stage, although, in some of these places, very high yields of honey are to be obtained.
To discover how much honey could be obtained, and how many visits would be needed to prevent swarming in different kinds of locations, a few colonies from the Central Experimental Farm have been placed during the last three summers in different places around Ottawa.

In 1917 two colonies were placed on a sandy plain and two in a swamp, near Kanabazua, Ontario, about 100 miles north of Ottawa. Those on the sandy plain gave 100 pounds of honey per colony, spring count, principally from blueberry, white clover, and certain species of goldenrod. Those in the swamp gave 130 pounds from the same sources. Swarming was prevented by the destruction of queen cells which were found in one or more of the colonies every week from May 24 to August 14. The making of these twelve visits and carefully examining every hive at each visit consumed a great deal of time.
In 1918 two colonies were placed near area of fireweed near Chelsea, Que. They produced an average of 230 pounds of honey each from raspberry, clover and fireweed, and required ten weekly visits for the destruction of queen cells to prevent swarming.
In 1919 two hives were taken to a farmer's garden at Billings Bridge, Ont. To reduce the labor in preventing swarming and to get a maximum yield, two queens separated by a division board had been wintered in each hive. One of the queens and her bees was placed in a separate hive on May 27. In this way a great number of bees were raised in time for the clover honey flow. In this favorable locality, and early swarming was prevented. Later swarming was prevented and young queens were obtained (two in some of the hives) by three further manipulations—the destruction of queen cells and removal of the queens in nuclei on June 24, and nine days later, the destruction of all the queen cells except two, one on each side of a division board then inserted. Each hive spring count, produced an average of 331 pounds of honey consisting of 290 pounds of clover honey and 41 pounds of buckwheat honey, and there was an increase in bees of three hives.

AGRICULTURAL PRODUCTION IN MANITOBA

Yielded Value of \$158,566,000 in 1919—Manitoba Becoming Large Exporter of Butter.

Winnipeg, Feb. 6.—A comprehensive review of the work of the Department of Agriculture was given by the Minister, Hon. Valentine Winkler, speaking in the Legislature of Manitoba this afternoon, in the debate on the 1919, he informed the House, had yielded \$158,566,000, which included 41,000,000 bushels of wheat and 67,000,000 bushels of oats. Livestock, dairy products, wool and poultry had netted \$181,000,000.
The Minister emphasized the change that had been brought about through the re-organization of the dairy branch which had transformed Manitoba from being a province importing butter into a large exporting province and a province that had at the last two national exhibitions at Toronto carried off the creamery championship against the whole of Canada.

BRINGING UP FATHER.

MOST SIBBLE ART ON EARTH

Where Huns Now Beat the Briton.

Take a trip through Europe, and you will realize that the American who said the British were the poorest advertisers on earth spoke truly. As a nation we are very little loved, but very much respected. This is just as true today as it was before the war. The days of splendid isolation are over; we must advertise ourselves. Germany's propaganda in Eastern and Northern Europe is contributing greatly to raise her to her feet, and she is left entirely free to employ whatever means she may choose to attain her object. The resurrection of the Ministry of Information, or preferably the creation of a propaganda bureau, run on active lines, has become a necessity.
"Hoeh Der Kaiser."
In Stockholm, at a theatre where an English dancing troupe was appearing recently a large portion of the audience turned its backs on the stage or read newspapers when it came on. Many Scandinavians still sincerely believe that the stories of German atrocities during the war were fiction. In Helsinki, an impromptu concert recently created nightly pandemonium in a cabaret by appearing as the Kaiser, Hindenburg, and Ludendorff. The audience applauded frantically, and every Finnish officer stood at the salute. Lloyd George and Clemenceau evoked no enthusiasm.
At another cabaret in Helsinki a pageant of the nations was the climax of a packed evening. The show ladies who appeared as Marianne, Britannia and Miss Columbia came on shyly to the accompaniment of a feeble isolated clap, but the prettiest girl in the company, who entered swathed in German colors, smiled confidently amid a hurricane of applause. Even the reception accorded to the Finnish flag was a study in comparison. It was unpalatable fare for an Englishman, particularly when Gretchen linked arms with Britannia in the final fandango.
It is not surprising, however, that the Finns have a reverence for things German, for they consider that the arrival of the Kaiser's troops crushed the Red revolution and saved them. The fact that they were bound hand and foot commercially and economically as the price of this help does not alter the Finns' gratitude.
The Germans in Helsinki continue to foster this feeling by a constant output of propaganda brochures. Britain does nothing to counter this. The fact that the presence of the British Fleet keeps Finland's shores inviolate carries little weight, for there is no fleet now in the papers, and the lots of Finns believe our naval co-operation is limited to a few destroyers which, until recently, sailed singly at Helsinki each week. Blame for the failure of the White Russian offensive against Petrograd of being laid on our doors largely because we made effort to advertise the measures of our support.
Cunning.
Hand-in-hand with Germany's propaganda, her political agents—seldom Germans, but foreigners of German sympathies and business connections—are working for a rapprochement with Britain. This is part of the German post-war propaganda. Englishmen travelling abroad are dragged into a discussion on the war by individuals of indefinite nationality who ask them whether it would not have been better for Britain if she had been allied with Germany. They follow this up with an assurance that the English are still popular in Germany, and that the French are hated.
Germany's activities are cunningly organized and subtly carried out. What is more important is that they are met with a large measure of success. The fall to parry the thrust is advertisement. We must banish our national modesty and vote an appropriation for publicity.

"PUSSYFOOT" ON THE WARPATH.
Mr. "Pussyfoot" Johnson was the leading figure at celebrations in London yesterday of America's introduction to totalitarianism, the gathering taking place under the auspices of the "Strength of Britain" movement. They began with a "dry" luncheon in the General Buildings, Westminster, and continued at a great demonstration in the Central Hall. At both Mr. "Pussyfoot" was the popular hero, and fervent enthusiasm manifested itself at the triumph of prohibition in the United States and the prospects of the cause in this country. The public meeting, however, was not all of one way of thinking. Determined interrupters had gained access to the hall, and Mr. "Pussyfoot" had a lively taste of the opposition he may expect to encounter when he takes the field in earnest for the conversion of England to a "prohibition policy. Quite a number of "unwelcome guests" had to be expelled before the meeting could proceed in peace.—London Press.

Motion Pictures and Profit

People in the United States and Canada paid \$675,000,000 to see the "movies" in 1919. They paid \$800,000,000 to see them in 1918. The growth of the Motion Picture Industry has been little short of phenomenal. Large, well-managed Motion Picture Theatres have proved most profitable enterprises. We will shortly offer the 8% Cumulative Preferred Shares of the Famous Players Canadian Corporation, just launched to control not only a coast-to-coast chain of 31 large Motion Picture Theatres in Canada, but the first releases of all "Famous Players" films. It is one of the most promising enterprises we have yet financed. Write now for advance prospectus and full particulars.

TARDIE

Exactly what rebuild herself and, what she has is likely to be for the United States and other Allies, and upon her is a statement that is far from French High United States. John Moffat, in Heroes Fund of New York City. Mr. Moffat, from France, was some months ago man of the day. Agencies for the In giving out Heroes Fund \$100,000 people should have had a material for her to her own use. "For this reason France would like to see the French Government, the French Government as the informant Captain Tardieu. Liberated Republic striking facts as fully interesting. "Out of 2,345 ed railway line kilometers road of September, she constructed kilometers of ready for use. And 460,000 ton material have been many and Belgians ready been given. "In agriculture more extraordinary were run the 400,000 coes of the road. September, 200, of projectiles of 600,000 of barrels had been removed. Thousands of cultural instruments moved have been 600 horses in the most entirely 7,000 heads of cad ed out of 130. "These are but from the records of the government of what build he, self up been destroyed or been sufficient. It is more than erected and 60,000 cess of construction. "By Sept. 20, or as well as spent for the destroyed industry. "All the world said, "that France common victory to 1916, the first one knows less for the Allies. "From the fact that of all this trances worth of and motor ca \$72,913,234 of \$5,022,926 of the 1,252,626,134 to Belgium, 1,431,185, besides and 66,876 riles, states to Italy, mania, 559,000 supplies including to 68,000, Greo Army to arrive, what France d, Land, Montenegro, Japan. "Nobody knows supplies of France that helped her she had her out to carry. "Now here is interesting. I Captain Tardie incontestably 4 way, France c Army to arrive. America knows France, but as it is more difficult because of the army of the what France d. Army. To equi it was necessary with a material, part ammunitions. "This is what

TARDIEU REPORTS ON WHAT FRANCE DID FOR THE ALLIES

Exactly what France has done to rebuild herself since war came to an end, what the actual near future for her is likely to be, what France did for the United States and for her other Allies, and what the real weight upon her is now, was told in a formal statement of facts and figures prepared by Andre Tardieu, former French High Commissioner to the United States, and made public by John Moffat, in behalf of the French Heroes Fund of 2 West 45th street, New York City.

Mr. Moffat, who has just returned from France, where he has been for some months, is also the Vice-Chairman of the Federation of American Agencies for Relief in France. In giving out this official information, Mr. Moffat said that the French Heroes Fund believed the American people should know precisely what France had accomplished and her material for war services in addition to her own heavy burden.

"For this reason, and knowing that France would not otherwise make them public, the French Heroes Fund," Mr. Moffat added, "applied to the French Government for details in America. The French Government should not remain ignorant of certain striking achievements of France, far greater than we ever here had realized. The French Government gladly furnished us the information. From the details Captain Tardieu now Minister of the Liberated Regions, has given us, these striking facts and figures seem especially interesting."

"Out of 2,345 kilometers of destroyed railway lines, France made 2,028 kilometers ready for use by the end of September. Out of 1,160 bridges, she constructed 822. Out of 1,978 kilometers of canals, 700 were made ready for use at the end of August. And 460,000 tons of stolen industrial material have been recovered in Germany and Belgium, 120,000 having already been given back to their owners."

"In agriculture, the figures are, even more extraordinary. 18,000,000 hectares were rendered useless through the war, 400,000 of these were in process of cultivation by the first of September, 300,000 had been cleaned of projectiles of all kinds, nearly 10,000,000 of barbed wire entanglements had been removed and 60,000,000 meters of trenches filled in. Two hundred thousands of the 300,000 agricultural instruments destroyed or removed have been replaced, the 3,220,000 horses in France in 1913 are almost entirely re-established and 200,000 heads of cattle have been replaced out of 1,300,000."

"These are but a few of the figures from the records of the French government of what France has done to build herself up. Out of 550,000 houses destroyed or damaged, 60,000 have been sufficiently repaired to be inhabited, more than 15,000 huts have been erected and 60,000 others are in process of construction."

"By Sept. 30, 2,560 millions in money as well as in material had been spent for the rebuilding of various destroyed industrial factories."

"All the world knows," Mr. Moffat said, "that France made possible the common victory in breaking, from 1914 to 1918, the first German shock. But one knows less of what her industry did for the Allies, despite invasion. From the tables furnished, I see that of all this material 71,713,644 francs worth of artillery, ammunition and motor cars went to England, 27,213,224 of the same to Italy, 65,022,226 of the same to Roumania, 1,252,626,134 to Russia, 150,000,000 to Belgium, 1,431,673,616 to the United States, besides 6,500 machine guns and 56,876 rifles to England, 311,000 rifles to Italy, 298,000 rifles to Roumania, 552,000 rifles to Russia, the supplies including contributions also to Serbia, Greece, Poland, Czechoslovakia, Portugal, Finland, Switzerland, Montenegro, Sweden, Spain and Japan."

"Nobility knows I am sure of the supplies France gave to the countries that helped her at the same moment she had her own prodigious burden to carry."

Chipman

Chipman, Jan. 29.—Mr. John Sayre of St. John, was in town Thursday and Friday. Mrs. Norman Mangall returned from St. John on Monday. Mr. and Mrs. Robert Darrah and family of Islay, Alberta, are visiting Mr. and Mrs. Robert Darrah, Red Bank.

Miss Mary Kavanagh spent Tuesday in Moncton. Miss Ruby Hassan, who has been visiting her sister, Mrs. Fred Sherwood, Moncton, returned home on Tuesday.

Mr. C. A. Pugsley, a student at Pine Hill College, Halifax, preached in the Presbyterian Church on Sunday. Mr. and Mrs. Robert D. Richardson are visiting Mr. and Mrs. Frank Taylor of Halifax.

Mr. Edward Darrah spent the early part of the week in St. John. Mr. Joe Burrows was a visitor to Moncton on Tuesday. Mr. and Mrs. William Doherty are rejoicing over the arrival of a baby boy.

The community was shocked to hear of the sudden death on Sunday of Mrs. James McNeil of Saimon Creek. The deceased leaves a husband and six children; the youngest an infant about a week old. Miss Florence Newman, who has been visiting Mr. and Mrs. R. C. Ritchie, returned to her home in Moncton on Tuesday.

The Presbyterian congregation has extended a call to the Rev. Mr. Sutherland of P. E. Island. Mr. J. W. Hanson, sealer at one of the Sayre and Holly Lumber Company's camps, was taken ill and removed to the Moncton Hospital on Wednesday. Dr. H. B. Hay was in attendance.

Mr. John D. Hassan left this morning for Moncton to visit her daughter, Mrs. Fred Sherwood.

Milltown

Milltown, N. B., Feb. 6.—Miss M. Olivia Macdonald of Monro's Mills, is visiting her friend, Miss Mary Casswell. Frederick McInnis was a recent weekend guest of his brother, Harold McInnis. Mr. Benjamin Doyle was a recent guest of friends in town. Mr. Albert Dougherty has gone to Flint, Mich., where he has accepted a position with the Buick Auto. Co.

Miss Dorothy Casey's friends are glad to learn that she is recovering from her recent illness. Miss Alice Boyd of Fredericton, who was a recent guest of her sister, Mrs. Whidden Graham, has returned to her home. Mr. Alex. Anderson of Somerville, is the guest of his brother-in-law, Mr. Edward Sheen, and is being cordially welcomed by many old friends.

Fire was discovered in the residence of Mr. and Mrs. Robert Todd on Monday morning. An alarm was immediately rung in and valiant efforts made to extinguish the fire before the arrival of the fire company, but in spite of all, the house was almost totally destroyed. Mrs. Todd, who was quite ill at the time, was removed to the home of a neighbor and every effort made to save all the furniture possible. The loss will greatly exceed the amount of insurance and much sympathy is expressed for Mr. and Mrs. Todd in the loss of their home in such severe winter weather.

Through the efforts of the Textile Union, a night school has been established in town, which will be of great benefit. A grant has been given them by the Town Council and the school opened with a class of forty. The Misses Gertrude and Grace Coughlin, Mona McGrath, Jennie Steeves and Mary Boyd have offered their services as teachers and it is hoped that a large number will take advantage of this splendid opportunity for furthering their education.

Great Shemogue, Feb. 6.—The past week has been extremely cold. Word was received here last week of the death of Mr. Joseph Tremholm, which occurred at Upper Cape on Jan. 26th. The late Mr. Tremholm resided here for a number of years, and his many friends will remember him for his kind disposition and pleasant manner. He is survived by one son, James, with whom he made his home. His wife predeceased him several years ago. He was 76 years of age. Miss Clissie Allen of Davis Road, was the guest of Mrs. Elizabeth Peacock on Friday last. Mr. Ernest Tingley of Sackville, spent a few days here last week on business.

A delightful dancing party was given Thursday evening at the home of Mr. and Mrs. Fred Rade. A special feature of the evening was a leap year dance which was thrously enjoyed

As Necessary in the Kitchen as Salt

YOU will find that Lea & Perrins—the genuine—adds a new and fascinating flavor to dishes made of meat, fish or cheese. It is a seasoning. Experienced cooks would soon be without salt as without Lea & Perrins.

You will also find that it takes less Lea & Perrins Sauce—and that no other sauce, no matter how much it looks like Lea & Perrins, will give you such a zest and flavor to your cooking.

Lea & Perrins Sauce The Original Worcestershire World Renowned and Unsurpassed.

No other sauce has such an exquisitely piquant flavor, or has such a reputation among discriminating people in every part of the world.

Neglected Sisters.
The St. John Standard, in an article upon the Unions Cabinet remarks that there is "at present a very pronounced impression that the interests of the Port of St. John are not receiving the attention they demand." Bless his heart, our conferees need not feel hurt; matters have got far beyond a "very pronounced impression" years since, so far as the legitimate interests of the Port of Quebec are concerned.

Will Be Delayed.
The S.S. Mumford which arrived at this port a month ago for repairs to her engines from Windsor, N. S., was expected to get away about the last of this month, but owing to the machinists going on strike the steamer will probably be held here until the middle of March, when it is said the necessary repairs will have been made.
Will Sail February 12th.

It is expected that the Furness Friday liner Ariano will sail from London on February the 12th for Halifax and St. John.
Steamers Due.
The C. P. O. S. liners Metzama and the Scotian are expected Tuesday and Wednesday with passengers and cargo.
Will Sail Today.
The R. M. S. P. liner Chaudiers, which was to have sailed Saturday for Halifax, was delayed on account of the storm and will probably sail today.

Shipping Quiet.
The local shipping agents report shipping almost at a standstill as far as this port is concerned in coastwise trade. The quiet spell is due to be due to the number of vessels in the southern districts.
Arrived at Halifax.
The S.S. Schem arrived at Halifax Friday after a very rough voyage from Liverpool. The officers of the steamer report the trip one of the roughest they have ever experienced. She brought over besides a general cargo a large number of passengers, among whom were many for the maritime provinces.
U. S. Tug in Distress.
Halifax, Feb. 8.—(By Canadian Press)—The American tug Bowrick is reported here to be in distress in latitude 45.50 north, longitude 47.57 west.

SCHOOL FOR NURSES—Excellent opportunity for young woman, with at least one year of High School work, or its equivalent in the Nurses' Training School of City Hospital, Worcester, Mass. Apply for application blank and information to the Superintendent.
On Thursday evening Mrs. Will Robinson entertained a number of young ladies at a sewing party.
E. H. Clarkson of this city, left on Saturday evening, accompanied by Mr. and Mrs. E. R. Macnam of St. John, for Florida, via Toronto. Mr. Clarkson plans on visiting a number of Canadian and American cities before he returns and will probably be gone until March.
The members of the Sophomore Class, U.N.B., held a most delightful drive on Thursday evening, proceeding to the Springhill Hall, where dancing was indulged in. Refreshments were served and the gathering broke up in the early hours. Mr. and Mrs. Veves were chaperones.
On Monday evening Dr. W. H. Irvine was host at a gentlemen's dinner on the event of his birthday. During the evening his guests presented him with a beautiful automobile rug.
Mr. Douglas McElveny has accepted a position with A. R. Gould.
Mr. R. M. Campbell, one of the best known residents of this city, is critically ill at his home on Brunswick street.
Invitations have been issued for an at home by Miss Kathleen Gibson, Waterloo Row, next Tuesday evening.
On Wednesday evening Mr. and Mrs. J. Stewart Neill will entertain at a dance in "The Old Galey."
The members of the A.Y.P.A. of Christ's Church Cathedral presented the fascinating little drama, "Pansy Brown," at the Church Hall on Tuesday evening to a large and enthusiastic audience. The cast consisted of Misses Violet Betts, Mary Smithers, Marguerite Chapman, Gladys Wainwright, T. Clynick, Messrs. Kenneth Seely, Owen Branscombe, Claude Carson. Between the acts Miss Violet Betts, Miss Edna Baird and Dr. R. S. Dakin rendered solos in their usual pleasing style, while Prof. W. J. Smith acted as accompanist.
VICE VERSA.
How the war has changed British commercial and industrial ideas! We actually now have a bank or two devoted chiefly to the financing of business—a procedure in which Germany specialized before the war. We have a Money Trust. Every week, moreover, we read of new combines and working agreements, recalling the great Trust era in America, which continued until legislation required the untying of the complicated industrial knots. We notice how numerous important concerns are establishing special export departments for the capture of foreign markets—departments based largely, it must be admitted, on the German model. We have a dole of Protection—the American exchange rate is almost as effective—and we may yet see export bounties. How German (pre-war).
On the other hand, Germany, which used to subsidize exports, is to impose an export duty to prevent goods leaving the country too cheaply. And, moreover, we shall find German banks refusing to finance trade as recklessly as they used, restricting themselves to purely banking operations. How English (pre-war).
NO CAUSE FOR ALARM.
(London Free Press).
Our good friend the Kingston Standard is unduly disturbed. It asks rather petulantly what is to become of the Conservative party unless Union Government is built forthwith and the Conservatives shake themselves free therefrom. Our contemporary has cold feet. Because the Union Government has been serving the country while others have been campaigning against it, it concludes that the future of that Government is desperate indeed, and that the Conservative party, unless it does something, will be unable to save itself.
The country is far less concerned

NOTICE
NOTICE IS HEREBY GIVEN that the New Brunswick Power Company will at the next session of the Legislature apply for legislation empowering the Company to vary its rates for Electric, Gas and Railway Service to meet changes in the cost thereof, and making the provisions of the Company's charter conform to recommendations contained in the report of the Currier Commission, and giving the Company such further relief as may be necessary in the public interest.
H. M. HOPPER,
Secretary.

Fredericton
Fredericton, Feb. 6.—Mr. George Tennant spent last week in Presque Isle, while there he attended a ball given by one of the local clubs, which has been the greatest event of the season. Mr. Tennant was a former member of the Club while he was employed by the Maine and New Brunswick Electric Company in that place.
On Wednesday evening a number of boys and girls enjoyed a delightful snowshoe tramp up the British Hill, afterwards going to the home of Miss Irma Scott for refreshments.
On Wednesday evening last Miss Blythe Carter entertained delightfully at a dance at "The Palms." Mrs. Carter and Mrs. Limerick acted as chaperones while a program of seventeen dances and three extras were carried out. The guests included: Misses Harriette VanWart, Rhel VanWart, Isabel Wiley, Neil Thurott, Grace Grant, Nan Wetmore, Stella Bruce, Kaye Gibson, Blythe Jones, Barbara Nickerson, Isabel Chestnut, Margaret Chestnut, Mary Adams, Bebie Morrison, Christine Tennant, Dorothy Geaney, Marjorie Murray, Laura Wilson, Lois Hawthorne, Nella Hawthorne, Vida Cameron, Blanche Cameron, Frederica Edgcombe, Messrs. Hart, (St. John), Clarke, Boyd, Bridges, Hawkins, Kennedy, Mattson, Brian McGavur, Burchill, Crockett Dibble, Foster, Gibson, Harrison, Maise, Carter, Slipp, Bruce, Lounsbury, Bailey, Leo Cain, Pat Cain, Kierstead.
Mr. J. Gilbert Hart, who was formerly a member of the Royal Bank staff here, but is now travelling salesman for the Borough's Adding Machine Co., St. John, is spending a few days in the city.
Miss Helen Richardson entertained informally at Bishop's Court last Sat.

County Local Housing Board
We are prepared to receive applications for loans on houses now in course of erection or contemplated by private parties in the County of St. John. Application forms may be had by applying to P. O. Box 668, or to Thomas K. Sweeney, Secretary-Treasurer, 109 Prince William Street, City.
ALEX. WILSON,
Chairman.

for parties, no matter by what name they may be known, than it is for policies. The Union Government has officially announced that it will have a policy read for submission to a caucus of Unionists in the month at hand. If that policy meets with approval, then it will become the policy of the Unionist party, and upon it the party will go to the country in good time. Two parties are already organizing, each of them assaying free trade or near-free trade. A broad field of political action is thus left open, and we venture to predict that the party which carries the banner of "Canada for the Canadians," whatever its name, will not be last in the race.
MAILED CONTRACT.
SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa, until noon on Friday, the 19th March, 1920, for the contract of His Majesty's Mails, on a proposed Contract for four years, six times per week, on the Millstream Rural Route No. 1, from the 1st July next.
Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the Post Offices of Millstream and Head of Millstream, and at the office of the Post Office Inspector.
Post Office Inspector's Office, St. John, N. B., February 4th, 1920.
H. W. WOODS,
Post Office Inspector.

AROUND THE CITY

WEST END FIRE
A still alarm was sent to the Fire Stations in West St. John Saturday morning for a slight blaze in the Colwell coal shed.

SUFFERED SPRAINED ANKLE.
Basel Adams, K. C., is confined to his home on account of sustaining a sprained ankle. His doctor advises that he will be unable to be around again today or Tuesday.

SERVICES POSTPONED.
Owing to the street car tie-up, the Rev. W. A. Robinson, pastor of the Lutheran street chapel church, West St. John, was obliged to postpone the special services to have been conducted at that church yesterday afternoon of the temperance leagues of the city. The services will be held next Sunday.

IMPORTS TO GREAT BRITAIN
From reports by W. E. Anderson, secretary of the Dominion Trade Commission, it is stated that the value of goods imported into Great Britain from the Dominion of New Brunswick during the first six months of 1919, amounted to \$1,100,000, an increase of 10 per cent over the corresponding period of 1918.

FOR BOY SCOUTS.
It was found impossible on Saturday to collect the pledge cards for the Boy Scout fund from individual houses, and the campaign will continue this week. Scouts in the Commercial Club window on Prince William street, and R. W. Daniel & Co., Charlotte street, interested large numbers on Saturday with exhibitions of scout work.

HERE FOR FUNERAL.
Matron Edith McCafferty, of the Maritime Military Hospital, Winnipeg, and Mrs. W. A. Murray, of Brandon, Ont., arrived in the city Saturday, having been called home by the news of the death of their father, Francis McCafferty. The funeral will be held at 10 o'clock tomorrow morning from the residence of Mrs. Murray, 150 St. John street, and will be officiated by Rev. J. A. MacKegan.

IS IMPROVING.
The many friends of Thomas Hugh, L. A. C., who has been confined to the home of his daughter, Mrs. L. Akerley, Harrison street since last fall, will be pleased to learn that after such a lengthy illness he is fast improving and hopes to have his health fully restored in the near future. Mr. Hugh, although a native of this city, has spent most of his life in Ormoco as Labor Act Commissioner there.

GIRLS' RESIDENCE.
Contracts were signed on Friday at the office of F. Neil Brodie, architect, for the erection and equipping of the addition to the girls' residence of T. S. Simms and Co. The addition when completed will accommodate about thirty girls, having as a part of its composition twenty-four sleeping rooms. There is a large recreation room which will be equipped in modern up-to-date style, having all the latest facilities. The new building will be three stories high and will be fully equipped, having all the latest plumbing heating and electrical fixtures.

MEETING TOMORROW EVENING.
A joint meeting of the St. John Branch Engineering Institute of Canada, the Housing Committee of the Commercial Club and Board of Trade, will be held in the Board of Trade rooms tomorrow evening. "Town Planning" and "some of the general principals of city planning with application to St. John" will be the subjects of talks to be given by W. F. Burditt, chairman of the St. John Town Planning and City Expansion Committee, and H. L. Seymour, A. M. E. I. C., engineer assistant to the Dominion Housing and Town Planning Act, Ottawa. The meeting is public.

VITAL STATISTICS.
The deputy registrar of vital statistics has recorded 12 marriages for last week and 19 births—males 14 and females 5.

The recent outbreak of influenza, although slightly increasing from time to time, is of a mild type and no deaths from this disease have yet been reported. However, a total of eighteen deaths from various other causes were reported during the past week. They are as follows: Senility, four; bronchopneumonia, three; diabetes, laryngitis, meningitis, apoplexy, diptheria, embolism, peritonitis, lobes pneumonia, premature birth, prostatic hypertrophy and cerebral hemorrhage, one each.

KINDERGARTEN TAG DAY.
Headquarters for Kindergarten Tag Day, Church of England Institute, 116 Prince street.

GOOD HOUSEMAID OR HOUSE-KEEPER in small family. No hard work. Write, phone or call Mrs. J. F. W. Beasley, 157 Waterloo street. Main 4177.

MINISTER OF HEALTH SAYS CITY IS BEING FACED WITH EPIDEMIC

Dr. W. F. Roberts Talks on Present Conditions — Fifty or Sixty Doctors in St. John Practically Swamped With Patients—Over Seventy-Five Per Cent, of Cases Last Week Reported With Same Symptoms—Gives Words of Caution.

In an interview with the Hon. Dr. W. F. Roberts, Minister of the Department of Public Health, in regard to the amount of sickness now prevalent in the city he stated to the Standard, that he trusted physicians and the general public would not become too optimistic in regard to present conditions, to become so said, would eventually result in the case of patients who have been severely ill taking chances that would result in complications which might become fatal.

The doctor had no doubt that the city was at present being faced by an epidemic. He referred to the fact that some ten days or so ago, the practice of the physicians was almost slack, while at the present time the fifty or sixty doctors in St. John were practically swamped with patients and it was with difficulty that they found time to attend to them all.

Over seventy-five per cent of these cases of last week are reported with the same symptoms, the patient is at first affected by a violent head-ache, general muscular pains through out the whole system, abdominal pains, sore throat and chills. What is characteristic of the disease is that whole families have been stricken down, and are utterly unable to help themselves in any way.

The disease has been pronounced influenza in all reports from the larger centers of Canada and the United States, where it has also made itself felt, although it is declared to be of a milder type and less frequently followed by complications than during the last epidemic.

Despite the fact that the present disease is declared milder in form than its predecessor of 1918 such eminent doctors as Copeland of New York and Hastings of Toronto, unite in drawing attention to the fact that a too optimistic view of the disease has led to patients during their illness, or after treatment, becoming careless, complications have set in, and in many cases the results have been fatal.

As Minister of the Department of Health, the doctor is anxious that all physicians should unite in doing their utmost to assist the Board of Health by promptly reporting all cases which they may have occasion to attend to.

He expressed himself satisfied that a man apparently in good health within twenty-four hours, and would then at-

WHAT ST. JOHN AND FAIRVILLE CHURCHES ARE PLANNING TO GIVE

The Forward Movement, for which a financial canvass is to be made this week was the subject of many prayers, sermons and addresses yesterday in all the churches of the denominations taking part.

At St. David's yesterday morning Robert Ross, who has recently returned from a visit to Upper Canada, told of the great enthusiasm being manifested for the movement there. Wherever he went, he found meetings being held, or suppers being given at which plans for work were discussed. Cities mentioned as being deeply interested were London and Hamilton, while in Toronto a supper was arranged for eight hundred men to talk over plans. To the delight of the committee, twelve hundred and fifty men attended. At the evening service at St. David's the speaker was Rev. S. McNeil Smith, and a forcible sermon was preached by the pastor, Rev. J. A. MacKegan.

At Centenary, Rev. H. A. Goodwin preached for the first Sunday after his illness and addressed the scholars of the Sunday school in the afternoon upon the Forward Movement. At the morning service R. Duncan Smith delivered a short address on the aims and objects of the campaign, and George A. Henderson gave the laymen's speech in the evening.

At the Mission church, C. C. Kirby was the speaker at the evening service. H. Usher Miller gave an address at St. Mary's evening service.

At Stone church, the Rev. Canon Kahring, preached at both services dwelling upon the privileges and duties of the collectors in the financial campaign.

Bishop Richardson was the preacher in Trinity church at the evening service, taking one of the collects used in connection with the movement of the theme of his address, and emphasizing the fact that if the spiritual side of the Movement fails the mere financial success will not be lasting value. The sermon was inspiring and was listened to by a large congregation.

Rev. H. T. DeWolfe, D. D., Principal of Acadia College, was the preacher at the Main street Baptist church last evening, taking the Forward Movement as his subject. He was listened to with earnest attention by a large congregation.

Mayor Hayes gave the laymen's address at Main street last evening. Main street Baptist church has this movement very much at heart and has already subscribed between three and four thousand of its seven thousand apportionment.

Dr. David Hutchinson spoke at the Charlotte street Baptist church, West Side.

The apportionment for the various city and Fairville churches is as follows:

Good Prizes For Best Photographs

The Standard offers Twenty-Five Dollars for Best Photographs of Scenes About City During Past Few Days — Professional Photographers Disqualified.

The Standard will give twenty-five dollars for the best photographs made of scenes in or about the city during the past few days. The formation of ice on trees, wires, buildings, etc., has afforded an altogether exceptional opportunity for amateur photographers, for the effects obtainable in King Square, through the Park and elsewhere have been truly wonderful. Yesterday, even more than on Saturday, cameras were in evidence everywhere, and thousands of snaps must have been made. The majority should turn out well for with such subjects as were at hand, failures could be due only to carelessness. Thus to encourage the development of amateur photography, as well as to bring to light numbers of exceptionally beautiful pictures, this paper will award twenty-five dollars, the first of fifteen dollars and the second of ten dollars, for the prints which are adjudged to be the best entered in the competition. Professional photographers are disqualified, but amateurs are of course permitted to have their films developed and printed according to their regular practice. Sometimes it may happen that all the work of producing the pictures will be performed by the amateurs themselves, but at the present time only a few, comparatively, are in a position to do this work.

A committee of amateurs of recognized ability will judge the photographs sent in, and will have regard to the choice of subject, the manner of treatment, focusing, lighting, snash

Standard Bank To Open Branch Here

Representative Last Week Made Inspection of Building on Corner of Germain and King Streets—Present Tenants Given Notice to Quit.

It is an assured fact that the Standard Bank of Canada will open a branch in St. John, but in what part of the city is as yet not given out. C. H. Eason, who is the General Manager of this bank and is looked on as one of the ablest financial men in Canada, was some few years ago manager of the Bank of New Brunswick in this city.

Last week a man representing the Standard Bank was the city looking over the large building on the corner of King and Germain streets adjoining the Oak Hall building, and it is stated was quite impressed with the location, but whether or not the building will be secured by the bank will not be known until after the gentleman has made his report to headquarters. The building in question is owned by the King Street Building Company, which was organized by A. Neil McLean, managing director for Scovill Bros. Ltd., and who is still at the head of the building company. The tenants now occupying the building in question have been given notice to quit the premises by the first of May next.

It could not be learned last night if the Standard Bank would take over the building in question, and although it is believed that the matter has not been settled on it is more than likely that this will be the outcome of the inspection made last week by the bank's representative, as it is certainly one of the best locations in the city. A good deal of alterations will have to be made to the building to be occupied by a bank, and such alterations cannot be commenced until after the first of May, when the present tenants vacate the premises.

VOILE BLOUSES OF SPECIAL CHARM \$2.98 to \$4.29.
New arrivals, fresh and crisp from the makers—charming in themselves entirely irrespective of their extra low marking and these are the best values that F. A. Dykeman & Co. have shown for many days. F. A. Dykeman & Co., "The store for value."

ATTENTION

Lectures of Instruction Regarding the Nursing of Influenza

under the auspices of the St. John Sub-District Board of Health and arranged by the Local District St. John Ambulance Association, Dr. S. Stewart Skinner, President; Col. Murray McLaren, C. M. C., President Provincial Council and Representative of Local Epidemic Committee.

Every woman interested in receiving instruction as to the nursing of epidemic influenza, whether for the benefit of her own home or for the purpose of volunteering in the interest of our city sick, are respectfully invited to be present at the Board of Trade rooms, Prince William street, Monday and Wednesday evenings, at eight o'clock, to enter upon a course of two lectures upon the nursing of epidemic influenza.

Monday evening, 8 o'clock, Feb. 9, 1920.
Dr. George G. Melvin, D. P. H., Chief Medical Officer, New Brunswick Department Public Health.

Wednesday evening, 8 o'clock.
Miss Maud Gaskin, R. N., Nursing Sister, Overseas.

The Department of Health would urge all women of the city to attend, in order that there may be dissemination throughout the homes of the city an intelligent idea as how best to manage this serious malady, should it invade their homes; and, further, make it possible for any who wish to volunteer their services to be of untold help, should this disease present itself in epidemic form.

CONCERT THIS EVENING

Members of the St. John Society of Music will not forget the concert which will be held this evening at 8 o'clock in St. Vincent's Theatre, Cliff street.

Kindergarten Tag Day, February 10th
Carbide, Acetylene Burners, P. Campbell & Co.

and general effect. All competitors are permitted to send two prints, of the same or different subjects. Nothing should be written or printed on these, but each entry should be accompanied by a slip setting forth the name of the photographer and the location of the subject photographed. All entries must be in the Standard Office by noon on Saturday of this week, and the names of the winners, together with reproductions of the pictures made by them, will appear, if possible, in this paper a week from today.

Don't Risk An Ugly Fall

A fall on an icy pavement, especially in the case of elderly people, often results in a "shaking up" from which it takes weeks to recover, while the strain produced from the effort to prevent falling is sometimes even more serious. Don't risk either, but let us supply you with a pair of dependable

ICE CREEPERS

which we offer in three styles, as follows:—

"Rival" Creepers, which clamp securely to the shoe heel, and fold in beneath the instep while indoors Per Pair 50c.

Instep Creepers, with straps Per Pair 50c.

Strap Creepers, for use with either shoes or rubbers Per Pair \$1.25
