

BALLOTING BY MAIL IS NOT A SUCCESS

Plan Fails to Work in Bay State

Foss' Slight Lead Over Hamlin Doesn't Suit Democrats

Famous Advocate of Free Trade With Canada Decides to Try for Governor as Democrat Progressive—Partly Badly Split as Result.

Boston, Oct. 17.—Notwithstanding that a mail canvass of ninety-three and a half per cent. of the delegates to the Democratic state convention made by the state committee shows a bare majority in favor of the nomination of Eugene N. Foss, of Boston, for Governor, the committee of four appointed by the convention to select a candidate in place of Frederick W. Mansfield, of Boston, were still deadlocked when it adjourned tonight.

The mail vote resulted as follows: Eugene N. Foss, of Boston, 485; Charles S. Hamlin, of Boston, 484; James H. Vaher, of Watertown, 3; Charles F. O'Riordan, of Boston, 3; Frederick W. Mansfield, of Boston, 1; blanks, 3.

The state committee sent out 1,056 ballots to delegates and had 989 replies, all of which came by special delivery letters to William F. Hayes, secretary of the committee of four, and the count was made in the presence of a company of newspapermen. As soon as the count was completed, the committee went into session, and Major Robert A. Crowley, an ardent Hamlin supporter, at once announced that he did not recognize the poll of the delegates and would not be governed by it.

He presented the name of Chief Justice Aiken as the fifth member of the committee, a position not yet filled. F. J. McLeod, chairman of the state committee, and a Foss supporter, stated that he could not vote for Judge Aiken, as he believed the committee would agree upon a candidate unanimously within a short time. The deadlock therefore continued.

Foss to Run Anyway.

While the vote was being counted backers of Mr. Foss for governor and of Thomas P. Riley, of Malden, and Thomas F. Cassidy, of North Adams, for lieutenant governor, were hustling for names to nomination papers, and a few minutes before the time expired at 5 p. m. for the filing of nominations for state offices by such methods the number of names had been obtained, certified and filed with the secretary of state. In a statement tonight, Mr. Foss said that he will be a candidate at the polls under the name of Democratic Progressive, feeling that he has an endorsement of a majority of the delegates to the convention.

Mr. Riley, of Malden, is styled in his papers Democratic Citizen, while those of Mr. Cassidy are Democratic Independent. As Mr. Mansfield is the recognized Democratic candidate for governor, and as he has stated with considerable firmness that he will not withdraw before 5 p. m. on next Thursday in favor of Mr. Foss, whom he strongly opposed, because of the latter's change in philosophy. My statement was based on information in my possession which I regard as reliable and entirely justifying statement.

H. A. POWELL, Esq., K. C., St. John, N. B.

Report as wired by you substantially correct, there being only slight change in phraseology. My statement was based on information in my possession which I regard as reliable and entirely justifying statement.

WILLIAM PUGSLEY.

Ottawa, Sept. 28 1910.

H. A. Powell, Esq., K. C., St. John, N. B.

Referring to your telegram to which I replied last night, I infer that you are considering the question of proceeding for libel. It seems to me this would be an admirable way of investigating as to truth or falsity of report, and I invite you, or Commissioner, or both, to proceed against me for libel, either civil or criminal. I will be in St. John early next week and will gladly accept service of civil process, or answer to charge of criminal libel, whichever proceeding may be preferred by you.

WILLIAM PUGSLEY.

The last of the foregoing telegrams was of course, in Mr. Powell's hands for some time before he departed for Vancouver but up to the present time he has made no reply and this eloquent silence will be readily interpreted by an interested public.

BLUE OUTLOOK AT CAMPBELLTON

Wintry Weather at Hand and Many Still Living in Tents

MORE MONEY NEEDED

Relief Committee Fear That Many Will Have to Be Fed as Well as Housed Till Next Spring—Several Dwellings Completed and More Under Way.

(Staff Correspondence.)

Campbellton, N. B., Oct. 17.—With winter starting them in the face, the people of this town are beginning to lose the spirit of cheerful optimism which has so far distinguished them.

The great need here at the present time is money. The members of the relief committee say that they could easily use as much more as they have received. Indeed, they have fallen off lately, should be largely increased, if the people are to be saved from destitution and suffering.

Many are yet living in tents and among the homeless and destitute by the loss of their homes and the food crops, especially plants and corn.

While all communication with the interior has been cut off, there is reason to hope that Ontario, Camaguey and Santa Clara have escaped the greatest fury of the storm.

Great Destruction in Havana. In the city of Havana the losses probably will exceed \$1,000,000, mainly due to the destruction of the customs house shed, which was filled with perishable goods, the sinking of scows of lighters, many of them containing valuable cargoes which

thirty substantial houses have been put up, which will be ready for occupancy in a few days. Twenty of these are under contract to be built immediately.

John Harty, chairman of the relief committee, said to night that \$60,000 of the relief fund was allotted to them at the outset. Of this they have expended \$45,000. They have received 300 applications for assistance, but have only dealt with 300. This number was composed of those who were in the red and left absolutely destitute.

TWO CANADIAN LADY GOLFERS QUALIFY ON BROOKLINE LINKS

Brookline, Mass., Oct. 17.—More than seventy women golfers, many well known throughout the country, competed today for the second successive time won the Brookline Country Club in an invitation golf tournament of the Women's Golf Association of Boston.

Miss Dorothy Campbell, who last week for the second successive time won the American championship, was among the players, Mrs. E. C. Wheeler, jr., of Lexington, who as Mary B. Adams, was eastern and Boston champion, led a field of 79 starters, getting a gross score of 93. The order of drawings for tomorrow with the gross scores of each was as follows: Miss Margaret Curtis (101), Boston, vs. Mrs. E. C. Wheeler (93), Boston.

Miss Dorothy Campbell (97), Hamilton, Ont., vs. Miss Mary Fowkes (103), Pittsburgh, Penn.

TERRIFIC CYCLONE SWEEPS OVER CUBA

Millions of Dollars' Worth of Property Devastated

Crops Destroyed in Three Provinces—Seawall Breaks at Havana and Residential Section is Inundated—Thousands in the Interior Homeless—Hurricane Now Sweeping Florida Coast.

(Associated Press.)

Havana, Oct. 17.—The Island of Cuba has probably sustained the greatest material disaster in all her history in the practically continuous cyclone which began with light rains on Thursday morning, developing into torrential floods and devastating hurricanes, and continuing this evening.

The western half of the island suffered more severely than the east. The first cyclone, of which there was some warning, had hardly abated on Sunday night when suddenly the wind, which up to then had been southeast, changed to southwest and, with renewed fury, the cyclonic blasts swept over Matanzas, Pinar del Rio and Havana provinces, completing the destruction wrought by the first storm.

Even now there are fears of another cyclone on account of the rumors of the approach of a third storm reported to be forming south of Jamaica. At 9 o'clock tonight, the rain was still falling in frequent heavy gusts, but the wind had abated considerably and the sea was falling.

Within an hour after the sea began to rise the pounding of the waves had broken a breach through the Malecon sea wall in this city. The waves quickly mounted to mountainous height, flooding the handsome residences facing thereon for a distance of a mile.

The waters, still rising, invaded the seaward part of the city streets until 3 o'clock in the afternoon they were three feet deep in water, to which many in the inundated section and other threatened sections of the city. He directed the work of rescue and encouraged the soldiers, police and firemen, and later he visited the hospitals, to which many injured and destitute persons had been taken.

Hurricane on Florida Coast. Tampa, Fla., Oct. 17.—A wireless message received here at 5 o'clock states that the hurricane is sweeping over Key West at a rate of eighty miles an hour. The barometer stands 29.80. Local Forecaster Wurtz announced that a hurricane of at least eighty miles an hour will be experienced here or in this immediate vicinity tonight.

FATHER CHARGED WITH BEATING BABY TO DEATH

It is Alleged Ontario Italian, Angered by Infant's Cries, Inflicted Fatal Injuries.

Special to The Telegraph. Hagersville, Ont., Oct. 17.—Sam Ponesas, an Italian quarryman of this place, was placed under arrest yesterday and removed to the county jail at Cayuga, pending an investigation into the death of his eight months old child early Saturday morning. It is alleged that during Friday night the baby disturbed Ponesas's sleep by its crying and he whipped it so severely that death resulted shortly after. Coroner Dr. McDonald has empaneled a jury which will hold an inquest Wednesday.

ALBERTA'S NEW PREMIER

C. M. HAYS LEAVES MONTREAL FOR ST. JOHN TODAY

Special to The Telegraph. Montreal, Oct. 17.—C. M. Hays, president of the Grand Trunk road, will leave Montreal for St. John tomorrow. During his visit there he will be the guest of the board of trade at a banquet, and it is expected that he will make an important announcement regarding the relations of the Grand Trunk Pacific to St. John and the maritime provinces generally.

GREAT JAPANESE WARSHIP LAUNCHED

Tokio, Oct. 15.—The Japanese battleship Kawachi was launched today at Yokosuka. The emperor witnessed the launching.

The Kawachi is a sister ship of the Settsu and the two vessels will be a notable addition to the Japanese navy. The vessels displace 20,000 tons, are 489 feet in length and 84 feet beam, with 25,000 horsepower. Their armaments consist of twelve 12-inch guns, ten 6-inch, and in horse-power and armament they are far superior to their predecessors, the Satsuma and Aki.

Bright Killed in Guadeloupe Riots

Basse Terra, Guadeloupe, Oct. 17.—Fifteen men and three women were killed and at least twenty-five other persons wounded, six of whom will die, during rioting at yesterday's election. Of the dead one was a woman seventy years of age, who was shot behind the closed doors of her home which stands opposite the town hall.

PHILADELPHIA WON FIRST OF SERIES

Defeated Chicago 4 to 1

Bender Pitched Great Game for the Athletics

(Associated Press.)

Philadelphia, Oct. 17.—In a clean and sharply played game the Philadelphia American League baseball champions defeated the Chicago Cubs, the premier team of the National League, at Shibe Park this afternoon by the score of 4 to 1 in the first contest of the series to decide the world's championship. Nearly 30,000 persons saw the game.

To Charles Albert Bender, the Chippewa Indian pitcher, the Philadelphia team largely owed its victory. The "Chief" never showed better form than he did when he faced the Chicago men this afternoon. Bender's valuable contribution was his hard and timely hitting.

On the other hand, the American champions found overall rather easy, and after the third inning Manager Chance was compelled to retire the star pitcher and send McIntyre into the box. The latter promptly stopped the Athletics and held them without a hit until the eighth inning when Baker landed on one of his curves for a terrific smash to the right field wall for two bases.

Bender's Great Work. Bender, who won the only game the Athletics took from the New York Yankees in the world series in 1910, pitched the first inning but hit one in the ninth and not one hit reached second base until the final inning. If it had not been for the muffing of Baker's foul fly by Thomas in the ninth inning the Chicago would have been disposed of with but two hits, as the little shortstop hit the next ball for a clean single and took second on Strunk's fumble. The big Indian was as steady as a clock and appeared to be the master at every stage of the game. Besides getting only three hits, the National Leaguers were able to work him for only two bases on balls, and Schulte got both of these, one in the fourth inning and the other in the ninth.

Overall, who was elected by Captain Chance to win the first game, was in luck with the first inning in fine shape, though Collins, the star second baseman of the Athletics, hit a single but he got into deep trouble in the second when the house team batted him for three hits, one a double. He also gave a base on balls in this inning. In the third he was touched up for a single and a double.

Third baseman Baker was the only man on either team to get more than one hit. He landed on the ball for two doubles and a single, scoring one run himself and putting two more others of the total of four. The second was the only other man to hit for an extra base.

Except for a hard running catch by Sheppard of a long fly off Murphy's bat in the seventh inning, and several hard stops by Baker and Barry, the batting was not sensational. The only base on balls was by Murphy, who reached second base on a high pitched ball which Kling could not bring down in time for a try to the center bag. The Athletics' much discussed weakness behind the bat did not show itself, as Thomas had the ball down to second ahead of the runner each time a steal was attempted. Only two attempts were made, both by Schulte.

The crowd that saw the game was not the largest that ever attended a baseball game in this city. The official count of the attendance is 26,891 and the total receipts \$37,424.50. Of this amount the receipts will receive \$20,206.23, the club owners \$13,472.82 and the National Commission \$3,745.45.

The failure of a record crowd to attend was due partly to the inability of thousands to obtain reserved seat tickets and to the fact that the police department would not permit any one to stand in the aisles of the grandstand. The National Commission had arranged to sell several thousand standing room tickets in the big pavilion, but after eighty-eight of them had been disposed of the police shut down on the sale.

The big game was late in getting started due to a long conference over ground rules owing to the crowd in the field and over the question of permitting such a picture man on the field while the game was in progress. Umpire O'Day, who decided the base decisions, ordered the photographers off the field. They refused to go and appealed to Ban Johnson, president of the American League, who was in a box. Mr. Johnson summoned Connolly and told him that the moving picture men had the permission of the National Commission to operate their machines. O'Day acquiesced, but Manager Chance objected to the machines being placed behind the plate. Then followed more minutes of waiting and the crowd, becoming impatient, was yelling "Play ball."

MAYOR NATHAN, OF ROME, CONDEMNED

Montreal City Council Goes on Record Against His Utterances Against the Pope.

Special to The Telegraph. Montreal, Oct. 17.—The city council this afternoon passed a resolution censuring Mayor Nathan, of Rome, on behalf of the Catholic population of Montreal for his "blasphemous insults" to the Pope.

A protest was filed by the Ministerial Association against the council dealing with the question of aid on the ground that such action would merely create suspicion and foment discord in a cosmopolitan city such as Montreal with its many races and religions.

Five aldermen also protested in writing against the resolution. These were Ald. Carter, Boyd, Ward, Judge and Drummond, who took the ground that the city council of Rome had no interest as a body in any utterances or actions of the chief magistrate of the "Eternal City."

FLIES ACROSS BRITISH CHANNEL

French Dirigible Surprises London Churchgoers by Its Appearance

(Special Cable to The Telegraph.)

Melbourne, Oct. 17.—Returns are all in in the New South Wales state elections. It is admitted the Labor party has carried the state by a majority of two. The Labor government lost nine seats, including the premier and two colleagues.

The Labor caucus at once elected a speaker and chairman of committees. Both officers will have to vote in case of an inevitable tie.

MacGown, who will be premier, was originally a boilermaker in the government railway workshop. The Liberals still control the legislative council, so the Labor party cannot rush through their Socialist schemes unless they appoint new members to the council from their own party.

The Labor party is now a power in the federal government and in the states of New South Wales and South Australia are almost as strong as the Liberals. The Liberals throughout Australia are forming an organization to cope with the Labor machine.

WALL STREET BROKERS FAIL

Charles Minzesheimer & Co. Have Liabilities of \$1,750,000--Thomas G. Gaylord, Doing Business as Latham, Alexander & Co., Assigns.

New York, Oct. 15.—Two New York brokerage houses failed yesterday, with liabilities aggregating nearly \$2,000,000. One is the stock exchange firm of Charles Minzesheimer & Co., chief of the firm of Thomas G. Gaylord, who was engaged in business under the name of Latham, Alexander & Co., cotton and stock brokers. In each case an assignment for the benefit of creditors was made by Banker Colby, attorney for the firm, was named as assignee by the Minzesheimer company.

With the announcement of the assignment, creditors of Minzesheimer & Co. filed a petition in involuntary bankruptcy against the concern, and Edward G. Benedict was named as receiver. The petition exceeded \$1,000,000, and included a list of loans from banks and trust companies. The collateral securing these obligations is estimated to be worth 20 per cent more than the claims due.

In a statement Mr. Benedict said that the liabilities of the firm, estimated at \$1,750,000, was made up of \$1,250,000. He said, however, that the embarrassment would be only temporary and predicted an satisfactory basis. He denied a report that the firm was heavily interested on the "short" side of the market, and explained the death of May 4 of Clarence Minzesheimer, former head of the firm and son of its founder, resulted in weakening the company's finances and necessitated temporary suspension for reorganization.

Present members of the Minzesheimer firm are Arthur W. Joseph, Frank McGuire, Herbert A. Rosenfeld and Allan F. Cohn. It was founded about forty years ago by Charles Minzesheimer, who afterward retired, and it was a long time very extensive, and it has two hundred offices in this city and one in Chicago.

The Gaylord failure was not regarded in financial circles as of particular significance, for the business of the firm was only moderately large, and it had no exchange connections. No statement regarding the finances of the firm was made.

The Laurier Meeting

(Montreal Herald).

The appearance of Sir Wilfrid Laurier at Montreal last night was, as had been expected, an occasion of the highest interest. Not for ten years at least has he made a speech which showed so much evidence of careful preparation and deliberation. Not in even a longer time than that has he made a speech so full of substance and so copiously furnished with quotations from the records of his own and others, with resolutions of parliament and with proceedings of colonial conferences. It was evident that this speech was meant for a wider audience than that of the usual political speaker, that it was meant to be distributed broadcast as the Liberal leader's explanation of his position in the various matters which cover the wide ground of controversy. The preparation must have cost the veteran a great deal of labor, and the delivery of a two hours' address at top pressure must have cost him a great deal in physical effort, but when he had concluded his speech he had the satisfaction of knowing that the task was completed. Nothing needs to be added to the speech of tonight as an exposition of the Liberal position on the navy question.

The meeting was originally planned as a fitting conclusion to the western tour. It turned, however, into a demonstration against the activity of Mr. Bourassa and Mr. Monk. Last night there hardly a moment when these gentlemen were not within the mental vision of all present. Sir Lorimer Gouin first pointed out to the attention of the audience with special reference to the nationalist. They were now vilipending Laurier, he said, as in 1907 and 1908 they had insulted and calumniated provincial ministers. Sir Lougheed, who spoke with sarcasm in his tones when he alluded to the subsequent alliance with Mr. Prevoine in the main object of that attack. The next worthy son of Mr. Athanasius David, the friend of Senator David, in the main himself there was an answer to the Nationalists. The nationalist movement is essentially a young man's campaign, both as to leaders and as to followers. Here was a brilliant, but not a typical, representative of the new generation acclaiming Laurier, and hundreds of others of the younger generation cheering him to the echo as he closed his preparation. And he ranged himself behind the old leader, the leader tried and proved. Both when Sir Lorimer spoke and when Mr. David spoke it was evident that the undercurrent of anti-Nationalist feeling in the audience was giving volume to the speaker. The anti-Bourassa demonstration was therefore at its height when Sir Wilfrid Laurier spoke. He started with a brilliant, but not a typical, representative of the new generation acclaiming Laurier, and hundreds of others of the younger generation cheering him to the echo as he closed his preparation. And he ranged himself behind the old leader, the leader tried and proved. Both when Sir Lorimer spoke and when Mr. David spoke it was evident that the undercurrent of anti-Nationalist feeling in the audience was giving volume to the speaker. The anti-Bourassa demonstration was therefore at its height when Sir Wilfrid Laurier spoke.

CROPS IN EASTERN CANADA BETTER THAN LAST YEAR

Ottawa, Oct. 13.—The census office publishes a bulletin on the condition of crops in Canada at the end of September. The reports show lower averages of condition for the whole of Canada than those of a year ago, but the reduction applies chiefly to the northern provinces. In the eastern provinces a high per cent is maintained for nearly all the crops, and quality and yield are nearly as good as a year ago and better than two years ago. In Manitoba, Saskatchewan and Alberta there is a drop of about twenty per cent in the quality of grains and roots, but the thresholds indicate that the yield will be larger for wheat, oats and barley than was the case at the end of August.

The whole of Canada's condition at the end of September was 83.59, which is ten per cent better than two years ago and 2.39 better than last year. Potatoes are nearly eight per cent lower in condition than a year ago, but nearly ten per cent higher than in 1908. Buckwheat is about the same as last year, and 12 per cent better than in 1908. In the eastern provinces the yield of wheat, oats and barley are better by five per cent than last year and by 19.47 per cent better than two years ago. Corn for husking, compared for the three years 1910, 1909 and 1908, shows percentages of 85.12, 86.77 and 82, and corn for fodder of 89.82, 87.18 and 92 for the respective years.

The condition of potatoes is 76.08 at the end of September compared with 90.37 last year. Potatoes are nearly eight per cent better than in 1908. Alfalfa has a condition of 83.30 for the end of September, and it exceeds 90 in the maritime provinces and Ontario.

In Quebec and the northwest provinces it is not more than 70 per cent, and in British Columbia it is 83.33. All field grains in the province last named exceed 92 per cent quality. The estimated yield of rye this year in Canada is 1,634,000 bushels, of peas 6,444,000 bushels, of beans 1,080,600 bushels, of buckwheat, 7,302,000 bushels, of mixed grains 29,000,000 bushels, of flax 4,314,000 bushels and of corn 17,682,000 bushels. The average bushels per acre of these crops is 19.43 for rye, 16.09 for peas, 20.34 for beans, 29.88 for buckwheat, 34.91 for mixed grains, 9.04 for flax and 53.82 for corn. Better averages for wheat, oats and barley are assured when the final returns are made in December than the reports for the end of August gave.

ST. GEORGE LIBERALS HONOR W. F. TODD, M.P.

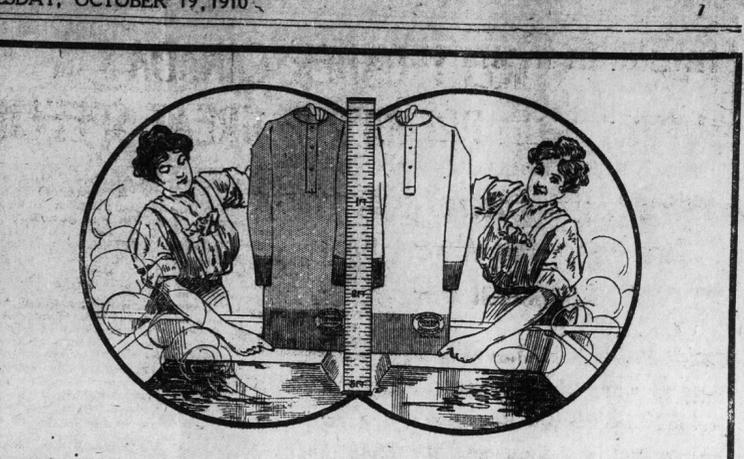

St. George, N. B., Oct. 14—William F. Todd, the popular member for Charlotte, was tendered the tariff of the Victoria hotel Thursday evening by a number of Liberal electors.

Senator Gillmor and Mr. Todd attended the fair at Fenfield during the day and on their return found themselves in the hands of friends who gathered at the hotel soon after 8 p. m. The hearty hand-claps and cheery greetings of Liberal supporters let no room for doubt in the minds of the guests that the Charlotte of their personal popularity and the esteem in which they are held.

After an informal talk and a smoke, Mr. Todd was invited into the banquet hall, and there, with the exception of a man who had been invited by the hostess, the guests were disposed of, the toast of the King was drunk, all standing.

Senator Gillmor, in a few well chosen words, paid a glowing tribute to Sir Wilfrid Laurier, asking all to join him in the toast of long life to the great Liberal chieftain. He then called on Mr. Todd, Mr. Todd spoke eloquently and well on the pleasure it gave him to meet the voters of St. George in St. George. He gave a rapid outline of his work at Ottawa since the electors had honored him, and said that while he had, with the aid of Senator Gillmor, accomplished much, it did not by any means mean to rest—that he considered he belonged to Charlotte county and that Charlotte county did not belong to him.

He spoke of the policy of the govern-

Underwear That Stands The Tub Test. Most underwear shrinks from the tub test. Hewan does not. That's the great beauty of Hewan Underwear. It is made of pure wool. The softest, fleeciest and finest kind of wool, supplied from Nova Scotia. And Nova Scotia is world famous for the high standard of its wool. That's why, when you put on a Hewan garment after it has been to the wash, you find its elasticity and fleecy softness preserved and that it fits comfortably without binding or wrinkling. Step into the nearest Hewan dealer—you can tell him by the Hewan show cards and posters in his windows—and ask to see a Hewan suit for examination. Ask the dealer to tell you the good points of "Hewan." If there isn't a Hewan dealer in your immediate neighborhood, write us and we'll give you the address of the nearest one by return mail.

FIGURES THAT TELL STORIES. PROVINCIAL FOREST RENOVUES. THE pictures cover the four principal timber provinces and illustrate the importance of the forests as sources of provincial revenue. The Dominion government as owner of the lands of the West, also has a revenue from forests, but it amounts to only about \$500,000 a year for the whole of Manitoba, Saskatchewan and Alberta. The dominant position of British Columbia in this matter is emphasized when we take into account the quantity of forest land sold or leased and calculate the revenue per acre. The figures are: British Columbia... \$2.50 per acre. Ontario... 10c. per acre. Quebec... 1.34c. per acre. New Brunswick... 2.34c. per acre. The greater revenue per acre in British Columbia is due, no doubt, mainly to the extremely heavy stand of timber on the best of the forest lands of that province, but also in part, probably, to the fact that the idea of the public right in forest resources had asserted itself before the exploitation of timber there had begun. That Ontario gets from its timber lands an acre against less than 2 cents an acre, collected by Quebec indicates that Ontario forests now in use are more valuable than those of the sister province, but it may mean also that, on the whole, Ontario's resources in this respect have been more widely managed.

SHEEP RAISING IN CANADA. (From "Canada," London.) None too soon an effort is being made to place the sheep industry of Canada upon a more stable basis than is at present the case. The number of sheep owned in the Dominion has been gradually lessening, so that it compares not at all favorably with other great agricultural countries. In 1881 there were 3,948,678 sheep in Canada; according to the latest returns there are now 2,705,390. In the United Kingdom, on the other hand, there were in 1909 21,896,533 head, in the Argentine 67,211,754, in Australia 87,943,256, and in New Zealand 23,459,707. There have been other figures, and that the interest in sheep-raising has been on the wane in Canada, and that as compared with these countries it has, in the words of Dr. J. G. Rutherford, the live stock commissioner, permitted sheep-raising to become a somewhat insignificant phase of its agriculture, "notwithstanding its great adaptability both as regards soil and climate for the growing of mutton and wool." This was one of the features of Canadian farming at which the Scottish Agricultural Commissioners, several of whom were expert sheepfarmers, expressed astonishment. It is, therefore, gratifying to learn that it has been decided that the time is ripe for the Dominion government to "consider a comprehensive policy, and to undertake definite and extended measures likely to operate towards the encouragement, improvement and development of the industry as a whole." To this end two practical men—

W. T. Ritch, of Manchester, England, and W. A. Dryden, of Brooklyn, Ontario—have been appointed to make a preliminary report upon the sheep and wool trade in Great Britain, the United States and Canada. It may be hoped this first step will lead to further action towards establishing sheep-raising as a recognized factor in promoting the national prosperity of Canada.

STEVEDORE INSTANTLY KILLED ON S.S. MANCHESTER COMMERCE

Abraham T. Watters Struck on Head With Iron Pivot and Hurled Thirty Feet Into Steamer's Hold—How Accident Occurred—Inquest Will Probably Be Held.

Saturday, Oct. 15.

Struck on the back of the head with an iron pivot, and then tossed in the air to fall headlong thirty feet into the ship's hold, Stevedore Abraham T. Watters, while working on board the S. S. Manchester Commerce yesterday afternoon, met death instantly. The accident happened at 4.55, just five minutes before the day's work was over. The blow which he received on the back of the head from the iron pivot coming at such force was in itself sufficient to cause instantaneous death.

The steamer was docked at Long wharf, loading lumber. Watters was at the time of the accident acting as winchman. The accident itself was caused by the pivot giving way from the lead block attached to the front of the derrick. The machinery was in full operation at the time, a sling of deals being lifted. The tension on the blocks was terrific and when the lead block gave away the wire leading from the winch into the derrick recoiled, hitting the stevedore and throwing him over the winch into the hatchway. When picked up all signs of life were extinct and from the nature of the wounds in his head it is believed that he was killed the moment the pivot struck him. The accident happened so quickly that none of his fellow workmen realized what had happened until all was over. Coroner Berryman was summoned and after viewing the remains, ordered their removal to Chamberlain's undertaking rooms. This morning he will empanel a jury and in all probability hold an inquest this evening.

Those working on board the steamer were greatly affected by the mishap. Norman Gregory, the stevedore, and the steamship men were inclined to be reluctant. "It was an unfortunate occurrence," said Mr. Gregory, "and outside of that I have nothing to say. I was present at the time, but feel that I should not at the present time give any opinion as to what was the cause."

The remains were left in Chamberlain's undertaking rooms all last evening, the corner giving orders not to have them moved until viewed by the jury. It is expected that the jury will be empaneled early this morning, however, so that they can be removed to his home in 63 Metcalf street.

The victim of the shocking accident was 62 years of age. He has been engaged at longshore work for about 12 years. Previous to that he followed the sea. He was a very genial man and was held in popular esteem by all who knew him. He is survived by his wife, two sons and three daughters, all grown up. The sons are Edward and Guy J., daughters are Louise, Gladys and Helen. William Watters of Westfield is a brother. Three sisters, one of whom is Mrs. Louise Jones of this city, also survive. The funeral will take place from his late residence, Metcalf street, Monday at 2.30 o'clock.

POLITICAL POT STIRRED OVER SUSPENSION BRIDGE REPAIRS

(The Evening Times.)

People in Fairville are very much amused over an incident which occurred a few days ago, in connection with some repairs being made on the Suspension bridge, by the provincial government. It seems that the provincial engineer instructed the caretaker, Mr. Burns, to engage someone to make repairs to some of the overhead work on the structure. Following his practice in other years Mr. Burns arranged with W. J. Linton, of Fairville, to do the work. Mr. Linton ordered his materials and had men ready to go on the job when it was learned that the Liberal candidates, Maxwell, that in the last election Mr. Linton had voted for the Liberal candidates.

A hurried visit was made to the scene of action and Mr. Burns was instructed to dismiss Mr. Linton and to engage supporters of the local government. Now the work is being done by Atkin Brothers, of Fairville. The humorous side of the story is, however, that Mr. Linton and all members of his family have been staunch Conservatives for many years, and the two men who had been engaged by Mr. Linton to do the work, Messrs. Cunningham and Miller, are life-long Conservatives. It would appear that a mistake had been made after all.

INQUEST BEGUN IN CASE OF MAN KILLED ON SHIP

First Officer of S. S. Manchester Commerce on the Stand—Inquiry Adjourned Until October 25.

The inquest into the death of Abraham T. Watters, who was accidentally killed while working aboard the steamship Manchester Commerce, docked at Long wharf, last Friday afternoon, was commenced in the police court Saturday evening, Coroner Berryman presiding. Three witnesses were examined after which the hearing was adjourned until Tuesday evening, Oct. 25.

Recorder Baxter, K. C., and Col. R. J. Armstrong were present in the interests of the steamship people, of which Wm. Thomson & Co. are agents, and Amos A. Wilson, K. C., in the interests of Mrs. Watters.

Evans Davis, first officer of the steamship Manchester Commerce, was the first witness, and told of having heard of the accident which resulted in the death of the stevedore. He knew that Watters was acting as winchman. The gear for lifting, he said, had been arranged on coming in to port last Wednesday. It was in perfect condition at that time. When the accident occurred the steamer was in the middle of the day's work. The weight being lifted was, on an average, about 1,500 pounds. The shackle which gave away was capable of bearing five tons. He considered that the breaking of the shackle was caused by the screw giving away as the result of vibration. Witness was aware that there was a possibility of the pin giving away from the lead block. He had made no special examination, however, of that particular lead block on the day of the accident. Witness produced a certificate dated Aug. 5, 1910, showing that the shackle in use on board the steamer was practically a new one, being only a little over two months old. If the shackle had been looked after and tightly screwed the accident would never have occurred. The drop from the deck where Watters had fallen was forty-eight feet in depth. After the accident no blood was to be seen on the winch or on the block.

In reply to Mr. Wilson, witness said that the lead block in question was about seven feet from the deck.

In reply to Mr. Baxter, witness said the winchman's duty was to heave up the deals. If the winchman saw anything out of order he would report to the stevedore, who would in turn report to the witness. No report regarding any defect in the shackle, witness said, had been made to him.

Richard J. Sowrey, boatswain, testified that he was on board the Manchester Commerce Friday afternoon between 5 and 6. He did not see the accident occur. It was the duty of the lamp trimmer to oil the shackle. Witness would not know whether the shackle was oiled properly. He did not know how this particular accident occurred. He attended to the arranging and screwing of the shackle when the steamer was coming into port.

John Winsper, ship's carpenter on board the steamship Manchester Commerce, testified that he knew absolutely nothing concerning the accident.

RECORD HUNTING SEASON LOOKED FOR THIS YEAR

Great Demand for Licenses Here, and Rush Has Only Begun--A Giant Moose in the Musquash Woods.

All indications point to a record number of hunting licenses being issued this year. A large number of parties are now in the woods, but the best of the season is yet to come. J. H. Noble, King square, issuer of game licenses, said yesterday afternoon that they had issued so far 335 of these necessary documents. This, he said, was a larger number than was issued for the corresponding period last year. Moose heads with a spread of 60 to 62 inches are not brought out of the New Brunswick woods every day, and the hunter who secures one of this size congratulates himself on having a notable trophy. From Musquash, however, comes a story of a moose with a spread larger than any ever found in the province. The truth of the story is vouched for by Game Warden Dean, and also by a veteran hunter of unimpeachable veracity. They declare that a great moose with a spread of six feet is haunting the woods near Musquash. Game Warden Dean caught a glimpse of the animal but did not shoot. The old hunter, although thunderstruck at the appearance of the beast, fired two shots but missed. He said afterwards that it was just as well he did, as he could never have got the animal out of the woods, and it would have been illegal to leave it there.

The moose seems to bear a charmed life for some American sportsmen who were in the woods reported that they also saw it and sent several bullets whistling in its direction without effect. It is expected that next week will see a large number of sportsmen in the woods near Musquash looking for this very animal.

NEW TURN IN REID ASSAULT CASE

Hopewell Hill, Albert county, N. B., Oct. 16.—The recent case of assault against Gideon D. Reid, who was committed for trial by Police Magistrate Peck on a charge of throwing a stone through a window at L. V. McNulty of Albert, has resulted in a counter charge against McNulty, who was this afternoon arrested on a warrant charging him with perjury in connection with the case against Reid. The accused was taken before Justice John Keizer and admitted to bail to appear on Monday for examination.

McNulty was the complainant in the assault case and swore to recognizing Reid as the offender. The latter contends that he was in a store in the village, a considerable distance away, at the time of the alleged assault, and therefore takes action for false testimony.

OBITUARY

Miss Marion Myers.
Saturday, Oct. 15.
Miss Marion R. Myers, youngest daughter of Mrs. Andrew Myers, passed away yesterday morning, after a lingering illness of seven months, at her home, No. 3 Elliott row. She was in her twentieth year, and had a great number of friends about the city. She had been a member of St. David's church and Sunday school for some time. Miss Myers is survived by her mother and two sisters—Miss Edith, at home, and Miss Gene, of Stellarton (N. S.).

Herbert Orrips.
Norton, Oct. 14.—Herbert Orrips, youngest son of Mr. and Mrs. Valentine Orrips, died yesterday after a long and tedious illness. He was about five years of age. Besides his father and mother, he leaves two brothers and three sisters.

Julia N. Gelding.
The death occurred at Wickham, Queens county, on the 9th inst., of Julia N. Gelding, only daughter of Thomas and Bertha Gelding, aged thirty years. The little girl had been playing around the house as usual on Saturday afternoon, but suddenly complained of being ill, and in spite of the best medical treatment and the constant care of her loving parents, died the next day. Besides her mother she is survived by two brothers. The funeral services were held at the house and church by Rev. R. W. Campbell, and were largely attended by sympathetic friends.

Louis Vradenburg.
Relatives and friends in this city were shocked to learn yesterday of the death of Louis Vradenburg, son of Thomas H. Vradenburg, formerly of this city, but now of Waltham, Mass. Mr. Vradenburg, who was a brakeman on the Fitchburg division of the Boston & Maine Railway, was struck by an inward bound train on Monday and instantly killed near the Metcalf street crossing, Somerville. He had just through a switch for an outward bound train and stepped back into the path of the other train.

The young man was about twenty-six years of age and was unmarried, besides his parents, two brothers, Frank and Everett, both in the employ of the Boston & Maine railway, and one sister, Miss Marjory. The father is an engineer in the employ of the Boston & Maine.

Mrs. Vradenburg, mother of the young man, is a sister of A. Chipman Ritchie, Robert S. Ritchie, Mrs. F. S. Bonnell and Mrs. Fred Fowler, of this city. Mr. Albert Cowan, of Kennedy street, is a sister of Mr. Vradenburg, senior.

The funeral was held at Waltham on Wednesday.

Mrs. Mary Moriarty.
Monday, Oct. 17.
The death occurred at an early hour this morning of Mrs. Mary Moriarty, wife of morning of Mrs. Mary Cavanaugh, wife of Beaver Lake Road. Besides her husband, she is survived by four sons and two daughters.

Hazen Campbell.
Monday, Oct. 17.
Hazen Campbell, the well known west side sporting promoter, passed away at the General Public Hospital Saturday. His end came unexpectedly as he had been dangerously ill during the last few days. Reports daily were given out of his condition, none of which were encouraging. Much to the regret of his many friends, the deceased, who was a brother of Police Sergeant Campbell, was a son of the late William D. and Rebecca Campbell. Besides his wife, he leaves a mother and six brothers. In addition to Sergeant Campbell, the brothers are Charles, John, George and Fred.

Capt. E. D. Chase.
Monday, Oct. 17.
The many friends of Capt. Chase will learn with regret of his decease in Chipman, Aug. 30, after much suffering with complications arising out of heart trouble. For several years he was known to the St. Lawrence and the Miramichi where he had charge of steamers. He was a native of Cambridge, in Queens county, and also resided for a time in Chipman. His first wife, Miss Amelia J. Wheaton, he longed to Sackville, and by her he has three daughters. Two sons remain from his second marriage to Miss Jane Austin of Chipman, both quite young. George and Reuben Chase, of Chipman, are brothers and Mrs. D. Dunbar and Mrs. Jas. Daily are sisters. Deceased was 71 years of age.

Alfred Beard.
Monday, Oct. 17.
Alfred Beard, of Camport (Mass.), formerly of this city, died of pneumonia at the home of a relative in Havelock, K. C., Oct. 12. Mr. Beard was well known and respected throughout St. John and Hampton, his birthplace, and is mourned by a host of friends. He is survived by a widow and two sons, George and Newman, who were with him at the end. Funeral services were conducted by the Rev. G. Swin, of Petitcodiac, at the home of David Casack and at the Methodist church in Havelock. He was laid to rest in the Havelock graveyard. Six brothers-in-law of the deceased followed the remains to the church as pall-bearers.

Mrs. Sarah Thorne.
Mrs. Sarah Thorne, widow of Melancthon Thorne, died at her home at Oakham, Queens county (N. B.), October 7, after a short but painful illness. She was born at Long Creek, Queens county, Feb. 21, 1836, and was in the 75th year of her age. She was a member of Cole's Island Baptist church. She is survived by two sons and three daughters. The sons are Charles, William, of Oakham, and David Allen, of Bangor. The daughters are Mrs. A. H. Isaac Patterson, of Salmondale, and Mrs. Edward Kincaid, of Washademak. Four grandsons and three granddaughters also survive. Interment was made on Sunday, the 9th, in the family lot at Thornetown.

William Jones.
Woodstock, N. B., Oct. 15.—(Special)—Wm. Jones, a well known resident of this town and formerly of Northdale, York county, died last night. He was ill only a short time with typhoid pneumonia. He was about sixty-five years of age. He is survived by his wife and three sons—Herbert of Hartland, Woodstock, Frederick and Horace of Woodstock, and one daughter, Mrs. Stanley Hamilton of this town.

Mrs. Pentreath.
Ven. Archdeacon Pentreath received at Winnipeg on his way home to Vancouver the news of the death of his mother, whom he recently visited in New York, which took place Oct. 8. Mrs. Elizabeth R. Pentreath was the widow of the late Capt. Edwin Pentreath, of Cornwall (Eng.), and elder daughter of the late Justice Sherwood Wetmore, of Clifton, Kings county. She had just passed her 85th birthday.

WEDDINGS

McDonald, Beck.
A very quiet wedding took place at the home of Miss Annie Campbell, Harcourt, on the afternoon of Friday, Oct. 7, when Miss Nellie Beck, of Greenville, Maine, was united in marriage with Alexander McDonald, of the same place. The ceremony was performed by Rev. R. H. Stavert. The contracting parties were unattended. After partaking of a dainty lunch the young couple drove to the home of Mrs. McDonald in marriage with Alexander McDonald, of the same place. The ceremony was performed by Rev. R. H. Stavert in the presence of a number of the relative and immediate friends. The young couple were unattended.

Tweedie-McIsaac.
A very quiet but pretty wedding took place at the home of Miss Annie Campbell, Harcourt, on Wednesday, Oct. 12, when Miss Margaret B. McIsaac, of Acadville, was united in marriage with Joseph Tweedie, of Kouchibouguac. The ceremony was performed by Rev. R. H. Stavert in the presence of a number of the relative and immediate friends. The young couple were unattended.

Ruland-Quirk.
Sussex, Oct. 14.—A quiet but pretty wedding took place at St. Francis Xavier's church, Sussex (N. B.), at 9 o'clock on Tuesday morning, Sept. 27, 1910, when William H. Ruland, the popular groom, was united in marriage to Miss S. Mae, daughter of Mr. and Mrs. James E. Quirk, Ward's Creek. The ceremony was performed by Rev. F. McDermott, who celebrated nuptial mass in the presence of a large number of relatives and friends of the contracting parties.

The bride, who was given away by her brother, W. J. Quirk, was very prettily gowned in a semi-princeps dress, tinted effect of pale blue, with Persian trimmings, sash of Dresden ribbon and wore a blue tulle hat. She carried a bouquet of bridal roses and maiden hair fern. She was attended by her sister, Miss Emily, who wore a similar gown of ashes of roses with hat to match and carried a bouquet of pink carnations. The groom was supported by Lee Quirk.

After the ceremony the bride party and immediate friends drove to the home of the bride's parents, where a pleasing repast was served, after which Mr. and Mrs. Ruland left on the C. P. R. to connect with the Calvin Austin on an extended tour. The bride and groom will reside in Sussex, and on their return will reside in Sussex. The bride's going away dress was of blue broadcloth, with hat to match. Many beautiful and appropriate presents were received, including a check from her father for a substantial amount. The groom's present to the bride was a gold locket and chain and to the bridesmaid a gold bracelet.

Mr. and Mrs. Ruland are very popular here and have the best wishes of the entire community.

Beakney-Mennett.
A quiet wedding took place at the home of Rev. W. L. Foster, Bay du Vin, Northumberland, on Saturday evening, being Beverly J. Beakney, of Hillsboro, Albert county, and Miss Annie Mennett, of St. Martins. The young couple were unattended. Mr. and Mrs. Beakney will reside in St. John.

Jewish Wedding in Moncton.
Moncton, Oct. 16.—(Special)—Castle hall, Robinson street, was the scene of a Jewish wedding this evening, when Harry Robinson, of Albert county, was united to Miss Annie Shulman, Rev. Dr. Sopot, of St. John, performed the ceremony, in the presence of a large gathering of friends.

The out-of-town guests included the bride's mother, Mrs. S. Cohen, Miss Cohen, Boston; Mr. and Mrs. L. Kioch, New York; parents of the groom; J. Kioch, New York; Miss J. Goldberg, Miss Goldmann, Mr. Rafkin, St. John; Mr. and Mrs. J. Selick, Misses Selick, Hillsboro. The young couple will reside in Albert.

CANADA GETTING DESIRABLE CLASS

Large Number of Wealthy and Experienced Farmers Are Taking Up Irrigated Lands in the Dominion.

That the tide of immigration is now flowing from the United States into Canada instead of vice versa as in former years, was the statement made by J. C. Sherk, of Montreal, manager of the C. P. R. lands department, who was in the city yesterday. Only a short time ago, he said a carload of American immigrants arrived in the west and bought up \$200,000 worth of western real estate. These settled mostly in Sedgewick, a non-irrigated district. Towards the latter part of the month two more carloads are looked for, and it is also expected that they will purchase between \$300,000 and \$400,000 worth of real estate. The Americans, he said, who are expert farmers and men of money, are a very desirable class of immigrants.

The C. P. R. are doing much, he said, in the way of building up the west. At their last meeting, held on the 6th inst., they voted \$8,500,000 to be spent in irrigation purposes exclusively. One of their most recent works of an extensive nature was the building of a dam at the south of Bassana, capable of raising the water in the Bow river 180 feet. This will afford irrigation for all the land of the eastern section in Alberta, from Bassana to Medicine Hat. The construction of this dam cost over \$1,000,000.

The irrigating of the western lands has proven very popular and has resulted in a vast influx of foreign settlers.

Mr. Sherk says that he intends going to Scotland the first of the year to arrange for the transportation of immigrants from that country. He was registered at the Dufferin.

RATHER MR. MAYES WHO BACKED DOWN

Another Misstatement Regarding the Dredging Case Corrected--Again, the Eloquent Figures.

(Evening Times, Saturday.)

The Standard asserts this morning that the statement of the Times-Star that Mr. Mayes' claim for \$5,000 was not disputed by the crown is incorrect, and that the government repudiated liability.

In reply to this it is only necessary to say that when the case opened Mr. Wallace, for the crown, offered to grant this claim if the others were withdrawn. This was before negotiations for settlement began.

Now what were the other claims? Five of them, for \$25,256; \$13,350; \$1,251; \$337 and \$1,247, making a total of \$41,641, were utterly abandoned by Mr. Mayes. Two others, one for \$5,640 and the other for \$10,500 or a total of \$16,140, were compromised for \$4,600.

Mr. Mayes also asked for interest on \$5,001, from August 22, 1908, and this also he abandoned.

That is to say, Mr. Mayes gets \$5,000, which was not disputed, and gets \$4,600 as settlement for \$51,781 which he claimed.

Who backed down? Certainly not the public works department.

JULIA WARD HOWE, FAMOUS WRITER AND PHILANTHROPIST, DEAD

Middleton, R. I., Oct. 17.—Mrs. Julia Ward Howe died at her summer home here today, aged 91.

The famous writer and philanthropist was born in New York on May 27, 1819, and was the daughter of Samuel and Julia Rush Ward. She was privately educated, and in 1843 married Dr. Samuel Gridley Howe, who died in 1876. With him she conducted the Boston Commonwealth, an anti-slavery paper, prior to the civil war. After the slavery question was settled she became active in woman's suffrage, prison reform and the cause of peace. She was a Unitarian preacher, lecturer and writer. Her Battle Hymn of the Republic is widely known and she was the author of many other works. Mrs. Howe visited St. John a few years ago, attending a meeting of the Association for the Advancement of Women. At that time she preached in the Unitarian church and was compelled to address an overflow meeting in the Institute, so great was the demand to hear. Maud Howe Elliott and Laura E. Richards are daughters of Mrs. Howe.

RUB THAT SORE SPOT

With Father Morrissy's Liniment and Promptly Stop the Ache.

Every household has its share of aches, pains, bruises, chilblains, burns, scalds, sore throats, colds, rheumatism, sprains and similar troubles. It is surely unwise to suffer with even the least of these, when there is a sure and speedy remedy.

Father Morrissy, the famous priest-physician, was especially successful in devising a prescription for the prompt relief of these ailments. Many thousands of families keep a bottle of Father Morrissy's Liniment constantly in the house ready for any emergency.

Unlike most liniments, it has both a pleasant feeling and a clean, wholesome smell. It is a splendid rubbing liniment, as it makes the skin soft and smooth and does not blister. Better yet, it gets straight to the seat of the trouble, very little remaining on the skin.

In rheumatism and backache it is a helpful adjunct to Father Morrissy's "No. 7," and in cases of sore throat it is cold on the chest, it supplements his well known "No. 10."

The liniment should be always on hand against a case of need. 25c a bottle at your druggist's, or from Father Morrissy Medicine Co., Ltd., Chatham, N. B.

There were ten patients at the anti-tuberculosis clinic in the board of health rooms Thursday. Seven were children and three adults. Four of the children were new cases and two of them were referred to the hospital for special treatment. A. Chipman Smith & Co. sent another donation of emergency drugs and requisites for the dispensary.

Her Father, Standing Near Her, Had Narrow Escape from Second Shot of Careless Hunter.

Sackville, N. B., Oct. 17.—While standing outside her home last Thursday the young daughter of Clifford Thompson of Mount View, was struck by a bullet from the rifle of some unknown person and Mr. Thompson himself narrowly escaped serious injury from a second bullet. It is supposed that the shots were fired by a hunter in the woods.

Mr. Thompson was putting some potatoes into his cellar through a window and his daughter was standing beside him. One bullet struck the girl passing through the calf of one leg and cutting into the other. The other bullet struck behind the two people and was imbedded in the house. Both Mr. Thompson and his daughter had a very narrow escape from grave injuries.

Sackville was visited a few days ago by H. J. Keith, of Toronto, a representative of Charles D. Sheldon the man who was recently operating a "blind pool" in Montreal. Men who talked with Keith are of the opinion that he was entirely sincere in his statements and really believed Sheldon to be a man of unusual managerial ability and able and willing to do what he claimed. Mr. Keith said that Sheldon had several clients in Sackville and that enquiries had recently been received from other Sackville clients.

Miss Hattie Sangster, professional nurse, who has been spending several weeks here with her parents, Dr. and Mrs. J. W. Sangster, left on Saturday for Boston, accompanied by her sister, Mrs. J. Elworth Fowler, who will visit friends in Boston and vicinity.

A son was born to Mr. and Mrs. Harry Donley on Saturday.

The promenade concert under the auspices of the Mount Allison Athletic Association last Friday night was very successful. The attendance was large and the proceeds amount to more than \$80. Among those who took part in the programme were Miss Helen Hughes, of Collettown, P. T. Meek, of Truro, E. E. Spicer of Perwick and Miss Lena Livingston, of the local vocal teachers in Mr. Allison Conservatory.

The marriage of Miss Bessie Cook of Amherst to William A. Dolson, Sackville, was solemnized at the Baptist parsonage here last Thursday evening. Rev. Herman Smith officiated.

Sackville industries are booming as never before. The stove foundries of the Charles Fawcett Manufacturing Co., and The Enterprise, the harness and boot and shoe factories of the Standard Manufacturing Co., E. W. Way Limited and Edgar Aye the factory of the Sackville Paper Box Company Limited all are running full blast and are turning out manufactured goods by the carload. The foundries are especially busy many car shipments being sent to the west. The question of starting one or more additional industries is being considered.

A concrete sidewalk is being laid on the south side of Bridge street by the residents of that locality. Frank Dolson has charge of the work.

The Maritime Real Estate Company have divided into lots the property recently bought by them from W. L. T. Weldon, of Chatham. A right of way has been secured through property of Wm. Carter and Willow street is to be extended about 150 yards. A new street running at right angles to Weldon street extension will be opened but so far no name has been suggested. Through the action of the real estate company some fifty lots will be made available for building purposes.

Mrs. Charles W. Fawcett entertained a large number of friends on Friday afternoon.

An epidemic of measles has broken out among the children of the town and the attendance at the schools has fallen off considerably.
