

FIFTY FELLOW MEMBERS ASK THAT MAJOR BEATTIE BE APPOINTED TO SENATE

Unusual Tribute to Londoner's Popularity Before Premier Borden.

TO SUCCEED COX ALMOST A CERTAINTY

Both Parties Would Welcome Honoring of Prominent Citizen.

MEANS A BYE-ELECTION

Warm Contest Would Develop For the Conservative Nomination.

(Special to The Advertiser.)

Ottawa, Jan. 23.—Fifty strong, a delegation of Conservative members from all parts of the county marched on Premier Borden today and asked that Major Beattie, the member for London, be appointed to the Senate to fill the vacancy created by the death of Senator Cox.

Major Beattie is one of the veterans in the Commons, and one of the most popular men who ever occupied a place in the chamber. While a staunch Conservative, he has a host of friends on both sides. The appointment would be thoroughly popular. Premier Borden promised that the request would receive consideration.

The appointment of Major Beattie to the Senate would bring about an election within a short time in the city of London. It is almost certain that the major will be named, and his appointment would cause general satisfaction among his many friends in London.

Personally Popular. He has served the city of London for many years in the Dominion House, and has been personally popular for many years. It is felt that Western Ontario and London are entitled to another senatorship, and that there will be pleasure expressed on both sides if Premier Borden chooses to take such action.

Who Would Run? It is stated that the Conservative nominee in the event of a bye-election would be H. Marshall Graydon, J. C. Judd, police magistrate, has also been mentioned, but it is not thought likely that there has been some talk of Mayor Graham aspiring to the honor. There would be a warm fight for the nomination.

The major's appointment would in all probability be made before redistribution, and before London was given two seats, as has been anticipated. It is said that the city is to be divided by Dundas street into two ridings.

FAKERS VICTIMIZE 2,000 LONDONERS

Posing as College Students They Successfully Worked Magazine Subscription Game on Credulous Citizens—Arrested at Sarnia.

According to papers found in their possession, two "fake" subscription agents, arrested at Sarnia yesterday, victimized 2,000 Londoners during a systematic campaign, worked in London, last fall.

Chief of Police W. T. Williams was notified of the arrest of the men this morning, but before he could get in touch with Sarnia, the men had been deported to Port Huron where they are wanted on charges of misrepresentation and fraud.

THE WEATHER

LOCAL TEMPERATURES

The following were the highest and lowest temperatures recorded in London for 12 hours previous to 8 a. m. today: Highest, 26; lowest, 15.

The official temperatures for the 12 hours preceding 8 p. m. Thursday were: Highest, 26; lowest, 19 (above).

SATURDAY—COLDER.

Forecast, Jan. 23, 8 a. m. Southeast winds, with light falls of snow or rain. Saturday: Strong north-west wind, and turning colder.

Temperatures. The following were the highest and lowest temperatures during the 24 hours previous to 8 a. m. today:

	High.	Low.	Weather.
Victoria	48	36	Cloudy
Calgary	10	-4	Cloudy
Winnipeg	8	zero	Cloudy
Port Arthur	8	zero	Cloudy
Port Huron	16	10	Cloudy
Toronto	26	20	Cloudy
Ottawa	26	13	Snow
Montreal	2	-4	Cloudy
Quebec	4	-10	Cloudy
Father Point	2	-8	Clear

A disturbance now centred in the Missouri Valley is likely to move quickly to the Great Lakes and then east quickly followed by higher pressure and low temperature from the Western provinces. The weather has turned colder in Ontario but continues decidedly odd in all the other provinces.

TAYLOR SHOWED NO WEAKNESS ON WALK TO DEATH

Was Hanged Without Saying a Word, Shortly After 8 a. m.

RELATIVES GET THE BODY

Brantford Murderer Died Without a Struggle—Salvation Army Adjut. His Spiritual Adviser.

(Special to The Advertiser.)

Brantford, Jan. 23.—In a narrow hallway in the county jail this morning, James Taylor, the half-breed, who last September murdered Charles Dawson, a 13-year-old boy, and then horribly mutilated his body, leaving it on the roadside, where it was found the next morning, was executed. Taylor, always of a sullen demeanor, bore up well until the end. Last night he showed signs of weakening, being quite sick until midnight, and beef tea and other non-intoxicating stimulants were administered. After midnight he slept fairly well until about 6 o'clock this morning, when, without being aroused, he got up and dressed in his ordinary street clothes. All that he asked for breakfast was an egg, but when this, some toast and beef tea were secured for him he did not touch them. He had not a word to say before going to his death.

When the executioner entered his cell, he quietly rose and submitted to his hands being fastened behind his back. Walking with firm step and bowed head, he then followed the hangman, a young fellow, who goes by the name of Jack Holmes, and who had officiated at 28 previous hangings, into the death cell. He was accompanied by Adjutant Hargrave, of the Salvation Army, his spiritual adviser, who had been with him all night. As the black cap and noose were being adjusted, Adjutant Hargrave repeated the twenty-third Psalm, and when he reached the phrase: "Yea though I walk through the valley of the shadow of death," the trap was sprung and the condemned man went to his doom. A slight gurgle was perceptible as the rope tightened, but there was no twitching or struggle, Taylor having an easy death.

The trap was sprung at 8:07 o'clock, and nine minutes later the jail surgeon declared the man dead. It was some time later, however, before the body was cut down and the inquest held. The usual verdict was returned, and by previous arrangement, the body was handed over to relatives to be interred in one of the local cemeteries instead of in the jail yard as is customary.

Stole Goal to Keep Families Alive

Hamilton Men Sent to Jail, Though Magistrate "Hated" To Do It.

(Canadian Press.)

Hamilton, Jan. 23.—"I hate to send you men to jail, but this petty thieving must stop. I shall let you down as light as possible, two weeks each in jail," said Magistrate Jelfs today to two destitute men, who stole coal from the T. H. and B. to keep their families from freezing. The wives of the prisoners pleaded piteously for their husbands, and collapsed when the men went to jail.

Bound to London With Local Family Officials Refused to Allow Her to Enter Canada.

The action of the Canadian immigration authorities at Niagara Falls in sending back to New York a young servant girl whom her wife was bringing with her from Greece, has aroused the ire of Louis Pernokis, a local restaurant-keeper, and he has wired the department of immigration for an explanation. He claims that there was no reason for sending the girl back except that she stayed in New York one day after landing from the steamer, instead of proceeding at once to the border. She cannot speak a word of English, and what she will do in New York City he does not know.

Mrs. Pernokis a few months ago took her family of six on a trip to the old land. She returned via New York, bringing with her a servant girl, George Pernokis, brother of Louis Pernokis, who was in New York, and after resting there a day proceeded to Niagara Falls.

Here they were questioned by the immigration authorities, and George Pernokis explained the whole situation to them. They allowed Mrs. Pernokis and the children to proceed, but insisted on returning the girl to New York. The rest of the party came on to London, where Louis Pernokis is now endeavoring to get some trace of the girl and have her brought here.

Posed As Students.

Posing as college students, working their way through an American university through scholarships secured by obtaining magazine subscriptions, the fakers found many ready victims, who accepted their stories, and paid the subscription price to the alleged "student agents." In many parts of the city, the men, who are described by their victims as being exceptionally well dressed, and apparently clean cut young fellows, secured subscriptions from every resident of the block.

From complaints that have already been received, it would seem that the 2,000 victims, as shown by papers in the men's possession, would be a most conservative estimate of the number who "fell" for the plausible tale of the young men.

(Continued on page 11.)

Horses Take To Tango Craze

Special Correspondence.

Jenkinstown, Pa., Jan. 23.—When horses began to dance the hesitation in the streets of Ogontz, a village near here, the local authorities decided that this craze for the new steps had gone far enough.

It was L. A. Gamble, a business man, of Ogontz, who first reported that horses were tangoing at a certain crossing on the York road. It passed through the town. The village trustees were on the point of securing a writ of injunction to stop this unseemly performance, when it was discovered that a heavily charged electric light wire, and not equestrian perversity, was the cause of the dancing. Faulty insulation had allowed the current to pass into the roadway, whence it travelled up the horses' legs through their iron shoes.

May Start Painting Throats As "Cure" Smoking Cigarettes

American Experiment May Be Carried Out By London Temperance Workers to Break Habit of "Coffin Nails."

In an effort to stamp out the cigarette habit, there is a possibility that local temperance workers may try out an experiment that has been tried out across the line, of painting the throats and palates of cigarette smokers, thereby causing them to drop the habit. The treatment consists of painting the throats and palates of the smokers with a solution that is guaranteed to produce a repulsive taste for cigarettes. In addition each patient is given a mouth wash, after meals, and whenever the desire to smoke comes upon them.

It is declared by American anti-cigarette workers that the experiment has been a successful one, and it is proposed to continue the treatment. Prof. J. H. Bowman, one of the strongest temperance workers in London, in speaking to The Advertiser today, declared that while he firmly believed the habit could be cured by the medicinal treatment, he was convinced that the proper method of stopping cigarette smoking was by seeking off the habit entirely, using will power rather than medical power to accomplish this end.

Four Passengers Robbed in Train By a Lone Bandit

Hold-up Near Jackson, Michigan, Was Serio-Comic Affair It Is Said.

"I'M A REAL ROBBER"

Made Porter Collect Cash From Men in Berths While He Held The Gun.

(Canadian Press.)

Chicago, Ill., Jan. 23.—With the assistance of two reluctant but badly scared passengers, a lone bandit held up four passengers on the rear sleeper of the Michigan Central passenger train due here from Detroit at 7:30 o'clock this morning. It was a serio-comic affair, which ended with the bandit something under \$300.

The robber entered the train at Jackson, Mich., and left it about fifteen minutes later, when Louis Thoms, one of the porters, signalled for the emergency brakes.

T. Meritts, a porter of the car attacked, was the first to view the robber, who pointed a pistol at him and handed him a bag.

"Here," said the intruder, who was dressed in a black and white check suit, and wore a cap pulled down over his eyes, "you go ahead and wake the passengers. Tell 'em there's a robber wants their money. No monkey business! I've got three or four pals with me."

Meritts took the bag—or hat, he is not sure which, but thinks it was a bag—and shook the occupant of the first berth he came to.

"Excuse me, sir," said the porter, "but there's a man here says give him your money."

"Aw, shut up; quit your kidding, and let me sleep," came the angry reply from the berth.

"Tell him I'm a real robber with a gun," interposed the bandit, who poked the weapon between the curtains, where there was a tinkle of coins flowing into the receptacle in the porter's hands.

From A. M. Todd, of Chicago, the robber got \$125; from Herman Marks, of Detroit, \$100, and from F. B. Palmer, of New York, an unknown sum. "I don't know how much," said Palmer, "but it was what spare change I had with me."

There were about twenty passengers in the car, and most of them didn't know that anything had happened until they awoke this morning. The robbery took place at 1:45 o'clock. There were no women in the car.

The conductor of the train was authorized for the statement that there was but one robber. One porter thought there were four of them, and the other thought there were five. The conductor said that so far as he was able to learn, the bandit's comrades existed only in some excited imagination.

(Continued on page 11.)

Riley Follows Routine of Regular Prison Life

Since Postponement of Trial Accused Murderer Continues "Track Work" and Reading.

Tom Riley, since the postponement of trial at the January assizes, has gone back to the routine of prison life to await the coming of the spring assizes, when he will be placed on trial for his life for the murder of George Blackburn. The postponement of his trial did not come as a surprise to him, as his counsel had advised him several days previously that a postponement had been agreed to, and that the bringing in of a true bill by the grand jury was as far as proceedings would likely go when the case was called in court.

Riley spends his time in much the same way as he did previous to the trial. He takes exercise regularly on the miniature "track" he has made for himself in the exercise yard, and spends considerable time in reading. His health continues good.

CON. J. P. MOORE DECLARES SUBWAY PLAN IS FEASIBLE

Plan to Prevent Street Railway Congestion Indorsed by H. ad of Financial Department.

WOULD SUMMON G. T. R.

"Should Lay an Information Against Company for Maintaining Pre-ent Station," He Says.

In a statement to The Advertiser this morning, Controller J. P. Moore, head of the city financial department, declared that the construction of the Ridout street subway was the most feasible method of meeting the present traffic congestion at the Richmond and Clarence street level crossings of the Grand Trunk.

Commenting on the interview given to The Advertiser by General Superintendent H. E. Whittenberger, of the

middle division yesterday, in which he declared the company would have no objections to going into the proposition, Controller Moore said the scheme was the best in sight unless track elevation was consummated.

"Unless we get the elevated tracks, Ridout street is the logical location for the construction of a subway," said the controller. "The situation of the land there is such that a subway could be easily constructed. Of course, if we have elevated tracks later, the subway would have to be altered, but it may be some years before we have them, and we ought to have some relief immediately."

Trunk for maintaining a nuisance in keeping such a building as the present station. It is more than a disgrace and it is time that some decisive action was taken."

London Going After BIG CONVENTIONS

Controllers Will Endeavor to Secure W. O. W. and Corn Growers' Meetings.

London will make a bid for the convention of the Woodmen of the World, which comes off next March. A communication was read at this morning's session of the Board of Control from Industrial Commissioner Gordon Philip, stating that he thought the convention could be brought here if a suitable hall could be secured. Controller Cole strongly urged making an effort to bring the convention here and the new Masonic Hall will likely be secured to accommodate the convention. An effort will also be made to secure for London the annual exhibit of the Ontario Corn Growers' Association.

MAN WHO WILL MAKE AN EFFORT TO REPEAL THE NAVAL ACT OF 1910

D. C. L'ESPÉRANCE, Conservative M.P. for Montmagny, Que., who, it is said, will introduce a bill providing for the immediate and unconditional repeal of the Naval Act of 1910.

DISCOVERY OF HIDDEN OPIUM STARTS POLICE INVESTIGATION

Jail Matron Finds Quantity of Drug In Prisoner's Possession And Detectives Start Searching Inquiry As to Its Source.

As a result of the discovery of a quantity of opium, sewn in the lining of the skirt worn by Hattie Bandy, who yesterday was sent down by Police Magistrate J. C. Judd, for a month on a charge of keeping a disorderly house at 318 Talbot street, Detectives Harry Down and Robert Egelton are today conducting an investigation into the source of the prohibited drug.

After the police raid of Wednesday night, opium was found in the woman's house. In police court yesterday she denied all knowledge of the drug's presence and refused to divulge its use or from whom it had been purchased, as a result she was sentenced to 15 days, in addition to the 30-day sentence on the disorderly-house charge. The second discovery of opium in the woman's possession confirmed the police suspicions of the existence of an "opium depot" in London, and the investigation started.

Will Solve Mystery. It is believed at police headquarters that the finding of the opium on the Bandy woman's person will pave the way to the discovery of the mysterious go-between who has been passing out the drug to a number of unfortunate London young men and women who have become addicted to the habit.

Of late a number of complaints have reached the police that some person in London was selling opium, and that one or two persons had been seen on the street under its influence. In the arrest of the Bandy woman, the police think they will be able to unravel the puzzle that has kept them guessing for some time.

Can Find No Records. The detectives examined the drug books in the drug stores, but were unable to find where any sale had been made of opium. It is against the law for a druggist to sell opium to a customer without an order from a doctor. The Bandy woman refuses to tell the police where she secured the drug or whether she was addicted to the habit herself. To all questions she answers: "I don't know a thing about it."

It is the opinion of the police that the drug was secured in the United States, and retained, at a good profit, to London unfortunately.

SUNDAY CAR OPERATION ON JAN. 25 DOUBTFUL

City Solicitor Still Has Agreement and Manager Will Decline to Start Cars Without its Ratification.

Sunday cars for Jan. 25 seem doubtful. As yet the agreement between the company and the city for the operation of the seventh day cars is still in the hands of the city solicitor, its preparation being still incomplete. Until it is not submitted to their directors. According to a statement made to The Advertiser this morning by Manager C. B. King, the cars will not be run without an agreement having been signed, ratified by the directors, and therefore legal and binding.

How the American Parcel Zones Work

Canada's parcel post system, to be inaugurated shortly, is vastly different from that of the States so far as the location of the rate zones is concerned. Across the line every postoffice is a centre of a zone. In Canada it is proposed to make every province a zone.

The Advertiser's fight for at least a second parcel post zone for Western Ontario finds an unusually strong support in the parcel post regulations of the United States. There the benefits of the parcel post system are equally divided. In Canada, under the proposed Government scheme, the benefit will go to the mail order houses to the natural handicap of the smaller stores in rural communities and small cities.

As a concession the Government has decided to give a 20-mile local zone for each postoffice, but this is regarded as sadly inadequate when compared to the gradual radius system of the States, that gives every city and town, every postoffice, in fact, an equal advantage in reaching the community in its immediate vicinity.

The American parcel post zones are determined as follows: From any postoffice, as a centre, all territory within 50 miles is in the first zone, within 150 miles in the second zone, within 300 miles in the third, within 600 miles in the fourth, within 1,000 miles in the fifth, within 1,500 miles in the sixth, and within 1,800 miles in the seventh zone. All postoffices further distant (Hawaii, Alaska, Guam and the Philippines) are included in the eighth zone.

The rate of postage has been twice reduced, and may be reduced still further. It is proposed to increase the weight limit to 100 pounds. This matter is now under advisement by the attorney-general's department.

Although the parcel post has been in operation but one year, it has not only paid for itself, but also resulted in a surplus in the postoffice department for the first time since 1885.

Following is a table showing how the zone rates work out in the American system:

Weight—

First Zone.

Second Zone.

Third Zone.

Fourth Zone.

Fifth Zone.

Sixth Zone.

Seventh Zone.

Eighth Zone.

1 pound \$0.05

49 pounds \$0.53

50 pounds \$0.54

Under the signature of A. S. Burison, postmaster-general of the United States, and bearing the date December 8, 1913, the latest amendments in the weight line for the parcel post system of the States are specified. The order says: On and after January 1, 1914, the limit of weight of parcels of fourth-class mail for delivery within the first and second zones shall be increased from 20 to 50 pounds and in the third, fourth, fifth, sixth, seventh and eighth zones from 11 to 30 pounds.

The rate of postage on parcels exceeding 4 ounces in weight in the third, fourth, fifth and sixth zones shall be as follows:

CORTESE ORCHESTRA
SATURDAY AFTERNOON.SMALLMAN & INGRAM
LIMITEDSTORE CLOSES SATUR-
DAY AT 6 O'CLOCK.

Notable Savings in January Sales Saturday

We are nearing the end of the month, and much ground is yet to be covered by our Pre-Stock Inventory Sales, which means that much will have to be crowded into each remaining day, much of which may not be listed in the newspapers. Saturday, being the biggest shopping day of the week, will have to carry more than the usual amount of week-end clearings, and will surely prove to be the most profitable shopping day since the beginning of these sales. Come in the morning—the early hours are golden. Such items as are listed here will be quickly disposed of at the prices.

Women's and Children's Kimonos Pre-Stocktaking Clearing Saturday

at less than half today's prices in most cases. These are grouped into five lots and the reductions are made for a quick sale. Some are soiled.

All made up ready for use from good Scotch crash, pure flax, red or blue borders, 2½ yard Towels. Special, each25¢

Note the Substantial Savings for Men Saturday Suits, Overcoats and Shirts

The above may be well called the big three in Saturday's sales. Only one more Saturday before stock-taking in which to make the necessary clearings, and prices have been made accordingly. The sale of men's suits alone should fill the aisles at 8:30, and many will be here at that hour purposely to get a \$2 shirt at 79c or a \$3 hat for \$1; also the overcoats at \$9.75 and \$15 tell a story of big savings. The earlier you buy Saturday the better your choice and greater your bargains.

Sale of Room Rugs Begins Today

and will continue Saturday and next week. ONE-HALF, ONE-THIRD and ONE-QUARTER OFF yesterday's prices. Third floor.

Pre-Stocktaking Clearing Odd Lace Curtains Saturday About 100 Pairs in 1 and 2 Pair Lots, Today's Prices \$2 to \$12, Saturday \$1.29 to \$7.95

We have sorted our stock thoroughly and all single and two-pair lots have been reduced for quick clearing, as stated above. In these you will recognize the choicest and most popular Curtains, the proof of which is the fact that all are sold but one or two pairs, which we will now sacrifice to clear the stock and prepare for receiving the new spring lines. A great opportunity to renew your Curtains, even if you keep them until spring.

25 PAIRS ONLY—Fine Nottingham and Cable Net Curtains, in white and ecru, 1 and 2 pair lots, prices \$2 to \$3. To clear Saturday, pair\$1.29

25 PAIRS ONLY—Fine Irish Point and Brussels Lace Curtains; also Voile Curtains, in white and ecru, 1 and 2 pair lots. Prices \$5.00 to \$7.00. To clear at, pair\$3.48

Draperies—Fourth Floor.

30 PAIRS ONLY—Nottingham Cable, Voile and Irish Point Curtains, white and ecru, mostly 1 and 2 pair lots. Prices \$3.50 to \$4.50. To clear at, pair\$2.58

20 PAIRS ONLY—Handsome Irish Point Venus and Marie Antoinette, in ivory and ecru, 1 and 2 pair lots. Sold regularly at \$9.00 to \$12.00. To clear at, pair\$5.95

60 Men's Scotch Tweed Suits, Reg. Prices up to \$26, for \$11.75

These are all high-grade goods—extra quality Scotch Tweeds—not a cheap or inferior quality in the lot—a sale of strictly high-class suits at a decidedly low price. Our spring purchases are about due to arrive, and rather than leaving it until after stocktaking, we have decided to make room for new spring lines before stock is listed. Thus this sale has a two-fold object—to lessen stock for listing and at the same time making room for spring goods. Only 60 suits to clear, which we will not further describe. Prices range as high as \$26.00. Sizes 34 to 44. Suits for every size and type of figure. Get yours early—price \$11.75.

SHIRT SALE 79c ANY HAT SATURDAY \$1.00

Many Are Soiled

This is an event that creates great interest whenever announced. We do not make such announcements often, but our patrons have learned to know what it means, and many have found out that then is the time to buy Shirts—even twelve months' supply.

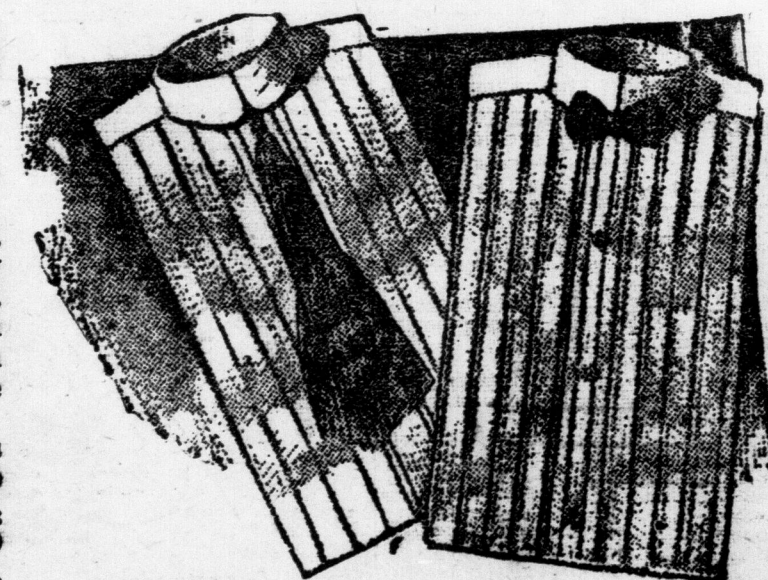

This is our pre-stocktaking clearance of broken ranges from our regular stock. All neat designs and good colors, but many are soiled, but all are fast washers.

6 Dozen Plain White Shirts, \$1.00, \$1.25 and \$1.50 quality. 15 dozen Black and White, Blue and White and Mauve Striped Percales, Madras, Cambrics and Oxfords, \$1.25 to \$2.00 quality, all sizes, 14 to 18 bands. At 8:30 Saturday, to clear at, each79¢
Not a cheap Shirt in the lot. Come early.

Regular \$2.00 to \$3.00 Soft or Stiff

We intend, if possible, not to list a Hat in stocktaking, and also to be able to show next month a stock of all New Hats for spring. In Men's Hats, as well as Ladies' Millinery, we believe it is equally important to clear out every Hat each season, that the Hats may be worn when in style, as when out they are not worth 25 cents each. So Saturday our entire stock will be offered at one dollar each.

10 dozen Soft Felt Hats, black, brown and gray shades, sizes 6¾ to 7¼. Your choice\$1.00
10 dozen Black Stiff Hats, good shapes and styles, sizes 6¾ to 7¾. Your choice\$1.00

Howick Hall, Ottawa, After the Explosion Which Killed Three Men and Injured Six

ANOTHER INSTANCE OF AMERICAN COURTESY

Ilderton Woman Reports Case of Incivility to Which Relation Was Subjected by Immigration Men.

Another example of alleged incivility and discourteous treatment on the part of American immigration officials at Niagara Falls towards Canadian and British visitors to the United States is reported to The Advertiser by Miss N. T. Robinson, of Ilderton. A relative of Miss Robinson recently went to New York for a short visit.

In a letter written shortly after her arrival there, she has the following to say about the treatment she received at the hands of the immigration officers at the United States border:

"I arrived safe and sound and none the worse for my journey, except that I had to pay \$4 to be allowed to enter this land of the brave and the free. My first change was at Suspension Bridge, and there I was put through my examination, to see if I were fit to enter America. I was taken to a room, where three men were sitting at a table. I was told to sit down, and then they all stared at me, and wrote out my description. Then they asked me a hundred and one questions, and made me hold up my hand and swear I had told the truth.

"After that they told me I had to pay \$4, but if I left the States within 30 days, I could have it refunded. That is American hospitality. However, I see they have kindly given me two inches to my height—five feet three inches they call me—so I think that is almost worth four dollars."

ORIENTS ARE HOSTS

Entertain Many Friends at Informal Dance.

The Orient Club were the hosts at an informal dance given in the Dominion Savings Building, on Richmond street, last night. Seventy-five couples were in attendance, and it is safe to say that 150 people enjoyed themselves to the limit.

The ballroom was tastefully decorated with the colors of the club. Drapings in orange and black interspersed with blue, were included in the displays, while similar hangings draped from the ceiling, in the centre a large black banner with the name "Orient," in orange completed the "toute ensemble" of the display.

Waltz numbers and other favorite "glades" were played by the Tony Cortese Orchestra, in a manner that brought rounds of applause from the dancers. To the enticing rhythm of the harp music, the gay company swung through the numbers and encores with rare grace.

Dancing lasted until an early hour. The patronesses were: Mesdames W. A. McRoberts, L. E. McGugan, W. J. Connor, A. B. Callahan.

The committee: Messrs. A. N. Corpe, T. G. Maitland, P. B. Healey, H. W. Mills and A. B. DeWolfe.

TALK ON SWITZERLAND

Canon Tucker Takes A. Y. P. A. Into Alps With Lantern.

The Anglican Young People's Association of St. Paul's Cathedral held a most successful meeting Thursday evening. Rev. Canon Tucker, the rector, delivered an interesting travel-talk on "Switzerland."

Lantern slides depicting the Alps and other scenes characteristic of the country were used to illustrate the lecture, and were much enjoyed. Hobbs Taylor, president of the association, presided at the meeting.

HENRY A. ROBINS DEAD.

[Canadian Press.] New York, N. Y., Jan. 23.—The death of Henry Asher Robins, one of the founders of the Waltham Watch Company of Waltham, Mass., was announced today. Mr. Robins was 54 years old.

COURT HOUSE REPAIRS WILL LAST SIX WEEKS

It Will Be That Time Before all Are Completed, Says Sheriff.

Repairs to the local court house will be completed in about six weeks' time, according to Sheriff D. M. Cameron. All the exterior work has been completed, and there is little beyond the finishing touches to be done in the interior. The courtroom itself is rapidly nearing completion, only the decorating of the ceiling and the installation of some of the furnishings remaining to be done.

The witness-room, adjoining the courtroom, are the farthest from completion of any, but work is proceeding rapidly on these, and they should be in shape in the course of three or four weeks. The judges' chambers have been completed.

Downstairs the waiting room on the corridors is still in an unfinished state, and some work yet remains to be done to several of the offices.

"I think six weeks should see the work all completed," said Sheriff Cameron to The Advertiser.

MINES COMMITTEE MAY INVESTIGATE

Congress expected to Agree to Federal Inquiry Into Strikes—Union Men Pleased.

[Canadian Press.] Washington, D. C., Jan. 23.—Plans for congressional investigation of the Colorado and Michigan mine strikes were being framed today by congressmen, who expect the House to act favorably on the decision of last night's caucus, which instructed the rules committee to bring in a special rule permitting such an investigation.

While the action of the House does not actually order an investigation, supporters of the movement declare it assured one and they expect to see hearings begun by the House mines committee within two weeks. The House itself, however, will have to act upon the matter when the rules committee reports.

Those who opposed the investigation in the caucus will continue to oppose it on the floor of the House, on the contention that no federal question is involved in either strike to warrant congressional interference.

Houghton, Mich., Jan. 23.—Union men in the copper district seemed pleased today at the prospect of a federal investigation of the strike of the miners which has been in progress since last summer.

The strikers declared they had nothing to fear from an investigation by a committee of the House of Representatives, such as was agreed on last night by a caucus of the Democratic members of the House.

NEWSPAPERMEN UP BEFORE COMMISSION

In Connection With Articles on Krafchenko's Escape From Prison.

[Canadian Press.] Winnipeg, Jan. 23.—The feature of yesterday's session of the royal commission to investigate the escape of John Krafchenko from the central police station was the calling of local newspapermen, including the editor-in-chief of the Free Press, in connection with an editorial published in the columns of that paper not long after Krafchenko's escape. A determined effort was made by E. A. Anderson, K.C., to ascertain, by obtaining from Mr. Daffoe some names, who might have been responsible for the editorial. Mr. Daffoe stated he took full responsibility for the article which had served the purpose for which it was written. He said, however, no direct personal knowledge of the accuracy of the rumors regarding which he had written, but claimed it as the right of a public journal to take cognizance of such rumors when they affected the interests and welfare of the public. He was not prepared to give any names, nor was he pressed to do so. He expressed confidence in the royal commission, and in the inquiry that was being carried on by it.

The article in question intimated that there was a political side to the escape. The trial of Percy Hagel will be resumed today.

TELLS LEGISLATURE OF JOSEPH MEARES

Parker Williams Draws Attention to Boy Who Died in Prison.

[Canadian Press.] Victoria, B.C., Jan. 23.—Last evening, I had the honor of seconding a resolution of sympathy with the family of Lord Strathcona. Today, I wish to speak of another who is dead—this time a mere boy, Joseph Meares, who died two days ago in jail, the son of one of the Ladysmith miners. He had been arrested in connection with the disturbances of last August. They were occurrences of no size whatever, to anyone who knew of the conditions, in spite of which fact, large numbers of men are serving long terms in prison and this mere boy was one of these.

Speaking in a voice choked with feeling, Parker Williams, member of the Legislature, opened the debate in reply to the speech from the Throne in the Legislature last night. He spoke for two hours and ten minutes, while discussing the case of Meares.

HEIR BORN TO PRINCE VICTOR NAPOLEON

[Special to The Advertiser.] Brussels, Belgium, Jan. 23.—An heir to Prince Victor Napoleon, the official pretender to the imperial throne of France, was born here today.

Prince Victor Napoleon, who is in his 62nd year, was married in 1910 to Princess Clementine of Belgium. A daughter was born in March 20, 1912.

BAD BLOOD IS THE DIRECT CAUSE OF Pimples.

Pimples break out on the face and body, and it is impossible to get rid of them, unless you cleanse the blood of all its impurities.

Burdock Blood Bitters is without a doubt, the very best medicine for this purpose.

This old, and reliable medicine has been in use for nearly forty years, and has a reputation unequalled by any other preparation for removing all the impurities from the blood and banishing the pimples.

Mr. Edward Paquette, Navan Centre, Ont., writes:—"One month ago my face was covered with pimples and a rash. I had tried a number of these so called blood purifiers with no avail. Seeing an almanac of yours in which you strongly recommended Burdock Blood Bitters, I decided to try a bottle, and after I had taken it I could see a decided change, and after using three bottles more all the pimples had completely disappeared."

REBELS GETTING ARMS THROUGH GUATEMALA

Government Agents at New Orleans Are Convinced of This.

[Canadian Press.]

New Orleans, Jan. 23.—After an investigation covering several weeks, Government agents here are convinced Mexican revolutionists are obtaining arms and ammunition through Guatemala. The investigation developed the fact that recent shipments passing through this port, destined for the Guatemala Government, were purchased in this country by an agent of Emmanuel Castillo Brito, formerly governor of the Mexican State of Campeche.

Three hundred thousand rounds of ammunition passed through here two weeks ago for Guatemala, but as it was consigned to that Government, the special agents could not seize it.

Bruto went to Campeche by way of Belize, British Honduras, after his release here by United States authorities, who held him several weeks on charges preferred by the Huerta Government.

Several Mexicans known to be friends of Bruto sailed from this port today on the steamer Marowijne for Porto Barrios, and it is said by those familiar with Mexican affairs that a new uprising against the Huerta Government in the States of Yucatan, Campeche and Tabasco is being planned.

NINTH COTTON GINNING REPORT

[Canadian Press.]

Washington, Jan. 23.—The ninth cotton ginning report of the census bureau for the season, issued at 10 o'clock this morning, announced that 12,589,171 bales of cotton, counting round as half bales, of the growth of 1913, had been ginned prior to January 16, to which date during the past seven years the ginning averaged 95.5 per cent of the entire crop. Last year to January 16, there had been ginned 13,088,930 bales, or 97 per cent, of the entire crop.

Included in the ginlings were 97,034 round bales, compared with 78,690 bales last year.

The number of Sea Island cotton bales included were 76,182 compared with 70,758 bales last year.

The final ginning report will be issued Friday, March 20, at 10 a.m. and will announce the quantity of cotton ginned prior to February 23.

AMERICAN AUTHOR DEAD.

Springfield, Mass., Jan. 23.—George S. Merriam died in this city last night, aged 71. His father founded the company which published Webster's dictionary. He was for five years editor of the Christian Union, now the Outlook, under Henry Ward Beecher. He was the author of many books dealing with life and conduct, and the spiritual side of things.

Backache Banished.

Thousands of men and women are suffering from weak, lame and aching backs, and many of them unable to do any work for the pain.

The stitches, twinges and twinges are bad enough and give enough misery, but, back of the backache, and the cause of it all are the disordered kidneys crying out in warning through the back.

Backache is kidney ache, and there's serious trouble ahead for you if you neglect it.

Doan's Kidney Pills cure every form of backache by curing the sick kidneys that cause it.

Mrs. Jack Mason, Springfield, N.B., writes:—"I have been suffering from backache for a very long time. I tried everything and did everything, but still I would suffer. One day I was looking over your Almanac, and saw your advertisement for Doan's Kidney Pills, so I got 5 boxes, and I am glad to say that they brought me back to life again, and from now on I will never be without them."

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

Bargains	The Wm. Geddes Co., Limited	Bargains
ESTABLISHED 1881		

And What Do You Know About That?

Are you serving anybody? Are you a Parasite? Do you spend your money home or outside? Where do you stand for the good of your fellows?

One of the main things that this store has always stood for is "SERVICE," getting the right goods from the right source; going direct to the fountain for all the lines of goods we handle; sending them out to the people in the best possible way; giving courteous, kind attention to the wants and fancies of our customers; "selling goods for cash, at one price and on their merits;" making business a real pleasure as well as work and profit. Like the shoemaker who said "he had not done much in this world, but he had made his shoes the best he knew how;" that's the kind of work this store has and will be doing. We don't put on a sale and have people say, pshaw, nothing in that. Even the fellow that is always looking for \$2.00 for \$1.00 comes here and goes away with his bargain to say that's the store where you get what they say, Bargains---these days never bigger or better. You have come. Come again. It's getting warmer on the price as the days go. Rush on the crowds. We are doing things for you.

WOMEN LEAD RIOT OVER "MOTHER" JONES

Militia Forced to Charge the Mob With Their Sabres Drawn.

[Canadian Press.]

Trinidad, Colo., Jan. 22.—Twenty or more persons including eight women are under arrest, and at least five are known to be suffering from slight injuries as the result of a serious street riot which took place here this afternoon when the militia, under the personal direction of General John Chase, broke up a mob of strikers and strike sympathizers which was attempting to march to San Rafael Hospital, where "Mother" Jones is held under military arrest.

ASK MUNICIPALITIES TO SUPPORT FRANCHISE

[Canadian Press.]

Toronto, Jan. 22.—The municipal franchise referendum commission has sent a circular letter to the mayors and reeves of Ontario municipalities, pointing out that Toronto, at the last civic election, voted in favor of municipal franchise for married women taxpayers, and asking that they have resolutions passed favoring a province-wide adoption of this principle.

ANOTHER SMALLPOX CASE

Daughter of Mapleton Postmistress Latest Victim of Outbreak.

[Special to The Advertiser.] St. Thomas, Jan. 22.—Medical Health Officer McKillop, of this city, has been advised by the Yarmouth township health authorities of another case of smallpox at Mapleton. The victim is the daughter of Mrs. Bray, postmistress and general storekeeper at that place. The Kingsmill school has been closed and the postoffice quarantined.

FIND INFERNAL MACHINE

[Canadian Press.] Houghton, Mich., Jan. 22.—A harmless-looking suitcase found this afternoon by Under-Sheriff Harris in a clump of brush near the plant of the Ahmeke mine in Keweenaw County, contained an infernal machine, according to reports received here tonight.

Attached to one end of a small board, according to the report, was a can partially filled with nitro-glycerine. On the other end was fastened an alarm clock and dry battery connected by wires with the can. The wires were so arranged, it is said, that the ringing of the alarm would set off the explosive. The clock was not running when the officer opened the suitcase.

ALLIANCE AGAINST GREECE

London, Jan. 23.—The Vienna correspondent of the Daily Telegraph reports that Turkey and Bulgaria have concluded an offensive treaty against Greece.

CATTLE WERE KILLED.

LITTLE TALKS

[Copyright, 1914, The International Syndicate, Baltimore.]

No. 59

I AM FOR the daily newspapers strongly because I appreciate the wonderful vitality of their immense circulation," said President David L. Taylor, of the Taylor-Critchfield Advertising Company, at the banquet in his honor in Chicago. "The daily newspaper is a great and quick influence on the public mind. Being the carrier of everyday news, in which we are all interested, the advertising it contains naturally becomes a part of the news that it contains."

The classified, or Want Ad., columns are as interesting in their way as are the news columns. I know folks who read the Want Ads. as regularly as they read what's going on in the City Hall or the details of the football game or the hundred and one news of items of current interest.

That is because there is in the Want Ads. what psychologists term "human interest." And that high-sounding quality is nothing more nor less than a broad interest that appeals to Tom and Dick and Harry—to you and to me—because we are all human beings and are interested in other human beings.

In the classified columns there are printed, each day, the little business stories of the man who wants to buy or the man who wants to sell—the woman who wants a domestic—the domestic who seeks employment—the man who has lost or found something—the people who are looking for situations—the employer who desires competent help—the man with a business chance to offer to his fellow-men—rooming and boarding accommodations—and so on through all of the many classifications that reflect the wants of the people.

"The daily newspaper is a great and quick influence on the public mind." And no section of a really good newspaper is quite so appealing in human interest to the great mass of readers as are the classified columns, or Want Ads.

By the way, have you read the Want Ads. in today's paper?

The Want Ad Man

LONDON, FRIDAY, JAN. 23.

THE CANADIAN MILLER.

CANADIAN millers object to the duty being taken off flour as requested by the grain growers, and claim that they will in that case be ruined. There is a problem here that we do not understand. Under the present tariff the millers report that last year was the most prosperous they ever had. They certainly are doing a good business. They not only have practical control of the Canadian market, but they can send their products to free trade England, and sell at such a figure that the consumer there can buy it from his local dealer fifty to ninety cents per barrel cheaper than we can buy the same article in Canada. A 60-cent per barrel duty keeps foreign flour from coming into Canada. Why should our people pay 60 cents more for a barrel of flour than they should pay? If the miller can sell his flour cheaper in England than in Canada, despite the long transportation charges, why should he not bring the price down here? It is not likely he would sell it in England if he did not get a profit on it. Why not content himself with the same profit here, instead of wanting to be boosted up by the aid of a tariff? It is, of course, natural that he should want to make all the money he can. But it is not at all necessary that the law should give him the opportunity to make so much more out of his Canadian customer than he does out of the people in England. Why not let the consumer have a share in his prosperity?

FOLLOWERS OR DRIVERS.

THE Toronto Telegram, speaking of naval matters, tells us that "the Conservatives rose up and cancelled their leader's subscription to the Laurier naval policy." We should be sorry to think so. Our own belief is that the rank and file of the Conservative party have faith in Canada's ability to take up the burden of her own defence, as far as possible, and that she should not shirk her duty by hiring help from England. But if it is true then we do not consider it very much of a compliment to the Premier. What is called "the Laurier policy" was introduced in the first place by Mr. Foster, and accepted by both parties in the House. It was really a Foster-Laurier-Borden policy. It is safe to assume that Mr. Borden believed in it when it was introduced by his first lieutenant with his indorsement. But, according to the Tory paper above quoted, at the demand of his supposed followers he reversed himself, discarded his own policy, disavowed his own belief. If that was his reason for cancelling his subscription to the Canadian naval policy, it may be presumed that he still believes in it, but dare not avow it. Instead of being the leader of his party he is driven by his party. The charge is not ours; it is made by the paper that supports him in his present position, and is doubtless pleased with the idea that it belongs to the drivers, and is not one of the followers.

A LESSON FOR CANADA.

THE most radical pieces of legislation ever suggested in a free country were introduced in the United States Senate last week. One was designed to bring about the complete annihilation of anything that bore the earmarks of an industrial combine acting in restraint of trade. The other was little less than a proposal to organize a "trust" in the interests of farmers by making provision for co-operation in marketing farm products and eliminating competition.

The trend of political events in recent days in the United States indicates that the cry for bread combined with the great increase in the cost of living, has produced something like a stampede among Uncle Sam's legislators. It is scarcely two decades since the United States was looked upon as an agricultural country. Then came the high protective tariff, which resulted first in the building up of huge industries and then of huge combines, culminating in the billion dollar United States steel corporation.

The centralization of capital began to produce serious effects during President McKinley's time. His successor, Roosevelt, was the first to seize the situation. He matadored into the ring and waved a red cloak. The grand stand applauded and the show was on. President Taft's judicial temper continued the onslaught, relentlessly but calmly. He caused the dissolution of

the Standard Oil Company, but in a way which failed to satisfy the administration of President Wilson. He permitted the United States supreme court to read into the law the "rule of reason." The Wilson administration seems to be about to decree that there is no "rule of reason," that all combines and trade agreements must end. It is probable that within a short time thousands of people who have invested their savings in watered stock will find themselves financial derelicts.

The lesson has come none too early for Canada. It remains to be seen whether the Government will act. Present indications are that the Conservative administration will continue to foster the combine and neglect the farmer.

DOWN EAST.

A MINISTER preaching to a large congregation in this city on Sunday referred to the influx of French-Canadians into the eastern counties of Ontario. According to him, some French organization exists which promotes this migration as a steady, solid wave, by purchasing farms when available in contiguity to territory already occupied by "habitants."

This is by no means a new story. Certainly the French population is sweeping into the old Scottish settlements of eastern Ontario. The census figures amply show that.

In 1901 Glengarry had over 12,000 people of Scotch origin, 14,457 all told of British origin, and 7,219 French; in 1911 the figures were 12,283 British and 8,710 French. Russell had, in 1901, 16,053 British, 17,522 French; in 1911, 15,253 British and 22,475 French. Prescott, in 1901, had 7,642 British, 19,190 French, in 1911, only 6,546 British and 20,124 French. So Armand Lavergne keeps thinking of a French state some day to the north of the American Republic.

However, it is worth noticing that, in spite of French immigration or increase, the rural population of all those counties went back in the last decade. Glengarry's net rural loss was 1,335 or about six per cent, Stormont's 2,572 or ten per cent, Russell's 1,204 or three and a half per cent, Prescott's 541 or two per cent. The incoming of French farmers may not be altogether undesired in such circumstances.

If it be thought better to plant English-speaking farmers or even foreigners on farms for sale in the corner of the Ottawa and St. Lawrence, there is a chance for the formation of an English association, to raise funds for purchase and loan to the colonists on easy terms of payment. The association might draw an Offa's Dyke across the region and, working on the "what we have we hold" motto, stem the glacier-like advance of the habitants. In such an association one can imagine the Orange Lodge and the Irish Roman Catholics, a solid Ireland set against the intruding nationality, standing shoulder to shoulder, for "The Watch, the Watch on the Dyke," so to speak. There are about 2,000 German-Canadians in Stormont County who would surely rise to such a call. It would be a great work for English, the brogue, the Fatherland and an Irish peace.

As for the peril to Ontario of being submerged in time by French-Canadian farmers, it is just as well to remember that currents often change their course. Once upon a time, for example, the Germans moved steadily eastward into Polish and Russian territory, and millions of them still live in western Russia. Today the Slavs in their turn press westward into Germany. Conditions may change in Canada of their own accord. It is better for Canada, at any rate, that not all the French who leave Quebec for more room should head for the Eastern States.

CORPORATION CONTRIBUTORS.

THE treasurer of the Democratic state committee of New York has been charged with receiving contributions from a corporation for political purposes, and found guilty. One sometimes hears of graft and corruption among our neighbors, but it is not always realized the efforts they make to cure the evils, and purify their politics. Not the least effective remedy, Canadians are inclined to think, is the law requiring the publication of the names of contributors to campaign funds, and forbidding the payment of money by corporations for political purposes.

Theoretically the difference between an individual contributor and a corporation is not great; but practically there is a very important difference. The individual sends his \$10 or \$100 to assist in the election of someone in whom he is interested, or whose policy he approves. It is a contribution towards the public good, so far as he understands it. There may be an undercurrent of feeling that the election of his candidate, or the adoption of the policy he advocates, may eventually be of some personal service to the contributor. But in the multitude of those contributing the individual's chance for personal profit is correspondingly small. It is altogether different when a corporation hands over its thousands. It is not looking after the public good. Corporations are for the purpose of making money. They have no ideals above money-making. They spend money only to help their own business. That is perfectly natural, and can scarcely be considered culpable in itself. But when it supplies the sinews of war for a political party it must do so for personal gain and not for the public good. That its individual members may feel that the prosperity of the country depends on their own prosperity is not unusual,

but their opinion is prejudiced. And when we see the power they can exert by their capability of making huge contributions which might materially influence the results of an election, we can see how their work may be evil, and only evil. As long as human nature is weak a soulless corporation, if unrestrained, can wield a tremendous power, in which the public welfare meets but little consideration.

A law compelling the publication of all political subscriptions can do no harm, but much good. If the subscription is honestly made, and in the public interests, there is no reason for secrecy. If the contributor believes that he is doing something for the public welfare, he has no reason to be ashamed of it, and should be perfectly willing to do it openly. And while the shrewd men who manage trusts and combines and corporations will find ways and means of evading the law, yet it will be of benefit to the extent it is enforced.

Had such a law been operative in Canada, we would have had some better idea who was at the back of the Conservative party during the last election. It would not, for instance, have been necessary to wait till Mr. Bourassa became dissatisfied with his allies to learn that the most rabid Imperialists were financing the Nationalist candidates. In Ontario it would not have been necessary to wait for the accidental revelation of one Mr. Taylor's financial offerings to Mr. Hanna, or to guess at Mr. Hanna's possible demands on Mr. Taylor. That is if a publicity law could be enforced, and the transactions of Government creditors, contractors, and corporations could be fully revealed.

If petitions could save murderers, no guilty man could be hanged. That Delaware-Hudson strike was the right kind. Lasted about fifteen minutes.

You're mighty short on gush, Walt Whitman.

But you've surely made a blush, Walt Whitman.

You are racy quite, in parts, Walt Whitman.

You have quickened many hearts, Walt Whitman.

You have won your way to fame, Walt Whitman.

In the literary game, Walt Whitman.

But you've made "Three Weeks" look tame, Walt Whitman.

You are virile, you are bold, Walt Whitman.

And your pen is dipped in gold, Walt Whitman.

ABE MARTIN

Stew Nugent is out of jail at Bloom Center but still in Bloom Center. You don't have 't peddle a good thing.

structor is not given out, but didn't Postmaster-General Pelletier take a trip to Europe last fall?

BRAVE.
[Chicago Record-Herald.]
"Doctor, tell me the worst. I will bear up bravely."

"Well, I think it will be necessary for me to come to see you every day for at least two weeks yet."

SURE.
[Cincinnati Enquirer.]
Dan Cupid plays his cards in ways that give true love an early start; You'll notice that he often plays A diamond against a heart.

MEDICAL HARMONY.
[New Orleans Picayune.]
English doctors say that plants in sleeping-rooms are unhealthy. French physicians say they produce snoring. American doctors don't say anything about it, but charge it in their bill.

SUGGESTED BY THE PROSE-UTUR.
[Christchurch Inquirer.]
Court (to prosecutor)—Then you recognize this handkerchief as the one which was stolen?

Prosecutor—Yes, your honor.

Court—And yet it isn't the only handkerchief of the sort in the world. See, this one I have in my pocket is exactly like it.

Prosecutor—Very likely, your honor; there were two stolen.

From Western Ontario Press

A REAL OLD-TIMER.
[East Elgin Reformer.]
An exchange says that many will kindly remember Harry Lindley, who after 55 years on the stage passed away in Suffolk, Va. Harry was the prince of barn-storming comedians, and many fellows who had to walk to the next town, after Harry annexed the receipts of the box office of the night before, will have the kindest of remembrances.

THE BOX SOCIAL.
[Kincardine Reporter.]
Mr. Fred Williams, Pine River, was in town in the early part of last week drawing out a big sum to do business at the box social. The boys found Fred, game, and they only run the box up to \$4.05 on him. He still had a good left. When he makes up his mind to have a certain article he generally gets it.

WINTER DAIRYING.
[Strathroy Dispatch.]
During these short winter days when many cows are dry, and the cows that are milking are not giving very much, would it not be wise to lay plans for improvement of the dairy herd? Seeing that the average household consumes a fair quantity of milk daily all through winter, and seeing that the ice cream trade is not by any means dead during the cold months, is it not a pity that there is not more good milk and sweet cream available? Current prices and good demand should prove an inducement to a larger number of producers to go in more strongly for winter dairying.

GOING UP.
[Wingham Times.]
Brother Kerr, of the Brussels Post,

very kindly says: "We congratulate Brother H. B. Elliott on heading the aldermanic brigade in Wingham on election day, and hope in due course he may climb the municipal ladder to the top rung and not get dizzy."

OLD-FASHIONED KINDNESS.
[Wingham Times.]
The editor of the Times is indebted to our friend, Mr. D. Laughed for a piece of Scotch shortbread. Mr. Laughed received a supply from a friend in Glasgow.

REDUCING MORTGAGES.
[Blenheim News.]
The farmers of the Province are slowly reducing their mortgages, both as to number and amount. In 1908 they numbered 7,098 and amounted to \$2,768,786; in 1909, they were 6,816, and \$2,730,119; in 1910, 6,199, and \$2,658,237; in 1911, 5,482 and \$2,624,957; and in 1912, 5,016 and \$2,310,071.

AN OLD SCARECROW.
[Brantford Expositor.]
Finance Minister White says free food means free trade. That is an old and overworked scarecrow. Before the Liberals came into power in 1896 the country was told that the tariff reductions they would make meant free trade. They meant nothing of the kind, but they did spell prosperity such as Canada has not enjoyed at any other time. Get the "good times government" back to power.

AN INSPIRING LIFE.
[Stratford Herald.]
The inspiration of his life will live long in the Canadian mind, even though Lord Strathcona has passed from the scene of earthly things.

TRY THE COUNTRY.
[Glencoe Transcript.]
There is work in the country for many of the idle of the cities. Full course meals at a farm table where the best of everything is provided should be more appetizing than the thin soup of the city soup kitchen.

CABINET JOY-RIDERS.
[Wingham Times.]
Col. Hon. Sam Hughes returned this week to Ottawa from spending the holidays at Victoria, B. C. The colonel remarked that he had a most enjoyable trip which was "partly private and partly official." This is a pretty fair description of most of the joy-riding the ministers have enjoyed during the past six months at the country's expense.

MORAL: STAY IN ONTARIO.
[Kincardine Reporter.]
Constable "Bob" Reid, implicated in the escape of Krafchenko, the Winnipeg murderer, is a farmer's son and formerly lived near Lucknow Up to this time Reid bore a splendid reputation.

Signs of the Times.
Nearly 5,000 men have volunteered for the English south pole expedition. Most of them, it is said, are married.

Mayor Carter Harrison of Chicago says he is part Indian and is proud of it. How do the Indians feel about it?

Admiral's prizes are now occupying the attention of the food investigation, also the attention of the majority of the boarders.

Walt Whitman.

We have spent some time with you, Walt Whitman.

We have read you through and through, Walt Whitman.

BRALEY'S POEM TODAY

THE LAST WORD

(In compliance with public opinion, the Morgan firm has retired from a number of directorates in great trusts of the country.—News Item.)

When the voice of the people speaks loud enough
The deafest of magnates can hear;
The proudest of lankers is cowed enough
When the thunderbolts crash in his ear,
And the Masters of Money grow humble,
Their arrogance dwindles from sight,
When they hark to the menacing rumble
As the people speak out in their might!

When the voice of the people speaks loud enough,
It's only a fool who's defiant;
It's only a blind man who's proud enough
To think he can conquer the giant—
The giant so slow in the waking,
So mighty when once under way,
That wise men, with knees that are quaking,
Give heed to his voice—and obey!
The people have labored and plowed enough,
They are restless and weary of strain—
When the voice of the people speaks loud enough
The will of the people shall reign!

BERTON BRALEY.

Voice of the People

Apples and Whiskey.

To the Editor of The Advertiser.—Will you permit a bartender of 25 years' experience in his business to give your readers what he believes to be an antidote for the liquor habit?

It's simple. Eat apples. The man who eats three apples a day will soon lose his desire for drink. If boys were taught to eat them each day, they would be in little danger.

I know, for I have tried it on many of my "stat" customers. It lost trade for me, but there are some decent men who have enough to draw without carrying eight or ten boys, whose weight would average over a hundred pounds each. Some of our police should sit up and take notice. WHACK-EM.

drinks all the way from frontier towns to the big cities.

Of course, it will not always work. But, as a rule, the apple habit and the whiskey habit clash. To dodge whiskey try apples—then more apples. BARTENDER.

Heavy Loads of Lads.
To the Editor of The Advertiser.—I wish to sound a note of warning to drivers of delivery rigs. I wonder if they are aware of the habit. A great many of them (drivers) have (especially boys) of allowing a dozen, more or less, of boys to ride for blocks around the city on their sleighs. In most cases delivery horses have enough to draw without carrying eight or ten boys, whose weight would average over a hundred pounds each. Some of our police should sit up and take notice. WHACK-EM.

WOMEN'S CANADIAN CLUB HEARS BRIGHT ADDRESS GIVEN BY NOTED ACTOR

Mr. Tom Terriss Proves Delightful Speaker—Deems Charles Dickens Greater Than Shakespeare.

Some delightfully interesting and entertaining reminiscences of an actor's life were given by Mr. Tom Terriss yesterday afternoon in what was, without doubt, one of the most enjoyable addresses ever delivered before the Women's Canadian Club. And none of his hearers agreed with Mr. Terriss' statement to the effect that "while he was an actor, he was a very poor speaker, lacking the ability to say the right thing at the right time."

Father Noted Actor.

In view of the recent appearance in London of Mr. F. E. Benson and the Stratford-on-Avon players, and Mr. Benson's address to the Canadian Club, it was interesting to hear that Mr. Terriss made his first appearance on the stage under Mr. Benson's management. His father, the late William Terriss, who was touring the United States as Sir Henry Irving's leading man, had left strict injunctions to keep his son away from that "heavenly light of false hope—the stage." But as well try to stem the flowing tide, during his father's absence the junior Terriss interviewed Mr. Benson, and as a result commenced his stage career in a small part in Hamlet. Most amusing was Mr. Terriss' recollection of how in the famous "poison" scene of that tragedy, the old-style roll curtain in some ways became entangled with his red cloak, of which he was very proud, tore it from his shoulders, to drop it again when the curtain had ascended half way. "Although I have worked hard, and threw my life and soul into it, perhaps I never made such a hit as upon that occasion," said Mr. Terriss.

Born Near Gadshill.

Mr. Terriss is, and has always been, a worshipper of Charles Dickens. Born, bred, and brought up within the shadow of the house where Dickens spent so many years, the distinguished actor has read and admired him since earliest childhood. His grandfather was an intimate friend of the man of Gadshill name, and an uncle was minister in the place, and an uncle was minister in the place, and an uncle was minister in the place. Having been raised in such an atmosphere, as it were, it seems only fitting that Mr. Terriss should have imbibed the works of "Charles Dickens on the stage." "If I die a pauper it will be a compensation to me to think that countless thousands have gone away from the theatre feeling better, or kinder, or more helpful, or even with a warmer feeling in their hearts."

Cynthia Grey's Mail-Box

[Correspondents are requested to make their inquiries as brief as possible, and to write on one side of the paper only. It is impossible to give replies within a stated time, as all letters have to be answered in turn. No letters can be answered privately.]

The Bottom Drawer.

Dear Miss Grey—What part of the provision for the future home is the girls', and what is the bottom drawer supposed to contain?

In Bethlehem at Christmas time there snow and cold, wintry weather there at that time, as we like to have it, and without which it doesn't seem like Christmas to us?

Hoping to see my answers soon, and with my sincerest thanks,

DESDÉMONA.

A-1. Articles for the trousseau (dainty underwear, handkerchiefs, hosiery, etc.), table linen, bedroom linen, and kitchen linen. This would include such articles as table napkins and cloths, centrepieces, dollies, dresser scarfs, traycloths, towels, sheets, pillow cases, dishcloths, etc. so on.

2. From what I can learn, there is no snow in that country at Christmas time—or if snow falls, it is very little.

To Become a Nurse.

Dear Miss Grey—I have always enjoyed reading your fine answers very much, also the other interesting columns of The Advertiser, and would like to please tell me through you, to get information about learning to become a nurse. Thanking you in advance, I remain,

NEILL.

A—Write to either the lady superintendent of Victoria Hospital or to the superintendent of St. Joseph's Hospital.

CLEANING BABY'S ROBE

Dear Miss Grey—Could you tell me of any way of drying a baby's sheepskin carriage robe at home? Would the same process do for a Teddy Bear coat also?

Thanking you for your help, Yours,

Ans.—Perhaps you could clean both with naphtha or gasoline by wetting a cloth with the liquid and rubbing briskly. Wet just a small portion at a time and hang out in the air afterwards. Be sure to conduct the process away from fire, lamp or gaslight.

The only other way that suggests itself is to rub wheat meal thoroughly into the article with the hand; let it remain for a day or so, and then wash out with a brush not too stiff.

If any mother would tell of her experience in cleaning either a rug or coat at home, the information will be gratefully received.

Lads Need Help, Too.

Dear Miss Grey—This is the first time I have ever had to come to you for help, sometimes a lad needs a little information, as well as the lassie. Would you be so kind, then, and answer these few questions for me, please.

1. What is good for coarse hands?

2. Sometimes my eyes get very painful, I do a lot of reading, would that be the cause? What would be good for them?

3. What are the meanings for Jenny, Frank, Maude, Eva and Kate, Herbert, John, Ernest and Don.

4. I am in love with a fair lass, what would be a nice present for her birthday, it being in April?

5. And please, what do you think of my writing?

Thanking you in advance,
JOHNIE WANTS TO KNOW.

Ans.—1. Try to protect the skin when out in the cold by wearing gloves, sur-

A Whisper About Palm Beach

Songs of Ye Olden-Tyme

M. R. C. writes: Inclosed you will find words of the song, "The Ship That Never Returned"; also another very old song, "The Lessons That I Learned On Mother's Knee."

It is a genuine pleasure for some of us elderly persons to be accorded the privileges of resurrecting and renewing old-time song acquaintances.

The frivolous, gay words, and ragtime, catchy tunes of the present day have little that is cheering or endearing, and we devoutly trust, not enduring.

"The Lessons That I Learned On Mother's Knee."

I've a tender recollection
That I've cherished all my life
And time but makes it dearer day by day.

'Tis the memory of a mother,
Whose smiling days are gone,
Drives all my troubled childish thought away.

CHORUS.
Sue was gentle and so kind
Yet I ever bear in mind,
That many a golden lesson she taught me.

I have wealth and earthly power,
Yet I'd give all for one hour
That I sat upon my dear old mother's knee.

I remember in the evening,
When the fire was burning bright,
She called me to her side and said to me:

Be brave, my boy, and truthful,
And never, never be ashamed
Of the teachings that you learned on mother's knee.

How her loving smiles would cheer me
When at evening I'd return
From toiling in the meadows all the day.

Note the full tune, further distended by a ruffle set midway of its length. The frock is of white cotton crepe, trimmed with bands of machine embroidery of every pattern. The sash is of apple green silk, with a cluster of violet chiffon roses.

course, the women have the municipal franchise much the same as we have.

5. Besides the states mentioned, New Zealand and Australia have enfranchised women; also England in municipal affairs.

6. As you enclosed me your address, I have sent you some magazine clippings which I happened to possess, and which I think you may find useful. Would you please return them when you are through?

The Woes of Mrs. Newlywed

"One of my wash curtains caught on fire today!" exclaimed Mrs. Newlywed, excitedly. "Curtains are awfully dangerous."

"Not necessarily," comforted Mrs. Neighbor. "Alum water is good to use for rinsing curtains and muslin hangings in order to render them non-inflammable. Two ounces of alum should be dissolved in one gallon of water and be used in the rinsing process."

Shipwrecks are foretold. An accident said to be due to Panama Canal traffic is prognosticated.

The conditions are favorable for seeking employment and asking benefits. Heavy storms in the west will endanger life and prosperity this month. Cattlemen will suffer heavy losses.

London astrologers prophesy extraordinary achievements by women in 1914. One will win fame through service in connection with the Panama-Pacific Exposition.

Hoteliers are under an unfortunate rule in the south and west. Small receipts are foretold for all winter resorts.

Ancient lore found in this posting the stars fair promise for the hiring of men servants. It was also believed that it was possible to increase the good influence of the planets through diet, and, according to this belief, honey and olive oil would be beneficial today.

Among those who may expect to prosper while this rule prevails are lawyers, public officials, musicians, artists, writers, actors, architects, decorators, public accountants, ministers.

Persons whose birthdate it is have a happy augury for the year. Both men and women should prosper. Young girls will have offers of marriage and much romance.

Children born on this day probably will be exceedingly lucky in most conditions of life. Boys may be spendthrifts and girls inclined to extravagance. These subjects of Aquarius should be well balanced and self-reliant, but many succeed best along conventional lines. Sometimes they are domineering and selfish.

(Copyright, 1914, by the McClure Newspaper Syndicate.)

"The stars incline, but do not compel."

CAROLINE COE MAKES RICE GRIDDLE CAKES THIS WAY:

Two cups of hot boiled rice, two cups of flour, one teaspoon of salt, three teaspoons of baking powder. Put these in a bowl. Beat the yolks of two eggs until light. Add one pint of milk and add to the dry ingredients. Fold in the whites of the eggs that have been beaten to a stiff froth. Use very little grease on griddle. Do not pile up these cakes. Serve at once.

9809.—A Unique and Stylish Design—Ladies' Skirt with Shaped Panel Back and Front Insert.

This skirt is gracefully draped at the side where it joins a shaped back panel. The fronts are slashed near the hem and finished with a small insert. Dart tucks confine the fullness over the hips the model is effective for serge, broad cloth, panama, voile, velvet, corduroy, satin or silk. As here shown, gray panama was used, with trimming of self covered velvet buttons, and insert of velvet. The pattern is cut in five sizes: 22, 24, 26, 28, and 30 inches waist measure. It requires 2 1/2 yards of 44-inch material for a 24-inch size.

A pattern of this illustration mailed to

CARLY'S LONDON CLUB RINK WON M'NEE TROPHY EVENT

Defeated Emslie's St. Thomas Rink by a Score of 20 to 8 in Final Game—An Off-Night For the Saints—McCorkell, of St. Thomas, in the Tecumseh Finals.

A. J. Carly's London Club rink captured the M'Nee trophy, the premier event of the City of London Bantam, at the Thistle Rink last evening, when it defeated Skip Bob Emslie, the veteran St. Thomas skip and National League umpire, and his rink-mates, by the somewhat decisive score of 20 to 8. It was, after the tenth end, a runaway race. On the ninth and tenth ends the London curlers lay four shots and easily overcame Emslie's early lead of 2. These two big ends seemed to put new life into the local rink, and it played a great game from then on, scoring another four on the twelfth end. Then the St. Thomas curlers tried hard to redeem themselves, but it was a hard task. It was an off-night for them, and the ice, which was a trifle greasy, seemed to affect their playing.

Playing Till a Late Hour.
The bonspiel was still going at an early hour this morning. Owing to the number of outside rinks in the final games, it was necessary to finish it up before the morning, so the outsiders could get away. In the Tecumseh trophy, McCorkell, of St. Thomas, drew a bye in the semi-finals, and he will go into the finals with the winner of the Richardson-Heaman game. The scores were as follows:

M'NEE TROPHY.

ERIE CLUB MAY RENT BALL PARK TO OWNER GEO. O'NEILL FOR CANADIAN LEAGUE GAMES

Control Situation in That City by Holding Lease on Only Ball Grounds There—Still Trying to Get Into New York State League.

Erie, Jan. 22.—Control of the base-ball situation in Erie will be retained by the Erie Exhibition Company, it was decided at a meeting last night. The local owners have yet to pay \$600 to the park owners, as this amount was due when the Inter-State League blew up in the middle of last season. The money will be paid over on Feb. 15. Each stockholder will be asked to donate \$5.

As a result of this meeting the Canadian League may have to rent the Erie park from the present Erie ball club stockholders, if it wants to play ball here this season. The local men are still making a big effort to get into the New York State League, and local representatives will attend the meeting at Wilkes-Barre on Jan. 23. Attorney Rossiter, of this city, is looking after the matter and he is arranging the plans to secure the Albany club.

Why N. Y. S. L. is Preferred.
In explaining why the New York State League is preferable to the Canadian circuit, Attorney Rossiter said that the jumps are shorter, less time is consumed in making them, and that the average population of the cities in the circuit is 50,000, compared with 20,000 in the league across the border. He said that the owners of the Albany franchise want \$15,000 for it, including fifteen players, but he believed that it could be purchased for about \$12,000.

President O'Connor declared that in his opinion Albany would not drop out of the league of which it has been a member.

Not Wise To Object.
Charles Strickland, president of the company, said he did not believe it

wise to object to the Canadian League until New York State circuit ball is assured.

Secretary Farrell has held his job in that association a long time, and I imagine he knew what he was doing when he gave Erie to the Canadian League," said Secretary I. D. McQuiston. "He knew Erie wanted a franchise in the New York circuit, and evidently we are not wanted there, or he would not have given another league territorial rights."

The committee was then appointed to confer with the park owners regarding the payment of the lease and another meeting of the company will be held on Feb. 5, at which time definite action will be taken and the baseball mixup settled.

Under present existing conditions, stands no chance of being considered by the New York State League as an abiding place. President O'Connor, of the exhibition company, was informed yesterday by a man who received a letter from a friend in the league. Information received from Utica and other cities was to the effect that the league had made plans to place it in Albany, and that the franchise, which is considered unlikely, to place it in another city much closer than Erie.

"We will retain control of Perry field," emphatically said Mr. O'Connor last night. "This has been decided upon, and the stockholders will be assessed \$5 a share. Then when Mr. O'Neill comes to Erie we will be able to talk business with him regarding the placing of a team in Erie, which will play in the Canadian League."

games with London last season. A certain gent, Mr. Fryer, isn't sizzling so much; Mr. Burns is frozen up; Mr. Cook is off his feed and Mr. Dance can't even tango any more.

Maybe one of the reasons Tyrus Raymond Cobb refused to sign with the Federals was because he believed he had several seasons more of baseball ahead of him.

Eddie Linneborn is reported to be flirting with the Federals. We can't understand this, knowing that Eddie has still a number of years of usefulness ahead of him on the ballfield.

Proclamation is the thief of time, but you couldn't convince a hockey player in the penalty box that it steals very much of it.

The St. Thomas papers refer to the St. Thomas intermediates as a hockey team, but the St. Thomas papers were always a great little bunch of batters.

THE HAS-BEEN LEAGUE.
"My arm is on the Fritz, I know," an ex-big leaguer spoke, "And on the pathe I'm mighty slow, In fact, I am a joke. I ain't a bit of use at all, I totter with fatigue; But I have signed up to play ball In that there Federal League."

Four rinks of London curlers will take in the Western Ontario Colts' Bonspiel which starts at St. Mary's on Monday.

The Thistle club and two from the London club. The Thistle club rinks will be skipped by Norman Keene and Jack McKay will be the London club skips.

The following curlers will make up the Thistle rinks:

John Griffith, F. Brown, William Turnbull, Chris. Smallman, George Gibson, P. Wilgus, White, A. M. Trick, skip, Norman Keene, skip.

For the winners, Miss Beth Allen played a remarkable game. Her shooting was deadly in all times, and it was during these penalties that Drumbo scored most of their goals. Referee Lorne Fraser detected all the offences and gave a fair showing to all. The lineup:

Drumbo—Krueger, goal; McTague, right defence; Wedge, left defence; Miller, left wing; Black, right wing; Hawes, left defence; Meaton, right wing; Bell, centre; Cross, right wing; Maeder, left wing.

Referee—Lorne Fraser.

MISS ALLEN'S TEAM IN ST. ANDREW'S LEAGUE

Defeated Miss K. McMillan's Girls By the Score of 12 to 2 in Exciting Contest.

In St. Andrew's Girls' Basketball League last night, Miss K. Allen's team defeated Miss F. McMillan's by 12 to 2. The game was fast throughout and the teams were more evenly matched than the score would indicate.

For the winners, Miss Beth Allen played a remarkable game. Her shooting was deadly in all times, and it was during these penalties that Drumbo scored most of their goals. Referee Lorne Fraser detected all the offences and gave a fair showing to all. The lineup:

Drumbo—Krueger, goal; McTague, right defence; Wedge, left defence; Miller, left wing; Black, right wing; Hawes, left defence; Meaton, right wing; Bell, centre; Cross, right wing; Maeder, left wing.

Referee—Lorne Fraser.

COLLINGWOOD BEATEN BY ORILLIA BY 2-1

Collingwood, Ont., Jan. 22.—The intermediates game here tonight between Orillia and Collingwood resulted in a win for the visitors, 2 to 1, after playing thirty minutes overtime. The full-time score was 1 to 1, there being no score at half-time. The game was without exception the most interesting and evenly-contested here for some time. The game was rough, and Referee Sproule had his hands full all night. A large crowd witnessed the game, Orillia bringing a special train of some 200 rovers.

PETROLEA.
Petrolia, June 22.—An old and respected fellow-townsmen, Mr. D. Hawken, who has been very seriously ill, has returned home from the hospital. Mr. Hawken had a very malignant type of fever, sometimes considered worse than typhoid. He is going to London to recuperate.

Mr. Wm. Wiseman, who has also been very sick, is able to be out. Everyone is glad to see him again.

Woodstock Intermediates Will Meet Locals Tonight

Fast Game Is Expected, as Visitors Are Bringing Strong Line-Up—London Team in Fine Shape at Present.

The Woodstock Intermediates, the team that gave the London intermediates the most grueling game the locals have participated in this season, will be at the Princess Rink this evening for the second meeting of these two teams. The Woodstock team is a fast and heavy one, and despite the fact that it has not yet won a game, it is on a par with the other teams in the district. On its lineup will be found two or three of last year's junior Woodstock team, the age

WOODSTOCK COLLEGIATE BEAT ST. THOMAS 6-3

Tri-County League Fixture in Baby City Provided Plenty of Excitement.

[Special to The Advertiser.]
Woodstock, Jan. 22.—In the opening game of the Tri-County League here this evening, Woodstock Collegiate defeated St. Thomas by the score of 6 to 3. The game provided plenty of excitement, owing to the closeness of the score. The lineup:

Woodstock—Staples, goal; McMullen, left defence; Foster, right defence; Watson, centre; McTague, rover; Levan, left wing; Randall, right wing.

St. Thomas—Ponsford, goal; Cochrane, left defence; Adams, right defence; Carrie, centre; Jones, rover; Horton, left wing; Stacey, right wing.

AYR DEFEATED DRUMBO BEFORE CROWDED RINK

Old-time Rivals Have Fast and Exciting Battle in Ayr—Score was 7-4.

[Special to The Advertiser.]
Ayr, Ont., Jan. 22.—In the scheduled O. H. A. intermediate game of hockey played here tonight between Drumbo and Ayr, the fastest game of the season, the locals were victorious by a score of 7 to 4. There is an old-time rivalry between the two teams, and the largest crowd of the season turned out. The rink was filled to overflowing. The game was fast throughout the whole evening, both teams keeping up a terrific pace. The half-time score was 1 to 1. Both goalkeepers played a spectacular game, while on the forward line, Cross, for Ayr, gave an exhibition of fast hockey. McTague also gave prominence to his team by his end-to-end rushes, there were a few penalties—mostly allotted to the Ayr players—and it was during these penalties that Drumbo scored most of their goals. Referee Lorne Fraser detected all the offences and gave a fair showing to all. The lineup:

Drumbo—Krueger, goal; McTague, right defence; Wedge, left defence; Miller, left wing; Black, right wing; Hawes, left defence; Meaton, right wing; Bell, centre; Cross, right wing; Maeder, left wing.

Referee—Lorne Fraser.

NEW HAMBURG JUNIORS DEFEATED PRESTON 4-3

Fast Junior O. H. A. Game Played in Latter Town Was Won By The Visitors.

[Special to The Advertiser.]
Preston, Ont., Jan. 22.—The junior O. H. A. game between the New Hamburg and Preston teams was played in the new arena here tonight. Both sides played well. The feature of the game was the playing of the two Bowmans, one from Preston and the other from Hamburg. The score at half-time was 2 to 1, and at the finish 4 to 3 in favor of the New Hamburg team. The lineup:

Preston—Barber, goal; Von Ende, left defence; Bleth, right defence; Schram, centre; Bowman, rover; Hoffman, right wing; Shadler, left wing.

New Hamburg—Boeger, goal; Daniels, left defence; Bruder, right defence; Bowman, centre; Martin, rover; Otto, right wing; Warkins, left wing.

Referee—L. E. Barnhardt, Preston.

HE MUST HAVE BEEN DRUNK.
Woodstock, Jan. 22.—A London hockey fan was fined \$10 in the police court this morning for striking a lady, while drunk, at last night's hockey game.

WOODSTOCK COLLEGIATE BEAT ST. THOMAS 6-3

American Association May Pool Its Players to Fight Federals

Novel Method May Be Used to Beat the Outlaws—
Both Organizations Are Planning Baseball
War With the Most Intense Vigor.

Chicago, Jan. 22.—Outlaw and organized baseball considered war measures here today. The Federal League, with a general outline of its plans already drawn up, prepared to fight against the Philadelphia Nationals' signing of William Klinger. The American Association, holding an annual meeting to select a schedule committee and take up other routine business, accomplished none of the things on its program, but devoted its brief formal meeting and a number of informal talks to consideration of radical methods to be used in the baseball war.

An attack of illness prevented Mike Cantillon, the Minneapolis representative, from attending the meeting, though he was in Chicago. Cantillon's experience in discussion of schedules made him invaluable at such meetings. It was said, hence the brevity of the session.

Though the regular session lasted little more than an hour, leaders of the association were reported to have discussed a plan to strengthen the Kansas City and Indianapolis teams, in whose fields the Federals will have clubs. A general pool of players was proposed, to give every team a chance to better its lineup.

STRATFORD KIDS WON OVERTIME CONTEST

Seaford Juniors Nosed Out During
Ten Minutes Extra
Time.

A CLEAN, FAST STRUGGLE

Score at Full Time Was Two
All, But Game Ended
4 to 3.

Stratford, Jan. 22.—In ten minutes overtime, and with Seaford coming up from behind in the last twenty seconds, the Stratford Juniors came out victorious in the hardest fought Junior O. H. game seen here this year. The half period tally stood 1-1, the full time 2-2, and the final 4-3. The win gives Stratford the district honors.

The game was exceptionally clean and fast. Both teams fought doggedly through every stage of the game. Stratford, played brilliantly, time and again proving effective when an opposing play had dodged the length of the ice. Sils, for the enemy, was one of the best men on the ice. The Seaford defense was the hardest nut the locals had to crack. In the first part of the overtime, the Juniors played the visitors off their skates.

Referee, A. Klinger, goal: Hays, left defense; Reid, right defense; Sils, rover; McKay, centre; Habick, right wing; Hoffman, left wing.

Stratford—Cornell, goal; Forbes, left defense; Burdick, right defense; Allen, rover; Lavie, centre; Tobin, right wing; McDonald, left wing.

FAST AND SPEEDY WERE GAMES IN CHURCH LEAGUE

Dundas Centres, Askin Street and St.
James' Churches Were The
Winners.

Fast games and speedy characterized the hockey games played in the Church League last night at the Westminster rink, South London. In every instance, from the drop of the rubber, the players have made the Church League a speedy and reliable aggregation. Every contest was hard fought, the winners in all instances having to fight for their advantage.

Dundas Centres Won.

The New St. James and the Dundas Centres metaphorically shook hands in the initial contest. Then, with those official preliminaries over, they played hockey—real, red-blooded hockey. The Centres proved their existence by notching a goal near the end of the first half. After this achievement, however, the rubber was a stranger to the nets, and the half-time bell tinkled with the score 1 to 0, and the East Enders on the upper end. In the second half, the "Jims" came across with a shot that found the nets, but the "mousethroes" came back with two more tallies that won the game. The final score was 3 to 1.

Askin Street Won.

In the second game of the evening the Askin Street Seniors met and defeated King Street by a 7-to-3 score. The royal laddies started strong and notched three goals in the first half.

The South London delegation apparently could not find the net, making up for the Askins, so far as accuracy and combination were concerned. They leaned hard on the disk, pushing it around at will and notched seven goals, while their opponents, after their brilliant first half were unable to come back. The game was rung off at 5 to 4 in favor of the Askin Street Methodists.

Adelaide Street Lost.

A score of 10 to 1, the Adelaide Street Baptist disk-pushers met their Waterloo at the hands of the St. James seniors in a game that, despite its one-sided score, was fast and catchy. Both teams started strong, alternately notching goals until the first stanza closed with the score at five all. When the bell had ushered in the last section of the game, the St. James representatives had got down to business and started their play by repeatedly notching game winners in a reckless fashion. Eight points were piled up in this stanza for the Saints. The Adelaides segregated only two.

Dick Penno handled the contests in great style.

Pittsburg White Hope Goes to Paris To Fight Johnson

FRANK MORAN

Frank Moran, the Pittsburg white heavyweight, who meets Jack Johnson, in Paris, about the time of the French Grand Prix, is a graduate of a dental college. He is a fast man and hard puncher. As to beating Johnson, well, "that is something else again." Johnson gets \$35,000 to meet Moran. Moran gets \$5,000. The men putting up the money believe Johnson's Paris life has undermined his constitution so that he will be an easy victim for the rough-and-ready Pittsburger.

McLEAN CARRIED OFF HONORS.

Cleveland, Ohio, Jan. 22.—Robert McLean, of Chicago, carried off the honors in the second amateur ice skating championships at the Elysium rink tonight. Following were the winners:

One-third mile—McLean, time 52 4-5 seconds.

One mile, novice—Randell, Cleveland, 3 minutes 15 1-2 seconds.

One-half mile—McLean, Chicago; time 1:22 4-5.

One and a half miles—McLean, 4:31 3-5 seconds.

HALL FINED AGAIN.

Quebec, Jan. 22.—An error occurred in the report of the Quebec Wanderers match on Wednesday night. Hall was ruled off for five minutes and fined \$3, and not for the match as reported.

NO GAME AT WATERLOO.

Waterloo, Ont., Jan. 22.—The intermediate O. H. A. game between the Guelph Victorias and Waterloo tonight has been called off, the Victorias having defaulted their remaining games.

BRAMPTON DEFAULTED.

Newmarket, Ont., Jan. 22.—The game between Brampton and Newmarket in the intermediate O. H. A. scheduled to be played here tonight, was cancelled, as the Brampton team defaulted.

FEDERALS LAUGHING AT ORGANIZED BASEBALL

Poorly-Attended Meeting of American
Association Gives Outlaws Much
Mirth—Chicago Park Leased.

Chicago, Jan. 22.—Charles Weeghman, owner of the Chicago Federals, signed his 99-year lease for the North Side property, where the new Federal League park is to be located. He said he expected to let the contract for the erection of the stands tomorrow or Saturday. The grandstand, he said, would be constructed of steel and concrete and would seat 15,000 persons.

Federal League officials laughed when told the illness of Cantillon was the reason for the delay in the American Association meeting. The Federal League park site is the property purchased several years ago when the American Association discussed the possibility of putting a club in Chicago. Cantillon, the Federals said, spent the afternoon in Federal League headquarters in closing up the deal, disposing of the real estate to the new club.

Johnny Evers, manager of the Chicago National League team, is in Florida. It was reported here, to secure signatures of three Chicago players. Tommy Leach, George Pierce and Arthur Phelan are spending the winter in Florida, and it was reported that after he has their names on a contract, Evers has been ordered to keep traveling until the entire Chicago list has been signed up.

Just Think of Putting Up Real Money to Get These Guys To Fight

[Canadian Press.]

London, Jan. 22.—A purse of \$30,000 for a boxing match in June between "Jack" Johnson and "Sam" Langford, the negro pugilist, was reported today by the management of Olympia, the great arena in the west end of London. Three-fourths of the money is to go to the winner and one-fourth to the loser.

AD. BRENNAN SAYS HE WILL STICK WITH TINKER

Since Signing With Federals He Has
Been Offered Larger Sum by
Phillies.

Kansas City, Mo., Jan. 22.—"I'm going to stick with Tinker," said Ad Brennan, the National League pitcher, today. Brennan added that since he signed with the Chicago Federals the Philadelphia club had offered him a salary in excess of that to be paid him by Chicago.

Joe Tinker, manager of the Chicago Federal League team, will be here tomorrow to talk with Brennan and with Beals Becker, outfielder of the Philadelphia Athletics, who is coming from his home in Wichita.

THREE NEW UMPIRES IN INTERNATIONAL LEAGUE

Rorty, Harrison and Miller All Picked
From Class B Leagues—Training
Camps Announced.

New York, Jan. 22.—The umpiring staff and the spring training quarters of the International League clubs were announced today by President Edward Barrow. The names of three new umpires appear in the 1914 list, which consists of C. B. Owens, W. B. Carpenter, W. F. Pinnerman, John Muller, William Halligan, Hugh Rorty, Peter Harrison, G. W. Miller and Robert Hart. The new arbitrators are Rorty, from the New England League; Harrison, from the New York State League; and Miller, from the Carolina League.

The training camps selected by the various clubs of the league are as follows: Buffalo, Charlotte, N. C.; Rochester, Kingston, Ala.; Toronto, Martin Springs, Texas; Montreal, Charlottesville, Va.; Baltimore, Hot Springs, Va.; Providence, Savannah, Ga.; Newark, Columbus, Ga.; Jersey City, Durham, N. C.

ORT AND CRAVEN GET OFFERS FOR SERVICES

St. Thomas Manager Wanted by Fed-
erals While "Midge" Craven Is
Wanted By Evansville.

[Special to The Advertiser.]

St. Thomas, Jan. 22.—Baseball players seem to be in great demand. George Ort, ex-manager of the St. Thomas club, today received letters from the Federal League clubs of St. Louis and Kansas City, asking him to forward his tennis. Midge Craven also received a communication today from the Evansville club of the Central League, asking for the services of the snappy little ballplayer. Ort, however, desires to await developments in St. Thomas before signing up elsewhere.

VETERAN RACING DRIVER DEAD.

Flint, Mich., Jan. 22.—Diverse Malson, 66 years old, veteran grand circuit racing driver, died at his home here today after a long illness. He was one of the pioneers in the harness racing sport in Michigan.

The amount of Bovril represented by the size of this small bottle has been proved to possess a body-building power equal to that represented by the large bottle opposite.

The remarkable Body-building Power of Bovril.

The large diagram represents the flesh and muscle-building power possessed by the amount of Bovril represented by the small bottle.

In a series of remarkable experiments upon human subjects conducted under the direct control of one of the foremost physiologists of the day and reported to the British Medical Association,

the body-building power of BOVRIL was proved to be from 10 to 20 times the amount taken.

In each case the addition of Bovril to the regular diet showed a definite increase in bodily weight—out of all proportion to the Bovril taken.

This remarkable increase was due firstly to the nourishing value of Bovril itself, and secondly to the fact that Bovril possesses the peculiar power of enabling the system to extract from other foods nourishment which would otherwise be wasted.

In cold weather

drink Bovril—the proved body-builder—to maintain strength and fortify the body against the attacks of disease. Bovril is the concentrated goodness of the best of beef. It is a wonderfully warming winter beverage; it builds up the weak constitution and strengthens the strong one; it guards against the grip; it checks colds and chills; it is cook's right hand in the kitchen; it is nurse's first-aid in the sick-room. Buy a bottle to-day.

That Persistent, Hacking Cough

is not only wearing, disagreeable and dangerous—it is unnecessary, too, for you can quickly stop it by taking

NA-DRU-CO

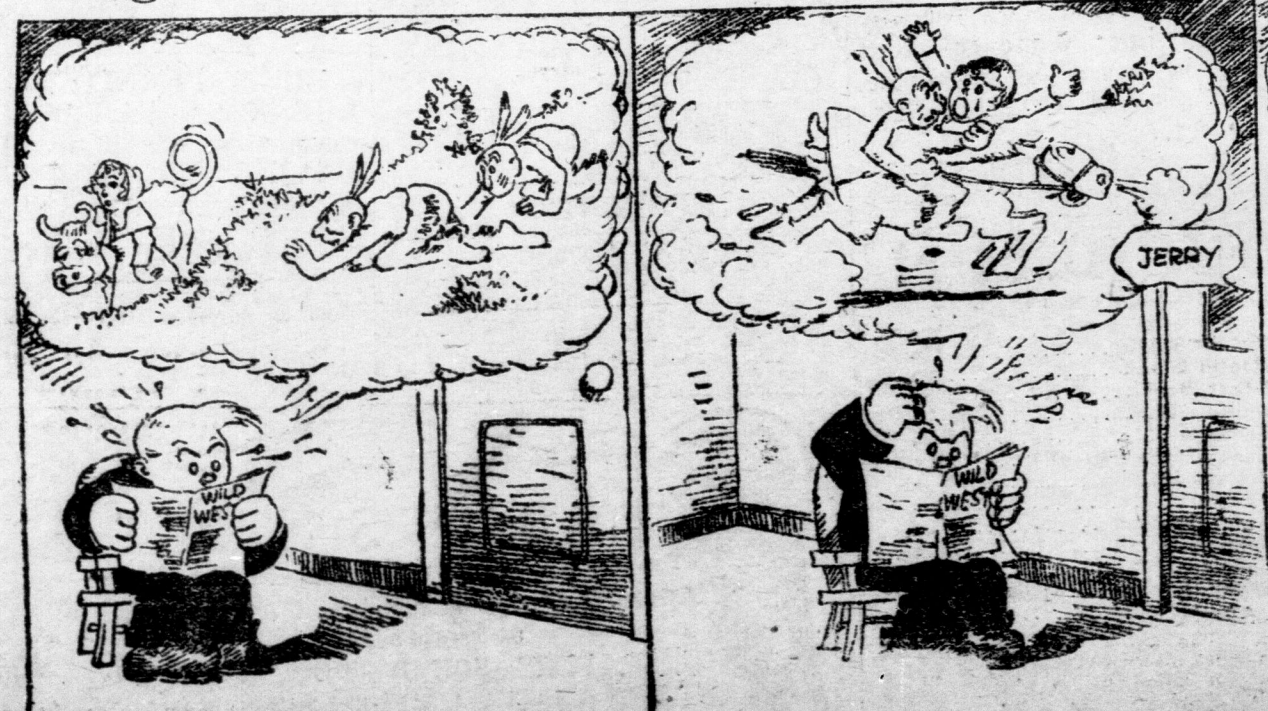

Syrup of

Linseed, Licorice and Chlorodyne

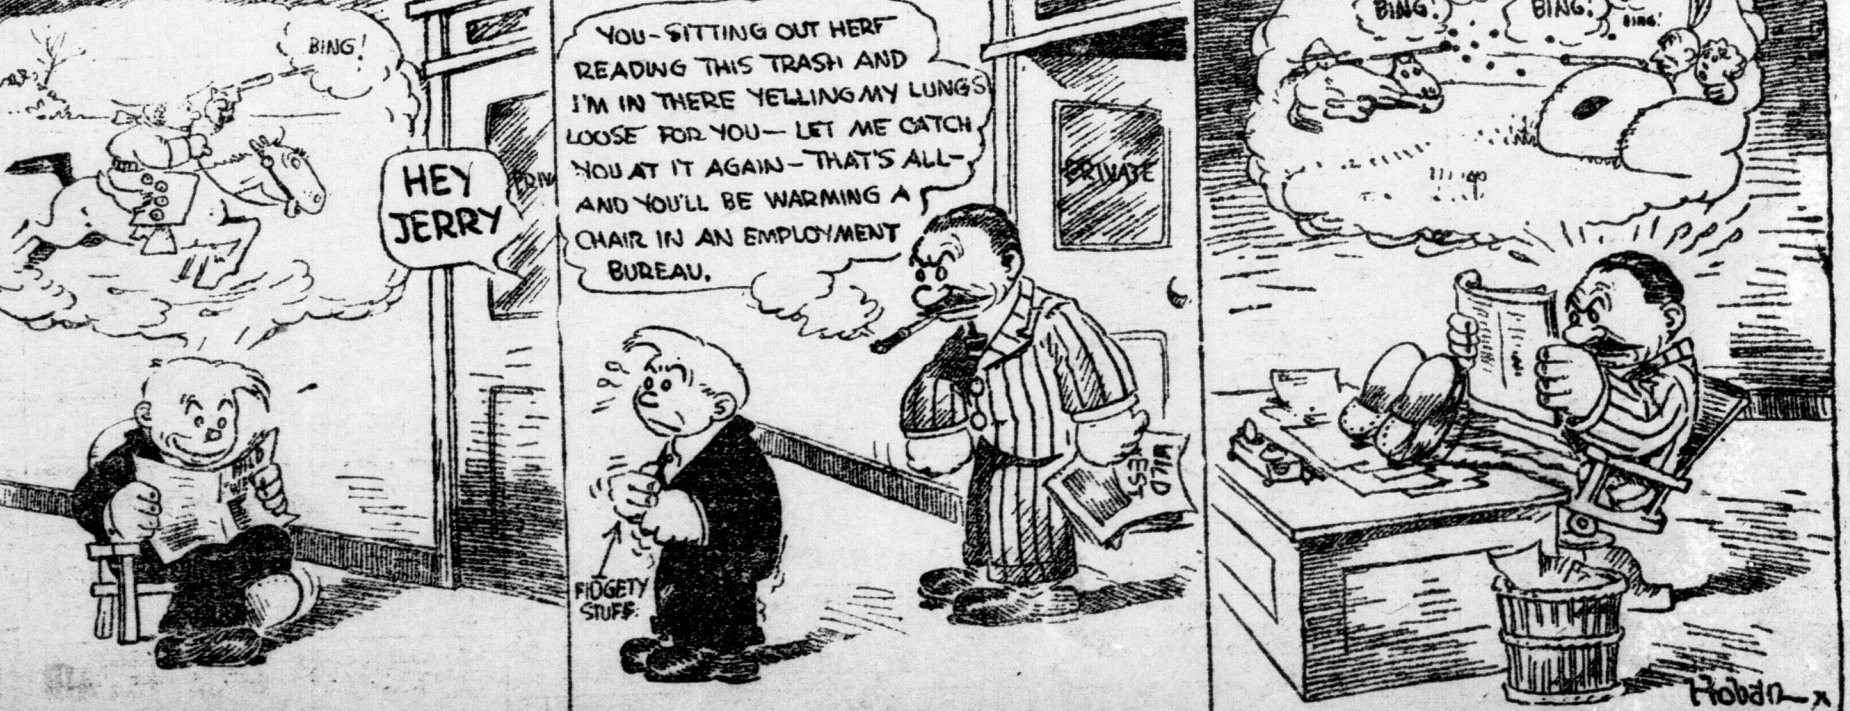

This remarkable combination of these three standard cough and cold remedies loosens the phlegm, promotes expectoration, relieves that exasperating tickling in the throat, and the cough disappears. Of course it is better still to take Na-Druc-Co Syrup of Linseed, Licorice and Chlorodyne when you first feel the cold coming on, and check it at once. Get a 25c. or 50c. bottle from your Druggist and keep it on hand, ready.

Reformed Bandit Visits Woman Who Gave New Courage

AL JENNINGS.

Pittsburg, Jan. 23.—A twentieth century rebuke to modern Pharisees and a whole volume of sermons on the value of kindness and friendliness were contained in the brief visit of Al Jennings, ex-convict and who is now a candidate for governor of Oklahoma, at the home of Mrs. N. L. McLean of this city.

Ten years ago, Jennings was leaving a federal prison. He had been a bandit. Prison had left bitterness in his soul and his determination to live "right" was oozing away under the influence of the sneers and cruelty with which most of the world treats ex-convicts.

Jennings says that she gave him the courage he needed, for not all the world seemed hostile after she had encouraged his hope of making an honest place for himself in the world.

Clara at home; and Robert of Windsor; James, John, Michael and Patrick at home.

NAIRN.

Nairn, Jan. 23.—Miss Barbara E. Fraser, is visiting in and around Nairn for a week, before returning to her position in Detroit.

Miss Alice Fraser, is home from the west, on a three months' pleasure trip, and is enjoying herself among her many friends.

The Falkirk Telephone Co. of East Williams, have installed a fine new fifty line "Canadian Independent" switchboard in the house of A. D. Stewart, V.M., vice-president and night operator for the company at Alisa Craig.

Why not a branch of the proposed radicals, to or near Nairn, we need it badly. In this district we can hear the locomotive whistle to the north of us, to the east of us, to the south of us. We can see the smoke of London, also the sky reflection of her Tungsten lamps, but when it comes to getting to the city by rail, we are simply travelling all day.

FLASHES FROM THE WIRE

C. P. R. FREIGHT WRECK.

Toronto, Jan. 23.—Frost on the rails resulted in the wrecking of a freight train of the Canadian Pacific Railway, near Oak Station, today. Two members of the train crew were slightly injured.

PILGRIM DINNER POSTPONED.

New York, Jan. 23.—The dinner of the Pilgrim Society, set for February 4, has been postponed to a later date. The illness of Joseph H. Chow, president of the society, and the inability of several of the principal guests to attend were given as reasons for the postponement.

NEW STEAMSHIP LINE.

[Canadian Press.]
Hamburg, Germany, Jan. 23.—A new passenger and freight carrying line of steamers running between New York and Eastern Mediterranean and Black Sea ports is to be established on April 1 by the Hamburg-American Line, according to an announcement today.

JOHN A. CAMPBELL NOMINATED.

[Canadian Press.]
Dauphin, Man., Jan. 23.—Dauphin Liberals have nominated John A. Campbell, ex-M.P., as their candidate for the Legislature.

Make Your Meals Afraid of You

Don't Be Afraid of Food—Just Take a Stuart's Dyspepsia Tablet and You'll Digest It All O. K.

All you men and women who want to eat and are filled with fear, stay this kind of folly. Just carry a little Stuart's Dyspepsia Tablet in your purse or pocket and after your meal eat it like you do candy.

The meal will be digested; the weakened digestive forces will be renewed and you will lose your fear of food.

"What I Can Do to a Meal Now is Simply a Shame."

Don't you know that these tablets are carried by thousands all over the land? In their bags as they travel, in purses or pockets when they attend banquets or after theatre parties and meals early or late, large or small are easily digested without harmful effects.

One element of these tablets is so efficient that one grain of it will digest 8,000 grains of food. This is science brought down for your use and it is nature's own science, too.

No matter where you live, Stuart's Dyspepsia Tablets will be found even in the smallest drug store, although it is only a cross-roads druggist.

This popularity is based solely upon the reputation, proof and testimonial excellence of these tablets in every part of our land.

Go to your druggist today and buy a box. Price 50 cents. J21-23.

HANGMAN FINED FOR CARRYING REVOLVER

Arthur Ellis Said He Had It to Protect Himself—Was Broke, Too.

[Canadian Press.]

Montreal, Jan. 23.—Arthur Ellis, the public executioner, was this morning fined \$5 by Recorder Geoffrion on a charge of carrying a revolver without a license.

Ellis was said by the police to have furnished the weapon in the Orpheum Theatre last night, and to have claimed that he carried it to protect himself against Black Handers.

After the hangman had paid his fine he had only 80 cents left, and Sheriff Lemieux had to make arrangements to have him looked after until tomorrow morning, when he will be paid for the execution of Wilfrid Campbell.

WINGHAM PEOPLE HEARD BOTH SIDES

Speakers Discussed Temperance Act, For and Against.

Wingham, Jan. 23.—The town hall here was again filled to the limit to hear addresses which were given by Mr. Muir and Mr. Baxter, dealing with the voting on the Canada temperance act. The chairman for the evening was Mr. L. Kennedy. Mr. Muir spoke for the interests of the temperance people, and Mr. Baxter, for the Hutton County Businessmen's Association. Strong arguments from both parties were introduced, which made impressions on the audience. Tonight Mr. F. Gibson, of Ingersoll, will speak in the interests of the Dominion Alliance.

HAMILTON GETS THE NEW MOTOR INDUSTRY

[Canadian Press.]

Hamilton, Ont., Jan. 23.—Announcement was made here today that the Willys-Overland Company of Toledo, Ohio, which is organizing a Canadian company, has chosen Hamilton as the place where it will make its headquarters and locate its new factory. The company has purchased from Sir Henry Pellatt, for \$42,500, the Schacht Motor factory premises on Sanford Avenue and will immediately begin extensive alterations.

DR. A. W. CHASE'S 25c. CATARRH POWDER

Is sent direct to the diseased parts by the Improved Blower. Heals the ulcer, clears the air passages, stops drops, stops the flow of mucus, and permanently cures Catarrh and Hay Fever. 25c. a box. No other free. Accept no substitutes. All dealers or Edmondson, Bates & Co., Limited, Toronto.

Mrs. Winslow's Soothing Syrup has been used for over SIXTY YEARS by MILLIONS OF MOTHERS for their CHILDREN WHILE TEETHING, with PERFECT SUCCESS. IT SOOTHES THE CHILD, SOFTENS THE GUMS, ALLAYS ALL PAIN, CURES WIND COLIC, and is the best remedy for diarrhoea.

BRITISH LINES NOT IN NEW ASSOCIATION

No Parties to the Organization Formed at Paris Conference—Three Lines Included.

[Canadian Press.]

London, Jan. 23.—The British transatlantic steamship lines announced today that they are not parties to the newly formed north Atlantic steamship association, organized yesterday at the shipping conference in Paris. There had been widespread misapprehension on the subject here, and dispatches from Paris had been taken to mean that all the lines had combined against the Hamburg-American.

The Cunard company today issued a statement declaring that the new association consists solely of the North German Lloyd, the Red Star and the Holland-America.

A COLD WORLD.

[Canadian Press.]
Barre, Vt., Jan. 23.—Twenty guests at the City Hotel were driven from their beds out into a temperature of 24 degrees below zero today by a fire that destroyed the building. W. H. Snow, the proprietor, his wife and son, were rescued from an upper story. The loss is placed at \$25,000.

Titled English Girl Loops Aerial Loop

LADY VICTORIA PERY

daughter of the Earl of Limerick, is the latest titled woman to loop the aero loop in search of a new thrill for sensation-fueled nerves. She tried the experiment with Gustave Hamel at the Hendon aerodrome.

MUTINY ABOARD ATLANTIC LINER

Union Men Refused to Work With Non-union—Devonian Put Back and 19 Arrested.

[Canadian Press.]

Liverpool, Jan. 23.—Mutiny broke out aboard the S. S. Devonian shortly after she left Liverpool yesterday for Boston, and she was compelled to put back today to Holyhead, where nineteen of her crew were arrested.

The outbreak was caused by trouble between the union and non-union seamen. The crew was a mixed one, and a few hours after the vessel left port the union sailors refused to obey the orders of the ship's officers until the non-union men had been put ashore. The captain thereupon decided to run back to Holyhead, where the steamer came into port with mutiny signals flying, and asking for police to be sent aboard.

A detachment responded, and arrested the men concerned.

GERMAN CHANCELLOR ASSAILED DEPUTIES

Told Socialists They Were the "Underminers" of the Throne—Questions Roused Him.

Berlin, Jan. 23.—The socialist deputies in the German imperial parliament were bitterly assailed today by the Imperial Chancellor, Dr. von Bethmann-Hollweg, when they and the radicals put some questions to him in connection with the acquittal by courts martial of the German army officers concerned in the recent violent incidents between military and civilians at Barmen, Alsace.

The chancellor told the socialist representatives they were underminers of the throne, and preachers of republicanism. At the same time he praised the glories of the German army, under whose protection he said Germany had become great and prosperous.

The teeth have been drawn from the popular agitation against the action of the courts martial by the recent announcement by the government that an investigation had been ordered of the validity of the decree of 1920, under which the military had assumed arbitrary control of the civilian population in Alsace and that it would be dropped from the army regulations if found illegal.

SEEKS CHINAMAN

Citizen Will Notify Authorities as to Alleged Assault.

No clue has yet been obtained as to the identity of the Chinaman who is alleged to have assaulted Sam Templeton and Sidney Hart, two local messenger boys, Thursday morning. The store which both boys claim the Chinaman asked them to enter, is located on Clarence street. An Advertiser reporter visited the place Thursday afternoon, but found the store locked up. A citizen, who has interested himself in the case, stated Thursday evening that he would endeavor to have the alleged offender brought to justice, as men of his type constituted a danger to the community.

OUTLINES PLANS TO CONTROLLERS OF CIVIC CENTRE

John Cottam Appears Before the Board With Scheme for Development of Public Buildings.

PROTEST AGAINST CHUTES

East End Residents Say They Are Too Dusty—Churches to Pay Garage Tax.

A comprehensive scheme of development for the city of London in regard to its public buildings, was outlined by John Cottam at this morning's meeting of the board of control. He favors to some extent the establishment of a civic centre, which would include a city hall, court house, armories, postoffice, custom house, and union railroad station. While it would perhaps take 20 or 25 years to develop this idea, he believes that it could be the correct one to follow, and urged the controllers to consider the matter before going ahead with the building of the new city hall.

The public buildings should be laid out and built along certain well-defined lines so that the architecture would be harmonious.

While admitting that the plans unfolded by Mr. Cottam had many splendid features, the controllers stated that it was a question of educating the public to rise to these ideas. They did not think that the time had yet arrived to proceed with city building on such a large scale.

Coal Chutes Dusty.
A deputation composed of E. L. Liddicoat and John Matthews, waited upon the board in regard to the location of the coal chutes at the iron end of Ontario street. Both gentlemen owned property in that vicinity, and claimed that the dust from the coal chutes so filled their houses as to make them almost untenable.

Mr. Liddicoat asserted if something could not be done to have the chutes removed to some other location, they constituted a public nuisance at present. Mayor Graham stated that he was going to Toronto on Monday next, and would take the matter up with the chairman of the railway commission, and see what could be done.

The matter of the East End market was brought up, but was laid over until the controllers can view the property themselves.

Call For Oil Bids.
It was decided to call for tenders immediately for a supply of road oil, so that the oiling of the streets could be proceeded with early in the spring.

Wants Pump.
A communication from W. C. Doods, garbage inspector, asked for the installation of a pump at the incinerator to draw water from the river for the boilers. The present water rates for the incinerator are \$157, and this could be saved by installing the pump, which he thought could be done for about \$25. The matter was referred back to him for further particulars.

Churches Should Pay.
Another communication from the garbage inspector pointed out that while churches and public buildings were exempt from the garbage tax, they got the same service as other places, and Mrs. H. Egan of Sarnia and Annie and

SHOULD PAY ACCORDINGLY. City Clerk Baker explained that this was because the assessment of these buildings was not placed on the assessment rolls. Controller Coles moved, seconded by Controller Moore, that the necessary steps be taken to have them pay the garbage tax.

VOLCANIC EXPERT LEAVES FOR JAPAN

Frank A. Perret Will Investigate Eruption on the Sakura Island.

Naples, Italy, Jan. 23.—Frank A. Perret, the volcanological expert representing the Volcanic Research Society of Springfield, Mass., and is an honorary assistant in the Royal Observatory on Mount Vesuvius. He left here today for Japan to visit the scene of the recent eruption in the island of Sakura.

At a meeting of the Niagara Frontier Summer Rate Committee, which is now in convention at Buffalo, N. Y., the silver used for the ornamentation of the Grand Trunk Railway System, was presented by the committee with a handsome gavel.

The silver used for the ornamentation of the gavel was taken from the wood used in the Chateau Laurier, the first of the magnificent chain of hotels which are being erected across the continent by the Grand Trunk Railway System. The silver used for the ornamentation of the gavel was taken from the wood used in the Chateau Laurier, the first of the magnificent chain of hotels which are being erected across the continent by the Grand Trunk Railway System. The silver used for the ornamentation of the gavel was taken from the wood used in the Chateau Laurier, the first of the magnificent chain of hotels which are being erected across the continent by the Grand Trunk Railway System.

DIED IN GLENCEE.

[Special to The Advertiser.]

Glencoe, Jan. 22.—There passed away peacefully Saturday evening, January 17th at the home of her parents, Mr. and Mrs. James Curry, of Glencoe, Miss Mary Ellen Curry, after a short illness. Death was due to neuralgia of the heart.

Miss Curry resided in London for most of the past three years, during which time she gained many friends through her kind and ever-pleasing disposition, and became very popular among the social circles. Because of ill-health she came home and remained for the past five months. She was employed by Smallman and Ingram for some time, and was very popular.

The funeral was held Tuesday, January 20th from her home to the R. C. cemetery, Wardville, Requiem High Mass was celebrated at 10.30, conducted by the parish priest, Rev. Father Ford of Bothwell. The bearers were: Duncan McCallum, William and George Hurley of Glencoe, Thomas Regan, Howard and Albert Crotty of Bothwell.

She leaves to mourn her loss her mother and father, six sisters and five brothers as follows: Maggie and Cassie and Mrs. Zach. McCormick of London; the same service at other places, and Mrs. H. Egan of Sarnia and Annie and

TWELVE.

TRACKMEN OBJECT TO STRAIGHT WAGE

Understood They Will Ask for Overtime Salary.

Sixty-five sectionmen and roadmasters of the middle division of the Grand Trunk Railway convened in the city yesterday at a meeting the outcome of which has been kept under cover.

The delegates assembled from points as far east as Woodstock, and to a corresponding distance west. All arrived in the morning at the local station.

From information given out last night it was learned that the meeting was of a purely routine nature, and of common occurrence. It was rumored, however, that the men were considering a circular from headquarters announcing that track foremen will go back to a straight monthly salary basis.

It is claimed that the overtime charges for the past few months have been excessive, and for this reason it is proposed to pay the men by the month instead of by the hour.

According to the men, the hourly basis for overtime was signed by the conciliation board of the company and by the representatives of the men, afterwards being ratified by the president of the road, E. J. Chamberlain. For this reason, the objection is being taken to the revocation of the original order, it is claimed, and there is a general feeling of dissatisfaction among the men.

Under the straight monthly salary basis, the men claim that they would be doing overtime work without receiving any salary. Sunday work would be included in their monthly pay without any provision for extra rates for this seventh day work.

Rumor further has it that a petition was drawn up and is to be circulated among the men for the repeal of the order. Whether the entire organization of trackmen will get behind the project for the reconsideration and ultimately the repeal of the order is a question.

BIG PROFITS IN APPLES

J. C. Harris, of Ingersoll, addressed the London branch of the Ontario Fruitgrowers' Association in the office of the Middlesex County department of agriculture yesterday afternoon.

William C. Pack, president of the London branch, presided.

Mr. Harris stated that one acre of apple orchard should yield a clear profit of from \$100 to \$200 a year. One acre of apple orchard well planted and cared would give a revenue equal to ten acres of any other farm crop.

On a nine acre apple orchard at Aylmer last summer he cleared a net profit of \$452.62. The value of the apples sold amounted to more than \$1,500. Had the orchard been located nearer his home his profits, he said, would have been much greater.

It was an orchard that never had yielded more than \$50 worth of apples in any one year previously. One hundred dollars an acre, he estimated, was an easy profit on apple-growing.

Mr. Harris gave a great deal of helpful advice on spraying for the San Jose scale, the codling moth and other apple pests. He was in favor of spraying at least once in the season with Bordeaux mixture. He also told of his experience in spraying with lime sulphur, arsenate of lime, and arsenate of lead.

The meeting was very largely attended.

WON RHODES SCHOLARSHIP.
Kingston, Jan. 22.—The Queen's University Rhodes scholarship this year will be Allan Gordon Cumming, of Lynn, who entered the university in 1911 and specialized in classics.

The Delicacy of Baby's Skin

Cold Air, Rough Winds, Strong Soaps Often Bring on Chronic Eczema.

More beautiful than the rose is baby's skin when in health, and so delicate that it is susceptible to anything which irritates. For this reason baby's skin troubles are many, and frequently chronic itching eczema is developed.

Nothing can be better for baby's skin, when irritated, than Dr. Chase's Ointment, and when eczema is developed you can apply this preparation with the knowledge that its wonderful record as a healer of the skin is due to the success it has proven in the cure of eczema.

The intense itching of eczema of the face and scalp is very hard for the little one to bear, and is a source of worry and anxiety to the mother. The itching pangs are scratched, and the itchy and colored scars are formed. Eczema naturally becomes chronic, and spreads over the body. You can positively control eczema and cure it by the use of Dr. Chase's Ointment. What is better still is to use this ointment for all chafing and irritation of the skin and prevent eczema from getting started.

COMMISSION HEARS VIEWS ON HIGHWAYS

Government Should Maintain As Well As Build.

[Special to The Advertiser.]

Toronto, Jan. 22.—While many divergent views were expressed at the concluding public session of the highway improvement commission today, there was almost complete accord among those who spoke for a permanent provincial organization that would take charge of the construction of any system of roads that is developed as well as be responsible for their proper maintenance. It was pointed out by representatives from counties that have been under the highway improvement act for many years that much of the benefit from the money that was originally expended has been lost through incapacity of indifferent maintenance. There was also a practically unanimous demand that the Government increase its grant for county roads.

Three Classes of Roads.
Mr. J. B. Simpson, of Simcoe County, suggested that roads should be divided into three classes: (1) Provincial highways radiating from the large cities to be built and maintained by the Government exclusively; (2) county roads of macadam construction to act as feeders to the main trunk lines, to be built by the Government maintained under government supervision, the cost to be borne jointly by the province and the counties; (3) township roads, to be built and maintained to a proper standard by the local municipalities, but kept as part of a provincial system that would make vehicular traffic easy and desirable.

Opposes Heavy Motor Tax.
Mr. Oliver Hazelwood, president of the Ontario Motor League, joined in the general approval of the Government's proposals, but was somewhat wary of the proposed tax on automobiles. Auto owners were already large tax payers in other directions, and he thought the suggested tax of one dollar per horsepower in equitable. He thought that the motorists would be willing to submit to a reasonable tax. He suggested 40 cents a horsepower, with a graduation against heavier machines. The auto was now a commercial necessity, and it was not to be made a target in any good roads propaganda. He combated the idea that the farmer living by the roadside was the principal user of the highway.

Toronto-Hamilton Road.
A large deputation from points along the lake shore urged the immediate construction of the inter-city trunk line between Toronto and Hamilton. The dispute over the route was being followed had resulted in such delay that all parties were now agreed that the commission should itself decide what line would be followed.

A. B. Farmer and R. Stewart Muir, representing the Township Reform League, pointed out that as good roads always increase the value of the adjacent property, the question of finance was easy to follow. The real problem was in determining the actual value of the land. There was no uniformity in assessment methods in Ontario, and the commission could do nothing good by recommending to the Government a proper method of arriving at land values.

University to Teach Roadmaking.
Prof. Laing, of the University of Toronto, outlined a short course in road construction that was being given by the engineering faculty, that was designed to meet the requirements of the road motorist.

Mr. C. A. McGrath, chairman, congratulated those who had spoken, in giving the committee many valuable data. Mr. J. A. Rankin, M. P., said the commission would deal with every phase of the subject, but for himself he would give special attention to the needs of the rural districts.

The report of the commission will be ready for the Legislature early in March.

PROVIDES WELL FOR SAFETY

Convention Signed Include Every Safe-guard, Says Paul Gotthell.

[Canadian Press.]
New York, Jan. 22.—Speaking of the conclusions reached by the international conference on safety at sea, Paul Gotthell, chairman of the steamship company's committee, today said that every known safeguard for life at sea had been provided for. The representatives of the United States having signed the articles of the convention, he expressed the hope that this country would act promptly to carry the decisions of the conference into effect.

CHARLES PARMELEE DEAD

[Canadian Press.]
Ottawa, Jan. 22.—Charles Henry Parmelee, the King's Printer, died this morning at 1:15 o'clock. He was born in Waterloo, Que., on June 1, 1855. He sat in the House of Commons from 1896 to 1908 for the constituency of Sheffield, Que., and was appointed controller stationery and king's printer on February 1, 1909. He had been ill for several months.

TWO MURDERS ON ALMOST SAME SPOT

Italian Feud the Cause—Eleven Committed In One Week in Two Years.

[Canadian Press.]

Chicago, Ill., Jan. 23.—A feud in the Italian quarter on the north side claimed two more lives last night. While the police were searching for the assassins of Joseph Portuguese, who was shot down, they were startled by two gunshots. Hurrying to the corner they found E. Depenza, proprietor of a small bank, dying at almost the same spot where Portuguese was slain. Later the police found two sawed-off double-barrelled shotguns in the doorway nearby.

Dепенza had recently received letters threatening his life.

During the last two years eleven murders have been committed in the block.

SWEDES TO JOIN IN THE ANTARCTIC QUEST

Expedition Planned for Autumn of 1915—Government Helping Financially.

[Canadian Press.]

London, Jan. 23.—The Swedes expect to join in the antarctic quest, according to advices from Stockholm, published in the Times.

The Swedish Antarctic committee, an association formed last year with Admiral Palander at its head and Professor Nordenskjöld, Andersen, Degeer, Nathorst, and Lomberg among its members, has planned the expedition which will start in the autumn of 1915.

It is intended that the proposed expedition shall establish a base in Graham land, somewhere on the shores of Antarctic Sound, the scene of Nordenskjöld's and Andersen's former exploits, and spend five years in exploring the country. The expedition will consist of ten scientific men, well acquainted with the Antarctic region.

The Antarctic committee estimates that the cost of the expedition will be 270,000 kronor, (\$72,360). The government has included a grant of half that amount in the estimates presented to the Riksdag last Friday.

WHAT WILL YOU HAVE RAIN OR SUNSHINE?

Sir Oliver Lodge Suggests That Man May Control Weather By Electricity.

[Canadian Press.]

London, Jan. 23.—Sir Oliver Lodge, the distinguished physicist and principal of Birmingham University, in an address before the institute of electrical engineers last night, suggested the possibility of obtaining some measure of control over the weather. If clearing weather, he said, was due to electricity, it might be imagined that man could acquire some control over the electrification of the atmosphere.

If it was desired to produce rain, why not send up a kite to reach the clouds? He believed that if enough electricity was discharged into the clouds the drops would behave there as they did in the laboratory; they would coalesce, and, once that had happened, the process might be repeated and cause a shower. When rain was wanted, the lecturer said, negative electricity should be sent up, and if fine weather was wanted, positive electricity.

GENERAL STRIKE IF INTERNATIONAL WAR

This and Other Radical Notions Considered By Mine Workers' Committee.

[Canadian Press.]

Indianapolis, Ind., Jan. 23.—Some radical resolutions remained today for the consideration of the United Mine Workers of America, who began consideration of the report of the committee on resolutions Wednesday afternoon. It was hoped to complete the report today. Several resolutions directed against the militia and the Boy Scout movement have been introduced, but the committee has not announced its action yet. One of these resolutions reads:

"It is resolved that this organization

LIQUOR SPEAKER FLED WHILE AUDIENCE JEERS

Imported Debater Left Clinton Meeting Hurriedly Without Waiting For Temperance Man's Remarks.

[Special to The Advertiser.]

Clinton, Jan. 22.—Another red hot meeting here tonight marked the temperance campaign for the wiping out of every bar in Huron County, and from all indications the liquor interests are on the run.

Scores were unable to obtain admission to the hall tonight and as it was the building was packed as it was never filled before. The audience was keenly interested in the remarks of Rev. Cockburn, of Toronto, who spoke on the temperance side, and of Mr. Durand, of Chicago, who

made, what everyone admitted, was a poor speech, and then without waiting to hear any reply left the hall hurriedly with Mr. John Ransford.

Jeered by Audience.

This brought the only disorder of the evening. When the big audience saw that the men representing the liquor interests were afraid to face the music and were going to flee without attempting to challenge or debate in any way, Rev. Mr. Cockburn's reply, there was much jeering and many calls of shame.

Neither Mr. Ransford or Mr. Durand, however, showed any disposition to stay and made their way out through the crowd as quickly as possible.

"I am not a little surprised at seeing my opponent in the debate leave without even hearing what I have to say," said Mr. Cockburn, amid cheers, "they would wait a long time before they would see me run away like that."

Are On the Run.
"We've got them on the run," "The bar will go out of Huron County faster than that," called voices from the audience. Mr. Cockburn proceeded after some minutes and gave a fine temperance address showing the need for temperance

A Coat Opportunity of Extreme Rarity

When these coats are gone, 'twill be many years, in all likelihood, before such extreme economies are offered you again. Now is the time to act.

Early in this sale we told you that the mildest November on record left us with a large overstock which we were going to clear out at cost and below, but the story doesn't end there. December was equally as unseasonable and resulted in still more overstock, and because this sale was such a success we have found it necessary to buy more coats in order to meet our customers' demands at the prices previously sold at.

COATS

which really should not be sold at less than from \$12 to \$15, and are good values at that price, we are showing in one lot during this great clearing sale at

\$5.65

Children's Coats

Great reductions on all garments in this line; coats from 6 to 14-year sizes at one price; good materials and styles to choose from, and a price that will tempt you to buy ahead for next year; \$4.50 and \$5.00 Coats at

\$2.65

SUITS

Every suit in stock must be cleared out at once; prices are cut in two for quick selling. A suit of the style and quality we are showing at \$7.45 should be a big temptation to any woman who is desirous of appearing well at all times. Then there is the nobby tweed in gray for the business-woman or girl at

\$5.55

Also all our high-class, man-tailored suits must go because we never carry over stock, no matter what our loss is on the goods. Go they must. Medium sizes in this line, and the prices are right. See this line, as you owe it to yourself to see them before buying. Ask to see the skirt special at 95c.

Senator Townsend at Detroit and Waterways Union at Berlin, Join in the Demand.

[Special to The Advertiser.]
Berlin, Jan. 22.—A meeting of the executive of Great Waterways Union was held here today at which attention was called to a recent circular issued by the Montreal chambre de commerce quoting a demand made by resolution of the body on the Dominion Government to proceed immediately with the construction of the Georgian Bay Canal, notwithstanding that the Dominion Government is about to appoint a commission to report as to the commercial feasibility of the scheme. The members of the executive considered this demand as most unwarrantable as they had reason to believe that the Georgian Bay Canal would cost from two to three hundred million dollars and, according to the Government's own report, would be useless for navigation purposes. Mayor Graham of London, a member of the executive, suggested that a deputation go to Ottawa in connection with the waterways project.

Resolution Adopted.
The following resolutions were passed and the council and boards of trades throughout the country will be asked to press the matter on the Government.

"The Great Waterways Union of Canada tenders the Dominion Government its appreciation for prompt, energetic and businesslike action. It has taken in the construction of the Welland Canal as a link in a large ocean to great lakes waterway by Nature's own route, projecting into the heart of the continent, where its greatest present and potential value lies. The service of large ocean vessels thereby to a great extent offsetting very unfavorable results to our inter-provincial and eastern trade, which would otherwise follow from the revolutionary effect of opening of the Panama Canal, by which the distance from east to Pacific ports would be reduced by over nine thousand miles, and further urges that the same energetic policy be adapted towards the speedy development and completion of this entire great national waterway, meeting competition, being provided by the completion of both the Erie and the Panama Canal routes.

Western Ontario Wants Place.
"That whereas it is reported in the press that the Dominion Government purposes appointing a royal commission to investigate the commercial feasibility of the Georgian Bay Canal connecting the Great Lakes with deep navigation at Montreal, the executive of the Great Waterways Union of Canada would respectfully urge upon the Government that Western Ontario and the Prairie Province districts more largely and vitally interested than any other parts of Canada, be granted full representation on such a commission and that such investigation be made to cover the entire route from the Georgian Bay to Montreal."

[Canadian Press.]
Detroit, Mich., Jan. 22.—United States Senator Charles E. Townsend, of Michigan, told the members of the Lake Carriers' Association, at their annual banquet here tonight, that the annual volume of commerce on the Great Lakes would be ten times as great as "the most optimistic estimate" of annual commerce through the Panama Canal, if the national waterway course from the head of the lakes to the Gulf of St. Lawrence were sufficiently improved to enable ocean-going vessels to reach lake ports.

Senator Townsend discussed at length the waterway plan, which he has advocated in speeches in Congress and addresses outside. He predicted the marine improvement, costing many millions of dollars, eventually would be made, "either by Canada alone, or by the United States and Canada," but urged co-operation by the two countries.

Obstacles to Overcome.
"There are great possible obstacles to overcome," said Mr. Townsend. "They are the railroads, international complications, and the cost."
"It is a strange fact that certain railroad interests seem to have opposed practically every great effort to improve water transportation facilities, I say strange, for history has demonstrated over and over again, that improved waterways have increased traffic not only on the water improved, but also on the competing railroads.

Cost the Great Question.
"There are international difficulties to overcome. Unfortunately it seems to me, there is no universal good feeling for the United States in Canada. The great practical question which will confront this project will be its cost. The United States has shown that to improve all the waters of the Great Lakes from the head of the St. Lawrence to Buffalo, so as to accommodate boats drawing 25 feet of water, would cost \$25,938,367. Increase the cost three-fold, and we would have the cost of a 35-foot channel. Already the Canadian Government has provided, by way of appropriation of authorization for \$25,000,000, to be spent on enlarging the Welland Canal to accommodate vessels of 30-foot draft, and has wisely provided such improvement shall be made with a view to ultimate enlargement to a 35-foot depth."

Cost of Eastern Portion.
Discussing the probable cost of improving the waterways from Lake Ontario to Montreal, Senator Townsend said he had no means of estimating the cost, but did not believe it would cost \$150,000,000.

SCHOONER, ABANDONED CONTINUED HER COURSE

[Canadian Press.]
Thatcher Island, Mass., Jan. 22.—Abandoned by her crew, the three-masted schooner Geo. W. Anderson had covered 30 miles in 30 hours without a hand at the wheel when picked up today by the revenue cutter Gresham and towed into Gloucester. The schooner has a cargo of lumber for New Bedford.

The monthly voyage of the Anderson for 250 miles from Windsor, N.S., was unusually full of incident. She was aleak twice, was once driven back to a harbor, was once refitted and towed several times. She was sighted today off Cape Ann. A tug was started to bring her into Rockport with the expectation of receiving several thousand dollars of salvage money, but the waterlogged craft proved too great a burden and the tow was relinquished.

The Anderson, heading straight for Cape Cod, had covered five miles more when the revenue cutter Gresham picked her up twelve miles southeast of here.

TARIFF REVISION NOT ON SCHEDULE IN THIS SESSION

Emphatic Statement Made By Senator Loughheed.

NO ACTION TOWARD NAVY

Sir George Ross Takes the Government to Task.

[Special to The Advertiser.]
Ottawa, Jan. 22.—The Government and its supporters do not know why the cost of living is high and rising, nor how to bring it down, but they are determined that the tariff shall not be reduced. Premier Borden intimated this Monday. Finance Minister White confirmed it Tuesday, and every Government speaker since has emphasized it. The most important declaration today was made by the Senate by Hon. John Loughheed, the Government leader of the upper chamber. "The people of Canada are in no temper for tariff tinkering just now," he said.

"The agricultural interests of Canada must be protected as well as the manufacturing interests, and any attempt to revise the tariff downward will result in protests which no Government would be able to resist. In the Senate, Sir George Ross, in an eloquent speech, censured the Government for inactivity in providing for naval defence. He declared that the training of men and the building of ships should be undertaken at once. Senator Loughheed said the Government would not again give the Senate a chance to humiliate Canada by rejecting the naval bill a second time.

"COPY FOLLOWS."
Clare Houston, Alvinston, displayed R.

Blames Sir Wilfrid.
Jameson, of Digby, blamed Sir Wilfrid Laurier for an immigration policy which let in more consumers than producers and resulted in the increased cost of living. He joined in the declarations of Premier Borden and Hon. Mr. White for protection. "Tariff reduction was always a good thing, but it never raised majorities," he said. "The greatest war of the world today is commercial war. Tariffs are the weapons, and the princes of agriculture and the capitalists of industry are the warriors. To throw down your weapons is to court defeat." He then declared against free wheat or any other tariff change. "The truth of the situation is that Dr. Clark has the whole Liberal party buffeted on this question."

Borden Hesitates.
"Could there be better justification for the position of the Liberals in the Commons on the navy last year or the action of the Senate in rejecting the speech of Mr. Borden?" asked Mr. Hughes, of Prince Edward Island. "The Senate asked him to consult the people. He had previously promised to consult the people on the naval bill and he still hesitates to do so. Instead he consults Mr. Bourassa and the Nationalists."

Extravagance in administration largely accounted for the high cost of living, he said. The Minister of Militia had taken General Hamilton about the country by special train at a cost of \$40,000, and had taken a company of militia colonels, with their wives, on an expensive trip to Europe. "If the Finance Minister were a proper guardian of the treasury," said Mr. Hughes, "he would compel the Minister of Militia to pay the expense of these trips out of his own pocket."

People Taxed for Railway.
Fifteen million dollars taken from the food taxes of the people and given to Mackenzie & Mann. Unwilling to do anything for the relief of business conditions, running away from the vital issue, and with a record of inefficiency, it was no wonder that the Government deferred meeting the people as long as possible, nor was there any doubt of what the people would say.

Dr. Schaffner, the Conservative representative of Souris, Man., took two hours until reminded of it. E. M. MacDonald, tired of waiting, shouted across the floor, "What about free wheat?"

"What about protection in Pictou?" replied Dr. Schaffner. "The country saw what happened in the western constituency of MacDonald, where free wheat was talked by the Liberals, and a Conservative was returned with an increased majority."

Tariff reduction and no decrease in parliamentary representation from the Maritime Provinces were advocated by O. Turgeon, the Liberal representative of Gloucester, New Brunswick.

"Dash Away and Spend the Money."
"What is the use of our proclaiming protection for Canada if we don't openly stand for it? Let us have bounties for our industries and good tariff protection all around," declared Donald Nicholson, the Conservative representative of Prince Edward Island. "I don't want a reduction of the debt. Let us dash away and spend the money," he advised amid a thunder of applause from the Government benches.

The bill in human life and hard dollars for the National Transcontinental is lessening. Last year there were only sixteen men killed and only thirteen and a quarter million dollars expended in building the road. This is less men and money than for some years. To the end of the last year a hundred and twenty-four millions had been spent on the construction of the road, three million had been spent for location and two million for construction. Operation has begun to bring in money and run up expense. The portion from Moncton to Edmundston was operated at a cost of thirty-two million and earned thirty-two and a half millions.

Health of the Navy.
There is still the shadow of the Canadian navy. The report of the naval department states that "The health of the navy has been generally satisfactory." It also intimated that the Navy and Rainbow are so short of men that they are unable to indulge in cruises. There are seventeen cadets taking the naval course at the Halifax naval college and seventeen more have completed the two year's college course and are now taking supplementary training on British war vessels.

life time. Up to April last not a lock of this great order had been delivered.

Cut in Main Estimates.
The Government has decided to economize to some extent and there will be a curtailment of supply for public services. At the close of the debate on the address the main estimates will be tabled. Last year the main estimates amounted to almost a hundred and eighty millions. This year they will be about twenty million dollars less. Ten millions will be cut off capital expenditure and an equal amount will be clipped of current expenditure. The supplementary estimates to be brought down later will bring the total vote to something over two hundred millions for coming year. It is expected that there will be increased subsidies for the provinces and aid in some form for Mackenzie & Mann as well as for the Grand Trunk Pacific.

Mr. Sam Sharp, of North Ontario, will be appointed to succeed Mr. O. S. Crockett as chairman of the Commons committee, on private bills. Mr. Crockett has gone to the New Brunswick supreme court.

UNITED FARMERS TO OWN PACKING PLANT

Next Big Co-operative Move In Alberta—Assured of Government Support.

[Canadian Press.]
Lethbridge, Alta., Jan. 22.—One of the next big co-operative schemes to be undertaken by the United Farmers of Alberta will be a pork-packing plant. F. W. Stevens, provincial live stock commissioner, addressed the convention here today with regard to the possibilities of such a plant, and gave assurance of Government support along the lines of the financing of the farmers' elevators. He told the delegates that whenever any single community could be depended upon to produce 50,000 head of hogs annually, the Government would furnish the necessary financial support. The plan is to allow the farmers to participate in the profits of the manufactured product.

The establishment of a co-operative store was favorably considered, and declaration for free trade with all countries in cereals and farm implements was enthusiastically endorsed.

NOVEMBER STORMS COST VERY HEAVILY

Made Large Special Assessment Necessary on Members of Lakes Protection Association.

[Canadian Press.]
Detroit, Mich., Jan. 23.—The year 1913 was the most disastrous in the history of the Great Lakes Protective Association, according to its secretary, George A. Marr, of Cleveland, who submitted his report at the association's annual meeting here today.

The terrific storms of November made it necessary to make a special assessment amounting to 50 per cent. of the

To Smokers

You know that unpleasant, dry, "throaty" feel after a hard smoke? Peppermint will remove it. Some smokers try gum, but gum has no effect whatever upon the membranes of the throat. Not only so, but that chewing habit is so disagreeable.

When next you have a sore mouth, "smoker's throat," or a heavy breath, try Peppermint. One little Pep allowed to dissolve on your tongue will liberate pleasing pine essences which will bathe the inflamed throat membranes in a medicinal vapour bath. This will give you instant ease, and at the same time will sweeten the breath.

For a bad cold, sore throat, bronchitis, asthma, or any allied trouble, Peppermint is the latest and best treatment. They are "the breathing treatment." When throat and lungs are ailing, don't try to see how useless it is to swallow medicine into your stomach, but use the different and unconnected organ. Get to the lungs and throat direct, and Peppermint alone do that.

FREE SAMPLE

If Peppermint are unknown to you, cut out this article, write upon it name and date of this paper, and mail it with 1c stamp for return postage to Peppermint, Dupont Street, Toronto. We will send you free sample. Your druggist or dealer sells Peppermint at 50c box; 3 for \$1.25. Remember the name "Peppermint" and take no substitute.

Peppermint

Starting the Day Right
Do you begin the day with a "grouch"? Are you tired in the mornings? Do you fail to benefit by the restorative influence of sleep, and wonder what good the energy and vitality consumed by the day's work?

Then you are rapidly becoming bankrupt so far as health is concerned. Food and rest are the two great habits of eating, make sure that you get lots of fresh air in your sleeping apartments, and restore wasted vitality by using Dr. Chase's Nerve Food.

MOTHERS! DO YOU KNOW?

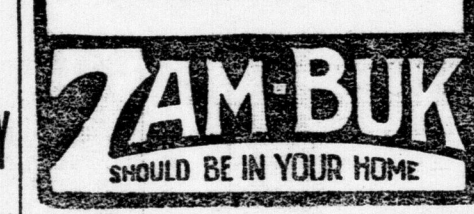

That when you put a salve onto your child's skin, it passes through the pores and enters the blood, just as surely as if you put it into the child's stomach?

You would not put a coarse mass of animal fat, colored by various mineral poisons (such as many crude salves are) into your child's blood by way of the stomach? Then why do so by way of the pores?

Take no risk. Use always the pure herbal essences provided in Zam-Buk. Zam-Buk contains no trace of any animal oil or fat, and no poisonous mineral coloring matter. From start to finish it is purely herbal.

It will heal sores, ulcers, abscesses, eruptions, varicose ulcers, cuts, burns and bruises, every quickly that any other known preparation. It is antiseptic, quickly stops the smarting of a sore or cut, cures piles, inflamed sores and blood-poisoning. It is a combination of healing power and scientific purity. Ask those who have proved it.

All druggists and stores 50c box or Zam-Buk Co., Toronto, for price.

original contributions, or premiums, on all members in order to meet the losses involved.

Six of the 18 vessels totally lost and those damaged during the storm were

Only One Application And the Hairs Are Gone
(Aids to Beauty)

Here is a simple, yet very effective, treatment for superfluous hairs: With water, mix into a stiff paste enough powdered delatone to cover the objectionable hairs. Apply and let remain 2 or 3 minutes, then rub off and with it comes every bit of hair. The skin should then be washed to free it from the remaining delatone. This is a painless, inexpensive method and even a stubborn growth yields to the first application. The success of this treatment, of course, depends upon getting real delatone.—Adv't.

HEAD AND NOSTRILS STUFFED FROM COLD

"Pape's Cold Compound" Ends a Cold or Grippe in a Few Hours.

Your cold will break and all grippe misery end after taking a dose of "Pape's Cold Compound," every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose-running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys If Back Hurts Or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority, who tells us that meat forms uric acid, which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink. W. T. Strong, druggist, agent, London.

HEADQUARTERS FOR CARRIAGES

Two Carloads Just Received

We carry the largest stock this side of Toronto. Every style is here, from \$5.00 to \$50.00. All the newest shades—blue, white, silver gray, cream, are shown in both reed and wood bodies. Call in and see this big display in the basement. Bring the baby and see how comfortable our rigs are.

owned by members of the association, due from \$51 to \$48.50, and that no further wooden tonnage be received into the association.

The association last year increased its line of insurance to 25 per cent. of the total amount carried by the various vessels. Two hundred and thirteen certificates were written on the 211 boats insured in the association. On these vessels the total insurance was \$48,159,933, of which the association assumed \$12,024,883.

Two important recommendations, Mr. Marr says in the report, are made by the advisory committee of the association. These are that the tonnage values on steel hulls for insurance purposes be reduced from \$51 to \$48.50, and that no further wooden tonnage be received into the association.

Plan of Company With Labrador Concession.
St. John's, Nfld., Jan. 22.—The extraction of nitrogen from the atmosphere on a large scale for use as fertilizer is the purpose of a concession just granted by the colonial Government for the employment of Grant Falls in Labrador. The plans call for the development of one million horsepower steel hulls for insurance purposes be reduced from the falls to generate electricity.

Taylor Drug Co. Is Forced To Sell

far more drugs than ever before, on account of their ridiculously small margin of profit during their special sales. We have always sold the highest quality drugs at lower prices than any other London druggists, and we always intend to retain our supremacy in this respect. ¶ The reason for this is obvious. Our heavy cash buying for our different stores enables us to buy lower and sell cheaper than the druggist who buys for only one or two stores. ¶ To make these low prices pay we must turn over our stock rapidly, and must have as many outlets for our goods as possible. ¶ For this reason we have just bought another drug store, at the corner of Wellington and Horton streets, which was formerly occupied by Mr. Jepson. ¶ Large quantities of fresh, dependable drugs and sundries have been added to this stock, and the prices will be as low as those of our main store at 399 Talbot street. ¶ Lowest prices, combined with prompt, intelligent service, best quality drugs, and square dealing, have built up our business ever since it was established in Watford in 1868. ¶ All "Taylor-made" preparations bear our printed GUARANTEE TO GIVE SATISFACTION or your money will be returned without question. ¶ Below are a few of our everyday prices. It will surely pay you to preserve this list for reference. NOTE THIS: These are NOT special ONE-DAY BARGAINS, with high prices the rest of the time. They are our regular every day prices. Prices are the same at both London stores.

WAR DECLARED ON HAMBURG-AMERICA

Combination Reorganized Excluding That Line of Steamships.

[Canadian Press.]
Paris, Jan. 22.—The delegates to the North Atlantic shipping conference reorganized the combination today, leaving out the Hamburg-American line. A notice excluding that company and declaring a state of war between it and the other lines was afterward issued.

THE DECLARATION

Paris, Jan. 22.—The declaration is-

sued by the representatives of the trans-Atlantic shipping companies was textually as follows:

"The conference of the continental lines interested in the north Atlantic passenger trade held in Paris on Jan. 21, the demands of the Hamburg-American line, which did not see fit to appear in order to explain its justification of its claim for an increased proportional stowage passenger traffic, were fully considered.

"The delegates were of the opinion that neither past nor present warranted these demands put forward by the Hamburg-American line, but that on the contrary they were in flagrant contradiction with the position the Hamburg-American line has emphatically maintained in similar instances toward other companies.

"The lines therefore refuse to

recognize these claims and resolve to carry out the existing agreement among themselves, but without the Hamburg-American line, with the object of upholding an organization which has given entire satisfaction during the long period of 22 years and thus protecting the recognized position of the various lines toward each other.

The delegates met again in conference today.
HUGE SUM INVOLVED.
[Canadian Press.]
St. Louis, Jan. 22.—Suit to recover more than \$14,000,000 was filed in the United States Supreme Court here today against ten men who were directors of the St. Louis and San Francisco Railway in 1910.

GAVE HIMSELF UP ON MURDER CHARGE

Suspect in Murder of William Martin (Toronto) Walked into Police Station.

[Canadian Press.]
New York, Jan. 22.—A youngish man, giving the name of Harry Schaefer, walked into a police station today and said: "I understand you are looking for me in connection with the Martin murder. I want to give myself up."

He was held on a technical charge of homicide.

general alarm all over the country for the arrest of two men sought for the murder of William G. Martin, a millionaire, of Toronto, Ont., who came to New York to buy stock, and who was found strangled to death in a boarding-house. His hands were tied behind his back, and his watch and chain, two diamond rings, scarf pin and money were missing. Circulars sent out at the time described the men sought as Harry Schaefer, alias Murray, and Michael Strocero, alias Sargo. The police advanced the theory that these men met Martin in front of a baseball scoreboard and lured him to the house where he met death.

New York, Jan. 22.—The police announced this afternoon that the prisoner had confessed complicity in the crime, placing the blame on his alleged accomplice, Sargo, who, he said,

had thrown Martin down and gagged him. When they left the apartment, said the prisoner they did not know that the Toronto man was dead. They fled first to Baltimore, he added, then to St. Louis and then to Denver, where they parted. Subsequently the prisoner said he made his way to South America and returned here only recently.

"BLOODY SUNDAY"

[Canadian Press.]
St. Petersburg, Jan. 22.—The police today, with drawn swords, dispersed crowds of demonstrators observing the anniversary of "Bloody Sunday," Jan. 22, 1905, when the troops massacred many striking workmen as

they were marching, led by Father Gapon, to the palace square to present to the emperor a petition formulating their political and economic demands.

The workmen today declared a general strike and with bands playing, they proceeded along Nevsky Prospect, singing revolutionary songs, until the police scattered them.

BIBLE SOCIETY AIDS WORK OF MISSIONS

Western Ontario Organization
In Annual Session.

ADDRESS BY DR. MACKAY

Progress Made in Christianizing
the East.

DR. FLANDERS PRESIDENT

Chosen as Successor of Late Dr. Ross
—Life Members Elected From
Many Western Ontario
Towns.

"God's design is that Japan, China and India should each develop along its own lines just as much as it is His design that our country should develop along its own line," said Rev. Dr. R. P. Mackay, secretary of the Presbyterian board of missions, and former moderator of the general assembly, addressing the Western Ontario Bible Society at its 47th anniversary held in the First Methodist Church last night.

Dr. Mackay was referring to the growth of nationalism in the countries of the Orient. "Every country is wak-

REV. DR. C. R. FLANDERS, who was chosen President of the Western Ontario Bible Society.

ing up and going to live for itself. And it's a good thing," said Dr. Mackay. "Of course, there are dangers in it. But the danger exists in that we may not show the spirit of Christ. In the Orient there are men who are advocating today the union of the eastern countries against what they must see that the gospel does its work in the far east. This is our opportunity. Nations are awakening. Nations are awakening to a world consciousness. Not only are they awakening to themselves but each one to all others."

Chew Food Thoroughly

In these days of soft, mushy foods and quick meals, insufficient mastication of food is often responsible for stomach trouble, headache, biliousness, constipation, dull brains, and various other ills.

Generally these troublesome results can be avoided or corrected by having a regular daily ration of

Grape-Nuts FOOD

The firm, crisp granules, with cream on the side, invite thorough chewing which is of double advantage. It promotes a sure mixture of the food with the saliva—the first step in digestion. It also tends to normal development and preservation of the teeth.

Grape-Nuts food is made of whole wheat and malted barley. It contains all the rich nutriment of the grains, including the natural Phosphate of Potash so essential for strength of body and keenness of brain.

Grape-Nuts comes ready to eat direct from the package—has a delicious taste—and is easily digested.

Eat slowly—chew your food thoroughly!

"There's a Reason" for Grape-Nuts.

—Sold by grocers everywhere

Made by Canadian Postum Cereal Co., Ltd., Windsor, Ont.

vious year. The receipts from London however, showed a decrease of \$307.29. It was pointed out that Russian and English Diglot gospels supplied by the society are now being used by a Russian class in the city.

Resolution on Late Dr. Ross.
Reference in the director's report to the death of the late Dr. Ross, included the following resolution:

"Whereas, it has pleased God to remove our esteemed President and dearly loved brother, the Reverend James Ross, D.D., by the hand of death in an accident in New York.
"We, the officers and members of the Western Ontario Bible Society, assembled in special session, and moved with sympathy and grief, and with the members of his church and congregation, desire to place on record and to express to them the deep grief which we feel and share with them in the sudden and unexpected departure of their earthly leader and admirer and our honored President."

Very Rev. Dean Davis, D.D., presided. The devotional exercises were led by Rev. J. G. Stuart, Rev. H. D. Whitmore, and Rev. C. R. Flanders. Special anthems and other music were rendered by the First Methodist Church Choir under the direction of Mrs. A. D. Jordan, and including soloists by Messrs. Webster and Sinclair, and Miss Leta Laymon. Miss Laymon, contralto soloist, very beautifully rendered, Liddle's "Abide With Me."

The board of directors of the Western Ontario Bible Society elected last night for 1914, includes:

President, Rev. C. R. Flanders, D.D.; vice-presidents: Very Rev. Dean Davis, D.D., Rev. James Kennedy, Rev. J. G. Stuart, M.A., Rev. Principal Waller, D.D., Rev. G. N. Hazen, B.A., Rev. James H. Orme, Rev. W. H. Claris, Edward Towe, Rev. W. M. Walker, B.A., Bart Cottam, Treasurer, Edward Towe; permanent secretary, A. E. Jordan; honorary secretaries, Rev. Dr. C. C. Waller and Rev. H. Bingham.

General committee: Rev. H. H. Bingham, B.A., Rev. George McKenzie, Rev. J. H. Boyd, Rev. D. L. McCrae, Ph.D., Sheriff D. M. Cameron, Prof. K. P. R. Neville, Ph.D., J. H. Chapman, Rev. T. E. Clarke, M.A., Rev. Canon Craig, B.D., Rev. T. Wesley Coates, Rev. H. A. Graham, B.A., Rev. F. C. Harper, B.D., Rev. W. H. Harvey, B.A., J. Holman, Rev. W. J. Knox, M.A., Rev. W. J. Patterson, M.A., J. K. H. Pope, Ven. Arch. Richardson, D.C.L., Rev. G. B. Sage, D.D., William Scarlett, Rev. Canon Tucker, D.C.L., W. J. Underwood, W. H. Wortman, Rev. H. D. Whitmore.
Life director, Rev. J. W. Beaumont, D. D., M.D.

Life members: (In order of election): Rev. J. W. Beaumont, D.D., M.D., London; J. Labatt, London; Mrs. A. C. McKinnon, Mossa; J. S. Small, Strathroy; F. Hicks, Central; Rev. James Hughes Orme, London; W. H. Wortman, London; J. Follinsbee, Strathroy; Mrs. J. Follinsbee, Strathroy; Christopher Brock, Geo. Robinson, London; Bart Cottam, London; Mrs. B. Cottam, London; Rev. Jas. Kennedy, London; Robert Fox, London; J. T. Nichols, Strathroy; Miss Mary Bell, Strathroy; William A. Pearce, Iona; John Marr, London; H. E. Wilson, London; Samuel M. Pearce, Iona; C. B. Adams, Harrietsville; J. K. H. Pope, London.

CARELESSNESS THE CAUSE OF ACCIDENTS

Railway Board Recommends Prosecution of Trespassers on Railways—643 People Killed In Year.

[Canadian Press.]
Ottawa, Jan. 22.—Statistics regarding the toll of death on Canadian railways are an interesting feature of the railway commission's annual report, tabled in the House today.

It is to be noted that the total number of killed and injured, reported by the various railway companies under the jurisdiction of the board for the year ending March 31, 1913, was 2,547—that is to say, 643 persons were killed and 2,291 were injured. Of the total 643 persons killed, approximately 23 per cent of the total were trespassers on railway tracks.

Passengers Were Careless.
Twenty-one passengers were killed, or 2.3 per cent of the total. Of this total of 21 passengers killed, it appears that 15 met their deaths by what would appear to be preventable causes on the part of the passengers themselves, such as falling off trains while in motion, endeavoring to get off trains in motion, so that the actual number of passengers killed in what might be termed preventable causes on the part of the railway companies was only six, or less than 1 per cent of the total number of 643 persons killed.

The railway employees killed number 303, or 47 per cent of the total. Of the total injured, 1,040, or 45 per cent, were passengers, and of this number 75, or 18.3 per cent, were injured from preventable causes on the part of the passengers injured, such as attempting to get off and on trains in motion.

129 Dundas Street 11 Market Square

In motion. Of the total of persons injured 1,692, of 71.8 per cent were employees of the railway companies.

It will be noticed that of what may be termed the preventable causes, 250 killed is a very large percentage of the total killed, and in this connection the board has taken up with the attorneys-general of the various provinces the question of prosecuting trespassers on railway property, with a view to limiting the large number of fatalities which occur in this way.

BRANT LIBERALS CHOOSE CANDIDATES

John Harold and T. S. Davidson
Nominated at Record Meeting.

[Special to The Advertiser.]
Paris, Jan. 22.—At the general meeting of the Brant Liberal Association held at John Harold, of the firm of Sanderson & Harold, Paris, was nominated for the Dominion House this afternoon, and T. Scott Davidson, auctioneer, of Paris, was chosen for the Local House.
A fine fighting speech Mr. Davidson accepted at once, and announced that he adopted unreservedly every plank laid down in the platform of N. W. Rowell. This announcement was enthusiastically received.
Mr. Harold stated that he wanted a little time to consider the matter, but would give a definite answer shortly.

Expect a Break.
Conservatives are looking for a break in the ranks of the four solid Brants, and the greatest campaign in years is looked for.
Eight names came before the convention as nominees for the Local House. The fight finally narrowed down to three, H. M. Kneal, of Burford, and J. W. Vanderlip finally dropping out, and the choice was made unanimous.

Mr. Harold received 86 votes on the first ballot, and his nomination was made unanimous at once.
There were fully 600 Liberals present from all parts of the district, and the greatest enthusiasm prevailed throughout. Leader Rowell was given a tremendous reception when President Adrian Smith called upon him to speak.

In Fine Form.
Mr. Rowell was in fine form, and made a telling speech on the main points of his platform, dealing particularly with the abolition of the workmen's compensation and tax reform. Owing to the length of time of the motions took up the time of all the speakers was limited.

Resolutions were unanimously carried in support of the policies of Sir Wilfrid Laurier and N. W. Rowell, and another of regret at the illness of Sir James Whitney.
President Adrian Smith was re-elected and the vice-president chosen is R. E. Hamilton, of Cainsville, and Dr. Dunton, of Paris, as secretary.

PRESBYTERY PAYS ITS TRIBUTE TO DR. MUNRO

Veteran Minister Euologised on
His Retirement From
Active Work.

The following resolution was unanimously passed by the Presbytery of London at its meeting on the 20th inst., and a copy was ordered to be sent to Rev. Dr. Munro:

The presbytery, in accepting the resignation of Rev. Gustavus Munro, D.D., after obtaining in his behalf, leave from the General Assembly to retire from the active duties of the ministry, would place on record its high appreciation of his life and work. In his life Dr. Munro has shown himself a man possessed of qualities of mind and heart that won for him a high and abiding place in the affections and esteem of all who have been privileged with his acquaintance. He has been kind and affable, studious and diligent, thoughtful and considerate, and over all genuinely modest and humble—"a man greatly beloved."

In the ministry of the word, in public, and from house to house, Dr. Munro has been thoroughly evangelical and faithful, not shunning to declare the whole counsel of God, as he knew it, and in the spirit of Jesus, seeking himself a workman, "needing not to be ashamed, rightly dividing the word of truth." His, indeed, has been a work of faith and labor of love.

As a presbyter, Dr. Munro has been regular in attendance, wise in counsel, courteous in bearing, and ever ready for the performance of work assigned to him.

As moderator of the Synod of Hamilton and London, Dr. Munro performed the functions of that high office, with credit to himself, and to the satisfaction of the court.

With devout gratitude, the Presbytery bears testimony to the success of his life and work, and to the success of his servant in all the fields in which he has been privileged to labor, and to the physical and mental vigor continued to him during his long ministry of over forty years.

In conclusion, the Presbytery would assure Dr. Munro, with Mrs. Munro, who has been to him a most faithful helpmeet, of its most earnest prayer and hope that to them, the evening may be long and bright, with many opportunities for further service, and when all is done, they may hear the Master's glad word, "Come, thou good and faithful servant. Enter thou into the joy of thy Lord."

GIRLS! BEAUTIFUL, CHARMING HAIR, NO DANDRUFF---25 CENT DANDERINE

Try This! Doubles Beauty of
Your Hair and Stops It
Falling Out.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

FEEL HEADACHY, DIZZY, BILIOUS? CLEAN YOUR LIVER! A DIME A BOX

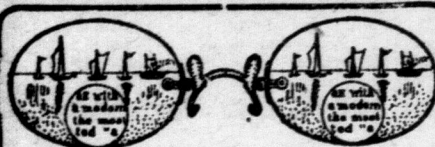

Sick headaches! Always trace them to lazy liver; delayed, fermenting food in the bowels or a sick stomach. Poisonous, constipated matter, gases and bile generated in the bowels, instead of being carried out of the system, is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, sickening headache. Cascarets will remove the cause by stimulating the liver, making the bile and constipation poison move out of the system. One taken tonight straightens you out by morning—a 10-cent box will keep your head clear, stomach sweet, liver and bowels regular, and make you feel bright and cheerful for months. Children need Cascarets, too.

EIGHTEEN WERE KILLED
ON SAKURA ISLAND
Nine Villages Destroyed by Earthquakes and Volcanic Eruption.
[Canadian Press.]
New York, Jan. 22.—An official report giving the total of the casualties and damage caused by the eruption, earthquakes and tidal wave of last week on the Japanese island of Sakura and in the town of Kagoshima has been received by the Japanese Consul General here. The report says:
"In Sakura nine villages composed of 840 houses were destroyed of the total of eighteen villages on the island. The deaths among the population were not so considerable as at first believed, and probably unexpectedly small.
"In Kagoshima, estimates place the deaths at 18, the severely injured at 87, and the slightly hurt at 71. Thirty-five houses collapsed, 113 were partly destroyed, and many others slightly damaged. The principal public buildings were not injured.
"In Kimotsu and Kira counties the damage caused by falling ashes and pumice stone affected 20,000 people, who will need relief."

LEWIS TOOLE IS DEAD.
Quebec, Jan. 22.—A telegram received tonight by Professor C. A. Zavitz, of the Ontario Agricultural College, announced the death of Mr. Lewis Toole, of Mount Albert, president of the Ontario Experimental Union. Deceased was one of the founders of the Experimental Union, and was a graduate of the college, in which he always took a deep interest, having graduated in 1879. He was one of the leading agriculturists of the province.

DEATHS AND FUNERALS

Death of Mrs. Whitaker.
Mrs. Susan Whitaker, widow of John E. Whitaker, died Thursday afternoon at the residence of her daughter, Mrs. Lucy MacArthur, 150 St. James street. Mrs. Whitaker was 84 years of age and had been a resident of this city for seven years. Four daughters and one son survive. They are: Mrs. Aiken, head of Maryland; Mrs. Olivia Soper, of Windsor; Mrs. Richard Dutton, of Kingston, Mich.; Mrs. Lucy MacArthur, of this city. The funeral will be private and held on Saturday at 1:30 o'clock from Mrs. MacArthur's residence. Services will be conducted at 1 o'clock by Rev. Thomas Mitchell. The remains will be forwarded to Delhi for interment on the 2:05 p.m. train by Griffith & Willis, undertakers.

Death of Mrs. Jamieson.
Mrs. A. Jamieson, mother of Dr. Alice Jamieson, of this city, died at her home in Grafton, Ont., yesterday. She had been ill for several weeks and her death was not unexpected. Dr. Jamieson was with her mother when she died.

An Epoch in Central British Columbia.
On Tuesday, Jan. 13, the laying of steel on the Grand Trunk Pacific Railway reached Prince George, the coming city of Central British Columbia, situated at the junction of the Fraser and the Nechako Rivers. This was a momentous event, as it gives Prince George the first rail connection it has had with the outside world.

It is interesting to note that up to date the Grand Trunk Pacific Townsite and Development Company have sold in their town of Prince George, 3,171 lots. Total value of same being \$2,322,003.23.

Owing to the large area of agricultural lands in the district surrounding Prince George and the vast territory of unknown possibilities that are in the immediate vicinity, will make this an important city, and as a great distributing point for the entire Central British Columbia region.

TO FLY ACROSS ATLANTIC.
[Canadian Press.]
New York, Jan. 22.—A cable to the Tribune from London says: Claude Graham White said yesterday that plans had been laid for a trans-Atlantic flight in the summer of 1915. A special aeroplane is being built, but there is no possibility of a flight this year, as it would take a year to get ready.

HORTON ST. WELLS THREE FEET HIGHER

London's Supply of Water Unfailing. According To Annual Report.

The Horton street wells are justifying the faith that was placed in them by the citizens. General Manager H. J. Glaubitz reporting at a meeting of the water commissioner yesterday afternoon that the water in the wells is three feet higher than a year or so ago, showing that the capacity is being kept up.

Commissioner J. H. Chapman proposed that the city should supply free electricity to churches, whose congregations were willing to expend money in ornamental exterior lights. General Manager Glaubitz will consult the controllers on this point.

More Street Lights. Although 300 more lights were furnished the city, the charges for street lighting this year are less by \$1,000 than for the previous year," said Manager Glaubitz.

Manager Glaubitz will also confer with the controllers with reference to the proposal to place a light on every street pole in the city, thus adding materially to the illumination.

On Industrial Bureau. Commissioners William Wyatt, J. H. Chapman and Dr. H. A. Stevenson were appointed as representatives to the Industrial Bureau.

Messrs. Emery Hamilton, W. W. Gammage, John Marr and Commissioner William Wyatt were re-appointed to the parks commission. W. E. Saunders, another member of the body, notified the commissioners that he would be unable to give further service, and someone else will be appointed in his stead.

The annual report of General Manager Glaubitz was presented and showed an encouraging state of affairs. The accounts of the waterworks department for the year 1913, said the report, "show that after making allowance for a decrease in revenue of \$18,000 through reduced rates to consumers, and a loss on the sales of debentures of \$11,596.30, the surplus revenue for the year would be \$1,800 more than for 1912. Moreover, nearly \$4,400 of extraordinary expenditures were made out of revenue."

6,406 Hyro Customers. The report showed the total number of electrical consumers to be 6,406, a net gain for the year of 1,605, and a net surplus of \$36,411.64, showing a total accumulated surplus for the three years amounting to the sum of about \$60,000, or nearly 17 per cent of the average capital investment during that time. For the past year the profit after allowing 3 1/2 per cent depreciation, amounted to \$21,700, which is more than 5 per cent on the capital investment. The saving to citizens from the reduction of the old rates is estimated in the report to be \$164,000.

The Mendelssohn Choir of Toronto, as in previous years, is again proving a real sensation in musical circles, not only on account of the great variety and general excellence of their programs, but also on account of the rare opportunity offered the lovers of good music, of hearing such noted artists as Mr. Reed Miller, one of the foremost tenors of the world, and Horatio Connell, a baritone with an enviable reputation both in Europe and America. Miss Mildred Potter, a contralto who occupies a leading position among concert singers of the United States, and Miss Florence Hinkle, soprano, who, on account of her great success in Toronto on previous occasions needs no introduction. In order to give its patrons the privilege of the opportunity, the Canadian Pacific Railway will have a special rate of \$2.95 in effect, good going on the Toronto express, leaving London at 12:40 noon, and good returning on any regular train the following day. There will, however, be a special train leave Toronto immediately after the choir concert, making fast time to London, in order that business people will not lose any more time than necessary on the trip. Tickets and information at the city ticket office, corner Dundas and Richmond streets. W. Fulton, agent. 36-u

MILK INSPECTION IS MOST IMPORTANT

Director of Institute of Health declares It is Most Vital Necessity.

That milk inspection is of far greater importance than meat inspection is the belief of H. W. Hill, director of the Institute of Public Health. Dr. Hill has nothing against meat inspection, but does not consider that it has a tendency to stamp out tuberculosis in the human.

This week Dr. Hill, M. H. O. Dr. T. V. Hutchinson, Controller G. E. Rose and W. H. Abbott, of the local board of health, paid a visit to the plant of the Dominion Abattoir, and were shown the evidences of tuberculosis in a number of freshly-killed animals.

Dr. Hill was impressed with the evidence, but it did not change his previous expressed opinion that the inspection of meat does not tend to reduce the number of cases of human tuberculosis.

"My contention," said Dr. Hill to the Advertiser, "is that it is not an adequate means of getting rid of tuberculosis in the human. Milk inspection is the big

feature, and the only absolute way of removing the tuberculosis danger for persons in this way is through the tuberculin test of dairy herds.

"Tuberculosis is more largely prevalent in hogs than other animals, but we have no regulation to say that skinned milk fed to these animals should be tested. In some places such a regulation does exist. Consider the amount of hogs that are fed milk and that wallow around in barn manure. Yet farm hands who are in proximity to these conditions do not get the disease, as bovine tuberculosis among adults is practically unknown."

BETTER TO SCRUB THAN TO BE IDLE

Rev. J. W. Knox Lauds Woman Who Really Serves World, in Address To Mothers.

That the essential element of Christian citizenship lies in living for the nation, and not on the nation, in contributing some personal effort, mental or physical towards the national welfare, and that the four factors which affect the development of the young life of the country are the home, the church, the school, and the community, were facts set forth last night by Rev. W. J. Knox, M. A., pastor of the First Presbyterian Church, of this city, in an address delivered before the Union Mothers' Clubs of London.

Mr. Knox condemned the man who was a consumer but not a producer in any sense of the word, and emphasized the need that honor should be paid to the man who works rather than the man of leisure.

Those Who Serve.

"The man who makes our bread, who builds our houses, the woman who teaches, or who attends to her household, these are all giving service to the country, and in our young Canada, we should give our admiration only to the man or woman who works in some manner," said Mr. Knox.

"The man who digs trenches in our city, or the woman who works in our kitchen, or scrubs in offices, is more worthy of honor than the millionaire who acquired his wealth by no effort of his own, or the rich woman who spends her mornings in adorning herself, her afternoons at teas, and her evenings at the theatre," said Mr. Knox.

Leaving Quiet Homes.

In regard to the home element in the fashioning of Christian citizenship, Mr. Knox deplored the fact that there was need of regeneration. Real dangers were threatening our home life, he said. Young people were seeking amusement no longer in the home, but were going out to the five-cent theatres, and to the streets. This was worse on the American side of the border, but the tendency for amusement was growing in Canada, and young folks were no longer content with the quiet and seclusion of the home. Industrial conditions were also affecting the ordinary home. Often the father labored for anything but an adequate wage, the mother was forced to earn to supplement the family income, and children, often before the age of 14, were sent out into the world to earn for themselves. Divorce was also a most blighting influence on home life.

The function of the church, Mr. Knox believed, was to assist the people

tations by Miss Plewes. The meeting was largely attended. Mrs. H. B. White, president of the union clubs, presided.

REBELS CAPTURE TWO TOWNS.
[Canadian Press.]
Cape Haitien, Jan. 22.—Both Cape Haitien and Port-Liberte on the north coast, are in the hands of the revolutionists. The vanguard of the rebels entered Cape Haitien today without resistance. For several days past the rebel forces have been encamped outside the town, having previously dispersed the Government troops.
