ADDRESS TO THE ELECTORS  
ISSUED BY LIBERAL LEADERMr. Rowell Announces Progressive Platform, Making Clear  
Party's Attitude On All Questions of Importance  
to Province.

Toronto, Nov. 7.—Mr. N. W. Rowell, K. C., recently chosen as the leader of the Liberal party in Ontario, has put forth the following platform, after consultation with the committee appointed at the recent meeting of the Ontario Reform Association:

To the Electors of Ontario:

By the action of the Government the Legislative Assembly of this Province has been dissolved before the expiry of the term, and the electors are called upon to bear the trouble and expense of an unnecessary general election during an inclement season of the year. Nominations take place Dec. 4, the election on Dec. 11.

The Government of Sir James Whitney has disappointed the progressive forces in our Province by its failure to grasp the urgency and importance of the settlement and development of New Ontario, by its failure to devise an adequate policy to promote the great agricultural interests of the Province, and by its failure to manifest practical sympathy with progressive measures of social and moral reform.

The Liberal party considers the development of New Ontario one of the supreme opportunities and most urgent obligations of the Government, requiring the whole time and thought of a responsible minister of the crown; and it believes that its successful development means increased prosperity to every citizen of Ontario. We recognize that agriculture is the basis.

CONTINUE MARKET LANE  
NORTH TO CARLING STREETA Move on Foot To Have This Done Now That Big Fire Has  
Left Land Needed Vacant.

It is now proposed that the city purchase two of the stores destroyed by the conflagration Friday morning, and continue the Market Lane through to Carling street. This would make for a better business section, it is thought, and improve Carling street. The idea is of the opinion that the scheme is a feasible one, and would result greatly to the advantage of the city.

"We could purchase 30 or 40 feet directly through to Carling street," he declared. "That would give us a continuation of the Market Lane, and result in another business street. Smaller places of business would be established there, and make it much better for all concerned. This has been done in other cities with excellent results, and I cannot see why the same could not be done here. If it costs us \$50,000, the money would be repaid in increased assessments in a short time. I think the proposition a good one."

INSURANCE COMPANY LOSSES

SIR ANDREW FRASER TELLS  
OF GOVERNMENT OF INDIABritish Authority Looked Up To and Reverenced as No Other  
Has Been—Address Before Canadian Club  
of London.

At the inaugural luncheon of the Canadian Club of London for the season of 1911-12, held at the Restaurant House at noon today, Sir Andrew Fraser, one of the principal speakers at the Laymen's Missionary Convention here, gave a most interesting address on "British Administration in India." There was an exceptionally large attendance of the members, Capt. T. J. Murphy, president of the club, occupied the chair.

Sir Andrew, who spent many years in India as a district magistrate, gave some vivid impressions of the country and its people. He dealt largely with his own experiences there. It was not his intention to weary his auditors with statistics, he stated, but merely to give impressions.

The size of India was great, about as big as Europe without Russia, with a population fully as large. There were now about 300,000,000 people in the country. There was not one nation, but many. The country held not one people, but many distinct peoples, differing as much as the nations of Europe in tradition, history, race, language and religion. The natives respected the British Government, and all knew full well that it British

## MILTON PIKE'S ADDRESS

Enthusiastic Meeting of Laymen at Big  
Missionary Convention in First  
Methodist Church.

Intense enthusiasm and interest marked today's session of the Western Ontario Men's Missionary convention. The attendance was much larger than at Monday's meetings, and the big convention is now in full swing. A record attendance is expected tonight when Sir Andrew Fraser will speak on "Personal Experience With Missions in India."

"The call to service" will be the subject of an address by Rev. Dr. Gandler, principal of Knox College, Toronto, and Mr. S. J. Moore, of Toronto, will speak on "Canada's Missionary Policy: Our Response."

"The Local Church" was the subject of this afternoon's discussions and addresses, among the speakers being Mr. Charles S. Cornwell, of Chatham; Mr. Charles Austin, of Chatham; Rev. H. C. Priest, Canadian secretary of the "Missionary Education Movement"; W. C. Senior, secretary of the Baptist L. M. M.; and H. K. Caskey, general secretary of the L. M. M.

The general theme of this morning's meeting was "The Equipment for the Task," a number of unusually stirring and brilliant addresses being given on various phases of the subject.

The opening address was given by Mr. J. Milton Pike, K. C., of Chatham, on the subject, "How Can We Create an Intelligent Home Base?" Mr. Pike paid a glowing tribute to self-sacrificing missionaries who, like David Livingstone, devote the best part of their lives to the propagation of Christ's kingdom on earth.

David Livingstone, he declared, dwelt upon, and declared that the greatest kind of greatness in the world is moral greatness. Men of the highest type are required for the mission field.

The young people in the church and Sunday school should be imbued with the missionary spirit and ideal. In the schools and colleges greater attention should be paid to spiritual things. The intellectual is too much subordinated to the intellectual.

Love for fellow men should be made the basis of the subject.

INDIAN AT ONEIDA  
SHOT THROUGH HANDSimon Dextester Was Painfully In-  
jured While Out Hunting Rabbits.[Special to The Advertiser.]  
Oneida, Nov. 7.—Simon Dextester is laid up at his home as a result of being shot through the hand while out hunting rabbits with a revolver. He was in pursuit of a rabbit when the weapon suddenly discharged, and the bullet tore through his hand, and made its way out through the forefinger of his left hand. It is feared that blood-poisoning may develop.

## COUNCIL HONORS SIR JOHN'S MEMORY

A resolution of condolence was passed by the city council at its session last night, on the death of Sir John Carling, and the civic bodies will attend the funeral on Wednesday.

"I move that a resolution of condolence be forwarded to the family of Sir John Carling," said Ald. Cooper. "He was a splendid citizen of London, and we regret his death exceedingly."

"I second the motion," said Ald. Wilson. "His death has cast a gloom over the city. He was one of the best citizens London has ever had, and it is with great sorrow that we hear of his demise."

City Clerk Baker will make the necessary arrangements.

FULL MILITARY HONORS WILL  
BE PAID LATE SIR JOHN CARLINGSeventh Regiment, of London, Will Pay Last Respects to Their  
Honorary Colonel—Funeral Will Be Held On  
Wednesday at 3 o'Clock.

The remains of Sir John Carling will be buried with full military honors. Although a civilian, Sir John had taken a very deep interest in the regiment, and for many years had been honorary colonel. He held this office when he died.

As soon as his death was announced Col. A. A. Campbell wired at once to the militia department at Ottawa, asking for permission to bury Sir John with full military honors.

The officers of the regiment considered that it was due their honorary colonel that such distinction should be given him. This morning word was received giving the Seventh Regiment instructions to turn out in force.

As a result, Captain Ingram has issued an order calling for a parade at 2 o'clock tomorrow afternoon at the armories.

There will be a parade tonight at the armories to prepare for the funeral. Col. Campbell and his officers desire that the fullest possible number be present. A firing party will be chosen and other details arranged.

Hundreds of telegrams from all over Canada have poured into the family since Sir John's death yesterday.

Premier and Mrs. Borden, and many members of the cabinet, have sent telegrams, as well as other prominent Canadians from coast to coast.

The final arrangements for the funeral have not yet been completed, but it will likely be held at St. Paul's Cathedral at 3 p.m. on Wednesday. It is expected that the pall-bearers will be chosen from the members of the family.

LONDON WILL TRY TO STOP  
STEALING OF INDUSTRIESAttorney-General Is To Be Notified That Town of Simcoe Is  
Bonsusing the Southam Co. Contrary to the  
Municipal Act.

The city council will investigate the bonusing evil, and will endeavor to remedy it. The recommendation of the Attorney-General's committee that the town of Simcoe had taken away the Southam industry contrary to the provisions of the Municipal Act, was brought to the attention of the council.

"I think you are making a mistake," said Ald. Bennett. "Because some person put one over on you, you want to go to law. My idea is that we should go out after industries, and get some of them. We have been hampered by the municipal act, and I think we have a scheme that will beat it."

"Why not extend the switches of the London and Port Stanley Railway?"

A LONG LIST OF QUESTIONS  
WILL FACE THE ELECTORS

The ratepayers are going to have a long ballot to vote on next January. In addition to the candidates for office there will be numerous plebiscites and bylaws to be voted on. The list is growing daily and the end is not in sight.

Among those already mooted are the following:

1. Commission form of government.
2. \$50,000 for garbage system, bylaw.
3. Two-year term for aldermen, plebiscite.
4. Local improvements—Whether or not the city will pay 50 per cent of the cost of walks, pavements, curbs and gutters; plebiscite.
5. Storm sewer system, bylaw.
6. Ward system of electing aldermen, plebiscite.
7. Municipal paving plant, bylaw.

THE DUKE OF CONNAUGHT  
OPENS PARLIAMENT THURSDAYExpectation That Session Will Be Short Is Growing—Likely  
Sum Will Be Voted to Start Georgian Bay Canal.

[Special to The Advertiser.]  
Ottawa, Nov. 7.—The Duke of Connaught will not be on hand for the first day of Parliament, but will allow his deputy, Sir Charles Fitzpatrick, to cover for him the fact that the House of Commons is without a head, the chief justice to send them to elect Dr. Sproule speaker, and to tell him to come on Thursday in a cocked hat and robes at the head of the Commons to hear the speech from the throne delivered by the duke in person.

The real opening of the twelfth Parliament of Canada will therefore be on Thursday. The swearing in of members will begin on Wednesday at noon in the House of Commons chamber, the clerk, Dr. Flint, acting as master of ceremonies. The expectation is growing that the session will be short. It is understood that provision will be made for beginning the Georgian Bay ship canal, and that a sum has been placed in the estimates for that purpose. It is likely that there will also be an appropriation to enable a start to be made with an enlarged Weland Canal at the same time.

A NEW STEP IN CHURCH LIFE  
IS MISSIONARY MOVEMENT"The Greatest Undertaking in the History of the Churches,"  
Says General Secretary Caskey to The Advertiser.

"The series of men's missionary conventions, which are being held from coast to coast," said General Secretary Caskey, of the Laymen's Missionary Movement to The Advertiser, "will mark a new step in the church life of Canada. It is the greatest undertaking in the history of churches in Canada. As an educational campaign its importance cannot be overestimated."

"It will undoubtedly result in a national missionary policy for the Canadian Christian church. It will give men a vision of the needs in Canada of our own home missionary field; it will bring home to us the great and pressing needs of the foreign field. It did people."

"Some churches even now are averaging from \$30 to \$40 per member for missions. All congregations cannot do this. All may not even be able to give the \$5 per member, which the national policy of the Canadian missionary movement aims at. But the convention will greatly increase the interest in missions of all church members."

"It is a great educational campaign and everywhere the conventions are showing a successful beyond our brightest expectations. The conventions in the west were far greater than we dreamed of. They cannot fail to exert an upward tendency on the church, social and national life of the Canadian people."

- 1911—Died on Nov. 6.

Sir John Carling, K. C. M. G., P. C., died yesterday afternoon at four o'clock at his late residence, 154 Wellington street, after an illness of four days from pleuro-pneumonia. He was unconscious when the end came, and slept peacefully away. All his family were with him when the aged statesman died.

Although Sir John was in precarious health during the past year, nothing alarming was noticed until early Friday morning, when he awakened his nurse. Then he complained of a pain in his side, and Dr. F. R. Eccles, the family physician, was summoned. The case was diagnosed as pneumonia, and little hope was held out for his recovery.

On Saturday, a number of physicians were called in consultation, and the family were informed that the end was not far away.

Mr. F. W. Carling and Mrs. Nicholson, of Ottawa, a son and daughter of Sir John, were at once summoned home.

On Sunday he gradually grew worse. On Monday it was seen that Sir John could not last many hours, and the first news of his serious illness was given out.

A PEACEFUL DEATH.  
From that time until 4 o'clock he slept peacefully, and died without a struggle. The whole family, three sons (T. Harry and John A., of London, Fred W., of Ottawa) and three daughters (Miss Carling and Mrs. T. G. Meredith, London, and Mrs. Nicholson, Ottawa), were with their father until the last. Mr. T. G. Meredith, K. C., a son-in-law, was also present.

Last spring, Sir John had a very serious attack, and it was thought that he could not live long. He collapsed through weakness, and the family were summoned. His reserve strength was marvellous, however, and after a battle for two weeks with the grim reaper, he recovered. During the summer he enjoyed very fair health, being frequently seen in the parks driving.

He had lived until January. Sir John would have been 83 years of age. The funeral will be held on Wednesday afternoon from his late residence, 154 Wellington street. The body will be taken to St. Paul's Cathedral, where services will be held at 3 p.m. Interment will be made at Mount Pleasant. (Continued on Page Eight.)

Hostess Committed for Trial on a  
Charge of Attempted Murder.

[Canadian Press.]  
Pembroke, Ont., Nov. 7.—Mrs. Sarah Buchanan, of Westmeath, was today committed for trial on the charge of attempting to murder David Mordey, of Ross Township, on Oct. 29, by the administration of strychnine poison in her chicken poisoning, but was probably saved through having been given an overdose.

There has been trouble of some years' standing between Mordey and the woman.

The magistrate considered the evidence sufficient to send the case to the assizes. Bail was granted. The contents of Mordey's stomach, which were removed at the time by Dr. Brown, have been sent to the Provincial analyst.

It is Feared That His Death May Occur

[Special to The Advertiser.]  
Sarnia, Nov. 6.—Before a court room  
crowded with spectators, the Lambton  
County fall assizes were opened by Judge  
Britton at the court house here at 2

o'clock this afternoon. The grand jury were addressed by his lordship as to their duties, and after they retired and adjourned, in a true bill in the case of Wm. J. Moore, who is awaiting trial for the murder of Mrs. Frederick King, of Scholtsland, as she was known here, at Petros on July 8, 1911.

Contrary to the expectations of a number of the spectators, the trial of Moore will not take place at this sitting of the court. Dr. Bruce Smith, provincial inspector of prisons and asylums, who made an examination of Moore, reported to the judge that the prisoner was such a physical and mental wreck that he was not in a fit condition to stand his trial.

At the request of his lordship, Moore was brought to the court room. Instead of a healthy and robust man, as he was when he was first brought to the court, Moore showed the result of his confinement and worry. He had to be carried to the court room by three officials, and when placed in a chair he was unable to speak.

On seeing the prisoner's condition, the judge ordered that the trial be postponed until a further sitting of the court. According to the opinion of Judge Sargent, Dr. Logie, it is not likely that Moore will ever live in a trial.

The four children of Mrs. King were taken from her and sent to Sarnia by Provincial Police.

On consent of solicitors for both parties, the case of Mrs. Nettle Cantelone against the Petrolea Wagon Company was held over until next court. Plaintiff's husband, the late Robert Cantelone, met with his death last summer as the result of injuries received while in the employ of the defendants.

In the defendant company, Smith was the Grand Trunk engineer who lost his life last summer when his engine ran head first into the Welland Canal. Court adjourned at six o'clock, the evidence for the defence was then being heard.

[Canadian Press.]  
Peking, China, Nov. 7.—Gen. Wu, brilliant young military officer, who was recently appointed governor of Shanghai Province, was assassinated at 1 o'clock

this morning. He was asleep in his  
 at the military encampment at Shikhi  
 Chuang, when 30 Manchus soldiers rushed  
 in past the guard and murdered him.  
 When officers of the general staff in  
 interrogated the Manchus they stated that  
 We had gone over the revolutionaries  
 and was secretly betraying the Manchus  
 Gen. Wu was educated in Japan, and  
 had risen rapidly since his return  
 China. He was liberal in his views, and  
 was always credited with sympathy with  
 reform movements, although he was not  
 an extremist.

The general, whose full name was Wu Lu Cheng, reported to the Government a few days ago that he could persuade the Shen Si rebels to accept the constitution outlined by the national assembly, but at that time suspicion was current that the general himself was a revolutionist. His attitude has since been a matter of some concern to the Manchus. He is the native of Hu Peh Province, and in April, 1910, was made deputy lieutenant general of the Bordered Red Mongol Banner.

**YOUTH AND AGE**

In Coles Phillips' new book of drawings, "A Gallery of Girls," there is a picture of amusing and yet rather pathetic significance, with the caption, "Forward and Back." Two women, one on each side of a large clock, cling to its hands. One is young; the other is passed that happy period. The younger pushes the hand forward; the other would push her backward.

**FORWARD AND BACK.** One would hasten, the other retard. The inevitable flight of Time. The little girl still in the digits is never so happy as when, in an old skirt, she plays at being "grown up"; the miss in her early teens, who worries her mother to lengthen her dresses. But, once the twenties are well under her years, and her reluctance increases in arithmetical progression as she grows away, she resorts to dyes and "tintings" that deceive no one—hardly herself. The drug store's soda fountain is hardly more a source of revenue than the lotions and creams and apocryphs with which women essay to fight the encroachments of age. It is not until she is unmarried "old"; not till she acknowledges herself vanquished, that she will admit her years with a certain pride that she has lived so long. Thus her period of reluctance seems to be sandwiched between two periods of acquiescence.

Now, of course, it is no one's business how many years a woman has achieved. What she has made of them is far more important. But, after all, why should she be so reluctant to confess? Why far about it in the face of convincing circumstances? She cannot blame her for declining to satisfy important staid evidences? She cannot blame her for declining to answer in answering curiosity, but women have been known to drop of three or five years in answering a physician's questions, and a woman's reluctance to swear to her age on the witness stand is a paragrapher's jest.

Betty Seated Out for Tennessee.

Bruce Carrington came of a westward-looking race. From the time he was a boy he had followed the rivers to their heads. The headwaters had sent them forth toward the foothills, where they made their clearings and built their cabins in the shadow of the blue wall that for a time marked the furthest goal of their desires. But only for a time. Crossing the mountains, they found the headwaters once more, and the blue wall of the hills was seen in the distance. Carrington's father had put the mountain at his back thirty years before. The Carringtons had followed the river. The Carringtons had followed the river. The Carringtons had followed the river.

At a time of the new country, Carrington, with an angry color on his cheeks, and an angry light in his eyes. "Don't you know what I'm trying to tell you?" he cried, and again he rested a heavy hand on her shoulder. "Don't you know what I'm trying to tell you?" he cried, and again he rested a heavy hand on her shoulder. "Don't you know what I'm trying to tell you?" he cried, and again he rested a heavy hand on her shoulder.

When Making Clothes

To prevent the running of ink that is so distressing when clothing is to be marked, it is said that if the letters are first traced in pencil the ink will not run.

Another method is to put the garment to be marked over an embroidery hoop and hold it taut with one hand. The smallest sized hoops may be bought for this purpose and kept with the marking ink.

When marking only for the purpose of distinguishing the belongings of various members of the family a single initial is enough. The quickest way to put this on stockings or anywhere that writing cannot be done is to work an initial in chain stitch, using red cotton for the purpose.

Some mothers of large families mark all their children's belongings in blue, another's in red, and so on, so that the clothes may be sorted quickly, according to the color of the marking.

## McMANUS WILL NOT BUY NEWARK CLUB

Hitch Occurs Over Sale of Eastern League Club Franchise.

\$65,000 OFFERED FOR IT

McGinnity's Brother-in-Law Has a Five-Year Lease of the Privileges.

Newark, N. J., Nov. 7.—William A. McManus, the Newark real estate man who has been negotiating for two weeks to purchase the Newark Eastern League baseball club, has thrown up his hands this afternoon and declared that he is not interested in the deal.

As far as he was concerned, the deal was off. The break came over the question of the concession at the ballpark, which are held in the name of Frank McGinnity, brother-in-law of Joe McGinnity.

McManus had come to satisfactory terms with McGinnity and H. Clay Smith, owners of the club, as to the price and had agreed to give them \$65,000 for their holdings. McGinnity was satisfied to withdraw as manager and leave the club, but Redpath would not surrender his five-year lease on the concessions, and McGinnity would not take the club otherwise. He said he wanted control of everything in the park.

The Newark club is still for sale, if a third party is secured with cash. It will be taken in as a partner with Smith and McGinnity. The two latter are equal owners, but as Smith, who is a financial man, has decided not to put any more money in the venture, the club is at a standstill. There is said to be something like \$20,000 in the hands of McGinnity. This money was put into the new ball park built last season. Consequently a new financial man is wanted.

ROCHESTER APPEALS FROM FINE IMPOSED

President C. J. P. Puts Question Up to the National Board.

Rochester, N. Y., Nov. 6.—An appeal to the National Board of Arbitration of the Association of Professional Baseball Leagues from the action of Eastern League managers in imposing a fine of over \$100 upon the Rochester club, alleged conduct prejudicial to the league's interests in the case of the post-season games, was yesterday sent away by President Charles T. Chandler and Vice-President A. P. Little, thus beginning a pleasant little controversy with which Eastern League officials are busy.

The fine of \$100 was imposed in the case of the Rochester club, which was fined for its action in closing the gates of Baseball Park to the All-Star players was justified and demanded by the circumstances, consisting chiefly of President Edward Barrow's action in trying to force a game upon Rochester. A check for the amount of the fine accompanied the appeal, and will act in a sort of "stay of execution" way, being paid to the board until the question is decided.

FOOTBALL PLAYERS DYING OF INJURIES

One Has Back Broken and the Other Punctured Lung.

[Canadian Press.]

Anderson, Ind., Nov. 7.—Two football players who received injuries last Saturday, are thought to be dying. Bruce Adams, of the Fairmont team, had his back broken and has been unable to walk since he was carried off the field. Richard Brown, of the Anderson-Brooks team, had a lung punctured by a couple of his ribs. Physicians said today that both men are in a critical condition.

TWO BOYS HAVE EXCELLENT DAY

Jockeys McManey and Peak Each Ride a Pair of Winners.

Janesville, Pa., Nov. 6.—The feature of today's racing was the double victory of Jockeys McManey and Peak. They each rode two winners and Peak rode two others as well as well. The track was heavy and slow.

The principal event, the Victoria Handicap, was won by Jockeys McManey and Peak. The colors were in front for the first time at the meeting.

WOLGAST LEAVES FOR COAST TODAY

Much to Do Before Taking on Freddy Welsh Thanksgiving Day.

Cadillac, Mich., Nov. 6.—Ad Wolgast will leave here for the Pacific coast tomorrow to prepare for his fight with Freddy Welsh Thanksgiving Day. The champion is not in the best of condition, and does not think that the long ride will do him any good, but he feels that he will be able to put himself in shape after reaching the coast.

Wolgast will break his trip at Kansas City and Denver, and in some degree lighten the journey. He will not go into the ring unless he is in the best of condition. Ad will be accompanied by his wife and Johnny Sheridan, the man who discovered him. Sheridan has given up his former business since Ad gave him the Michigan and Wisconsin rights to the Wolgast-Moran moving picture, and as he is now pretty much on easy street will probably be one of the champion's companions in his future training camp.

CANADIAN LEAGUES MENTIONED IN BULLETIN

An official bulletin just issued by the National Association of Professional Baseball Leagues contains some interesting news of interest to Eastern League fans. It states that the National Association of Professional Baseball Leagues has decided to purchase the franchise of the New York Yankees from the New York Yankees.

## PALMER IS STILL AFTER MATCH WITH W. AUSTIN

"Bunny" Offered Battle Here and Pugilist Would Settle Matter Definitely.

One of the pugilists who operated a Midway attraction at the Western Fair last September directs this epistle to the sporting editor:

"To the Sporting Editor: 'I am writing to you with the idea of making a match with W. Austin, of London, Ont. You will no doubt remember me boxing at the fair in London, where I ran up against Austin, better known as 'Bunny,' and he gave me a pretty fair go, but I had been boxing all day, taking on all comers, and was tired, and out of condition, at that. I was up to London on business last week and I hear that Austin has not finished talking about it yet, and thinks he can beat me. Well, I would like you to state through your paper that I will be pleased to box him any number of rounds, at any time, any place, for any side-stake he cares to put up. It may be of interest to know that I meet Clayton Wilford, of Berlin, Ont., at Berlin, in a ten-round bout, Nov. 13. Trusting you will oblige me, yours truly, ALP PALMER, ex-145-pound amateur champion of Canada.'

McAleer Says It Isn't True and So Does Jake, But Wise Ones Claim It's Right.

Chicago, Nov. 6.—Jake Stahl will be manager of the Boston Red Sox next year, also he will play first base, according to an announcement made here today upon the return of Charles Comiskey and his main business partner, yours truly, ALP PALMER, ex-145-pound amateur champion of Canada.

ROCHESTER APPEALS FROM FINE IMPOSED

President C. J. P. Puts Question Up to the National Board.

Rochester, N. Y., Nov. 6.—An appeal to the National Board of Arbitration of the Association of Professional Baseball Leagues from the action of Eastern League managers in imposing a fine of over \$100 upon the Rochester club, alleged conduct prejudicial to the league's interests in the case of the post-season games, was yesterday sent away by President Charles T. Chandler and Vice-President A. P. Little, thus beginning a pleasant little controversy with which Eastern League officials are busy.

The fine of \$100 was imposed in the case of the Rochester club, which was fined for its action in closing the gates of Baseball Park to the All-Star players was justified and demanded by the circumstances, consisting chiefly of President Edward Barrow's action in trying to force a game upon Rochester. A check for the amount of the fine accompanied the appeal, and will act in a sort of "stay of execution" way, being paid to the board until the question is decided.

FOOTBALL PLAYERS DYING OF INJURIES

One Has Back Broken and the Other Punctured Lung.

[Canadian Press.]

Anderson, Ind., Nov. 7.—Two football players who received injuries last Saturday, are thought to be dying. Bruce Adams, of the Fairmont team, had his back broken and has been unable to walk since he was carried off the field. Richard Brown, of the Anderson-Brooks team, had a lung punctured by a couple of his ribs. Physicians said today that both men are in a critical condition.

TWO BOYS HAVE EXCELLENT DAY

Jockeys McManey and Peak Each Ride a Pair of Winners.

Janesville, Pa., Nov. 6.—The feature of today's racing was the double victory of Jockeys McManey and Peak. They each rode two winners and Peak rode two others as well as well. The track was heavy and slow.

The principal event, the Victoria Handicap, was won by Jockeys McManey and Peak. The colors were in front for the first time at the meeting.

WOLGAST LEAVES FOR COAST TODAY

Much to Do Before Taking on Freddy Welsh Thanksgiving Day.

Cadillac, Mich., Nov. 6.—Ad Wolgast will leave here for the Pacific coast tomorrow to prepare for his fight with Freddy Welsh Thanksgiving Day. The champion is not in the best of condition, and does not think that the long ride will do him any good, but he feels that he will be able to put himself in shape after reaching the coast.

Wolgast will break his trip at Kansas City and Denver, and in some degree lighten the journey. He will not go into the ring unless he is in the best of condition. Ad will be accompanied by his wife and Johnny Sheridan, the man who discovered him. Sheridan has given up his former business since Ad gave him the Michigan and Wisconsin rights to the Wolgast-Moran moving picture, and as he is now pretty much on easy street will probably be one of the champion's companions in his future training camp.

CANADIAN LEAGUES MENTIONED IN BULLETIN

An official bulletin just issued by the National Association of Professional Baseball Leagues contains some interesting news of interest to Eastern League fans. It states that the National Association of Professional Baseball Leagues has decided to purchase the franchise of the New York Yankees from the New York Yankees.

## AMERICANS LEAD THE WORLD ON OLYMPIC FIELD—BUT MAKE IT UNANIMOUS, SAYS AMATEUR ATHLETIC OFFICIAL.

BY JAMES E. SULLIVAN, Secretary Amateur Athletic Union.

Chicago, Nov. 7.—There have been times when one good bicycle rider would have brought up the American winners of first, second and third, to the headquarters of the American Athletic Union, 21 Warren street, New York city, addressing the envelope to me.

Of course, there are some events, like the hammer throw, the shot-put, the discus-throwing, in which American athletes generally throughout the United States who indulge in these events know how much they must do to excel such men as Sheridan, for instance.

In the swimming events, I do not think it would pay a young man who can swim only moderately well, to expect to train and get on to the A. A. U. team.

Fencers and revolver shooters are now in competition constantly in New York, under the respective charges of Dr. Hammond and Dr. Sayers, for the Olympic honors. Col. Thurston, in New York, is training rifle shooters.

In Chicago, which is the home of archery in this country, the game of archery is being revived, with a view of furnishing material for the Olympic contests.

BERLIN PETITIONS  
FOR LOCAL OPTIONStrong Effort Being Made by  
Temperance People to  
Carry It.

Berlin, Nov. 6.—The town council had a busy session this evening. The local option party presented a petition asking that a bylaw be submitted to the ratepayers. The petition was signed by over 25 per cent. of the electorate. A committee was appointed to ascertain whether the names on the petition conformed with the requirements of the act, and to report at the next meeting.

The waterworks commission asked for a bylaw to raise \$100,000 for the extension of the system and the protection of more adequate fire protection. The council decided to submit the bylaw providing that hydro-electric power should be used exclusively in the operation of the system, which, it is said, will cut down the cost of operation by 50 per cent., or \$2,000 per annum, a sufficient sum to pay the interest on the new loan.

At the suggestion of the Berlin Sanatorium Association the council decided to purchase a fifteen-acre farm near Freepoint from Mr. B. Shantz for \$2,000. Suitable sanatorium buildings will be erected thereon.

A proposition was made by President W. H. Brethaupt, of the Berlin and Bridgeport Railway to take over the management of the Berlin and Waterloo street railway, at present operated by the town, paying a rental 25 per cent. of the gross receipts. A resolution to appoint a committee to confer with Mr. Brethaupt was voted down.

MR. ROWELL MAY RUN  
FOR NORTH OXFORDRumor at Woodstock That Dr.  
MacKay Is To Retire.

Woodstock, Nov. 6.—Rumor has it that Dr. Andrew MacKay will retire from his candidature for the Ontario Legislature in North Oxford in favor of the Liberal candidate, Mr. N. V. Rowell. This is premature, as neither Dr. MacKay nor the executive of the Liberal Association have agreed to make such an arrangement. Further, no meeting of the executive has yet been held to consider it, though a meeting will be held on Wednesday for other business, and this matter may come up. The nomination, even if Dr. MacKay resigns, cannot be offered to Mr. Rowell without a convention being called and the nomination tendered to him in the usual way. Dr. MacKay, interviewed today, said he had no statement to make regarding the rumor, which, however, gains considerable credence in the city.

PRISONERS SHOULD  
HAVE MORE WORKMr. Justice Teetzel Expresses  
His Views at St. Thomas  
Assizes.

St. Thomas, Nov. 6.—Chief Justice Teetzel opened the fall assizes here today, and in his address to the grand jury he said he regretted that the prisoners confined in the Elgin County jail had nothing to do but eat the lawn. The men are in jail as a punishment for misdeeds, but the county gets no value out of the time they spend there, and the men have no opportunity to improve themselves. Mr. Justice Teetzel spoke of the Guelph prison farm and his experience as a member of the parole board, and of the good effect outdoor work was having on the prisoners. He also declared that Mr. Hanna deserved all credit for working out the inmates of the jail, and raising enough vegetables to supply the jail and other county institutions. Mr. Justice Teetzel is a native of Elgin County, and recalled his entrance as a student at the bar 35 years ago in that time was practicing was still in harness, namely, John Farley, K.C.

## ADDRESS TO THE ELECTORS

Continued From Page One.

Industry of this Province, and that an intelligent and far-sighted policy demands a great advance on all progressive lines.

Province is the promotion of the social, moral and industrial welfare of the people, and the development among the people of the highest type of citizenship, and the promotion of the social, educational and moral reform.

## NEW ONTARIO DEVELOPMENT.

In order that the Government may enter seriously upon the problem of the development of New Ontario, we propose the creation of a department of immigration and colonization, to be presided over by a minister of the crown, who shall devote his whole time and energy to the promotion of settlement; important work, among other things, the building of roads; insuring other necessary transportation facilities; providing drainage requirements; assisting pioneer settlers to secure loans; limited extent on the security of the lands occupied by them; repayable over a term of years; giving special assistance to pioneer schools.

The Temiskaming and Northern Ontario Railway; the protection of shippers and settlers from inequitable rates by subjecting the railway to regulation by the Dominion Railway Commission; and the general railway law, removing just without the necessity of first obtaining permission from the Attorney-General; placing the railway in the same position as other railways with the matter of payment of municipal taxes; the extension of the railway with all practicable speed to a suitable outlet to Hudson Bay, and branches as required for the development of the country.

The encouragement of mining by a reduction of the fees for prospecting and recording; by insuring reasonable rates for the transportation of minerals; increased stability of mining titles. The securing for underground miners an eight-hour day.

The boundary between Ontario and Manitoba should be so delimited as to give Ontario a suitable port on Hudson Bay for ocean-going vessels.

## The Rural Problem.

We believe that the people of Ontario view with grave concern the loss of the rural population of this province, as disclosed by the recent census, and we propose the immediate appointment of a royal commission to inquire into the causes thereof, and to suggest measures which in the opinion of the commission should be taken to prevent any further decline and to promote the general agricultural interests of the province. The commission should be specially instructed to consider and report upon adequate technical instruction in agriculture in our rural schools, and special technical education in fruit-growing districts.

In the meantime we propose to adopt measures: to bring about the active immigration into this province of suitable people for settlement and employment upon our farm lands; to induce land seekers to remain in New Ontario instead of emigrating to Western Canada.

To secure the building of a good road system throughout Ontario by an issue of provincial bonds or by an assistance on an adequate scale, thereby facilitating traffic and insuring quick delivery of farm and garden products.

To extend in every feasible way public light, power and telephone services to the farms of the province.

To provide for the establishment of suitable demonstration farms through out Ontario; to promote Ontario's apple and general fruit growing industry by establishing demonstration orchards, and to advertise widely the important and growing apple industry by holding an annual provincial apple show.

To appoint a sufficient number of provincial inspectors with authority to stamp out the evils arising from noxious weeds, insect pests and diseases of orchard trees.

To make Guelph Agricultural College more useful by enlarging its sphere of experimental work, especially in stock-breeding.

Taxation Reform.

Social justice demands the removal of existing inequalities in taxation, and we propose the amendment of the assessment act to permit municipalities to exempt improvements from taxation either in whole or in part.

To provide that the property of railways and other public utilities shall contribute to the revenues of municipalities and of the province on a basis of assessment and taxation in every respect equal to the assessment and taxation of the property of private citizens.

The betterment of the social and industrial condition of the masses of the people shall be one of our supreme concerns.

The evils of intemperance constitute a grave social peril. During the ensuing Parliamentary term we will consider the best form of legislation to deal

here last Friday, was held in the council chamber this afternoon, Coroner J. P. Housinger presiding. After hearing the evidence the jury returned a verdict that the act, as committed by a train and that no blame therefor could be attached to the train crew.

## DRESDEN DEATHS

Mrs. James Richardson Died After an Illness of Only Two Days With Peritonitis.

[Special to The Advertiser.] Dresden, Nov. 6.—Mrs. James Richardson, of Chatham Township, is dead at her home in Chatham Township, after an illness of only two days with peritonitis. She was 37 years old. The funeral will be held on Tuesday afternoon.

Aaron Oliphant, one of Dresden's oldest residents, died very suddenly of heart failure at the residence of his son in Dawn Township.

Mrs. O'Donnell, while going across a road at the house of her son-in-law, Patrick McInerney, tripped over a rock of limestone and fractured both bones in her left hand.

## ILBERTON.

Ilberton, Nov. 6.—Mr. Joseph McFarish has returned home after spending several months in the west. Mrs. Norden Buttery, of Stratroy, has been spending a few days with her sister, Mrs. Walter Buttery, in visiting Ilberton friends.

Mrs. M. Seabourne, of London, spent Thanksgiving with her parents, Mr. and Mrs. J. Smith, of Ilberton.

Mr. Chester Reeve, of the Home Bank, at Toronto, spent the Thanksgiving holidays at the home of his parents, Mr. and Mrs. S. W. Reeve.

Quite a number of the young people of Ilberton attended the anniversary services of the Bethel Presbyterian Church, Rev. Mr. Geddes, of Allam Craig, preached at both the morning and evening service.

Quarterly services were held in the Ilberton Methodist Church on Sunday. The funeral of Harold Martin, infant son of Mr. and Mrs. John Martin, took place on Thursday afternoon at St. George's cemetery, by Rev. Mr. Geddes.

The friends and neighbors in the loss of their little son.

## SIR JOHN IS DEAD

Continued From Page One.

SIR JOHN'S LIFE.

Sir John Carling was born on concession 6, of London Township, on Jan. 23, 1828. He was the son of Mr. Thomas Carling. His parents were the first couple of whose marriage there is any record in London Township, his father being a native of Yorkshire who came to London Township in 1818.

When quite a lad Sir John went to school in London. He was educated in the public school, and in 1850 he entered into partnership with his brother in the brewery business in the city on Waterloo street.

He was a member of the C. P. E. city, on Waterloo street, and for over 20 years he was a dominant force in the political life of the City of London. Of that early school board he was a survivor, and he was one of the last of the old school of public men.

ENTERED THE COUNCIL.

In 1854 he was chosen a member of the town council. Next year London was created a city, and Sir John became an alderman. Two years later he was elected a member of the Parliament.

In 1862 he was appointed receiver-general, filling that important post for some time.

At Confederation Sir John was elected to the dual position of a seat in the House of Commons at Ottawa and a member of the Ontario Legislature. The Hon. John Sandfield Macdonald, who was asked to form the first Government for Ontario, and he in turn requested the assistance of Sir John Carling. Thus, on concluding the business of the House, the dual members repaired to the other. The position was a unique one, and in Sir John Carling's case continued until 1871.

In the House of Commons Sir John was a member of the Government (as it was then termed) of agriculture and public works, probably the most important of any of the Government's departments.

Sir John continued as a member of the Commons at Ottawa, and in 1873 became a member of the Government. He was appointed postmaster-general, and continued until 1885, when he became a member of agriculture.

MINISTER OF AGRICULTURE.

Sir John held this portfolio until 1885, and during his term of office performed many notable services to the farming interests of the country, in securing for their produce better shipping facilities, in the establishment of experimental farms and in numerous other ways.

Sir John lost his seat in 1891, and was tendered a senatorship by Sir John A. Macdonald.

He left the Senate to again contest London for the Commons in the by-election of 1892. He was declared elected on a decision by the late Judge Elliot, as to disputed ballots.

Immediately prior to the general election of 1896, Sir John again retired. He was re-appointed a senator, and since that time had held that position.

Knighthood was conferred upon Sir John on May 24, 1893, by Her Most Gracious Majesty Queen Victoria in recognition of his long public career, and service on behalf of his country.

Delicate health prevented him from attending the sessions during the past few years for any extended length of time, nevertheless he managed to go down for a week or so each year. During his public career, Sir John held the position of lieutenant-governor of Ontario, and also high commissioner to the World's Fair in Chicago, 1893.

During his long public career, Sir John Carling did much for the city of London. Many of the fine public buildings and commercial institutions were altogether due to his energy and enthusiasm.

His great endeavor was to make London a railway centre, and he succeeded to a very great degree. The Great Western Railway was one of the enterprises with which he was most intimately connected. The London and South Western Railway, and the construction of these railways was one of his great achievements. He toiled energetically for them, and was a delighted man when they were completed. For some years he was a director of these railways.

## TO RENDER IT AN INFLUENTIAL AND EFFECTIVE TRIBUNAL IN THE PUBLIC INTEREST.

Justice.

It will be our aim to combat at all times by legislative enactment and administrative action such trusts, mergers and other combinations which tend to stifle competition, increase the cost of living and impair political independence.

We will abolish the right of the Government to detain access to the courts to those who claim to have suffered wrong or damage through the action of the Government, or any commission appointed thereunder.

Civil Service Reform.

The apologetic and patronage systems are inimical to the highest efficiency of the civil service and to the best interests of the country. We propose the creation of a civil service commission, and that appointments and promotions in the service shall be by merit after competitive examination.

Electoral Reform.

We will prohibit under adequate penalties all corporations over which the province has jurisdiction from making campaign contributions to secure the election of candidates and political organizations, and to provide for the appointment of a public prosecutor as in England, whose duty it shall be to intervene in contested elections and to see that all who are guilty of fraud or corruption are duly prosecuted.

I shall take an early opportunity of discussing before the electors the policies outlined, and I appeal to all who believe in these policies to give to the Liberal candidates throughout this province their hearty support.

Yours respectfully,  
NEWTON W. ROWELL.

## BADLY INJURED

Mrs. Thomas Newhouse, of Ridgeway, Was Thrown From Her Buggy.

[Special to The Advertiser.] Ridgeway, Nov. 7.—Mrs. Thomas Newhouse, of Talbot street, is in a serious condition at her home as a result of being hurled from a buggy in which she was driving when the horse ran away. When picked up it was found her C. P. E. shoulder had been broken and that she was very badly shaken up. Dr. McLean, of Duart, is attending her.

During his long public career, Sir John Carling did much for the city of London. Many of the fine public buildings and commercial institutions were altogether due to his energy and enthusiasm.

His great endeavor was to make London a railway centre, and he succeeded to a very great degree. The Great Western Railway was one of the enterprises with which he was most intimately connected. The London and South Western Railway, and the construction of these railways was one of his great achievements. He toiled energetically for them, and was a delighted man when they were completed. For some years he was a director of these railways.

## Learn why PURITY FLOUR is unlike any other brand

PURITY FLOUR is unlike any other brand of flour. No two milling companies follow exactly the same process of milling. In fact, no two different brands of flour in the world are exactly alike in quality.

And here is another fact worth knowing: Every wheat berry contains both high-grade and low-grade portions.

The process of milling PURITY flour costs more than to mill ordinary flour. The low-grade portions are separated and excluded. PURITY is an ALL HIGH-GRADE, hard wheat flour. It has greater strength, greater absorption and greater expansion. It is a thirstier, more elastic flour. It drinks more water and expands into more loaves.

Use PURITY FLOUR for your next batch of bread. Count the loaves. You'll find you have made "MORE BREAD AND BET

SAYS SERVANTS LIFE IS A CHEERLESS ONE

"Fair Play" Tells of Cold Attics and Warm-Over Food.

To the Editor of The Advertiser: In answer to Householder, I will say that as long as the person in charge of the home continues to use the servant as a putty to sleep in the cold, cheerless attic, poorly furnished room, smoky lamps, pecking box, washstand, a broken chair, and a few second-hand goods, there are no good reasons for the servant's life being a cheerless one.

BIG CAR ORDER BY GRAND TRUNK

Fifty First-Class Coaches and Twenty-five Baggage Cars.

Montreal, Nov. 7.—The Grand Trunk Railway system has placed an order for 10 first-class coaches and 25 standard baggage cars. The coaches are the standard equipment, 75 feet long, 10 inches wide, with a clear 60 feet in length inside. There are four doors to each car opening in the clear 6 feet by 8 feet 2 inches.

STAND BY PASTOR

Congregation Refuses to Accept Resignation.

Cambridge, Mass., Nov. 7.—While women cried and pleaded for nothing, the members of the Immanuel Baptist Church last night voted at a special meeting not to accept at this time the resignation of Rev. Clarence V. T. Richeson, pastor of the church, now in jail on a charge of murdering a young woman.

SHOT TO DEATH

Savannah, Ga., Nov. 7.—J. H. Gaynor, cousin of John P. Gaynor, who was recently released from the Atlanta Penitentiary, where he served a term for his connection with the Savannah harbor frauds, was shot to death in the street here last night by Joe Davis, a convict guard, after a trivial quarrel in a "near-bee" saloon. Davis was arrested. Gaynor was about forty years old and leaves a family.

DAVID COWLES DEAD

Rye, N. Y., Nov. 7.—David S. Cowles, a prominent paper manufacturer, is dead at his home at Milton Point, after a short illness from pneumonia. He was president of William H. Parsons & Co., the Paper Company, and was formerly president of the American Pulp and Paper Manufacturing Association.

RAN INTO RUNAWAY

Shreveport, La., Nov. 7.—Wood, fireman, was killed when a runaway Kansas City Southern passenger train collided with a runaway freight car at this place last night. Several passengers were killed, but none seriously hurt.

HOSE CONTRACTS LET

Ald. Cooper and Ald. Richter Have a Tilt—Meeting Monday Night.

Midnight sessions of the city council are the habit of the aldermen, and they would not be happy if they returned home before the witching hour.

The meeting was of a piece with other sessions, and the aldermen were not happy if they returned home before the witching hour.

It is a queer night that a hose contract cannot start a fire. For each registration, the aldermen are expected to commence their campaign on Monday or Tuesday of next week.

The Government may appoint Sir James Watson as the southeastern member of the Government.

SCHEME LOOKS GOOD TO MANY PEOPLE

Ald. Bennett Would Buy Land for Industrial Purposes.

The suggestion of Ald. Bennett that the London and Port Stanley Railway board extend the siding room of the city's railway in order to embrace factory sites in the south end is met with much favor, and will be heard of later.

A Garbage System. The recommendation of the board of works that a bylaw, to set aside \$50,000 for an incinerator for garbage disposal, be submitted to the ratepayers in January, was adopted.

Ald. Richter thought that sufficient information had not been given to the public to vote intelligently on the question, but Ald. Cooper declared that before the day of voting the fullest possible information would be given.

The council last night accepted the recommendations after a discussion of some length, and the street railway people will be asked to make the necessary changes at once.

When the matter came up in the report of the committee, a letter was read from Manager C. B. King, of the company, asking that no action be taken until he had an opportunity of meeting the committee and explaining the matter.

He said it would be physically impossible to operate four more cars on the lines until Horton street was double-tracked and other switches installed.

Asking for Time. "The company are asking for time," said Ald. Donnelly. "They are always asking for that, and never do anything. It is up to this council to see that the city would stand what we have been standing. There is no more getting in saying 'I am getting in saying'."

Ald. Stevenson paid his compliments to the company, declaring that it was almost impossible to live on Dundas street with the noise of the cars. He said that the noise of the cars was not so much a nuisance as it was a nuisance to the city.

He said that the noise of the cars was not so much a nuisance as it was a nuisance to the city. He said that the noise of the cars was not so much a nuisance as it was a nuisance to the city.

SIR EDWARD GREY SCORES YELLOW PRESS

Declares It Has Stirred Up Bad Feeling Between Germany and Britain.

London, Nov. 7.—The secretary of foreign affairs, Sir Edward Grey, took occasion in the House of Commons today to read the so-called sensational press a homily on the danger in spreading false news offensive to other nations.

"Some of these days," he remarked, "if false news continues to be reported, public resentment and excitement will get beyond the control of the government concerned."

the basic principle in missionary work. No worthier movement can be found than the Laymen's Missionary Movement.

Effective Methods. Rev. A. E. Armstrong, assistant secretary of the Presbyterian Board of Missions, spoke on "Effective Methods of Enlisting Men in Missions."

One of the most effective methods is to get men to read missionary text books. Some one has called the work of the church missionary committee should enlist men in prayer for missions, should use and distribute literature and charts, should hold a monthly study class organized, encourage missions in the Sunday school, weekly offerings to missions and should conduct an annual every member campaign.

In addition to all that can be accomplished by personal effort and example. Missionary study is helpful apart from its own purpose, because of the increased knowledge it brings regarding the world abroad. The study of missions is intensely interesting and a great work, because Jesus Christ is the leader of the world.

Solving the Problem. "The primary mission of solving the missionary problem is to get men to read missionary text books. Some one has called the work of the church missionary committee should enlist men in prayer for missions, should use and distribute literature and charts, should hold a monthly study class organized, encourage missions in the Sunday school, weekly offerings to missions and should conduct an annual every member campaign."

SUPPLY OF PRODUCE WAS SMALL

Rain kept the Farmers Away from the Market.

Wet and unfavorable weather prevented the farmers from bringing their produce to market.

As a result of the small supply of produce, the market was very tight.

Produce prices were generally higher than last week.
