TEACHERS ASK \$300 INCREASE FOR 1920 TO MEET THE H. C. L.

Board Refers Requests of Public, Technical and Collegiate Teachers to Committees.

An increase of \$300 in the salaries of public school teachers for 1920, and an additional increase of \$200 in 1921, was requested in a communication to the board of education Tuesday, and referred to No. 1 committee.

This was referred to No. 3 committee. Technical school teachers in a communication asked 20 and 10 per cent increase, which was referred to the industrial advisory committee.

The caretakers of the public, technical and collegiate schools requested an increase of \$200 in their salaries, and a woman employed in the college asked consideration of higher wages. These were referred to No. 2 and No. 3 committees respectively.

There was no discussion of the matter by the trustees. Talks for C. I. Staff. J. H. Cameron presented the cases of the collegiate assistants. He said that he was aware of the argument of the decreasing purchasing power of the dollar applied to every citizen, but at the same time he was aware that wage earners had been increased to counterbalance this.

During all the period of the war teachers had done their "bit" some at the battle front and the others at home. He thought that the board should therefore listen to their claims. He complimented them on the view they had taken of educational problems in building and equipping new schools, but why not give full consideration of the most important equipment of a school, the teaching staff?

Teachers Will Leave. "You can't hold the men in the profession with the present salaries," he said. "A few will stay who can't get out, but the others will leave. You can count on your fingers the pupils of the higher grades who intend to enter the teaching profession."

No greater service could be done to the city than by fair dealing in this question. He said that the board faced an obstacle in the tax rate. "This tax rate seems to be a sort of holy institution," he said. "Every time a matter is suggested by the board it is the tax rate—the tax rate which is held up before them."

Mr. Cameron asserted that the claim for higher wages was based solely on the increased cost of living, and that as far as he was concerned, if the scale of living fixed by the 1914 level he was willing that his salary should be reduced accordingly. Mr. Snelgrove spoke briefly for the public school teachers.

He said that Mr. Cameron had said nothing with equal or greater force to the public school teachers. While the newspapers carried glowing headlines stating that a principal maximum salary was \$2,200, this did not convey the real truth of the situation, as few of them received the maximum. The whole trouble was that they reached the maximum too slowly. He thought they should get it mightily soon.

HOOT "DRY" SPEAKER

CHATHAM, Oct. 7.—The first display of opposition to prohibition occurred in the Griffin Theatre last night, when the audience hooted down prominent "dry" workers. He had been given permission to speak for a few minutes on the intricacies of the bill. "We are here to see a show, not to hear how we should vote," some one yelled. Wild cheering and pandemonium followed and the speaker left the stage.

Increases for the technical teachers, and janitors could not be dealt with by the board, but only by the technical advisory committee.

APPOINT REV. H. DICKIE TO ADDRESS CHURCHES ON NAT. FORWARD MOVE

In order that the congregations of the various Presbyterian Churches in the city may be fully aware of the work and aims of the great National Forward movement, which has been taken up by all churches of Protestant denomination in Canada, the London Presbytery, meeting yesterday afternoon, appointed Rev. Henry Dickie of Chatham to address the congregations of these churches in turn. Dr. Dickie is attached to the central committee of the National Forward Movement, and is consequently able to speak on all phases of the subject.

He predicted a world wide wave of evangelism which he said is after almost every generation.

CITY MINISTERS WELCOME REV. M. KELLY AT FIRST CONGREGATIONAL CHURCH

A most enjoyable reception was held at the First Congregational Church Monday evening to welcome Rev. M. Kelly and his family. Cordial greetings were given by the visiting ministers—Rev. M. Letters of regret were read from Rev. Quinton Warner of Chazy's Memorial Church, and others who were unable to be present, but who welcomed Mr. Kelly as pastor of the First Church.

Short program of solos was given by Miss L. Martin, and violin solos by Mrs. S. Grant Harris, who charmed her hearers with her strong and beautiful tone, assisted by Mr. Bluetner as accompanist. Mr. Robins welcomed Rev. Mr. Kelly on behalf of the church. All addresses were most optimistic and full of encouragement, each speaker commending the great opportunity opening to the church today, and to the Forward Movement about to come. Canada's greatest glory was the fact, he said, that she would be able to show the world her strong men of character, putting into daily life and practice the teachings of the religion of Jesus Christ, was the sentiment of the address. Secretary T. McElhenn said that the board could not deal with

TRUSTEE MANNING CONTRADICTS ALLEGED STATEMENT BY MAYOR; SAYS PUPIL COSTS \$12, NOT \$300

Criticizes Chief Magistrate For Reported Utterances, But Latter Denies Having Given Any Figures At All.

Reported statements of Mayor C. R. Somerville that education at the technical school was costing too much, brought forth a vigorous reply from W. N. Manning, chairman of the industrial advisory committee, at the board of education meeting Tuesday. The interview which appeared in a local paper was so inaccurate and thoroughly misleading that he was loath to attribute it to the mayor.

Assuming that the mayor was accurately reported he said that Mayor Somerville was advocating a medical school which was more expensive than the technical school, and which would be for the benefit of pupils from all over Western Ontario. He said he chose to favor education for outsiders rather than practical education for citizens. He maintained that the attendance at the evening classes more than warranted the expenditure on the school, and predicted for three years the technical school would be needing more rooms. He considered it most unwise to plan for three years and have pupils at the collegiate who should more properly be attending the technical school.

MAYOR'S FLAT DENIAL

Mayor C. R. Somerville today disclaimed any knowledge of figures pertaining to the cost of education at the technical school. He said he had given no figures, for the simple reason that he had none in his possession. His statement was merely that he thought a uniform type of building could be planned for three years. He considered the Technical School too large for the city.

This interview, which appeared in a local paper, was combined with figures on the cost of education. Members of the board, who were present at the meeting attributed these to the mayor, and Chairman W. N. Manning of the industrial advisory committee, said in a strong reply. He said that Mayor Somerville was advocating a medical school which was more expensive than the technical school, and which would be for the benefit of pupils from all over Western Ontario.

Mayor Somerville says there can be no comparison between these two institutions. For one thing, the medical school is not built yet, and no one knows what its dimensions or cost will be. For another thing, only \$100,000 ventures are asked from the city, while the remainder of the cost will be raised by the students. When the new school is completed the attendance will be double what it is now. The mayor's statement is based on the fact that the cost of educating the students will be moderate.

COLLECT \$8,257 IN "Y" DRIVE; TEAMS ARE CONFIDENT OF \$25,000

Report First Day Results—Citizens Eager to Give Support To "Y."

Confidence that the \$25,000 objective of the Y.M.C.A. campaign this year would be attained before Thursday evening, the last day of the "drive," was expressed at a meeting of the division leaders and team captains last evening in the Y.M.C.A. After dinner the results of yesterday's work were reported. The total amount raised to date is \$8,257. Tuesday's collection is as follows: "A" division: J. Bridge, chairman; J. V. Coleman, secretary. Cash. Total. T. Fawkes \$160 \$ 223 J. M. Hunt 132 184 J. M. Watt 45 320 W. G. Young 75 1,006 Total Division "A"..... \$484 \$2,128

Chapman 33 88 Total Division "D"..... \$919 \$2,234 Grand total to date..... \$2,918 \$8,257

No results were reported by W. T. Clarke a captain in Division "C," and T. H. Yull, of Division "A." Confident of Campaign. George J. Chouinard, who acted as chairman, said he was confident that the required amount would be secured if the campaign were enthusiastically supported by the association as a whole. Many people firmly believe in the city, many people firmly believe in the city, many people firmly believe in the city.

The next short address was made by W. R. Kendall, the chairman of the division. He said that the association had never been more popular in the public opinion, and the required endowment would easily be secured. The opinion of the team leaders was that the card system being used this year to govern the field of action of every worker was decidedly satisfactory, because confusion resulted in many instances. A diver plan would be, they thought, to divide the city into blocks, and allot a team to each one. Then the friends of the Y. M. C. A. would have been successful in carrying out their plan. The plan would not be approached by more than 200 workers, and every section of the city would be covered.

PEOPLE SOMETIMES ASK TORY SUPPORTERS ARE CONFIDENT OF SEAT IN LEGISLATURE FOR BECK

That a great amount of work would not be required to secure for Sir Adam Beck a seat in the Legislature was the opinion of the Tory staunch supporters of the hydro power leader in the Conservative Club last evening. The meeting was called for organization purposes, was not largely attended. No addresses were delivered. Because the members of women include a large percentage of women a question was asked as to the advisability of appointing two female and two male polling clerks in each division this year, instead of four male clerks. When it was pointed out that this matter would be entirely outside the direction of the returning officer, discussion was dropped.

PLACES FOR 2,000 MEN. FIRE PREVENTION! EXTRACTS FROM Royal Proclamation

Whereas there is also every year in Canada a deplorable loss of human life as a result of fire; And whereas, it is desirable for the well-being of the nation that a greater regard for the sanctity of human life be inculcated; that the material wealth of the nation be so far as possible conserved; and that every agency which tends to needlessly dissipate or destroy human life or property be vigorously opposed; And whereas it is desirable, in order that the attention of the public may be directed to the extent of the preventable loss of life and property from fire and the best means of controlling it, that one day of the year be set apart and properly designated for the dissemination of such information and the giving of such instruction on fire loss and fire prevention as may be practicable; Now Know Ye, that We, by and with the advice of Our Privy Council of Canada, have thought fit to appoint, and do appoint, Thursday, the Ninth day of October, in this present year, as "FIRE PREVENTION DAY," and we do recommend to all our loving subjects that, on that day— 1. All dwellings and their surroundings be carefully inspected by their occupants and all conditions likely to cause or promote the spread of fires removed. 2. All public buildings, stores and factories be inspected and cleared of rubbish. 3. Fire drills be held for the children in all schools and for employees in all large stores and factories. 4. Special instructions on the subject of fire prevention be given by the teacher and by municipal fire wardens, and that such appropriate literature as may be made available be distributed to the pupils. 5. All legislation and regulations enacted or issued by Dominion, provincial or municipal authorities dealing with fire prevention be given publicity by the municipal officials, and thus by public meetings or otherwise as may to them seem most fit, the attention to be impressed upon the citizens the national importance of safeguarding life and property from loss by fire.

THE PROCLAMATION SHOULD BE READ IN ALL SCHOOLS AND AT PUBLIC GATHERINGS.

THE CASE OF "OLEO"

Unionist Members Uphold Mr. McCoig in His Views.

OTTAWA, Oct. 7.—It would appear that farmers' members in the House of Commons on the Government side are rapidly losing confidence in the administration and are coming to the conclusion that the Government is much more solicitous of the "big fellows" than of the small farmer.

The subject under discussion at the time was the Government resolution extending the time for the importation of oleomargarine into the country for a period of eleven months, and for the sale of it for a period of fourteen months.

"If this oleo is placed on the market on its merits," said Mr. Sutherland, "I have no objection to its manufacture or importation. But I do object to a deceptive counterfeit."

The Advertiser's Puzzle Contest

IF YOU CAN COUNT CORRECTLY, ONE OF THE MANY PRIZES MAY BE YOURS. NOTE THE DIVIDEND FEATURE AND SEND IN YOUR SOLUTION.

HOW TO ENTER

This contest is open to present bona fide residents of Ontario. Anyone in this territory may enter the contest upon payment of not less than \$2.00 or more than \$12.48.

You may submit just one solution or as many different ones as you wish. With each solution you must pay not less than \$2.00 or more than \$12.48.

Present subscribers, wherever located, will continue to receive the paper through the same channels as now. No change whatsoever will be made in carriers where subscribers receive the paper through carrier service.

If you send more than one solution at one time send a separate blank with each one and state in each blank the amount you are paying with that solution.

This contest is open to both men and women. You may order the paper sent to someone else if you wish, names and addresses being subject to any changes that later may be desired.

DECIDING TIES

In the event of ties those tying will be required to solve a second puzzle in order to determine who shall receive the prizes. This second puzzle, if one should be required, will be equally as attractive and practical as the first.

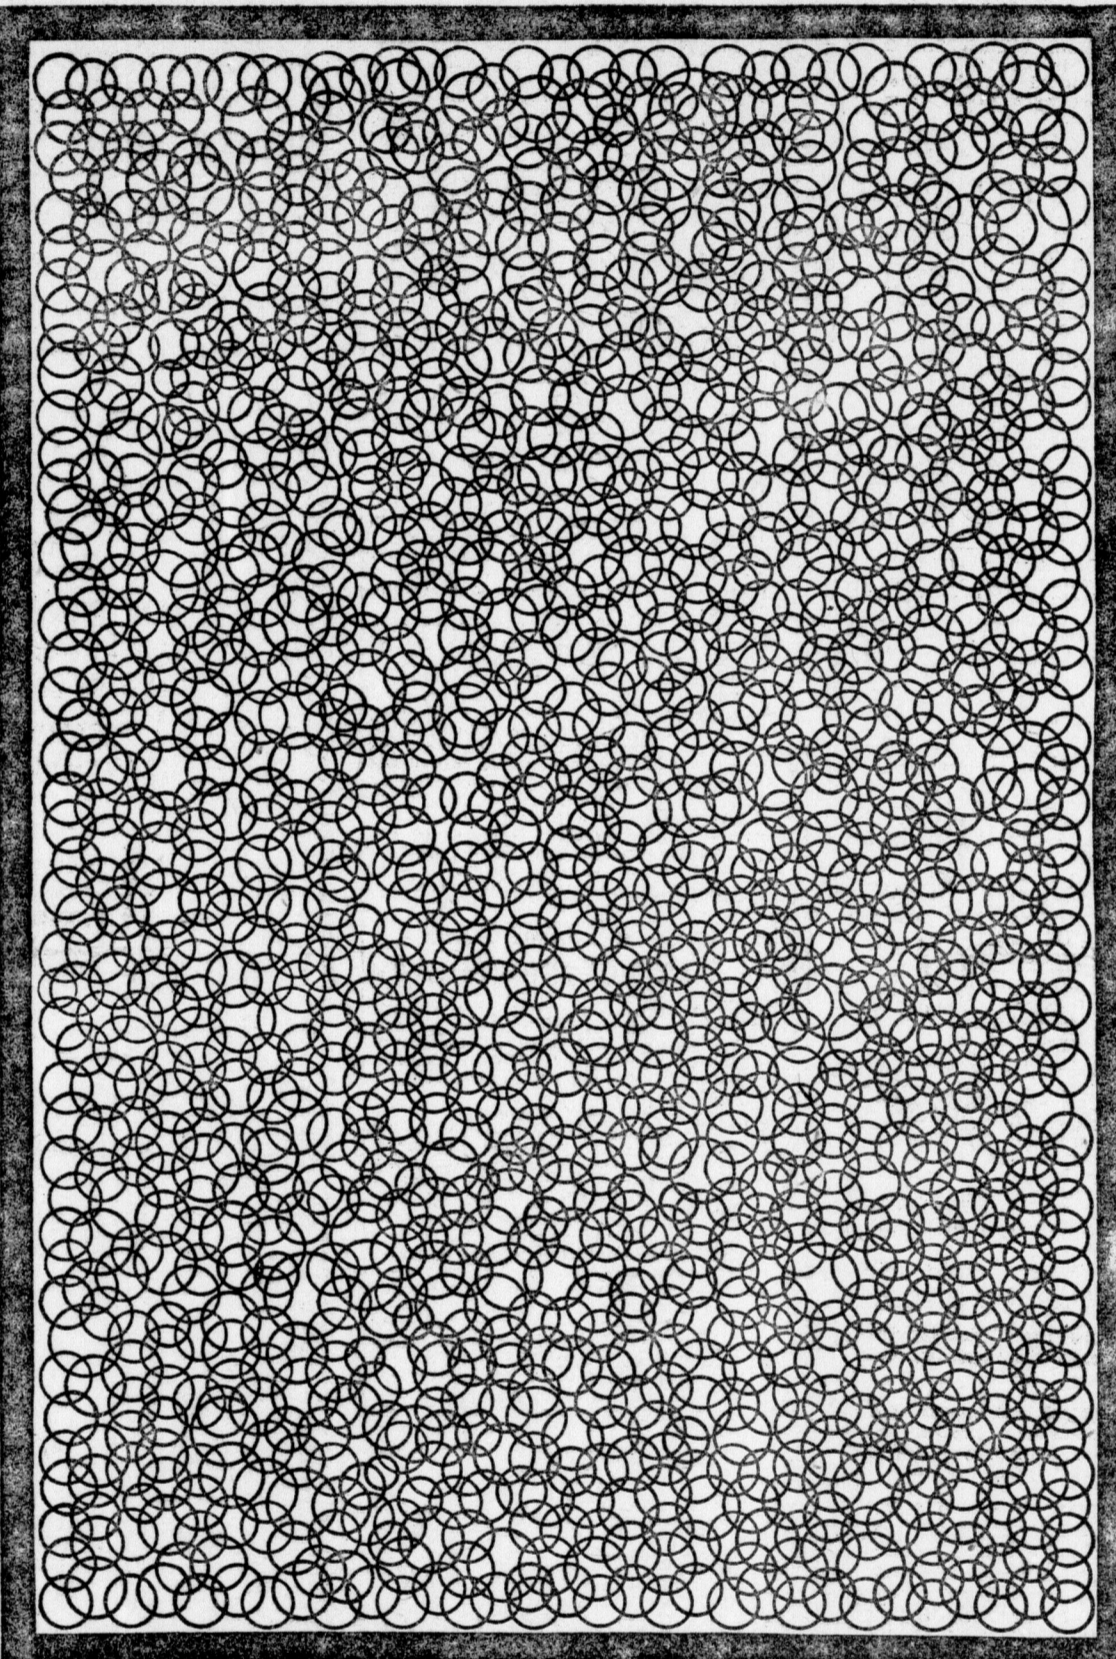

Rates of Subscriptions

Table with columns for subscription type (Evening, Morning, Morning or Evening) and duration (Two Years, One Year, Six Months) with corresponding rates.

CONTEST CLOSES NOV. 1

Always use the blank when submitting a solution. Read the blank carefully and fill in every portion of it. Write names and addresses plainly.

T. C. Boville, Deputy Finance Minister, Tells Re-Establishment Committee Figure in 1914 Was \$335,996,000; Estimate For 1919-20 Is \$1,950,000,000.

OTTAWA, Oct. 7.—A presentation of the Government's obligations in regard to the payment of perhaps \$200,000,000 re-establishment grants in addition to the burdens already to be borne was given to the special committee on soldiers' civil re-establishment this evening by T. C. Boville, deputy minister of finance. Since March 31, 1914 the public net debt, he said, had increased 580 per cent, from \$335,996,000 to an estimate for 1919-20 of \$1,950,000,000. Pensions were for this year, estimated at \$39,000,000; land settlement, \$25,000,000, and soldiers' civil re-establishment \$10,000,000. Interest on the public debt had risen from \$12,093,000 in 1913-14, to \$192,757,000 this year.

BLAME HEARST FOR VETERANS' LOSS OF VOTES

THE APOLOGISTS for the Liquor Traffic loudly protest that they are "absolutely opposed to the return of the old license system."

At the same time they ask you to vote "Yes" to question No. 1 which, if carried by the affirmative, means a return to the Liquor License Act.

They have deliberately stated in their advertising that "the repeal of the Ontario Temperance Act does not mean a return to the general sale of spirituous liquors."

The Bars Must Not Return!

The Temperance Referendum Act, 1919, specifically provides for the return of the old license system. What could be clearer or more to the point than the language of the statute? It plainly states that if there is a majority voting "Yes" on the first question that—

The Real Issue!

Defeat of the Ontario Temperance Act Means Return of the License System

The magician directs his audience to fix its gaze intently upon something else in order that his dexterous fingers may the more easily practise to deceive.

As the terms of the old License Act permit the general sale of spirituous liquors, it naturally follows that this statement is a transparent effort at camouflage.

They are "absolutely opposed to the return of the old license system." At the same time they ask you to vote "Yes" to question No. 1 which, if carried by the affirmative, means a return to the Liquor License Act.

They have deliberately stated in their advertising that "the repeal of the Ontario Temperance Act does not mean a return to the general sale of spirituous liquors."

The Bars Must Not Return!

The Temperance Referendum Act, 1919, specifically provides for the return of the old license system. What could be clearer or more to the point than the language of the statute? It plainly states that if there is a majority voting "Yes" on the first question that—

"The Ontario Temperance Act shall be repealed... and the Liquor License Act... shall be revived and shall be in force in Ontario... and shall have effect until altered or modified by lawful authority as if the Ontario Temperance Act had not been passed." (See any copy of the Act for full text).

What will be the Situation after the Referendum?

- If a majority vote "Yes" on question No. 1.
 - The Ontario Temperance Act will be repealed.
 - On the day that this Act ceases to exist, the Liquor License Act comes into force.
 - The Traffic will again be licensed to sell all kinds of intoxicating liquors, as it was before Sept. 16, 1916.
 - The bars will come back.
 - The saloons will flourish.
 - Liquor stores will re-open.
 - The old "booze" conditions will return. It will be a black day for Ontario.
- If a majority vote "No" on question No. 1.
 - The Ontario Temperance Act will continue in force.
 - The danger of resurrecting the old Liquor License Act will have passed once and for all.
 - The Ontario situation will continue as it exists to-day—except in so far as it may be modified by Dominion legislation, or by an amendment to the Ontario Temperance Act in case a majority vote "Yes" for questions Nos. 2, 3 or 4.
 - The way to prevent any of these amendments from introducing intoxicating beer or spirituous liquors into Ontario is to vote "No" on every question.

What Will Happen If Majority Vote "No" on Question No. 1, and "Yes" on others?

- (a) If a majority vote "Yes" on question 2—then the Ontario Temperance Act will be amended and 5.46% beer (proof spirits) will be sold through Government Agencies.
- (b) If a majority vote "Yes" on question 3—Then 5.46% beer (proof spirits) will be sold in standard hotels even in localities formerly under local option where a majority vote favors such sale.
- (c) If a majority vote "Yes" on question 4—Then we will have all kinds of liquor sold by Government Agencies.

Don't be fooled! Don't let your attention be distracted from the true issue by the arts of camouflage! Don't be misled into believing that the defeat of the Ontario Temperance Act will merely mean the so-called "light" beer for Ontario. Remember that it actually means bringing back the evil conditions ensuing from the return to the old Liquor License Act. Mark your ballot with

CICOTTE MAY GET THIRD CHANCE TO COME BACK

Slim Sallee Is Probable Opposition, Though Luque, Cuban, May Be Given Chance.

CINCINNATI, Oct. 7.—Pitching selections for the third game of the series scheduled for Redland Field tomorrow were shrouded in uncertainty tonight, but it was generally believed that Manager Gleason of the Sox would send Eddie Cicotte, although beaten twice, against the Reds in a determined effort to again turn the tide of defeat.

SOX WIN HEART-BREAKING TEN INNING BATTLE AND ANOTHER LEASE OF LIFE FOR PENNANT

BURSTED BUBBLE.

RUETHEER, who made a sensational first 9 to 1 win over the Sox, is today one more broken baseball idol.

Winning Counter Comes in 10th Inning of 5-4 Game That Saw Ruetheer, Erstwhile Idol, Knocked From Box and Dick Kerr Win Second Sox Victory—Ring, Relieving Ruetheer, Was Wild, But Received Great Support—Buck Weaver Mighty Walloper of Game.

CINCINNATI, Oct. 7.—The person who was directed yesterday to shin up the pole at Redland Park and measure it for the world's championship bunting slid the shaft a bit today, as the measuring was postponed. The reason was that as the Chicago Sox did not dare lose today's game, for with it would have gone the championship, they overcame a four-run lead and by delivering one more tally in the tenth won the game, five runs to four for Cincinnati.

It was a contest replete with thrills and heart-breaks, varied by some wild fielding, snappy base-running, mighty clouts, mad catches, and, in short, practically everything relating to baseball.

Cincinnati looked like a certain winner in the third and fourth rounds, in the course of which four Redlegs crossed the plate. In the fifth, however, the White Sox turned two passes and a single into a tally, and in the sixth two doubles and two singles were the major factors in three runs which tied the score.

To Buck Weaver, sterling third baseman, who wielded a mighty stick in the game, fell the distinction of recording the winning run in the tenth. He was first man up, and he doubled to centre, his second two-sacker of the game, and then began to chant encouragement to Ring, who had displaced Ruetheer, as pitcher for the Reds.

The Necessary One. At a contest replete with thrills and heart-breaks, varied by some wild fielding, snappy base-running, mighty clouts, mad catches, and, in short, practically everything relating to baseball.

Then measured up to the crowd's expectations by doubling, sending Ring across the plate. Rath hit to Risberg, who attempted to catch Ruetheer going back to the box, but the ball caught the runner in the back and rolled to the stands, while the pitcher scored and Rath made second on a wild throw.

Chicago's first evidence of a return to form came in the fifth inning. Ruetheer pitched to the Sox, and he was unable to get a hit to Weaver, who grounded to Kerr, who ignored the batsman and snapped a high one to Weaver, who, however, trapped Ruetheer with a gloved hand and caught Duncan. Ruetheer then tapped one to Eddie Collins, whose throw to Risberg killed the Sox at second, but Kopf reached third. The mighty Ruetheer, whose great batting in the first game was remembered with cheers by the crowd, responded with an easy out to Kopf.

In this inning Schalk walked, and was sacrificed to second, but got no farther. Fireworks Start. In the third inning the scoring began. Rath was retired, E. Collins to Gandil, and Daubert singled to right. He stole second. Groh fanned, and Rousch was hit by a pitched ball. There were now two on bases, and the crowd began calling for a run. Duncan responded with a terrific double between J. Collins and Rousch, who scored Daubert and Rousch, amid a tumult in the stands. Kerr looked worried, but the strain on him was relieved by Kopf, who sent an easy one to Feisch in centre field.

One isolated and useless single marked the Sox's half of the fourth. In their half the Reds accumulated two tallies. Neale sent one to right, which took an eccentric bound, and J. Collins cut across the field after, and it rolled on for a triple. Ruetheer was an out. E. Collins to Gandil, Neale being held easily at third. Ruetheer

As You Were

If Cicotte gets another try today it will probably be the first time that a pitcher has had a chance to make a come-back after two failures. Cicotte's first try was hopeless; his second performance not too creditable, with his booting away of his own game practically ending his chances for a third try.

Probably this won't be a nine-game series after all, though they may keep playing on into the winter, until Cicotte does win a game.

Ruetheer's rise and fall was sudden coming and going. After the flag is finally raised for the first time, and it looks like the Sox further away from the North Pole than even "Doc" Cook was, Ruetheer's performance will be the outstanding performance of the series—and the down-falling too.

If Gleason is wise, even if he does win today, he'll postpone ordering the flag for a few days, as he might get ahead with the digging, though.

The challenge of Sir Thomas Lipton for the American cup is the first actual international sporting challenge since the closing of the war. It is a challenge, Shamrock IV., was crossing the Atlantic under her own sail in 1914, when she was forced to put into Bermuda on the declaration of war.

Polo will again be to the fore internationally, but nearly all the members of the last English team have made their last big rush for good to Mexico and Egypt and in France. The first few months of the war saw the old England were drawn "gone west" or disabled and left to the sport.

Bombardier Wells threatens to come out of retirement and play. The cause as much flutter among the heavies as a threat of a rise in coal prices in July.

The inter-collegiate grouping thus far has not been settled. The program of the Western U. would be facing O. A. C. in a little two-team group at this end of the year, and the program of the Eastern again last night in full force, and are keeping hard at it. Tonight they will stack up against the Sox in the inter-collegiate map.

Should Western spring a real surprise this year, it wouldn't be a bad fit-in with the program of the institution all round. Even if this year's team don't get anything but experience this fall, it should be in shape next year to put the new university on the inter-collegiate map.

DIRECT C. BURNETT FAILS HIS BACKERS IN PHOENIX PURSE

Grace Direct After Two Easy Wins, Has Hard Drive in Finish at Grand Circuit.

LEXINGTON, Oct. 7.—The feature of today's racing at the meeting of the Kentucky Trotting Horse Association was the Phoenix Hotel purse, in which Direct C. Burnett was favorite, but the favorite led until within a short distance of the wire, where Cox, behind Frank Dewey, came with a rush and won with something to spare.

Grace Direct, which had paced an easy mile in the first heat, won the second in easy fashion, after which she defeated her field in a hard drive in the third mile.

In the 3-year-old Futurity, Julius De Forest was an odds-on favorite, but failed to win, the race going to Homefast, with the veteran Ed Geers in the sulky.

The 2:06 pace was a drawn-out affair, with three heat-winners. The two favorites, Calgary Earl and Johnny Quirk, were downed in the first heat by the work, an extreme outsider.

The 2:12 class trot was a tame affair, Jess Y. winning the first two heats, and D. J. Burke the third.

The summaries: 2:06 Pace, Purses \$1,000. Direct C. Burnett, b. g., by Mr. Work (McAllister) 3 3 1 1 Johnny Quirk, ch. g. (Eagan) 2 2 2 2 Johnny Quirk, ch. g. (Eagan) 2 1 4 2 Little Battise, b. g. (Cox) 4 4 3 3 Race time—2:03 1/2. Harvey K. also started.

MORE WOOL, FEWER PATTERNS ONLY WAY TO REDUCE PRICES

Board of Commerce Told of Reasons For High Cost of Clothing.

TORONTO, Oct. 7.—At the meeting of the board of commerce this morning Col. W. H. Price, Government counsel, said it was up to the Government to get the manufacturers of clothes in Canada a sufficient supply of wool if clothing prices were ever to be gotten down.

Manager McKinnon of the Robert Simpson Company clothing department said a reduction in the number of patterns would effect a lowering of prices. He agreed that if more wool could be obtained a similar result would follow.

One witness said in explanation of the rise in the price of overalls that materials had gone up in price 300 per cent in the last four years. The Canadian Cotton Company, he said, controlled this material in Canada. This company, he said, had admitted 200 per cent profits in the Ottawa investigation.

DOHERTY GIVES EXPLANATION OF HIS AMENDMENT

Would Give Provinces Control of Liquor Importation or Manufacture.

REFERENDUM NEEDED

But Dominion Would Hold This For Province On Petition To Do So.

OTTAWA, Oct. 7.—Legislation making it possible for a province to have absolute prohibition either of importation or manufacture of both of spirituous beverages was introduced in the House of Commons this morning by Hon. C. J. Doherty, minister of justice. Before a province can have absolute prohibition under this legislation, however, there must be a plebiscite taken under the authorization of a resolution adopted by the provincial legislature. When this had been done and a plebiscite in the affirmative whatever the plebiscite provides for will be brought about by proclamation issued in accordance with the provisions provided in the Canada temperance act, of which the bill introduced today is an amendment.

Replying to a series of questions by W. F. MacLean, the minister explained that the present law in Ontario in regard to which a referendum was being taken, did not deal with the question of the importation or manufacture of liquor. The province, he said, took the position that they could not deal with that question.

"This," added the minister, referring to the bill he had just introduced, "would be a method whereby in virtue of Dominion legislation becoming operative by the vote of the electorate of a province, importation into that province or manufacture in it would be prohibited."

Special Referendum. Mr. MacLean—Then Ontario would have to have a special referendum in regard to this question in order to avail itself of this bill.

Mr. Doherty—Upon a petition this Government would hold a referendum in the area of the province on whose behalf the petition was made.

Hon. Charles Maclellan—Does the minister provide for this coming into effect on the majority of the total votes cast, or on a majority of the voters on the list?

Mr. Doherty—It is a provision of the Canada temperance act which I think provides simply for a majority. Another bill introduced by Mr. Doherty amends what is generally known as the Doherty act, a piece of legislation designed to strengthen provincial legislation prohibiting the sale or use of intoxicating liquor. It makes the provisions of that act apply to the manufacture as well as the importation of liquor, and provides that a violator of the act may be tried for an offence either in the province in which the liquor was sent, or the province in which the offence was committed.

On second reading of a bill to amend the criminal code providing that aliens must not have firearms without a permit an amendment by S. W. Jacobs calling for like treatment for all citizens was negatived on a division of 65 to 34.

At the evening session the House considered a resolution by Mr. Guthrie to permit the manufacture and importation of oleomargarine until Aug. 31 next and its sale until March 21, 1921. The opposition of the dairy-men's association was voiced by Donald Sutherland, but the resolution was carried on a division of 22 to 15 and a bill introduced.

BILL TO AMEND THE SCOTT ACT TO BE OFFERED

Amendment To Doherty Temperance Act Also. Proposed.

CO-ORDINATE PROV. ACTS

Measures Adopted by Provinces Would Have Federal Backing.

OTTAWA, Oct. 7.—Two important amendments to existing federal prohibition measures will be up for the consideration of Parliament this week. One is an amendment to the Canada temperance or "Scott" act, and the other to the Doherty act. They are provided for in a bill which Hon. C. J. Doherty will present tomorrow.

The effect of the amendment to the first act is to provide that if any province by plebiscite of the Dominion electors of that province should vote for absolute prohibition of the manufacture or importation of intoxicating liquor that province would be bound under the provisions of the Scott act and a federal proclamation would be issued prohibiting manufacture within the borders of the province and importation into the province.

In effect it contemplates applying the principle of the Scott act as regards manufacture and importation to provinces which vote against manufacture and importation.

The Doherty act as it at present stands prohibits the importation of liquor into a province for purposes which are declared illegal in that province. The amendment prohibits the manufacture of liquor in a province for purposes which are declared illegal in that province. A further amendment is provided making it possible on a petition from the attorney-general to try a man in a province where any violation of the Doherty act has been perpetrated, even though the offender lives in another province; for instance, should a man be shipped from Montreal to Toronto in violation of the act, then the shipper could be brought to Toronto for trial.

WOMEN ARE CARELESS

This has been proved over and over again during the war. They over-estimate their physical strength and overtax it. Their ambition is commendable, but does not compensate for the hours and days of misery which they suffer from symptoms caused by female flu brought on by overwork. Women who are weak, nervous, dependent, with headaches, backache and dragging-down pains should remember there is one tried and true remedy, that is Lydia E. Pinkham's Vegetable Compound, now recognized everywhere as the standard remedy for such ailments.

HAMILTON COUPLE ARE CHARGED WITH A BRUTAL MURDER

Accused Man and Wife Appear Quite Indifferent in Court.

HAMILTON, Oct. 7.—Paul and Annie Kowalski, husband and wife, were placed on trial at the assizes, presided over by Mr. Justice Sutherland, here today, charged with the murder of Ignace Tremuk last February. The prisoners appeared absolutely indifferent, chatted pleasantly between themselves, and when told by the judge that they had the right to challenge the jurors, replied lightly that they were willing to be tried by any kind of a jury. This brought a sharp rebuke from the judge.

Crown Attorney Agar outlined the case of the prosecution. Tremuk had been drinking with the prisoners the night before the tragedy. He left a party with them to visit their house. Later his horribly-mutilated body was found 70 feet from the Kowalski home. The police will seek to show the Kowalskis were in desperate circumstances before the crime, and that following the discovery of the body \$700 in \$20 bills similar to those which the dead man had in his possession were found in their house. The police say they found blood on both prisoners, and part of Tremuk's brains on the kitchen floor.

IF KIDNEYS ACT BAD, TAKE SALTS

Says Backache is Sign You Have Been Eating Too Much Meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sore and paralyzed and lousy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scolds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts: take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. Famous salts made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

WOMAN IS ACQUITTED ON MURDER CHARGE

Mrs. Nymphink of Edmonton Found Not Guilty, Edmonton, Oct. 3.—Mrs. Takema Nymphink, charged with the murder of her son-in-law, George Bodarenko, was acquitted yesterday. The killing followed a family row, in which the deceased used a pitch fork and an axe in an attack upon the accused and her husband. The woman secured the axe in a scuffle and is alleged to have struck down her son-in-law. The jury was out half an hour, and brought in a verdict of not guilty.

His appointment will be officially made public in the journal officiel tomorrow.

BRITISH PREMIER CONDEMNS STRIKE AS PRUSSIANISM

Lloyd George Declares Government Won Victory OVER THE STRIKERS

Impression Prevails That Premier Has Broken With Labor Unions.

London, Oct. 3.—Premier Lloyd George surprised his countrymen as he frequently does, by denouncing the railwaymen's strike as "Prussianism" and "another effort to hold up the community and strangle it into submission." At the lord mayor's Mansion House luncheon in honor of Field Marshal Allenby yesterday.

The occasion was an unusual one for such a topic, but the premier has a habit of doing unusual things at unusual times. Near him sat Emil Peissal, son of the King of Hedjaz, in his robes, and the Archbishop of Canterbury, and also an array of military and civilian notables, such as only London can muster on ceremonial occasions. They expected nothing more sensational than compliments to the conqueror of Palestine.

"The nation means to be master in her own house," Mr. Lloyd George declared, "A just master, a fair master, a generous master, but always master in her own house." Government Won Victory. This was naturally accepted as a proclamation of the premier's view that the Government won a victory over the strikers. J. H. Thomas, secretary of the National Union of Railwaymen, and leader of the recent strike speaking at Albert Hall on Sunday night, dwelt upon the settlement as a compromise, and yesterday issued a statement appealing for reconciliation and a burial of hard feelings. Labor papers appear to differ with Mr. Thomas as to some aspects of the strike settlement.

When Mr. Lloyd George makes an important speech, newspapers try to read between the lines to discover his political purposes. The general interpretation of this speech is that the premier has broken with the labor unions, and wants to draw to his support the middle classes, who apparently tended to drop away from him as a result of the recent fierce campaign upon alleged governmental extravagances.

Blames Railwaymen. Governor Roberts, British food controller, speaking last night, laid the blame for a break in the negotiations on the railwaymen, accusing them of adopting "methods of secret diplomacy," and declaring the settlement of wage matters must be taken out of the hands of political officials. The dislocation of railway traffic because of the strike has not yet been remedied. At several stations today there was displayed a placard which announced the companies hoped to resume normal traffic tomorrow. Thousands of workers who expected to return home as usual on suburban trains last night, were disappointed, and lines containing hundreds of persons waited until late in the night at tram terminals for rides.

DIVORCE IS GRANTED MRS. R. VANDERBILT

Deserted in Paris in 1912 With No Funds, She Contends.

Newport, R. I., Oct. 3.—Mrs. Cathleen Nelson Vanderbilt was granted a divorce from Reginald C. Vanderbilt after a hearing of depositions in the superior court today. She was awarded custody of their 15-year-old daughter Cathleen. Mr. Vanderbilt did not contest the case, although represented by counsel. Mrs. Vanderbilt contended that her husband deserted her in 1912, when she and her daughter were left in Paris without funds. No claim for money settlement is made.

Continued From Page One HENDRIE WEDDING

Spanish bay trees and boxwood, which extended from the communion table to the altar, were filled with Madama Lilies, and at each third pew down to the door of the church, richly-tinted autumn leaves, which were arranged in the font and in two high brass standards across the front. The effect being strikingly simple in the extreme. The whole of the lower part of the church was reserved for the invited guests. The ushers, all returned officers wearing the khaki uniform, were on duty shortly after half past two o'clock, including Major Ian Hendrie, the bride's brother; her cousin, Capt. Witham Hendrie Hay, M.C., and Capt. Droop. Governor Accompanies Bride. The playing of the Lohengrin Wedding March announced the arrival of the bride, who walked very slowly up the aisle with her father, looking most distinguished in an exquisite gown of silver brocade with large silver roses. The bride was attended by her aunt, Mrs. Allen Carr, and her two cousins, Mrs. Guy Drummond of Montreal. After the service, the bridal party adjourned to the entry, which was decorated with ferns and pink roses, where the register was signed. The bride and groom and their attendants left the church to the strains of the Mendelssohn Wedding March, magnificently played. Sir John and Lady Hendrie had a reception afterward at Government House, the bride and groom receiving with them in the grey drawing-room, which was decorated with autumn flowers, palms and ferns, and the orchestra was stationed in the hall.

Dejeuner was served in the large oak-paneled dining-room, where the bride's table was central with Opheleia roses and a handsome wedding cake, decorated with leeks and maple leaves, and regimental grenades at each corner.

Many Beautiful Gifts. After the toasts, and speeches, the bride retired and changed her bridal attire for a brown embroidered tulle dress and a magnificent beaver collar and brown Napoleon tam o'banter with eagle feathers at one side. Throwing her bouquet to the bridesmaids, she drove away with her husband for a honeymoon across the line. Col. and Mrs. Owen will be at the Ritz, Montreal, until their flat is ready in January. Miss Hendrie's gift to the groom was a gold cigarette case. The gifts included a harp brooch of diamonds with the motto gram in the centre, from H. R. H. the Duke of Connaught, a ring with a large emerald and two solitaire pearls from Lady Patricia Ramsey. A hoop brooch of pearls, with monogram from their Devonshire, and a large turquoise matou from Lady Rachel and Lady Dorothy Cavendish. Sir John and Lady Hendrie gave their daughter a beautiful diamond pin set with a large emerald cabochon, and to Col. Owen they gave a set of onyx and platinum studs and cuff links.

To the Voter

TO establish that the 2.51% beer to be voted on—the "Beer of the Ballot"—is not intoxicating, The Ontario Brewers' Association deposited \$5,000 with the Canada Permanent Trust Company on September 16th.

On September 19th, The Ontario Brewers' Association formally challenged the Referendum Committee through the Press to deposit an equal amount with the same Trust Company to support their contention that this beer is intoxicating.

That challenge has never been accepted—clear admittance by the Referendum Committee they do not consider that they have a case. It is too late now to make the tests and render a decision before the day of voting—October 20th—but the failure of the Referendum Committee to answer our challenge will not be overlooked by the man or woman who votes on facts and evidence, and not on sentiment or false statements.

We again assert that 2.51% beer—"The Beer of the Ballot"—is not intoxicating. Tests have only recently been made which prove this conclusively—we will mail a copy of the test to anyone sufficiently interested to write for it.

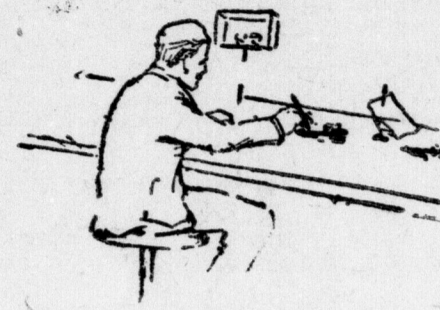

Moreover, while the "Beer of the Ballot" has an alcoholic strength of but 2.51%, official tests made by the laboratory of the Inland Revenue Department—published in Bulletin 196—showed that the beers on general sale before The Ontario Temperance Act and Prohibition were enacted, had an alcoholic content ranging as high as 7.33% by weight measure—practically three times as strong as the beer to be voted on October 20th. Even such American beers as were sold in Canada and always spoken of as "very light, non-intoxicating beers," were over fifty per cent. stronger than the "Beer of the Ballot."

The "Beer of the Ballot" is a mildly stimulating, healthful and refreshing beverage, brewed from a high grade of malt and hops—containing only sufficient alcohol to make it digestible and nourishing.

"JIM"

JIM was a lineman before the war. It was difficult to find a uniform broad enough across the shoulders for him when he "joined up" in 1914.

Jim found army discipline hard at first, but picked up the "war business" very quickly. He was one of the first of the "trench raiders," a Canadian contribution to the art of warfare. Jim seemed to bear a charmed life. Time after time in the dead of night Jim jumped into a German trench, spreading fear and disaster, and returned safe and sound.

But one fell night his luck gave out. He stepped into a stream of machine gun bullets. When consciousness came to him again, far in the rear of our lines, he was horrified to find his right leg missing.

During the ensuing months Jim's progress was—Clearing Station,—Boulogne,— "Blighty" and Home—Canada!

The shock of the operation left Jim pretty weak for a time. He was content to sit idly in a chair in the sun. But this grew tiresome after a bit. When he began to think about getting back to work he realized that a lineman with an artificial leg was rather impractical. That was his trade. He had spent years at it. And now he was barred from following it.

At this critical juncture, the Department of Soldiers' Civil Re-establishment came forward and with knowledge and experience pointed the way out.

After long and earnest discussion, it was mutually decided that the nearest thing to his old trade was that of a telegrapher despatcher. If Jim couldn't any more string wires on the poles he could learn to send

the messages over the wires that the other fellow put up. So under the direction of the D.S.C.R. telegraph instructor Jim studied and perfected himself as an operator. This accomplished, the D.S.C.R. quickly found him a position.

Jim is all right now. He's contented as only a man who works can be contented. He is earning more money than before. His enthusiasm is high for the D.S.C.R., which gave him the training whereby he is again an independent and prosperous citizen. After all, it was for Canada that Jim fought and suffered—and Canada is only too eager to repay Jim and every man impaired in body or health through service to his country

The records of the Department of Soldiers' Civil Re-establishment contain endless details in the matter of re-training ex-soldiers—a disabled farm laborer is now a machinist; a carpenter who lost four fingers on his right hand is now a draughtsman at a good salary; a former plasterer is now a printer. So it goes—a long and interesting record of men deprived of limbs or impaired in health—equipped with training and knowledge, now following new and suitable trades.

This great nation-wide organization of the D.S.C.R. requires a considerable expenditure. To meet its expenses a part of the Victory Loan 1919 is to be used. But its maintenance, until every disabled ex-soldier is fitted with a vocation enabling him to earn for himself an adequate and independent living, is one of the most sacred obligations that Canada has to discharge. CLEAN SPORT And fun? Why, there's more good, clean, wholesome fun in the Y. M. C. A. in a week than in any other place in London in a month.

CLEAN SPEECH But fun and exercise at the "Y" are always mixed up with ideals always clean, high-grade and with the definite purpose of preparing for service—helping the boys to succeed in their work and to get some joy out of it.

CLEAN ATHLETICS "Play hard—win if you can—but PLAY FAIR—and LOSE rather than take an unfair advantage." Isn't that the right spirit for sport and for business—and everything else?

Jacobean
1603-1649
The three potent influences in English furniture design during the reign of James the First were Italian, French and English. In the Jacobean cabinet of the **NEW EDISON** "The Photograph with a Soul" the Italian influence is reflected in the simply turned legs and flat stretchers. The French influence is to be observed in the grille, while the English design is apparent in the curved, moulded top and the applied ornamentation. Call and examine the "Photograph Supreme."

at the Theatre

At the Majestic
Diving Girls Next Week.
Mack Sennett's famous beauties are to appear here in person on the Majestic stage next Monday, Tuesday, Wednesday and Thursday during the showing of Sennett's 1919 comedy sensation, "Jack Canuck in Berlin." In this, Sennett's greatest achievement in film beauty and comedy, he uses his entire company of beauties and comedians. Ben Turpin, Charles Murray, Ford Sterling, Marie Prevost, Phyllis Havre, Bothwell Browne, Chester Conklin, all of whom, are in it, and then of course the beauties also appear on the stage.
"Comradeship," All Star British Special. According to the producers of "Comradeship," the English production which comes to the Majestic Theatre tomorrow, Friday and Saturday, the picture of this story has brought about a record in motion pictures in that there is not a single "set" in the entire offering. "Set" is a technical expression for the artificial representation of either an exterior or an interior. In most cases what appears to be a

hallroom or a magnificent mansion is merely a clever arrangement of scenery built for the purpose. However, in producing "Comradeship" the directors were able to find just the exact spots desired in one of the best known of the old English villages and all but a few scenes of the picture were made there. Among the genuine scenes that are pictured are those of Armistice Day in London.
At the Grand
Douglas Fairbanks, in "One of the Blood," the feature photograph starring Douglas Fairbanks and being shown at the Grand all this week, is the first of the "Big Four" productions and the most expensive feature in which Doug. has ever been starred. From every standpoint of production—settings, atmosphere, players and mechanical equipment—"One of the Blood" outshines anything that Mr. Fairbanks has heretofore attempted. This feature will be shown once only at evening performances immediately after the vaudeville, commencing at 9 o'clock sharp.
